Chapter 431: War books!

Ye Chen looked at the land certificate in his hand and shook his head helplessly.

Bai Lixiong walked too fast, in fact there was one thing he didn't say.

When the old man took Mu Wanning away, he noticed a jade medallion hanging around the old man's waist.

He had seen that jade card, which was a sign of Kunlun Xu's sect.

He stepped into Kunlun Xu that year because the old man's sect only focused on medicine and other side sects, which was not suitable for Ye Chen Xiuwu.

This is also one of the reasons why Ye Chen's medical skills are so powerful.

Knowing Ye Chen's determination to take revenge, the old man took him to Kunlun Xu to apprentice one by one sect.

But it ushered in merciless ridicule.

No sect in Kunlun Xu was willing to accept Ye Chen!

Just because of Ye Chen's roots and talent!

From their point of view, Ye Chen would not be able to step into the separation and reunion realm for a lifetime after entering the martial arts!

Even said that if Ye Chen were allowed to enter their sect, it would only tarnish the sign of the sect!

Ye Chen clearly remembered those proud faces!

In their eyes, Fan Gen is not worthy to step into Kunlun Xu!

But now, Ye Chen has broken the curse and stepped into the separation and reunion realm!

The Separation Zone is definitely not his end, but his starting point!

After being rejected by all martial arts sects, the old man could only take Ye Chen to another place where he respected killing and fighting.

It's called the purgatory of fighters there!

The old man thought that Ye Chen would not last ten days in it, but he didn't expect Ye Chen to survive there.

It even integrates the nine days of Xuanyang.

...

A cool breeze hit Ye Chen's mind. He looked at the rare sky full of stars in the capital, and muttered: "When the affairs of the capital are finished, it is time to go to Kunlun. Those who owe me It's time to get back."

"I wonder if those people are doing well?"

"The old man should lie on the rocking chair and sing, Ji Siqing... She should have become the strong man that countless people look up to in Kunlun..."

"Mr. Ye, where is Kunlun Xu? Who is Ji Siqing?" Zhu Ya asked curiously.

She instinctively felt that Ji Siqing was a girl's name, and it was very important to Mr. Ye.

Ye Chen shook his head and walked towards Porsche: "It's just a friend, let's go, it's late, and it's time to go back."

"Well, Mr. Ye."

Ye Chen refused to say, and she couldn't keep asking.

But Zhu Ya's eyes showed a trace of loss, which was fleeting.

...

At the same time, Kunlun was empty.

Under a mysterious palace, there are dense clouds, and countless lightning flashes above the sky.

Countless boys and girls rushed out upon hearing the movement, staring at the door of a palace.

They held their breath, as if waiting for something.

Extremely nervous!

Suddenly, a beam of light in the depths of the palace rose into the sky!

A phantom phoenix rushed out and went straight to the sky!

The phoenix screamed, and the stars seemed to move!

Seeing this scene, those boys and girls clenched their fists, their blood was boiling!

"Senior Sister Ji has broken through again! This is the seventh time this year! It's terrible, is this still a human?"

"Don't forget, Senior Sister Ji is one of Kunlun Xu's top ten geniuses. She has spiritual roots against the sky. Who dares to say that she is against the sky in front of Senior Sister Ji?"

"This time there is a phantom of the phoenix. Could it be that Senior Sister Ji has broken through the realm this time? This is too terrifying, Master guesses it will blossom."

"Senior Sister Ji is the treasure of our sect. No, she is the treasure of the entire Kunlun Xu, and of course the perfect goddess in my heart! It would be great if Senior Sister Ji could say a word to me."

"Senior Sister Ji is such a cold person, she still talks to you, don't dream, she doesn't care about anyone or anything except cultivation!"

"Then you are very wrong. Senior Sister Ji is only interested in Ye Chen. You forgot how much Senior Sister Ji said about that waste in the past five years? Just Fangen, how could Senior Sister Ji care so much? I really can't figure it out, I don't know how many times better than that guy's cultivation base and talent, why!"

Just as everyone was talking about it, a cold voice came from inside!

"Whoever dares to talk about others behind his back is at his own risk! If he really wants to say it! Come to me in front of Ji Siqing and say it!"

As soon as he said this, a trace of blood spilled from the corner of the man who said Ye Chen's fiercest man just now, and the whole person sat on the ground.

Everyone took a breath after seeing this scene!

Stop talking!

In the depths of the palace.

Ji Siqing opened her eyes and slowly exhaled a suffocating breath, her whole body exuding a strong breath.

She came to the window and looked at the star in the hidden door, and muttered: "That guy doesn't know what's going on, and doesn't know if he has broken through to the separation and separation realm."

"Oh, that's right, Huaxia's aura is thin, so how difficult is it for ordinary people to break through, I hope this guy will have some adventures."

...

Lin's family in Beijing, China.

The two elders of the blood alliance sat on the top, Lin Juelong and Father Lin sat on one side!

And in the middle of the living room stood a soldier in a neat uniform!

The soldier exudes an extremely strong aura, and his strength is not weak.

He even has an Iron Blood Medal on one side of his uniform!

Father Lin bowed his hands and said enthusiastically: "Jiexueying Duan Chengfeng! My Lin family has long admired the name. I don't know what to make General Duan come here in person?"

The Lin family still wants to give the Jie Xueying's face.

Duan Chengfeng took out a battle book from his pocket and handed it directly to Lin Juelong, earnestly saying: "This is a battle book written by No.1 himself. Please also Mr. Lin to challenge!"

Hearing these words, Lin Juelong and Father Lin's faces were slightly surprised.

Lin Juelong's strength is almost regarded as China's No. 1 master, there are still people to challenge?

You can't die!

Even if Huaxia has hidden masters, since those hidden masters have not entered the Huaxia Grandmaster list, it must mean that they are not interested in challenges! It is even more impossible to initiate a war against him Lin Juelong!

Who can't think about it this way?

It was the senior Chinese man with top power who wrote it himself!

There are too many things behind this.

Lin Juelong snorted coldly, took the battle book and tore it open!

"Lin Juelong, Ye Chen, martial arts stage battle!"

His eyes instantly fell on the name below!

The critical time point is the day after tomorrow!

The challenger turned out to be Ye Chen!

Father Lin saw that Lin Juelong's expression was a little wrong~www.mtlnovel.com~ and asked, "Who wrote the war book?"

Lin Juelong sneered, his true energy was released, and the battle book was torn apart instantly!

"Who else, just an ant, five years ago, I could easily crush him, and five years later, the same!"

Hearing these words, Father Lin was surprised: "Ye Chen?"

Lin Juelong nodded, stood up, looked at Duan Chengfeng, and said loudly: "This war book saved his life! I wanted to come and kill him personally these days, since he wants to take it for himself. Humiliation, then I can only promise him!"

"You help me tell him that Lin Juelong took this battle book!"

Chapter 432: secret!

In Lin Juelong's eyes, killing Ye Chen is as simple as pinching an ant!

If he doesn't accept Ye Chen's war script this time, then Ye Chen must think he is afraid of him!

Duan Chengfeng nodded in satisfaction, his mission was considered complete, and he said: "On the martial arts platform the day after tomorrow, the chief may also observe the battle in person. The chief does not want anything to happen before the battle of the martial arts platform. Don't resort to some special methods."

Later, Duan Chengfeng looked at the two strong blood alliances again: "The blood alliance is the same. This is in Huaxia, not Kunlun Xu. Please remember."

One of the blood elders did not expect that the Chinese soldier would dare to threaten him. Just about to stand up, the other blood elder pressed the shoulder of the opponent.

Duan Chengfeng didn't have the slightest fear, and his gaze fell on Father Lin again: "The last thing, General Baili will come to the Lin family to negotiate with you tomorrow. You should be there by then."

Father Lin was startled, frowned and said, "Bai Lixiong? He asked us to negotiate with the Lin family? What's the matter?"

The Lin Family is not afraid of Bai Lixiong's strength, but if the Jie Xue Ying adds the power of Hua Xia, Bai Lixiong is also a bit threatening.

Duan Chengfeng shook his head and said, "I don't know what the specific matter is. It is a military secret. Tomorrow you will see the general, and the truth will naturally come to light. It's late, don't bother you to rest, leave!"

After speaking, Duan Chengfeng walked directly outside.

After he left, the Lin family fell into a brief silence.

"That kid actually wants to challenge you?" An old man of the blood alliance said, with a slight disdain in his tone.

In his opinion, Lin Juelong counted as one of the talents of the blood alliance with unlimited potential, otherwise he would not be brought into the blood alliance from China by an elder.

