Chapter 381: Did you destroy my magic weapon? (Seven/10)

Zhao Yunsheng had no idea that Ye Chen's strength was so terrifying!

Where did this kid learn his skills!

The corners of his mouth were spitting out blood, he had never been so embarrassed.

He wanted to stand up, but found it impossible!

Most of his bones are broken!

He can only stare at the young man not far away!

This young man was born out of nowhere!

Before today, he had never heard anything about this man.

There is no legend of this kid in the Chinese martial arts world!

At least in the martial arts world of the capital, this kid has never existed!

But at this moment he is coming strong, for the ghost prison, it is simply a nightmare!

This kind of guy, only that one can stop it!

But that person hasn't appeared yet!

Could it be that he would die in the hands of this kid?

Ye Chen moved his lower body, but didn't rush to kill Zhao Yunsheng.

At this moment, Zhao Yunsheng, to him, is a fate.

If you want to kill, it's too easy.

Ye Chen turned around, trembling, looking at his parents who were only a few meters away from him!

Five years!

five years!

He waited for this day for too long!

"Chener"

Ye Tianzheng and Jiang Yanrong said excitedly.

They never thought that their son would stand in front of them like this, standing in front of them truly!

They never thought that it is possible for a family to reunite!

They never thought that that thin body could bear all this pressure and return to Nirvana.

Suddenly, "Pump!" Ye Chen knelt down!

Kneel down on both knees!

The man has gold under his knees!

Ye Chen doesn't kneel down! Don't kneel down! Kneel only parents!

"Boom!"

Ye Chen's head knocked on the ground!

"The child is not filial, he is late, so his parents suffer in the ghost prison!"

His voice is extremely firm!

Jiang Hirong and Ye Tianzheng stepped forward quickly and helped Ye Chen up.

"Silly boy, why are you kneeling! No matter how much we suffer, as long as we see you, nothing matters."

The three embraced each other.

There are tears in everyone's eyes.

Ye Chen seldom cried. Even if he entered Kunlun Xu for the first time and suffered all kinds of pain and suffering, he never cried. He clenched his teeth to everything.

Men are only allowed to sweat, not tears!

This is his principle!

But at this moment, he really couldn't help it!

"Parents, I will take you away now!"

Ye Chen has a trace of perseverance in his eyes, and the charm Cang Haiping gave him is about to expire! Once it fails, there will be great pain, let alone fighting.

To be safe, Ye Chen took out an old talisman paper.

lines of text are engraved on the rune.

This thing was given to him by the old man when he left Kunlun Xu to save his life.

only one.

After stepping into the magic talisman, he found that the old man gave him this talisman paper, which actually carried a very strong force.

is enough to resist the blow of a top powerhouse!

"Parents, I have a treasure here, at least I can withstand or severely injure a strong blow, spurred by a drop of blood, who is willing to keep it. You can defend yourself at a critical moment."

Ye Tianzheng just wanted to talk, Jiang Yanrong took the talisman over: "I know a little bit better than your dad, I will keep it."

Ye Tianzheng shrugged helplessly and said with a smile: "Chen'er, everything in the house is your mother's decision, and it's right to leave it to your mother."

Ye Chen nodded, and quickly said: "There is not much time, let's leave this ghost place."

"it is good."

Just when the three of them were about to walk outside, a powerful vibration came!

The weapons dropped from the entire ghost prison shattered directly!

Some weak powers turned into a blood mist on the spot!

Ye Chen's face changed, his fingers pinched, and a barrier shot out, protecting the three of them.

His brows were frowning, and his anxiety seemed to spread.

This breath is so terrifying!

Who is it!

Cang Haiping's voice sounded in Ye Chen's ear even more: "Teacher, someone is here, and the other party is very dangerous. This person is not from the Beijing martial arts world!"

The Dragon Slashing Sword appeared in Ye Chen's hand, and the murderous intent spread.

At this moment, Zhao Yunsheng, who was vomiting blood, smiled gloomily!

"I said, the three of you are going to die! Ye Chen, you destroyed the ghost prison, you don't know whose interests you touched! Although I am in charge of everyone in the ghost prison, you definitely don't know behind the ghost prison One person still standing!

That person scared the powerhouses in the Chinese martial arts world! "

"He kills you as easy as trampling on an ant!"

"Haven't you ever thought that there are so many distinguished and powerful people in the ghost prison, and the forces behind them are extremely terrible! But those forces dare not come and offend the ghost prison like you!"

"The worst thing in your life is to break the entrance to the ghost prison! Hahahaha!"

Listening to Zhao Yunsheng's harsh voice, Ye Chen snorted coldly: "You are too much nonsense, die!"

The Dragon Slashing Sword in his hand was shot out, but before it touched Zhao Yunsheng, a voice sounded like an ancient bell!

"Ant, my man, you are not qualified to move!"

The words fell, the Dragon Slashing Sword in Ye Chen's hand changed its direction directly!

"Ding!", a powerful wave of air rolled back~www.mtlnovel.com~ The Dragon Slashing Sword was shot on the wall abruptly.

Immediately afterwards, an old man walked from the darkness. The old man Yan Hefa, holding a crutch with a dragon pattern, caressed his sleeves with a breeze, which was refreshing.

The eyes of the old man are very small, looking from a distance, they seem to be closed.

He has a tattoo on his neck. The tattoo turned out to be a red door with ancient Sanskrit characters carved on it.

is extremely mysterious.

is like some kind of ancient symbol.

Zhao Yunsheng was ecstatic to the extreme when he saw this scene: "My lord, this is the person who destroyed your magic weapon. The Ghost Prison is incomplete. If he destroys it like this, all our previous efforts were in vain! The inner aura is overflowing to the outside. Countless brothers in Ghost Prison were all beheaded by him. Your lord must avenge us!"

The old man glanced at Zhao Yunshan, his eyes narrowed slightly, and he couldn't make out his expression.

Then, his gaze shot at Ye Chen, his gaze felt condescending, despising all beings.

"My magic weapon, but you destroy it?"

His voice is extremely cold, with a hint of indifference.

There is no doubt.

Ye Chen didn't speak, the blood evil covering his whole body was covered, and the only trace of Dantian Zhen Qi was running.

After this battle, he has spent too much. It is almost impossible to fight against the mysterious old man in front of him at this moment.

"I will ask again, you destroyed my magical artifact!"

The words fell, a strong pressure invaded, and the powerful wave of air rolled, Ye Chen's body retreated suddenly!

The body even hit the wall.

face pale!

Chapter 382: The power of 1 word

Jiang Xirong rushed over, held Ye Chen, and said with concern: "Chen'er, are you doing anything?"

Ye Chen shook his head and whispered: "Mom, do you remember the piece of talisman I gave you? I will hold this person later, you ran outside, the exit of the ghost prison has been opened. If anyone blocks it, Or if anything happens, just use the thing I gave you."

"What about you? Chener, what do you do?"

Jiang Xirong could feel the strength of the mysterious old man.

Even the strength is far above his own son.

The family is reunited, some things naturally have to be faced together, and Ye Chen must not bear too much on his shoulders.

Ye Chen's eyes condensed, and he sneered: "Don't worry, some people want to kill me, it's not that easy."

Collect hundreds of warriors! Play free!

After he finished speaking, he moved his body and stared at the mysterious old man in the distance.

"For the old immortal things, what if the magic weapon was destroyed by me? I killed your people, so what!"

The anger in Ye Chen's heart is sweeping.

"My lord, this method is very weird. I suspect he has a treasure on him, so I must kill him."

Zhao Yunsheng said excitedly.

Just then, a cold voice resounded through the room: "You talk too much."

In the next second, a wind blade swept away!

"My man, you want to kill too, dream!"

With a wave of the mysterious old man's sleeve robe, the wind blade destroyed it!

In his eyes, it is ridiculous that the ant did such a thing in front of him!

The person he wants to protect, even King Yama, don't even want to take away!

The wind blade was broken, Ye Chen didn't feel the slightest frustration, but a strange curve appeared at the corner of his mouth.

Zhao Yunsheng saw that he was safe, his face became hideous, and just about to speak empty words, a sword intent came through the air!

The speed is extremely fast!

It is the Dragon Slashing Sword inserted on the wall just now!

The Dragon Slashing Sword is not an ordinary weapon, but a spiritual weapon. It is even more so that he recognizes the master and controls it for him!

