

Urban Medical 501

Chapter 501: owe!

Ye Chen is so against the sky, naturally there is great power behind it!

The key is he can't think of this level of power!

Before he could react, Chen Tianli pointed it out, and a ray of light shot into Fang Zhenye's mind.
m.

At this moment, his head seemed to burst open!

is so hard to suffer!

This kind of pain is like abruptly pulling his memory away!

"Let me go... please let me go, I will say anything!"

Fang Zhenye can only beg for mercy!

But Chen Tianli didn't pay any attention to what he wanted to do, no one wanted to stop him!

Besides, his time is running out. If you can help Ye Chen more, you can help more!

At this moment, Chen Tianli's fingertips flashed with a blue light, and then with a move of his finger, this light shot into Ye Chen's eyebrows!

Ye Chen instantly felt a picture flashing in his mind!

In the screen, there is Lin Juelong who is seriously injured and dying! There is also Ye Tianzheng, a steadfast father who paces back and forth!

Father is locked in a stone chamber in Jiangdaoshan!

Fang Zhenye was tortured several times to extract a confession, but was broken by a strong force!

Instead, Fang Zhenye suffered a lot of injuries.

Just like, anyone who wants to kill his father will be ruthlessly obstructed by a force!

The last picture of his father is that Fang Zhenye brought a few powerful old men in black robes.

All these old people have a simple red door tattooed on their necks!

Blood alliance!

"The power in Ye Tianzheng's body, I can't crack it with all magic methods, and can only be handled by the blood alliance. According to some information I investigated, the family behind this person guards a treasure and a secret forever."

"In ancient times, Kunlun Xu had a Ye family. I don't know whether the Ye family of Huaxia River City is related to that Kunlun Xu Ye family, but judging from the power that erupts in this person, it will definitely not be an ordinary person of Huaxia. ."

"Although this person has no cultivation base, he has many doubts on his body. I have to ask people from the blood alliance to use magic techniques to find them."

These are the last words in Fang Zhenye's memory.

The words fell, the few strong blood alliance nodded and took away his father.

Obviously, Fang Zhenye found that he couldn't eat this secret at all, so he could only let the blood alliance handle it.

But Lin Juelong was taken away by another person because of his injuries.

I don't know the life or death.

Ye Chen felt a little lost, he was still a few steps late.

If you set foot on Jiangdao Mountain a few days earlier, you might be able to find a way to rescue your father.

He glanced at Fang Zhenye, who was convulsing all over, snorted coldly and slashed with a sword!

Fang Zhenye's head was cut off on the spot!

If there is no value, it is better to kill!

Chen Tianli glanced at Ye Chen, and said lightly: "You don't have to be depressed. According to memory, your father is in no danger."

"Also, your father must have gone to Kunlun Xu, as long as he finds the blood alliance, he can find your father."

"Kunlun Xu, you can't escape, there is your real battlefield."

"Even for me, you must go."

"The hope of our hundred people requires you to go to Kunlun to take the first step."

Ye Chen suddenly reacted, and his eyes shrunk: "Master, I heard several of you have mentioned a sentence, saying that I carry your hopes, and that I am the person who turned over. What does this mean?"

"Also, since you are in the reincarnation cemetery, you should know my life experience."

Chen Tianli shook his head: "There are some things, even if I know it, I don't necessarily know how to say it. Besides, I really don't know your background."

"Tiandao Mountain, you can't come in vain, you have the Soul Resurrection Sword in your hand, you should go get another thing."

Ye Chen was startled, curiously asked: "What is it?"

Chen Tianli stared in one direction: "Has anyone mentioned a treasure to you in the Cemetery of Reincarnation? Calm the soul and break the sun!"

"The Soul Relief Poyang seems to be two swords. You have the Soul Rejuvenation Sword in your hand. There is also a Poyang Sword. These two swords seem to be powerful, but more importantly, there is a stone under the two swords. ~www.mtlnovel.com~ This stone is called the Stone of Rejuvenating Soul and Poyang."

"Once the reincarnation cemetery absorbs this stone, it will be good for you and me."

"Originally, I planned to take you to the Xiangjiang River after returning from Kunlun Xu to find this stone. Now it seems that I have already introduced you to this place."

"You come with me!"

Chen Tianli walked in one direction, with his hands behind him, seemingly slow, but each step was filled with charm.

Ye Chen naturally followed, and he could feel the extremely strong vibration of the reincarnation cemetery!

As if about to rush out of the body.

The Soul Suppression Sword in his hand is also constantly overflowing with aura.

Bao Peimin and the other guardians of China changed their expressions slightly when they saw the direction they were going.

"They are going to the forbidden area of Jiangdaoshan?"

"Nonsense! Only the forbidden land of Jiangdaoshan can be of interest to this power."

"Oh, it seems that Jiang Daoshan is no longer there. If those things are taken away, Jiang Daoshan's formation and aura will disappear! This is obviously plunder!" An old man sighed.

Wan Lao glanced at the other party and said coldly: "You are going to stop it, look at China, who can stop this kind of power? You have also seen it, he kills us only between the breath, and it can lift the clouds and drive the fog, Yujian Fei Xian, this kind of existence, let alone take that thing, even if you take Huaxia's dragon veins, no one dares to say anything."

"What's more, this time, it is our Guardian of China that owes Ye Chen, so we should compensate him. As for Jiangdaoshan, don't worry."

Everyone can only accept this.

.....

Chapter 502: Kunlun Xulairen!

...

At the same time, China Capital, the dark palace.

Jiang Rong has no idea how many days he has stayed here, the key is that there is no news about Chen'er and Tianzheng.

There is always an unknown premonition in her heart.

They won't have an accident, right?

Jiang Rong exhaled a sulky breath. After so many days, she has made rapid progress and has reached the aerodynamic level!

This talent is placed in Kunlun Xu, which can also be said to be an act against the sky.

She opened the door of the practice room and dialed Ye Chen's phone again, but no one answered.

"Is there anything I can help?" Ye Lingtian walked over and said respectfully.

In his eyes, Jiang Rong must be careful.

Otherwise, the lord will definitely go crazy.

"Ye Lingtian, I want to ask, where did Chen'er go? Before he left, he said he was going to pick up his father, but it can't be so long, right? Tell me the truth, have things changed?"

Ye Lingtian shook his head quickly: "I really don't know where the hall master has gone. Maybe something has been delayed. If you wait a few days, the hall master may return."

Jiang Rong knew that he couldn't get any useful news from the other party, so she walked outside: "I want to go for a walk."

"The lord of the palace has explained that you can't go out before he comes back, but I want to guarantee your safety..."

Ye Lingtian's voice even contained a bit of pleading!

Jiang Rong frowned: "If you don't worry, just follow me. I've stayed here for too long, and I need to go outside to blow my hair."

Ye Lingtian wanted to say something, but when the words reached his lips, he swallowed abruptly.

Jiang Rong went directly to the outside of the dark hall, and even dialed Jiang Jianfeng's phone.

"Old place, meet, I have something to ask you."

In Jiang Rong's eyes, only Jiang Jianfeng can give him the exact news right now.

After half an hour, a teahouse.

Jiang Rong saw Jiang Jianfeng.

Without even tea, Jiang Rong said directly: "Second brother, you can tell me where is Chen'er and Tianzheng?"

Jiang Jianfeng glanced at Jiang Rong, his eyes shrunk slightly: "Peirong, you are actually in aerodynamic state? How many days are it so fast!"

Stormy waves were set off in his heart. Although he knew that Jiang Rong had a strong talent for cultivation since he was a child, he did not expect that Jiang Rong had missed the best time for cultivation and it was so terrifying!

Is this family all evildoers?

Why didn't this kind of heaven-defying talent pass on to me?

"These are not important, I just want to know my husband and children."

Jiang Jianfeng slowed down, thinking for a few seconds, and still said: "Peirong, as far as I know, Ye Chen went to Xiangjiang, Xiangjiang guardian Fang Zhenye took his brother-in-law, Ye Chen should go to avenge."

"It's just that this hatred is more and more fierce. I have sent people to keep an eye on the situation in Xiangjiang. Logically speaking, there should be results today, but there has been no reply."

