

URBAN MEDICAL GOD

Chapter 3: Who do you think you are?

ordered everything, Sun Yi walked outside, opened the driver's seat of a Beetle, and sat in.

Just when she was about to drive, the door of the co-pilot suddenly opened, and Ye Chen took the opportunity to sit in.

Ye Chen followed up because he found a cloud of black fog in Sun Yi's hall, and the black fog was a little bloody!

This is a sign of something big!

Whether it was for the relief just now or the incident five years ago, he couldn't let Sun Yi suffer any harm!

Sun Yi looked at Ye Chen in the co-pilot, and was surprised at first, and then smiled: "Little brother, what are you doing, thank me? Actually, I have learned from others about the previous things, but those security guards Wrong first, you don't have to thank me. By the way, why do you have to see Xia Ruxue? You don't have any beauty remedies to promote."

The reason she said this is because there were people who dressed similarly to Ye Chen last time, and they came to sell some beauty remedies, saying that they could bring the beauty industry of Huamei Group to a higher level, but they were thrown out by the security guards.

This year, most of the barefoot doctors from the countryside came to the city for this purpose.

Ye Chen glanced at Sun Yi. He found that this little girl had really changed so much. When he was studying, he often laughed at her for being an airport. He

remembered that once he cried her with anger, but now it seems that this is hot. The figure and the proud bust are estimated to have a D cup.

"You got in my car to sell this recipe, right?" Sun Yi found that Ye Chen looked at her chest, she was not angry, even deliberately stiff. I don't know why, she has an inexplicable affection for the young man in front of her.

Maybe it's because of that old classmate who is like dead.

Ye Chen came back to his senses, naturally it was impossible to explain the old man's things, so he could only cope with it: "You have discovered all of this. I am also very confident in my remedies, which can not only beautify your body, but also make your body look better. better."

When he comes back, the biggest reliance is not on his cultivation, but on the medical skills he dares to fight against the king!

He casually throws out a pill of Zhu Yan Dan, which is enough to make beauty companies around the world **** it!

"Oh, it's so amazing? The little brother, touch my legs and see, do you think my legs can look better?" Sun Yi became interested and moved her slender legs closer to Ye Chen.

She was only joking, but she didn't expect Ye Chen's hand to really stretch out, and even to touch her thigh fiercely.

"To be honest, your leg is perfect, you don't need my prescription at all."

Sun Yi's face blushed instantly, and she groaned: "Hmph, you are very honest, I didn't expect to be like other men!"

"Obviously you let me touch it?" Ye Chen touched his nose helplessly.

Sun Yi gave Ye Chen a white glance and drove the car directly towards Longhu Hotel.

"Since you touched my leg, I happen to be attending a party and punished you to stop all the wine! By the way, I haven't introduced myself yet. My name is Sun Yi, the marketing director of Huamei Group."

Sun Yi controlled the steering wheel with one hand and stretched out one hand towards Ye Chen.

Holding both hands together, Ye Chen felt extra soft and delicate.

"My name is Ye... Ye Cheng, honest and trustworthy."

Since the other party did not recognize him, Ye Chen didn't want to say anything. If Sun Yi knew that he was not dead, it might only be scared.

Ye Chen noticed that the moment he said his name, Sun Yi's body trembled, and he let out a sigh of relief when he heard the explanation later.

"What a coincidence, you and my old classmate have the same pronunciation, but the words are different..."

.....

Twenty minutes later.

Longhu Hotel, Emperor Ballroom.

The moment Sun Yi and Ye Chen appeared, everyone's eyes fell on them invariably.

Sun Yi's figure is too hot and dazzling. She is 1.7 meters tall and the proportions of her legs are almost against the sky. Her decent dress is in sharp contrast with Ye Chen next to her.

No one thought that Director Sun of Huamei Group would bring such a person to the party.

Sun Yi took Ye Chen to the glass round table in the middle and sat down. There were already seven or eight people sitting there, all men.

They looked at Sun Yi with fiery eyes, and they even wanted to rush Sun Yi immediately.

