

Urban Medical 291

Chapter 291: "Cheng Feng Jue"!

Zhu Ya started the engine and the car moved on: "Mr. Ye, I will send you back to Mingcui Villa today. At 8 o'clock the next morning, I will drive to pick Mr. Ye. Yaowang Valley is deep in Langya Mountain in Jiangnan Province. Not far away."

"it is good."

Ye Chen's eyes were lost in thought, how should he inquire about the news that day?

...

A courtyard in the capital.

An old man is playing chess with a middle-aged man.

The two are similar in appearance, so they are naturally a father-son relationship.

Jiang Jianfeng fell down, glanced at the old man in front of him, and swallowed the words that came to his lips.

The old man also fell behind and took the lead to speak: "The storm in the capital has passed, and the strong man who happened to have an accident almost crushed dozens of top strong men.

Except for those who are not in Beijing, the Huaxia Grandmaster Ranking was searched for almost all by that person, with deaths and injuries, this time the capital really suffered heavy losses.

Originally, my Jiang family was prepared to deal with it. The Demon King seemed to have suddenly disappeared. I don't know what this means, whether it is warning or hatred.

But the situation in the Huaxia martial arts world has really changed completely. Jianfeng, you have to mention your strength. You have stayed at the ninth position on the Huaxia Grandmaster Ranking for too long. Your goal is to be number one, understand? Someone from my Jiang family must take the first place!

And you are the only hope of my Jiang family! "

Feeling pressured, Jiang Jianfeng said: "Isn't the eldest brother number one back then? Everyone knows that a strong man from my Jiang family has entered Kunlun Xu. Is this deterrence not enough?"

The old man shook his head: "Kunlun Xu and Huaxia are almost isolated. After entering, it will be very difficult to come out again. I guess he will not necessarily see him in the rest of his life. He should be looking for the highest realm of martial arts at this moment, and ours. The gap will only increase."

"The No. 1 Huaxia Grandmaster has been entrenched for too long now. If you don't move him, the Jiang family will definitely be held down by that family. This won't work, so this heavy burden will fall on you, Jianfeng You are now the only hope of my Jiang family."

Jiang Jianfeng hesitated for a few seconds, and still said: "Dad, during this period of time, I have changed Ye Chen's senses a bit. I was thinking, Pei Rong's family..."

"Don't mention Pei Rong! Don't mention the evil kind! This is a shame to the Jiang family!"

The old man said coldly, his tone was extremely determined and angry.

Jiang Jianfeng smiled bitterly: "Dad, that wicked species has become the first person in Jiangnan Province. Maybe if he grows up, he may challenge the top ten of the Huaxia Grandmaster list... His potential is terrible..."

"Snapped!"

The old man slapped a palm on the chessboard, stood up, and said angrily: "The first person in Jiangnan Province is nothing in my Jiang family's eyes! Jiangnan Province is not influential compared to Beijing!

The real masters in the martial arts world are there. It's only the capital! He wants to sit there with the earth emperor, let him sit!

The ancients had chicken heads and phoenix tails. They only said that the evil species is neither a chicken head nor a phoenix tail, but the chicken tail! "

"I don't care what kind of achievements that evil kind has achieved, he can't change the fact that he is Fangen! Pei Rong's family, I didn't admit it before, and I won't admit it now, unless that kid kills the first person on the Huaxia Grandmaster list! Instead! Use this to slap me in the face! Otherwise, my decision will not be taken back! Those three guys will never want to step into the Jiang family! They are not qualified!"

The old man was obviously very angry, his neck was full of blue veins, his face was flushed, his aura was monstrous, and his heart palpitated.

Jiang Jianfeng shook his head helplessly. He wanted to convince the old man in front of him, but now it seems impossible.

Although Ye Chen is very strong, it is almost impossible to kill the Huaxia Grandmaster Ranking.

That is the legend of the Chinese martial arts world.

...

Ye Chen naturally didn't know about the capital.

Zhu Ya sent him back to the villa and left.

He went to take a look at the Rakshasa in the villa, his arm already had a slight reaction, and it was even gradually reborn.

It seems that Rakshasa's recovery ability is faster than he thought.

If he recovers the day after tomorrow, he will take Raksha to the Medicine King Valley.

Hearing Zhu Ya said, this time the Pharmaceutical Alliance has a huge momentum and many strong people have been invited.

In case the Huaxia Martial Arts Bureau and the Blood Plum Palace send strong men to assassinate him, it will be troublesome. Although he is not afraid, he does not want to reveal his strength.

It would be best if you can solve it with other people's hands.

Then Ye Chen returned to the villa, Xia Ruoxue and Sun Yi were sitting on the sofa looking at Ye Chen interestingly.

"What's wrong with you?"

Sun Yi blinked: "Who was the girl in the sports car just now?"

Ye Chen smiled, raised the invitation letter in his pocket, and said: "It's just a friend, here to give something."

The two of them suddenly came across.

Sun Yi thought of something, and then said: "Ye Chen, I discussed with Ruoxue for a long time. We both wanted to learn something to protect ourselves. Didn't you say you wanted to help me find a suitable exercise for girls to practice? , Is there any news now?"

Ye Chen patted his forehead, and then he remembered something.

"wait for me."

After speaking, he came to a bedroom on the second floor, closed the door, and entered the reincarnation cemetery.

He came to the third tombstone and just wanted to speak, the black robe old man appeared out of thin air.

"Senior, I have a ruthless please." Ye Chen said respectfully.

"Say."

"Senior, do you have any exercises suitable for girls to practice? It's best to improve the speed of the practitioner."

The black-robed old man was stunned, his eyes condensed, and said lightly: "You want to cultivate for the two girls below."

"Correct."

The black-robed old man thought for a few seconds, and pointed to Ye Chen's eyebrows.

"Although I am immersed in the way of killing, I have been married to a woman. One of the techniques she cultivated meets your requirements, so I will pass on this technique to you. This technique is extremely simple. Those two girls are also good for practice.

If they are qualified to save lives, the pressure on you will be less. "

Not long after, two streams of information poured out from the center of Ye Chen's eyebrows, "Phoenix Heart Jue" and "Cheng Feng Jue".

"One set is the mental method~www.mtlnovel.com~ the other is the light exercise method. If they cooperate and cultivate Xiaocheng, no one in China should be able to hurt them both."

"Also, there is a price for me to give you this exercise. Within a month, you must break through to the separation and separation realm."

"understand."

Ye Chen copied the two exercises by hand, then went downstairs and handed them to the second woman.

Under some guidance, Xia Ruoxue was the first to find the sense of qi. This speed was several days faster than when she had just entered Kunlun Xu.

As for Sun Yi, a few hours later, she also found a sense of breath.

Seeing the second daughter enter the cultivation state, Ye Chen couldn't help feeling a little helpless.

If these two guys have been practicing since they were young, they are probably good at strength.

Afterwards, Ye Chen also returned to his room, and in the battle with the blood plum palace killer, he already had a sense of breakthrough, and it was time to break through to the sixth level of the pneumatic realm! The best city doctor

Chapter 292: Guards talent!

At the same time, Kunlun Xu, a magnificent hall stood on the top of the mountain.

The clouds and mist are like a fairyland.

A girl in white is standing on the top of the mountain. The girl is dressed in a white dress and a light blue turquoise veil.

His eyes are like water, but with the coldness of talking, it seems to be able to see through everything, and even makes people feel ashamed and afraid of profanity. There was a fascinating attitude in that cold and arrogant agility, and people couldn't help but haunt them.

The ten fingers are slender, and the skin is like fat, with pink in the snow white.

Like a fairy.

The girl is Ji Siqing, who is imaginatively hailed as one of the ten geniuses by Kunlun.

Collect hundreds of warriors! Play free!

The beauty of the sky, the strength crushes countless strong people!

And beside her stood the peculiar Ji Lin.

Ji Lin's eyes are smart, and there is also a lively rhyme.

Suddenly, Ji Siqing said: "This time you went out and saw Ye Chen?"

Ji Lin nodded, chewing bubble gum in his mouth, and blew out a big bubble.

"Sister, I really don't understand you. How good is Ye Chen, his strength is rubbish, and his roots and veins. Why are you paying attention to this kid so much? Is it possible that you like him? It's impossible, Kunlun is chasing you. A genius can take out any one that is enough to crush Ye Chen..."

Ji Siqing ignored him, and continued to ask: "How is he there? Did he find an enemy who killed his parents?"

