Chapter 471: No peace!

Qian Jianzhong and the rest of the dark palace experts looked at Ye Chen's back in a daze.

The first force in Hong Kong?

The heart of this palace master is too big.

But they don't think it's impossible, after all, the strength of the palace master lies here.

If the dark palace really becomes the first power of Xiangjiang, then it won't happen again.

Everyone looked at each other, then nodded solemnly, it seemed that everyone thought the same.

...

The Ritz-Carlton, Hong Kong.

Ye Chen returned to the hotel room, but Wei Ying was not found in the living room.

Just as he was about to look for it, he heard the sound of splashing water in the bathroom.

Not only that, there was a pink bra on the sofa.

Extremely ambiguous.

He glanced at the bathroom subconsciously, his expression a little frozen.

Because the hotel bathroom is frosted glass, Wei Ying's rugged figure can be vaguely seen.

The point is that Wei Ying has nothing to wear now.

Although the curve is not so clear, it is full of imagination!

In order to avoid danger, Ye Chen was just about to go downstairs to have a look at the hotel, "Chuck!"

The glass door of the bathroom door opened!

I saw a pair of jade feet stepped out, followed by slender and white thighs.

Exposed round and smooth pearl shoulders, the figure is exquisite and convex; the huge waves appear unreservedly; there are two slender and white arms like tender lotus roots, naturally hanging on the small waist like a water snake.

A long wet hair, slanted down like a waterfall, just draped on the slightly shaved shoulders.

The drops of water slip off.

It's fascinating everywhere.

Wei Ying walked straight out of the bathroom!

Shouting Xiaoqu in his mouth, he seemed to be in a good mood.

It was probably to take the towel outside, show off her hand, and just about to wipe the water drops on her body, she suddenly noticed something.

A dark shadow was seen in the surrounding light.

She turned her neck stiffly, and the next second, her eyes met.

The whole room seemed to be silent.

Wei Ying held her breath, and a trace of red clouds clung to her neck and then to her cheeks.

After a few seconds, Wei Ying fully reacted and quickly covered her chest with a towel!

But the chest was blocked, but the lower body was still wearing nothing.

"Ye Chen! Don't you turn around yet!"

This is the first time Wei Ying has exposed her body so frankly!

The key is to be seen by Ye Chen!

How will she see people in the future!

She thought that Ye Chen would come back very late, who would have thought that he would come back without arriving for an hour!

I knew I would not take a bath.

Ye Chen heard Wei Ying's voice and then reacted and turned around, just as the phone rang.

He could only turn his back, retreated to the blind corner of the living room, and connected the call awkwardly.

Wei Ying exhaled and quickly wiped her body. After drying, she covered her chest and went to the living room to get clothes.

Her face was getting redder, as if bleeding could come from.

She Yu Guang took a peek at Ye Chen several times, and found that Ye Chen did not take a peek.

But I don't know why, but in her heart she expects Ye Chen to take a peek. If Ye Chen takes a peek, at least her figure is attractive.

At this moment, Ye Chen, of course, did not know what Wei Ying was thinking. He received a call from Bao Xinhe.

During the phone call, Bao Xinhe had already met the ancestors of the Bao family, and even agreed to meet at Xiangjiang Jiulong Tea House at 8 o'clock this evening.

This time the Guardians of China gathered in Xiangjiang, which shows how serious the situation is.

After hanging up the phone, Ye Chen's eyes fell on Wei Ying who was dressed.

Wei Ying was biting her red lips, her cheeks flushed, and she looked at Ye Chen shyly.

"That..." Ye Chen just wanted to speak, but Wei Ying took the lead and said: "You don't know anything about this. Nothing happened just now, right?"

"Also, Ye Chen, I'm a little hungry now, take me to eat something."

Wei Ying changed the subject, she could feel her face still hot.

"Well, there happens to be a revolving restaurant downstairs. Let's go and eat a little bit."

...

At the same time, Jiang Daoshan.

In front of Fang Zhenye was kneeling a man in a robe.

"How did you investigate?" Fang Zhenye asked, wiping a sword.

The man in the robe passed the tablet in his hand.

"Master Fang, please see."

Fang Zhenye glanced at the tablet and snorted coldly: "I don't like this kind of modern thing, you can just say it."

The man in the robe was startled and said with a smile: "Yes, Master Fang, the kid you made me pay attention to, left the capital this morning."

Fang Zhenye stopped and inserted the sword into the scabbard: "Huh! This kid actually wants to escape! Even if he escapes abroad, I can catch him back! The only cowardly act of arrogant people! "

"Grandmaster Fang, you misunderstood, that kid didn't run away, but..."

"On the contrary! If you continue to hesitate, I will kill you directly!" Fang Zhenye said angrily.

Hearing these words, the man in the robe dared not take a breath, and quickly said: "Master Fang, according to the latest news, the kid came to Xiangjiang by private jet, in other words, he is near Jiangdao Mountain!"

Hearing these words, Fang Zhenye's eyes narrowed slightly.

Instead of looking for him, he came to Xiangjiang to die!

"Do you know where this kid is? Also, are there any masters or elders around this kid?"

This is where Fang Zhenye worries most.

Ye Chen cannot master a powerful cultivation base for no reason, there must be a powerful sect behind it.

His only fear was that the people behind Ye Chen made the move!

If Ye Chen brought someone from the sect this time, he would think about other countermeasures.

The man in the robe shook his head: "The specific information has not yet been obtained. I am sending someone to investigate. As for the others, this son is really accompanied by someone, but according to the investigation, he is a beautiful girl who has no basis in martial arts. He was an English intern teacher at Beijing Normal University~www.mtlnovel.com~ Hearing this sentence, Fang Zhenye's mouth wore a playful smile: "It seems that Ye Chen wants to be a romantic ghost, hehe, since He is so impatient, then our Fang Zhenye will fulfill him! You take the disciples of Jiang Daoshan to the foot of the mountain, link up with the Xiangjiang Police Department and various forces, and let the wind go out. Anyone who takes the head of Ye Chen can be protected by Jiang Daoshan!"

This asylum is permanent!

I want to see how long this kid can last! "

The eyes of the man in the robe shrank to the extreme.

This Grandmaster Fang has lost his blood!

Jiangdao Mountain is the sacred mountain of Xiangjiang, and it is the belief of countless locals.

Sacred and inviolable.

Most people cannot climb, nor dare to climb.

Countless forces are afraid of this Jiangdaoshan. It is said that the Li family has grown from a small family to a wealthy country because of the shadow of Jiangdaoshan behind.

Now that Grandmaster Fang uses a shelter, it will definitely detonate the entire Xiangjiang!

Countless forces and families must take Ye Chen's head as their primary task.

The whole Xiangjiang assassinated a kid!

It's crazy.

Even if that kid is not dead, he will definitely not be at peace!

Chapter 472: We are saving you!

Settings

...

At eight o'clock in the evening, there is a cool breeze.

Hong Kong Kowloon Teahouse.

Ye Chen and Wei Ying took off their hats and masks.

The two did not intend to cover their faces, but the smog in Xiangjiang was too heavy these days.

Wei Ying must wear Ye Chen.

Soon, Bao Xinhe, who had been guarding the door, saw the two of them. He walked over with excitement and stretched out his hand: "Mr. Ye, you are finally here. The ancestor and his friends are drinking tea inside."

"It's been a long time?"

"We have just arrived. This teahouse was opened by a friend of mine. The taste is absolutely authentic."

"it is good."

Bao Xinhe led Ye Chen into a box.

I saw two immortal people sitting in the box.

One of them is similar to Bao Xinhe, and should be the ancestor of the Bao family, Bao Peimin.

As for the other one, judging from the misty breath, it must be one of the guardians of China.

As soon as Ye Chen took a step, he felt two eyes shooting at him, not only that, but a powerful force swept over him.

A faint smile appeared at the corners of the two old men's lips.

They are very curious about Ye Chen!

I wonder why Ye Chen is just a young man in his twenties. Why can he kill a guardian of China standing on the pinnacle!

Ye Chen felt that two huge mountains were pressed on his shoulders, and if he was an ordinary person, he would definitely turn into a blood mist on the spot.

He snorted coldly, his shoulders trembled, and the blood dragon in his body surged! A strong suffocation seemed to form a sharp blade, and cut it mercilessly towards the pressure on that shoulder!

