Chapter 401: Unable to survey!

Ye Tianzheng heard Lin Juelong's threat, and still shook his head: "How many times have you asked, I don't know anything!"

"Since you asked about my father, you should know that he and my mother died suddenly! How can he have time to tell me or give me something? I advise you not to spend your energy on me! "

His attitude is extremely determined!

"It seems that you are not willing to cooperate, right."

Lin Juelong stood up, his eyes were extremely cold-blooded, and the strong breath made Ye Tianzheng feel suffocated.

This is the difference between cultivators and ordinary people.

Ye Tianzheng's face was instantly pale, and even gradually turned into iron blue, and a violent cough sounded.

"Ye Tianzheng, since you like to keep secrets so much, then I might as well let you feel the taste of dead people! Only dead people can keep secrets!"

The words fell, a gust of wind surging in the house, Lin Juelong appeared in front of Ye Tianzheng, with five fingers, Ye Tianzheng seemed to be pulled by an invisible force!

"Crack!"

After 's crisp voice, Lin Juelong's blood-filled five fingers had already clasped Ye Tianzheng's neck!

Then, his arm was raised directly!

Ye Tianzheng's body instantly left the ground!

At this moment, Ye Tianzheng was hard pressed to the extreme! The veins on the neck are violent!
The eyes are full of bloodshot eyes!

He wanted to struggle, but found it impossible!

"I will ask again, did your father leave you anything! If you don't give me satisfactory answers, I will let you understand what torture is!"

Threat!

Nude threat!

But Ye Tianzheng still didn't speak, the pictures in his mind kept flashing back, and the only thing he thought of was the black stone!

This black stone was given to him by his father, and even more so he gave it to Ye Chen!

Although does not know the origin, his father has confessed that this secret cannot be told!

And this stone can only be given to Ye Chen!

In other words, Ye Chen was born for this black stone!

This is his fate!

Ye Tianzheng was very confused at the time, he knew his parents had always been a little weird!

On the surface, it looks no different from ordinary people, but there is an indescribable feeling on the body!

seems to be hiding something, even making him sometimes feel that everything Jiangcheng Ye Family has built looks like an illusion.

When Xi Rong became pregnant, they knew that Pei Rong would give birth to a boy, and even named Ye Chen long ago!

Even the date of birth is extremely accurate!

He always thought it was a coincidence, but when he was in the ghost prison, the more he thought about it, the more something went wrong!

Now Lin Juelong is restraining him, as if making him startled!

But he still didn't say anything, because once he said it, Ye Chen was the one who had the trouble!

He is in his forties and has enough life, but his son's great life has just begun!

Ye Tianzheng at this moment is hard to suffer! He endured desperately!

At this moment, a black shadow rushed out from the outside: "Absolute Dragon, stop me!"

Lin Juelong was startled, but still did not let go!

"Juelong, if you don't let go, if something happens to Ye Tianzheng, you don't want to live!"

The full of breath resounded through the room, causing Lin Juelong to completely change color. In desperation, he could only snorted and threw Ye Tianzheng on the sofa.

Ye Tianzheng coughed a few times, moved his neck, and took a few breaths, staring hard at Lin Juelong.

At this moment, his eyes are extremely fierce, not like the eyes of an ordinary person at all.

Lin Juelong ignored Ye Tianzheng's killing intent, but said to the old man who came in: "Dad, what are you doing here, I can get what you want from him, give me some more time."

The old man ignored Lin Juelong, but respectfully said to the outside: "Master Qiu, come in."

Not long after, an old man in a green robe with a misty breath and white hair appeared. The old man had a dog around his back, holding a crutch with a dragon pattern, and stroking his sleeves, bringing a breeze.

The appearance of the old man in the green robe made Lin Juelong's eyes shrink, he actually felt a sense of fear from the opponent!

Could it be that Kunlun Xu came out of the strong?

"Dad, this is..."

Father Lin coldly snorted: "Master Qiu is a powerful man in the depths of Kunlun Mountain. His magical techniques can read the memories of martial artists and ordinary people. Rather than force Ye Tianzheng to die like this, it is better to hire a master with this magical technique. Shot."

Lin Juelong's eyes shrank, and he said in surprise: "It's still Dad who has vision!"

Father Lin ignored him, but made a gesture of please to Master Qiu and respectfully said: "Master Qiu, please!"

Master Qiu nodded, without talking nonsense, he stepped up to Ye Tianzheng's front, and even pointed a finger on Ye Tianzheng's eyebrows!

Ye Tianzheng wanted to hide, but found that a strong coercion restrained him, and he could not move.

Master Qiu's fingers flickered with a ray of purple light and penetrated into Ye Tianzheng's mind!

There is a hint of arrogance in the corners of his mouth. The Lin family paid a huge price to invite him out of the mountain. He thought it was asking for the memory of some powerful people, but he did not expect it to be an ordinary person!

Ye Tianzheng is no different from ants in his eyes!

Getting memories is too easy!

Father Lin and Lin Juelong showed joy in their eyes, looking forward to it!

One second, two seconds, three seconds...At the fifth second, Master Qiu's smile suddenly solidified!

The moment his power entered the depths of Ye Tianzheng's mind, it was actually blocked!

A strong coercion shot out of the opponent's mind!

This made his face changed a lot, and he just wanted to withdraw his hand! But found a force bound him!

"how is this possible!"

His eyes instantly turned into horror, and he exclaimed!

When Father Lin and Lin Juelong saw this, they felt something was wrong. They just wanted to talk, "Puff!" Master Qiu unexpectedly vomited a mouthful of blushing blood!

His hand burst even more!

Blood splattered!

What is even more bizarre is that the burst of blood hasn't even reached Ye Tianzheng!

"what!"

Master Qiu's body flew upside down, UU reading www.uukanshu.com was like a broken kite, and then it slammed heavily on the wall!

A wall collapsed!

The whole world is silent.

Lin Juelong and Father Lin looked at Ye Tianzheng again, their eyes widened to the extreme, even with a trace of fear!

There is a power to protect Ye Tianzheng!

The key is that even a strong master like Master Qiu can't shake it!

how is this possible!

The two looked at each other, and both saw the horror in each other's eyes.

"Sure enough, there is definitely something wrong with the Jiangcheng Ye Family! The same message as the ancestors left..."

Father Lin said coldly, his voice with a trace of fear!

"Dad, what should Ye Tianzheng do?" Lin Juelong frowned.

The moment the power burst just now made him feel a little scared.

"Let him stay here for the time being. We will slowly figure out a way. As far as I know, Jiang Hirong and his son are not dead. Ye Tianzheng has a lot of love and righteousness. It is estimated that only these two people can make him speak. As for now, you Take Master Qiu down to heal his injuries! He can't have anything to do, otherwise I can't explain."

"it is good!"

Soon, Ye Tianzheng was the only one left in the whole house. Ye Tianzheng looked at his hands, very confused.

Chapter 402: best choice!

Beijing Normal University, teacher apartment.

Ye Chen certainly didn't know what had happened to the Lin family. At this moment, he was running Nine Heavens Xuanyang Jue.

The weakness of the previous Potianyijian barely disappeared.

He thought that after stepping into the Separation and Reunion Realm, the Potian Sword should be able to be used without injury, but now he discovered that the Potian Sword was far more terrifying than he had imagined.

It can be seen how terrifying the three sword intent that the Slaughter Daoist gave him.

If he hadn't broken the sky with sword intent, he wouldn't be able to leave Jiang's house so easily today.

The strength and foresight of the old man Jiang will inevitably find his own swordsmanship formidable. From the other side's point of view, his potential is nothing compared to this heavenly sword intent!

is ridiculous!

Ye Chen's room was entwined with a blood dragon phantom, but because of the huge blood dragon phantom, this room seemed to fit it.

An hour later, Ye Chen took the blood dragon back into his body.

"If this continues, the whole room will be broken."

It just so happened that the people in the dark temple sent me some locations for villas or manors in the capital.

Because the place where I live this time may be the birthplace of the real Ye Family in Beijing, the location is particularly important.

The people from the dark hall even called: "Hallmaster, this is the place where the dark hall is currently investigating the capital that meets your requirements. The specific pictures and information have been sent to the hall owner's mailbox. Please check it out."

Ye Chen nodded, took out the tablet, and glanced roughly at the information.

He is not very familiar with Beijing, so he can only glance at it roughly from the perspective of Feng Shui.

These places have excellent feng shui and should be of great value.

Suddenly, what he thought of, Jingcheng, his mother is obviously more familiar than him!

