Chapter 41: The evil **** from hell!

Tiger Lord saw that he didn't dare to move any of his men, and he almost died.

He never thought that the other party would bluff this group of waste!

Don't these guys have eyesight, there is only one person on the other side!

Even if it's a Lianjiazi, there are so many of them, what's the point?

At this moment, he can clearly feel the blood dripping from his palm, and if this continues, his hand may be useless.

He Yu Guang looked at Ye Chen and said, "Brother, you are so cruel, is it a bit too much? You abolished my two hands, I Lin Hu didn't offend you."

Ye Chen did not answer Lin Hu, but stood up, took a cigarette out of his pocket, and slowly lit it.

The life and death of others has nothing to do with him.

"It's over? Why don't I think?" Ye Chen said.

Lin Hu's eyes flickered and his voice became cold: "Don't think I don't know. You just want to protect this couple. If you have the ability to kill me, otherwise as long as Lin Hu has a breath, I will let this There is no peace for a couple! You can't cover them forever!"

Uncle Wang and Aunt Zhang looked pale when they heard these words!

They never thought that the young man in front of them actually did it for them!

But how can they do, he needs this young man to risk his life to stand up for them!

Ye Chen took off the cigarette from his mouth and pressed the cigarette **** directly on Lin Hu's face: "You seem to be very confident, sure I dare not kill you?"

Lin Hu can only swallow his stomach even if he feels the great shame! He can't move at all now.

"Don't talk nonsense, kill Lao Tzu if you have the ability, kill me, you don't want to have good fruit!"

At this moment, Lin Hu showed a brutal air!

In the past few years, he has lived a life of licking blood, so naturally he will not be scared by a kid who has not grown his hair.

Ye Chen smiled indifferently: "You are worthy of killing you? I'm afraid I will get Ye Chen's hands dirty! However, life is better than death is more suitable for a scum like you!"

The next second, Ye Chen's arm shook, and the bucket of bamboo sticks on the table flew directly, and countless bamboo sticks were hanging in the air!

Ye Chen grabbed his finger, and then slammed a bamboo stick into one of Lin Hu's acupuncture points!

The second one!

The third one!

.....

A total of five bamboo sticks were firmly inserted on Lin Hu's body, shocking!

Then, the bamboo stick bucket fell, and everything returned to its original condition.

"If you can survive ten seconds without asking me for mercy, I will let you go." Ye Chen said.

Lin Hu snorted coldly, he naturally felt something stuck on his body, but what about that?

His hand was nailed to the table with chopsticks without frowning. These little bamboo sticks are nothing.

"Boy, don't say ten seconds, even if it is..."

Before Lin Hu finished speaking, a powerful pain struck! It's like being bitten by thousands of ants!

This kind of pain has been magnified almost a hundred times!

He would rather die than suffer such pain!

His whole body was violently blue, and the corners of his mouth were foaming, and his whole body was trembling!

At this moment, he realized the terrible youth in front of him.

is simply the devil!

The devil from hell.

"One, two..."

Ye Chen didn't even count three, Lin Hu said hoarsely: "Let me go... please... let me go..."

Ye Chen didn't move, but watched indifferently.

He is not a Virgin, some people do not deserve sympathy at all!

"It's not even two seconds, you deserve to be a man too?"

"Please... please... let go..." At this moment, Lin Hu's eyes were not only fear but also fear!

He was really scared, he didn't want to experience this kind of feeling again in his life.

Death is better than life!

Even though Lin Hu begged for mercy, Ye Chen still did not move.

He is not a Virgin. During those five years, he understood the rules of the world-the weak and the strong.

If you are tolerant to the enemy, you are cruel to yourself.

Although the Lin Hu in front of him can't get on the stage, he doesn't deserve sympathy.

In the sixth second, Lin Hu had already reached the limit of pain, wandering on the verge of death.

Ye Chen thinks it's almost the same, he doesn't want to make trouble in front of Wang Shu and Zhang Auntie, otherwise this simple couple will definitely live in this nightmare.

His arm was slightly startled, and a blast of air moved towards Lin Hu!

I saw that the bamboo stick seemed to be conscious, and it flew out directly, nailed to the wall, and trembled slightly.

Seeing this scene, those gangsters were completely frightened.

How does this special mom look like a martial arts novel?

They didn't even see the young man doing it. How did this bamboo stick fly out?

Unable to let them react, Ye Chen's voice resounded like thunder in their ears:

"Take him, get out! From now on, don't show up in Jiangcheng again!"

The words fell, and the gangsters came to Lin Hu's side with trembling legs. They glanced at Ye Chen and saw that he was unmoved, and quickly picked up Lin Hu and ran away!

They are scared, really scared!

The young man in front of him is simply the evil **** from hell!

After everyone left, Ye Chen took back the suffocation, smiled at the couple, and took the initiative to pick up the tissues and wipe the blood stains on the table.

He was a little apologetic: "Uncle Wang, I'm really sorry, I broke your table. Look, can I pay you one?"

The man in the distance stared at Ye Chen stubbornly, fear at first, then gradually turned into surprise, and finally he was even more delighted!

Because he heard the youth call himself Ye Chen just now!

Ye Chen who disappeared five years ago!

"You are... You are Achen... Are you back?"

Ye Chen smiled ~www.ltnovel.com~ and nodded towards the other party.

Aunt Zhang still did not respond: "What Achen? What are you talking about?"

Uncle Wang rushed to Ye Chen, hammered Ye Chen's chest fiercely, and explained to his wife: "This kid is Achen who disappeared five years ago!"

"How come your kid has grown so tall! He has grown stronger! People have also changed so I didn't recognize them!"

Aunt Zhang also woke up, covered her mouth, and said in surprise: "Achen, where did you go five years ago? Five years ago, I went to your school to find out. Your principal said that you have transferred. Why don't you say anything? A loud transfer? And, how come you become so able to fight now? Have you gone as a soldier?"

Ye Chen nodded: "Yes, after being a soldier for a few years, I can do more than a dozen **** like Lin Hu, Aunt Zhang, next time this guy dares to move you, tell me directly, I will make him regret it. lifetime!"

"You kid, when you serve as a soldier, you have to think about protecting the country, but not protecting your Aunt Zhang."

Ye Chen talked with the two until 9 pm, and during the period of Uncle Wang, he even cooked a few dishes and made a beer with Ye Chen directly.

The most that the two asked about was the past five years. Ye Chen didn't say much, but told them that they had been in the army for several years and had just returned from the army.

He knows very well that even if he tells the two people that he has entered the path of cultivation, the couple will never believe it.

When left, Uncle Wang enthusiastically invited Ye Chen to come to join him tomorrow, and threatened that no matter how many friends Ye Chen brought with him, he would get 10% off and drink freely!

Ye Chen thought about it again. It happened that there was no place for Shen Haihua's banquet tomorrow, so it was better to choose Uncle Wang's new store, and by the way, to cheer up the two couples, so he agreed.

Chapter 42: Ye Chen, what kind of person are you?

Ten p.m.

Ye Chen got out of the taxi and was about to go back to Dadu's apartment. He didn't know if Sun Yi had come back, but he couldn't be contacted, which inevitably made him a little worried.

Just when Ye Chen was about to walk into the gate of the community, a dazzling light shot over, accompanied by a few sharp horns, obviously someone let him pass.

Ye Chen frowned, vaguely saw a woman in the driver's seat, ignored it, and walked directly to the Dadu apartment.

Although he can't see the figure in the car, it is definitely not Sun Yi.

It was actually Xia Ruoxue sitting in the car. There was an ad hoc meeting of the group tonight. All executives had to come forward, but she found that Sun Yi did not show up until the end of the meeting, and even the phone could not be connected.

She felt something wrong. Since Sun Yi entered the group, she has never been late or left early.

She suspected that something was wrong with Sun Yi.

So she found this place according to the information Sun Yi filled in the personnel file. She had planned to get off the car and go upstairs, but she did not expect to see Ye Chen.

Since Ye Chen provided the prescription, she sent a private detective to investigate Ye Chen.

Never thought that this person's information was almost blank. She didn't even know where this man came from or what to do when he came to Jiangcheng.

You must know that even if you are a beggar to survive in China, it is impossible to have completely blank information.

As for the blank, there is only one possibility, the other party's information is protected by higher authority.

Since then, Xia Ruoxue has become curious about this man named Ye Chen. Of course, not only is curiosity, but also hate, because Ye Chen is the first man to refuse her in so many years!

Xia Ruoxue saw that Ye Chen didn't intend to pay attention to herself at all, her fists were squeezed, and seeing that the other party was about to disappear, she could only get out of the car and pursue Ye Chen.

