

Urban Medical 371

Chapter 371: Leave it to me!

"Tear..."

In the end, with a dull tearing sound, the silver light was ruthlessly torn.

puff.....

The woman seemed to be backlashed, blood was spit out, and her complexion became extremely pale.

And a black shadow flashed quickly and appeared in front of her!

"how is this possible....."

Seeing that Ye Chen directly broke through her technique and slammed in front of him, the smile on Bai Yao's face disappeared.

His own blow, instead of beheading this ant, was easily destroyed by the opponent.

The key here is that you can't use all the power of martial arts, so what is going on with this kid in front of you!

Unable to let her think, five fingers penetrated directly, strong wind gusts!

Her white neck was directly clasped by her hands!

Five fingers exert force.

Ye Chen moved and slammed directly into a giant tree!

"Do not....."

Thinking of this, Bai Yao shuddered and roared loudly.

"I gave you a chance, and I won't give it a third time."

Ye Chen's indifferent voice fell!

Immediately afterwards, with a loud noise, Bai Yao's body was directly hit by Ye Chen against a giant tree!

"Crack!"

The giant tree shattered, and Bai Yao also vomited a mouthful of blood.

Even if there is a woman in front of him, she is very sexy, but in the eyes of Ye Chen, anyone who dares to stand in front of him is dead!

Bai Yao could no longer withstand this power, spit out a mouthful of blood, very embarrassed.

She couldn't take care of everything, her fingertips forced a stream of essence and blood, trying to choke off the condensing technique, but Ye Chen didn't give her a chance at all!

"Kacha!" With a cry, Ye Chen's other hand clasped the opponent's wrist, and then snapped, the bone broke directly!

I can't pinch this life!

If Bai Yao can't condense her spells, what is the difference between her and the waste!

"How can the magic under my feet be useless to you! How dare you break my hand!"

Bai Yao's eyes were full of anger, wishing to become a fierce beast and swallow Ye Chen!

"Spells?"

Ye Chen sneered, and then stepped on the ground, the blood dragon phantom fell directly from the sky and hit the ground directly!

"Boom!" There was a dull crackling sound.

That spell was broken directly!

Very strong!

Even Xiang Chengdong's **** was completely untied.

Bai Yao saw this scene, her angry eyes were full of horror!

Who would have thought that something she had always been proud of was so unbearable in this guy's eyes!

How did he do it?

"Who are you!" Bai Yao subconsciously exclaimed.

A touch of coldness appeared at the corner of Ye Chen's mouth, and he said lightly: "It doesn't matter who I am. The important thing is that if you don't open the ghost prison, I will feel endless fear."

Threatened.

The cold threat.

Bai Yao spit out a mouthful of blood, and suddenly laughed: "You want to enter the ghost prison so urgently, you should be imprisoned inside the ghost prison, who is very important to you, if I don't open it, you will never want to see it for the rest of your life."

"Opening the ghost prison requires me to actively contribute my blood. Even if you kill me and get my blood, it won't work at all, haha! You might as well try to move me again!"

Bai Yao's smile is ferocious and crazy!

She was sure Ye Chen wouldn't touch her!

"you sure?"

A dozen silver needles appeared in Ye Chen's hand, and the silver needles shot out, and they shot on Bai Yao's back accurately!

The silver needle kept trembling, as if forming a force in Bai Yao's body, spreading continuously.

"You just said that martial arts is not the only thing. To a certain extent, I always say that I am a doctor. I am a doctor, and I can give you life, and I can also make you feel bad."

Bai Yao was startled, just about to say something, a feeling of biting all over his body.

This feeling is like thousands of ants biting her whole body.

Extremely difficult!

"You let me go! What did you do to me! If my father knew you would die!"

"My father is the elder Bai of the Ghost Prison. He has been to Kunlun Xu. He wants to kill you easily. Take the silver needle away from me! Quick!"

Bai Yao was so uncomfortable that she even wished to die in front of Ye Chen.

But at this moment, she doesn't even have a chance to die!

When Ye Chen heard Kunlun Xu, his eyes shrank slightly. It seemed that this ghost prison had something to do with Kunlun Xu.

Otherwise, there would be no confidence to threaten Xiang Chengdong of China Pharmaceutical Union.

But even if there is a connection between Ghost Prison and Kunlun Xu!

Once, he was in awe of the people and forces in Kunlun Xu, but now, he is the tomb owner of the reincarnation cemetery, with a hundred mighty standing behind him, what are the powers of Kunlun Xu?

Not even qualified to make him in awe!

The only thing he has to do now is to find his parents!

Ye Chen released his hand and let Bai Yao twitch on the ground.

"As long as you are willing to open the ghost prison, I will remove the pain from your body. If you want to be a hero, I will stay with Ye Chen to the end!"

Bai Yao was vomiting foam in her mouth, she couldn't help it anymore, and said in a hoarse voice: "Untie me...I...I help you turn it on..."

Ye Chen took a look at the time, and then waved his big hand, the silver needles were directly shaken out by a force, and the needles were inserted on the giant tree nearby.

Bai Yao was relieved and exhaled for a long time. She turned over and looked at Ye Chen's eyes with only fear.

A jade pendant appeared in her hand, then stood up and limped towards Yunhe Lake.

"The entrance to the ghost prison is at the bottom of the lake, you... follow me."

Ye Chen followed, although he felt something was wrong, but right now, just stay alert.

Xiang Chengdong also came to Ye Chen's side: "Mr. Ye, no matter what, be careful."

"Ok."

Bai Yao stood on a rock by the lake, because she had broken one hand, she could only choke it with one hand.

Her five fingers are getting faster and faster, and there are faint rays of light lingering at the fingertips.

After that, she threw out the jade pendant, and resolutely forced out a drop of blood, which shot on the jade pendant!

A destructive force burst out!

The Yunhe Lake of Beijing Normal University spread out twice~www.mtlnovel.com~ and a hole appeared at the bottom of the lake three meters below!

It is the entrance to the ghost prison!

