Chapter 451: He can't have an accident!

Bai Lixiong glanced at the corpses on the ground, and then at the existences that stood almost at the highest position in the capital martial arts world.

There is only deep fear in everyone's eyes.

It is as if what happened just now has created an indelible shadow in their hearts.

"What the **** happened?"

Bai Lixiong grabbed one of the young people he knew and asked.

The young man's body was still trembling, he glanced at Bai Lixiong, and quickly said: "Uncle Baili, then Ye Chen..."

"What happened to Ye Chen?"

"He abolished Lin Juelong."

Bailixiong frowned.

"The strong of the blood alliance is no match for him..."

"Huh? How is it possible!"

Bailixiong is not calm anymore!

"Also... Ye Chen killed the Guardian of China too!"

The youth's voice was full of fear.

"what!"

At this moment, Bai Lixiong grabbed the young man's clothes, and almost lifted him up!

"Do you know what the price is for the rumored Major General and the Guardian of China?"

Baili did not believe that Ye Chen could kill the Guardian of China!

The young man was startled, his pants peed out: "Uncle Baili, I didn't lie to you, everyone can testify..."

At this moment, Bai Lixiong felt something was wrong, looked at everyone, and said: "The Jagged Camp listens to the order, all the people present are taken away for transcripts! I will restore the things here in fifteen minutes!"

.....

The dark palace of the capital, which is the place of the original blood plum palace.

A spacious and luxurious lounge.

Ye Chen lay on the bed, his eyes closed tightly.

He is too tired.

This place is undoubtedly the safest.

Next to Ye Chen stood Jiang Yanrong and Xia Ruoxue.

Their eyes are filled with anxiety.

"Is there anything wrong with Chen'er?" Jiang Xirong said.

Ye Lingtian shook his head: "What the lord needs now is rest. It shouldn't be a big problem. Besides, Mr. Ye has a good medical skills and it is not so easy to get problems."

Jiang Yanrong took a long breath, then looked at Xia Ruoxue and the others, and said: "Now give Chen'er enough time to rest. Let's not disturb him."

"it is good."

The second daughter naturally understood and retreated outside one after another.

Only Ye Chen was left in the house.

As everyone left, a black stone in Ye Chen's pocket flew!

The endless dragon veins and spiritual energy are heading towards Ye Chen!

Ye Chen's injuries are recovering at a speed visible to the naked eye!

At the same time, the reincarnation cemetery is released!

Ye Chen has already appeared in the reincarnation cemetery!

The nearly 100 tombstones trembled frantically!

An invisible force supported Ye Chen's body!

Gradually, Ye Chen's body was suspended in the air!

At the same time, a blood dragon burrowed out of his body, the dragons groaned in bursts, and the body was huge at the speed of the naked eye.

This battle actually strengthened the blood dragon!

The blood dragon's body directly expanded to two thirds!

Not only that, but among the nearly 100 tombstones, a few had a crack.

One of them is more obvious!

The tombstone seemed to be covered by a holy light. The stone tombstone on the surface turned into a jade monument at this moment!

There is a mysterious power on the jade stele.

.....

At the same time, Zhongnanhai.

An office without a window.

The atmosphere is extremely solemn.

An old man put down a document in his hand, his eyes were deeply shocked.

He looked at Bai Lixiong who was sitting in front of him, and said: "That is to say, that kid not only defeated Lin Juelong, but also killed a powerful Chinese Guardian?"

Bailixiong nodded: "Chief, although I didn't witness it with my own eyes, but from everyone's transcripts, it is true, then Ye Chen...I don't know what words to describe."

He was really shocked by Ye Chen, how much potential is there in this young boy!

"Chief, what I am most worried about right now is that a guardian of China was beheaded by Ye Chen. The consequences may be very troublesome..."

The old man nodded.

He knows the operation mode of the Guardian of China better than anyone.

Twenty people, martial arts round table meeting, can decide the life and death of Chinese martial artists.

These twenty people are outside of China's constraints and rules, and they can kill any warrior.

Even the existence that is important to China, as long as more than half of the votes, they can dominate.

Right now, these twenty people have been divided into two camps.

It was the guardian of one of the camps who died this time.

The identity of the key opponent is somewhat sensitive.

is also the problem.

"I still can't figure out how Ye Chen could be able to kill the Guardian of China? Did those onlookers see how he did it?"

The old man lit a cigarette and frowned.

He hasn't smoked for a long time, but the current situation gives him a headache, far more than dealing with national affairs.

This kid broke the sky unknowingly.

Bailixiong said, "Head, the gymnasium was dusty at that time, and some people said that Ye Chen used a sword."

"Where's the sword? Can you bring it back?"

"Head, the strange place is here. When I got there, the sword was still stuck on the corpse, but when I was about to send someone to take it, the sword seemed to have changed from a physical to a gaseous state and disappeared... .."

When Bai Lixiong said this, he even subconsciously touched his head.

Too puzzling!

Hearing these words, the old man squeezed out the smoke in his hand, and muttered: "Could it be the legendary sword art... But this sword art is rare even in Kunlun Xu, how can this kid master it? Could it be that there is a high behind him? people?"

A few seconds later, the old man stood up and said directly: "Bai Lixiong, you go to deal with the Lin family first, and you must fulfill Ye Chen's request. I will push down the meeting in Country M and go to see the guardians."

"No matter whether it succeeds or not, Ye Chen can't have an accident!"

.....

The Lin Family in Beijing~www.mtlNovel.com~ Lin Juelong and an old man of blood lie on two hospital beds.

Breath is dying.

The vitality seemed to disappear soon.

A genius doctor with a gray beard is checking their condition.

Another blood elder and Lin Ao paced back and forth outside, their faces full of anger and worry!

Ten minutes later, the genius doctor stood up and shook his head: "The injuries on the two of them are too serious. It is very difficult for my medical skills to rescue them. Even if the two survive, the cultivation level will be lost."

The murderous intent of the living blood alliance elder broke out, and he directly grabbed the genius doctor's neck and said angrily: "You **** say it again! Are you not the most powerful genius doctor in China? Can't save two people! Get out!"

The genius doctor was directly thrown out, and the powerful air wave made him hit the wall, spit out a mouthful of blood, and left in embarrassment.

Lin Ao glanced at his son, and said worriedly, "My lord, what should Juelong and this senior do? Is something really going to happen?"

The blood elders clenched their fists, and the murder broke out!

"Ye Chen!"

Endless anger burning!

He forcibly calmed himself down, and then made up his mind: "Hua Xia's medical skills are not enough. Either take them to Kunlun Xu for treatment, or ask the strong Kunlun Xu to take action!"

"No matter what, let's go!"

Before the words came down, a servant rushed over and exclaimed: "Master, it's not good! The Lin family is surrounded by strong men in the Jagged Camp! Bai Lixiong has already broken in!"

Chapter 452: Embarrassed!

"What, Jagged Camp dared to move our Lin family?"

Lin Ao had a trace of anger on his face when he heard the Jie Xueying surrounding the Lin family.

Although the Iron and Blood Camp is strong, Bai Lixiong is also terrible, but the Lin family is not something they can rush into casually!

Lin Ao glanced at the old man of the blood alliance beside him, and said, "My lord, I will come as soon as I go."

The blood elder glanced at his injured companion and Lin Juelong, and nodded.

"If there is any situation, you can tell me that the power of the blood alliance is not something that these ants can touch."

"Yes, my lord."

Lin Ao left the room and instantly came to the Lin Family Hall.