"Ye Chen, stop for me!" A clear voice sounded.

Ye Chen turned around subconsciously, and quickly saw the woman in front of him.

When I saw the woman in front of me, even if Ye Chen had seen many beauties, he was slightly amazed.

The woman has snowy skin, her long hair curled down slightly, she looks a little tired, her eyes are as clear as crystals immersed in water, and combined with that charming eye shape, it merges into a very beautiful style. , Mei Yan again with a trace of coldness.

At this moment, she is biting her bright red lips, and Xuexue's face is pale and arrogant.

Ye Chen subconsciously compared the woman in front of him with Sun Yi. If you want to talk about appearance, this woman is obviously better, but if you want to talk about body shape, Sun Yi's popularity is almost firmly in the first place.

But this woman's figure is also good, D cup, plus slender white thighs, if you wear more sexy, it may be a bonus.

Just as Ye Chen was looking at Xia Ruoxue, Xia Ruoxue said: "Ye Chen, can't you see that I just told you to stop?"

Ye Chen retracted his scrutiny, and said coldly: "Who are you? Why should I stop?"

Xia Ruoxue stepped forward and said proudly: "I heard that you were still working downstairs in the Huamei Group that day just to see me. Why, now that the person you want to see appears, is that attitude?"

Ye Chen suddenly realized that the woman in front of him was Xia Ruoxue, one of the three beauty in Jiangnan Province, the chairman of Huamei Group, and Sun Yi's immediate boss.

Ye Chen glanced at Xia Ruoxue's face and sighed for a long time. The opponent's face did not have the catastrophe that the master said, which means that the opponent will not have any trouble during this time.

"What do you mean by sighing? Did my appearance disappoint you?" Xia Ruoxue saw the other party shaking his head and sighing, feeling a little angry.

As Miss Xia, who would dare to treat her like this? She even gave birth to a strange innocence in her heart.

"Nothing, if there is nothing wrong, I am leaving." Ye Chen said.

Xia Ruoxue adjusted her mood, put her aside in advance, and asked: "Do you live with Sun Yi?"

"Yes." Ye Chen nodded.

didn't know why, when Xia Ruoxue knew that the two were living together, she felt a little uncomfortable.

"Don't get me wrong, I have no place to live in Jiangcheng, Sun Yi took me in."

Xia Ruoxue was relieved, and continued to ask: "Today the group held a temporary meeting, Sun Yi did not come, do you know where she went?"

"do not know."

Ye Chen turned around and left after speaking. He didn't like others asking him questions all the time, and he had no need to answer.

Xia Ruoxue saw that Ye Chen was so impatient, she felt a little frustrated, and hurriedly shouted: "Ye Chen, stop for me!"

Ye Chen did not stop.

Xia Ruoxue pinched her fists tightly, and stomped her feet in anger!

Didn't you still have to see me a few days ago, why I appeared in front of you, you are so impatient!

Could it be that Xia Ruoxue can't enter your Ye Chen's eyes?

Xia Ruoxue couldn't help it anymore and shouted directly: "Ye Chen, why do you want to live with Sun Yi as a big man? Do you know that this has an impact on Sun Yi's reputation! Also, don't think you If you get a prescription by chance, you will be able to live without worry for the rest of your life. I tell you Ye Chen, if you continue like this, you will only sit and eat the mountains and sky! Eventually, it will be destroyed in your own hands!"

Ye Chen still stopped~www.ltnovel.com~ He turned around and came to Xia Ruoxue.

Xia Ruoxue looked at the man in front of him, completely afraid to speak.

"Xia Ruoxue, do you think you know me well? Or, as the daughter of the Xia family in Jiangnan Province, you have the power to criticize others above all?"

"No..." Xia Ruoxue's voice was very soft, and she was a little scared.

Ye Chen showed a sneer at the corner of his mouth.

"Since you don't know me, what right do you have to criticize me? I don't care whether you are the chairman of the Huamei Group, or the daughter of a large family in Jiangnan Province, even if you are from a top family in Beijing, in front of me Ye Chen, Please take back your arrogance! Anything I do has nothing to do with you."

Xia Ruoxue took a step back, she was completely frightened by Ye Chen's aura, her eye sockets were flushed, and an aggrieved expression came.

"I didn't mean that... I just..."

Ye Chen didn't leave Xia Ruoxue with a chance to explain, and left straight away. In his eyes, even if Xia Ruoxue's status was noble, she might only be able to look up at him in Ye Chen ten years later!

After Ye Chen left, Xia Ruoxue couldn't help it anymore and cried directly.

Since she was little to grow up, as the high princess of the Xia family, who would dare to speak to him like this?

Who would dare to accuse him like that?

But after crying, Xia Ruoxue woke up again, as if she was suddenly awakened by Ye Chen.

A few years ago, she left the Xia family and founded the Huamei Group in Jiangcheng, isn't she just trying to get rid of the shadow of the Xia family?

After so many years, she thought she had succeeded, but in the end, it turned out that her biggest support was the Xia family, and she never changed.

She looked in the direction of Ye Chen, her eyes flashed with tears, and she muttered: "Ye Chen, what kind of person are you?"

Chapter 43: That scary man!

Ye Chen returned to the Dadu apartment and found that Sun Yi still hadn't returned.

The key is that Sun Yi's mobile phone can't get through at all. Judging from Xia Ruoxue's words, Sun Yi didn't even ask for leave.

What important thing happened to this girl at home?

Still saying something happened midway?

Ye Chen started to worry. Sun Yi is a woman after all, and she is an extremely beautiful woman. This society is not as warm and safe as it seems on the surface. If you remove the gorgeous coat, only danger and indifference may remain.

Sun Yi is very important to Ye Chen. For the sake of that kindness back then, he absolutely can't let her have an accident.

No longer hesitating, Ye Chen picked up the phone and dialed a string of numbers in his memory.

.....

Qianlong Building, Jiangnan Province.

Qianlong Building is the tallest building in Jiangnan Province, and it took three full years to build.

There is no shop here, nor is it sold to any company. Its appearance represents mystery.

It stands in the center of Jiangnan Province, as if outside the hustle and bustle of the city.

All people entering the Qianlong Building must undergo six procedures. There are a total of 18 armed security guards at the gate. The key point is that these security guards are ancient warriors.

There are different opinions on the forces behind it. No one knows its origin, and no one knows why it exists.

Some upper-class figures in Jiangnan Province can only understand one point through various complicated relationships:

A terrifying man lives on the top floor of Qianlong Building!

This man controls all the forces in the entire building!

This man controls the operation of the underground world in Jiangnan Province!

This man, even the top family in Jiangnan Province has to retreat!

He is the Nanjiang King Ye Lingtian!

At this moment, on the top floor of Qianlong Building, Nanjiang Wang closed his eyes and leaned against the chair. He put one hand on one side of the chair, and the other hand was playing with a special medal!

The pattern of the medal is very strange. It is actually a bloodthirsty black dragon. The black dragon seems to be lingering above the clouds and mist, covering the sky and the sun, and it is condescending to look at the mortals under him.

Suddenly, the phone on the table rang!

Almost instantly, his tiger eyes opened, faintly glowing, with a heart-palpitating chill.

This number is known to only six people in the world.

The King of Nanjiang stretched out his hand and grabbed it slightly. The phone seemed to be pulled by something, so he sucked it directly!

He swept his eyes, it turned out to be a strange number.

Is it a wrong number?

He just wanted to hang up, and suddenly thought of a possibility. Could it be the one who called?

no longer hesitated, he directly pressed the answer button.

"who is it?"

There was no sound on the other end of the phone, and the silence was a bit scary.

Nanjiang Wang Ye Lingtian shook his head. It seems that he made a mistake. Just about to hang up, a lazy voice sounded:

"it's me."

Hearing this voice, King Nanjiang stood up, and a violent aura was rolled up on him!

His body is trembling, and his breathing is a bit short!

He guarded this phone for three years!

never sounded!

I just hope that man will remember this number one day and call him!

But his expectation again and again, let him down!

He doesn't even think the title of Nanjiang King is worth mentioning!

But now, the man finally called, and the caller ID showed that the other party was in Jiangnan Province!

"Hall Master..." His voice trembled extremely, even with a hint of crying.

If the top figures in Jiangnan Province see King Nanjiang like this, they will definitely drop their jaws, because King Nanjiang only sees killing and death! How could there be such tenderness!

"Again, don't call me the lord, and don't try to check this number. If I find out that you arrange someone by my side, I swear, I will destroy everything I give you, including your life." The cold voice sounded.

"The hall..." King Nanjiang dared not say any more, his voice stopped.

