Chapter 461: Trial Ye Chen!

"Ye Chen, what are you whispering about? By the way, those three men just now..."

Wei Ying has a lingering fear, after all, this is the first time she has seen a dead person so clearly.

The key is that the other party died in front of her.

Ye Chen did the work.

Although Ye Chen had done his hand in the mother's martial arts school last time, the person seemed to be alive, and the ring was too far away from her, she couldn't see the details.

Ye Chen patted Wei Ying on the shoulder: "Let's go, you also know that I am a special person, I am a legitimate defense."

"Ok."

Wei Ying believes that Ye Chen will not kill people indiscriminately.

The two left Lin's house, drove a car, and headed directly to the teacher's apartment.

The Lin family was completely exposed in the capital because of the loss of the formation.

Not long after, a homeless man who came out of the park naturally discovered the Lin family who had suddenly appeared.

His expression was a little surprised, and he even rubbed his eyes.

The blood on the ground did not surprise him too much.

He walked towards the broken door of the Lin family, but he hadn't reached it yet. His footsteps stopped, and he raised his head and stared at the **** heads hanging on it.

He sat on the ground with a fright, then pulled his leg towards the nearest police station.

Ten minutes later, the Lin family was completely sealed off.

Lei Shuwei and Bai Lixiong arrived one after another.

Bai Lixiong glanced at that row of heads, his eyes locked to the extreme.

Stormy waves are set off in my heart!

The Lin family was destroyed.

He naturally knows who made it, so there is no need to think about it.

Dare to destroy the Lin family, it's today again, it can only be one person.

Ye Chen.

He knew Ye Chen would be angry, but he didn't expect that this anger would directly destroy a family.

lunatic!

Completely crazy!

As a top family, once the Lin family is destroyed, the situation in the Chinese martial arts world will be completely chaotic.

will even cause panic, it is estimated that countless forces and departments will participate in Ye Chen!

This is too costly.

"General, three corpses were also found, but the identity and origin cannot be found."

"take me to."

Ten seconds later, Bai Lixiong came to a yard of the Lin family. A soldier from the Jagged Camp opened the white cloth, and he glanced at it.

I don't know the origin.

But when he saw the Taoist uniforms on this group of people and the signs on their chests, his eyes suddenly shrank.

These three are actually Fang Zhenye's apprentices!

Damn it!

Things are completely upset!

"Grass, does Ye Chen really want to go to war with the Guardian of China?"

"What is his nerve? This time he is not facing a family, but an existence above the Chinese system!"

Bailixiong's palms were all sweaty, thinking for a few seconds, he sighed deeply, knowing that the stagnant water was completely disturbed by Ye Chen.

He picked up the phone and dialed an office in Zhongnanhai.

"One, something serious happened, and the Lin family was destroyed by Ye Chen."

"What! What did you say! Is the source of the information confirmed?" A shocked voice came from the other end of the phone.

"OK, I'm right there. Also, the three apprentices of Fang Zhenye were also beheaded by Ye Chen."

There was a full ten-second pause on the other end of the phone, and then he said, "Come here and call an emergency meeting right away! This stinky boy! Will the genius who really want to pierce China to give up!"

.....

China, Hong Kong Special Administrative Region.

is located in South China, east of the Pearl River Estuary.

Hong Kong is also known as the "Port of New York" along with New York and London in the M country. It is one of the world's three largest financial centers and a first-tier city in the world.

There is a mountain to the west of Xiangjiang River, named Jiangdao Mountain, which is one of the sacred mountains in China.

At this moment, on the Jiangdao Mountain, in an ancient and solemn palace, an old man sitting cross-legged suddenly opened his eyes!

Because at this moment, three jade tiles in front of him shattered directly!

This jade card is a life jade card!

The three jade plates are written with the names of Fang Yuanji, Fang Yuanfeng, and Fang Yuanhai!

Once shattered, it means that these three people are dead and their souls are all destroyed!
Powerless!

The old man stood up suddenly, with bloodshot eyes!

An invisible anger hit his whole body!

All the precious antiques placed around are shattered!

There are even scary cracks in the ground!

"How is it possible! My three apprentices died! Ye Chen, you little beast, dare to move my Fang Zhenye people! I want him to die! I want him to bury my apprentice!"

Fang Zhenye's hysterical roar resounded through the hall.

Who would have thought that the few people he sent a few hours ago were sent to Huangquan by him abruptly!

The key is that the three people understand the formation method. As long as the three of them work together, it is impossible for ordinary Chinese masters to bear it!

But now, why is this the result!

He can't accept it!

Fang Zhenye hit an ancient stone in the house with a punch, and the stone was directly cracked.

He tried to suppress his anger, but found that he couldn't suppress it at all.

No one has ever dared to stand on the opposite side of Fang Zhenye, and no one dared to touch him!

He couldn't help it anymore, took out a machine from a cabinet and pressed a few numbers on the machine.

In an instant, eighteen old faces appeared on the screen.

"Lao Fang, at night, what are you doing with this emergency device?"

"Old Fang, your face is not pretty."

There were laughter and jokes, but Fang Zhenye's expression became more and more ugly.

After a long time, Fang Zhenye said: "Start the Guardian Trial Conference. Today I will judge one person. This son is named Ye Chen! A native of Huaxia Jiangcheng, this son ignores China's laws ~ www.mtlnovel.com~ and slaughtered many families with cruel methods. I sent three disciples to try to stop them, but they were directly killed by him! This one must not stay!

I started this trial meeting, just to punish the nine tribes, and kill all people related to this son. "

There was silence when he heard the cold words.

A few seconds later, someone nodded angrily!

Someone did not hesitate to stand on Fang Zhenye's position.

"This little animal is so bold! Damn it! I agree!"

"I agree!"

But soon, someone also raised an objection: "I don't agree, the matter still needs to be investigated, Fang Zhenye alone is not enough!"

"I also remain neutral, this is a bit strange."

Fang Zhenye glanced at the group of people who opposed and neutralized opinions, and snorted coldly: "Do you think I have to lie? I, a guardian of China, want to frame a junior?"

An old man touched his beard and said unceremoniously: "Fang Zhenye, there are too many doubts about this matter. First, why did this son slaughter other people's families for no reason? You have to speak a rational word in everything. Second, your three. Why did an apprentice block this son? Third, you held a trial meeting for a kid. Isn't this a bit too much? You can let the official Huaxia force take action, but you didn't do it!"

Fang Zhenye stared at the old man who raised the objection in the picture, and said angrily: "In this case, after three days, everyone has rushed to Huaxia Xiangjiang, we vote!"

There was a cold killing intent in his eyes.

No matter what, he will make Ye Chen pay a great price.

Chapter 462 The Mystery of Life Experience!

Beijing Normal University, classroom apartment.

Ye Chen poured a glass of boiled water for Wei Ying and asked, "How did you feel when you used the ice sword?"

Wei Ying shook her head: "I don't know, that feeling is very subtle. It's like...I can't tell."

She scratched her head, a little irritable.

"What should I do? I feel that I have a problem. It seems to be schizophrenia. Do you want to see a doctor?"

"I always feel that there is a voice and a person controlling me, she can talk to me, and even say that she is a **** body..."

In the end, she still expressed the doubt in her heart.

It is absolutely impossible for her to tell her parents or even her girlfriends about this.

Those people would definitely treat her as a lunatic.

Ye Chen is undoubtedly the best person to talk to.

Ye Chen frowned, he was right, the earth soul profound stone couldn't suppress the **** cold body in Wei Ying's body.