More than a dozen strong Lin family members are standing by.

And their opposite is impressively Bai Lixiong and dozens of iron-blood camp powerhouses.

Murderous aspect, makes people palpitation.

"General Baili, I heard that you have gone to a change, why did you come back so soon?" Lin Ao smiled heartily.

Bai Lixiong snorted coldly: "It seems you really want me to go to the border?"

Lin Ao shook his head: "Everything about the general is for China's Anbang. Only when the general is there, my Lin family can be stable."

"By the way, I don't know why the general suddenly visited the place?"

Bailixiong's eyes condensed, and he took out a document from his arms!

"Lin Ao, two things! First, in the battle of Wudaotai, Lin Juelong has been defeated, and Ye Tianzheng is handed over."

"Second, this is a blockade and restriction order, which was personally confirmed on the 1st. Starting today, everyone in the Lin family will not be allowed to step outside the Lin family."

Hearing these words, Lin Ao's face changed slightly.

He never thought that China would restrict the Lin family?

This is obviously going to target the Lin family.

Thinking of this, Lin Ao coldly snorted: "My Lin family is one of the top families in China. Even if the No.1 and you Jagged Camp want to move, it's not that easy."

"Also, I would like to lose the gambling, Ye Tianzheng, you can naturally take it away, but the prerequisite must be to remove the blockade restriction order! Otherwise, everything is forbidden!

"You are inhumane, don't blame my Lin family for injustice!"

In Lin Ao's eyes, once he compromised, if other families knew about it, how could his Lin family gain a foothold in the capital!

The bigger the family, the more face!

Bailixiong's eyes are cold:

"Lin Ao, you should know what it will be like if you don't cooperate. Although your Lin family is a top family, in the face of national power, the price to struggle is extremely high!"

"I advise you to cooperate well! Otherwise," Bai Lixiong paused for a moment, and said loudly, "You are at your own risk!"

Lin Ao waved his sleeves, and said angrily: "Everyone in the Lin family listens to the order, if the Jiexueying dared to break through, kill without mercy!"

All of a sudden, the sword was drawn.

Bailixiong was not afraid, and took the documents in his hand directly on the table: "Jiexueying, search the entire Lin family! His mother, I really thought Lao Tzu's Jiexueying would fail your Lin family!"

"Yes, General!"

The words fell, and many masters from the Jiexueying and Lin family showed their weapons, and for a while, the hall was tense!

Seeing that the two forces were about to touch, the door opened.

The old man of the blood alliance walked out with his hands behind him, his eyes fixed on Bai Lixiong, "Bai Lixiong, do you still want to stay with my blood alliance?"

His words are full of threats, and an invisible pressure is even covering them.

Bailixiong stepped out, breaking all the coercion, and the iron and blood exploded: "I am very clear. No one in the Lin family can take a half step out of the Lin family. The same is true for your blood alliance."

A trace of murderous intent broke out on the old man of the blood alliance: "My companion was seriously injured and must be taken to Kunlun Xu for treatment immediately. If something happens to them, can you bear it?"

Bai Lixiong remained unmoved, and still said: "I am a soldier, and the mission of a soldier is to obey orders! If the above asked me to block the Lin family, I must block the Lin family. It is useless for you to talk to me. If you really want to block, That can only be regrettable."

"Although your strength is very strong, but I have a thousand people in the iron blood camp, it is not that difficult to deal with you."

"The Lin family and even the blood alliance are the same in my eyes!"

The words fell, "Boom!" A huge crash hit, deafening!

The whole ground shook!

I saw four Jagged Battalion soldiers guarding the gate directly bombed in!

My chest is full of blood!

Seeing this scene, a big sword appeared in Bai Lixiong's hand!

"Who dare to move my Jagged Camp!"

With a roar, Bai Lixiong released his murderous intent. His eyes were bloodshot, staring at the door.

Soon, an old man in strange clothes walked in from outside.

The old man wearing a purple sun towel and a Taoist priest in a gossip attire is floating in the gentle breeze

come. I saw him crested and turtle-backed, phoenix eyes and eyebrows drooped, his complexion was ruddy, and his expression was elegant. As soon as he came into the crowd, he felt his temperament was extraordinary, standing out from the crowd.

Bai Lixiong's murderous intent suddenly stopped.

because he knows this person!

One of the guardians of China!

The key opponent's identity is unusual. There are twenty guardians of China, divided into two camps!

The existence headed by one of the factions is this person!

This person is called Fang Zhenye!

The guardian of Tang suit who died in the gym today was under Fang Zhenye's camp.

The key is what the opponent will do at Lin's house at this time!

Shouldn't the other party be in Wudang Mountain?

Bailixiong felt something was wrong~www.mtlnovel.com~ Fang Zhenye stopped, glanced at Bailixiong, and then said: "Bailixiong, I'm also in the Lin family now, is it possible that you also intend to restrict me?"

Bai Lixiong shook his head, neither humble nor overbearing: "Guardian, how could I restrict you? Your lord must be joking."

If you really want to talk about identity, the status of the guardian completely exceeds that of Bai Lixiong.

On strength, let alone comparison.

Fang Zhenye nodded: "I want to protect the Lin family. You have any opinions. If the number one has an idea, let him come to me, I will tell him the reason. As for you, I don't want to bother."

The guardian's tone is indifferent and disdainful to the extreme!

As the guardian of China, he is above China's laws and rules. He has this qualification!

The Guardians of Huaxia have existed since ancient times. Under normal circumstances, they will not appear rashly. These twenty people will only take action when Huaxia is in the most critical condition and protect China!

Over the long river of history, Huaxia has been immersed in danger many times, and these twenty people have resolved the danger!

Then there is the rule of round table meeting to decide life and death!

Even if it is the face of the old chief, they will not necessarily give it.

Bailixiong was a little embarrassed, but when he thought of Ye Chen's explanation, he hesitated for a few seconds and said: "I respect the Guardian of China, but even if you Baolin's family, it is the same. Please adults not to embarrass me."

"Difficult?" The Guardian of China stepped out, and in the next second, Bai Lixiong felt a mountain of coercive attack!

Even though his strength is above the sky, the strength of his knees still makes his whole body tremble!

Chapter 453: 1 bunch of waste!

This power even made him almost kneel down!

"Bai Lixiong, I respect you, so I won't kill you. If you dare to dislike me, I won't care about your identity! As long as I start the roundtable to vote, you will die.

Finally, I don't want to say my words a third time. I am in Baoding from the Lin family today. Within five minutes, remove your Jagged Camp, or the blood will stain the sky! At your own risk! "

As soon as these words came out, Bai Lixiong became more difficult.

This is what he promised Ye Chen. He thought that the Jagged Camp would put pressure on it, and the Lin family would catch it with no effort.

But who knew that a guardian of China suddenly appeared!

The key opponent is Fang Zhenye!

You must know that the number one existence on the Huaxia Grandmaster list is an apprentice of Fang Zhenye!

The key is still an anonymous apprentice!

Putting aside the Huaxia Grandmaster List, many deep mountains and old forests or dark places have very strong existence!

These people don't care about the Huaxia Grandmaster Ranking, because they have real combat effectiveness and do not need to prove to the world!

Fang Zhenye is indeed qualified to deal with Jagged Camp! Blood stained the sky is the biggest threat!

At this moment, the old man of the blood alliance walked out with a flattering smile on his mouth, arched his body, and quickly handed over to Zhenye, "Elder Fang, why are you here? I have never come to see you since I entered China." Your old man, please forgive me."

