Chapter 421: Wan Dao Sword Sovereign!

Ye Chen originally thought that the black stone flew out because the reincarnation cemetery had to absorb part of the dragon vein power.

Unexpectedly, the only tombstone that could be moved would shatter.

Now these great abilities come out by themselves?

Killing Daojun, Cang Haiping, and even now Chen Tianli all took the initiative.

The key is, what is Chen Tianli doing now?

He currently has no danger, and once the time is consumed, it is really not worthwhile.

The dragon veins continued to envelop Chen Tianli, and several swords of the sword box behind him flew out together, and in an instant, the shadow of the ten thousand swords flickered.

His whole body seemed to be wrapped in countless sword shadows!

The momentum is extremely strong!

Ye Chen felt the meaning of the words Wandao Jianzun at this moment, that is to say, Chen Tianli is the existence of sword?

Chen Tianli hovered above the dragon veins, and the constant flow of dragon veins was absorbed by Chen Tianli, his body was glowing with a hint of golden light.

Gradually, the original phantom actually materialized, as if someone really appeared in front of Ye Chen.

Chen Tianli closed his eyes, all the light on his body faded, and the dragon veins that had originally rolled over disappeared.

Even the phantom of the blood dragon who got into the dragon veins seemed to perceive something and lowered his head slightly, as if afraid of that figure.

"This guy....."

Ye Chen just wanted to say something, but Chen Tianli opened his eyes, and a cold light shot out!

Countless sword intents flew back to the sword box, everything was calm!

Chen Tianli stared at Ye Chen fiercely, and after a few seconds, the corner of his mouth was drawn with an arc, and he stepped into the air!

He stepped on the air without any hindrance, and came to Ye Chen's side in the blink of an eye.

"Boy, I finally met." Chen Tianli said lightly, "This dragon vein energy is a great tonic. You really don't take this dragon vein away? If you hold this dragon vein in your hand, then your cultivation speed is extremely fast. There is only benefit and no harm to you."

"There are all kinds of magical instruments in the world. It is estimated that only the reincarnation cemetery can carry this dragon vein. After this village, there will be no such shop."

Ye Chen shook his head: "Although I am not a good person, but the cultivation base is based on hundreds of millions of Chinese people, I still can't do this kind of thing."

Chen Tianli glanced at Ye Chen thoughtfully and nodded: "There is no wrong person selected in the reincarnation cemetery. If you are not right in your mind, I may have a different view of you. But what you said just now, I am willing to cultivate this life. I taught you the skill of swordsmanship, but the difference between you and me is too big, and you can't comprehend most of my sword skills."

Chen Tianli's eyes fell on the dragon veins and continued: "You are now at the first level of the separation and separation realm. Although you can't take the dragon veins away, it is still possible to use the dragon veins to break through some realms. I will guard one day for you. "

Ye Chen was startled. This place of dragon veins can't last a day. He just wanted to speak, Chen Tianli continued: "Don't worry, I will repair this formation. Dragon veins can't hurt you. After a day, I will take you away from this place. . "

After speaking, Ye Chen felt an extremely strong momentum curled up behind him, and forced him down the dragon vein.

His feet stepped on the dragon veins, and a strong scorching breath struck him, and he even felt that he was about to melt!

At this moment, Chen Tianli pinched his fingers, and a golden barrier formed directly on Ye Chen's surface.

The barrier resists all forces.

"You practice with peace of mind."

Ye Chen glanced at Chen Tianli, no longer hesitating, closed his eyes, the Nine Heavens Xuanyang revolved, countless dragon veins poured into his body, his dantian seemed to be filled with an invisible flame, and the sense of breakthrough came instantly!

Looking at the young man in the dragon vein, Chen Tianli narrowed his eyes and murmured: "This person can really take us out of that place? Break our destiny? I'm in my twenties. Putting it here is indeed against the sky. But in that place, it's too much, I don't even see any hope in this kid."

"This boy is considered by them to be a person who turned over. We 100 people bet all our hopes on this boy. Will it really be useful?"

"I hope everything is not in vain. Since he was chosen as the tomb owner of the reincarnation cemetery, I should respect that one too."

...

At the same time, outside the cave.

Bai Lixiong, Bai Libing and Zhu Ya are waiting anxiously.

Bai Lixiong glanced at the time, ten minutes had passed, but Ye Chen hadn't come out yet.

"Damn it, is there something wrong with Genius Doctor Ye?" Bai Lixiong's fist was slightly clenched.

"Dad, what will happen inside if it exceeds ten minutes?" Bai Libing worried.

Bai Lixiong stared at the entrance fiercely, and he could feel a tremor: "After more than ten minutes, the dragon veins will explode in it, and the temperature may even reach several thousand degrees. It is very difficult for ordinary people to live inside, not only that. , The ban on the entrance of the cave will also be activated, and the door will be closed. In this way, it will be difficult for Master Ye to figure it out.

Upon hearing these words, Bai Libing and Zhu Ya's face changed drastically.

The key is that Mr. Ye can come out at this moment, why there is no sign of it.

Zhu Ya shook her head: "Mr. Ye can't be okay, I know Mr. Ye."

At this moment, a strong shock hit, and the door of the cave closed suddenly!

Dust billowed up, everything returned to silence!

The three of them didn't speak any more, they only saw that the door was red, showing how high the temperature inside!

Just as the three were worried, a voice penetrated from inside.

"You go back first, and I will naturally go back to the capital in one day."

It was Ye Chen's voice!

Bai Lixiong's expression is extremely strange, he knows the Qinling dragon vein better than everyone!

But at this moment, the violent temperature of Qinling Dragon Vessels did not harm Ye Chen!

What kind of evil is this!

He stopped thinking about it, and said to Zhu Ya and Bai Libing: "Go back to the capital first. I must report this matter to the chief. As for Mr. Ye, with his strength, we don't need to worry about his safety. The entire China can be injured. There should not be many people in his."

Zhu Ya and Bai Libing looked at each other, and finally nodded.

Just when the three of them were about to leave, a rustling voice came from the jungle, Bai Lixiong's face changed slightly, and the two daughters were guarded behind him!

Could there be forces sneaking in?

He gripped with five fingers ~www.mtlnovel.com~ a weapon on the ground was held directly in the palm of his hand, and the cold murderous intent and breath was released.

Just as the atmosphere was so tense, countless soldiers in combat uniforms emerged from the jungle!

They have a strong aura, and the three characters of Jagged Battalion are written on their combat uniforms!

Hundreds of people!

When seeing Bai Lixiong, the strong man in the Jagged Camp stood at attention and said excitedly: "General!"

The momentum is shaking, and a wolf shadow is condensed!

Bai Lixiong exhaled and threw the sword in his hand to the ground: "Unit One, stay here, Units 2 and 3, massively shrink the Qinling Mountains and close all secrets. The rest of the Jagged Battalion warriors will clean up the battlefield with me. , Collect evidence! Contact the military plane, we will return to Beijing within 15 minutes!"

"Yes, General!"

Chapter 422: Be targeted!

The Jagged Battalion was very efficient and collected all the evidence before the military plane arrived.

Bai Lixiong and the second daughter were also on the military plane.

After all, the Dragon Veins had already been known to many people, and there were bound to be many forces coming. Although the two biggest forces had been killed by Ye Chen, things were far from easy.

Just after the military plane left, Jiang Jianfeng didn't know where he came out. He glanced at the closed Dragon Vessel hole, his eyes fell into contemplation: "What happened inside? Why did Bai Lixiong close all the news. Also, Why didn't Ye Chen come out of it, could something happen?"

He no longer hesitated to broadcast a call.

"Dad, it failed. The dragon vein cave was closed, and none of the forces entering the cave came out. As far as I know, the entire army should be wiped out."

There was a pause on the other end of the phone, and he said, "Is Bai Lixiong still alive?"

"Bai Lixiong and Jiexue Camp have just left by military plane, so they should return to the capital."

"understood."

The old man on the other end of the phone was a little lonely, and immediately hung up.

Those who gain dragon veins win the world, and if everyone can't stand the blessings of dragon veins, that would be a fair ending.

The situation in China remains unchanged, which is still a good thing for his Jiang family.

As for Ye Chen's crazy words, Old Man Jiang would naturally not believe it.

In his eyes, Ye Chen was useless except for his powerful martial arts.

It has no influence on the Jiang family or even the Huaxia Martial Arts Bureau.

A humble boy who wants to shake the stable situation for thousands of years is undoubtedly a foolish dream!