At this moment, Ye Chen was extremely excited.

Bai Yao glanced at Ye Chen, and said word by word: "This is the entrance of the ghost prison, so what if you can go in, you are not qualified to come out alive! Because the ghost prison can only be entered, not out!"

After finishing speaking, Bai Yao's body disappeared directly, and turned to the entrance of the bottom of Yunhe Lake!

As soon as she reached the entrance, a powerful suction suddenly formed, and she sucked Bai Yao in directly!

The entrance is shrinking and shrinking, as if it is about to close!

Seeing this scene, Ye Chen's expression changed, he and Xiang Chengdong hurried towards the entrance!

"Leave me!"

Chapter 372: Dare to move my daughter, die!

Ye Chen moved towards Bai Yao with a palm, and the Canglong phantom body surged, extremely fast!

I was about to touch Bai Yao in the blink of an eye, but the sudden change!

In the entrance, an old figure rushed out!

"Ant, dare to move my daughter, die!"

A loud roar sounded!

The whole world seemed to freeze for a moment, and suddenly burst out.

The old figure grabbed Bai Yao's hand with one hand, and walked towards the entrance of the ghost prison!

But the other hand was a sword hacking towards Ye Chen!

At this moment, Ye Chen's eyes were red, and the Dragon Slashing Sword in his hand came out!

Sword away!

The endless true energy in the body, gathered!

boom

All infuriating, like a flash flood!

Carrying Ye Chen's anger!

Under the support of this torrent, Ye Chen cut out with a sword, tearing the air, and changing the color of the world.

The scrolling water on both sides of the cloud and the lake also became restless, and constantly impacted towards the lake.

Rushing

Sword rain in the sky, covering all directions!

The old man's sword shadow and Ye Chen's sword shadow erupted over the entire cloud and lake!

The endless sword shadow, like a torrential rain, continued to drop, and the momentum was amazing!

"Boom!"

The ground cracked, and the water of Yunhe Lake was directly split by Jian Qi and rushed toward the shore!

This artificial lake of Beijing Normal University seems to have been drained!

"Puff!"

The old man's eyes were extremely horrified, and he spit out a mouthful of blood, which was shaken out under the remnant of the sword energy.

His arm holding the sword exploded directly!

And Ye Chen was also uncomfortable. At the moment when he blasted a sword, he unexpectedly discovered that the opponent was above the separation and reunion state! It's a realm above him!

His body was lifted more than ten meters away and hit a giant tree on the shore!

The giant tree broke, Ye Chen stabilized his figure!

But the entrance to the ghost prison has actually been closed!

Only a piece of dry land is left!

At this moment, Ye Chen's heart was filled with terrible anger, and he stepped out to the place of the entrance just now!

"Boom!"

Hit directly with one punch!

The dust rolls, and the dry bottom of the lake cracks directly!

"Boom!"

Ye Chen gave another punch, and he slammed a deep hole into the ground.

Ye Chen just hit with one punch after another, and there was a slight shock around him!

The sound is loud!

But Ye Chen didn't plan to stop!

Even if his fists are already full of blood!

At this moment, he is like a bloodthirsty demon, extremely violent!

Xiang Chengdong walked over and whispered: "Mr. Ye, the man who shot just now is Elder Bai from the Ghost Prison. This person is extremely powerful and is considered a top figure in the Chinese martial arts world. The key is that he came from Kunlun Mountain. "

"Although the ghost prison is closed, it doesn't mean that we don't have the opportunity to open it. We just wait."

Ye Chen didn't pay any attention at all and threw a punch.

His eyes were bloodthirsty and cold.

At this moment, a voice from the reincarnation cemetery sounded: "Disciple, it's useless for you to go on like this. I have a way. This reincarnation cemetery is actually a broken ancient magical artifact. Since it is a magical artifact, you use this. The power cannot be broken at all."

Ye Chen stopped his fist. There was a huge deep pit under his body, and there was a trace of blood in the center of the pit.

"any solution?"

Cang Haiping turned into a phantom and appeared in front of Ye Chen, perhaps because of the use of spells, Xiang Chengdong on the side could not see it at all.

Cang Haiping closed his eyes and felt it slightly. Suddenly, his eyes opened and he said, "This is an entrance to that magical artifact. The ghost prison has a lot to do with this place. Do you remember the girl next to you?"

Ye Chen frowned: "Chill with blood?"

Cang Hai nodded his head flatly: "The blood of the evil blood cold body is extremely precious and powerful. If the girl uses the essence and blood as a guide, then release the coercive pressure of the evil blood cold body, plus the blood dragon phantom in your body, Maybe it can break the restriction on the entrance and tear it directly!"

Ye Chen's eyes were extremely calm, and he said word by word: "Will it cause damage to her body?"

Cang Haiping just said: "There is a premise. Take off the earth soul profound stone on the girl's neck. She has no cultivation level now, but I will give her a magical protection, and there should be no problem. Even if something goes wrong, I will bring all the power to you and let you bear it."

Upon hearing these words, Ye Chen made up his mind and said: "Okay, I'll go find her."

"No need to look for it, she's already here."

Canghai's flat voice fell.

Ye Chen's eyes shrank, looking in one direction, and he noticed Wei Ying wearing a long skirt by the bank.

Fortunately, Wei Ying came from another direction and couldn't see the corpses.

But even so, Wei Ying's eyes were still shocked, because she saw Yunhe Lake dried up!

A person appeared at the bottom of the key lake to do something with Ye Chen!

She has been materialistic since she was a child, and she only believed in science, otherwise she would not be a teacher.

But everything now can be explained clearly with science!

"Ye Chen, you"

Before she finished speaking, she saw Ye Chen appear in front of her with a body spanning more than ten meters.

This is scarier than jumping up from the tenth floor before.

"What the **** is this?"

Ye Chen hesitated for a few seconds, then said: "Wei Ying, I may need your help now."

Wei Ying was a little panicked. She knew Ye Chen was great, but how could she help?

"Ye Chen, you say, I will listen, if I can help, I will definitely help"

"You come with me."