Fang Zhenye is actually an elder of the blood alliance!

And in the blood alliance, the identity must be extremely noble!

Even the blood elders must be respectful!

Bailixiong clenched his fists, a feeling of anger spontaneously arose in his heart.

Things are getting uncontrollable.

Fang Zhenye glanced at the old man of the blood alliance in front of him, and snorted coldly: "A bunch of trash, even a small thing can't be done! It's an insult to the blood alliance!"

The blood elder was pale, and he dared not say anything, he could only lower his head.

After careful consideration, Bai Lixiong said: "Guardian, I don't need to block the Lin family, but Ye Tianzheng, I want to take it away. This was set before the martial arts platform."

"Ye Tianzheng?" Fang Zhenye was extremely unfamiliar with this name, thinking it was something unrelated, and waved his hand, "Since you are not a member of the Lin family, you can take it away."

"Elder Fang, this is not the case." The elder of the blood alliance said something quickly in Fang Zhenye's ear.

Fang Zhenye's expression flickered.

"Do you really mean this?"

"Elder Fang, I'm sure."

After a few seconds, Fang Zhenye changed his mind and said, "Bai Lixiong, I did intend to let you take Ye Tianzheng away, but just now, I suddenly thought that Ye Tianzheng was related to a case we handled 20 years ago, but you can rest assured. After I understand everything, I will naturally let the Lin Family release Ye Tianzheng."

"If you are not convinced, you can ask No.1 to tell me."

"By the way, you still have three minutes to retreat to the Jagged Camp."

Bai Lixiong heard the other party's unscrupulous words, suffocating in his heart!

When has he been so frustrated as the general of China!

But there are more than one billion people in China, except for the old chief, only the twenty people, he can do nothing!

Bai Lixiong suppressed his inner anger forcibly and went to the corner to broadcast a number.

The phone was connected, and the person sighed after learning what happened:

"Withdraw the Jagged Camp and come back first. This matter, we will discuss the matter in the long term."

The phone hung up.

Bailixiong glanced hard at Fang Zhenye, waved his sleeves: "Let's go!"

Iron Blood Camp and Bai Lixiong still left.

The entire Lin family returned to silence.

At this moment, the elder of the blood alliance thought of something, and the other party Zhenye quickly said, "Elder Fang, there are two people of the blood alliance in the house who are dying. I really don't know what to do, so I asked Elder Fang to take action."

Elder Fang's eyes were calm: "Take me to see."

"Yes, Elder Fang."

Soon, Fang Zhenye and a few others came to a room and looked at Lin Juelong, who was full of blood and wounds, and another blood elder.

His eyes shrunk: "It hurts so badly? What kind of strength is that kid?"

"My lord, please save my son." Lin Ao knelt down directly, hoarse.

Fang Zhenye ignored them, took out two pills from his arms and let them take them directly.

Later, he even opened his mouth and said: "It is a miracle that these two people are not dead. It will take a few days to save them, but even if they are saved, they will be useless. If you want to restore your strength and stand after the break, the only way is to The Kunlun Xu person can please come out."

"Since these two people are disciples of my blood alliance, I will naturally find a way to save them. I will write a letter to expeditiously go to Kunlun Xu and ask that person to come out for treatment."

Lin Ao and the old man of the blood alliance were happy and quickly expressed their gratitude.

"I don't care about your gratitude. I came to the Lin Family for one thing. Do you know the origin of Ye Chen?"

Hearing these words, Lin Ao's face changed slightly, and he still said, "My lord, this Ye Chen's information is actually transparent and can be found. The only problem is that the boy fell from Dongqian Lake. year.

No one knows where that kid went. We thought it was Kunlun Xu, but none of the martial arts sects in Kunlun Xu had a disciple named Ye Chen. It's really weird. Could this son accidentally get some inheritance? "

Fang Zhenye put his hands behind his back, UU reading [www. uukanshu.com](http://www.uukanshu.com)'s eyes flickered with cold light, and he said coldly: "That Ye Chen's final blow in the gym broke out with a very strong sword technique, which killed a guardian of my camp. It is by no means ordinary, even Kunlun Xu. The sect cannot be like that. The only thing I am afraid of right now is who is behind this son? If there is a strong guardian, things will be very troublesome."

Lin Ao thought of something, and said: "My lord, this son has been alone in the past six months. There has never been any strong person around him. Although the dark palace is good, it can only be regarded as the power of this son. The person behind him. Also, in countless lives and deaths, no one has acted. I feel that this son is more likely to be inherited."

Fang Zhenye glanced at Lin Juelong and the other person, and said: "I want all the information about Ye Chen, from his first appearance in Huaxia, any text, video, personal testimonials, and all news about the Jiangcheng Ye family. , Everything is fine, within a day, I will arrange it, and I will pick it up personally."

Lin Ao glanced at another elder of the blood alliance, and nodded: "Yes!"

.....

The dark palace.

5 pm Beijing time.

Ye Chen opened his eyes and sat up directly.

He could feel that his injury was much better, and even for some reason, he discovered that his cultivation level had broken through unknowingly?

"How did it become the fifth floor of the Separation Realm?"

Ye Chen's face has a hint of horror. The key is that he was seriously injured before and did not operate the Nine Heavens Xuanyang Jue. How could he break through?

This is really weird.

Could it be that his body broke through without paying attention?

Chapter 454: Bubble! anger!

Just when Ye Chen was surprised, he suddenly noticed that the black stone was floating in the air.

A series of spiritual energy and dragon energy penetrated into his body.

"Is it because of the reincarnation cemetery?"

Ye Chen shook his five fingers, and he held the stone in the palm of his hand.

"Bai Lixiong should have brought his dad back. I should also ask about the stone, Jiangcheng Ye's family, the reincarnation cemetery, what is the connection there?"

Ye Chen felt that his life experience was definitely not that simple.

From those powerful mouths, he learned that his "fan roots" were not detected, and that his destiny could not even be controlled by the way of heaven. In addition, the reincarnation cemetery chose him, and the mysterious person appeared at the funeral of his grandfather.

Ye family is definitely not as simple as it seems.

The roots on my body are absolutely extraordinary!

He turned on the phone and just wanted to make a call when he called.

Bailixiong!

Ye Chen was overjoyed and quickly connected the phone: "Bai Lixiong, where are you and my dad now? I'll pick you up."

But there was a short pause on the other end of the phone.

Three seconds later, Bai Lixiong's ashamed voice sounded: "Mr. Ye, I'm sorry, I didn't bring Ye Tianzheng back, nor did I block the Lin family. I didn't do the two things you explained. No matter what, I'm Bai Lixiong. Willing to take on everything!"

Ye Chen's smile suddenly stiffened, and it turned into a touch of coldness.

He wanted to break the curse, but when he thought of Bai Lixiong as a general, he apologized to him.

He still held back.

The key thing that even Bai Lixiong can't handle is bound to be serious.

"I want to know which link has gone wrong." Ye Chen's cold voice sounded.

"Neither the Lin family nor the old man of the blood alliance could stop this incident, but they did not expect the Guardian of China to intervene. The key to intervene is the leader of one of the camps, Fang Zhenping!"

"Just now, the 1st went to visit a few China Guardians, but the situation is not optimistic."

"You killed a guardian in the martial arts platform. Those guys were furious and might even attack you. One can barely suppress some things for you, but...well, Mr. Ye, this time it's China who has taken you down. , I'm the one who defeated you, I'm really sorry!"

