

## **Urban Medical 411**

Chapter 411: If you have a seed, fight with me first.

Ye Chen witnessed Bai Lixiong's strength in the screen.

This strength and combat experience are far above him.

With every blow of Bai Lixiong, almost three or four martial arts experts can be killed!

Bullets were shot at them continuously, Bai Lixiong had no intention of blocking, the whole body was released, and the bullets collided with him, suddenly distorted, showing his power!

At this moment, Bai Lixiong is a killing tank, and any existence that harms the Jagged Battalion will be dead!

He has no mercy at all!

He is not only a warrior, but also an iron-blooded soldier!

For such a traitor, he has no mercy at all.

"Zheng Renjue! If you have a seed, fight with me!"

Bai Lixiong sounded a terrifying roar! Holding a big sword full of blood, he walked towards Zheng Renjue without hesitation!

Check out new PVP arena battles!

This knife has a long shadow of the knife, glowing with black and red light, and the surrounding wind is strong, and the nearby trees are even more dumped, showing the power of strength!

Zheng Renjue saw a smile at the corner of his mouth. He knew he was not Bai Lixiong's opponent, but he did not panic at all.

He looked at the elders around him: "Several adults, Bai Lixiong may have something about the dragon veins given to him by the Chinese authorities, and he asked the adults to take down this person."

One of the elders with sparse hair nodded: "Once we get the dragon veins, we have to take eight levels of the soul-broken gate, and the remaining two levels are divided equally by your major forces."

When Zheng Renjue heard these words, his face changed drastically, and even a trace of killing intent appeared in his eyes. It was just that the killing intent was fleeting. He smiled and agreed: "It should be the eighth floor of the Broken Soul Gate. ."

Several old men nodded, and in the next second, they walked towards Bai Lixiong!

Bai Lixiong is certainly strong, but in their eyes it is far from enough!

The sound of Jintiejiaoming sounded, and Bai Lixiong was instantly surrounded by the practitioners of Broken Soul Gate, and there was no way to survive!

He glanced at the brothers in the Jagged Camp behind him, dead and wounded!

The veins on his neck violently violently, anger was extreme.

Who would have thought that this time it turned out to be a trap!

Inside and outside!

A group of despicable traitors! brute!

These brothers from Tiexueying have been with him for many years, or how many outsiders have been killed, Anbang Huaxia! But now he will be ruthlessly killed by his compatriots!

"Go away!"

With a roar, he set up his long knife and resisted.

Boom...

Such as Hong Zhong collided with a friend and spread.

Bai Lixiong's figure shook suddenly.

A huge crisis shrouded in, Bai Lixiong, amidst his roar, forcibly raised his knife to confront him!

"Many arm blocks the car, regardless of your ability!"

Looking at the broad sword coming from the crossbar, the powerful men of Broken Soul Sect showed a look of disdain.

The wind howled.

Murderous roar, the black wind of the animation scroll!

Flying sand and rocks, that gust of wind swallowed like giant beasts in all directions.

Bai Lixiong almost defeated ten, but he was still tired when faced with the endless methods of Broken Soul Gate. His whole body was instantly covered with countless wounds, blood flowed all over his body, and he was embarrassed to the extreme!

But even if he was embarrassed, he also beheaded the three strong men who broke the soul!

The roar was replaced by a dull penetrating sound.

The head is thrown away, and the blood surges!

And Bai Lixiong also smashed out and became a blood man!

"General!"

Four severely wounded Jagged Battalions defended Bai Lixiong to the death! The eyes are determined!

If the general is killed in battle, they must also be willing to shed blood to fight!

The four people got red eyes, one of them broke his arm, still guarding Bai Lixiong.

The world is quiet at this moment.

At this moment, Bai Lixiong and the remaining four iron camp strongmen were surrounded by countless strong men and fell into a dead silence.

Bai Lixiong spit out a mouthful of blood, his eyes filled with determination.

At this time, Zheng Renjue walked out of the crowd and said lightly: "Bai Lixiong, you are a general at any rate, with a good future, why bother? Although your strength stands at the top of the pyramid of the Chinese martial arts world, you are facing But the forces in the depths of Kunlun Mountains, although they are not strong in Kunlun Xu, they have all been to Kunlun Xu. There are some things that you can't resist if you want to resist."

"Look at how many deaths the brothers behind you have died. These people were all killed by you."

"I know you have something about Qinling Dragon Vessels, which was given to you by Huaxia One. Now take it out and I will give you a whole body."

In Zheng Renjue's eyes, he was already invincible.

The prestigious Bailixiong of China was so embarrassed in front of him that he enjoyed it!

This is a kind of crushing pleasure, which belongs to the joy of the winner.

Bai Lixiong spit out a mouthful of blood: "Bah! Don't you beast know that the dragon veins were taken, the provinces and cities of the Huaxia Qinling line will have problems, and hundreds of millions of Chinese people will be affected. You want your notoriety to be known to Huaxia! "

Zheng Renjue sneered: "The dead will keep secrets. After you are all dead, who will know? I will still sit in the position of the head of my Huaxia Budo General Bureau. Maybe when I become stronger, your position will be. Mine. Don't worry, I will go to your funeral then."

After saying this is not enough, a sullen smile appeared on the corner of his mouth.

"I heard that you still have a beautiful little daughter. I will go to propose a marriage when the time comes. My son is now a useless person, just in time for your flowery daughter to marry my son. Hahahaha! She will never I know, her father-in-law turned out to be her father-killer enemy!"

Zheng Renjue stared at Bai Lixiong's expression after speaking, wanting to see how he would react to the news.

Bai Lixiong's eyes are blood red! Even if he is angry, he knows the situation! He must survive!

In the next second, a golden rune appeared in his hand, his blood was stained on the rune, and he threw it out!

In an instant, billowing smoke and dust covered the line of sight!

"let's go!"

Bai Lixiong and the remaining four soldiers of the Jagged Battalion headed toward the depths!

Want to run? It's not that easy!

"chase!"

Zheng Renjue and countless figures behind him swept away quickly!

Massive!

...

The picture disappeared~[www.mtlnovel.com](http://www.mtlnovel.com)~ The shock and anger in Ye Chen's heart could not be added, and he and Zheng Ren had a grudge.

He thought that the other party was only aiming at himself, but now it seems that this \*\*\*\* is so despicable!

Bai Lixiong, as the general of China, and Jiexueying as an important force to protect the country, Zheng Renjue turned out to be unscrupulous, for his own selfish desires, by all means!

If this person doesn't kill, the law of heaven is too much!

He looked at Bai Libing. At this moment, Bai Libing clenched his hands tightly, her nails were deeply sunken in the flesh, and blood was oozing out of her palms. Her eyes were extremely cold, and her pale face was only angry!

"Zheng Renjue!"

Bai Libing slammed a fist on a giant tree next to him, and the fist was bleeding.

She was so angry!

Chapter 412: No more delay!

Zhu Ya looked at Bai Libing's distress to the extreme, and quickly grabbed Bai Libing's hand: "Bing'er, now Uncle Baili is still alive, what we need is not to vent, but to find Uncle Baili, this time You must calm down."

Bai Libing nodded, thinking of something, and his eyes fell on Ye Chen.

The next second: "Pump!" With a sound, he knelt directly in front of Ye Chen.

"Mr. Ye, I know this is dangerous, and I also ask Mr. Ye to save my father. As long as Mr. Ye saves his father, I am willing to be a cow and horse for you for the rest of my life!"

After the words fell, Bai Libing's head knocked towards the ground.

Seeing this scene, Ye Chen waved his arm lightly, and a powerful wave of air swept from the ground, dragging Baili Bing abruptly.

"You don't need to kneel on me, your father I will naturally save. I and the Huaxia Budo General Bureau have long been feuding, Zheng Ren decided I will kill, and I will save your father and the surviving fighters. If you don't say much, let's go in. ."

Bai Libing's beautiful eyes flashed with excitement, and he nodded heavily: "Thank you Mr. Ye!"

Ye Chen didn't say much, and picked up two ordinary stones from the ground.

Fingers squeezed, condensing a magic talisman, two ancient words were carved on the stone, and the ordinary stone overflowed with a hint of magic charm.

He handed the two stones to Zhu Ya and Bai Libing respectively, and said: "You hold this stone. If you encounter danger, throw it out. At least some problems can be solved."

Zhu Ya and Bai Libing took the stone. Although they were a little confused, they knew that Ye Chen could not give them useless things.

The two held tightly.

"Thank you Mr. Ye!"

"No more delay, go in."

Ye Chen held the Dragon Slashing Sword in his hand and walked toward the depths.

There was already a trace of dragon veins around him, and the appearance of this dragon vein made the small dragon veins in his reincarnation cemetery shake.

The power of the same origin, the excitement of the small dragon vein is undoubtedly seeing his own kind.

