

## Urban Medical 571

Chapter 571: Swire virtual reality pill!

One by one auction items gradually appeared on the stage, and the atmosphere of the crowd, under the mobilization of this woman, became more and more exalted.

Especially as the auction progresses, the items on display become more precious, and the competition in the Yibao Hall becomes more and more popular!

"Since no one has raised the price, then this sword stone wood will be sold for 180 low-grade spirit stones! Congratulations to the Ji family for obtaining this item!"

Yibaohui, the thirteenth auction treasure, the sword stone wood taken out by Shen Shixi, the starting price was fifty spiritual stones, and finally it was sold at one hundred and eighty spiritual stones.

Seeing the final transaction price, Shen Shixi was overjoyed!

Check out new PVP arena battles!

In terms of the ratio of the Yibaoge spirit stone to silver, one low-grade spirit stone is worth hundreds of taels of silver! One hundred and eighty spirit stones, but a full 18 thousand taels of silver. In terms of the expenses of an ordinary family of four, this eight thousand taels of silver is enough to allow 600 families of four to live a comfortable life for one year!

This is definitely a huge sum of money! It even exceeded the value expected by Shen Shixi!

"Have you seen, Mr. Ye! Hey...Sword Ishimu, they all sold at such a price. The next thing must be more valuable! With these capital, too much of what you want, we can definitely win it!"

Shen Shixi said with a smile.

"I hope so!"

Hearing what Shen Shixi said, Ye Chen frowned and said in a deep voice.

It didn't take long for the auction to begin, and the auctioned items soared to this level of value! This made Ye Chen stunned.

As expected, the road of martial arts is not something ordinary people can rashly step into. Entering this path, the resources needed to consume are enough to make countless people collapse! No wonder there are countless predators in the road of martial arts.

How many people can go to the end if they rely on themselves to collect resources for cultivation?

Few families have such strength to support!

Now Jian Shimu, is the value of one hundred and eighty spirit stones, what next?

The last Primordial Virtual Reality Pill...I'm afraid it will far exceed Ye Chen's expected value, right?

Ye Chen felt a little more worried.

In fact, just as Ye Chen worried, as the auction went on, people became more and more crazy.

try{mad1(\gad2\);}catch(ex){} "The monster inner pill, sold for 230 low-grade spirit stones!"

After Sword Stone Wood, the sixteenth auction item, Shen Shixi's Tier 3 Monster Beast Inner Pill, was finally sold for two hundred and thirty lower-grade spirit stones.

"The Burning Flame Soul, sold for 560 low-grade spirit stones!"

The twenty-ninth auction item, Burning Flame Soul, was eventually acquired by a mysterious force with 560 low-grade spirit stones. This is almost twice the estimate given by the Appreciation Room!

Seeing such a scene, Ye Chen couldn't help taking a breath of air!

"Master... Mr. Ye... things seem to be out of control!"

Until this time, Shen Shixi also looked ugly.

didn't get ecstatic about getting a lot of spirit stones. Shen Shixi also noticed something wrong.

They thought this epro conference too simple!

Until this moment, they suddenly realized.

Appraisal, just appraisal. But the true value of the treasure? It varies from person to person!

There are some treasures that are valuable but not marketable, and the natural value is extremely high.

There are some treasures, although they are precious, they may not reach the ideal price.

This is the Epro Conference!

"Good! Everyone, now, our thirtieth auction item is here!"

As the Burning Flame Soul was photographed by mysterious forces, the charming woman on the high platform continued to speak with a fascinating smile on her mouth.

As she spoke, there was an extra white small jade bottle in her hand: "I think many people have guessed it! That's right, now, what we want to auction is this Primordial Virtual Reality Pill!"

After sweeping the crowd, the woman said unhurriedly.

Wow...

Hearing what the woman said, the crowd had already begun to commotion before she continued.

In the private room, looking at the jade bottle that appeared on the stage, Ye Chen couldn't help but leaned forward, showing a nervous look.

"The Taigu Xushidan is finally here!"

Looking at the white jade bottle on the high platform and Ye Chen's reaction, Shen Shixi's expression became solemn.

This is what Mr. Ye really wants to win.

In that case, no matter what, I can't leave it alone!

try{mad1(\'gad2\');}catch(ex){} "If you want to come, everyone already understands the effects of the Taikoo Pill of Virtuality and Excess! This pill will collect heaven and earth to the Yang elixir after seven, seven and forty-nine days. Refined! The pill contains the ultimate power of the soul. For the martial artist, if you take this pill, you can wash your muscles and cut the veins, open up the body, and the body is filled with the power of the soul, which is huge for the martial artist to step into a higher realm. Help. In addition, the Taikoo Xushi Pill has another effect! That is to condense the soul! There are even rumors that it can make the soul and Cannian essence!"

"But it's said that in the front this pill has been damaged by a few points, and its effect should be a bit worse, otherwise it will not be auctioned. Kunlun Xu does not have an alchemist to repair it. If someone has a way and means, You can take it back and try."

Amidst the noise of the crowd, on the high platform, a charming and mature woman still introduced her without hurries.

smiled and frowned, mobilizing the atmosphere of the venue to the extreme.

Listening to the woman's introduction, countless people's eyes were hot and their breathing became short

Even if it is not a complete medicine, its value is amazing!

If it is complete, how can it be auctioned!

"Right, let me remind you one more thing, this Taikoo virtual reality pill, after my Yibaoge appraisal, can not be a fake, you can rest assured! This pill, the starting price, four hundred and eighty spirit stones! Start now!"

Seeing the reaction of everyone in the court, the woman said with a smile.

Listening to the introduction of the woman, the atmosphere in the arena instantly boiled and reached its climax.

"I made five hundred spirit stones!"

Before the woman's voice completely fell, a middle-aged man in the hall couldn't wait to shout the price!

"Huh! Five hundred spirit stones, what is it! I have five hundred and fifty spirit stones!"

Another voice followed close behind.

The damaged Taikoo Xushidan, the price soared as soon as the auction started, which is amazing.

"This... Mr. Ye, these people..."

Looking at the Yibao hall, the sound of price increase one after another, but in a blink of an eye, the price of Taikoo Xushidan soared to six hundred and fifty Lingshi, Shen Shixi couldn't help but feel a little anxious!

Something is really wrong!

Chapter 572: Hot!

"How many spirit stones are there on you!"

Facing Shen Shixi's anxiety, Ye Chen's expression was solemn, and he asked quickly.

"The spirit stone on my body, plus the previous sword stone wood, monster inner alchemy, and burning flame soul, the three treasures have sold a total of 940 low-grade spirit stones! After deducting the 5% handling fee, we There are eight hundred and ninety-three spiritual stones that can be obtained!

Calculated like this, the most we can take out is less than one thousand seven hundred spirit stones! "

Shen Shixi said in a deep voice.

"One thousand seven? Not bad!"

Hearing what Shen Shixi said, Ye Chen squinted his eyes: "Look again!"

Now, the increase in fares is almost all the people sitting in the lobby and the lounge.

The real predators have not yet appeared!

This Primordial Virtual Reality Pill, although not complete, can attract the coveting of many people!

Especially Taikoo Xushidan is good for Shenhun, this effect is enough to make people crazy!

Now, what Ye Chen and the others can do is to wait and see the changes!

"Seven hundred spiritual stones!"

"Seven hundred twenty!"

"750 spiritual stones!"

"Eight hundred!"

The price is still soaring!

In just one cup of tea, the price of Taikoo Xushi Dan has reached 800!

Until this time, the sound in the hall gradually disappeared.

Eight hundred spirit stones, maybe it is also an astronomical number for many small families, right?

More and more people withdrew from the competition.

"One thousand!"

However, just as the voice in the hall gradually disappeared, suddenly, a familiar voice from Ye Chen came from a private room above the upper floors.

"The people of the blood alliance shot!"

Hearing this sound, Shen Shixi's expression suddenly changed.

"It seems that the blood alliance is also eyeing this Primordial Virtual Reality Pill!"

Ye Chen frowned!

"When did the blood alliance also be interested in the pill? Xuefenghua, it seems that you are also fond of this pill? It is a pity that my Ji family also likes! One thousand and fifty spirit stones!"

But, before the voice of the strong blood alliance fell, Ji's family fell in the private room, and another voice came.

Obviously, the strong man headed by the blood alliance is called Xue Fenghua!

and also met the Ji family!