At this moment, Ye Chen's fist was clenched, and his arms were full of veins!

The thing that I have been looking forward to, has become a futile, who can not be angry!

The key intervener turned out to be the Guardian of China!

Sp; These people of good looks! Rely on strength to control everything!

Budotai is not abiding by the rules, and even shot himself for profit!

Liangzi has been knotted!

In that case, calculate the old and new accounts together!

The whole room rang out, and the blood dragon seemed to be infected by Ye Chen's emotions, roaring and angry!

"Bai Lixiong, where is the Guardian of China, and where is Fang Zhenye, tell me!"

Bailixiong was startled: "Mr. Ye, I don't know."

Ye Chen snorted coldly, hung up the phone, killing intent broke out, the phone was pinched and exploded, and it was sparks.

"Guardians of China? Since you can't protect something, you don't need to protect it."

Ye Chen opened the door and found that Jiang Huirong, Xia Ruoxue, Sun Yi, and Zhu Ya were all looking together.

"Chen'er, how are you feeling?" Jiang Xirong asked with concern.

The coldness of Ye Chen's eyes disappeared directly, but a smile was squeezed out in front of him: "Mom, I'm fine, I am a thick-skinned person, and my recovery ability is good. There is nothing wrong now."

After said, he still looked at the three women: "Don't worry, don't worry, just do what you should do next."

"Chen'er, why do I feel that you are a little different..." Jiang Yanrong frowned.

As a mother, although Ye Chen hid her emotions, she still felt a trace of anger.

Ye Chen patted his mother's hand: "Mom, what are you worried about? By the way, time is almost up, I will pick up Dad."

"Mom will go with you." Jiang Huirong said decisively.

Ye Chen shook his head and lied: "Because the Lin family hid his father far away, it may take a few days. These days, you and Ruoxue will stay here, don't go anywhere."

Jiang Xirong just wanted to say something, Ye Chen looked at Lu Lingfeng and said: "Lu Lingfeng, the safety of my mother and the other three will be handed over to you. If they do something, you should know the consequences!"

"Hall master, don't worry! This place is safer than any place in the capital!"

Lu Lingfeng said.

After that, Ye Chen confessed a few more words and left the dark hall directly.

If he didn't guess wrong, his father is either in the hands of Fang Zhenping, the guardian of China, or is still in the Lin family!

Since Bai Lixiong can't make a move, he can only rely on himself.

He naturally knew the location of Lin's house.

He first returned to the teacher's apartment, using the phone at home, called Xiang Chengdong and asked him to bring some medicinal materials.

After half an hour, Xiang Chengdong got his things ready.

When he saw Ye Chen, the fear in his eyes became more and more obvious, and the Beijing Martial Arts Platform was spread throughout Beijing.

Lin Juelong failed, and a guardian of China was beheaded!

Ye Chen is now the well-deserved number one on the Huaxia Grandmaster list!

In his twenties, he achieved this achievement. In the past few thousand years, China has only one Ye Chen.

Xiang Chengdong put the things down, Ye Chen took out the Baicao Ding and began to refine

can even improve their own strength.

The whole house is full of medicinal fragrance.

It was eight o'clock in the evening unknowingly.

The pill that Ye Chen refined was almost the same. Just then, a knock on the door sounded.

Ye Chen furrowed his brows, glanced at his consciousness and found that it was Wei Ying.

Only then did he remember that Wei Ying had been given time to consider whether to step into cultivation, and it was obvious that the other party should have an answer.

He got up to open the door.

Wei Ying outside is wearing a long polka-dot skirt with slender legs and full chest.

Although conservative, but the body is perfect.

Today, she is combing her head-to-shoulder long hair, and her black eyes are clear and energetic under the air bangs. The slender eyebrows, the weak nose bridge, and the smaller lips are just right on the pretty face like melon seeds.

"Ye Chen, no one answers when I call you. What are you doing in the house, it smells so great, the whole corridor is full of this smell."

Wei Ying's nose moved slightly, and she even glanced inside.

"I'm making alchemy, come in."

Ye Chen said.

Wei Ying was startled, when she walked into the house, she saw a huge ancient tripod in an instant.

She thought that alchemy was just a legend, but she didn't expect Ye Chen to really do it.

She found that Ye Chen became more and more mysterious.

Chapter 455: Ji Lin's help!

"What happened to what I asked you to consider before?"

Ye Chen sat on the sofa, and she had noticed that the deep stone on Wei Ying's neck had a tendency to crack.

It is estimated that in a while, the soul profound stone will not be able to suppress Wei Ying's **** cold body.

"Ye Chen, I can practice, but I have a request, I don't want to call you a master, this... would you mind..."

Ye Chen shook his head: "The address is just something outside of the body. You can call it whatever you like. By the way, how is your practice in Han Xin Jue?"

Wei Ying touched her hair, embarrassed: "I don't know how my cultivation is going. I have never touched this thing before. This is totally different from the lesson plan..."

Collect hundreds of warriors! Play free!

"You try to run Hanxinjue, let me see." Ye Chen curiously asked.

Wei Ying nodded and closed her eyes.

Suddenly, a sense of icy cold swept through the whole house, and a trace of red evil spirit rushed out of Wei Ying's body!

There are many visions!

makes people feel palpable!

Ye Chen was even surprised to find that with Wei Ying's body as the center, there were bursts of ice in all directions!

There were icy sword intent all over her, as if she was about to rush out of her body at any time to kill others!

Even his Baicao tripod was frozen by the ice!

Above the ice, red light is permeated.

"This....."

Ye Chen was shocked!

The blood dragon in his body seemed to feel threatened and came out!

Under the whole world, this blood dragon can be feared, only the blood is cold!

Although he knew that Wei Ying's **** cold body cultivation and cold heart would definitely become very strong, he never thought it was so strong!

As expected! This **** cold body is the ten most extreme body in the world! Once practiced and used, it will inevitably explode with extremely strong power.

"You can stop." Ye Chen said quickly.

The words fell, Wei Ying suddenly opened her eyes!

"Crack!" With a sound, the furniture wrapped in ice all around shattered!

Not only that, but even the Baicao Cauldron has a crack!

Nima is too scary!

Wei Ying saw that all the things in Ye Chen's living room were destroyed by her, her face changed greatly: "Ye Chen, I...I didn't mean it, I don't know why this happened, I can't control my body."

She even hurriedly took out a bank card from her bag: "Ye Chen, this is my salary card, there are tens of thousands of dollars in it, can I pay you..."

Wei Ying was about to cry.

Ye Chen saw Wei Ying's appearance, and smiled: "It's okay, I won't live in this teacher's apartment for too long.

"However, I found out that I found a treasure. If you practice hard in the future, maybe I will rely on you."

Wei Ying heard these words, a hint of surprise appeared on her anxious face: "Really?"

"Then I must practice the cold-hearted determination, and I will protect you in the future."

After saying these words, Wei Ying's face turned red again, for fear that Ye Chen would misunderstand something.

Ye Chen took out a few more prepared Cambrian martial arts: "You can also hold these books. According to your ability, you should learn these things quickly. Mind method alone is not enough."

"it is good."

Wei Ying accepted the martial arts, and wanted to say something to Ye Chen, when suddenly there was a knock on the door.

"Then... Ye Chen, it's so late, I won't bother you."

Wei Ying got up to open the door, only to find that it was a strange man.

The man glanced at Wei Ying, smiled, and then his eyes fell on Ye Chen in the living room.

"you are?"

Ye Chen discovered that he didn't know this man.