Ye Chen hugged Wei Ying directly and came to the deep pit.

"You should have seen some things just now. I can't explain these things to you concretely because your body is a little special. I need your blood to help me open a door."

"Then you may have to remove the necklace from your neck. You may feel uncomfortable in this process, but I swear to you that there will be no danger."

Ye Chen explained seriously.

Because Wei Ying is in contact with the ordinary world~www.mtlnovel.com~ She has never touched anything in the Chinese martial arts world, even if Ye Chen explained it like this, it is difficult to understand.

Ye Chen wanted to continue to say something, but Wei Ying shook her head and said in a positive tone:

"Ye Chen, you don't need to say, you saved the lives of my mother and I, although I don't understand what you mean. , But if I can help you, I am willing, no matter what the price is."

After speaking, Wei Ying directly took off the necklace from her neck.

Almost instantly, a powerful evil spirit spread from her body!

The blood dragon in Ye Chen also seemed to be suppressed!

Five seconds later, snow flakes suddenly fell around, and an extremely cold air broke out from Wei Ying's body!

Xiang Chengdong on the side looked confused.

As the chairman of the China Pharmaceutical Alliance, he is already knowledgeable, but he has never seen such a vision!

He even felt that his blood was freezing, and quickly retreated to the shore.

Chapter 373: Crazy move!

Ye Chen looked at Wei Ying not far away and took a step back subconsciously.

If it weren't for the blood dragon phantom in his body to rush out, he might not be able to hold it.

This **** cold body really deserves to be one of the top ten evil bodies in the world.

Even if he is in his current state, he can't hold it!

At this moment, Wei Ying's face was almost pale, with a hint of pain.

Even a hint of blood red appeared in his pupils.

Ye Chen quickly looked at Cang Haiping beside him: "What should I do now?"

Cang Haiping came directly to Wei Ying, pointing a finger on Wei Ying's forehead.

The lights flickered.

"The first step, you let her force a drop of blood."

Ye Chen quickly told Wei Ying the original words, but Wei Ying did not respond at all!

"You get closer! At this moment, her state is no different from her crazy situation!"

Cang Hai flatly said.

Ye Chen nodded and came to Wei Ying's face. Just when he wanted to speak, Wei Ying struck him!

The key to this palm power is surprisingly terrifying!

It's not like the power of a person who hasn't practiced martial arts at all!

At least in the separation zone!

However, Han Palm stopped at the moment when he was about to touch Ye Chen's chest.

Wei Ying seemed to have recovered a little sober: "I feel that I can't control my body, what should I do next?"

Ye Chen hurriedly said, "Use the power in your body to force a drop of blood!"

"it is good."

In the next second, Wei Ying's eyes changed again, and the palm of her hand hanging in front of Ye Chen suddenly shot out!

Ye Chen couldn't think of Wei Ying changing so quickly.

The body flew out directly, and his blood surged, making it hard to suffer.

"This is too bad."

Perhaps after hearing Ye Chen's voice, Wei Ying became sober again: "Ye Chen, yes... I'm sorry, I didn't mean it."

"I know."

Ye Chen moved his body, but didn't blame the other party.

"I will force the blood out now."

Perhaps it was the reason for the **** cold body, Wei Ying understood something, and a drop of blood came out from her hand!

"Disciple, right now, use your blood dragon to swallow this blood!"

Cang Hai was always afraid of missing something, and quickly exclaimed.

"it is good!"

Ye Chen closed his eyes and controlled the blood dragon above the sky!

The blood dragon heard waves of dragons, descending directly from the sky, with a huge mouth, and the dragon's breath moved.

The blood is directly swallowed by the blood dragon!

The next moment, a weird mutation, I saw that the blood dragon's body was suddenly dozens of times larger!

It seems to have become a huge dragon!

Even faintly turned into substance!

The powerful dragon roar shakes the world!

Cang Haiping's eyes shrank, and a magic talisman was shot out in his hand. The magic talisman flew to the sky and burst suddenly!

A barrier was covered, everything that happened in Yunhe Lake was shrouded in it.

After all, this is still a school, and some things are too frightening and really bad.

Hundred-zhang dragon's ferociousness reached its extreme, and with a soft dragon chant, all the trees near Yunhe Lake were actually broken!

Xiang Chengdong was stunned.

He looked at the Baizhang Blood Dragon and felt that all his cognition had been subverted.

At this moment, he is completely certain that Mr. Ye is a cultivator! Not the ancient warrior!

Practitioners can span everything and cut the sky with a wave!

Mr. Ye is someone with such supernatural powers!

He even felt like he was the right person!

He did not hesitate to put down his identity as the chairman of the Yaomeng, and followed this person in a low voice. This is definitely the most correct choice he has ever made in his life!

At this moment, Xiang Chengdong's body was trembling, his fists were clenched, and the whole body was blood as if boiling!

This feeling is something he has never had in decades!

And the young man in his line of sight controls the Baizhang Shenlong, with a mighty momentum, and the sky of the Chinese martial arts world must be controlled by this person!

He is convinced!

Clouds and the lake.

Seeing that the Baizhang Shenlong in the sky was almost brewing, the fingers pinched, and a magic talisman shot above the pit!

Suddenly the light flickered, and a force of space rippled away.

"Disciple, right now, hit the pit with that blood dragon!"

Ye Chen heard the sound, nodded, and controlled the blood dragon above the sky to directly hit it down!

"Boom!"

The light swept across, unstoppable!

boom.....

Amidst the roar, the entire cloud and lake seemed to explode.

...

At the same time, the ghost prison.

Airtight and cold.

"Boom!"

Elder Bai's body fell to the ground together with Bai Yao.

Several figures rushed over!

"Elder Bai, Bai Yao, what's the matter with you?"

The elders in the ghost prison quickly helped them up, but when they touched Elder Bai, their bodies became stiff!

Because they found that one of Elder Bai's arm was gone!

Bloody!

There was even blood constantly oozing out.

how is this possible!