Ji Lin shook his head: "No. Sister, let's not say that what happened to that kid back then was not that simple. I killed several ants before asking something. It is estimated that the person who killed his parents has some connection with the top family of China. I wanted to kill those top families, but you called me back in a hurry! I didn't have enough."

Ji Siqing's eyes were flat: "Oh."

Ji Lin was a little helpless. Just about to speak, Ji Siqing spoke again: "How is that kid's cultivation level? Is he still in Kaiyuan?"

Ji Lin scratched his head, a little weird: "Sister, let alone, this kid has left Kunlun Xu, and his cultivation has improved rapidly. How long has it been before he actually broke through to the aerodynamic state, if I feel right, he is now Already at the peak of the fifth layer of the Pneumatic Realm, only one step away from the sixth layer."

"Huh?" Ji Siqing's beautiful eyes were a little surprised, "Hua Xia's spiritual energy is thin, so his cultivation speed should be slowed down, but this kid is going upstream? How could it be possible!"

Ji Lin said again: "Sister, this is not the most terrifying place. Ye Chen is far from me, but I actually feel a trace of strong confidence and danger from him, even... if I burst out with all my strength, it may not be Able to kill this Ye Chen!"

At this moment, Ji Siqing's unwavering heart seemed to set off a stormy sea, with beautiful eyes rippling, and muttered: "Could it be that what the man said is true? This Ye Chen has the power to reach the sky?"

"Sister, what are you talking about?"

Ji Siqing shook his head and did not continue to speak. His extremely indifferent eyes looked at a giant mountain in the mist, not knowing what he was thinking.

...

Two days passed quickly.

Ye Chen broke through once, and his cultivation was firmly on the sixth layer of the aerodynamic realm, and there was still some distance from the seventh layer.

As for Sun Yi and Xia Ruoxue, the two progressed at a weird speed, and they soon passed the Tempering Body Realm and moved towards the first level of Kaiyuan Realm.

Ye Chen was a little stunned, he didn't feel how terrifying the second daughter's talent was. The bloodline talent was also Fangen.

Compared with the average cultivator, it should be much worse.

But how do they practice so fast now?

Hung up?

To know this process, the average person may have to go through a full 100 days.

But the two girls actually completed it in two days at the same time!

This is really weird.

At this moment, the black-robed old man in the reincarnation cemetery gave the answer.

"What's weird about this, boy, haven't you noticed that your cultivation speed is also increasing?"

"Before you had **** with men and women, your talents had been suppressed. Do you really think you are Fangen? Ridiculous! If you are Fangen, there is no spiritual root in this world!"

"Also, you don't want to think about why the reincarnation cemetery would choose a Fangen boy, what a joke!"

Ye Chen was startled, he felt that he had caught something, and then asked: "Senior means..."

"You have a relationship with those two girls, and they break through so fast, they all rely on you!"

"Boy, are you really stupid or fake? Even Tiandao can't survey your destiny. With the garbage detection tools of Huaxia and Kunlun Xu, what qualifications do you have to detect your talent?"

Ye Chen was surprised, everything was clear!

Since the first relationship with Sun Yi, his breakthrough speed has been getting faster and faster, and the absorption of the aura from the outside world seems to have become much more pure. I thought it was because of the reincarnation cemetery, but now it seems to be completely his own talent!

Deceived everyone's talent!

And his mother is a rare spirit root, no matter how trash she is, she can't be a humble Fangen!

"Senior~www.mtlnovel.com~ Then what is my talent..." Ye Chen just wanted to ask, the black-robed old man disappeared completely, as if he didn't intend to say more.

morning.

Ye Chen got up and glanced at the second daughter who was cultivating on the sofa, a little helpless.

I had known that I would not let the two of them practice, and now no one even makes a delicious breakfast.

In desperation, Ye Chen simply made an egg fried rice and left some for the second daughter. As soon as he finished eating, he heard the door of the villa knock.

Opening the door, I saw Zhu Ya who was quite well dressed.

"Mr. Ye, the time is almost there. We should be able to catch up with the start of the Yaowanggu activity now."

Ye Chen nodded, and confessed to the second girl. The second girl was just a little lighter, and there was nothing more to say.

Ye Chen was really speechless.

Did these two experience the pleasure of cultivation, and didn't even pay attention to them?

This is also normal, and he was extremely excited when he first set foot on the cultivation path back then.

Not only the body has undergone a huge transformation, the violent feeling of power is almost more exciting than the love of men and women.

But after three days, the excitement disappeared, replaced by boring. It is estimated that when he comes back, the two of them have no plans to practice.

Ye Chen went to the villa next door and took a look at Luo Sha, his arm was not fully healed, so he gave up his plan to take him and went straight into Zhu Ya's Bentley.

The car rode Juechen and headed towards Yaowanggu.

"By the way, Mr. Ye, Yaomeng and the Huaxia Budo Bureau are in a cooperative relationship. The leaders of the Huaxia Budo Bureau will definitely come forward. This should be fine..."

Zhu Ya glanced at Ye Chen from the rearview mirror, a little worried.

Ye Chen shook his head: "As long as they don't mess with me, I won't move them, but if they don't know each other, then no one can blame me!"

Chapter 293: indifferent!

On the way.

Ye Chen sat behind the Bentley and closed his eyes tightly.

A faint air current coiled around him.

Zhu Ya looked at Ye Chen through the rearview mirror many times, not knowing what he was thinking.

She has a special status. She has never been a driver since she was a child.

It was good today, and gave this to Ye Chen for the first time.

But Ye Chen sitting behind, she could feel a sense of peace of mind.

This may be the aura of the strong.

"Mr. Ye, I will be there in about ten minutes," Zhu Ya said.

"it is good."

Zhu Ya drove extremely steadily, with almost no forced braking, which made Ye Chen extremely enjoyable.

Suddenly, two extremely strong roars came from behind!

Zhu Ya glanced at the rearview mirror, and instantly found two Beijing sports cars rushing!

one red and one white, undoubtedly driving a car!

When she noticed the specific number on the license plate, her face paled a bit!

One of them turned out to be the car of the Kyojo Budo family!

As for the other one, although I don't know the origin, but judging from the numbers, the background behind it is definitely not weak!

At this time, the two cars appeared on this road at the same time, and they must have been invited by the Pharmaceutical Alliance.

The key to this speed is to kill you?

The speed limit here is 70! But their speed is obviously almost 180!

lunatic!

In desperation, Zhu Ya could only lean the Bentley to one side!

But the two cars had no intention of avoiding Zhu Ya at all, and they rushed in!

was originally only able to pass through the road of one car.

was playing crazy horns behind him!

Zhu Ya's pretty face is frosty, so I can only speed up!

Who knows that those two sports cars are faster, and one of them rushed out directly against the Bentley!

The sideways of the Bentley flashed intense sparks instantly!

Zhu Ya was completely scared!

The key is not over yet!

The white sports car behind him saw that he was behind, and he obviously believed that the culprit was the Bentley, so he no longer hesitated, and even hit the Bentley directly!

"Boom!"

The body shakes!

The steering wheel in Zhu Ya's hand slipped, and the body rushed directly toward the cliff on the side!

The cliff is a hundred feet high, if you fall down, the car will be destroyed!

Zhu Ya's palms are all sweaty!

But the car has completely lost control!

She even saw the window of that sports car slowly roll down, and a **** was stretched out!

There is also a face that is extremely disdainful!

Those eyes are cold!

It is as if the lives in the car have nothing to do with him!

Is this the arrogance from the capital?

Zhu Ya can only watch the Beijing sports car drive away! She tries to control the steering wheel and try to adjust the direction! The brakes are stuck!

At this moment, she didn't dare to exert any effort!

Once you use force, the whole car will fall over!

But all this is useless at all!

Seeing that the Bentley was about to fall into a cliff, suddenly, a weird mutation!

The rear window glass is broken directly!

A strong air current envelops the car body, sparks flashing on the ground, making people feel palpable.

The speed of the body dropped suddenly, as if being forcibly controlled by a force!

Zhu Ya realized something, turned her head, and found that Ye Chen's eyes were extremely calm and cold!

There seems to be a stream of air in his hand! Control everything!

A black shadow flashed, and a faint voice fell: "Give me the steering wheel! Step on the accelerator! Catch up!"

Ye Chen is talking!

He naturally felt that the car was out of control!

I thought it was because this road was difficult to drive, but I didn't expect that the direction of the car was completely uncontrollable!