Ye Chen knows very well that it is extremely dangerous inside. His strongest blow now is the first sword of the blood dragon combined with the sword intent to break the sky, but if this sword is to deal with so many powerful people, it is somewhat impossible, after all, the practitioners inside. The strength is more than a little higher than Zhou Yan.

Really compelling, he can only try the second sword that breaks the sky.

He had never used the second sword before, but when the Slaughter Daojun was used, it was a series of visions, which showed horror!

It just costs a certain price!

...

At the same time, ten miles behind Ye Chen, a force also deepened.

The leader is Jiang Jianfeng!

Jiang Jianfeng followed several hidden powerhouses from the Jiang family and Jiang Haishan.

Jiang Jianfeng always felt that things were not that simple. The old man hurriedly asked him to go to Qinling, saying that he had received the news. Many forces sent people to Qinling just to get a piece of the pie.

As for what this soup is, he doesn't even know.

Not long after, his cell phone rang, Jiang Jianfeng frowned, and he glanced at the number and knew that it belonged to the old man.

He pressed the answer button.

"Dad, what the \*\*\*\* did you ask me to come here in Qinling? We found many corpses here. It seems that there is a tendency to fight. What happened to Qinling?"

There was a pause on the other end of the phone, and then a serious and old voice rang: "Jianfeng, the Qinling dragon vein has been broken, and countless forces and families have penetrated into it. I order you to take the Jiang family master into Qinling, just to win here. Get a piece of the pie before an opportunity!"

"Dragon veins are the most important existence in China, and those who obtain dragon veins are enough to keep the family standing for a thousand years."

Jiang Jianfeng's face changed slightly, and he was surprised: "Dad, what do you mean, do you want me to guard the dragon vein, or..."

Before he finished speaking, the old man Jiang said: "Keep the dragon veins? Huh! I have given Jiang Haishan a treasure. This thing should be able to hold part of the dragon veins. No matter what happens, I want you to take as many dragon veins as possible. At all costs! Once you win, it won't be long before the position of the head of the Jiang family is yours!"

Hearing these words, Jiang Jianfeng was completely wrong. He never expected that the old man would spy on the Qinling Dragon Vessel!

This is crazy!

Once the dragon vein is destroyed, there is no pressure to suppress it, all the cities near the dragon vein may collapse!

For China, this is simply a catastrophe.

"Dad, the dragon veins are..."

"No, but you don't have the right to choose! Speed into it, Bai Lixiong should not live long, as far as I know, there is still the shadow of the Huaxia Budo General Bureau, maybe they have defected long ago, you waste a minute, just It's like wasting part of the opportunity! Go ahead!"

"If I guessed correctly, there is a melee at this moment. This is your best opportunity to get involved directly. Your purpose is not to kill people, but the Qinling Dragon Vessel!"

The phone was directly hung up.

Jiang Haishan came to Jiang Jianfeng's side and said: "Master, it should not be too late, let's get on the road, the master is very concerned about this matter, and even if we don't take the dragon vein, other

forces will take it. This dragon vein will not affect the capital. Some ordinary people die when they die, and the Jiang family's interests are great."

Jiang Jianfeng sighed, still heading towards the depths, now he can only take one step and look at another step.

If the Jiang family really has a chance, he will try to stop it.

He was not considered upright and upright in his life. He had killed many people and harmed many people, but he really couldn't do it against his conscience.

...

At this moment, Ye Chen felt that the dragon veins were getting stronger and stronger.

The closer you get to the inside, the more you can feel the changes in the reincarnation cemetery.

This change came not only from the small dragon vein, but also from the tombstone.

The crack in the tombstone is getting bigger and bigger, as if there is a force about to rush out.

Is it possible that the mighty man has to take the initiative again?

Just as Ye Chen thought about it, a voice came into his mind!

"Boy, if you get the dragon vein inside, both the reincarnation cemetery and you will benefit infinitely!"

Ye Chen almost spit out a mouthful of old blood~[www.mtlnovel.com](http://www.mtlnovel.com)~ He resolutely refused: "This dragon vein, don't even think about it. If my benefit is based on the lives and deaths of hundreds of millions of Chinese people, don't worry! "

The old voice did not ring again, as if it had fallen into silence.

Ye Chen didn't care about the other party either, his eyes fell in a valley below.

There are a hundred people outside the valley, and a hundred people are standing by, guarding a cave.

Above the entrance of the cave, there is a picture of a lifelike dragon.

Ye Chen had heard of six dragon veins in China, and each dragon vein was guarded by an array against the sky.

Among the formations is a huge altar, and the altar is the beginning of the dragon vein.

The power of the altar is damaged, and the guardianship of the dragon veins will be weaker.

It seems that in the long river of years, the formation method that guards the Qinling dragon veins has been weakened a lot. Those forces did not know what treasure they got and broke the formation method.

Chapter 413: Anyone who steps into this place cannot stay!

Ye Chen and the second daughter condescendingly looked at the situation below, but did not find Bai Lixiong, Zheng Renjue and others below.

Not surprisingly, these people should have entered the cave.

"Mr. Ye, how should we go down? The strength of these hundred people should not be underestimated. Can you notice the guns in their hands?"

Zhu Ya said, her eyes had a trace of worry.

Ye Chen shrank his eyes, and said in surprise: "Is there a problem with the gun?"

Zhu Ya nodded: "If I'm not mistaken, this gun is a special weapon produced by a mysterious military-industrial organization in China, or a test product. It is specially used to deal with ancient warriors and practitioners. Although the power is not too strong, if there is dozens of them, then the problem is serious."

"These people have this kind of weapon in their hands. It seems that some departments of China have been eroded by the moths. Mr. Ye, if we force it down, there will be danger."

Ye Chen squinted his eyes slightly, and just about to speak, a few familiar figures swept over here.

When he saw these familiar people, his face changed slightly!

Jiang Jianfeng! My uncle! Why is he here?

Not only Jiang Jianfeng, but Jiang Haishan and several other masters he had never seen before.

Could it be that the Jiang family couldn't sit still facing the Huaxia Dragon Pulse?

Jiang Jianfeng obviously did not expect that there would be so many people here, and the breath of these people and the weapons in their hands were extremely dangerous.

There was obviously something wrong with the information the old man gave him.

The war is over, he came late, he glanced at the entrance of the cave, it is estimated that a large part of the people have entered the land of dragon veins.

"Master, we will hold this person later, you find a way to enter the cave, the old man has given us a death order, either die or send you in."

Jiang Haishan said earnestly, the long sword around his waist had already been unsheathed.

The strong Jiang family behind them are also ready to go.

At this moment, a figure walked towards Jiang Jianfeng from not far away.

"Isn't this Young Master Jiang? You are a big figure on the Chinese Grand Master's list. What brought you here?" A man in a combat uniform said.

Jiang Jianfeng snorted coldly when he saw the man, "Wang Shengbing, can't I come to Qinling for a trip?"

Jiang Jianfeng naturally recognized this man. A few days ago, in the martial arts battle, his opponent was Wang Shengbing!

In the end, Wang Shengbing was defeated by him, and he also replaced Wang Shengbing's ranking.

The two had already had a death feud.

Wen has no first, Wu has no second.

The events of the martial arts station made Wang Shengbing feel very depressed these days!

Now that I see Jiang Jianfeng, my enemies are extremely jealous when they meet!

Only this time, he has the initiative, just because he has a pivotal position in the China Martial Arts Bureau!

The Qinling Spirit Vessel must be mastered by Master Zheng of the China Martial Arts General Administration!

"Traveling?" Wang Shengbing smiled coldly, "The Qinling Mountains do not shit, you come to travel? Besides, you have brought so many masters. I think you are a drunkard not in a bar."

Jiang Jianfeng's eyes condensed, and he sneered: "Wang Shengbing, don't talk to me. Why are you here? Why is my Jiang family here? As far as I know, Qinling is the land of China. It shouldn't be your Wang Shengbing alone. ."

Although there are many strong people behind Wang Shengbing, Jiang Jianfeng is naturally not afraid.

After speaking, Jiang Jianfeng said to the strong Jiang family behind him: "Let's go!"

"Yes!"

Just as Jiang Jianfeng was about to head towards the entrance of the mountain cave, Wang Shengbing lifted his arm slightly, and dozens of people stood in front of Jiang Jianfeng in an instant.

Jiang Jianfeng's eyes instantly turned cold, and he said word by word: "Do you really intend to stop our Jiang family from the Huaxia Martial Arts General Administration? You can't represent the Huaxia Martial Arts General Administration, right?"

Wang Shengbing shook his head and said: "Jiang Jianfeng, I may not be able to represent it at other times, but Grandmaster Zheng is inside. He has issued a death order. Anyone who forcibly enters, kill!"

