### Chapter 341: Haoyue Zhenghui!

The threat from the woman on the phone was extremely cold.

It seems that Xiang Chengdong of Yaomeng is not in his eyes at all.

Then, without waiting for anyone to respond, they hung up the phone, leaving only Ye Chen and Xiang Chengdong looking at each other.

"Mr. Ye, behind the ghost prison is not as simple as you think. To be precise, it does not belong to the Chinese martial arts world. This is also the reason why I advise you not to rush."

"You have heard the other party's tone just now. Although Yaomeng has some strength in the Chinese martial arts world, it is really nothing in the eyes of the other party."

Ye Chen ignored Xiang Chengdong, opened the door and got out of the car: "At twelve o'clock the day after tomorrow, Yunhe Lake to the north of Beijing Normal University, I am waiting for this day!"

Xiang Chengdong looked at Ye Chen's distant figure through the car window, and then remembered the scene of being in the Danfang at the beginning.

Inspiring the gods of thunder, horrible.

Although the ghost prison is powerful and mysterious, Mr. Ye is not weak.

If the strength and aura in the alchemy can be exploded the day after tomorrow, the ghost prison may be deflated.

"President, do you want to drive?"

Xiang Chengdong thought for a while, his eyes narrowed, and suddenly he said, "Let's get off the car and walk back to the hotel. It's not far away. You have been guarding the door these days. If Mr. Ye needs a car, please pay attention. , Remember, don't offend Mr. Ye."

"Understand." The driver nodded, and he glanced at Xiang Chengdong from the rearview mirror.

He has been with Xiang Chengdong for so many years, and this is the first time he has seen him so jealous of others.

The key is such a young youth.

Soon, Xiang Chengdong got out of the car and disappeared at the Beijing Normal University.

...

Ye Chen returned to the teacher's apartment. Just as he was about to practice, there was a knock on the door.

He frowned, got up to open the door, and found Wei Ying standing outside.

Wei Ying changed her clothes. The chiffon dress was like a lady. Her long, flowing curly hair was draped over her shoulders. Her eyelid eyes flashed with autumn waves that made men crazy; Guazi's face was covered with a light makeup, Just the right eyeshadow, the watery red lips are extremely sexy.

He really didn't understand what Wei Ying did when she changed into this suit at home.

"Something?"

Ye Chen said lightly.

Wei Ying smiled and raised the phone in her hand, and said: "Professor Ye, several teachers and professors of our school have spontaneously organized a welcome ceremony. You are welcome to join the big family of Beijing Normal University. You must Enjoy your face."

Wei Ying looked expectant. She thought that Ye Chen would definitely agree to the invitation, but she didn't expect that Ye Chen didn't even think about it, so she refused and said, "No, I like quietness."

Wei Ying was startled, and her face was a little ugly.

"Professor Ye, actually just eat a meal. Professor Ye can't waste much time, and our boxes are all booked. If Mr. Ye doesn't go, then we will be awkward. After all, you are the protagonist of this activity."  
."

Ye Chen glanced at Wei Ying and thought of something. He already knew the voice of the man hidden in the dark in the Ghost Prison. This person was most likely a teacher or a professor. It would not be a bad thing to see everyone.

"In that case, I can only go." Ye Chen said.

Wei Ying got Ye Chen's reply, and hurriedly operated on the phone, apparently replying to other teachers' WeChat.

A few seconds later, Wei Ying said to Ye Chen: "Professor Ye, do you want to change your clothes, and then we will go down together, they are right now at the school gate."

"No need, let's go."

"Okay."

Wei Ying and Ye Chen walked directly towards the gate of the school. Along the way, they attracted a lot of attention, which shows Wei Ying's popularity in Beijing Normal University.

Not long after, the two arrived at the school gate.

There were about eight people at the door, four men and four women. The men were about 30 to 40 years old, and the four girls were older than Wei Ying, but because they were well maintained, they couldn't tell.

"Wei Ying, here!"

Several female teachers beckoned to Wei Ying and Ye Chen, very enthusiastic, and looked around Ye Chen curiously.

Wei Ying hurriedly led Ye Chen over, and even introduced to the eight people: "This is the Ye Chen I told you in the group just now, Professor Ye, the principal praised a lot before."

One of the fat female teachers looked like a ghost and exclaimed: "Wei Ying, he is really the professor in the headmaster's mouth? How could it be possible, how do I feel about the same age as those students."

Wei Ying smiled and explained: "Sister Qiu, do you think I am lying to you? He can live in the opposite door of me, but the headmaster personally supervises the cleaning of the room, saying that it is reserved for the new professor. "

As soon as this remark came out, everyone believed Ye Chen's identity.

Another teacher with glasses, lady Fan stretched out his hand to Ye Chen and said, "Professor Ye, my name is Zheng Rui. I am a teacher in the French department. I didn't expect you to be so young. You are really young and promising. By the way, Ye Sir, which university did you graduate from?"

Upon hearing this question, Ye Chen remembered what Ying Qing had given him, and said: "Stanford."

As soon as these words came out, Ye Chen suddenly became the topic of several women.

But the four men have not spoken, but their expressions are a bit gloomy.

Their eyes stared at Ye Chen fiercely, envious, jealous, even with a trace of hatred.

The reason why the four of them participated in this so-called dinner was not really interested in Ye Chen~[www.mtlnovel.com](http://www.mtlnovel.com)~ but because Wei Ying would go!

Wei Ying, as the dream lover of countless students and teachers of Beijing Normal University, rarely attends gatherings. This time, for a new professor, she was so proactive. Why don't they envy it!

The key principal even gave the teacher's apartment opposite Wei Ying to Ye Chen!

Being so close to Wei Ying, who knows what will happen!

If Ye Chen chased Wei Ying, he would definitely be ahead of them!

The four have remained single, and one of them even divorced his wife two months ago, hoping to have a chance!

They asked Wei Ying to eat alone for countless times, but they were all rejected!

But why can this kid be invited when he comes?

Why!

Is it because you are young? Young has a fart!

In the academic field, what counts is qualifications and abilities!

Compared with Ye Chen, the four of them are more than a grade!

Ye Chen naturally noticed the hostility of the four male teachers. If their eyes could turn into swords, they would have died early.

He shook his head helplessly, and said to everyone: "Let's go, go to dinner, I have something tonight."

He didn't care about the threats of these people.

How can the light of fireflies compete with Haoyue?

One of the male teachers in a white shirt thought of something, took out the Mercedes-Benz car key in his hand, and said, "Professor Ye, I don't know where your car is parked?"

Even in schools and teachers, economic comparisons are quite normal.

As soon as these words came out, everyone's eyes fell on Ye Chen's body instantly.

If Ye Chen had talent and gold, it would be perfect.

Unexpectedly, Ye Chen shrugged and said lightly: "I don't have a car."

...

Chapter 342: Moral! Human feelings are warm and cold!

...

"I do not have a car."

This is indeed a truthful answer to Ye Chen. Although he controls Tianzheng Group and he does not know how many digits the bank card is, he no longer has the desire to buy a car.

The cultivator pursues the flying sword and flying fairy instead of relying on a car to travel.

There has always been Xiao Deng when he was in Jiangnan Province. He has long been accustomed to others driving for him and driving himself. Unless there are special circumstances, he doesn't like to operate such cold things.

It seemed to Ye Chen to be casual words, but in the eyes of the others, it changed.

Except for Wei Ying, the other girls seemed to suddenly lose interest in Ye Chen.

In her eyes, Ye Chen couldn't even afford a car, and he didn't wear any brand clothing. This kind of people probably just read books blindly.

What about geniuses? What about the professor?

All roads lead to Rome, some people were born in Rome, and Ye Chen in front of him had already lost to others at the starting line, so he could only talk about his results.

The other four girls more or less lost interest in Ye Chen, only Wei Ying.

The male teacher in the white shirt smiled slightly, as if he had found some self-esteem, and said to Ye Chen: "Professor Ye, you will have everything if you work hard. Your salary will not be too high at first, but save a few years to buy a car. There shouldn't be any major problems with the car.

By the way, my name is Wu Fan and I am an associate professor in the Department of Civil Engineering. "

Wu Fan wanted to pat Ye Chen on the shoulder, but he avoided it.

"Let's go."

...

Not long after, the four male teachers drove a car and appeared at the school gate.

One Mercedes-Benz, one BMW, and the other two are Japanese cars, the brand is also good.

There are ten people in this party, and four cars are enough.

The other four teachers boarded three cars directly according to the degree of relationship, but Wu Fan's car was still empty.

Wu Fan rolled down the car window with a confident smile at the corner of his mouth, and said to Wei Ying in a long skirt: "Mr. Wei, take my car. I happen to have some oral issues to discuss with you. I will represent you in a few days. I don't want to lose face when I go abroad for school."