"Director Sun, I finally look forward to you. It's better to see it than to hear it. I am Guo Haidong, the founder of Yunsheng Group."

"Director Sun, my name is Qian Yong, and Haiyong Hotel is my family's property..."

The men who stood up and introduced them were extremely enthusiastic, just wanting to show their strength in front of Sun Yi.

Ye Chen wasn't interested in this kind of gathering, he kept paying attention to his surroundings, he wanted to figure out what would threaten Sun Yi.

Soon, the banquet began.

The man sitting at Sun Yi's table didn't know whether it was intentional or unintentional. They all looked for various reasons to respect Sun Yi's wine. Sun Yi was obviously familiar with this wine table culture. A small glass of red wine.

Ye Chen tried to help Sun Yi keep off the wine several times, but was rejected. After all, the entire Huamei Group represented by Sun Yi could not hurt his peace at this banquet.

Until the man sitting at the main table not far away stood up, the atmosphere of the whole banquet changed!

A man in a custom suit, holding two glasses of wine in his hand, his face full of pride!

Sun Yi saw this man approaching, her whole person became panicked, and even her body trembled.

How could this guy be here!

"Miss Sun, last time you left without saying goodbye, you didn't give me Chen Feng face, right? This glass of apocalyptic wine, should you drink it?"

When Chen Feng came up, his tone was not a request, but an order!

Last time, he paid a lot of money to get Sun Yi out, and even put medicine in the wine!

What he didn't expect was that Sun Yi discovered something was wrong with the wine and splashed it directly on his face!

In the past few days, this matter has spread all over the circle, leaving him very shameless!

Sun Yi was a little embarrassed, and hurriedly said: "Chen Shao, I'm really embarrassed. I drove here this time, and it's not very good to drink. Why should I use tea instead of wine to apologize to you?"

Chen Feng snorted coldly and drank one glass of wine: "Don't bully me! I have opened the presidential suite upstairs. If Miss Sun is drunk, she can live on it."

The men at the same table with Sun Yi naturally recognized Chen Feng, and did not speak, as if watching a good show.

After all, the man in front of him is the second young master of the Chen family in Jiangcheng. Who dares to offend?

Some people even urged: "Director Sun, Shaojing Chen, your wine is good for you. Why don't you drink it? If you don't drink it, Shao Chen will be in trouble. UU Reading www.uukanshu.com"

"Yes, Director Sun, it's just a glass of wine. What is there to be afraid of. With so many people, Chen Shao will eat you?"

Sun Yi looked at the wine that Chen Feng handed over with a dilemma. If there is any problem with the wine, she may really not be able to leave the Longhu Hotel today.

Chen Feng's virtues, the whole Jiangcheng people know! As long as it is the woman he likes, even junior high and high school students will do it!

How can you drink this kind of scumbag wine.

Chen Feng saw that Sun Yi refused to take the wine in his hand for a long time. He was a little angry and completely changed his face: "Smelly bitch, what do you think you are? Damn, don't pretend to be a fierce woman in front of Lao Tzu. Today, you don't want to Drink, you have to drink! Even if Xia Ruxue behind you is here, it will be like a mother! This is Jiangcheng, Lao Tzu's site! Hear you!"

The atmosphere has completely changed!

Sun Yi just stood alone, motionless, her eyes gradually reddening.

She was born in an ordinary family, gave up her studies early and stepped into the society, and finally got the position of director in the Huamei Group. It seems to outsiders that she is already superior.

But when faced with these real characters in Jiangcheng, he couldn't do it at all!

She is too small, small enough to be like a dust in front of these people!

She even hates herself for being a woman!

She slowly raised her hand and walked towards the glass of wine.

In the eyes of outsiders, Sun Yi seemed to have resigned.

A triumphant smile appeared on the corners of Chen Feng's mouth. He even thought of the picture of Sun Yi carrying on his hips tonight.

Just as Sun Yi's finger was about to touch the wine glass, a cold voice sounded:

"What are you, dare to let her drink?"