"This is not schizophrenia, it is the strength of your blood, or it can be said that it is another you."

Ye Chen can only explain that.

"The other me? What if one day I am controlled by this guy? Will she swallow me? Will I die?" Wei Ying asked several questions.

There are some things she doesn't understand, but it doesn't mean she is stupid.

"This is also the reason why I let you practice, how much you can control the current fierce blood and cold body

---This is a gorgeous dividing line---

Novel netizens, please remind: Please pay attention to the rest of your eyes when reading for a long time. Recommended reading:

-----This is a gorgeous dividing line-

, but in the future, this fierce **** cold experience will become more and more powerful, she represents an extreme of yours, bloodthirsty becomes a demon. The only thing you can do is practice. The stronger you are, the stronger your consciousness and spirit will be. Only in this way can you suppress the cold body of the blood, and even use the cold body of the blood to strengthen yourself. "

Wei Ying frowned when she heard Ye Chen's words, her face pale.

She doesn't want to be controlled.

That is the only practice.

The living room was quiet for a while. Suddenly, when she thought of something, her eyes were firm: "I will definitely cultivate well."

After speaking, Wei Ying stood up and walked towards her apartment.

But soon, she folded back again, stuck out her tongue, and twisted and said: "Ye Chen, I am alone, a little scared, can I stay here for a while...just a while."

Ye Chen looked at Wei Ying and nodded.

He is still to blame for this matter. He killed someone in front of Wei Ying, enough to become a nightmare for this girl.

The key means are so cruel.

Wei Ying got Ye Chen's reply, smiled, then sat on the side of the hair and began to practice.

One meter around her, the chill is pressing.

Ye Chen didn't care about Wei Ying either, and took out a notebook Bao Xinhe found from Lin's family from the reincarnation cemetery.

There are extremely complicated symbols and characters recorded in the book.

Only he and Ye Tianzheng can understand this.

For example, the word 'kill', if expressed in the common language between father and son, is a steel cross symbol.

But because the matter is too long, Ye Chen can't remember some things clearly.

Ye Chen could think of a way to leave when his father was trapped day and night.

But there is no ability.

My father knew that he would go to the Lin's house to find him, and he was afraid of being transferred, so he expressed it in this way.

The Lin family will not be suspicious, only think that their father is passing the time.

Ye Chen turned page by page, each symbol translated into Chinese characters.

For an entire hour, he finally understood the meaning inside.

"Chen'er, I know you should be reading this letter now. At this time, I think I should have been transferred. Don't be disappointed if you haven't seen me.

You can have this strength now. I am really happy for my father. Although my father is trapped, there is no danger, so don't worry.

Now you are the pillar of the family. You must protect your mother. Your mother is a kind woman. She has suffered so much with me over the years. Her wish has always been that our family can be recognized by the Jiang family. I tried hard to help her achieve, but found it impossible.

But now, I believe you can do it Chener.

During my absence, I hope you will take good care of your mother. Your mother has contracted rheumatism in Ghost Prison in recent years. If you have the opportunity, take her to the best hospital.

.....

In the following passage, I hesitated for a long time, but decided to tell you. In fact, I still want to thank the Lin family. Without the Lin family, I would never calm down and think about these things.

First, I am temporarily safe. At least it seems very difficult for ordinary people to kill me. There seems to be a force in my body to protect me secretly. I don't know if this understanding is correct, but at least the Lin family tried to do something with me, but it failed. The person who did it was also seriously injured.

---This is a gorgeous division--

/>

Second, during this period of time, I found that the Lin family took me away. It seemed that it was for something or some information left by your grandfather. At first, I thought that the Lin family was interested in Pei Rong's family, but in the end I found Ghost Prison. Or the Lin family seemed to be interested in some things about my Jiangcheng Ye family.

I thought about it a lot. I sorted out all my experiences and found that Jiangcheng Ye's family was suspicious. From the moment your mother became pregnant with you, your grandfather seemed to be preparing something. He knew your gender and named you early. Since you were one year old, your grandfather seemed to have a special ceremony every year. Before you were three years old, he took you to three places, one is Xiangjiang~www.mtlnovel.com~ the other is Kunlun Mountain, and One he didn't elaborate.

He arranges everything for you in an orderly manner, even some gods talk, remember the stone he gave you on your birthday? This is what Grandpa told me to give to you, and even the timing of it must be extremely accurate.

If you have time and want to explore your life experience, you can go to Xiangjiang and Kunlun Mountains. Also, your grandpa has a close relationship with a person in front of him. I don't know what his name is, but he has a symbol tattooed on his neck. , On the last page.

So far, don't read it. Be sure to take care of your mother and not let her get hurt at all. "

Ye Chen frowned, turning to the last page, and there was a pattern as expected.

This is an ancient Sanskrit script. Although my father's painting is crooked, he can still read it roughly.

Ye Chen found that things were getting more and more complicated.

Grandpa once took him to Xiangjiang and Kunlun Mountains.

If he guessed right, he should have been to Kunlun Xu when he was very young, but he didn't know what to do.

There is also Xiangjiang. He doesn't think that an old man will take a child who is not three years old to visit Xiangjiang.

There must be a shocking secret in this.

is about life experience, about the cemetery of reincarnation, and more about his blood.

Fangen?

He suddenly remembered the words of the Slaughter Daojun, if he is a common root, all the strong in the world are waste roots!

Ye Chen walked on the balcony, lit a cigarette, and his thoughts drifted far away.

Until a phone rings.

from China Zhongnanhai.

Chapter 463: Respond hard!

Settings

Ye Chen picked up the phone, pinched out the cigarette, hesitated for a few seconds, and then connected the phone.

"Ye Chen, you should know why I am calling you now."

An old voice rang on the other end of the phone.

is the number one.

has a heart and soul.

Ye Chen narrowed his eyes: "I'm sorry, I really don't know."

The old man was startled, and then solemnly said: "Ye Chen, I have told you many times, don't destroy the Lin Family, leave nothing behind.

But this time, not only did you destroy the Lin Family, you also broke the Lin Family's formation and hung Lin Ao's head over the outer door. The consequences were serious.

If it was not discovered early, it is estimated that Huaxia would have panicked. Have you considered these things?

Also, in just one hour, I received 600 documents that were not good for you, and some people even planned to use the power of Huaxia's dark place to suppress you. "

"Hey, you beheaded a guardian of China, how long has it passed since you actually destroyed the Lin family again, how do you ask me to speak for you?"

"Your hostility is too heavy, so heavy that many people in China have criticized you. Bai Lixiong and I continue to argue for you, but in front of your actions, our words have become extremely pale and weak.

In the eyes of those people, your deeds to China far exceed your gong! You are an extremely dangerous existence in China! "

Ye Chen smiled, his smile a little cold: "You mean, I shouldn't destroy the Lin Family?"

"I didn't mean that, your method was over. You hurt Lin Juelong badly, and all grievances should end here."

"Even if you want to kill Lin Ao, it shouldn't be at this point in time."

"There are some things that I want to take care of for you with one hand, but I can't do it at all. The things are too big. The Guardians of China are almost covering the sky with one hand. They can change many things and even decide a person's life, including you.

"If you destroy the Lin Family, I can close one eye, but why did you kill Fang Zhenye's three apprentices!"

This is the most difficult place for number one.

The Chinese authorities, some people have already begun to take action against Ye Chen in order to prevent Fang Zhenye from getting angry.

Besides, Ye Chen is like a time bomb, which is too threatening to China.

Although Ye Chen respected the old man, he still said: "My principles will not change, let alone Fang Zhenye's three apprentices, even if Fang Zhenye is in front of me, I will do everything possible to kill this person, you If you call me for these things, then I'll hang up."