After the words fell, the dozens of powerful weapons from the China Martial Arts General Bureau raised their weapons and aimed them at Jiang Jianfeng.

As long as Wang Shengbing said something, Jiang Jianfeng would be in danger!

Even if Jiang Jianfeng was full of anger, he could only suppress it. He snorted and waved his big hand: "Let's go!"

It is impossible to enter the land of dragon veins from the front, only to think of a way.

Just as Jiang Jianfeng, Jiang Haishan and others were about to turn around and leave, a faint voice sounded: "Did I let you go?"

"Zheng Master still left a word."

"Anyone who steps into this place cannot stay! Do it!"

In the next second, Jiang Jianfeng's face changed drastically, and he felt the cold murderous intent swooping behind him. He twisted and turned into an afterimage on the spot, turning to one side.

He never thought that Wang Shengbing could be regarded as Huaxia's master, and his methods were so mean!

Even dodge, a special bullet has broken through the barrier on the surface of his body and shot into his left hand.

He could feel the blood in his left hand as if coagulated, as long as he applied force, the coagulation speed would increase!

"Everyone is scattered! Leave here first!"

Jiang Jianfeng couldn't take care of everything, his feet gathered strength and went in one direction.

At this moment, a few people swept behind him!

Seeing that he was about to be shot, he, as the top ten existence of the Huaxia Grand Master, even one hand was enough to deal with these people.

He gripped his five fingers, and a sword on the ground appeared in his palm, swept through his energy, while retreating, while moving toward the surrounding shadows!

The sword intent flickered, and several experts from the China Martial Arts General Bureau separated instantly.

"Jiang Jianfeng, I want to know how you are as arrogant as you were at the Martial Arts Station with one hand!"

There was a scolding, and two pitch-black giant axes appeared in Wang Shengbing's hands.

This is his natal weapon, no matter what, since he met Jiang Jianfeng today, he would naturally not let the opponent leave!

The roar of the giant axe, the black wind of the anime!

Every time Wang Shengbing took a step, the ground vibrated.

"not good!"

Seeing Wang Shengbing rushing forward, Jiang Jianfeng's heart shook.

"Go away!"

Holding a sigh of relief, Jiang Jianfeng swung his sword to resist.

Ding.....

Just listening to a sharp and incomparable crashing sound instantly exploded ~www.mtnovel.com~ The sword in his hand shattered directly.

Jiang Jianfeng suffocated his breath, with a look of astonishment, like a kite with a broken line, he was directly shaken away.

bump.....

After flying upside down ten meters, Jiang Jianfeng smashed into the chaotic grass in the distance!

Puff...

The blood in the body rolls over, the internal organs are like broken glass, and the whole body bones are like falling apart!

Jiang Jianfeng's face turned pale, he couldn't help but spouted another mouthful of blood, and his figure trembled violently.

He discovered that Wang Shengbing's strength was a bit stronger!

Although there is a big gap between weapons, although he was hit by that special bullet, it is impossible for him to see such a big gap after a few days!

Chapter 414: Heavenly Thunder Talisman, fall!

Wang Shengbing smiled coldly and walked towards Jiang Jianfeng step by step: "Are you surprised that my strength has become so much stronger?"

Jiang Jianfeng did not speak, but forcibly supported himself to stand up. m.

Holding a giant axe in his hand, Wang Shengbing said word by word: "Although Guwu is powerful, it is not weak in science. The bullets shot into your body are the most cutting-edge technology in the world. Not only can you solidify your blood, you can't use your power. It can also lower your cultivation."

"Also, my body has been injected with some special drugs. I want to kill you easily!"

Jiang Jianfeng's eyes were cold and his fists clenched: "This kind of trick can only be used with waste! I can kill you at the Budotai that day, and I can still do it today!"

"Hahaha...Jiang Jianfeng! You are afraid that you haven't figured out the situation, you are now in my eyes, no different from the little ants, and want to resist. Today, I will break your dead body!"

Two giant axe and tigers are in the wind! Wang Shengbing's face was extremely hideous!

Today, he will use this pair of evil giant axes to use the giant axe martial arts, turning Jiang Jianfeng into an axe undead!

"kill!"

Thinking of here, there was a long roar, and Wang Shengbing rushed towards Jiang Jianfeng again!

rumbling!

Jiang Jianfeng only heard a loud noise, and the double axe in Wang Shengbing's hand exuded the aura of shocking the earth.

Boundless air waves swept up, but in a blink of an eye, these air waves turned into a storm, and the scarlet light covered the sky.

The powerful sharp aura even shattered the giant trees around Jiang Jianfeng!

means to the sky!

The meaning of the giant axe is like thousands of giant beasts galloping forward, like a wave sweeping Jiang Jianfeng.

"I didn't show off my natal martial arts that day, but today I can make you feel it!"

Seeing the red air wave rushing forward, Jiang Jianfeng's pupils couldn't help but shrank severely.

He snorted coldly, not caring about everything, just about to do it, a black light came out!

"Ding!"

I saw a cold sword burst through the air and hit the giant axe! The crisp sound resounded, and the fierce fire flickered!

Wang Shengbing's complexion changed drastically, and there is a master!

He just wanted to react, but found a young man standing in front of him.

This young man's familiar face, he doesn't know it!

Ye Chen!

is the enemy of Master Zheng!

If it hadn't been for too many things recently, Zongshi Zheng would have sent someone to deal with Ye Chen.

The value of Dragon Veins far exceeds Ye Chen! This is also one of the reasons why Ye Chen can live so long.

Jiang Jianfeng's expression is strange to the extreme, who would have thought that Ye Chen would appear here!

The key is that there is no power behind him. What is he doing in Qinling?

"He is my uncle, you can't move, if you move, my mother will not like it."

Ye Chen's faint words fell, and he naturally found that Wang Shengbing's breath was strange. The medicine was similar to the strength-enhancing pill, but the side effects were extremely serious.

Wang Shengbing's eyes flashed with a hint of anger: "Ye Chen, you are here just right. If I take your head and give it to Zongshi Zheng, maybe Zongshi Zheng is happy, I also have the blessing of dragon veins!"

"You think too much, I only give you a choice, do it yourself, or do I do it?"

Wang Shengbing seemed to have heard some funny joke: "You want me to do it? Move your mother!"

Boom!

While talking, the double axes in Wang Shengbing's hands danced more fiercely.

The air waves are vertical and horizontal, like a giant tiger rushing towards Ye Chen.

But in the blink of an eye, the giant tiger was killed in front of Ye Chen.

That powerful axe intent swept too fast and too fast.

Heaven and earth seemed to freeze, Ye Chen's retreat in all directions was all sealed.

There is no way to avoid it!

"Ye Chen, be careful, this guy is very strong!" Jiang Jianfeng reminded.

Ye Chen didn't speak, a blood dragon poured out from his body, his fingers pinched, and his life charm was also sacrificed!

He drew a rune on the spot!

"Sky Thunder Magic Talisman, fall!"

boom...

The words fell, and the sky above the sky seemed to change color, a thundercloud suddenly formed, and it continued to make deafening roars.

Crackling...

In the next moment, amid the sharp roar, a series of thunders slammed down.

This is a magic trick that Cang Haiping left him. He doesn't want to let him down. He has been testing it in the reincarnation cemetery these days, and he can barely induce it.

Wow...

Just in the moment when Wang Shengbing rushed out of the golden light, the sky full of thunder light tilted down.

Like the nine-day Milky Way descending, the terrifying thunder light swallowed Wang Shengbing in the roar instantly.

"what....."

The whole body was covered by thunder, Wang Shengbing's body trembled, his footsteps stopped fiercely, and his mouth let out a heart-piercing roar!

This is thunder and lightning! Who would have thought that this stinky kid could attract the thunder above the sky.

Is this kind of lightning he can resist?

Under the destruction of the majestic energy, Wang Shengbing's complexion was distorted, and he struggled wildly.

The bodies of the other powerful Chinese martial arts bureaus around him exploded!

The king saint soldiers subconsciously wanted to block with a giant axe, but he didn't expect that the giant axe absorbed the lightning and penetrated his whole body instead!

His body was instantly black, and cracks appeared.

Smoke swept through.

Everything is quiet again.

In the thick smoke, Wang Shengbing was suddenly seen bending down and kneeling on the ground. If it were not for the support of the double axes in his hands~[www.mtlnovel.com](http://www.mtlnovel.com)~, he would not even have the qualifications to kneel!

"you....."

Wang Shengbing just wanted to speak, Ye Chen waved his arm slightly, and his head was cut off!

Ye Chen didn't hesitate anymore, turned and looked at Jiang Jianfeng, whose eyes were dull at the moment!

Jiang Jianfeng is like \*\*\*\* at the moment!

What kind of method does Ye Chen use, no matter what the blood dragon phantom is, now that it can even trigger the lightning in the sky?