The moment he opened his eyes, he saw the **** and the cold smile!

Those two sports cars are undoubtedly murdering!

There are only two cars on the road at most, so you have to go side by side and overtake!

Looking for death!

Ye Chen felt anger in his heart!

was in a pretty good mood, but was destroyed!

The final action of the other party made him furious!

Zhu Ya reacted, the direction has been completely controlled, she directly stepped on the accelerator, "Boom!" The car rushed out!

And Ye Chen's hand has passed through Zhu Ya's hair, controlling everything!

At this moment, as long as he lowers his head, he can see Zhu Ya proudly full!

Because of the narrow driving position, his arm touched Zhu Ya's elastic chest many times without paying attention, Zhu Yaqiao's face was red! But Ye Chen didn't react at all!

"Speed up!"

"it is good"

Zhu Ya almost stepped on the gas pedal to the extreme, the action at this moment was ambiguous and dangerous!

But in her eyes, it was extremely peaceful.

Soon, the two saw the shadow of one of the sports cars, Ye Chen's eyes flashed with murderous intent.

"Zhu Ya, you now climb to the co-pilot and fasten your seat belt."

"it is good."

Zhu Ya has some ancient martial skills, and on one side of her body, she came to the co-pilot.

Because of wearing a skirt, the movement range is a bit big, the skirt is pushed up, and the pink **** underwear is undoubtedly revealed.

Ye Chen noticed naturally, did not say much, and sat firmly in the driver's seat in the blink of an eye.

I didn't even bother to fasten the seat belt, and rushed out when I stepped on the accelerator!

Because it is almost reaching Yaowang Valley, the speed of the two sports cars slowed down!

But the speed of the Bentley is getting faster and faster!

The powerful roar is like an explosion!

The man in the white sports car also heard the movement and whispered inwardly: "Which one is going to speed up at this time?"

He glanced at the rearview mirror, his expression was a bit wrong!

"The Bentley didn't fall down? How could it be possible!"

At that speed and impact, the other party obviously lost control, how could it not happen?

Just when he was puzzled, the roar got closer and closer!

In a single second, the Bentley directly kept pace with him!

Ye Chen opened the window and also made a middle finger!

The next second, the steering wheel turned and hit the white sports car directly!

This scene suddenly reached its extreme!

That man never thought that the other party would do such a behavior!

lunatic!

Completely crazy!

This time his turn is out of control

Fortunately, he got used to the car, and through his own good handling, he directly stabilized the car!

Just when he was about to take a long breath, the Bentley rushed up again!

"Boom!"

With a loud noise, the Bentley directly knocked the white sports car out!

The body of the white sports car directly rubbed the mountain wall, and sparks burst!

Seeing this scene, the man's eyes are full of horror!

Is this the **** you want to kill?

can't help him react!

"Boom!"

There is another loud noise!

The white sports car hit the mountain wall directly! The front is almost twisted!

The man in the car reacted extremely quickly. At the moment of the collision, he shattered the glass with a palm and jumped out!

rolled on the ground ten full times before completely stopping!

A few seconds later, an explosion sounded, and the white sports car turned into a shocking flame!

Chapter 294: madman!

Seeing this scene, the man who got off the white sports car with some scratches on his face was completely wet behind his back!

Who can think of life and death in one thought!

He stared at the Bentley slowly parked on the side of the road!

The eyes are full of cold killing intent!

From the time he was born, no one dared to beat him up for his ideas!

He is very angry at this moment!

The consequences are extremely serious!

His eyes are on the Jiangnan license plate of the Bentley.

If it is a Beijing license, he might still be a little bit afraid!

As for the Jiangnan Province license, hehe, he really looks down on it!

He was murderous, and walked towards the Bentley step by step!

The other red sports car in front of also noticed the accident on this side and quickly parked the car aside.

The car door opened, and a man with an inch head got out of the car.

The man with an inch head has a good martial arts breath!

He glanced at the menacing descent, then glanced at the sports car turned into flames, frowning.

"There was a car accident?"

In the distance, the Bentley door also opened.

Zhu Ya and Ye Chen walked down one after another.

Luo Ziyun was slightly surprised when he saw such a beautiful woman walk out of the car.

But it was just a moment, his cold eyes fell on Ye Chen!

Extremely bloodthirsty and fierce!

"How the **** did you drive! Do you know I almost killed me just now!"

"Do you know who I am, I!"

"You **** can't offend someone!"

Luozi yells and growls!

Ye Chen didn't speak, and silently lit a cigarette, just looking at the other party and cursing.

look indifferent!

But Zhu Ya can feel how cold and murderous this indifferent is!

Zhu Ya's eyes fell on Lao Ziqi's body again!

She knows!

is really home!

Although Lao Ziquan is the most ineffective young master in the family, but behind him is a behemoth!

Being home in the capital is notorious for protecting shortcomings!

If something goes wrong, the consequences will be extremely serious!

Although Zhu Ya is extremely angry with Lao Ziqi, she weighs the pros and cons and knows that this person must never be offended!

Ye Chen can't even provoke!

His foundation and power have not yet been firmly established, and even the position of the first person in Jiangnan Province has not been firmly established. Once he touches those families in the capital!

It must be dangerous!

Zhu Ya smiled, and quickly said to Luo Zifeng: "Luo Shao, there is a misunderstanding..."

Luo Ziyi didn't buy it at all, and directly cursed: "Misunderstanding your ringgit! Stinky lady, wait until I **** solve this kid, and then play you to death! Grass!"

His swear words are continuous, and his violent atmosphere is constantly emanating!

Soon, he came to Ye Chen's front, and even pointed at Ye Chen with his finger, and yelled: "You fucking..."

Before he finished speaking, Ye Chen took the half of the smoke that was still blowing from sparks in his mouth and stuffed it directly into Luo Ziqi's mouth!

His five fingers clasped Luo Ziqi's neck!

Shocking murderous ingenuity wraps the opponent mercilessly!

"Your words make me very uncomfortable, and your behavior makes me even more uncomfortable! So you will die miserably."

The faint voice just fell, like the judgment of death.

Luo Ziqi could feel the hotness of his tongue.

The cigarette **** with a faint spark is humiliating to him!

He is rolling all over! Want to struggle Ye Chen's shackles, but found it impossible!

"Guru!"

Cigarette butts were swallowed directly by him!

His eyes widened and he shouted in a hoarse voice: "You dare to move me, you're **** looking for death, I'm home..."

Before he finished speaking, Ye Chen slapped the opponent's face with his backhand!

This slap, even though it didn't use infuriating energy, directly knocked out a few of the teeth of Laozi!

"You actually..."

Luozi wanted to speak, "Slap!", the strong wind fell, and another slap was slapped down!

"Flap, pop!"

Ye Chen's eyes didn't fluctuate from beginning to end, and every slap was venting his anger.

If he wasn't in the car, Zhu Ya would have died under the cliff long ago!

He couldn't even imagine how many innocent people this guy had killed in this way before!

Luo Ziquan was directly stunned by Ye Chen.

The arrogance in his eyes has completely disappeared, replaced by fear! Scared!

This kid in front of me is a madman!

Although his strength is not strong, most people can definitely deal with it.

But right now, a terrifying coercion enveloped him, making him unable to move!

He knew very well that this young man must be a martial arts master!

Since he is a master of martial arts, don't you know that the capital is home?

Still moving him like this?

"Boom!"

Ye Chen buckled his backhand, and directly smashed Laozi to the ground!

"I didn't want to kill people when I came out today, but now I have changed my mind."

Ye Chen became murderous.

If this child is not killed, he will inevitably retaliate wildly!

might as well be killed directly! Lest nights have long dreams!

what!

Luo Ziyun was completely frightened!

This kid is still planning to kill someone?

Fuck!

This is too much.

Suddenly, he saw something in the light, as if grabbing the last straw, and quickly said: "Zheng Shao, save me! Save me! This lunatic is going to kill me!"

The inch-headed man in the distance stepped forward and came to Ye Chen, and said lightly: "It's okay to move my friend this way."

"Do you know what the identity of this man at your feet is? He is an existence you can't afford! No matter what your identity, offending the capital to get home will only lead to death!"

"Let go of your feet, then kneel down, I will give you a complete body."

The voice of the man with an inch head slowly fell, full of supreme majesty.

He thought that Ye Chen would do it, but he didn't expect that Ye Chen didn't pay any attention to it~www.mtlnovel.com~ and stepped directly on Lao Ziquan's body!