"Huh! Ji's family? So what! One thousand and three!"

Blood Fenghua snorted coldly.

In one sigh, an increase of 250 spiritual stones was added, which made many people stunned.

"One thousand three hundred and five!"

In the private room of Ji's house, the sound became unpleasant.

`try{mad1(\gad2\);}catch(ex){}` "One thousand and five!"

Blood Fenghua's voice is still loud.

Wow...

Following the words of Blood Fenghua, the game exploded.

One thousand five hundred Lingshi?

This price is too high!

is even exaggerated!

This primordial pill is not a complete pill!

Looking at the box where Blood Fenghua was, everyone looked different and exclaimed.

"This... is over! Mr. Ye, what should I do!"

originally thought that the 1500 Lingshi would be able to take down the Primordial Virtual Reality Pill.

However, now...in a blink of an eye, the price reached one thousand five! How should this be done?

"The blood alliance seems to be determined!" Looking at the anxious Shen Shixi, Ye Chen took a deep breath: "One thousand and five hundred spirit stones, the Ji family will not go crazy! The rest of the forces? I'm afraid they have given up too! Dan? It is precious. But if there are one thousand five hundred Lingshi, there are many things that can replace the Primordial Virtual Reality Dan!

You make a bid, just ask for seventeen! "

Looking at the white jade bottle on the high platform, Ye Chen's expression was cold.

This is the last fight.

Ye Chen wants to see how crazy the blood alliance can be!

"One thousand and five hundred spirit stones, are there still bids? If not, this Primordial Virtual Reality Pill will belong to the Blood Alliance!"

Amidst the crowd's uproar, on the high platform, I observed for a while, and saw no one continued to bid, the charming woman asked with a smile.

Facing the woman's question, the scene gradually quieted down.

"Hehe...this Taikoo Virtual Reality Pill is mine!"

In the private room where the blood alliance is, watching such a scene, Xue Fenghua's eyes flashed fiery eyes!

1,500 inferior spirit stones! This is a great asset! The blood alliance is determined. Who can compete with them?

Ordinary families, ordinary forces, have been unable to continue, those real experts hiding in the dark? How could they spend such a huge amount for a broken Primordial Virtual Reality Pill?

Blood Fenghua is waiting to receive the Taikoo Xushi Dan!

"One thousand seven hundred spiritual stones!"

However, just as Xue Fenghua thought that she would be sure, and when the woman was about to announce the result, a voice suddenly came.

One thousand seven hundred spiritual stones!

With these words, the lobby of the Yibao Pavilion, once again set off a huge storm!

"One thousand seven hundred spiritual stones!"

At the last moment, the sound that came, set off a stormy sea in the hall!

"what!"

Inside the blood alliance private room, the look of everyone changed drastically.

try{mad1(\gad2\');}catch(ex){} Who is it, the price has increased by two hundred Lingshi? What a big tone, what a strong determination!

Faced with such a scene, Xue Fenghua's complexion became extremely gloomy.

"Who is that private room!"

Xue Fenghua asked in a deep voice.

"do not know....."

Everyone in the blood alliance looked at each other!

Could it be some hidden families or strong people in China?

If it is a Kunlun Xu person, how could such a price be paid because of the Taigu Xushi Dan?

Everyone looked dumbfounded. What happened to this?

"My lord, let's increase the price! This Primordial Virtual Reality Pill can't be left behind! Elder Zheng needs this thing..."

Seeing the silence of the blood, a strong blood alliance said anxiously.

"My lord! Elder Zheng is ready to come to China to deal with Ye Chen. Although he has no time to come here, we all heard the sentence mentioned earlier."

Listening to the last inquiry from the woman on the high platform, she didn't have the slightest reaction when she saw Blood Fenghua. The man became more anxious!

"let him!"

However, what disappointed him was that after Blood Fenghua's complexion changed a little, he said such a sentence!

Blood alliance give up!

brush.....

In an instant, the person looked pale.

"For Elder Zheng, I will think of a way! What's more, this incomplete thing may not be useful to Elder Zheng. Seventeen thousand and seven are far beyond the value of the incomplete Primordial Virtual Reality Pill! Don't forget, we are here today. What is it for! One thousand and seven hundred spirit stones can be obtained by my blood alliance. However, I can't take it out because of a Primordial Virtual Reality Pill."

Blood Fenghua looked at each other and shouted coldly.

"I know!"

Hearing the words of Blood Fenghua, the figure paused and said weakly.

"Okay, since no one has raised the price! This Taikoo Xushi Dan was sold for 1,700 Lingshi! Congratulations on the 9th private room for winning this item!"

After a while, seeing the blood alliance completely gave up the fight, the charming woman on the high platform looked at the private room where Ye Chen was and said with a smile.

The battle for Primordial Virtual Reality Pill came to an end!

Faced with this result, people couldn't help but fall into a wave of wonder.

But at this moment, Ye Chen's mind was filled with excitement!

"Apprentice, I beg you one more thing for the teacher, and open the second tombstone. Only he can repair this ancient virtual reality pill! Once repaired, it is very important to the reincarnation cemetery and you!"

Duan Leiren spoke!

Chapter 573: Eye-opener

Ye Chen's eyes condensed when hearing Duan Leiren's words.

It seems that Duan Leiren had a reason to let him take this incomplete Taigu virtual reality.

No one in Huaxia or Kunlun Xu can repair it, but the power in another tombstone can be repaired!

This is Duan Leiren's support.

"But my protégé, this matter is not in a hurry, you will listen to my instructions later."

"it is good."

And Ye Chen set his sights on the stage, because brand new auction items came out!

"This piece of leather armor is taken from the black mad python who is about to transform the flood, and it is the best choice for refining protective gear and treasures! Its value, I think you should be clear! This is also today's Yibao Conference, the elixir, The last treasure in a box of resources. Don't miss this opportunity, don't miss it!"

Collect hundreds of warriors! Play free!

Pointing to the piece of leather armor sent to the stage, the woman said playfully.

The eyebrows are flirting, how many people are overwhelmed by that look!

The cold light flickered and the cold air rose!

After returning to his senses, countless people were dumbfounded by seeing the piece of leather armor on the stage.

The black mad python leather armor about to melt? You can feel extraordinary just by looking.

At this moment, countless people's eyes heated up.

"Starting price, five hundred Lingshi! Start now!"

As the woman's hammer fell, the bidding began!

"Eight hundred spirit stones!"

"Nine hundred!"

"one thousand!"

What everyone had never thought of was that the atmosphere that this piece of leather armor showed as the auction began to kill the incomplete Taikoo Xushi Dan!

With just three bids, the price has exceeded 1,000 Lingshi, which surprised countless people!

Moreover, before this, several boxes that had remained silent also had movement.

"One thousand and three!"

The \*\*\*\* voice came from the box of the blood alliance!

"Haha...Blood Fenghua! You haven't won the Primordial Xushi Dan, now you are fighting for this treasure? It's a pity, I won't let you this time! Fifteen!"

Inside the Ji family box, a middle-aged man smiled.

"A thousand and eight!"

Blood Fenghua expressionless!

"two thousand!"

The Ji family clung to it!

"Two thousand and two!"

Halfway through Cheng Yaojin, the mysterious person joins the competition in the third room!

"Two thousand and five!"

Blood Fenghua gritted his teeth!

Two thousand five hundred Lingshi! This price has already made ordinary people in the hall feel like a dream.

Two thousand five hundred spirit stones? What is this concept?

In Kunlun Xu is enough to feed several small sects!

"Haha... Mr. Ye, we made a lot of money!"

Inside the box, Shen Shixi, who had taken the Taikoo Xushidan in an extremely thrilling manner, was too late to be excited, and was stunned by Goge in the leather armor of the black explosive maniac.

"Mr. Ye, the people in the blood alliance are going crazy! If they know this black mad python leather armor is yours, they don't know if they are going crazy!"

Seeing that the blood alliance is still bidding, Shen Shixi smiled.

"Keep looking!"

Listening to Shen Shixi's words, Ye Chen also smiled.

He knows the value of the black explosive maniac, after all, this is a treasure certified by Chen Tianli.

But, what value is showing now? For a moment, Ye Chen was frightened.

It really is extraordinary!

This treasure now attracts the attention of people from all parties in the box, and the price is definitely more than two thousand five hundred spirit stones!

In fact, just as Ye Chen expected, in the end, his half-piece of black mad python leather armor, which was not even complete, was captured by the mysterious person in the third box with three thousand five hundred Lingshi!