His wind blade is nothing more than a blindfold, what he really wants to do is the Dragon Slashing Sword!

Zhao Yunsheng's eyes widened, watching the Dragon Slashing Sword cut his neck!

His head fell directly to the ground, his face was hideous and his eyes widened.

Blood is flowing down the earth.

"I want him to die, he must die."

The faint voice fell, like a giant palm formed, and it slapped the mysterious old man's face fiercely.

hot.

It hurts.

The mysterious old man has a pale face. No one has ever dared to challenge his authority!

His arm shook, and a spear on the ground flew directly, swept the extremely terrifying waves towards Ye Chen!

"Dragon Sword, come!"

Ye Chen roared, holding the Dragon Slashing Sword in his palm, and slashing with a sword!

The spear shattered directly, but at the same time, the force of destroying the dead also hit Ye Chen's body.

Ye Chen spit out a mouthful of blood, embarrassed to the extreme.

Suddenly, he stabilized his figure and closed his eyes.

Communicate the reincarnation cemetery.

Cang Haiping shook his head helplessly: "After this shot, I will dissipate. I hope you don't forget to practice a magic talisman."

"And our strength depends on your strength, the old man is very strong, I am not sure how much power I can exert with your body.

After today, you can break through the separation zone as soon as possible. "

Cang Haiping actually didn't want to make a move, he just wanted Ye Chen to carry forward the magic charm together.

Now it seems that if I don't make a move again, it will be really troublesome.

The mysterious old man saw that Ye Chen even closed his eyes at this time and sneered, "Dare to be arrogant in front of me, and die."

In the next second, a wave of air was shot out of his hand. With a cold murderous intent, the wave of air turned into a long sword and headed towards Ye Chen's neck.

When this sword falls, the head must be cut.

He has this confidence.

Ye Tianzheng doesn't want his son to have an accident. As a father, he subconsciously blocks Ye Chen!

Even though he is just an ordinary person, as a father, protecting children is completely instinctive.

"Things that do not live or die! I want two heads!"

The mysterious old man snorted coldly, and the long sword split into two, forming two sword intents.

Seeing that these two sword intents are about to cut the heads of Luo Yechen and Ye Tianzheng!

Ye Chen opened his eyes!

What kind of look is that?

icy cold.

No desire.

indifferently.

The appearance of this look made the entire ghost prison seem to freeze.

"You shouldn't touch him, let alone hurt his family. I can feel the anger in his heart, and I am also very angry."

"Because of my way, it was ruined by your appearance."

"You **** it."

A line of inexplicable words fell quietly.

very indifferent.

The key tone doesn't seem to come from a boy in his twenties, but rather like the invisible anger of an old monster who has lived for thousands of years.

At the moment when the two sword shadows were about to fall, Ye Chen opened his lips slightly, and simply spit out a word: "Exit."

When the words fell, those two sword intents shattered directly!

is even more dissipated in the world!

seems to have never appeared before!

Not only that, the mysterious old man took a few steps back!

'S face is full of horror!

His strong blow was actually destroyed by a young man?

And it is so simple to destroy?

The other party seemed to spit out a word, and he didn't even plan to do it!

how can that be!

The mysterious old man set off a storm in his heart, and his eyes were locked to the extreme.

Ye Chen pinched his fingers, and a magic talisman appeared.

The magic talisman shook and shot to one side!

"Boom!"

In the blink of an eye, the magic talisman formed a red light that penetrated a rock-solid wall!

All obstacles are invisible.

It seems that a broad road is forced out in the ghost prison!

"You go first~www.mtlnovel.com~Leave the ghost prison from here."

Ye Chen's tone was very plain.

Jiang Hirong and Ye Tianzheng have strange expressions. They don't know why their son seems to be a different person.

Jiang Xirong was the first to react and grabbed Ye Tianzheng's hand.

"Tianzheng, let's go, we stay here, it will only hinder Chen'er!"

The two looked at each other, and they both saw determination from each other's eyes, and no longer hesitated, they headed towards the road that Ye Chen opened.

Soon, only the mysterious old man and Ye Chen were left here.

"who are you?"

The mysterious old man was relieved from the shock.

He is sure that the other party is not the kid just now! No matter the momentum and feeling are different.

The other party even made him feel a little dangerous.

Ye Chen sneered: "Although my power is restrained and cannot be fully displayed, I want you to pay a great price! Even death!"

In the next second, Ye Chen turned into an afterimage in the same place, offering a magic charm in his hand!

The magic talisman burst out with dazzling red light, like a red sun, heading towards the mysterious old man!

The mysterious old man put away his contempt, his true energy burst out, and he fisted towards Ye Chen who was rushing in!

His fist glowed with dazzling purple light!

red and purple are interlaced, extremely bright.

"Boom!"

The earth shook, and the entire ghost prison was swept by a wave of air, a mess!

It can be seen how terrifying the power!

there are two more

Chapter 383: Not reconciled!

After the air wave, smoke billowed.

After the smoke disperses.

Ye Chen and the mysterious old man scattered one after another.

In comparison, the mysterious old man was in a lot of embarrassment, and a trace of blood had spilled from the corner of his mouth.

"Are you also Kunlun coming out?"

The mysterious old man just wanted to speak, Ye Chen had already appeared in front of him.

"Snapped!"

A slap with a strong innocence, directly fan out!

This slap is extremely strong.

The mysterious old man can't avoid it even if he wants to hide, he subconsciously uses his hand to block it!

"Puff!"

His tough arm was directly slapped open, and the strong slap slapped the old man's face directly.

A red mark just appeared!

is terrifying to the extreme.

The old man was shaken back several steps, and his whole person was completely stunned.

Who would have thought that his strength would be so embarrassed in China?

The key to doing this is a young man!

Ye Chen looked at this scene, shook his head helplessly, and muttered to himself: "If it wasn't for this body that had been injured too badly just now, plus there was not much real anger, this slap would probably be enough for the old guy. Head directly into blood mist."

"Pity."

Just as Ye Chen murmured, the old man reacted, his expression full of anger!

He has cultivated for so many years, when has he been so suffocated!

"kill!"

Thinking of this, the old man is murderous.

"No matter who you are, today, I want your head to sacrifice!"

After the old man roared, his fingertips forced a drop of blood, and the blood patted on the center of his brow without hesitation.

Almost instantly, his aura climbed to a limit, and with a force of destruction, he slammed in front of Ye Chen.

At this moment, he is like a ferocious beast, showing his fangs, wanting to crush Ye Chen alive!

He squeezed his five fingers, and the standing cane had appeared in his hand.

This is his weapon, it is rarely used, let alone used in the Chinese martial arts world!

The walking stick shook, and the sawdust flew across, turning it into a sharp weapon.

This weapon is a bit weird, not like a sword, not like a gun, let alone a knife.

But the upper and lower ends are extremely sharp, and the sharp points are wide open on all sides, as if sharp blades are embedded in it.

"Everyone who saw my weapon died, and you are no exception!"

The weird weapon pierced directly at Ye Chen!

The air was rippling, killing intent swept, the light flickered, and the cold air was pressing. For a while, the weapons of the ghost prison shook.

Except for the Dragon Sword!

Ye Chen knew very well that the weapon in the opponent's hand was extraordinary, at least a spiritual weapon!

"Boy, if you die under my hand, you are qualified enough to brag underground. Don't worry, after you die, I will torture your parents to death!"

"Even if you are a strong Kunlun Xu, you will die!"

With this blow, it felt like a sickle of death, preparing to harvest Ye Chen's life!

There is even an invisible pressure blocking everything.

In the eyes of the old man, even if Ye Chen did not die, he would be seriously injured!

This is his confidence!

At the moment when this blow was about to touch Ye Chen, Ye Chen stretched out his hand, and a magic talisman appeared in his hand.

The magical talisman wraps around the arm, shining brightly!

Then a faint word fell like this: "What is Kunlun Xu? When I stand on the top of the mountain, everything is nothing but a bubble. If I want it to be destroyed, it must be destroyed."

When the old man heard these words, his expression almost solidified.

Canghaiping?

Where does this name come from?

This guy even said that he could break the Kunlun Void?

Kunlun Xu is just a bubble in his eyes?

This tone is too **** big.

Who does he think he is?

The supreme powerhouse of Kunlun Xu?