This kid is too \*\*\*\* good.

Ye Chen shot a few silver needles in his hand and steadily stuck on Jiang Jianfeng's arm: "After about five minutes, the solidification of your arm will disappear. There is actually a special liquid medicine on the surface of the bullet, which is not too big. As for the land of the dragon veins, I don't want the Jiang family to take action."

After speaking, Ye Chen glanced at Zhu Ya and Bai Libing not far away, and said, "Let's go."

At the time of the chaos, entering the land of dragon veins is undoubtedly the best opportunity.

Jiang Jianfeng looked at the back of Ye Chen and the second daughter going away, and a stormy sea was set off in his heart.

In a daze, he still remembered the scene of meeting Ye Chen in Jiangnan Provincial Park that day. In just a few months, this kid had grown to this point.

In his ear, he even remembered Ye Chen's words at the door of Jiang's house. This time his father really missed him.

For the martial arts of Ye Chen, he actually gave up such a powerful person.

Once this person belongs to the Jiang family, are you still afraid that the Jiang family cannot surpass the Lin family?

It is estimated that it will not be long before the Ye Family, the first family of China, may be born.

It depends on whether Ye Chen can withstand the squeeze of those families and forces.

Chapter 415: 0 Lixiong

...

Ten minutes later, Ye Chen had already solved some people, and took Zhu Ya and Bai Libing into the land of dragon veins. vertex

As soon as he stepped into the cave, a strong hot air hit the cave. The temperature in the cave was extremely high. Before taking a few steps, the two girls were soaked all over, and even the color of the bra and the gully were extremely clear.

Ye Chen shook his head helplessly, releasing a trace of blood dragon air, and the second woman felt a lot more comfortable on her body, and even the sweat on her body disappeared.

Suddenly, the special mobile phone in Ye Chen's pocket rang!

Bailixiong is nearby!

Ye Chen squinted slightly, and heard some movement from the south, but the phone's instructions were from the west!

At this moment, Bai Libing seemed to feel something, and went in one direction!

The feeling of heat in that place became stronger and stronger. After dozens of steps, I found it was a cliff!

The cliff is full of broken arms and corpses, almost a hundred! Covered with corpses, piled up into hills, the \*\*\*\* meaning is extremely terrifying!

But under the cliff, there is billowing magma!

"Mr. Ye, I don't know why. I feel my father is nearby. Did he fall into the magma?"

Bai Libing turned over the corpse vigorously, trying to find his father.

But even if I searched through everything, I still couldn't find it!

"Did it really fall?" Bai Libing said in despair.

He even saw the corpses of the four predator soldiers, the only ones without their fathers.

A clear spread of anxiety.

Ye Chen didn't speak, and there was a fierce red light flashing on the phone screen. This shows one thing, Bai Lixiong is not dead, and he is nearby!

Ye Chen glanced at the audience, suddenly thought of something, stepped out, and saw a dying body hanging on a rock under the cliff!

That body is covered with blood! The clothes are torn! There is a huge blood hole in the chest!

The violent hands firmly grasped a bulging rock at the edge of the cliff!

The palm is full of blood!

Bai Lixiong!

Bai Lixiong was seriously injured at this moment! Almost unconscious! Killing so many practitioners and ancient warriors with wounds, how many people in China can do it?

Only Bai Lixiong exists!

At this moment, Bai Lixiong's hand is completely holding the rock by will! I don't know how long it lasted!

He wants to live!

Live to guard his mountains and rivers, guard China! Guard the Qinling Dragon Vessel! Protect those hundreds of millions of people!

This is his responsibility and mission as a soldier and an admiral!

If he dies, the conspiracy of the China Martial Arts Bureau and those forces will succeed!

China was destroyed once!

Ye Chen's eyes moved to the extreme, no longer hesitating, he jumped off the cliff in one step, grabbed Bai Lixiong's clothes with his five fingers, stepped on the cliff wall with one foot, and flew up.

Bai Libing and Zhu Ya naturally noticed Bai Lixiong in Ye Chen's hands.

Bai Libing even rushed up, with tears in his eyes: "Dad!"

Ye Chen gently placed Bai Lixiong on the ground.

At this moment, Bai Lixiong was not breathing, his heart was arrested, and he was scarred.

Ye Chen didn't need to find a way to find out how much the opponent was injured, almost half of his foot stepped into the ghost gate.

If you don't save it, you will definitely die!

Ye Chen took out a pill and let Bai Lixiong take it directly, but he didn't show the slightest expression!

Bai Lixiong's body was hit by the true energy of those Broken Soul Gate, and his internal organs were seriously injured!

Although he was once a top powerhouse in the Chinese martial arts world, he was a human being after all, not a machine. This battle cost him too much power!

Coupled with falling off a cliff, the magma burned by it, immortality is a miracle!

This tone was completely supported by his will.

"You two protect the law for me. He must be treated immediately."

After Ye Chen finished speaking, regardless of the two, a few spirit stones appeared in his hands, the spirit stones shot out, and a formation suddenly formed!

At the same time, the silver needles in Ye Chen's hand were like beating notes, all shot into Bai Lixiong's body!

Bai Lixiong's body was instantly covered with dense silver needles!

Ye Chen pinched his fingers, and there seemed to be a line between the silver needles, continuously flowing power.

Just like a formation!

At the same time, Ye Chen took out some medicinal materials from the reincarnation cemetery, held them with five fingers, condensed them into liquid medicine, and the liquid medicine permeated Bai Lixiong's body.

Ye Chen sat cross-legged, pointed a finger on Bai Lixiong's eyebrows, closed his eyes, and a hint of true energy gathered in it!

This is the most critical step. It lasts for five minutes to rescue Bai Lixiong.

Time passed slowly.

Zhu Ya and Bai Libing were anxious.

At this moment, a burst of laughter resounded!

"I'm curious about anyone who would dare to step into the land of the dragon veins. It turns out that you are a brave kid!"

The words fell, a dozen people appeared not far away!

The leader is Zheng Renjue and the powerhouse of the China Budo General Bureau!

Not only that, there are also powerful men from Broken Soul Sect and other forces!

These people are almost the strongest existence in Qinling! Only the strongest existence is qualified to step into the land of dragon veins.

Hearing this voice, Zhu Ya and Bai Libing's hearts almost sank to the valley.

They glanced at Ye Chen and found that the other's eyes were closed, and they didn't mean to open them!

They know very well that this cannot be interrupted!

But how can the strength of the two of them stop this group of people!

How to do?

Zheng Ren decided to see that Ye Chen ignored him, and naturally noticed that Ye Chen was transmitting true energy.

He smiled: "Boy, your heart is so big, you still want to save a dead person! Bai Lixiong died a long time ago, and he was left with magma by my own hands! Unexpectedly, it was a pity that the body was not destroyed. ."

"But, do you really think of yourself as an omnipotent being? Want to save him, dream!"

"If I'm not mistaken, you can't interrupt now. Once interrupted, you will definitely be bitten back."

Zheng Renjue's mouth outlined a grim smile, then glanced at a strong man beside him, and said: "Lu Zhen, help me bring that kid's head back!"

Lu Zhen is one of the strongest people around Zheng Renjue, enough to deal with Ye Chen!

"Yes, Master Zheng!"

Lu Zhen hurriedly moved towards Ye Chen!

Zhu Ya and Bai Libing had serious eyes, just about to stop each other with their hands, Ye Chen opened their eyes like stars in the dark night!

"You come behind me! Hurry up!"

Zhu Ya and Bai Libing's expressions changed drastically, UU read [www.uukanshu.com](http://www.uukanshu.com) for a while, and they still came behind Ye Chen.

They are also sending their hands to death!

A cold smile appeared at the corner of Lu Zhen's mouth, and he slashed out with a sword.

He knew Ye Chen's danger, and he didn't dare to take it lightly!

The bones all over his body are also faintly trembling! All the power was perfectly mobilized and poured onto this sword.

He is extremely satisfied!

The power is violent, triggering a whirlwind! The terrifying air wave exploded, and the entire cliff seemed to be in shock.

Vaguely, the sword intent that Lu Zhen split seemed to transform into a huge tiger, like a king over the world. In the roar, he was like a tiger rushing for food, showing sharp minions! Take Ye Chen's key points straight.

Chapter 416: Shattering Pride

Just when the blow was about to fall on Ye Chen, Ye Chen still sat cross-legged, his right hand tightly above Bai Lixiong's eyebrows.

However, he stretched out his other hand, evil spirit and true energy erupted, two rays of light circled the palm of his hand, his five fingers spread out, and he held the sword!

Lu Zhen's face changed drastically. He felt that his strength and strength had disappeared at this moment!

Ye Chen not far away is like a lake, absorbing everything!

"You are not qualified. Killing you is just a matter of thinking."