Ye Chen was about to hang up, and a voice rang from the other end of the phone: "During this period, you should leave the capital for a period of time. It is best to leave Huaxia. The sooner the better, I will leave tonight, otherwise I am not sure what will happen next. what.

Sometimes, I have to think about China, I can't always stand by your side, and I hope you understand. "

Before he finished speaking, Ye Chen died.

He went back to the living room and glanced at Wei Ying who was cultivating. He didn't say much, closed his eyes and started running Nine Heavens Xuanyang Jue.

Right now, his father and the injured Lin Juelong must be transferred to Fang Zhenye's side.

Where is the key Fang Zhenye?

He has no clue at all.

There are thousands of roads, and strength is the kingly way.

The only thing he can be assured of is that the safety of his mother and the other girls can be guaranteed.

But he promised his mother to bring his father back to reunite the family. He didn't want to disappoint his mother.

"Oh, I can only take one step and see one step."

.....

No words for a night.

The next day, Ye Chen opened his eyes and found that Wei Ying had woken up and looked good.

"Ye Chen, you wake up, I made you some breakfast, you can taste it."

"Thanks."

After Ye Chen had breakfast, he wanted to go out, but he heard a knock on the door.

is Bao Xinhe.

"Mr. Ye, I didn't interrupt you to rest. I came to this place in the morning because of my ancestors."

Hearing these words, Ye Chen's eyes lit up. Could it be that the ancestor of the Chinese Guardian from the Bao family came to the capital in advance?

"Has he arrived?"

Bao Xinhe had a look of regret on his face, and he said, "Mr. Ye, something went wrong, the ancestor may not come to the capital anymore, because of some things, he has to go to Xiangjiang first."

"Xiangjiang?"

Ye Chen was a little sensitive when he heard this place, after all, the place was mentioned in his father's letter yesterday.

Is it possible that Xiangjiang is a little weird?

Bao Xinhe nodded: "Mr. Ye, from the old ancestors, this time, the Guardians of China held a meeting in Xiangjiang. The content of the meeting... is to vote for you. Once the votes are enough, not only Mr. Ye will have an accident, but also ..."

"And what!"

Bao Xinhe hesitated for a few seconds. Under Ye Chen's coercion, he still said, "Moreover, even the Nine Clan will be punishable. Your family and all your friends around you will not be spared."

Upon hearing these words, Ye Chen's eyes suddenly filled with anger!

This is the grievance between him and Fang Zhenye, why do you want to involve his friends and family?

Obviously, Fang Zhenye wants to attack himself.

草!

He rolled up a murderous intent all over his body, wishing to rush to Fang Zhenye immediately and slaughter everything.

Suddenly, he thought of something and asked Bao Xinhedao: "Will everyone be present at this meeting? Fang Zhenye is no exception."

"It should be so."

Suddenly, Bao Xinhe suddenly felt something, raised his head, and stared at Ye Chen, "Mr. Ye, you don't plan to go to Xiangjiang? You can't go to Xiangjiang. If you go, you are going to die."

Ye Chen's mouth outlines a cold arc: "I don't have the patience to wait for Fang Zhenye to come to the door. In that case, I might as well go to Xiangjiang to see him! Besides, I still have a very important thing to go to Xiangjiang to deal with."

After speaking, Ye Chen suddenly noticed something, and his icy eyes shot towards the door!

"Boom!"

The door was directly blasted open~www.mtnovel.com~ The security door was almost twisted.

At the same time, dozens of powerful men with a terrifying breath in armed combat uniforms poured in.

These weapons are in their hands, their eyes are cold, and the word Huaxia is written on their combat uniforms!

From the perspective of the breath, these people are above the separation and reunion state.

is a bit interesting, it seems that this is the hidden power of Hua Xia in No.1 mouth.

Not only that, Ye Chen recognized the weapons in the hands of this group of people, specifically suppressing the high technology of cultivators and ancient warriors.

is very valuable.

He had seen it in Qinling Longmai at the beginning, but what these people had in front of him was obviously more sophisticated and complete.

With such strength and this kind of weapon, most of China's powerhouses can be suppressed.

It seems that some of the things I have done these days have really touched the interests of some people.

Wei Ying and Bao Xinhe are standing by.

Just as the swords were drawn, a middle-aged man walked out of the crowd!

The middle-aged man's national character face, with a terrifying breath, came to Ye Chen and showed a document!

"Ye Chen, this document was finalized above, please cooperate with us on the trip! If you resist, you will be responsible for the consequences!"

Hearing these words, Ye Chen sat on the sofa calmly, with Erlang's legs tilted, fingers tapping his knees, and a faint voice sounded: "I like this door, but you guys destroyed it. , Give you ten minutes to change him back to his original appearance."

The words stopped.

Ye Chen raised his head, eyes like cold stars: "If you don't do this, you will be at your own risk!"

This is Ye Chen's toughest counterattack!

Chapter 464: Suppression by force!

The man with the national character face shrank when he heard Ye Chen's cold threat.

He knew all the information about Ye Chen when he came!

The above evaluation of this child is just a few words-extremely arrogant and dangerous!

He did not dare to take it lightly, and used dozens of warriors in the shadow of China!

Even everyone is equipped with the latest special weapons. Specifically for existence like Ye Chen!

But who would have thought that with so many weapons pointed at him, Ye Chen didn't show any fear at all!

Could this kid be so arrogant that no one in the world can take care of him?

Ye Chen used secret techniques to kill the Guardians of China, but is it possible to kill the remaining nineteen Guardians of China?

The man with the national character face put the documents in his hand on the table, and righteously said: "Ye Chen, for the sake of saving the general on your risk, I don't want to use violence to suppress you, you just have to come with us. This is considered to cooperate with the investigation."

Ye Chen glanced at his watch, unmoved, said lightly: "There are eight minutes left."

If these people knock on the door to invite him, he might still cooperate.

directly broke into the door, do you have to forgive yourself?

Even if the opponent is the official power of China, Ye Chen will not give any face!

Even if No.1 and Bai Lixiong came, the result was the same.

The face of the man with the Chinese character changed slightly, and his eyes showed a violent color: "Ye Chen, if you don't cooperate, the consequences will be serious. Now warn you for the first time!"

"Warning for the second time!"

The man with the national character face was unmoved by Ye Chen, and said angrily: "If this is the case, then it can only be offended!"

"Do it!"

the words fell, ten of them shot a bullet one after another.

It's just that the bullet was not shot at Ye Chen, but shot on the walls in all directions.

At the same time, countless lasers flashed densely.

Laser blocked all exits of this classroom apartment, and an invisible force suddenly shrank.

Bao Xinhe wanted to do it, but found that an invisible force controlled his Dantian!

can't use infuriating!

His face changed, and he quickly looked at Ye Chen: "Mr. Ye, these things can actually make it impossible to use Zhen Qi here!"

Wei Ying's face was also pale, she even felt a little uncomfortable, as if she was about to suffocate.

Ye Chen naturally also noticed something wrong. The strange lasers and bullets fired by these people seemed to be a formation!

Within the formation, everything is closed!

Huaxia still has this method?

The man with the national character face saw the surprise of the three, and a cold expression appeared at the corner of his mouth: "Ye Chen, I can't use my true energy, now I can always cooperate."

In his eyes, no matter how arrogant a person is, even if it is a dragon, he must be obedient in front of him.

He just planned to step forward and take Ye Chen away, but Ye Chen opened his mouth and said, "There are still five minutes."

