Chapter 321: People in the clouds!

The vibration of the reincarnation cemetery became stronger and stronger, and Ye Chen's breathing was short.

Those red lights seemed to break through the sky, beautifully.

He also felt the aura of the reincarnation cemetery to the extreme, far exceeding the power of that jade pendant!

Even Kunlun Xu can't match the aura here!

"this is....."

Ye Chen just wanted to ask the black robe old man, but the latter yelled and pointed at the outer-domain spirit stone above!

The extraterritorial spirit stone shattered directly, and countless fragments surged in all directions!

Ye Chen was surprised to find that the inside of the outer spirit stone turned out to be a red bead.

The beads are red all over, faintly surrounded by flames, and extremely mysterious.

The black-robed old man opened the mouth and said: "This bead is called the domain heart bead, and it contains extraterritorial aura. It falls on the earth once every thousand years. The last time this bead fell, it caused an ancient war. Nearly a thousand strong men died!

You should be fortunate that Huaxia's aura is thin, and the cultivators are not as good as before. Most people regress to practice ancient martial arts. Otherwise, you want to get this pearl from the hands of everyone, it will be more difficult than reaching the sky.

Also, if this pearl falls on Kunlun Xu, it is impossible for you to get it. "

Ye Chen looked at the peerless Domain Heart Pearl, and could clearly feel that the blood in his body was boiling.

"Boy, I was going to leave completely in three days, but with this bead, I can help you for at least ten days.

After ten days, I might really dissipate. I don't know if you and I will meet again in the future. "

Hearing these words, Ye Chen glanced at the black-robed old man with a deep meaning: "Senior, although you don't let me call you master, I always admit that you are one of my masters."

Hearing these words, the black-robed old man flashed solemnly in his eyes.

After a few seconds, he opened his mouth and said: "Boy, the more you go to the back, the stronger you are and the deeper the touch will be. You will gradually find that we are taking advantage of you. The burden on you is too heavy and too heavy. It is very difficult for Li to break through the weird and unpredictable game in this world."

"From the moment the reincarnation cemetery opened, the destiny of a hundred of us was completely bound to you. You are our salvation and the only hope for us. You will find that behind this world is full of evil and darkness, some standing in the clouds The people above control the life and death of everyone, they control everything and turn the world into what they want..."

"The enemy you have to face is tens of thousands of times stronger than you think."

"The key is that you are in control of the reincarnation cemetery. I don't know how long you can hide. If those people discover your existence, they can crush you to death with one finger without leaving."

"The only thing we can do is to turn you into a strong person who resists this kind of existence, just because you are our turnaround person."

There is a serious meaning between Ye Chen's eyebrows and his eyebrows: "Senior, what kind of power is the kind of people in the clouds you are talking about? And, what happened back then, why are you in the reincarnation cemetery?"

The black-robed old man opened his mouth and wanted to say something, but he swallowed when the words reached his lips: "Forget it, the next few people will tell you. With your current ability, it is useless to know it, but will tell you. Heart has an impact."

"In the past ten days, I will try to help you as much as possible so that you can understand the real way of killing."

After speaking, the black robe old man pointed on Ye Chen's eyebrows.

Afterwards, the five fingers grabbed the void, and the Yuxinzhu appeared in the palm of his hand.

He explained to Ye Chen: "We have already absorbed most of the power of this bead. If you take this bead now, it will have a great effect on your body and cultivation, and strive to break through the two realms."

"Also, after solving the affairs of Hui'an Province, immediately return to Jiangnan Province. I don't have much time left. You must completely retreat once!"

"Yes, senior!"

Soon, Ye Chen returned to reality.

He found that Zhu Ya had fallen asleep leaning against the bed. In order to let Zhu Ya sleep well, Ye Chen pointed at an acupuncture point of Zhu Ya.

Then he stood up, hugged Zhu Ya on the bed, and then covered the quilt.

But he quietly came to the hall, sat cross-legged, and directly subdued the Yuxinzhu in his hand. In an instant, a colorful light surged all over his body!

The light became more and more bright, the blood dragon phantom in his body seemed to have discovered something, and the dragons burst out!

The blood dragon coiled around Ye Chen's left and right, as if protecting him.

The true energy of Ye Chen's Dantian continued to gather, and the majestic true energy was like a river running!

This time, the breakthrough was extremely easy.

Almost in the blink of an eye, he broke through the shackles of his body and stepped into the fourth layer of the pneumatic realm!

The meaning of breakthrough has not stopped!

Ye Chen swallowed the lower domain heart beads, and immediately the beads seemed to explode directly in the body, an extremely strong spiritual energy filled his body!

He even felt that there was a warm current flowing in the veins and blood all over his body.

There was a crackling sound from his body, and his body seemed to be stronger and stronger!

"It's now! Try to break the fifth floor!"

"Break it for me!"

With a loud shout, the true energy in Ye Chen's body seemed to have turned into a thousand behemoths~www.mtlnovel.com~ roaring endlessly!

"Boom!"

Suddenly, inside Ye Chen, like the universe burst, faint roars came.

Everything is ready, but the wind owes the wind. Now this shareholder wind is set off, who can resist?

The momentum is like a broken bamboo, and under the power of the overbearing and abnormal domain heart beads, each obstacle is instantly broken.

Aura surging throughout the room, bursts of light!

Ye Chen's aura continued to rise, and he moved toward the fifth layer of the aerodynamic realm like a flood!

"boom!"

The black stone flew out of Ye Chen's pocket.

Suspended directly above his head! Then, a beam of light rose to the sky!

"broken!"

Ye Chen roared, and the shackles broke!

The dantian shattered, and then reunited, and countless auras filled the whole body!

A broader public field has sprung up!

If the previous pubic area was a pond, it is now a lake!

At this moment, he found that his injuries had disappeared.

It feels like a new life.

Ye Chen opened his eyes and found that his cultivation base had broken through, and that blood dragon phantom had also grown a bit.

The killing aura grew stronger and stronger, and the blood dragon seemed to swallow everything in one bite.

"It's another two small realms. If you continue at this speed, you will soon be in the separation and separation realm. If you go to the ghost prison by then, you should be eligible to rescue your parents!"

Ye Chen clenched his fists and stood up.

Perhaps it was because she felt something, the sleeping Zhu Ya opened her eyes, and her face changed greatly when she found herself lying on the bed.

She sat up abruptly: "Mr. Ye, I'm sorry... I don't know why I fell asleep, I will give you the bed..."

She just thought of getting up, but was held down by Ye Chen: "Give you the bed, cultivator, the world is a bed, I really don't need it."

Chapter 322: how is this possible?

"But Mr. Ye..." Zhu Ya just wanted to speak, and was surprised to find that Ye Chen's injuries were completely gone. Not only that, but also a bit stronger, with a feeling of being invincible in the world.

"Mr. Ye, did you break through?"

Ye Chen nodded, and even more instructed: "Now at four o'clock in the morning, you will sleep for a while, and we will leave Qianjue Mountain early tomorrow morning, and An Sushan's slap should be returned to him."

...

seven in the morning.

The door was knocked.

No need to guess, Ye Chen knew that he was Master Jingdao.

Ye Chen opened the door. The Master Jingdao at the door held a jade bottle in his hand. He glanced at Ye Chen and shook it slightly: "This is the liquid medicine I prepared for you yesterday. It should speed up recovery. Your body, and..."

Before he finished speaking, his voice suddenly stopped!

The expression became extremely strange and amazed.

Because he was shocked to find that Ye Chen's injuries completely disappeared!

Master Jingdao's eyes were filled with a trace of amazement. He knew better than anyone else that the injury could not be repaired within a week!

But what the **** is there?

As a master of the generation, he quickly suppressed the shock in his heart, smiled and said: "It seems that I still underestimate you. You can recover in such a short time, and you also have a lot of secrets."

Ye Chen arched his hands and thanked again: "Thank you, Master Jingdao, for helping me. If there were no seniors yesterday, maybe I would have fallen here a long time ago."

Master Jingdao put away the jade bottle in his hand and said with a smile: "This is a bad remark. Although I have been inside before, I know exactly what is happening outside. You alone suppress so many powerful Hui'an provinces. By no means ordinary. As for the person who wants to kill you, it should not be so easy.

Even if I don't make a move, I believe you can escape. "

"By the way, I ordered someone to distribute a piece of news to the martial arts world of Hui'an Province this morning. I deprived me of the extraterritorial object you got last night, so you will face fewer problems in the future.