Someone can actually break Elder Bai's arm, what kind of strength is this!

"Elder Bai, how can your hand be like this..."

A goatee old man tremblingly said, his tone was incredible.

Bai Yao reacted and glanced at his father's hand, her eyes filled with anger!

"It's all the little beast outside! He not only severely injured me, he even severed my father's hand, but he is already injured at this moment, and it is estimated that he will not live long."

Hearing these words, the old men took a breath.

Elder Bai's arm is really artificial~www.mtnovel.com~ Is it the top ten Chinese masters who did it?

Otherwise, who in China has this ability!

"How many people have come from the other party?" said an old man with a fairy style, a little serious in his tone.

After all, being able to wound Elder Bai into such an existence was enough to pose a threat to Ghost Prison.

At this time, Elder Bai said: "There is only one person, and he is still a stinky boy in his twenties!"

"what!"

The expressions of the old men were a little weird.

In your twenties? Cut off one of Elder Bai's hand?

Huaxia actually still has this kind of evildoer!

Elder Bai may feel that the old face is a bit unbearable, and he said: "This son should have used a secret method, and my strength has skyrocketed. I will underestimate the enemy for a while, but once the entrance to the ghost prison, he wants to step into this place again."

"What's more, that kid was also injured by me. It is estimated that he has become a useless person, not to be afraid."

Hearing this sentence, several elders took it for granted.

Only secret methods can a young man achieve this kind of strength.

Suddenly, the goatee old man thought of something and said: "Since that kid was seriously injured, I think I should kill him now for the sake of insurance! Otherwise, if we recover, we will definitely make our ghost prison unrest!"

The other elders also nodded and agreed very much.

If this child is not removed, there are endless troubles!

At this time, all the elders looked at the person with the fairy wind and the bones, as if to listen to his opinion.

After all, they wanted to go out inside, and it was a little difficult. It would be extremely costly to break the restrictions of the ghost prison.

Only the old man with the fairy wind road agreed that they would dare to do so.

"In that case, just listen to everyone's opinions. This is too dangerous for Ghost Prison..."

Before the words were finished, a loud noise suddenly came!

Chapter 377: Killing spree!

Ye Chen looked at the huge entrance and smiled coldly. Although there was not much dantian true energy left, he wanted to go to the ghost prison.

This opportunity is only once.

He thought of something, ignoring his injuries, stepped forward and came to Wei Ying.

At this moment, Wei Ying was wrapped in a burst of frost, her face was pale and painful, her eyes were red, as if she had been eroded by some power.

When seeing Ye Chen's appearance, Xiu's hand stretched out suddenly and came towards Ye Chen.

Ye Chen's expression was shocked, his palms blasted out, blocking his chest.

papa...

The air wave swept, and the stunned waves hit the shore.

With countless palm shadows, Ye Chen and Wei Ying each stepped back.

"Wei Ying, it's me."

Ye Chen hurriedly said loudly, but at this moment Wei Ying had left the Earth Soul Profound Stone for too long, and the only trace of reason had disappeared.

"Dead!"

Wei Ying rushed towards Ye Chen, with a terrible anger, covered in cold killing intent.

Seeing the palm shadow that came like raindrops, Ye Chen didn't hesitate anymore, taking advantage of the sky full of palm shadows that were not connected, the phantom body of the blue dragon surged, like stepping on a floating cloud, forcibly swept out!

The Earth Soul Profound Stone appeared in his hand, patted it directly on Wei Ying's chest.

Earth Soul Profound Stone instantly formed a suppressive force, the surrounding chill instantly disappeared, and all the evil spirits poured into Wei Ying's body.

Everything returned to calm.

Wei Ying's eyes closed.

I don't know how long it took, and suddenly opened those star-like eyes.

"Ye..."

Wei Ying felt something as soon as she wanted to speak. She lowered her head and found that she was pressing her big hands on her chest.

even squeezed the privacy thing a bit.

Wei Ying's face flushed instantly.

She had no idea that Ye Chen would do such a behavior, how would she behave in the future.

But there is no sense of rejection in her heart.

"Ye Chen, isn't it a little bad for you like this..."

Wei Ying's voice is as soft as a mosquito.

Hearing these words, Ye Chen suddenly came over, his hand was pressing Wei Ying's chest.

Because he was afraid of the earth-pattered profound stone falling down, he still used a bit of force, the soft thing touched by his five fingers, even a little deformed.

He can feel the touch.

"Sorry..."

He subconsciously let go of his hand, but the earth soul profound stone also fell.

Ye Chen's complexion changed slightly. Once the Earth Soul Profound Stone leaves, it will inevitably affect Wei Ying. He quickly pressed the Earth Broken Profound Stone again. With this press, his five fingers grabbed Wei Ying's full chest again.

Wei Ying's face was flushed to the root of her neck, she wanted to say something, but finally she didn't say anything.

Ye Chen quickly explained: "Wei Ying, you quickly put the necklace on. I did this entirely because you need the suppression of the Earth Soul Profound Stone."

"it is good."

Wei Ying put on the necklace quickly, Ye Chen exhaled, and then let go of her hand.

He glanced at the entrance and said: "Wei Ying, you will go to the teacher's apartment first, and then don't come out no matter what sound you hear."

After speaking, he instructed Xiang Chengdong in the distance: "Xiang Chengdong, you help me protect Wei Ying. If something happens to her, you will ask."

Xiang Chengdong was relieved from the shock, came to Wei Ying's side, nodded repeatedly: "Mr. Ye, I will protect Miss Wei."

Who would have thought that the chairman of China Pharmaceutical Alliance, who controls the supreme power, now wants to protect a girl?

This is totally overkill.

But Ye Chen didn't dare to disobey Ye Chen's orders.

The scene of the blood dragon crashing just now can't dissipate in his heart for a long time.

Wei Ying glanced at Ye Chen and asked, "Are you going inside?"

"Correct."

Ye Chen finished speaking, glanced at Cang Haiping in the distance, Cang Haiping nodded, and stepped into the entrance.