"Crack!"

Bone fractured.

Luo Ziyun spit out blood!

Although he did not die, he was seriously injured!

The cuff-headed man's eyes were extremely cold, and his murderous intent came towards Ye Chen, his palm was like a knife, and he slashed at Ye Chen fiercely!

"Looking for death!"

Ye Chen didn't move, his eyes filled with playfulness.

Just as the opponent's palm was about to fall, he spoke: "The speed is too slow."

The words fell, Ye Chen opened his five fingers, as if torn the air, and grabbed it forward!

The paw prints are extremely firm and violent, which is simply a thunder strike.

The short-inch man can't react at all!

"Crack!"

The crisp and shocking sound of bone cracks resembled the sound of firecrackers, suddenly rippling in the air.

The palm of the man with an inch head broke directly!

The bones are even more exposed, and the blood is getting stained!

At this moment, the half-dead scumbag and the wounded man with a small head were dumbfounded, just like hell!

how is this possible!

The speed and strength of this kid crushed himself!

In the endless horror of the two, Ye Chen's five fingers penetrated again, and they buckled directly on the shoulder of the man with a short head!

The five fingers penetrate the shoulders like steel bars!

then suddenly exerted force!

"Boom!"

The body of the man with an inch head directly hit a car parked next to him!

The hood is extremely sunken!

Loud noise!

Chapter 295: Medicine King Valley!

The inch-headed man felt his whole body bones falling apart.

is so hard to suffer!

His father is Zheng Renjue of the Huaxia Budo General Bureau. No one has ever dared to hurt him!

This time I came to Yaowanggu, in addition to him, there are actually several leaders of the China Martial Arts General Bureau, but because he is unrestrained, it is naturally impossible to follow these old men.

It happened that the son-in-law was going to come here on behalf of the capital, and the two agreed to come to Jiangnan Province to enjoy a few days.

As for the person to protect, he doesn't need it at all.

Only his identity, who in the Chinese martial arts world dares to move him?

And his martial arts strength is pretty good, the average master doesn't even have the power to get close.

But that's it, someone really moved him!

even hurt him desperately!

He could feel his blood surge, and he was extremely uncomfortable.

"You can't get rid of this matter."

Ye Chen's cold voice sounded!

The inch-headed man looked at Ye Chen's bloodthirsty eyes and said word by word: "I can feel that your martial arts strength is not weak. Since you are from the martial arts world, you should know what the words Huaxia Martial Arts Bureau mean. If you moved me, you undoubtedly offended the China Martial Arts Bureau! Then I want to play you to death, it's easy!"

"No matter who you are, the injury on my hand or the pain on my shoulder, I want you to repay a thousand times!"

Hearing the Huaxia Martial Arts Bureau, Ye Chen's expression was a little weird.

Is this really going to fight the Huaxia Budo Bureau?

ran into this group of people before stepping into the Medicine King Valley?

He sneered: "It is not once or twice that Ye Chen has offended the Huaxia Martial Arts Bureau. Believe it or not, I dare to kill you now?"

The moment a man with an inch head heard the words Ye Chen!

Pupils suddenly dilated!

The heart is thumping!

the name!

He is so familiar!

His father didn't know how much anger he was mad because of this name! I don't even know how many tables were broken!

Just yesterday, his father sent someone to familiarize him with Ye Chen's information!

Let him be careful of this person in Jiangnan Province! What's more, this person is an out-and-out lunatic!

He has been immersed in fun these days, and he has never opened that information!

Who knew Ye Chen just appeared!

directly beat the Lao Zi half-dead, and even hurt him!

If Ye Chen would kill him, he really believed it!

An invisible fear envelops him, and the martial arts aura he cultivated on his body is completely useless! Not even the power to struggle!

Although his strength is strong, he is only aimed at ordinary martial arts experts!

Facing the first person in Jiangnan Province, even his father is helpless, he has no enemy!

Zhu Ya obviously also thought of something, and recognized the identity of the man with a small head!

She doesn't want Ye Chen to get into trouble before taking medicine Wanggu!

As soon as he wanted to speak, a black shadow rushed out of the Medicine King Valley!

appeared beside Ye Chen in the blink of an eye.

An elderly man arched his hand and said to Ye Chen: "Master Ye, today is a happy and congratulatory day for the Yaomeng. Can you let them go? If the blood stains the gate of the Yaowanggu, Xiang Lao may be unhappy, and outsiders will also. Look at the jokes of my Huaxia Pharmaceutical Alliance..."

Zhu Ya also stretched out her hand to hold Ye Chen's hand, her eyes motioned: "Ye Chen, this is Medicine King Valley, and you have to ask for Xiang Lao..."

Ye Chen glanced at the scarred two people and withdrew his hands.

Xiang Chengdong is the only one who knows about the existence of Ghost Prison, so this face is naturally given.

These two key fate, really can't compare to Xiang Chengdong's answer!

"Two things, first, our car is damaged, you are all responsible."

"Second, if you let me know that you two do something that upsets me, even if Xiang Chengdong stands in front of me, he won't be able to save you!"

Ye Chen's voice fell like a nine-day profound thunder!

no doubt!

is even more majestic!

At this moment, no one dares to refute!

The corners of the talking old man's mouth twitched slightly, and the expression on Ye Chen looked a little unhappy.

Come to Yaowanggu and dare to call Xiang Lao's name directly, it is estimated that only the kid in front of him is alone.

Although the other party is arrogant, he also knows some of the things Ye Chen has done recently in Jiangnan Province. He didn't say much, and said directly: "Zongshi Ye, Miss Zhu, please come inside, just leave it to me..."

Ye Chen and Zhu Ya nodded their heads and walked towards Yaowanggu.

Only the old man and the injured two looked at each other.

After Ye Chen left, the inch-headed man stood up hard and spit: "Damn, what the **** is Ye Chen! Grass!"

He felt that all the bones in his body were not his own.

The old man glanced at the man with a small head and said, "Master Zheng, there is the best doctor in China in Yaowanggu. Don't worry, your wounds will heal as quickly as possible."

"understood!"

The unhappy man replied with a displeased face. He even took out the phone in his hand and cursed: "Where are you? I'm in the Medicine King Valley now. Come here quickly. I can't do it anymore. I guess you are going to collect the dead body for Lao Tzu. !"

The phone was hung up, and the eyes of the man with a small head were glowing with cold.

The elder noticed something and quickly reminded: "Young Master Zheng~www.mtlNovel.com~The contradiction between the Huaxia Martial Arts Bureau and Ye Chen, please don't do it in the Medicine King Valley. This time, there are many important figures, and even some foreign experts. Many of them are Xiang Lao's friends. If you do, Xiang Lao is unhappy, the consequences will be very troublesome..."

The man with the inch head had no desire to answer at all, and waved his hand: "Go away, I still need a dog to point me when I do things? Remember, I'm here to give you Yaomeng face!"

The old man shook his head and walked into the Medicine King Valley.

This person and Ye Chen are really incomparable. Aside from the family, Ye Chen almost dumped this person hundreds of blocks.

This may be the contrast between the giant desert tree and the greenhouse flower.

.....

Medicine King Valley.

As soon as Ye Chen stepped into it, he felt a dozen dangerous auras.

If you only talk about realm and strength, it is definitely above him!

It seems that this Huaxia Pharmaceutical Alliance is really as Zhu Ya said, extremely unusual.

At this moment, there are a hundred people gathered in Yaowanggu, and the overall environment is open-air.

There is a stage, a square, a self-service area and a rest area.

The environment is elegant and it can be called a paradise for the rich.

"Mr. Ye, when you get inside, try to control your temper. There are not only the martial arts family in Jiangnan Province, but also from various places in China, Beijing, and abroad."

"The influence of the Yaomeng in China is quite good, and it can be considered as a top ten force in the martial arts world. Many ancient warriors in China are very polite to the people of the Yaomeng. After all, if you want a pill, the Yaomeng is the biggest way. Also, if the ancient warrior is injured, or between life and death, Yaomeng is the only choice."

Chapter 296: China Pharmaceutical Alliance Xiang Chengdong!

Zhu Ya glanced at Ye Chen's reaction, and continued: "Here are doctors who are capable of healing, and there are also medicinal pills that can cross realms! In short, many strong people have to look at the face of Yaomeng.

Even the Huaxia Budo Bureau is not qualified to do it here.