Those younger generations will only bully the weak and fear the hard. They don't even have the right to speak when facing me! This is the only thing I can do for you now. "

At this moment, Ye Chen was a little confused.

The two are not relatives, why does this Master Jingdao help himself?

The key is to learn from the experts in Hui'an Province that the current strength of this Jingdao Master is very likely to enter the top five of the Huaxia Grand Masters.

How could such a legendary character treat a junior?

All this was so strange that Ye Chen even had to doubt the other party's motives.

As if aware of Ye Chen's doubts, Master Jingdao took out a piece of jade pendant from his pocket.

"I know you will doubt, then I won't hide it, Ye Chen, do you know this jade?"

Ye Chen's eyes fell on the jade pendant, his expression changed!

Because this jade pendant belongs to his mother!

"Why is this jade on you?"

His tone was extremely serious.

Master Jingdao walked in one direction: "You follow me."

The two came to a courtyard of the temple. There was a pavilion in the center with a couplet written on both sides of the pavilion.

Perhaps after the traces of the years, the couplet is still dilapidated, but the handwriting can be seen vaguely.

Ye Chen's expression became more and more weird, and the word was also mother's.

"Ye Chen, I have known your mother for more than 30 years. At that time, I did not enter the Huaxia Grandmaster Ranking. At that time, I was just an inconspicuous warrior. I offended a very powerful force in Beijing. , The situation is worse than you were yesterday. Just when I was dying, it was your mother who rescued me.

Not only that, she didn't like to practice, but she occupies the Jiang family's largest cultivation resource. She secretly gave me some cultivation resources, which also made me what I am today.

I am helping you now, just to repay the love back then, your mother is really a very kind person. "

"Seven years ago, your parents came here to see me. At that time, I had already gained some reputation in China. They gave me this piece of spiritual jade. They may consider that something will happen to the Ye family in the future. They hope, If something happens to the Ye family one day, you can survive.

And you want me to help you, don't ask to embark on martial arts, at least let you have the ability to protect yourself. "

"After the Yunhu Villa incident, I went to Dongqian Lake to find you, but I didn't find it. Later, I wanted to avenge the Ye family, but when I touched the things inside the Yunhu Villa, I gave up and could only retreat in silence. , To make myself stronger, that was the first time I felt small in the past ten years."

"Now, I am strong enough to be your master, and I am sure that no one in China is more suitable to be your master than me! I will give you all of my life's learning, and you really want to be a closed disciple of my Jingdao ?"

Everything was clear, Ye Chen finally understood why the other party would make a move.

It turns out that the parents had already prepared everything for themselves.

Just when Master Jingdao thought Ye Chen would definitely agree~www.mtlnovel.com~ Ye Chen said: "Senior, I understand your kindness, and I have a teacher."

He refused without hesitation.

Master Jing Dao was startled, his face was horrified and surprised, and after a few seconds, he was relieved and nodded: "In this case, I will not force it. No matter what happens in the future, I am willing to make another shot for you."

"Senior, I only have one question now, do you know the whereabouts of Lin Juelong!" Ye Chen said extremely solemnly.

Hearing these three words, Master Jing Dao's expression was strange to the extreme. He never thought that Ye Chen had touched the person's true identity!

He knew that Ye Chen wanted revenge, but now with his strength, how can he avenge? Even if he knew it, speaking out was equivalent to harming Ye Chen.

He finally shook his head: "I only know that the Lin family controls half of the martial arts world in the capital, and even a very powerful force in the dark place of China is controlled by the Lin family behind the scenes. Ye Chen, I know that you are eager for revenge, but you don't. Before you step into the top ten of the Huaxia Grandmasters list, don't go to the capital. This is not a warning, you can understand it as a threat."

Ye Chen knew that it was impossible to ask anything from Master Jingdao, so he bowed his hand and prepared to say goodbye: "Senior, I still have something to do, so I won't bother too much. I will come to thank you next time."

After speaking, he called Zhu Ya in the room and asked her to bring good things out.

Before leaving, Ye Chen thought of something, took out an exquisite little box from his pocket, handed it to Master Jingdao, and said: "This gift should be thankful for Master Jingdao's rescue yesterday."

Master Jingdao didn't think much, took a complicated look at Ye Chen, and took the things directly.

"Ye Chen, I took things, but I hope you listen to my persuasion, really don't go to the capital, where there is a mixture of fish and dragons, and the forces are staggered. Many strong people stepped into it and failed to come out alive."

Chapter 323: Come back!

Ye Chen waved his hand and walked directly down the mountain. The black robe old man in the reincarnation cemetery has run out of time. After solving the affairs of Hui'an Province, he must return to Jiangnan Province.

Then, retreat for ten days! Completely inherit the killing method of the black robe old man!

Ten days later, after killing Dacheng, he should also officially set foot on the capital.

Master Jingdao looked at Ye Chen's distant figure, shook his head helplessly, and the door closed again.

This time I don't know how long it will be in the dust.

If you want to open it again, it should still be for Ye Chen.

He returned to the training room and put the box that Ye Chen gave him on the table. He was about to continue practicing. Suddenly, he didn't know why, he became interested in Ye Chen's box.

"I won't send any ginseng to myself."

No longer thinking, the box fell on the palm of his hand with a grip of five fingers.

He opened the box, and a strong fragrance of medicine poured out in an instant.

Six pills lie quietly inside!

The key is that the aura of this pill... is too strong!

At this moment, his unwavering heart has set off a stormy sea!

"A pill of four products and seven patterns! How could it be possible!"

He exclaimed, his voice trembling extremely!

Completely lost!

Huaxia hasn't had this kind of pill for many years!

The key point is that the refining time of this pill is within one month according to the above pattern.

The top alchemist came out?

"What did this kid go through..."

...

At the same time, Hui'an Province settled down.

An Sushan was a little fidgety and hardly fell asleep all night.

Because that kid hasn't died yet, with his character, settling down is bound to be a disaster!

That day so many powerful people couldn't kill this son, how could he be able to stop the settlement!

So early in the morning, he notified several forces that had jointly encircled Ye Chen to discuss decisions together.

"I think the biggest problem right now is Master Jingdao. If this person wants to protect that kid, we can't do anything about it!"

An old man who was somewhat flattered said.

"Clan Chief An, there is actually no need to be so unreasonably worried. That kid was so badly injured, it is not certain whether he will survive! Even if he survives, he will probably become a useless person..."

Said the Patriarch of the Liu Family in Hui'an Province.

"I think the best way is to send a strong man to guard at the bottom of the mountain. This son will always go down the mountain. When we lay a net of heaven and earth, the kid will definitely die! If this son is not killed, it will definitely be a great disaster!"

The representative of Leng's family also stood up and said, his voice was a little trembling, after all, the bloodthirsty of that kid was too terrifying!

At this moment, An Ruoying, who had not spoken next to him, said: "Dad, in fact, you only need to apologize to Mr. Ye. Given my relationship with Zhu Ya, Mr. Ye should be merciful..."

As soon as this was said, the entire conference room fell silent.

"Snapped!"

An Sushan slapped a palm on the table, and said angrily: "I only let you listen, I didn't let you talk! Also, it is impossible for you to apologize for us!"

His eyes flashed with a hint of coldness, and he said: "I support Patriarch Leng! This son must not stay. In the next few days, our first task is to recruit all kinds of strong people! I will also contact the people in the Blood Plum Palace to take action. Even with the sky-high price, Ye Chen cannot be allowed to leave Qianjue Mountain alive!"

At this moment, Clan Chief Leng said again: "Clan Chief An, what about the woman next to the kid?"

Hearing these words, An Ruoying's face changed drastically, and she quickly said, "Dad, Zhu Ya is a good friend of mine. You also know this. She and Ye Chen just met, there is no need to involve her. what."

An Ruoying grabbed An Sushan's hand with one hand and pleaded.

"Humph!"

Unexpectedly, An Sushan threw away his daughter directly, narrowed his eyes, and said coldly: "That woman's identity is also considered special. He is from the Zhu family in Jiangnan Province and has a very wide network of contacts. If you let her go back to Jiangnan Province, it's not good for all of us, and the relationship between this woman and that kid is unusual, maybe she really did something crazy.

That being the case, kill them all! "

Cold murderous intent spread throughout the conference room.

At this moment, a loud noise came!

I saw the iron door of the conference room directly pierced by a pair of fists! Release the powerful energy!

Spread your fingers!

"Tear!"

In the next second, the iron gate was torn directly!

This scene is weird to the extreme!