Jiang Rong suddenly shrank to the extreme when he heard the Guardian of China!

What kind of cultivation is the Guardian of China, she knows very well, now Ye Chen actually went to the Guardian of China to settle the accounts in order to rescue Ye Tianzheng?

This is crazy!

She finally understood why Ye Chen didn't tell the truth to her, because she said that she would never agree with him to go!

"You arrange a plane to Xiangjiang for me, immediately! Right away!"

Jiang Jianfeng didn't plan to leave. Instead, he said: "Pei Rong, I hope you are sober, Ye Chen is looking for death, you will only add chaos, the Guardian of China is standing at the peak of the Chinese martial arts world, who dares to provoke, who Dare to touch!"

"I will definitely not agree with you to go to Xiangjiang. Not only that, but I also have a very important thing to tell you."

Jiang Rong's eyes condensed, and she said: "What's the matter!"

Jiang Jianfeng carefully glanced around and saw that there was no one nearby, and he whispered softly: "I just received the news that my eldest brother is coming back. Not only that, the annual sect selection will also begin. With your cultivation and talents, You will definitely be selected, and you will definitely become the top powerhouse of Kunlun Xu. Only then will you be able to protect Ye Chen and your husband Ye Tianzheng!"

Jiang Rong has no interest in any sect selection!

But when he came back to the eldest brother, his eyes were full of excitement!

Big brother used to be the one who loved her the most. Don't know how many years, now he's finally back!

Can she not get excited?

I heard that the strong people who came out of Kunlun Xu are extremely scary!

But when she thought of where her children and husband were unknown, she shook her head again: "I am no longer the Jiang family~www.mtlnovel.com~ Now everything has nothing to do with me, only Chener and Tianzheng."

Hearing these words, Jiang Jianfeng quickly took out a letter and handed it to Jiang Rong: "Pei Rong, this is an apology letter from the old man. In fact, the old man has realized his mistake. He has been immersed in it for the past few nights. Regret and self-blame!"

"Perhaps it is too late to change, and there is even a feeling of grass in your eyes, but I can feel the regret of the old man. He said, anyway, you, Ye Tianzheng, or Ye Chen, at any time You can step into Jiang's house!"

"If someone dares to move you, the Jiang family will stand up without hesitation. This is his attitude."

Jiang Rong's eyes were a little moved, after all, blood is thicker than water, no matter what, the blood of the Jiang family is flowing on her body.

Of course, all of this benefits from Ye Chen. Without Ye Chen, the old man would not have been able to change like this.

"Forget it, I will discuss this matter with Chen'er."

Jiang Rong pushed the letter back.

Jiang Jianfeng's eyes shrank, and just about to say something, a burly middle-aged man walked in!

The middle-aged man has an extremely strong aura flowing on his body, and he is extremely powerful!

"Peirong! Jianfeng!"

Hearing this sound, Jiang Rong and Jiang Jianfeng looked at the burly man fiercely!

The next second, the two of them froze!

Jiang Wentian, who stepped into Kunlun Xu, is back!

"Big Brother!"

The two said in the same voice, and stood up.

There is surprise in the eyes, and even more shock!

Who would have thought of meeting in such a teahouse!

Chapter 503: I want to go to Kunlun Xu!

Jiang Jianfeng even gave a bear hug to the opponent!

Jiang Wentian smiled heartily: "You don't have to stand, just sit. This teahouse has been open for decades. I came to China to see if it is still there, but I didn't expect you It was here! What a surprise. Apex X23US"

"By the way, what's your father's health? I'm in a hurry this time and haven't gone to Jiang's house yet." Jiang Wentian said curiously.

"Big brother, please rest assured, father has no health problems, or I will take you back to Jiang's house now!"

Jiang Wentian waved his hand, and then his eyes fell on Jiang Jianfeng's body: "Jianfeng, you are very good, your cultivation has grown to this point."

Then looking at Jiang Rong, her eyes suddenly shrunk: "Hey, Pei Rong, have you actually stepped into the way of cultivation? Pneumatic state? With your talent, pneumatic state, a bit slow, it seems that you missed the best time to practice. It is estimated that it will only take about a year of cultivation, which is understandable.

Jiang Jianfeng almost spit out a mouthful of old blood, weak and weak: "Big brother, as far as I know, Pei Rong's training time has not even reached for half a month..."

"what!"

The calm and relaxed Jiang Wentian's expression seemed to freeze, like hell!

If you step into the aerodynamic state in more than ten days, then Kunlun Xu would be considered a monster!

The key to his sister's talent is indeed against the sky!

Jiang Jianfeng thought of something, and said lightly: "Brother, this is not the most surprised, the real horror is Pei Rong's child..."

Jiang Wentian frowned, "Peirong's child? If I remember correctly, Fangen should be tested."

People with roots, it is impossible for them to achieve anything in their cultivation!

This is an ironclad fact!

Jiang Rong didn't speak, but Jiang Jianfeng couldn't help it, and said in a very proud tone: "Big brother, this is the man of ordinary roots, who has upset the Chinese martial arts world! It is this man of ordinary roots who aspires The first person in China! It is this ordinary root person who destroyed the Lin Family and killed the Guardian of China casually!"

When these words came out, Jiang Wentian was stunned!

The brain is blank?

Lin family, he knows! He also knows the Guardian of China! Easy to kill? A Fangen?

What a joke.

Jiang Jianfeng knew that his eldest brother didn't believe it, so he said all the things that happened during this period!

Jiang Wentian is more and more frightened! If he didn't understand his brother, others would definitely treat him as a lunatic!

After half an hour, Jiang Wentian fell into silence, then looked at Jiang Rong, and said excitedly: "Good! Good! Good! Pei Rong, you have given birth to a good son, but I have some interest in this nephew this time. Ye Chen and Pei Rong, you are absolutely qualified to enter Kunlun Xu!"

"Once you enter Kunlun Xu, your strength will inevitably rise!"

Jiang Rong refused: "Brother, I am not interested in cultivation, I just want to be happily with Chen'er and the Tianzheng family."

Just then, Jiang Jianfeng's cell phone rang, he glanced at the caller ID, and excitedly said: "There is news from Xiangjiang."

then took the call, but when he heard the news from the phone, Jiang Jianfeng's expression changed.

is ugly, even with a deep shock.

Finally, the phone fell to the ground.

"What's wrong with Xiangjiang?" Jiang Rong's heart seemed to hang.

"An accident happened to the Guardians of China, and ten Guardians of China are dead! Ye Chen... seems to have won."

"Where is that day?"

"Ye Tianzheng's whereabouts is unknown, but someone seems to have seen Ye Tianzheng embarking on a plane from Xiangjiang to Kunlun. The authenticity is still uncertain..."

Jiang Rong's expression changed like a roller coaster. Then, what she thought of, she asked Jiang, "Big Brother, Pei Rong, please one thing. Your powerful means will definitely find out about Tianzheng."

Jiang Wentian glanced at Jiang Rong, and finally nodded: "Brother-in-law should have gone to Kunlun Mountain, and most likely Kunlunxu. I happen to know a Kunlunxu gatekeeper. I'll help you find out."

Five minutes later, Jiang Wentian's cell phone rang, and a picture came from it.

is the scene where Ye Tianzheng and a few strong blood alliances step into Kunlun Xu.

"It seems that things are a bit tricky. The Blood Alliance took Ye Tianzheng away, but why does the Blood Alliance take away an ordinary person without the power to bind a chicken? It's strange."

Hearing these words, Jiang Rong's eyes flashed with anger and determination!

She knows the blood alliance!

The ghost prison involves blood alliances! Even if there is a blood alliance behind the Lin family!

is now the Guardian of China again!

It seems that this blood alliance is really lingering!

Even if the Ye family has any secrets~www.mtlnovel.com~, there is no need to transport your husband as cargo!

Jiang Rong even showed a strong murderous intent. Suddenly, she raised her head and stared at Jiang Wentian firmly: "Brother, take me to see the sect behind you, I want to go to Kunlun Xu!"

.....

Xiangjiang, Jiangdaoshan.

Ye Chen and Chen Tianli came to a remote place in Jiangdao Mountain.

Ye Chen can feel that this place is the entire Jiangdao Mountain Front!