"Help me find a person, her name is Sun Yi, her hometown is Dafan Town, Jiangcheng, and now she is the marketing director of the Elimei Group. She lost contact ten hours ago. I want to know where she is now, if it is dangerous, and whether it happened at home. What's the matter? I will call you again in five minutes, and then I must give me this information."

There was an undoubted tone on the other end of the phone, and after speaking, he hung up neatly.

In the whole Jiangnan Province, no one dares to speak to the King of Nanjiang like this!

If you change it to before, the person on the other side of the phone would have died. But at this moment, the King of Nanjiang immediately cleared up his emotions, logged on to a website, and dialed a call with another mobile phone.

"Sha, within three minutes, I want all the information of a person, her name is Sun Yi, female..."

The picture turns around, most apartments.

Ye Chen hung up the phone, lost in thought.

Actually, he never wanted to make this call. He didn't even want his own development or revenge to have anything to do with this group of people.

But now it seems that back to China, you have to face these guys.

He checked the time, then sat on the sofa, took out a pack of cigarettes from his pocket, shaken slightly, and a cigarette fell into his hand.

The lighter was turned on, and a cloud of mist came around.

Smoke is a good antidote when you are upset.

Five minutes passed in a flash.

Ye Chen squeezed out the cigarette **** in his hand, flicked his finger, the cigarette **** swept across an arc, and fell directly into the trash can accurately.

He dialed the phone again.

"Is there any news?"

The tone on the other end of the phone calmed down.

"The hall...cough cough...I have found news about Sun Yi. She left Jiangcheng Dadu Apartment at 11.35 noon and drove a Volkswagen 180TSI Beetle into Jiangcheng Fifth People's Hospital at 12.25. It is still parked in the hospital parking lot.

According to Jiangcheng's investigation, Sun Haozhe, the younger brother of Sun Yi at UU Reading www.uukanshu.com, had a sudden illness at 11.20 pm and required immediate surgery. The cost of surgery was 700,000.

We called her phone number and the monitoring of the hospital, and discovered that during the period, she dialed the phone number of three people. The first phone number was a mortgage company. Miss Sun Yi sold the Beetle for an ultra-low price of 50,000 yuan.

The second and third calls are private numbers. When the third call was hung up, Miss Sun Yi threw the phone in the second trash can outside the 512th ward on the fifth floor... I have a detailed investigation here. No need to send to your mailbox. "

"No need." Ye Chen shook his head helplessly and hung up the phone.

This girl, why didn't she tell herself at this time? Didn't she consider herself a friend?

Or do you think that you can do nothing at all?

I clearly told you that I earned nearly 100 million, why don't you believe it?

There is a genius doctor beside him, so why rely on those quack doctors?

700,000, Ye Chen knew very well that Sun Yi only had 300,000 in his hand, and even if he sold the car, he would not make up the remaining 400,000.

As for the two personal calls, I am afraid it is just to borrow money... As a result, she failed.

Sun Yi should be the most helpless time now.

"Five years ago, this time was when I was the most helpless. Five years later, today is when you are the most helpless. It is time for me to pull you out of this abyss."

"Oh, what a silly woman."

Ye Chen took a jacket in his hand and draped it on his body, closed the door, and plunged directly into the dark night.

Chapter 44: Femme Woman!

Jiangcheng Fifth People's Hospital.

Sun Yi looked at her younger brother in the intensive care unit through the window, feeling very complicated.

At noon, when she received a call from her father, saying that her brother's condition had deteriorated, her heart shook. She thought it was just the same as usual with some abnormal data, but she didn't expect to rush to the hospital. The doctor said that the operation must be done immediately. The price is 700,000.

700,000 came to her, too far away.

Although she is the director of the Huamei Group, the salary is not much after the mortgage and the medical expenses of her brother all year round.

The 300,000 deposit is still my dowry money.

Now, because of her brother's condition, she is willing to spend the 300,000 yuan, and even sell the car, but it is still not enough.

She can only call her second uncle Sun Yongfu. Sun Yongfu has been doing wood processing in Jiangcheng in recent years and has made a lot of money. He bought a luxury Mercedes-Benz car and a 150-square-foot house. , Is the richest existence in their Sun family.

In fact, she didn't want to make this call, because the eyes of the second uncle's family looked at her very uncomfortable, as if she was above the top. If it was not really desperate, she would rather ask someone to borrow it.

Not long after, Sun Yi's father, Sun Yonggui, led Sun Yongfu's family to this side.

As he walked, he nodded and bowed his waist and said: "It is really the blessing of my family Haozhe that you can come. Alas, I don't know what debts I owed in my previous life. God wants to treat me like this... My only hope now is that Haozhe can get through. Difficulties..."

When he came outside the ward, Sun Yonggui hurriedly said to his daughter Sun Yi: "Xiaoyi, don't say hello to your second uncle, second aunt, Yaoyao!"

Sun Yi smiled, wiped the teardrops from the corners of her eyes, and said: "Second Uncle, Second Aunt, Xiao Qian...Thank you for helping us at this time, thank you so much..."

Sun Yongfu glanced at Sun Yi slightly surprised. He didn't expect that an honest person like Sun Yonggui could give birth to such a beautiful daughter. If he finds a wealthy family in the future, the fate of Sun Yonggui's family will probably change.

Her wife Dong Caizhu also noticed this, and whispered to her husband Sun Yongfu: "Last dinner, didn't you joking about introducing someone to Mr. Li's stupid son? How about Sun Yi? Maybe this marriage. After that, Hengsheng Building Materials' list will be settled..."

Sun Yongfu's eyes lit up, his wife is still smart.

Although Mr. Li's stupid son has an abnormal brain and is still fascinated all day long, he is not married to his own daughter.

The key is that with a daughter-in-law like Sun Yi, President Li is still unhappy to bloom?

Maybe Mr. Li can't stand Sun Yi's charm. Father and son are going to battle together.

If this marriage is done, he will definitely be the biggest beneficiary as an introducer! At that time, Mr. Li is happy, and his business is bound to rise!

Their daughter, Sun Yaoyao, naturally heard the plan of her parents, and she also showed a smile on her mouth. As a woman, she is the most jealous of being longer and better-looking!

And Sun Yi is undoubtedly the person she hates most in these years! At family gatherings, as long as she finds an opportunity, she will spare no effort to show off or sarcasm in front of Sun Yi.

She despises Sun Yi's family very much. There is no money in the family, so why did she have such a beautiful daughter? The key is to carry an oil bottle that has been half-dead all day long.

Sun Yaoyao looked at Sun Haozhe in the intensive care unit pretendingly, and sighed: "Your family is also true. I don't know what kind of evil you have done, and you will give birth to such a sickly thing. These years, your family could have lived well. Yes, it was all dragged down by him, alas..."

Sun Yi was a little angry. What is sickness? Just about to refute, Sun Yonggui pulled Sun Yi's sleeve and whispered: "Stop talking, do you want to save your brother? Only your second uncle and they might borrow We have money, lower our posture..."

Sun Yi glared at Sun Yaoyao and stopped talking.

At this moment, Dong Caizhu came up with a smile on her face, and cared about Sun Yi: "Sun Yi, auntie watched you grow up. As for your brother, our old Sun family must help. Yes! I don't help at this time. I really can't justify it."

Sun Yi looked happy. She never thought that the second aunt, who had been mean and mean, stood up at this time and took the initiative to help their family. She excitedly said, "Second aunt, is this true? Are you willing to help Haozhe? "

Dong Caizhu seriously said: "This is natural, everyone is relative."

Sun Yonggui was not calm, and he quickly walked to Sun Yongfu: "Brother, I am willing to be a cow and horse for you in this life, thank you, I will definitely find a way to pay you back."

Sun Yongfu smiled, and patted Sun Yonggui on the shoulder: "It's okay if you don't, maybe we will rely on you in the future."

Sun Yonggui was a little confused when he heard this sentence. Just about to ask something, I saw Dong Caizhu grabbing his daughter Sun Yi's hand and said: "By the way, Sun Yi, you are in your early twenties, did you find a boyfriend?"

Sun Yi shook his head: "I am still young, so I am not in a hurry to find a boyfriend. UU Reading www.uukanshu.com"

Dong Caizhu's face was happy, she almost clapped her hands and said quickly: "But I'm looking for a boyfriend, a woman, you are the most popular at your age, otherwise, Auntie will look for you."

By the way, a few days ago I heard that the son of Mr. Li of Hengsheng Building Materials was on a blind date. Hengsheng Building Materials is the leader in our industry. Your second uncle will look at their faces. If you marry into their Li family, Not to mention that your brother is sick, our entire Sun family is counting on you! "

Sun Yonggui heard this, how could he not understand what the other party meant.

This feeling is for him to sell his daughter!