This iron gate is made of special materials to prevent ancient warriors from breaking open!

But the front was actually torn apart like paper!

"Boom!"

Torn the two halves of the door, burst of energy, carrying a billowing air current, smashed towards them!

The speed is too fast, the two in the front can't avoid it at all!

"Wow!" With a sound, the two men with extremely powerful power in Hui'an Province turned into a pool of flesh!

Blood splattered! Horror to the extreme!

Billowing smoke and dust, this scene, An Sushan and the rest of the people all reacted, quickly took out their weapons, and waited!

They stared at the smoke and dust, and saw two figures vaguely!

"Who would dare to come to my home and die!" An Sushan scolded!

But soon, his hideous face completely changed! Become frightened!

Because the smoke disappeared, the two figures were completely exposed!

Yesterday the evil gods Ye Chen and Zhu Ya!

"How is it possible that he recovered in one night?"

An Sushan stepped back subconsciously! An invisible fear envelops the audience!

From Ye Chen!

Everyone in the conference room was shaking physically and mentally, and cold!

"Everyone, kneel down and die!"

Ye Chen yelled, like the sound of rolling thunder that broke most people's hearts!

The blood dragon in his body is directly pouring out! Coiled around him!

Slaying hideously.

"thump!"

A few people with low strength directly knelt down, and even came to Ye Chen with their knees, flatteringly said: "Master Ye~www.mtlnovel.com~ what happened that day..."

Before he finished speaking, several wind blades condensed in Ye Chen's hand, blood swelled, and three heads fell all together!

One even rolled to the foot of An Su Mountain!

An Sushan and Patriarch Leng shrank their eyes, knowing that the matter had become serious, and quickly said to a few people around them: "Since this son has come to the door, the matter will definitely not end well. Everyone will go together and not keep their hands! Today, it is not this. If you die, we die!"

The words fell, seven or eight figures headed directly towards Ye Chen!

Ye Chen at this moment is still Ye Chen yesterday!

After crossing the two realms, there is even a domain heart bead in the body, who can stop it!

He didn't even use the Dragon Slashing Sword and rushed directly into the crowd!

In an instant, flesh and blood flew, and the powerful energy directly tore the audience!

In the ear-splitting sound, blood is all over the floor!

Everyone couldn't even stop Ye Chen's blow!

At this moment, Ye Chen was killing the gods, wherever he went, there was only blood and an incomplete body!

Clan Chief Leng no longer hesitated, condensing the strength of his whole body, and the long sword in his hand was directly cut! I thought that Ye Chen could be injured severely, but I didn't expect that the sword would be directly held by Ye Chen!

The powerful sword energy disappeared directly in Ye Chen's palm!

"Crack!" With a sound, the long sword was broken, Ye Chen held the half-cut sword, his arm shook, and shot directly. The broken sword directly pierced the heart of Chief Leng and died on the spot!

But An Sushan is the only one left in the audience!

Ye Chen didn't do anything. Instead, he stepped on his feet. The Leng family seemed to usher in an earthquake. The ground was torn apart with Ye Chen's feet as the center! Spread like a spider web!

"An Sushan, kneel down for me!"

The endless pressure on Ye Chen broke out! The blood dragon went directly to An Su Mountain!

"Crack!"

An Sushan broke his knee and knelt directly on the ground!

Chapter 324: 1 don't stay!

At this moment, An Sushan's expression was extremely frightened.

His shoulders seemed to press a huge mountain!

In front of the key, a blood dragon phantom was staring at him!

This blood dragon, he seems to have known each other before!

At the top of Qianjue Mountain, he thought he was dazzled, but now it seems that he is obviously not!

This Ye Chen really has a blood dragon phantom!

His whole body was wrapped in the meaning of death!

He knew very well that the evil spirit broke into Anjia, this time, he could not escape to death!

He didn't beg for mercy, didn't say a word, his unyielding eyes stared at Ye Chen.

Suddenly, he discovered that Ye Chen had broken through! The strength is so different from before?

In the battle of Qianjueshan, he didn't get hurt, but he became stronger?

What kind of evil is this?

"You owe my friend a slap."

Ye Chen's faint voice fell, as if death had pronounced judgment.

"Zhu Ya, you do it. He dare not resist."

Zhu Ya heard Ye Chen's order and wanted to do it, but still couldn't do it.

An Sushan is An Ruoying's father. Although he sees less often, the other party has received him somehow.

She really couldn't slap her girlfriend's father.

"Anya, this person just didn't even plan to let you go."

Ye Chen said coldly.

If Zhu Ya does not slap this slap today, he will be disappointed, at least, he will not have too much intersection with Zhu Ya in the future.

People who are too soft will only cause trouble for themselves.

Zhu Ya naturally felt the chill in Ye Chen's tone, her eyes condensed, no longer hesitating, and she slapped it out!

"Snapped!"

Very crisp!

A red palm print jumped up.

An Sushan's eyes were bloodshot, and his deep voice roared: "You bitch, you dare to slap me, if I don't die, I must..."

Before he finished speaking, Zhu Ya actually slapped it out again!

Her cold voice fell directly: "The slap just now was for me, and this slap was for Mr. Ye! You shouldn't offend him for your own benefit, you really shouldn't."

"Grass!" An Sushan was extremely angry, full of anger, and wanted to kill Zhu Ya, but found it impossible!

In the battle of Qianjue Mountain, his injuries have not recovered. Now facing Ye Chen at his peak, how to stop him!

After doing all this, Zhu Ya returned to Ye Chen and whispered softly: "Mr. Ye, I'm done, I'll leave it to you next."

Ye Chen nodded and squeezed his five fingers, and a long sword on the ground fell directly on the palm of his hand.

He put the long sword on An Sushan's neck and sneered: "I might have taken care of your home, but it's a pity that you made a mistake in your calculation and died--"

The words fell, that long sword directly cut An Sushan's neck.

At this moment, a beautiful shadow rushed over and hugged Ye Chen's feet directly.

It is An Ruoying!

An Ruoying didn't want her father to have an accident, otherwise Anjia would be completely lost!

She shouted hoarsely and begged Ye Chen: "Mr. Ye, please let my father go, even if it is because of the face of Zhu Ya and me."

Although Zhu Ya at the back was moved, one yard went to one yard. She said every word: "Mr. Ye, don't look at my face, he is dead."

If An Sushan does not die today, he will definitely seek revenge again. At that time, I am afraid that the Zhu family will be affected.

Seeing that this method is useless, An Ruoying begged for mercy: "Mr. Ye, I am willing to be a cow and a horse for you. I only hope you let my father go! Please!"

"Let go of your father?" Ye Chen said with a calm tone.

Hearing Ye Chen's reaction, not only An Ruoying was extremely excited, even An Sushan felt a way to survive!

"Right, right, right." An Ruoying nodded fiercely.

In the next second, Ye Chen's sword moved, his energy exploded, and a cold light flickered.

An Sushan's head fell directly.

An extremely cold voice resounded throughout the house: "You are just a pink skull, why should I listen to your opinion? I let An Sushan today, and who will let me Ye Chen tomorrow!"

"Not killing you is already my greatest kindness."

"Zhu Ya, let's go."

When the words fell, Ye Chen went outside.

He doesn't hate An Ruoying too much, but the martial arts is so cruel.

Kindness to the enemy is cruel to oneself.

Zhu Ya glanced at An Ruoying and said, "Ruoying, you and I are still sisters. If you can't live in Hui'an, come to Jiangnan, I will protect you forever. This is the only thing I can do for you. made."

Leaving this sentence aside, she followed.

Outside, Zhu Ya curiously asked: "Mr. Ye, where are we going next?"

Ye Chen stared into the distance, and said coldly: "The forces that surrounded me yesterday, come here one by one!"

All morning, Hui'an province seemed to be shrouded in a shadow.

Death's sickle has touched the necks of countless powerful men!

The heads of several big families in Hui'an Province were all beheaded!

In just four hours, all the large and small forces in Hui'an Province were destroyed by a mysterious man!

No one knows where this mysterious man came from!

All I know is that his sword is too fast, so fast that everyone can't react.

After today, the martial arts community in Hui'an is bound to usher in a major earthquake!

The situation that had been stable for many years was completely disrupted by that mysterious man!

At the same time, there is another major event in Hui'an Province. News has flowed out. Last night, in Qianjue Mountain's vision, foreign treasures appeared, and countless powerful players competed. Finally, this foreign treasure fell into the hands of Master Jingdao!