Ye Chen's indifferent voice fell!

In the next second, only a click was heard, Ye Chen shook his five fingers, and the sword exploded!  
Turned into countless pieces!

One of the fragments was held tightly by Ye Chen in the palm of his hand!

Shards shoot out! The sharp cold light is too fast!

So fast that there is no chance to react!

Lu Zhen wanted to hide, but an invisible coercion restrained him!

"puff!"

The fragment penetrated Lu Zhen's body, and the roar suddenly exploded.

"what....."

Immediately afterwards, there was a heart-piercing scream.

As the blood sprayed, Lü Zhen's whole body was like a huge boulder thrown out, flying out seven or eight meters fiercely, and fell to the ground.

"how is this possible!"

Lu Zhen's body trembled uncontrollably, and the corners of his mouth vomited blood. With a pale face, Ye Chen stared at the unmoving Ye Chen after a confrontation.

Sitting cross-legged, the opponent can kill him by just reaching out his hand. What kind of monster is this?

This makes Lu Zhen unacceptable, incredible!

He wanted to say something, but found that there was no trace of power, his eyes went dark and his consciousness was blurred.

This scene changed the expression of Zheng Renjue in the distance!

Who would have thought that Ye Chen in such a situation would kill someone without any effort?

The key is the strong man beside him Zheng Renjue.

At this moment, a humpbacked old man at the Broken Soul Gate opened his mouth and said: "This son is a cultivator, probably a cultivation base of the Separation Stage. If you are so young, you will be in the Separation Stage. If you don't kill it, the consequences will be disastrous. Master Zheng, you won't kill. No way."

Zheng Renjue's face was pale, he snorted coldly, and said to the dozen people behind him: "Do it directly, don't keep this one!"

"Yes!"

More than a dozen figures swept towards Ye Chen, countless cold lights flickered, and when they were about to touch Ye Chen, Ye Chen roared: "Come on!"

The Dragon Slashing Sword flew directly on his body and mind, his five fingers clenched!

He forcibly used his true qi, ran a part of his true qi on the Dragon Slashing Sword, slashing away!

That touch of blood seems to divide the world into two!

The sharp sword aura made a sharp sound, like a death call.

The wind is rolling up and the wind and clouds are changing color! This sword intent is extremely powerful!

Roar.....

As if in the midst of the sword wind in the sky, this sword fell, like a giant beast, and the bearer smashed down with the momentum of thunder!

Before the sword has fallen, the sword will arrive first!

Under the terrifying sword, dozens of weapons broke all together!

Under the endless sword aura, those strong men of the China Martial Arts General Bureau didn't know how many wounds were cut.

The red blood, amidst the \*\*\*\* sword light, looked even more strange.

The huge crisis finally swept through. The breath of death permeated.

"broken."

Ye Chen retracted the sword and inserted it on the ground. With the other hand, Bai Lixiong was still transporting infuriating energy. At the same time, he pulled out some of the silver needles, Bai Lixiong's face was already ruddy!

It takes twenty seconds to give him life!

With the fall of Ye Chen's word, those dozen bodies actually fell all together!

All blood!

At this moment, the whole place of dragon veins is extremely quiet!

A sitting person and still healing others, one hand! He directly crushed so many masters of the Martial Arts Bureau!

"Guru."

Everyone couldn't help taking a breath, even those cultivators of Broken Soul Sect frowned.

They found that they still underestimated Ye Chen.

Zheng Renjue's face almost turned black. Although he was surprised that Ye Chen's strength had grown to such a change, it was not the time to think about it now.

Now is undoubtedly the best time to kill Ye Chen!

"Boy, since you are looking for death, then I will personally send you on the road!"

"Today you not only can't save this dead person, but you also don't want to live!"

Zheng Renjue's figure disappeared, and then he appeared in front of Ye Chen, and at this moment, Ye Chen just converged his true energy into Bai Lixiong's body!

He could only free up one hand to directly collide with Zheng Renjue!

"Boom!"

Two powerful waves of air erupted, Zheng Renjue's strength was so strong that he did not stop at all!

He was about to blast Ye Chen into blood mist!

"puff!"

Ye Chen's body was not moving like a mountain, and a blush of blood was spit out from his mouth, his face pale.

He has seen the despicableness of the Huaxia Budo General Bureau.

"Not dead? Interesting, I think how many times you can bear it!"

Zheng Renjue roared, the wind howled, and the sky filled the sky.

As Zheng Ren decided to make a move, the whole world seemed to freeze.

The hot feeling of magma gradually disappeared.

Feeling that powerful aura, Ye Chen's pupils shrank slightly as he saw Zheng Renjue rushing towards him.

At this critical moment, a groan sounded and Bai Lixiong suddenly opened his eyes!

Woke up unexpectedly!

Ye Chen exhaled, and the whole person stood up instantly, and the Dragon Slashing Sword flew to the palm of his hand!

"Now I want to know what chance you have!"

With a long roar, the Nine Heavens Xuanyang decisively revolved, the power in the depths of the dantian exploded, and within Ye Chen's veins, the endless true energy turned into a long and endless stream.

Facing Zheng Renjue, Ye Chen didn't even flinch, he went to meet him.

Stepping out, Ye Chen at this moment, as if the God of War is coming, facing the storm, his momentum is rising.

"brush....."

The wrist flicked, and the cold light flashed in his hand.

Then came a powerful sword technique.

"The first sword of Potian Sword Intent, Qianlong cuts the sky!"

The hot air seemed to be torn apart.

With the infusion of true energy and evil energy in the body, the Dragon Slashing Sword radiated cold light, like an aurora illuminating the sky.

The aura of terror skyrocketed in an instant, and moved towards Zheng Renjue.

"how is this possible....."

Feeling the momentum that Ye Chen erupted at this moment, feeling the terrifying crisis contained in Ye Chen's sword, the whole body seemed to be wrapped in ice, and the body was like falling into the ice cellar, Zheng Renjue unexpectedly revealed a look of astonishment.

There was a threat in his heart! The threat from Ye Chen!

"kill!"

Zheng Renjue roared, gritted his teeth and blasted towards Ye Chen.

In an instant, the silver light and the booming light crossed and intertwined.

"Boom!"

The two forces collided suddenly!

A violent roar exploded, and in the roar, the two rays of light were like two long dragons, biting each other.

"Huh! Get out!"

At this moment, Ye Chen's mouth showed a sneer~[www.mtlnovel.com](http://www.mtlnovel.com)~ He could feel the horror of Zheng Renjue's power, he did not dare to take it lightly and go with all his strength!

Ding.....

There was a crisp breaking sound, accompanied by the sound of dragons in Ye Chen's body.

It was Ye Chen's Dragon Slashing Sword, bursting with a terrifying cold light, and instantly cut off the long sword in Zheng Renjue's hand.

"Do not....."

With the weapon in his hand broken, Zheng Ren roared in disbelief.

The body was even knocked out! Spit out blood!

With one sword, he was defeated!

His pride seemed to shatter like a sword at this moment!

Chapter 417: Leave it to me

Zheng Renjue flipped in the air, stabilized his figure, and stared at Ye Chen not far away!

Who would have thought that the strength of this kid is so strong!

Departure?

Even the Separation Realm cannot be so strong!

At this moment, the humpbacked old man from Broken Soul Gate came to Zheng Renjue's side, breathing quickly, and said: "You lose to this son not in strength, but in sword skills. His sword is very strong. It is a powerful sword technique I have never seen before! Let alone the Chinese martial arts world, even in Kunlun, it is not weak!"

"Broken Heaven Sword Intent? Why have I never seen or heard of this sword technique? No, this sword technique must be obtained! This kid gets this sword intent, it is a violent thing! He does not deserve to have this sword technique!"

Collect hundreds of warriors! Play free!

The eyes of the humpbacked old man in Broken Soul Gate are all hot!

If he can harvest the dragon veins and the sword intent against the sky this time, maybe he will be able to take his position at the Soul Breaking Gate to a higher level!

Not only that, once his strength is strong, he will have the confidence and qualifications to step into Kunlun Xu again!

Zheng Renjue's face changed slightly, he stared at Ye Chen, his angry eyes turned into surprise!

From Jiangcheng to the present, this kid is too much against the sky, and he has such a powerful sword intent! There must be a treasure!

"Elder He, this person has disappeared for five years, and his strength has been inexplicably improved. You know that from a waste, he has completed an achievement that others can't complete in a lifetime. There is a big secret in him. This secret says Uncertainty is more valuable than dragon veins!"

Zheng Renjue excitedly said.

Elder He of Broken Soul Gate frowned, but he showed a hint of interest. It was really weird to step from a waste to the separation and separation realm in five years.

There is no secret, it is impossible, maybe this person has a great opportunity.

Yes, it must be so!