At such a price, it feels like being in a cloud, unbelievable.

Until the dust settled, many people even looked blank.

"Okay! Now, the first stage of today's Yibao conference-the elixir of elixir and resources is over! Congratulations to the black mad python leather armor for taking the top spot with three thousand five hundred Lingshi!

Next, we will enter the next stage, the Yibao Conference of Cheats, Techniques, Martial Skills, and Treasures. The first one to appear next is..."

After waiting for a while, until the atmosphere in the court gradually subsided, the woman continued.

The next stage of the Epro conference, start!

"Mr. Ye! Three thousand five hundred spirit stones! The blood alliance is probably going to be mad this time! But who is that mysterious person? Take out three thousand five hundred spirit stones in one go, this is incredible!"

Although Shen Shixi is an elder of Wan Jianzong, he is naturally noble in the eyes of a small sect like Luo Jianzong, but his status in the sect can only be said to be average.

He simply took out these three thousand five hundred spirit stones.

Fortunately, Mr. Ye has such a treasure.

In his opinion, this thing must have been given to him by the Sword Master Wandao, otherwise it would be difficult to win the black explosive maniac in the realm of Mr. Ye.

The following auctions are still going on, but Shen Shixi and Ye Chen have no intention to continue paying attention.

For them, the Epro conference has ended.

Taikoo Xushidan got his wish. Ye Chen's auction was even more rewarding!

What's more exciting than this?

"The person in Box No. 3? I'm afraid it's the person of the big sect, but it has nothing to do with us! Keep watching, the next auction will be the real climax!"

Shen Shixi smiled.

The second Yibao conference is mainly based on martial arts, exercises, cheats and magic weapons!

The value of these things is terror!

Real predators, this is the time to start activities, right?

Ye Chen squinted slightly!

The next auction was just as Ye Chen expected, and it was brilliant!

Cultivation techniques, cheats, martial arts, magic weapons... these things are not something ordinary people can easily obtain.

The price of the auction is rising steadily, and all forces have begun to compete.

Even if it is a force like the blood alliance, it won't take the slightest advantage in the next auction.

Five thousand spirit stones, six thousand spirit stones, not to mention.

In the end, the "Falling Sword Art" was sold for 13,000 Lingshi, and the auction came to an end!

"It's really crazy! Thirteen thousand spirit stones! Even if the current blood alliance is exhausted, I am afraid it will be difficult to produce so many spirit stones, right?"

Looking at Private Room No. 1 in the distance, Shen Shixi was surprised.

Today's Yibao Conference was a real eye-opener for him.

He actually wondered a bit, after all, the few Yibao conferences held by Kunlun Xu did not have such precious things.

Is there anything special about Kunlun Mountain in China?

In fact, Shen Shixi is more than an eye-opener?

Rao is Ye Chen, who also benefited a lot!

An auction of China's Kunlun Mountains made Ye Chen feel like a frog at the bottom of a well, watching the sky from the well.

So what is the biggest Yibao conference in Kunlun Xu? How exciting is this world?

Ye Chen's eyes flashed with a faint color. For the road ahead, Ye Chen became more and more eager.

Ye Chen was full of longing for the unknown world.

But right now, the key to finding a blood alliance is to rescue his father.

"We walked!"

After a while, Ye Chen took a deep breath and said as the crowd began to disperse.

"En! There should be moves in the blood alliance right now, we might as well follow it and see."

Shen Shixi narrowed his eyes and said lightly.

Chapter 574: People of Ji Family

The two looked out the window, and saw that in the blood alliance box, Xue Fenghua took the blood alliance and his party, and left quickly with a cold expression.

Today, the blood alliance is almost nothing!

Except for a few fairly good elixir and an ordinary magic weapon, the blood alliance has nothing to gain.

The Taikoo Xushi Dan they are after? At the last moment, he was cut off by Ye Chen and Shen Shixi!

The precious leather armor they are looking for? It was Ye Chen's superfluous thing, so it was so, the blood alliance still didn't buy it.

As for later, a good martial arts? The blood alliance can be said to be strenuous, the price reached seven thousand spirit stones, but in the end it was still forcibly taken away with eight thousand spirit stones!

It is conceivable, what kind of mood people are now!

Until Blood Fenghua and the group disappeared from sight, Ye Chen led Shen Shixi towards the outside of the box.

After leaving the Yibao lobby, Ye Chen and Shen Shixi went straight to the second floor appraisal room.

Soon, Ye Chen and Shen Shixi saw the old man who had appraised the treasure for them again.

"Senior, here we are!"

looked at the old man Ye Chen and saluted slightly.

"Um! Yes, hehe... It seems that you have gained a lot this time! These are the items you got from bidding and the spirit stones from auction."

Looking at Ye Chen, the old man smiled and asked.

Under the auspices of the old man, the transaction was quickly completed.

At this Yibao conference, Shen Shixi auctioned three items, and after deducting the handling fee, he obtained 893 spiritual stones!

It costs 1,700 Lingshi to purchase a Taikoo Xushi Dan!

As for Ye Chen, he auctioned off the black mad python leather armor and obtained three thousand five hundred spirit stones, deducting the handling fee, and finally earned more than three thousand spirit stones! This can be described as a huge amount of wealth. However, Ye Chen finally got only 25 spirit stones!

The reason is because Ye Chen won a medicine pot and a spirit sword in the auction afterwards! A panacea, these three things are very valuable.

The Baicao Cauldron has been damaged, and now he needs a stronger medicine cauldron.

The medicine tripod was named Nanlingding.

is said to be a treasure used by Nanling Taoists thousands of years ago.

Ye Chen didn't know any Nanling Taoist, but the aura and rank of the medicine cauldron were very good, far surpassing the Baicao cauldron.

The delivery was completed and the confirmation was correct, Ye Chen unceremoniously took all the things into his arms. Turning around is preparing to leave.

"Two of you, wait a minute!"

However, before Ye Chen and Shen Shixi walked out of the treasure room, the old man suddenly shouted.

"I wonder what the elders have ordered?"

Ye Chen asked when he heard the old man's words.

"There is an uninvited feeling, the old man does not know how to say it." The old man blushed.

"I will leave without telling me." Ye Chen said lightly.

"The person in charge of the Yibao Pavilion here once owed the Ji family a favor. Now, there is a lady in the Ji family who is very interested in the two. I don't know if the two can appreciate the face and go to the back hall to tell?"

"As long as you can go, Yibaoge owes both of you a favor. From now on, if you want anything from Yibaoge, we are willing to fight for you."

The old man said embarrassedly.

"Miss Ji's family?"

Upon hearing the old man's words, Ye Chen and Shen Shixi glanced at each other, and both saw a hint of surprise in each other's eyes.

Ye Chen is even more Sheng.

Miss Ji's family? Is it Ji Siqing? Or Ji Lin?

Is my dissimilarity discovered?

No, these two people should be practicing in the sect, and it is impossible to come out at this time.

Could it be someone else from the Ji family?

After all, the Kunlun Xuji family is a top family with many branches.

Now, she wants to meet with herself? I'm afraid there will be no good things!

Ye Chen felt a little bit more in his heart. A strong intuition told Ye Chen that the so-called Miss Ji Jia was coming for the spirit snake skin armor he auctioned.

"I think it's over! Yibao is over, we don't have any treasures! Miss Ji Jia met us, I'm afraid I can't get anything. Today, I have something to do, so let's say goodbye!"

After a moment of silence, Ye Chen said directly.

The voice fell, and he took Shen Shixi with him and planned to leave directly.

"The two are really impatient. Why? Are you afraid that I will eat you? Or are you worried that I will kill people and sell goods in Yibaoge? You can rest assured that Yibaoge operates with integrity and is honest. Otherwise, how to pass on Thousands of years. Don't talk about China, even in Kunlun Xu, I'm afraid there is no safer place than Yibaoge!"

It's a pity that Ye Chen's idea of leaving right away is destined to fail.

Just as Ye Chen and Shen Shixi turned around, the door of the treasure room opened again. A beautiful young girl walked in from the outside!

The girl looked like she was only in her twenties, her skin was like fat, her eyes were like a moon, her figure was slender. A long, jet-black hair curled down on the top of the shawl, and the delicate and elegant hair ornaments were pinned in the lightly and slowly curled cloud temples!

