

URBAN MEDICAL GOD

Chapter 5: Hey, do I have to take action?

Sun Yi poked Ye Chen with her elbow, and whispered: "What are your nerves, you are still young, don't take your own life."

"The Chen family is scarier than you think! Let's do this, you will pretend to go to the bathroom later, and then try to run out, the farther the better."

Then, Sun Yi took out a bank card and car key from her bag and handed it to Ye Chen from below.

She looked around with beautiful eyes and whispered: "You keep this card. There are three hundred thousand in it. The code is 6 1. This is all my savings over the years, and this car key. Can drive and run, the more biased the better, remember, don't look back..."

Ye Chen was stunned. He didn't expect that this girl would still consider others at this time.

"What about you?" Ye Chen turned around, staring at Sun Yi tightly.

"What do you care about me, I'm a girl, they can kill me, but you can't do it, you go quickly, it's too late to go..."

Just then, a majestic voice rang out!

"Today, no one wants to step out of this banquet hall for half a step!"

Chen Zhengguo is here!

The door of the banquet hall was pushed open, and a dozen bodyguards in black suits stood in two rows!

The eyes of these people are cold, full of killing intent!

Very strong!

Soon, a middle-aged man with a Chinese character face came in, his face was full of majesty and anger!

He is the head of the Jiangcheng Chen family!

Chen Zhengguo followed an old man behind him. The old man hunched his back, his feet were light, his eyes scanned the audience.

Ye Chen naturally also noticed the old man, slightly surprised, because the other party was actually a cultivator!

To be precise, it is not a cultivator. There is no dantian in the opponent's body, only some special air currents. According to the old man, this should be the ancient warrior hidden in China.

"Interesting, Jiangcheng actually has this kind of master." Ye Chen's mouth outlines an arc.

Sun Yi saw that Chen Zhengguo was coming, and he shook his heart, muttering: "It's over, it's all over this time."

She had already thought of the next situation of the two of them. She glanced at Ye Cheng beside her, and she almost exploded!

This guy is still eating food!

It's this time, it's still reborn like a starving ghost!

Have you never eaten in your life?

"Ye Cheng, what are you doing! Chen Zhengguo is here, why are you still thinking about eating!"

Sun Yi is almost crying!

Ye Chen quickly clipped a piece of spare ribs to Sun Yi: "This spare ribs tastes so good, you can taste it, I really didn't lie to you..."

Sun Yi: "....."

Qian Yong: "....."

Owner of the banquet hall: "..."

When Chen Feng saw his father appear, he rushed over and cried to Chen Zhengguo with tears and nose, "Dad, this is the guy. He just threatened to kill me and destroy my Chen family! You arranged for me. The two security guards were beaten to the ground by him... By the way, he slapped me and even told you to kneel... Dad, you must be the master for me!"

Chen Zhengguo glanced at his son, and found that his entire face was swollen. Now, his face was completely blue.

In this banquet, although there are no top figures in Jiangcheng, the participants are all Jiangcheng's famous entrepreneurs. If things spread out, his Chen family will not become Jiangcheng's biggest joke!

He suppressed the anger in his heart, looked at everyone, and said in an undoubted tone: "Do it, stand up by yourself, kneel down and kowtow, my Chen family will consider giving you a whole body."

This is the attitude of the Chen family!

Everyone's eyes fell on Ye Chen's body, thinking that the kid would be trembling in shock.

But I didn't expect that Ye Chen, who was the party involved, was still eating!

Yes! That's right! Still eating!

"Fuck, where did the starving ghost come from! Patriarch Chen didn't pay attention to it?"

"This isn't a neuropathy hospital, right?"

"You said, would this guy feel like he is dying and have a good meal at last?"

"Probably."

Everyone looked at Ye Chen with sympathy.

Chen Zhengguo glanced at Ye Chen's direction, snorted coldly, and said to the bodyguards beside him: "Bring that kid here!"

"Yes!"

More than a dozen bodyguards rushed up instantly, without any words, they cut them down with a hand knife!

Sun Yi also felt the gust of wind in his ear, and quickly reminded Ye Chen: "Be careful!"

Just when the hand knife was about to fall, Ye Chen finally put down his chopsticks, slightly on the side of his body, and directly grabbed the hand!

"You guys are far from qualified."

His cold voice seemed to have some magical power, resounding throughout the banquet hall.

The bodyguard who was caught by his hand lost his senses for a moment, then woke up again, drew a dagger from his waist, and walked directly towards Ye Chen! At the same time, he said to the others: "The idea is a little bit tied, let's get it together!"

In an instant, seven or eight fists slammed at Ye Chen!

Life and death are only in one thought!

"Hey, do I have to do it?"

Ye Chen shook his head helplessly, then his arm shook! Released the bodyguard's hand, and saw a faint air current spreading in all directions!

Then with a "boom!" The bodyguard's body directly hit the surrounding companions!

In just a few seconds, more than a dozen bodyguards lay on the ground in all directions! Lost combat capability!

At this moment, the whole world is silent.

Because of this kind of battle, the visual impact is too strong!

A thin young man! And it's still facing a dozen people!

only made one move!

In a few seconds, all fall down?

Nima, are these bodyguards dolls?

Sun Yi is completely stunned! Her breathing is rapid, and her chest is constantly up and down, and the waves are magnificent.

She stared at Ye Chen next to her with wide-eyed eyes, completely speechless.

Didn't this guy come from the country to sell prescriptions to cheat money? These years, these doctors in the countryside are so fierce?

"Ye Cheng...you..."

Ye Chen cast a trusting look at Sun Yi, and said, "You said that I would block the wine. So-from today, no one dares to let you have a drink! No one!"

After finishing speaking, he turned around abruptly, his cold eyes shot directly at Chen Zhengguo!

Five years ago, he was a waste of the Ye family! Surprise!

Five years later, he Ye Chen is back! He came back with a cultivating base of weeping ghosts and gods!

Chen Zhengguo was also frightened by the cold eyes, and stepped back a few steps, but the old man behind him supported him.

He always felt that this young man was familiar, but he couldn't tell.

"Old Ming, is this guy..."

Lao Ming nodded, and said in an old voice: "You guessed it, this person should be the same as me, but depending on the other person's age, it shouldn't be long before, so it's not to be afraid."

When Chen Zhengguo heard the news, he couldn't help but sighed and respectfully said: "If this is the case, then Lao Ming will take action."

To the outside world, Ming Lao is just the steward of the Chen family, but only Chen Zhengguo knows that Ming Lao's position in the Chen family is only that of the old man who practiced in Wuyi Mountain!

More importantly, Ming Lao is the legendary ancient warrior! Powerful!

He once saw Ming Lao use only one finger to cut a crack in the ground!

Horror!

In the past few years, the Chen family's position in Jiangcheng has skyrocketed, and the biggest reason is because Ming Lao!