These years, Sun Yonggui feels that this daughter is most indebted.

At the beginning, Sun Yi was going to university and her grades were very good, but in order to make money to support her family, she resolutely gave up the opportunity to continue studying, and even worked overtime day and night to make money. If he does not give Sun Yi the right to choose happiness, then he Sun Yonggui really killed this daughter.

So at this time, Sun Yonggui stood up and refused: "Sister-in-law, don't worry about Sun Yi's lifelong affairs. Our family Sun Yi will find it by herself."

Sun Yi naturally saw through what Dong Caizhu meant. If he really took their money, he would undoubtedly sell himself!

For these hundreds of thousands, marry an unknown man? Not worth it!

Her second aunt is really good at abacus!

Her face instantly became cold, and she said displeased: "Second Auntie, don't worry about my affairs. Since the young master Li is so good, why not let Yaoyao marry her?"

Sun Yaoyao didn't expect that Sun Yi would get involved with herself, and quickly said angrily: "Sun Yi, what are you talking about, I won't marry that fool..."

The words fall, and the faces of Sun Yi and Sun Yonggui are even more ugly! It turns out that Dong Caizhu's object is a fool!

Chapter 45: Who dares to say my girlfriend!

Sun Yongfu knows that it's time. He must stand up and say directly: "Yonggui, and you Sun Yi, even if you don't think about yourself, you should also consider the person inside. If you don't collect the money, you really I hope Haozhe leaves like this. He is only fourteen years old, and there is still a lot of time to come.

Sun Yi and Sun Yonggui were shaken as soon as these words came out. Right now, they have nowhere to go.

Dong Caizhu knew that this was her opportunity, and continued: "Sun Yi, you don't have a boyfriend anyway. Although they are a fool, they don't understand anything. Once you enter their Li family, say a few words. , Is the money still yours?"

Sun Yaoyao also wanted to join in the fun, and said to Sun Yi heartily: "Just like your family, who would dare to marry you with a drag oil bottle? This is a bottomless pit, Sun Yi, don't you analyze it, you don't have a boyfriend? The real reason? Not because of your half-dead brother!"

Sun Yi's face turned pale when she heard these words! But she has no reason to refute!

After so many years, she is too tired, why don't you want to find a support, but has a younger brother who needs to spend money constantly, who dares to ask her?

Sun Yonggui's eyes are also a little red, and he feels that his father has really failed! He can't wait to slap himself! Why not make money when you are young, so that your daughter has the right to choose happiness!

Sun Yaoyao and Dong Caizhu looked at the expressions of Sun Yonggui's father and daughter, and they knew there was a scene. They just wanted to continue talking when a cold voice sounded behind them:

"Who dares to call my girlfriend?"

Hearing this familiar voice, Sun Yi suddenly raised her head. When she saw Ye Chen not far away, she subconsciously opened her mouth.

Why did he come here?

With a smile at the corner of Ye Chen's mouth, he came directly to Sun Yi's side with incomparably confident, one hand wrapped Sun Yi's waist, one hand took out a tissue from his pocket, and gently placed it on Sun Yi. Wipe the corners of her eyes: "Silly girl, why didn't my brother hide from me when he was ill? He really didn't treat me as a boyfriend?"

Just as Sun Yi wanted to explain something, she found that Ye Chen was blinking at her. She instantly understood, blushing and embarrassed: "A Cheng, I...I'm not afraid that you dislike me."

Her voice is soft and soft, like a kitten tickling her body, very comfortable.

Ye Chen smiled, and a magnetic voice sounded: "How can I dislike it, you are my girlfriend, your business is my business, I have paid Haozhe's medical expenses, and the doctor said that surgery can be performed anytime." , There is a 70% success rate. Although there is a 30% risk, you can rest assured that I have invited the world's best doctor Ye Shenyi to come over..."

Hearing the three words God Doctor Ye, Sun Yi, who was originally sad, was amused by Ye Chen.

This guy is at this time, why didn't he forget to brag, and he was the best doctor in the world.

Does this genius doctor still use it?

Aren't you the bully "Genius Doctor Ye"?

Seeing Sun Yi's smile, Ye Chen pointed to his face and smiled: "I've done so much, won't you give me a kiss?"

Sun Yi never expected that Ye Chen would be so bold, and actually let her kiss him in front of everyone.

For so many years, she has not even held hands with boys, let alone kissed.

She just wanted to refuse, but found the doubtful eyes of her second aunt Dong Caizhu and Sun Yaoyao. She closed her eyes and kissed Ye Chen's cheek with red lips.

"Trojan Horse~"

"This is for you~"

Ye Chen was only trying to make a joke, after all, he was pretending to be a boyfriend this time, and he didn't expect Sun Yi to kiss him.

I never thought that Sun Yi really kissed!

The red lips have a hint of warmth and softness, which is so refreshing!

Seeing this scene, everyone was stunned!

Not only is Sun Yongfu's family of three, but Sun Yi's father is also dumbfounded.

He has never heard of his daughter talking about a boyfriend. He originally thought the boy was Sun Yi's friend, but now he really kissed him!

Is it possible that my daughter really has an object?

Sun Yaoyao was the first to wake up. She glanced at Ye Chen's clothes and spread the goods, how could she pay high medical expenses.

She snorted coldly: "Sun Yi, Sun Yi, there are some men in society who are unreliable and full of lies. Don't be fooled by such men."

Dong Caizhu also reacted, staring at Ye Chen, and questioned: "Boy, since you said you paid the medical bill, what about the invoice?"

"Yes, you always have an invoice, believe it or not, I'll go to the treating doctor right away?"

Ye Chen never expected that these guys would care about details so much.

He rushes over in a hurry, how can he have time to pay medical bills?

If it takes time to pay for the medical bills, I guess Sun Yi would have promised you this group of snake-hearted things.

Naturally, Sun Yi guessed that Ye Chen hadn't made a relationship, and quickly said: "My boyfriend said that if you help me make it, you will help me make it. "

Sun Yaoyao knew that they were right by looking at Sun Yi's face, and she urged: "Hehe, Sun Yi, Sun Yi, you are really vain. You directly invited a friend to pretend to be forced, oh, yes, the genius doctor Ye wouldn't be you. Your boyfriend, what dignity does a poor ghost who can't cure the disease need?"

Ye Chen really served the mother and daughter, is this special mother Holmes reborn? The key words are too ugly, he can't wait to slap them directly!

At this moment, two doctors in white coats came over here!

Sun Yonggui saw one of the doctors~www.ltnovel.com~ and naturally recognized that the other person was his son's attending doctor. He rushed over and said excitedly: "Doctor Qian, you are finally here. I went to the office to find you several times in the afternoon. Next time, you are not here...Look at my son's condition..."

Sun Yaoyao was pleased to see this scene in front of her, and hurriedly followed, and said to the doctor Qian: "Hello, Doctor Qian, I am Sun Haozhe's family member, I want to know whether his 700,000 surgical fees have been paid in full. ?"

Sun Yi's face was completely pale when she heard Sun Yaoyao's question!

Isn't this a pretext to keep their family from getting off the stage?

Once the doctor said no, their family and even Ye Chen would be criticized endlessly!

But Sun Yi didn't even notice Ye Chen's mouth with a playful smile beside him, as if waiting for the show to begin.

Doctor Qian looked at the two people in front of him, a little unhappy.

What happened to this family at this time? Didn't you have any points in your heart to compel it? If the operation was performed long ago, how could the patient still be dragged in the intensive care unit?

The key is that he now represents the entire hospital receiving the genius Doctor Qiu from Beijing Capital Hospital!

This is a major event explained by the dean!

The reception is ready, he is destined to soar!

If the reception is not good, it is a question whether he can stay in this hospital!

He Yu Guang glanced at the genius doctor Qiu beside him, and found that the other person's eyes were a little excited, thinking he was angry, he quickly said to Sun Yonggui with a straight face: "Please don't stand in front of us, the genius doctor Qiu is..."

Before he finished speaking, he was shocked to find that Doctor Qiu actually rushed out!

'S face is even more excited!

Chapter 46: Real power!

I saw the genius doctor Qiu coming directly to Ye Chen and bowing deeply!

The genius doctor Qiu knows what the man in front of him means!

I met him at the Shen's house a few days ago, thinking that the other person was a liar, until he saw Shen Haihua stand up, he knew he was wrong!

I was completely wrong!

In the past few days, he has consulted friends in the medical field, large and small, and no one believes it!

As a well-known doctor in Beijing, he naturally knows what it means to be superb.

means that he can easily decide the life and death of countless people!

means that countless monstrous powers in China will cheat him like a pug!

means that one day he will stand on top of the world and look down on everyone!