At this moment, the girl is wearing a blue and elegant long dress, she is wearing a string of delicate bracelets, and her waist is embroidered with silver thread embroidered purse!

Entering the house, the girl curiously stared at Ye Chen and Shen Shixi and looked at it carefully, her smart eyes, as if she was observing something, gave people a lively feeling.

I have to say, Ye Chen couldn't help but brighten up when he saw this girl.

Unfortunately, it is not Ji Lin, let alone Ji Siqing.

But from the looks, it looks a bit like Ji Siqing.

Compared with his appearance, although this person is beautiful, he is not a bit worse than Ji Siqing.

"Are you Miss Ji Jia?"

Recovered, Ye Chen asked.

"Hee hee...what do you think?"

The girl blinked playfully and asked.

Between the gestures, it is full of luxury. Vaguely, there was even a hint of enchanting posture that did not match her age.

"I wonder if you are looking for me, what's your order?"

Ye Chen frowned and asked.

"You really are... can't I find you if I have nothing to do?"

The girl said with a smile.

"If it's okay, the two of me will go ahead!"

Ye Chen said coldly.

This woman must have a plan, continue to stay here, I am afraid it is not a good thing!

I don't know why, the girl clearly seems harmless, but Ye Chen feels faintly disturbed. This woman is not easy to come here!

Ji's relationship is complicated, he will not take care of each other's feelings just because he has a good impression of Ji Siqing and Ji Lin.

Ye Chen intends to leave this place as soon as possible.

"You are really boring! Okay, I won't go around. The leather armor of the black mad python belongs to you? I don't know if you still have the veins of the black mad python? I know, it will soon melt away. In addition to the leather armor, the spirit snake has a more precious vein. If you have one, I would like to buy it at a high price! The price, you can open it as you like!"

Seeing that Ye Chen had no plans to talk to herself, the girl curled her lips, revealing a trace of laziness, turned around and sat down in the chair on the side, looking at Ye Chen and asked directly.

Chapter 575: Identity detection!

"Black mad python veins?"

Ye Chen's heart jumped.

As I faintly guessed, it was because of the black explosive python that this girl would find herself.

"No! The leather armor was nothing but accidental, but nothing else!"

Ye Chen said directly.

The husband is not guilty, and he is guilty of his crime!

The black mad python leather armor took out, but Ye Chen had no other choice.

Now that the veins of the black explosive python, Ye Chen would not easily take it out.

The value of this thing is second only to snake gall.

"I let you down!"

Thinking of this, Ye Chen sighed.

After that, he didn't hesitate anymore, and he didn't give the girl and the old man a chance. He took Shen Shixi and walked quickly outside the Appreciation Room!

"You guy..."

Until Ye Chen walked out of the treasure room, the girl pursed her mouth and snorted dissatisfiedly.

"Huh! Two interesting guys. Disguise skills are good! Fubo, help me find out his identity! He must have spiritual snake veins!"

Until Ye Chen's figure disappeared from the girl's sight, a funny smile appeared on the corner of her mouth, and she looked at the old man next to her and said in a commanding tone!

She wants to see, who is the head of the guy who ignores him?

"Miss, this is not in compliance."

"Do as I say."

Although this old man belongs to Yibaoge, he is from Ji's family!

She can naturally order!

"Yes, I will try my best. It will be troublesome if it is discovered by the people at Yibaoge."

Yibao Pavilion on the first floor.

"Mr. Ye, you said that girl is really Miss Ji Jia? You really don't have the veins of the black explosive python she said?"

Looking at Ye Chen, Shen Shixi asked curiously.

"Is she Miss Ji Jia, I don't care! This Yi Baoge is so mysterious, who knows what powerhouse is standing behind her?"

Ye Chen's face was solemn.

Facing the seemingly harmless girl just now, the crisis Ye Chen felt was extremely real. This was a feeling Ye Chen had never felt before.

Facing such a woman, how dare Ye Chen be careless?

"As for the black explosive python veins? It is indeed a good thing. It is on me now, but I will not give it to her! Half a piece of snake leather armor is worth three thousand five hundred spiritual stones, this vein is also valuable Geometry? Huh! It's hard to say what will happen then!"

Ye Chen sneered.

"Also! It is better to be careful!"

Shen Shixi nodded.

He even looked at Ye Chen a little high.

When most people see Ji's family, they will probably flatter, but Mr. Ye has no intention of flattering, and even directly refuses.

If it is known by outsiders, it will inevitably drop its jaw.

But Ye Chen's status is extremely noble, and even the master of Wan Jianzong! There is an ancient great power behind, what does the Ji family do?

As long as he is given time, Kunlun Xu might be born into a Ye family like China.

"By the way, Mr. Ye, you just bought the medicine cauldron and took the medicine. You don't want to make alchemy, do you? Kunlun Xu, although the alchemist has a lofty status. However, every alchemist is the core figure of all forces. They are all supported by all forces! No one has ever been able to become an alchemist on their own. Do you... do you think..."

suddenly thought of something, Shen Shixi looked at Ye Chen in amazement and asked.

Thousands of worlds, three thousand avenues, countless trails!

The road to martial arts is a long journey. After thousands of years, several special groups of people have gradually emerged.

The alchemist who refines pill, the magician who draws runes, and the formation master who refines the formation! These are undoubtedly the three most representative and largest groups of people.

These people are super powerful, these people have super status, these people are respected! This is also the crowd that countless people aspire to become.

It's a pity, what is the price to be paid to become such a group of people? By no means ordinary people can do it! They need a huge force behind them as support.

Ye Chen now...

It is true that there is Sword Master Wandao standing behind him.

But with the powerful sword skills and combat strength of the Wandao Sword Sovereign, those big men generally only do one thing seriously.

Kunlun Xu has no almighty character, if you don't concentrate on practicing, you will only be inferior.

In the end, it also has a great influence on the cultivation base.

He didn't want Ye Chen to take such a path.

Thousand Dao Sword Sovereign things are enough to benefit Ye Chen for life.

If you refine the pill again, you will only be distracted and waste your talent and talent.

"I am only interested in alchemy!"

Ye Chen's eyes gleamed, he paused, and continued: "That medicine cauldron, regardless of its quaint and shabby, but it suits me well. And ordinary things will never appear in the Yibao conference.

And that spirit sword is for my mother!

No matter how high the price is, I will take it. "

Speaking of this, Ye Chen was quite moved! In this world, the strong are respected, and a lot of resources are concentrated in the hands of very few people.

Ordinary people want resources? How difficult!

"As for no one has ever been able to become an alchemist on his own? I really want to break this shackle."

Speaking of alchemists, Ye Chen's eyes burned with vigorous fighting spirit.

He is ready to open another tombstone.

on the one hand for Duan Leiren, on the other hand for his alchemy.

His alchemy and the medical skills of the flesh and bones of the living dead are considered top in Huaxia, but if you look at Kunlun, it is a bit insignificant.

Even the pill that he refines now can't keep up with the realm he has broken through.

The more he experienced, the more Ye Chen could feel the importance of the pill!

Now there is a chance, Ye Chen hopes to seize Mr. Ye...this..."

Hearing what Ye Chen said, he didn't expect that he really wanted to become an alchemist, Shen Shixi didn't know what to say.

Especially feeling Ye Chen's firm determination, Shen Shixi could only sigh in the end.

The identity of the other party is his master, and the master's decision naturally cannot be refuted.

Otherwise, the master is angry, and his position as the elder of Wan Jianzong is probably not guaranteed.

Just as the two of them were chatting, a few figures appeared in their sight again.

is the person of the blood alliance!

is the blood glory!

It's just that after Xue Fenghua got the auction item, he didn't leave immediately. Instead, he walked towards the disguised Ye Chen and Shen Haihua.

There is something wrong between the eyebrows.

Shen Haihua felt something was wrong, and said softly: "Mr. Ye, it seems that these blood alliance people should know that we have taken the Taikoo Xushidan. After all, we have just come out from there, and a discerning person can still guess a bit after thinking about it."

"But Mr. Ye can rest assured, it is absolutely impossible for these people to detect your identity."

Ye Chen didn't panic at all, looking at the oncoming blood ally.

There was even a trace of killing in his eyes.

He and the blood alliance have long been dead, no matter whether this group of blood alliances conflict with him or not, he will definitely kill him after he leaves here.

## Chapter 576: The reincarnation cemetery changes! (Four/Ten)

With Shen Shixi beside him and Duan Leiren's help, it won't be too difficult.

