Chapter 331: Human feelings are warm and cold!

Beijing Capital International Airport.

The flow of people was extremely large. After getting off the plane, Ye Chen headed towards the exit. Ye Chen was a little dazed when he saw that the endless stream of people had already made various stops.

He glanced at the sign indicating the direction of the taxi and walked quickly towards a place.

At this moment, the two figures hurriedly followed up.

"Sir, wait."

It was Du Yunyan's mother and daughter who made the noise.

Ye Chen heard the sound, stopped, glanced at the two of them, frowned and said, "Something?"

Du Yunyan's mother walked up to Ye Chen and apologized: "Sir, what happened on the plane just now is really embarrassing, I apologize to you."

"Also, thank you for helping me this time. Without you, I might have had an accident."

The attitude is extremely respectful.

Ye Chen shook his head and said directly: "I'm not saving you. If you have an accident, it will interrupt my rest. Also, I don't want a plane to make a forced landing, which will delay my time."

Ye Chen's tone was so determined.

The expressions of the mother and daughter were a little weird. Who would have thought that the other party would make a move to avoid wasting time, but they also knew that no expert had a good temper.

Du Yunyan's mother thought of something and said, "Sir, it's the first time you have come to Beijing. Where do you plan to go this time? Yunyan and I are both from Beijing. I should be able to help you a little bit, and our car will stop. Below the terminal, I can take you there."

Ye Chen wanted to refuse, but after thinking about it, he was unfamiliar in life, and it was a good thing for him to deal with some things.

So he said directly: "Send me to the best hotel near Beijing Normal University."

"Are you really going to Beijing Normal University?" Du Yunyan said curiously, who had not spoken.

For some reason, she looked at Ye Chen with inexplicable fear.

Du Yunyan's mother smiled: "Sir, it happens that Yunyan is a student of Beijing Normal University. However, there are no good hotels near that school. They are all cheap and fast hotels. Because Beijing Normal University has built a new campus, Some construction is not yet in place, and many buildings are still under construction."

"How about that? We have a small villa two kilometers away from the Beijing Normal University. Tonight, Mr. will go and make do for one night. Tomorrow, I will help you ask if there is a room for rent in the teachers' apartment?"

Ye Chen was not hypocritical, nodded and said: "Okay."

...

Half an hour later, a BMW X5 drove into a villa area.

The environment is very quiet.

The villa should have just been delivered and looks very new.

The two led Ye Chen into the villa. A middle-aged man was reading a newspaper and did not raise his head when he heard the movement: "Yunyan, how are you playing in Jiangnan Province? Are you happy?"

It was Du Yunyan's father Du Zhenguo who was talking.

Du Zhenguo was a member of the Huaxia system in his early years. In 1997, he went to the sea to do business and was engaged in the pharmaceutical industry. His wealth exploded. There was a listed company with a well-established family, and he was considered an upper-class figure in Beijing.

Afterwards, he put down the newspaper, and when he saw a strange man also appeared in the living room, his brows were slightly frowned, and he asked: "This little brother is..."

Mother Du quickly explained: "Zinguo, this is Mr. Ye. Thanks to Mr. Ye on the plane today, otherwise you won't see me. Mr. Ye is going to Beijing Normal University this time because it's the first time you come to Beijing. , I will arrange for Mr. Ye to stay at our house for one night, anyway, there are still many vacant rooms."

After that, he even said the things on the plane, and Du Zhenguo became more mysterious as he listened.

He is in the pharmaceutical industry and has seen far more things than two women.

He didn't believe this kind of weird thing at all.

He knows best about his own wife's illness, and he provided the medicine!

How can it be done with just one finger?

His first reaction was that the two women were cheated.

After all, women have long hair and short knowledge.

Moreover, the kid went to the Beijing Normal University. Maybe the other party arranged for the medicine to disappear, just to get his daughter and some property.

He has seen many such people.

Not enterprising, crooked.

After thinking about everything, Du Zhenguo said, "There are a few guests coming to the house tonight. The guest rooms may be arranged. Otherwise, I will let Xiao Yang book a hotel for this little brother, the presidential suite."

Du Yunyan and Du Mu were startled, their expressions were very ugly.

Du Mu's tone was also unhappy, and said, "Zinguo, Mr. Ye has already agreed. Would you like to let those friends stay in the hotel?"

Du Yunyan also said: "Dad, tomorrow I will just drop in with Mr. Ye, and I have already agreed in the car to take her to Beijing Normal University..."

Hearing two women actually speaking for an outsider, Du Zhenguo snorted: "I am in charge of this family, that's it."

Immediately he dialed the phone in his hand: "Xiao Yang, help me book a presidential suite at the Wells Hotel, and then drive to me to pick up someone."

From beginning to end, Ye Chen kept watching with cold eyes.

He looked at the distrust and indifference in Du Zhenguo's eyes.

Du Zhenguo hung up the phone, stood up, took out a bank card, and handed it to Ye Chen: "Little brother, in about 20 minutes, there will be a car to pick you up, and since you saved my wife, Please accept this card, it's only half a million, and the code is six zeros, so don't give it."

Although it sounds polite, the expulsion is obvious.

Ye Chen snorted coldly, slapped his arm, and slapped the card directly on the ground.

At the same time, Du Zhenguo felt a wave of air hitting, and he wanted to take five or six steps back and almost fell to the ground.

"I still look down on this little money. I won't bother and say goodbye."

After speaking, Ye Chen walked outside, and the door closed directly.

"Dad, you are too much!" "

Du Yunyan said angrily, and even chased it out.

But when you open the door, there is no such thing as Ye Chen!

Mother Du glanced at Du Zhenguo and sighed: "Zinguo, I was really blind this time! Mr. Ye was here just now, and I didn't tell you something! What you drove away was not an ordinary person at all~www.mtlnovel.com~Do you know!"

Du Zhenguo sneered and said: "You two girls will look at a **** guy? I don't know when you were deceived! I have been up and down in the mall for so many years, and what purpose the other party came here with, I know exactly. His attitude is still polite!"

"If I get evidence and know that all these things are planned by this kid, I will definitely **** play this kid!"

Du Yunyan turned around, Ye Chen couldn't catch it anymore. She turned around and didn't find it. She glared at her father and said, "Dad, there is something you and mom don't know. When Mom was in a coma, the air police wanted to take action against Mr. Ye, and Mr. Ye only took out a certificate during the whole process, and the air police's attitude changed 360 degrees.

With that certificate, I vaguely saw two words..."

"Which two words?" Both of them were curious.

Du Yunyan slowly spit out in a trembling voice: "Major General..."

Chapter 332: The clue to the ghost prison!

Hearing the words Major General, not only Du Zhenguo, but also Du Mu was also dumbfounded.

The expressions of the two of them were strange to the extreme.

The entire villa hall fell into a deadly silence.

Major general of the Republic?

What a joke!

How can China have such a young major general!

"Haha!"

Suddenly, Du Zhenguo laughed, a little crazy.

"Yun Yan, I didn't say you, you are also a college student anyway, really believe it? This is a fake certificate! How can there be such a young major general."

"Fortunately, this kid runs fast, otherwise forging such false evidence would be a capital crime!"

Du Zhenguo also knows a little bit about the affairs of the Huaxia Military Region, because there is a friend who works there!

Check out this new online game!

During a dinner, he also learned from a friend that China's youngest major general seemed to be 39-year-old He Dong.

As for the youth who was driven away just now, how could he be a major general!

It is even more unlikely that He Dong, who is thirty-nine years old!

He didn't believe it if he was killed.

If the previous matter made Du Yunyan just a guess, now hearing about this major general, he has already determined that Ye Chen is an out-and-out liar!

Fortunately, the liar drove him away in advance, otherwise the ghost knew what the consequences would be if he left this person overnight.

When Du Zhenguo said so, Du Yunyan and her mother both hesitated.

After all, Ye Chen was too young, so strange and mysterious everywhere.

The style of doing things is not what he should have at his age.

"Is it all fake?" Du Yunyan murmured.

At this moment, there was a knock on the door.