If this kind of person is offended, isn't it just looking for death?

So in the past few days, Doctor Qiu simply stayed in Jiangcheng. On the surface, he was discussing and communicating with many hospitals. In fact, he wanted to find a chance to meet Ye Chen. It would be better if he could get along well with each other!

Unexpectedly, he really touched him!

How could he give up this opportunity before him!

This bow made Dr. Qian stunned. The doctor Qiu gave a gift from the medical profession! This is generally only done in front of respected seniors.

But right now, what is the doctor Qiu doing?

Is this young man a senior? What a joke!

Before he could respond, Doctor Qiu spoke:

"Mr. Ye, I...we actually met again, Xiaoqiu didn't expect to see you here! What happened last time, I really can't get away with it, so I have to ask Dr. Ye Haihan."

Xiaoqiu?

Doctor Qian almost spat out a mouthful of blood.

This genius doctor Qiu actually called himself Xiao Qiu in front of this young man?

even used your honorific name?

No, God Doctor Ye? Where does Huaxia have an extra genius doctor Ye?

Not only Doctor Qian was stunned, everyone present was stunned.

Sun Yi's boyfriend is about 20 years old, is he still a genius doctor? It's just a big joke.

Dong Caizhu hugged her chest and snorted coldly: "The Sun family girl found a group to perform a powerful exercise. Not only did she find a liar boyfriend, she also found a fake doctor to replace it, which is extremely ridiculous. Also Qiu genius doctor, hehe, this old man How do you look like a genius doctor with a wretched face?"

Dr. Qian turned completely blue when he heard these words!

This genius doctor Qiu is a doctor approved by the Chinese government! Even attended an international medical exchange meeting! The medical papers in hand are all top in the industry! Who dares to say that he is fake?

He just wanted to refute, Sun Yaoyao also laughed, and pointed her finger at Doctor Qiu's nose and said: "Sun Yi, you are too shameless. You have found an old man picking up **** to be a doctor. This old man calls you a man. Genius Doctor Ye, haha, if your man is really such a god, would your brother still lie half alive in the intensive care unit?"

I now finally understand why your family is so poor, the poor just want to face and suffer! "

Sun Yi's face was pale, angrily about to stretch out her hand to slap the other person, only to see the doctor Qiu has rushed over, completely disregarding her own image, "Pop!", slapped Sun Yaoyao's face!

"You little girl, with such a poisonous mouth, the old man can't stand it anymore."

Although he has never beaten a woman, he knows that this is the only chance he has to show in front of Ye Chen!

What about slapped? Given his status in China and Jiangnan Province, he is still afraid of a woman?

The genius doctor Qian who saw this scene was crazy. He was hailed as a master of unparalleled medical ethics, and he hit someone?

My God, this is definitely blockbuster news!

Suddenly he had a bad feeling that if something happened to the doctor Qiu in their hospital, he could not afford it.

Seeing that the beaten woman wanted to rush over, he quickly stood in front of Doctor Qiu:

"Everyone has something to say, don't call in the hospital..."

Sun Yaoyao was mad, and regardless of Ye Chen and Sun Yi, she pointed directly at the nose of Doctor Qiu and continued: "You dare to slap me, do you know who I am? You wretched old man, believe it or not, I let you in Jiangcheng I can't mix anymore."

How could the genius doctor Qiu be afraid of her? He took a peek at Ye Chen and found that the other party was looking at him interestingly. He was delighted and said coldly to Sun Yaoyao: "What are you, let me hang out in Jiangcheng If you can't go down, do you have the qualifications?"

Dong Caizhu hurriedly pulled her husband's sleeve: "You just look at it like this?"

His daughter was beaten and insulted again. Sun Yongfu couldn't stand it anymore, and she stood up directly, and his majestic voice sounded: "I don't care if you are a real doctor or a fake doctor. My Sun Yongfu is a bit thin in Jiangcheng. Even a few days ago, I played mahjong with the dean of this hospital and the leaders of the bureau. You beat my daughter. Now you just have to kneel and apologize, and I promise not to pursue it again.

Otherwise-huh, I will show you what real power is! "

After speaking, Sun Yongfu took out the phone, apparently preparing to call the dean.

The genius doctor Qiu almost spewed a mouthful of old blood, this kind of scum is still qualified to speak of power in front of him? Watch too much TV series.

He glanced at Ye Chen, and said directly to Sun Yongfu: "You are beating, the old man is standing in this hospital today, do you see if their director is willing to drive me away!"

Sun Yongfu ignored him, sneered, and dialed a call directly. The call was soon connected, and he directly pressed the speakerphone.

A majestic voice came from the other end of the phone: "Who?"

"Dean Zhong? I'm Sun Yongfu. I'm sorry to disturb you so late. How are you doing? We just played mahjong with them in the Zhou Ju a few days ago."

"Oh, it's you, what's the matter, what's the matter so late?" The voice on the other end of the phone was somewhat random.

Sun Yongfu smiled and said, "There is really something. I am in your hospital now. My daughter has a conflict with the people on your side and was beaten."

On the other end of the phone, I heard that there was an accident in the hospital, and I was obviously angry: "Who dares to move your daughter who doesn't have eyes~www.ltnovel.com~ I will call the security department and take it directly to the police station! Damn, people are so hostile these days."

Sun Yongfu glanced at the people around him triumphantly. The attitude of the other party made him feel a lot of face. He continued: "Then trouble Dean Zhong. We are on the fifth floor now. The beater seems to be surnamed Qiu, wearing you The white coat in the hospital, I didn't know it was a doctor..."

"Pattern!" The phone on the other end of the phone seemed to have fallen to the ground.

A few seconds later, an urgent voice sounded: "What did you just say? The surname of that beater Qiu? There won't be a male doctor with glasses beside him..."

Sun Yongfu glanced at Dr. Qian next to him, and found that it was really true, and said cheerfully: "Dean Zhong, you are always so good-looking..."

Before the words were finished, a panicked voice came from the other end of the phone: "Hurry up and let the male doctor with glasses say something..."

Doctor Qian naturally heard it, and weakly shouted from the side: "Dean, it's me... Xiaoqian."

There was silence on the phone.

The silence is terrible.

A few seconds later, a loud roar rang from the phone!

"Sun Yongfu, what the **** are you **** up to! I tell you, if you want to die, don't push me! If something happens to Doctor Qiu, don't let Lao Tzu **** me in Jiangcheng! Do you know? Doctor Qiu is a guest of the mayor and secretary!

The genius doctor Qiu was finally invited by me. I don't know what he is, so don't spread rumors to Laozi!

My mom...No, I went to the hospital immediately! Wait for me! Also, Xiaoqian, no matter what, don't let the doctor Qiu suffer the slightest grievance, otherwise I will transfer you to the nursing department! "

Chapter 47: The real big shot!

The call was hung up, and the latter sentence was obviously for Doctor Qian.

Doctor Qian didn't dare to take a breath, the dean was really angry this time!

Sun Yongfu's face was completely pale, they never thought that the wretched old man was really a doctor! Huat Ma is a genius doctor!

And from the dean's tone, you can hear that the power behind the opponent is extremely terrifying!

Guests of the mayor and secretary...it means too much!

One of them can turn his Sun Yongfu's efforts over the past ten years into a bubble!

Sun Yongfu couldn't even think about what kind of big man he had offended.

As a businessman, he naturally knew what to do. He reacted quickly with a smile on his face. He came to the doctor Qiu and arched his hands and said, "Doctor Qiu, I am really sorry, but I don't know Taishan... Yaoyao, I just came to apologize to Doctor Qiu!"

Sun Yaoyao was completely stunned, she was slapped in the face, why did she apologize to the other party?

What's wrong with this world?

can anyone who hits people be so arrogant!

Sun Yongfu saw that his daughter hadn't come to apologize, so he pulled Sun Yaoyao over: "Quickly apologize to the genius doctor Qiu!"

Sun Yaoyao was frightened by her father's anger, and quickly whispered: "Doctor Qiu, I'm sorry..."

Before the words were finished, Qiu Doctor Qiu ignored their family at all and treated them as air. Instead, he walked up to Ye Chen and Sun Yi and said seriously: "Doctor Ye, how do you think this matter should be handled properly? Do you need me to call the mayor of Jiangcheng to let something not long-sighted see what real power is?"

Attitude is totally different!

And when he said the last sentence, Doctor Qiu gave Sun Yongfu a vicious look.

Naked contempt!

Ye Chen didn't have the slightest expression, but looked at Sun Yi and said softly: "Baby, listen to you."

Sun Yi trembled when she heard this "baby", blushing and shook her head: "Forget it, let's stop here. But I don't want to see these people again."

