Chapter 61: Tianzheng Group!

Li Cangfu stiffened, he naturally understood the meaning of Ye Chen's words.

This is a threat, but also an order.

He glanced at his embarrassed daughter on the ground, gritted his teeth and said: "Mr. Ye, I understand."

After Ye Chen entered the box, Li Cangfu looked at the bodyguard, pointed at Sun Yaoyao and Li Xin and said, "Drag them out."

Li Xin naturally knew what was going to happen, her eyes were filled with surprise, she almost struggled frantically, and yelled: "Dad, what are you doing! I am your daughter! You actually do it for a bastard..."

"Snapped!"

Li Cangfu slapped the past without hesitation. He knew that today's affairs were not handled properly, let alone his Keyuan Group could not keep it, even their family's life might not be kept!

Those family children in the capital can destroy the door at every turn. The Jiangcheng Ye family was the best example back then!

He is afraid of death! He can only compromise!

Sun Yaoyao was also pale in fright, she never thought that things would turn around like this!

She stared at Ye Chen who was going away! The waves are in my heart! Who on earth is Sun Yi's boyfriend? Why does every superior existence want to please him?

First the genius doctor in the hospital, and then Shen Haihua, the chairman of Beiming Group!
Even his girlfriend's father fanned his daughter for this man!

A coolness slowly rose from behind her, and she caught a glimpse of Sun Yi from the side of her. She knew very well that as long as this man was there, she could only look up to this woman that she had looked down upon in her entire life.

"Snapped!"

Li Cangfu slapped Sun Yaoyao's face with a slap.

"Snapped!"

The applause was endless, resounding throughout Xilin Lane.

Seeing this scene, Uncle Wang and Aunt Zhang were a little dazed. They found that Achen had changed, as if they had become extra strange.

Once he heard that his son had mentioned Achen, and knew that Achen seemed to be miserable at school and was always humiliated.

But now, five years later, those big brothers in Jiangcheng actually have to look at Achen's wink and do things?

Is he still the Achen who was once called trash?

"Boy his dad, Achen, this is..."

As soon as Aunt Zhang wanted to say something, she was signaled by Uncle Wang: "The current Achen is no longer the former Achen. I always feel that he has a special temperament... Well, forget it, don't say it. I'm going to cook... they still have to eat."

.....

In the box, four people are seated.

"Mr. Ye, do I need to take care of Li Cangfu's matter?" Shen Haihua said.

As long as Ye Chen nodded, he would let the group begin to put pressure on the Keyuan Group and ruin the Li family completely!

Ye Chen shook his head, took a bite of the dish, and said: "This Li Cangfu's daughter is just a little trouble, and the punishment right now is enough to make her remember. If the other party does not have long eyes, I will naturally deal with it."

Shen Mengjia frowned. I don't know what the treatment in Ye Chen's mouth means. Could it be that he killed the Li family?

In this peaceful society, is it possible that you still kill people?

"If this is the case, it would be the best. By the way, Mr. Ye, you should come to me today not just for this meal." Shen Haihua said straightforwardly. As a business giant, he can naturally guess that the young people in front of him have other requirements.

Ye Chen put down his chopsticks, nodded, and said lightly: "Indeed. Mr. Shen, how much do you know about Tianzheng Group?"

Hearing Tianzheng Group, Shen Haihua and Shen Mengjia's eyes shrank together, their faces were full of horror!

Because the origin of Tianzheng Group is too terrifying!

Five years ago, I used to be the enterprise of Jiangcheng Ye family! Ye Hongtai is at the helm.

Although the Tianzheng Group is gradually declining, its former glory is obvious to all.

What people did not expect was that Ye Hongtai died at a banquet at Yunhu Villa!

All three of the Ye family were killed!

Countless forces and families have drawn a clear line from the Ye Family!

just because a man behind it controls everything!

Tianzheng Group, as Ye Hongtai's asset, was naturally annexed by many forces!

In order to conceal others, those forces have repeatedly packaged, backdoored, and reorganized assets for Tianzheng Group.

If it is not an insider, it is impossible to know where the Tianzheng Group is.

Shen Haihua looked at Ye Chen and curiously said: "Mr. Ye, why do you care about Tianzheng Group so much? This was the Jiangcheng Ye Family..."

Suddenly, Shen Haihua seemed to be hit by a thunderbolt from the blue sky, his eyes widened, and he stared at the youth in front of him!

Mr. Ye!

Ye Chen!

Ye Hongtai!

Ye family!

Tianzheng Group!