"Boom!" The box behind Ye Chen shattered directly!

The eyes of the two elders shrank to the extreme and withdrew the pressure.

"Sure enough, the hero was born a boy, sit down!"

Wei Ying also followed in. Just about to sit down, another Huaxia defender said: "Wait for people, let's go out."

Wei Ying's expression froze, naturally knowing that the two old men were talking about themselves, she was just about to stand up and leave, but Ye Chen grabbed her hand.

"She is my friend. If she is waiting for someone, then I don't have to stay here."

"Wei Ying, sit down."

Ye Chen said in an undoubted tone.

Wei Ying glanced at the two and sat down obediently.

Bao Peimin, the ancestor of the Bao family, didn't have any comments, but the other guardian of China looked a little ugly.

He heard that Ye Chen was extremely arrogant. He thought it was an exaggeration, but now it seems to be true!

Bao Xinhe played a round in it, and then said to Bao Peimin: "Ancestor, this time you invite Ye Chen to come here, it should be not just for tea."

Bao Peiming nodded, and said to Ye Chen: "During this time, I have learned about what happened at the Beijing Martial Arts Platform. Although you were not provoked by the contradiction, you should not kill the Chinese Guardian. , You can hurt him badly, but you shouldn't kill him.

What you shouldn't be that even Fang Zhenye's three apprentices had their heads severed.

Fang Zhenye is now naming Dao and surname to judge you in a round table meeting! "

"This time, there are only 19 guardians of China, which means that it is impossible to tie the votes. I asked several guardians for their opinions this time, which is extremely unfavorable to you. At least most of the guardians of China who understand the whole story. All intend to suppress you."

"If it weren't for your relationship with Xinhe, I might also be shaken."

Ye Chen thought of something, and curiously said: "I wonder, with Fang Zhenye's strength, why didn't he take the initiative to kill me, and instead set up a roundtable meeting? Even use the remaining 18 of you? Isn't it more troublesome?"

Bao Peimin touched his beard, and said lightly: "Fang Zhenye is not only not stupid, but also very smart. Your only advantage is the mysterious background. You have disappeared for five years and there is nowhere to find it. He is not afraid of anything. You, but the sect or power behind you."

"This time, using the power of everyone in the Guardian of China, even if something goes wrong, the forces behind you can't say anything, and they are not even qualified to hold him accountable to Fang Zhenye."

"If I were you, I would release a powerful signal to tell everyone that you have a powerful sect behind you, or a powerful guardian. This force, or powerful, must be enough to make Fang Zhenye jealous. Since then, This thing will end well."

"So, are there such forces and sects behind you?"

Bao Peimin looked at Ye Chen with blazing eyes, which was also the purpose of his trip.

He wouldn't show his favor to Ye Chen for no reason, let alone stand in line just because of a word from the Bao family.

If Ye Chen really has a powerful sect behind him, then he is looking for a chance!

As long as he catches this line, his martial arts can go further.

He learned from his investigation that Ye Chen possessed powerful martial arts and techniques.

There are only two possibilities: Either Ye Chen got the inheritance by accident, or there was an expert behind Ye Chen who took action!

According to the information revealed in Bao Xinhe's words, the power behind Ye Chen is most likely from Kunlun Xu!

The two old men and even Bao Xinhe stared at Ye Chen, waiting to reveal the secret, but they didn't expect that Ye Chen shrugged: "Sorry, I really don't have much power, I'm just a lonely person."

Naturally, he would not say that there were a hundred mighty standing behind him, and no one would believe it.

Not to mention the reputation of the old man Kunlun Xu, the old man is accustomed to the world, and does not like to be disturbed.

As for the trial of the Guardian of China, come, he is fearless.

According to the words before Wandao Jianzun left, he should almost come back.

Even if the Sword Master of Ten Thousand Dao does not return, several tombstones in the reincarnation cemetery are already inspiring.

Fang Zhenye or those Guardians of China who want to win him~www.mtlnovel.com~ have to weigh themselves first!

Hearing this answer, another Huaxia Guardian stood up and said unceremoniously: "Ye Chen, you better figure out one thing, we are saving you."

He disliked Ye Chen's attitude!

Can the lonely and widowed be able to enter the separation and separation realm within five years?

Totally impossible!

Ye Chen concealed it deliberately. In his eyes, it was just playing with them!

Looking at China, who would dare not answer the questions of their China Guardians honestly.

Bao Peimin sighed. In fact, he had guessed the result a long time ago, but he still said: "Ye Chen, don't talk about it. Every warrior has his own secret. I will still reveal to the outside that you have The information of the powerful sect can at least confuse some people."

"Originally, I wanted to help you, but now it seems that we are superfluous. Then it's up to you. Also, I will vote against the roundtable. That's it. You go first. Xinhe, see you off. ."

Bao Peimin's tone is full of no doubt, this is the only thing he can do, and he should make a good bond.

At this moment, a middle-aged man hurriedly walked in and said a few words in the ear of another guardian of China.

In the next second, a cold smile appeared on the corner of the Huaxia Guardian's mouth.

Chapter 473: 2 refers to the sword!

He looked at Ye Chen with an interesting taste: "Ye Chen, there is one thing I think you have the right to know. You and your friends have now become the prey of the major forces and families in Xiangjiang. If you are willing to explain your back I might be able to help you with the things that I'm talking about. Otherwise, it's not certain whether you will survive the roundtable."

Ye Chen ignored it and took Wei Ying's hand and walked outside.

Now that the talk is broken, what else is necessary to stay?

After Ye Chen left, Bao Peimin frowned and asked, "What did you mean by what you just said?"

The guardian of China snorted: "This kid is asking for trouble. Fang Zhenye intends to kill someone with a knife this time. With the shelter of Jiang Daoshan, he issued a killing order throughout Xiangjiang!

It is good that he can kill the Guardian of China, but can he face hundreds of forces? The water in the Xiangjiang River is very deep. Without our shelter, this kid might sink the ship! "

"It's a pity that the girl next to him, being so young, will kill her."

Bao Peimin frowned, thinking for a long time, and said to Bao Xinhe: "Xinhe, pay attention to Ye Chen during this time. If he is in danger, tell me as soon as possible."

Hearing this, the guardian of China was stunned: "Old Bao, can you still protect this kid? This kid doesn't even have the basic honesty, it's worth it for you to do it? Whether he will survive tonight is not certain!"

Bao Peimin took a sip of tea, and his ethereal voice sounded: "I have seen something unique from this son. After so many years, my cultivation level has not grown. It seems to be the heaven of China, but I am very clear. There are still strong people in some places in China. I am waiting to pursue the end of martial arts and have a life of ease, so I might as well gamble once today, and I bet on this Ye Chen!"

Another guardian shook his head. He felt that Bao Peimin was so confused that he couldn't even see the facts before him.

The kid was arrogant and ignorant, and he would be beheaded in a few days.

...

Ye Chen and Wei Ying got out of the teahouse, stopped a taxi, and went straight to the hotel.

After driving for a while, Ye Chen suddenly opened his eyes and glanced at the driver who was driving.

The driver happened to be looking at him through the rearview mirror!

His eyes dodged, and the driver turned his attention to the front again.

The corner of Ye Chen's mouth outlines an arc, this road is not the road to the hotel at all.

Not only that, but also drove towards remote places.

Wei Ying also noticed something, and just wanted to ask a question, only to find that Ye Chen's hand was holding her.

She glanced at Ye Chen in surprise, but found that Ye Chen blinked at her.

She stopped talking.

When the car drove to a quiet beach in Xiangjiang, it finally stopped.

The driver was very surprised. Couldn't the two behind them discover anything?

"Arrived?" Ye Chen said lightly, motionless like a mountain.

The driver didn't think much, nodded, and then grimly said: "Here, it's just not a hotel, but... Huangquan!"

When the words fell, the driver got out of the car and closed the door.

At the same time, dozens of people appeared in the darkness.

These dozens of people are full of powerful martial arts aura, and the blades in their hands are shining with cold light, making people palpitate!

The cold killing intent swept towards the taxi.

Ye Chen got out of the car calmly, and said to Wei Ying: "You stay in the car, play with your mobile phone, and after a cigarette, I will take you back to the hotel."

Wei Ying's face was pale, Ye Chen pinched her finger and pointed on the taxi.

In an instant, a golden light flickered, as if covering the taxi.