Du Zhenguo snorted coldly, thinking that Ye Chen was back again, and immediately got up angrily to open the door.

"Boy, you never end! Believe it or not, I will call the police to call you..."

The door opened, and the sound suddenly stopped.

Because right now in front of Du Zhenguo was not Ye Chen who had been driven away, but two young men in military uniforms.

There is also a military vehicle parked outside the key door!

"Guru."

Du Zhenguo swallowed, completely frightened by this scene.

Du Yunyan and her mother noticed something was wrong and looked towards the door.

In the next second, the two of them opened their eyes wide, like sculptures, stupidly in place!

Du Yunyan even wondered, is it possible that Ye Chen's false certification was discovered?

This efficiency is too fast.

Du Zhenguo reacted, glanced at the military ranks on the shoulders of the two, smiled, and hurriedly said: "Two officers, you are..."

One of the soldiers saluted a military salute and said seriously: "Hello, we are here to take over the chief."

Chief?

As soon as this remark came out, stormy waves were directly set off in the hearts of the Du family.

Could it be that the kid is really a major general!

No way!

The certificate can be fake, but the soldiers and military vehicles in front of you can't be fake!

Du Zhenguo took a deep breath and curiously said: "The chief you said is not surnamed Ye..."

"Correct!"

As soon as these words came out, Du Zhenguo's feet softened and he almost fell to the ground!

Thinking of what he said to Ye Chen just now, he couldn't wait to slap himself!

Originally, if Ye Chen stayed and performed better, maybe his group could skyrocket!

Even if you have a good relationship with the other party, he can eat in the capital!

But not only these are gone, but also the youngest major general in a republic!

Damn it!

"Is the chief in there?"

One of them frowned.

Du Zhenguo's back was already completely wet, he reacted from the shock, and said with a trembling voice: "He...he just left..."

The two of them condensed their eyes and went directly to the military vehicle.

The next second, the military vehicle drove away directly.

Resolutely.

The base camp of the Dragon Soul is not in the capital.

Although the dragon soul is not convenient to shoot in the capital, it does not mean that the dragon soul has no power in the capital!

Lei Shuwei arranged for the Dragon Soul personnel from the capital to go to the airport to pick up Ye Chen, but he never expected that Ye Chen would be picked up in advance.

According to monitoring data, Dragon Soul's personnel arrived here as soon as possible, but it was still too late.

The key Ye Chen's phone has been shut down since he got on the plane, and he couldn't be reached at all!

...

The main entrance of Beijing Normal University.

Ye Chen looked at the huge boulder at the door, and these gilded words were carved on the boulder.

It's not too far away from the villa, it's a normal walk for about ten minutes.

"This will be the entrance to the ghost prison? Why don't I feel like it?"

Ye Chen murmured a few words and walked directly inside.

Along the way, he has been paying attention to the furnishings and layout of the entire school, trying to see that a certain formation is hidden in the school, and the formation is the entrance to the ghost prison.

But after walking around the school, he didn't notice the slightest.

"Xiang Chengdong shouldn't be able to lie to me, is it because a month has not arrived yet? Forget it, wait until the day when the ghost prison opens."

Ye Chen shook his head, and was about to head out of the school.

Not to mention, what Du Yunyan and her mother said were right. This place is too remote, except for a few cheap hotels, there is really no place.

However, many buildings are under construction. It is estimated that in five years, the area will develop very well.

Ye Chen was about to leave, suddenly, he noticed a young girl by the lake.

The girl has a melon-seeded face, slender eyebrows, fair complexion, and her double pony tails can't hide her beauty and her appearance.

Ye Chen frowned slightly, his attention was not on the other's face, but the other's breath!

The key to the martial arts breath is not weak.

The opening of Ghost Prison, Xiang Chengdong said, if there is a guide, will the guide be at the Beijing Normal University?

At least the girl with two pony tails not far away is suspicious.

The girl with the double pony tail also noticed something, raised her head, and shot in the direction of Ye Chen, then stood up and came directly to Ye Chen with a bad face.

"Which department are you from and why are you staring at me? Also, why have I never seen you in school."

The woman with double pony tails said coldly.

Ye Chen squinted his eyes, and tentatively said, "I'm looking for a prison."

"Isn't it another ghost prison?" The woman asked suspiciously, her tone a little uncertain.

Hearing that the woman even knew about the ghost prison, Ye Chen breathed a little bit, and said every word: "Tell me where the ghost prison is!"

His tone is more like an order!

The girl with a double pony tail frowned ~www.mtlnovel.com~ and said in surprise: "You ask me, who do I ask? Today you are the second person to ask me what prison! Just now an uncle also asked me what ghost prison is. ..."

Ye Chen clasped the woman's wrist, and said very seriously: "Where is the person who asked you just now? How long has it been away?"

The woman's face was startled, she wanted to fight back, but found that in front of this man, her Gu Wu had no possibility of releasing her.

She stretched out her hand and pointed in one direction: "Two minutes ago, an uncle in a long robe came to ask me what the ghost prison was. He just walked out of school. If you chase now, maybe..."

Before she finished speaking, a strong wind surged in front of her!

Ye Chen has disappeared!

[Unexpectedly, I was still codewords in the early hours of New Year's Eve~ Things are really a lot, and I almost never rested after returning home]

Chapter 333: Time for 1 cigarette!

now.

The true energy gathered under Ye Chen's feet, the speed was extremely fast!

He did not expect that besides himself, there would be people asking about ghost prison!

This must be a breakthrough point.

Finding each other is undoubtedly the key right now!

The entire Beijing Normal University swept through all the winds, Ye Chen rushed out of the school gate instantly!

Soon, Ye Chen noticed a man in a robe a hundred meters away!

"it's him!"

The road of one hundred meters is extremely easy for Ye Chen, who runs the Canglong phantom body!

Just when he was about to come behind the robe man, a cold light flashed!

The man actually shot a throwing knife in his hand, and then his feet exploded and he directly overturned a wall next to him and disappeared!

"court death!"

Ye Chen opened his five fingers, his true energy gathered, and he directly grasped the flying knife.

At the same time, his knees broke out and he jumped a few meters high! Leap over the wall!

This scene terrified the passers-by.

They haven't seen this method before. Passersby wanted to take pictures, but found that they had completely lost their tracks.

Outside the wall is a construction site, under construction, the workers should go to dinner, sparsely populated.

The man in the robe wanted to continue to escape, but found that a cold and arrogant young man was already standing in front of him!

It was Ye Chen.

"Where are you going?" Ye Chen's indifferent voice fell, and his murderous intent was released.

The man in the robe frowned and asked: "There should be no grievances between us, why are you blocking my way."

"Although there is no grudge between you and me, I want to know what grudge you have with Ghost Prison!"

When the man in the robe heard Ye Chen's words, his expression completely changed, and his body was also covered with a layer of killing intent.

"You know too much, in that case, I can only kill you."

The man's dark voice suddenly sounded.

In the next second, a throwing knife was shot again in his hand!

The flying knife tore the air, wrapped in a faint air current! Go straight to Ye Chen's key! Yuan was even more terrifying than the previous blow! Even a huge wave rushed towards Ye Chen!

Obviously a murderous intention!

He has great confidence in this flying knife of his own, and the general strong do not even have the qualifications to block it!

With a knife, it must be the soul of the dead!

"So like playing flying knives?"

A smile was drawn at the corner of Ye Chen's mouth. In the next second, the flying knife he directly grabbed shot out!

"Break it for me!"

With a roar, the momentum is like a rainbow.

"Boom!"

The wind is rolling, like a giant tiger, rushing into the huge waves, raging crazy!

"Clang!"

In an instant, the crisp roar exploded one after another.

In the endless red light and huge waves, I saw that the flying knife shot by Ye Chen was filled with a red light, and with a force of destruction, the wave of air was destroyed, and the man in the robe went straight.

"how is this possible....."

Seeing Ye Chen's flying knife broke through the huge waves in the sky and slammed in front of him, the smile on his face disappeared.

Not only did his flying knife never kill this ant, it was easily destroyed by the opponent.

He didn't care about anything, and quickly backed away, avoiding the blow of the flying knife!