Could it be that the young man in front of him was the young man from the Ye family who fell into Dongqian Lake? Ye Chen? Yes, the youth of the Ye family in Jiangcheng is also called Ye Chen!

He didn't die, but he came back? Come back with a resurrection technique?

Shen Haihua really set off a stormy sea in his heart! He hadn't experienced such a big fluctuation in more than ten years, and he looked at Ye Chen like a ghost.

Shen Mengjia is the same. Although she and her father had guessed about this possibility, the thought of the trash of the Ye family dismissed the idea again.

After all, the trash of the Ye family is a big joke in Jiangcheng circle! Even if you give him ten years, it is impossible to achieve the achievements of the young man before him!

Her delicate body was trembling, and her face was a little pale, she was waiting for Ye Chen's reply.

Ye Chen naturally saw the reaction of the two of them, tapped his finger on the table three times, suddenly raised his head, and said lightly: "I am Ye Chen who fell into Dongqian Lake back then~www.ltnovel.com~Ye from Jiangcheng Ye Family Chen!"

His voice was flat, but it made the room produce an invisible murderous aura.

Murderous spirit surrounds Shen family father and daughter, making them walk on thin ice!

The trash from the Ye family really came back! The situation in Jiangcheng is about to change!

Shen Haihua is sure that none of the people involved in the Yunhu Villa incident can escape!

Fortunately, he was busy with business back then and did not interfere with the Ye family, otherwise his Shen family would really be finished.

Shen Haihua recovered from the shock, took a long breath, and said, "Mr. Ye, I really didn't expect... I think Mr. Ye's parents should be very pleased to see your current achievements. As for the Tianzheng Group, Shen does I know some. The Tianzheng Group Building was demolished five years ago. It was replaced by the Nantai Building. The forces behind the Nantai Building are complicated. I heard that it not only involves the Nantai Society, the largest underground power in Jiangcheng, but also some families and families in Jiangcheng. enterprise.

After the Yunhu Villa incident, they eroded the entire Tianzheng Group. Through commercial operations, such as backdoor listings, asset restructuring, compulsory acquisitions, etc., Tianzheng Group was almost completely unrecognizable. If you really want to say it, now Qinghe The group is the Tianzheng Group that year.

And the helm of Qinghe Group is Zheng Jingming. "

heard the three words Zheng Jingming!

Ye Chen's body was wrapped in a burst of cold murderous intent!

He will never forget this name even when he dies!

Father's former friend!

The uncle he has always trusted!

The invitation letter from Yunhu Villa was handed over to his father by Zheng Jingming!

He even vaguely remembered how Zheng Jingming pleased the man in the capital on the night his father died!

That mouth and face, he will never forget it!

Chapter 62: Interest involved!

"Ye Chen..."

Just when Ye Chen was full of evil intentions, Sun Yi's white hand was directly placed on Ye Chen's.

A touch of warmth made Ye Chen wake up. He looked at everyone and smiled: "I'm sorry, I remembered something from five years ago."

Shen Haihua naturally knew what kind of hatred he would have against Ye Chen when his family was destroyed. He thought for a few seconds and then said: "Mr. Ye, you are returning to Jiangcheng this time, but are you here for the Qinghe Group?"

Ye Chen nodded: "Forget it, after all, Tianzheng Group is the hard work of my father back then. As a son, I naturally want to win it back for him."

"Indeed, Mr. Ye's move is also human nature, mainly those people who used to be too much! What is the difference between this and forceful grabbing! Mr. Ye, let's go, I know you don't know much about the mall, but Shen still It's a bit of a way. In the past few days, I have compiled a copy of Qinghe Group's information for you, and then we will work out a way to win Qinghe! How?"

Shen Haihua finished, looking at Ye Chen a little nervously! Shen Haihua knew very well that if he really wanted to be **** with the man in front of him, Qinghe Group was the only way right now!

Shen Mengjia beside even found that his father was shaking.

What's the matter with my dad, is it so nervous?

Ye Chen never expected that Shen Haihua would make this suggestion. After all, he learned from Shen Haihua's words that the forces behind the Qinghe Group are complicated. If you want to win, you must take some risks, but the other party is willing to help himself without even thinking about it. Somewhat strange.

"President Shen, you have said that the water in the Qinghe Group is very deep. Are you not afraid of your Shen family being involved?"

Shen Haihua smiled heartily: "Mr. Ye, you don't understand. Our businessmen are chasing profits. If we win the Qinghe Group, I hope to get 10% of the shares. This share only has the power to pay dividends. The real controller is still How about you? If you agree, Shen will do it immediately!"