Subsequently, Ye Chen leaned against the taxi and lit a cigarette.

Smoky.

In the dark, walked out a man wearing glasses and looking very gentle.

Just under this gentleness, there was a surge of energy and killing intent all over his body.

No less than a hundred people died in the hands of this person!

The gentle man took the photo in his hand and glanced at Ye Chen, an expression of excitement appeared in his eyes instantly.

Even a little scarlet and fanatical!

"Are you Ye Chen?"

"It seems that God really helped me. As long as you take your head, the shelter of Jiang Daoshan will definitely belong to me Qiu Heng! Then there will be no Li family affairs in Xiangjiang, it must be my Qiu family!"

Ye Chen took the cigarette from his mouth and stood on the taxi.

The sea breeze howled, and the firelight was particularly dazzling in the dark,

"I only have time for a cigarette, and you guys will use it together."

Hearing these words, Qiu Heng's expression suffocated. He didn't expect this kid to be so arrogant!

Go together?

These people are all the elite of his Xiangjiang Qiu family, who can resist?

But since it was Jiang Daoshan's will, he didn't dare to take it lightly.

He glanced at the Qiu family powerhouse next to him, and said: "I only need this kid's head, who can win this kid's head is a great reward."

"Yes, master!"

In the next second, dozens of dark shadows surged towards Ye Chen.

Very fast!

The cold sword light and sword shadow resembled a pair of blood-filled hands, ruthlessly grabbing towards Ye Chen's chest.

Ye Chen knocked on the car window and said to Wei Ying, "Close your eyes."

Wei Ying wanted to say something, but still obediently did it.

When she closed her eyes, Ye Chen moved.

A violent wind surged all over his body, and the violent wind surged towards those dozens of people!

Ye Chen can clearly feel that this beach is not just these people!

At least there is another strong in the dark!

These people want to take advantage of the fisherman's profit, and have been observing everything. Once they are injured or accidents, they must be the first to stand up and take their heads!

This should be one of Fang Zhenye's methods!

Since it's here, just crush it!

The best way to deal with this matter is to make everyone fear!

Hum!

In response to that horrible sword shadow, Ye Chen stretched out two fingers!

Two fingers as swords are the real kendo!

Qiu Heng and the people in the dark frowned. No one would have thought that facing this kind of crisis, this kid didn't even intend to use his sword?

Just use two fingers?

What a joke!

but! In the next second, the terrifying sword aura covered the world. The silver light poured out like a scorching sun.

"how come!"

Those Qiu Jiaqiang who had appeared within two meters of Ye Chen couldn't help but stare at such a scene.

Horrified! Horrified! Still horrified!

Who would have thought that at this moment, this ant-like kid would explode with such an amazing aura?

That terrifying sword aura didn't know why it made them feel shiver.

The key is that this sword energy is emitted by two fingers!

"cut!"

Ye Chen didn't give these people too much time to think~www.mtlnovel.com~ The two-finger condensed horror sword intent had already been cut.

The two-finger sword intent is a trick that the Slaughter Daojun once taught him. If he can cultivate to the extreme, it will be enough to change the color of the world and open the world.

Even if Ye Chen only touched the fur, at this moment this move had already made the world pale.

Even those people in the dark couldn't help but change their complexions after feeling the murderous aura of this blow.

"boom!"

The air waves are rolling like thunderstorms!

At this moment, Ye Chen's eyes were firm, his clothes were dancing in the wind at this moment, and at this moment, the sword intent of **** in his hand fell, and a sword was full of grace.

Stabbed!

Vaguely, among the silver light in the sky, the sound of tearing sword energy came.

Oh oh oh!

Amidst the tearing sound, there was a scream of incomparable bitterness.

bump!

At the same time, it seemed that a dull roar was heard.

In the silver light, blood blossoms, dozens of people burst, and the powerful sword intent directly turned all those who approached into blood mist!

Chapter 474: Slaps come too fast!

This scene of just appeared before everyone's eyes.

It really happened!

seems to be eye-catching!

When Ye Chen stretched out two fingers, everyone only sneered.

But I never thought that these **** really have such terrible power!

This monstrous sword intent can't even be used by ordinary spirit swords!

Those who have turned into blood fog are even more unexpected!

"Hiss!"

Everyone who saw this scene took a breath!

Kill dozens of martial arts masters with two fingers!

Is this the **** still a human!

How many people in China can do it!

Some people hiding in the dark even stepped back subconsciously!

They want snipes and clams to compete with fishermen for profit, but in the face of such a powerful existence, who is the fisherman?

Maybe they are the snipe clams!

Qiu Heng watched all the people he brought with him turned into a blood mist. He sat on the ground with a fright. He wanted to talk, only to find an invisible air current blocking his mouth.

He even breathed in big mouths as a luxury.

At this moment, a dark shadow appeared in his sight.

"you can not--"

Before he finished speaking, he felt a light flash across his neck!

The blood gradually stained, and he instantly fell in a pool of blood.

simply and neatly.

After doing all this, Ye Chen returned to the taxi and the smoke was only half burned.

His eyes fell on a few auras in the darkness: "This time, it's just a warning. If you dare to trouble me or follow me, I promise you will die even worse."

"I only say this once."

The words fell, Ye Chen took down the cigarette on the roof of the car, and then flicked his finger, and the half of the cigarette shot in one direction with sparks!

The speed is extremely fast!

"Puff!" With a sound, another person fell to the ground.

is the driver who drove.

After doing all this, Ye Chen opened the door of the taxi driver's seat and drove directly in the direction of the hotel.

After Ye Chen left, a number of figures appeared in the darkness.

Any one of these figures is enough to shake Xiangjiang.

"Master, do you still want to follow Ye Chen?" A young man with eagle eyes said to an old man.

The old man stared at the blood mist, his body trembling slightly, and finally said: "My Xiangjiang Luo family, from now on, I will withdraw from this matter. Don't worry about the shelter of Jiang Daoshan! No life, what kind of shelter is needed!"

Not only the Luo family, all the surrounding forces and families express the same meaning!

Ye Chen, can't move!

They are not qualified to move either!

At the same time, Xiangjiang Kowloon Teahouse.

It was too late, Bao Peimin and the Guardian of China had finished their tea and talked about some cultivation matters, and they were also ready to get up and leave.

At this moment, the subordinates of the Guardian of China and Bao Xinhe hurried over.

Both of them have a touch of horror on their expressions, as if they had seen something terrifying.

The Huaxia Guardian glanced at the expressions of the two, suddenly thought of something, and smiled: "If I guessed correctly, then Ye Chen has something wrong."

The two nodded together.

Bao Peimin's face changed slightly. Didn't Ye Chen survive the whole night?

shouldn't be!

But if you really face the siege of all the forces in Xiangjiang, it is not impossible to fall into the hands of those people.

After all, Ye Chen is only one person, and there is an ordinary woman who needs to take care of him.

The guardian of China wore a playful smile on his mouth: "Old Bao, what I said just now, this kid can't last one night, he just can't last one night! You even bet your future on this kid, it's ridiculous !"

"It seems that for so many years, Mr. Bao, your ability to look at people is getting more and more retrogressive."

At this moment, the guardian of China couldn't help but speak: "My lord, you have misunderstood, things are not like this."

"Just now, that kid, with his fingers as a sword, killed dozens of people! The entire Xiangjiang power was shaken!"

"Looking at the posture of those people, no one is ready to do anything to Ye Chen!"

As soon as these words came out, Bao Peimin and the guardian of China changed their faces and exclaimed, "What!"

Two fingers cut dozens of people?

What the **** is this kidding!

Bao Xinhe knew that these two adults would not believe it, and quickly took out his mobile phone!

The video above is exactly what Ye Chen shot!

Because it was in the distance, it was a bit vague, but the impact of Ye Chen's shot was actually recorded!

The scene was shocked to the extreme!

Seeing the image on the phone, the eyes of the Guardian of China seemed to burst!

His cheeks feel hot!

Two fingers are swords, and they cause such a powerful blow, even they may not be able to do it!

"Impossible, this child should have some secret technique in his hand, only secret technique can burst this kind of power!"

"This time I will use the secret technique this time, I won't have this chance next time!"

The Guardian of China can only comfort himself in this way.

But he knew in his heart how pale and weak this comfort was!

Bao Peimin touched his beard. Although horrified, it was not important to him.

More importantly, he made a right bet this time.

.....