Sun Yongfu's family never thought that it was Sun Yi, who they had always looked down upon, that decided their life and death!

Although they were a little angry in their hearts, Doctor Qiu was here to refute them.

Sun Yongfu smiled awkwardly, and directly took his wife and daughter away dingyly.

They don't want to stay in this place anymore. When the dean comes over, they will make a fuss with the other party's temper! I don't know how to die by then!

Right now, leaving is the wisest!

After Sun Yongfu's family left, the fifth floor of the hospital became quiet.

About five minutes later, a middle-aged man wearing a white coat with a big belly rushed over. When he saw Doctor Qiu, he quickly stretched out his hands and apologized: "Doctor Qiu, I'm really sorry. You are frightened. I will be in the canal tomorrow. As the host of the hotel, I personally let Sun Yongfu, a dog thing, apologize to you..."

Divine Doctor Qiu is also quite a human. He glanced at the young man in the ward with a displeased face, and blamed Dean Zhong: "You don't need to eat. I want to ask, Dean Zhong, how do you do things? Just let the friend of God Doctor Ye live in this intensive care unit?"

Dean Zhong was taken aback, and immediately looked at Ye Chen on the side.

When he came, he also learned the general situation from Dr. Qian. He guessed that the genius Doctor Ye in Qiu's mouth must come from a family of Chinese medicine practitioners above, otherwise the other party would not be so low-pitched.

The person who even the genius doctor Qiu dared not offend is not something he can provoke, the little President Jiangcheng.

He glanced at Ye Chen with a deep meaning, and quickly said:

"This is the genius doctor Ye. I really admired the name for a long time. Do you think this will work? I will transfer this patient to the VIP ward and perform the operation immediately within an hour. As for the operation fee, it's a coincidence. I just picked it up when I came. By the notice, our hospital happens to have a policy quota for this disease and enjoys national policy subsidies. Any expenses will be paid by the hospital and the country..."

Ye Chen glanced at Dean Zhong. Although he wanted to treat Sun Yi's younger brother himself, he would have to explain the current situation when he said it. It would be better to ask the hospital for treatment directly, and take the shot in secret.

"So be it."

Sun Yi and Sun Yonggui's expressions were joyful at first, and they slowly became surprised.

A few hours ago, the hospital's attitude was very clear, that it would die without paying money, and the wards were extremely scarce, and reservations in advance may not necessarily be reserved.

But the appearance of Ye Chen actually turned the whole thing upside down. The hospital didn't need any money, and it was returned to the VIP ward for surgery within an hour.

This is too exaggerated.

When did the hospital become so efficient and charitable?

Sun Yi and Sun Yonggui are not stupid. They know that the hospital does not have any so-called policy quotas, but the director of this hospital is showing good to the man!

All of this is entirely in the face of that man!

Without this man, Sun Haozhe didn't even have the chance to live.

Sun Yonggui was a little panicked. He was just a farmer. How could he have seen such a big person? He got closer to his daughter and whispered: "Ayi, what does your boyfriend do... how did you meet?"

Sun Yi glanced at Ye Chen and said with a smile: "He, is a vagrant who asked me to borrow money to meet him. Now I am his landlord."

Sun Yonggui was stunned: "Ayi, what are you kidding? How could such a big person be a vagrant? And you are his landlord? He is your landlord, it's almost the same!"

.....

12 am.

Ye Chen and Sun Yi went home together, because Sun Haozhe had been arranged to the VIP ward, and he was cared for 24 hours a day. UU reading www.uukanshu.com plus Sun Yi's father was with him in the hospital. Naturally, Sun Yi would not stay in the hospital.

When leaving the ward, Sun Yonggui called Sun Yi to the side by himself, giving various hints, but Sun Yi didn't understand for a long time. Sun Yonggui could only say straightforwardly: "Ayi, you are already an adult. Remember to wear it when you do that. Things, protect yourself..."

Sun Yi blushed and stepped on high heels to pull Ye Chen away.

The two went downstairs. Sun Yi just planned to take the car key and touched his pocket, but found that the car had been sold to the mortgage company at a low price.

I don't know why, she was a little bit lost. After all, the Beetle has only been with her for a year, and both the interior and appearance are her favorites.

"Ye Cheng, let's take a taxi and go back, because my brother is ill and needs money urgently. I have sold the car to the mortgage company in the afternoon. I will ask for leave tomorrow to see if I can redeem it." Sun Yi said softly.

Ye Chen smiled slightly, took out the key from his pocket, and threw it over: "Next."

Sun Yi subconsciously caught something, when she spread out her hand, she subconsciously covered her mouth! The eyes were red instantly!

Because this is her car key! Even the keychain is the same!

"This key..."

Ye Chen shrugged and replied, "When the mortgage company drove away in the evening, I ran into him at the door. As your temporary boyfriend, of course he took it back without hesitation. Remember, don't lose it again next time. It's..."

The words fell, Ye Chen only felt a group of dark shadows fall into his arms.

The soft body smelled of lavender very well.

The key Sun Yi's proud body is so comfortable to hold!

Ye Chen took the opportunity to put his arm around Sun Yi's waist, everything was so natural.

Chapter 48: The truth 5 years ago!

One minute later, the two came to the underground parking lot and drove off the Beetle directly.

Maybe because of the night, there are few cars on the road.

Inside the car, the atmosphere is a bit quiet, only the music on the car makes a sound.

Suddenly, Sun Yi turned off the car music, while controlling the steering wheel, she said, "Ye Cheng, may I ask you a question."

"Ok."

"I've always been curious, why did you help me like this? Why? Is it because the last time I was in the Huamei Group, I made a move?"

"To be honest, many times inadvertently, I found that you look at me with a hint of gratitude... I am really puzzled."

Ye Chen was slightly startled, suddenly thinking of something, and muttering to himself: "You may know tomorrow."

Tomorrow?

Sun Yi was startled slightly, thinking of something, but he was not sure.

"Fool, tomorrow Monday, shouldn't you choose Monday for everything?"

"Okay, but having said that, it's great to have you. It makes me feel very comfortable, really."

"I haven't actually had much sense of security, but today you gave me a sense of security..."

When Sun Yi spoke, he deliberately aimed at Ye Chen from the corner of the eye, wanting to see the other party's reaction.

Ye Chen smiled, just about to say something, suddenly his face changed, and his whole face was full of cold murderous intent.

This is a murderous opportunity he has never had before.

Sun Yi felt the temperature in the car drop suddenly, and she even trembled.

"Ye Cheng, have you noticed that it's so cold? Has it cooled down? It's impossible..."

Ye Chen didn't answer her.

When the car passed a turn, Ye Chen's icy voice sounded: "Sun Yi, pull over and stop."

Sun Yi did not react, Ye Chen repeated again: "Hurry up and stop!"

"it is good....."

Sun Yi stepped on the brake fiercely. When the car was still moving slowly, Ye Chen grabbed one of Sun Yi's hand.

"Be clear to me every word I say next, don't interrupt me, you just need to do what I say, I won't harm you."

Sun Yi felt cold on her back for some reason. She looked at Ye Chen's eyes and found that the other's eyes were serious and cold like never before.

This is not like Ye Chen who is hippie smiling all day long!

is like a bloodthirsty demon from hell!

"it is good."

Ye Chen glanced at the rearview mirror and continued: "First, after I got off the car, you immediately speed up back to the Dadu apartment, no matter what sound you hear or what picture you see, don't stop.

Second, when you get home, you immediately took the phone on the desk and hid in my room. Remember, no matter who knocks on the door, you can't open it!

Third, pick up this phone and replay a number I called this afternoon. You only need to tell the person on the other end of the phone to bring the strongest person to your house within half an hour.

Fourth, if anyone breaks in within this half an hour, don't resist, surrender obediently, and wait for me to rescue you. Remember? "

Sun Yi nodded fiercely.

Her back is all soaked, and she doesn't know what she is facing!

Ye Chen knew that the other party was nervous, but the more nervous, the better for Sun Yi.

The car stopped, Ye Chen glanced at Sun Yi, opened the door directly, and jumped down.

"It's now, let's go!"

Sun Yi heard this sound, regardless of speeding or not, he slammed on the accelerator, and the Beetle rushed out, the speed is extremely fast!

About six or seven seconds, the car disappeared from Ye Chen's sight.

Ye Chen took a long breath, turned around, and looked at a Bentley business car that was slowly approaching not far away.

There is a strong man in there.

He didn't know if it was an enemy or a friend.

But those who appeared in Jiangcheng at this time could only be enemies.

Although he can choose to let Sun Yi stay by his side, it is more dangerous.

The fighting of the martial arts powerhouse, ordinary people simply can't bear it.