"Mr. Ye, I am Bao Xinhe. The master asked me to come to you." The man said.

Bao Xinhe? the host?

Ye Chen was a little dazed: "Who is your master?"

"Miss Ji Lin." After saying these four words, Bao Xinhe's eyes were filled with fear.

Ji Lin accepted him as a slave and directly suppressed him, making him infinitely afraid.

But he has no regrets, because after becoming Ji Lin's servant, his strength has risen sharply.

even went to the depths of Kunlun Mountain many times.

Ji Lin accepted him as a slave because of one sentence: "During this period, you pay attention to a man named Ye Chen. If he comes to the capital and encounters any trouble, you must help this person at all costs! Even if you die, He can't get hurt at all! Understand!"

Today's Budotai battle, resounded throughout the capital martial arts world, and Ye Chen's name was like thunderous ears!

Only then did he realize that Ye Chen, who Ji Lin said, had already come to the capital!

He rushed over immediately.

Bao Xinhe talked about Ji Lin's affairs again, and Ye Chen was stunned, but he didn't expect that Ji Lin's little girl belittle him, but still cares about his safety in his heart.

He thought of something and asked: "Since you know what happened today, you should also know that I killed a guardian of China."

Bao Xinhe nodded: "I know, it's true that I rushed here today, mainly for this matter. Because an ancestor of my Bao family is one of the 20 guardians of China. "

"I have asked my ancestor for instructions. He is about to come from Tibet. Mr. Ye can rest assured that the guardian of China you killed does not belong to my ancestor's camp. I believe that if the ancestor knew what was behind the matter , Naturally will not sit idly by."

Ye Chen's eyes were overjoyed, but he didn't expect that Ji Lin's secret hand was a big help!

"Okay! When will your ancestor arrive in the capital?" Ye Chen said excitedly.

Bao Xinhe hesitated for a few seconds: "Probably the day after tomorrow, because there are some tricky things in Tibet, please understand Mr. Ye."

Two more days, Ye Chen can't wait so long.

He squinted his eyes slightly~www.mtlnovel.com~ glanced at the clock on the wall, it was eleven o'clock in the evening.

No matter what, he is going to Lin's house.

just tonight!

Bao Xinhe glanced at Ye Chen, and could feel the killing intent in the opponent's eyes, and asked, "Mr. Ye is going to the Lin family?"

"Huh? How do you know?"

Bao Xinhe explained: "On the way here, I have already learned about Mr. Ye. Lin Juelong and the Lin family are hidden threats to Mr. Ye. If they are not killed, the consequences will be disastrous. It is me. This night I won't make them peaceful."

Ye Chen looked at Bao Xinhe for a few minutes, and said, "Would you like to accompany me to the Lin family?"

"Bao Xinhe is willing! The master once explained that anyone who wants to move Mr. Ye must step on me!"

Bao Xinhe at this moment also broke out a very strong murderous intent.

He had no choice, his fate had long been Ji Lin's.

If Ye Chen had an accident, he would not have the right to live.

Ye Chen and Bao Xinhe glanced at each other, no longer hesitating, and jumped directly from the tenth floor into the darkness.

For cultivators, the height of the tenth floor is too low!

At this moment, Wei Ying was looking at the martial arts Ye Chen handed over to her on the balcony. As soon as she researched something, she saw Ye Chen leaping down.

"Huh? Where did Ye Chen go so late?"

She didn't want to be nosy, but she was inexplicably curled up all over her body. The next second, she seemed to be controlled.

Soft body, even jumped off the balcony!

Chapter 456: Kill the Lin family!

When Wei Ying felt the squally wind roaring around!

only found out that he had done such a crazy move!

This is the tenth floor!

Although she has just practiced, she is not a god!

Such a high place, if you jump down, it's weird not to die!

She regretted it and even wished to slap herself!

Why are you crazy!

committed suicide by jumping off the building?

It is estimated that the headline news in Beijing tomorrow will be [a female teacher of Beijing Normal University committed suicide by jumping off the building due to teaching pressure]

When she thinks that she is going to kill her, she feels melancholy!

She is only in her twenties!

She hasn't even tried the love of men and women!

After all, someone she likes appears, so she is going to die like this?

Wei Ying touched the ground as soon as she saw her, and suddenly a cold female voice appeared in her body.

"Don't worry, I won't let you die."

In the next second, Wei Ying unexpectedly found that her hands had started to choke, and countless water droplets in the air poured madly!

The water droplets condense ice crystals, forming a big net directly two meters above the ground!

Wei Ying fell on the ice crystal net, buffering all power!

Not only that, but a **** phantom appeared all over Wei Ying.

The appearance of the **** ghost is exactly the same as Wei Ying!

There is no collision of imagination!

is not as **** as imagined!

Wei Ying landed safely.

She was completely stunned, she was fine?

Just then, the cold female voice sounded again: "If you don't keep up, you may never find that kid again."

Wei Ying was taken aback, glanced around, no one!

"Who are you? Where are you?"

"I am the **** cold body in your body! Go!"

Wei Ying's face changed slightly. Just about to say something, an invisible force seemed to be controlling her.

She glanced at the Earth Soul Profound Stone on her neck, and there were countless gaps.

Is it impossible to suppress the cold body in her body?

Although she was controlled by her body, she clearly felt that as long as she used some strength, she would definitely be able to break through the opponent's control.

It's just that this feeling makes her very useful right now, and she hasn't lost control.

.....

Night, ink is like paint.

The Lin Family in Beijing.

Ye Chen and Bao Xinhe have already come to the place of formation.

is indeed near a park.

Ye Chen closed his eyes and could feel the wave of the surrounding formation.

This fluctuation is stronger than the Blood Plum Palace and the Jiang Family.

"Mr. Ye, although I know that I am here, I heard that the Lin Family's formation is unusual, and it is extremely difficult to force it through.

"Even this formation has a strong intention of attack. I heard that a Chinese expert tried it and died under the formation, and he didn't even have the ability to counterattack."

Ye Chen ignored it, and as his cultivation level improved, he became extremely clear about the spirit talisman.

Never leave its origin.

At a glance, he felt the eye of the formation.

He took a few steps, the pace was extremely strange, even a little nondescript in Bao Xinhe's eyes.

Just when Ye Chen reached the seventh step, the whole ground shook!

A faint light flashes!

The eyes are emerging!

Bao Xinhe looked like hell.

This Mr. Ye found the Lin Family's formation in just a few steps?

What the **** is this evildoer!

Before he could react, Ye Chen pinched his fingers, and a flame appeared between his arms!

In the next second, the flame is like an arrow piercing the eyes of the formation!

The fire broke out!

The enchantment of that formation was spreading in all directions like a spider web, completely shattered!

Not only that, Ye Chen punched again!

This fist, dragons and chants, is densely packed, and a large formation is all broken!

Bao Xinhe's expression completely solidified!

This Mr. Ye not only found the formation, but also destroyed the formation?

What kind of means is this!

is almost unheard of!

at the same time.

The Lin family inside naturally felt the vibration.

The elder of the blood alliance and Lin Ao glanced at each other, and both saw the shock in each other's eyes.

"What is this?"

The old man of the blood alliance is surprised.

Lin Ao stood up and said in horror: "The Lin family's formation was forcibly broken! How could it be possible!"

The formation of the Lin family was passed down thousands of years ago.

Although this formation is not an ancient great formation, looking at the entire China, there is almost no one that can be stronger than this formation!

is actually broken now?

And it was abruptly broken?

"What the **** happened outside, monitoring?"