Ye Chen and Wei Ying returned to the hotel.

After this, he never felt a murderous surge behind him.

If this kind of deterrence can't frighten those people, then he really considers to do it himself.

Because Ye Chen planned to come to Xiangjiang by himself this time, he asked the dark hall to book only a big bed. Now it was night that he realized something was wrong.

Wei Ying also looked at the big bed~www.mtlnovel.com~ with hesitation in her eyes.

"I'm going to book another room, you can sleep here."

Ye Chen commanded, after all, she is a girl of Huanghua, it is impossible for two people to sleep in the same bed.

Just when Ye Chen was about to go to the front desk, Wei Ying made up her mind and said: "Ye Chen, you don't have to go down and book it. This bed is big, and half of us are just right for each of us. What's more, what happened today, I really I'm a little scared. What if the group of people come to me again if we separate?"

Ye Chen pondered for a few seconds, and Wei Ying was indeed considering a problem.

Two people live together and take care of it.

"In that case, go to bed and I will practice by the side." Ye Chen ordered.

Then, he quietly practiced cross-legged on the sofa.

Breaking through another realm, it is estimated that a few tombstones in the reincarnation cemetery can be completely aroused.

He suppressed the group of Xiangjiang forces, but the real problem was Fang Zhenye and the Guardian of China.

It seems that I should go to Jiangdaoshan.

Ye Chen thought of something, took out a tablet from the reincarnation cemetery and logged in to the mailbox.

The people in the dark temple have integrated the Jiangdaoshan information.

What surprised him is that Jiangdao Mountain is not only the sacred mountain of the Hong Kong Special Administrative Region, but also a forbidden mountain!

Chapter 475: Reincarnation cemetery changes!

Before 1999, this mountain stood on the west side of Xiangjiang River, and it has always been normal.

But after 1999, many big things happened in Jiangdaoshan.

Hundreds of people disappeared for no reason, the top of the mountain was on fire at night, and thunder and lightning surged on the top of the mountain all the year round.

With such a vision, the Hong Kong Government and the Police Department have no intention of doing anything.

I don't know if it is because I can't manage it or I am afraid of trouble.

Jiangdao Mountain was therefore cordoned off by the authorities, and a wall was built at the foot of the mountain, and soldiers were stationed all year round.

As long as no one goes up the mountain, no one will get hurt. This is the most direct way.

In the past few years, some people have indeed tried to go up the mountain to see this vision. But just after taking a few steps, both legs broke.

Terrifying!

No one has dared to approach since then.

Today, ten years later, this place has slowly become a holy mountain.

Countless citizens would pray for blessings and safety every time they saw the Jiangdaoshan vision.

After Ye Chen read these, a smile was drawn at the corner of his mouth. These so-called mysterious visions are too simple in the eyes of cultivators.

But Jiangdaoshan must have a giant formation, otherwise it would not have such an effect.

Ye Chen just wanted to close the tablet, suddenly, he found something! There was a hint of panic in his eyes.

He is breathing fast! Staring at a picture of Jiang Daoshan.

The picture was taken from an aerial, and it looks no different from a normal mountain.

Ye Chen zoomed in on that picture infinitely, and when it was zoomed in to almost blurry, a stone stele on the mountain was revealed!

Above the stele is an ancient Sanskrit.

Then, Ye Chen took out the notebook his father had left in the Lin family.

Turn to the last page!

He was shocked to find that the Sanskrit written by his father was exactly the same as the Sanskrit on the stone tablet!

If you find this Sanskrit, you can find Grandpa's friends!

is about his life experience and the Ye family's secrets!

"Could it be that when Grandpa brought me to Xiangjiang, I went to Jiangdaoshan?"

"Then why did Grandpa do this? Is there any secret in Jiang Daoshan?"

"Or is the reincarnation cemetery also related to Jiangdaoshan?"

Ye Chen's eyes fell into deep thought.

He had a feeling of pulling away the clouds, but he fell into the clouds in the blink of an eye.

Ye Chen threw the tablet into the reincarnation cemetery, took a look at the time, and found that it was already two in the morning unknowingly.

Wei Ying is already asleep.

The quilt may have been kicked off mostly because of a bad sleep. The slender thighs clamped one side of the quilt, and both hands were holding the pillow.

The fullness of his chest appeared a bit.

In order not to disturb Wei Ying, Ye Chen left a restriction at the door of the room, and then went to the hotel rooftop.

Once the prohibition is broken, he can detect it for the first time.

The hotel building is the third largest building in Xiangjiang, standing on the rooftop almost overlooking the entire Xiangjiang.

That Jiangdao Mountain can also be seen in full view.

Ye Chen came to the rooftop and stared at a mountain to the west.

Although the smog is still there, as a cultivator, he can still see clearly.

Ye Chen picked up the map of the Xiangjiang Special Administrative Region again and glanced around, only to find that the tall buildings and mountains near Jiangdao Mountain were all in a trend.

"Ancient Spirit Gathering Array!"

Ye Chen exclaimed.

As the land of China, Xiangjiang can become the four dragons of Asia and one of the world's first-tier cities.

Putting aside politics and history, what is more important is this gathering of spirits!

The aura of heaven and earth with a radius of hundreds of miles are gathered on Jiangdao Mountain, and Jiangdao Mountain has the blessed Xiangjiang River, so cycle!

Ye Chen became more excited, and suddenly, he felt the black stone in his pocket shake violently!

rushed out of his pocket in the next second, floating in the air.

shine brightly!

At the same time, the Jiangdao Mountain in the distance seemed to be covered with a layer of holy light, rising into the sky!

A golden beam of light pierced the sky!

It's just that it all came quickly, and it went quickly!

Seeing that the black stone was about to rush towards Jiangdao Mountain, Ye Chen quickly held the black stone tightly!

In an instant, on the rooftop, the reincarnation cemetery completely appeared!

It seems that nearly a hundred tombstones stand on the roof.

A very strong sense of bleakness covered it.

Tombstones suddenly shook!

"We must take down the thing from Jiangdaoshan!"

Just as Ye Chen looked at the scene in front of him in a daze, an old voice suddenly sounded!

This voice is very familiar to him!

The first time he opened the reincarnation cemetery, it was this voice that forced him out!

And at this moment, the voice was full of excitement, as if there was some great treasure in Jiang Daoshan that attracted him!

"What the **** is it?"

Ye Chen said.

He guessed right, Jiang Daoshan definitely has something to do with the reincarnation cemetery!

As for the specific relationship, he doesn't know!

The old voice paused for a few seconds, as if struggling with something.

Suddenly, he opened his mouth again and said: "Suppress the soul and break the sun..."

But before he finished his words, the reincarnation cemetery on the rooftop has completely disappeared!

The light of the black stone is also completely dim!

Everything returned to calm.

The black stone also got into Ye Chen's pocket.

is like an invisible force binding something!

Ye Chen raised his head and looked at Jiangdao Mountain in the distance, his eyes condensed: "It seems that I will go to Jiangdao Mountain tomorrow. I want to know what on earth is there in Jiangdao Mountain that can cause such a vision!"

But Ye Chen at this moment did not notice at all, on a high-rise building a kilometer north of him.

An old man stands proudly, with his hands behind him, standing at the corner of the roof.

The breath is ethereal, like a fairy.

100 meters high in the sky, but there is no fear at all, even only the toes fall on the most edge.

The old man was wearing a white robe, with a pot of wine around his waist, and his white hair seemed to be the traces of time ~www.mtlnovel.com~ Those deep and wise eyes stared in the direction of Ye Chen.

Only the world exists, not moved by the world, not for the suffering and cold heart, staying behind a clear cold, like the soul wrapped in heavy snow, without a trace of warmth.

His eyes seemed to have insight into everything, piercing through layers of smog.

"That kid from the Ye family came to Xiangjiang? How could it be possible?"

"For so many years, the old man has turned into dust. I heard that Ye Tianzheng and Jiang Xirong are both trapped in Ghost Prison, and that kid has long disappeared. Is it possible that this kid has returned?"

"I thought that would end there. At this moment, it looks like they are all following Old Man Ye's chessboard!"

"Old man Ye used heaven and earth as the battlefield, betting everything on his grandson, and this game lasted decades."

"He used his own fate and the fate of his wife's sons to cover the survey of the heavens, just for the faith and protection of the Ye Family."