And now that a Chinese kid was going to challenge Lin Juelong, it was ridiculous.

Lin Juelong sneered: "My lord, it's just a trash. I want to kill him. I don't need three tricks. When the time comes, I will go to the martial arts platform to watch. I will abolish this man's hands and feet. When he feels the endless fear, my lord Ask him some more things, and I'm not afraid he won't say anything."

The blood elder nodded: "That is natural, I believe in your strength, the mere firefly light dare to compete with the sun and the moon!"

Just when everyone was sure about the outcome, the other blood elder frowned and said: "I am afraid it is not that simple. The man in power in China is not a mediocre person. Since he personally wrote the war book, it shows that this person is against Ye. Chen is extremely optimistic."

"This is not the key. Have you forgotten that this kid has stayed in the land of the dragon veins for two full days. It is definitely not an ordinary person to be able to stay in the land of the dragon veins for two days. Moreover, we have not found out the sect behind this child. Recently, I Through some channels, I checked all the martial arts sects in Kunlun Xu regarding the existence of Ye Chen's name. The strange thing is that there are so many sect disciples, and there is no one named Ye Chen. The key is not even the same name. This is a bit weird."

"Anyway, in the martial arts battle, you must not underestimate the enemy, you should be careful."

Lin Juelong squinted his eyes slightly when he heard these words, but in an instant he released a strong confidence: "My lord, you worry too much. In the face of absolute strength, there is no underestimation! No matter how strong this one is, I will still Crush!"

The blood elder shook his head helplessly, and said nothing more.

...

Hua Deng, Beijing Normal University, teacher apartment.

Ye Chen ate a full 30 dumplings before going to the living room to rest. Not to mention, the taste of mother and second female bag was really good.

The double-door refrigerator in the teacher's apartment was almost filled with dumplings.

Because this teacher's apartment has three bedrooms and one living room, one is for Ye Chen, one is for Jiang Weirong, and one is just for Xia Ruoxue and Sun Yi.

The second daughter stayed overnight.

Jiang Xirong saw the ambiguous relationship between Ye Chen and the second daughter at a glance, and without interrupting, went straight into the room and began to practice.

She wished she could hug her grandson sooner, not to mention that she liked both girls very much.

Body, face, and temperament are considered top-notch existence in China. If this kind of girl marries home, the child born will not be bad.

I just don't know who Ye Chen will choose in the end. It would be best if Ye Chen married both.

Jiang Hirong is not a traditional woman. She knows very well that since ancient times, powerful men have been surrounded by groups of beautiful women. It is nothing to hug right and left.

This is also human nature.

Although Huaxia advocates monogamy, it is only aimed at ordinary people.

Those top wealthy people are powerful and powerful. Naturally, there are ways to circumvent this rule or even legalize it.

Before practicing, Jiang Xirong even called Ye Chen into the room and seriously warned: "Chen'er, you are not allowed to bully the two girls. Mom has promised to cover these two girls. If you bully any of them, I But I want to beat you up."

Ye Chen smiled and nodded repeatedly.

If Ye Chen is most afraid of the person right now, none is his mother.

Ye Chen returned to the living room, Xia Ruoxue was already taking a shower, and Sun Yi sat on the sofa, wearing pajamas, stretching her waist comfortably, her chest full and slightly shaking, quite magnificent.

Ye Chen could even see two black spots on the pajamas.

Obviously, Sun Yi didn't even wear a bra.

"Xiaochenzi, come here and I will tell you a secret."

Sun Yi stretched out her hand, her beautiful eyes filled with joy.

Ye Chen sat on the sofa, turned his head, curiously said: "What?"

Sun Yi slowly leaned to Ye Chen's ear, and the warmth and breathing touched Ye Chen's heartstrings.

"Do you remember what I said to you when you left Jiangnan Province?"

Ye Chen thought for a while, and shook his head: "Forgot."

Sun Yibai glanced at Ye Chen and whispered: "Fortunately, you are still a man. I can't remember this. I thought about it for you. Actually...tonight Ruoxue and I are not sleeping in that empty room, hehe, we want to sleep. your room."

Ye Chen was startled, and subconsciously thought of something. She knew that Sun Yi was bold, but she didn't expect Xia Ruoxue to agree to it?

This is totally unlike Xia Ruoxue's character.

Sun Yi noticed something and said: "I bet Ruoxue, Ruoxue loses, she will naturally listen to me, but, tonight, don't want to do anything bad. You can only sleep in your arms, and the rest. Can't do it."

"Auntie can be next to ~www.mtlnovel.com~ The movement is too loud. How will Ruoxue and I see Auntie tomorrow?"

Just as Sun Yi wanted to say something, there was a movement in the bathroom door, so she kissed Ye Chen's cheek with red lips and ran towards the bathroom.

"Xiaochenzi, my palace is going to take a bath. After I finish washing, it's your turn to wash. All you have to do tonight is to wait for the bed, hehe..."

Sun Yi went directly into the bathroom, and Xia Ruoxue came out. The ends of her hair were still wet and she was wiping with a towel. Even if she was wearing a nightdress, her white and slender thighs were exposed in front of Ye Chen's eyes, making people feel that her mouth was a little dry. .

Xia Ruoxue glanced at Ye Chen, her white face was full of red clouds, she didn't know if it was because of the shower or the next thing.

She did not speak, and walked straight to the room.

It's just not her and Sun Yi's room, but Ye Chen's room.

Chapter 433 Jiang Huirong's Surprise!

Seeing Xia Ruoxue walk into her room, Ye Chen was sure that what Sun Yi said was true.

These two girls are so amazing now?

Not long after, Sun Yi finished the shower, finished blowing her hair, blinked at Ye Chen, and smiled: "Xiaochenzi, my palace is waiting for you in bed."

After ten minutes, Ye Chen finished the shower and entered his room.

Although the light is off, he, as a cultivator, can naturally see everything in the dark.

Xia Ruoxue and Sun Yi lay on one side, and the side closer to the outside was reserved for Ye Chen. The bed was two meters long. The two second girls were in good shape, but they didn't take up much space.

Collect hundreds of warriors! Play free!

Sun Yi squinted her eyes, pretending to hear a heavy breathing.

Ye Chen smiled and shook his head, opened the quilt, and lay directly in.

The second woman did not respond at all.

"Don't tell me, are you all asleep?" Ye Chen said lightly.

Sun Yi and Xia Ruoxue still didn't make a sound, but Ye Chen saw the eyes of the two open in the dark, and even felt the beating of their hearts.

The corner of Ye Chen's mouth was outlined, and he turned around and hugged Sun Yi.

"Really asleep?"

Ye Chen stretched out his hand, put his arms around Sun Yi's waist, and kept sliding gently over Sun Yi's body.

Sun Yi wanted to hold it back, but in the next second, he gave a puff and laughed!

"Xiaochenzi, you bully me, I want to talk to auntie!"

Ye Chen smiled: "It seems that none of you slept."

"Huh, I'm not woken up by you yet."

At this moment, Xia Ruoxue, who had not spoken, said: "Xiao Yizi, let him sleep in. I will help you supervise him. If he moves, we will go to the auntie to file a complaint."

The second daughter moved Jiang Huirong out.

sp; Sun Yi turned over Ye Chen in the dark, the soft thing almost squeezed Ye Chen's chest, causing his thoughts to fly.

Not long after, Ye Chen was squeezed between the two women.

Ye Chen could clearly feel the touch of the second woman's skin.

No matter how he put it, he is also a man with a strong spirit, even if he enters the path of cultivation, his physical needs are normal.

"Go to sleep, get up early tomorrow, next time there is a chance." Xia Ruoxue said lightly.

After speaking, he closed his eyes and heard a faint breathing.

More importantly, Xia Ruoxue held Ye Chen's left hand tightly with both hands, for fear that Ye Chen would come around.

"Xiaochenzi, Ruoxue has spoken, you should go to bed honestly."

Sun Yi reached Ye Chen's ear and blew gently.

Ye Chen thought that Sun Yi was really like this, but he didn't expect that a slender and warm hand would slowly hover over his important parts.

Hold it tightly.

"Shhh."

In the dark, Sun Yi showed a relieved smile, making Xia Ruoxue accept that such a thing was not so simple. If she were not there, it was estimated that something would have happened between the two, but it is really difficult for Xia Ruoxue to do it with two girls.

But being able to sleep together would make enough progress, and it won't be long before Sun Yi believes that Ruoxue will definitely agree.

And she tested the teacher's apartment in the daytime, and the soundproofing was really bad.