Sun Yi was a little surprised when she heard Shen Haihua's request.

As the director of Huamei Group, she understands some business rules.

This Shen Haihua's suggestion is simply to change the way to tie Ye Chen together.

Which businessman would not have the right to vote? For Shen Haihua, the dividends of the Qinghe Group were just a drop in the bucket.

If Qinghe Group were to be taken, it would be equivalent to a gift from Shen Haihua to Ye Chen!

Ye Chen naturally understands Shen Haihua's purpose, but he is lonely now, and it is undoubtedly the best to regain his father's efforts with Shen Haihua.

In this way, it is equivalent to owing Shen Haihua a favor.

That's all, if the Shen family is in trouble in the future, let's help yourself last time.

"Then trouble Mr. Shen." Ye Chen said.

Shen Haihua was delighted, his fists were slightly clenched, very excited.

He hasn't had the excitement of opening up the territory for many years. At this moment, he can foresee that the Shen family has been tied to an aircraft carrier!

It won't be long before the Shen family is no longer a small Jiangcheng Shen family!

.....

Dinner is until eight.

Shen Haihua hurried home. He wanted his daughter to spend more time with Ye Chen, but Sun Yi was here and could only give up.

After , Ye Chen and Sun Yi wanted to help Aunt Zhang clear the table, but Aunt Zhang disagreed, and even stubbornly drove Ye Chen and the others out, which made Ye Chen somewhat helpless.

The two could only hit a car and head towards the Dadu apartment.

While in the car, Ye Chen noticed that several cars were following him.

was eating in Uncle Wang's shop just now, and he also found that there had been several masters around him secretly protecting them.

These people must be Ye Lingtian's subordinates.

Ye Chen glanced out the window, thinking that there is no need to avoid Ye Lingtian all the time, and find a chance to see him later when he gets home.

At this moment, the taxi stopped at the traffic light at the entrance of Tomson Yipin.

Sun Yi opened the window, stretched out her head, and looked up at the most luxurious downtown residence in Jiangcheng. He couldn't help but said with emotion: "Ye Chen, how many years do you think I have to struggle to live in such a house? And, that Tomson Is it possible to see the entire Jiangcheng from the top-floor house of Yipin? Will it feel like a small view of the mountains?"

Ye Chen smiled. He really has the right to speak, and he said: "Living on the top floor, the scenery is really good, but the only drawback is that the space inside is too large. You have to walk from the living room to the bedroom for a long time. "

Sun Yi drew back from the window, gave Ye Chen a blank glance, and said, "You've been like you lived in it. Do you know how much this Tangchen Yipin house is? Come down!"

She knows that Ye Chen has a lot of things, but it is impossible to buy the first product of Tomson.

Ye Chen knew that Sun Yi would not believe it, so he took out a key from his pocket and threw it to Sun Yi.

"This is the key to the top floor of Tomson Yipin. If you like it so much, I will give it to you. You can go there and experience it when you have time."

The driver who was driving almost slid his hand when he heard these words and could not control the direction. After the car was stable, he glanced at Ye Chen from the rearview mirror, shook his head, and said to himself: "These days, the guy cheated the little girl. The method is getting more and more shameless...just take the key and deceive people...oh, why are young people so unreliable."

Naturally, Sun Yi didn't believe it, and she laughed "Ye Chen, Ye Chen, where did you get this key, oh, let alone, this key looks pretty advanced, and it also has a chip... ..Wow, there is also the Tomson first-grade symbol on it... I was almost fooled by you."

"But you are also very mindful. I guess I mentioned it to you last time. You went to Taobao and bought one to please me. In that case, I reluctantly accepted it."

Sun Yi put the key in his pocket casually.

In her opinion, the key that Ye Chen threw to her naturally cannot be true.

She is no longer a little girl, she is not that easy to lie.

Ye Chen glanced at Sun Yi, UU reading [www. uukanshu.com](http://www.uukanshu.com) knew that the other party did not believe in itself, and did not explain too much.

However, it is estimated that this characteristic of bragging is deeply ingrained in Sun Yi's mind.

When the two arrived at Dadu's apartment, Sun Yi went directly to take a shower because of some smell on her body.

Ye Chen sitting on the sofa remembered something, and directly picked up the phone on the desk and dialed out.

The phone is connected.

"Hall Master, you finally called me." An excited voice came from the other end of the phone.