"I laughed at him not worth it, but he laughed at me and I couldn't see through."

"I'm really curious, whether that kid named Ye Chen can really break through this eternal game."

The old man took the pot of wine at his waist, took a sip, and the next second, he fell directly from a height of 100 meters!

In the blink of an eye, it dissipated in the haze and clouds!

Chapter 476: He is important!

Rooftop.

Ye Chen was about to go back to the hotel room, when he turned around, Yu Guang seemed to have discovered something.

He vaguely felt a pair of eyes staring at him in the distance.

His eyes slammed in that direction, and he saw a dark shadow vaguely, but the dark shadow disappeared instantly.

seems to have never existed.

Ye Chen squinted: "Did someone spy on me in secret just now? Fortunately, only oneself can feel the vision of the reincarnation cemetery, otherwise it is unimaginable.

The city of Xiangjiang is not as simple as imagined. It seems that I have to be more careful. "

Ye Chen returned to the hotel room, intending to continue practicing, but he didn't expect Wei Ying to suddenly sit up, her pajamas showing fullness and unable to cover everything.

Spring is infinite.

She rubbed her sleepy eyes, and said in doubt: "Ye Chen, where have you been so late? I almost planned to find you."

Ye Chen shrugged and explained: "I'm a little hungry, go downstairs and take a look."

Wei Ying nodded, then twisted her body to sleep to the left, and then patted the right: "Ye Chen, there are two quilts. If you want to sleep, please go to bed. There is nothing to beware of the relationship between the two of us. I believe you."

Wei Ying thought of something, and smiled again: "If you don't go to bed, you won't be afraid that I will take advantage of you."

Ye Chen did not speak, but silently returned to the sofa and practiced cross-legged.

For cultivators, a small amount of sleep is enough.

Tiandao Mountain and Xiangjiang are not that simple. Sword Sovereign Wandao has not yet returned, so at the moment, his strengthening of strength is the key.

Wei Ying's eyes were a little lost, and she didn't plan to sleep anymore.

The cold heart revolved, and there was a rolling chill all over her body.

Vaguely, an ice crystal appeared on her forehead.

.....

At the same time, Hongjiang Kantar Coast.

Li's house.

The Li family is the top family of the southeast coast generation, and it is also the giant of the Xiangjiang River.

passed on for thousands of years.

The Li family had been silent in China, until Li Yuntian, the son of Li's family, was selected by the sect in the depths of Kunlun Mountain.

In terms of economic strength or martial arts strength, the Li family is absolutely qualified to aspire to the throne of the first family in Xiangjiang.

At this moment, the Li Family Villa is very angry and solemn.

On the living room is a huge screen, and a picture is playing repeatedly on the screen.

And this scene is exactly the scene where Ye Chen killed dozens of people with two fingers, suppressing everything on the spot.

"What do you think about this son?" One, the gray-haired old man said.

The old man is the patriarch of the Li family, Li Jiacheng.

He just sat there quietly, and there was a wave of Via attack, which made people feel oppressed.

So most outsiders respectfully call Lao Li.

On the face of it, he is a top Chinese businessman, but few people know that he once killed a hundred people in Xiangjiang with one sword and one man!

Without him and the eldest son chosen by the sect, the Li family would be watched by countless forces.

The words of Mr. Li plunged the members of the Li family into a brief silence.

A few seconds later, a middle-aged man in a shirt stood up: "Dad, if this picture is true, then the strength of this kid is bound to be incredible, and it is worthy of us to win."

Old Li sneered and photographed a document on the table: "This video can't be fake. The group of Xiangjiang guys are so smart. They are willing to exit unconditionally. They must be shocked. Not only that, this document, it is Ye Chen's information on the mainland.

This child rushed out of a small place in just half a year. The first person in Jiangcheng and then the first person in Jiangnan Province. It is said that a few days ago, he defeated Lin Juelong at the martial arts platform, and he was almost the first person in China.

The incident at Budotai that day was listed as an SSS-class confidential document by the mainland.

According to the gossip, this kid killed a guardian of China that day, and even killed a top family in Beijing while flipping his hands.

The ability of this child is greater than we thought. "

Hearing Mr. Li's words, everyone present took a breath.

This kid actually killed a guardian of China?

What the **** is this strength!

began to whisper underneath.

"Also, the strong man we sent today wanted to destroy the Xiangjiang dark palace and kill the people. But he never came back. If I guessed correctly, the strong man in Kunlun Mountain is also dead."

Old Li narrowed his eyes slightly, as if he was full of interest in this matter.

The middle-aged man was surprised: "Dad, what does the dark palace have to do with this matter?"

Old Li snorted and said in a shocking voice: "The owner of the dark palace is Ye Chen. We don't want to do anything about the Xiangjiang dark palace. It is estimated that Ye Chen also knows something about Jiang Daoshan. Our Li family's That plan is likely to be known by the other party."

The words fell, a 60-70-year-old Li Jia Keqing said: "Patriarch, this Ye Chen is always a variable. Now that he and those people in the dark temple know our plan, do they need to send someone to erase it?"

Li Laochang tapped his fingers on the desktop and said, "I thought about this for a long time. Judging from the killing order of Jiang Daoshan, Jiang Daoshan and Ye Chen are opposites. In the business world, the enemy's enemy is Friends~www.mtlnovel.com~The same is true in the martial arts world. Our Li family is bound to have that thing. Instead of setting up an enemy, it is better to bring Ye Chen to the same camp."

"Yun Cheng, tomorrow, you go to meet this son, and be more friendly. If you can make friends with the other party, it's the best thing to talk about it. If you can't, don't offend it. Such a strong person is bound to be arrogant. Proud, you need to take your time, not be tough."

The middle-aged man was startled. Although he was a little unhappy, he nodded: "Dad, leave this to me."

After Li Lao gave everything, his eyes fell on the young man on the screen again.

"In a while, the sect of that place is expected to come out to choose geniuses again. This son is so talented. Once selected, the Huaxia Ye Family will inevitably jump from no one to the top family. This son is capable of reaching the sky and killing. Decisively, if you really go inside, it must be better than anyone who entered Kunlun Xu from Huaxia."

.....

The next morning, Ye Chen woke up from his practice and slowly exhaled. When his eyes fell on Wei Ying, he found that Wei Ying's body was covered by countless ice crystals, and the temperature in the hotel room was extremely low.

If it weren't for the Nine Heavens Xuanyang he cultivated to belong to the Zhiyang technique, I am afraid he would also be affected.

Not only that, he also found that Wei Ying's breath was much stronger.

The **** cold body is really suitable for cultivation.

Wei Ying seemed to be aware of something, opened her eyes, a trace of blood bloomed in them, but it quickly dissipated.

Chapter 477: court!

"Ye Chen, don't say, I don't even have any sense of exhaustion after practicing this chilling decision. Don't I need to sleep now?"

Ye Chen smiled and said, "You still have to go to bed. One or two hours a day is almost the same. Now it's eight o'clock. Let's go to wash the rustles, and then go downstairs to have breakfast. Later, I plan to go to Jiangdaoshan. Look."

"Okay, I'll go together too."

An hour later, the two came to the hotel downstairs after breakfast. To his surprise, a group of Xiangjiang police officers were actually investigating something.

vaguely heard something on the rooftop.

Ye Chen frowned. Just when he and Wei Ying were about to leave, the four Xiangjiang law enforcement officers noticed Ye Chen and moved towards Ye Chen.

"You are Ye Chen," said a middle-aged law enforcement officer headed by him.

"I am." Ye Chen glanced at the four of them and found that there was no martial arts aura.

The middle-aged man showed a certificate, and then said: "Mr. Ye, we are the Hong Kong Police Station. Just now from the surveillance, I saw that you had been to the rooftop in the early morning. Is there anything like this?"

Ye Chen's eyes were slightly condensed, is it possible that the matter of the reincarnation cemetery was noticed?

"Mr. Ye, please cooperate with our investigation."

"I have been there, what's wrong?"

Hearing Ye Chen's admission, the middle-aged man said: "In that case, take it back to the police station! We found a male corpse on the rooftop. According to the time point, it coincided with the time when you went to the rooftop. Please cooperate with us. Investigation by the Hong Kong Police Station."

Ye Chen is naturally impossible to cooperate, he has been to the rooftop is indeed good, but the corpse has nothing to do with him!

Even if he kills, he won't leave the body on the roof.

is simply nonsense!