When he said this, Wu Fan looked expectant.

He didn't kick Ye Chen at all in the words, and he didn't mean to invite Ye Chen at all. I don't know why, he just wanted Ye Chen to ask him.

Ye Chen's embarrassment made him feel inexplicably refreshed.

Wei Ying naturally knew Wu Fan's thoughts, and he glanced at Ye Chen, with a little self-blame in his eyes, for fear of hurting Ye Chen's self-esteem.

What I thought was a pleasant meal was directly made by the other teachers.

She turned her beautiful eyes and said seriously: "Professor Wu, let's take a taxi with Professor Ye. Anyway, we know the location of the restaurant."

Hearing these words, Wu Fan's face was a little green. In desperation, he could only say: "Mr. Wei, there are ready-made cars that do not take a taxi, so let's go up with Professor Ye. The co-pilot, Professor Ye can just sit in the back."

Wei Ying glanced at Ye Chen and asked for advice: "Professor Ye, what do you think of this?"

Ye Chen said indifferently, "No need, I will solve it myself."

He didn't want to be guilty, and when the time came, Wu Fan would definitely show off something, how boring.

When Wu Fan heard Ye Chen's refusal, he became angry: "Professor Ye, what do you mean by yourself? You are too obsessive, I'm just saying you, are you so? Is it possible that you are going to the restaurant? It's six kilometers away from here, and even if you don't think about it for yourself, you still have to think about it for Teacher Wei."

He just sat in the car and said, with a hint of arrogance and displeasure.

One in the car, one standing outside, driving in Wu Fan, as if it meant that the identity of the two was very different.

The gap is huge.

Ye Chen shook his head and said helplessly: "You have misunderstood, your car space is too small, I don't like it."

Seeing that there was no movement here, Zheng Rui opened the car door and walked down. He said displeased: "Professor Ye, can you stop lingering? The space is small? Professor Ye, although you are Professor Turtle, I respect you, but is it so difficult to admit that others are better than you?"

That Mercedes-Benz was earned by Professor Wu on his own strength. One of his papers received a bonus of 800,000! "

"Professor Ye, I know you are still young and jealous, but this time we are welcoming you to dinner together. Can you be more mature? Don't be upset!"

Then he looked at Wei Ying and said, "Ms. Wei, since Professor Ye is going his own way, you can get in our car."

Human feelings are warm and cold.

Zheng Rui, who was originally enthusiastic, knew that Ye Chen did not have a car, and his attitude was completely reversed.

In the eyes of outsiders, Ye Chen is undoubtedly the most embarrassing and embarrassing existence at this moment.

Wei Ying stood in front of Ye Chen and said to Zheng Rui: "Teacher Zheng, you have already said that. You can get in the car by yourself. I will take a taxi with Professor Ye later."

There was a hint of coldness in her tone.

This group of people is too much!

Wu Fan looked at the time and got a little impatient, and said to Ye Chen: "Forget it, since Professor Ye doesn't know each other, then we don't need to be hot and cold. Let's go to Beijing to open a new one. That Wei Xuan restaurant eats, as for Professor Ye, he is such an arrogant person, he probably does not need to eat."

Suddenly, the scene almost got out of control.

Although no one said a dirty word, Ye Chen was undoubtedly targeted!

The owner of the original dinner was squeezed out abruptly!

What a ridiculous thing!

Wu Fan and Zheng Rui hardly planned to step down Ye Chen.

Wei Ying's expression turned bright and dark, and one hand directly grabbed Ye Chen's hand, glared at a few people fiercely, and then said to Ye Chen: "Professor Ye, I haven't thanked you for the elevator today, since then, how about I invite you to eat at a nearby restaurant?"

She is completely angry!

At this moment ~www.mtlnovel.com~ she thoroughly saw these people!

Moral!

"Fine."

Ye Chen glanced at his hand tightly clenched, and could feel the anger in Wei Ying's heart.

He also had a good opinion of Wei Ying's character.

At this moment, not far away, a Maybach boarded.

The driver who had just taken a nap came to his senses, glanced around and found Ye Chen at the school gate for the first time.

At meal time, Mr. Ye appeared at the door, and he instantly understood what Xiang Chengdong had explained. He didn't hesitate anymore, he opened the door of the car and walked quickly towards Ye Chen.

"Mr. Ye, do you want to use a car?"

Ye Chen was stunned, and then he reacted, glanced at Maybach not far away, and nodded.

Then he patted Wei Ying on the shoulder and said, "Let's go, there is a car now."

Ye Chen came to the door of Maybach, the driver bent over to open the door for him, and respectfully said: "Mr. Ye, please."

Ye Chen walked directly into the car without a trace of fluctuation.

After sitting down, he said to Wei Ying, "Get in the car."

At this moment, the whole world seemed to be quiet.

Wu Fan and Zheng Rui were completely confused!

The original grim expression seemed to be a ghost.

Even Wei Ying was stiff and motionless. In her beautiful eyes, she stared at Ye Chen deeply. Her beautiful face was full of surprises, surprises, shocks... She wanted to see Ye Chen through.

Countless eyes shot towards Maybach! Looking at the entire university city, Maybach is considered a top luxury car brand!

At least ten million!

The key is that this Maybach is an extended version!

More importantly, the license plate of this Maybach turned out to be a white background license plate with black and red!

It means this is a special official license for the capital!

Chapter 343: roll!

"Guru."

After a long silence, everyone swallowed involuntarily.

Wu Fan and Zheng Rui felt hot on their cheeks, very uncomfortable.

Their eyes are even fearful.

In their opinion, Professor Ye does not have a car!

But the \*\*\*\* is someone driving him!

He wants a cart!

And it's a top car and license plate!

Such a person's status will be low?

Lost at the starting line? Study hard? how is this possible!

Wu Fan was sweaty all over, even though the air conditioner was on in the car, his white shirt was already soaked.

He is just a university professor, which belongs to the upper circle in the eyes of ordinary people, but in the eyes of Ye Chen, he is not even a fart!

He even wondered, if he offended this Professor Ye, would he even lose his identity?

The principal treats a person so carefully, it is obvious that the other person's status is not low!

His mother should have thought of it long ago!

At this moment, the atmosphere is strange to the extreme.

The first reaction in everyone's mind is what exactly is this new professor Ye?

Ye Chen in the car was not interested in talking to these people. He glanced at Wei Ying in a daze, and said, "Are you going to get in the car?"

"Ah good....."

Wei Ying finally reacted, and quickly got into the car, and the look in Ye Chen's eyes became jealous, and she was extremely unfree to sit in the car.

The driver just tried to close the door when a figure rushed over.

"Professor Ye, I was really embarrassed just now, I'm just talking a lot, or else, I will get in the car and apologize to you."

Zheng Rui smiled and was about to get in the car.

The skin is thick to the extreme.

"roll!"

Ye Chen's expression suddenly became cold, and he glanced at the other party and uttered a word.

When the word fell, Zheng Rui felt his whole body stiff, like being in an ice cave.

The driver is also a person who is observant of words and colors, and he instantly understood what Mr. Ye meant, no longer hesitating, his five fingers grabbed the other's collar directly, regardless of whether the other party was a woman, and threw it out!

Afterwards, the driver closed the door slightly, got in the driver's seat, and the Maybach drove toward the main road.

In fact, the security guards at the school gate had already noticed the conflict here, but when they saw the sign of the car, they shrank in the security room and pretended not to see it.

A farce, without the protagonist, naturally has no meaning.

But in the eyes of Zheng Rui and Wu Fan, even if Ye Chen left, the deep fear still couldn't dissipate.

...

In the Maybach car.

Wei Ying looked around, her cheeks were reddening, she wanted to ask something, but she still swallowed the words to her lips.

She only felt that the new professor Ye was somewhat mysterious, as mysterious as a black hole.

It should be very rich to be able to drive this kind of car.

She even wondered, why Ye Chen only invited her, would it be interesting to her?

She still had a bit of confidence in her appearance. There were more people who invited her to dinner, but she refused one by one, mainly because she didn't want to owe favors.

But right now, she invited Ye Chen to dinner, how could she refuse.

Wei Ying sitting in the car felt a little restless.

"Where to eat?" Ye Chen said, breaking the tranquility first.

Wei Ying's voice was very soft: "I...I don't know..."

Ye Chen didn't know about Jingcheng, but just now Wu Fan said that Wei Xuan Restaurant was not bad, so he said: "Then I'll be the master, go to Wei Xuan Restaurant."

"it is good....."

Wei Ying didn't know what to say.