Mother is the jewel in the hands of the top families in Beijing. In terms of location, her mother is obviously the best candidate.

Ye Chen didn't hesitate anymore, came to the living room, Jiang Huirong was cleaning, and when Ye Chen came out, he said, "Chen'er, you don't practice anymore?"

"Mom, come here, I have something to ask your opinion." Ye Chen said while sitting on the sofa.

Jiang Xirong frowned, put down the mop, and came to Ye Chen's side: "What's the matter? Is it about my daughter-in-law?"

Ye Chen smiled and shook his head, and even handed the tablet to Jiang Yanrong: "Mom, do you see which of these places is the best?"

Jiang Xirong glanced at the contents of the tablet, and instantly understood: "Chen'er, you really want to build Yejia in Beijing? Are you all starting to choose a location now? I think this teacher's apartment is very good, the environment is quiet, no one disturbs."

"Mom, since you left the Jiang family, you also know that everyone in the Jiang family looks down on our family, saying that their father is a trash, saying that I am even more wicked, and even insulting you, I can't swallow this tone!

Sometimes, instead of erasing these people, it's better to stop these people with actions! They think that they are aloof, then I have to let them understand, how can the light of fireflies compete with Haoyue! And our family is China's Haoyue! "

Jiang Xirong heard Ye Chen's determination, her eyes flushed.

Ye Chen was born that year, and Ye Chen was found to be Fangen. There were countless abuses and humiliations in the Chinese martial arts world, and the hideous faces even kept her awake for countless nights.

The indifference of her father and those in the Jiang family made her even more chilling.

She guarded Ye Chen under tremendous pressure, letting him grow up like an ordinary person.

She just wanted Ye Chen to be safe and sound, and she didn't expect Ye Chen to have any great achievements.

But I didn't expect that the past few days seemed like a dream, and Ye Chen had given her too much shock.

For a long time, Jiang Huirong nodded: "Chen'er, no matter what you do, mom will support you! Mom also hopes that one day, everyone hears Jiang Huirong not thinking of Jingcheng Jiang family, but Jingcheng Ye family!"

After finishing speaking, Jiang Yanrong analyzed the contents on the tablet again, frowning and sighing sometimes.

One minute later, Jiang Yanrong put the tablet on the table and said, "Chen'er, if you really want to choose a place where Yejia in Beijing starts, these are not appropriate."

Ye Chen was stunned. He looked at these places. Whether it was luck or location, they were excellent, but they weren't suitable for his mother?

"Chen'er, a top family, there are too many things to consider, and the location needs to be extremely cautious! Fengshui and air luck are the first, the pattern protection is the second, and the third is the luck of the family, and it is also the most important existence. "

Ye Chen's face was puzzled: "Family luck?"

Jiang Xirong nodded and explained: "I can't say what the luck of this clan is, but when I was young, I heard the elders of the clan and many people mentioned it. China's current top clan is generally based on another Above a top family! The Jiang family is no exception. The current place of the Jiang family is actually the site of a declining top family in the Tang Dynasty."

Ye Chen suddenly realized that, in fact, he had heard similar sayings in Kunlun Xu, Kunlun Xu's sects were almost all based on other sects.

"Mom, you mean, to build a top family, I must destroy a top family and occupy his place?"

If this is the case, then he has to think hard about which family is most suitable to destroy.

Jiang Yanrong shook his head, and flipped through the tablet, instantly revealing a vast area in the east of Beijing.

I just don't know why ~www.mtlnovel.com~ has no satellite image.

"Chen'er, if I really want to choose, this place is the best existence. It's just that this place is a bit controversial. For more than 30 years, no family dared to take this land."

"Why?"

"The owner of this place is called Bailixiong. Bailixiong has a pivotal position in the Huaxia Military Region. He also controls a team called the Jiexue Camp. The Jiexue Camp has been circulating in the rivers and lakes. I don't know whether it is true or not. The Jagged Battalion will only take action when there are major crises and battles in China.

As soon as it is shot, whether it is an ordinary person or an ancient warrior, it must be a strong suppression. Some of China's top families should also be jealous, after all, the power of the country cannot be underestimated. "

"This land was actually watched by many families, but because of Bai Lixiong's toughness, they all gave up. As for the reason, the disappearance of Bai Lixiong's wife has a lot to do with this place. Bai Lixiong sent heavy troops to guard this place. , No one or warrior can step into it!"

Ye Chen heard the words Bai Lixiong, his eyes flashed with a gleam.

He has never met Bai Lixiong, but he has dealt with Bai Lixiong's daughter Bai Libing.

Ying Qing and Bai Lixiong's relationship should be unusual.

"Mom, since you are optimistic about this place, I will try my best to take this place." Ye Chen said seriously.

Jiang Xirong's face became a little weird: "Chen'er, you misunderstood, I said that this place is the best, not for you to choose this place, this place is not extravagant, I have several ideal choices..."

Chapter 403: His strength!

"Mom, no need, this place, I know Bai Lixiong's daughter, and I should be able to try something."

Jiang Xirong saw that Ye Chen had said so, and didn't say anything more.

There are some things, only when Chen'er does it, will he know the difficulties.

Bai Lixiong's temper is not worse than that of Mr. Jiang. The key is that the opponent holds the Jiexueying. The Huaxia One should also be a little bit jealous. Chen'er wants to grab food from a tiger's mouth.

The next morning, Beijing Normal University.

Ye Chen received a call from Lei Shuwei and walked towards the school gate.

Before he left, he gave his mother a bunch of pills and martial arts. He knew that his mother was determined to embark on a path of cultivation. In that case, he naturally wanted to give her the best thing, which can be regarded as supporting his mother's dream.

At the gate of the school, a specially modified Hongqi L7 sedan stopped outside. It looked extremely low-key, but it also attracted many people's attention.

The door of the red flag car opened, and Lei Shuwei was also inside.

"Mr. Ye."

Ye Chen nodded, got in the car, and the car went directly to the south.

"Mr. Ye, you must control yourself when you see that person later..." Lei Shuwei reminded.

He was afraid of Ye Chen, this guy is not afraid of the existence, even the face of that person is not necessarily concerned!

If Ye Chen acted recklessly when he arrived there, he would definitely be killed in the first place!

After all, the masters there are all hidden masters who are not on the Huaxia Grandmaster Ranking!

In terms of strength, he has already entered China's top five existence!

Ye Chen nodded: "I know how to count. I have to ask for that person this time. I will naturally converge, but I don't know if that person will give me the answer."

Lei Shuwei let out a long sigh: "Mr. Ye said that I can rest assured."

Ye Chen thought of something, and said: "Lei Shuwei, how much do you know about Bai Lixiong?"

Lei Shuwei heard this name, his eyes flashed with surprise, is it possible that Mr. Ye and Bai Lixiong are in conflict?

If this is the case, it would be really troublesome!

After all, the other party is not an easy host.

"Mr. Ye, this is..."

Ye Chen knew that Lei Shuwei had misunderstood, and said: "I just ask casually, there is no contradiction, but I heard that this person is a bit powerful."

The stone in Lei Shuwei's heart fell, he glanced at the man in the driver's seat, and whispered: "If you only look at the rights and positions, Bai Lixiong is much higher than me, and we are not even of the same level!"

Because the Baili family is a famous general in China! Half of China's country was shot down by the old man from the Baili family! This was the great general in ancient times. Originally, there was the old man from the Baili family, and the Baili family was untouchable.

But I did not expect that Bai Lixiong was born decades ago! His strength is very strong, how strong is it? Decades ago, he was the first person on the Huaxia Grand Master List for a short time! "

"A short time? The first person?" Ye Chen frowned.

Lei Shuwei continued to explain quietly: "Now the first person in China is definitely not Bai Lixiong. After he was ranked first in the grandmaster list, he was officially cancelled in just ten minutes! Because he was immediately promoted to the top by China. General! With his special status, he naturally cannot be on the master list.

Admiral is in the position of real power in China.

Mr. Ye, you are a major general and you have already been promoted exceptionally. Bai Lixiong was two levels higher than you. Not only that, but in terms of martial arts strength, you may not be his opponent either. "

Ye Chen was slightly frightened, but he didn't expect Bai Lixiong to have such a big origin. He finally understood that his mother said these three words at the time, with fear in his eyes.

It seems that there is Bai Lixiong guarding that place, and it makes sense for ordinary families not to dare to watch.

"If I want to see Bai Lixiong, can you help me introduce it?" Ye Chen thought for a few seconds, and said astonishingly.