Blood Fenghua stopped, staring at Ye Chen with cold eyes, and said: "But the Taigu Xushidan you photographed?"

The words of blood and grace are unquestionable.

Although I don't know the origin of Ye Chen, there is only one old man beside Ye Chen, and the box position is also normal.

This kind of person has no background in Kunlun Xu.

Here naturally, he will not take the Primordial Virtual Reality Pill that robbed Ye Chen.

He asked Ye Chen to take the initiative to donate the Primordial Virtual Reality Pill!

This is the power of blood alliance!

If not allowed, then don't step out of here!

Otherwise, life and death will die!

Just when the blood and fenghua was certain that Ye Chen would donate the Primordial Virtual Reality Pill, an indifferent voice suddenly fell: "What's up with you? Go away."

As soon as I said this, the \*\*\*\* face changed greatly!

Those blood alliance powerhouses behind him are revealed one by one!

is looking for death!

Xue Fenghua smiled, with a grinning smile: "Little brother, I don't know what to call, you are the first person to treat me with this attitude. Maybe, leaving this Yibao Pavilion, you are The last one."

threatening.

Naked threat.

The strong blood alliance behind him even surrounded.

At this moment, Shen Shixi gave a cold snort, stepped out, and released his breath. The cold voice resounded: "Mr. Ye, but you can know the name casually? If you want to do it, it depends on my answer!"

Shen Shixi's realm is not weak, and in an instant, the expressions of those with blood allies changed.

Even Blood Fenghua glanced at Ye Chen with a deep meaning.

Mr. Ye?

There is also the guardian of the transcendent realm powerhouse beside him, is it possible that he has missed it?

Of course, he stretched out his hand and said lightly: "What is it for you to be so nervous? I like to make friends. You should know the position of the blood alliance in Kunlun."

Unexpectedly, Ye Chen directly slapped Blood Fenghua's hand away: "You don't need to shake hands, I'm afraid my hands will get dirty!"

Shaking hands with the blood alliance?

For Ye Chen, it's impossible for a lifetime!

"Looking for death!"

Blood Fenghua was completely angered!

His status in the blood alliance is not low. The Chinese Kunlun Mountains or the Kunlun Xu are not to say 100%, at least 70% of the people must be careful to serve him!

But what the \*\*\*\* is this stinky kid right now!

dare to refuse him!

Mr. Ye?

Ye has nothing to fear except for members of that family!

This kid appeared in China Kunlun Mountain again, and he certainly couldn't belong to that family!

What qualifications does this attitude have?

Proud?

Do you really think you are a human being?

If it weren't for the strong guarding here, he would have taken off the head of this unsure boy!

At the moment when the sword is drawn, a golden light illuminates the entire hall!

Everyone in the lobby changed their expressions!

Even if it is \*\*\*\* glory! He didn't care about dealing with Ye Chen, and snorted coldly: "Boy, I remember you! Give you a few more hours to survive!"

"I hope you can get out of this place alive!"

the words fell, he rushed towards the source of the light with the strong blood alliance!

Not only is blood and grace, all the people present swept in that direction.

Only Ye Chen and Shen Shixi are left in the whole hall!

Ye Chen glanced in that direction and curiously asked, "What are these people going to do?"

Shen Shixi was a little excited on his face, and said in a hurried tone: "Mr. Ye, I mentioned to you when I was at Ye's house in Beijing. There was also a mysterious training room that appeared with this auction!"

"This light is the opening of Yibaoge's training room, which is also a gift of Yibaoge to all participants, but this training room is not accessible to ordinary people! Only those with great opportunities have the opportunity!"

"This training room is also called Soul Condensation Platform. In fact, the pavilion owner of Yibao Pavilion got a treasure. Although the soul condensing platform in Kunlun Mountain is far from the main soul concentrating platform, it is huge for any cultivator. Chance!"

"That's why those people ran so fast."

Ye Chen took a look at the direction of Blood Fenghua, and followed Shen Shixi together.

The two walked through the hall and the long corridor, and came to the soul condensing platform.

shock!

This is Ye Chen's biggest feeling standing in front of the Soul Condensing Platform.

This soul-condensing platform, tens of feet high, is integrated, standing like a mountain! Standing in front of it, Ye Chen and the others only felt a magnificent aura, spreading out. Any cultivator, in front of this aura, looks like an ant, insignificant!

Rao is Ye Chen, and at this moment he can't help but lose his mind.

It seems that at this moment, what stands in front of Ye Chen is not a soul condensing platform, but a majestic giant, a powerful god! In an instant, in the deepest part of Ye Chen's body, there seemed to be a breath about to burst out.

"Is this the movement of the reincarnation cemetery?"

He never expected that the reincarnation cemetery would shake at this moment.

This kind of feeling is very familiar, it's as if I noticed the calming soul breaking sun stone in Jiangdaoshan, the reincarnation cemetery!

want to own it!

Perceiving the faint feeling of uneasiness in his body suddenly, Ye Chen's expression couldn't help but change.

His dantian, at this moment, began to operate autonomously, his whole body roared and roared, faintly out of control.

Feeling this, where does Ye Chen dare to careless?

hurriedly forced the Nine Heavens Xuanyang Jue to suppress the violent zhenqi in his body.

After a long time, the unfavorable situation was gradually controlled.

Hoo!

let out a sigh of relief, Ye Chen looked around.

In front, many people have already stepped onto the soul-condensing platform, sitting cross-legged, and have entered a state of cultivation.

the breath keeps emitting!

There was even one person who had the opportunity to make a breakthrough on the spot!

The crowd suddenly became envy.

"This place is so powerful?"

Ye Chen, who kept running for nine days of Xuanyang Jue, restored his peace, frowned.

What's the matter with the reincarnation cemetery?

Is there any connection between this reincarnation cemetery and the soul condensing platform?

Ye Chen became more confused.

"Now, the soul-condensing platform is open. Everyone should know the rules, so I won't talk nonsense, but there is one thing I want to emphasize. After three days, the soul-condensing platform will be closed. If you don't come out early, you will only be trapped in death. among them."

Just as Ye Chen was puzzled, an old man's warning sounded in his ear.

Ye Chen's complexion couldn't help condensing because of this voice, and he quickly retracted his thoughts, never daring to think about more things.

He and Shen Shixi no longer hesitate, and walked along the spiraling stairs towards the soul condensing platform.

Going deep into the soul condensing platform, Ye Chen could even feel that vast breath.

This breath seems quite similar to that in Ye Chen's reincarnation cemetery.

faintly, giving Ye Chen a kind and familiar feeling.

Chapter 577: If that's the case, then come on.

While in it, Rao Ye Chen kept suppressing, and the cemetery of Samsara, it seemed that it was difficult to calm down.

rumbling!

In the deepest part of his body, there seemed to be a giant beast trying to rush out of the cage.

In all directions, strong energy auras have already gathered towards Ye Chen.

Such a change attracted the attention of everyone present in an instant.

"Why did the spiritual energy of the Soul Condensation Platform go there?"

"I know this guy. It seems that I was arguing with Xue Fenghua in the lobby just now. The person next to him called him Mr. Ye."

"Mr. Ye? Is it Huaxia's family?"

"I heard that Huaxia Hengkong was born a genius named Ye Chen. I don't know what this kid has to do with that Ye Chen."

Collect hundreds of warriors! Play free!

Although some people knew Ye Chen, Ye Chen had already changed his face at this moment, and they naturally couldn't find it.

"Look, he has already begun to absorb the energy from the soul condensing platform, why is it so fast?"

"Huh! Ignorant people. Above this soul-condensing platform, the energy is extremely rich! However, it is a joke to break through the realm by absorbing energy alone! This soul-condensing platform has a greater effect on enlightenment! Comprehend the way of heaven! !"

"Yes! The Soul Condensation Platform fits the heavens and the earth, and contains the profound meaning of heaven and earth. Just absorbing energy? It would be too wasteful to board the Soul Concentration Platform!"

"Only people who have never stepped into the Immortal Ascension Realm can be so stupid and ignorant? That kid's cultivation is only the third level of the True Element Realm, no wonder he is like a fool!"

Seeing Ye Chen start to absorb energy, he couldn't wait to get on the soul condensing platform and sit cross-legged. The practitioners around him looked at each other!

Some people are ironic, some are disdainful, some are secretly funny, and some are gloating!