At this point, a trace of anger flashed across the eyes of the man with the national character face, turning his fists into claws, and patted Ye Chen's shoulder fiercely.

Without infuriating energy, there would be no combat capability!

He wants to deal with Ye Chen easily!

Seeing the five fingers tearing the air, he was about to touch Ye Chen. Ye Chen's eyes condensed, and his right hand suddenly came out, drawing an elegant curve!

The next second, he directly clasped the wrist of the man with the face of Guozi.

Power burst!

"Crack!" With a sound, the wrist of the man with the Chinese character face was directly broken!

The severe pain made his face hideous, and then, the dagger from his waist was pulled out, and it was cut at the hand that Ye Chen started!

He never thought Ye Chen would dare to resist!

Since he resists, he doesn't need to think about so much!

But before the dagger was swung out, Ye Chen's hand was already on the dagger!

Reiki surrounds!

"Crack!" With a sound, the dagger broke directly!

The eyes of the man with the national character face widened, and there was obviously no way to use his true energy, but what was Ye Chen's hand!

He can even clearly feel the deep and powerful Qi overflowing from Ye Chen's hands!

"There are two minutes left."

An indifferent voice rang in his ears!

Ye Chen had already stood up, his figure was moving, his five fingers pinched the neck of the man with the face of Guozi accurately!

As long as he exerts a little force, a head will be removed mercilessly! Blood rush!

The soldiers looked terrified when they saw this scene!

Weapons were aimed at Ye Chen, but they didn't dare to do anything!

The life of their leader is in Ye Chen's hands. The key to Ye Chen's movements is too fast, and they will have no time to react, otherwise they will definitely be able to kill Ye Chen the first time.

At this moment, the man with the Chinese character face can clearly feel that he is covered by death!

This made him suffer to the extreme!

Life and death are only between the thoughts of the young man in front of him.

"Ye Chen, don't make any more mistakes. Once you kill me, you will be an enemy of China!"

"You leave and let go now, there is still room for maneuver, I am just following orders!"

Ye Chen's eyes were cold: "I gave you a chance, but you didn't cherish it."

The power of his five fingers is getting stronger and stronger, and he abruptly lifts the man with the national character face. Just thinking of making a move, Lei Shuwei appeared at the door.

"Mr. Ye, be merciful! China has not determined the nature of the whole thing this time. You only need to follow the formality."

"Please also ask Mr. Ye to take care of my face and let this person go!"

Lei Shuwei knows Ye Chen's character~www.mtlnovel.com~ Don't talk about the identity of the man with the national character face, even if he is the number one, this evil spirit will not necessarily give face!

Ye Chen glanced at Lei Shuwei, his violent eyes eased a little.

In the next second, he threw the man in his hand directly!

The opponent smashed the twisted security door on the ground.

"Boom!"

The anti-theft door cracked directly and torn apart.

The powerful counter-shock force made the man with the national character face spit out a mouthful of blood, his face pale!

"Ye Chen, you--"

The man with the national character face stood up and just wanted to say something. When he saw a pair of extremely cold eyes, he swallowed the words and snorted coldly.

"Lei Shuwei, taking Ye Chen away is not the meaning of No. 1, but the decision of the whole authorities! You can figure it out!"

Lei Shuwei nodded, came to Ye Chen, and respectfully said: "Mr. Ye, because of the Lin Family and the Guardian of China yesterday, Zhongnanhai has opened up, almost everyone is hostile to you, although No. 1 and Bai General Li suppressed a few points, but it was still not enough. The matter was too big. This time, those people are going to ask you to come over to find out the situation."

"Although I don't know what the specifics are, I shouldn't have suffered any loss to Mr. Ye, and I hope Mr. Ye can go, otherwise it will be more difficult for No.1 and General..."

Ye Chen hesitated for a few seconds, and finally nodded: "Lead the way."

He is not looking at the face of Yihao and Bailixiong, but is curious about what these people will do to him!

If force suppression were to be taken, this group of people would have done so early, and they would not have such an attitude.

Chapter 465: Discrimination!

Ye Chen took a few steps outside, and suddenly thought of something, his steps stopped, and he glanced at the injured man with the national character face behind him: "I hope that this door will be restored to its original appearance when I come back, otherwise, the consequences will be at your own risk. !"

Threat!

Naked threat!

The man with the national character face was pale, he wanted to refute, but he didn't dare!

Too **** frustrated!

Since sitting in this position, any ancient warrior or cultivator dare not give him face!

But the arrogant boy in front of him didn't even look at him!

草!

The key is that he dare not vent the anger in his heart!

"Also, those restrictive things may be useful to others, but they have no effect at all. Don't be embarrassed by them next time."

Ye Chen finally threw out these words, and went to the elevator with Lei Shuwei.

After Ye Chen left, the man with the national character face stepped on the broken security door on the ground!

One of his subordinates glanced at the man with a sullen national character face, and still said, "Leader, this... what should I do next?"

The man with the national character face clenched his fist, then loosened it, and said angrily: "What the **** can I do, directly contact the relevant department and change to the same door!"

.....

Ye Chen and Lei Shuwei came downstairs, because in a hurry, Lei Shuwei drove his own car this time.

is an Infiniti commercial vehicle.

Ye Chen got in the car, and the car headed directly towards the city center.

About twenty minutes later, the car drove into a magnificent palace.

There is a symbol of China on the hall.

Not only that, there are also a few vigorous and powerful bronzing texts on the top-Martial Arts Court!

There are hundreds of soldiers patrolling outside with the atmosphere of martial arts.

In all directions, southeast, northwest, Ye Chen could feel a pair of cold eyes peeping in secret.

These people are very strong.

even made Ye Chen feel threatened.

"It seems that China is really not that simple."

Ye Chen murmured.

But that's right, if China hadn't had such a hidden power, wouldn't the existence of those martial arts capable of doing whatever they wanted?

Lei Shuwei took Ye Chen to a door. Before the door was opened, he explained to Ye Chen: "Mr. Ye, there are a few big people in there. No matter what, please keep it. If something happens, I really can't suppress it."

"I know it in my heart." Ye Chen said, "Don't worry, I am not the kind of person who likes to make trouble."

Hearing these words, Lei Shuwei almost spit out old blood!

Are you ashamed to say this sentence?

Looking at the entire China, there is nothing more troublesome than you!

"Crack."

The door opened, Ye Chen and Lei Shuwei walked in.

Inside is a great hall that can accommodate a thousand people, and it is full of seats at the moment.

Ye Chen saw many acquaintances, Ying Qing and many Dragon Soul fighters were inside, their bodies straight, when they saw Ye Chen, they stood up and saluted them.

"See the instructor!"

Ye Chen nodded, and walked towards the central stage.

Lei Shuwei did not follow, but silently sat in an empty seat beside Ying Qing.

This long stairway, Ye Chen could feel countless cold eyes shooting!

The whole hall is even a little noisy!

Swearing, mocking, pointing, swept!

If the expression in his eyes could turn into sharp blades, Ye Chen's body would have been riddled with holes.

Even Lei Shuwei's expression at the back is a bit wrong.

He thought he was just looking for Ye Chen to investigate, but now it seems that things are not that simple.

Ye Chen came to the middle stage.

There are ten people sitting on it.

The one in the middle is No. 1, Bai Lixiong is sitting on the far right side. Except for these two people, he has not seen the other eight people.

Ye Chen has no habit of watching the news, and naturally he doesn't know the true identity of these people.

But he could feel a trace of badness in the eyes of the other eight people!