Ye Chen glanced at the Earth Soul Profound Stone on Wei Ying's neck, thought of something, and curiously said: "Ms. Wei, do you know how your parents got this necklace? This question is a bit abrupt, you You don't have to answer, I'm just curious."

Wei Ying was relieved now, she had already discovered that Ye Chen was interested in the things on her necklace.

She has always felt that this thing is worthless, and now it seems that it is very important to Ye Chen?

She hesitated for a few seconds and smiled: "Professor Ye, I don't know, but if you like this necklace, I will go home another day and ask my mother. This thing seems to be given to my mother."

"Ms. Wei, what I care about is not your necklace, but the shiny spar on the necklace."

Ye Chen explained.

Wei Ying lowered her head and glanced, then she suddenly realized, and smiled: "Professor Ye, you said earlier that this necklace was given by someone else, but I remember that there is a large piece of this spar in my house. A few years ago, my mother made it specially. Take out a small piece for people from the jewelry store to set in."

"what!"

Ye Chen could no longer remain calm, and his breathing was even a little short.

He never expected that Wei Ying's family would have more earth soul profound stones!

This is a treasure!

"Ms. Wei, I don't know where your home is? That spar is extremely important to me, and I'm willing to exchange everything! Is it okay today?"

Ye Chen was even more excited and grabbed Wei Ying's hand.

The earth soul profound stone is too important to him!

Not only needs the reincarnation cemetery, he also needs it!

You can't delay a day!

Wei Ying glanced at Ye Chen and shook her head helplessly. She found that Professor Ye was behaving more and more strangely~[www.mtlnovel.com](http://www.mtlnovel.com)~ But she didn't think too much, and said, "Well, let's not go to Wei Xuan Restaurant today. Go straight to my house for a meal. My house is on Yunhai Street on

the Fifth Ring of Beijing. You can ask the driver to drive in that direction. I haven't returned for exactly half a month."

"it is good."

Ye Chen didn't care if it was a bit abrupt, even if he took it cheeky, he wouldn't hesitate to take it!

Earth Soul Xuanshi is worthy of him.

"Go to Yunhai Street." Ye Chen told the driver.

"Yes, Mr. Ye."

The driver dropped his head and headed towards Yunhai Street.

...

Yunhaijiayuan.

Half an hour later, Maybach stopped at the gate of Yunhaijiayuan Community.

Ye Chen and Wei Ying got out of the car and headed directly to the middle building.

From the perspective of the construction of the community, Wei Ying's family situation is not solid.

In the old community, the environment is not good. Ye Chen made a decision in his heart. If Wei Ying's family really has extra Earth Soul Profound Stone, in addition to the conditions they mentioned, he would also give Wei Ying's family an extra luxury villa in the city center.

Because there is no elevator in the old community, the two can only climb the stairs to the fifth floor.

Wei Ying was about to knock on the door, only then did she realize that she and Ye Chen had only known each other for a day, would it be a bit abrupt when she came to the door?

What if my parents misunderstand?

"Crack."

At this moment, the iron door opened, and a thin, elegant middle-aged man wanted to go out. When he saw the two people in front of him, his body was directly petrified, and his expression became extremely strange.

After a few seconds, he was surprised: "Xiaoying, why are you back?"

Although this sentence was addressed to Wei Ying, the middle-aged man's eyes were staring at Ye Chen.

He is Wei Yongming, Wei Ying's father.

This look was like the look of his father-in-law interrogating his son-in-law, which made Ye Chen a little uncomfortable.

Chapter 344: Rubbish? Defiled?

Wei Yongming knew very well that his daughter had never brought her boyfriend home. He didn't even know what Wei Ying was like at school. He arranged a blind date for her several times and was rejected. This time, he brought the man back directly. Home?

"Dad, can't I return home?" Wei Ying gave Wei Yongming a white, and then introduced Ye Chen. "Dad, let me introduce you. This is a new professor from our school, Professor Ye Chenye. It's my neighbor."

Ye Chen also said politely: "Hello, uncle."

Wei Yongming nodded and murmured: "So young is a professor, and the future is boundless."

"By the way, Yinger, when did you get better?"

Wei Ying made a big red face and quickly explained: "Dad, we are colleagues, don't think about it, by the way, mom, I have something to look for her."

Collect hundreds of warriors! Play free!

"Professor Ye, come in, you don't need to change your shoes."

The three of them came to the living room. Ye Chen glanced around. The decoration was simple, but the photos on the wall were full of warmth.

He suddenly felt homesick.

But in two days, the ghost prison will be opened, and the family should be reunited.

Suddenly, Ye Chen noticed the countless trophies, certificates and group photos on the corner of the wall.

In the group photo, there is a heroic woman who resembles Wei Ying, she should be her mother.

These honors are scary one by one.

"Champion of the 2nd Beijing Traditional Martial Arts Challenge!"

"Champion of the Beijing Budo Contest!"

"The runner-up of Chinese traditional martial arts competition!"

"The first person in the Chinese Bagua Sect!"

When Ye Chen saw these titles, there was a hint of interest in his eyes. It seemed that Wei Ying's mother was not simple.

Although his strength is not comparable to himself, in the eyes of ordinary people and those ancient warriors, it is definitely not weak!

Wei Yongming focused on Ye Chen from the beginning to the end. He made a cup of tea for Ye Chen and asked: "Professor Ye, where are you from? Your accent doesn't sound like Beijing."

"Jiangnan Province."

"Jiangnan Province is good, there are outstanding people, and the air is good..."

For a moment, Wei Yongming asked enthusiastically, although his daughter said Ye Chen was his colleague, he didn't believe it.

He hasn't seen any of the opposite \*\*\*\* brought back by his daughter in Beijing Normal University for so long, and the relationship between the two is definitely not simple.

Wei Ying quickly interrupted sitting between Ye Chen and his father, for fear that his father would continue to inquire.

"Dad, you haven't told me, when will my mother be back?"

Wei Ying said.

Wei Yongming sighed and said, "Your mother is not doing that martial arts school. You have invested one or two million in it. It is still a bottomless pit. There is no need to do this in order to promote gossip. Why don't you do charity! I have several times. Let her change the house, but she refuses to change,

Ying Er, please tell me your mother, she hasn't come back yet, and I have cooked the food by myself these days."

Wei Ying's expression was a little helpless. Her mother has been like this since she can remember, pursuing martial arts to the extreme.

Since her work, she has focused more on promoting gossip.

What can their family do, they can only support.

Wei Ying looked at Ye Chen and said, "Professor Ye, how about that? I'll go to the kitchen to cook some dishes. Let's eat a little bit. I will make sure my mother is at home the other day, and then I am looking for you? My mother left that thing. My dad and I don't know."

Ye Chen nodded. As soon as he wanted to speak, Wei Yongming's cell phone rang. He took it out and glanced at it, then sneered: "Look, your mother is calling, I guess I want to bring food."

He pressed the answer button, and just about to speak, there was a rapid male voice on the other end of the phone.

"Uncle Wei, it's not good, the master has an accident! Come to the martial arts hall, and the ambulance will come right away!"

Although there is no hands-free, it is extremely clear.

Wei Ying and Wei Yongming stood up one after another.

Wei Yongming trembled, and asked, "What happened?"

"Uncle Wei, it's not clear on the phone. Someone came to kick the hall, so you can come quickly..."

When the words fell, the phone directly hung up.

Wei Yongming put on a piece of clothing and walked directly outside.

Wei Ying was a little flustered on her face, and said to Ye Chen: "Professor Ye, you are really embarrassed to go back to school first. I wanted to invite you to dinner today. I have something to deal with."

"I'll go with you." Ye Chen said.

Wei Ying wanted to refuse, but now her mother's life is at stake, she is too lazy to say something to Ye Chen: "Okay."

Not long after, the three of them arrived in a blue Roewe car in the community.

Wei Yongming burst into flames and rushed out when he stepped on the accelerator.

Ye Chen wanted Wei Yongming and Wei Ying to go to the Maybach, but after thinking about it, let's forget it.

Wei Yongming ran through three or four red lights. Ten minutes later, the car stopped in front of a relatively remote martial arts gym.

A plaque on the martial arts hall reads three vigorous and powerful characters-Bagua Gate!

Wei Yongming and Wei Ying directly opened the door and rushed out! Ye Chen naturally followed up!

When I entered the martial arts gym, I instantly felt a sense of murderous temperament~[www.mtlnovel.com](http://www.mtlnovel.com)~ A middle-aged man stood on the ring, his energy was released, his hands behind him, like a master.

Ye Chen discovered that the opponent was an ancient warrior.

As for the other corner, a woman in her forties was lying on the ground, and several disciples in the practice room were bandaging her.

"mom!"