Lei Shuwei knew that Ye Chen would not mention a person casually, and he shook his head helplessly: "There is something you may not know, Bai Lixiong holds an extremely important force for China in his hand. This is incomparable to the Huaxia Dragon Soul. The Dragon Soul is responsible for handling some special events, and the power in his hand is to directly handle the suppression! This suppression may be a person or a country!"

"I have a phone number in his office, but it is unlikely to get through. I heard that Bai Lixiong seemed to have stepped into Qinling last month and should have gone to deal with some things. I don't know if he came back.

It's useless to ask me if you want to see him. It's better to talk to her daughter. Although Bai Libing has been in a stocking state, Bai Lixiong barely interferes with her, just to temper Bai Libing. This is the rule of the Baili family. It is not a last resort, and the children of the family cannot use the power of the family casually!

But anyway, Bai Lixiong still cares about this daughter. If you want to meet Bai Lixiong, this is a starting point. "

Ye Chen nodded, did not speak, closed his eyes and rested.

After a short while, the car stopped and arrived at the place agreed with Number One.

Ye Chen and Lei Shuwei got out of the car, led by a man in military uniform, entered the side hall, passed through the long corridor, and through several doors, and came to an indoor garden.

When stepped into the garden, Ye Chen felt a dozen cold murderous shots!

This murderous intent has a strong aura, as if he will die if he does it!

"Mr. Ye~www.mtlnovel.com~ I won't go in, remember what I said in the car just now." Lei Shuwei stood at the door and said.

He is still a little worried, but he can't go in and listen, which is really worrying.

Ye Chen didn't answer, and went straight in.

There is an old man in a Chinese tunic suit in the central garden. The old man is straight and watering the flowers with a kettle in his hand.

Seen from a distance, it doesn't look like the old man with power at all, but just like an ordinary person.

The old man noticed something and said lightly: "To be honest, it's really hard to see you."

He put down the kettle, put his hands behind him, and looked at Ye Chen, his turbid eyes flashed with light.

"During this period of time, I have been hearing about your feats from your subordinates, Jiangcheng Budotai, Yunhu Villa in Jiangnan Province, Hui'an Province, Beijing Normal University Yunhe Lake, Ghost Prison... let alone, these decades Apart from that Bai Lixiong, there really is no one who can do this kind of thing."

"You are younger and more energetic than him, representing infinite possibilities. Sit down."

The old man sat on the stone chair, poured two cups of tea, one cup was gently pushed, a faint air current covered it, Ye Chen was startled, and quickly held the tea cup.

A very strong wave of air came oncoming, Ye Chen stepped on his foot, and the blood evil came out, and the wave of air blasted away instantly.

This time it was Ye Chen's turn to be surprised. Who would have thought that this old man with supreme power in China was a warrior! The key strength is very strong!

Chapter 404: Just change 1 answer!

"This tea is freshly picked from Wuyi Mountain. It tastes good, try it."

The old man took a sip of tea and looked at the time.

Ye Chen drank the tea, and then put the cup on the stone table. When he let go, the tea cup turned into powder, which shows how terrifying the power of the blow just now.

The old man glanced at the powder, and his eyes shrank slightly: "Ye Chen, it seems that I still underestimate you. I don't talk nonsense. I am looking for you today to hold you accountable! Beijing Normal University is a Huaxia University and has no mathematics. Studying inside, you have caused such a big movement like this, but you have thought about the consequences!"

"Draining the clouds and lakes for one's own selfish desires is even more arousing the vision of Beijing. The China Earthquake Administration and the China Martial Arts Bureau have sued you a hundred! You have thought about the consequences!"

"The Ghost Prison was destroyed by you with some kind of power. Seven people died inside and a hundred people were seriously injured. You have thought about the consequences!"

"If the criminals in the Ghost Prison ran out, disrupted society, disrupted the order of China, you have thought about the consequences!"

After four sentences, the old man's momentum continued to rise, obviously a little angry.

After all, Ye Chen's rank of major general and Dragon Soul's chief instructor were all approved by him under pressure. Now some people in China already knew what Ye Chen did, and directly involved him in this matter!

How can he not get angry!

"Ye Chen, some people have listed you as one of the most dangerous people in China, and even asked me to order you to be killed! Now there are 15 top powerhouses out there. As long as I make a gesture, you will be taken down! Tell me what should I do? My position does not allow any selfishness!"

The old man looked at Ye Chen's reaction, thinking that the other party would be a little bit scared, but found that Ye Chen was calm and light from beginning to end, as if he didn't care about anything.

This kid's heart is too big!

A smile suddenly appeared at the corner of Ye Chen's mouth, and he was not weak in the old man's aura: "Back then, at Yunhu Villa, Lin Juelong destroyed my Ye family, did the Huaxia Martial Arts Bureau hold accountable? Our family is just ordinary people, those People above all think that the lives of the three of us are like ants, and death is not a pity."

"I broke the ghost prison, so what! I don't regret it! My parents are ordinary people, without any cultivation base, dare to ask what qualifications the ghost prison has to imprison my parents! Let alone the ghost prison, even if you are imprisoned by the elderly My parents, I won't be polite."

Ye Chen's tone suddenly became cold!

This is the truth!

Since no one gave him a fair treatment, then he smashed all the shackles abruptly!

The old man let out a long sigh, and his momentum receded: "Ye Chen, the interests behind Ghost Prison are complicated. If you don't stop, I can't protect you. Your strength is very strong, but the Chinese martial arts world is not as simple as you think."

"I stopped both the China Martial Arts Bureau and the Earthquake Bureau, but you have to deal with the forces behind the Ghost Prison. I can't control them over there. There are too many things involved.

Now that the force already knows of your existence, I advise you to stand up, apologize to them, and show some sincerity. This is the best way to deal with it. "

Ye Chen knew that the old man was looking for him for the ghost prison, but did not expect him to apologize?

That group of people imprisoned his parents, and even wanted to kill his parents and make him apologize, absolutely impossible!

Ye Chen narrowed his eyes, and said lightly: "Since you want me to apologize, you should always tell me what this force is called?"

"Blood alliance, this force travels between China and Kunlun Mountain in a mysterious place. They cannibalize China bit by bit. Some top China powers have a lot to do with this power." The old man explained.

Ye Chen thought of something, took out a pattern, and pointed to a red door sign on the pattern: "This should be what you said."

The old man glanced at the pattern and nodded: "Ye Chen, are you really going to apologize?"

Ye Chen sneered a few times and stood up: "I didn't say to apologize, even if they want to apologize, they apologize to me!"

The old man's face changed, and when he wanted to speak, Ye Chen continued: "I am here today, just to ask you one thing. Lin Juelong took my father away. I want to know the specific location of the Lin family! As long as you tell Me, I am willing to exchange everything!"

The old man never expected that not only did Ye Chen not listen to his own words, but also tried to find the Lin family trouble!

He knew very well that if Ye Chen got the position of the Lin Family, it would not be the Lin Family that would die, but Ye Chen!

"Impossible." The old man said decisively! Without the slightest hesitation!

Ye Chen knew this would be the answer, and in the next second, a brocade box appeared in his hand!

"Snapped!"

The brocade box was shot on the stone table!

then opened!

A strong pill breath overflowed from it!

The old man's plain eyes turned into a trace of horror, because he saw a golden pill lying quietly inside!

The grade and texture of this pill is something he has never seen before in his life!

At this moment, there was a stormy sea in his heart!

"This pill is called Jin Ling Pill, also called Tai Xu Jin Ling Pill. After you take it, most of the injuries on your body will disappear. At the same time, your cultivation will greatly increase the chance of breaking through the bottleneck. If you soak in the spirit sink and if you take one before taking Jinglinglian, there is a half chance of breaking through a big realm!"

Ye Chen's faint voice fell!

This was made by refining countless precious herbs from Wanggu, one day and one night! This pill does not have much effect to him, but it has a very strong effect on ancient warriors and cultivators!

He still doesn't believe it~www.mtlnovel.com~ The other party is still not moved!

The old man wanted to suppress the inner shock, but found that it was impossible. How could Ye Chen have such a rare thing as the key?

Could it be that he refined it!

He knows what happened to Ye Chen in China Medicine League. Could this kid not only be a martial artist, but also a very strong alchemist?

"This pill is too expensive, I can't take it, you can take it back, I won't tell you the location of the Lin family, it is to save you."

A few seconds later, the old man spoke.

"Snapped!"