At this moment, a dark shadow appeared in front of him!

"not good!"

The man's complexion changed drastically, and he subconsciously slapped a palm, full of energy!

"Responsiveness is too bad."

A cold voice faintly sounded, and in a flash, five steel fingers directly clasped his wrist!

"Kacha!" With a cry, it broke directly!

At the same time, Ye Chen's other hand grabbed the opponent's neck, lifted it sharply, and pressed it down!

"Boom!"

The opponent's body was just ruthlessly smashed to the ground, embarrassed.

At this moment, the man's eyes were horrified, and he could not have imagined that a young man who looked only in his twenties could actually have such combat power!

Completely crushed!

Ye Chen stepped one foot on the chest of the man in the robe, and slowly took out a pack of cigarettes from his pocket. With a flick of his arm, a cigarette popped out and held it directly in his mouth.

One snapped his fingers, and a faint flame appeared between the fingers.

The smoky voice also fell: "Give you time for a cigarette, tell me everything about the ghost prison, or die!"

To the man in the robe, this voice was like a sentence from the **** of death.

His whole body is cold, like hell!

His eyes shrank, and his figure trembling said: "My lord... don't kill me... I just heard that the ghost prison will be opened in this area, so I want to check it out in advance..."

"Kakka!"

Ye Chen exerted force under his feet, and most of the ribs of the man in the robe broke!

"I don't want to hear what reason you find. I just want to tell the truth. The speed of a person's heartbeat is the easiest way to discern lies."

The expression of the man in the robe became a little horrified. What he thought of, he said word by word: "This lord, I said, I said everything. It was Master Lin who asked me to guard here. Once the ghost prison has a movement, Report to him...this is absolutely true, if you lie to you, the sky will thunder!"

Ye Chen squinted his eyes slightly, pinching out the cigarette in his hand~www.mtlnovel.com~Master Lin?

He raised his sword eyebrows and asked: "The Master Lin in your mouth is Lin Juelong?"

The man in the robe shook his head fiercely: "It's not Lin Juelong, how can someone of my level know Lin Juelong? He is another member of the Lin family in the capital, who should be Lin Juelong's slave..."

Normally, he didn't dare to call Lin Juelong's name directly, but he just discovered that at the moment he spoke of Master Lin, the devil's eyes flashed with killing intent, so he must do this!

"What information do you know about Ghost Prison?" Ye Chen questioned.

The head of the man in the robe flew quickly. Suddenly, he thought of something and quickly said: "Master Qi, there is one more thing. The slave of Lin Juelong once mentioned one thing, a key to the

ghost prison. In the hands of a woman, that's why I asked the girl from Beijing Normal University. I thought it was her, but it was obviously wrong..."

Ye Chen narrowed his eyes and said, "I'll ask you one more thing, where is Lin Juelong now?"

The man in the robe looked more ugly, and said with a wry smile: "My lord, the residences of the top families in the capital are extremely concealed, and there are formations. The general strong can't find it. How can someone like me know where the Lin family is?"

Ye Chen knew that the other party was not lying, nodded, and walked outside.

Seeing Ye Chen leaving, the man in the robe exhaled, then his eyes became gloomy and cold.

He knew very well that this man was not only interested in Ghost Prison, but also interested in Lin Juelong.

If you tell the Lin family about this, maybe he will get some chance.

Just when he was about to leave, a stone shot over!

His face changed, he wanted to avoid, but found it impossible!

"He!" With a sound, a red dot appeared on his eyebrows, and then his body fell and died in a pool of blood.

Chapter 334: Ignorant lunatic!

...

After doing all this, Ye Chen walked out of the construction site, ready to take a taxi to leave, and first find a hotel nearby to stay.

But before taking a few steps, an extended Maybach stopped slowly.

Ye Chen frowned, and soon, the Maybach's car window opened, and a familiar face appeared!

Ninth on the Huaxia Grandmasters list, Jiang Jianfeng!

Jiang Jianfeng's eyes were extremely complicated. He glanced at Ye Chen and said lightly: "Get in the car."

Ye Chen nodded, he could feel that Jiang Jianfeng's hostility towards him had completely disappeared, replaced by a touch of complexity, and even a hint of pity.

Ye Chen opened the door and got into the car.

The space in the car is spacious and everything is available.

When Ye Chen sat down, Jiang Jianfeng's eyes fell on Ye Chen, and he sighed: "You shouldn't have come to the capital, you really shouldn't."

"You showed up near the Beijing Normal University. It seems that you already know about the ghost prison. If I hadn't sent someone to stare at you, I guess I'm still in the dark."

Ye Chen sneered: "What does my coming to Beijing have to do with you? Is it possible that I still have to report to you!"

Although Jiang Jianfeng didn't like Ye Chen's cold and arrogant tone, he didn't criticize anything. Instead, he continued: "Ye Chen, you have been growing up in this small place in Jiangcheng. Even if you are now the first person in Jiangnan Province, you are not stepping into it now. In the capital.

Jiangnan Province and Beijing are not comparable. Beijing is the capital of China, and it is the most central place in the Chinese martial arts world. The forces here are complex, the strong Lin Yun, once you are found by some people, you will undoubtedly die! "

"Zheng Renjue of the China Martial Arts General Administration has always wanted to kill you. It is estimated that he will hear from you soon. At that time, even if you have passed Jianglong, it will be useless!"

Ye Chen's eyes condensed, not wanting to talk nonsense with Jiang Jianfeng, and said directly: "You should know where Lin Juelong is."

Jiang Jianfeng was startled, his expression became horrified, and he stared at Ye Chen firmly, "Could you still want to kill Lin Juelong?"

"Funny! Ignorance! Crazy! Even I am not qualified to kill Lin Juelong, what do you think your chances of winning are!"

"Ye Chen, after you set foot on the capital, please take back your old arrogance, you don't know what kind of world you are facing! In this world, you even want to live!"

In Jiang Jianfeng's eyes, even if Ye Chen counted in his eyes, he even had a strong talent for growth, but in the capital, if he didn't know how to converge, he would probably not live for three days!

He came to Ye Chen for the first time but wanted to give the other a reminder, but he never expected that this kid would even want to kill Lin Juelong!

What did he kill? With his current strength?

Jiang Jianfeng is really ridiculous!

I even think Ye Chen is ignorant!

Ye Chen's eyes shrank and he said calmly: "Jiang Jianfeng, this time I come to the capital, I just want to get my previous account back. I not only want to rescue my parents from the ghost prison, but Lin Juelong and your Jiang family, the account back then I will get it back myself!"

Jiang Jianfeng was completely helpless.

This time, Ye Chen didn't even plan to let go of the Jiang family!

One person can deal with two top Chinese families?

It is estimated that only Ye Chen would dare to speak so boldly in the entire China.

At this moment, he was a little disappointed with Ye Chen.

Ye Chen's ability to say this can only show that his vision is too low, and he has no idea what the Jiang family and the Lin family mean in the Chinese martial arts world.

After hesitating for a long time, Jiang Jianfeng opened his mouth and said: "I am going to challenge the strong in the China Grandmaster Ranking these days. You can do it yourself."

"Beijing is now a pool of stagnant water. The storm in the martial arts world is not what you can imagine. The capital is the storm center of the entire Chinese martial arts world. Too many people have died here. I don't want to meet in a few days. Between Yin and Yang."

"Let me tell you one more thing. Five years ago, Lin Juelong was ranked second on the Huaxia Grandmaster Ranking. He has never broken this number. He actually has the strength to become the first person, a strong man in the Beijing martial arts world. They all admit that he is tied for first place with that one."

"He also disappeared for a few years. It is said that he went to a mysterious place. It is said that the place is **** for the strong in the Chinese martial arts world. Ye Chen, that's all for me. The rest is yours. Weigh. The five-star Chris hotel in Beijing is here, so get off the bus."

Ye Chen got out of the car, and the lengthened Maybach gradually went away.

Seeing the endless stream of car shadows, Ye Chen fell into deep thought. After a long time, he sneered: "Lin Juelong returned from hell? So what!"