This person probably wouldn't even be worthy to carry shoes to the first person in the Chinese martial arts world!

Thinking about all this, he coldly watched his blow.

Ye Chen has already stretched out his hand, not right, but a finger!

just like that point on the sharp point of the weapon!

In the eyes of the old man, it's just looking for death!

What kind of power is contained in his blow, he knows better than anyone!

Don't say a word, even the spirit shield made by the profound iron outside the territory may not be able to stop it!

"Zizi"

But at this moment, something strange happened. Ye Chen touched the old man's weapon with one finger, and a violent spark came out.

Sparks flicker.

His weapon stopped just like that.

seemed to be deep in the quagmire, in this suffocating breath, his weapon unexpectedly lost contact with him.

Seeing this scene, the old man can't wait to stare out!

how is this possible

He has never failed.

"Your weapon is no different from a pile of scrap metal in my eyes, or even worse."

The words fell, Ye Chen held the weapon, and a magic talisman applied to his arm!

He seems to hold thunder and flames at this moment!

The two forces directly turned the weapon red.

is like iron that has just burned red.

The key Ye Chen held it like a okay person.

"Crack!"

The weapon was directly crushed into a pile of scrap iron, and it was thrown into the corner by Ye Chen casually.

"My time is running out, I will send you on the road next."

Ye Chen walked around, appeared in front of the old man in the blink of an eye, and then took a palm.

"Chihuahua dog, break it for me!"

Boom!

Ye Chen faced the elder's subconscious resistance, as if nothing happened!

The roar exploded, and the boundless wind swept across.

Om

Just heard a scream, the old man's arm was directly broken!

Blood burst~www.mtlnovel.com~ The bones are all revealed!

His face was eclipsed, and the whole person was shaken out.

"This power"

The old man could only watch Ye Chen make a shot at himself, his pupils shrank and he roared.

He was actually planted in the hands of an aerodynamic boy, and he didn't have the strength to fight back!

Now it's just a few moves, the weapon is destroyed, the arm shattered!

It is very likely that even life will be explained here!

This makes him unbelievable.

噗吡

Just, in the middle of the shock of the old man, a dull penetrating sound came, and the next moment blood sprayed.

The old man's eyes widened, he opened his mouth and wanted to speak, but he couldn't make a sound anymore.

He could only look at the air current that penetrated his chest with difficulty, his face was full of despair.

A palm print appeared on his chest, which runs through his body.

Life is passing by quickly, and the world in front of me begins to turn dark.

"I'm not reconciled, but don't want to feel better, actually we have two people here, haha"

After said this sentence, as if exhausting all his energy, the old man let out an unwilling roar that only he could hear.

boom

The voice of fell, his world was completely dark, and his whole person fell suddenly toward the rear.

completely dead.

The cold wind howled, and among the **** smell of the sky, the only thing left was the picture of Ye Chen standing proudly in the sky.

This picture seems to be still.

The tenth is about early in the morning

Chapter 384: People in the dark!

After solving the mysterious old man, Cang Haiping temporarily left Ye Chen's body, and his shadow was extremely weak at this moment.

Almost transparent.

The stronger the power he exerts, the faster it consumes.

All the powerhouses in the reincarnation cemetery are nothing but a soul.

Ye Chen also woke up, his ears echoed the words of the old man after his death, and suddenly his eyes shrank, regardless of the injury on his body, he hurried to the exit!

Who would have thought that this time two people actually came.

He beheaded one of them, that is to say there is still one outside!

not good! Parents are very likely to be in danger!

A gust of wind instantly swept towards the entrance and exit of the ghost prison!

at the same time.

Ye Tianzheng and Jiang Hiron had already arrived at the exit of Ghost Prison.

Jiang Xirong held the rune that Ye Chen gave him tightly in her hand. The woman's intuition was very strong, and she always felt that things were not easy.

This strong premonition even came from the blood in her body.

The awakening of her blood and talents shocked the martial arts world in China.

It must be extraordinary.

It is a pity that she has no interest in cultivation at all, which is tantamount to wasting such a good cultivation ability in vain.

The only value is to continue this bloodline.

Otherwise, her father knew that she was married to Ye Tianzheng, and even the news of her pregnancy, he wouldn't be so furious.

In the Chinese martial arts world, blood and spiritual roots are extremely important things for martial artists.

If you make good use of it, you can make Huaxia's family enduring.

Her elder brother is like that.

Because of the outstanding blood and spiritual veins, he was directly brought into the sect by a strong man in Kunlun Xu.

Although not seen for many years, the strength is absolutely terrifying.

With the existence of such a powerful Kunlun virtual man, the Jiang family has almost secured the throne of the top family in the capital!

The moment Ye Tianzheng and Jiang Xirong rushed out, the long-lost fresh air came in.

Jiang Hirong discovered for the first time that this was a school.

But before they had time to rejoice, they stopped, their bodies almost stiff.

The eyes were full of horror and surprise.

Because they found an old man standing not far away!

It directly blocked their way.

The old man is very similar to the one in the ghost prison just now!

It should be a brother!

Even the tattoo on the neck is exactly the same!

"Huh? Why did you come out? Where is Zeng Tianxiong?"

The old man looked at Jiang Hirong and Ye Tianzheng in front of him interestingly.

The old man's name was Zeng Tianqi, the younger brother of the old man who entered the ghost prison.

The two were called Zeng Sha Erjue in Kunlun Xu, and they were still somewhat prestigious.

Incoming countless, extremely cruel methods.

The key is behind them is a strong organization.

No one dared to mess with it.

Jiang Huirong reacted instantly. Just about to speak, Zeng Tianqi's expression changed because he discovered that the connection between him and his brother had been cut off!

Not only that, but a picture of Zeng Tianxiong's death just flashed across his eyes.

Damn it!

He didn't care about everything, his five fingers formed into claws, and he buckled directly towards Ye Tianzheng!

"It seems that the two of you should be in the same group with that kid. In that case, let me fall here!"

Jiang Huirong no longer hesitated, her beautiful eyes had a murderous intent.

"Tianzheng, I'll help you!"

A drop of blood was shot directly from her fingertips, and it was spotted on the talisman paper!

The light flickered, the talisman paper burned, and a giant wolf phantom rushed out of the flame!

The giant wolf phantom went directly to Zeng Tianqi!

The roar was deafening.

The hideous fangs make people palpitate!

Zeng Tianqi obviously did not expect that two people with no cultivation base would have such a method! Fist towards the giant wolf phantom!

I thought the giant wolf phantom would be broken up, but didn't expect the giant wolf to bite on his arm!

The strong sense of tearing made his face change drastically!

Seeing this thing entangled the opponent, Jiang Xirong quickly grabbed Ye Tianzheng's hand and swept in the other direction!

"Hurry up."

She could feel the pain on her husband's face.

Just because her husband broke a foot and can only run with an artificial limb, this kind of pain is not something ordinary people can bear.

"Tianzheng, you have to hold on!"

Jiang Huirong said seriously.

"Peirong, if it doesn't work, you will go first, Chener needs you."

"Don't talk nonsense, the two of us have never seen any big storms, and nothing will happen."

The two are getting faster and faster!

Ten seconds later, Zeng Tianqi successfully got rid of the ghost of the giant wolf behind him, his forehead was full of sweat!

Looking at the two figures going away, he sneered, and his true energy gathered under his feet, and appeared in front of them in the blink of an eye!

"Want to run! Two ants run away!"

In the next second, a cold sword appeared in Zeng Tianqi's hand, and he cut it towards the two without hesitation!

This sword carried his cold anger.

At the moment when the sword intent was about to fall, a man in black walked out of the darkness: "Old Zeng, be merciful, I need someone to live."

Zeng Tianqi's sword hung in the air like this, and the strong sword wind cut off Jiang Yanrong's traces of blue.

What surprised Jiang Xirong and Ye Tianzheng was that they knew the man in the dark!

It was Yunhu Villa who wanted to kill their Beijing Dragon Lord, Lin Juelong!

It's just that Lin Juelong looks much younger, and I don't know if it's the reason for cultivation.

Zeng Tianqi frowned when he saw Lin Juelong: "Who are you? Why should I listen to you?"

Lin Juelong smiled, and pulled a button of his black shirt. He had a tattoo on his chest.

The tattoo turned out to be a red door with ancient Sanskrit inscribed on it.