Number One sighed, watching Ye Chen say with lips: "You shouldn't have come, you really shouldn't have come."

At this moment, a gray-haired old man in a tunic stood up and said coldly: "Ye Chen, you dare to come here! Good! Good!"

"I ask you, yesterday in the Budotai battle, you caused hundreds of casualties, can you admit it?"

The words of the white-haired old man are full of anger and loftiness!

As if he has the right to judge everything.

Ye Chen frowned, found a chair and sat down, raised his head, looked at the old man, and said lightly: "I don't admit it, do you know the cause of this incident? Whoever did it first, are you blind? ?"

His words were not at all polite.

As soon as this remark came out, the crowd in the audience talked a lot.

Pang Yong, chairman of the China Budo Family Association, asked!

Pang Yong has such an attitude, and behind it lies the interests of many Chinese martial arts families!

The key is Pang Yong's special status. Who dares to speak to him like that?

Pang was not courageous, his face flushed: "Smelly boy, let's not talk about this matter. You killed the Lin family yesterday, but you did it!"

"There is also the guardian of China that you killed? Do you know how important the guardian of China is to China! Their situation in Anbang China, without these people, there would be no China today!"

Ye Chen lit a cigarette ~www.mtlnovel.com~ stood up and sneered: "Break the rules of the Martial Arts Bureau and intervene in the martial arts stage struggle. If the Guardians of China are like this, I will see one Ye Chen and kill one. Are you satisfied with my answer?"

"Hiss!"

The crowd under the stage took a breath!

Huaxia has so many years, this is the first time anyone dared to do this against the Guardian of Huaxia.

Is this Ye Chen crazy?

Besides, some people on the stage are the puppets of the Guardians of China!

Originally wanted to investigate the opinions of the parties involved, now this so-called party is like a bomb, directly ignited!

What the **** is investigating a fart!

Pang Yong's face was pale and angry: "Ye Chen, your martial arts are powerful, you can easily destroy the family, lawless, and even the identity of the guardian of China is not even considered. You pose a great security risk to China, I suggest directly Suppress by force, wipe out!"

Ye Chen sneered and looked at Number One. This Pang Yong's opinion is a fart.

At this moment, Bai Lixiong said: "I disagree with Comrade Pang Yong's opinion. First, according to the whole thing, Ye Chen has always been passive, the Lin family, the Wudaotai matter, and even the guardian of China, Ye Chen is a passive murderer. Second, Ye Chen has made great contributions to China. He is the chief instructor of Dragon Soul, and he is also the major general of China. He also saved the Qinling Dragon Vessel. This incident affected hundreds of millions of people. Greater than!"

At this moment, a middle-aged man who also wore a military uniform said: "Ye Chen has done a good job to Huaxia, but as Huaxia's chief instructor and even general, his current behavior is discrediting!"

Chapter 466: What I mean!

The middle-aged man is called Pan Guohua, and his status is similar to that of Bai Lixiong.

holds great power, although not as strong as the Jagged Battalion, but a team in his hand is also a surprise soldier and has made many contributions to China.

Pang Yong also echoed Pan Guohua: "This is only one day, Ye Chen did this kind of thing, if it continues, it will inevitably affect the stability of China! This kind of person can only be suppressed except for revocation of position! Otherwise, there will be endless troubles!"

"I agree."

"I agree."

"I remain neutral."

Bai Lixiong's face was pale, and he almost went away. He looked at Pan Guohua and Pang Yong, and said word by word: "What about the death of a guardian of China? Since Ye Chen can kill the guardian of China, this is the martial arts world. The survival of the fittest, and China has Ye Chen, can it truly survive all battles!"

"Don't you guys think about it, the twenty people have been controlling it for too long, shouldn't one person stand up to break the deadlock in front of you? Last time about the dragon veins, those Huaxia Guardians took action? No!"

"Pan Guohua and you Pang Yong, there are interest groups standing behind you, and the questions you ask are for the people behind you! Don't think I don't know! Wouldn't your conscience hurt if you targeted Ye Chen like this?"

Bai Lixiong pointed at the two, his voice was cold.

Pan Guohua snorted coldly: "Bai Lixiong, what do you mean by this! I know you have a personal relationship with this kid! You speak for this kid everywhere, I really doubt whether you are loyal to China, and the Jie Xueying is in your hands. There will be problems!"

.....

The nine people above talked a lot, Bai Lixiong argued for Ye Chen, but almost all of them stood on the opposite side of Ye Chen.

Bai Lixiong even became the center of the contradiction.

The key point is that the words of these people in high positions are getting worse and worse.

Bai Lixiong already felt a trace of anger surging over Ye Chen.

If this continues, Ye Chen's handling methods are likely to be extreme.

"All right."

Right here, the middle-most old man who has been silent said.

is exactly number one.

Number One glanced at Ye Chen, and said lightly: "I have understood this from beginning to end. Ye Chen's way of dealing with it has indeed been a little over, but the starting point is correct. Even if I am in Ye Chen's situation, I might Will do it too!

Don't forget, the biggest difference between Ye Chen and us is that he is a young man. Shouldn't young people consider their parents and the people around them? Yuqing, Ye Chen's approach is not wrong. Yu Li, Ye Chen's methods were extreme. "

"There is no need to discuss this matter. China cannot suppress Ye Chen, but Ye Chen still has to pay some price. At least, all economic losses will be borne by Ye Chen."

Hearing this, everyone's expressions were frozen. It was obvious that the chief wanted to protect Ye Chen!

The scene was silent for a while.

A few seconds later, Pan Guohua stood up and said seriously: "Chief, I respect your opinion, but is it too simple to just compensate for the economic losses? Ye Chen has Tianzheng Group, so what is money for him?"

One glanced at Pan Guohua: "Then what do you think should be done? It is impossible to suppress Ye Chen! It is impossible to imprison this son!"

Pan Guohua's eyes turned, he knew it was impossible to erase Ye Chen!

The only thing I can do is to embarrass Ye Chen the most!

The call from Master Fang Zhenye this morning was very clear, even if Ye Chen did not die, he would have to pay a great price!

Even if you embarrass this kid in front of countless people!

One way of martial arts, it affects xinxing more seriously than killing a person!

Suddenly, Pan Guohua thought of something, and his eyes were cold: "I suggest that the rank of Major General Ye Chen be revoked, the Dragon Soul chief instructor post should be removed, and the military system will be expelled! People with such taints will only defile these two positions!"

As soon as these words came out, the crowd was in an uproar!

It is a huge shame to deprive Ye Chen of his military rank in front of thousands of people!

The key is that since the history of China, the rank of major general has only been promoted, not lowered!

If this is the case, then Ye Chen will become a big joke in China's military history!

Bai Lixiong couldn't help it anymore, he slapped the table and stood up: "Pan Guohua, what the **** do you mean! I am the first to object!"

Pan Guohua is not afraid: "Bai Lixiong, you are not in charge of this matter! Even if it is decided by voting, most people mean it!"

"Either suppress Ye Chen or deprive him of his position! I believe No.1 has no opinion, after all, No.1 can't think about things from Ye Chen's perspective!"

At this moment, Number One hesitated.

His position should not be selfish. This is inevitable. He sighed and said, "Vote and decide."

Obviously, except Bai Lixiong voted against, the other eight people all agreed.

Lei Shuwei under the stage saw this scene and clenched his fists!

Green tendons are violent!

He invited Ye Chen to the Dragon Soul Chief Instructor!

Even the major general rank certificate was given to Ye Chen by himself!

Now these people deprived Ye Chen of these things in a few words, didn't they embarrass Ye Chen!