"When I rescue my parents, I personally amputate his head!"

After speaking, Ye Chen walked to the Chris Five-Star Hotel and booked a presidential suite with his card.

The service standard of Chris Hotel is good. A good-looking waiter took Ye Chen directly to the presidential suite on the 16th floor.

Sending Ye Chen to the door, the beautiful waiter blinked at Ye Chen: "Sir, if you need special services, you can dial the manual line of the landline ~ www.mtlnovel.com~ After that, the beautiful waiter walked away. .

Ye Chen shook his head helplessly and closed the door directly.

After that, he came to the sofa, closed his eyes, and began to practice seriously.

A wave of true energy circulated around him, and the blood dragon rushed out, and the roars of dragons reverberated throughout the room. Fortunately, the soundproofing of the hotel room was good, and it was impossible to hear it outside.

At the same time, the China Budo General Administration.

Zheng Renjue's eyes fell on the big screen in the office.

And there was a picture displayed on the screen, which was taken when Ye Chen got off the plane.

"Are you sure this person is Ye Chen? Is there a reply from Jiangnan Province?"

Zheng Renjue said in a low voice.

"Enlighten Grandmaster Zheng, our people in Jiangnan Province did not find Ye Chen, and someone has witnessed it. Xia Ruoxue and Sun Yi drove to Jiangnan International Airport today. The man who appeared in the capital should be Ye Chen."

An old man in a commoner replied.

Zheng Ren nodded decisively, with his hands behind him, his eyes extremely cold.

For a long time, a cruel smile was drawn at the corner of his mouth: "Ye Chen, you may not be able to treat you in Jiangnan Province, but this time you broke into the territory of the China Martial Arts General Administration, I should also treat the guests well. You hurt My son, kill my strong man in the martial arts bureau, and I will let you survive and die!"

After speaking, his eyes fell on the old man in Commoner: "Next, you help me determine all the information about Ye Chen. I want to know where he went, who he was in contact with, and where he lived! This time comes. Capital is definitely not easy! It will not be too late for us to fully grasp this kid's information!

Since some dogs bite people madly, they smash their teeth and let them swallow them alive! "

At this moment, Zheng Renjue's whole body released a strong chill, like a thousand years of ice!

Chapter 335: Who is Mr. Ye?

At eight o'clock the next morning.

Ye Chen woke up from the practice, exhaled a turbid breath, and the blood dragon on top of his head penetrated into his body.

The overnight cultivation not only increased his cultivation a bit, but also made him comprehend a bit of the sword intent left by the black-robed old man.

The sky-breaking sword intent is extremely mysterious, and the blood dragon that cooperates with itself can produce extremely strong power.

It's just that right now, his dantian's true energy is only enough to use the first sword.

He is satisfied.

Burning Heaven's Palm, Bloodthirsty Slash, coupled with Heaven Breaking Sword Intent, these three martial skills are sufficient to deal with most of the problems in front of them.

The only thing he has to do right now is to wait for Xiang Chengdong's call.

Just thought of this, a mobile phone number from Jiangnan Province entered his mobile phone.

Press the answer button, and a slightly respectful voice sounded: "Mr. Ye, I am Xiang Chengdong. This is my current mobile phone. I am ready to board the plane here. I will arrive in Beijing in about an hour and a half. You can give me one. Address, I will come to you when the time comes."

"Okay, I will send you the hotel address."

After hanging up the phone, Ye Chen sent the hotel's coordinates.

After that, he planned to go to the fifth floor of the hotel to have breakfast. Just as he was about to open the door, a doorbell rang.

Ye Chen's eyes were swept away, and he was slightly startled, the man outside was actually Ying Qing in casual clothes.

Opening the door, Ye Chen greeted Ying Qing and said curiously: "Why did you come to the capital? Didn't Lei Shuwei let you perform the task?"

Ying Qing smiled, handed the documents in his hand to Ye Chen, and said: "Mr. Ye, I know you have been paying attention to Beijing Normal University recently. Here, Dragon Soul has arranged for you a most suitable identity for your convenience. Act inside."

Ye Chen opened the file with curiosity and found that it was a job offer.

It says Professor of Beijing Normal University.

There is a bunch of keys under the letter of appointment.

Ying Qing explained: "The address that Dragon Soul arranged for Mr. Ye last time is not very convenient, so this time we arranged a teacher's apartment with three bedrooms and one living room. It is located near the central campus and on the top floor, overlooking the entire Beijing Normal University."

These two things were very useful to Ye Chen, and Ye Chen accepted them with satisfaction.

Then Ying Qing said again: "Mr. Ye, I will stay in the Dragon Soul in Beijing during this time. Mr. Ye can call me if he has anything. In the capital, although the strength of the Dragon Soul cannot be compared with the Huaxia Budo General Bureau, it is great. Part of the trouble can be solved.

Even if the Dragon Soul couldn't solve it, the head of the Republic would not sit idly by. "

Ye Chen was a little surprised when he heard these words. At this moment, he is at the feet of the emperor, so what Huaxia called the "Emperor" actually wants to protect him?

"In that case, I won't bother Mr. Ye. Mr. Ye remembers going to the principal of Beijing Normal University these days. The military has already negotiated with the principal."

After leaving things, Ying Qing disappeared in the hotel corridor.

After Ye Chen had breakfast in the hotel and left the room, he once again headed to the Beijing Normal University. Now that he has this level of identity, many things are more convenient.

Yesterday, the meaning of the man in the robe was obvious. The key to unlock the ghost prison is in the hands of a woman, and this woman must be inextricably related to the Beijing Normal University.

After leaving the room, Ye Chen planned to live in the teacher's apartment for the next few days.

Ten minutes later, Ye Chen reappeared at the Beijing Normal University. The flow of people today is dozens of times more than yesterday. It should be the day of returning to school.

The entire university is almost all sports cars or famous brand cars, handsome men and beautiful women, but because it is a normal university, there are more girls, and even some girls are as high as nine points in body and appearance.

Ye Chen took the file in his hand and went directly to the principal's office.

At this moment, two shadows appeared at the school gate.

The appearance of the two girls seemed to stop time at the school gate, and the boys outside stopped one after another and talked a lot.

It's just because they are both school flowers of Beijing Normal University.

If Ye Chen turned his head, he would definitely recognize these two people.

The girl in the white dress is Du Yunyan, and the other girl with a tall double ponytail is Qian Yingying, wearing a blue T-shirt and slim sweatpants.

Qian Yingying spit out something vigorously.

"Yunyan, I ran into two dead perverts yesterday. As soon as I saw me, they talked about prison matters. Not only that, but those two perverts didn't know what was going on. They didn't even have the ability to resist. I planned to use them. Some methods, fortunately, those two perverts ran fast, which made me angry."

"If I see those two men again, I will never let them go!" Qian Yingying said angrily, "By the way, Yunyan, how are you playing in Jiangnan Province? I heard that there are beautiful women and girls. Where's the handsome guy, is there an exciting affair?"

Du Yunyan shook his head, a little restless.

The scenes of yesterday are still in my mind, the identity of Mr. Ye is confusing, as if the clouds of mist make people very uncomfortable.

"Yunyan, did you listen to me? How do you feel that your mental state is not good? If it weren't for those two abnormalities..."

Suddenly, her voice stopped, and then she stared at a stiff figure in the distance ~www.mtlnovel.com~ An invisible anger burned in her heart.

"Fuck, that dead pervert has appeared again!"

A cold voice fell, Qian Yingying wrapped her whole body with energy, and went directly to Ye Chen holding the file!

In the blink of an eye, he appeared behind Ye Chen, his hand stretched out and turned into a hand, and a cold arc leaped into Ye Chen's neck!

This skill is enough to make a warrior lose combat ability!

As soon as he was about to touch Ye Chen, Ye Chen's eyes condensed, and he didn't even have the intention to turn around. He directly shook his shoulder, and the waves of anger were tumbling!

"Boom!"

Qian Yingying's body was directly knocked out!

As soon as he flew out, Ye Chen turned around, grabbed the opponent's wrist with his right hand, and yanked Qian Yingying back directly!