It's exactly like the one on his neck!

It's as if this is the code name of a certain organization.

Zeng Tianqi's expression eased a bit. When he saw his own person, he put down the sword in his hand and asked, "Who do you want? What's the use?"

Lin Juelong smiled: "I want that man, he has something I am interested in. I was sorry that he died without asking the result back then. Now it seems God doesn't want him to die.

Back then, it seemed that Yunhu Villa broke his leg not enough, but this time, I won't let him die so easily. His life is more important than anything else. "

Zeng Tianqi's eyes shrank, his arms shook, the waves of air rolled, and Ye Tianzheng fainted directly.

"Tianzheng!" Jiang Huirong struggled desperately~www.mtlnovel.com~ but the pressure was covered, she couldn't move!

"You let him go! Otherwise I promise you will regret it!"

Jiang Huirong's cold voice sounded!

Lin Juelong smiled, and said to the darkness: "Take people away."

A middle-aged man appeared in the darkness momentarily, and the middle-aged man carried Ye Tian who was unconscious and was walking towards the darkness.

"Lin Juelong, if you dare to move my husband, Chen'er and I will make you feel bad! I will let the Jiang family come forward, and I will ask my Kunlun Xu brother to do it!"

Jiang Huirong said every word.

Every word carries her anger!

It is a cold threat!

Chapter 385: Want to go, no way!

Lin Juelong didn't seem to be afraid of Jiang Xirong's threat, and still walked into the darkness.

After all, he believes in his own strength, and there is no suspense about winning against him.

"Lin Juelong, you will die miserably! You have no idea what stupid things you are doing!"

Jiang Huirong roared.

This is the anger of a wife.

Their family was finally reunited, who would have thought that Lin Juelong would be killed halfway through!

Lin Juelong took a few steps, suddenly thought of something, stopped, and said indifferently: "Jiang Hirong, your threat is of no value in my eyes. Please make it clear that you have been expelled by the Jiang family. Maybe help another waste person. As for your son, even if he is not dead, so what? He was a waste in my eyes, and he is now."

"Although the Jiang family is the top family in the capital, don't forget, my Lin family is several times stronger than the Jiang family to some extent! Otherwise, when I killed you in Yunhu Resort, why would the Jiang family remain indifferent? Know, but they are not qualified to move.

Although your elder brother is in Kunlun Xu, but you don't know, I also came from Kunlun Xu.

Before long, the entire Chinese martial arts world will be controlled by my Lin family, and my Lin Juelong will become the king! "

"Also, Ye Tianzheng is very important to me. He will not die. If he is willing to say something valuable, I will send him back. Otherwise, your family will go to the Yin Cao Netherworld to meet together!"

After speaking, Lin Juelong sank into the darkness.

Before disappearing, Lin Juelong's icy words came from the darkness: "Old Zeng, this woman has no use value, just kill it."

Zeng Tianqi glanced at the dark place, and then his gaze fell on Jiang Hirong, and sneered: "So you are the protagonist of that shocking scandal in the Chinese martial arts world, Jiang Hirong?"

Back then Jiang Hirong was expelled from the Jiang family. The matter was so big that even Zeng Tianqi knew something.

Jiang Hirong was originally a lady of heaven, and a true choice of heaven, whether it was ancient martial arts or cultivating, as long as he stepped in a few points, his achievements were definitely not low.

However, Jiang Weirong made a good deck of cards because of her willfulness.

That incident not only shocked the Chinese martial arts world, even the practitioners who traveled between Kunlun Xu and Huaxia had heard of it.

Jiang Huirong's beautiful eyes looked at Zeng Tianqi viciously, and said coldly: "I don't care who you are, but you will pay a painful price for your behavior."

Zeng Tianqi snorted coldly: "Hmph, even a dead person would dare to speak, I will send you on the road now! I will personally give your head to the Jiang family!"

In the next second, the sword in Zeng Tianqi's hand moved towards Jiang Huirong's white neck without hesitation!

Seeing that it was about to fall, a figure quickly swept over!

It is Ye Chen!

The moment Ye Chen rushed out of the ghost prison, he noticed that Zeng Tianqi wanted to do something to his mother!

His heart was furious!

Shot a spirit dart in his hand!

Not only that, but the Dragon Slashing Sword also shot out at the same time!

Two high-speed cold lights cut through the sky, as if torn the night!

"Ding!"

The two forces directly impacted on Zeng Tianqi's long sword! The long sword was knocked into the air, turned around at high altitude, and finally plunged into the ground.

Zeng Tianqi felt the strong counter-shock force in his arm, he naturally noticed Ye Chen's appearance, and his eyes shrank slightly.

He knew that this kid had killed his brother Zeng Tianxiong.

The key point is that Zeng Tianxiong's strength is stronger than him!

If he fights this kid, even if he does not die, he will have to pay a great price.

Even though he was angry, after weighing it, he decided to leave.

If you want revenge, you have to find another opportunity, at least to improve your strength first.

No longer hesitating, a billowing black mist surged all over him, swept toward the darkness!

"Want to go, no way!"

"The sword is coming!"

The Dragon Slashing Sword flew to Ye Chen's palm!

At this moment, Ye Chen's eyes were red, and his arms were blue veins violently. He swallowed a large amount of pill, and his dantian gave birth to real energy!

"Leave me!"

With a long roar, the whole body's true energy poured into the Dragon Slashing Sword!

He looked at the sword body filled with light, felt the shock of the long sword, his eyes were crazy!

Anyone who threatens his parents must die!

Whatever the price!

Otherwise, the troubles are endless.

He could feel his body in a certain state of collapse.

But stand after breaking!

The sense of breakthrough in the body is getting stronger!

He even felt that after this time, as long as he had enough aura and enough time, he could directly cross a great realm!

Enter the separation zone!

At this moment, he forced out a drop of blood and sacrificed his life charm.

The moment the blood fell into the life talisman, a wave of air erupted and a major earthquake shook.

Om...

Under the powerful energy infusion, the sword body vibrated and groaned softly.

In the next second, the Dragon Slashing Sword flew out, rushing out of the body with a blood dragon!

The blood dragon has a huge mouth, wrapped in the Dragon Slashing Sword, invincible, and like a thousand troops and horses heading towards Zeng Tianqi.

The long sword is cut out, and Ye Chen, like a king, is unstoppable!

Feeling the murderous intent behind him, Zeng Tianqi's face turned pale, and he took out a jade pendant in his hand, the jade pendant stood in front of him, and a red door phantom suddenly became a reality!

This red door is the tattoo on his neck!

The appearance of the Red Door reveals extremely mysterious power, which makes people palpitate.

"Boom!"

The dragon sword hit the red door, and the jade pendant shattered!

The red door collapsed!

The power of the Dragon Slashing Sword has been reduced infinitely!

Suddenly, this blow containing Ye Chen's essence and blood and life spirit talisman was still powerful, and a sword directly pierced Zeng Tianqi's body!

The blood gradually spilled, and was extremely embarrassed.

Zeng Qiqi's face was grim, and he smashed to the ground!

His dantian was pierced!

He forced himself to stand up and stumbled into the darkness.

Without knowing his life or death, at least he became a waste.

Ye Chen did not continue to chase, he just stood like this, and a strong sense of exhaustion came from his body.

It seems that the body is bitten by thousands of ants~www.mtlnovel.com~ The blood in the body surges, and a hint of breakthrough overflows from the dantian.

Ye Chen forcibly suppressed this feeling, and then looked at his mother, only then did he realize that there was only her mother!

"Mom, where did Dad go?"

His voice was weak and trembling.

Jiang Xirong was startled, she knew very well what kind of pressure her son was under.

As a mother, she looks very distressed! She wants her son to bear all this.

After thinking for a few seconds, she suffocated her tears, and then smiled: "Chen'er, take a good rest first, you will see him later."

Ye Chen nodded. Although he felt a little strange, he didn't have the power to think much now.

A faint voice from Cang Haiping came in my mind: "Disciple, hurry up and find a place to break through. I will disappear soon. I wish you a helping hand for the remaining power."

Chapter 386: Unthinkable!

Ye Chen walked towards his mother, his feet like lead: "Mom, I have a house in the teacher's apartment, let's go there first."

Jiang Huirong nodded, supporting Ye Chen with one hand, and walked towards the place with light.