Xiang Chengdong quickly made a please gesture: "Miss Wei, go here."

"Ok."

Wei Ying took a deep look at Ye Chen before turning to leave.

The two went to the teacher's apartment.

.....

Ghost prison.

The moment Ye Chen stepped in, the light was mottled, and a cold breath struck directly.

When he stepped on the ground, he felt dozens of murderous intentions.

The place he is in is a similar underground space.

is a corridor in front of him, the corridor is very wide, it looks like five or six meters.

As far as the length is concerned, it is bottomless.

He could vaguely hear a scream from inside.

There was no light in the corridor, and it was dark at the end.

And those dozens of murderous intentions came from the depths of darkness.

Just then, there was applause.

The nearby lights suddenly turned on.

Ye Chen was surprised to find that there were dozens of figures in the corridor.

is headed by a few old men, the breath is extremely terrifying, the pressure is invading, and the air seems to be controlled by the opponent.

An elder man with a fairy style took a step, stared at Ye Chen with amusement, and said: "Small, do you know what it means to forcibly break into the ghost prison?"

Ye Chen glanced at the people around him, and everyone's aura was inferior to this old man.

Obviously, this old man is the real person in the ghost prison!

"What are you?" Ye Chen said lightly, shaking the Dragon Slashing Sword in his hand gently.

He knew very well that there was an inevitable battle to rescue his parents.

The old man with a fairy style was startled, his face was completely dark: "What am I? Huh, I might as well tell you! I am Zhao Yunsheng! Zhao Yunsheng, the warden of the ghost prison!"

"Bold ants~www.mtlnovel.com~ Destroying the ghost prison entrance and breaking into the ghost prison, what should be the crime! Come, take this one! If necessary, kill it directly!"

The sound of cold scolding sounded!

He is completely murderous!

Because this kid can forcibly break through the entrance of the ghost prison, his strength is certainly not weak.

So he must be careful with ten thousand.

The words fell, more than a dozen strong men from Ghost Prison rushed towards Ye Chen!

The speed is extremely fast. They know the danger level of the young man in front of him. The earthquake in the ghost prison just now was caused by this kid, so every one of their strikes is a killer skill.

"Tear!"

Numerous Dao Swords intend to leave Ye Chen.

Although Ye Chen was injured, he couldn't appreciate the little ones in front of him.

He clenched the Dragon Slashing Sword with his five fingers, his eyes flashed with a cold light, his figure was like a shot arrow, and he rushed out with a howling sound!

"Get back!"

The Dragon Slashing Sword made waves of sword chants, and the surrounding air seemed to be torn apart.

Those figures stagnated, and the sword in their hands fell to the ground.

flesh and blood fly all over, very embarrassed!

How can these people stop Ye Chen who is on the verge of raging?

Ye Chen at this moment is an evil spirit, with evil spirit surging all over his body, and the sword in his hand is gradually stained with blood.

Every time the sword fell, the people in the ghost prison broke open, and the corridor was full of blood.

At this moment, Elder Bai couldn't sit still anymore, his eyes were red, and he went straight to Ye Chen!

The revenge of the broken arm must be reported!

Chapter 378: Crazy Ye Chen!

What's more, the life and death of Elder Bai's only daughter is still unknown. He has to kill Ye Chen with his own hands to relieve the hatred in his heart!

Even if he breaks a hand, this kid can't resist it!

And when Ye Chen shot, he had already discovered Ye Chen's realm, but it was just a pneumatic realm!

didn't even step into the separation zone!

What's there to fear!

This kid has no secrets, he is just a lamb to be slaughtered!

"Die to me!"

Elder Bai's fingers flicked, and a scarlet ancient rune appeared on the palm of his hand.

The rune turned, forming a palm print directly, without any hesitation, the virtual palm swept towards Ye Chen!

Ye Chen naturally noticed the appearance of Elder Bai, and snorted: "I am looking for you. Since I have come, I will leave it forever!"

As soon as he finished speaking, Ye Chen slammed it out with a punch, and his palm prints broke directly!

But the powerful wave of air also shook Ye Chen back a few steps.

Elder Bai saw Ye Chen showing a trace of decline, he laughed: "Sure enough! You don't have a secret method now, see how you move me!"

The old men in the ghost prison wanted to do it together, but they stopped after seeing this scene.

Zhao Yunsheng glanced at the entrance, no one continued to come in, even the powerful aura disappeared.

Is it just an illusion just now?

He clearly felt a strong threat outside.

"Who knows this kid, what is his origin?" Zhao Yunsheng asked several elderly people around him.

As soon as the words were spoken, an old man with a goatee stood up. He was the person who interrogated Jiang Xirong and Ye Tianzheng that day.

"Encourage Elder Zhao, this person should be Jiang Yanrong's son. He used to be a total waste in Jiangcheng. He disappeared for five years, and only recently appeared suddenly. The strange thing is that the martial arts strength of this son seems to be born out of thin air. ."

Zhao Yunsheng frowned: "The blood of the Jiang family? I heard that Jiang Hirong's son was not Fangen. At that time, the Jiang family broke off ties with Jiang Hirong's family in a rage. It is impossible for a man with a common root to cultivate martial arts. It's so against the sky."

"After disappearing for five years, could this child enter the Kunlun Xu?"

Just when he was puzzled, Elder Bai forced a drop of essence and blood and directly sacrificed his natal rune.

His martial arts strength is not strong, but his magic methods are extremely terrifying!

Even in the depths of Kunlun Mountain, he worshipped a Talisman master, and his strength increased.

In these years, the only one who can make him sacrifice his life runes is to face the top power.

And this time, it's the third time!

The key to this time is an aerodynamic powerhouse!

An ant actually asked him to sacrifice his natal rune to kill him!

It can be seen how angry he is!

"I don't believe it, you can hold it!"

"Move my daughter, I will crush you to pieces!"

He roared loudly with red eyes.

Rune light flickered, almost instantly, it turned into a ten-meter long sword!

The long sword is red, with a cold death.