It smashed towards a part of the lawn!

Not only that, "pop!" A clear voice fell, and Ye Chen actually slapped Qian Yingying's hip with a palm!

The hip is trembling, and the hand feels almost perfect!

At the moment Qian Yingying landed, she supported her arms and turned over to stabilize her figure, and then angrily said, "You pervert, do you know who I am? The accounts of yesterday and today are calculated together!"

At this moment, a beautiful shadow appeared directly in front of Ye Chen, it was Du Yunyan!

Du Yunyan looked at Ye Chen in front of him, his voice was extremely excited, and even with a trace of awe: "Mr. Ye, you... why are you here!"

With this attitude, Qian Yingying is not only confused.

The students of Beijing Normal University who have been paying attention to the situation here are also confused.

Everyone stared at Ye Chen, staring at Ye Chen in a dead silence.

Chapter 336: Hidden mystery!

Du Yunyan is not only one of the campus flowers of Beijing Normal University, but also the chairman of the student union in the university.

High above.

Family, conversation, personality, appearance, these are among the best in the entire university.

She didn't know how many men's goddess.

But because of perfection, few boys approach Du Yunyan.

Even if some wealthy children approached, they would be rejected mercilessly by Du Yunyan.

Du Yunyan and Qian Yingying are best friends and they have a good relationship. Neither of them fell in love. At one time, they felt that they were Lily and didn't like men at all.

But the moment before me really made everyone unable to calm down.

Du Yunyan was so polite to a strange man!

This attitude and posture is undoubtedly the lowest!

how is this possible!

Qian Yingying was the first to react, looking at Ye Chen with hostility, and asking Du Yunyan: "Yunyan, what are you doing? Do you know this pervert?"

Du Yunyan's expression changed. She knew Ye Chen's identity, and she quickly reached out her hand to cover Qian Yingying's lips, and explained to Ye Chen: "Mr. Ye, my friend has admitted the wrong person. I'm really sorry, that's right. , Where did you go yesterday, our family is looking for you, we want to invite you to dinner, and apologize."

"My dad is actually not very clear about the whole thing. He wants to invite you to dinner and apologize."

Qian Yingying was a little confused when she said this.

She knew exactly what the identity of Yun Yan's father was. Such a character should apologize to this guy?

What a joke!

Also, how did Yunyan recognize this perversion?

"No need."

When something unexpected happened to everyone, Ye Chen directly refused!

He didn't even hesitate.

After that, he didn't even look at them, and went directly to the principal's office.

It seems that two beauties from Beijing Normal University are like pink skulls, rouge and vulgar fans, and more like air in his eyes!

"Mr. Ye."

Du Yunyan didn't have the slightest anger. After all, his father had done too much yesterday. They finally took Ye Chen home, but they were forced out of the house. No one would forgive him!

Besides, Ye Chen is still a major general of the Republic!

The major general must be proud!

"Mr. Ye, can I let my father come to apologize to you personally?"

Before he finished speaking, Ye Chen had disappeared in the corner.

He will not stay for that family or anyone.

not worth it.

...

Ye Chen came to the principal's office on the 8th floor of the administration building.

Knocked on the door, no response at all.

He frowned and wanted to leave, only to find a woman's voice and a rustling voice inside.

After a while, the door opened, and a woman in her thirties wearing a shirt and a western skirt walked out, her hair was a bit messy, her face was reddish, she glanced at Ye Chen, and left with her head down holding the lesson plan.

"Come in."

Then, a voice full of breath and a hint of majesty sounded.

There was even some displeasure in his tone.

Ye Chen walked into the room, and immediately noticed a middle-aged man with a fat bald head and black-rimmed glasses.

Naturally the principal of a normal university.

"Which department do you study..."

The voice suddenly stopped, and the principal who had originally looked impatient even stood up, took the initiative to come to Ye Chen, stretched out his hand and said excitedly: "This should be Mr. Ye, the military has already explained everything to me. , Your being a professor in our school is really an honor of our school."

"Oh, Mr. Ye is really handsome, and I really admire him."

Ye Chen directly avoided the opponent's outstretched hand and passed the portfolio in his hand.

The ghost knew what was on this guy's hand.

"These are some of my documents."

The principal smiled awkwardly, took the information, and then explained: "Mr. Ye, although today is the day to return to school, but everything is ready on the school side, wait for me, I'll get something."

Not long after, the principal took a relatively thick document, carefully handed it to Ye Chen, and said: "Mr. Ye, there are everything you want on it, including the resources that the school can provide you with, salary cards, meal cards, and benefits. Salary, class schedule and early school planning and construction drawings."

Ye Chen frowned: "Do I still have to go to class?"

He only came to this school for a few days, and the professor just needed a few days. He didn't want to let him teach a group of students.

He is a Dragon Soul instructor, but he teaches very little, let alone a professor.

"Don't get me wrong, Mr. Ye, because you have a special status, so you just have to take a class at will, so that the school and the Education Bureau can also file for the record..."

"understood."

Ye Chen nodded, accepted the document, bid farewell to the principal, and walked directly outside.

He came to the top floor of a teaching building and directly opened the plan in his hand, overlooking the entire Beijing Normal University.

Suddenly, he noticed something, and his eyes shrank: "No wonder he has been unable to find out. The layout of this school turned out to be the Jiugong Bagua Formation!"

The Nine Palaces Bagua Array is an extremely mysterious array. It is not noticeable in the array. It can only be noticed from a certain angle~www.mtlnovel.com~Combined with the construction drawings in hand and the situation overlooking the entire university.

From the fountain, the huge stone at the entrance, and even the playground, to the circular artificial lake, they are all made up of large arrays!

The whole school formed a wave of retrospect!

Most people can't break this battle at all!

It is even extremely easy to hide!

He finally understood why the door of the ghost prison opened here. By the beginning of next month, it will undoubtedly be the right time and place!

But there is another extremely important thing, that is, the Jiugong Bagua Formation is a forbidden technique in the formation!

Once it is turned on, great energy is required!

And the source of this energy must be the Yang Qi among these students!

Take Yin to Yang!

The people behind the ghost prison have to burn part of the lives and luck of these students to open the ghost prison!

How vicious this is!

At that time, the students of the entire Beijing Normal University will inevitably have bad luck, and even their breath will be weak, and it will take at least a whole year to relieve it!

This is the lightest, and in severe cases, people will give their lives!

Ye Chen looked at everything condescendingly, lost in thought.

He is not a savior, and the lives of this group of people have nothing to do with him, but this battle is too far, and the people who put it on don't know what mentality is going to be like this.

Ye Chen thought for a few seconds, but decided to take action.

If this formation is not destroyed, the parents born in the ghost prison will also pay a great price.

Because when the formation is opened, the people in the ghost prison will be shocked.

Parents don't have much cultivation base, so they must endure extremely strong pain.

"Such an evil formation, I will be broken, it is estimated that the person behind the ghost prison will come to see me in person!"

Chapter 337: Break the formation!

Standing on the rooftop, Ye Chen showed a few spirit stones in his hands, and then suddenly jumped off the rooftop. vertex

The west side of the teaching building is where the bicycles are parked. The students of Beijing Normal University are either rich or expensive. There are almost no bicycles, and there are no people around. Jumping down will have no effect.

The moment it landed, the ground cracked slightly, and then Ye Chen headed southeast.

There are six eyes in the Jiugong Bagua Formation, one of which is a rockery behind the school.

According to the plan, this rockery was arranged later.

Regardless of location and material, it is extremely tricky.

If it weren't for standing at that point, everything might really happen at the beginning of the month.

Ye Chen pinched his fingers, and the spirit stone in his hand shot out, a faint light flickering.

Then the spirit stone suddenly erupted, and a flame was born!

When the flames were shining, a pattern was formed on the surface of the rockery.

"really."

Ye Chen sneered, and the Dragon Slashing Sword appeared in his hand.

The long sword let out a soft groan, chopped down from top to bottom.

A **** light formed a strong sword intent and burst out.

This **** sword intent, like the Milky Way coming to the world, flying three thousand feet, the momentum is amazing.