At least today is not the best time, but she will not let Ye Chen feel uncomfortable.

In the next second, his body shrank slightly, and even got into the bed.

Ye Chen was puzzled, and suddenly, he could feel a warm package.

The quilt underneath is even more ups and downs.

This feeling is like being touched by a ray of lightning.

The key is too exciting...

...

No words for a night.

After waiting two days, when Ye Chen woke up, he found that Sun Yi was no longer around.

On the contrary, Xia Ruoxue was wearing casual clothes looking at Ye Chen interestingly.

"How was your sleep yesterday?"

Ye Chen nodded: "It's okay, where are you going to dress like this?"

A mysterious smile was outlined at the corner of Xia Ruoxue's mouth, and she leaned forward, her red lips kissed Ye Chen's lips.

"Although I didn't satisfy you yesterday, I hope you don't get angry. This bed is too small. I will come with you again when the bed is big enough."

"Also, today Sun Yi and I are going to the Beijing Trade Center. There is a negotiation that needs to be dealt with. This is very important for Tianzheng Group. If you have a relationship in Beijing, you can ask someone to help. Shen Haihua can handle it somewhat. It's tricky. If not, my Xia family's contacts can barely be realized in Beijing."

Ye Chen nodded. He was actually a little guilty about the responsibility of the second woman, after all, he had done too little for the Tianzheng Group.

"Ruoxue, thank you very much."

Xia Ruoxue smiled: "What's the hard work, Sun Yi and I are working for ourselves, you have slept with us, don't fool around, Tianzheng Group can have our shares."

"Okay, I won't talk to you anymore, the time is almost up, I guess there will be a line up there."

Ye Chen's entry into a classroom apartment in the capital, in her opinion, may be a compromise with some forces in the capital. Even though Ye Chen is the first person in Jiangnan Province, the gap between Beijing and Jiangnan Province is too great.

Big.

The Xia family, a huge consortium, did not dare to do anything to cross the line in the capital.

It can be seen that the capital is not easy.

But no matter what Ye Chen was doing in the capital, she didn't care, all she had to do was to give Ye Chen a huge stage.

At least the stronger the Tianzheng Group, the more China Power would protect Ye Chen.

After Xia Ruoxue left, Ye Chen thought of something and directly dialed the phone number of Andian and Lei Shuwei.

Let them deal with the Beijing Trade Center.

The relationship between the dragon soul and the dark palace should be enough to deal with this matter.

After doing all this, Ye Chen knocked on the door of his mother's room after finishing washing.

Even outside, he could feel the air surging in the house.

Extremely strong.

Mother actually broke through the Kaiyuan realm. It was only a few days of work, which is too shocking.

This cultivation speed can be regarded as an evildoer even in Kunlun Xu.

The key mother has missed the best time to practice.

She should be practicing so hard for her father.

Ye Chen stopped thinking, holding the land certificate Bai Lixiong gave him, and knocked on the door at the same time.

Tomorrow will be a battle with Lin Juelong Budotai, and it is estimated that No. 1 will also send his father back.

Tomorrow should also be the day for their family reunion~www.mtlnovel.com~ Before that, he wanted to surprise his mother.

The breath in the house stagnated, Jiang Weirong walked out: "Chen'er, what's the matter?"

"Mom, this is for you."

Ye Chen handed out the land certificate in his hand.

Jiang Huirong frowned, wondering what her son was doing.

She glanced roughly and knew that it should be something like a land certificate.

Does my son want to buy land to build a house?

Yesterday she learned from her second daughter's mouth that the Tianzheng Group that appeared in the news recently was her son's business. She was surprised for a long time, but when she thought that she was injured that day, Chen'er gave her a bottle of spiritual liquid, she was relieved. .

Chapter 434 The city is shocked!

With such a miraculous thing, those products of Tianzheng Group are nothing.

Unconsciously, her son Jiang Hirong is not only very strong in martial arts, but also in medical skills.

Chener is going to enter real estate?

Jiang Xirong opened the land certificate and just wanted to say something, the next second, her eyes were filled with panic!

Her eyes fell on the seal and signature in the lower right corner, and her expression became very strange.

Her hands trembled: "This...this is the land of Bailixiong? How could it be possible!"

She naturally didn't believe it for the first time, because Bai Lixiong's things, let alone her son, even the Jiang family is not qualified to spy!

The key is that the strength of his son is nothing in front of Bai Lixiong!

Jiang Hirong even felt like she was in a dream.

"Chen'er, this is that piece of land? Bai Lixiong agreed? How could it be possible?"

Ye Chen nodded, a trace of affirmation in his eyes.

"Mom, this is the first thing I want to tell you. I'm not here these days, just to deal with this matter, this is handed to me by Bai Lixiong."

Jiang Hirong was still a little confused, and her son and Bai Lixiong were chatting and laughing in her mind subconsciously!

But no matter how you look at this picture, it is not real!

Ye Chen's strength is good, but he is not strong enough that Bai Lixiong can let go of this land.

sp; Numerous doubts entangled Jiang Hirong's heart, and she didn't know what to say for a while.

"Mom, I have to tell you the second thing. No accident, father will be back tomorrow."

Ye Chen said lightly, even though he was excited, he still seemed to be narrating an ordinary thing.

Jiang Huirong held her breath.

She did not speak, staring at Ye Chen's eyes, trying to see that her son was joking.

But she saw her son's eyes are extremely serious.

"The Lin family is willing to let go of Tianzheng?"

Ye Chen nodded: "Some things don't help them. The last thing is tomorrow, I will fight Lin Juelong's martial arts platform. Some grievances should be ended."

Ye Chen didn't need to conceal it. It is estimated that this matter will soon be heard throughout the Chinese martial arts world today.

Mother will know sooner or later.

I learned from others that my mother would only worry, and it would be better to give my mother confidence.

If the previous two things left Jiang Huirong's brain blank, Ye Chen's last sentence would be like a bolt from the blue sky that hit Jiang Huirong's heart.

"No!" Jiang Huirong said decisively.

She knows Lin Juelong's strength, and recently she has also learned about Lin Juelong's specific information through various channels.

This person is not only capable of surpassing the sky, although he ranks second on the Huaxia Grandmasters list, many people think that Lin Juelong has the first strength on the Huaxia Grandmasters list.

If it weren't for the number one existence, he would have disappeared long ago, and it is estimated that Lin Juelong would have taken the first place in the Huaxia Grand Masters list.

Moreover, Lin Juelong has cultivated for decades, and has a very strong talent, even stepping into the depths of Kunlun Mountain, the sect behind it is mysterious and unpredictable.

It has only been five years since his son entered the martial arts. Although Ye Chen's strength is so strong, he is undoubtedly seeking death to deal with Lin Juelong!

She doesn't want her son to be in any danger!

"Chen'er, you definitely can't go to the martial arts stage tomorrow. You have not fought against Lin Juelong. You don't know how good this person is. Mom has been gathering people recently. The one from Hui'an province is already in the capital. Strength, if you add a few people, you should barely be able to fight Lin Juelong. Mom doesn't want you to do anything stupid, and..."

Just as Jiang Huirong was about to say something, her pocket phone rang!

From Jiang Jianfeng!

Pressing the answer button, he heard Jiang Jianfeng's hastily voice: "Peirong, why did Ye Chen and Lin Juelong agree to fight in the martial arts stage! Now the whole capital martial arts world is the news! Ye Chen is not by your side, you guys Are you still in Beijing Normal University?"

"The Lin family has already sealed off the entire capital city, and is monitoring you secretly. I guess they will never let you leave the capital city!"

"Beijing Budotai has already begun preparations, and the black market has begun to make odds. This time things are really making a big deal!"

Jiang Xirong realized that something was wrong. She glanced at Ye Chen, who was calm, and asked Jiang Jianfeng: "That means we might not even refuse? Chen'er must challenge?"

"Nonsense! Huaxia has been the place to resolve disputes since ancient times, and it is impossible to refuse! The key to this battle is written by Ye Chen himself, and the old chief is also a witness. This time is the worst in the martial arts station in more than ten years. Once again!

The old man also asked my opinion today. If Ye Chen is willing to hand over those martial skills, the old man may consider saving Ye Chen's life in a critical moment! Otherwise, at your own risk! "

p; "Second brother, wait for me, don't hang up, I have to consider the answer of the old man for a while."

Jiang Huirong took the phone away and stared at Ye Chen. Although she believed in her son, she did not expect her son to make such a surprise decision.

The key point is that this decision not only makes her look down on her, but almost everyone is down on it!