Xiang Chengdong, behind the Yaomeng, is not comparable to ordinary people regardless of status, status or strength. "

"You will try to find the opportunity to contact this person later, of course, he may not meet you, he has to try it. This is the only possibility for you to know the ghost prison."

Ye Chen listened to Zhu Ya's voice and nodded, but his eyes fell on a Danding in the center of the square!

The rank of this Dan Ding is far stronger than Baicao Ding!

The key has also undergone technological improvements. There is a dedicated console to control it, and countless sophisticated instruments are running.

His expression is a little weird.

Pill refining is not something that technology can replace. Pills or fire conditions are nothing more than carrying things. The true alchemy depends on the alchemist's mood and strength.

The road of China Pharmaceutical Alliance is going further and further.

Ye Chen shook his head and sighed. This action formed a sharp contrast with those around him!

Almost everyone praised the alchemy furnace in the center of the square, but he was the only one shaking his head and sighing at this time!

In an instant, a few unkind eyes shot over.

Zhu Ya also noticed, and curiously said: "Mr. Ye, do you think there is a problem with this alchemy furnace? I think it's very good. Keeping pace with the times, especially the control of the heat is beyond the control of the ancients."

Ye Chen smiled: "Huaxia Yaomeng is just learning the fur of alchemy. There are too many sophisticated instruments... Even if the pill is formed, the effect of the pill is not good. In other words, the alchemy made Medicine has no soul."

This is Ye Chen's truth.

Just then, a cold snort came!

"According to your words, the baby that I have developed for ten years in China Pharmaceutical Alliance is scrap copper and rotten iron? Those developers are all waste?"

Hearing these words, Ye Chen and Zhu Ya were slightly startled, turned their heads, and found an old man in a white coat and glasses appeared beside him.

Zhu Ya saw this old man, her red lips opened, and she subconsciously covered it with her hand!

The old man in front of him is the most critical person in this Yaowanggu event-Zhao Lintao!

The most successful alchemist in Jiangnan Province!

none of them!

Because of the extreme scarcity of pharmacists, most of them are occupied by the top Chinese families or sects. Very few people can really come to the Yaomeng for scientific research!

And Zhao Lintao in front of him is undoubtedly one of the core alchemists of Yaomeng!

He is also China's first alchemist who advocates the combination of technology and alchemy!

Although the level of alchemy is not top-notch, it is also a master that everyone admires!

The remarks made by her and Ye Chen just now obviously negated everything about Master Zhao and touched the other side's mold.

Zhu Ya owed her body quickly and apologized: "Master Zhao, I'm really sorry, Zhu Ya apologizes to you."

Master Zhao glanced at Zhu Ya, and said lightly: "I know you, the sword that your Zhu family used to make is the best in the world. Ten years ago, you and your father had been to Medicine King Valley, when you were very young. What happened to your father?"

Zhu Ya had some surprises in her eyes, and she said excitedly: "It is an honor for me to be remembered by Master Zhao. My father is in good health and has been in retreat for several years."

Master Zhao nodded, and then his eyes fell on Ye Chen, who was expressionless: "Boy, what you said just now, you seem to know alchemy?"

Ye Chen shook his head: "General."

"Since you don't understand, what qualifications do you have to give me pointers? If Dan Cheng is today, I will be enough to write in the history of China! There are some things that are not understandable by you young people. This time I will look at this Zhu family girl. Come on, I'll forgive you once. If you let me hear this kind of words next time, don't blame me for being rude.

Master Zhao said coldly! After speaking, he turned and left in one direction.

His hard work has been insulted, can he not be angry?

Just before the other party had taken a few steps, a faint voice sounded behind him:
"Unfortunately, I can't make it today."

Master Zhao stopped, and an invisible anger rushed over his head.

Ye Chen said that because he wanted to remind him.

He continued: "Presumably you used to be successful in refining indoors. This time you are outdoors. There are too many factors that are affected. Of course, your personal influence is even greater. I can feel your heart beating fast, and the palm of your hand is Sweat, if you can't calm your mind, even if there is a machine to control the heat, Dan will not necessarily succeed."

"I will give you a reminder, if there is a problem with the refining of the pill, leave it as soon as possible, otherwise it will be very dangerous."

"Although the machine can be precise, it is ruthless and cold."

may say that these are not good at this time, but Ye Chen can feel that there is something wrong with the opponent's body, and there is a trace of blood red on his forehead.

dignified blood red.

This is a typical disaster of blood and light!

There is only this he can do. It is the other party's choice whether to listen or not.

Master Zhao wanted to have a theory with Ye Chen, but when a few acquaintances came to him, he could only snorted and waved away!

Zhu Ya looked at Ye Chen helplessly, and said: "Mr. Ye, you just said that a bit too much. Master Zhao is the celebrity next to Xiang Chengdong. You are undoubtedly hitting him in the face by saying that. Xiang Chengdong knows ~www.mtlnovel.com~ the consequences will be serious."

Ye Chen stared at the weird alchemy furnace in the center of the square, with his hands behind him, and said lightly: "I'm saving him, it's up to his choice if I listen."

Zhu Ya was stunned, not knowing what to say for a while.

From the birth of Huaxia Pharmaceutical League, they saved others.

Ye Chen is doing well now, he actually wants to save the people of China Medicine Alliance.

The two sat in the rest area for about half an hour, and few people came up to disturb them.

This kind of activity is almost all in a small circle.

Originally, Zhu Ya's beauty is bound to be discussed by many people.

But I don't know if it is because of Ye Chen, this time almost no one came to disturb him.

There are dozens of unkind eyes that have been staring at Ye Chen.

A few of them are Zheng Gongzi and those powerhouses of the China Martial Arts Bureau.

Although Ye Chen knew, he didn't plan to bother.

He came to Yaowanggu only to see Xiang Chengdong, and the rest is not important.

Just when Ye Chen was lying on the sofa to fall asleep, a hearty laughter came!

"More people come to Yaowanggu to join in. If there is anything wrong with hospitality, please Haihan!"

Zhu Ya quickly awoke Ye Chen, and said softly: "Mr. Ye, Xiang Chengdong is out."

Ye Chen got up, glanced at the source of the sound, and found a man with a Chinese character face appeared in his sight.

The man has gray hair and is about 60 years old.

has a trace of majesty on his body, although his face is red, but the momentum is still a bit daunting.

Chapter 297: Despicable and shameless!

The key is Ye Chen found that the martial arts aura on the opponent is very strong!

It's a natural talent to have such achievements in medicine and martial arts.

The crowd of people split their way automatically.

Xiang Chengdong came directly to the stage, glanced at the crowd, and smiled: "As the chairman of the Huaxia Pharmaceutical League, I have always hoped to do something for the Chinese martial arts world,

but for so many years, I have not done anything except save some people. Although I can't do any pioneering work, but Huaxia Pharmaceutical Alliance has talented people.

This time, I would like to introduce a top Chinese alchemist, Zhao Lintao, Master Zhao!

This person has joined the Pharmaceutical Alliance for decades. I am really amazed by using technology to refine alchemy. Looking at China, he is definitely a pioneer! Today, if the Sanpin Pill is successfully refined, our Huaxia Pharmaceutical Alliance will surely become one of China's top forces! This day is recorded in the annals of history, and I, Xiang Chengdong, witnessed it with you heroes! "

The applause is thunderous!

Countless eyes turned towards Master Zhao standing in front of the alchemy furnace in the center of the square.

Master Zhao was extremely useful, and even glanced in the direction of Ye Chen.

Disdain and coldness are extremely obvious.

Xiang Chengdong on the stage continued: "I don't like nonsense, besides, alchemy pays attention to time, so I won't say much, let's leave it to Master Zhao!"

Master Zhao nodded, his eyes fell on the sound of the alchemy furnace, a master demeanor started!

With this move alone, the crowd was amazed!

"The master is the master, the aura that this whole body exudes is unusual."

"China Pharmaceutical Alliance is estimated to rise this time."

"Don't tell me, Xiang Lao is extremely concerned about this Master Zhao."

"Can you not care, Xiang Chengdong has invited so many people, success or failure is all above Master Zhao, if there is a problem, then you can hit Xiang Chengdong in the face."

The crowd talked a lot.

At this moment, someone stood up and said, "Chairman Xiang, before the alchemy, I don't know if I should say something."

is an old man from the Huaxia Budo Bureau.

Xiang Chengdong frowned. He was a little displeased by being destroyed at this time. He glanced at the man and said coldly: "If you have anything to say, don't disturb Master Zhao's alchemy."