The sword shadow flickered, and the chill was sharp.

Elder Bai's arm shook, and the sword energy was condensed into substance!

Om

just heard a trembling sound of soft chanting, ten meters long sword, one divided into two, two divided into four!

Just for a moment, the sky is full of sword shadows, like a rainstorm.

Under the terrifying sword aura, the entire ghost prison seemed to become cold.

Elder Bai showed a playful smile at the corner of his mouth. In his opinion, Ye Chen must die!

There is no secret method, and he was injured again, the ending is already obvious!

At the moment when the sky full of sword shadows was going towards Ye Chen, Ye Chen took a step and sneered: "In front of me, dare to use the power of runes? I will let you see the real magic talisman today!"

Cang Haiping told him a long time ago that Elder Bai's spells and runes are just a sideline of a magic talisman!

did not even touch some of the core things!

Such a **** thing is regarded as a treasure, it is ridiculous!

Ye Chen shot a blank rune with gold and red lines from the center of his eyebrows, a cold light flashed, Ye Chen's fingers were firmly pressed, and his suffocation wrapped his whole body!

A magic talisman gushes directly from the palm of the hand, and shoots fiercely towards the sky full of sword shadows!

"kill!"

Ye Chen's pupils contracted slightly, and the magic talisman he shot seemed to transform into a white tiger, with a roar like a tiger descending from the mountain, fearless and fearless! The White Tiger wanted to forcefully rush through the sword rain, tearing the enemy in front of him to taste the taste of blood.

The sky full of sword rain disappeared directly.

The power of the magic talisman directly plundered everything.

The life rune was broken, and the elder Bai was instantly backlashed, spit out a mouthful of blushing blood, and sat on the ground!

Ye Chen would never give Elder Bai a chance to survive. The Canglong phantom surging, has already come to Elder Bai, no longer hesitate, the whole body is filled with energy, his five fingers spread out, and he falls directly!

The dull roar exploded.

"Do not"

Elder Bai saw this scene, his eyes widened, and he could only burst out a heart-piercing roar.

However, this scream stopped quickly!

Ye Chen's five fingers had already clasped the opponent's head, his power exploded, and the five fingers became palms!

Take it hard!

The elder Bai Tianling was smashed to pieces, and the dead cannot die again!

His eyes widened, his face full of disbelief.

Perhaps, even at the moment of death, he couldn't believe that he really died like this?

and died in the hands of an aerodynamic boy.

He doesn't want to accept, he wants to resist, but everything is already a foregone conclusion.

The entire ghost prison fell into deathly silence, like a graveyard at midnight.

Zhao Yunsheng, UU reading [www. Uukanshu.com](http://www.Uukanshu.com), the goatee old man and the rest of the ghost prison powerhouse stared at the elder Bai in a pool of blood, swallowing, they found that they were plunged into deathly silence.

Before they could react, Ye Chen walked towards the remaining few people!

"Burning Heaven Palm!"

A flame of virtual palm suddenly formed!

Suddenly, the wind was surging, and there was a roar in the air, like a mysterious thunder exploding.

Scrolled like a wave of substance, this palm swept away mercilessly!

Ye Chen was full of flames!

Although his realm is lower than these people, the techniques he mastered are all the most powerful martial arts!

Something left by the ancients!

is enough to leapfrog and crush!

He does not intend to let everyone here, their parents are imprisoned here, these people do not know how much they have done to hurt their parents!

Regardless of right or wrong, these high above ghosts must die.

At this moment, Ye Chen's body was covered by a flame, and his powerful aura made almost everyone feel palpitation!

Zhao Yunsheng's pupils reflected fire, he suddenly thought of something, and exclaimed: "This martial skill is definitely a martial skill above the heavenly rank! Everyone is moving back!"

After the words fell, Zhao Yunsheng didn't care about everyone, and walked toward the back!

This martial art is boring even if he wants to take it hard!

Except for the goatee old man who reacted, the rest were crushed by the Burning Heaven Palm.

It was as if the fire burned the heaven and the earth, and the bodies of several old men were crushed by the palm of the burning sky, and their bodies were torn apart.

Chapter 379: Unstoppable.

Ye Chen gasped slightly.

At this time, his dantian hardly had any anger.

It takes too much power.

He took out another bottle of pill, and took it down, then looked at Zhao Yunsheng with cold eyes, and ordered: "Where are Jiang Xirong and Ye Tian!"

Zhao Yunsheng glanced at the surrounding corpses and his dying companions on the ground, and said coldly: "I advise you to stop. If that adult comes, you will end badly. The authority of the ghost prison will not be trampled on by others."

Ye Chen snorted coldly, and said to Canghai in the reincarnation cemetery: "Master, give me a magic charm."

Cang Haiping was startled: "Trainer, although the magic talisman can make you stronger in a short time, you will suffer great pain afterwards."

"Just give it to me."

Ye Chen only had determination in his eyes.

There are some magical charms in his mind, and he understands the effects of many magical charms. However, he has just stepped into this way. It is impossible to refine this kind of charms. He can only rely on Cang Haiping's hand.

During this period of time, he has expended too much energy and he has no choice.

As long as the parents are rescued, it is more important than anything else.

Cang Haiping shook his head helplessly, and shot a magic talisman from his fingertips, which fell directly into Ye Chen's sea of consciousness.

The power of the magic talisman suddenly spread, Ye Chen's eyes showed a glimmer, and the cold murderous intent spread!

Zhao Yunsheng felt something was wrong, and spoke to the goatee old man: "This son has some problems, you help me to hold this person, as long as I bring Ye Tianzheng and Jiang Xirong to threaten this son, I can stop it!"

The goatee old man nodded, and shook his five fingers, a spear appeared in the palm of his hand, and in the next second, a shot was directed towards Ye Chen!

"Boy, I might as well tell you that I interrogated your parents, and I don't know how many times they have been tortured!"

And Zhao Yunsheng is heading toward the depths!

Very fast!

Ye Chen heard the words of the goatee old man and was completely irritated!