"Grass, a bunch of tall guys!"

Lei Shuwei punched on the handrail next to him! The armrest broke directly.

Not only him, but the dragon soul fighters here are all very angry!

Ye Chen's strength is obvious to all! Ye Chen ventured to save Ying Qing and others, this kind of dragon soul remembered!

Not only that, some things Ye Chen taught Dragon Soul~www.mtlnovel.com~ are too important to them!

Now that the chief instructor Ye Chen is leaving, who wants to!

Pan Guohua on the stage looked at Ye Chen condescendingly: "Ye Chen, remove your rank of major general, and also, cancel your Chinese Dragon Soul Chief Instructor, you have objections!"

"Hand over those two certificates, and then leave! Huaxia will not pursue this matter anymore! But if there is a next time, the consequences will be at your own risk!"

Ye Chen looked at Pan Guohua and everyone on stage and smiled.

Are these people deliberately embarrassing him?

But, really thought he would care about these two things?

In his eyes, let alone major general, he is not interested even in the high position.

Isn't this China and the entire earth as small as dust?

Even if this group of people have monstrous power and control countless resources, they are just mortals after all, and they will eventually become dust after a hundred years. And he Ye Chen is still there after thousands of years, even ten thousand years!

When the time comes, he can only overlook the loess and tombstones from the top of the mountain, feeling with emotion a thousand years ago!

Ye Chen took out the two certificates from his pocket, threw them directly on the stool, and left.

He will not interfere in China's affairs in the future.

I just hope that this group of people will not demand themselves!

Just a few steps before Ye Chen, a humming sound rang out from below!

"Since Chief Instructor Ye Chen is to be erased, Lei Shuwei asks Yijin to return home! Leave the Dragon Soul!"

No one thought that Lei Shuwei would stand up at this time!

As the person in charge of China Dragon Soul, he actually stood up for Ye Chen!

Leave the Dragon Soul!

Chapter 467: All the **** mess!

Pan Guohua smiled stiffly, Lei Shuwei's move was undoubtedly a slap in the face!

The person in charge of the Dragon Soul leaves the Dragon Soul, what a thing!

The key Lei Shuwei actually ruined his future!

Pan Guohua who reacted coldly snorted: "Okay! Lei Shuwei, this is what you asked for! Leaving the dragon soul, what are you! Also, the dragon soul does not lack you as a leader! You are improper, and some people will be. !"

Lei Shuwei ignored it, and walked towards Ye Chen!

He does not regret it!

In his eyes, the value of Ye Chen is far beyond everything!

But at this moment, the sudden change!

Ying Qing stood up, saluted a military salute, and said righteously: "Ying Qing requested to retire and leave the Dragon Soul because of injuries and illnesses! Hope for approval!"

The words fell, the hundred dragon soul warriors beside him all stood up!

The body is straight!

"I am troubled by injury and illness, Zhou Qi, request to retire and leave Dragon Soul!"

"I, Liu Long, ask to retire and leave the Dragon Soul!"

.....

All dragon soul fighters are ready to leave the dragon soul!

This scene directly shocked everyone!

Even Ye Chen was shocked.

Without Lei Shuwei, the Dragon Soul can naturally operate!

But there is no Dragon Soul Warrior, so what is it called Dragon Soul!

The key is that once these dragon soul fighters leave, it will be a huge loss for China!

Who would have thought that if Ye Chen deprived the Dragon Soul Chief Instructor, it would have such a big impact!

Pan Guohua's face flushed!

He stared at the dragon soul fighters, only feeling slapped on his face one by one!

In his eyes, these people are undoubtedly standing on the opposite side of him!

He wanted to embarrass Ye Chen!

Now it is actually the other way round, it is him who is embarrassed!

What the **** is this!

Mao!

is all nonsense!

Pang Yong's expression flickered, it was hard to see the extreme.

At this moment, not only was everyone in the audience stunned, the expressions of the ten people on the stage had all changed. If the dragon soul disbanded, this would be a big deal!

The key Who would have thought that Ye Chen would have such a great ability!

Pan Guohua couldn't help it anymore, trembling with anger, and pointed at Lei Shuwei and the group of dragon soul fighters and said: "As dragon soul fighters, you know what you are doing, and you are in the same way as a tainted person! You think you are very dirty. Righteousness!"

"If you dare to mention this again, you will all go to the martial arts court to explain! Deprive you of all rights!"

Bailixiong also stood up and said: "Pan Guohua, what qualifications do you have to make this kind of decision? Also, I may have to take a vacation for a while. Is it possible that you want me to explain and deprive me of my power?"

Pan Guohua didn't dare to speak as soon as he said this!

If the Dragon Soul is disbanded and Bai Lixiong takes a vacation, the severity of the matter is really incalculable!

Key Jagged Camp only listens to Bai Lixiong!

This matter is beyond Pan Guohua's control.

Ye Chen walked to Lei Shuwei and Ying Qing, and said: "You don't have to do this at all. Although I am your chief instructor, I go to Dragon Soul too few times. Without me, you can still be fine."

Ye Chen was actually a little moved in his heart, and I am very grateful to these people for standing up at this time.

He even felt that he, the Dragon Soul Chief Instructor, was somewhat incompetent.

In the past six months, the number of visits to the Dragon Soul headquarters has been counted with both hands.

Lei Shuwei said seriously: "Mr. Ye, you do not come to the Dragon Soul many times, but what you do is more important than any instructor! Your medicine, your martial arts, I don't know how many dragons have been saved. The life of the soul warrior! This kindness, the Huaxia Dragon Soul will remember!"

"Without Mr. Ye, there would be no dragon soul!"

"What's more, this is our personal choice! Although every Chinese Dragon Soul warrior has a sense of mission, we know right and wrong! The tone of the person on stage is too much. Since he thinks he can control everything, I believe there is no dragon. Soul, he still has the ability to form a team to replace the dragon soul."

This sentence is not loud, but because it is quiet, it spreads far!

even reached Pan Guohua's ears!

Pan Guohua's eyes are red, and his face is black with anger! You can't control your emotions.

It is impossible for these people to plan to rebel!

What does it mean to control everything?

wanton!

He just wanted to stand up and walked towards Lei Shuwei, but Number One said: "This matter is still controversial. I believe that everyone does not want to see the Dragon Soul disband. The Dragon Soul is an important force to protect China. , There must be existence."

"Ye Chen's departure. The actions of this group of people prove the cohesion of the Dragon Soul and that our decision is not yet mature. Putting this aside in advance, I suggest temporarily retaining the rank of Ye Chen and the position of chief instructor. We will discuss the specific situation.

The tone of One has an unquestionable meaning.

Because of this, there is only this choice.

"I agree."

"I agree."

Everyone agrees.

Pang Yong and Pan Guohua tried to say something, but they swallowed abruptly.

The two stared at Ye Chen's back and the two certificates thrown on the stool, their fists clenched.

originally wanted to influence Ye Chen's Taoism, but now it seems that they are the influence!

This is more like self-humiliation!

Ye Chen talked a few words with the Dragon Soul Warrior, and there is no need to stay in this place any longer.

As for the rank of Dragon Soul Chief Instructor and General.

He doesn't care.

Who wants to take it.

The most important thing at the moment is the Xiangjiang incident. Fang Zhenping and Bao Xinhe's ancestors are both in Xiangjiang.

My father and Lin Juelong may also be in Xiangjiang!

And why did Grandpa take him to Xiangjiang? It is very possible that Xiangjiang has the mystery of his life experience!

Even Xiangjiang is related to the reincarnation cemetery!