At this moment, the land of dragon veins.

Ye Chen's whole body was red, and a blood dragon hovered above his head.

The blood dragon's body expanded somewhat, and there was a flame on the key body.

It is as if the blood dragon has mastered the flame attribute.

In the land of dragon veins, dragons chanted continuously.

As the pores all over his body opened, Ye Chen suddenly felt powerful and boundless energy pouring into his body.

Nine days of Xuanyang decisively revolved, Ye Chen seemed to turn into a black hole, endlessly devouring the dragon veins!

This energy is more than dozens of times that of ordinary cultivation outside?

Under the impact of the powerful energy, Ye Chen couldn't help showing an expression of pain.

A surge of energy seemed to tear Ye Chen's body apart and burst his veins!

"broken!"

Ye Chen roared, and the surrounding dragon veins seemed to turn into liquid, tumbling!

The terrifying dragon veins of the outside world rushed wildly, and the aura in Ye Chen's body, like a tide, rose steadily!

It was extremely easy to cross the second layer of the separation and reconciliation realm.

But the meaning of breakthrough is far from stopping.

One day has passed unconsciously.

Chen Tianli frowned, looked at Ye Chen condescendingly, and said in amazement, "This kid is still insisting?"

"It's not easy to be able to persist in the Lihe Realm cultivation base for more than a day. It seems that I really underestimate this kid."

The entire dragon vein, at this moment, turned into a huge vortex.

Ye Chen sat quietly in the whirlpool, absorbing energy frantically.

This kind of cultivation is so thrilling.

Another day later, Ye Chen suddenly opened his eyes and shot a cold star.

The blood dragon with flames on its head also penetrated into Ye Chen's body.

The corner of Ye Chen's mouth outlines an arc: "The third layer of the Separation Realm, not bad."

He exhaled a long breath, and then stepped out, his body is extremely light! He came directly to Chen Tianli's side.

"Thank you senior for protecting me!"

Chen Tianli nodded: "Yes, it's been two days, and it's time to leave here. In the next few days, I will go out and do one thing at a time. You can do it yourself."

Ye Chen was taken aback, looked at Chen Tianli weirdly, and said in amazement: "Senior, you're just a dead body, can you still leave the reincarnation cemetery?"

Chen Tianli put his hands behind him, and said lightly: "There is a reason why I let you step into the land of dragon veins. Every dragon vein in China has a drop of sacred dragon water. I broke the ban on the

reincarnation cemetery for this Qinling mountain. The sacred dragon water of the dragon veins, the sacred dragon water combined with the secret method of my ten thousand swords, can condense the entity for a short time for ten days."

"Although there is a physical entity, the power is restricted. This time, I am going to a place to do something. This matter is for you, or it can be said to be for the reincarnation cemetery. You will know in the future."

"After five days, I will come to you. For these five days, you try to be as easy as possible. I was in the reincarnation cemetery and clearly felt that the capital was not as simple as you thought. Those masters hiding in the dark, yes. You can also pose a threat."

Suddenly, Chen Tianli took out a sword from the sword box behind him and handed it to Ye Chen: "You hold this sword. It's called Youyang Sword. It looks like a sword, but it's actually a sword tactic. It's necessary. At the time, use your blood to spur this sword art, under Huaxia, no one is invincible."

"I wanted to teach you something, but there are many things that you can't control right now. I will talk about everything when I come back."

Ye Chen took the sword, the sword body was cast thin with profound iron, and it was filled with a faint cold light. The hilt was a golden dragon sculpture, which looked extremely majestic, the blade was extremely sharp, and the blade was like autumn frost.

"Well, I should leave here too."

Chen Tianli walked towards the entrance of the cave, and with a light wave of his arm, the restriction of the entire dragon veins was broken directly, a ray of light shone in, and his figure disappeared instantly.

Ye Chen hurriedly chased it out, only to find that there was no such thing as Chen Tianli near the Qinling Mountains.

Is this guy going to work? Could it be to Kunlun Xu?

"Mr. Ye!" As Ye Chen hesitated, two young men in combat uniforms said, "Mr. Ye, we are from the Jagged Battalion. The general has arranged a military plane 100 meters away. If Mr. Ye wants to return to the capital, You can leave by this plane."

Ye Chen glanced at the signs on their chests and nodded: "Okay, send me back to Beijing."

"Yes, Mr. Ye!"

Just as Ye Chen was about to leave, he suddenly noticed something, his icy eyes moved towards a direction deep in the jungle!

For a moment~[www.mtlnovel.com](http://www.mtlnovel.com)~ he felt a cold murderous intent from that place!

Ye Chen didn't hesitate anymore, the Canglong Illusion Body Art was surging, and the true energy exploded in his feet. The soldiers of the two Jagged Battalions were completely dumbfounded, they only felt a shadow dangling before their eyes!

too fast!

Soon, Ye Chen came to a place a few hundred meters away! But there is no one!

Ye Chen frowned, there was nothing wrong with that feeling, someone must have been here just now.

The blood dragon in his body is even more restless!

He looked around for a few minutes, suddenly noticed something, and squatted down, only to see two deep footprints not far away.

The footprints are deep, indicating that the other party noticed something at the moment he left and disappeared.

The speed is not lower than him!

Chapter 423: Kaikyo!

It seems that when the Qinling Dragon Vessels, someone has been staring secretly.

It's just that which force is this secretly staring at?

He directly ruled out the Huaxia Martial Arts Bureau, and Zheng Renjue was killed by him. No one should be like that.

Is it Broken Soul Gate? Then Elder He left behind in the dark?

Or other forces that watch the dragon veins?

At this moment, the two soldiers from the Jagged Battalion followed: "Mr. Ye, what happened?"

Ye Chen shook his head: "It's nothing."

...

Beijing military airport.

Ye Chen got off the plane and went straight to Beijing Normal University.

Before he left the capital, he sent a text message to Jiang Hiron. After turning on the phone, he did not receive a reply from Jiang Hiron.

Collect hundreds of warriors! Play free!

When I got off the plane, I made a few calls deliberately, but it was not answered.

Although the number one assured his mother that nothing happened, he was still a little worried, and he immediately quickened his pace.

Ten minutes later, Ye Chen came to the teacher's apartment, the door was empty, and a few laughs came from inside.

The laughter is familiar.

Ye Chen opened the door, and when he saw the scene inside, he was instantly stunned.

The mother is not cultivating, but making dumplings in the living room. The key is not only the mother, but also two beautiful girls.

Sun Yi! Xia Ruoxue!

Did they come to the capital?

Jiang Huirong seemed to be in a good mood and was laughing all the time. She glanced at Ye Chen at the door: "I'm back."

Then, there is no more.

Jiang Xirong seemed to focus all of her attention on Sun Yi and Xia Ruoxue.

At the crucial moment, their mouths were too sweet, Dou's mother laughed.

The whole hall was full of laughter.

Xia Ruoxue seemed to notice Ye Chen, went to the kitchen to wash her hands, her beautiful eyes blinked, and said, "We also just arrived this morning. Tianzheng Group's business focus is mainly on first-

tier cities. As the capital of China, Beijing is undoubtedly the best. With the headquarters, Tianzheng Group will operate normally tomorrow."

"You don't care, how much is your bank card worth?"

Xia Ruoxue smiled, she knew Ye Chen didn't care about money, but that string of numbers would also make a man feel very fulfilled.

After all, Tianzheng Group started in Jiangcheng, and now it has only taken almost half a year.

In the past six months, many companies are still struggling to survive, but Tianzheng Group has become one of China's most profitable groups.

Not only that, the military and the government have always had a force to guard the Tianzheng Group, otherwise there will definitely be more people watching.

Xia Ruoxue poured a glass of water for Ye Chen, and suddenly thought of something, Meisou stared at Ye Chen curiously, and said: "A beautiful female neighbor came to your house just now, what is in her hand, but when she sees us, I ran out, and the aunt chased it out, but it was gone. Would you like to call her?"

Xia Ruoxue could faintly feel that that beautiful girl had something to do with Ye Chen, but she didn't feel too jealous in her heart. The key was Ye Chen's choice.

Wei Ying?

Ye Chen's face changed slightly. At the moment when he broke the ghost prison, Wei Ying helped him too much, and even silently suffered tremendous pain.

There are only two endings for people with \*\*\*\* cold bodies.

First, the body suffers from the horrible blood and cold body, suffers all kinds of pain, and finally disappears.