Before he finished speaking, Ye Chen slapped another palm on the stone table. This time, it was an extremely valuable martial art!

is written with the four characters of God of War Fight!

"This martial skill is far higher than any martial skill in the Chinese martial arts world, and it is more precious than this golden spirit pill! Two things change positions! How!"

Ye Chen is extremely strong.

"Guru."

The old man swallowed, which is higher than any martial arts in the Chinese martial arts world! These few words explain the preciousness of this thing!

He is not only a leader, but also a warrior. Can he not be moved?

He understands Ye Chen, the first move that Jiangcheng Martial Arts Station broke out was not the martial art of the Chinese martial arts world. Obviously, this person has great opportunities and secrets! What was wrong with what he took out! And this time the opponent is determined to ask for the position of the Lin family!

Chapter 405: The change of Qinling!

In the end, the old man pushed the thing back: "No matter how much you give me, my answer will be the same. You go."

"Xiaoguang, see off!"

After a while, a man with a strong breath and a military uniform walked in and glanced at Ye Chen: "Mr. Ye, please."

Ye Chen narrowed his eyes, stood up, and walked away!

Since No. 1 is not mentioned, it's a big deal that he thinks of a solution by himself!

Just when Ye Chen took a few steps, the phone in the old man's pocket rang. The old man glanced at the caller ID and pressed the answer button!

Suddenly, the old man's complexion changed drastically, his eyes were full of panic and anger!

He hung up the phone directly, looked at the back of the departing Leng Ao, and said, "Ye Chen, stop!"

"If you want to know the location of the Lin family, I promise you, but you must accomplish one thing!"

Ye Chen was taken aback, stopped, his eyes filled with solemnity: "What's the matter?"

The old man glanced at Xiao Guang and said, "You go out first."

"Yes! Chief!"

After Xiao Guang went out, only the old man and Ye Chen remained in the entire indoor garden.

The old man pressed a button, his figure vibrated, and the glass and windows above his head were closed.

The sky garden becomes a confined space!

No one can check everything inside.

Ye Chen's eyes condensed, and he felt something was wrong.

At this time, the old man came to Ye Chen's side with a cold face, and said straight to the door:

"Ye Chen, I'm not nonsense. I just received a call and Qinling has changed! A month ago, Bai Lixiong and twenty strong men from the Jiexue Camp entered the depths of Qinling. In order to complete the national mission, Bai Lixiong personally led the team! But Just two hours ago, all the life information on 21 people was interrupted! It is very likely that something went wrong!"

"I'm not sure what happened in the Qinling Mountains, or whether they are still alive! Now China has sent strong men and troops to go deep, but it is not enough. If you can find Bailixiong and them, no matter what their results are, I will Tell you the location of the Lin family!"

The old man's tone was serious and nervous.

He has no choice.

The Qinling Mountains incident is too big.

If something happens to Bai Lixiong, then China will lose a general, and the consequences will be disastrous!

Although Huaxia has taken emergency tracing measures, he suspects that the problem lies within Huaxia!

And Ye Chen's identity has nothing to do with the interests of all parties! Coupled with the opponent's character and strength, it is definitely the best candidate!

"Why me?" Ye Chen said.

"There is no reason. If you agree, the deal will be concluded. You will fly to Qinling immediately! If you say it is ahead, you will not have any reinforcements, and the country will not give you any assistance. The Qinling Mountains give birth to a Chinese dragon. You should also be aware of the danger! You choose yourself!"

The old man looked at the time. It was obviously urgent. Then, he broadcasted a phone call and said coldly: "Two things, first, arrange an emergency meeting. Within half an hour, everyone will be there. . Second, after five points, prepare a private jet."

Hanging up, the old man stared at Ye Chen with blazing eyes, "What is your choice?"

Ye Chen naturally cannot refuse, Bai Lixiong is very important to him, even if it is not for the land, he will do it for the Lin family.

"I promise." Ye Chen said.

"Okay." The old man came to a wall and pressed his fingerprint on a place. The next second, the wall opened and a hidden cabinet appeared in his sight. He entered the iris to unlock, the cabinet opened, and he took it out from inside. An unmarked mobile phone, handed it to Ye Chen.

"Don't ask Bai Lixiong what he did when he went to Qinling. This mobile phone has information about these people, and once the mobile phone gets close to the chips implanted in the body of these people, it will vibrate, and there is a secret sign of Jie Xueying on it."

"Remember, you can't tell anyone about this, and Lei Shuwei is the same. You can't contact the Dragon Soul, even if you get there, you can't contact the Chinese military forces! If anyone asks, just say you go. Travel is fine!"

Ye Chen felt the fear and seriousness of the old man's eyes for the first time. He nodded and said: "I have left the capital these few days, you must guarantee the safety of my parents!"

The old man hung up and agreed: "Your mother, I will send the strong people around me to protect. As for your father, I will put pressure on the Lin family and they will not move him for the time being. Time is too late, someone will take you to the plane."

Not long after, Ye Chen was taken on a private jet by a strange man.

The plane is not a Chinese military plane, it is extremely ordinary, and perhaps it is to conceal people.

He looked at the information on the phone, and he felt more and more weird. What happened in the Huaxia Qinling Mountains, he actually needed an existence like Bai Lixiong to take people deep?

This matter is definitely not simple.

I don't know how long it took before the plane finally landed at an airport near the Qinling Mountains in Xishan Province.

Qinling Mountains.

From Kunlun in the west, through Longnan in the middle, to Dabie Mountain and Zhangbaling near Bengbu in the east.

In the mountain range of Fangcheng and Nanyang, the Nanxiang Pass is formed, the Tongbai Mountain at the junction of Henan and Hubei, and the Dabie Mountain at the junction of Henan, Hubei, and Anhui. The direction changes from northwest to southeast to Huoshan and Jiashan in southern Anhui. It is a hilly area with a northeast-southwest direction. In a broad sense, the Qinling Mountains are the watershed between the Yangtze River and the Yellow River.

Ye Chen got off the plane and felt that he was surrounded by huge peaks.

It is inaccessible here, perhaps because it is not open to tourists. Ye Chen looked around and no one found anyone else.

But there are constantly helicopters and planes in the sky~www.mtlnovel.com~ It is obviously China's rescue.

Ye Chen found that a coordinate point had been sent from the phone, and the note above was the place where Bai Lixiong and others disappeared.

is still a long way from his position.

Ye Chen shook his head helplessly, and quickly swept towards the depths of Qinling.

Along the way, Ye Chen found that there were signs of fighting around, and it was very intense.

The strength is not even lower than myself.

More than a dozen giant trees were directly shattered, showing their power.

Just as Ye Chen was about to go deeper, a bullet cut through the sky and shot directly at him!

Ye Chen shrank his eyes, his knees exploded, and he jumped directly onto a giant tree!

He climbed up the branches to the highest point, and instantly noticed dozens of foreigners in camouflage combat uniforms were constantly searching under the tree.

should be a kind of mercenary.

is obviously looking for him.

Ye Chen frowned, he didn't offend this group of people, why did he suddenly do it?

Just as he was puzzled, a small drone appeared in the sky instantly!

followed by a blast of gunfire swept through!

"Looking for death!"

Ye Chen's eyes were cold, and a wind blade shot out from his hand, hitting the drone accurately.

The drone instantly turned into a flame!

Chapter 406: The secret of the depths!

At the same time, Ye Chen looked at the group of mercenaries holding guns below, snorted coldly, and jumped directly from the giant tree tens of meters! Hit that person fiercely!

Those mercenaries naturally found a dark shadow in the sky, and their faces changed slightly!

Who would have thought that a Chinese kid would dare to jump down directly, and he would die!

"Shoot!"

A blond bald head coldly said, the next second, countless bullets pierced the air and went towards Ye Chen!

"How dare these bullets do anything to me!"

Ye Chen roared, and in the next second, the real energy of Dantian surged out, his fingers pressed firmly, and a golden barrier was rolled up all over his body!

Those bullets seemed to be hindered by a huge obstacle, all of them stagnated!

Raid: Shadow Legends! Play Now!

stepped into the clutch zone, how could he be afraid of these bullets! The reason why I jumped to the tree just now was obviously to figure out who was secretly shooting!

Those blonde mercenaries who saw bullets couldn't hurt the Chinese, were completely frightened!

In the next second, someone reacted and said coldly: "Ancient Chinese Warrior!"

But it was too late, Ye Chen's arm shook, all the dense bullets turned over and shot at the dozen people!