The old man quickly said: "Chairman Xiang doesn't know, this matter is related to Master Zhao."

Ok?

Xiang Chengdong was puzzled and asked, "What the **** is going on?"

The old man from the Huaxia Martial Arts Bureau looked in the direction of Ye Chen and said coldly: "Just now I heard a kid accusing Master Zhao for his hard work, and he even said that he was worthless, and even said that Huaxia Medicine League Alchemy attainments are nothing more than learning the fur."

As soon as these words came out, not only Xiang Chengdong changed color!

Everyone present is angry!

If Huaxia Yaomeng's alchemy is all fur, who is qualified to make alchemy in China!

This is not here to make trouble!

Zhu Ya looked pale to the extreme when she heard these words!

She had no idea that Ye Chen's words would have been heard by those in the China Martial Arts Bureau! The key to the other party is to use this as an article!

is obviously trying to make Ye Chen irritate everyone!

The anger of so many people is enough to ruin Ye Chen!

This is too despicable!

She glanced at the direction of the Huaxia Martial Arts Bureau, her chest constantly rising and falling in anger.

then looked at Ye Chen, only to find that the other party was completely okay.

"Mr. Ye, this matter..."

Ye Chen smiled lightly: "It's okay."

Xiang Chengdong heard the man's words, his face turned green, and he scolded: "Who would dare to insult Master Zhao, and even the Huaxia Medicine League would not let it go!"

The elder of the Huaxia Martial Arts Bureau stretched out his hand and pointed at Ye Chen and said, "Chairman Xiang is the kid in casual clothes. I stand up today and completely cannot understand the other party's behavior. I hope that if Master Zhao does this If the alchemy is successful this time, this child can kneel down and make amends for Master Zhao! China Pharmaceutical League must not be humiliated!

The other party's words were extremely high-quality, not only the apparent attitude of the Huaxia Budo Bureau, but also the anger of everyone was concentrated on Ye Chen!

This trick is perfect!

Young Master Zheng looked at the bandaged hand, his eyes flashed with cold light! It's palpitating!

He wants Ye Chen to die without a place to be buried!

Xiang Chengdong cast an angry gaze at Ye Chen, and asked: "You said this sentence?"

Naturally, he would not listen to what the family said. If Ye Chen refuted, he would also listen carefully to the other side's defense.

Zhu Ya pulled Ye Chen's hand and said: "Mr. Ye, you just need to kill you and not admit it."

Ye Chen stared directly at Xiang Chengdong, without fear, nodded: "Master Zhao's method of refining does have a problem. From my current observations, Huaxia Yaomeng can be said to have only a trace of alchemy fur.

And this time, the alchemy is not the power of heaven, earth and people. I suggest that you refine the alchemy three hours later, so that the chance of alchemy will be greater, otherwise the forty-eighth seconds after Master Zhao's alchemy, there will be a fryer. . "

As soon as these words came out, the crowd was in an uproar!

I thought this kid would not admit it!

but I didn't expect that the other party not only admitted, but also said the **** truth!

Such a faceless existence, it was the first time they saw it!

This is Medicine King Valley! The land of China Pharmaceutical Union!

Alchemy is indeed a fryer situation!

can even be said to be very common!

But since ancient times~www.mtlnovel.com~ no one can predict the time of the fryer so accurately!

Even if you're the **** prophet, you can't be so accurate!

Xiang Chengdong's eyes almost burst into sparks, and said: "Okay! Very good! If Master Zhao succeeds in refining, you will kneel for me in the Medicine King Valley for three days and three nights!"

"Master Zhao, alchemy!"

The bell rings!

Alchemy, start!

Master Zhao glanced at Ye Chen's direction, hummed coldly, and instantly adjusted his heart to stop water!

slapped the pill furnace with his right hand, and the lid suddenly opened!

Danshui directly added to it!

At the same time, he quickly manipulated his fingers and directly activated the precise instrument next to him!

The flame is surging! The temperature rises suddenly!

In this scene, the crowd applauded.

At the same time, a few disdainful eyes surged.

There was a beautiful blonde woman standing beside Ye Chen. The beautiful blonde woman glanced at Ye Chen and snorted coldly: "You are a scum in the Chinese martial arts world, what else? Fryer, do you know how to make alchemy? If there is something wrong with Master Zhao, you will be responsible..."

"Despicable and shameless villain!"

Ye Chen ignored it.

Although no one believed Ye Chen, many people silently pressed the timer with their mobile phones. He wanted to see how Ye Chen's face was hit in the end.

Zhu Ya is rushing around next to me!

She knew Ye Chen would make trouble, but she never thought that the other party could make trouble like this!

The key is that Ye Chen hasn't reacted from beginning to end!

Chapter 298: Rolling thunder!

Zhu Ya didn't know that all of this was made by Ye Chen deliberately. He didn't want to intervene in the Huaxia Yaomeng alchemy.

But since the China Martial Arts Bureau is clear, then he gladly accepts it!

is even more anxious to make things big, only in this way will Xiang Chengdong take him seriously!

He can pry out the secret of the ghost prison from the opponent's mouth!

.....

In the pill furnace in the center of the square, Master Zhao controls the temperature to the extreme!

The whole pill furnace turned red!

Within ten meters, the temperature is extremely high!

Master Zhao outlined a smile at the corner of his mouth, and looked at the time, twenty seconds have passed!

no longer hesitate, and threw all the medicinal materials of the third grade pill!

The pill furnace was surging, and a very strong breath came out!

This time he will refine the Xuan Huang Dan!

belongs to the violent pill, once the refining is successful, taking this pill will make your cultivation even better!

Of course, because the medicinal materials contain Xuan Huangshi, the response of the medicinal materials in the pill furnace will be a bit violent, and the probability of the fryer is higher than that of the ordinary pill!

But he tried countless times, even if the fryer is five minutes later!

Forty-eight second fryer, it's impossible!

One hand of Master Zhao kept controlling, and the response of the pill furnace became more and more intense!

A few seconds later, the entire pill furnace was shining with a red light, and the strong medicinal fragrance penetrated the entire square!

"Haha, forty seconds have passed, Master Zhao's ability to control pills is so strong, it is estimated that the pills will be completed soon."

"Except for the alchemists who are in the top Chinese martial arts family, Master Zhao is considered a genius."

"I really want to see the scene of the kid kneeling in the Medicine King Valley for three days and three nights, haha! It is estimated that the kid will also be recorded in the annals of history, but at this time I touched Xiang Chengdong's brow! It's almost a death!"

"This is also a good thing for Yaomeng. I heard that kid is the first person in Jiangnan Province. He is very strong in martial arts. If he kneels in Yaowang Valley for three days and three nights, at least all the strong people in Jiangnan Province will know Huaxia Yaomeng. Terrible."

Xiang Chengdong stood on the stage, watching Master Zhao's momentum surge, and he was extremely satisfied.

Maybe because of that kid's encouragement, Master Zhao is in excellent condition!

Once again, Dan will become successful, very possible!

There was a faint expectation in his heart.

Then, Xiang Chengdong's gaze fell on Ye Chen again, he snorted coldly, very disdainful.

For him, Ye Chen's kind of innocent junior is a joke!

In the past few years, China Pharmaceutical Alliance has been too low-key, so low-key that everyone has forgotten the existence of Xiang Chengdong!

Today's matter should also be seen by the Chinese martial arts world!

Suddenly, a crisp sound came from the center of the square!

The sound was very soft, but it was extremely clear in the quiet square.

Countless eyes looked at the pill furnace!

Some sharp-eyed people discovered that the state of the pill furnace was a bit wrong!

The lid of the Dan furnace is constantly surging, and even needs to be opened at any time!

Not only that, the original strong medicinal fragrance has also become a burnt smell!

Upon seeing this scene, Master Zhao's face changed drastically. As the person involved, he could even feel the intensity of this kind of anomaly!

His palms are all sweaty!

is pressing the button on the instrument crazily!

But it is useless at all!

The instrument is completely dead!

Not only that, but also a warning sign appeared on the display!

"How is it possible, how long is this, this time something went wrong so soon?"

Before he could react, a crack appeared in the fiery red furnace!

The cracks continue to spread, and a strong breath surges!

violent, hot! It's palpitating!

Master Zhao's eyes were so wide that his whole body was soaked!

At this moment, Xiang Chengdong on the stage tapped his feet and hurried towards Master Zhao!