As long as he gets this great opportunity, the position of the master of Broken Soul Sect may be his!

At this moment, he was extremely excited.

At this moment, there was a sound of coughing, and Bai Lixiong, who had been lying down, sat up with support!

At this moment, everyone looked at Bai Lixiong's body, their eyes widened!

Like hell!

Zheng Renjue and Elder He seemed to stop breathing, staring at Bai Lixiong who was sitting up, their mouths wide open.

They committed suicide by themselves and saw that his chest was almost pierced. Even if he didn't fall off the magma, he couldn't be saved!

They are sure!

But in front of him, this guy woke up completely!

It was as if a pair of invisible hands slapped them fiercely!

Damn it!

"Guru."

Everyone swallowed subconsciously, forgetting everything, only shocked.

Living dead, heal the bones! This is what a heavenly spell.

"dad!"

Bai Libing was extremely excited, and his face was buried on Bai Lixiong's chest. No matter the blood was dripping, tears kept streaming down.

"Binger, why are you here?"

Bai Lixiong's eyes widened, his first reaction was a dream, but he was quickly overthrown, this is reality!

"I actually came alive...how could it be!"

He is a martial artist, and even the type of martial artist standing at the top of the China Martial Arts Bureau, he knows better than anyone about his body.

But at this moment, he could clearly feel his vitality converging.

Even he himself is incredible to the extreme.

Bai Libing raised his head, looked at Ye Chen with beautiful eyes, and said excitedly: "Dad, Mr. Ye saved you! Without Mr. Ye, both of us would die."

"Mr. Ye?"

Bai Lixiong's eyes fell on a cold and arrogant figure a few meters away.

He suddenly thought of something, there seemed to be a warm current rushing through his body in the confusion, he knew it was infuriating.

Someone used True Qi and magic skills to force him back from the ghost gate!

The key is such a young person!

There was a wave of waves in his calm and watery eyes.

Bai Lixiong should not die because of this young man!

"I Bai Lixiong thanked the genius doctor Ye for his rescue! Great kindness, unforgettable!"

At this moment, Ye Chen turned around, glanced at Bai Lixiong, and said: "Your injury is still very serious. Don't talk, and practice cross-legged."

"Ye Chen?"

Bai Lixiong saw the true face of the young man and spoke out subconsciously.

He also heard about what Ye Chen did during this time, and Bai Libing's praise also made him pay attention to it.

But for a long time, he only knew that Ye Chen's martial arts strength was good for the young generation, but he didn't expect that he would have this kind of magical medical skills.

The key point is that it is a miracle for a person of ordinary roots to step into the martial arts, and still have the energy to control this powerful medical technique?

His heart seemed to rise like a huge wave, shocked again and again.

At this moment, Zheng Renjue reacted and sneered: "Ye Chen, it seems that I don't know you thoroughly enough. Although I don't know how Bai Lixiong was saved by you, it is no longer important. How about saving, today, both of you will die!"

After speaking, he looked at Elder He at the Broken Soul Gate, and said, "Elder He, I am willing to take action with the Broken Soul Gate, the Chinese Martial Arts Bureau. I will never watch the secrets of that kid. Elder He will assign them all! Even the Dragon Veins! , I only want 10%!"

Elder He nodded with satisfaction: "Okay, I haven't paid attention to these two wastes. To kill them is too simple."

"The disciples of Broken Soul Sect listened to the order, gathered Broken Soul Killing Array, and captured the four of them!"

"Yes!"

In the next second, the six disciples behind Elder He walked towards Ye Chen and Bai Lixiong, and the six people surrounded them tightly, their steps were extremely strange.

The six people pinched their fingers, forcing a drop of essence and blood, which collided, and a faint mist of blood was covered.

The smile on the corner of Elder He's mouth was fierce, and the victory was in hand.

The Soul Breaking Killing Array is the strongest formation of the Soul Breaking Gate, and the burst of power is not something a junior of the separation and reunion realm can resist!

Unless this kid is at the peak of his separation, there is absolutely no chance of winning!

Bai Lixiong saw that these six people actually gathered together and wanted to get up to fight, but found that the lower part of his body could not move!

One of his hands was pressed on his shoulders: "Leave it to me here. You need to be treated now, you are very weak. As for the hands, don't think about it."

Bai Lixiong shook his head ~[www.mtlnovel.com](http://www.mtlnovel.com)~ An energetic voice sounded: "Doctor Ye, I have heard of this soul-breaking formation. It is a very strong formation on Kunlun Mountain. My peak state is barely enough. Resist, you can't stop you now."

Ye Chen smiled and turned his back: "This kind of \*\*\*\* formation, I really didn't put it in my eyes, kill the soul and kill the formation, today I will let all this group of people be killed!"

Cang Haiping told him that a magic talisman is more mysterious than a formation!

It can even be said that the formation is a branch of a magic talisman!

If he can't even break this trash formation, then he really loses Cang Haiping's face!

Ye Chen pinched his fingers firmly, one step, two steps, three steps, his weird pace stepped out, and there was a huge vibration on the ground!

The feeling of vibration is getting stronger and stronger!

When it was the seventh step, Ye Chen shot a spirit stone in his hand, and the spirit stone erupted, shooting at the eyes of the Soul Breaking Killing Array!

Chapter 418: All are bubbles!

Seeing this scene, Elder He's face changed drastically, and he tremblingly said: "Seven steps to break the formation, this kid will break the formation with seven steps!"

Suddenly, Elder He thought of something and quickly said: "Quickly, leave the formation and come back quickly!"

He is hoarse!

.

Ye Chen's eyes let out a cold light, and the sound of angrily rang out: "Kill me!"

The words fell, the wind was violent, and the blood fog changed, condensed into six blood sword phantoms!

It's just that this blood sword phantom is not facing Ye Chen and Bai Lixiong, but facing the six disciples of the soul-breaking door!

The blood sword shot out, and the six spit out blood!

The body even flew out, and in the midair, the blood sword came out of their bodies!

"Boom!"

The six bodies burst apart, the blood rain fell, and the soul-breaking killing array backlash caused the six people of Shi Zhen to die on the spot!

"Little beast, dare to hurt my soul-broken man! I'm looking for death!"

Elder He was furious and roared, then he looked at Zheng Renjue and said, "Master Zheng, let's do it together!"

"it is good!"

Two figures are coming towards Ye Chen!

One is Zheng Renjue, who is seventh on the Huaxia Grandmaster List!

One is Elder He of Broken Soul Sect!

Elder He is the main person in charge of the Qinling Dragon Vessel on the seventh floor of the Separation Realm! He is also the strongest person sent by Soul Breaker this time!

From the perspective of Broken Soul Sect, Elder He's strength is enough to make these people in the Chinese martial arts world look up!

He represents the hope of Broken Soul Gate!

Now that the two top powerhouses are shooting, how can Ye Chen play!

Bai Lixiong's face changed slightly, although he didn't know how Ye Chen broke the killing formation, but the two of them personally shot it, it's not a joke!

Ye Chen is just one person!

Bai Lixiong couldn't take care of everything, and shot a drop of blood from his finger.

Only by burning essence and blood and cultivation, can his body get better in a short time.

Although it won't restore peak strength, at least it can help Ye Chen a bit!

Ye Chen has no chance of winning against the two!

Just as the essence and blood were about to burn, an indifferent body affected: "I said, you only need to adjust your breathing. These two people are my grievances, and I will solve them alone."

His voice is beyond doubt!

"But..." Bai Lixiong's eyes were extremely serious!

Solved by one person? What can you do to solve it!

Before he could think about it, Elder He and Zheng Renjue had already appeared in front of Ye Chen.

As soon as he shot, he showed an extremely powerful momentum.

Terrifying speed, sharp blade!

Both popularity has risen to the extreme! The anger keeps them from having any stop!

"Damn it!"

Bai Lixiong stopped hesitating and continued to burn his blood, but at this time Zhu Ya said: "Uncle Zheng, Mr. Ye, deserve your unconditional trust."

Hearing these words, Baili glanced at Ye Chen in surprise and withdrew his blood.

He knew very well that the burning of blood was just a delay of some time, and his injury was too serious.

Everything depends on Ye Chen.

"Little beast, die to me!" Zheng Renjue lost his sword, and this time, he slapped Ye Chen directly!

The huge waves are overwhelming and vigorous.

In the past six months, how many of his men have been killed by Ye Chen! It even abolished his son!

If this child is not removed, the law of heaven cannot be tolerated!

The anger made him burn all over, and the air seemed to freeze!

Elder He was even more terrifying, and a phantom was condensed all over his body!

It's a black giant snake!

The giant snake phantom is ferocious, its fangs are cold and full of murderous intent!

Ye Chen's eyes were serious, and with the strength of the two, he had some difficulty coping.

The key Elder He made him feel dangerous.