"Chen'er, mom only asks one thing, how sure are you in the battle of the martial arts platform? Lin Juelong is the second existence on the Huaxia Grandmaster list, and his strength is almost heavenly. It is difficult for you to defeat him. This is the truth. "

Ye Chen stretched out a fist.

"Zero floor?" Jiang Huirong's tone was a bit blamed and disappointed.

"That's wrong, it's ten percent. Mom, since I'm sure to write down the war, I will naturally be able to kill Lin Juelong tomorrow."

"What you have to do is to wait for the reunion of our family under the martial arts stage tomorrow."

"Even if Lin Juelong is very strong, even if he comes from the depths of Kunlun Mountains, and even rumors that Lin Juelong is from hell, what about it! Ye Chen is not a person who waits for nothing, the power I control behind is far beyond what he thought. . Mom, now, you only have to trust me once."

"Tomorrow I will take down Lin Juelong's head!"

At this moment, Ye Chen exploded with extremely strong confidence.

Jiang Huirong glanced at Ye Chen, gritted his teeth~www.mtlnovel.com~ picked up the phone and said to Jiang Jianfeng: "You don't need to help me reject the father, that's it."

At this moment, Jiang Hirong chose to believe in her son.

Since his son said that he was ten percent, he could not lose.

In her eyes, Ye Chen couldn't lie about such serious things.

"Chen'er, I only have one request. Tomorrow, no matter what the result is, you have to walk down the martial arts stage alive, understand?"

Ye Chen nodded: "Don't worry. I'm still thinking about Dad's braised fish."

Not long after, Ye Chen's phone rang, and after a glance, he knew what purpose the other party had.

It's nothing more than the battle of tomorrow's Budotai.

A dozen calls in a row made Ye Chen a little upset, so he hung up.

Chapter 435 The City Is Shocked!

...

The Lin Family in Beijing.

Family meeting room.

Bai Lixiong walked into the meeting room with two Jagged Camp strongmen.

At this moment, Bai Lixiong's injury was almost healed, and the strong aura on his body was also revealed.

If it hadn't been for the tricks of Zheng Renjue and Broken Soul Gate that day, and facing hundreds of strong men and being injured, it would be impossible for him to be so embarrassed in the land of dragon veins.

In terms of qualifications or overall strength, he was a bit stronger than Lin Juelong.

Father Lin glanced at Bai Lixiong, his eyes narrowed slightly: "What wind is blowing General Baili today? How about I let my servants cook some delicious food, and the general stay here for a while?"

Bai Lixiong shook his head and didn't want to talk nonsense: "No, I am here just for one thing to hand over Ye Tianzheng."

Hearing these words, Father Lin and Lin Juelong's eyes shrank.

They didn't expect Bai Lixiong to come here for this!

The key to Ye Tianzheng's secret has not been obtained, how can they let it go!

Father Lin said directly: "General Baili, you can't talk nonsense. Who is Ye Tian? I don't know anyone in Lin, how can I hand it over?"

Bai Lixiong snorted coldly: "Lin Ao, there are only a few of us in this room. You don't need to hide it. I'm here to negotiate today. I hope to be friendly. Even if your Lin family is the top family in the Chinese martial arts world, the country Strength is not so easy to defy. I have a thousand people in the iron and blood camp, plus the strong in the dark part of Zhongnanhai, if you really want to move your Lin family, it will not be impossible!"

"Also! You should be very clear that Huaxia still has guardians!"

Bai Lixiong's words contained a hint of threat.

In his opinion, Ye Chen gave his wife's whereabouts and saved him and Bai Libing. No matter what, Ye Tianzheng, he must protect him.

Lin Ao and Lin Juelong stood up one after another!

"So big

Feng, Bai Lixiong, I can understand, are you threatening me? "

Bai Lixiong nodded: "If you want to understand it this way, you can. Now Ye Tianzheng is involved in Huaxia's secrets and must be taken away! This is what the chief meant. If you don't know each other, Huaxia will have to pay a price, but you can Think about it, who suffers more in this matter?"

What Bai Lixiong has to do is to be strong, otherwise it will be difficult to suppress the Lin family!

The expressions of Lin Juelong and Lin Ao changed completely, and the murderous intent on their bodies was covered!

They never thought that Bai Lixiong would dare to threaten their Lin family!

What if there are Jagged Camp and Huaxia!

"Bai Lixiong, you should be very clear. If we want to kill you, don't even want to go out. Even if your strength is very strong, can it be possible that you and a few strong men from the Jagged Camp can stop us? Huh!"

Lin Ao and Lin Juelong walked towards Bai Lixiong!

Not only that, but the powerhouse of the Lin family is also threatening.

"Snapped!"

Bai Lixiong slapped a palm on the conference table in front of him, and the conference table was directly broken into pieces!

"Could your Lin family still want to move me? When I really think I am a vegetarian?"

"You might as well see what's going on outside before making a decision!"

Lin Ao felt something was wrong, and as soon as he wanted to speak, a strong Lin family hurried over.

"Master, the Lin family has been surrounded by the Jagged Camp!"

Hearing these words, Lin Ao felt that Bai Lixiong was really playing this time.

Thousands of Jagged Camp! If the Guardians of China were also dispatched, the matter would be really serious.

The two elders of the blood alliance are not in the Lin family today. If they really want to start, they will definitely lose both!

Lin Ao hesitated for a long time, and said, "If you want to hand over Ye Tianzheng, you can! But I have a prerequisite. In the martial arts battle tomorrow, Ye Chen must survive! If he doesn't even have the right to live, even if he hand over Ye Tianzheng, It will eventually fall into the hands of my Lin family."

"This is the biggest compromise of my Lin family. If you don't allow Bai Lixiong, the big deal will be a battle. My Lin family has been standing in China for so many years, and it is not a vegetarian!"

Bai Lixiong went to the corner to make a call, walked out after a while, nodded and said, "Okay, but Ye Tianzheng will also be brought into the martial arts stage tomorrow. If Ye Chen loses, China will naturally not pursue it, but Lin Juelongruo If you lose, you must release people on the spot!"

Lin Juelong snorted, will he lose? Naturally impossible!

He not only wants to win, but also tortured Ye Chen!

What if Bai Lixiong and Huaxia stood behind this son!

No one can stop the martial arts platform! Only strength is respected!

...

At the same time, Kunlun was empty.

Wan Jianzong, Zongmen Hall.

The head of Wan Jianzong and the elders knelt on the ground together, shaking!

The breath of these people is terrifying, and they have a supreme position in Kunlun Xu.

But at this moment, there is only fear in their hearts!

Don't even have the qualification to raise your head!

On the top of the Zongmen Hall, stood a man with a fairy style and a bone.

The man wore a white robe, his body was ethereal, his black hair was three thousand, flowing down his shoulders, with a slight gleam.

He carried a huge sword box behind his back, with his hands on his back, and stood there quietly, also giving birth to a chill.

It is Chen Tianli!

"My lord, we really don't know where to offend you. I also ask the adults to show mercy. The Ten Thousand Sword Sect has been established for thousands of years. I don't want this foundation to be ruined in my hands. I am willing to give everything the adults want."

Sect Master Wan Jianzong's face paled, and a frightened and trembling voice sounded!

The person in front of the key is too terrifying!

He has no power at all!

The coercion is enough to crush everything!

The key is that the opponent also understands the martial arts of Wan Jianzong!

He was afraid that all the thousands of disciples and elders of Wan Jianzong would be killed by the other side waving his hands! Destroy Wan Jianzong!

Then how could he be right about his master and master!

Chen Tianli glanced at the speaker indifferently, and said, "Have I ever said to destroy your sect?"

Sect Master Wan Jianzong was startled: "Why did the lord come to Wan Jianzong?"

Chen Tianli smiled coldly: "I only ask you one question, is the sword-shaped person of your Ten Thousand Sword Sect?"

Sect Master Wan Jianzong's expression changed drastically: "My lord, the shape of the sword falling is the person who founded our Wan Jianzong school, I don't know..."

"That's fine." Chen Tianli paused for a moment, and said in a shocking voice, "The shape of a sword falling is my impeccable apprentice. Today I came to you Wan Jianzong for another person!"

As soon as these words came out, the entire Ten Thousand Sword Sect was silent!

The founding ancestor was actually this person's apprentice?

Chen Tianli offered a piece of jade pendant in his hand. The jade pendant was suspended above the hall, and a voice resembling thunder sounded:

The Lin Family in Beijing.

family meeting room.

Bailixiong walked into the meeting room with two Jagged Camp strongmen.