The first thing that came to mind was that someone received news from Fang Zhenye and wanted to use this official method to deal with him.

The second is that someone deliberately embarrassed him.

Ye Chen glanced at the few people in front of him, and said: "I have something to do today, I will send a lawyer to contact you."

After speaking, he and Wei Ying headed out of the hotel.

He doesn't want to do anything to this group of people.

This group of people has no martial arts strength, once they do it, they will not be laughed out of their teeth.

But to Ye Chen's surprise, the four of them came back towards Ye Chen before they took a few steps.

"Mr. Ye, this is the above order, please cooperate, otherwise you will make it difficult for us to do it."

The law enforcement officer's expression was a little cold, and the above explained that no matter what, he must bring Ye Chen back.

can even apply unwarranted charges.

As for the corpses on the rooftop, there are no corpses.

It's just that according to surveillance, this kid has been going to the rooftop for so long in the middle of the night, which is definitely not a good thing.

What's more, Ye Chen is from the mainland. Although they don't have any contempt on the surface, they still have some contempt for people from the mainland.

To take Ye Chen away is too simple for them.

The above just asked them to take Ye Chen away, and even said that this child might use violent means, and once they do it, they can use stronger forces to suppress.

Ye Chen didn't pay any attention to it, holding Wei Ying in his arms and continued to go outside.

Wei Ying is a little scared. After all, they are policemen. If they offend them, it would be no good.

She raised her head to see what Ye Chen wanted to say, and then gave up again. She believed Ye Chen should have a point in her heart.

The moment they took a few steps, the four of them stepped forward and came directly towards Ye Chen.

But before his hand touched Ye Chen, a squally shower suddenly surged across the hotel!

In the next second, the four of them seemed to be directly impacted by a powerful force! Fly upside down!

"You dare to attack the police!"

One of the middle-aged men roared, and a group of armed men swarmed into the entire hotel.

Tuan Tuan surrounded Ye Chen.

As long as Ye Chen dares to move, the hot weapon will inevitably erupt!

Anyone will become a hornet's nest.

All the hotel guests and waiters were obviously shocked.

For so many years, it is impossible for the Hong Kong Police Station to do anything here, but what is the situation now?

Are those boys and girls some heinous fugitives?

Wei Ying's face was a bit frosty, and she subconsciously grabbed Ye Chen's clothes.

"Ye Chen."

Ye Chen sneered again and again. If it were just these four people, he might really think he was accidentally involved in a certain case.

But this group of armed forces is enough to explain the problem.

Obviously, some people really want to move themselves, and they have eaten themselves!

It's just that the other party obviously doesn't know enough about his information.

Yes, although Xiangjiang is a special administrative region of China, it is naturally impossible to share internal systems and some information.

What's more, his identity has been encrypted. If you want to investigate some of his affairs, unless the authority is extremely high, it is impossible to find out.

If it was before, he might be enough to take out the status of major general.

But before he came to fight with those guys, he naturally would not use this thing to prove himself.

"Are you sure you want to stop me?" Ye Chen is full of extremely murderous intent, as long as he wants to, these people will die!

The middle-aged law enforcement officer came to Ye Chen and said very seriously: "You are not only a suspect in this murder case, but now you are attacking the police again. We have reason to arrest you. If you don't cooperate, we will take coercive measures against you. Measures, the consequences will be serious."

"Oh."

Ye Chen stepped out!

"Wh!", just as everyone was about to pull the trigger, a man in a neat suit came hurriedly~www.mtlnovel.com~Stop! "

Hearing this voice, the law enforcement officers were a little displeased, and glanced at a few people who came here.

When the middle-aged law enforcement officer saw the face of the man in the suit, his expression was almost frozen.

Lee Won Seung!

The son of Xiangjiang Li Jiacheng!

The power of the Li family has penetrated into all aspects of Xiangjiang, and the authority and power far exceed the Xiangjiang Police Station!

The middle-aged law enforcement officer hurriedly smiled and walked to the man in the suit: "Mr. Li, why are you here?"

"Hey! I remember, you also have shares in this hotel. I'm really sorry to disturb you. I will take the suspect away immediately!"

In his eyes, it was obvious that their actions had alarmed the Li family. After all, the Li family also had a share in this building.

But Li Yuancheng didn't pay attention to that person at all, and instead came to Ye Chen: "Mr. Ye, I'm really sorry, I'll take care of this matter."

After finishing speaking, before Ye Chen could react, Li Yuancheng looked at the law enforcement officer, his face suddenly cold, and even looked a little angry!

"Mr. Ye is one of the most important guests of my Li family. In any case, you can't move Mr. Ye. Also, no matter what happens, my Li family will bear all the consequences. When I came, I already called the highest police station. principal!"

"I will give you ten seconds to remove everyone. If it affects Mr. Ye's mood, you cannot be responsible for the consequences!"

Chapter 478: Mount Edo!

The middle-aged law enforcement officer headed by that was dumbfounded.

He has seen Li Yuancheng several times!

The other party was reticent, even if he faced the President of Country M last time, he didn't say a few words.

But now, Li Yuancheng actually said so much for that kid!

Every sentence is a naked threat!

Fuck!

He looked at Ye Chen and realized that something was wrong.

As far as he understood, the arrest of Ye Chen was meant by his superiors, but Li Yuancheng directly awarded the highest person in charge!

How the **** are you playing?

He found that the matter was a bit serious, so he no longer hesitated and said quickly: "Mr. Li, this matter is because I am not working properly. I will let everyone leave. As for the case involving Mr. Ye, I must study it carefully when I return. Friends at home, naturally it is impossible to do such a thing!"

I apologize to Mr. Ye for my carelessness. "

Then, he glanced at everyone, made a gesture, and in the blink of an eye, he dispersed completely.

The hotel returned to calm.

All this came quickly, and to everyone's surprise, it went quickly!

After all, the energy of Li Yuancheng and the Li family behind them is terrible!

The businessman in the hotel lobby glanced at Ye Chen and tried to write Ye Chen down.

After all, it is absolutely extraordinary for the Li family to wait on them carefully.

Ye Chen did not fluctuate from beginning to end, but he was a little surprised that the Li family would take action.

The person who moved the Xiangjiang Dark Hall last time was also the Li family.

Logically speaking, he and the Li family should be enemies. How come they have such an attitude toward him?

Li Yuancheng showed a friendly smile at the corner of his mouth, and stretched out his hand to Ye Chen: "Mr. Ye, before I can introduce myself, my name is Li Yuancheng. You were surprised when you first came to Xiangjiang. It is my fault."

He remembers what his father taught last night!

spare no effort to win Ye Chen!

At least Ye Chen was too important to their plan.

Li Yuancheng saw that Ye Chen didn't speak, he glanced at Wei Ying, and said: "Mr. Ye should be out, I just happened to be fine today, or I will let my driver send you off, he is very familiar with Xiangjiang."

"No need."

Ye Chen left only these three words, and then headed outside the hotel.

In his opinion, the Li family is not good, and there is absolutely a problem with such a good show.

Li Yuancheng knew that Ye Chen was arrogant as a strong man, so he asked: "Mr. Ye, are you going to Jiangdaoshan this time?"

"If Mr. Ye is going to Jiangdao Mountain, I can give you an opinion. The China Guardian roundtable will start tomorrow. Jiang Daoshan has already activated the mountain guard formation last night. Except for those Chinese Guardians, no one can enter now. This mountain. If Mr. Ye wants to go here, he may have to go for nothing, but my Li family has a way to take Mr. Ye up the mountain."

He thought that Ye Chen would definitely be interested when he heard Jiang Daoshan, but this time, he was obviously wrong.

Ye Chen stopped a taxi as if he hadn't heard what he said, and went straight in one direction.

Li Yuancheng's expression was a bit ugly. He knew very well that the direction of the taxi was Jiangdaoshan.

But the other party ignored him at all, and he even felt a sense of inexplicable frustration.

His identity and status, everyone must raise their heads to speak to him!

But Ye Chen didn't give him any chance at all!

Even in Ye Chen's eyes, he seemed to be no different from the air.

With a long sigh, he took out his cell phone and dialed his father's number.

"Dad, Ye Chen rejected me and went to Jiangdaoshan."

There was a pause on the other end of the phone, and he said: "You follow up and see, if Ye Chen has any needs, you can do it. As for the invitation, I don't need to mention it for now."