I only hope that Sun Yi will not be in any danger in the future.

"It seems that one person will not work after all, and you have to find a way to establish your own power." Ye Chen said with emotion.

Ten seconds later, the Bentley stopped.

crisis.

break out.

.....

A man in a suit came down from the driver's seat of a Bentley. He should be the driver.

The driver was very thin and his eyes were cold. What surprised Ye Chen was that the other party was also a cultivator.

The driver took a few steps, bent his body, and gently opened the door.

"Mr. Yao, here it is."

A middle-aged man with slightly longer hair got out of the Bentley.

The middle-aged man wore a Chinese tunic suit and a pair of cloth shoes under his feet. The whole breath was ethereal, and he was full of master temperament.

With his hands behind him, he looked at Ye Chen not far away interestingly.

His eyes were facing each other, and extremely strong power burst out, and the surrounding air seemed to be a little disordered.

A few seconds later, the middle-aged man spoke first: "Ye...chen, this name is really a long time ago, five years, five years ago.

I thought that the remnants of the Ye family were dead. What I never expected was that the young man who fell to Dongqian Lake five years ago was alive and dared to return to Jiangcheng. "

Ye Chen's eyes shrank, and he looked at the middle-aged man indifferently, and said, "If I didn't guess wrong, did you intervene in the Yunhu Villa five years ago. Are you here today, are you planning to kill me?" "

The middle-aged man laughed, his voice was very loud and spread far.

"Kill you to kill your mouth~www.ltnovel.com~ You are too high to look at yourself. Five years ago, you were ridiculed like a worm on the ground. Five years later, even if you come back, you still can't change you. fact."

Ye Chen's fist was slightly clenched, and the cold murderous intent was covered, and the picture five years ago was like a knife carved on his chest! He will never forget it! His whole body was rolled up with bursts of blood evil, like the Shura of hell.

The middle-aged man's face changed slightly, and he exclaimed: "Blood evil? This Ye family kid actually condensed blood evil?"

You must know that if you want to successfully condense the blood evil, you must not only step into the ancient martial arts, but also slaughter thousands of people!

In the ancient martial arts world, those with blood evil are often some of the top hired killers.

But now that he appeared on such a young man, it is no wonder he was surprised.

Suppressing the shock in his heart, the middle-aged man opened his mouth and said: "Unexpectedly, after the disappearance of the past five years, you, this waste, have stepped into the path of cultivation. Even so, so what! Resources are important for cultivation! Talent! Opportunity! You have already Missed the best time to practice, you do not have the support of family resources, and you can only stand at the bottom and look up at us on the sky in your life!"

"I just want to know one thing, did you intervene in the incident five years ago? Also, where is the man from the capital!" Ye Chen's tone was cold, and it was like nine days of ice, making people palpitate. .

The middle-aged man smiled coldly. He didn't understand the braveness of the boy in front of him to speak to himself!

But there are some things, it's okay to tell a dying person.

He took a step forward and said loudly: "The banquet five years ago was organized by me. You said it had nothing to do with me. Also, I might as well tell you another secret! Even if there is no such banquet, you Ye Family I will be wiped out by that one day too!"

Chapter 49: The game has just begun!

Hearing these words, Ye Chen's expression was startled, his face was full of cold murderous intent! The blood evil on his body became stronger and stronger.

Could it be that the banquet back then had a secret?

Or that banquet was for his Ye family?

But the Ye family is just a small family in Jiangcheng, why did the big man in the capital destroy the Ye family?

All kinds of doubts lingered in Ye Chen's heart.

The middle-aged man didn't plan to talk nonsense with Ye Chen anymore, saying: "I happened to be passing by Jiangcheng this time, and I didn't expect to find your remnant. This is also considered God didn't plan to let your Ye family go. Huang Qing, do it. "

"Yes, Mr. Yao."

The driver in the suit nodded and walked towards Ye Chen.

His steps are light, and his eyes are dead.

In his opinion, killing a young man is really simple.

What if the opponent stepped into the ancient martial arts, even if they started to practice since childhood, they would be at best internal energy!

And he is a half-step transformation of energy that has crossed three realms!

Killing an insider is as easy as crushing an ant.

Huang Qing squeezed his fist slightly and said: "Boy, don't worry, I will give you a happy one..."

Before he finished speaking, Ye Chen had already moved!

moved so suddenly!

No one expected it!

In an instant, Ye Chen had already arrived in front of Huang Qing, and a gust of wind blew up all over his body.

Life and death are just in one thought.

Ye Chen's eyes were cold, and he saw that he stretched out a hand, directly clasped Huang Qing's neck, and then snapped.

"Crack!" A cry! Huang Qing only felt a terrifying force spreading from his neck! Extreme pain!

He found that he was not breathing!

Even the vitality is slowly passing away!

He opened his eyes wide and wanted to fight back, but found that a wall of air appeared all over his body, which sealed him tightly, making him immobile!

His pupils gradually dilated, and after a few seconds, his breath was completely gone.

He never thought that he would not even have a chance to fight back!

was directly killed by the opponent!

"Unbearable."

Ye Chen snorted coldly, and violently threw the man in his hand out as if throwing garbage.

His voice was very soft, but it blasted like thunder in the ears of the middle-aged man!

The middle-aged man has seen countless strong people in his life, but he has never seen a master who can kill a half-step energy at such a speed!

The whole process went smoothly! Just two seconds!

He stared at the young man in the distance, with only horror on his face! Could it be that this kid has reached the realm of the master!

impossible!

How could China have such a young master!

It took me forty years to practice! It has been piled up by countless treasures! The key is that his talent is excellent! This barely entered the realm of the master!

But the opponent has only disappeared for five years, so how come he has such a terrifying cultivation base!

He clearly has passed the best period of cultivation!

The middle-aged man's heart set off a stormy sea, and even a trace of fear appeared on his face!

That is the fear of the unknown!

Ye Chen walked towards the middle-aged man step by step, his expression extremely cold.

He knew that killing Chen Zhengguo's family was not the beginning of the real game.

Only to kill the middle-aged man in front of him, the revenge game five years ago has just begun.

Seeing that Ye Chen was getting closer, the middle-aged man stopped thinking about it, forcibly suppressing the tremor in his heart, and said: "I didn't expect you to step into the realm of the master. Although I don't know how you did it, If you let you go, you will be a threat to me, then-only kill you."

The next second, he shot.

The middle-aged man stepped out, and a small depression appeared on the ground. His body was like a cheetah and he had already come to Ye Chen.

turned fists into claws, and headed towards Ye Chen's head!

As long as it is buckled, it will inevitably catch his head!

"Today, I, Yao Jingu, will screw your head off!"

And Ye Chen's eyes were cold, and he didn't dare to be careless, his arms flowed with real energy, and he punched out!

Yao Jingu saw that Ye Chen dared to punch like this, and sneered: "It seems that you don't have the realm of a master at all. If you punch like this, you will die!"

Ye Chen said lightly: "Oh, isn't it?"

Just when Ye Chen was about to touch Yao Jingu, he stretched out his five fingers violently, shook slightly, and then suddenly closed! As if caught the wind! Then he swiped his finger like a knife in front of him, and slammed it down!

This palm carries the infuriating spirit! There were even bursts of air bursts!

"bump!"

Ye Chen's palm and Yao Jingu's claw suddenly collided!

Yao Jingu only felt a stream of air rushing through his internal organs! A strong counter shock came from the arm!

He was trembling all over, "Ping Ping Ping!" He took seven steps back!

After regaining consciousness, his face was full of horror, staring at Ye Chen, who was as steady as Mount Tai!

He can feel the blood surge in his body! If not forcibly suppressed by yourself, he would spit out a mouthful of blood!

With a single move, the opponent exposed such a powerful force!

Inevitable above the master!

He just stared at Ye Chen, his right hand trembled a bit, almost numb! A trace of jealousy appeared in his eyes, and he said: "Who are you on earth?"

He doesn't believe that the young man in front of him is the trash of the Ye family who was mocked five years ago!

How can a waste enter the realm of the master!

He doesn't believe that this young man will be dormant on purpose!

Do your biological parents die in front of your eyes and pretend to be a waste?

The only explanation is that the young man in front of him is a martial arts genius who has been practicing since he was a child! Then step into the realm of the master!

The young man in front of him can be anyone, but it shouldn't be Ye Chen from the Ye family!

Ye Chen was also a little uncomfortable at the moment, his body was full of vigor, and what he didn't expect was that the strength of Huaxia's Grand Master was even stronger than he thought.

He knew that he could not retreat. He wanted these people to pay back the humiliation five years ago!

He wants to fill the souls of these people with fear!

He wants these people to pay their debts!