In the sharp piercing sound, Ye Chen's whole person seemed to be transformed into a ghost.

A blood dragon rushed out!

The blood dragon is born because of anger, and gathers because of killing intent!

Ye Chen's extreme emotions are the best food for blood dragons!

The old man with goatee watched the appearance of the blood dragon, his eyes shrank to the extreme, but he couldn't take care of everything, his wrist flicked and the spear shot out!

The moment he was about to touch Ye Chen, his direction changed and he swept away!

The blue light flickers, and the sword is overflowing!

In the pitch black, the blue light seemed even more weird.

The corridor of the ghost prison is even more gusty!

can see the power of this gun!

The Dragon Slashing Sword in Ye Chen's hand is not afraid, and he is bloodthirsty!

Bloodthirsty Slash carried an extremely bright light, like a comet across the sky, colliding with a spear.

Just for a moment, the crisp sound of impact exploded.

The sharp voice, in just a moment, tore the darkness of silence!

The howling cold wind is even more like sweeping out of hell.

"Pattern!"

The goatee old man's spear broke directly! Turn to pieces!

The powerful counter-shock force made his palms bloody!

"how is this possible!"

He took a few steps back in horror, before he could react, a blood dragon swallowed toward him!

The dragons resounded!

The blood dragon has arrived, and Ye Chen has also followed!

The goatee old man was frightened by Ye Chen's strength.

What the **** is this evildoer!

Such a powerful force is enough to win the top five masters in the Chinese martial arts world!

Between life and death, the goatee old man burst into a very strong survival, forcing a drop of essence and blood to burn instantly.

At the same time, the essence and blood turned into a long sword, like a dragon flying into the sky, piercing the ghost prison.

The long sword tore the pitch black, illuminating the world.

The cold wind freezes the world and freezes time and space.

At this moment, the ghost prison fell into a deadly silence.

This is a secret method to destroy the dryness.

was also his strongest blow.

Under this terrifying power, Ye Chen actually felt suffocated.

is very strong.

Even the Dragon Slashing Sword flew out! Inserted on the wall!

"Apprentice, this person burns his blood and prepares to die with you!"

Hearing these words, Ye Chen's heart sank sharply!

What about the crisis!

What about the breath of death!

"Broken!"

Ye Chen rushed towards the goatee old man, facing the cold light swept like a dragon, the blood in his body seemed to boil!

He also forced out a drop of blood, and then hit it with a punch!

Let him sit and wait for death? impossible!

Want to die together? impossible!

Ye Chen's punch directly exploded the surrounding real energy!

It seemed that Ye Chen's punch at this moment was a thunder and lightning that could split the entire world.

Two forces collide instantly!

shrill voice, deafening! Countless fire lights burst out in the dark, gorgeous like fireworks.

The entire Ghost Prison shook and almost exploded.

The air wave rolled, and wherever it passed, rubble flew across, setting off stormy waves.

The old goatee with a smile on his mouth, as if he felt something, his eyes widened and exclaimed:
"You are not Fangen at all! You are"

Before he could say anything, Ye Chen penetrated his body with a punch!

A huge blood hole directly condenses!

The old man with goatee was directly knocked into the air and hit the wall
fiercely~www.mtnovel.com~ all blood!

Ye Chen's attack was as powerful as a mountain, containing the power of a thousand troops.

cold, suffocation, killing.

The burst of firelight seems to interpret the last splendor of life.

Cang Haiping was a little surprised: "Is this disciple's trick the one who taught you the way of
killing?"

Ye Chen gasped violently, and nodded: "He once mentioned something, but I didn't understand it
at the time. Just now, it seemed to understand something, so I showed it."

Cang Haiping's expression was a little weird, and he finally understood why that guy had to come out early, that guy should have opened the twelfth seat, and abruptly broke the ban early.

Actually, that guy saw it more thoroughly than anyone else. There are three thousand avenues, and the way of killing is the most useful one for the reincarnation tomb owner.

Ye Chen no longer stayed, the Canglong phantom body surged, and hurried away into the darkness.

deep in the ghost prison.

Jiang Xirong and Ye Tian were pacing back and forth in the house, and their hearts became more and more disturbed.

All the stationed personnel around were transferred away.

Could something really happen to Ghost Prison?

"God, I always feel that after today, the ghost prison will be completely"

Jiang Hirong hasn't spoken yet, a figure comes directly

is Zhao Yunsheng!

The eyes of the two couples wrinkled slightly, Zhao Yunsheng's status in the ghost prison is almost the highest, but at this moment, his faces are sad, and there is even a touch of anger.

It seems that the ghost prison is more serious than expected.

Zhao Yunsheng came to the door of the prison where the two were imprisoned, and he didn't care about anything. He kicked the door open!

Chapter 380: Are you surprised?

The strong energy swept through, and the door was directly blasted open.

Ye Tianzheng's face changed, and he directly guarded Jiang Huirong, his cold voice sounded:
"Warden, you are"

Before he finished speaking, Zhao Yunsheng clasped Ye Tianzheng's neck with his five fingers!

The anger in my heart, I want to let him kill the man in front of me!

But when he thought that this man was dead, he didn't have a handle to threaten Ye Chen, and he snorted and threw Ye Tianzheng out!

smashed **** the prison wall.

Ye Tianzheng didn't have any cultivation base, this blow directly caused him to spit out a mouthful of blood, and his whole body was in pain.

Jiang Xirong's face changed, and she quickly helped Ye Tianzheng up, her murderous eyes staring at Zhao Yunsheng!

"Zhao Yunsheng, what on earth are you going to do! Dealing with an ordinary person, this is what you do in the Ghost Prison! We are our part, how can we offend you!"

Zhao Yunsheng has blue veins on his neck!

"Offense, you are embarrassed to offend, your dear son, killed dozens of people in my ghost prison and broke the entrance to the ghost prison! Isn't this not a crime!"

This sentence was almost roared by Zhao Yunsheng!

The eyes are bloodshot!

to the extreme!