His blood is boiling!

Not only that, but the Soul Sword also broke free of his palm, floating in the air.

"Disciple, there is one thing you may not know. Your talents and spiritual roots are different from ordinary people. In China and even Kunlun, the virtual test will have the same result. That is the root or the broken root, but in fact it is completely different. On the contrary, your talent is extremely rare to some extent!"

"And, the weirdest thing is that it seems that something is sealed in your body. This thing should be done by some means of breaking through the heavens when you were very young."

"I have a guess in my mind, but it is not convenient to say at the moment."

The words fell, Chen Tianli pinched his fingers, and an extremely strong breath burst out of him!

The power of horror hovered around him!

"Open!"

With a roar, the whole Jiangdaoshan seemed to shake!

Then an ancient sacred gate rose up!

At the gate of the gods, the soul calming sword seemed to be guided by some kind of guidance and flew directly in!

Chapter 504: The third sword, the sword cut 8 wastes

At the same time, Ye Chen also felt an extremely terrifying suction, pulling wildly!

His body also stepped into the gate of God in an instant and disappeared.

Chen Tianli narrowed his eyes and murmured: "Apprentice, success or failure depends on this. This place is unavoidable by fate."

"The speed of your breakthrough now is against the sky for ordinary people, but it is far from enough. Only by making you strong can you be qualified to touch the secrets of the reincarnation cemetery. Don't blame it as a teacher."

After speaking, Chen Tianli stepped in.

After Ye Chen stepped into the gate of the formation, he thought he would walk on the ground, but was shocked to find that he seemed to have fallen into a deep pool!

An icy feeling is coming!

"What is this place?"

Ye Chen condenses a water magic talisman to wrap his whole body!

At the same time, the line of sight looked in all directions.

This is a lake about 100 meters away. The strange thing is that the lake seems to be under the Jiangdao Mountain!

There are no rivers around Jiangdao Mountain, let alone such a high position!

The water is still moving, but the direction of the flow is still countercurrent!

"Boom!"

Soul Soul Sword sank directly into the lake and exploded in an instant, stirring up waves in the sky.

The entire lake seemed to shake, and the huge waves rolled.

Wow...

And in the midst of the huge waves, suddenly, a huge figure burst out from the bottom of the water.

is tens of feet long, black all over, exuding an icy breath.

This is an incredible python!

An extremely terrifying aura is surging on the key python!

Those cold eyes stared at Ye Chen, as if they were human eyes!

"Fuck! Have you cultivated well?"

Ye Chen was completely stunned!

rumbling!

The black giant python seemed to be provoked and was extremely angry. After rushing out of the water, his huge body smashed directly towards Ye Chen!

Not only that, there is a flame flowing all over the python!

Flame in the water?

Huhu...

The huge body dances, rolling up the boundless wind, as if the mountain is pressing on the top!

Watching the giant python swept over, Ye Chen slammed back while shouting: "Soul Sword, bring it to me!"

"Whoo!", the Soul Suppression Sword flew directly to Ye Chen's palm!

Ye Chen did not hesitate even more, slashing with a sword!

Soul Town Sword carried an icy cold light, and the entire underground lake seemed to be illuminated, but this sword drained 30% of the true energy in Ye Chen's body!

Wow...

Ye Chen's aura rose sharply, his sword intent was overwhelming, extremely violent, and he resisted the swept giant python!

boom.....

The dull crash sound, resembling thunder.

The blood surges up.

Ye Chen's body was directly knocked into the air!

But this giant python did not react at all!

The scales on its surface are like a piece of armor!

At this moment, Chen Tianli stepped on a sword and hovered not far from Ye Chen: "Tui'er, this python is not an ordinary python. It is called a black explosive python. It is as solid as a rock. If your sword can split it, as a teacher, can teach you superior sword skills. If you can't split it, it means you are not qualified to learn those things. This is a test for you."

"One more thing to remind you, this black mad python, your sword intent may not be able to break through the first two swords, so I can do it for myself."

Before Chen Tianli finished speaking, the black explosive maniac rushed towards Ye Chen frantically!

Ye Chen frowned, and couldn't break the two swords before breaking the sky?

how is this possible!

Ye Chen does not believe in evil, condenses his true energy, and directly raises the sword in his hand!

The whole body is full of momentum!

The roar sounded vigorously, and a powerful momentum rose to the sky.

The wind swept through, the sun and the moon faded.

This momentum is extremely terrifying!

Even the moment of eruption is suffocating.

Under this murderous aura, it seemed to feel the solidification of the heavens and the earth, as if turning into Shura hell.

Then, Ye Chen slashed with a sword without hesitation!

"The first sword in the sky-breaking sword intent, Qianlong cuts the sky!"

"Boom!"

The powerful sword aura is as long as a hundred meters, and the lake will be split in half by Ye Chen!

finally slashed on the body of the black mad python!

I thought it would turn into a blood mist, but I never expected that such a sword intent would only leave a shallow scar on the surface of this animal!

There is not much blood!

Are the scales of this black explosive python made by the mysterious iron outside the territory?

Before Ye Chen could react, there was a roar, and the black mad python rushed towards Ye Chen frantically!

The speed is not the same as its huge body, too fast!

Soon Ye Chen couldn't react at all!

"Boom!"

Ye Chen's body was knocked into flight on the spot! Spit out a mouthful of blushing blood!

Shocking!

Chen Tianli looked at it interestingly: "This black explosive maniac cannot be underestimated. It is far beyond the real elementary realm powerhouse. If you don't take it seriously, you might become food for this black maniac python. ."

"Of course, this thing is the best thing for swordsmanship, it depends on how you control it."

Ye Chen stabilized his figure, concentrated his true energy, stepped on the surface of the water, his expression was extremely serious!

But soon, the black mad python is here again!

Scroll the wind and the lake! Hundred feet of waves are terrifying!

Ye Chen had seen the opponent's greatness, and with Chen Tianli's reminder, he didn't dare to take it lightly and cut it with a sword!

With this sword swept out, the sword curtain became one piece.

Endless sword light, turned into rain, criss-crossed, like a net of heaven and earth, sweeping towards the black mad python.

Looking at the endless blue sword light, sweeping like a net of heaven and earth, the black mad python roared loudly.

Ye Chen's murderous intention ~www.mtlnovel.com~ is obvious!

But how can the black mad python be willing to catch it?

bursts of flame burst out all over the body, like a dragon and snake, tearing towards the sky and the earth.

Ding Ding Ding!

It was just a moment, and the harsh roar continued to explode.

Two forces, in the wound of this lake, constantly collide, rub, and make piercing roars. A strong resistance came, abruptly blocking Ye Chen Yijian's castration!

"kill!"

With a roar, Ye Chen frantically mobilized the energy in his body.

Sword intent slashed crazily, sparks bursting!

But it is useless at all!

That black explosive python is like a steel body!

"It seems that you can only use the third sword of the Potian Sword Intent! Now that the true energy in the body is still sufficient, it should be barely able to be used!"

rush rush...

Under Ye Chen's urging, the true energy remaining in his body was like a torrent.

The blood dragon in his body rushed out of his body madly!

Not only that, but the life charm is also directly sacrificed!

Ye Chen is extremely powerful at this moment!

His mind seemed to haunt the words of the Slaughter Master.

"The third sword, the sword cuts the eight wastes! This sword is the essence of the sword intent to break the sky, and it is also the most difficult move to practice. This move is cultivated to great success, under one sword, it merges the profound meaning of heaven and earth, contains thousands of changes, and it is always disadvantageous. , There is no firmness and no break! The eight wastes are shattered!"

He closed his eyes and held the sword in his hand tightly.

boom...

Finally, the power in the deepest part of the body seemed to explode.

Chapter 505: Waited for 0 years!

With a roar, Ye Chen's body was like the beginning of the universe!

The endless vitality of his whole body gathered into the sword in his hand, and his sword was like a long awakened dragon, bursting out in a roaring sound!

Hum...

Only for a moment, with the injection of this energy, the Soul Suppression Sword in Ye Chen's hand suddenly shook.

The light suddenly bloomed, like a scorching sun.

Wow...

A burst of sword energy condenses into essence.