At this moment, Bai Lixiong's injury was almost healed, and the strong breath on his body was also revealed.

If it hadn't been for the tricks of Zheng Renjue and Broken Soul Gate that day, and facing hundreds of powerful men alone and injured, it would be impossible for him to be so embarrassed in the land of the dragon veins.

In terms of qualifications or overall strength, he is a bit stronger than Lin Juelong.

Father Lin glanced at Bai Lixiong, his eyes narrowed: "What wind is blowing General Baili today? How about I let my servants cook some delicious food, and the general stay here for a while?"

Bai Lixiong shook his head, not wanting to talk nonsense: "No, I am here, just for one thing, to hand over Ye Tianzheng."

Father Lin and Lin Juelong's eyes shrank upon hearing these words.

They didn't expect Bai Lixiong to come here for this!

Bai Lixiong nodded: "If you want to understand this way, you can. Now Ye Tianzheng is involved in Huaxia's secrets and must be taken away! This is what the chief meant. If you don't know each other, Huaxia will have to pay a price, but you can Think about it, who suffers more in this matter?"

As soon as these words came out, the entire Ten Thousand Sword Sect was silent!

"Master, I don't know why you came here?" Sect Master Wan Jianzong trembled.

Chen Tianli offered a piece of jade pendant in his hand. The jade pendant was suspended above the hall, and a voice resembling thunder sounded:

"If you see someone holding this jade in the future, see him as the deity!"

Chapter 436: Burst!

Everyone in Wan Jianzong frowned when they saw the floating jade pendant.

The jade pendant is very simple, with six long swords carved on it.

The back of the key jade pendant is engraved with four characters, Sword Sovereign of Ten Thousand Ways.

Is this mysterious man the Sword Master Wandao?

Suddenly, the Sect Master of Wan Jianzong thought of something, his mind moved, and a painting appeared in his hand!

The painting was spread out directly, and there was an old man in the painting, with six swords floating around his body.

The strange thing is that this six-handed sword is exactly the same as the six-handed sword in that jade pendant!

Sect Master Wan Jianzong's eyes fell on the old man in the painting again!

And he raised his head and glanced at Chen Tianli.

Except that the dress and hairstyle are much worse, the face and temperament are exactly the same!

At this moment, Sect Master Wanjian's expression was a bit wrong.

The origin of this painting is special. It came from the hand of the patriarch who founded the school, Luo Jian-shaped.

Although I don't know the meaning of this painting, it is said that the sword-shaped sword also protected this painting before his death.

He even told his disciples that this painting is very important, and that this painting should be kept at all costs. Even if the sect disappears, this painting cannot be destroyed.

At this moment, Sect Master Wan Jianzong realized the seriousness of the matter.

He even completely believed that the mysterious person on stage was the master!

Thinking of this, a layer of sweat began to appear on his forehead.

Chen Tianli glanced at the crowd, held his five fingers, and the jade pendant floating in the air appeared on the palm of his hand.

"Do you remember this jade pendant and what I told you?"

"Master, disciple write it down." Sect Master Wan Jian said respectfully, "Seeing this jade pendant is like seeing Master! I will pay attention."

"it is good."

Chen Tianli nodded, a white mist surged all over his body.

This is one of the things he can do for Ye Chen.

Now that the matter is complete, he should also go back.

Don't know how that kid is in China now?

It's time to go back and take a look.

The fog disappeared, and Chen Tianli's figure was gone, leaving only the bewildered Wan Jianzong people!

...

Ye Chen naturally didn't know about Chen Tianli. At this time, he and Jiang Huirong came to the land.

Because Ye Chen explained that Ye Lingtian was responsible for establishing the Ye Family yesterday. When the two arrived, the original wasteland had long been changed.

Hundreds of workers are working together in construction, with a clear division of labor.

Even the main building is roughly shaped.

"Dian...Mr. Ye." A man wearing a hard hat came over, with dark skin and the breath of a warrior.

"So efficient?" Ye Chen asked a little surprised.

The man in the helmet grinned: "Mr. Ye, the construction started when I received your call yesterday. The government's approval is also easy. There is a dedicated person to do it. In addition, several well-known construction companies in China have actively contacted us to integrate. Some teams will start after confirming the drawings."

"This group of workers are the most professional in China. Mr. Ye can rest assured that by 12 noon, these workers will take a break, and they will be replaced by another group of workers to continue. This time we pay 20 times the normal price. The crowd is very motivated."

Jiang Huirong didn't expect the efficiency to be so high, and subconsciously said: "Can't that be done in more than a week?"

The man in the helmet smiled: "It may not be necessary for a week. The work starts 24 hours a day, the workers are sufficient, the materials are advanced internationally, and the machinery is imported from country M. The construction can be completed in as little as four days. time."

Jiang Xirong nodded. With such manpower and money, it is indeed much easier to build a family.

"Thanks for your hard work, take this pill." A pill appeared in Ye Chen's hand and threw it out.

When the man in the helmet saw the pill, his breathing was short, and he shook his heart's pill, and quickly thanked: "Thank you Mr. Ye!"

"Ok."

Afterwards, Ye Chen and Jiang Weirong looked around and were satisfied with everything.

The entire Ye family not only occupies a huge area, but also has mountains and waters.

When Ye Chen received the drawing yesterday evening, he even discovered that there were still several training rooms on the drawing, all of which were made of black stone, so that there would not be too many changes during cultivation.

The black stone has arrived today.

This is also necessary for the existence of Tianzheng Group, at least in China, money can make many things easier.

Whether it's establishing the Ye family, or other things.

Tianzheng Group is 100% owned by Ye Chen, and the cash flow is almost overflowing. Let alone build a Ye family, even if he builds one hundred Ye family, his funds are more than enough.

However, Jiang Hirong is a little worried. The start of construction here is probably going to alarm those people soon.

The advent of the Ye Family in Jingcheng will inevitably touch the interests of many people.

Not only the Lin family and the Jiang family, but the other martial arts families in Huaxia Capital will certainly notice the existence of the Ye family.

Coupled with tomorrow's Budodai battle, the water in the capital's martial arts world is really going to turn.

Those guys naturally thought that Ye Chen could not win, so this piece of land would definitely become the most abundant meat in the eyes of those guys.

"Chen'er, it's actually very easy to establish the Ye family, but it's difficult to keep the Ye family. As far as I know, this land is remembered by many families. Rikoo pressed it forcibly, and the top families in the capital had already fought for this place..."

Ye Chen smiled and said, "Mom, don't worry, since I dare to establish the Ye family, I am naturally prepared to deal with it. If someone does not have eyesight, it is a big deal to leave him behind."

Jiang Xirong could only nodded, then got in the car and headed for the classroom apartment.

The car hadn't driven far, when suddenly, there was a loud noise from the rear!

Ye Chen's eyes shrank, and he quickly made the driver turn around!

When the car drove into ~www.mtlnovel.com~ again, it was discovered that there were six or seven Hummers parked near Ye's house!

One of the modified Hummers slammed into the half-built wall.

Countless bricks and stones flew across, and most of the workers' hard work was destroyed.

Not only that, but the four workers were huddled with blood on their bodies, clutching their wounds hard.

Ye Chen opened the door of the car and rushed down. Regardless of the several Hummers, he came directly to the injured worker, pinched his fingers, a faint light covered it, and the blood stopped instantly.

The dark palace strong man wearing a helmet found that something was wrong, and walked towards the place where the accident happened.

Ye Chen checked it. Except for one of the four workers who were injured, the other three had broken bones or received some minor injuries.

Ye Chen came to the seriously injured worker, but he didn't care about anything. He took out a healing pill and let the other party take it. The injury was barely stopped.

"how do you feel?"

The worker's expression was a bit hideous and uncomfortable. He gritted his teeth and was covered in sweat. He probably knew Ye Chen's identity, but he was the boss anyway.

"Boss, I don't feel my hands are conscious anymore... My daughter is still in college, and my wife needs to take medicine. What should I do if I can't work..."

Chapter 437: Give me an explanation!

Silver needles appeared in Ye Chen's hand, and they shot a volley on the arm of the seriously injured worker. The latter instantly felt a warm current stimulating his arm and even made him feel a little comfortable.

"Don't worry, there will be no major events."

Ye Chen glanced at the worker who was not in serious trouble behind him: "Help me take care of this person."

"Okay... boss."

After doing all this, Ye Chen's eyes fell on the Hummer.

The door of the Hummer opened, and several boys and girls came down. Without exception, this group of people possessed martial arts strength.

Not only that, but the modified Hummer that broke through the wall was a proud young man and two old men.