Ye Chen has once again become the focus of everyone's attention!

Xue Fenghua and the people of the blood alliance naturally also noticed Ye Chen.

Several people sneered again and again.

"I thought it was a big man. It turned out to be a trash who didn't understand anything. It is estimated that there is no power behind it. In that case, I will make this kid when the soul condensing platform is over. The Taikoo Xushi Dan is just dedicated to our blood alliance! Haha !"

"My lord is wise! When Elder Zheng is happy, maybe the status of my lord will rise again. Don't forget us then."

The rest of the strong blood alliance began to tout.

Xue Fenghua was in a good mood when he heard these words, and nodded and said: "That's natural, now let's leave that kid alone, and feel relieved."

"Yes, my lord!"

At this moment, Shen Shixi was standing, trying to persuade something, but found that Ye Chen had already sat down in the corner and began to practice.

He shook his head helplessly, and found that he still looked at Ye Chen a bit high.

But the other party has been living and cultivating in China, so I don't know some Kunlun imaginary rules.

"Finally, I will protect the law for Mr. Ye."

Shen Shixi said lightly.

After all, this soul-condensing platform is a bit different. In special circumstances, you can do it!

Ye Chen naturally regardless of outsiders' thoughts, he felt that the cemetery of Samsara was absorbing the power of this place crazy!

If it is not guided and controlled, I am afraid that once the energy in his body erupts, it will be out of control!

As for what Ye Chen did, all the people present looked at each other, feeling incredible!

I would like to ask, who came to the Soul Condensation Platform, who would be so impatient to sink into practice? And it turned out to be just absorbing the air of heaven and earth on the soul condensing stage!

Ye Chen's approach is obviously unimaginable!

Facing the rumblings from the surroundings, within the crowd, the woman from Ji's family and Fu Bo from Yi Baoge couldn't help but glance at each other, their expressions changed slightly.

After that, the woman didn't hesitate at all, she walked directly to Ye Chen, her expression was cold, and she looked at the people around her.

Ye Chen now is very dangerous!

Many people already know that Ye Chen is the person who photographed the Taigu Xuxu Dan, and some even guessed that Ye Chen is the provider of the black mad python!

Not only that, she also noticed the conflict between Ye Chen and the blood alliance!

Calculated like this, about half of the people here have reasons to take action against Ye Chen?

How can this make her feel at ease?

She is not for the protection of Ye Chen, but for the veins of the black mad python!

She really needs it!

If this thing is taken by someone else, her hopes will be high!

So no matter what, Ye Chen must guard!

Seeing Miss Ji's eyes full of warning, everyone came back to their senses.

Shen Shixi and Miss Ji Jia left and right, guarding Ye Chen, it is impossible for ordinary people to do anything here.

The situation is changing rapidly, and many people stare at each other as they watch what is happening in front of them!

Who can't feel the smell of gunpowder in the air?

Thinking of this, some people subconsciously looked at Xue Fenghua and others.

"Humph!!"

aware of the eyes coming from around him, Blood Fenghua snorted coldly.

Unexpectedly, Xue Fenghua did not take action to suppress Ye Chen, but closed his eyes and calmly understood.

For Xue Fenghua and others who gave up the great opportunity in front of them, many people showed doubts.

You must know that if you do it now, it is undoubtedly the best opportunity to deal with that kid.

But these people actually gave up the opportunity in front of them?

Is Ye Chen the protagonist? The silence is terrible at this time!

rush rush!

Inside the dantian, infuriating qi rolled. Nine Heavens Xuanyang Jue is working. Ye Chen's consciousness had already sunk into the reincarnation cemetery.

The first time he set foot on the Soul Condensing Platform, the Nine Heavens Xuanyang Jue and Samsara Cemetery in Ye Chen's body showed signs of losing control!

This made Ye Chen had to venture into practice.

At this moment, in the reincarnation cemetery, the situation is surging.

Ye Chen's consciousness is silent among them like a drop in the sea, drifting with the wind!

Zhenqi all around, as if feeling the call, frantically flooded into the reincarnation cemetery. Above the tombstone, everything that was originally primitive, at this moment, faintly shone with blue light.

The quaint lines seem to bloom with weird brilliance.

The original reincarnation cemetery world full of dead silence seems to be alive at this moment.

"What kind of treasure is this soul condensing platform?"

With the energy injected, he noticed the changes in the reincarnation cemetery, and Ye Chen couldn't help being a little dumbfounded.

It's been a long time since I got the reincarnation cemetery. However, Ye Chen's understanding of this reincarnation cemetery has never been profound.

As if, all he touched was the outermost surface of the reincarnation cemetery.

In the depths of the reincarnation cemetery, what is hidden? Ye Chen is not clear.

And now, the reincarnation cemetery seems to be on the soul-condensing platform, feels the call, and wants to show Ye Chen the other side of it!

"In that case, come on!"

Finally, when he sensed that he could not control the changes in the reincarnation cemetery, Ye Chen felt cruel in his heart!

Reincarnation Cemetery Want energy?

Ye Chen give it to it!

Want to change in the reincarnation cemetery?

Ye Chen let it change.

Ye Chen wanted to see what the Samsara Cemetery wanted to tell himself.

Chapter 578: The ghost appears, the world changes! (Saturday/Tenth)

At this point, letting go of his body and mind, Ye Chen resolutely gave up the suppression of the Nine Heavens Xuanyang Jue and the Reincarnation Cemetery, and he even began to frantically absorb external energy.

At this moment, Ye Chen seemed to be crazy!

I have to say that Ye Chen's actions are undoubtedly crazy.

To be any cultivator, I am afraid that under such an uncontrollable situation, I dare not do anything crazy!

But Ye Chen just did this.

Huhuhu!

As Ye Chen let go of his body and mind, he began to help the Jiutian Xuanyang Jue to speed up. With Ye Chen as the center, the entire soul condensing platform set off a huge wave.

rush rush!

The air waves are rolling, and the energy is overflowing!

I saw Ye Chen at this moment, his mouth and nose were slightly opened, and the pores all over his body were opened.

He tried his best to absorb energy. He even disregarded whether his muscles would be burst!

Because just now, Ye Chen has keenly sensed that when he reaches his limit, the absorption power emitted by the reincarnation cemetery will soon consume all the energy that has poured into his body. This made Ye Chen also lost his worries!

For a time, the entire Soul Condensation Platform, centered on Ye Chen, rolled up a horrible whirlwind.

Next to Ye Chen, the energy of heaven and earth is even more intense to an outrageous point.

The aura of        even shocked all the cultivators on the soul-condensing stage.

Ye Chen is so messy, how do they practice!

"Damn, is this kid crazy!"

"So absorb energy? Isn't he afraid of being crushed to death?"

"What does he want to do?"

"Asshole! Our cultivation and life have been interrupted! With such a chaotic atmosphere, it is impossible for us to understand the meaning of heaven and earth!"

Waking up from the training, everyone looked at Ye Chen in the center of the storm with shocked expressions.

have seen crazy people! However, I have never seen Ye Chen such a crazy person.

I have seen someone who is so fatal, I have never seen such a fatal!

Ye Chen, this is dying!

"Asshole! This kid is here to make trouble!"

Among these, especially those of blood alliances, the look at this moment is even more ugly!

These people have never made the first move, it is because they are preparing to understand things and practice first.

This is a chance only in twenty years!

But the plan can't keep up with the changes!

Now Ye Chen, he aroused the Qi machine, clearly wanting to cut off the opportunity of Blood Fenghua and others to attack the cultivation base and comprehend the way of heaven.

Could it be that Ye Chen had expected such a thing a long time ago, and this is the only way to make trouble?

Thinking of this, the blood alliance looked at each other.

Blood Fenghua is even more murderous!

Originally wanted to give this kid a long time to live, now it seems that this kid is desperate to die!

"Mr. Ye..."

By Ye Chen's side, Shen Shixi and Miss Ji Jia also looked strange at the moment.

Especially Shen Shixi, with a complex complexion. Looking at Ye Chen, he couldn't laugh or cry.

This Mr. Ye made people worry about it just now. Who would have thought that he would use such a means to destroy other people's cultivation?

This time, there is no need to worry about the blood alliance secretly making a move.

Because of the breath of Soul Ningtai, it was completely confused.

With such a breath, except for Ye Chen, it is almost impossible for others to cultivate. Not to mention the impact state?

Just, how did Ye Chen do it so crazy?