Suddenly, blood splattered, except for a bald head, everyone was battered! Blood splattered!

The bald head felt something was wrong, and he moved back quickly! Scroll around with a trace of energy! The speed is getting faster and faster!

"Huh? There is still a trace of cultivation?"

Ye Chen sneered, the old fantasy **** surging forward, and appeared in front of the bald head in the blink of an eye: "Who are you, why do you want to shoot at me?"

The bald head and eyes shrank to the extreme, and he took out a dagger from his waist, tearing away towards Ye Chen with gusts of strong wind!

"I live and die!"

Ye Chen's five fingers directly grabbed the dagger, "Kacha!" It broke directly!

Not only that, but the bald arm could not withstand the power of Ye Chen's true energy, it broke completely, and the bones were revealed!

At the same time, Ye Chen's five fingers buckled toward the bald neck!

The powerful pressure makes it impossible for the bald head to even breathe.

"You should be able to understand what I said, I will ask one last time, who are you, why are you here, and why do you want to do it!"

The bald head, neck and cheeks are full of blue veins, his pupils are bloodshot, and he is extremely hideous. He pointed to his neck with difficulty, obviously wanting to speak.

"Say!"

Ye Chen directly smashed his bald head on the ground, and the opponent couldn't help but spit out a mouthful of blood!

The bald head panted, and he looked at Ye Chen with fear. After a few seconds, he said in fluent Chinese: "The Qinling Dragon Vessel in China has been destroyed. We are here only to divide..."

Before he finished speaking, a strong breath rushed over!

Ye Chen's face changed slightly, he backed off quickly, and there was a loud noise, that bald head burst into flesh and blood! Turned into a blood mist.

At this moment, his eyes are glowing with cold.

He finally understood why No.1 was so nervous, and why he would use Bai Lixiong to deal with it!

Several dragon veins of China, the Qinling dragon vein has a huge influence on the pattern of China!

Once the dragon vein is destroyed by someone, or taken away by some kind of magic, the consequences will be disastrous!

The key is what forces want to attack the Qinling Dragon Pulse?

It is estimated that an accident happened before Bai Lixiong brought the news back.

The number one doesn't know either.

Just as Ye Chen was thinking deeply, a few rustling voices sounded, the key to the other party is surging with a good breath.

Ancient warrior.

Ye Chen jumped up and disappeared in the same place instantly.

Not long after, seven old people appeared nearby, and Ye Chen's eyes, who were covering his breath on the tree, suddenly filled with a trace of anger!

He knew several of these seven old people, they were actually from the Huaxia Budo Bureau!

One of them is the old man in the robe who seriously injured him in Hui'an province!

He even remembers the ugly face of the other party that day!

Could the China Martial Arts Bureau also come to find Bai Lixiong?

Under the tree.

The old man in the long robe looked around and twisted his brows into a Sichuan word: "There are strong people here, these people should have died by the hands of the strong, and they don't even have the ability to fight back."

"Next, please pay attention to everyone. We are still not sure about the origin of this person. If it is the official power of China, it will be troublesome. This time the Qinling dragon veins will not only compete for the strong in the depths of Kunlun Mountains, but Zongshi Zheng is also determined to win."

A middle-aged man glanced around, looked at the robed old man in surprise, and asked, "Mu, haven't the Qinling dragon veins been guarded by strong people for a long time, and why are they destroyed? ?"

Hearing this stupid question, Mr. Mu swiped a palm, and a big blood-sparking hole appeared on the chest of the middle-aged man. He couldn't react at all, and he didn't think he would have an accident!

Old Mu looked at the body of the middle-aged man and said coldly: "Some people died of talking. You should understand what this means. If you talk nonsense, you will end up in the same way. Go, go and meet Zongshi Zheng.!"

"Yes, Mr. Mu."

Just when the six were about to leave, Ye Chen, who was covering his breath from the tree, fell directly.

He finally understood why the old man told him not to touch anyone!

The Huaxia Budo General Bureau is in the wrong position on the dragon vein, not to mention the others!

The six people looked at the sudden figure, and their bodies halted. When they saw the youth in front of them clearly, they all exclaimed: "Ye Chen!"

Who would have thought that Ye Chen would appear here!

There was a faint light in old Mu's eyes, and he said coldly: "Did you hear what you said just now?"

Ye Chen stretched out and said: "Zheng Renjue turns out to have such a big ambition! It seems that I underestimated him."

Hearing these words, Mu Lao's expression changed suddenly! If this secret is revealed, it will be really troublesome!

"Last time in Hui'an, someone tried to rescue you. This time I want to know who else will save you here!"

Then, he looked at everyone and shouted angrily: "Let's do it together and kill this child!"

In the eyes of Elder Mu, the strength of the six of them was enough to kill Ye Chen!

The six figures swiftly swept away, and the cold swords appeared one after another!

The sword intent flickered, stabbing towards Ye Chen with cold murderous intent.

Ye Chen was motionless like a mountain, looking at everyone with cold eyes, the strength of Hui'an province at the beginning and the current strength were not the same.

kill him?

According to impossible!

At the moment when the six sword intents were about to fall~www.mtlnovel.com~ Ye Chen stretched out a finger: "Kill you, one finger is enough!"

"Arrogant kid, looking for death!"

Old Mu roared, his sword intent stopped!

Ye Chen flicked his wrist, his fingers condensed a blue light, the sword intent skyrocketed, the world was everywhere, the ghosts and gods avoided!

Hum...

In the sharp whistling sound, the blue light covered the sky and covered everything!

Ding.....

In a blink of an eye, a sharp collision sound came,

The fire burst.

The terrifying air wave swept in all directions like a tsunami. For a time, the wind was surging, like a thousand horses galloping past.

"Die all to me!"

Watching a finger collide with the six-handed long sword, Ye Chen showed a sneer at the corner of his mouth!

Hum...

A force exploded, the cold light flickered, and the six long swords were suddenly thrown out!

At the same time, the powerful sword intent broke through the bodies of three of them! Died on the spot!

The remaining three people were shaken out!

Old Mu spit out a mouthful of blood and slammed it on a giant tree!

Face is horrified!

Chapter 407: The unexpected person!

A few seconds later, Mu Lao wanted to forcibly support his body.

found that the bones of his whole body were almost falling apart!

"Puff!"

He spat out a mouthful of blood, his face pale!

His eyes stared at Ye Chen, and exclaimed: "How is it possible that your strength has grown to this point!"

Who can understand the shock in Mu Lao's heart at this moment!

How many days have passed since the incident in Hui'an Province!

The opponent's strength is unexpectedly stronger several times!

One finger can defeat them, and only Zongshi Zheng can do this!

But in front of him, this boy in his twenties has actually achieved this kind of strength!

Who the **** can explain!

A stormy sea is set off in his heart, he wants to say something, but he can't say it anymore!

He can't wait to stare out!

Ye Chen stepped forward and came to Mu Lao: "It feels uncomfortable now, I was in Hui'an province, I was like this, do you remember?"

Mu Lao spit out a mouthful of blood again, at this moment, he is in extreme pain!

The rib fracture directly pierced into the most vulnerable part of his body! He vomited blood, and even took out a dagger from his waist, trying to end his life!

But the moment he just wanted to move the dagger, an invisible coercion came over!

He can't move!

Ye Chen condescendingly said, "I only want to know one thing, how much do you know about the Qinling Mountains?"

Mu Lao sneered: "I am a dying person, I will keep the secret forever, haha! You never want to know!"

Ye Chen shook his head, a dozen silver needles appeared in his hand, and the silver needles shot out! Shaking constantly!

In the next second, Mu Lao's face was horrified, and a pain of bone erosion spread all over his body!

This feeling is unbearable to the extreme!

is like dying!

"What did you do to me... to me!"

Mu Lao's trembling voice sounded, and he saw the silver needle on his body from the outside, knowing that this matter must have something to do with the other party!

The crux of this kind of pain even a warrior can't bear!

Ye Chen took out a cigarette from his pocket and clicked silently: "The acupuncture points of the human body are amazing. He can manipulate people's pain and deceive the human body. I don't know if you can withstand the time of a cigarette. I look forward to you. ."

Old Mu felt the pain of his heart getting stronger and stronger, his whole body trembled, his pupils were red, and his mouth was foaming!

He wanted to bear it, but he couldn't bear it at all!

"Give me joy, I say! I say everything!"

Mu Lao finally compromised.

Ye Chen pinched out the smoke in his mouth, and found that he had only smoked halfway, he held it with five fingers, and some of the silver needles flew out, and Mr. Mu felt better.