Suddenly, there was a wave of waves in the entire Chinese martial arts world!

The Chinese martial arts world's once smashing powerhouse came out!

...

At 2 pm, Baiyun Airport in Jiangnan Province.

Ye Chen got off the plane and went straight to Mingcui Villa.

Sun Yi and Xia Ruoxue have already called several times. After all, there are news reports on things in Hui'an Province.

It is extremely dangerous to say that a serial killer committed the crime.

Although it runs counter to the truth, it is also panic.

The second daughter was a little worried about Ye Chen's safety and asked him to go back quickly.

During this period, UU reading www.uukanshu.com Lei Shuwei also called, with a clear purpose, just to know if Ye Chen has anything to do with this matter.

When hearing Ye Chen's answer, Lei Shuwei let out a sigh of relief.

Ye Chen was right. If another evildoer emerges from Hui'an Province, Dragon Soul will have trouble to deal with.

Because such people are extremely dangerous.

Lei Shuwei understands Ye Chen. Although he is dangerous, he is not the kind of heinous person. On the contrary, looking at the whole martial arts world, Ye Chen can be called affectionate and righteous.

Lei Shuwei told Ye Chen that Dragon Soul would suppress this matter, and he also told Ye Chen a good news that someone inside the Huaxia Martial Arts Bureau stole important information, and now the entire Huaxia Martial Arts Bureau has shifted all its focus to After retrieving the information, there was no time to deal with Ye Chen again.

This is exactly what he wants.

He needs ten days without being disturbed.

Chapter 325: News from Lin Juelong!

Ye Chen returned to Mingcui Villa and was surprised to find that the second daughter was actually practicing.

In just over a day, they actually broke through again.

Xia Ruoxue opened her eyes, glanced at Ye Chen, exhaled a suffocating breath, and said seriously: "If you don't come back, we might really be looking for you in Hui'an Province. By the way, I find that my body is very light. , I tried a jump just now, and it was two meters full, which is too scary.

Will the exercises you give us fly? Why do I feel completely different from those exercises in the martial arts world? "

Ye Chen smiled and explained the concepts of cultivators and ancient martial artists. Xia Ruoxue nodded as if understanding.

Although I don't understand it, it doesn't matter to her at all, as long as she protects herself enough.

She has been practicing desperately recently, but she doesn't want to hold back Ye Chen at a critical moment.

Not long after, Sun Yi also woke up from the practice, she directly asked about Ye Chenhui's affairs.

In order not to worry the second daughter, Ye Chen made up an excuse. Although the second woman had some doubts in her heart, she did not reveal it.

They are all smart women. In fact, they know many things in their hearts, and just hide them in their hearts.

Ye Chen drank a glass of water, thought of something, and said seriously: "By the way, I may have to stay in seclusion for ten days. For these ten days, I will stay in the room on the third floor. I will let Rakshasa and the people from the dark hall at the door. Keep guard, if you two go out, you must be accompanied by a master."

"This retreat is very important to me, and it is my only opportunity."

"Of course, if you have anything important, you can also come to me, and I will force it out."

Xia Ruoxue and Sun Yi nodded, and said in unison: "Don't worry, we will try our best to do our own things for the past ten days and won't bother you."

After that, Sun Yi said again: "After the last turmoil, Tianzheng Group has completely opened the market because of a blessing in disguise. Its turnover has broken records almost every time. Yesterday, Shen Haihua called me and asked about market expansion. Let me ask you, we have almost a monopoly in the southeast market, shouldn't it be time to gradually spread the national and international markets?"

Ye Chen pondered for a few seconds, then looked at Sun Yi and Xia Ruoxue: "Leave this to both of you, and you can make up your mind."

Xia Ruoxue's eyes flowed: "You don't want to know what your worth is? It's really scary to say it."

Ye Chen shook his head: "I can hardly use too much money now, just enough."

After speaking, Ye Chen prepared to go upstairs.

At this moment, the doorbell of the villa was rang.

Xia Ruoxue got up and opened the door. Outside the door was the Nanjiang King Ye Lingtian, who hadn't seen him for a long time!

"Hall Master!"

Ye Chen frowned and said in surprise: "Why are you here?"

"Hall Master Qi, you let me always pay attention to the Beijing Dragon Lord, that is, Lin Juelong, just got news!"

Ye Chen shrank his eyes, stepped out one step, and came directly to Ye Lingtian, and said coldly: "Where is he?"

"Hall Lord, half an hour ago, Lin Juelong appeared at the Beijing International Airport!"

After speaking, Ye Lingtian handed out a photo!

The picture shows a burly middle-aged man.

A black trench coat, cold eyes, a strong breath seems to overflow from the photo!

With a broad chest, he is invincible.

A single photo has made people feel a little scared.

It shows how terrifying Lin Juelong's real strength is.

Looking at the person in the photo, Ye Chen curled up with evil anger, and a blood dragon kept roaring in its heart.

Although the parents are still alive, the pain of extermination that day is unforgettable!

It has become the only driving force for him to survive five years in Kunlun Xu!

revenge!

After coming out of Kunlun Xu, the reason why he didn't take revenge for the first time was because there was no news of Lin Juelong!

And now, Lin Juelong appeared!

It seemed to foreshadow that he would set foot on the capital! Cut everything!

No one can dodge this battle!

"Your people are still staring at Lin Juelong?" Ye Chen said.

Ye Lingtian nodded: "My people don't dare to get too close. Almost all of them are hundreds of meters away to pay attention. It is estimated that new news will come soon."

As soon as the words fell, his mobile phone rang.

Ye Lingtian glanced at the caller ID and handed the phone to Ye Chen: "Hall Master, it is him."

There was a storm in Ye Chen's heart. He put down the answer button on the phone. He wanted to talk, but a deep and magnetic voice sounded first:

"I hate being followed by ants. I don't care who you are. If you want to die, you are always welcome."

The phone hung up.

Lin Juelong's voice!

Ye Chen knew very well that all those strong men in the dark palace must have had an accident.

He looked at Ye Lingtian and said, "From today, you don't need to monitor Lin Juelong."

"Hall Master, why?"

Ye Chen's eyes flashed with a cold light: "Because-in ten days, I will go to the capital to find him!"

He and Ye Lingtian explained some ten-day arrangements, and then went straight upstairs, closed the door, and took out the black stone!

Aura overflowing, directly to the reincarnation cemetery!

The black-robed old man was already waiting for him.

"Boy, for the next ten days, you only have to do one thing and kill me."

The old black robe's voice sounded.

"If you can't kill me, I will let you feel what **** is."

After the words fell, the black-robed old man was full of a strong killing aura, and his body rushed out, killing intent to the sky!

...

At the same time, the capital, a magnificent and mysterious palace.

A middle-aged man was sitting on the top, wiping a long sword carefully!

This sword is red and full of aura, obviously it is a peerless sword!

It is even comparable to Ye Chen's Dragon Slashing Sword!

The middle-aged man's expression was extremely cold, even though he did not release his breath, he still felt a hint of danger.

He is Lin Juelong!

Lin Juelong pointed on the long sword, and the sharp sound of the sword sounded.

A wave of air appeared in the air.

Kneeling below is a gray-haired old man, his eyes are full of fear.

"Mr. Lin, you made my investigation have results. The few people I followed today are from Jiangnan Province. As for the specific origins, it is not clear. The background of these people is almost blank."

Lin Juelong raised his head and sneered: "For so many years~www.mtlnovel.com~ no one has ever dared to follow me Lin Juelong, do those wastes in Jiangnan Province do not want to live anymore? Continue to check for me. Once you find out who it is, All the people and forces involved are erased, and one is left, including children and the elderly."

The old man nodded. Suddenly, he thought of something and curiously said: "Mr. Lin, why did you suddenly return to the capital this time?"

Lin Juelong put the sword in his hand up, and with his five fingers, the old man's arm was torn directly!

Afterwards, Lin Juelong's faint voice sounded: "You talked too much. If it weren't for your years of service for me, you would already be a corpse."

The old man's face was extremely pale, and he nodded repeatedly! The whole body is soaked!

Afterwards, Lin Juelong stood up, came to the French window, looked at the surrounding scenery, and heard a word from his master:

"Juelong, I've done a fortune for your teacher, and your fate will be cut off in the capital. If you don't cut off that threat in advance, the consequences will be disastrous!"

Chapter 326: Sin sprouted, **** watered!

Lin Juelong has not returned to the capital for many years.

If it weren't for the master's hexagram, he would never come back.

The key master's hexagrams are extremely accurate!