Second, step into the path of cultivation, suppress the cold blood body with exercises and cultivation bases, and even strengthen the cold body.

Although there is no suitable method for her now, some of Luo Yuntian's closed methods have become clear as he enters the separation and separation realm.

Among them is a method called "Han Xin Jue", which should be relatively suitable for Wei Ying at present.

Ye Chen glanced at Xia Ruoxue, Xia Ruoxue smiled like a flower: "Go and see, Sun Yi and I are not jealous girls, this girl is not bad at heart, I can see something in her eyes, and, She may be a little innocent, if she does something stupid, the gain will not be worth the loss."

Xia Ruoxue's reminder is not unreasonable. Ye Chen hurriedly dialed Wei Ying's phone, but it turned off.

Then Ye Chen called Ying Qing, using Dragon Soul's system to find out Wei Ying's whereabouts, it was too simple.

Two minutes later, Ying Qing returned a call: "Mr. Ye, Miss Wei is at the STIN bar in Sanlitun, Beijing."

"Send someone to help me guard her, not to let her have an accident, nor to let her drink a glass of wine."

"Yes, Mr. Ye!"

Ye Chen shook his head helplessly, hung up the phone, and directly took a taxi towards Sanlitun.

He had seen Wei Ying's drinking capacity, and he actually learned how to drink.

Beijing STIN Bar.

Wei Ying appeared in the bar and almost lit up the whole bar.

After all, the girls who go to the bar are usually the generation with heavy makeup. Some men have long been tired of looking at them, but they have never seen something like Wei Ying.

Even the eyes of the bartender were surprised.

"Beauty, what do you want a cup of?"

"casual."

The bartender frowned, but nodded and said, "Okay."

Not long after, a glass of light red wine was placed in front of her.

"Beauty, please take your time."

Wei Ying stretched out her hand and stopped suddenly again. She thought of the words Ye Chen had told her that Ye Chen told her not to drink, even if she drinks, she must be accompanied by Ye Chen.

She shook her head, glanced at the wine in front of her, and withdrew her hand.

Forget it, stop drinking.

At this moment, a few men with tattoos came up.

"Beauty, drinking alone?"

One of the men wanted to hold Wei Ying's waist with one hand, and at this moment, both hands seemed to appear out of thin air.

"Kacha!" With a sound, the man's hand was directly broken!

Assaulted vigorously, the man was thrown out ruthlessly!

The other men close to Wei Ying have the same consequences!

The tattooed men who fell to the ground were full of vicious faces. They just wanted to explode, but found that there were five more people beside Wei Ying!

The key is that these five people are all men in military uniforms and standing straight!

The five soldiers exuded an extremely dangerous aura, their icy eyes glanced at everyone, and everyone backed down subconsciously.

When the words reached the lips, I swallowed again!

No one stood far away from Wei Ying~[www.mtlnovel.com](http://www.mtlnovel.com)~ as if to surround Wei Ying.

One of them even took away the wine glass in front of Wei Ying.

"Miss Wei, Mr. Ye won't let you drink."

When Wei Ying heard these three words from Mr. Ye, she looked at the five powerful men in military uniforms, her expression slightly changed.

She didn't expect Ye Chen to have such a way to reach the sky, not only found herself easily, but also let these people guard her and prevent her from drinking.

"He's back?" Wei Ying asked in surprise.

A soldier in the lead nodded: "Mr. Ye, on his way here."

Hearing these words, Wei Ying's pale face showed a hint of joy, stood up and said, "Let's go, I won't drink today."

Chapter 424: Undercurrent surging!

Wei Ying was sent directly out of the bar by a few soldiers, just in time to see Ye Chen getting out of the car.

"Mr. Ye."

Those few people respectfully said.

They don't belong to the Dragon Soul, but they are the preparation team of the Dragon Soul, and they happen to be performing tasks near the capital.

This is also the reason for being here in the first place, even the clothes on her body can't even be changed.

Ye Chen nodded, and those few people walked towards the dark.

Their mission has been completed, naturally there is no need to stay here more.

"Drinking?" Ye Chen's tone was a little unhappy.

Wei Yingsheng was afraid of Ye Chen's scolding, and shook his head quickly: "No, I just came here for a walk. I don't intend to drink, really."

"I believe you." Ye Chen said lightly.

Wei Yingsheng was afraid that Ye Chen would continue on this topic, and hurriedly said, "Ye Chen, where have you been in the past few days? I have been to your place several times, but only the aunt is there."

"Go outside and do something. Don't talk about my business yet. I'll tell you a serious matter. You have to answer me no matter what."

Ye Chen's tone became serious.

Hearing these words, Wei Ying's heart throbbed.

Does Ye Chen want to confess to her?

"What do you say..." Wei Ying said.

"You also saw the Yunhehu incident that day. I have not had time to explain to you some things, so I just ask you, do you want to learn martial arts? If you want, I would like you to accept you as a disciple."

When Wei Ying heard these words, her body trembled, and her sense of loss was extremely strong.

She shook her head sharply: "My mother asked me when I was very young, but I didn't have much interest. I am a girl after all. I don't like to fight and kill, and I don't want you to be me. Master, I don't want to."

Ye Chen frowned and continued: "Then I tell you another thing, you are different from ordinary people, you have a \*\*\*\* body, if you don't step into the martial arts, it is very likely that you will die. ."

After saying these words, Ye Chen found that there was a slight crack in the earth soul profound stone on Wei Ying's neck.

Can't hold it for too long.

"The necklace on your neck is to suppress your \*\*\*\* cold body, but at present, it will not last long."

"In a way, you don't have the right to choose."

Ye Chen's words became more and more serious. In fact, he wanted to choose an appropriate time to tell Wei Ying, but now it seems that he can't delay any longer.

Might as well cut the mess with a sharp knife.

Hearing Ye Chen's words, Wei Ying's face was covered with frost. She tried to look at Ye Chen's eyes, trying to tell that the other party was lying, but she only saw seriousness.

Blood and cold body, fragrance and jade perish?

If this is true, she has no choice.

At this moment, the phone in Ye Chen's pocket rang, it was a special number.

Ye Chen ignored it, but said to Wei Ying: "I'll give you three days to think about it. No matter what, I respect your choice. You close your eyes now."

Wei Ying closed her eyes subconsciously, her eyelashes were very long.

Ye Chen pointed at the center of Wei Ying's forehead, and the technique of "Chill Heart Decision" instantly entered Wei Ying's mind.

Wei Ying felt something and suddenly opened her eyes: "This is..."

"This is the exercise I'm going to teach you. You can at least suppress the \*\*\*\* cold body in your body by practicing this "Chill Heart Decision". You can call me if you make any decision in these three days."

After Ye Chen explained, he took out the phone that was still ringing and pressed the answer button, and a majestic voice rang: "I'm in a courtyard in Beijing, and there will be a car coming to pick you up. Since you rescued Bailixiong, There are some things I should tell you too."

This voice is undoubtedly the number one!

Some things should surface too.

"it is good."

Ye Chen hung up the phone, and soon a domestic car with Beijing A license plate stopped in front of Ye Chen.

"Mr. Ye."

A man walked down and took the initiative to open the door to Ye Chen. Ye Chen recognized this man as the driver who drove the red flag car to pick him up last time.

It's just that this time the other party seemed to have deliberately kept a low profile a bit, probably because of that person's safety.

Ye Chen glanced at Wei Ying and asked her to sit up too. At the same time, he ordered: "Go to Beijing Normal University first."

"it is good."

...

At the same time, the Beijing Lin family.

The Lin Family Hall, the atmosphere is solemn to the extreme.

Two elders dressed in black were sitting on the chair of the master, but Lin Juelong and Father Lin were sitting at the bottom respectfully, with a trace of fear in their eyes.

If you look closely, you will surely find a pattern on the necks of the two black-clothed old men with terrifying aura.

A blood-red door!

People of blood alliance!

One of the elders of the blood alliance with a folding fan in his hand said: "We came to China this time mainly for two things. First, the door of the ghost prison was broken. The two disciples of my blood alliance died. People are very upset, the ants of China, who are not qualified to move our blood allies, no one!"

An invisible coercion and anger are released! The aura of the two elders of the blood alliance is strong to the extreme.

Lin Juelong's eyes shrank, and he quickly said respectfully: "Master Qi, the ghost prison has been heard by the disciple. According to the disciple's recent investigation, the ghost prison broke open and the two should have had an accident with a young man named Ye Chen. There is a relationship, except that Ye Chen obviously has no strength to break through the ghost prison, and that day caused an extremely powerful vision in the capital. I suspect that there is a strong person behind Ye Chen who shot that day."