Wei Ying rushed directly into the crowd. When she saw her mother's weakness, she felt extremely distressed, and her tears dripped.

At this moment, Mother Wei almost twisted and fractured her hand, her face was a little bruised, and blood was constantly overflowing from her mouth.

His pale face was filled with distress and weakness.

Wei Yongming saw his wife doing this and was furious: "Fuck, who did it! How could she be like this!"

"Why isn't the ambulance coming yet!"

As soon as he said this, countless eyes looked at the middle-aged man on the stage.

One of the young men wearing exercise clothes whispered: "Uncle Wei, I don't know why. The ambulance should have arrived, but there is no movement at all. I called another one just now and it was still useless."

Wei Yongming's eyes condensed, and he made up his mind: "Can't wait any longer, take her to my car and I will take her to the hospital myself!"

Hearing these words, the young man in the training suit quickly said, "Uncle Wei, this won't work. If we could deliver it by ourselves, we would have delivered it early. As soon as the master lifted it up, she would vomit blood."

After the words fell, Wei Mu, who was somewhat unconscious, spit out blood again.

shocking.

Wei Ying was scared: "Mom, don't scare me, please don't scare me, I will go outside to find a doctor..."

At this moment, a cold voice sounded from the stage!

It is the middle-aged man who has not spoken!

"Hmph, it's useless for anyone to come today! This kind of \*\*\*\* warrior dares to defile the gossip door! What is the use of her being alive!"

Chapter 345: Ye Chen who couldn't figure it out!

Wei Ying was completely frightened.

Wei Yongming also reacted. He glanced at the middle-aged man and said, "Who is he?"

The young man in the exercise room hesitated for a few seconds, and said with a trembling figure: "He...he is the one who kicked the gym and injured the master..."

As soon as these words came out, Wei Yongming was completely angry!

My wife is beaten like this, even if it is kicking in the gym, it is not like this!

He quickly stood up, took out a stick, and was about to rush to the ring!

"Fuck me, move my wife, I'll fight you!"

Wei Yongming, who had never spoken swear words, was so angry that he exploded directly!

When the other disciples of the martial arts school saw this, their expressions changed drastically, and six or seven of them directly caught Wei Yongming.

"Uncle Wei, no, that man is too powerful, and the master didn't hold on with a single move in the opponent's hands!"

The middle-aged man on the ring glanced at Wei Yongming indifferently, and sneered: "What qualifications do you ants have to challenge me! I come here with only one sentence. Tomorrow, I don't want to see this martial arts hall still exist, that The mother-in-law does not represent the gossip door! She is also not qualified!

However, she may not survive tonight! "

Wei Yongming roared angrily: "Do you know if you're \*\*\*\* murdering! I'll call the police at that time, you can't escape the blame!"

The middle-aged man smiled and said, "Call the police? Haha, ridiculous! Just go to the police, Tang Pengfei, I want to know if the police dare to touch people from the Chinese martial arts world!"

"Aren't you wondering why the ambulance is not available yet? Huh, I might as well tell you that I arranged it. Tang Pengfei wants her to die, and no one is qualified to let her live! Even Gu Wu hasn't completely stepped into it. People, what qualifications do you have to stand on your own gossip!"

"you--"

Wei Yongming was very angry.

At this moment, Ye Chen got into the crowd.

Wei Ying's mother is not optimistic. If he does not take action, the consequences will be serious.

As for the person behind him, I'll talk about it later, after all, I don't know the whole story, and it's not easy to take action.

Everyone saw that Ye Chen rushed in and quickly blocked it.

Wei Ying was even more surprised: "Professor Ye, what are you doing!"

"Boy, Master needs fresh air now, what are you going to do!"

Ye Chen took out a pack of silver needles from his pocket and said directly: "I want to save her."

Hearing this sentence, not only the disciples were shocked, but Wei Yongming and Wei Ying were shocked.

This guy is a doctor?

Wei Yongming looked at Wei Ying and asked, "This Ye Chen is a professor in the Department of Medicine? A doctor?"

Wei Ying was stunned for a long time before replying: "Our normal university does not have a medical department..."

At this moment, Ye Chen had already started to administer the needle.

The silver needle kept shooting out, shaking to the extreme!

Every stitch carries a trace of real energy!

After a few stitches fell, Wei Ying's mother's blood stopped, and there was a trace of ruddy on her face, at least not pale!

Later, Ye Chen took out another herbal medicine. In order not to expose the medicine, he directly wrapped the medicine with the leaves of the herbal medicine and fed it directly.

The pill melted in the mouth, and a few seconds later, a cough sounded!

Wei Ying's mother suddenly opened her eyes and woke up!

This scene frightened everyone!

"Cough cough cough." The woman glanced at Ye Chen and thought of something, "Did you save me?"

Ye Chen said: "You haven't recovered yet, you can't move."

The conversation between the two instantly silenced the martial arts hall.

Everyone present, including Wei Yongming and Wei Ying, had their eyes widened, as if hell!

The blood flowed in the first second, and the breath was weak, but he was alive the next second?

The genius doctor is not so exaggerated.

"Ying'er, he... is he really a professor in your school?" Wei Yongming said excitedly.

"I do not know either."

Wei Ying really couldn't figure it out, she didn't care about anything, so she rushed in and cried: "Mom, how are you feeling, how are you?"

The woman glanced at Wei Ying, a little surprised, and immediately smiled: "What can I do, thanks to this doctor."

In her opinion, Ye Chen is obviously a doctor.

At this moment, the crowd completely exploded.

"Damn, the master is really okay?"

"How could it be possible? He only took a few needles and fed something..."

"Gosh, this young man is really a genius doctor!"

"It's incredible, I'm an eye-opener!"

Those disciples were discussing, looking at Ye Chen's eyes, there was still a little contempt, it was like seeing a living god, full of worship and shock.

Suddenly, a scolding sound rang from behind: "You dare to spoil my business! You are looking for death!"

Hearing this voice, everyone's expressions changed drastically. Wei Ying's mother forcibly stood up and said to the man on the ring: "Although I don't know who you are, you are too much. You want me to shut down Wu Museum, yes! You can't hurt the innocent!"

"Mom, this martial arts hall is your hard work." Wei Ying said excitedly.

The woman ignored the coercion, but said word by word: "I set up the Bagua Men Martial Arts Hall, just to promote Bagua Men's kung fu, there is no profit, why are you aggressive!"

Tang Pengfei stepped forward, surging with energy: "No one in the entire capital dared to use the three words Baguamen. You have only learned a physical form of martial arts. In my opinion, it is a shame! You are not here! Promote the gossip door, but discredit the gossip door!"

"I just promised that you can't live and no one can save. Since this kid has violated my meaning, then erase it."

In the next second, a black light flickered and went directly to Ye Chen.

Ye Chen just stood like this, motionless, without a trace.

"Be careful."

Wei Ying's mother said excitedly. She wanted to help, but found that she didn't have the strength to stand up and help each other!

The other party kindly saved her, but died because of her! She regrets it!

The moment the black light penetrated Ye Chen's heart~[www.mtlnovel.com](http://www.mtlnovel.com)~ Ye Chen opened his five fingers, and his true energy surged.

Heiguang was held in his hand.

It's a dart.

Seeing this scene, Wei Ying's mother and Tang Pengfei on the ring shrank their eyes!

The first reaction is a master!

Ye Chen looked at Wei Ying's mother and said, "I will help you solve this person and keep your martial arts gym safe. How about you give me something?"

The woman hesitated for a few seconds. Although she didn't know what Ye Chen was talking about, she nodded, "Okay."

After the words fell, Ye Chen's true energy gathered at his feet, his body jumped, and he stepped onto the ring!

Tang Pengfei didn't expect Ye Chen not only to be good at medicine, but also Guwu!

His eyes were cold and he said angrily: "This is a matter of the gossip door, you are not qualified to intervene!"

Before the words were finished, Ye Chen moved!

Tang Pengfei couldn't help but his eyes widened!

Tang Pengfei couldn't care about everything, and subconsciously punched it! Rolling hard!

Ye Chen sneered and punched in the same way!

But there is a huge gap between the two punches!

On one side, the tiger came down the mountain, and on the other, it swallowed thousands of miles!

"Boom!"

The two forces directly confronted!

The earth is shaking!

The whole ring shook severely afterwards, and it seemed that it might collapse at any time!

"how come....."

Tang Pengfei's eyes were full of shock! At the moment of the confrontation, his expression froze!

He felt like a giant mountain in front of him, unable to move forward!

"Get down!"

Ye Chen's arm strength burst out!

"Kakka..."

Vaguely everyone heard the sound of bone fracture clearly!

In the next second, the extremely powerful Tang Pengfei directly drew a parabola and smashed the ring fiercely!