He walked directly outside, came outside, took a breath of fresh air, then took out his new mobile phone and dialed Lu Lingfeng's number.

Next, he doesn't intend to use the power of the Dragon Soul for the time being. Although he has not been removed from his post, it is better to keep some distance for the Dragon Soul brothers.

Otherwise, it would be bad for Pan Guohua to use his power to attack those people.

Right now, the power of the Dark Palace and Tianzheng Group is enough.

"How is my mother and those girls? Have you asked me about it?"

The phone is connected, Ye Chen asked.

Lu Lingfeng replied: "Hall Master Qi, they asked me several times about you on the first day, and even planned to leave the dark hall. Later, they didn't know why, they all chose to enter the training room to practice. There are always breakthroughs."

Ye Chen nodded. In any case, he must find a way to bring his father back these days, otherwise he cannot explain to his mother.

Immediately, he said again: "Lu Lingfeng, do you know about the Xiangjiang Special Administrative Region? Is there any power to use over there?"

Lu Lingfeng on the other end of the phone was taken aback, and immediately replied: "Hall Master, there were some killers in the Blood Plum Palace who were performing missions there. They were fairly familiar. There is a branch there that can be used, but the power is not too great. Xiangjiang The forces over there are complicated and the Blood Plum Palace is relatively weak there. Our main strength is still on the mainland."

"Well, help me arrange a private jet from Beijing to the Hong Kong Special Administrative Region, the sooner the better."

"Yes, the lord!"

Chapter 469: who are you!

In Qian Jianzhong's eyes, Ye Chen is certainly the Lord of the Palace.

But it is the most controversial existence in the Xiangjiang Secret Hall.

If it weren't for this man, Xiangjiang's Dark Palace would not have become the situation it is now.

Ninety percent of the people in the Xiangjiang Secret Hall now sneered at this Hallmaster.

Even Qian Jianzhong, the dark palace headquarters asked him to pick up the hall master at first, but he immediately refused.

But under pressure from the headquarters, he still did.

As a special administrative region of China, Xiangjiang has complicated forces and it is extremely difficult to survive here.

Since the withdrawal of the assassination business, the Xiangjiang Secret Hall has been encircled and suppressed by many forces, which is not optimistic.

The text message just now showed that something went wrong in the dark hall of Xiangjiang.

He also planned to count on the Lord of the Palace in front of him.

If this hall master can trouble him less in Xiangjiang, he will burn incense.

Ye Chen watched Qian Jianzhong leave in a hurry, frowning slightly, and he could vaguely feel that something was wrong with the Xiangjiang Temple.

After all, he is also the lord of the dark palace.

Even if it's for the dark palace, you can't just sit idly by.

"Wei Ying, you rest in the hotel for a while, and I will come as soon as I go." Ye Chen ordered.

Wei Ying naturally guessed what Ye Chen was going to do. She knew that she might be unhelpful if she went, so she nodded and silently cleaned up the room and saluted.

...

Xiangjiang, Kowloon Yuquan Villa 47.

This is the base camp of the Xiangjiang Dark Hall that the Dark Temple rented five years ago.

Although the dark palace was beheaded for assassination benefits, the lack of money can't even talk about it.

It's just that there is no task, but it becomes muddled.

At this moment, the atmosphere in the villa was solemn to the extreme, even accompanied by a strong smell of blood.

A man in a suit was standing by the window, overlooking the scenery outside, with blood on his hands.

But behind him are a dozen dark temple assassins.

It's just that these dozen people have suffered different degrees of injury, and their eyes are full of jealousy.

Suddenly, the man in the suit turned around, a long scar on his face, shocking.

"Who are you and why do you want to do it to us! We have no grievances and no enemies!"

A strong man in the dark hall said.

The man in the suit showed a cold smile at the corner of his mouth. He held his five fingers and shot out a strong air current!

In an instant, the strong man in the dark hall who was talking was cut off an arm.

"No grievances and no enmity? Not anymore now."

The complexion of everyone in the dark hall changed, and there was a deep fear in their eyes.

Although they wanted to resist, the strength of the man in front of him was too terrifying!

They don't even have the power to struggle!

"Do you know why I didn't kill you?" the man in the suit said.

"Because I like to wait for people to get together, I'm doing it."

"Now, everyone is there."

"From now on, there will be no hidden temple in Xiangjiang."

In the next second, the man in the suit turned into an afterimage, his five fingers turned into claws, and he walked toward the door!

"Tear!"

The steel gate was directly torn apart, Qian Jianzhong, who was about to step in, shrank his eyes, felt the killing intent, and swept away with a punch!

"Boom!"

The two forces suddenly collided, Qian Jianzhong only felt qi and blood surge, and his internal organs were hit by extremely terrifying.

"who are you!"

Before he could react, the man in the suit appeared behind Qian Jianzhong and slapped it!

A phantom fell, Qian Jianzhong spit out a mouthful of blood, and the kite that was in the broken line flew out! Finally, steadily smashed against the group of dark hall powerhouses.

The strength is simply crushed!

How to fight this!

"Who am I?" The man in the suit smiled coldly, "I came from Kunlun Mountain in China. As for why I killed you, the dead do have the right to know. Someone wants to buy the lives of all of you in the Xiangjiang Dark Temple."

"Well, it's time to send you on the road. You should feel honored to die under my hands."

After the words fell, a long sword appeared in the palm of the man in a suit, and the long sword swept through with cold light, making people palpitate.

Qian Jianzhong and even everyone in the Xiangjiang Dark Hall felt a cold death enveloping his body!

Although there are more than a dozen of them, the power of more than a dozen is simply not better than the other one!

It's not a powerhouse at all!

The key is that they never dreamed that one day, the people of the dark palace would be bought by others!

boom.....

The man in the suit bursts out all over!

The hair was dancing with the wind, and the suit snapped in the wind.

The sword light filled the sky, murderous Ling Ran.

A few steps out, the man in suit went straight to everyone in the dark hall!

Murderous intentions, storms and torrential rains!

The corner of his mouth showed a cold and bone-wrenching smile. In his opinion, killing made him crazy!

"Tear!"

An extremely terrifying cold light fell directly, and it was about to cut everyone's heads with a sword!

At this moment, the abnormal change emerged.

Under the sword intent, a young man in casual clothes appeared.

The young man's eyes condensed slightly and said lightly: "They are from my dark hall, are you qualified to move?"

Hearing this voice, Qian Jianzhong raised his head fiercely! His expression is like hell!

This voice is the voice of the hall master!

Why is the key hall master here!

Death is impossible!

He just wanted to talk, but found that Ye Chen reached out his hand indifferently!

With five fingers spread out, he grabbed at that horrible sword intent like this!

At this moment, not only Qian Jianzhong was confused!

The expressions of those strong in the dark palace also changed.

They had learned the strength of this man in a suit, it was terrifying.

But there is actually a fool who just grabs Jianyi like this?

crazy?

"Hall Master, no!" Qian Jianzhong exclaimed.

Hearing this voice, everyone's expression became weird!

This kid is the new head of the dark palace?

When did the Headquarters of the Dark Hall fall to this point, and even found such a little boy as the head of the palace?

Everyone can't help but feel ridiculous in their hearts, and even some people have made up their minds that once they survive, they will leave the dark palace.

Don't worry about this kind of organization!

Seeing Ye Chen's crazy behavior, the man in the suit sneered again and again: "Things that do not live or die!"

Some cruelty and pride appeared on his face.

He has even seen the image of blood gradually being stained.

however!

The moment the sword intent fell on Ye Chen's palm!