"Also, the person in power in China has threatened us several times in secret in the past few days. Let us not move the people around Ye Chen. I think there is definitely a big power behind this person, otherwise it is impossible for that person to threaten himself. "

"Snapped!"

The old man of the blood alliance holding the folding fan closed the folding fan, his eyes were extremely cold: "No matter how strong the power behind the guy named Ye Chen is, he can't be stronger than the blood alliance! Also, since the Chinese leader dares to threaten the disciple of the blood alliance, he is It's not going to die! The big deal, I will send someone to erase it directly!"

When Lin Juelong heard these words, his eyes shrank slightly, and he quickly said, "You don't need an adult to act~[www.mtlnovel.com](http://www.mtlnovel.com)~ The disciple will send someone to bring that Ye Chen back!"

Those in power are not as simple as these two old men thought. If they do, the people standing behind China will definitely do it!

It will be absolutely troublesome!

Hearing Lin Juelong's words, the elder of the blood alliance reduced his anger a bit, and continued: "I will leave it to you to do the first thing. You can't fail. You must bring back the blood alliance.

As for the second matter, about the Qinling Dragon Vessel, you should have heard about it. "

Lin Juelong nodded again and again: "Sir, I heard that thousands of people have died in the Qinling Dragon Vessel, and countless forces have been destroyed there. No one has benefited. I don't know my lord..."

Before Lin Juelong finished speaking, the old man of the blood alliance stood up: "Wrong! Great mistake! One person got the benefit! And he stayed in the land of dragon veins for two days!"

Chapter 425: So do it yourself!

Lin Juelong and Father Lin changed their faces when they heard the words of the blood elder!

The Lin family also wanted to spy on the Qinling Dragon Vessel!

But it was too late to get the news, plus the fact that he had been dealing with Ye Tianzheng recently!

When they reacted, the dragon veins of the Qinling Mountains had closed!

Not only that, most of the forces are directly destroyed!

Bai Lixiong returned from serious injuries!

It can be seen how heavy the losses of the major forces in the Qinling Dragon Vessel have been this time!

But now, this blood elder said that someone has stayed in the land of dragon veins for two days?

The dragon veins are extremely hot, not to mention the ancient martial artists, even the cultivators may not be able to stay at this temperature for too long. m.

Lin Juelong frowned and asked, "My lord, is your source reliable? Don't get me wrong, my lord, after all, the Qinling Dragon Vessel is in China, and China is full of the eyeliner of my Lin family. On the news channel..."

"Humph!" The old man of the blood alliance snorted coldly, took out a photo, and threw it out, "The photo that my disciple of the blood alliance gave me personally, what else do you have to say!"

"Also, besides Ye Chen, you have to take another person, the kid in the photo! This kid has been in the land of the dragon veins for two days, and there is definitely a treasure in his hand!"

Lin Juelong took a glance at the photo, and when he saw the Leng Ao Youth in the photo, his pupils almost dilated!

Father Lin also glanced at him, his expression instantly becoming horrified!

The elder of the blood alliance felt something was wrong and asked: "Do you know this son?"

Lin Juelong's eyes were full of cold murderous intent, and he pinched the photo directly in his palm, raised his head, and said: "My lord, this person is the Ye Chen I just mentioned! That is the only suspect in the destruction of the ghost prison. people!"

Hearing these words, the blood elders couldn't help but take a breath!

So young, able to break through the ghost prison, and survive among thousands of people, and stay in the land of dragon veins for two days!

This son is either carrying a secret or having a big force behind it!

"What is the origin of this son? Do you know his teacher?" The blood alliance old man said.

Lin Juelong shook his head: "Ye Chen was a waste five years ago, but five years later, I don't know why, he returned with a very strong suit. No matter how I investigate, I don't know where he went. As for the teacher behind him, I don't even know where to find it!"

"I suspect that this person went to Kunlun Xu, otherwise he could not explain his cultivation."

Lin Juelong said.

He actually suspected that Ye Chen had something to do with that matter.

But if Ye Chen really got that thing, it would be impossible to waste so many years, let alone watch his parents being killed, indifferent.

The best explanation is that Ye Chen went to Kunlun Xuyi or the mysterious place and got some kind of inheritance!

The old man of the blood alliance thought for a few seconds, and said directly: "No matter what the origin of this son, I will give you two days, and I must bring this son to me alive! I will be in Lin's house these two days!"

"Yes, my lord!"

...

A remote courtyard in Beijing.

The car stopped, and the driver led Ye Chen through a long alley. The alley was wet and cold, and there were several trash cans. The trash cans emitted a stinking smell.

Ye Chen really couldn't figure out that the old man holding China's strongest power would be in this place.

However, he already felt a few pairs of eyes staring at him in the dark.

Extremely dangerous.

"Mr. Ye, here, please come in."

The driver pushed open the gate of a courtyard, Ye Chen walked in, and in the yard he saw No.1 sitting, besides Bai Lixiong, and a strange girl.

The young girl was pressing the shoulders of the old man, talking about recent events, her eyes were like crescents, very cute.

When he saw Ye Chen coming, the old man stood up, obviously a little excited: "Sure enough, it is a hero who was born a boy, good! Good! Good!"

The old man said three good times, his face was ruddy, and he was very excited.

Can he not get excited!

This Ye Chen killed hundreds of people and kept the Qinling Dragon Vessel!

Not only that, but also rescued Bai Lixiong!

Bai Lixiong means too much to China!

Thousands of people in the Jiexueying, high-level fighters, only listen to Bailixiong!

Once Bai Lixiong died, who can hold this elite guardian!

They will inevitably live in the Huaxia martial arts world. Who will guard the safety of China at that time?

Looking at China for the past few decades, it seems stable, but this stability is kept by this group of people!

In some battles, guns and ammunition are not enough! Only martial arts suppress!

Ye Chen's shot and rescue are too important to China!

The young girl looked at Ye Chen carefully when she heard that her grandfather had such a high evaluation of Ye Chen.

She couldn't see any respect from Ye Chen, she even had a hint of cold arrogance.

Her face was a little unhappy. No one in Huaxia saw his grandfather respectfully. This kid is good, and he is like his grandfather.

"Mr. Ye, we meet again." Bai Lixiong said respectfully.

Unconsciously, he also changed his name to Bai Libing.

Ye Chen is not only capable of healing, but martial arts is even more horrified. The two doctors Ye are not enough to call each other.

This respectful tone instantly made the girl slightly open her small mouth, her beautiful eyes full of confusion.

Uncle Baili is a general who holds the military power. She has never heard Uncle Baili treat someone like this!

The girl suddenly became curious about Ye Chen.

When the old man remembered something, he introduced to Ye Chen: "Ye Chen, this is my granddaughter Rong'er. You are about the same age. Sometimes you can play together. From now on, it will be the world of your young people."

Ye Chen nodded, and didn't mean to introduce himself, and said directly: "I just want to know where the Lin family is."

For him, his father's safety is more important than anything else.

As for making friends, he doesn't have so much time.

The girl's eyes widened and she was so angry!

As the daughter of an old man, who would dare to treat her with this kind of attitude, could it be that she couldn't compare to the Lin family?

"Smelly boy, who do you think you are, I..." Just as the girl wanted to argue with Ye Chen, the old man said, "Rong'er, you go back to the house first."

"Grandpa, this guy treats me this way, can you read it?"

"Back to the house!"

The girl heard the voice of grandpa with a trace of anger ~www.mtlnovel.com~ and could only go back to the house reluctantly.

The yard instantly returned to silence.

"Ye Chen, do you really trouble the Lin family? Do you know that the Lin family has a great relationship with some forces? Even Kunlun Xu has a great connection. Today, I heard that the Lin family has two very strong masters. , This master is very likely to come from the depths of Kunlun Mountain! You are undoubtedly hitting the gun when you go to the Lin Family!" The old man persuaded.

Ye Chen is also an extremely important existence for Huaxia, and even his achievements may far exceed Bailixiong.

He didn't want Ye Chen to die early.

"I save Bailixiong as a deal between you and me. I respect you, but I also hope you respect me. I only want my position." Ye Chen's attitude is extremely serious.

The old man shook his head helplessly, and finally took out a note from his pocket with a specific address and coordinates written on it.

"This is the Lin Family's specific location, but you may not break the Lin Family's formation, so you can do it for yourself."