.....

Jiangdaoshan.

A taxi stopped slowly.

Ye Chen and Wei Ying got out of the car. When they were in the car, the uncle driver had reminded many times that this Jiangdao Mountain could only be seen nearby and emphasized many times that you should never go up the mountain!

Coming to the foot of Jiangdao Mountain, Ye Chen could feel countless air currents flowing toward Jiangdao Mountain on the ground.

Not only that, but the black stone movement in his pocket became more obvious.

There are heavy guards near Jiangdao Mountain, and there are tall walls blocking everything.

When Ye Chen appeared, a few unkind eyes shot over.

But when these people received a call, the unkind eyes disappeared.

"Let's go."

Ye Chen had already noticed Li Yuancheng not far behind him. Obviously, the Li family must get through these people.

He doesn't care about these things. The Li family does what they do, and he doesn't feel that he owes the Li family anything.

Ye Chen felt a suffocation as he got closer to Jiangdao Mountain.

Wei Ying's face beside her was very ugly.

"Ye Chen, I can't walk anymore, I feel a little uncomfortable."

"You rest on the spot, I'll go take a look."

Ye Chen took a few steps, and he clearly felt that every step had changed the magnetic field at the foot of the river.

Not only that, but when he reached the sixth step, a wall of gas was formed in front of him!

The air wall obstructs everything!

"It seems that this is the mountain protection formation of Jiangdao Mountain. The aura is a bit weird. I have never seen it in Kunlunxu or Huaxia."

Ye Chen murmured, then the Dragon Slashing Sword appeared in his palm.

True Qi surged, and a sword cut it down without hesitation!

"Bloodthirsty Slash!"

Under a sword, the formation is not only without the slightest ripple! A powerful wave of air strikes!

Ye Chen shook back three steps!

"Ancient Spirit Guardian Array!" Ye Chen almost exclaimed.

Because he clearly felt that the wave of air was Bloodthirsty Slash~www.mtlnovel.com~ and it was three times stronger!

If he hadn't taken a few layers of power to display, the consequences would be disastrous!

The key is Huaxia, why is there such a formation!

If he were in some secret realms or sects in Kunlun Xu, he would still understand, but in Huaxia Xiangjiang, it would be impossible!

At least no one is qualified to gather such a big array!

"good eyesight."

Just when Ye Chen was horrified, two old men appeared behind Ye Chen!

It is Bao Peimin and Wan Lao, another guardian of China that I met in the teahouse!

Wan Lao glanced at Ye Chen and snorted coldly: "Boy, looking at the entire Huaxia at this time, you can rank in the top ten. You think that a small sword intent can break through, it's just wishful thinking!"

Wan Lao saw Ye Chen, and he was upset. Ye Chen's behavior yesterday undoubtedly made him lose face in front of Bao Peimin! I even palmed my face!

Bao Peimin narrowed his eyes, came to Ye Chen's side, and said seriously: "This ancient spirit protection formation has existed for too long. As far as I know, he is not in Jiangdaoshan at all, but there is a powerful person who forced him from elsewhere. Moved over, if it's normal, you might want to climb this mountain, but now, it's not possible. The China Guardian Roundtable will start soon, and the ancient guardian array has been activated, let alone you, even anyone. The Guardian of China cannot be broken either."

"Ye Chen, you have been a little bit constrained in the past few days. As for that matter, I will try my best to stop Fang Zhenye."

Chapter 479: 0 graves! 9-day dragon!

Ye Chen glanced at the ancient spirit protection array, nodded towards Bao Peimin, and then curiously asked: "How do you get up?"

Bao Peimin just wanted to talk, Wan Lao beside him waved his sleeve and took out a jade medal.

Fingers flicked, and the jade card flashed with a light instantly.

The light enveloped Wan Lao's whole body, and the ancient guardian spirit formation generated a powerful force that instantly wrapped Wan Lao.

Wan Lao glanced at Ye Chen, and said coldly: "Boy, the ancient spirit protection array naturally has a key to enter, and the jade medal in my hand is a key. Only the guardians of China and some existences who have made outstanding contributions to China. You can have it. Without this jade medal, would you still want to step into it? It's impossible!"

"No matter how strong you are, you are not qualified! This is the biggest difference between you and Fang Zhenye."

"For the strong, you must have a sense of awe, otherwise blindly arrogant and defiant will only make you lose yourself."

The words fell, Wan Lao disappeared in front of Ye Chen.

Bao Peimin didn't want to talk nonsense with Ye Chen, and said lightly: "I know Fang Zhenye. This person will never give up unless he achieves his goal. You can't go up the mountain for these two days. It may be a good thing for you. If you get up the mountain by luck, it is the beginning of your nightmare.

At that time, you will face the nineteen guardians of China.

If you have to deal with the grievances between you and Fang Zhenye, let's take a few more days. This is my advice to you. Faithfulness is good for you. "

After explaining the last sentence, Bao Peimin, holding the jade card in his hand, also disappeared in the ancient spirit protection array.

After the two left, Ye Chen's eyes condensed, and he no longer hesitated, using his sword intent!

"The Qianlong Slashes the Sky!"

Ye Chen let out a roar, suddenly burst out, and the Dragon Slashing Sword turned into bursts of sword light.

The dragon chants resounded throughout the world!

At this moment, the sword intent is strong to the extreme, breaking everything!

"Boom!"

The place where the sword intent went, completely exploded, there was a soft moan, and the sword light shot up into the sky in an instant!

This sword swept out, almost to the extreme, like thunder breaking through the sky!

In an instant, the sky was full of sword aura and the chill was pressing!

The scorching wind is like an evil ghost crying, and it is intriguing!

"Boom!"

Potian Sword Intent smashed into the ancient spirit protection array!

There is finally a ripple in the formation this time! But there is no sign of cracking!

Not to mention splitting a road!

The powerful sword intent swept over again!

Ye Chen was prepared this time, and he quickly evacuated!

is to sacrifice his life charm to block it!

The sword intent offset, and Ye Chen's blood surged.

Ye Chen sighed and took the Dragon Slashing Sword back. He knew very well that even the second sword of Po Tian Sword Intent had the same effect.

might kill myself.

The Ancient Array, although it has been damaged a lot, it is not the separation state or the power of the true origin realm that can be broken at will.

Unless you get the jade medal of the Guardian of China!

Suddenly, Ye Chen thought of something, and his eyes fell on a Rolls Royce in the distance.

It was Li Yuancheng sitting in the Rolls Royce.

He remembered what Li Yuancheng said just now, does the Li family really have a way?

So Ye Chen and Wei Ying came to the Rolls-Royce, knocked on the window, and Li Yuancheng walked down quickly: "Mr. Ye, I..."

"Needless to say nonsense, I want to know how your Li family went to Jiangdaoshan and why."

Li Yuancheng heard Ye Chen directly mention the matter, and excitedly said: "Mr. Ye, do you know why Jiang Daoshan became the sacred mountain of Xiangjiang and the forbidden mountain?"

"Formation." Ye Chen spit out two words.

Li Yuancheng nodded fiercely: "Exactly! But, Mr. Ye, do you know what is the core of Jiang Daoshan?"

"What?" Ye Chen didn't know much about Jiang Daoshan, and shook his head.

Li Yuancheng was overjoyed and continued: "Mr. Ye, I can tell you, just because Jiang Daoshan has two swords! One is called the Soul Suppression Sword! The other is the Poyang Sword!"

These words were all confessed by the old man to him last night. At this moment, Li Yuancheng did not say a word.

He actually didn't understand, but since the old man asked him to say that, there must be his reasons.

"Soul Sword? Poyang Sword?"

Ye Chen's eyes showed a deep shock!

The four words that the old voice of the reincarnation cemetery said before disappearing are-calm the soul and break the sun!

Are these two swords the eyes of the ancient guardian array?

In other words, these two swords have a huge connection with the reincarnation cemetery and their own life experience?

Li Yuancheng could feel the excitement in Ye Chen's eyes, and said: "Mr. Ye, if you have time, you might as well go to Li's house with me. You will know everything when you see that thing!"

"it is good."

Ye Chen and Wei Ying got in the car. Twenty minutes later, the car drove into the Jinzun Coast of Xiangjiang River.

Even though Wei Ying guessed that the Li family was the richest Chinese family, she was still shocked by the luxury of the Li family!

is like a palace! Magnificent!