From the day he met the master, he has not missed it!

Fate is in the capital?

This very ridiculous thing just happened!

Looking at the entire China, who is qualified to shake his position?

He Lin Juelong, or the Lin family has almost stood at the pinnacle of the Chinese martial arts world!

Overlooking all living beings and thousands of ants!

He really couldn't think of any forces that would threaten him!

The key is where the threat is, whether it is an individual or a force, the master can't detect it, and even because of forcibly breaking the fatal number, he spit out blood and was seriously injured.

What he has to do now is to find the threat in the capital and kill it in the cradle.

Suddenly, he turned around, looked at the white-haired old man, and ordered: "You have recently helped me pay attention to the powerful people coming in and out of the capital, as well as the movements of those big forces. If there is any trouble, tell me immediately!"

"Also, you send someone to Jiangnan Province to check the identities of those people. Even if they are blank, there will still be missing information. Although those guys are not strong enough, since the people behind them are monitoring me, they must have some kind of purpose."

"If you do these things well, I will order someone to heal your broken arm, do you understand?"

"Subordinates understand."

"Get out!" Lin Juelong said lightly.

Soon, the old man retreated, leaving only Lin Juelong in the entire hall.

He stopped thinking about it, sitting cross-legged, running the exercises, and a phantom tiger rushed out of his body!

The fierce tiger's tusks make people palpitate.

...

Five days passed.

Reincarnation cemetery.

Ye Chen's body was full of scars. In the past five days, he used almost all the ultimate moves he knew, but the result was the same almost every time, and he was almost beheaded by the black robe old man.

He thought that the black-robed old man would keep his hand, but the other party had no plans at all!

Every time it seems to be between life and death.

He was soaked all over, sitting on the floor panting heavily.

"Senior, you are a great power in ancient times. I have only entered the path of cultivation for more than five years. The gap in strength is too wide. This is not fair at all."

Ye Chen said.

The black-robed old man snorted coldly, and shot the long sword in his hand directly!

Ye Chen was taken aback, turned sideways abruptly, a long sword drew across his cheek, and a blood stain appeared.

"I've suppressed my strength, and roughly maintained it in the True Element Realm." The black robe old man said coldly.

Ye Chen almost spit out blood!

At present, there are only six cultivation realms he has come into contact with.

Body Tempering, Kaiyuan, Pneumatic, Separation, True Essence, and Spiritual Ascension, each of these six realms is divided into nine levels!

The realm he is currently in is on the fifth level of the aerodynamic realm. As a result, the old man in black robes actually uses the real essence to deal with him!

This **** it spans three realms!

how to spell?

As if perceiving Ye Chen's discouragement, the black-robed old man shot a sword shadow in his hand and took Ye Chen's head straight!

Seeing this scene, Ye Chen's face was pale, and his true energy quickly gathered, and Burning Heaven palm burst out!

"Boom!"

His body was lifted directly, the dust was flying, and he was embarrassed to the extreme!

The black-robed old man appeared in front of Ye Chen and said in a deep voice, "Do you know why I use the realm of crushing you to deal with you?"

The way of killing is on the verge of life and death, and the way of killing can leapfrog and kill.

If you can hold on to me, you will feel weak if you face someone stronger than you in the future! Because you have felt a stronger existence!

If the heart is not afraid, dare to kill others! To kill! "

"Also, you have to figure out one thing, the martial arts is cruel in itself, no one will fight with you at the same level, you may face an enemy ten times, a hundred times stronger than you at any time!

At this time, only killing can stimulate the potential in your body! Your condensed blood dragon phantom, if you make good use of it, you will surely defeat me. "

Ye Chen was startled and glanced at the phantom blood dragon on his head.

He was horrified to discover that even though he failed time and time again in the past few days, the blood dragon had grown a bit more.

His eyes were gradually covered with bloodshot eyes, he roared, holding the Dragon Slashing Sword in his hand, a sword tore through the surrounding spiritual energy, and took the black robe old man to the point!

"Not bad!"

The black-robed old man nodded, and slapped one side of his body. Just when he was about to pat Ye Chen's body, Ye Chen's footsteps turned, his body was in the air, his body was turned, the Dragon Sword changed direction, and a weird line was drawn. Arc, murderous release!

At the same time, the blood dragon was fierce, and the dragons roared, Ye Chen slashed out!

Jianyi and the blood dragon rushed out at the same time!

"Boom!"

The two energies collided suddenly, Ye Chen's body was blown away, and a mouthful of blood was spit out!

And the black robe old man also took two steps back!

"Very well, I appreciate you more and more."

"The motto of the way of killing is for you: the night is sick and the day is dying; the sin germinates, the blood is watered; the slaughter of the scorpion, the death grows; it will become a flower, and the tragedy will flourish!"

Ye Chen got up fiercely and rushed away again.

...

Repeated this way, another five days passed, and today is also the last day of Ye Chen's retreat.

For ten days, Ye Chen seemed to have experienced hellish training!

Not only martial arts, but also reaction power, and even power explosive growth!

The blood dragon on his head has expanded more than three times! Faintly has some invincible power!

There was a dragon chant, and the four directions shook! Visible its power!

Ye Chen's state is getting stronger and stronger, but the black-robed old man phantom is weak to the extreme.

Even somewhat transparent.

At this moment, Ye Chen did not speak. Although he killed countless people, he did indeed have feelings.

For some reason, there was some loss and feeling in his heart.

Luo Yuntian, Chen Qingcang, and the black-robed old man in front of him, all leave one by one.

He doesn't like this feeling.

The black robe old man smiled. This time, he took off the black robe, revealing a long white hair like an immortal.

"Ye Chen, I have never let you call me master because you are not qualified."

"But now, you can call me a master, you have this ability, I can only teach you this, and it is time to leave.

After so many years, I have been satisfied. "

His voice is a bit lonely.

"Master~www.mtlnovel.com~ Ye Chen stopped talking.

"Don't be so sad. It's not that we can't meet again. What is reincarnation? When you break the secrets of this place, we may meet each other. When that day, our mission of 100 people should be completed. You may have become a world. The overlord of the world. With a wave of hands, destroy the mountains and the world."

"Disciple, you have to remember that you are our stand-up person, and you should not live up to our expectations."

The black-robed old man's phantom became lighter and weaker. Suddenly, with his five fingers, the Dragon Slashing Sword flew directly to the palm of his hand.

"In the last twenty seconds, I will give you a martial skill called Po Tian Jian Yi! Watch it!"

Sword up.

The whole reincarnation cemetery shakes! Before the sword is out, it seems to tear everything apart!

Chapter 327: Sword cut 8 waste!

Ye Chen clearly felt that the aura of the entire reincarnation cemetery poured into the dragon sword in the hands of the black robe old man!

The phantom of the black-robed old man is getting faint.

"Apprentice, everything in the world, three thousand avenues, countless trails! I use killing to prove the way, but also seek the way with sword intent! The sword is the king of a hundred soldiers, advancing can attack and retreat can defend, and there are three in all! Sword! Every sword merges with the laws of the Great Dao, once it is successful, with enough strength to support, three swords will break the sky! That's why it is called the sky breaking sword intent!"

The black-robed old man talked and danced his sword! The sword is overwhelming, and the momentum is terrifying!

"The first sword, Qianlong slashes the sky! If you have cultivated to great success, a sword will be shaken!"

With a soft drink, the black-robed old man, like a wandering dragon, burst out suddenly, and the Dragon Slashing Sword turned into bursts of sword glow.

Break everything!

Suddenly, the black robe old man flicked his wrist, and the first sword came out!

"Boom!"

The condensed aura exploded completely, and there was a soft moan, and the sword light shot into the sky instantly!

This sword swept out, almost to the extreme, like thunder breaking through the sky!

Although Ye Chen stood far away, he still felt the blood boil in his body!

The blood dragon above his head roared even more!

In an instant, the sky was full of sword aura, and the chill was pressing!

The scorching wind is like an evil ghost crying, and it is intriguing!

"Boom!"

A sword fell. There was a roar suddenly.

On the cemetery of reincarnation, there was a 100-meter crack unexpectedly!

The rift was tens of feet deep, the blue smoke came out, and the fear was permeating!

Within a few tens of meters, everything disappeared at this moment.

Under a sword, centered on the black robe old man, a few meters in radius, no grass will grow!

"This is too terrifying, it is stronger than the bloodthirsty cut that the master taught me back then." Ye Chen set off a storm in his heart.