Judging from the aura he has absorbed now, it is enough to hold a cultivator to death. But Ye Chen didn't mean to stop at all!

By this wave of air, he was forced back several steps, and Shen Shixi frowned.

The entire soul condensing platform fell into a strange silence for a while.

Everyone stared at Ye Chen, they wanted to see when Ye Chen could stop such crazy actions.

One minute has passed, five minutes has passed, ten minutes has passed, a quarter of an hour has passed!

In a blink of an eye, an hour's time passed!

Then half a day passed!

"He is still absorbing?"

"Fuck, what kind of evil is that kid? Isn't he stuck to death?"

"Oh my God! How did he do this, Mr. Ye?"

"The key point is that I clearly feel that the aura of the soul-condensing platform is getting weaker and weaker, and I have been taken away by this kid! Fuck!"

"Don't even give us a mouthful of soup?"

People finally started to feel calm.

Blood Fenghua and others, who were still waiting for Ye Chen to find his way to death, also looked increasingly ugly.

"A full half-day has passed. Under this violent energy, the kid doesn't move at all. Isn't his dantian a bottomless hole?"

can't go on like this! If this continues, how can we practice and comprehend! "

"My lord, you must stop this kid!"

This time on board the soul condensing platform, but only three days.

It can be said that for every cultivator, every minute and every second is extremely precious.

This wasted half a day for nothing, and it seems that it will continue to be wasted. Where can people calm down?

More importantly, on the Soul Condensation Platform, if you fight, Yi Baoge will not take action!

"Damn, brat, go to hell!"

Finally, a man from the blood alliance couldn't help taking the lead. With a long roar, his figure suddenly swept out like a goshawk and slew into the storm.

can't wait any longer.

Ye Chen's situation is very unusual.

If you don't kill Ye Chen at this moment, when will you have to wait?

This blood alliance disciple has a murderous face.

"Huh! Dare to move Mr. Ye, look for death!"

The disciples of the blood alliance suddenly flew out, causing Shen Shixi and Miss Ji Jia to look serious at the same time.

I only heard a cold snort from Miss Ji Jia, and before Shen Shixi made a move, her wrist flicked and a long bow appeared in her hand.

From the beginning to the present, Miss Ji Jia has always maintained a high level of vigilance, and has never relaxed!

Where would she give people a chance to approach Ye Chen?

This kinship disciple is too anxious.

At this moment, the long bow in Miss Ji's hand is purple, carved with primitive patterns, and the long arrows are as gorgeous as feathers.

Bend the bow and shoot the arrow!

boom!

Among the surprised eyes of many people, a sharp noise came.

咻咻!

The shrill sound of breaking through the sky is deafening!

唳

As if in between, in the sharp voice, everyone saw a flame-filled flying bird phantom flying up into the air, and went straight to the blood alliance disciple.

The fire bird was born, and the fire burned the sky!

"not good!"

"Brother, go back!"

"Be careful!"

The phantom of the Firebird appears, the world changes! The flames that dyed the sky and the earth made people shudder. Both Xuefenghua and the people of the blood alliance changed their expressions and exclaimed.

Because everyone feels that a huge crisis has spread out.

boom!

It's just that, just before the words of Xue Fenghua and others had fallen, a dull bursting sound had already come.

The disciple of the blood alliance who smashed out, his figure freezes, his expression is frozen, and there is endless horror in his eyes.

Wow!

The \*\*\*\* fog is all over the sky, and the flesh and blood fly everywhere.

Chapter 579: Deterrence

The phantom of the firebird disappeared, and the fire spread.

Huhuhu!

The cold wind howled, the entire soul condensing platform fell into dead silence.

Looking at Miss Ji Jia, everyone subconsciously stepped back two or three steps!

What did they see?

died!

The disciple of the blood alliance was killed in seconds without any resistance?

Miss Ji's arrow shot out, drew out a brilliant flame, like a fire bird flying into the sky, and plunged into the blood alliance disciple with a thunderous force, and then exploded.

didn't even make a scream, and the disciple of the blood alliance who was killed in front of Ye Chen turned to ashes! He couldn't die more completely.

What a fast speed, what a domineering attitude, what a terrifying method!

Miss Ji's one arrow, shocking the world!

The entire soul condensing platform is silent!

The only sound that can be heard is the howling of the cold wind! All you can see is the violent wind and burning flames.

All eyes are fixed on Miss Ji Jia who is holding a curved bow and looking cold.

It seems that at that moment, the deafening sound of breaking through the air is endless.

A blood alliance disciple on the fourth floor of the Ascension Realm was killed by the town like this?

What is this? What is this magic weapon? too horrible!

"Brother!"

It wasn't until he came back to his senses that the few remaining people in the blood alliance cried out sadly.

Looking at the flames, their eyes were splitting.

My younger brother, just died like that?

There is no counterattack?

Looking at the expressionless Miss Ji Jia, who walked into the fire and retracted the sharp arrow shot, the eyes of the two of them were extremely hateful.

"This guy has what my Ji family wants. If you get closer, die!"

However, what about Miss Ji's family? How would she care about the cannibalistic eyes of the blood alliance disciples, and how would she care about the opinions of others.

Standing on the bow, she snorted coldly.

Some words, like thunder and explosion, shocked people's hearts.

Who dares to approach this kid, who will die!

This is the voice made by Miss Ji Jia, and this is her warning to everyone.

Miss Ji's family obviously wants to protect that kid!

At this moment, the longbow of Lieyu Bow in Miss Ji's hand looked particularly dazzling.

"Mr. Ye is really beautiful, but judging from the other party's shots, he really belongs to the Ji family."

Feeling the almost suffocating breath in the venue, looking at the indifferent Miss Ji Jia, Shen Shixi couldn't help but twitched his mouth.

The shot between Miss Ji Jia's electric light and flint just now was really shocking.

Shen Shixi has a deep understanding.

That long bow is very extraordinary.

should have been created by the Ji family.

Kunlun Xuji family has a master craftsman, and countless sects and families are rushing for the weapons they built.

Suddenly, as if thinking of something, Shen Shixi's expression suddenly changed.

Shen Shixi has an extraordinary status, so he knows a lot.

Until this moment, he remembered the origin of the long bow in Miss Ji's hand!

Fierce Feather Bow!

It is said that thousands of years ago, a Ji family woman swept through a hundred thousand army with a fiery feather bow, beheading countless powerful men, and made a huge contribution to the Ji family.

That fierce feather bow has also been passed down as a myth.

After , the woman disappeared without a trace, leaving the Lieyu Bow, guarding Ji's house.

It's a pity that no one in future generations can use the Feather Bow.

Until a thousand years ago, a woman named Ji Furong in the Ji family once again drew a Lieyu Bow to save the Ji family from embarrassment. With one arrow, she killed the strong thousands of miles away! And that arrow also consumed all Ji Furong's blood!

Lieyu Bow once again became famous in Kunlun.

Since Ji Furong, although the Lieyu bow is there, no one can use it. I heard that he has lost his spirituality.

For thousands of years, this magic soldier has been gradually forgotten!

Unexpectedly, today, the strong feather bow will reappear?

This caused Shen Shixi's expression to change suddenly.

"Lieyu Bow! This is Lieyu Bow!"

"That's right! I remember it too! This is Ji's Lieyu Bow!"

"How is it possible! Lieyu bow will appear in that woman's hand?!"

"She was able to cast a Feather Bow, this is impossible!"

Shen Shixi's regained soft cry, obviously reminded many people.

In an instant, everyone on the stage recovered and exclaimed.

The people present are all members of large families or sects.

Shen Shixi's reminder quickly reminded them of something.

The more so, the more shocked people look.

Thinking of the legend about Lieyu Bow, they looked at each other even more!

This incomplete treasure of the Ji family appeared in the hands of Miss Ji family. Isn't that enough to make people crazy?

"Strong Feather Bow?"

In front of the crowd, Xue Fenghua's pupils couldn't help but contracted suddenly, his expression changed, cloudy and sunny.

But soon, Xue Fenghua noticed something, and snorted coldly: "Although it is a Lieyu Bow, its rank has fallen so badly. Otherwise, the Lieyu Bow in its heyday is estimated to have turned everyone into a blood mist. For Ji's family, it's just a broken toy. What's so surprising."

Blood Fenghua's words also awakened everyone.

indeed.

The fiery feather bow held by Miss Ji's hand is not as powerful as in the legend.