Wei Ying couldn't think of any adjectives at all!

Her breathing is a bit short, although she has come into contact with a lot of things during this time, she is ultimately an English teacher in a college.

The car drove into the internal garage, and then the three people got out of the car, led by the attendants, entered the Li's villa, and came to an elevator.

The elevator goes straight to the negative tenth floor!

When the elevator arrived, Ye Chen's expression was a little frozen!

Because he discovered that the magnificent Li Family Villa turned out to be a huge ancient building!

"Mr. Ye, my father is cultivating and it is not convenient to meet each other, so I can only take you there."

"But I hope Mr. Ye can keep this secret for my Li family. Our Li family has guarded this ancient building for a hundred years."

"This is the foundation of my Li family."

At this moment, Li Yuancheng felt a little helpless, he couldn't figure out why his father would let him bring Ye Chen to this place.

This is the secret of the Li family!

has not been shown to others!

Is his father really so optimistic about Ye Chen?

He only remembers ~www.mtlnovel.com~ leaving his father's room yesterday, his father only murmured: "This Ye Chen's identity is unusual, he deserves us to do this."

But besides the dark palace master and those things that happened in the interior, what kind of identity does this guy have to make his father so jealous?

Soon, Ye Chen and Li Yuancheng stopped.

Presented before Ye Chen at this moment is a huge mural!

The mural is five meters wide! Thirty meters long!

lifelike, surprisingly, it is carved by sword marks!

"Mr. Ye, this mural is the secret of Jiang Daoshan." Li Yuancheng said.

Ye Chen ignored it, his eyes fixed on one of the murals!

Because that one place depicts a hundred tombstones!

And above the hundred tombstones, there is a young man floating unexpectedly!

The young man sat cross-legged, surrounded by nine dragons!

One of them is the blood dragon in his body!

It's just that the blood dragon in the screen seems to be overwhelming! Soar into the sky!

Shock mortals!

Chapter 480: 1 battle is inevitable!

Looking at the mural in front of him, Ye Chen could feel the blood dragon in his body just about to move.

seems to rush out of the body at any time.

He tried to suppress, but the blood dragon in his body still exudes a violent breath.

five full minutes.

Li Yuancheng looked at Ye Chen several times, but couldn't figure out why Mr. Ye kept staring at that place.

The meaning of Nine Dragons is only a part of the whole mural.

Besides, it is not the most important.

"Mr. Ye?"

Li Yuancheng said softly, but Ye Chen still didn't respond.

"Ye..."

Li Yuancheng felt something was wrong, just about to stretch out his hand to remind Ye Chen, the next second, a violent dragon chant sounded!

Long Yin shocked the whole underground!

At the same time, a blood dragon phantom burst out of Ye Chen's body!

A powerful wave of air swept around!

Li Yuancheng's face changed drastically, looking at Ye Chen as if he had seen something frightening!

But he has no chance to dodge!

A wave of invisible murder envelops him!

The air wave ran into his internal organs wantonly!

He couldn't help it anymore and vomited a mouthful of blood!

His body even flew out like a broken kite!

And Wei Ying didn't suffer any harm. The moment the blood dragon rushed out, the ice covered her body, as if subconsciously protecting her!

Seeing Li Yuancheng was about to hit a wall, a figure surged!

It is Li Jiacheng, the head of the Li family!

Li Jiacheng shook his body, an invisible barrier stood in front of him, and Li Yuancheng smashed directly on the barrier!

Although it eased a bit, the strong force still made Li Jiacheng and Li Yuancheng back ten steps!

"Dad, why are you here."

Li Yuancheng exhaled and secretly thanked him.

Ghost knew how Ye Chen could suddenly be like this.

Li Jiacheng didn't say anything, staring at the blood dragon phantom above Ye Chen's head!

Serious and jealous.

Then his eyes fell on the young man who was on the mural, and muttered: "Is it true that I guessed it. The young man in this mural is Ye Chen? Although this blood dragon phantom is smaller than the mural, Many, but they overlap with one of the nine dragons..."

He is calm on the surface, but inside is a stormy sea!

If it is so!

The meaning behind this is too big!

This mural is at least a thousand years old! Thousands of years ago, someone expected Ye Chen's existence?

Ye Chen was already awake now, and the blood dragon above his head returned to his body.

He is completely certain that the young man in the mural is himself. The biggest doubt in his heart is why he appeared in the mural.

Although he knows the art of deduction, people of the ancients may not be able to do it for thousands of years!

life experience, grandpa, Xiangjiang, Jiangdaoshan, the ancient city of Lijia underground, these things are entwined together, as if forming a strange chess game.

is unbreakable, and it is impossible to see through it for a short time.

Ye Chen slowed down, his eyes fell on Li Yuancheng and Li Jiacheng.

He took out two pills and shot them out: "I couldn't control it just now. Taking these two pills will be of great benefit to your injuries."

The two took the pill, and they could naturally feel the rich fragrance contained in the pill.

"Mr. Ye, thanks!"

Stop hesitating and take it directly.

The pill spread out instantly, and the two people who were originally pale, their faces became a little bit ruddy.

They became more and more curious about Ye Chen.

This pill is stronger than Xiangjiang, and even any pill of China!

This is too important for the martial artist, and if Ye Chen gives it casually, it must mean that this pill is nothing to him!

Ye Chen turned around and continued to look at the mural, and said, "Where did this mural come from?"

Li Jiacheng came to Ye Chen's side and glanced at Li Yuancheng and Wei Ying: "Yuancheng, or take Miss Wei to pick a gift."

Li Yuancheng and Wei Ying understood something, and walked towards one place naturally.

Soon, there are only two people left here.

Li Jiacheng didn't talk nonsense, and said: "Mr. Ye, Xiangjiang belongs to the land of Nanban in Chinese history. The land of Nanban is even the ancient Chinese martial arts, or the birthplace of cultivation. According to my survey over the years, Kunlun Xu often The strong come to Hong Kong to handle affairs!

The Guardians of China also held many meetings in Jiangdaoshan. This place must be extraordinary. My ancestors of the Li family have long realized that this place is extraordinary.

So in a few hundred years, I took everyone from the mainland to root here.

One hundred years ago, my father accidentally discovered that this place is something special in Xiangjiang, so he used all his relationships and money to buy this place and protect it!

Until later, we built garden villas on it during the day to hide our eyes, and at night we slowly dug out this underground city. "

"The more we understand this underground city, our Li family will become stronger and stronger, and even borrowed this secret to let my eldest son embark on a journey of cultivation. The eldest son was also taken away by Kunlun Xu's strong sect, which established the status of my Li family. "

Li Jiacheng knew very well that the blood dragon in Ye Chen was destined to not be an ancient martial artist, but a cultivator!

must also know the existence of Kunlun Xu!

Ye Chen outlines an arc at the corner of his mouth, looking at the old man in front of him interestingly.

He didn't know how many times this old man had seen it in the news. He thought he was a top businessman from China, but now it seems that he looked down on him far.

"For your Li family, I am an outsider, and you don't even know me~www.mtlnovel.com~ Why did you tell me this secret? You should be clear, if I spread today's events, your Li family's The background is bound to collapse."

Li Jiacheng smiled heartily: "Mr. Ye, I, Li Jiacheng, have learned a lot in business, and I have a firm belief that luck and courage are the most important beings."

"If Mr. Ye is really like this, then my Li family will be destroyed, and I will recognize it."

"But now it seems that Mr. Ye is more interested in this mural than our Li family."

Ye Chen wanted to say something. Li Jiacheng came to the other side, pointed to one of the murals, and said seriously: "Mr. Ye, I was not sure that Mr. Ye had a connection with this mural, but the blood dragon proved it. This matter. Also, Mr. Ye, please look here. This picture makes me sure that tomorrow, Mr. Ye will definitely step into Jiangdaoshan!"

Ye Chen was startled, following the direction of Li Jiacheng's finger, he saw another picture.

In the picture, a young man is holding a long sword, while ten old men are standing opposite him.

Although the picture is static, the ten elders have a strong aura, and their eyes are strong and proud.

But the young man was injured, his breath was weak, but a cruel smile appeared at the corner of his mouth, as if he had a chance to win.

Ye Chen knows very well that this painting is a picture of Jiangdaoshan tomorrow.

And the ten old men must be the guardians of China.

A battle is inevitable.