The blood elders felt something was wrong.

Lin Ao's eyes shrank, and he just wanted to pick up the tablet on the table to call the monitor!

"Hey!" There was a loud noise!

The air seemed to be broken by a strong force!

He raised his head subconsciously, and a spear burst through the air!

With a strong air current all over!

The sound of "ding!" landed directly on the palm of his hand!

Pierce the plate and nail it to the ground!

Sparks flickered, and a gust of wind swept across.

Not only that, because the power of the spear just now was too terrifying, a blood stain appeared on his hand.

Blood gushes out frantically, dripping on the ground.

Lin Ao was a little dazed, someone broke into Lin's house!

Before he could react, a scream resounded!

Immediately afterwards, he saw an unforgettable picture in his lifetime.

The black mysterious door of Lin's family was directly broken open with one foot, and countless sawdust flew across.

In the darkness, a cold and proud figure appeared!

The key is that this figure holds four human heads in his hand!

These four people are impressively the powerhouses guarded by the Lin family!

'S line of sight moved, and the light outside finally hit the figure's face.

mottled light, showing a pair of cold eyes.

Like a hungry wolf, like a lion, killing but bloodthirsty~www.mtlnovel.com~Ye Chen!

Ye Chen actually killed the door.

The old man of the blood alliance and Lin Ao stepped back subconsciously, their minds flashed in the gym this morning, that Ye Chen was like a **** of war!

Lin Juelong, lose!

The strong blood alliance, seriously injured!

Guardian of China, die!

Now, there are still a few people who can stop Ye Chen from Huaxia!

"Boom!"

The four heads were thrown directly into Lin Ao's footsteps.

"Where is Ye Tian?"

Ye Chen had already appeared in front of Lin Ao, two meters away, and the cold breath enveloped Lin Ao's body!

Lin Ao reacted and stared at Ye Chen: "You are late, and Ye Tianzheng is not here!"

"is it?"

Ye Chen didn't do anything. Instead, he took a cigarette out of his pocket, lit it, and sat on his side.

"I will give you time for a cigarette and bring Ye Tianzheng, otherwise, everyone in the Lin family will die."

Smoke loomed over Ye Chen's face.

This seemingly ordinary picture made Lin Ao and the blood elders feel fear.

Because what they saw was not just a young man smoking.

They also saw a blood dragon slowly creeping out of Ye Chen's body!

broke the whole house in a blink of an eye!

Very huge!

Then just hovering beside Ye Chen.

The blood dragon looked at the two condescendingly, with ferocious faces and flames billowing on the dragon scales!

The atmosphere in the whole hall has dropped to a freezing point!

Chapter 458: I only need 1 answer

At the moment of death, there was only fear and panic on the face of the blood elder.

He can clearly feel that he has lost control of his hands!

I don't even have the ability to think.

His consciousness gradually disappeared.

finally fell to the ground.

savage and cruel.

There is nothing but blood.

Those Lin family powerhouses who had planned to flood into the house, all stopped!

They know the strength of the blood elders, but such a strong one was cut off by that young man with a single sword?

The key is not even possible to block!

Ye Chen retracted the Dragon Slashing Sword, took out a rag from the table, and wiped it carefully.

It seems that the blood of the blood of the old man of the blood alliance is not worthy of being on the dragon sword.

Then Ye Chen raised his head, and his eyes fell on those Lin Family experts, who had a strong smell of blood.

"Bao Xinhe, leave one alone."

"Yes, Mr. Ye."

Bao Xinhe's eyes shrank, and he immediately rushed into the crowd.

The screams resounded!

Ye Chen's actions have already formed a shadow in their hearts.

Once you are afraid, how can you stop it!

Of course, it is not easy for Bao Xinhe to face so many masters. Soon Bao Xinhe also suffered some injuries.

Ye Chen shook his head helplessly, and instantly rolled up gusts of wind, rushing into the crowd!

Flesh and blood fly everywhere!

Ye Chen at this moment is like a **** of death, reaping everyone's lives mercilessly.

Just five minutes!

The many masters of the Lin family have all fallen!

The blood mist filled the whole room, a little choking.

Of the entire Lin family, one person is still alive, and that is Lin Ao.

Lin flinched in the corner, lost his arm, his strength was greatly reduced, it is impossible to fight back!

The key Ye Chen's current strength can even kill the strong blood alliance, he has no one-shot power at all!

"Bao Xinhe, you go search every room in Lin's family. Once you find Lin Juelong or my father, report it to me immediately!"

"Yes, Mr. Ye!"

Bao Xinhe surging towards Lin's house instantly!

But Ye Chen glanced at Lin Ao and walked towards him step by step.

The steps are very light, but like the steps of death.

"Do you know why I didn't kill you?" Ye Chen said lightly.

Lin Ao had no intention of compromise, and said angrily: "Ye Chen, what if you destroyed my Lin family! Even if you go through the entire Lin family, don't even try to find Lin Juelong and your father!"

Lin Juelong and the elder of the blood alliance who were injured today have been transferred and treated by the Guardian of China Fang Zhenye.

As for Ye Tianzheng, he was also taken away by Fang Zhenye.

There are some secrets. The Lin family is not qualified to obtain it, but Fang Zhenye is absolutely qualified!

Only because, he is one of the people standing in the China Pyramid!

They control power and can enjoy the refreshing feeling of power growth!

No one can shake!

Even if Ye Chen is now No. 1 on the Huaxia Grandmaster list, he can't shake it.

Not long after, Bao Xinhe hurried back: "Mr. Ye, no one."

"I even broke open some basements, but still didn't find them. I suspect that these people were moved ahead of time."

"However, Mr. Ye, I found this thing in a room."

Bao Xinhe handed a book to Ye Chen.

There are some weird words and symbols drawn on the book, which looks a bit complicated but simple.

Ye Chen saw the symbols on the book, his eyes shrank, and he quickly took it!

His breathing is a bit short!

Because the symbols above were created by him and his father playing chess!

It was just fun at the time, and the father and son often set up some secret codes at home that Jiang Yanrong could not see.

Under the world, only he and Ye Tianzheng can understand the symbols and words on it.

Ye Chen glanced, unable to compose a paragraph of these things in a short time, so he threw the things into the reincarnation cemetery.

Then, cold eyes fell on Lin Ao's body.

"Where is my father? Tell me, I can give you a complete body."

There were some silver needles in Ye Chen's hands, and the silver needles shone coldly under the light, and they looked a little frightening.

"Puff!" Lin Ao spat out a mouthful of blood on Ye Chen's face.

"Little beast, you **** don't think about it! Even if the Lin family is gone, you don't even want to see your father! It is estimated that only old beasts can give birth to a beast like you!"

"Hahahaha, when my son recovers, he will definitely avenge my Lin Ao! One day, your family of three will die! And there is no place to bury!"

Lin Ao's expression was terrifying to the extreme.

the words fell, his body became even bigger, and he was obviously about to explode!

He would rather die than reveal any news to Ye Chen.

Ye Chen smiled, with a cold and indifferent smile: "Lin Ao, do you know where I went during the five years I disappeared?"

Lin arrogantly startled, his expression a bit hideous.

This is also the biggest doubt in his heart.

"Because you are about to become a dead person, I might as well tell you that I went to Kunlun Xu, where countless strong men and sects stand."

Hearing these words, Lin Ao said in horror: "Impossible! Kunlun Xu does not have any information about you!"