The old man is guarding the young man, his eyes are only alert and cold.

The strong man in the dark hall with a helmet was already standing at the door, his eyes were cold, staring at these people, and said coldly: "Who are you! Why are you destroying this place?"

The young man in the lead didn't pay any attention to it, then glanced inside and said lightly: "This land, Bai Lixiong agreed with you to build?"

The young man's name is He Jianqi, the son of He's parents.

The He family is also one of the top families in the capital. Although it is not as good as the Lin family and the Jiang family, it should not be underestimated.

The key point is that the He family cannot be tied with the Lin family because of their location. Once they build their family on a treasure, their luck will definitely change!

Maybe it can become a top family!

The only piece of land that the He family has seen in the capital over the years is this!

How many times they negotiated with Bai Lixiong, and even used all means, Bai Lixiong did not relax.

They have no choice.

At least, no family in the capital can afford this piece of land, which is fair.

But just a few hours ago, the He family received news that this piece of land has actually begun to be built, and the key speed is extremely high!

They couldn't sit still, and the picture now appeared.

He Jianqi set his eyes on the strong man in the dark palace, and asked: "This land, Bai Lixiong has let go, who is behind you? Which family?"

The dark temple powerhouse pointed to the damaged Hummer, and said word by word: "You move the car out first! Also, the injured workers please apologize and compensate! If you don't want to, you can go to law. way."

He Jianqi seemed to have heard some funny joke, and said in amazement: "You talk to me about the law? Fa your mother! Answer Lao Tzu's question first!"

When the words fell, a gust of wind was brought up under his feet, and he kicked directly towards the dark palace powerhouse!

The strong man in the dark palace is naturally not a vegetarian. When he turned his body, his five fingers spread out, and he directly clasped the opponent's foot. Just when he was about to exert his strength, an old man appeared beside him with a palm facing his shoulder. Come!

This palm carries the whistling wind, once it falls, the consequences will be disastrous!

"Boom!"

Even if the strong man in the dark hall wanted to dodge, he still took a blow, kicked and kicked, and retreated six steps.

At the sixth step, a blast of air covered his back, which stopped him.

He looked back and found that it was Ye Chen, and hurriedly said: "Hall Master..."

"I'll take care of this." Ye Chen said, his tone was very calm.

"Yes, the Lord!"

The dark palace powerhouse retreated to the back, while Ye Chen came to He Jianqi's front: "Who are you? Who sent you?"

He Jianqi saw a young man standing in front of him. He spoke in this tone. He was a little unhappy, but he still said: "Who the **** are you? I asked the person behind this place, what are you? !"

Before he finished speaking, Ye Chen moved, and Canglong's phantom body surged and appeared in front of He Jianqi!

In the next second, I kicked it out!

An extremely easy kick!

At the moment when that kick blasted, faintly, I could hear Ye Chen's right leg, the bones and muscles croaking together, making a crackling sound!

Like a tiger roaring in the sky!

Ye Chen at this moment was full of violent aura!

He Jianqi didn't expect the other party to start suddenly!

Even the two old men didn't even think of it!

The key is Ye Chen's speed is too fast! Soon they are not even qualified to react!

"Boom!"

This kick directly hit He Jianqi's lower abdomen, and He Jianqi flew out like a broken kite!

Spit out blood!

The face is almost distorted!

Even the ribs seem to be broken!

Under the terrifying aura, the entire ground faintly shook.

Ye Chen's sudden attack made everyone confused!

No words, no conflicts, just one kick!

I'm afraid this kid is crazy!

The other boys and girls quickly helped He Jianqi up.

"He Shao, do you have anything..."

He Jianqi pushed everyone away, took out a pill, and took it, staring at Ye Chen, and roared: "I'm the **** thing, you won't look at it, grass!"

"Old Qiu, Old Yu, help me get that little beast!"

The two old men with terrifying aura nodded and walked towards Ye Chen.

At this moment, Jiang Yanrong in the car clearly recognized the origin of this group of people, and quickly got out of the car and came to Ye Chen's side.

"Chen'er, this group of people belong to the He family in Beijing. I have seen the two old men. They should not be underestimated. The He family in Beijing can also be regarded as the old martial arts family in Beijing. The key to these years, they seem to have been interested in this land... .."

She knows Ye Chen's character, and hopes Ye Chen can stop a bit.

After all, as a mother, she doesn't want Ye Chen to have too many old enemies~www.mtlnovel.com~
The Jiang family and the Lin family are already hard enough to deal with. If you add a He family, it will be really troublesome.

Ye Chen's eyes did not change at all, and he said, "How does the He Family compare to the Lin Family?"

Jiang Huirong shook her head: "Not as good as the Lin family."

Ye Chen sketched a sneer at the corner of his mouth: "Mom, have you ever heard an idiom, kill chickens and curse monkeys?"

Jiang Huirong's expression changed, and she hurriedly said, "Chen'er, the He family is not a chicken. They have stood in the capital for thousands of years. Regardless of their strength or network, it is best not to be too much, otherwise it will be very troublesome..."

"Mom, I know, just leave it to me."

Seeing that she could not persuade Ye Chen, Jiang Xirong could only pray secretly in her heart.

Ye Chen stepped out, without the slightest murder in his body, but a trace of evil intention came out of his body involuntarily!

The two elders also came to Ye Chen.

"Boy, you and my young master have no grievances and no grudges, why do you want to be so heavy."

Old Yu spoke, his tone was threatening, and the invisible coercion was covering Ye Chen.

Ye Chen glanced at the Hummer that drove into the wall and the innocent injured workers, and said lightly: "Should I explain these things?"

Chapter 438: Beijing Yejia!

"Oh? Do you dare to ask our He family to explain? Are you sure?" Old Yu's voice became cold.

He could hear He Jianqi's painful groan behind him.

If this matter can't be handled properly, then he really doesn't need to be a guest in He's family!

He Jianqi got better after swallowing the pill, and walked over lamely: "What nonsense with this guy, just take it!"

"Yes, master."

In the next second, two figures rushed towards Ye Chen, and appeared in front of Ye Chen in the blink of an eye. Two daggers suddenly appeared, tearing the cold light, and heading towards Ye Chen's vitals!

Obviously, the two have no plans to stop!

Jiang Xirong wanted to help Ye Chen, but seeing Ye Chen's indifferent appearance, she stopped.

She believes in her son.

Seeing that two cold rays of light were about to touch, Ye Chen's eyes burst out with a light: "You let me down."

When Lao Yu and Lao Qiu heard this voice, they seemed to feel enveloped in the meaning of death, and no longer hesitated. They just wanted to increase their strength, and their hands had already clasped their wrists fiercely!

Hanguang cannot move on!

"Two junks that have not even entered the top ten of the Huaxia Grandmaster list, dare to kill me?"

"Crack!"

In the next second, the cold light broke from the middle abruptly, with neat edges and regular cuts!

Between the lightning and flint, the weapons in their hands disappeared!

Instead, they felt that their necks were penetrated by a force, and the sense of coldness covered their bodies!

"This....."

The two old men raised their heads subconsciously, only to find that the weapons in their hands had been inserted into their necks!

Extremely cold!

Not only that, their robes are full of blood!

The two stared at Ye Chen, only fear!

They are completely silent!

The eyes have shrunk to the extreme.

They are not considered the most powerful in the He family, but the master can let them protect He Jianqi to prove their strength is strong enough!

At least in the capital, as long as you don't encounter those enchanting evildoers in the top ten of the Huaxia Grandmasters list, it is absolutely impossible for something to happen!

They are arrogant, they are defiant! Even Ye Chen, who disdains him!

But I didn't expect that the kid in front of him would kill them with one move?

It completely shattered their pride!

What strength is this?

"Boom!"

The bodies of the two elders fell to the ground, their eyes open, but they were not dead.

The children of the He family were stunned, who would have thought that things would develop to this extent.

He only asked them to inquire about the situation, but he did not expect to inquire, but he ran into an evil god!

It even angered this evil god!

They have done their homework, and this land is not taken over by any Beijing Budo Family!

Otherwise there must be wind!

Since they are not those families, their He family has enough qualifications to receive!

But right now, not only He Jianqi was injured, but the two guest Qings of the He family died directly!

They realized that things are not that simple!

Ye Chen walked towards He Jianqi and those boys and girls step by step!

Even though they have a certain amount of ancient martial strength, but the two guest qings are already dead, they simply cannot be qualified to resist!

"You, roll over, kneel down and apologize!"

At the moment when everyone lost their senses, Ye Chen's faint voice fell.