Chapter 426: 1 slap!

Ye Chen took the note directly, held it in the palm of his hand, and turned and left: "If this is the case, then don't bother."

But before Ye Chen took a few steps, the old man said again: "Ye Chen, wait a minute."

Ye Chen stopped and said: "If you still want to persuade me, you don't have to say it, I have decided."

The old man shook his head and said, "You go to Lin's house now, have you considered your mother? And Xia Ruoxue and Sun Yi?"

"Believe it or not, as long as you set foot on the Lin family, the safety of these three people will go wrong. The Lin family is not a generation to wait. Any top family in China has hidden power behind it. The Jiang family is like this, the Lin family is the same. ."

The old man approached Ye Chen and said firmly:

"You just want to save your father. You give me three days. Bai Lixiong and I will use our power to pressure the Lin family and let them let your father go."

"Although the Lin family is the top family in the Chinese martial arts world, the forces behind my position are not weak, otherwise someone would have overthrown me, you give me three days, and I will give you an answer."

The reason why the old man said this was entirely for the consideration of China.

Ye Chen is extremely important to China, and so is the Lin family!

Anything wrong with either party, or both sides are hurt, is a painful price for China.

The Chinese martial arts world has been in balance for many years. If it is broken now, the Chinese martial arts world will be in chaos!

The elderly sitting in this position naturally have to consider long-term benefits.

The fewer internal battles in China, the more advantageous.

Ye Chen shook his head: "I will not only rescue my father, but also kill Lin Juelong. You should know about the Yunhu Villa back then. One yard goes to one yard. What Lin Juelong did to my family, how can I? Can you swallow it? I swear I won't be a man if I don't kill him!"

At this moment, the old man hesitated.

It seems that the battle between Ye Chen and the Lin family cannot be avoided.

Just when Ye Chen was about to leave, Bai Lixiong, who had not spoken, said, "Mr. Ye, since this is your grievance with Lin Juelong, why not settle it at the Martial Arts Platform."

"The chief and I will find a way to rescue your father, and the grievances between you and Lin Juelong will end in the martial arts stage!"

The old man nodded when he heard this proposal: "Ye Chen, this is the best plan for you. That incident was the intention of Lin Juelong alone. Taking your father away is also Lin Juelong's intention. If you do this Annihilate the Lin Family, and many innocent souls will appear in the capital.

Moreover, even the two powerhouses from the depths of Kunlun Mountain could not hinder the martial arts platform. This is the rule. "

Seeing Ye Chen seemed to hesitate, the old man continued to hit the railroad while it was hot:

"Ye Chen, as long as you nod your head, I will personally write down the war script, and then I will send your father to you within three days! Never go back!"

The old man said very seriously!

Ye Chen narrowed his eyes, thought for a few seconds, and said directly: "I can't wait for three days, two days at most! The day after tomorrow I will not only see my father, but also fight Lin Juelong in the martial arts stage!"

"Okay!" The old man picked up the pen and began to write the war book!

This battle has minimized the impact, and Lin Juelong is the second existence on the Huaxia Grand Master Ranking.

And Ye Chen is a genius born in the Huaxia Martial Arts Bureau!

The battle between these two people, no matter whether they win or lose, will surely shake the Chinese martial arts world!

The old man hopes Ye Chen will win! However, he could not be sure of the result of this battle.

"Farewell, I will not trouble the Lin family for the time being these two days, but if there is a problem with the Lin family at any point, I will kill the Lin family and kill everyone in the Lin family!"

Before Ye Chen left, only these words were left.

Perhaps it was too loud, and the girl in the room also walked out, and the girl snorted coldly: "Grandpa, this kid is going to fight Lin Juelong? Isn't this looking for death?"

"Based on his strength, Lin Juelong should kill him with one hand."

The old man glared at the girl: "Don't be rude! Rong'er, I know your temper, no matter what, you must not offend Ye Chen, otherwise I won't be able to save you by then."

The girl couldn't listen at all, and instead said: "Grandpa, I really don't understand why you and Uncle Baili are so optimistic about this kid. His martial arts strength is not worthy of his temper. So arrogant, maybe he will die. I guess there are things my mother had not taught me..."

Before the words were finished, "pop!" The old man slapped the girl's face with a slap!

"Rong'er, if you dare to say such things, don't blame me for not having your granddaughter!"

The old popularity is not light, this granddaughter, the family is too spoiled, if you let it go, the consequences will be disastrous!

The girl obviously did not expect that her grandfather, who always loved her, would slap herself for an outsider!

This is the first time Grandpa beat her!

Her eyes were filled with tears and anger instantly!

"Grandpa, you hit me for this stinky kid!"

"One day of confinement! Don't take a half step outside the house!" the old man said coldly.

Although he loves this precious granddaughter, if he still indulges in Ye Chen, it will harm her.

The girl heard this order and ran directly outside the courtyard.

The old man shook his head helplessly, and didn't intend to bother, just let this girl calm down.

Then the old man wrote Zhan well, stuffed it into an envelope, and handed it to Bai Lixiong: "Bai Lixiong, this matter is left to you. If the Lin family doesn't let Ye Tianzheng go, they will use that level of power."

"Yes, Chief!"

...

Ye Chen left the courtyard and just arrived on the street when a white Porsche stopped in front of Ye Chen.

The driver's door opened, and a \*\*\*\* girl walked down, blinking and smiling: "Mr. Ye, I'll take you back."

Ye Chen was a little surprised to see this \*\*\*\* girl, it was Zhu Ya!

Zhu Ya seemed to be dressed specially, with long flowing curly hair draped over her shoulders, her big watery eyes shining with autumn waves that made men crazy; Guazi's face was covered with a light makeup, just right eye shadow , The red lips are \*\*\*\* and seductive.

The neckline of the clothes is large and slightly inclined, you can see a touch of attractive career line.

The off-white clothes made her white skin look more white and tender.

"How do you know that I am here?"

Zhu Ya said mysteriously: "Mr. Ye, guess what? Forget it, don't tease you, get in the car, Binger told me."

Ye Chen didn't hesitate and got into the car directly.

The car rode away.

At this moment, a young girl just came out and saw this scene naturally. Her eyes were cold, and there was a red palm print on her cheek.

"You actually got in a woman's car. I guess you are also a waste of a woman's superiority. I want to see what shining light on you makes Bai Lixiong and Grandpa admire so much!"

"In Beijing, I see a lot of men like you who don't want to make progress and rely solely on women to lead the way."

The girl got into a Bentley and ran after it.

Chapter 427: Respectfully!

At the gate of Beijing Normal University.

Porsche stopped slowly.

"Mr. Ye, Bing'er asked me to ask you when I have time to go to the land. Of course I don't have time."  
Zhu Ya stopped the car and turned to look at Ye Chen in the back seat.

Ye Chen then remembered the matter of establishing a family. The teacher's apartment was indeed too small. Once the Bailixiong piece of land was taken, enough funds and manpower would be used to build and live in it in a short time.

Since the number one promised to send his father back and arranged for him to fight Lin Juelong at the Martial Arts Platform the day after tomorrow, he was not in a hurry to find the Lin family.

Wan Dao Jianzun has not succeeded in doing things, the tombstones in the reincarnation cemetery cannot be moved, and the martial arts platform is the best solution right now.

Collect hundreds of warriors! Play free!

"Tonight or tomorrow, I will check it out if I have time. I will contact you in advance. You should have Bailibing's contact information."

Zhu Ya nodded: "Some Mr. Ye."

"By the way, Mr. Ye, I have been in the capital during this period. I just bought and licensed this car. If you plan to go out, you can contact me. I live nearby."

Zhu Yaqiao's face blushed slightly, she didn't know why, as long as she stayed with Ye Chen, she would feel at ease inexplicably. This feeling was very good, just like those days in Jiangnan Province.

The stronger Ye Chen's strength, she found that the distance between herself and Ye Chen was getting farther and farther, she was afraid that one day, she would never see Ye Chen again.

Ye Chen glanced at Zhu Ya and nodded. He had no plans to buy a car, because it was really unnecessary. If he wants to drive, his current assets are estimated to be able to buy several well-known car manufacturers.

After Xiang Chengdong's previous car, after the ghost prison affair was over, he no longer needed it.

Originally planned to arrange a strong man in the dark hall to drive him, but now it seems that it is not necessary.

"Okay, if there is a need, I will contact you, I'll leave first and talk back."

Ye Chen opened the car door and walked directly to the teacher's apartment.