At the moment of touching the formation, the sword shadow splits into two, two into four, and in a blink of an eye, the sword shadow is overwhelming!

Under the sun, dense sword shadows poured down like a rainstorm.

"Boom!"

The formation on the rockery is shaking violently!

It could have persisted for a few seconds, but at the very end, it couldn't bear it, and it collapsed and shattered!

The crisp sound of impact came one after another, and countless sparks burst out!

The sword wind swept across the sky and the sword shadow filled the sky, making people dazzled.

There was another loud noise, and the rockery was split apart by Ye Chen abruptly, billowing smoke and dust!

Perhaps because the movement was too loud, several security guards from the Beijing Normal University hurried over. When they arrived, Ye Chen had already left for the second moment!

Although this was the destruction of the school's building, Ye Chen was saving people, so he didn't think much about it.

Soon, the second eye was also shattered!

The school's leaders are completely confused!

In just a few minutes, two buildings in the university had problems and were directly damaged!

Could it be that this is terrorism?

Although it is a small building, they have no way to explain to it!

The entire school even sent additional security patrols for fear of something going on.

At the same time, in the ghost prison.

An extremely wide stone room.

Several old men sat cross-legged. Since the goatee old man had an accident, the ghost prison has been occupied by many people!

After all, the prisoners in Ghost Prison are too complicated. Once an accident occurs, the consequences will be disastrous!

Several elders were surrounded by strong aura fluctuations, and the goatee elder was among them.

Suddenly, the formation in front of them shattered!

A terrifying wave of air crashed in all directions!

"boom!"

The earthquake trembled, and many elders suddenly opened their eyes and spit out a mouthful of blood!

shocking!

The old man with goatee was also very uncomfortable, just about to speak, several voices sounded at the same time!

"No, something happened to the Jiugong Bagua Array!"

They know what the Nine Palaces Eight Diagrams Array means. Once something happens, the energy that the Ghost Prison wants to absorb will disappear!

Not only that, at the beginning of the month, if you want to open a hole in the ghost prison, the price to the ghost prison is extremely high.

One of the elders with the fairy wind and bones thought of something. He looked at the goatee old man and said coldly: "According to the situation displayed by the array, the Jiugong Bagua array has not been completely destroyed! You must send someone to stop it. !"

"Okay, I'll have someone do it right away!" The goatee old man said, and then he took out a special device, directly pressed a red button on it, and said: "Sun Zhen, you He and that person should still be at the Beijing Normal University, what happened in the university? I have shown that there is a problem with the Jiugong Bagua Array, please go and see!"

Not long after, the instrument actually heard a voice: "Master Qi, there have been more explosions at the Beijing Normal University, the cause is unknown!"

"You immediately go to the remaining few places, if you find anyone, no matter who it is, kill him! Also, bring his corpse to the Ghost Prison yourself! I want to see who is daring to go in the sun. Destroy the formation of our ghost prison!"

The words fell, that instrument was completely dimmed.

The whole stone chamber constantly overflowed with cold murderous intent, which made people palpitate.

...

At the same time, Ye Chen has come to the fourth position!

A stone pillar in the west corner of Beijing Normal University!

The stone pillar is high, seven meters long.

There is something similar to a billboard on it, but the content is indeed some rules and regulations of the school.

If it weren't for Ye Chen to understand the formation, most people would not find it.

Some of Huaxia's formations are not comparable to Kunlun Xu's formations.

It's like the entry level and the master level are on the same level.

Ye Chen broke the formation with the spirit stone again, and just about to cut it down with a sword, a figure rushed towards him!

Not only that, but also accompanied by a terrifying roar!

"court death!"

The words fell, and a sharp breaking sound came.

The cyan light pierced the sky like a meteor, tearing the world apart!

Cut directly to Ye Chen!

At an unparalleled speed, the cold air swept around instantly.

For an instant, Ye Chen seemed to sink into the ice and snow.

When the figure approached, Ye Chen discovered who the other party was!

Turned out to be one of the security guards on patrol!

How could such a terrifying atmosphere of ancient martial arts surge through the security guard?

There is only one possibility~www.mtlnovel.com~ The other party is from the ghost prison!

It seems that destroying this formation is the best way to lead out the ghost prison!

"You shouldn't destroy this formation, I have already received the order, you must die. The person I want to kill is not qualified to live!"

The man's eyes were cold, and he was so arrogant to the extreme under a sword!

It seemed that Ye Chen's life and death had already been decided.

Ye Chen sneered, Slashing Dragon Sword shook hands tightly, and said lightly: "A mere ant, dare to compete with the sun and the moon, I will show you what the real sword intent is!"

With a long roar, Ye Chen stepped on the old phantom magic art, and his figure suddenly sprang out.

The Dragon Slashing Sword in his hand vibrated, the **** light covered the sky, and the cold air instantly swept across all directions.

"Om!"

The sound of swords roared, and the air seemed to tear under a sword!

At absolute speed, Ye Chen's sword was even sharper and more domineering!

boom.....

In a twinkling of an eye, the two long swords clashed together, making a deafening roar.

The endless gust of wind is coming!

"Boom!"

In the light of the sky, the earth trembled, and a crack appeared!

"Om..."

There was a cry of mourning, the man's expression changed, and the light of the long sword in his hand was instantly swallowed!

Even shattered!

There was a look of horror in his eyes.

Obviously, he didn't expect Ye Chen to display such a powerful sword technique!

Chapter 338: Don't mess with it!

"Boom!"

With one blow, the man in Ghost Prison actually took a dozen steps back!

After finally stabilizing his figure, his blood surged, and he couldn't help it anymore, spit out a mouthful of blood!

The man's name is Sun Zhen, a strong man arranged by the Ghost Prison in Beijing Normal University.

He and another adult jointly monitored the formation of Beijing Normal University.

After all, this formation is about the energy of the ghost prison and is extremely important.

When he discovered that Ye Chen was the culprit, he was furious. He wanted to cut Ye Chen's head with a sword, and then lifted his head to Ghost Prison, but he didn't expect Ye Chen's combat power to be so terrifying.

"When did Beijing Normal University appear such a strong person?"

Sun Zhen paid attention to many people during this period. Although Beijing Normal University does have some martial arts experts, no matter the realm or the strength, the gap between them and them is too great.

And the young man in front of him seemed to emerge out of thin air.

The key means to reach the sky!

He suffered a big loss in this confrontation. Even made him feel unbelievable.

Especially the sword moves that the opponent displayed was too terrifying, causing a huge wave in Sun Zhen's heart.

"Boy, I don't know why you want to destroy this formation. Some forces are not something you can offend! Otherwise you will only ask for trouble!" Sun Zhen said coldly with the surge of blood pressure.

Ye Chen was not in a hurry to kill, narrowed his eyes, and said: "Tell me where the entrance to the ghost prison is. I can give you a whole body."

Sun Zhen's expression was slightly surprised. He never thought that the other party had destroyed this great formation to go to the ghost prison?

Is it worth it!

He thought for a few seconds, then said: "You are not qualified to know about the ghost prison stuff!"

After the words fell, Sun Zhen opened his mouth, and a white light came out of his mouth!

There was a black air flow above the white light!

poisonous!

Ye Chen's eyes became cold, and the Dragon Slashing Sword turned, drawing a cold arc in the air in front of him!

Under the cold light, the long sword fell, as if torn the world!

The powerful sword aura directly broke through that white light!

The flames lingered, and the extremely fast hidden weapon burned directly.

"how is this possible!"

Sun Zhen was shocked, such a blow was unexpected, and the average master would not even notice it.

But the opponent not only noticed it, but even broke it easily?

With an exclamation, he quickly resisted.

Because while the sword intent was tearing the hidden weapon, it came towards him without reservation.

Avoid?

It's too late!

The long sword in his hand had long been broken, and in desperation, he could only retreat quickly to the rear!

But before taking a few steps back, that sword intent has fallen!

A deep voice sounded, and the Dragon Slashing Sword came straight to him like a river!

"Wow!" A cry!

The blood was blooming, and the blood was flowing, a huge hole appeared in his chest, shocking!