Just when the two left Yunhe Lake, Jiang Huirong's footsteps stopped.

Because the sound of footsteps came from not far away, it seemed vaguely that a tall and tall man came.

Jiang Hirong instinctively remained hostile.

Did Lin Juelong appear again?

Does Lin Juelong really want to destroy their family?

Her palms are all sweat!

At this moment, Ye Chen also had cold eyes in his eyes, looking at the figure in the dark, he was ready to do it at any time.

If it really didn't work, I moved the only remaining tombstone.

But soon, both of them relaxed.

This time, it was not someone else who came, but Jiang Jianfeng.

Jiang Jianfeng came from the martial arts platform, just want to see if Ye Chen had an accident, but he didn't expect that it was not only Ye Chen that appeared in front of him.

And that sister, Jiang Huirong, who was trapped in the ghost prison.

His body is almost petrified.

There is an unwritten rule in the Chinese martial arts world, as long as you are trapped in the ghost prison, don't think of it for the rest of your life!

No forces are qualified to interfere.

But what the **** is there?

Jiang Huirong unexpectedly came out of the ghost prison.

His eyes were filled with surprise and even a hint of panic. Then, he turned his gaze to the direction of Yunhe Lake.

The Yunhe Lake was completely dry, the ground was torn apart, and in the center of the torn apart was a huge hole with a faint light shining.

He knew very well that it should be the entrance to the ghost prison.

The entrance was opened, or in other words, it seemed to be smashed through.

how is this possible!

Thousands of turbulent waves were set off in his heart.

The Ghost Prison in China has a reputation as a golden soup, and it is extremely mysterious!

Most people couldn't find it if they wanted to, but at this moment they were smashed through the entrance!

Jiang Jianfeng's horrified eyes fell on Ye Chen's body.

He could feel Ye Chen's weakness.

Could it be that this kid smashed it through?

Thinking of this, his heart seemed to jump out.

A few seconds later, he shook his head, Ye Chen's age was in front of him. Even though his talent was good, his current cultivation base and strength could not be controlled at all with this kind of power. It seems that Beijing Normal University will have to investigate it by then. Up.

Before he came, something extremely serious must have happened!

Otherwise it is impossible to trigger such an earthquake.

Jiang Hirong ignored Jiang Jianfeng, and directly helped Ye Chen to leave.

It seemed that Jiang Jianfeng was just a cloud of air in her eyes.

After Jiang Hirong and Ye Chen left, Jiang Jianfeng sighed, took out his mobile phone, and dialed a call: "I am at the Beijing Normal University. The entrance to the ghost prison is broken. I'm not sure what happened inside. Tell the above, let Go ahead.

If the person inside is not dead, once released, the consequences will be disastrous. "

...

Beijing Normal University, Teacher Apartment 1002.

Jiang Xirong helped Ye Chen to rest on the sofa in the living room.

"Chen'er, how do you feel? Do you need to take you to the hospital?"

Ye Chen smiled, shook his head and said, "Mom, your son has learned something over the years. In terms of medical skills, I can be a **** in China."

Jiang Yanrong gave Ye Chen a white glance: "You are all nonsense, no matter what you are, you are my son. If your face is still so ugly by tomorrow morning, I must take you to the doctor."

In Jiang Xirong's eyes, Ye Chen must have set foot on the martial arts. His current achievements are definitely the result of hard work.

Now that he has cultivated the martial art, how can he put his mind on the medical art?

Ye Chen didn't intend to refute at all, and quickly said: "By the way, you and Dad came out together just now, where did he go?"

Jiang Huirong's expression changed, and just about to explain, there was a knock on the door.

"Chen'er, sit down and I will open the door."

Jiang Huirong said quickly.

Then, she came to the door, the door opened, and a rather delicate girl stood outside.

Even though Jiang Huirong had seen many beauties in Beijing, she was a little lost when she saw the girl in front of her.

"You... came to Chen'er?"

Jiang Huirong said.

Wei Ying at the door was stunned. She realized that the woman in front of her looked a little like Ye Chen. She suddenly thought of something, her face was flushed, and she said with a trembling voice: "Auntie, I am Ye Chen's colleague. I live next door. I just heard this. Come and see if something happens."

Jiang Huirong glanced at Wei Ying. As a person who came by, how could she not see the love in Wei Ying's heart, and said: "Chen'er is resting inside, you come in."

Wei Ying waved her hands again and again: "Auntie, I won't bother you at this late, I will live next door, Auntie, if you and Ye Chen need any help, you can come to me."

Jiang Huirong smiled: "Okay, thank you."

"Auntie, the water in my room is still burning, so don't bother. Ye Chen is fine,"

After speaking, Wei Ying fled.

There were so many thoughts in her heart that she had put on makeup before she knew it, and she didn't know if she would leave a bad impression on Ye Chen's mother.

Jiang Xirong closed the door, went to the living room, and said to Ye Chen: "Chen'er, there is a pretty girl looking for you outside, saying it's your neighbor, I think that girl is pretty good."

Ye Chen drank slobber and smiled bitterly: "Mom, she is just my friend, don't guess, right, where is Dad?"

A trace of panic flashed in Jiang Huirong's eyes, and after thinking for a few seconds, he said, "When we left the ghost prison, there was a heavy fog. The two of us were separated. I vaguely heard your dad say that I want to return to Jiangcheng to get something. I'll be back to Beijing to reunite with us soon, don't worry, you have good luck to heal your injuries."

"By the way, Chen'er, I feel a little tired, I want to take a good rest and not bother you."

After that, Jiang Huirong didn't give Ye Chen time to react, so he went to a room.

Although Ye Chen was full of doubts, the most important thing right now was to adjust his body quickly and then break through.

He can feel that the meaning of this breakthrough is extremely powerful! It can even break through the separation and reunion in one fell swoop!

...

When Jiang Huirong returned to the room, UU reading www.uukanshu.com took away the mobile phone on the table by the way.

When she reached the room, the relief on her face disappeared completely, replaced by a touch of extremely solemn seriousness.

She concealed it from Ye Chen temporarily because she knew Ye Chen.

If Ye Chen knew that his father was taken away by Lin Juelong, he would definitely go to the Lin family regardless of his injury.

Jiang Hirong grew up in Beijing, and she knows the Chinese martial arts world and the situation in Beijing better than anyone.

The Lin family is not simple, and even has a lot to do with Kunlun Xu.

Coupled with that tattoo on his chest today, it should be a certain force in that place.

As a mother, she doesn't want her child to take risks anymore.

Chapter 387: Blood dragon, come!

Jiang Huirong looked out the window with a sad look. After thinking for a long time, she picked up the mobile phone and dialed a number.

After a long time, the phone went through.

"I'm Jiang Huirong, help me arrange it. I want to go to Jiang's house."

The other end of the phone was startled, after a few seconds, an old voice rang:

"Miss, it's impossible for the master to see you."

Jiang Hirong's eyes were filled with determination, and continued: "Even if he doesn't see me, I will see you too. I was expelled from the Jiang family. It's not wrong, but the Jiang family's blood is always flowing on me. Help me ask him how my mother died. Yes! Who is mainly responsible for that incident back then!"

The old man on the other end of the phone sighed: "Okay, I can only help you tell the old man what I said. If the old man still doesn't want to see you, I can't help it."

"Thank you."

Jiang Huirong hung up the phone.

Ten seconds later, she dialed another call: "You should be in Hui'an Province, I hope you come to the capital, I need your help now."

"it is good."

There was an excited and trembling voice on the other end of the phone.

Afterwards, Jiang Huirong dialed the third call.

This call is for Jiang Jianfeng.

"Jiang Jianfeng, see you at the old place at 8 o'clock tomorrow morning, I have something to ask you."

Jiang Jianfeng on the other end of the phone smiled bitterly: "After all, I am also your second brother, so you can't help but call my name?"

"After I was expelled from Jiang's house back then, I changed my mind. If it was not forced to do so, I would not call you."

Jiang Jianfeng sighed, "All right, I'll be waiting for you in the old place."

After the three phone calls ended, Jiang Hirong was lost in thought, her eyes were more capable and determined.

She just stood by the window for two hours.

During these two hours, no one knew what was in her mind, only that her expression became more serious.

Two hours later, she sat cross-legged and started to practice cultivation.

She had to compromise with reality.

In this world, hidden under the surface prosperity is darkness and bloodthirsty.