There is no one blow at all!

Chapter 346: What I want!

When Tang Pengfei fell off the ring

Everyone was dumbfounded.

This visual impact is almost shocking.

Wei Ying's mother and those apprentices know Tang Pengfei's strength

She doesn't have a single blow in the opponent's hand

But who knows, this doctor who appeared inexplicably has such strength

What a joke

Wei Ying's mother looked at everyone and asked "What is the origin of this person?"

Her apprentices shook their heads, their expressions also surprised.

Only Wei Yongming and Wei Ying have strange expressions

A few seconds later, Wei Ying said, "Mom, she is my colleague"

Wei Mu was startled and exclaimed, "He is your colleague's martial arts teacher"

Wei Ying shook her head and said, "He is our new professor at Beijing Normal University."

As soon as these words came out, not only Wei Ying, but everyone present took a deep breath.

Shouldn't university professors be gentle and gentle?

How did you turn around and become a martial artist

The key is such a terrifying powerhouse

When everyone was astonished, Tang Pengfei under the ring stepped on his feet and returned to the ring.

At this moment, his eyes are scarlet, bloodshot to the extreme

One of his arms, full of blood, was extremely horrifying.

He stared at Ye Chen fiercely, saying, "You have offended me, which means you have offended a sect for the sake of that ant. Is it worth it? With your strength, it is estimated that you should be in the top 30 of the Huaxia Grandmaster list. Existing, making too many enemies is not good."

"You talk too much nonsense."

Ye Chen's faint voice sounded.

"But since you broke a hand, I will let you have a hand, and then I will close my eyes again. If you can repel a step, I will never interfere in this matter."

Ye Chen put a hand behind him and closed his eyes at the same time, with a misty breath.

"The death of arrogant ignorance is imminent, and is still trying to do it"

Seeing Ye Chen actually closed his eyes at this moment, Tang Pengfei's expression turned sullen.

This kid, are you underestimating yourself now?

Close your eyes and hit him with one hand

This is an insult

The next second, a broken sword appeared in his hand

"Die to me"

No longer waiting, with a roar, heading towards Ye Chen

Amidst the thunderous footsteps, Tang Pengfei turned into a tiger descending the mountain.

Extremely fast

He appeared in front of Ye Chen in the blink of an eye

All the terrifying sword intent burst out, Tang Pengfei at this moment was full of dangerous aura

Under that terrifying aura, the entire arena faintly shook.

Soon, Jian Yi has arrived in front of Ye Chen

The cold light tore the air, as if it was about to let Ye Chen bleed gradually on the spot

"hiss"

Seeing the imposing sword intent, everyone couldn't help taking a breath.

Wei Ying in the audience held her breath in shock

Ye Chen is too big.

Close your eyes and let others kill

What's the difference between this and death

Even in his eyes, Ye Chen's motionless appearance seemed to be frightened.

The smile on the corner of Tang Pengfei's mouth on the ring became more and more "idiot"

Just when the sword intent was about to break Ye Chen's body, Ye Chen stretched out his hand, the air was confined

The sword intent seems to be blocked by an extremely terrifying force

"Ding."

The broken sword slashed on Ye Chen's palm

No blood

No bones

Tang Pengfei's expression was terrifying to the extreme

"how can that be"

At this moment, Ye Chen closed his five fingers, and the broken sword was directly crushed by Ye Chen.

"I wanted to save your life, but now I regret it"

Ye Chen's faint voice fell.

In the next second, the five fingers stretched out, and the infuriating energy gathered directly on Tang Pengfei's neck.

"You can't kill me"

Tang Pengfei was frightened, his eyes were full of fear

"People in the world, Ye Chen can't kill without me"

With a "click", Tang Pengfei's neck was directly broken by Ye Chen.

Then it was thrown on the ground like a dead dog.

defeat

One move, Ye Chen wins

silence

At this moment, the scene was extremely quiet.

It's so quiet, even suffocating

call

It wasn't until a cool breeze blew that everyone shook their heads and recovered.

"Wow"

The next moment, the scene boiled.

"That guy actually lost, he is about the same age as us, how could he be so strong"

"Isn't it dead?"

"It should be impossible. Killing in Huaxia will lead to jail."

"He really is a university professor. When did university professors be so scary."

Ye Chen glanced at Tang Pengfei's corpse and called Ying Qing and asked him to deal with it.

After that, he stepped off the ring step by step, came to Wei Ying's mother, and asked, "How do you feel? After five minutes, your body should be able to move."

Wei Mu was startled, and immediately tried to stand up, only to find that all the pain in her body disappeared.

"Thank you senior for helping me."

Wei Mu's attitude is extremely respectful, she is different from others

She is a warrior. In her eyes, anyone who is stronger than her is a senior

And Ye Chen is qualified

Ye Chen shook his head, "This is a deal, you have what I want."

Mother Wei hurriedly said, "Senior, I don't know what you want."

At this moment, Wei Ying interjected, "Mom, it's the spar inlaid on my necklace."

She really can't stand the names of the two, and she can't even accept Professor Ye, who is the same generation as her. She changed her body and became the senior of her mother. This generation is too messy~www.mtlnovel.com~ Wei Mu's face changed. , Immediately muttered to himself, "I should have guessed it a long time ago. Since I promised Senior, then Senior will come home with me."

"it is good."

Ye Chen couldn't ask for it.

"Hey, hey, don't you two care about the people in the ring, he won't die, professor Ye, he"

Wei Ying interrupted suddenly

She didn't want Ye Chen to go to jail because of her family affairs.

Although her mother is a warrior, she is an ordinary person. She has never seen anyone die before her eyes.

She's panicking at this moment

Ye Chen glanced at Wei Ying, and could only comfort him, "You think too much, he is not dead, just fainted."

"What about that guy"

As soon as Wei Ying's words fell, a group of armed men rushed in.

Several men in military uniforms came to them and showed their credentials. "Hello, just received a report from the masses. A dangerous fugitive came here, I don't know."

Before he finished speaking, Ye Chen looked at the ring "over there."

"Thank you for your cooperation."

Several people stepped onto the ring, confirmed Tang Pengfei's identity, and directly carried him away on a stretcher.

The whole process only lasted a minute, without even asking what happened.

Strange to the extreme.

Wei Ying finally reacted, surprised "These law enforcement officers are so perfunctory"

Mother Wei glanced at Ye Chen, nodded her head, didn't say much, he knew that these people were brought by Ye Chen.

This acting is just to protect his daughter's last trace of pure land.

With Wei Yongming's support, she whispered softly, "Today the martial arts hall is closed for one day, everyone should go home and rest."

"Senior, please come with me."

There are also updates. I will stay up late to write and post it in the early morning. The latest update is really not good, but I will return to the city in a few days. I will try to make more violence and compensation.

Chapter 347: I have a sword, which can cut the world!

One hour later, Yunhaijiayuan.

The four got out of the car.

They could come back early, but because Wei Ying and Wei Yongming were worried about Wei's mother's health, they insisted on going to the hospital for an examination.

But something strange happened. After the inspection, Wei Mu's data was normal!

Except for a few bones that are somewhat misplaced, and the platelets are somewhat low, there is hardly any condition!

Wei Ying and Wei Yongming were directly frightened, and they even planned to take a film and check again, but they were blasted out by the doctor!

Along the way, the expressions of the two of them were weird and weird, even staring at Ye Chen as if there were flowers on his face.

Wei Mu is a little indifferent, she knows more things in a family of three.

She is certain that Ye Chen is the kind of existence in the legend. Although I don't know why he went to Beijing Normal University to be a professor, it is not important anymore. Not only can such a strong person not offend, he must serve well!

Wei Ying had ten thousand doubts in her heart. Whenever she wanted to ask Ye Chen the reason for all this, she was stopped by Wei's mother.

Mother Wei said softly, "Don't ask if you shouldn't."

When we arrived at the place where she lived, Mother Wei learned that Ye Chen hadn't eaten yet, so she directly ordered: "Old Wei, and Yinger, you can make something to eat. I have something to discuss with senior."

Wei Ying glanced at Wei's mother whitely: "Mom, he is my colleague anyway, what do you have to discuss with him, just just say no here?"

"If you're an adult, don't interrupt the child." Wei Mu blamed.

Seeing that her mother was going to freak out, Wei Ying could only stick out her tongue and head towards the kitchen.

"Senior, please come with me."

Wei Mu brought Ye Chen to the study.

The study room is antique, with a row of old books.

Ye Chen glanced around and found that all the contents above were all the information of the Bagua Sect.

As if he had noticed Ye Chen's gaze, Wei Mu explained: "A dozen years ago, I met a woman who changed my destiny. She accepted me as a disciple, taught me martial arts, and let me step into the gossip door. ."