"Let's talk." Ye Chen said lightly.

"This time the Qinling dragon veins accident actually involves many forces. Although the dragon veins are related to the luck of China, it is a great tonic for ancient warriors and practitioners. Once the power of the dragon veins is absorbed, the strength will inevitably increase!" Mu Lao Dao.

"carry on....."

Lao Mu took a deep look at Ye Chen, and continued: "Even if the Qinling Dragon Vessel has an accident, it will not affect the capital. Zongshi Zheng and the other forces have been deployed a few months ago. This matter is highly classified. I only recently found out."

"Where is Bai Lixiong? Do these people set traps against Bai Lixiong?" Ye Chen asked.

Old Mu shook his head: "As for Bai Lixiong, I don't know, I only know that the General Bureau of China Martial Arts has found the bodies of a few strong men in the iron blood camp. The Qinling Dragon Vessel has been known to many people, and those people also want to share a cup. Geng, the current situation is a bit out of control. More and more forces are pouring into the Qinling Mountains, not only in China, but also in other countries."

"Where is Zheng Renjue?"

"Zheng Master is thirty miles west of this place. It is deep in the Qinling Mountains and the place where the dragon vein happened. If I'm not mistaken, Bai Lixiong should be in it. That's all I know. I beg you. I am happy..."

Ye Chen sorted out his thoughts. Thirty miles west of this place was almost the place where Bai Lixiong had disappeared.

He nodded, turned and walked towards the west.

Mu Lao saw that the other party didn't do anything, his eyes showed a hint of joy, suddenly, a few cold lights came!

The terrifying fear strikes again!

"Ye Chen, you despicable villain! Ah..."

A heart-piercing voice resounded.

And Ye Chen gathers infuriating energy at his feet, rushing away!

To be kind to the enemy is to be cruel to yourself!

mean? so what! The rules of this world are made by the winner!

Ten minutes later, Ye Chen didn't have much distance from the coordinate point.

The closer he gets to the depths, the more he finds the smell of blood around him!

There are corpses all over the ground, and even some of them are flying around, shocking!

It can be seen what kind of fighting broke out here not long ago!

Not only that, Ye Chen also discovered that a hundred meters away, someone had already sealed off the outside, and no one was allowed to step in again!

And these people besides the people of the Huaxia Budo General Bureau, there are even cultivators!

There are a few old men who have strong aura! Departures up and down!

Is it from the depths of Kunlun Mountain?

Then I thought, the dragon veins here are destroyed. If the cultivator gets the dragon veins, it will only be good for cultivation, but there is no harm!

Even the great power of the reincarnation cemetery is worried about that small dragon vein, let alone this Qinling dragon vein!

This is one of the main dragon veins of China!

Just as Ye Chen was thinking deeply, a quarrel sounded, his eyes condensed, and he found that two young girls in the distance were about to forcibly rush into it~www.mtlnovel.com~ but they were blocked by a few strong men from the China Martial Arts Bureau!

was even pushed to the ground fiercely, without any pity, Xiangxiyu at all!

When Ye Chen's gaze noticed the side faces of the two girls, their expressions changed slightly, because these two girls were not others, they were Bai Libing and Zhu Ya!

How could Bai Lixiong's daughter appear here?

and why did Zhu Ya come here?

They were not in Jiangnan Province, but they came to the Qinling Mountains!

Several wounds have appeared on Bai Libing's hand. She looked at the person in front of her coldly: "My father is Bai Lixiong, you are sure to move me like this! Can you bear the anger of my Baili family! "

"I know my father is inside. If you don't let go, all of you will die!"

Zhu Ya also had several wounds on her body, and her hand was holding a long sword stained with blood, but the blood was not hers.

Obviously, Zhu Ya killed someone, and judging from her aura, not only killed one person!

Ye Chen really doesn't understand that these two people are not strong, what are they doing in the depths of Qinling?

The biggest possibility is that Bai Libing knew that his father had an accident, so he rushed over with Zhu Ya.

Ye Chen looked at the people who were guarding the entrance again. When these people heard that Bai Libing was Bai Lixiong's daughter, their eyes became fierce, and even more cold and murderous.

Chapter 408: he came!

"Are you Bai Lixiong's daughter?"

A middle-aged man in uniform opened his mouth, his tone was cold.

Killing intent has no intention of hiding.

Because Bai Libing's hair is a bit messy, he entered Kunlun Xu to cover people's eyes, and his face deliberately wiped several layers of black.

If you haven't seen it, you may not recognize it.

Bai Libing and Zhu Ya are not stupid, they instantly felt this strong murderous intent.

Bailibing thought that the three words Bailixiong would become a pass to the land of the Qinling Mountains, but he did not expect these people from the Huaxia Martial Arts Bureau to have murderous intentions!

Obviously, this Qinling incident is definitely not that simple!

Could it be that the Chinese Martial Arts Bureau was also involved in the father's accident? Otherwise, how can these people dare to kill themselves?

Bai Libing stopped thinking, smiled and shook his head and said: "I just said casually, since I can't step in, then we won't bother and leave."

"Zhu Ya, let's go."

The two turned around and were about to leave. At this moment, a humbling sound suddenly sounded: "Since you are here, please confirm your identity before leaving!"

"Run!"

Zhu Ya and Bai Libing stopped hesitating, and hurried away in one direction.

In terms of strength, they are definitely not the opponents of this group of people, there is no other way but to run!

"Want to go, dream! Leave it to me! You look good, to be honest, I don't know what it feels like to press Bai Lixiong's daughter under my body!"

The middle-aged man spread his five fingers, rolled up a gust of wind, and walked directly towards Bai Libing and Zhu Ya.

Seeing that his hands are about to touch the two of them, the corners of his mouth are already showing a wicked smile!

Suddenly, a black shadow shot quickly!

His smile was stiff, and he hurried away to resist the shadow!

The dark shadow is getting closer and closer, completely revealed.

What surprised him was that what was shot turned out to be a giant tree. The giant tree was uprooted and cut off the branches, very fast!

"How come there is such a thing!"

He didn't think much anymore. He patted the giant tree with a palm. He thought that the giant tree would shatter under his palm, but he didn't expect that not only was the giant tree not broken, but his body was knocked off!

The powerful wave of air made him impossible to fight back.

"Boom!"

The giant tree hit the middle-aged man's body on another giant tree. The powerful force made his body squeeze and deform, and he died on the spot!

Those remaining strong men guarding the door felt that something was wrong, and they didn't care about anything, and went to the second daughter!

But before taking a few steps, several powerful wind blades struck!

Their eyes shrank, and they backed away quickly. Several deep pits appeared in the same place instantly, showing the power of the wind blade.

"Who is it?"

"Who is in the dark, come out!"

"Hurry up and stop Bai Lixiong's daughter, this person can threaten Bai Lixiong!"

Several exclamations sounded, and one of the old men with a terrifying aura left and appeared in front of Bai Libing in the blink of an eye.

"The old man must take care of a bunch of trash from the China Martial Arts Bureau! Little girl, sorry, you can't go!"

The indifferent voice fell, and the old man patted Bai Libing's back with a palm!

Seeing that Bai Libing is about to be photographed, "Hey!"

There was a sharp sound of breaking through the air, and I saw a long sword across the sky like a meteorite!

came and whispered with the billowing energy!

The old man didn't have the slightest fear, and the long sword around his waist was also drawn out. The two swords collided, and the sound of gold and iron rang.

The two swords flew out together!

One of the swords fell not far from Zhu Ya and inserted them. When Zhu Ya saw this sword, she subconsciously covered her mouth!

This sword she is familiar with can no longer be familiar!

Slash the Dragon Sword!

The sword made by her Zhu family!

At this moment, her footsteps suddenly stopped!

Bai Libing noticed something was wrong, and hurriedly urged: "Zhu Ya, what are you in a daze? It's too late to go!"

Zhu Ya showed a smile at the corner of her mouth, her beautiful eyes were like water, and an excited voice sounded: "Binger, we don't have to go anymore, he is here."

"Who's here?" Bai Libing was confused and stopped.

"Ye Chen."

Bai Libing was startled when he heard the words Ye Chen, then his eyes were filled with joy!

This evil spirit actually came, it was too timely.

As expected, in the jungle, a figure came out, a young man.

The young man had a stiff body, his hands behind him, his eyes filled with a hint of coldness, and a hint of ethereal breath surrounded him.

The old man in the distance stared at the young man, and said: "Who are you? Why do you want to break my Zhou Yan's good deeds!"