But with a hint of coldness.

The person he was referring to must be He Jianqi.

He Jianqi stepped back subconsciously with the others: "I am the eldest son of the He family, you can't move me! My He family is the top family in the capital! If you move me again, my father's anger is not that you kid can Acceptable."

Ye Chen glanced at He Jianqi with a playful look, was silent for a while, and smiled back, "Done?"

He Jianqi was startled, and for a moment he dared not say anything.

"Now that I'm finished, get out!"

Ye Chen opened his five fingers, and his powerful true energy was released, wrapped in an invisible force!

Strong wind around!

He Jianqi actually felt an invisible force behind him pulling him!

This feeling is very uncomfortable!

The rest of the boys and girls wanted to catch He Jianqi, but found that they were not qualified at all!

You know that Ye Chen has stepped into the separation and reunion realm!

What is the state of separation and reunion!

Heaven and earth are separated, strength condenses!

"Crack!"

In the blink of an eye, He Jianqi was vigorously attracted to Ye Chen!

An invisible coercion fell from the sky!

He Jianqi knelt directly on the ground, his body almost bent!

His face is full of humiliation!

As the son of He's parents, who would dare to let him kneel down!

If it spreads out, how can he mix in the circles of the capital!

"I...I want to see the people behind you! I want to see Bai Lixiong! I want to see the owner of this place. If you dare to kill me, you will be an enemy of the He family..."

He Jianqi looked at Jiang Yanrong behind Ye Chen, and roared again: "Not only you are going to die, but the woman behind you, if you dare to move me, she will die too! Not only to die, I will let countless people rape..."

Before he finished speaking, he felt a cold attack.

"Where?"

Ye Chen squinted his murderous eyes and looked up and down at He Jianqi, "Since you want to know everyone here, then I will tell you."

"From today, this place belongs to the Ye Family of Beijing! If anyone dares to step into this place, they can only die!"

"Also, anyone who insults my mother can only die!"

The cold voice resounded in everyone's ears!

Everyone's expressions were suffocated, and an invisible murderous intent spread!

Suddenly, a cold light flashed, and Ye Chen held He Jianqi's head directly in the palm of his hand!

Ye Chen casually threw it into the hands of those boys and girls.

"If the He family wants revenge, find me Ye Chen, I'll wait anytime! Get out!"

As soon as this remark came out, everyone in UU reading www.uukanshu.com almost frightened their legs weakly.

He Jianqi is dead!

Not only was he dead, he was also taken off his head!

Is this kid crazy?

Ye family?

There is no Ye Family in Beijing!

Someone suddenly thought of something! The two words Ye Chen seemed to explode in their hearts!

Looking at the entire capital, the two words Ye Chen are so familiar!

Because tomorrow's battle will be Ye Chen and Lin Juelong, who is second on the Huaxia Grandmaster list!

The key is this guy not only has to challenge Lin Juelong of the Lin family, but also has to stand on his own? Under the stable situation in Beijing, the Ye family was established abruptly?

Could this guy declare war with the entire capital family?

The boys and girls didn't dare to think anymore. One of them glanced at the hideous head on the ground, with a touch of horror on his face, and quickly took off his clothes and wrapped He Jianqi's head, even without a car, and ran in the opposite direction!

Who would have thought that Ye Chen would make such a big move!

Tonight, the name Ye Chen will surely resound throughout the capital!

After these people left, Jiang Xirong frowned and walked over: "Chen'er, you let them go on purpose?"

Chapter 439: Ask yourself!

Ye Chen nodded: "He Jianqi is also looking for death. I didn't want to cause trouble, but he just hit the muzzle. The head of this person will at least shock some people. I let those people go, but I use them to release a signal. ."

"From today to tomorrow, those in the dark will definitely not make ideas here again. Once the results of the martial arts station come out, the Jingcheng Ye Family may become a real top family! Now it's tomorrow."

"Mom, let's go, it's windy here."

Jiang Huirong glanced at the headless corpse and nodded.

When Ye Chen grew up, he left him to decide some things, but he could only bear the result.

The cruelty of the Chinese martial arts world is just like this. This is the reason why she didn't practice even though she was talented.

In this dirty world, as a woman, she just wants to hide.

But did you hide it?

She is now embarking on the path of cultivation and has been changed by this world.

Born in the Jiang family, she actually had no choice.

The changes in Chen'er now made her even less choice.

In the past few nights, she even thought, maybe he had listened to Mr. Jiang's words and stepped into cultivation, he would be able to protect his children and husband.

...

Capital, a manor in the west of the city.

The interior of the manor is a European-style building.

The villa was extremely quiet, and several boys and girls knelt on the ground, their faces extremely pale.

There is a package in front of them.

When the package opened, it was a blood-sparkling head.

The head of He Jianqi.

At the top of the living room sat a middle-aged man and an old man.

The middle-aged man is He Jianqi's father and the head of the He family, He Guowang.

As for the old man, he is the true leader of the He family, He Shenghai!

At this moment, the two faces flushed, and the murderous intent on their bodies broke out!

He Guowang couldn't help it anymore and stood up directly: "You mean that the owner of that piece of land is Ye Chen? Ye Chen killed the two guest officials in front of you, and even took off Jianqi's head? "

A bearded man nodded again and again: "Patriarch, there is nothing wrong! The key is that Ye Chen stood on his own, saying that it was the Ye Family in Beijing..."

"Snapped!"

He Guowang slapped his palm on the desk next to him: "Ye family! Humph! Is he just talking about wanting to establish a family in the capital? If you dare to kill my son, I will personally take down the head of this arrogant boy today. To avenge my son!"

"Master He Family, follow the order!"

He Guowang just wanted to say something. Old man He stood up. He suppressed his anger and said lightly: "Guowang, things are not as simple as you think. This time, Jianqi is reckless, and he doesn't want to think about that. Di Bailixiong has been entrenched for so many years, how can he let go of his mouth casually, let alone give a nasty kid."

"As far as I can tell, that kid has met that guy! Not only that, but there may also be traces of that kid in the Qinling Mountains. Although it is not certain, it seems that it is not far from ten."

"I dare to challenge Lin Juelong tomorrow. It's definitely not as easy as you think. Anyway, Jianqi is dead, and he is about to die. It is worthwhile. It is not suitable to shoot today. Tomorrow we will go to see the martial arts platform. How does it end."

He Shenghai's words were so plain to the extreme that even if his grandson was killed, he had to be rational even if he was angry.

He saw something unbelievable in Ye Chen's body.

He didn't know where the cultivation base and martial skills of Ye Chen came from.

Don't even know who is standing behind this son?

This is the most terrifying place.

The unknown is the most feared.

He Guowang didn't expect his father to say this. He was upright and wanted to calm down, but found it impossible.

After taking a look at his father, he could only say, "Dad, that kid will be killed by Lin Juelong. What if he doesn't die or wins?"

He Shenghai hesitated for a few seconds, and a smile appeared on the corner of his mouth: "If he wins, then it is the best. Then we can make another move!"

"Although the rules of the martial arts platform are dead, people are alive. This Ye Chen will inevitably provoke the anger of the public. When the time comes to unite the various families of the martial arts world in Beijing, how can that kid have a way to survive!"

"As far as I know, although Jiang Hirong is a member of the Jiang family, the contradictions of Mr. Jiang have escalated. It is impossible to help a wicked species. Then Ye Chen is arrogant and it is impossible for others to help him. Tomorrow, I He Shenghai I want to know how he can face the entire capital martial arts world if he faces the Lin Family alone!"

...

In one day, almost the entire family in the capital and people in the martial arts world knew what happened today. He Jianqi was cut off, and the He family was furious. Ye Chen set up his own door to establish the Ye family. This is almost the most controversial in the martial arts world in recent years. Several big things.

Originally, he didn't have the slightest impression of the kid who was fighting Lin Juelong tomorrow.

Today's matter has made the family of the martial arts world in Beijing thoroughly remember Ye Chen's name.

Just accompanied by everyone's sneer.

Originally thought that Ye Chen was nothing but self-defeating, now everyone knew Ye Chen's arrogance.

All of a sudden, Ye Chen was named the martial worm of the martial arts world by the heads of several top families!

At the same time, Jingcheng Jiangjia.

Elder Jiang squinted his eyes, playing with two spirit stones in his hand.

Lingshi exudes a faint aura.

Suddenly, the old man's movements stopped, and he smiled coldly: "That kid actually wants to stand on his own? Haha, a wicked kind of life and death!"

He vaguely remembered Ye Chen's bold words at the Jiang family a few days ago.