"If I didn't guess wrong, you should be in Jiangcheng now, and don't call me the lord." Ye Chen said lightly.

"The lord of the palace really expected things like a god, I am indeed in Jiangcheng."

Ye Chen: "....."

"Forget it, just call it whatever you like. This time I'm thankful to you. Since you are in Jiangcheng, at ten o'clock in the evening, find a place to meet, some things must be clear."

"Hall Master, this is what I should do... Hmm? The Lord... You... are you finally willing to see me?" The other end of the phone was startled and immediately excited.

After a long while, the other party took it easy and said seriously: "Let's do it...Jiangcheng Yuhao Club is my property. I believe it, the environment is very quiet..."

Ye Chen heard the expression on the Yuhao Club a little weird.

He heard about this club when he was very young, and it has a history of more than 50 years in Jiangcheng.

The top clubhouse in Shangjiang City.

In the Jiangcheng circle, only a small number of people could be invited in.

The place in this clubhouse cannot be bought with money. My father wanted to enter it, but he was told he was not qualified.

Unexpectedly, the people behind this club are actually Ye Lingtian's property.

What is the way for Ye Lingtian?

Chapter 63: Jiangcheng's top club!

Ten p.m. Jiangcheng Yuhao Club.

Chu Shuran has hardly slept well these days, closing his eyes is the blood-sparkling head of Yao Jingu.

She used all the power that the Chu family could use to investigate the cause of Yao Jingu's death, but at every critical moment, a pair of invisible hands caught all clues.

The Chu family can't even find a fart!

She was a little puzzled, who has the ability to block all news? Can't even reach the Chu family of her Jiangcheng First Family?

"Please show your membership card!" several security personnel at the door said coldly.

As the staff of Yuhao Club, they don't need to look at anyone's face!

This is their power!

Chu Shuran and his father showed the Yuhao Club membership card and naturally successfully entered the club.

This time, they had an appointment with a powerful person from the National Security Bureau in the club, just to find some clues through the other party's network.

Since Jiangcheng's power can't be found, he can only use the higher relationship to check.

After all, a master fell in Jiangcheng, which is no small thing for the National Security Bureau!

It is impossible for the manipulator behind the scenes to cover up all clues.

Inside, Chu Shuran was surprised to find that the number of masters in the Yuhao Club had increased a lot, and it was filled with a few strong auras.

Those strong men seemed to stare at them in secret.

"Dad, have you noticed something wrong with the club today?" Chu Shuran whispered.

Father Chu nodded, his eyes motioned to a man walking back and forth not far away: "Shu Ran, have you noticed that man with a hunched back?"

Chu Shuran nodded, "Dad, what's the matter? Do you know?"

Father Chu glanced around and saw no one before he whispered: "I know him, but he doesn't necessarily know me. Because this man is the helm behind the Royal Club!"

Chu Shuran was startled, her beautiful eyes filled with shock!

She has only heard about the terrifying aspects of Yuhao Club since she was a child, but has never seen the person behind Yuhao Club!

And now, the person behind is not far away from him!

This is a figure that Jiangcheng countless families have to please!

After all, members of the Royal Club are extremely difficult to find! General status and strength are simply not available!

Once you enter this club, it means you can access higher-level resources and relationships!

This circle is far from comparable to the Jiangcheng family circle!

Father Chu glanced at Chu Shuran with a deep meaning, and continued: "Shuran, don't look at his hunchback, in fact, he is also a martial arts master! He is very powerful! This is why no one dares to move the Yuhao Club. One of the reasons, of course this is not the main reason..."

Chu Shuran set off a stormy sea in her heart, and subconsciously said, "The main reason is..."

Father Chu only said six words: "Nanjiang King, Ye Lingtian."

After hearing these words, Chu Shuran finally understood everything.

There are too many things behind the words ! It's even scarier than this club!

Because the shadow of the King of Nanjiang almost covers the entire Jiangnan Province!

After a long while, Chu Shuran came back to her senses, thinking of something, and whispered softly: "Dad, I think that man seems to be waiting for someone. Is it possible that he is waiting for King Nanjiang?"

Father Chu shook his head, swiped his card directly to open a special door, walked in, and after he was seated, he said, "It doesn't matter who he waits. It is difficult for us to touch the existence of this level. The most urgent thing is to care about Yao Jingu. The cause of death, the one from the National Security Bureau should be coming soon..."

Chu Shuran glanced at the direction of the gate, expecting something, but after hearing his father's words, he could only enter the box.

After the two entered, a casually dressed young man appeared at the gate.