Internal Qi is released outside, the essence of Jian Qi!

"how is this possible....."

Seeing Ye Chen explode with such an astonishing aura, feeling the terrifying murderous intent emanating from Ye Chen at this moment, Chen Tianli watching the battle, his eyes widened!

He just wanted to use this beast to try Ye Chen's swordsmanship.

But I didn't expect Ye Chen to actually offer the third sword of Potian Sword Intent!

The momentum and power that Ye Chen burst out this time was earth-shattering.

In this terrifying breath, the black explosive maniac only felt suffocated.

The huge crisis, like a sea wave, instantly swallows the black explosive python!

"The sword cuts the eight wastes!"

The words fell, Ye Chen's sword turned into a hundred swords!

The long sword coiled around him!

The ferocious blood turns into a blood dragon, and the shining dragon shines on the world.

At this moment, Ye Chen trembled, feeling a prestige shrouded in his heart, which was difficult to erase.

"Split me!"

accompanied by a roar, gathered a hundred swords, galloped away.

clang clang clang! !

Hundreds of swords gathered into a torrent and crashed into the black explosive python!

The black mad python and the sword stream blasted against each other, bursting out a lot of mysterious ripples, the water surface cracked directly, and the black mad python's body as solid as a rock cracked directly!

Its eyes are full of unwillingness!

Blood bursts!

The entire lake was instantly bloody, completely red!

"Fuck!"

Ye Chen was completely shocked by the sight in front of him!

This **** is too scary!

Is this the power of Jian Zhan Bahuang?

Chen Tianli's body fell and hovered above the water.

He nodded in satisfaction: "As expected, he is the one chosen by the reincarnation cemetery. It's really good."

"The meat of the black explosive maniac is a great tonic for cultivators, even in Kunlun Xu, it is valuable and marketless. Once you take it, yours will be the same. Normal swords and strength want to break. It's hard to open."

"It's in the freshest state now, eat as much as you can, and throw it into the reincarnation cemetery if you can't finish it,"

Ye Chen looked at the black explosive python floating on the water, the scene was a bit disgusting, but after thinking about it, he did.

Under one mouthful, he felt hot all over, as if being burned by a flame.

In the second mouth, his body gradually turned red, and the water in the entire lake seemed to be hot!

I don't know how many mouthfuls he took, Ye Chen felt a bright brilliance flowing on his body.

"Okay, it's almost done, you can take out the other things of this black explosive maniac python, it is all treasures on it." Chen Tianli ordered.

The black mad python was completely removed by Ye Chen, all in leather armor, and he put it directly into the reincarnation cemetery without hesitation.

Then there are the bones of this black explosive python!

A one hundred feet long, a thumb thick, a whole body of shining tendons, even a tendon stronger than leather armor, was forcibly pulled out by Ye Chen and stuffed into the reincarnation cemetery.

At the end is the skeleton of the black explosive python.

"This is snake gall!"

And when Ye Chen peeled off the black mad python completely, he couldn't help his face full of excitement after seeing a snake gall that was even bigger than a fist.

The incomparably complete snake gall can make people feel a strong energy breath.

"Snake gall is a great supplement, let alone the snake gall of this black mad python?"

Looking at the snake gall in front of him, Ye Chen seemed to breathe quickly.

Such snake gall is undoubtedly the best if it can be taken immediately.

Chen Tianli nodded in satisfaction when Ye Chen took out the snake gall: "Compared to flesh and blood, this snake gall is the real treasure, but you'd better not eat it now. You can eat it when you are ready to break through, it will have a miraculous effect!"

"Next, we should go to that place too."

Chen Tianli grabbed Ye Chen, and the two stepped on the flying swords, and went straight across the lake to an empty square!

When Ye Chen fell to the ground, he felt something in his body about to rush out!

"You have been here before." Chen Tianli said lightly.

Ye Chen's eyes condensed, and he subconsciously stepped his feet toward the most central altar!

There are ancient characters on the altar!

There is also a huge black stone monument!

Ye Chen vaguely felt that he was here!

This is the deepest memory!

Grandpa brought him to Xiangjiang, this is the place!

Ye Chen approached the altar step by step, and soon stepped onto the steps, onto the altar!

The black stone stele on the altar has only two characters!

Ye Chen!

The ancient Sanskrit is engraved with the word Ye Chen!

is actually his name!

At this moment, Ye Chen seemed to have goose bumps all over his body.

This stone monument seems to have a history of at least a thousand years, how could it have his name!

Is there once a person named Ye Chen?

impossible!

~www.mtlnovel.com~ Ye Chen noticed that there was a handprint on the black stone tablet!

This handprint is very small! About the size of a child's hand of two or three years old!

After that, Ye Chen's hand seemed to feel something, and he stretched out abruptly and touched the black stone monument!

At the moment when the handprints overlap, the stele bursts out with an extremely dazzling light!

The entire ancient square shook violently!

is like an earthquake!

Chen Tianli frowned in the distance, as if he had discovered something extraordinary, and even murmured: "It seems that the Ye Family is really not that simple... guarding the reincarnation cemetery and setting up the overall situation for the ages."

"A hundred of us thought we chose Ye Chen, but we didn't expect that the ancestors of the Ye family had already controlled everything. In fact, it was Ye Chen who chose us. It's interesting and really interesting."

"Boom!"

A loud noise!

The stone tablet burst, and among the billowing smoke, an old phantom appeared in front of you!

At this moment, Ye Chen held his breath!

This old man is a bit like himself!

is the grandfather who brought him to Jiangdaoshan!

The stele is a secret method, only handprints can be opened!

The old phantom looked at Ye Chen, staring at Ye Chen, and after a few seconds, he was pleasantly surprised: "Are you Chen'er? You actually came to Jiangdaoshan!"

"Your strength... is the Separation Realm! Not bad, not bad! It seems that the legend of the Ye Family is true!"

"Haha, I have waited for a full thousand years to this day!"

Ye Chen frowned, his grandpa actually said he had waited for a thousand years?

What the hell?

Chapter 506: Kunlun Xuye Home!

My Ye Family is not dead?

Ye Chen's eyes were filled with doubts, and he could clearly feel the excitement of the old man in front of him. Fiction.

is just a ghost.

The key opponent even knows the reincarnation cemetery.

Ye Chen hesitated for a few seconds, but still asked: "Are you my grandfather?"

The old phantom touched his beard, with a trace of mystery in his eyes: "Forget it."

is it?

Ye Chen became more and more confused.

Is this relationship still considered?

Cang Lao Xuying didn't mean any explanation, instead he asked: "What happened to Pei Rong and Tian Zheng?"

Hearing these words, Ye Chen sighed for a long time, telling a long story short of what happened recently.

Check out new PVP arena battles!

The old phantom's brows tightened, and even a hint of anger!

"Blood alliance, it is so reckless! Even the people of my Ye family dare to take away! Seeking death!"

"Chen'er, are you going to Kunlun Xu next?"

Ye Chen nodded.

Kunlun Xu is going to go no matter what.

Even if there is no father's business, he still wants to go.

There are some things I lost, and I should get them back.

"Okay! Chen'er, since you are going to Kunlun Xu, I should also tell you some things."

Suddenly, the old phantom noticed something and shot straight at Chen Tianli!

The moment he saw Chen Tianli, his body trembled, and he muttered: "The legend is actually true!"

Then he looked at Ye Chen and excitedly said, "Is that white robe man from the reincarnation cemetery? Quick! Tell me!"

Ye Chen nodded.

Canglong phantom fist clenched tightly, and his eyes were bloodshot!

"Chen'er, I know you have a lot of doubts in your heart now. You can open the reincarnation cemetery and prove that the Ye family ancestors left nothing wrong. This stone is actually the Ye family's treasure from the generations. When countless people watched, the Ye family was almost because of this. Falling apart."

"But even after so many years, no one in the Ye family is qualified to turn it on!"

"Do you know why?"

Ye Chen shook his head, this kind of almost ancient thing,

-----This is a gorgeous dividing line--

Novel netizens, please remind: Please pay attention to the rest of your eyes when reading for a long time. Recommended reading:

---This is a gorgeous dividing line---

How could he know.