His five fingers were like eagle claws, he directly clasped Master Zhao's clothes and threw them out!

Next second!

"Boom!"

There was a loud noise suddenly, and the flames shot straight into the sky!

Sparks are flying everywhere, violent and dangerous!

Earthquake! The billowing smoke surging in all directions!

Fryer!

Really fryer!

The square is like the doomsday.

And the timer on the square also stops at this moment!

Forty-eight seconds!

Not a second, not a second!

The smoke and dust dispersed, the entire alchemy furnace was completely shattered, the delicate instruments were also destroyed, and there was even a flame burning, and the pungent smell spread throughout the square.

Master Zhao has fallen to the ground, and the whole person is like fished out in the water.

Xiang Chengdong raised his head and stared at the top timer, which was extremely complicated.

At the same moment, the square is as quiet as a graveyard at midnight!

Quietly terrible!

There is no breathing even!

eyes widened one by one, like a sculpture, the place where you can see is the timer!

just stuck on the 48-second timer!

That number is cold and unfeeling, like a sharp knife, slashing in their hearts!

split their hearts apart!

The cold and confident voice of the young man seemed to echo in their ears!

Like a rolling thunder!

piercing and sharp!

"I suggest three hours later to make alchemy, so that the chance of alchemy will be greater, otherwise the forty-eighth seconds after Master Zhao starts alchemy, the fryer will appear."

Every word seems to be Sanskrit!

Undoubtedly!

Especially that number is weird to the extreme!

In the next second, everyone looked at the arrogant and arrogant young man not far away!

Does this guy know how to make alchemy? If you don't understand, how can you say everything so accurately!

Look at China~www.mtlnovel.com~ If he does not understand, who is qualified to understand?

This is no longer an alchemist, but his mother is a god!

Zhu Ya's small mouth was slightly opened, her beautiful eyes were full of confusion and surprise. She never dreamed that it would be the result.

was actually expected by Mr. Ye to succeed?

Isn't Mr. Ye not only terrifying in martial arts, but also in medicine?

This is too enchanting!

The chattering blonde beauty beside Ye Chen's face was so hot that she was slapped fiercely!

It's not just her, the expressions of those Huaxia Budo Bureau are like eating-shit, very ugly!

At this moment, everyone's shock was not concealed at all! When thinking of the picture just now, I even took a breath of air-conditioning!

How overbearing Ye Chen's words are!

After thinking deeply, Xiang Chengdong walked towards Ye Chen.

This time, he didn't have the slightest disdain, but incomparable respect in his eyes.

If Ye Chen is really an alchemist, that would be an extremely important existence for Yaomeng and even China.

This kind of person must fight at all costs!

He came to Ye Chen, arched his hands, and apologized: "This gentleman, Xiang Mou was offended just now, and he also asked Haihan. Xiang Mou is a little puzzled, and he still wants his husband to give some advice. How do you know forty-eight? Will there be a fryer in seconds?"

As soon as he said this, countless expectant eyes shot towards Ye Chen.

Ye Chen smiled, faintly spit out two words: "Guess it."

Chapter 299: Surprised!

When everyone heard Ye Chen's answer, they almost fell to the ground!

If there is such a good guess, then it is weird!

Doesn't everyone become a master?

Xiang Chengdong took a deep look at Ye Chen: "Since the husband doesn't say anything, then I won't ask too much."

It is estimated that Ye Chen did not want people to know.

"Forget it, since you want to know, I will tell you that my practice is biased towards the fire system and has a keen sense of fire. The same is true for alchemy furnaces. As for why the numbers are so accurate, there should be a trace of luck in it. "

Ye Chen thought for a while, still added.

He is not stupid, so naturally he won't say much.

There are too many forces in China, and once he admits that he is an alchemist, the impact will be unimaginable.

The matter of alchemy is still not open.

In his bones, he still wanted to keep a low profile. As for why things went against his wishes all the time, it was completely because others did not allow it.

Although this is also an explanation, only some people are suddenly surprised, and the rest are still doubtful.

Xiang Chengdong nodded, reluctantly accepted, and said: "So that's it, I have been taught."

"By the way, sir, Xiang's practice is similar to that of her husband. Can you study it with your husband later?"

Xiang Chengdong sent an invitation.

That was what Ye Chen waited for. He suppressed the shock in his heart and said: "I also admire Xiang Lao very much. It is a great honor."

"Okay! By the way, I don't know how to call your husband yet?"

"Ye Chen."

"Mr. Ye, Xiangmou will ask someone to invite Mr. Ye later."

The conversation between the two ended here.

After all, there are so many people with mixed eyes, not much to say.

Then Xiang Chengdong returned to the stage, said a few politely, and let everyone go to rest first.

Waiting for Master Zhao's second refining.

It is normal to fail one refining, but with the first experience, the success rate of the second refining should be a bit higher.

Not long after, the old man I saw outside Yaowanggu came to Ye Chen and Zhu Ya, and said, "Two, please, Xiang Lao, please."

"it is good."

Ye Chen and Zhu Ya were taken by the old man to a courtyard in a garden.

Stepping into the courtyard, Ye Chen's eyes are hot!

The yard is full of rare medicinal materials!

There are too few rare medicinal materials that he can buy from the market, and there are so many imaginary medicinal materials in Kunlun that China does not have!

Without those medicinal materials, he could not refine other pill.

But at this moment, he saw a glimmer of hope.

Seeing Ye Chen's footsteps stop, Zhu Ya curiously asked, "Mr. Ye, do you like this kind of flowers?"

Ye Chen shook his head: "These are all treasures. If you sell these flowers and plants in your mouth, it may be comparable to the wealth of all the families in Jiangnan Province!"

Zhu Ya was startled, this is too exaggerated.

This yard is not big, even if the flowers and plants here are worth a lot, they can't be worth trillions.

At this moment, a hearty voice came from his ears: "Mr. Ye has good eyesight. It seems that Xiangmou didn't guess wrong. Mr. Ye really knows how to make alchemy."

Zhu Ya leaned quickly: "Zhu Ya has met Lao Xiang."

Xiang Lao nodded, his eyes fell on Ye Chen's body interestingly.

Zhu Ya understood something instantly, and said: "I'll go over there and take a look."

After speaking, he went to a place in the corner.

She is smart and knows what to do when.

Soon, only Xiang Chengdong and Ye Chen were left here.

Xiang Chengdong followed the direction of Ye Chen's sight, noticed a white grass, and said: "This grass is called White Hun grass. I cultivated it for 20 years before cultivating three plants. If Mr. Ye likes it, Take one."

Although he hurts at this moment!

But he knows very well that he is reluctant to let the child be unable to hold the wolf!

If Ye Chen were a top alchemist, the pattern of Yaomeng would be completely changed!

China Pharmaceutical Union needs Ye Chen, so much!

"Good." Ye Chen didn't hesitate at all.

He needs this thing too much, even if there are not many white soul grasses in Kunlun!

This is the baby of the baby.

Xiang Chengdong was stunned. He didn't expect Ye Chen to answer so quickly. He didn't even say it politely. Is this the white soul grass?

"Mr. Ye, Xiang has a hint of curiosity in his heart. I don't know if I can ask. If Mr. Ye is inconvenient, I can refuse to answer."

Xiang Chengdong couldn't bear his inner curiosity.

Ye Chen grabbed his five fingers, a burst of true energy shot out, and a white soul grass had appeared in his hand.

"Say."

When Xiang Chengdong saw this scene, the corners of his mouth twitched. Ye Chen is too overbearing, right? Is this distrust of China Pharmaceutical Alliance?

He swallowed, and said helplessly: "Mr. Ye, since you are a pill master, you don't know how many grades and patterns of pill you can refine..."

The pill is divided into nine products, and each product is subdivided into nine patterns.

So this question is extremely critical.

The strongest alchemist of the Huaxia Medicine League is now in retreat, and he can refine a four-rank five-pattern pill.

This is also considered the top level of Huaxia alchemist.

If Ye Chen can refine the third rank and five patterns or more, it is worth fighting for by the drug alliance!

He stared at Ye Chen, his heart beating violently, unable to calm down.

At this moment, Ye Chen spoke: "I can tell you, but I have the conditions."

"What conditions?"

"First, I also want some herbs, which are of great value. Second, I want to know one thing from your mouth. No matter what, you must tell me."

Ye Chen's eyes are extremely sure!

"This..." Xiang Chengdong thought for a few seconds, and decided to agree first. Anyway, Ye Chen's conditions were ambiguous and there was still room for maneuver. "Okay, I agree, but the details need to be approved by China Pharmaceutical League."