No one thought of it!

"Crack!"

The crisp voice sounded suddenly.

Everything is still!

Time freezes!

In everyone's horrified eyes~www.mtlnovel.com~ A red light burst out from Ye Chen's arm!

Like a blood dragon!

That violent sword intent completely dissipated!

Not only that, the spirit sword of the man in the suit was also caught by Ye Chen!

I caught it abruptly!

Then, the sword, broke!

It turned into a pair of missing pieces and fell to the ground!

"How could it be!" The man in the suit almost stared out with a grim expression!

How could his sword intent be used out of thin air! What is that red light! Why does it seem to hear Long Yin!

"You...who are you!"

"Me?" Ye Chen smiled coldly, "I am the lord of the dark hall, Ye Chen!"

The words fell, Ye Chen moved!

"boom!"

In the sound of thorns!

Ye Chen, punch out!

This punch is too fast! Soon the man in the suit has no internal power to block it!

Go straight through!

Chapter 470: Xiangjiang Li Family!

Quiet.

At this moment, the whole villa was quiet.

Those strong in the dark palace of Xiangjiang stared at the man in suit who flew out.

The blood hole in the chest was shocking.

The key is that they couldn't imagine that the strong man who crushed them in this way was defeated by the young man in front of him.

What's even more ridiculous is that this young man is the most scornful and disdainful existence of them this time.

The palace master who pushed the Blood Plum Palace into the abyss of the dark palace!

"Boom!"

A loud noise!

The body of the man in the suit fell on the tempered glass.

Large pieces of toughened glass shattered.

The man in the suit can clearly see that his chest is constantly flowing with blood, and his whole body bones are almost broken! The icy meaning of death came over.

His eyes suddenly shrank, trying to prop up his body, trying to leave, only to find that the devilish youth had appeared in front of him.

"Who sent you here?"

Ye Chen's indifferent voice sounded.

The man in the suit was startled, his fingertips just wanted to shoot a hidden weapon, Ye Chen's hand clasped his wrist like lightning.

"I have no patience. I will give you a chance at last."

After the words fell, only a click was heard, and the hand he wanted to use the hidden weapon was directly broken!

The piercing pain made him gritted his teeth.

Then a pair of big hands directly strangled his throat, and the red evil spirit was coiled between those big hands.

The man in the suit stared at Ye Chen, he knew very well that he had no chance of winning in front of this young man!

The key is when did Xiangjiang appear such a master?

Feeling the suffocation from his neck, he said: "I am from the Li family of Xiangjiang, you can't move me! Also, my sect is in the depths of Kunlun Mountain. If you dare to kill me, I promise. You can....."

Before the man in the suit had finished speaking, Ye Chen broke his neck directly.

Xiangjiang Li's is the answer.

In addition, this man has no use value.

After doing all this, Ye Chen looked at the group of dark palace experts.

With a look, the dozens of people knelt down!

"See the Lord!"

At this moment, they are convinced!

The Lord with such strength and decisiveness is what they are looking for!

Ye Chen was used to this kind of scene, and he said directly:

"The first time I came to Xiangjiang, I didn't understand your current situation, but I will stay here for a few days. If you are in trouble, you can call me."

"Also, who can tell me why the Li family used such masters to deal with you? Did you assassinate the Li family?"

Qian Jianzhong hurriedly stood up and said seriously: "Hall Master Qi, the Li family is the top family of Xiangjiang, and the capital and martial arts strength are extremely powerful. Even the Li family has a certain reputation in the world. It is possible to assassinate such a person. Doesn't that mean seeking death?"

Ye Chen frowned: "Then why did the Li family send such a master to erase you?"

Qian Jianzhong shook his head, he was a little unclear about the matter.

At this moment, a pale woman wearing a leather jacket stood up: "Hall Master, I think this matter may be related to me."

Qian Jianzhong looked at the girl in the leather jacket and said coldly: "You have been in the dark palace all this time, and how can it be related to you if you haven't taken up the task?"

The girl in leather clothes glanced at Ye Chen, knelt directly in front of Ye Chen, and explained: "Hall Master, I made a mistake. Last night, I took a private job and didn't tell everyone. Please also the Lord punish!"

As soon as these words came out, the complexions of all the dark palace experts changed slightly!

The assassin of the dark temple is taking private work outside, which is extremely serious!

Qian Jianzhong wanted to slap it over!

Just because of a private job, almost killed the entire Xiangjiang dark palace!

Seeing that a slap was about to fall, Ye Chen still stopped him.

"Listen to her."

Qian Jianzhong glared fiercely at the woman in leather clothes, and suppressed his anger: "Yes, the lord."

The leather-clothed woman swallowed, and continued: "Someone contacted me yesterday and asked me to assassinate a rich man from Xiangjiang. The bounty is a purple cloud mysterious stone. Before the assassination, I had seen Mr. Li talk with this person I don't know the details of Jiangdao Mountain. It seems to be talking about the Guardian of China... I felt something was wrong at the time. After all, Jiangdao Mountain is the sacred mountain of Xiangjiang. No one dares to step into it. It is even Xiangjiang. One of Bian's top secrets. The major families hardly dared to mention Jiang Daoshan, but why the Li family and the rich and powerful would mention it many times, as if they were preparing something in secret.

I guess the Li family has discovered that the nobleman's death is related to the dark hall, and only then used his power to erase our dark hall. "

"This matter started because of me, and it should be ended by me, the lord, for my mistake, I can only apologize with death!"

After speaking, the leather-clothed woman drew a dagger from her leather boots and pierced her chest without hesitation.

But before piercing, Ye Chen's **** caught the dagger.

"Kacha!" The dagger broke directly.

"You don't have to die." Ye Chen showed a smile at the corner of his mouth.

The leather-clothed woman was startled: "But I almost hurt everyone. If there is no temple master, I would be a sinner in the dark temple of Xiangjiang!"

Ye Chen squinted slightly: "You have provided me with a very important piece of information, which is enough to make up for your fault."

For Ye Chen, he still had nowhere to deal with the affairs of the Guardian of China.

It now appears that Jiangdaoshan is the breakthrough.

If he guessed correctly, the place where the Guardians of China met this time was Jiangdao Mountain where countless people in Xiangjiang were afraid of!

What the leather-clothed woman and Qian Jianzhong wanted to say, Ye Chen had already taken out more than a dozen pills.

Gently toss ~www.mtlnovel.com~ These dozens of pills seem to be controlled by someone, suspended in front of everyone.

Seeing this scene, these Xiangjiang dark palace powerhouses were shocked!

This is a method that only gods can possess!

"These medicinal pills are of great benefit to your injuries. This place is no longer safe. Then you will change to another place."

Ye Chen shot another bank card in his hand and was firmly grasped by Qian Jianzhong.

"This bank card is enough for you to choose the best place to hide in Xiangjiang. After it is stable, you will contact Lu Lingfeng in the capital. You must participate in the next reform of the dark palace."

"Also, Qian Jianzhong, you have compiled a copy of Jiang Daoshan's most detailed information and sent it to my e-mail before the evening."

Qian Jianzhong nodded like garlic: "Hall Master, I will definitely take care of this for you. It's just that the capital flow of the dark palace is abundant. We don't need this card..."

"Take it, the Xiangjiang Dark Hall now needs money, I don't want the people in the Dark Hall to be so desolate."

"Before I leave, I also hope that the dark palace can become the number one power in Xiangjiang."

After explaining everything, Ye Chen went outside.

After all, Wei Ying, who was **** and cold, was in the hotel alone, and he was not very relieved.