Zhu Ya didn't drive away immediately, but watched Ye Chen go away.

She didn't notice that there was a Bentley car parked behind, and a girl in the car had a pair of resentful and angry eyes.

Not long after, a young man in his thirties hurried to the front of the Bentley and knocked on the window.

The young man was called Xi Wanhu, a young steward of the Xi family in Beijing, and a strong man who protected the granddaughter No. 1 all the time.

He heard the eldest lady's anger on the phone just now, and hurried over with something.

He knows Xi Rong better than anyone, because Xi Rong is the only daughter in the family and is protected by the old chief. Looking at the entire capital, Xi Rong almost no one dares to provoke her. This has also created her domineering personality. People or things that are unhappy, some people are willing to help her erase them.

"Miss, this is the information you want. That Porsche is a new car. It has just got the license plate of the capital. The owner is a woman named Zhu Ya. Behind Zhu Ya is the Zhu family in Jiangnan Province. Zhu family is also a bit in the Chinese martial arts world reputation.

The peak period was hundreds of years ago. At that time, the Zhu family was one of the top sword-making families in China, and they had made swords for countless strong men. Many strong men still owe the Zhu family love, but the Zhu family has been lonely in recent years. , Most of the things I do are wind and rain. "

"Also, Zhu Ya has a good relationship with Bailibing of the Baili family. This car was bought with Bailibing. I don't know what do you want this information for, miss, did the Zhu family provoke you?"

Xi Wanhu was quite surprised. Suddenly, he noticed something. The Porsche that the young lady asked him to investigate was actually at the gate of Beijing Normal University.

Xi Rong turned over the information in her hand, and sneered at the corner of her mouth: "I thought that what kind of woman the kid was next to. It turned out to be just a family in Jiangnan Province, Zhu family? Haha, a lonely family. What is it in the eyes of my Xi family?"

"It is estimated that the kid is not only interested in the woman's money, but also in the relationship between this woman and the Baili family. In this way, Uncle Baili and grandpa can barely explain the attitude of this kid, probably because it is Baili. On the face of ice..."

Xi Rong's smile became colder and colder.

When she found that Ye Chen's figure disappeared completely, Xi Rong opened the car door and walked towards the white Porsche.

Porsche's Zhu Ya said to herself when he could not see Ye Chen at all, "Mr. Ye, if time can be turned back, I will not hesitate to fall in love with you when in Jiangnan Province..."

After speaking, she pressed the start button.

When the car started, the door was opened directly, and she looked at the strange girl outside the car in surprise.

"you are?"

Xi Rong looked at Zhu Ya condescendingly, and said coldly: "You get off the car now, I have something to tell you."

Her attitude seemed to be aloof, this may be a bit ugly in the eyes of others, but in her eyes it seemed extremely normal.

The key point When Xi Rong saw that Zhu Ya's sexiness and beauty far surpassed her, as a woman, her tone was inexplicably hostile.

Zhu Ya frowned, but got out of the car and said coldly: "Who are you? We shouldn't know each other, right? Also, I don't like the tone of your words to me."

Xi Rong didn't expect Zhu Ya to dare to have this attitude, and said directly: "I came to you, just to persuade you, that man, you better stay away from him. This kind of man is not worthy of you, he It's just using you."

Zhu Ya thought of something, her face was a little cold: "You mean Mr. Ye?"

Hearing Zhu Ya called this, Xi Rong said: "Yes, it's the thing that has a mother and no father to teach! If you keep in touch with this kid again, your Zhu family may not be able to protect yourself!"

When Zhu Ya heard the other party insult Ye Chen, there was a trace of anger on her face: "You are not allowed to insult Mr. Ye, and, no matter who you are, I will be with whom Zhu Ya wants to be with. You are not qualified to hinder. "

After talking ~www.mtlnovel.com~ Zhu Ya turned around and prepared to enter the Porsche.

Since the other party knows her Zhu family and dare to have such an attitude, the other party must have a good power and support in the capital, and she does not want to cause trouble, leaving is the best choice.

But before she got into the car, a slender hand clasped her shoulder!

"I haven't finished speaking yet!"

Xi Rong's cold voice sounded!

Zhu Ya's eyes shrank slightly, and in the next second, she turned her body and broke free from the opponent's hand.

"You and I don't know each other, who do you think you are? What qualifications do you have to hinder other people's lives? If you do this again, don't blame me for being polite!" Zhu Ya said!

A disdainful smile appeared on the corner of Xi Rong's mouth: "In Beijing, my Xi family is really qualified! I came to you, just to remind you! Even if Bai Libing is standing here, she must treat me respectfully. !"

Chapter 428: Not qualified!

When Zhu Ya heard these words, what did he think of, Xi family, and could make Bai Libing jealous?

She instantly guessed the identity of the girl in front of her!

Could it be that granddaughter?

If so, then she really can't afford it.

Don't say she can't afford to provoke. Looking at the entire China, who dares to provoke?

Seeing the jealousy in Zhu Ya's eyes, Xi Rong said proudly: "You should have guessed who I am. Ye Chen doesn't know the heights of the sky, and he wants to fight Lin Juelong on the martial arts stage. You think he is alive. Is it possible? I advise you to find another man. With your looks, the young masters of some families in the capital will pick you up."

Hearing this sentence, Zhu Ya's eyes were extremely firm, saying every word: "In my eyes, Mr. Ye can't lose. Also, even if you are that granddaughter, you are not qualified to help me. Decided!"

"If you stop me from leaving again, I will..."

Before the words were finished, a palm wind hit!

"Snapped!"

Something that everyone did not expect happened, Xi Rong slapped Zhu Ya's face with a slap.

This slap is extremely crisp!

And with a trace of martial arts power, Zhu Ya is not even qualified to react!

Xi Rong was a little annoyed, and she kindly persuaded him, but the woman in front of her was like her grandfather. She was poured with ecstasy by this kid, and she defended the kid everywhere! Even his own identity is ignored!

Since this woman loves that kid so much, let this woman repay the slap grandpa gave her!

Zhu Ya was full of anger, who would have thought that granddaughter would be so arrogant!

She respects that person, but it does not mean that she should respect his juniors too!

The key point, this girl is a spoiled existence!

She didn't hesitate anymore, and moved her palm towards Xi Rong. At this moment, Xi Wanhu, who had been watching by the side, couldn't stand.

His mission is to protect the lady. If the lady is injured, how can he explain to the master!

With killing intent in his eyes, his five fingers clasped Zhu Ya's wrist, and then gently pushed Zhu Ya directly to the ground.

He stood straight in front of Xi Rong, and said: "No one can touch her, no matter who is right or wrong in this matter."

Xi Rong enjoyed this moment very much. She looked at Zhu Ya condescendingly and believed: "Zhu Ya, this is not Jiangnan Province, but the capital city. Your identity here is far from enough! I don't want to embarrass you, as long as you ask I apologize, I can consider letting you go."

Zhu Ya stood up with support, and said angrily: "Dreaming! Even if you are powerful behind you, you don't understand Mr. Ye at all. If you provoke him, he won't be jealous of your identity or even the people behind you! This is The only thing I can tell you!"

"Don't apologize?" Xi Rong smiled with her chin raised, and then looked at Xi Wanhu, "Wanhu, some people have a hard mouth with a lot of hands."

Xi Wanhu was startled, his face hesitated: "Miss, or just forget about it."

"I said, palm your mouth ten times! Don't forget your identity!"

Xi Rong's cold voice sounded!

"Yes, miss!"

Xi Wanhu stepped forward, and just about to take a shot, a figure stood in front of Zhu Ya!

It is a middle-aged man with a long scar on his face.

The middle-aged man carried a trace of evil spirit, just like a killer!

His identity is extremely special, he is the strong man arranged by the dark temple near the Beijing Normal University.

It is not to protect the palace owner, but any incidents related to the palace owner in Beijing Normal University must be reported!

He naturally knew Zhu Ya, and wanted to hide in the dark, but he couldn't help seeing Xi Wanhu doing it.

Not only that, he reported it to Ye Lingtian the first time!

"Miss Zhu, are you okay?"

The middle-aged man said lightly.

"you are....."

The middle-aged man didn't explain too much, and let his murderous intentions go: "You are too much. If you hurt Miss Zhu, the lord will be unhappy, and the consequences will be serious."

Xi Rong frowned at the middle-aged man who suddenly appeared, and instructed Xi Wanhu to say: "Ten seconds for you, the man is useless, and the woman's mouth!"