"You can't find me in Kunlun Xu's martial arts sect, because I did not worship any martial arts sect at all. In those five years, I struggled in the darkness of life worse than death. In those five years, some of the skills I controlled may be Let life be worse than death~www.mtlnovel.com~ My greatest strength is not martial arts, but medical skills."

"I thought that medicine was used to save people, but the darkness and the land of killing told me time and time again that medicine can also be used to kill people."

"It will even be painful, worse than death."

Ye Chen said, the silver needle in his hand was ejected, cold light flew by, and six or seven silver needles steadily shot Lin Ao's body.

Lin Ao felt something was wrong, and just wanted to talk, only to find that Ye Chen's fingers snapped quickly.

The faster the resolution, the tail end of the silver needle dazzled.

"this is....."

Before he could react, a sense of endless pain swept over!

For an instant, he convulsed all over, and his whole body chilled.

This feeling is like millions of ants biting wildly.

"what!"

Lin Ao's exclamation resounded throughout the room, terribly terrifying.

Not only that, the meaning of pain is still expanding and magnifying! This is a sharp pain from the depths of the soul!

Bao Xinhe on the side saw this scene, but couldn't help but take a breath!

It is too horrible to make a martial arts expert so painful.

Fortunately, he is not Ye Chen's enemy, otherwise his fate may be the same as Lin Ao.

At this moment, Lin Ao's body was blue veins violently, and his eyes were bloodshot, extremely hideous.

Ye Chen pulled out a chair next to him, sat down, lit a cigarette, and waited slowly.

"I only need an answer to end the pain."

Chapter 459: Extremely dangerous!

For ten minutes, Lin Ao collapsed, sweating, and incontinence in the crotch!

In theory, the pain that a warrior can endure must be far beyond that of ordinary people, but under Ye Chen's pain, the warrior is just the opposite. "

"I said! You let me go! Hurry up! Ye Tianzheng was taken away by Fang Zhenye! Go to Fang Zhenye! Ah!"

Ye Chen pinched out the cigarette, and did not intend to remove the silver needle, but continued to light a cigarette.

"Ye Chen, you can't be good...Ah! Please let me go!"

The two cigarettes are over, Lin Ao has been tortured to death.

There was no sound at all.

His body almost burst open, all his teeth shattered!

I can see what kind of pain I endured before death.

Ye Chen stood up and said to Bao Xinhe: "Cut off his head and hang everyone's heads outside the door."

"Yes, Mr. Ye."

Bao Xinhe shook his head helplessly, and did so.

The last thing the Lin family shouldn't do is to provoke this evil god.

Just when Ye Chen was about to leave, the phone on the ground rang suddenly.

is the cell phone that the dead old man secretly sent text messages.

Ye Chen frowned, he glanced at the light in the corner, held the phone with his five fingers, and sucked the phone back.

shows a string of encrypted numbers.

He pressed the answer button, and an old voice came out: "Is Ye Chen still in the Lin family? Have you taken it? I have sent some of my apprentices to support, so you can stay steady."

Although Ye Chen had never heard this sound, he instantly guessed who the other party was, and he gave a cold smile: "It may disappoint you. This group of people are dead."

There was a pause on the other end of the phone for a few seconds, and a majestic voice came through: "Ye Chen, you dare to destroy the Lin family! You destroyed a family in Jiangnan Province, Huaxia would not say anything, but trample on the rules and destroy the top Huaxia family. , The things you have to bear will far exceed what you think."

"Did you know that there is a round table meeting between the Guardians of China? It is too easy to cut your life and death, even if you have powerful forces and sects behind you, the result will be the same!"

"Also, before my apprentice arrives, I hope you will catch it next time, otherwise, at your own risk!"

Ye Chen just wanted to say something when the phone was hung up.

Ye Chen destroyed the phone and looked at Bao Xinhe: "Since you have an elder who is the Guardian of China, does he know where Fang Zhenye is?"

Bao Xinhe shook his head: "The Guardians of China are not closely connected. They only meet at special roundtables or before China's major events, and more often through video and other forms of communication."

"It is difficult to know the location."

Ye Chen nodded, glanced at the heads on the wall, and said coldly: "Let's go."

"Well, Mr. Ye."

Just when Ye Chen and Bao Xinhe were about to leave, three figures in Taoist robes stood in front of them.

The three of them showed murderous intent and stared at Ye Chen.

The strength of these three people is very strong, and from the perspective of breath, there are at least thousands of people who died in the hands of these three people.

This evil spirit is a bit incompatible with the Taoist clothes on them.

"Are you Ye Chen?"

A middle-aged man led by was called Fang Yuanji. Fang Yuanji glanced at the row of heads hanging in front of Lin's house, his eyes shrunk slightly.

Fang Yuanfeng and Fang Yuanhai, his two junior brothers, had some expressions on their faces.

I didn't expect them to come desperately, but they were still a step late.

It is estimated that none of the Lin family survived this time.

The key, they never thought that someone would dare to destroy the Lin Family, the top Chinese family!

Ye Chen guessed the identity of these three people, they should be Fang Zhenye's apprentices.

just right, they want to know news of Fang Zhenye.

These three people are undoubtedly the best way.

"Fang Zhenye, where is it?" Ye Chen said unceremoniously!

"Bold, how can you call the master's name casually! Don't kneel down!"

Fang Yuanji's eyes were cold, and he had no intention of moving his sword, and he fisted towards Ye Chen.

There is a faint red air current between this punch, and the sound of breaking through the air keeps ringing, visible power!

Not only that, but the other two dared not take it lightly, mobilizing their dantian true energy, and taking Ye Chen's vitals!

In an instant, three extremely powerful air currents swept across, like three blood blades coming through the air, trying to cut everything.

"Mr. Ye, I'll help you!"

Bao Xinhe felt that the strength of these three people should not be underestimated, the key point is that he has never seen these three in the Huaxia Grandmaster Ranking!

He is very sure that these three people are the strong ones hiding in the shadow of China!

"Boom!"

It is a pity that Bao Xinhe can only barely resist one person!

Two fists collided, and Bao Xinhe felt that his internal organs were all broken by a wave of air!

Pedal!

took a full six steps back!

"Puff!"

He couldn't help it anymore, spit out a mouthful of blushing blood, shocking!

"Bao Xinhe, I know you, and you dare to stand in front of me with this kind of strength. I can't help myself!"

"You must be surprised, I might as well tell you one thing, do you know Fang Yuancheng, who has been at the top of the Huaxia Grandmasters list for a long time? He is our junior!"

"Now you know how small you are!"

Fang Yuanji sneered, and stepped forward, "Today, I personally send you on the road!"

rumbling!

A single palm blasted out, palm wind burst, a substantial palm print was condensed, like the scorching sun, it rolled toward Bao Xinhe.

In his opinion, Bao Xinhe may be very strong in China, but in their eyes, he is vulnerable!

Huaxia's masters may not necessarily be on the Huaxia master list!

just like him!

Seeing that palm print crushing ~ www.mtlnovel.com ~ Fang Yuanji's mouth showed a bloodthirsty sneer.

He enjoys the feeling of controlling the life and death of others.

At this moment, a black shadow suddenly appeared in front of Fang Yuanji!

"You are so happy too soon."

Ye Chen's arm seemed to rush out of a blood dragon, and he punched out!

rumbling!

The wind exploded and the blood was dazzling.

Like stars come!

Just before the palm print fell, the fist wind rushed!

In the powerful aura, the shadow of the fist and the palm prints collided fiercely.

Like a mountain collapsed and the ground cracked.