He slapped Zheng Ren with a palm, "Bang!" Two punches collided!

The earth shook faintly.

In the terrifying palm, Ye Chen and Zheng Ren decided to freeze.

Vaguely, two rays of light shot out.

"Little beast, you destroy my son, destroy my Huaxia Budo General Administration, after you die, I want your family life to be better than death!"

Zheng Renjue's cold voice resounded.

He hated Ye Chen!

A drop of blood was forced out again, the blood burned on the arm, and the power suddenly expanded!

"Little beast, have you ever felt despair! Haha!"

The terrifying power rushed into Ye Chen's arm in an instant, and finally spread all over his body. Every piece of flesh and blood in Ye Chen's body seemed to have been torn by the storm! A stream of sharp pain filled every corner of the body.

"You want to kill me if you burn your blood?" Ye Chen's mouth appeared cold, "Unfortunately I hate others threatening my parents, so you \*\*\*\* it!"

As the words fell, Ye Chen stepped on the blue dragon's phantom body and his figure flickered strangely, and his life spirit talisman was directly sacrificed!

A magic talisman was formed in an instant, was held in the palm of his hand, and it burst directly!

Countless thunder and lightning surged from the palm of his hand!

The wind swept through, and the situation changed.

Within Ye Chen's body, with Dantian as the center, endless zhenqi was drawn out like a flood.

Almost all the strength of the body is concentrated on one move!

Under the powerful infuriating qi, the terrifying force completely burst!

Zheng Renjue felt something was wrong, and a powerful wave of air rushed him away!

"I burned my essence and blood but still can't match the power of this son? How could it be..."

At this moment, a black shadow fell, and Ye Chen clasped his five fingers on Zheng Renjue's neck.

"From now on, my grievances with the Huaxia Budo General Administration will end here!"

Zheng Renjue's eyes widened, and he wanted to resist, but found that the thunder and lightning surging in Ye Chen's palm wrapped around his body, and he could not move!

"you....."

Before he finished speaking, his neck was directly squeezed by Ye Chen! Blood shoots out like a fountain!

At the same time, Elder He's palm had already fallen, Ye Chen subconsciously gathered the barrier to block it, and the barrier shattered. Ye Chen flew out, and a tumbling steadily fell on the edge of the cliff! A trace of blood spilled from the corner of his mouth.

Elder He didn't stop at all, stepping on the ground step by step, straddling five meters in height, with a palm toward Ye Chen's vitals!

And the giant snake phantom gathered all over his body also rushed towards Ye Chen!

"Broken Soul Snake Palm!"

In his opinion, Ye Chen will undoubtedly die if he can use his life martial skills!

The giant snake phantom walked towards Ye Chen with extreme coldness. Ye Chen stretched out his hand and wiped the blood from the corner of his mouth, and said indifferently: "The giant snake is your pride?"

"Blood dragon, come out!"

The roar fell, and the images of heaven and earth were faintly mobilized by Ye Chen.

The magma under the cliff rolled, and a blood-red evil spirit radiated from Ye Chen's body!

Elder He opened his eyes wide, and subconsciously exclaimed.

Ye Chen was clearly driven into a desperate situation by himself~www.mtlnovel.com~ He was clearly at the end of the battle. But, what is going on now?

Ye Chen in desperate situation unexpectedly broke out such a terrifying aura.

That breath seemed to overturn the world.

The cold light seemed to tear the sky apart.

Suddenly, a one-hundred-foot blood dragon emerged from Ye Chen's body. The moment the blood dragon rushed out, it plunged directly into the magma.

A few seconds later, a blood dragon wrapped in a billowing flame rushed out of the magma and appeared behind Ye Chen!

The flame blood dragon is like the coercion of heaven and earth, making people feel terrified.

Long Yin resounded, and Elder He's giant snake phantom shattered directly!

In front of the blood dragon, all phantoms will be bubbles!

Chapter 419: Really terrible!

At this moment, the whole place of dragon veins became quiet. vertex

Bai Lixiong, who was ready to burn his blood, seemed to stop breathing.

He stared at the picture before him.

One person and one dragon stand between heaven and earth.

The young man was cold and arrogant, with an emperor's air on his body, and the dragon roared and looked down at the crowd.

This picture, he vowed to never forget it!

He thought everything was an illusion, but the sound of the dragon's roar made him sober!

Ye Chen actually has a blood dragon in his body!

Bai Libing was also frightened, looking at the blood dragon covered in flames, and sat on the ground.

The key picture shocked her!

She was born in the Baili family, and she has seen some things in the world, but at this moment, she really can't tell.

Zhu Ya calmed down a bit, she had seen this blood dragon more than once.

But compared to the last time, the blood dragon is much larger.

Could this blood dragon become bigger with Ye Chen's strength?

Will one day Ye Chen really master a dragon and soar for nine days?

Thinking of this scene, Zhu Ya still couldn't help taking a breath.

This... shouldn't exist.

Elder He in the distance was completely speechless, the sudden blow, like a heavy hammer, split his heart to pieces.

He can become the elder of Broken Soul Gate completely relying on this giant snake phantom!

He is already considered a talented existence.

This giant snake phantom didn't know how many powerhouses he had killed, but at this moment, it was completely shattered!

The key is that it is impossible for him to condense again!

How can a snake be compared to a dragon!

"who are you!"

Elder He stepped back in disbelief, and said in horror.

"The one who killed you!"

After the words fell, Ye Chen rushed out, holding the Dragon Slashing Sword in his palm, and the blood dragon accompanied him, one person and one dragon rushed out with a strong aura!

The squally wind rolled, the earth trembled, and the magma under the cliff continued to roll, creating huge waves!

Elder He came to his senses and snorted coldly: "Even if you have the phantom of the blood dragon, how can you beat me when you have just entered the separation and separation realm!"

With a roar, Elder He couldn't take care of everything, and directly killed Ye Chen. If you don't kill Ye Chen, you will never give up!

The destruction of the giant snake phantom is equivalent to ruining his foundation!

"boom!"

The wind howled, like lightning.

Elder He's sword intent tore through the air and blasted directly towards Ye Chen's vital parts.

The sword intent roared, and the air was romantic, like a violent storm, sweeping towards Ye Chen.

Looking at the murdered Elder He, Ye Chen's eyes were calm.

Although the difference in strength between the two is large, Elder He has raised him a few small realms, and after the separation realm, the small realm is not simple.

But with the blood dragon and powerful martial arts blessings, what fear does he have!

"kill!"

With a roar, Ye Chen stepped out instead of retreating in the face of Elder He who was like a rainbow!

Pedal!

In the dull sound of footsteps, Ye Chen felt like a streamer.

The whole body's true energy was poured on the Dragon Slashing Sword, and the true energy seemed to converge into a river and sea, rushing out.

He didn't use the power of the blood dragon, just want to see how much the difference in pure power is!

The two sword intents collided, and their swords broke free of their arms!

A strong counter shock came.

Elder He took a step back, but Ye Chen took a full three steps back!

Upsurge of blood.

"It seems that in a few small realms, the gap is huge." Ye Chen muttered while suppressing his blood.

Seeing that Ye Chen was so vulnerable, Elder He laughed: "Just stepping into the separation and reunion realm, you dare to fight with me. As long as you tell me all your martial skills, I can consider letting you go! If you are still ignorant, I'm sorry, I will use secret methods to get your secrets later!"

Elder He at this moment is extremely strong!

He even forgot the existence of that hideous blood dragon!

Ye Chen shook his five fingers, and the Dragon Slashing Sword appeared in his palm.

He raised his head, his eyes flashed with a light: "You said, do you want my martial arts?"

Elder He nodded: "The strength gap between you and me is huge. If you hand it over, I can consider forgetting the past."

Ye Chen smiled, his dantian true energy was concentrated, and he took a few pills: "Actually, the martial arts you saw just now are not my strongest martial arts. I have the strongest existence here. I want to give you?"

When Elder He heard these words, his eyes shrank. Although he was wary, he still said, "What martial arts?"

"Heavenly Sword Intent, the second style! Fallen stars!"

Ye Chen roared, and the blood dragon descended directly from the sky and poured into his Dragon Slashing Sword, which seemed to burn!

He has never used a second sword!

He is very curious about the power of the second sword, the separation and reunion realm and the blessing of the blood dragon, he can barely use a sword!

He wanted to use the blood of Elder He to commemorate this second sword!

When the words fell, thunder thundered on the ground, and the world was pale!

The wind was surging and the dust was all over the sky.

Ye Chen let go of his aura, and the powerful true energy surged throughout his body. The Dragon Slashing Swords in his hand were crisscrossed, messy and complicated, scattered everywhere like spider webs, and slowly spread out.

The Dragon Slashing Sword soared into the sky, like a god-killing, swung away the killing intent that swirled around the sword, and broke out!