"It's a pity that she taught me a month and left, but this month's things have made me infinitely profitable. I won countless traditional martial arts awards, and even faced some ancient martial artists, I was able to do well. I thought I had already touched When I hit the ceiling of Chinese martial arts, I was anxious to carry forward the martial arts of Bagua.

Now it seems that my thoughts are too naive. Today's strong player is far surpassing my strength. What I have learned throughout my life has not even a trace of resistance! "

"If I hadn't taken a shot from my senior, I might have died long ago."

Suddenly, "Plop!" Mother Wei knelt down!

"Ying'er was here just now, so I can't say a lot, I'm here again to thank seniors for taking action!"

Ye Chen shook his head and stepped on, a wave of air condensed.

Mother Wei stood up directly, as if there was a force holding her up.

"You don't need to kneel on me. I shot because of Wei Ying on the one hand, and Earth Soul Profound Stone on the other."

Ye Chen's faint voice sounded.

"Earth Soul Xuanshi?"

Wei Mu was startled, and immediately thought of something, and quickly removed all the books on the shelf.

There is a hidden compartment behind the bookshelf.

Opening the secret compartment, Wei Mu took out a brocade box.

"Senior, I don't know that this thing is called Dipo Xuanshi. In fact, a few years ago, the senior who once taught me the gossip technique appeared again. She gave this thing to me, saying that my daughter needs to wear this. Only things can live, so I took a part and made it into a necklace."

Ye Chen took the brocade box and nodded: "Your daughter has a \*\*\*\* cold body. This is extremely rare. Once it is stained, she will definitely die."

"Your daughter could not live to be eighteen years old. If it were not for the suppression of this thing, she might have died long ago."

Hearing these words, Wei Mu's face changed drastically.

Although she didn't know what Shaxue Cold Body was, Ye Chen's tone was so serious that it was enough to explain the problem.

"Senior, if the Earth Soul Profound Stone can't be suppressed, is there something going to happen to my daughter..."

Her voice trembled.

Ye Chen ignored it, holding his breath, and directly opened the brocade box.

An extremely terrifying aura overflows!

A splendid spar lies quietly inside!

It is the Earth Soul Xuanshi!

At this moment, even if Ye Chen was mentally prepared, he couldn't control his inner excitement.

"The treasure that Kunlun's imaginary is hard to get, I got it in China! My luck is simply against the sky!"

Ye Chen sighed with emotion, stretched out his hand, and directly held the Earth Soul Profound Stone. In an instant, he could feel the black stone in his pocket rushing out!

The reincarnation cemetery is even more shocking!

"Crack! Click!"

Two clear voices sounded!

The surface of the two tombstones in the reincarnation cemetery shattered directly, revealing two lines of words!

"Lingfu League, the sea is peaceful!"

"Wan Dao Sword Sovereign, Chen Tianli!"

Below Chen Tianli's name, there are a few small lines of text.

"I have a sword to crush the world!

I have a sword, bloodbath reincarnation!

I have a sword to fight against hypocritical gods!

I have a sword, cold light against the devil!

I have a sword to subvert everything!

I have a sword that can slash the world! "

Ye Chen could feel the surging breath of Chen Tianli's tombstone was extremely terrifying!

Even sword shadows appeared around it!

Even the Dragon Slashing Sword thrown in the Samsara Cemetery trembles~[www.mtlnovel.com](http://www.mtlnovel.com)~ as if resonated by some kind of power.

"It is estimated that Chen Tianli is a bit more powerful than Cang Haiping, but these two are both ancient powers, enough to deal with the acquired ghost prison."

Ye Chen stopped thinking about it, returning to reality, looking at Wei Mu: "I can tell you very accurately that the earth soul profound stone is extremely precious, and saving you alone is not enough to return it. You can mention three to me now. Request, as long as it does not violate my principles, I will promise you."

Wei's mother was startled and not hypocritical. She knew the value of the profound stone in this land was terrifying. She thought for a few seconds and said: "Three requirements are too many. I only have one requirement. I hope my daughter can live healthy and healthy. All intrusions."

Ye Chen's eyes condensed, and he said: "Wei Ying has a good personality, and I don't want to see her die prematurely. I can only promise you that as long as I'm still alive, I can't move her, including the \*\*\*\* body."

If the Earth Soul Xuanshi can't suppress it, I will also find a way to save her.

Two more conditions are still being counted. "

Wei Mu shook her head like a rattle and said, "As a parent, I really don't expect anything except this request."

Ye Chen thought for a while, and took out a bank card from the reincarnation cemetery, a key that the dragon soul gave him.

"I don't know how much money is in this bank card, but it is enough for your family to live a good life for the rest of your life. The password is six to eight."

"This key is a large apartment in a residential area in the center of Beijing. The address and house number are on the key."

"You can't refuse. If you don't, you will lose it. Anyway, I took a big advantage in this transaction."

Ye Chen's tone is full of no doubt!

Chapter 348: 1 square pure land

Mother Wei stared at the key and bank card.

A house in the center of Beijing is at least 20 million yuan!

Although the bank card does not know how much it is, it is definitely not low!

The two things combined are at least 50 million!

If the conditions to protect Wei Ying are added, this transaction is almost sky-high!

Is Earth Soul Xuanshi so important?

"Senior, I really can't ask for it."

Wei Mu refused.

"I said, you can't refuse." Ye Chen's indifferent voice sounded.

After hesitating for a few seconds, Mother Wei said, "If this is the case, I will accept these two things. If the senior will take them away at any time, tell me."

Afterwards, Ye Chen looked at Wei's mother, thought of something, and said: "I see you are dedicated to martial arts, so I will give you a chance."

In the next second, Ye Chen pointed at Wei Mu's eyebrows.

In an instant, a stream of information penetrated into Wei Mu's mind.

When Wei Mu noticed this flow of information, her expression completely changed. This was actually ancient martial arts and martial arts!

Far beyond everything she has!

Even more powerful than the gossip door that the woman taught her!

"Senior, you are too expensive, I really can't afford it."

Although Wei Mu longed for this thing, it was no better than a bank card and a house. It was worth far more than everything!

priceless!

Wei Mu even planned to kneel again, but this time he was directly blocked by Ye Chen.

Ye Chen turned his back and said indifferently: "The things in your mind are inaccessible to me, just take them."

Not inflow?

Mother Wei took a breath!

Such a heaven-defying technique is still not in the eyes of Ye Chen?

How terrifying is his strength!

"Okay, let's go out to eat." Ye Chen ordered.

Mother Wei did not move, but opened the mouth and said, "Mr. Ye, I have one more thing to ask."

"Say."

"Ying'er is my painstaking effort. I want to know what effect the \*\*\*\* cold body will have on my daughter..."

Ye Chen's eyes condensed slightly, glanced at Mother Wei, and sighed: "Wei Ying's \*\*\*\* cold body is still in its infancy. The Earth Soul Profound Stone can suppress it, but after a few years, her \*\*\*\* cold body will break out completely, and the Earth Soul Xuanshi couldn't suppress it! If she didn't have the martial arts strength, she might not escape death.

However, the Shaxuehan body is not only one extreme, but also another extreme. If she has a suitable cold attribute technique, she will cultivate faster than anyone, and even become the ruler of one party."

Wei Mu's face was pale, and she never allowed Wei Ying to practice, just hoping to give her a pure land.

There are too many disputes and dangers in the world of martial arts, just like today, she almost fell.

She really doesn't want Wei Ying to embark on this path. How good is it to be a college English teacher?

Daily commuting, winter and summer vacations, falling in love, getting married and having children are her plans for Wei Ying's life.

But now it seems that everything is broken.

However, Wei Ying has no choice.

Mother Wei suddenly looked at Ye Chen in front of her with a hint of deep meaning in her eyes.

Regardless of her appearance and figure, her daughter can be astonishing, and looking at the entire capital, she is also considered the best!

If you let your daughter get along with this senior, and the two of them do a lot of firewood, maybe it will be done.

If the daughter has the guardianship of such a strong man, she will be really worry-free for a lifetime.

It's just that her only concern is that seniors look down on her daughters, seniors are so good and so young, will there be a lack of women around them?

"Senior, I don't need those things. I only have one request. I hope you can accept a little girl as a disciple."

Ye Chen nodded: "I originally planned to take her as a disciple, but she would be very repulsive if she accepts her as a disciple. Look at the future, the earth soul profound stone still suppresses her \*\*\*\* cold body."

"Thanks, senior!"

The two returned to the living room, three dishes and one soup were ready.

Although simple, it is full of home taste.

"Professor Ye, what are you talking about with my mother, for so long?" Wei Ying arranged the dishes and said with a smile.