"Yes!"

The wind curled, Xi Wanhu left with countless palm prints, and the cold murderous intent was released! The powerful blast even moved the white Porsche a bit!

The strong man in the dark hall felt the danger of Xi Wanhu, and without hesitation, he smashed out!

"Boom!"

The two forces collide instantly!

The dark palace powerhouse took ten steps back, but Xi Wanhu didn't move! The gap is too big!

The middle-aged man's status in the dark palace is not high, otherwise he would not arrange for observation at the Beijing Normal University, but Xi Wanhu is one of the top ten masters of the Xi family. After all, Xi Rong's status is honorable!

How do these two fight!

Before the middle-aged man could react, Xi Wanhu turned into an afterimage and grabbed the middle-aged man's dantian with one claw! ~

Once you touch it, you will lose all repairs, and you will die!

At the moment when Xi Wanhu's five fingers were about to touch, a dull voice that suppressed anger suddenly came!

"My people, you dare to move too!"

Xi Wanhu's eyes shrank, and he clearly discovered that the air in front of him seemed to condense into a wall, and he couldn't move forward!

At the same time, a young man appeared in front of him instantly!

The youth's eyes were extremely cold, like a demon!

"roll!"

Ye Chen punched out!

A flat punch! But it was an instant "Ka Ka Ka!" voice!

Xi Wanhu's right hand broke directly and blood was flowing!

"Boom!"

The powerful air wave swept through, and Xi Wanhu's whole body flew out, like a kite with a broken line!

Everything changes too fast!

At this moment, everyone present fell on a young man!

Ye Chen!

Ye Chen received Ye Lingtian's call for the first time, and hurried off directly.

It took a long time for Xi Rong to react and quickly said to Xi Wanhu, "How are you?"

Xi Wanhu spit out a mouthful of blood, shook his head, did not speak, even took out his mobile phone and pressed a set of numbers.

Seeing that his people are like this, Xi Rong stretched out her finger to Ye Chen, and blamed: "Ye Chen, you dare to move my Xi family!"

Ye Chen ignored it, and said to the strong man in the dark palace: "It's okay."

"Hall Master, I'm fine!"

Ye Chen nodded, then looked at Zhu Ya, he naturally noticed the palm prints on Zhu Ya's cheek for the first time.

He stretched out his hand, trying to touch it, but withdrew it anyway.

"Is that woman hit?"

Zhu Ya shook her head: "No...not ~www.mtlNovel.com~ I accidentally bumped into it myself."

She knows the identity and strength behind Xi Rong, if Ye Chen offends, it will not do Ye Chen!

"Oh."

Ye Chen nodded, unable to see the expression!

Suddenly, Ye Chen moved!

It turned into an afterimage on the spot, facing everyone's surprised eyes, slap Xi Rong three slaps on the spot!

"Snapped!"

"Flap!"

Xi Rong had swollen on half of her face, and Ye Chen's three slaps made her whole face swollen!

Chapter 429: Regardless of your identity!

Xi Rong changed her cheek and looked at Ye Chen dumbfounded.

"You dare to hit me? My grandpa..."

Before he finished speaking, Ye Chen smiled slightly: "Don't mention your grandpa, even if your grandpa is here, I dare to slap you! The Xi family won't teach you how to be a man, I will teach you Ye Chen!"

"Also, not only do I dare to beat you, I dare to kill you, believe it or not?"

When Xi Rong heard these words, she clutched Sen's painful cheek, dumbfounded.

She knew Ye Chen was crazy, but she didn't expect to be so crazy!

No lunatic!

Perhaps because of the string of numbers entered by Xi Wanhu's mobile phone, a car appeared at the gate of Beijing Normal University and stopped shortly.

Five or six figures appeared beside Xi Rong.

Collect hundreds of warriors! Play free!

"Miss, do you have anything to do?"

An old man who was headed said.

"This person hits me, he wants to kill me, help me kill that kid." Xi Rong gritted his teeth when he saw someone coming by his side.

The headed old man's eyes fell on Ye Chen's body, and he wanted to make a move. When he saw Ye Chen's appearance, his face paled in shock.

Frightened.

How did the young lady provoke this evil god!

"Miss, go back, we can't move this person!" The old man was embarrassed.

Xi Rong could still feel the pain in her cheek, and said angrily: "If you don't kill this person, I will never go back."

When the words fell, something strange happened, Ye Chen went through the bodies of those people and came directly to Xi Rong!

Five fingers clasped Xi Rong's neck and lifted it straight up!

The next second, he slapped his backhand!

"Everyone who wants to kill me is dead. You are no exception."

Almost instantly, Xi Rong felt the cold murderous intent enveloping her, her eyes widened!

At this moment, she felt that Ye Chen really dared to kill her!

She couldn't see any respect in Ye Chen's eyes, only cold death!

Those elders had no idea that Ye Chen's body and strength were so ghostly.

Xi Rong can't have an accident, otherwise the consequences are extremely dangerous!

The old man headed hurriedly said: "Mr. Ye, please be merciful! Miss's fault, I will let the master punish!"

Ye Chen snorted and threw Xi Rong out!

"For your grandfather's sake, I won't kill you today! But if there is another time, even if your grandpa intercedes, I will still kill you!"

Xi Rong felt that the bones of her whole body were falling apart, and her angry eyes stared at Ye Chen. Just as she was about to talk, the phone in her pocket rang!

It is her grandpa!

"Grandpa, someone..."

Before she could finish her words, a scolding sound rang out: "Xi Rong, get me back to the family right away! Starting today, I will be banned for a year! And give Ye Chen the phone!"

"grandfather....."

Xi Rong's face was pale, and she couldn't think of anything. Grandpa spoke to her in this tone, and it was even more of a year!

She tremblingly handed the phone out, and an old man took it over. She wanted to give it to Ye Chen, but Ye Chen had no intention of accepting it.

Instead, he looked at Zhu Ya, the infuriating energy gathered in the palm of his hand, stroking Zhu Ya's cheek, and said lightly: "Is it better? Do you want to sit where I live?"

"No...no need..." Zhu Ya blushed.

Ye Chen glanced at the people behind him, fearing that Xi Rong would do something extreme, he opened the Porsche door, sat in, and at the same time ordered: "Contact the Baili family and take me to see the land now. ."

Zhu Ya reacted back, quickly got into the driver's seat, started the car, and dialed Bai Libing's cell phone with the car phone, and the car went in the other direction.

"Yes, Mr. Ye, I will contact you now."

...

Twenty minutes later, Xi's family.

Xi Rong clutched her cheeks and complained in front of her parents, and she added the matter and said again!

In his words, Ye Chen is undoubtedly a lunatic!

Although Xi's father and mother Xi knew his daughter's temper, the palm print on Xi Rong's face was an indisputable fact!

What identity their daughter was beaten! The consequences are too serious!

Mother Xi felt sorry for her daughter and hurriedly said, "Rong'er, don't worry, since that kid dares to fan you, Mom will definitely seek justice for you! Even if the kid surnamed Ye is very strong, is it possible that he is stronger than our veteran? I will let the veteran go and bring that kid to you!"

Father Xi frowned, and persuaded: "Let's do this. We only listened to Rong'er's words about this matter. Maybe Rong'er was wrong first, and this time it was a lesson to kick the iron plate. "

"Dad, why, that kid is so arrogant, is it possible for him to get away with it?"

As soon as Xi Rong's words fell, an old voice sounded outside: "Arrogance, I think you are the real arrogance!"

When Father Xi heard these words, his face changed slightly, she stood up quickly, looked at the old man who opened the door and said quickly: "Dad, why are you here?"

The old man came directly to Rong'er and said word by word: "If I don't come again, you spoiled daughter will probably break the sky!"

"Grandpa, are you doing it for an outsider?" Xi Rong said in disbelief.

"Outsider?" The old man just wanted to stretch out his hand and slap him down, but he stopped seeing Xi Rong's red cheeks. He said coldly, "Rong'er! I didn't have time to explain Ye Chen to you just now! You are such a stupid person!" Do you know who Ye Chen is? He is the chief instructor of Dragon Soul! I personally awarded him the rank of major general!"

"Not only that, he is the most likely to become the first person in China!"

"Also, in the Qinling Incident, Ye Chen slaughtered thousands of people alone, and personally rescued Bai Lixiong who was dying from the sea of blood! China owes him so much, how dare you provoke him?"