Before the sword's edge arrived, the cold air came first, and the murderous aura was full. At this moment, the Dragon Slashing Sword seemed to be stretched infinitely, bringing out countless phantoms, covering the sky and the earth, as if to destroy the entire land, with a momentum like a rainbow.

The sword intent fell like a star!

There is nowhere to hide!

Feeling the terrifying momentum, Elder He's face changed drastically!

Fear was born in his heart. I don't know why, he felt that he could not stop this sword!

"This kid is not the new separation and reunion state, even if there is that blood dragon, it can't be so scary!"

If you are hit, you will definitely die!

Elder He stopped thinking, forcing a drop of blood, the blood has not yet been ejected, the dense sword intent has fallen!

Like a meteor hit the ground!

He tried his best to dodge, but found that there was nowhere to hide!

He blocked it with a long sword, but the sword broke!

At this moment, he seemed to have encountered obstacles from the mountains, and the endless power came back, making Elder He's arms just about to break.

Sweat flowed down instantly, looking at Ye Chen, Elder He looked incredulous!

He blocked it with his hand, and his hand was broken!

The Zhen Qi barrier shattered instantly, countless sword intent fell on him, and his whole body was covered with blood holes!

shocking!

"I am Broken Soul..."

Before the words were finished ~www.mtlnovel.com~Elder He fell in a pool of blood.

And Ye Chen also felt that all his dantian vitality had disappeared, and he had already controlled the power of the second sword of Potian Sword Intent, only to exert the power of the sixth layer.

The sixth layer of power consumed his true energy. If he exploded to the tenth layer with all his strength, he might be the one who died.

He swallowed a lot of pills, and his breath felt better.

Before he knew it, he was sweaty all over.

At this moment, a beautiful shadow appeared beside him, and a handkerchief with a rose fragrance carefully wiped Ye Chen.

"Mr. Ye, you feel okay."

Chapter 420: Qinling Dragon Vessel

Ye Chen looked at Zhu Ya's slender hands and the white handkerchief, and shook his head: "It's okay."

Then, his eyes fell on Bai Lixiong and Bai Libing.

The two of them looked like petrified, their eyes staring out.

Who would have thought that coming to life from desperation was because of a young man!

As Huaxia's general, Bai Lixiong holds the power of the Jagged Battalion, and the martial arts power shakes Huaxia.

For so many years, I have never been shaken by one incident.

But at this moment, he was really shaken.

This time, he was caught in the trap of the Huaxia Martial Arts General Bureau and the Broken Soul Gate, and was surrounded by thousands of people. He thought he was going to die.

But Ye Chen became the one who broke the game!

Not only did he pull him back from the ghost gate, but also killed Zheng Renjue and the powerhouse of the broken soul gate. He really wanted to know how Ye Chen did it!

Ye Chen walked over and looked at Bai Lixiong indifferently, "How does your injury feel?"

Bai Lixiong moved his lower body, and said, "Except for a little bit of numbness in his feet, there is nothing serious about the rest. Bai Lixiong has thanked God Doctor Ye for his life-saving here, and I have also thanked Doctor Ye for China."

"If you really want to thank me, I want you to keep the piece of land in the capital." Ye Chen said.

This is the wish of the mother, whether it is for the mother, or the father, or even to fight back against the ruthlessness of the Jiang family, he must establish the first family of China!

Now that the crisis disappeared, Ye Chen raised the matter.

Bai Lixiong was startled, but he didn't expect Ye Chen to mention that piece of land.

"Master Ye really needs this place? There is some connection between this place and my wife's disappearance. I have stayed here in the past few years to leave clues at the time. I hope that one day the technology will be advanced and I can find something."

"Whether my wife is dead or alive, I will never give up."

Ye Chen heard Bai Lixiong's words and curiously asked, "Did your wife disappear suddenly? Or what is the reason?"

Bai Lixiong's eyes are a little lonely, and the iron-blooded person also has tenderness.

"I don't know the specifics. The only clue I can find is that she appeared in the place before disappearing, and I used my strength to take this place. Genius Doctor Ye, I'm really sorry..."

In fact, there was some guilt in Bai Lixiong's heart. Ye Chen saved him, but he could not agree to the condition of the party.

Ye Chen narrowed his eyes, thinking of something: "If I can find your wife's whereabouts, can this place belong to me?"

Ye Chen's words were like dropping a boulder on a calm lake. Bai Lixiong stood up directly regardless of the injury to his feet. The five fingers caught Ye Chen even more, and said excitedly: "Doctor Ye, what you said is Really?"

Perhaps realizing his gaffe, Bai Lixiong quickly let go of his hand and apologized: "Doctor Ye, I'm really sorry, I'm a little excited."

Can he not get excited!

If ordinary people said this, he would definitely not believe it, but Ye Chen said this!

Ye Chen's strength just now was undoubtedly revealed, with such a psychic method, maybe Ye Chen really hopes to find his wife.

Bai Libing also came over excitedly, his chest rising and falling, and said seriously: "Mr. Ye, you... can you really find my mother's whereabouts?"

Ye Chen didn't dare to pack the ticket: "I'm not sure. I can only try it. I will talk about everything when I return to the capital."

"it is good."

Bai Lixiong clenched his fists, he had made up his mind, no matter what, as long as he was in China for one day, he would protect Ye Chen at all costs.

The Baili family owes Ye Chen too much!

"Doctor Ye, we..."

Before Bai Lixiong finished speaking, a loud noise came! The endless dragon energy is coming!

The feeling of heat seems to be able to swallow people at any time!

The expressions of the three changed drastically, and Bai Lixiong thought of something: "No, the Qinling dragon veins have been destroyed! If this continues, the power of the dragon veins will be completely lost! We must leave immediately, and I will completely close this place! Go!"

Ye Chen remained motionless, his eyes fixed in one direction, and a voice kept ringing in the reincarnation cemetery.

He even faintly controlled his move in that direction.

Bai Lixiong noticed something and said, "Mr. Ye, do you want to enter it?"

Ye Chen still nodded.

Bai Lixiong hesitated for a few seconds before taking out a formation from his pocket.

"Doctor Ye, this thing was handed to me by the chief to seal China's Qinling dragon veins. If you want to see it, you can take it, but the temperature inside is extremely high, and it is on a rising trend. , You can only stay for ten minutes!"

Ye Chen took the formation plate, and could feel that the formation plate was not a mortal thing, and even the aura inside it highly overlapped with that dragon vein.

"Okay. You go out first, I'll come out later."

Bai Lixiong and the second daughter stopped hesitating, and moved towards the exit.

But Ye Chen headed towards the Qinling Dragon Vein.

The temperature continued to rise, and Ye Chen released the blood dragon from his body, which made it feel better.

The closer he gets to the depths, the more he can feel the strength of the small dragon vein in the reincarnation cemetery!

Even the remaining tombstone does not break open, as if a great power came to the world!

Suddenly, Ye Chen stopped, his eyes were shocked by the sight in front of him!

He came to an open place, and a dragon vein that was a thousand meters long appeared before his eyes!

Countless golden and red streamers flickered inside.

The powerful aura envelops Ye Chen, almost making him groan.

If you look closely, Ye Chen even finds that the Qinling dragon veins are composed of nine giant dragons. The nine dragons are lifelike, bright in color and lifelike in shape.

Some giant dragons seem to be soaring through the clouds and driving the fog, they want to stretch out the shadow wall and fly to the sky, some have round eyes, glaring at them, some open their teeth and claws, and pose to fight, some are aggressive and murderous, and some look back and call for their companions!

"This is the dragon vein of China?"

At this moment, the abnormal change protruded, and the blood dragon in Ye Chen rushed out and dived directly into the dragon veins!

Not only that, the black stone in his pocket seemed to be guided by some kind of guidance, rushing out of the pocket and floating above the dragon veins!

Crazy absorption of the dragon veins!

The black stone shone with golden light! The reincarnation cemetery appeared instantly above the dragon veins!

Countless tombstones began to shake violently!

And the light of the tombstone that can be induced is getting brighter and brighter~[www.mtlnovel.com](http://www.mtlnovel.com)~ accompanied by a loud noise!

The tombstone bursts open!

A figure rushed out!

The other party wore a white robe, his body was ethereal, with three thousand ink hair, flowing on his shoulders, with a slight gleam.

He carried a huge sword box behind his back, the face was like a crown jade, but it was alienated, making people shocked, even standing there quietly, there was a coldness, and it would be blasphemy to look at it more.

The black eyes were as deep as a pool of ancient springs. Looking at those eyes, he felt weak and unable to take a step. Against the figure hanging in the air, it looks like a \*\*\*\* descended into the world.

"Wan Dao Jianzun Chen Tianli unexpectedly came out!" Ye Chen suddenly exclaimed!