She resisted something for decades, and at this moment, she felt it necessary to hold on tightly and become her weapon.

Although it was late, her blood and spiritual veins had not changed, and she was still the most heaven-defying existence in the Chinese martial arts world.

As long as she wants, she can be better and stronger than everyone!

Ye Chen guarded them so desperately, she didn't know what kind of suffering she had suffered in the past five years, and now, she also wanted to do her best to guard her children and husband.

...

hall.

After Jiang Hirong entered the room, the phantom of Cang Haiping appeared.

His phantom was almost transparent, as if it was about to dissipate.

He glanced at Ye Chen, who was sitting cross-legged, and said, "Tier, I wanted you to control a magic talisman. Now it seems that everything can only depend on you."

Ye Chen opened his eyes, and just about to stand up, Cang Haiping yelled: "Don't move, just say a few words for the teacher.

You will do your best to break through the separation and separation realm today. After you step into the separation and separation realm, the next senior will tell you something about the reincarnation cemetery, and then you will understand the weight of the burden on your shoulders.

Although I am a divine soul, it is still unclear whether the main body is still there, but I, and even every strong person here, treat you as an apprentice sincerely, without half selfishness.

I just hope that after I dissipate, you can carry forward the magic talisman together. Your body's natural magic talisman and the blood dragon phantom, remember to make good use of them. The power of these two things when necessary may even exceed our power and potential to help you. unlimited. "

"Apprentice, I hope we can have a chance to see you again."

After the words fell, Cang Haiping pointed on Ye Chen's eyebrows.

His figure completely dissipated, and even more light penetrated into Ye Chen's forehead.

But at this moment, Ye Chen discovered that a strong sense of breakthrough seemed to rush out of his body!

"Master, I will not let you down!"

Ye Chen roared, running the Nine Heavens Xuanyang Jue, a blood dragon phantom rushed out of his body!

The powerful breath covers it!

Rumbling...

The energy in the body rushes endlessly, like a torrent of sensation, like a galloping army.

The feeling of breakthrough this time is stronger than the previous few times!

"Break for me!"

When this energy reached its limit, Ye Chen's heart suddenly condensed, and he shouted in a deep voice.

As this voice fell, this terrifying energy rushed towards a barrier!

Extremely easy, just break it! It's like a broken bamboo!

In an instant, Ye Chen seemed to open a new world in his body.

But at this moment, he has not completely broken the shackles of the separation and reunion realm!

Ye Chen no longer hesitated, and under the control of his mind, he released the reincarnation cemetery!

At this moment, he seems to be in the center of those hundred tombstones!

The meaning of depression is all over the body, and the endless aura seems to be continuously flowing into his body as a lake!

The dragons on top of the head are bursting! The blood dragon is a bit bigger! Even the original phantom has a real tendency!

"Break again!"

Following Ye Chen's roar again, within a single thought, the innocence of Dantian rushed from bottom to top.

The majestic energy, like a thousand beasts, is unstoppable.

The energy flowing throughout the body is like a huge wave, rolling and roaring.

This feeling is extremely refreshing.

Time went by, Ye Chen's whole body was already soaked, and the pain of the previous battle broke out!

Ye Chen's whole body was blue veins violently, and his face was even more hideous.

He clenched his fists, and bursts of air bursts spread.

He even felt exhausted.

Logically speaking, this breakthrough should have ended long ago!

But the biggest obstacle was like a wall, just cracked a bit.

Ye Chen opened his eyes and glanced at the blood dragon above his head, and found that the other party was also looking at him!

"No matter! Blood Dragon, come!"

A dragon roar resounded, and the blood dragon went directly to Ye Chen! The huge mouth opened, as if to swallow Ye Chen!

But actually ~www.mtlnovel.com~ turned into a burst of crimson air at the moment it touched Ye Chen, mixed with the true energy, forming a violent energy, and rushed toward the obstacle!

Nine Heavens Xuanyang must be running crazily, and the energy in Ye Chen's body roared like a torrent of torrents.

"It's now!"

When this energy surged to the extreme, Ye Chen's expression condensed, and his expressionless roar!

The obstacle broke open in an instant, and Ye Chen stepped into the clutch state!

His Dantian seems to have expanded a hundred times!

A vast lake gathers into a big river!

Not only did the dantian change, Ye Chen's whole body actually heard a crackling sound, and the surface of his body was covered by a golden stream of light!

As far as the light came, his body seemed unbreakable and extremely hard.

A strong vibration came from the reincarnation cemetery. After the vibration, a tombstone showed signs of cracking!

Chapter 388: All parties in the capital are shaking!

Not only that, the entire night sky above the capital seemed to be torn apart mercilessly!

Dark clouds gather, thunder and lightning raging!

The blood dragon phantom in Ye Chen didn't know when it appeared on the thundercloud!

Its posture is vigorous, and its dragon claws are strong, like rushing in the clouds and waves.

The endless thunder and lightning entangled its body, making it more powerful!

"boom!"

A shocking dragon chant resounded over the capital, and thousands of lightning shot down from the sky!

The only goal is the teacher's apartment of Beijing Normal University!

The entire capital seems to be shrouded in the shadow of the doomsday.

If it weren't for the majority of people in a deep sleep now, it would be shocking to the world.

At the same time, the Jingcheng Jiang family.

An old man woke up from his dream, stepped out, broke the window directly, stepped on the strong wind under his feet, and came to the roof.

The old man put his hands behind him, looking at the distant thundercloud and the terrifying thunder and lightning, a hint of horror appeared on his serious face.

His mouth was slightly open, and his body was trembling: "This kind of vision, is it because there is a peerless power in the capital to break through? Such a terrifying thunder disaster, what kind of cultivation is this!"

"Even the way of heaven is not tolerated. The ancient warriors of China will never have thunder. This is a cultivator! There are top cultivators coming out!"

"Huaxia's structure is going to change!"

The old man's heart set off a stormy sea. The last time this happened was decades ago.

After that, his first child was taken away by an adult from Kunlun Xu!

And the vision in front of me is far beyond that one!

The old man felt a sense of powerlessness in his heart, because this kind of peerless power was born in another family!

After today, it won't be long before a top family will be born in the capital!

If the other party is a casual cultivator, that would be best. His Jiang family must win it over at all costs!

At all costs!

The old man didn't think much anymore, and moved in the direction of Lei Jie, even he didn't even bother to change his pajamas.

Just as he swiftly swept away, another thunder robbery happened near that powerful thundercloud!

Although this Thunder Tribulation is not as strong as the one next to it, the Thunder Tribulation actually condenses into an ancient text!

This is the beginning of the journey of cultivation for those with blood against the sky!

"What the **** is going on today? Is the capital going to change?"

"A peerless powerhouse and a person with blood-defying blood were born. Whoever can grasp these two people can control the entire Chinese martial arts world!"

The old man's footsteps are getting faster and faster, and the wind bursts, which is terrifying to the extreme.

But soon, he lost his way.

Lei Jie disappeared.

...

At the same time, the Beijing Lin family.

Lin Juelong was naturally aware of the vision, staring at the sky, and there was a trace of anxiety in his heart.

It seemed that the two visions above the sky were a strong threat to him.

The blood dragon in the thundercloud stared at him firmly, his eyes seemed to eat him.

"This vision... turned out to be directed at me?"

His brows were frowning, and his face was full of chill. Could it be that some of the people he killed in Kunlun had come back for revenge?

He certainly did not think that the waste of China would pose any threat to him.

Judging from the vision, only the practitioners of Kunlun Xu can be inspired.

For a long time, an indifferent smile was drawn at the corner of his mouth: "I care who you are. If you dare to come, I will send you to **** by myself, Lin Juelong!"

Beijing Normal University, eight in the morning.

Ye Chen opened his eyes, and after stepping into the separation state, there was a trace of ethereal aura on his body.

He even felt that his strength was so strong, he didn't know how much.

Now he would not be so embarrassed if he performed the first form of Bloodthirsty Slash, Burning Heaven Palm, and even Breaking Heaven Sword Intent.

The separation and separation state is a watershed, and it is also an extremely difficult state to cross.

Those low-level cultivators in Kunlun Xu may not be able to leap over for a lifetime.

Who could have imagined that Huaxia's spiritual energy was many times thinner than Kunlun Xu, and his breakthrough speed was against the sky instead.