Ye Tianzheng and Jiang Yanrong, who were being lifted up, were stunned, their eyes widened, and the shock in their hearts was like a thousand-foot waves hitting their chests!

From Zhao Yunsheng's words, they got two messages!

First, Chen'er is not dead! He is really alive!

Secondly, Chen'er has the ability to break through the ghost prison, and even makes the ghost prison so embarrassed! Kill dozens of people in Ghost Prison!

Is this still their son!

Jiang Hirong's eyes flushed and her body trembled.

The mother and the son are connected, she understands everything about Ye Chen.

Although I don't know how Ye Chen did it, she felt that all the suffering she had suffered before was worth it!

Once, everyone said that she gave birth to a waste of Fangen, which made her the object of ridicule by the Jiang family.

She was expelled from the Jiang family, she gave up all her identity and a good life!

She knelt down and begged her father to give her children a way to survive!

She has gone from being a daughter of a top family to a humble person, she doesn't care about anything.

I only hope that my son can live in peace.

When everyone says her son is trash, she will argue with others without hesitation!

She told everyone aloud that her son must stand tall in the future! Don't lose anyone!

And now, Chener obviously did it!

At least he has the strength to resist everything.

Looking for a child to become a dragon, this is the biggest wish of every parent!

Chener at this moment is a dragon!

At the same time, Jiang Yanrong suffered the extreme.

She was born in a top family, knows the pain of cultivation, and she knows that Ye Chen has fallen behind for more than ten years!

No resources, no martial arts, no family, he walked here, he must have endured many times the pain!

"Chener"

Jiang Yanrong was so excited that her lips were shaking.

Ye Tianzheng is not like this. At this moment, even though his internal organs are extremely painful, he is extremely proud when he knows that his son can shake the ghost prison!

Fangen?

How could the child born to Ye Tianzheng and Jiang Hirong be Fangen!

Ye Chen must be the pride of their Ye family!

As for the Jiang family, they are not rare!

Zhao Yunsheng looked at the two of them with joy and snorted coldly: "You seem to be very happy? Humph! I might as well tell you that none of your three will survive today!"

"An adult is coming to Ghost Prison soon, what your son has done is enough to be killed by him thousands of times!"

Jiang Hirong and Ye Tianzheng were startled, their faces looked ugly.

The three of them will be reunited soon, they don't want to be separated by yin and yang!

Zhao Yunsheng looked at the ugly faces of the two, thinking of something, and sneered: "I forgot one thing and threatened the little beast. One person is enough! If so, I will kill one of you first!"

In the next second, Zhao Yunsheng was full of energy, and he moved towards Jiang Yanrong with a palm!

This palm flashes red, once it falls, it will definitely die!

Jiang Xirong's face is pale!

She hasn't seen Chen'er yet, she doesn't want to die!

Ye Tianzheng saw this, and quickly pushed Jiang Huirong away, standing in front of him without hesitation!

His eyes are filled with determination!

"Peirong, I said, I will protect you!"

"Heaven!"

Jiang Hirong's beautiful face is full of fear!

Seeing that Zhao Yunsheng's palm was about to hit Ye Tianzheng, a shocking roar came: "Who gives you the courage to move my dad!"

The sound shook the sky, like rolling thunder!

Ye Chen is here!

His speed is extremely fast, his eyes are red, cold, and killing!

is like a beast that has been hungry for three days, and his scarlet eyes make people palpitate!

He didn't hesitate anymore, he held the Dragon Slashing Sword back, and shot the Dragon Slashing Sword in his hand!

The Dragon Slashing Sword was covered with blood evil spirits, piercing the air, and the light flashed!

With Sen Han's murderous intent, he pierced Zhao Yunsheng's arm directly!

The strong resistance directly cut off Zhao Yunsheng's arm!

Zhao Yunsheng's face is extremely pale!

He never thought Ye Chen could be so fast!

He grabbed his five fingers, and just about to swoop towards Ye Tianzheng, Ye Chen's ghostly figure stood in front of Ye Tianzheng!

"Boom!"

With a punch of endless anger, he hit it directly!

The blood blasted from the arm!

"Earth Cloud Fist!"

This is one of Zhao Yunsheng's strongest boxing skills.

With a punch, let alone the pneumatic state, even some strong players in the early stage of the separation state can't hold it!

Every punch blasted out was like a star suppressed.

boom

boom

At this moment, the fist and the wind collided, making a deafening roar.

For a time, the whole ghost prison danced with gravel, and the earth trembled.

Ye Chen, in order not to hurt his parents, let Cang Haisheng take care!

Two phantoms criss-crossed in the dim light.

Every time it crosses ~www.mtlnovel.com~ it explodes with a roar.

Behind every roar, there is a breath of death hidden.

At this moment, the two are already fighting mad!

If anyone has an accident, if anyone is downwind, death is waiting for them!

Between the electric light and flint, the two clash with dozens of moves!

Zhao Yunsheng became more and more frightened as he hit, and the blood in his body surged!

The internal organs are all shaken!

He never thought that this was the explosive power of an aerodynamic boy!

Damn it!

"Are you surprised?"

Ye Chen's cold voice sounded!

"You shouldn't know, Ye Chenxiu's way of killing, anger and blood will only make me stronger! You hurt my parents, I want you to die! Break!"

Ye Chen punched out again! The blood dragon kept colliding against Zhao Yunsheng's chest!

The two separated directly!

Zhao Yunsheng gasped, blood spilled from the corners of his mouth, and his clothes were torn apart!

extremely embarrassed!

Before he could slow down, the evil spirit rushed up again!

Man sky fist shadow! Ye Chen's whole aura suddenly became domineering!

Zhao Yunsheng realized that something was wrong, and just wanted to take out the long sword, Ye Chen's fist shadow had fallen!

The long sword bursts!

His body flew out, his arms turned into blood mist, and he slammed on the wall!

The extremely hard ghost prison walls were directly shattered!

Zhao Yunsheng's back is bloody!

The first six updates will be issued in a row, and the fourth update will be revised and written. It will be issued later