At this moment, the black-robed old man moved again: "Tui'er, next is the second sword of the sky-breaking sword intent, the falling stars! If you cultivate great success, under one sword, the mountains and rivers will change color, the world will collapse, and the world will be broken!"

The black-robed old man let go, and the powerful true energy surged throughout his body. The dragon swords in his hand were crisscrossed, messy and complicated, like spider webs, scattered everywhere, and slowly spread out.

Strong wind!

The Dragon Slashing Sword soars into the sky, like a god-killing, on the sky, the killing intent that swirls around the sword is swept away, completely erupting!

The sword intent fell like a star!

There is nowhere to hide!

The ground all around was shattered, and every stone was evenly shattered.

The air still lingered with the killing breath.

Very strong!

But the figure of the black robe old man is getting faint.

"The third sword, the sword cuts the eight wastes! This sword is the essence of the sword intent to break the sky, and it is also the most difficult move to practice. This move is cultivated to great success, under one sword, it integrates the profound meaning of heaven and earth, and contains thousands of changes. , There is no firmness and no break! The eight wastes are shattered!"

The words fell, the black robe old man's sword turned into a hundred swords!

The long sword coiled around him!

The ferocious blood turned into a **** dragon in the sky, and the brilliant dragon shining on the world.

At this moment, Ye Chen trembled, feeling a prestige shrouded in his heart, which was difficult to erase.

"Split me!"

Accompanied by the roar of the black robe old man, he gathered a hundred swords and galloped away.

Clang clang! !

Hundreds of swords gathered into a torrent and crashed into the earth!

The golden light and the sword stream blasted against each other, bursting out a large number of profound ripples, the ground cracked directly, and a hundred-meter deep pit jumped up!

The entire reincarnation cemetery seems to usher in the end!

Seeing these three earth-shaking sword intent, Ye Chen was shocked.

If he mastered the Sword Intent, who could stop the entire China?

The blood in his body was completely boiling.

Of course, all this is just to think about it, the strength of the black robe old man is there, and the coercion of a sword is naturally terrifying.

He didn't think about the second sword and the third sword for a short time, it would be good if he could provoke the first sword.

Billowing smoke fell, and the reincarnation cemetery returned to calm.

In Ye Chen's sight, the black robe old man was almost transparent.

But he could feel the other person looking at him like this.

Emotions are extremely complicated.

"Ye Chen, Yu Xinzhu's aura has already broken through two tombstones. As long as you are a little bit mad, the two great powers will make a shot once, but remember, the shot will cost them a great price, not a last resort. , Don't use the hole cards of the reincarnation cemetery."

"Your trump card is not the reincarnation cemetery, but the way of killing and the blood dragon!"

Ye Chen nodded: "The apprentice understands."

"I never told you about my name. Today I will tell you that in the ancient times, everyone called me the Daoist Slaughter! You are my disciple of the Daoist Slaughter, and even more so. People! No one can despise you!"

"Hopefully, we can meet again soon!"

The sound of rolling thunder echoed in the cemetery of reincarnation, and the black-robed old man disappeared completely.

Ye Chen was the only one left in the reincarnation cemetery.

His eyes fell on the two tombstones, without a name, but with a ray of light condensed.

He can inevitably be inspired by a single thought.

These two hole cards must be left at the end. Next, facing the Huaxia Budo General Bureau, Lin Juelong, Ghost Prison, or Jingcheng Jiang Family, these two hole cards are very important.

The situation in the capital is fierce, and it is difficult for him to break through the sky alone.

Ye Chen returned to the room with a thought.

He glanced at the family portrait on the desk, a trace of warmth appeared in his cold eyes.

"Parents, I will take you out of the ghost prison soon."

...

After half an hour, Ye Chen took a bath, changed into clean clothes, and went downstairs.

He thought that the two daughters should be downstairs, but found that there was no one.

With a note left on the table, the two girls went to the province for a meeting.

Today, Shen Haihua came to Jiangnan Province to hold the second staff meeting.

Open the door of the villa~www.mtlnovel.com~ Ye Chen stretched out, and Ye Lingtian and Luo Sha walked over: "See the hall master."

Ye Chen nodded, glanced at the two of them, and asked: "There has been no accident in Mingcui Villa for these ten days."

Ye Lingtian replied: "Honestly, there is nothing wrong with the villa, but in recent days we have discovered that there have been a lot of warriors from outside the Jiangnan province. We are not yet sure about the motives of this group of people, but I guess they are very good. Probably from the capital, it should be Lin Juelong's counterattack.

But the hall master doesn't have to worry, those few people are very clean and should not be able to find us here. "

Ye Chen squinted slightly, and immediately ordered: "Next, I am going to go to the capital. You also arrange for the people in the dark hall to slowly go towards the capital. It is not enough to become an underground force in Jiangnan Province."

Ye Lingtian clenched his fists, and expressed determination word by word: "Hall Master, although I know that Jiangnan Province and Beijing are not comparable, I will definitely work hard to create a world for the Lord!"

Chapter 328: special identity!

Ye Chen patted Ye Lingtian on the shoulder and said: "This matter is not in a hurry. I will go to the capital first. You and the people in the dark hall will come later. The most important thing for you now is to improve your strength. The dark hall will go to the capital. It's hard."

"Yes, the Lord."

Saying goodbye to Luosha and Ye Lingtian, he thought of something and dialed Lei Shuwei's phone directly.

The dragon soul should have some power in the capital, this time going to the capital, let the dragon soul arrange it.

As soon as the phone was dialed, a commercial vehicle parked outside the villa honked the horn. Ye Chen understood what was happening instantly and walked towards the commercial vehicle.

Sure enough, Lei Shuwei and Ying Qing were in the car.

Check out this new online game!

"Why are you here? Don't tell me you have been here for ten days, I don't believe it." Ye Chen joked.

Lei Shuwei shook his head like a rattle, and explained, "Mr. Ye, you don't know anything. Our Dragon Soul visited you several times in the villa a few days ago, but Miss Xia said that you are in retreat and will not be able to come out after ten days. Today, Ying Qing and I are waiting here, and it is considered welcome to leave Mr. Ye."

"Nothing to be courteous, maybe it is something for me, say, what do you want me to do?" Ye Chen put his hands on his chest and said interestingly.

Lei Shuwei laughed awkwardly, without talking nonsense, and handed out a report: "Mr. Ye, during this time, the martial arts world has been shaken. There have been more wars in the surrounding areas of China, and the dragon soul has performed more tasks. The medicine was completely empty, and several dragon soul fighters died because they had no follow-up treatment.

This time, I just want to ask if Dragon Soul can unilaterally ask Mr. Ye to buy some pills. "

After Lei Shuwei finished speaking, he looked at Ye Chen cautiously. What he said was indeed the truth. Ye Chen's pill was a life-saving weapon for those wounded Dragon Soul fighters!

Without those pills, the Dragon Soul would not know how many more people would die!

He originally thought that Ye Chen would refuse, but he didn't expect Ye Chen to be like a trick and took out a black plastic bag directly.

"These are two hundred pills. The level is not too high, but for your dragon souls, it should be enough."

Looking at the plastic bag handed over, Lei Shuwei took a breath!

He was only determined to give it a try, but he didn't expect it to succeed!

This time, it was another two hundred pills! At least two hundred lives can be saved.

Ye Chen is not generous. As his strength improves, the strength increase that the pill can bring is less and less. Moreover, these pill is no longer suitable for him, just for the dragon soul.

Lei Shuwei's arms trembled a little, opened the bag, glanced at it, his eyes were only panic!

After a few seconds, he raised his head and said seriously: "Mr. Ye, you can ask for a price for these medicine pills, and I can report to them."

"You make up your mind about this, and I happen to have something to discuss with you. Tomorrow I am going to Beijing, and you will arrange a plane for me."

Hearing that Ye Chen was going to the capital, Lei Shuwei and Ying Qing shrank their eyes and said quickly: "Mr. Ye, you will not go to Lin Juelong. The situation in Beijing has been turbulent recently. I have received news from Beijing. The Long Family seemed to have been paying attention to the ancient warriors entering the capital.

It's really not right to go at this time. "

"Also, the capital city is the territory of the Huaxia Budo General Administration. Compared with the Huaxia Budo General Administration, the power of my Dragon Soul there is still a bit different. When it comes to trouble, it may be more difficult to deal with. Otherwise, Mr. Ye stays. Jiangnan Province, some more time, one month later?"

Ye Chen waved his hand and said directly: "I have decided and will leave tomorrow. If you don't arrange the plane, I will find a way."