From Kaiyuan Realm to Pneumatic Realm, and then to the current Separation Realm, it only took half a year.

"It is estimated that those guys in Kunlun Xu will drop their jaws if they see me again."

"So, will she be surprised?"

There was a beautiful shadow in Ye Chen's mind, it was Kunlun Xu's peerless genius girl Ji Siqing.

Five years ago, he did not have the slightest cultivation base, stepping into Kunlun Xu, this woman did not know how many times he helped him.

It's just that this woman is too far away, he was not too close at the time.

Can only write down that kindness silently.

I don't know if Ji Lin brought that sentence to her.

Ye Chen shook his head, no longer thinking, his eyes fell on the room where his mother was resting.

A few hours ago, when he broke through, he naturally noticed the movement in that room.

"Mother, is this stepping into practice?"

Ye Chen was a little surprised. After all, he had learned from others that his mother had a talent against the sky, but he had always rejected cultivation.

Is the change at this moment because of the ghost prison?

Just as Ye Chen was thinking, the door opened and Jiang Xirong walked out. When she saw Ye Chen, a motherly smile appeared on the corner of her mouth: "Chen'er, get up so early? Are there any vegetables in the refrigerator? You do some."

Ye Chen shook his head: "Mom, I'll take you down to eat. I haven't had breakfast with you for five years."

Jiang Huirong nodded: "Okay, listen to my precious son."

As soon as the words fell, a soft knock on the door sounded, Ye Chen got up to open the door, only to find that Wei Ying came in with a plate.

She glanced at Jiang Huirong and said shyly: "Auntie, you guys shouldn't have breakfast yet, I just made some, try to see if it tastes suitable."

Jiang Huirong and Ye Chen looked at each other, with a hint of deep meaning in their eyes.

This time, Wei Ying had a very rich breakfast, for fear that Jiang Hirong would not like it, but when she heard Jiang Hirong's praise, her heart was as sweet as honey.

After a breakfast, Jiang Hirong and Wei Ying were familiar with each other a little bit, but Jiang Hirong knew very well that her son hadn't made a statement, and she couldn't say much.

She checked the time ~www.mtlnovel.com~ and the time agreed by Jiang Jianfeng was almost the same, and she told Ye Chen: "Chen'er, mom is going out. I will buy some food later at noon and cook it for you."

"Mom, I'll go with you."

Since his mother came out of the ghost prison, Ye Chen planned to spend more time with her mother.

As for his father, he always felt that things were a bit weird, so he would naturally send someone to investigate.

When Jiang Hirong heard that Ye Chen was about to follow, she shook her head again and again: "No need. Mom will go and meet some old friends. If you don't know me, you can just do it yourself."

Ye Chen didn't say much, handed out a bank card, and told Jiang Xirong the password and his mobile phone number.

Ask her to contact herself when necessary.

Although he had just arrived in the capital not long ago, he now controls the two powers of the Blood Plum Palace and the Dark Hall, and he also has a certain right to speak in the capital.

If anyone dares to bully his mother, he will erase everything.

Chapter 389: I want Lin Juelong to die!

After Jiang Hirong left, Ye Chen was going to the Blood Plum Palace.

I don't know what Lu Lingfeng and Ye Lingtian have integrated the Dark Palace and the Blood Plum Palace into.

As soon as he was about to leave, the WeChat video rang.

Ye Chen was startled, and a smile appeared on the corner of his mouth. There were only three people on his WeChat.

And only Sun Yi and Xia Ruoxue would send him the video.

In the past few days, because of the ghost prison, his heartstrings were tense, but he did not take the initiative to contact the two.

Pressing the answer button, Ye Chen found that Sun Yi was holding the phone and pretending to be angry, and Xia Ruoxue not far away was looking at some documents.

"Xiaochenzi, what's the matter with you these few days, hiding women outside? Why don't you keep calling us? We all suspect that you are missing."

Ye Chen laughed bitterly, and then explained the matter of his parents. Of course, he omitted most of the content.

Sun Yi's face changed, and she subconsciously covered her mouth: "Did you really see the uncle and aunt?"

After all, she personally cremated Ye Chen's parents back then. Although she later learned that the Yunhu Villa was a bit strange, now Ye Chen's parents suddenly came back to life and still made her heart throb.

"Xiao Chenzi, in fact, I am calling here to tell you one thing. Tianzheng Group has already set up in Beijing, and even bought the Beijing Wanhe Building. Wanhe Building will soon be renamed Beijing Tianzheng Building, Tianzheng The headquarters of the group will all be moved here.

Ruoxue and I will come together, so don't you expect it? "

Sun Yi blinked.

"Xiao Chenzi, I slept with Ruoxue these few days and pinched Ruoxue's chest. It was developed."

Before he finished speaking, Xia Ruoxue's beautiful face lifted up, and a pen cap was shot out in his hand.

The pen cap circulated rapidly, and as soon as he was about to touch Sun Yi, Sun Yi stepped on her foot and avoided like a phantom.

With this hand alone, Ye Chen was sure that these two people had not left to practice.

Sun Yi was afraid that Xia Ruoxue would be angry, so she hid in the kitchen and video of Ye Chen.

The glass door of the kitchen was closed, and Sun Yi blinked her flattering eyes and whispered, "Xiaochenzi, do you really miss me?"

Ye Chen nodded.

Sun Yi glanced at Xia Ruoxue outside, then stretched out her white fingers and pointed to her mouth:
"Do you miss me?"

The fingers slid down and touched her soft and plump breast.

"Still miss me?"

The fingers hooked slightly, and a hint of fullness seemed to come out, as if they were about to be hooked off by her fingers.

Let people imagine endlessly.

The fingers continued to slide, slid across the waist, and touched Sun Yi's sensitive parts, with a faint groan.

"Still miss me?"

Ye Chen on the other end of the phone was completely hooked by Sun Yi's actions.

Sun Yi, this girl is completely a fairy!

How can a healthy man bear it?

Sun Yi wanted to continue teasing Ye Chen, but when she heard Xia Ruoxue's voice from the living room, she hurriedly said: "Xiao Chenzi, remember to wash up and wait for the palace to wait in bed. Don't talk, Trojan horse."

A red lip fell, and the video hung up directly.

Ye Chen shook his head helplessly, and went directly to the school gate. Maybach was already waiting outside.

"Go to the last place."

For half an hour, Ye Chen passed the formation and came to the huge palace.

The huge stone-carved blood plum at the entrance of the Blood Plum Palace has completely disappeared, replaced by a young man standing on the top of the mountain, looking at the image of the giant dragon in the sky.

This is the mark of the dark hall.

It seems that Ye Lingtian and Lu Lingfeng are almost integrated.

Ye Chen didn't think about it anymore, and went to the inside of the palace.

"See the Lord!"

The gatekeepers of the two Blood Plum Palace said respectfully.

There was only fear in their eyes.

At the beginning, Ye Chen had the power of one person, facing all the killers in the Blood Plum Palace, crushing everything, cutting off the heads of Zhan Tao and the four elders with one sword!

This is simply a nightmare for them!

There is no way to crack the key sword at all!

Ye Chen nodded, and walked inside, before he stepped in, he heard a sound of shaking the sky!

"See the Lord!"

At this moment, all the powerhouses in the Blood Plum Palace and the Dark Palace are divided into two rows!

Almost a hundred people in each row!

Almost all the people in the Dark Hall and the Blood Plum Hall have been recalled!

Hundreds of people knelt together, their postures were unified, their eyes were firm, and their momentum released!

A blood tiger phantom formed on the head of the strong blood plum palace! On the top of the dark palace powerhouse is a black dragon!

The black dragon and the blood tiger hit the center!

Black and red are staggered, the momentum is monstrous, and extremely gorgeous.

Ye Chen was shocked, which may be regarded as a surprise.

The key point is that he found that the power of these blood plum palaces and dark palaces are much stronger, and this power is stronger than he thought!

Ye Chen walked towards the center of the hall, and a hundred people watched, kneeling and surrendering, like a king enthroned.

Ye Lingtian and Lu Lingfeng were at the end, watching this scene with their fists clenched.

Their hard work these days is to wait for today!

The combination of the Blood Plum Palace and the Dark Palace is definitely a highlight for the Huaxia Martial Arts Bureau!

The key hall master is Ye Chen!