Amidst the violent roar, the endless gust of wind swept in all directions.

The entire Lin Family's ground vibrated faintly.

Even the walls around Lin's house had cracks.

"Huh? How could it be possible! This power..."

Fang Yuanji, who originally had a sneer and disdain on his face, finally widened his eyes.

The palm he thought he was crushing seemed to be swallowed by an invisible force!

Amidst the exclamation, his figure paused, and he suddenly withdrew ten steps toward the rear.

Has his own moves been resisted? And I also suffered a big loss!

Both palms were numb, feeling the domineering aura that rushed into his body, and seeing the man who appeared in front of him with thunder and blocked his own blow, Fang Yuanji's face was full of shock!

The master said that Ye Chen was very dangerous, but Fang Yuanji disapproved!

But now it seems that it is extremely dangerous to be able to display such power at such a young age!

Chapter 460: The mantis catches the cicada and the oriole is behind!

Fang Yuanji realized that something was wrong, and quickly ordered:

"Two brothers, let's do it together!"

The other two juniors react instantly!

"it is good!"

In the next second, palm prints all over the sky came towards Ye Chen!

Extremely strong.

Ye Chen's eyes became serious. The strength of these three people was stronger than Lin Juelong. The key to the tacit understanding of these three people was extremely terrifying.

Every blow is his key!

If it were not for his high concentration, it would be absolutely dangerous.

Bao Xinheben wanted to help, but found that he was injured and wanted to get involved in the war. It was impossible!

Ye Chen's body kept retreating, and a trace of scars appeared on his body.

He wants to make a decision and use magic spells, and the three of them don't give him any chance!

Gradually, Ye Chen was already a bit downwind.

Damn it!

Fang Yuanji had a grinning smile at the corner of his mouth: "Ye Chen, a hero is hard to beat, where did your arrogance go?"

"The master has confessed, and broke your arms and legs, let us take you back to Xiangjiang! I think you should just kneel down and avoid the pain of flesh and blood."

The words fell, among the sky full of palm shadows and killer moves, an aura overflowing dagger appeared in Fang Yuanhai's hand on the far right.

The dagger broke through everything, mixed in the shadow of the palm, and pierced Ye Chen's heart with one blow!

This blow was too sudden, and the key speed was extremely fast!

Seeing this scene, Ye Chen's face changed slightly, but the corners of the three people's mouths showed a hideous and cruel smile.

They didn't know how many people they killed with this trick.

Surprise!

Don't talk about the strong in the separation and reunion realm, even the strong in the true essence realm will die!

Seeing that the dagger was about to submerge into Ye Chen's heart, suddenly, the sudden change came out!

The surrounding temperature drops suddenly! The cold wind is coming!

The water droplets in the air condense into an ice sword! So suddenly appeared behind Fang Yuanhai!

This weird scene changed the expressions of the three of them!

Who would have thought that the mantis would catch the cicada and the oriole in the back!

But who is this oriole!

Such a method?

"噗哧!"

The ice sword pierced Fang Yuanhai's body without hesitation!

penetrates through the heart, the blood is gradually stained, and is powerless!

The trio's formation instantly crossed!

Fang Yuanji and Fang Yuanfeng looked behind them subconsciously, but did not notice that Ye Chen's expression completely changed!

With five fingers and one clasp, he took the dagger of the man who fell on the ground!

Between the electric light and flint.

Ye Chen clenched the dagger, aura overflowed, and the blood evil surged!

A blood dragon rushed out directly, as if attached to his arm!

Ye Chen's whole person is like a wind, moving towards Fang Yuanji and Fang Yuanfeng, it is basically a cheetah hunting and a tiger going down the mountain, the speed is too fast!

"not good!"

The two of them reacted, but it was too late!

Ye Chen's dagger had already wiped Fang Yuanfeng's neck, and the elegant arc was extremely cold at this moment!

"Die to me!"

bump.....

Even if Fang Yuanfeng wanted to hide, it was too late. The dagger broke through the infuriating barrier around him!

touched his skin!

Under Ye Chen's endless anger, this blow was exhausted. One can imagine how terrifying the power is.

唰!

The cold light flashed, and Fang Yuanfeng's head fell to the ground.

The body also fell down, blood flowing, like a fountain, and the neck was bright red and warm.

At this moment, only Fang Yuanji is left!

Ye Chen's eyes are red, like a blood wolf that kills red eyes!

He threw away the blood-stained dagger, directly raised his right hand, in the form of eagle claws, protruding fiercely, terribly accurate, and directly caught

Fang Yuanji's shoulder!

Fang Yuanji couldn't think that everything would be ruined by a sudden ice sword!

It is impossible for him to stop Ye Chen from his own power!

"Now it's my turn, die for me!" Ye Chen hissed, his face was fierce and crazy.

"Tear!" A cry!

Ye Chen's five fingers directly penetrated Fang Yuanji's shoulder!

The powerful pain made Fang Yuanji couldn't help taking a breath, he didn't care about the wound on his shoulder and wanted to leave!

Very fast pace! His powerful body makes him move almost instantly!

At this moment, his head is extremely clear.

With his strength alone, it is difficult to kill Ye Chen!

There is a strong man who does not know the origin behind the key!

He can only run away!

"Want to go, have you asked me?"

A few seconds later, there was a cold voice in his ear.

Fang Yuanji was startled!

How could it be possible that his body was overtaken by the opponent?

Before he could respond, a pair of big hands fell directly into the sky! Shot on top of his heavenly spirit cover!

Fang Yuanji felt the sea of consciousness shaking, stopped, and vomited a mouthful of blood.

One after another force penetrated his body from his head, plundering frantically!

"Pump!"

He knelt on the ground, and found himself trapped by a blood dragon.

Bloody dragon fierce, what he just wanted to say, a death will spread, and his body fell in a pool of blood.

The moment he fell to the ground, he saw a girl in a polka-dot dress standing not far away.

The girl looked extremely weak, but there was a trace of chill and blood all over her body.

"The blood and cold body..."

Fang Yuanji couldn't think of it, everything was ruined on the weak girl.

Fang Zhenye's three apprentices were directly beheaded!

No one lives!

Ye Chen panted slightly, raised his head, and his eyes fell on the girl not far away

The expression is even more frightened.

Ye Chen was startled, he never thought how Wei Ying would follow?

Wei Ying looked at the three corpses and couldn't help it anymore, went straight to the corner and threw up.

She is just an English teacher at a college, how can she ever see such a **** side!

At this moment, the chill and blood evil all over her have disappeared.

Just when Wei Ying was about to vomit, Ye Chen had already come to her and handed out a tissue.

"Are you ok?"

"Thank you."

Wei Ying took the tissue and wiped her mouth, her face pale, she glanced at the location of the corpse.

found that there is no more, but the pools of blood on the ground are still there.

Wei Ying exhaled and looked at Ye Chen: "I'm really sorry, Ye Chen, I don't want to do this, but I can't control it."

Ye Chen smiled: "I didn't mean to blame you. If it weren't for you, I might be in danger tonight."

He knew very well that the sudden ice sword was the key to this battle.

And this ice sword must have been cast by Wei Ying.

It's just that he is very strange in his heart. How can Wei Yinggang enter the way of cultivation?

He thought of something and noticed the necklace on Wei Ying's neck.

The Earth Soul Profound Stone was almost shattered, and it was destined to be impossible to suppress.

"I heard that the Shaxue Cold Body can control the body, and the strength is extremely terrible, is it really the case?"

Ye Chen murmured.