The old phantom waved a big hand, and the originally broken black stele condensed again!

It's just that a mural appeared on the stele this time!

murals are vivid! Even to a certain extent, it is exactly the same as the mural painting style of the Lijia Underground City.

"Chen'er, what can you see from the mural on this stone tablet?"

The old phantom said lightly.

Ye Chen's eyes condensed slightly, and the content of the mural above is simple.

It seems that two outer meteorites have landed!

But the moment it fell, it turned into a boulder and stele with primitive patterns!

The color and material of the boulder are almost exactly the same as Ye Chen's black stone.

As for the content on the stone tablet, it is a picture-in-picture.

But when Ye Chen saw the content painted above, his expression completely changed.

Because there is actually a young man in the picture carrying a divine sword and stepping on the nine-day blood dragon on the sky.

his eyes were indifferent, as if he had seen everything on earth.

The whole body of the youth is surrounded by a stone emitting colorful light, which is the black stone in his hand!

The bearing of the reincarnation cemetery!

This young man turned out to be himself!

The old phantom continued to speak: "You should have seen what, when the black stone fell, all the cultivators in a radius of a thousand miles blew themselves up! The sun and the moon are reversed, like the end of the day."

"What's even more weird is that the stone landed on the door of my Ye family. Fortunately, the Ye family hadn't entered the path of cultivation at that time."

"In addition to the pattern, there is a line of words, time, place, and your name on the stone tablet. Ye Chen. This may sound weird. The ancestors of the Ye family always thought it was nonsense, but the last thing on the stone tablet They have been verified one by one."

"The ancestors of the Ye family relied on things from outside the territories, their cultivation speed was extremely fast, and the bloodline awakened. The Ye family once became the first family of the Kunlun Xu, but things must be reversed. Such a powerful thing attracted countless strong people! Even some of the Ye family People betray the Ye family for profit!

Finally, the Ye family fell apart!

At this point, the old man's eyes have a hint of helplessness.

"The strong Ye family resisted desperately, but in the end they were lonely.

The ancestors of the Ye family were mercilessly beheaded, and things outside the territory were jointly occupied by Kunlun Xu's many sects and families! "

" giant

-----This is a gorgeous dividing line-

The stone was divided, the stone tablet was looted, and even the Ye family survived in name only, and now only one side of the Ye family was struggling! "

"But they will never think that the most important thing about the outside world is the black stone in the middle! That is the stone in your hand."

Ye Chen's eyes narrowed slightly, but he didn't expect such a thing in the ancient times.

It turns out that the Ye family is not a small family.

Kunlun Xu things, this may be one of the reasons why the Ye Family finally took root in Huaxia Jiangcheng.

"Chen'er, things are not as simple as you think. Even if Kunlun Xu is only left by the Ye family, it should not be underestimated now."

"Decades ago, Kunlun Xuye Family was as strong as a cloud, but no one except me sticks to the faith! The legend of the ancient times is no longer, they regard the things that fell outside the Ye Family's door as evil things. And your name, in their eyes, is the lone star of Tiansha."

"The word Ye Chen has become a taboo of the Ye family, and it is a rule that no one of the Ye family children can have the word Chen from now on!"

"They always think that ~www.mtlnovel.com~ Ye Family has gone from prosperity to decline, all because of this name."

"At that time, I took the newly born Ye Tianzheng, that is, your father, and left the Ye family to come to China."

"Independently, starting from the Jiangcheng Ye family, arranging the overall situation of the ages, and counting in terms of time, your generation is the reincarnation of fate, so I named you Ye Chen, and more according to the requirements on the stone tablet. Give that stone to you as a birthday gift. If you are really the chosen one, the stone will be opened at the right time."

"I don't know what's in this stone. I have studied the words of runes for a lifetime, and finally learned from the back of the stele that this stone can open the reincarnation cemetery, and there is great power in the reincarnation cemetery!"

"Those who have the reincarnation cemetery have the world!"

Ye Chen set off a stormy sea in his heart, and he could not even think that he was actually the most important piece in this ancient chess game.

Why did you choose the Ye Family? Did you choose yourself?

He just wanted to ask something, the old phantom said seriously: "Chen'er, you don't have to talk, my time is running out, and there are some things I can't explain to you clearly. Since you are here, it proves that behind the stone tablet The thing is right!"

"Behind the stone stele also told one thing, the reincarnation cemetery and Kunlun Xu a situation..."

hadn't finished speaking, the entire square trembled violently, with the altar as the center, and it split in all directions!

"Not good! Leaking the secret of heaven is bound to be heaven! Heaven will not allow that secret to come out!"

The old phantom slapped Ye Chen's body with a palm, and Ye Chen was blown away by a force!

Chapter 507: All is ready except for the opportunity!

At the same time, a terrifying thunder tribulation surged in the sky, directly slashing at the old phantom!

"Ye Chen, we will meet again. Before you go to Kunlun Xu, you must find an old man named Guo Haiyun. There is something in this old man who belongs to you. He is my best friend, and then..."

Before he finished speaking, Thunder Tribulation fell, and the phantom disappeared completely. Fiction.

Ye Chen didn't have time even if he wanted to help.

From the beginning to the end, Chen Tianli didn't do anything. Some things were destined to be a foregone conclusion, and his forced changes were useless.

Ye Chen calmed himself down, his mind was chaotic, and he knew something vaguely.

But these things are like the tip of an iceberg. He doesn't understand what kind of behemoth is under the iceberg.

Also, why did Grandpa say they can see you again?

Could it be possible that this technique can leave two divine thoughts?

Just as Ye Chen was thinking deeply, Chen Tianli came over: "There are some things that you will know only when you go to Kunlun Xu and find the person named Guo Haiyun."

"The secret of the reincarnation cemetery is difficult to watch even for an existence of my level. Right now, what you have to do is to strengthen yourself."

"The stronger you are, the stronger the power of the reincarnation cemetery."

Speaking of this, Chen Tianli thought of something. He shook his five fingers, and a jade pendant appeared on the palm of his hand. The jade pendant fell on Ye Chen's hand with a light flick.

The jade pendant is very simple, with six long swords carved on it.

The key jade pendant is engraved with four characters on the back, Sword Sovereign of Ten Thousand Ways.

"Master, is this jade pendant for me?" Ye Chen asked curiously.

Chen Tianli nodded: "This jade pendant, stay by your side. When you are in crisis, go to a sect called Wan Jianzong and show this jade pendant, which is enough to save your life."

Ye Chen stayed in Kunlun for five years. Although there was no sense of existence, Wan Jianzong still heard about it.

Although the Ten Thousand Sword Sect is not a top power in Kunlun Xu, it still has the qualifications of the first-level sect.

It seems that Chen Tianli's departure during this period was for this matter.

"Apprentice, because this period of time condenses substance, I can't exist for too long. This place is quiet enough, and I just teach you some sword skills."

Chen Tianli walked in front of Ye Chen, and the sword box fell directly behind him.

Six swords flew out together!

surrounds Chen Tianli's body.

"The strongest sword skill you have now should be the sword intent taught by the Slaughter Master. The sword intent is good, but only three swords. These three swords are compared with the sword skills of my Wandao Sword Master. Not even close."

"What is a sword, the sword not only represents killing and

-----This is a gorgeous dividing line--

Novel netizens, please remind: Please pay attention to the rest of your eyes when reading for a long time. Recommended reading:

----This is a gorgeous dividing line---

blood, it also represents calm and ethereal. "

"You look good!"

At this moment, Chen Tianli is like a **** descending from the earth, with a terrifying aura!

woo woo woo woo!

He stretched out his hand and directly held a cyan sword!

Step on, every step seems to contain a strong momentum.

then.

A sword was swung, the world whizzed, and everything died.

Under the bright sword light, Ye Chen couldn't even open his eyes.

Boom!

As if in between, the powerful moment caused the sound of thunder to explode, and the dark clouds rolled.

Such a terrifying move made Ye Chen's eyes widened, and he couldn't say a word for a while.

He can't calm down!

Who would have thought that Chen Tianli was so powerful?

Sword intent lingers around the entire square.

Ye Chen clearly discovered that when Chen Tianli used the sword, he seemed to blend with the sword.