Hearing Ye Chen's tone changed, Lei Shuwei pondered for a moment, and still said: "Well, now that Mr. Ye has decided, then I will arrange a one-time identity for you. With this identity, you should be able to avoid the flight of civil aviation. Checking and monitoring the group of people can also save some trouble, that is, you may be wronged by Mr. Ye."

"Good." Ye Chen didn't have much opinion on this decision.

This time I went to the capital, the most important thing was to go to the Ghost Prison to rescue my parents, and the second was to kill Lin Juelong. It would be best to avoid some troubles.

Two hours later, Ying Qing personally handed over a series of things including ID card, air ticket, key, bank card, etc. to Ye Chen's hand.

On the one-time ID is his one-inch photo, but his name is Ye Cheng.

The time of the ticket is at 9:50 tomorrow morning, flight KN5956 at Jiangnan International Airport, first class.

As for the key, it was a four-bedroom and one-living property in the center of Beijing, and Ye Chen would naturally not live in it.

The Ghost Prison will be opened near the Beijing Normal University this time, and he will naturally live there.

Qian Yechen in the bank card didn't care, and he threw the bank card to the cemetery of Samsara.

...

Four p.m.

Sun Yi came back early, and she and Xia Ruoxue naturally knew that Ye Chen was leaving.

"Xiao Chenzi, on the way back, Ruoxue and I have discussed it, and we will come to the capital soon. All you have to do is find a villa and reserve a good room. Maybe we will come up one day.

In addition, Shen Haihua has already negotiated with the Beijing government and will allocate a piece of land to build Tianzheng Group. Jiangcheng and Jiangnan Province are not suitable as headquarters. China Pharmaceutical Group will eventually use Beijing as its base camp, and Tianzheng Group is no exception. "

Sun Yi said while tidying up Ye Chen.

Her body tilted slightly, and the top button of her shirt had been untied, revealing a fullness.

In terms of bust circumference and chest shape, looking at the entire Jiangnan Province, there are few who can compare with Sun Yi.

"Also, it's cold in the capital, remember to wear more clothes outside."

Sun Yi closed the suitcase and looked at Ye Chen, eyes like water.

She was actually anxious to follow Ye Chen to the capital, but Tianzheng Group still has a few tasks to do in Jiangnan Province, and it is not appropriate to go to the capital now.

However, according to the development of Tianzheng Group, it is estimated that she will be sent to the capital in one or two months.

Of course, now that the traffic is well developed, when you think about Ye Chen, you can just fly directly, the distance is not too far.

Sun Yi wrapped her hands around Ye Chen~www.mtlnovel.com~ and smiled and said, "Will you miss me?"

"meeting."

Ye Chen said seriously.

"Really?" Sun Yi said.

Just as Ye Chen wanted to talk, Sun Yi's red lips directly blocked his mouth: "I don't want to hear any explanation now, I want to see you act."

The tongues of the two were tangled, and they were wet and warm.

Ye Chen held the full mass through the shirt with one hand, unable to control it.

Sun Yi's hand was also extremely flexible, and he plunged directly into Ye Chen's slacks, squeezed it slightly, teasing Ye Chen's nerves.

"Tear!" With a cry, Ye Chen's shirt was directly torn apart, and a pair of white things like rabbits jumped out, shaking people's hearts.

Chapter 329: A trip to the capital!

Sun Yi's eyes were blurred, but she thought of something, and smiled: "Actually, I know you and Ruoxue have done this kind of thing."

Ye Chen was startled, just about to say something, Sun Yi said again: "Actually, Ruoxue and I are not stupid, we knew it a long time ago."

While talking, Sun Yi held the fiery hand and moved even more.

"I want to know, Ruoxue and I, who do you prefer in this regard?"

Sun Yi looked at Ye Chen with a charming expression. When she found that Ye Chen hesitated, she smiled and said, "It's funny. Actually, this question is very simple. When I persuade Ruoxue, I will try it together. I don't know if you can afford to live...hehe..."

Ye Chen knew that Sun Yi was very open, but he didn't expect that Sun Yi would be open to three people?

Sun Yi felt her body react and hugged Ye Chen directly onto the bed. The dress had not yet faded, and her fat buttocks were still pouting, and Ye Chen's most important thing was put into it. A collision battle started.

The house is full of spring.

...

The next morning, Jiangnan International Airport.

Sun Yi and Xia Ruoxue drove Ye Chen to the airport. After explaining, Ye Chen boarded flight KN5956.

This time, he did not bring Rakshasa and Ye Lingtian, they stayed temporarily in Jiangnan Province to protect Xia Ruoxue and Sun Yi.

With his current strength, it is impossible for a strong man in the Chinese martial arts world to embarrass him.

What's more, the situation in the capital is turbulent, and one person is free.

Ye Chen wore a peaked cap, pulled down, covering most of his face, closed his eyes, and prepared to rest.

There are three seats in a row in the first class, which are very divided.

Ye Chen was sitting on the far right by the window. His left, no surprise, should be a pair of mother and daughter.

The two talked occasionally and seemed very excited.

The mother is dignified, rich or expensive, and her daughter is about 18 or 9 years old. She has beautiful eyes, but because she wears a black mask to cover her face and can't see the specific features, she should still be in college.

It is estimated that I came to Jiangnan Province to travel from Beijing. This time I returned to Beijing.

Seeing that the plane did not take off, the girl stared at Ye Chen interestingly.

She noticed Ye Chen from the moment she got on the plane. This man didn't have anything with him, hadn't said a word, and didn't know why there was always a sense of mystery.

She was considered a school bachelor at school anyway, although she was wearing a mask, but this guy didn't even look at herself, a bit too much.

She couldn't bear the curiosity in her heart, and said: "Hello, I want to ask, are you from Jiangnan?"

Ye Chen opened his eyes, glanced at the girl, and said nothing.

A bit cold.

The girl thought of something, she quickly took off her mask, revealed a sweet smile, and stretched out her hand: "I'm sorry, I have had a cold these few days, so I just wore a mask. My name is Du Yunyan. Let me meet you."

Ye Chen did not reach out his hand, his eyes were still closed, as if he was asleep.

Du Yunyan wrinkled her nose and seemed a little angry. At this moment, her mother opened her mouth and said: "Yunyan, don't disturb others to rest. Your heart will be restored and you will return to school the day after tomorrow."

Du Yunyan glared at Ye Chen and said to his mother: "Hey, I have only taken a few days off now, and I'm going back to the normal university again. The boys in college are too boring."

Upon hearing the words Normal University, Ye Chen, who had closed his eyes, suddenly opened.

"Beijing Normal University?"

He opened his mouth curiously.

Du Yunyan was taken aback, glanced at Ye Chen with beautiful eyes, and said, "You finally survived."

"Yunyan, don't be rude!" said the young woman on the far left, and immediately apologized to Ye Chen, "I'm really sorry, my daughter is more straightforward..."

Ye Chen shook his head: "It's okay."

His sight fell on Du Yunyan. After arriving in the capital, he needed a person to lead the way. If there are people at the Beijing Normal University, that would be the best. At least he can notice the opening of the ghost prison for the first time.

"Why, you are also a student of Beijing Normal University, right?" Du Yunyan's tone was cold and even hostile.

Obviously, she remembered Ye Chen's attitude just now.

Ye Chen explained: "I live near the Beijing Normal University."

"Ghost believes in you, the Beijing Normal University is located in a very remote location. There is no residential area nearby. Where do you live? It is a new area planned by the capital. You are too fake."

When Du Yunyan finished speaking, he turned his head away.

In her opinion, Ye Chen was nothing more than regretting seeing his beauty and wanted to climb her.

She sees a lot of men who want to soak up school girls outside.

Even in school, many of her classmates were taken care of by wealthy businessmen outside.

She is from a well-off family, so naturally she would not care about such people.

Just because of a single sentence, her curiosity about Ye Chen disappeared, instead of disgust and nausea.

Du Yunyan's mother also had a slight doubt about Ye Chen's purpose. Since then, the two of them have not spoken to Ye Chen again.

Ye Chen was rather helpless. He wanted Du Yunyan to take him to the Beijing Normal University. Now it seems that it is impossible.

Forget it, it's okay to fight then.

After that, Ye Chen continued to close his eyes and rest.

But ten minutes later, he felt a slight movement in his ear.

It was a sound of heavy breathing.

At the same time, the sound of rustling things was mixed in the ears.