"I am the Ye Chen from five years ago."

Ye Chen's faint voice fell.

While breathing, Ye Chen has already arrived in front of Yao Jingu! The eyes were cold, and he kicked out mercilessly!

This foot carries the incomparably violent true energy in the body and the monstrous evil intent on the body!

This kick seems to kill all the vitality of Yao Jingu's body!

Yao Jingu's face changed drastically. Although he was not too strong after entering the realm of the master, he still had the ability to react, and his body retreated suddenly!

At the same time, he suddenly stretched out his hands~www.ltnovel.com~ carrying a trace of energy, trying to grab Ye Chen's feet!

"Crack!" He caught it!

Yao Jingu's face was happy, he stepped on his feet, and exerted force! He is going to smash this kid to the ground! Smashed into a pile of flesh and blood!

How could Ye Chen do what he wanted, the moment his body was empty, he turned slightly, and then his other foot was raised high!

hacked hard!

directly hit Yao Jingu's shoulder!

"bump!"

There was a crisp sound! Several bones in Yao Jingu's shoulder broke directly!

His body couldn't bear the terrifying power even more, so he knelt on the ground!

Ye Chen's eyes flashed with cold killing intent, and he didn't give the opponent a chance to react at all! Hit hard with a punch!

In an instant, Yao Jingu smashed his whole body to the ground, vomiting blood in his mouth!

Weakness to the extreme!

Yao Jingu, lost!

The defeat was extremely miserable.

didn't even have a chance to fight back.

Ye Chen exhaled a long breath, glanced indifferently at the man on the ground, took out a pack of cigarettes from his pocket, shook it slightly, flicked his fingers, and slammed it directly on his mouth.

The lighter is on.

Ye Chen slowly squatted down, spit out a mouthful of circles under his eyes, and Yao Jingu was instantly filled with smoke.

"Did you know? The game has just begun."

A voice that seemed to come from **** sounded in Yao Jingu's ear.

Chapter 50: Forcibly break in!

Yao Jingu raised his head with difficulty when he heard the sound, his eyes were a little blocked by blood, and the sight was very blurred. The smell of smoke around the key made him unable to help coughing.

Every time he coughed, his internal organs became more painful, and his mouth continued to vomit blood.

is simply miserable.

Who would have thought that he would fall into such a situation!

He wiped off the blood from the corner of his eyes with difficulty and saw the youth in front of him.

The youth's eyes were extremely cold and casual, as if indifferent to everything.

At this moment, his fear comes from his heart!

The opponent is very strong!

The strength is far better than him!

When did China have such a young master of martial arts!

The key clues all point to the master in front of you is Ye Chen who disappeared five years ago!

That Ye family trash who was laughed at by countless people in Jiangcheng!

Ye Chen pinched out the cigarette in his hand, stood up, looked at Yao Jingu condescendingly, and said: "I will give you a chance to answer my questions, and I will consider letting you go."

Yao Jingu spit out a mouthful of blood, and said with difficulty: "You dream!"

Ye Chen smiled coldly, took a step, and stepped directly on Yao Jingu's face with one foot: "My tolerance is limited. If you don't cooperate obediently, I promise you will enjoy a feast of pain! One question, how did you know my existence, how many people know about it?"

Yao Jingu felt the power on the opponent's feet gradually coming. He knew very well that as long as the opponent exerts force, his head will inevitably turn into a pool of blood!

The power of the Budo Master is no joke!

He wanted to break free, but he couldn't break free.

He has no choice!

He finally cultivated to this level, if he died, there would be nothing!

"If I say, are you sure you will let me go?" Yao Jingu compromised.

"Do you think you still have the qualifications to negotiate terms with me?" Ye Chen said solemnly.

Yao Jingu Yuguang glanced at Ye Chen, thought for a few seconds, and said: "A few days ago, I found out that someone had retrieved your information through a dark web database. I am very surprised. What is the value of a person who has been dead for five years. I simply sent someone to find some videos and pictures based on the flow of this database. After comparison, I found that the similarity rate between you and the dead Ye Chen was as high as 90%... I like to kill all threats, so I took the initiative to look for it. You, whether you are Ye Chen or not, I intend to obliterate you.

No one from the Ye family can keep alive, this is what Long Ye meant. "

Hearing the word Long Ye, Ye Chen swept a terrifying murderous intent!

Because he knows very well that this person is mercilessly depriving him of everything!

Without the banquet at Yunhu Villa, his parents would not have died!

"What is Lord Long's specific name? Where is he? Does he know of my existence?" Ye Chen suppressed his inner killing intent and continued.

Yao Jingu smiled bitterly: "Is the Dragon Lord that a small person like me can know? The ancient martial arts and even the capital family respectfully call him Dragon Lord. As for your existence, even if I want to tell him, I will. For a chance, few people in Huaxia knew where he was.

I only know that he is so strong that I can hardly imagine it. "

The clue is so broken.

Ye Chen wanted to know a lot of information, and continued to ask: "Why did this person kill my Ye family at the banquet at Yunhu Villa? Is it really because my father offended him?"

Yao Jingu shook his head: "I don't know the specifics. There were too many people involved in the banquet at Yunhu Villa. Everyone wanted to please Lord Long. I vaguely remember that Lord Long seemed to be looking for something, and that thing seemed to last. Your whereabouts point to your Ye family!"

Something?

Ye Chen immediately thought of the stone his father gave him.

Could it be that Long Ye killed the Ye Family because of this?

Just as Ye Chen thought about it, the phone in Yao Jingu's pocket rang.

Seeing this call, Yao Jingu vomited a mouthful of blood, changed his attitude, and smiled gloomily: "Boy, now you have the ability to kill me, but I can't guarantee that your little girlfriend will live well. Now, my people have arrived at your little girlfriend's apartment, haha."

Ye Chen's eyes froze, stretched out his hand, grabbed Yao Jingu's neck directly, and even lifted him up!

"If you dare to move her, I will kill you all!"

Sun Yi is the only person Ye Chen cares about right now, and there must be no accident!

But right now it won't be useful for him to rush over. It depends on whether Sun Yi did according to his instructions!

.....

At the same time, most apartments.

A Beetle rushed directly to the gate, but the security guard was dozing off and did not open the door.

"Damn it!"

Sun Yi didn't care about anything, got off the car and ran towards the apartment!

I don't know if it is an illusion, she always feels that someone is following her.

She ran to the elevator with all her strength, and took the elevator directly to the apartment!

inserted the key, closed the door with a beep, and locked it directly!

Her legs trembled a little, and all the words in her mind were what Ye Chen explained.

"Telephone... yes... take the phone first!"

Sun Yi quickly picked up the phone on the desk, followed Ye Chen's instructions, and rushed to his room!

Although she doesn't know why Ye Chen must enter his room, she has no time to think about it now!

The moment the door was closed, Sun Yi was surprised to find that there was a special light flowing through the door.

She rubbed her eyes and found that there were still various ancient runes painted on the door.

For some reason, she always feels this rune is moving!

"Ye Cheng...what the **** is this..."

Unable to let her think, she suddenly thought of something and quickly pressed the replay button on the phone.

In an instant, UU reads www. uukanshu. A bunch of strange numbers appeared on the com screen.

"Does this work?" Sun Yi was a little suspicious.

After a short while, the phone connected, and a somewhat energetic voice rang:

"Hall Lord?"

As soon as sounded, Sun Yi heard a sound of breaking in from outside!

The door outside is broken!

Someone broke in forcibly!

She was panicked and panicked. She didn't care about anything, and hurriedly shouted: "I'm in Block C 1003, Jiangcheng Dadu Apartment, Ye Cheng... Ye Cheng asked you to send the strongest person here in the fastest time... ..Hurry up...someone broke the door!"

"it is good."

With a simple word, the phone suddenly hung up.

At this moment, Sun Yi's heart hung up, trembling in the corner.

"Why did you hang up so quickly, why...Is this call the Jiangcheng police..."

Qianlong Building, Jiangnan Province.

Ye Lingtian hung up the phone, his entire face was black!

His face was filled with an unknown anger!

He doesn't know who the female voice on the phone is, but it doesn't matter!

Because this call was made by the palace owner, and judging from the other's tone, something serious happened in Jiangcheng! What a big deal!

Who dares to move the lord! He is the enemy of King Nanjiang!

He picked up the phone abruptly, dialed a Jiangcheng number, and the phone was connected in almost a second.

"I don't care what task the strongest person in your hand is currently performing, I immediately let everyone rush to Jiangcheng Dadu Apartment C Block 1003! If something happens to that woman, you can meet me with your head raised!"

The other end of the phone was stunned, and said quickly: "Yes, King Nanjiang!"