The wind rises and the sword moves.

The wind falls, the sword disappears.

Every sword seems random, but its power is concentrated on one point!

Don't say that he cultivates in the separation and reunion realm, even the strong in the true essence realm can't hold it!

Is this Chen Tianli's strength?

After a set of swordsmanship is over, Chen Tianli looks at Ye Chen: "How much have you learned? Run my sword skills just now!"

Ye Chen thought for a few seconds, nodded, spread his five fingers, and held it fiercely!

"Soul Sword, come!"

The light flickered, and the Soul Suppression Sword flew to Ye Chen's palm.

He used his sword skills according to everything in his memory.

probably only remembered 80%.

Even so, Chen Tianli was still a little surprised. He didn't slow down just now, and he could remember 80% of it, which was considered an evildoer.

"It seems that this son became the tomb owner of the reincarnation cemetery for no reason. The only drawback is that the cultivation base is not enough to support his sword intent."

"This cultivation base and strength are enough to win in China, but when I went to Kunlun Xu, it was not enough."

At this moment, a beam of light rose into the sky at the north end of the square!

The Soul Breaking Sun Stone!

Chen Tianli grabbed Ye Chen and walked toward the end of the beam of light!

&N

-----This is a gorgeous dividing line-

bsp; "Disciple, the soul-suppressing sun-breaking stone is the ultimate goal of our coming this time. The soul-sending sword and the sun-breaking sword are the two extremely strong eyes of Jiangdaoshan, guarding Jiangdaoshan, and under them The soul-retaining Poyang Stone is the source of energy, no matter what, you must get it in the reincarnation cemetery!

"Also, what you need now is cultivation and breakthrough, the calming soul breaking sun stone can just help you."

The words fell, Ye Chen only felt the strong wind around him.

In the blink of an eye, he came to the center of the beam of light.

I saw a sword floating on the top of the beam of light!

is the Poyang Sword!

What the Soul Sword felt, it also rushed towards the sky!

The two swords collided suddenly in the air, producing intense sparks.

There is an ancient totem flickering on the calming soul breaking sun stone under the beam of light.

"Trainer, step on the calming soul-breaking sun stone, close your eyes, start breaking through, and swallow the snake gall if necessary!"

"I will guard everything for you! The next thing you have to do is to break through the retreat!"

"Think about the blood alliance and the strong people of Kunlun Xu~www.mtlnovel.com~ Even if you are the first person in China, the separation and harmony realm in Kunlun is far from enough!"

Ye Chen sat cross-legged, no longer hesitating, running the Nine Heavens Xuanyang Jue.

His cultivation base rose rapidly.

When he fought with the Guardians of China, his intention to break through was extremely strong.

And now in the beam of light, he felt the cold surrounding him rising, and the slightest chill penetrated into his body, allowing Ye Chen to always stay awake, unaffected by the slightest influence.

The stones under him must be extremely precious!

The mouth and nose were slightly opened, Ye Chen's consciousness completely sank into the soul-saving sun-breaking stone, and between exhales and breaths, the spirit of heaven and earth poured into his mouth and nose, and the turbid qi from his body was discharged out of the body.

All the pores all over his body are opened, Ye Chen frantically urges every trace of energy!

"Huh..."

This kind of training lasted for an unknown period of time. After the dantian's true energy reached Consummation, Ye Chen felt that he had reached the limit.

All is ready except for the opportunity!

Ye Chen's eyes flickered.

"Break me!"

rumbling...

The true energy in the body is like a galloping horse, roaring endlessly.

The Nine Heavens Xuan Yang decisively turned to the extreme, and the blood dragon rushed out of the body directly, making Ye Chen's body hot! Within the veins, the true qi merges with the energy of the calming soul-breaking sun-breaking stone, instantly transforming into a thousand horses, and the momentum is like a rainbow.

Chen Tianli hovered in the air and said loudly: "Ye Chen, this time I asked you not only to break through a few small realms, but I want you to break through to the true original realm! Otherwise, you never want to step into this place!"

Chapter 508: Gifted!

Break through the true element realm?

When Ye Chen heard Chen Tianli's words, his brows wrinkled into the word Sichuan.

how can that be!

He even thought Chen Tianli was crazy.

It didn't take long for him to enter the Separation Realm, and he only crossed a few of the nine small realms.

There are still many gaps from the True Origin Realm!

The further you practice, the harder it is to reach the sky if you want to cross a small realm!

Not to mention the great realm!

Many of Kunlun Xu's powerhouses may not be able to enter the True Origin Realm in their entire lives!

And now, Chen Tianli actually wants him to break through the true origin to get out?

"Concentrate on breaking through, the calming soul breaking sun stone is not as simple as you think!"

"This is a great opportunity for Kunlun Xu. I originally wanted to use the energy inside to moisturize the reincarnation cemetery, but now I have changed my mind."

"All you have to do is to have no distractions."

After speaking, Chen Tianli kept silent.

It even seemed to dissipate in the world.

"it is good!"

Ye Chen already felt the breakthrough in his body to the extreme!

Thinking of this, he no longer hesitated, with a soft snort, Ye Chen flipped his wrist, and the snake gall appeared in Ye Chen's palm.

This will be the resource Ye Chen needs most.

This snake gall will become the cornerstone for Ye Chen to step into the True Essence Realm!

Between opening his mouth, throw a piece of snake gall into his mouth and swallow it in his abdomen.

The road to the true element realm is completely opened!

Regardless of whether he can't break it, try it to find out!

Rumbling...

The zhenqi in the body is like a galloping horse, roaring endlessly.

The Nine Heavens Xuan Yang decisively revolved to the extreme, and the energy from the snake gall in the abdomen made Ye Chen's body hot! Within the veins, the true qi merges with the energy of the snake gall and instantly transforms into a thousand horses, with an aura like a rainbow.

I have to say that the energy contained in the snake gall is really terrifying!

Ye Chen only swallowed less than a third, but the energy almost tore his body apart.

Every piece of flesh and blood, every bone, seemed to be burning with fire, making Ye Chen's complexion look hideous. Under the majestic energy impact, the pain caused can be imagined.

If it hadn't been for Ye Chen's time to continue to bear the energy of the more domineering soul-saving sun breaking stone to temper his body, he was afraid that the snake gall would be taken down, under the impact of this energy, beyond the limit, his body had already begun to collapse!

He can persist.

However, Ye Chen did not continue his adventure!

Beneath the body, the icy breath from the calming soul breaking sun stone made Ye Chen's mind seem so clear.

"It's now!"

Finally, when the ninth week of the Nine Heavens Xuanyang Judgment was completed, Ye Chen's heart jumped with a solemn expression.

Just now!

"open!"

Thinking of this side, with a soft snort, Ye Chen's whole body exploded.

boom.....

The powerful air wave rolled, and the wind roared across the square.

Ye Chen's clothes danced in the strong wind, snapping. And Ye Chen, turned into the center of the storm at this moment!

The majestic energy poured into the Dantian, and suddenly there was the sound of the stormy waves hitting the shore.

The entire Dantian seemed to burst under the impact of powerful energy.

Gritting his teeth, Ye Chen didn't dare to neglect in the slightest.

This time is the most critical time.

If you are careless, you may be killed in an instant!

At the very least, it is impossible for him to achieve success on the road of martial arts in this life.

How dare Ye Chen be careless?

Therefore, even though the heart-piercing pain came, Ye Chen didn't even dare to hum.

I have to say that at this moment, the soul-saving sun-breaking stone under Ye Chen played a huge role!

A trace of cold air poured into Ye Chen's body, helping Ye Chen to paralyze his nerves and helping him maintain a calm heart.

At the same time, in the deepest part of the body, the reincarnation cemetery exudes a warm current, helping Ye Chen keep protecting his mind to avoid accidents.

With the two-pronged approach, Ye Chen's situation finally stabilized.

That barrier is completely broken!

A small realm, easily broken!

The second small realm is still broken!

...

Soon, Ye Chen crossed to the eighth level of the Separation Realm!

Even the ninth layer will be broken soon!

The huge waves swept across the world.

There was a roar, like thunder.

As if a tsunami broke out, that terrifying energy rushed to the edge of Ye Chen's body, causing the world in Ye Chen to be turbulent.