Ye Chen opened his eyes, glanced around, and found that Du Yunyan on the side had poured out the entire bag, his expression panicked to the extreme!

She turned things frantically, but the more she turned, the paler her face!

The mouth was even more muttering: "How is it possible, I was there in the morning... Why is it gone! Will it be in the hotel? Damn! Come out soon, come out soon!"

She didn't care about anything, she glanced at her face extremely ugly, and grabbed her mother who could barely breathe with one hand on her neck, and quickly called the stewardess over: "Please...help my mother..."

The stewardess realized that something was wrong and hurriedly called the doctor on the plane.

Not long after, a doctor came over and checked the young woman's physical condition. His face was a little bit wrong. He said to Du Yunyan, "What is your mother's disease?"

Du Yunyan panicked to the extreme, and quickly said: "Doctor, please help my mother, my mother has Hoddle's interest-free disease, which has been maintained by medicine for so many years, and I don't know why the medicine is not on my body today, please. Must help my mother."

The doctor's face changed a lot when he heard of Hoddle's breathlessness!

He glared at Du Yunyan and accused: "Why do you take your mother out of this serious illness, and don't you know that this disease must be maintained with medicine? How can you lose the medicine!"

"I do not know either....."

Immediately, the doctor quickly ordered the flight attendant and said in a very serious tone: "Hurry up and tell the captain to prepare for an emergency landing in the nearest city! Otherwise, Da Luo Jinxian will not be able to save her!"

Just when the stewardess was about to run towards the cab~www.mtlnovel.com~ a faint voice sounded:

"There is no need for an emergency landing, I can help."

As soon as these words came out, countless pairs of eyes looked at the young man who spoke!

Du Yunyan's expression was strange to the extreme.

She knows more than anyone how terrible Hodell's disease is!

If there is no medicine and professional equipment, there is no way!

The doctor snorted coldly and ignored Ye Chen. Instead, he looked at the stewardess who had stopped, and said, "Hurry up! Human life is a matter of life!"

"I'm in a hurry, I don't have to make an emergency landing, just give me five seconds."

Ye Chen's faint voice sounded, and then he pointed to Du Yunyan's mother's forehead.

Chapter 330: Identity!

When Ye Chen's finger touched Du Yunyan's mother's forehead, a ray of light faintly poured into the latter's body!

It seems that it is completely released.

The doctor on the plane was a little displeased with Ye Chen, as if his authority had been questioned.

"Boy, do you know what you are doing! You are killing someone! If there is any delay in this passenger's condition, can you afford it! I warn you, let go of your hand, otherwise you will just wait Go to jail!"

Perhaps because of the stimulation of the doctor's words, the rest of the first-class passengers also criticized Ye Chen.

"Boy, are you a doctor or he is a doctor, if something happens to that woman, you will be the first to blame."

"How can you encounter this kind of neurosis in first class these days."

The sound of cursing from the crowd kept coming! Ye Chen didn't respond at all.

Du Yunyan thought that Ye Chen was here for revenge, but when she wanted to speak, she noticed her mother!

The iron-green color on his mother's face gradually disappeared.

This is obviously the effect only after taking the medicine!

Is this youth's method really useful?

The key is that he didn't do anything in the whole process, just clicked a finger.

The Beijing Normal University where Du Yunyan is located is at least China's 985 colleges and universities. She has always believed in science, but when she saw this scene, she still subconsciously covered her mouth.

Seeing that Ye Chen had no intention of letting go, the male doctor was angry and grabbed Ye Chen's fingers directly!

Ye Chen's eyes condensed, and he let out a cold snort, his shoulders shook slightly, and an extremely powerful wave of air blasted toward the opponent!

The doctor hadn't touched Ye Chen, and his body was surging. He couldn't stand at all and fell directly to the back, very embarrassed.

"You actually beat people!"

The doctor's expression was a bit hideous.

The air police also noticed the situation here, looked serious, and walked towards Ye Chen!

"You are here just right, this person is definitely an extremist! Not only is he hitting a doctor, but he is also killing someone! If the lady doesn't get treatment right away, she will definitely die! Hurry, get him arrested."

"Everyone around can get a certificate!"

The male doctor's cold voice sounded.

Air police nodded, handcuffs appeared on his waist, came to Ye Chen, and ordered: "This gentleman, please cooperate."

"If you don't cooperate, you will face more serious legal sanctions."

Ye Chen released his finger, ignored the person, and directly ordered:

"She is fine, remember to prepare a glass of warm water for her."

Afterwards, Ye Chen returned to his position and pressed down the peaked cap slightly, as if preparing to rest.

This scene stunned everyone.

What kind of trick is this kid, which one is he playing?

Can you save someone with a single finger? Don't dare to act like this in TV series!

The male doctor laughed even more: "Have you heard that, as a doctor, I seriously suspect that this person has mental illness, which will inevitably affect the safety of the plane. If he is not controlled, it will endanger the safety of every passenger."

Police Nakong realized the seriousness of the matter and glanced at the plainclothes man not far away. The two nodded at the same time and walked towards Ye Chen.

"Sir, I'm sorry, please cooperate with the investigation."

After the words fell, the two took up the handcuffs and walked towards Ye Chen. They were about to touch Ye Chen, and a document was shot out!

Kong Jing was taken aback, and quickly reached out to catch the certificate, but the next second, on top of the certificate, a strong wave of air surged, and his body took a step back unconsciously, his blood surged like his five internal organs. Liufu organs have been hit!

After finally stabilizing his figure, he opened the certificate in his hand, his eyes widened!

Because there are a few words written on it-to grant the rank of Major General Ye Chen!

The seal is directly China's highest authority!

The expressions of the air police and the plainclothes men became extremely horrified, because no one in China dared to do anything with such a certificate!

That is looking for death!

A Chinese major must have the military behind him! Stand the armed forces of the entire China!

More importantly, the young man in front of him was so young that he was awarded the rank of major general!

How terrible the background is!

The other party looks so indifferent, completely confident!

"Snapped."

The air police directly closed the certificate and handed it to Ye Chen, with a respectful expression on his face: "First...Mr. Ye, please forgive me."

Ye Chen then put the certificate in his pocket, glanced at the doctor who had been talking nonsense, and said: "That person interrupted my rest, you should know what to do."

"understand!"

The next second, the air police and the plainclothes man walked towards the male doctor.

The male doctor's eyes were filled with surprise, he naturally knew what was going to happen, he just wanted to speak, a soft cough sounded!

The lady who was in a coma because of Hoddle's asthenia woke up!

Woke up miraculously.

"Mom, how are you?"

Du Yunyan was so excited to cry.

"Water, give me a glass of water, I want warm water..."

Hearing this sentence, everyone took a breath!

One after another his eyes shot towards Ye Chen!

Not only did the woman wake up, the first words she said in her mouth were exactly the same as the young man in the peaked cap said!

A stewardess with a bumpy figure instantly reacted and quickly picked up a cup of warm water and carefully handed it to Du Yunyan's mother.

"Grumbling."

After a cup of warm water, Du Yunyan's mother was completely relieved, and Meisou looked at Ye Chen for the first time!

The gratitude in her heart was overwhelming. She wanted to thank, but when she saw Ye Chen resting, she didn't say much. She looked at everyone and whispered, "Thanks to the little brother who had an accident, I am fine. Everyone is gone. Right."

The male doctor's expression was ugly to the extreme. He wanted to speak, but he was directly covered by one of the plainclothes men and walked towards one place.

From a professional point of view, they shouldn't do this, but in front of a major general of China, the military order cannot be violated!

The turmoil completely subsided.

Before the plane landed, countless eyes in the first-class cabin kept wandering on Ye Chen.

The status of people who can take first class is naturally not low, they are good at controlling contacts!
Know the maximum value!

And Ye Chen's identity is definitely the most noble existence in the entire first-class cabin~www.mtlnovel.com~ They actually noticed that Ye Chen handed out the certificate, and the two air policemen were discolored. They didn't think much at first, but they thought about it afterwards. The more weird.

Many businessmen wanted to hand out their business cards to Ye Chen, but Ye Chen was sleeping throughout the process, and they had no chance at all.

...

After more than an hour, the plane finally landed and drove into the Beijing Capital International Airport!

When the plane stopped steadily, Ye Chen finally opened his eyes, stood up, and got off the plane first.

The figure is extremely decisive.

He had already noticed that the eyes around him had been erratic, he didn't like trouble, and he didn't want to deal with this so-called interpersonal relationship. The first departure is undoubtedly the best choice.