Even the rank has dropped a lot.

is not too strange to come out.

But the skinny camel is bigger than the horse, and many strong people don't dare to fight Ye Chen's idea.

Even if he was a blood ally, he couldn't help but his face became heavy.

Lieyu Bow is in hand, although the rank has dropped a few points, but at this moment, Miss Ji's is like a \*\*\*\* and demon, and she is a man who can do nothing. Who can compete with it?

In addition, Shen Shixi who is beside Ye Chen is very \*\*\*\* and dare not move!

The entire soul-condensing platform is deadly silent, only time is constantly passing by!

Ye Chen's crazy plunder, extremely ruthless!

and the remaining people can barely absorb some aura! Try to comprehend!

But the result is failure!

This is like Ye Chen eating a bucket of rice, and the rest of the people can only drink rice soup!

This \*\*\*\* is too domineering, the point is that they have no way at all!

Two days!

For two full days, Ye Chen's cultivation has already made people crazy and almost collapsed!

From stepping on the soul condensing platform, to this moment, in two days, Ye Chen has never stopped absorbing aura!

The entire soul condensing platform, because of the existence of Ye Chen, the Qi machine is chaotic. Everyone can only watch Ye Chen helplessly, absorbing energy wildly!

The energy he absorbs is hundreds of times and thousands of times the energy needed by ordinary cultivators! However, Ye Chen is all right? This is even more frightening.

Most of the time to enter the Soul Condensation Platform has already passed, and many people have already left, and all the remaining personnel have no opportunity to practice at all, which makes them resentful.

It's just that, whenever I see Miss Ji Jia standing next to Ye Chen holding a Lieyu bow, the grievances in everyone's hearts can only be suppressed, suppressed, suppressed again!

Dare to be angry but dare not speak, is there anything more sad than this?

Chapter 580: A great shame

Even though Ms. Ji Jia can only use the power of the feather bow and fur, such a cultivator is no longer a person of the same level who can compete!

Even cultivators at the pinnacle of Transcendent Realm have to retreat.

Who dares to compete with Miss Ji Jia? The violent disciple of the Blood Alliance is an example!

This makes everyone even more daring to speak up!

All people can do is look forward to it, and hope that Ye Chen will end this \*\*\*\* practice as soon as possible, leaving them a little room!

Especially when people clearly noticed that in the past two days, the energy aura on the Soul Condensation Platform became weaker and weaker, and the mood became even more anxious.

If this goes on, Ye Chen really doesn't plan to leave others a little bit of survival!

"Huh!"

On the third day after arriving at the Ninghantai, at dawn, finally in the countless prayers and expectations of everyone, Ye Chen, who was sitting in the center of the storm, let out a long breath.

Nine Heavens Xuanyang Jue gradually stopped running, Ye Chen slowly opened his eyes.

On this day, Ye Chen finally withdrew from cultivation, and the storm that had raged on this soul-condensing platform for three full days finally stopped at this moment.

The originally drowsy people noticed this situation and suddenly opened their eyes, and their eyes were subconsciously focused on Ye Chen.

Heaven and earth, at this moment, it seems to be silent!

Ye Chen returned from training, what is his situation now?

The entire soul condensing platform is quiet and terrifying!

After three full days, Ye Chen finally stopped practicing and opened his eyes.

The moment Ye Chen's eyes were in contact, everyone's hearts couldn't help but sink.

What a sharp look is that?

At this moment, Ye Chen crossed everyone's eyes, as if he could see everyone through!

"Mr. Ye, you are finally over!"

After a while, Shen Shixi, who was the first to recover, showed an excited smile.

At this moment, everyone can't feel how powerful Ye Chen's aura is. However, the look in Ye Chen's eyes at this moment was palpating. He obviously has a different change!

Even the look in his eyes feels like he is facing an extraordinary powerhouse!

Has Ye Chen already stepped into this level?

Three days from the True Element Realm to the Immortal Ascension Realm, and then to the Transcendent Realm?

impossible!

"Thank you seniors for protecting me these days!"

nodded towards Shen Shixi, Ye Chen said softly.

When Shen Shixi heard the predecessor, he almost knelt in shock!

"Mr. Ye, you can't mess up your seniority! You are a teacher... If the Sect Master knows, you can kill me."

Immediately afterwards, Ye Chen looked at Miss Ji Jia.

Although he didn't know why the other party wanted to help himself, he understood the kindness.

But he will not send the veins of the black explosive python because of this!

"Thanks!"

The Miss Ji Jia took the weapon back and smiled: "You are polite, I love to make friends, and now we should be regarded as ordinary friends."

Ye Chen hesitated for a few seconds and nodded: "Forget it."

After a while, Ye Chen retracted his gaze, let out a light breath, suddenly shot in one direction, and released his murderously, saying: "There are some things, it's time to solve it!"

Although I have been cultivating in the past few days, how could Ye Chen not be clear about some things that happened outside?

For example, that day, Miss Ji Jia used a strong feather bow to kill a blood alliance disciple!

For example, those killing intents that have been locked on him from time to time in the past few days!

The people of the blood alliance, want to destroy Ye Chen's heart, never die.

In that case, Ye Chen didn't want to wait.

"Miss Ji, there should be no problem with the soul condensing platform."

"As long as you don't make things big, it's okay. Those big people who are in charge will not care."

Ye Chen nodded, with a sneer at the corner of his mouth, and looked at Xue Fenghua and several strong blood alliances.

"Boom!"

The next moment, between thoughts, a powerful murderous intent rose to the sky.

In the murderous intent, the world freezes, and everyone seems to have fallen into the ice cellar.

Ye Chen was in the reincarnation cemetery, and within three days, he stepped from the third level of the true essence to the eighth level of the true essence!

five realms!

Although I didn't step into the mysterious world! But it's almost against the sky!

Under the same realm, he must be several times stronger than Kunlun Xu's powerhouse!

This is also the key to his ability to leapfrog and kill!

And at this moment, his breath and murderous intent are not at the eighth level of the True Element Realm!

is more like above the gods!

"Not good! Be careful!"

Blood Fenghua took the lead in a big change and exclaimed.

"What a powerful aura! This is definitely not the True Primal Realm! It seems like the Immortal Realm, and like the Transcendent Realm, but it's not like it."

burst with murderous intent!

At this moment, Ye Chen's breath became violent.

The blood dragon in his body seems to rush out of his body immediately!

Feeling this breath, everyone looked panicked.

That momentum soaring to the sky made Ye Chen's figure stand like a mountain on this soul condensing platform.

It is obvious that Ye Chen has undergone a qualitative change.

This is not the breath that a practitioner of the True Origin Realm should have.

Could it be that Ye Chen has quietly stepped into the transcendent state?

The sound of inhaling air-conditioning, one after another.

Everyone's eyes looked incredible.

Originally, among all the people who came to the Soul Condensing Platform this time, Blood Fenghua was undoubtedly the person who was most likely to break through.

However, everything that happened when he came to the Soul Ning Platform did not even leave a chance for Blood Fenghua.

Ye Chen crosses so many realms now? How can people calm down?

Even the eyes of Miss Ji Jia who were not far away flashed a look of horror.

"This kid is interesting. The soul-condensing platform of China Kunlun Mountain is not powerful, but it was abruptly deprived by this kid. The key aura is so powerful that it is almost unheard of. This son and sister Ji Siqing are the same people? If this son joins the Ji family, doesn't the Ji family mean that there is another enchanting genius?"

At this moment, Miss Ji Jia didn't have much interest in the veins of the black mad python.

Ye Chen is really interested in her!

Amidst the shocking eyes, amidst bursts of exclamation, Blood Fenghua took the lead in returning to his senses, and murderous intent broke out.

This kid is a threat to him.

Originally, this kid was just an ant that could be pinched to death at any time in his eyes. Now, it seems absolutely dangerous!

Even this son threatens the blood alliance like Ye Chen of China!

What's wrong with this world?

Ye is so awesome?

Kunlun Xuye Family, which has been silent for a long time, is about to explode?

"If I am not mistaken, your blood alliance just wanted to kill me while I was practicing."

"If it weren't for Miss Ji's action, I'm afraid I would have fallen on this soul condensing platform."

"If your blood alliance is willing to kneel down and surrender, I can consider giving you a way to survive."

Threat!

Naked threat!

Who would have thought that the blood alliance would be threatened by a kid from the True Element Realm!

This is simply a shame!