"Just chat and eat."

"Okay, Professor Ye will eat the braised pork I made. Today I am in a good state, but it is delicious."

Wei Ying seemed to let go a lot at home, and even gave Ye Chen a piece of meat.

A meal is full of fun.

After the meal, Wei Ying planned to stay at home for one day, but she didn't expect to be driven out by Wei's mother.

"Tomorrow you have to go to class, what are you sleeping at home, you happen to accompany senior back to school." Wei Mu said harshly.

Hearing this, Wei Ying's expression became extremely weird. She couldn't help her mother and could only go back to school with Ye Chen.

At the entrance of the teacher's apartment, Ye Chen stretched out his hand and said seriously: "Ms. Wei, give me your phone."

Wei Ying frowned, still handing out her mobile phone, and said, "Professor Ye, what are you going to do?"

Ye Chen saved his number and set it as an emergency contact.

Since he promised Wei's mother to protect Wei Ying, he would naturally do it.

Now he couldn't determine when Wei Ying's \*\*\*\* cold body broke through the earth soul profound stone and began to get sick, so he could only wait for Wei Ying to notify him.

He returned the phone to Wei Ying and said word by word: "Wei Ying, remember, in the future, if your body feels extremely cold, or if you have any trouble, call me, even more than calling the police. Priority! I understand it!"

Wei Ying's beautiful face flashed strangely.

She really found that the new professor Ye became more mysterious.

With a luxurious car and amazing medical skills, and even martial arts strength, his mother has to call seniors. How can such a person be willing to come to a university as a professor?

"Have you heard! This is not a child's play!" Ye Chen increased his tone for fear that Wei Ying thought he was joking.

"Okay...I understand." Wei Ying took the phone and hurriedly headed to her house.

The door closed, leaving only Ye Chen with a complicated expression.

...

At the same time, a quiet compound in the capital.

The power of the formation was surging outside the compound, and looking inside from the outside of the formation, nothing could be seen.

Only when you step into the formation can you find the clues.

The door plaque above the compound reads two vigorous and powerful characters-Jiang Family!

Above the Jiang family's living room, an old man with a strong aura was sitting on the Grand Master's chair~[www.mtnovel.com](http://www.mtnovel.com)~ He closed his eyes, and a wave of majesty spread.

A strong aura surged all over his body, as if a mountain and river could be destroyed in a single thought.

At this moment, a middle-aged man appeared in the Jiang family hall, and the old man opened his eyes, his muddy eyes only disdain.

As if to disdain everything.

His lips opened, and a faint voice sounded: "Jiang Biewang's cause of death has been investigated?"

The man in the middle nodded, his eyes hesitated.

"Let's say, a member of my Jiang family died in Hui'an Province. The matter is too big. I am curious about anyone in China who dares to move my Jiang family."

The middle-aged man pondered for a moment, and said astonishingly: "Master, the incident in the martial arts circle of Hui'an Province is related to one person, that's the kind of evil."

Chapter 349: His blood is not worthy!

"Which kind of evil?"

The old man's eyes condensed, and he felt something wrong.

Although he had guessed something in his heart, he felt as if to tell him that it was impossible.

The middle-aged man's expression is a bit weird: "Master, what kind of evil is there in our Jiang family..."

"Then the Ye Family in Jiangcheng is trash?" the old man said.

"Yes, sir."

Hearing these words, the old man's face became pale!

"Snapped!"

A palm was slapped on the desk beside him!

The desk shattered like a spider web!

The antique teacup worth tens of millions was also completely shattered.

Tea splashed everywhere, soaking the old man's clothes.

The middle-aged man had long known that the old man would react like this, and his expression was a little helpless.

The old man stood up, not lightly angry, and said angrily: "That wicked kind dared to kill the people of my Jiang family! It's impossible to find death! It seems that the foreign objects have also fallen into this guy's hands."

At this moment, the middle-aged man interjected: "Master, this is not the case. There is a wind from Hui'an Province. It seems that the thing is not in Ye Chen's hands, but in the hands of Master Jingdao."

The old man's brows twisted into a sichuan word: "Why is that guy involved, huh! No one is qualified to move what my Jiang family wants, you send someone to contact that guy personally! If you don't hand over that thing, Just erase it directly."

The middle-aged man didn't do anything, instead he whispered: "Master, I haven't finished speaking yet. I have a guess in my heart. I think it's not that simple. The relationship between Master Jingdao and Miss Pei Rong is unusual. This person is in this situation. Taking everything under control is obviously to protect the evil seed, and things from outside the territory are most likely still in the hands of the evil seed."

The old man's eyes flashed with a hint of coldness and anger, and with a wave of his robe, he said coldly: "In that case, you order someone to let that kid spit it out! There are some things that can't be moved by his waste!"

The middle-aged man sighed, the old man would never forgive Jiang Hirong's family.

Every time this one is mentioned, the calm master seems to be a lion that has lost his mind.

Once Jiang Hirong was regarded as the jewel in his palm, now they seem to be enemies.

He hadn't even seen the two couples in Ghost Prison.

Even no matter what kind of torture they suffer inside.

This may be the cruelty of the martial arts world.

Those who have no value in the Jiang family must be ruthlessly discarded.

The Jiangcheng family is actually pitiful.

Of course, these things can only be thought of in his heart, he dare not say them.

Old man Jiang's anger is not something he can bear.

When the old man saw that the middle-aged man was still standing, his eyes flashed with anger, and he said, "Don't go down and do things!"

"Master, there is one more thing I haven't told you."

The middle-aged man said respectfully.

"If you don't finish the matter at once, you will be expelled from Jiang's family from now on!"

The old man's cold voice sounded, and the whole hall was covered with a trace of killing intent!

The majesty of Huaxia Pinnacle Grandmaster, how can ordinary people bear.

The middle-aged man felt a huge mountain on his body, no longer hesitating, and quickly said: "Master, that wicked species has come to the capital."

"what!"

A hint of chill flashed in the old man's eyes!

In his eyes, the evil kind of waste is even qualified to set foot on the capital!

What if he stepped into the martial arts! Fangen is a mere trifle, without the cultivation resources of the family, he can only struggle at the bottom of his life!

Stepping into the capital is tantamount to seeking a dead end!

Feeling the anger of Elder Jiang, the middle-aged man whispered, "Master, do you need to kill that evil species?"

Elder Jiang snorted coldly, hesitated for a few seconds, and waved his hand instead: "Kill that wicked species? He is not worthy! The blood on this person will only tarnish my Jiang family's sword!"

"You send a strong man from the Jiang family to find this son and ask him to surrender the things from the outside world. If the other party refuses to take it out, interrupt the hands and feet of this evil species, and abolish his cultivation base, I don't want this kid to appear in this life In front of me!"

The middle-aged man's expression froze, and he never thought that the master of the China Martial Arts Bureau would treat a junior like this.

After all, Ye Chen's blood is also flowing with the Jiang family.

However, Jiang Hirong resisted the marriage and chose an ordinary person to marry, and even gave birth to an evil species without a root. This incident almost humiliated the Huaxia Jiang family.

For more than ten years, the master did not participate in martial arts conferences.

Because he can't afford to lose his old face!

Countless patriarchs of the same level laughed at the master with this family matter, why is he not angry?

Ugh.

For a while, he actually felt a little sympathetic to Ye Chen who set foot on the capital.

No longer thinking about it, he nodded and stepped back: "Yes, sir."

...

Beijing Normal University, teacher apartment.

Ye Chen sat cross-legged on the sofa, he ran the Nine Heavens Xuanyang Jue, and a black stone revolved around his body.

The black stone stared at the earth soul profound stone on the table, as if he wanted to swallow it, but was stopped by Ye Chen.

"This stone, I need to use it for cultivation, and wait for the rest to give it to you."

The black stone seemed to be protesting, and the speed was getting faster and faster. Ye Chen no longer hesitated. Five fingers stretched out, his true energy condensed, he directly held the black stone in the palm of his hand, and then put it in his pocket.

Although this stone carries the cemetery of reincarnation, it is considered the top item, but Ye Chen is now the tomb owner of the cemetery of reincarnation, you have to listen to it!

To some extent, he even surpasses those hundred mighty powers!

He is the person who turned over a hundred people!

Ye Chen's five fingers squeezed, releasing his evil spirit! The blood dragon appeared in the room instantly.

"broken!"

With a loud shout, Ye Chen pointed on the Earth Soul Profound Stone, and the Earth Soul Profound Stone split into two instantly, and the whole room was instantly covered by the seven-color light!

Full of seven auras!

Metal, wood, water, fire, earth, evil, mysterious!