"what!"

A heart-piercing voice resounded around!

The powerful sword aura made him stagger back and almost fell to the ground.

The first reaction in his mind is to run!

Such a strong man has no power to block it.

Seeing the screaming Sun Zhen, Ye Chen's eyes condensed, and he stepped out in two steps. A sharp sound of breaking through the air came, and his arm suddenly waved!

"Wait"

Before Sun Zhen finished speaking, a cold light flashed, his pupils suddenly enlarged, and his eyes were full of horror.

Where's the evildoer of Beijing Normal University!

Even if you look at the entire capital, you can't find a few!

At this moment, Sun Zhen felt that he was extremely small and completely messed up!

"Wow!"

There was another penetrating sound, accompanied by blood spilling into the sky, heart-piercing screams resounded, and Sun Zhen flew out.

There is another hole in his body, even a trace of bone can be seen!

Seeing Ye Chen approached him step by step, he was drenched with sweat, shaking constantly!

He forced out a drop of blood and wanted to use the secret technique of the ghost prison to escape!

He knows better than anyone, if he doesn't run now, he will definitely die!

The ground is full of blood, and life is passing fast!

Ye Chen at this moment was the **** of death in Sun Zhen's eyes. That terrifying sword is the sickle of death.

The gate of **** was completely opened, and the endless icy breath of death enveloped him!

Cold, extremely cold!

He just used the secret technique to escape, billowing smoke and dust!

Seeing that his figure was about to disappear, a sound of reprimanding sounded!

"Want to go? Dreaming! You have nowhere to escape today!"

The words fell, a pair of big hands tore apart directly in the smoke and dust!

Penetrating the smoke and dust, directly strangling Sun Zhen's neck!

With the powerful force pouring down, Sun Zhen only felt that he was under the magnificent mountain, unable to breathe.

This kind of piercing pain is like broken bones!

"You can't kill me. I'm from Ghost Prison. The powerful people in Ghost Prison can crush you with a single finger. If you kill me, they will definitely investigate the Capital Normal University. Then you will undoubtedly die!"

Sun Zhen, who was completely in desperation, roared pale.

He can only be so threatening!

But it didn't work at all!

Because what Ye Chen was looking for was the people from Ghost Prison!

A cold long sword was placed directly on Sun Zhen's neck.

"You have only one choice, tell me the entrance to the ghost prison, otherwise I will make you regret coming to this world!"

At this moment, Sun Zhen felt that his life was locked, and the guy in front of him was a lunatic!

Of course he wanted to tell about the ghost prison, only in this way can he save himself, but once he tells it, he must die!

But the cold sword had already pierced his neck~www.mtlnovel.com~ The blood was flowing out, and it was extremely difficult to suffer!

"I said, I said, the key to the ghost prison is in the hands of another adult! It doesn't have to be a few days to open the ghost prison again, in fact, it only needs a drop of blood from that adult and the key in her hand. !"

"Is that adult female?" Ye Chen frowned.

"Yes, that adult is the daughter of an elder in the Ghost Prison, with a magic spell reaching the sky. She is a member of the Beijing Normal University..."

Before Sun Zhen finished speaking, a strange force suddenly poured out of his body!

"Kacha!" With a sound, Sun Zhen's neck twisted by himself, a full three hundred and sixty degrees!

His pupils are dilated, and at this moment, there is no vitality!

died!

Ye Chen's expression changed, and he never noticed a powerful technique hidden in the opponent's body!

This technique can kill people thousands of miles away!

With his endless chilling eyes, he scanned the surroundings and found that there were already several security guards coming towards this side. He no longer hesitated, the blue dragon under his feet was surging, his knees bend, and then he exploded, five fingers grasping every wall. Along the way, the afterimage came directly to the top of the building.

He stood on the edge of the roof, overlooking the whole earth.

Although the only clue was dead, the other party's final words were very clear. The adult in his mouth was at Beijing Normal University!

"Student? Leader? Or other positions?"

At this moment, Ye Chen's eyes were extremely serious.

Chapter 339: Professor Ye!

At this moment, the phone in Ye Chen's pocket rang, glanced around, and found that Xiang Chengdong was calling.

He should have got off the plane.

"Mr. Ye, I have arrived at the hotel." Xiang Chengdong's respectful voice came from the other end of the phone.

Ye Chen condensed his eyes and said, "You come to Beijing Normal University to see me."

"Good." Xiang Chengdong was afraid to say no.

Hang up the phone directly.

Ye Chen didn't think too much, and went straight to the remaining two formations. Anyway, this formation must be broken.

Sounds of blasting sounded.

Five minutes later, the faces of the old men in the stone chamber of the Ghost Prison were unsightly, because the formation of the Beijing Normal University was completely broken.

Their whole year of hard work was destroyed.

The goatee old man also said in a low voice: "Enlighten a few adults, Sun Zhen has an accident, now there is only one person left outside."

The other elders glanced at each other, and they all saw an anger in each other's eyes.

Who is it, dare to kill the people in their ghost prison!

Who on earth dare to break the foundation of their ghost prison!

It's simply indignant!

One of the elders with the fairy wind and bones stood up: "For this damage, I suggest that the ghost prison be closed for one year! Otherwise, opening the ghost prison in a few days will be extremely dangerous for us, and even great loss."

Another old man quickly retorted: "I don't agree! The Ghost Prison must be opened in a few days. Several important prisoners in the Ghost Prison are now in extremely dangerous physical conditions. If there are no people from the Medicine League come in, they will undoubtedly die!"

"Hmph, I want to ask you, the lives of those people are important, or the safety of the ghost prison is important. If the person outside dared to break through the battlefield, he must come to the ghost prison. If that person comes in at that time, the price Who can afford it!"

The voice of the old man of Xian Feng Dao Bone was extremely cold, he didn't like someone to refute his opinions.

At this moment, another old man opened his mouth and said: "Don't fight between the two. The ghost prison must be opened. If those people die in the ghost prison, then several Chinese forces and sects will inevitably go crazy. It will be extremely unfavorable for us at that time, and the biggest problem now is those who break the line outside.

Although we can't get out, we can still use the hands of outsiders to kill that person! Once that person dies, all problems are gone. "

As soon as the words came out, everyone nodded.

Seeing that his proposal was affirmed, the old man continued: "The remaining ghost prisoner should be the daughter of the second elder. I understand her strength. There are so many spells and methods. I want to find out what is behind the scenes. Easy, as for the beheading, she estimated that she also had this strength, but to be on the safe side, she would send more people.

Isn't there a few martial arts families in the capital that still owe us favors? With the power of these people, could that person survive three days? "

"Okay, just this plan!"

At this moment, everyone in Ghost Prison almost agreed with both hands.

...

After Ye Chen broke the formation, he went to the teacher's apartment that Dragon Soul arranged for him.

As for the impact today, the capital authorities and the dragon soul will naturally be suppressed, so he doesn't need to worry.

He looked at the room number on the key, and took the elevator directly to go up.

The moment the elevator door closed, a pair of slender hands stretched out directly from the outside, and the elevator door that was about to be closed opened again.

Then a woman wearing black stockings came in, glanced at Ye Chen, smiled, then squatted slightly and dragged a huge box in.

The woman is tall, with shoulder-length hair.

The white skin is embedded in the extremely skinny shoulders, the white shirt can't wrap the proud breast, the peaks are undulating, the grace is graceful, with a small waist, the curve is balanced and the figure is bursting, a pair of black With the stiletto heels, the whole person looks charming and elegant, beautiful and refined.

This is the first time Ye Chen has seen such a high-quality beauty in Beijing. What is strange is that the other party is not a student at all, but a teacher?

Because the box is very heavy, the woman can only bend down and drag the box vigorously, and Ye Chen's angle just can see a touch of white under the knee-length skirt.

He didn't look much, and said, "I'll do it."

The woman was startled, her face flushed, she didn't know if it was because of moving things or Ye Chen's inquiry.

"it is good."

The woman's voice was very soft and sounded very comfortable.

Then Ye Chen stretched out his hand, buckled the sides of the box with both hands, and easily carried it in.