Obviously, this powerful old man is called Zhou Yan.

The young man walked between the two women and ignored them, but said quietly, "What do you two women do in Qinling?"

Bai Libing saw that Ye Chen was really Ye Chen, exhaled, and sat down directly looking for a stone: "Ye Chen, come, come, I can't bear it, mother, I'll leave it to you next. You kill hard, I won't catch you."

Zhu Ya's eyes were filled with joy, and she leaned slightly: "Mr. Ye, we meet again."

Ye Chen nodded. He actually had a good impression of Zhu Ya. Back then, if Zhu Ya hadn't stood up in Hui'an Province, the consequences would be disastrous.

He stretched out his hand and held it on Zhu Ya's slender arm: "Those guys caused these injuries?"

Zhu Ya smiled: "Mr. Ye, it's nothing serious, just some minor injuries."

"Then I assumed it was this group of people."

Ye Chen's tone suddenly became cold.

Zhou Yan saw Ye Chen appear, and even with the second girl, Qingqing, I and I, did not pay attention to his plan at all, and his face flushed with anger.

"Boy, are you listening to me! You can't die!"

The words fell, he shook his five fingers, and the long sword flew back to the palm of his hand, moving towards Ye Chen!

"Noisy!"

Ye Chen yelled, and the Dragon Slashing Sword flew back to the palm of his hand.

The other party is also in the same separation and reunion state~www.mtlnovel.com~ but Ye Chen has the determination to crush!

A ray of silver sword light, like a dragon snake, tore away towards Zhou Yan.

It was just a moment, and the harsh roar continued to explode.

Two long swords, between this piece of heaven and earth, are constantly colliding and rubbing, making piercing roars. A strong resistance came, abruptly blocking Zhou Yan's sword!

Not only that, Zhou Yan's sword shattered directly!

"Fuck me!"

A cold light flashed in Ye Chen's eyes, madly mobilizing the true qi in his body, and the phantom of the blood dragon poured out directly.

Along with a roar, the dragon sword in Ye Chen's hand flickered red!

burst out in a roaring sound!

Only for an instant, the Dragon Slashing Sword in Ye Chen's hand suddenly shook.

The red light suddenly bloomed, like a scorching sun.

A burst of sword energy condenses into essence.

Internal Qi is released outside, the essence of Jian Qi! This is a means that a powerful True Element Realm powerhouse can do.

And Ye Chen, with the help of the blood dragon, did it.

"how is this possible!"

Seeing Ye Chen explode with such an astonishing aura, feeling the terrifying murderous intent emanating from Ye Chen at this moment, Zhou Yan was too late to react and wanted to retreat, but the sword shadow turned into substance had penetrated Zhou Yan!

There is only blood mist left!

Chapter 409: Take you in!

A few people originally wanted to do it together, but when they saw Zhou Yan dying under Ye Chen's sword, they were completely stunned. Apex X23US

The steps were motionless.

They knew Zhou Yan's strength. In China, it was very difficult for ordinary warriors to contend.

Not to mention being such a young kid!

But the scene of Zhou Yan being killed completely appeared in front of them, the key point is that they don't have the courage to bear Ye Chen's sword now!

Ye Chen retracted the Dragon Slashing Sword, his eyes fell on Zhu Ya and Bai Libing, and he said, "Why are you here?"

Bai Libing stood up, glanced at a few people in the distance, and explained: "Zhu Ya and I were working in Sichuan Province. I received a call from home in the middle of the trip, and they falter, as if they asked me to return to the family as soon as possible. , I realized that something was wrong, and I asked a lot of people, and found out that my dad might have had an accident on the Qinling Mountains. I planned to come alone, but Zhu Ya was worried and followed."

Bai Libing knew very well that Ye Chen was the only one who could help her.

Regardless of strength or character, she believed in Ye Chen.

From Jiangcheng, to Jiangnan Province, to Hui'an Province, and Capital City, she has been paying attention to Ye Chen, just to know how far this person can go! Ye Chen did everything she didn't believe in again and again.

The appearance of Ye Chen is undoubtedly the best development!

"Ye Chen, the deeper Zhu Ya and I went, the more we discovered that things were not that simple. Many masters and forces appeared in the Qinling Mountains. The China Martial Arts General Bureau and those old men wanted to kill me when they knew my identity! There is definitely a problem! !

Also, Zhu Ya and I killed a person before, and learned from the other that my father might have something wrong! No matter what, Ye Chen, you must take me in! My Bailibing or the Baili family owes you a huge favor! "

Bai Libing's voice is extremely serious!

Zhu Ya glanced at Ye Chen, and didn't want Ye Chen to be **** by Bai Libing, and said: "Mr. Ye, if you don't agree, we won't be troubled by you. You can save us. We are already grateful."

Ye Chen's eyes fell on the group of people, and a sneer was outlined at the corner of his mouth: "Even if you don't let me intervene in this matter, I will also intervene. Let's go, and I will take you in."

At this moment, Ye Chen released evil spirits all over his body, and the cold murderous intent was covered.

Bai Libing and Zhu Ya followed behind Ye Chen, and the three of them went to the place pulling the cordon.

Several people from the Huaxia Martial Arts General Bureau and two other cultivators glanced at Ye Chen, and subconsciously blocked the front entrance.

One of the masters of the General Bureau of Martial Arts opened his mouth and said: "Enlighten the two adults. This son is called Ye Chen. He is Master Zheng and the enemy of the General Bureau of Martial Arts. Kill this child! Once this child stepped into the land of the dragon veins, the consequences would be disastrous!"

The two adults nodded. Although they were afraid, if they joined forces, they wouldn't necessarily fall behind.

No matter how the other party has only one person, the key is still two burdens.

There are so many flaws, it is easy to kill him.

"This person killed our brother in the Broken Soul Sect. If we don't kill, we will not be able to explain to the senior brother inside. Let's do it together and don't leave any extra energy!"

One of the old men with white eyebrows spoke.

The old man with white eyebrows was called Qiu Tianlei, and his other junior was Cui Qianjue, both of whom were disciples of Broken Soul Sect who entered the separation and reunion state.

Qiu Tianlei is on the second floor of the Separation Realm, and Cui Qianjue is on the first floor of the Separation Realm, plus this group of ancient warriors from the China Martial Arts Bureau.

"Do it! Don't keep one!"

Qiu Tianlei let out a roar, a sword headed towards Ye Chen!

With a cold snort, the black long sword buzzed, and the black light was overwhelming.

This black light was exceptionally strange and made people feel terrified.

Swipe...

The long sword danced and the black smoke rolled.

The land where the long sword drew across, seemed like a violent wind swept across, and a big wave surged.

Cui Qianjue is not weak either, holding a long knife in the palm of his hand, stepping out in one step, straight to the point of Ye Chen.

Sting...

There was a burst of tearing sound, and the two disciples of Broken Soul Sect at this moment were not disadvantaged!

Not only that, the masters of the China Martial Arts General Bureau are also heading towards Zhu Ya and Bai Libing.

It is impossible for them to deal with Ye Chen, but it is enough to use the danger of these two women to affect Ye Chen and distract him!

Ye Chen glanced at the people who came indifferently, and said to the second woman: "You hide behind me and give me three seconds."

He didn't want to waste time, Bai Lixiong didn't know what kind of crisis he was suffering inside.

Although he has nothing to do with Bai Lixiong, the benefits are worth it!

Suddenly, there was a suffocating icy cold on Ye Chen's body, and that icy cold deepened into his bone marrow.

The sound of dragons resounded!

A blood dragon rushed out of Ye Chen's body directly, flew to a height of 100 meters, and looked down at everyone condescendingly!

When Cui Qianjue and Qiu Tianlei saw this scene, their expressions changed drastically. When they just wanted to talk, Ye Chen moved!

"Blood Dragon, come!"

Ye Chen roared, and the blood dragon above the sky swooped down and rushed directly into the sword that Ye Chen held tightly!

"Qianlong cuts the sky!"

The light of blood evil erupted on the sword body, and the Dragon Slashing Sword turned into bursts of sword light.

boom.....

The ultimate light, like a long rainbow piercing the sun, cut through the sky, opened the sword intent and the shadow of the sword, and went straight to the two disciples of Broken Soul Gate.

The blessing of the blood dragon made Ye Chen's strength ever stronger!

The great power of the reincarnation cemetery said that the blood dragon is his real trump card!

Although he is the same as these two people in the separation and separation realm, but with the blood dragon, he is enough to crush the separation and separation realm!