Qi and blood rolled, Ye Chen almost spouted a bit of blood.

Countless pictures flashed in his mind!

Thinking of the massacre of Yunhu Villa, thinking of the five years of Kunlun Xu, cynicism!

I even thought of being rejected by hundreds of sects!

Just because he is Fangen!

He even denied himself countless times. If it were not for the old man to persuade himself, his life would be gloomy!

Also, his father is still in Kunlun Xu!

When he left the capital, he promised his mother that he would take his father back!

The blood alliance is very strong in Kunlun Xu! It's really difficult for him to rescue his father from Lihejing!

Only strengthen yourself!

Unlock more power!

There will be a turnaround!

Ye Chen's eyes were red, and his endless anger was burning!

"The Ninth Floor of the Separation Realm!"

With a roar, break directly!

But Ye Chen also spit out a mouthful of blood!

Chen Tianli above the sky looked at Ye Chen and narrowed his eyes: "Tui'er, the tomb owner of the reincarnation cemetery is to do things that others cannot do~www.mtlnovel.com~ It may take decades for ordinary people to get out of the detached state. Step into the real element realm, but you can only have one day."

"Your cultivation time is too short. It's only five years, but it's not too late! With your talent and opportunity, it's enough!"

"Only if you are strong can you save us a hundred people."

"It seems that we are helping you, but you don't know, we are saving ourselves! You are the only existence that can resist that power..."

...

At the same time, Jingcheng, Jiang's family.

Anger is a bit solemn.

Elder Jiang stood, but there was excitement on his face.

Standing beside him stood Jiang Jianfeng and Jiang Wentian who had returned from Kunlun Xu.

And a few old men were sitting not far away.

The breath is ethereal, and the posture is outstanding.

A single look made all the strong in the Jiang family dare not say a word!

These elders are the elders from the Kunlun Xu sect!

This time I come to China to select a new batch of talented people to enter Kunlun Xu!

The elder in the middle glanced at Elder Jiang and said coldly: "I heard Wentian say that there are still a group of people with extraordinary talents in the Jiang family? You might as well bring them out and let us take the palm of your hand. If there is a genius, this sect willing to provide them with a platform."

"Wentian has been taken away by us for so long, and you have seen it in the current realm. It is enough for you to win the title of the Jiang family. Although our sect is not the top sect in Kunlun Xu, it is not easily shaken by others. .

Don't talk nonsense, bring people out. "

The elder who spoke was called Ren Qiyun, an elder of the Falling Sword Sect, who was specifically responsible for finding new talented disciples for the Sect.

Many geniuses in this world have been buried. Once a talented young man from China Capital entered Kunlun Xu, he is now the sovereign of a sect!

Talent is against the sky, strength is determined!

And Ren Qiyun's purpose is to find this kind of existence for the sect!

Chapter 509: He is my pride!

When the old man heard this, he glanced at Jiang Wentian, and then said to Ren Qiyun: "Yes, yes, elder Ren, I will bring people here."

Not long after, a dozen people appeared in front of Ren Qiyun!

These people are all talented juniors of the Jiang family!

I even tested it with a machine, the talent is pretty good!

Several of them even have spiritual roots! Although not comparable to Jiang Yanrong's spiritual roots, it is still rare.

Ren Qiyun and the other elders glanced at the dozen or so people. Their stretched brows frowned, and they said coldly: "This is the genius of your Jiang family? Humph! A group of crooked melons and dates actually tried to join our sect. ?"

"No one is qualified!"

Their attitude is extremely tough!

Above the disciples, there can be no sloppyness!

These guys in front of the key, let them down!

Old man Jiang heard these words, his expression choked, his face was ugly!

Who would have thought that so many people could not enter the eyes of these adults!

Could it be that the Jiang family can only walk out of one Jiang Wentian?

At this moment, Father Jiang suddenly thought of a cold and proud young man, Ye Chen!

Ye Chen is the most enchanting existence he has seen in his lifetime, can this guy enter the eyes of these adults?

Unfortunately, Ye Chen is not from Jiang's family.

Ren Qiyun said to Jiang Wentian again: "Wentian, I came here for your face, but the talent and spiritual roots of these people are too **** to enter the sect."

"Okay, let's go, and go to Jiangnan Province. I heard that Jiangnan Province has recently experienced a vision. There should be a genius."

As soon as Ren Qiyun and the other elders were about to leave, Jiang Wentian hurriedly said: "You elders, it is true that there is still one person in the Jiang family who is talented against the sky! I can't match it, and she wants to enter Kunlun Xu! Please also Sir, wait a minute!"

"Oh?" Ren Qiyun glanced at Jiang Wentian interestingly, and said lightly, "In that case, bring people up."

"it is good."

Jiang Wentian headed outside, and after a short while, he took a woman into the Jiang family hall!

When this woman appeared, everyone in the Jiang family was stunned!

No one thought it would be Jiang Xirong!

The Linggen genius who once made a sensation in China!

"Wen God, are you..." Old man Jiang's expression was a bit surprised.

"Dad, this is Pei Rong's choice." Jiang Wentian narrowed his eyes.

Jiang Hirong stepped forward and said to Ren Qiyun and the other elders: "Jiang Hirong has seen all the elders."

But the one who answered her was quiet.

Generally, the disciples who are recruited from the outside world are under the age of 20. If the talent is good, they can also be considered at 30.

But the woman in front of me is obviously over forty!

Once a person misses the best time to practice, it will be difficult to go further!

But Ren Qiyun also discovered the spiritual root aura on Jiang Hirong.

Although it is not rich, it is already regarded as the top spiritual root in China.

This kind of person, if they start to cultivate from a young age, and then cooperate with the treasures of heaven and earth, they will definitely be a strong one to dominate one side!

Jiang Wentian saw the hesitation of several elders and quickly said: "Elder, my sister's talent was discovered by the Kunlun Xu powerhouse, and wanted to take her into Kunlun Xu, but was rejected by my sister. The best time to practice, but with such talent, coupled with my sister's diligence to make up for her weaknesses, she will definitely make some contributions to the sect. Please also the elders to fulfill it."

A few seconds later, Ren Qiyun took a sip of tea and said, "Wen Tian, it's not that I don't want to accept this woman, but the age of this woman... You also know that almost any new disciple of the Zongmen is under 30 years old. She is in her early forties. Even though she has great talent, some things are too late. The True Primal Realm and Spiritual Ascension Realm of her life are probably the ceiling of her cultivation."

"I want to enter the sect and become an outer disciple...I don't think about it."

When the last sentence fell, the entire Jiang family was like petrified.

Don't think about it!

This is the attitude of these people!

Because of his age alone, he vetoed a man who was once extremely talented!

Who can think of it!

Jiang Hirong's eyes are firm! She regretted that she had given up on her cultivation and missed the best time to practice in her life!

Even though talent is strong, it is too late!

But if she can't enter Kunlun Xu, what should Ye Tianzheng do?

Of course, there is Ye Chen, but as a mother, she really does not want her child to be injured and risky.

Even though she is a woman, she wants to protect her children and husband from the wind and rain!

"Elder, I really want to enter the Kunlun Void! Please consider it again, I will prove it with my actions!"

"My husband was taken away by people from the blood alliance. If I don't enter the Kunlun Xu, I will never be at ease!"

Jiang Hirong is even going to kneel and beg! But Jiang Wentian stopped it.

Jiang Wentian said to Ren Qiyun: "Elder Ren, don't I have sect contribution points? As long as Pei Rong can enter the sect, I am willing to take out all the contribution points and please complete it."

Ren Qiyun stared at Jiang Huirong with scorching eyes, and suddenly said, "You said your husband was taken away by the blood alliance? You entered Kunlun Xu for revenge?"

Jiang Xirong thought there was a chance, and nodded repeatedly: "Exactly! Elder Ren, as long as I can enter the sect, I am willing to be a cow or a horse."

Suddenly, Ren Qiyun smiled and stood up and walked outside.

Everyone was stunned, and didn't know what Ren Qiyun meant.

"Elder Ren..."