"Thank you."

Ye Chen ignored it.

The woman wanted to press the elevator, but when he saw the numbers on the elevator, he looked at Ye Chen in surprise: "Are you the new professor from Beijing Normal University?"

Yesterday, the WeChat group of teachers of Beijing Normal University exploded because the principal informed that the school will introduce a very young professor who has returned from studying abroad.

In the entire teacher's apartment, the location on her first floor was the best, and it was precisely yesterday that the principal personally supervised her to clean the room opposite her. Obviously, this was the residence for the young professor.

In her eyes, the young professor mentioned in the principal's words should be about forty years old, but who could have imagined that the young man in front of him is only twenty years old!

genius?

Ye Chen glanced at him, frowned, and nodded.

Get Ye Chen's answer, UU Read www.uukanshu.com. The com girl was obviously more curious, stretched out her white hand, and said quite generously: "My name is Wei Ying, I am an English teacher at Beijing Normal University, and I just came here in the first half of the year and live right across you."

Ye Chen shook the opponent's hand, released it until he clicked, and replied, "Ye Chen."

It's just two words, no nonsense.

The atmosphere of the elevator was a bit awkward for a moment.

Fortunately, the elevator door opened, and Ye Chen directly carried the box with one hand and went outside.

"I'll take it in for you."

Wei Ying hurriedly got out of the elevator and went to a door on the left. The door opened, and Ye Chen put things in the living room, ready to leave.

"Professor Ye, wait, take a break with a glass of water."

Wei Ying took a glass of water from the drinking fountain and carefully handed it to Ye Chen.

Her waist was bent, maybe because of the reason she had just moved something, a button of her shirt broke open, and a piece of it was full and faintly visible.

Ye Chen didn't take the water, but stared at it!

Don't get me wrong, his sight did not fall on Wei Ying's chest, but the necklace on her neck!

There is a bright seven-color stone on the necklace, which shines brightly under the refracted light.

Earth Soul Xuanshi!

This turned out to be Kunlun Xu's extremely precious earth soul profound stone!

At this moment, his breathing was a little short.

Not only that, but he could feel the black stone in his pocket shaking! As if wanting to own this land soul profound stone!

Chapter 340: Strange people!

Wei Ying saw that Ye Chen had not taken the water, her eyes were a little surprised, but when she saw Ye Chen's line of sight, she subconsciously glanced towards her chest, her cheeks flushed.

Both the first button and the second button of her shirt were unbuttoned

It happened that she was wearing an extremely thin bra today, and this looming picture made her wish to find a gap to get in.

She buttoned her shirt quickly, and her thoughts kept coiling in her heart.

She thought that Ye Chen would be a professor at such a young age, and he would definitely be different from other male teachers in terms of academics and character.

But now, I never thought that Ye Chen not only watched this, but also was so unscrupulous.

As a professor, shouldn't you be a gentleman?

"Professor Ye, you are like this"

As soon as she wanted to speak, Ye Chen said excitedly, "Mr. Wei, can you show me the necklace on your neck, and take the liberty to ask, where did you get this necklace? It's very important."

Wei Ying was taken aback, stretched out her hand to touch the necklace, and immediately understood, her face turned redder, she took the necklace off, handed it to Ye Chen, and explained, "My mother gave me this before. She was 18 years old. It was given to me when I was born. I have some congenital problems in my body and I need to wear this necklace to relieve it. You can only watch it for a few seconds, Mr.

Ye Chen nodded and glanced at the necklace in his hand. He was sure that the spirit stone in the middle was the earth soul profound stone.

This stone is extremely precious, even in Kunlun Xu, it is also a sky-high

He just wanted to ask Wei Ying to buy this necklace, but found that the whole house became extremely cold.

"this is"

He raised his head abruptly and found that Wei Ying's face was pale, and there were frosts around him.

Not only that, but Wei Ying's body has **** evils

This blood evil is stronger than his body

The blood dragon phantom in his body seemed to feel threatened, and the dragons roared, as if angry

"Blood and cold body"

This made him even more surprised, as if a huge wave was set off in his heart, the **** cold body, which is extremely rare in Kunlun Xudu, appeared here.

And it was on a girl.

He instantly understood why Wei Ying wears this necklace on her neck. Without the suppression of the Landing Soul Xuanshi, Wei Ying's illness would be difficult to save.

He put away the prying heart of the earth soul profound stone, and quickly returned the necklace to Wei Ying "Hurry up and put it on."

"Ok."

Wei Ying put on the necklace, and the temperature of the whole room dropped.

"Professor Ye, what you just said was what a **** body is," Wei Ying said curiously.

Ye Chen shook his head. Although this gemstone is precious, it is undoubtedly a life-saving thing for Wei Ying. A gentleman loves money and makes a good way. He does not intend to pay attention to this

thing, and said, "Ms. Wei, remember Live, no matter who asks you to take it off in the future, you can't take it off."

Although Wei Ying didn't know why Ye Chen was suddenly so serious, she nodded, "Professor Ye, I understand."

"You have a good rest. If you need help, you can knock on my door. I can help you solve most problems."

Ye Chen dropped a word and left directly.

Wei Ying looked at the far away figure of Ye Chen, frowning, and murmured, "This Professor Ye is really a weird person. He speaks strangely and has a strange personality."

"However, he really only cared about the necklace on my neck, not my figure."

When Ye Chen arrived in the room, his mind was filled with the matter of the earth soul profound stone

Where did Wei Ying come from?

The **** cold body is one of the world's evil bodies, once it is touched, it may be ruined in this life.

It would be okay if Wei Ying was a cultivator, but unfortunately the other party was just a mortal.

Once lost that earth soul profound stone, Xiang Xiaoyu perishes.

"Pity."

Ye Chen doesn't have the energy to control the other party now, and the other party also has the earth soul profound stone, so at least don't worry about it these years.

Ten minutes later, the phone rang and Xiang Chengdong arrived at the school gate.

"Your car is waiting at the door, I will come out."

Ye Chen hung up the phone and walked outside.

Xiang Chengdong's identity is special, and coming to the teachers' apartment will only be noticed by the people in the dark of the ghost prison, so he might as well go to the school gate by himself.

Two minutes later ~www.mtlnovel.com~ Ye Chen met Xiang Chengdong in a commercial vehicle.

"Did the people from the ghost prison contact you?"

Ye Chen said lightly.

"Mr. Ye, they only let me come to the capital, and they haven't contacted me yet, but this time there was a problem. Before, I could bring in an assistant from Yaomeng, but this time I don't know why. The ghost prison only allowed me. Stepping in alone is a bit tricky here."

Ye Chen's eyes condensed, and he sneered, "I didn't intend to get in from the beginning. The Ghost Prison has imprisoned some people who shouldn't be imprisoned, and I want them to pay a painful price."

His eyes were extremely cold.

It is best that the parents are not harmed, otherwise he will be buried in the entire ghost prison

Feeling Ye Chen's killing intent, Xiang Chengdong's eyes shrank slightly, "Mr. Ye, you don't want to force it."

"I heard that there are many top powerhouses in the ghost prison, if they try hard, they will die."

Ye Chen still said, "You don't have to worry about my affairs, as long as you notify me in advance when the ghost prison opens."

After he explained that he was about to get off the bus, Xiang Cheng's host phone rang.

When Xiang Chengdong saw the familiar number, he quickly called Ye Chen, "Mr. Ye, please wait a minute, the call is coming. It's from the ghost prison."

Ye Chen was startled, and sat back, only to hear a cold female voice on the other end of the phone, "Xiang Chengdong, are you all ready?"

Xiang Chengdong glanced at Ye Chen, and replied, "If you bring it together, you can go to Ghost Prison anytime."

The woman on the other end of the phone coldly snorted, "This time the Ghost Prison is opened. The situation has changed. We may not wait until the beginning of the month. At 12 o'clock the next night, at Yunhe Lake, north of Beijing Normal University, take everything you have and wait there. I can't be late, I only have one chance."

"Also, once you let me know that you disclose the news, Yaomeng will not be able to bear the consequences."