Seven different rays of light rushed directly towards Ye Chen, and even penetrated his Dantian! A scorching breath swept in instantly!

This feeling is so cool!

"I thought that after coming out of Kunlun Xu, my cultivation speed would slow down, but I never thought ~[www.mtlnovel.com](http://www.mtlnovel.com)~ these opportunities would be worth more than ten years of cultivation inside!"

Ye Chen was overjoyed, and said excitedly: "I will absorb it all!"

As the pores all over his body opened, Ye Chen suddenly felt powerful and boundless energy pouring into his body.

The Nine Heavens Xuanyang decisively revolved, Ye Chen seemed to be a black hole, devouring endlessly!

At this moment, the energy in the house is a thousand times stronger than the outside world! Extremely scary!

The more the energy of the Earth Soul Profound Stone was swallowed, Ye Chen's breath began to continue to rise, no matter what, the blood dragon phantom that surrounded him also benefited endlessly!

Under the impact of the powerful energy, Ye Chen couldn't help showing an expression of pain.

A surge of energy seemed to tear Ye Chen's body apart and burst his veins! The phantom of the blood dragon is also a bit quintessential! The figure began to expand, and there were waves of dragons from the whole room!

Chapter 350: unstoppable!

Three in the morning.

The Beijing Normal University is full of cold winds.

There are almost no people in the school, only a security guard holding a flashlight patrolling the surroundings, while patrolling, while watching the live broadcast of beautiful women, he is not tired.

Suddenly, a violent wind appeared, and a black shadow flashed behind the security guard, the speed was reaching the extreme.

The naked eye can't detect it at all.

The security guard staggered and threw the flashlight in his hand directly on the ground. He picked up the flashlight and cursed: "What the \*\*\*\* is this demon! The night shift is really too much for it now."

The flashlight hadn't been tightly held for a few seconds, and another rapid black shadow appeared!

"Patter!"

This time, the security's cell phone and flashlight all fell to the ground, and his body fell to the ground.

At this moment, the security guard was a little panicked, picked up the flashlight, and took a picture of the surroundings without a shadow.

The cold wind hit his back and the hairs stood up.

Legend has it that there is a cemetery under the Beijing Normal University. Could it be haunted?

The security guard shook his body and quickly walked towards the security room.

At the same time, the figure that appeared later in the teacher's apartment stopped.

This person is the middle-aged man who is talking to Mr. Jiang today.

Jiangzhen Industry!

He can also be regarded as the strong man of the Jiang family's first echelon, and his strength is very strong. Although he does not rank in the Huaxia Grandmasters list, his strength is enough to kill the strong after the tenth in the Huaxia Grandmasters list.

He wanted to send someone to deal with Ye Chen, but after thinking about it carefully, he came over in person.

He was too curious about this Jiang family's evil seed.

Being able to take things from outside the territory in the hands of many powerhouses in Hui'an Province, the strength should not be underestimated.

But that kid was a waste in Jiangcheng five years ago. Why would there be such a big change after five years?

This is the biggest doubt in his mind.

At this moment, he looked at the surging black shadow curiously, narrowed his eyes, and muttered: "It seems that not only the Jiang family has to deal with this kid, but there are other forces that don't want this kid to live."

"Judging from the speed of the figure, the strength should not be underestimated, but I am curious how this kid will survive this time."

When the words fell, Jiang Zhenye also caught up with him, surging with energy under his feet, and headed directly to the teachers' apartment.

...

At this moment, Ye Chen naturally did not know that the crisis was slowly approaching.

His breath became more and more terrifying, and the blood dragon couldn't even contain the house.

He even felt a breakthrough breath!

When he was about to break through, his eyes suddenly opened!

The breath dissipated, and the blood dragon got into his body, and his cold eyes shot toward the window!

Someone came!

"Boom!" The glass on Ye Chen's left suddenly shattered, and a dark shadow rushed in.

The figure and age are probably a young man. The young man is wearing a half-face mask and leather clothes. He holds a machete in his left hand and a picture in his right hand.

The young man glanced at the photo, then looked at Ye Chen, with a cold arc showing through his mouth.

"Ye Chen, you dare to step into the capital, don't you know that this is the headquarters of our Blood Plum Palace!"

Ye Chen's eyes shrank, and the identity of the other party was already very clear.

Hall of Blood Plum.

He had previously wondered why he killed the so-called No. 1 killer of the Blood Plum Palace, why the Blood Plum Palace didn't bother him.

It is not rumored that the most terrifying thing in the Blood Plum Palace is the endless pursuit!

Judging from the breath of the other party, it was completely different from the first killer killed in Jiangnan Province that day.

Stronger!

It seems that the so-called number one killer he beheaded was not worthy of the truth.

The young man moved his neck and said grimly: "You killed a very important killer in my Blood Plum Palace. The owner of the Blood Plum Palace was very angry, and the consequences were serious. Even at the mercy of transferring me back from overseas, I thought See, what strength do you have to set foot on the capital!"

The scimitar in the young man's hand flickered, and the killing intent and coercion pressed towards Ye Chen!

Suddenly, the young man noticed something, his eyes fixed on the piece of earth soul profound stone on the table!

He breathed a little bit, and said excitedly: "You actually have an Earth Soul Profound Stone! Haha, God helped me! Now this thing is mine!"

After the words fell, he grabbed his five fingers and moved towards the Earth Soul Profound Stone. He was about to draw the Earth Soul Profound Stone, and an indifferent voice sounded: "You disturbed my cultivation, which made me very unhappy. serious."

"Boom!"

That energy was directly shattered by Ye Chen's billowing thunder!

The youth's expression was a little wrong.

"Huh! The mere ants dare to resist! Then I will kill you first, and then jump treasure!"

boom.....

With a cold snort, the young man exploded a powerful wave of air.

Unreservedly, just one punch!

In his opinion, Ye Chen is not qualified to let him out of the sword!

boom.....

Moving like a mysterious thunder!

The punch blasted and the whole room was shaking.

The terrifying fist wind howled, as if it turned into a beast, swallowing everything!

Some furniture was smashed directly, the sofa in the living room was torn in an instant, and hairs flew in the air.

"dead!"

A strong fist wind swept over and took Ye Chen's heart straight.

Because of the sudden interruption of Ye Chen's cultivation, his body was a little bit backlash, and he couldn't take care of everything, so he blasted out the same punch!

This punch, the evil spirit bloomed!

"Roshia fist, break all directions!"

The power of Ye Chen's flesh and blood burst out, and his whole body rushed out!

boom.....

With one blow, the fist roars! Head-to-head!

Between the collision of fists and palms, a terrifying wave of air emanated, a thunderous roar, exploded from the confrontation between the two!

Pedal...

Following this blow, the strong man in the Blood Plum Palace then retreated, and his body even hit the wall.

And Ye Chen stepped back two steps, blood surging in his body.

He had known that the people from the Blood Plum Palace were coming at night, so he would not break through.

The young man glanced at Ye Chen, licked his tongue, and sneered: "Interesting, the power is stronger than me, you are worth my knife!"

"Blood Slashing Spirit Blade!"

The young man roared, and the clever and unrestrained figure spun away, and a knife circled around. The whole body was filled with the knife shadow, blowing towards Ye Chen like a tornado.

Shattering... the knife is sensuous, swift and shadowless.

A large number of sparks and the breath of tearing the air surged, and the waves of air made the whole room even more messy.

Countless knife shadows even closed all Ye Chen's retreat!

"dead!"

Just when the knife shadow was about to completely fall, Ye Chen's cold voice sounded: "Why do I have to do it where I live? Kill you, you are not qualified to let me use the sword!"

After the words fell, Ye Chen shook with a weird figure and disappeared into the extremely violent blade shadow!

"what happened!"

Ye Chen disappeared suddenly, which made the grinning smile at the corner of the young man's mouth solidify, and his figure utterly halted.

"What a weird body technique!"

"After you die, I will go to the Blood Plum Palace myself!"

In the young man's surprised eyes, Ye Chen's voice suddenly came.

"not good!"

Hearing this voice, the youth was full of horror.

A huge crisis swept over in an instant~[www.mtlnovel.com](http://www.mtlnovel.com)~ He felt that the surrounding atmosphere seemed to be locked, the situation was not right, and he subconsciously prepared to go to the broken window!

But it's too late!

"Want to go? Late!"

Ye Chen took a step, and the blood dragon phantom came out of his body, as if entangled the youth of the blood plum palace!

Before the youth could escape, Ye Chen had already stuck behind the youth.

"Boom!"

A palm was shot, and the dull roar instantly exploded.

"How is it possible! This kid's strength is completely different from the investigation!"

Stormy waves are set off in the heart of the youth! The eyes are terrified to the extreme!