There may be many families that the Jiang family looks up to ~www.mtlnovel.com~ but it is definitely not the Ye family!

At this moment, Jiang Jianfeng couldn't help it, and said: "Dad, shall we go to watch the game tomorrow? Will you take action then?"

Elder Jiang snorted coldly: "How can my Jiang family not watch the battle because of such a grand event? I want to know what kind of death the arrogant boy will eventually die!"

I admit that he is strong and possesses powerful martial skills, but after Lin Juelong returned from that place, he became extremely terrifying. Not only was his strength crushed this kid, his martial skills were certainly not weak. In this battle, the answer was obvious. , The evil kind will die. "

"Dad, if you save Ye Chen at a critical moment, Ye Chen might hand over his martial skills..." Jiang Jianfeng's expression changed slightly. Right now, he can only persuade him.

Old man Jiang sneered: "Save him? Although his martial arts are against the sky, I am not stupid enough to save him at the martial arts stage! You know, all the martial arts families in the capital are united, and no matter what the outcome of the battle is tomorrow, Ye Chen will not I want to get out of the martial arts stage alive!"

"The arrogant and innocent kind of evil will be destroyed in his hands even if there is a chance against the sky!"

Jiang Jianfeng bit his lip and left. He wanted to call Ye Chen's phone to remind the other party, but the phone turned off.

He called Jiang Hirong again, but the phone turned off.

"Hey, Ye Chen, tomorrow, you can only ask for your own blessings."

Chapter 440: Arrogant!

Beijing Normal University, classroom apartment.

Ye Chen closed his eyes and practiced in the bedroom. Today, Xia Ruoxue and Sun Yi did not disturb Ye Chen and lived in another room silently.

Although the two were worried, they couldn't say much.

They don't know Lin Juelong, let alone martial arts platform, they can only choose to trust Ye Chen without hesitation.

Jiang Xirong tried to open Ye Chen's door several times, but in the end he didn't do that either.

At this moment, Ye Chen was in the reincarnation cemetery, and the air of dragon veins continued to surround him.

The blood dragon hovered above his head, and the waves of dragons seemed to show the blood dragon's anger.

Since the blood dragon came back from the Qinling dragon veins, it has carried a flame around its body, and sometimes it can even increase the temperature of the reincarnation cemetery by a few points.

Ye Chen's momentum continued to rise, and he wanted to cross a realm in the martial arts platform, but the more difficult it was to cultivate as he went back.

But fortunately, Ye Chen's realm was already at the pinnacle of that small realm.

It won't take long to break through.

After practicing overnight, Ye Chen opened his eyes and released the cold murderous intent.

It was dawn outside, and the sound of mother making breakfast was heard outside the house.

Ye Chen washed and ate as usual, Jiang Xirong, Sun Yi, or Xia Ruoxue didn't mention any words about the martial arts platform, as if what was going to happen later was an extremely common thing.

Eight o'clock in the morning.

Ye Chen went downstairs, and a Porsche stopped at the door.

"Mr. Ye." Zhu Ya said.

"Ok."

Ye Chen sat in the co-pilot, while Jiang Huirong and the second daughter sat in the back.

The atmosphere is very quiet.

While Zhu Ya was driving, she glanced at Ye Chen and found that the other person was like a okay person, her eyes closed.

She could clearly feel her heartbeat speeding up, not only for her, but also for the three women behind.

Who can be truly calm?

Half an hour later, the Beijing Budo Gymnasium.

When the Porsche stopped, countless eyes shot over.

indifferent.

Disdain.

ridiculous.

All kinds of negative emotions hit, Ye Chen stayed unmoved, got out of the car, and went directly to the gymnasium.

The stadium is very old and it is open-air. There are security guards at the gate, and there are even many military masters to maintain order.

"Mr. Ye."

Lei Shuwei guarded the door. When he saw Ye Chen's appearance, his eyes shrank slightly, and he quickly said respectfully.

"The chief will watch the whole battle."

Ye Chen nodded, didn't say much nonsense, and went straight to the gymnasium. The security staff knew Ye Chen's identity and did not check.

There were not many people in the gymnasium, and many seats were empty, but a hundred people sat down.

When Ye Chen appeared, two figures walked towards each other.

It is He Guowang and He Shenghai.

He Guowang stopped and looked at Ye Chen coldly, saying every word: "Ye Chen, you killed my son yesterday, today, you never want to get out of the martial arts platform."

Ye Chen ignored it. In his opinion, it was just an ant, and he did not bother to do it.

The man on the martial arts stage is really going to do it!

At the moment on the martial arts stage, a man with a beard-looking face stood proudly.

He released a strong murderous intent, just standing there, it gave people a strong coercion!

Ye Chen stared at the man on the martial arts stage!

A trace of merciless anger fermented, and he stepped out step by step.

Every time he took a step, the scenes of Yunhu Villa appeared before his eyes!

Grim, slaughter, madness entangled in his mind.

Before he set foot on the martial arts stage, Bai Lixiong appeared beside Ye Chen.

"Mr. Ye, if you win this battle, Ye Tianzheng will bring it back."

"There are also strong guards from my Iron-Blood Camp outside, but the martial arts platform has rules and China's official power cannot be involved, but if something really happens, I will find a way to save you."

"Also, Mr. Ye, be careful of the two old men in the north. According to my guess, these two are from a blood alliance and their strength is extremely terrifying..."

Ye Chen glanced to the north, and the two old men were squinting at him, with bloodthirsty smiles outlined. Next to them was the head of the Lin family.

The two old men that Bai Lixiong reminded had a blood-red door tattooed on their necks.

"I didn't expect the people of the blood alliance to have such a relationship with the Lin family."

Ye Chen was slightly surprised.

Not far from the Lin family is the Jiang family.

Elder Jiang, Jiang Jianfeng and the others were all present.

The ones that should come, and those that shouldn't come are all here.

Ye Chen no longer hesitated, and stepped onto the martial arts stage.

The blood dragon in the body seemed to be rushing out of the body, covering it with an invisible evil spirit!

Budotai, the wind is bleak!

"It's going to start!"

"Life and death! Ye Chen really got kicked by a donkey! He really dared to go up!"

"It is said that the odds on the black market are amazing, and there are few people who buy Ye Chen to win..."

"You don't even want to think about it. How many years has the legend of Lin Juelong lasted since Ye Chen's debut? Which brain damage would buy Ye Chen? I'm afraid it's death."

"Don't tell me, someone really bought Ye Chen, I heard that Bai Lixiong bought Ye Chen and won 10 million...If he wins, then he can make a net profit of hundreds of millions!"

"Didn't Bai Lixiong's daughter stay in Jiangcheng for a while? Maybe it has something to do with Ye Chen."

"Haha... Since I know that Ye Chen will die, I am curious, how exactly will Ye Chen die? Was he killed by a single move? Or was he tortured to death?"

Looking at the two figures standing on the high platform in the center of the martial arts platform, the surrounding crowd was full of excitement!

Ye Chen will be defeated, the judgment of everyone present is the same, without exception!

No one is optimistic about Ye Chen!

Even when Ye Chen stepped onto the martial arts stage, there was only hiss in the crowd!

Very ridiculous boo!

Everyone looked at Ye Chen, and everyone seemed to be looking at a dead person.

Such waste, even if it is dead, is not a pity!

Perhaps I heard the movement ~www.mtlnovel.com~ Lin Juelong of Budotai opened his eyes, and a bloodthirsty sneer appeared at the corner of his mouth: "Trash, I finally met. Five years ago, if it wasn't for your mother to push you down Dongqian Lake, you may have died a long time ago. To be honest, I regret that if I killed you back then, there might be no such thing as a moth."

"Even if you step into the martial arts with amazing talents, how long do you think you can stay under my hands? One move or two moves?"

There is only indifference in Lin Juelong's eyes!

Ye Chen's expression was indifferent, and as for the words: "Five years ago, my Ye family was destroyed by you. Five years later, I will not only kill you, but also make you feel endless fear."

At this moment, a powerful referee leaped over to the martial arts stage, and just wanted to state some rules of the martial arts stage, two humming voices from different directions sounded: "No need!"

The referee's face changed, he glanced at the reaction of the two, and walked down silently.

The bell rang suddenly!

"Budotai battle, start!"

The words fell, Lin Juelong's cold murderous intent and coercion were released!

Feeling the solemn aura and the coercion from the opposite side, Ye Chen suddenly closed his eyes and mobilized every bit of true energy in his dantian.

The whole body was wrapped in evil spirits, as if glowing with crimson light!