A sword frightened ghosts and gods, as Ye Chen's strength increased, he became stronger and stronger.

This trick came into play, without the sun and the moon.

The powerful murderous intent immediately enveloped the two of them.

"not good!"

Seeing Ye Chen's sword power like rushing through thunder, breaking through everything about them, the two of them looked shocked. They wanted to retreat, but it was impossible!

The key is that they have cultivated for so many years, and they have never heard of a practitioner who can condense the blood dragon on the sword body!

The key force is several times stronger!

What the **** is this operation!

"Boom!"

The place where the sword intent went, completely exploded, and there was a soft groan, and the sword light shot into the sky instantly!

This sword swept out, almost to the extreme, like thunder breaking through the sky!

In an instant, the sky was full of sword aura, and the chill was pressing!

The scorching wind ~www.mtlnovel.com~ is like an evil ghost crying, intriguing!

"Boom!"

When a sword fell, the two of them flew directly, and Ye Chen had already rushed out, with five fingers as claws, directly breaking Cui Qianjue's head!

Blood spray!

"Junior Brother!" Qiu Tianlei roared, wanting to help, but he couldn't protect himself!

Before he could speak out, the young man who had broken his junior's head had appeared in front of him!

The young man seemed to hold a flame in his hand and slammed Qiu Tianlei's body fiercely!

The flame erupted and Qiu Tianlei was instantly submerged in the fire.

"Where I want to go, no one dares to stop!"

An indifferent voice slowly fell.

Chapter 410: The depths of the killing!

When those people from the Huaxia Budo Bureau saw this, their expressions changed drastically!

I wanted to take down the two daughters to contain Ye Chen, but he didn't expect that the two powerhouses who looked like gods in their eyes would not even be able to hold Ye Chen for three seconds. Apex X23US

What kind of strength Ye Chen is!

Scary to the extreme!

Just when they were about to touch Bai Libing and Zhu Ya, a cold and arrogant figure had already fallen.

Those cold eyes stared at them like this!

The footsteps of the Huaxia Budo General Bureau stopped all together, and their bodies became even more stiff!

Ye Chen can kill even the strong man of Broken Soul Gate, let alone them!

"Mr. Ye, please let us go!"

"Pump!" A strong man from the China Martial Arts General Bureau just wanted to kneel down and beg for mercy.

Ye Chen has moved!

Vaguely, only an afterimage can be seen passing through a few people!

Wherever he went, it was all blood!

At this moment, Ye Chen seems to be single-handedly, breaking into the army, sweeping the world, and reaping life!

Those in the Huaxia Martial Arts General Bureau did not even have the power to beg for mercy or kneel down!

At this moment he appeared like a demon!

Covered with cold death.

In the jungle, the silence is extreme.

Bai Libing looked silly, she knew Ye Chen was very strong, but she didn't know how strong it was!

This strength is almost about to catch up with her father and the top powerhouses of those families!

She never imagined that a young man in China would achieve this kind of achievement.

Just when Bai Libing was surprised, Ye Chen had already returned to the place, and said to Zhu Ya and Bai Libing: "Go, then, you two must follow me behind me, and you must not leave me ten meters. "

"Yes, Mr. Ye..." Bai Libing even changed his name unknowingly.

Zhu Ya's beautiful eyes were like water, she didn't speak, and she came to Ye Chen silently.

She always believed that she would feel at ease by following this man.

Ye Chen walked toward the depths, his eyes were extremely serious.

The smell of blood inside was too strong, at least no fewer than a thousand people died.

Who would have thought that this kind of thing would happen in the depths of Qinling Mountains.

Along the way, there were corpses, countless trees were ruthlessly chopped off, and sword marks were everywhere.

The traces of bullets and mass weapons are extremely clear.

"Mr. Ye, do you know why the China Martial Arts Bureau is like this? They should come to rescue Jiexueying and my dad." Bai Libing curiously asked.

Ye Chen picked up a sword on the ground, glanced at it, and replied: "There are only benefits that can make existences of this level rebel. This benefit allows them to abandon the country. This is the root of human nature."

"Not only the General Bureau of China Martial Arts, next, no one will believe it, except your father, remember what I said."

Bai Libing nodded and said no more.

Zhu Ya also picked up a few fragments and looked at it carefully, even touching her fingers, a trace of blood oozes out.

She hurriedly grabbed Ye Chen's hand and said in surprise: "Mr. Ye, this is a fragment of a spirit sword. The rank is not low, but it is actually broken. You can see what kind of strength it is to crush this sword! I know, there are very few strong people in the Chinese martial arts world that can do it! What happened here? Let so many corpses and weapons shatter?"

Zhu's family ancestors all made swords. In this regard, she has enough right to speak.

Ye Chen squinted slightly, thinking of something, and said: "I want to know what happened here, it's very simple, you can reunite in the mirror."

Zhu Ya frowned when she heard the creaky words: "Mr. Ye, there is no camera here, and it is impossible for anyone to take it. How can we reunite?"

Ye Chen held the fragment in his palm and sneered: "Just look at it."

After speaking, Ye Chen directly sat cross-legged, closing his eyes tightly.

This seemed more suspicious to Zhu Ya and Bai Libing.

What is Mr. Ye going to do? Practice?

In the next second, Ye Chen pinched his fingers, then lightly danced in the air, and a magic talisman was drawn directly!

Stepping into the way of the magic talisman, he will cast some spells and it will be easier and more powerful!

A strange rune appeared in the air in front of him instantly.

He released his hand, and a fragment floated, clinging to the rune.

"A Great Way to Find a Decision"!

Ye Chen kept muttering something in his mouth: "Destroy the roots, and create all things. The clear is the source of turbidity, and the move is the foundation of quiet..."

It's a life-breaking, looking for people a thousand miles away!

As Ye Chen spoke faster and faster, the runes and fragments in front of him were suspended!

In the next second, burn directly!

The flame is cyan! It even formed a strange shape.

"It's now!"

Ye Chen bit his finger and shot out a burst of blood! When the blood hits the flames, the flames are overwhelming!

This time a picture was formed in the air!

Like a projector!

In the picture, a middle-aged man with a Chinese character face stands in the center, beside him are twenty powerful men in combat uniforms.

A medal is engraved on the chest of the combat uniform!

On the medal, there are three bronzing texts written in Jie Xue Ying!

Seeing the picture in front of him, Bai Libing's beautiful eyes were surprised, and subconsciously covered his mouth: "Dad!"

Red eyes! Tears shed even more!

But Zhu Ya was trembling, her small mouth was slightly opened, her beautiful eyes were filled with brilliant colors, she stared at Ye Chen deeply, her beautiful face was full of shock!

She knows everything about the Chinese martial arts world, but no one can use this magical magic!

This is almost beyond her cognition!

The key is how this man did it. At this moment, countless speculations flew in his mind, but China's current scientific system could not explain it at all.

Ye Chen's eyes were staring at the screen.

In the picture, the 20 people of Bailixiong and Jiexueying are surrounded by hundreds of people inside and outside!

Dangers are growing!

Among them, there are heavily armed mercenaries! Countless hot weapons were aimed at Bai Lixiong and Jie Xue camp in the middle!

There are also top powerhouses of the China Budo General Administration!

Zheng Renjue is among them!

Not only that, there are even dozens of powerful cultivators, their eyes flashed with indifference and madness!

Bai Lixiong didn't frown either, he was holding a big knife in his hand!

The icy murderous release, staring at Zheng Renjue, angrily said: "Zheng Renjue, has China ever treated you badly! You are in a high position, and you have committed such treason! Have you forgotten your body? Who gave you the bleeding blood!"

Zheng Renjue's eyes are indifferent, with his hands behind him, he said: "Bai Lixiong, you can't intervene in the Qinling Dragon Vessel! As long as you abolish your cultivation base~www.mtlnovel.com~ and let my people Erase the memory, I can give you a way to survive! Otherwise, no matter how strong you are, do you think there is a chance of winning in front of so many people?"

Bai Lixiong laughed, his violent voice resounded: "Even if I die in battle, Bai Lixiong will die for China! The blood I shed is right for my country and right for my children! And you Zheng Renjue , Can only live in the world!"

"Iron Battalion, dare not to make a **** road!"

"dare!"

Roars resounded through the mountains, and a bloodthirsty battle broke out!

In the picture, Bai Lixiong shuttles through the crowd, a mess wherever he goes.

Blood, broken arm, death, cold, covering the battlefield!