"Even I don't dare to mess with it! This son is of great significance to China. After this incident, I can tell you accurately, if Bai Lixiong and Ye Chen must choose one person, I will not hesitate. Ye Chen!"

"Finally, I will hold a meeting tomorrow. This meeting is directly related to Ye Chen. I decided to move Ye Chen's military rank! The position of Major General is no longer worthy of him, at least Lieutenant General! No matter what, China must keep this. people!"

"Hua Xia has him, and he is not afraid of all battles! Rong Er, do you understand it!"

The last sentence was almost the old man roared out.

The whole hall was extremely silent, and the old man's words kept echoing.

Both Xi's father and Xi's mother were stunned. They knew how much Qinling had happened. The old man didn't sleep for several days because of this.

Once the Qinling Dragon Vessel had an accident, the consequences would be disastrous.

But who would have thought that all this would be saved by a young man?

The key is this young man slaughtered thousands of people?

One person worth a thousand?

Xi Rong also opened her mouth~[www.mtlnovel.com](http://www.mtlnovel.com)~ with an incredible look.

The indifferent eyes flashed in her mind.

That kid is going to be awarded the lieutenant general?

How old is he!

The key is that the value of this person is even greater than that of Uncle Baili!

An invisible coldness covered her body.

"Grandpa, I was wrong, I don't dare anymore."

She slumped weakly on the sofa, and said with a trembling voice.

Chapter 430: Touching Kunlun Xu!

Beijing, the intersection of Dayuan Road and Jingbei Avenue, west.

Enclosed walls and guarded areas.

There were five or six soldiers guarding outside, looking at everyone with cold eyes.

When the Porsche car drove into the gate, several soldiers made gestures. When the window was rolled down, they saw Ye Chen in the back seat and quickly saluted a standard military salute.

"See the head!"

In the army, as long as the rank is higher than yourself, you can be called the chief.

As a major general, Ye Chen naturally has this qualification.

"Let it go!" said one of the soldiers.

Porsche drove in, and because it was a wasteland, Zhu Ya stopped in any place.

Ye Chen got out of the car, scanned the surroundings with his eyes, and instantly felt an air current fluctuate.

"Huh? This place..."

Ye Chen felt something was wrong, so he squatted down, picked up a stone on the ground, exerted a little force with two fingers, and the stone turned into powder.

At the same time, there are still a few wisps of aura overflowing.

"Historically, many top families were born here. It should be because the trend of this place is a thousand clouds. In ancient times, living here may be able to achieve hegemony. China's luck is too mysterious." Ye Chen muttered. .

He can clearly feel that the aura here is stronger than that of the outside world, and even better than the location of Jingcheng Jiang's house.

"It seems that my mother said that this piece of land is the best choice for establishing the Ye family. It is true. Once the Ye family is built here, at least the family will be protected for a thousand years."

Ye Chen turned around, suddenly noticed something, his face changed slightly, and he quickly walked towards a position.

Zhu Ya followed and said in surprise: "Mr. Ye, is there any problem with this place?"

The corner of Ye Chen's mouth outlines a smile: "This position is the formation eye. To a certain extent, this place is a natural formation. It's just that because of the age, Huaxia's aura is thin, and the formation is almost damaged. Repair, then even artillery shells can't get in here."

Zhu Ya's face was pale, although she didn't understand Ye Chen's meaning, she could see that Ye Chen was sure to win this piece of land.

At this moment, a military vehicle drove in.

The military vehicle stopped, and Bai Lixiong and Bai Libing walked down, not only that, but also a few strong men from the Jagged Battalion guarded behind.

"Mr. Ye."

"Bring the things you prepared?" Ye Chen said.

Bai Libing nodded and quickly took out a comb, which was left by her mother before she disappeared.

Bai Lixiong said in surprise: "Mr. Ye, can a comb really find her?"

Ye Chen shook his head: "Not necessarily, I can only try, after all, it's too long."

Bai Lixiong arched his hands: "Then there will be Mr. Lauye."

Ye Chen came to the position of the front eye, pinched his fingers, the magic talisman revolved, and his feet stepped out, and there was an air current all over his body.

A golden rune appeared in the palm of his hand.

Ye Chen held the rune in his hand, muttering something in his mouth, and then slammed the rune on the comb.

In the next second, the comb glowed with golden light, floating in the air.

When Bai Lixiong saw this scene, his eyes were filled with a trace of panic.

But this panic was quickly suppressed by him, and even if Ye Chen did something shocking the world, he couldn't compare to the blood dragon in the land of dragon veins!

People of Yulong, this is a method that only immortals have!

A black wind blew across the entire wasteland in an instant, and Bai Libing's body almost was blown.

Ye Chen frowned slightly, this black wind was not caused by him.

Instead, the appearance of the black wind is to stop him!

Seeing the black wind swept over, Ye Chen snorted coldly, and directly sacrificed a magic talisman!

Torn the black wind in half instantly!

But the two halves formed two ghosts, raging towards Ye Chen with a cold killing intent.

"Black Wind Evil Talisman?"

Ye Chen was a little surprised, and Cang Haiping taught him this talisman!

Didn't the key magic talisman disappear long ago, and someone else has it?

At the moment when the ghost was about to touch Ye Chen, Ye Chen's life talisman was sacrificed. In an instant, the two ghosts seemed to have seen something extremely terrifying and wanted to escape, but in a blink of an eye, a strong wave The suction power comes from the natal talisman!

"Jie Jie!" Two beeps, everything disappeared!

The entire wasteland returned to calm, and a picture formed on Ye Chen's head!

In the picture, a young woman appeared in the wasteland, and soon stopped, her gaze swept around, as if looking for something!

Bai Libing and Bai Lixiong's eyes sparkled with excitement!

Because the young woman in the picture is Mu Wanning, Bai Lixiong's wife!

In the picture, the young woman waited here for a full three minutes. Three minutes later, a rickety figure emerged from the darkness.

"Are you sure you want to abandon them and go to Kunlun Xu?"

Mu Wanning hesitated for a few seconds, then nodded, "Yes."

"Don't you leave them a letter or message? Goodbye without saying goodbye?" The old man said lightly.

Mu Wanning glanced towards the south and sighed: "No need. Once I say it, they will go there to find me. I can do almost the same. At least in China, there is no one in the Bailixiong family. He even became the general of Huaxia, and Bing'er has grown up, and they don't need my help. Now I should go back to Kunlun Xu. It's been too long since this trip, and I almost forgot my mission."

"Okay, let's go."

The old man didn't have any nonsense, the black mist rolled, and the two disappeared directly into this wasteland.

The screen is interrupted.

Ye Chen didn't expect that Bai Libing's mother was from Kunlun Xu, and she was a cultivator. He glanced at Bai Lixiong and found that his expression was extremely calm, even with a slight sense of surprise, as if he was early I guessed it in general.

"Sure enough, she went to that place."

Bai Lixiong clenched his fists.

Everyone knows that a few decades ago, Bai Lixiong was born out of nowhere, with his talent against the sky, overwhelming the Chinese heroes, and became the first Chinese man of the year!

Everyone marveled at Bai Lixiong's genius, but only Bai Lixiong knew very well that all his achievements came from the woman behind him, Mu Wanning!

Mu Wanning gave him exercises and taught him to practice! Let him soar up! Become the patriarch of the Baili family! General of the Republic!

Even the training of the Jagged Camp was shot by Mu Wanning from behind.

He didn't know the strength of his wife, but the bit of life made him guess the terrible of his wife.

In countless battles, a mysterious woman has taken action. Looking back now, he has determined that the mysterious woman is his wife.

"Dad, mom went to Kunlun Mountain? She..." Bai Libing said with a trembling voice.

She was puzzled.

Bai Lixiong did not answer his daughter~[www.mtlnovel.com](http://www.mtlnovel.com)~ but went to Ye Chen and took out a title deed: "Mr. Ye, I am not good at expressing Bai Lixiong, but I want to say something to you, thank you This is the land certificate for this place. Starting today, this place will belong to you. I will let the person in charge of the Huaxia Land Bureau handle this matter."

Ye Chen could feel Bai Lixiong's hand trembling when he handed out the land certificate, not knowing whether it was anger or excitement.

"Mr. Ye, goodbye, I hope you and Lin Juelong can win the battle the day after tomorrow!"

Bai Lixiong turned and walked towards the military vehicle!

"Binger, we go home, I will explain some things to you slowly."

The military vehicle quickly drove out of this wasteland, leaving only Ye Chen with frowning brows and Zhu Ya who was absent-minded.