Ye Chen came to the stage, did not sit down, glanced at the crowd: "Get up."

"Yes, the Lord!"

The silhouettes were surging, neat and tidy, proudly in the world.

Ye Lingtian and Lu Lingfeng also stood up and took a step: "Hall Master, are you satisfied?"

Ye Chen nodded, and then looked at the two of them: "I found that everyone's strength seems to have improved a bit, what's the matter?"

Ye Lingtian explained, "Hall Master Qi, I haven't had time to tell you this matter. This morning, the Blood Plum Palace's underground cracked. We discovered that there was a special mineral vein underneath. Numerous spiritual energy surged from the ground. breakthrough.

Now that the gap has been blocked, please go and check it. "

Ye Chen squinted his eyes slightly. When he first stepped into this place, he found that the Feng Shui trend here was a bit weird. The key point is why the Blood Plum Palace had its headquarters in this desolate place. He originally thought it was for quietness. There is definitely a huge opportunity at the bottom of the temple!

"Take me to see~www.mtlnovel.com~ Ye Chen ordered.

"Yes, the Lord!"

At the same time, an alley in Beijing.

Aunt Jun teahouse.

The location is very remote, there are only two people in the teahouse, Jiang Hirong and Jiang Jianfeng, very quiet.

Jiang Jianfeng took a sip of tea and said lightly: "Pei Rong, what is it that you asked me out? I came out from Jiang's house today, but when I heard the angry voice of the old man, I heard that you are going back to Jiang's house?"

He always felt that his sister was a little different, but he couldn't tell.

This feeling is very subtle.

Jiang Huirong opened the door and said: "Lin Juelong took Tianzheng away, I want Tianzheng to come back, and Lin Juelong is dead!"

Her voice was extremely cold and filled with endless chill.

Chapter 390: Scared!

Jiang Jianfeng just drank the tea in his mouth and spit it out, his face changed drastically, and he didn't care about the wet clothes, and said seriously: "Peirong, what's your nerve? You tore your face with the Jiang family last time because of Ye Tianzheng. , Ruined your future, now you want to do this for Ye Tianzheng again?"

"What's the point? What capital do you have? You have no relationship with the Jiang family for a long time! Don't you know the strength of the Lin family? It is impossible for the Jiang family to take risks for you!"

Jiang Jianfeng was very scared.

In the Chinese martial arts world, the Lin family's strength is extremely terrifying. Although they are at the top of the pyramid with the Jiang family, if they are really compared, there is still a gap between the Jiang family and the Lin family!

Coupled with Lin Juelong, he is an extremely special existence regardless of his status and strength!

Killed Lin Juelong? Who in the entire Chinese martial arts world has this qualification?

Even if the top three in the Chinese martial arts world wanted to move Lin Juelong, they had to weigh themselves!

Is your sister crazy?

Jiang Huirong released his murderous intent, and the teacup on the table trembled!

"Lin Juelong ruined our family reunion, no matter what the price, he must die."

The words fell, the teacup broke directly!

Seeing this scene, Jiang Jianfeng stood up directly, his pupils dilated, and said in surprise: "Peirong, you have stepped into the path of cultivation and you have practiced the exercises that the eldest brother brought out from Kunlun Xu to give you?"

Can he not be surprised!

His sister, he knows better than anyone!

Not interested in cultivation at all!

At the beginning, my eldest brother brought out a very strong practice technique from Kunlun Xu, and asked Jiang Hirong to memorize it and practice it. As a result, Jiang Hirong watched for ten minutes and directly burned that precious exercise!

The old man almost had a heart attack!

He never expected that Jiang Xirong would have memorized the exercises long ago, and the key is to practice, and the realm is not weak!

Although this realm is nothing to him, it was only one night!

He knew that Jiang Huirong had blood and spirit veins against the sky, but this was too terrifying.

"Jiang Jianfeng, no matter what, I want to see that person. No one can stop me. If you Jiang family refuses to help me, I will do it myself!"

"Also, are you willing to help me? If you are willing, I will call your second brother. If you are not willing, from now on, you and I have nothing to do with you!"

Jiang Xirong was stubborn and determined to the extreme.

Jiang Jianfeng looked at the woman in front of him, and suddenly found that the mother and son are too alike!

Back in Jiangnan Province, Ye Chen did the same!

Extremely powerful and arrogant!

The key to Ye Chen's arrogance has come true!

He even felt that the mother and son would definitely make a huge wave in the stagnant water of the capital this time!

Jiang Jianfeng calmed down, pondered for a long time, and said, "Does Ye Chen know about Ye Tian being taken away?"

Jiang Huirong shook his head, and there was a hint of warmth in his cold eyes: "He doesn't know, although he is very strong now, but the last time he rescued us, he paid a great price. I don't want my child to take the risk anymore. I want to rely on myself for this."

Jiang Jianfeng glanced at Jiang Herong and said: "You are actually right to do this. I saw extremely terrifying potential in Ye Chen. If he doesn't die, this person will really become the first person in China.

But now he has no chance of winning against Shanglin Juelong. He is more impulsive and frivolous than you, and he may do something extreme. "

"Well, let me do two things for you. First, I will persuade the old man to arrange for you to meet. It would be better if the Jiang family is willing to come forward. Second, I will find a way to rescue Ye Tianzheng, which is also for you. owe."

Jiang Huirong's eyes turned red, and she turned to resolute, and said, "Thank you, brother."

When Jiang Jianfeng heard these two words, he smiled: "Everything is worth it."

At the same time, Ye Chen came under the ground of the palace.

There are actually three floors below the Blood Plum Hall, and each floor is extremely open.

The first layer, assassination training and modern weapons.

Ye Chen even discovered missiles and large-scale combat weapons.

The second layer, the dark web of the Hall of Blood Plum, the data platform.

The third layer, the most mysterious, five layers of encryption.

The gates on each floor are made of heavy metal.

Ye Chen opened the five doors and let Ye Lingtian and Lu Lingfeng guard outside.

When he came inside, he found that there was a hint of aura in the entire space, although it was faint, it did exist.

Ye Chen noticed a door again.

According to Ye Lingtian, behind this door is exposed underground ore.

He opened the door, and an extremely strong aura poured in instantly!

The spiritual energy envelops his whole body, and even directly makes his cultivation base take a small step forward!

He had just stepped into the separation realm, and now he is the pinnacle of the first level of the separation realm!

When he noticed the inside, he instantly found a crimson vein!

"This is the vein of China!"

How could Ye Chen not be surprised!

Dragon veins are extremely important for practitioners and Huaxia!

It is about luck and everything!

Once the dragon vein is broken, the luck of a place will affect it!

There are six dragon veins in Huaxia!

Kunlun Mountain Dragon Vessel, West Qingshan Dragon Vessel, Changbai Mountain Dragon Vessel, Taihang Mountain Dragon Vessel, Qinling Mountain Dragon Vein!

Each vein constitutes the territory of Huaxia Stability!

Kunlun Mountain is "the ancestor of ten thousand mountains and the source of dragon veins", and the ancestor of dragons.

Why did Kunlunxu become a practice resort?

It is because there is a huge dragon vein beneath it!

Endless Reiki! The entire third floor was flooded in an instant!

At this moment, Ye Chen's breathing was short, and he kept walking inside, a feeling of billowing heat hit.

The blood dragon in his body seemed to be aware of something, and rushed out of his body directly, looking at the rolling dragon veins to the extreme!

Waves of dragons resounded throughout the world!

The aura of this dragon vein that the blood dragon is constantly absorbing, the body expands a bit at the speed of the naked eye.

It just stopped when it expanded by two-thirds.

Ye Chen walked around and found that this dragon vein was not as big as he thought, covering about half an acre of land.

It can't be compared with the six dragon veins of Huaxia ~ www.mtlnovel.com~ But even so, if this dragon vein is known by outsiders, it will definitely attract countless strong players!

If you practice here, your efficiency will be much faster!

At this moment, Ye Chen didn't think much anymore, and quickly sat cross-legged, intending to absorb the energy of this dragon vein, but as soon as he sat down, the black stone in his pocket floated out!

The reincarnation cemetery appears!

An old voice came: "Boy, move this dragon vein to the Samsara Cemetery! Must move to the Samsara Cemetery!"

The voice is extremely rapid!

This is from the tombstone that can be moved!

The mighty power in the tombstone can't even rush out!