Just when Jiang Xirong was about to ask something, Ren Qiyun stopped and waved his sleeves: "No matter what, you can't enter this sect! You are not qualified! Also, you have grievances with the blood alliance, and you might make some disadvantages. Thing!"

"This sect is not your tool for revenge! Not to mention the blood alliance!"

"As for your husband, since he was taken away by the blood alliance, he is probably almost dead. You should not enter the Kunlun Void, otherwise, it will only take your life!"

"Decades ago, you might be a genius, but decades later, you are no different from an ant or a waste in my eyes."

"I missed the opportunity, do you still want me to beg you?"

"Women like you are really cheap. UU reading www.uukanshu.com"

The words are ruthless!

Indifference and disdain! Too obvious!

Everyone present did not know Ren Qiyun's other identity!

He is also a blood ally!

was only placed in another sect a few decades ago, just to obtain the supreme martial arts and secrets of other sects!

The blood alliance is like a blood-sucking worm, ruthlessly absorbing everything about Kunlun Void!

is far more terrifying than others understand.

Jiang Yanrong squeezed her fists tightly, her palms leaked some blood because of her force.

"Even if you are an elder, you are not qualified to insult me."

"Don't join the sect!"

"But there is something I have to say, my husband is not dead! The blood alliance is not qualified to move my husband. If he dares to move, he will surely destroy himself! Although my Jiang Hirong missed the best time to practice, I still have my son. !"

"He is my pride! As a mother, I firmly believe that he will set foot on Kunlun Xu and destroy the younger generation of the blood alliance!"

Jiang Xirong's voice resounded.

Chapter 510: Can't help you!

Ren Qiyun heard Jiang Hirong say such words, turned around abruptly, and stepped forward!

Come directly in front of Jiang rong!

The five fingers spread out and clasped Jiang Huirong's neck!

As long as he exerts force, the woman in front of him will die!

"I can understand that you are questioning me? I want to kill you now, it's easy! I don't even need to use

Ren Qiyun's voice was filled with invisible anger.

The coercion swept towards Jiang Hirong like a violent storm. Although Jiang Hirong was extremely talented, he had just begun to practice after all!

How could her body resist the blow of such a big man!

Her face was pale, but her eyes were filled with stubbornness!

Check out new PVP arena battles!

His eyes were staring at Ren Qiyun!

"If you kneel down and apologize now, I can consider letting you die!"

His tone was filled with no doubt.

At this moment, the expressions of everyone in the Jiang family changed drastically!

No one thought that things would suddenly develop like this, the key is how Ren Qiyun changed his face!

Jiang Wentian couldn't take care of everything, so he knelt down and said to Ren Qiyun: "Elder Ren, please calm down. My sister is a bit naive. She accidentally contradicted the elder and asked Elder Ren to let my sister go."

Elder Jiang, Jiang Jianfeng and the others also had their expressions frozen and knelt down together!

"My lord, please calm down!"

Elder Jiang even said to Jiang Xirong: "Peirong, you still don't kneel down and apologize to the adults. These adults are the big figures in Kunlun! Don't offend them!"

Although the old man Jiang had changed a lot because of Ye Chen's attitude towards Jiang Xirong, and even accepted Ye Chen's family, it was a big deal right now!

Once offended this elder, the consequences would be disastrous!

What he can do is to keep Jiang Hirong at all costs!

Even kneeling is not hesitating.

The behavior of everyone did not change Ren Qiyun's attitude.

His five fingers still did not release.

Jiang Huirong's face gradually became a little blue.

The feeling of suffocation is unacceptable!

Ren Qiyun looked at the people kneeling in front of him with a smile on his lips. He enjoyed this feeling very much.

In Kunlun Xu, he may not be able to control everything, but after coming to China, he is the sky here!

After hesitating for a few seconds, Ren Qiyun said to Jiang Wentian: "Wentian, I came to Jiang's house because of your face. It's a pity that it's not just these people who disappoint me. There are no so-called talents, so I can't explain to the sovereign. Yours. The attitude of the good sister makes me very unhappy."

"My identity shouldn't have any fluctuations in this kind of ants, but for some reason, I even wanted to kill this woman at this moment."

Hearing these words, Jiang Wentian's face changed drastically, and he quickly took out a pill from his waist: "Elder Ren, this pill was given to me by the master at the time. It is of great value. I am willing to exchange this pill for my sister. Life!

Please be merciful to Elder Ren. "

Jiang Wentian has no choice!

This pill is invaluable, he is not willing to take it, and now he can only use it to extend his sister's life!

In fact, the whole thing is a bit strange. Jiang Xirong's words are not inappropriate. Although the tone is a bit fierce, but the blood is insulting, why is the elder Ren so furious, even angering a person who has just entered the practice?

At the moment, he doesn't have the time and energy to think about it.

Saving Jiang Hirong is the key!

When Ren Qiyun saw the pill in Jiang Wentian's hand, his eyes shrank!

Sky Profound Spirit Pill!

The entire sect does not exceed five, and one of them is in Jiang Wentian's body!

He condensed his true energy with his other hand, directly inhaled the pill into his hand, and nodded in satisfaction: "Are you really willing to change the Sky Profound Spirit Pill for a cheap life?"

Jiang Wentian dared not say no, and could only say: "This is dedicated to Elder Ren, and only Elder Ren is worthy of this pill."

"You are still acquainted, this is one of the reasons I like you."

"Then... can Elder Ren let go, if you don't let go, my sister is really powerless..."

Jiang Wentian looked at Jiang Hirong's almost suffocated face, filled with distress!

Ren Qiyun glanced at Jiang Hirong who was strangling his throat, sneered, and swayed away!

Jiang Huirong was directly thrown out by him! It hit the wall hard!

"Boom!"

The wall broke, Jiang Huirong even spit out blood!

The bloodshot eyes stared at Ren Qiyun!

Ren Qiyun sneered and said, "Don't look at me like that. If you want revenge, I have listened and respected these days, but next time I won't let you go again. It doesn't matter who comes to intercede!"

"A self-proclaimed person like you with spiritual roots thinks that the whole world will revolve around you! But you have no idea that your spiritual roots are worthless in Kunlun!"

"Also, your child is your pride? One thing you may not know is that part of the spiritual root of your body is incomplete and cannot be continued. If I am not mistaken, your child is afraid of what is the root or the root. ."

Ren Qiyun still has this vision, after all, his job is to find talents for the sect.

"Old man Jiang, I want to ask, what is the spiritual root of this woman's child?"

Ren Qiyun suddenly looked at Mr. Jiang~www.mtlnovel.com~ and said.

Elder Jiang's eyes were a little lonely. Although Ye Chen was very powerful, the result of the test was an indisputable fact.

"My lord, Pei Rong's child was born and tested as Fangen..."

When Ren Qiyun heard these words, he nodded in satisfaction, and then looked at Jiang Weirong:

"Look, I guessed it is correct. A lowly woman can only give birth to such a waste."

Jiang Hirong said nothing! At the moment her strength is not enough, and there is no reason to refute such a top power!

If you refute it again, it will only embarrass your brother and the Jiang family!

Her heart is overwhelmingly angry and can only be suppressed continuously!

Ren Qiyun took a look at the time, and then said to Jiang Xirong: "Well, I'm in a hurry. You kneel down and apologize, and I will consider letting you go. If it weren't for Wentian's medicine, you might have been a corpse."

When the words fell, the Jiang family was extremely quiet!

But Jiang Xirong didn't mean to kneel down at all!

She doesn't want people like kneeling!

This is her dignity, but also represents the dignity of her children!

Once you kneel down, don't you admit that Chen'er is a waste?

Is it even more to compromise with the blood confederacy that took away Tianzheng?

"You kill if you want, I won't kneel!"

Jiang Huirong just bit her lip lightly, saying every word.

"Humph! There are some things that can't be done by you!"

Ren Qiyun snorted coldly, and the powerful pressure was released again!

Jiang Huirong only felt that two huge mountains were pressing down on her shoulders, and she couldn't breathe.

Her knees were bent, and there was a clicking sound!

If you don't kneel again, the consequences will be disastrous!

But the strong will is so hard supported by her!

Jiang Jianfeng, Jiang Wentian, Old Man Jiang, and even all of them shook their hearts!