When the words fell, Ye Chen said: "I can refine a four-rank pill with eight patterns. If the world is in harmony with people and the resources are sufficient, you can also try the five-rank pill!"

"what!"

Xiang Chengdong was shocked!

Completely shocked!

There seemed to be waves in his heart!

Ye Chen can even refine a five-tier pill?

What a joke!

impossible!

How old is Ye Chen, only in his twenties!

Even if you began to refine alchemy from your mother's womb, it would be impossible to achieve this kind of achievement!

He thought that Ye Chen answered the third rank and seven patterns!

Now he just threw a bomb, he couldn't stand it at all!

Damn it!

"Mr. Ye~www.mtlnovel.com~ Don't be kidding..." Xiang Chengdong said with a trembling voice.

"I'm not joking. If you don't believe me, as long as you give me the Danding, I can refine it on the spot."

Ye Chen wanted this effect!

Only when Xiang Chengdong is shocked can the other party tell the secret of the ghost prison!

There were sweat beads on Xiang Chengdong's forehead. He glanced at Ye Chen, thought about it, and said, "Mr. Ye, please come with me. As long as Mr. Ye can refine the pill with four ranks and five patterns or more, I am Yao Wanggu. Mr. Ye can take any of the medicinal materials. At the same time, if Mr. Ye wants to ask me anything, I will reply seriously!"

Chapter 300: Behind the ghost prison

five minutes later.

The two came to a pill room.

The pill room was empty, with a pill cauldron in the middle. The pill cauldron was not low in rank, and some medicinal materials were placed around it.

"Mr. Ye, is this all right?" Xiang Chengdong said.

Ye Chen nodded, and in the next second, he shot directly, the whole body's zhenqi gathered, and he slapped the Danding!

"Fire!"

With a roar, the temperature of the whole room rose suddenly!

A bright flame was born under the Danding!

The fire is billowing, making people palpitate.

Seeing this scene, Xiang Chengdong, the chairman of the Pharmaceutical Alliance, really couldn't calm down, his breathing was short and his face flushed! There is no such thing as a grand master!

His body trembled more and more, and he was extremely excited!

"Qi Ning pill fire! I actually saw Qi Ning pill fire again!"

This is an ancient alchemy technique!

This Mr. Ye actually knows ancient alchemy

Xiang Chengdong's exclaimed voice was a bit sharp and extremely gaffe!

"To shut up!"

Ye Chen shouted.

When Xiang Chengdong heard these words, his face was pale and he closed his mouth quickly!

It's like a kid who makes mistakes.

If someone sees this scene, you will definitely drop your jaw.

Who is Xiang Chengdong, the real power of the China Pharmaceutical League, although the status of China Pharmaceutical League and China Martial Arts Bureau cannot be compared.

But a lean camel is bigger than a horse!

In terms of position, he is the same as Zheng Renjue of the Huaxia Budo General Bureau!

Such a right year, who would dare to shut up Xiang Chengdong?

Only Ye Chen!

The flame surged, the Danding was red, and Ye Chen slapped the Danding with another palm!

Opening the Danding, Ye Chen grabbed his five fingers, as if there was a force in his hand, directly pouring all the medicinal materials on the table into the Danding!

Ye Chen condensed his true energy and wrapped the entire Danding!

Five full minutes!

A strong medicinal fragrance strikes!

"Ding!"

With a crisp sound, Dan Cheng!

"Okay, go and see for yourself."

Ye Chen's faint voice fell.

"Guru."

Xiang Chengdong swallowed his saliva, his feet were as if he was pouring lead, and he came to the front of Danding.

Then, the pill inside appeared in the palm of his hand.

Ten pills are complete, not a single abandoned pill!

With this move alone, China is unmatched.

Afterwards, Xiang Chengdong took out one of them again, but seeing the lines on the pill, his eyes widened, like a sculpture, stupidly in place!

"Rank 4 and 8 patterns... It turned out to be Rank 4 and 8 patterns... even more terrifying than that of Huaxia Yaomeng..."

The key is that all of this is what he sees is believing!

If there is such a person in the Huaxia Pharmaceutical League, he will definitely become the number one power in the Chinese martial arts world!

"Is it still necessary for me to prove it?" Ye Chen put his hands behind him, and a breath spread out.

Even though Xiang Chengdong's strength is stronger than him, but in China Pharmaceutical League, it is not martial arts strength! It is the art of medicine and alchemy!

But Ye Chen had already crushed this aspect.

"No need, no need, Mr. Ye, it's a small item with no eyes..."

Unconsciously, Xiang Chengdong's words for addressing himself have changed!

This is the so-called strength for respect!

Even if this is the 21st century, it has not changed!

Ye Chen didn't want to talk nonsense, and said directly: "I came to you with only one purpose. I want to know where the ghost prison is! This is very important to me!"

Hearing the ghost prison, Xiang Chengdong looked very weird!

Because this is China's taboo!

Although he has been there many times, if he reveals it, the consequences will be extremely serious!

"Mr. Ye, I can tell you everything except Ghost Prison..."

Xiang Chengdong was embarrassed.

"Boom!"

Ye Chen snorted coldly, slapped a palm on the pill cauldron behind him, and a strong shock struck!

Danding cracked directly!

"Xiang Chengdong, this is what you promised me. I hate people who turn back."

Ye Chen said angrily!

Xiang Chengdong glanced at Ye Chen, who was full of evil spirits, and explained: "Mr. Ye does not know that the controller behind the ghost prison is far from what we can resist. When I entered the ghost prison, I was put on the body. Once I revealed the address of the ghost prison, I would definitely die."

Ye Chen's eyes shrank, and he pointed on Xiang Chengdong's arm.

True Qi surged, and when it reached the center of his eyebrows, a strong force swept him out.

Sure enough, Xiang Chengdong actually had a spell in his body!

And this technique is not Huaxia, it comes from Kunlun Xu!

It seems that Huaxia and Kunlun Xu are not completely disconnected.

He closed his eyes and directly communicated with the black-robed old man on the third stone stele of Kunlun Xu, and said: "Senior, can you crack the magic on this person?"

The billowing black mist surged, and the black-robed old man appeared directly in the reincarnation cemetery.

The black-robed old man glanced at Xiang Chengdong outside and sneered: "This kind of **** technique, I can naturally decipher it, but it will lose some power, but if this technique is cracked, the other party may notice it."

At this moment Ye Chen hesitated.

"There is no other way?"

"Of course there is. I can deduce the magic from that guy's body thousands of miles away, and crack the man who casts the spell's natal magic! At that time, everyone's spells have disappeared, and the person who casts the spell is counted I want to check, but I have nowhere to check!"

Ye Chen was overjoyed and hurriedly said, "Please also seniors to take action."

The black-robed old man's eyes flickered with seriousness: "I will pay a part of the price if I use it once, and even disappear sooner."

"I only have one request. I will help you this time, and you have to do me a favor."

"what?"

Before Ye Chen finished speaking, a force of strength fell on him.

"Just as you agreed. I'll tell you later, now, let your body be used."

A faint voice fell in Ye Chen's ear.

Ye Chen's eyes changed completely, as if they came from an ancient star!

The aura on his body suddenly radiated!

Xiang Chengdong naturally felt the changes in his surroundings. He just wanted to talk to Ye Chen. When he saw the other's eyes, his legs were shaking!

This feeling is extremely uncomfortable!

It seemed that he was not facing Ye Chen, but a peerless strong man.

"Close your eyes, reduce your breath, and sink your dantian."

Ye Chen's indifferent voice fell.

Xiang Chengdong wanted to resist, but found that he was not qualified to resist!

His heart seems to shatter!

This kind of feeling is like being in Jiuyou Hell!

Ye Chen pinched his fingers, and a golden rune suddenly overflowed from the palm of his hand!

In Xiang Chengdong's horrified and puzzled eyes, he calmly uttered two words:

"Thunder come, break everything!"

When the words fell, dark clouds burst into the sky above Medicine King Valley! Cover the sky! It's like the end!

At the same time, violent thunder and lightning filled the dark clouds!

It's like a vision!

"Boom!"

Thousands of thunder fell directly!

Penetrated the pill room!

The thunder exploded ~www.mtlnovel.com~full day!

And at this moment, Ye Chen holds the thunder and lightning, just like the true monarch of Thunder Dao! Take charge of the world!