.....

Ye Chen came to the Yuhao Club according to the location Ye Lingtian told him.

Not to mention, this club is a bit grand.

Fountains, lights, and bamboos create a different mood.

The key Ye Chen clearly felt that there were a few powerful men staring at him around him. Once he made trouble, those guys would definitely take action immediately.

Ye Chen didn't take it to heart, and walked directly toward the gate, but soon, he was stopped by four security personnel.

"Please show me your membership card!"

Ye Chen didn't have any membership card. Just as he was about to take out his mobile phone to call Ye Lingtian, a figure quickly walked from inside.

When several security personnel saw the figure, their eyes shrank, and they quickly bowed respectfully, "Master Ruo!"

But the man didn't look at them at all. Instead, he came directly to Ye Chen, with a smile on his face and said, "Mr. Ye...Is that you?"

Ye Chen nodded.

Master Ruo was a little surprised when he saw the other party's admission.

The King of Nanjiang asked him to wait for a man named Ye, and asked him to wait on him carefully. He thought he would be a middle-aged man, but he didn't expect him to be so young!

This age is probably only about 20 years old.

He really can't figure out, for such a trivial guy, King Nanjiang would call himself, even asking him to stand at the door and wait!

But since the King of Nanjiang has already confessed, he naturally can't say much, just wait carefully.

Maybe the other party is the illegitimate son of King Nanjiang.

He looked at the four security personnel and pretended to scold: "Do you guys have eyes~www.ltnovel.com~ This is Mr. Ye! In the future, Mr. Ye does not need any membership card! Listen! Is it there yet!"

The four people's complexion changed greatly, and they nodded quickly and said, "Yes, yes..."

Master Ruo snorted coldly: "Don't apologize to Mr. Ye yet!"

"Mr. Ye, I'm sorry..." the four said in unison.

Ye Chen would naturally not get involved with these subordinates, nodded, and walked inside.

"Lead the way inside, by the way, has Ye Lingtian arrived?"

Hearing Ye Chen calling Nanjiang King's name directly, the corner of Ruo Ye's mouth twitched slightly!

Because he still felt a little indifferent from the other's tone!

is like calling someone down!

"Mr. Ye, Lord Nanjiang will be here soon, please go inside and wait..." Ruo Ye bent over.

Ye Chen didn't speak, and went directly into the box arranged by Lord Ruo.

The box has a good environment, with a hundred square meters, and even the calligraphy and paintings hanging on it are very valuable.

Master Ruo then retreated. If it weren't for the intention of King Nanjiang, he would not lower his posture to serve this kid!

Who is his rudder?

That is the existence of an earthquake in Jiangcheng!

I actually want to serve a boy who doesn't have all his hair so carefully?

What a joke!

Ye Chen drank a cup of tea, and when he saw that Ye Lingtian hadn't even appeared yet, his brows were a little unhappy. He wanted to ask the man named Ruo Ye, but found that the other party had disappeared.

In desperation, Ye Chen had to go to the bathroom.

If Ye Lingtian doesn't show up again later, he doesn't plan to wait any longer.

Ye Chen will not stay for anyone!

Not even the King of Heaven, Lao Tzu!

Chapter 64: Goodbye Chu Shuran!

Ye Chen walked out of the bathroom and just happened to ran into a little beauty carrying a refreshment and walking towards his box.

He didn't want anyone to go to the box to disturb him, so he told the little beauty: "Give me things, I'll take them in by myself."

The beautiful waitress with a beautiful body naturally knew that Ye Chen was the owner of the box. Although there was no such precedent, he nodded and carefully handed it to Ye Chen.

"Mr. Ye, if you have any needs, you can press the button on the table."

She knows very well that although the other party looks young, she can not offend anyone who can enter the Yuhao Club!

After watching the waitress leave, Ye Chen was about to walk into his box with refreshments.

Suddenly, a crisp female voice came from behind.

"Ye Chen?"

Hearing this crisp sound, Ye Chen's body was almost petrified.

His eyes gradually became colder.

Chu Shuran!

Chu Shuran from the Chu Family in Jiangcheng!

He will never forget this woman's voice!

is this woman who rejected herself in front of everyone in the school!

is to make the word waste become his nightmare!

let him fall into the abyss!

If it weren't for this incident, the parents would not enter the banquet at Yunhu Villa! Not to die!

Of course, if you really want to talk about it, Chu Shuran can't be blamed on this matter.

Yao Jingu told him before he died that even if his parents didn't attend the banquet, the man from the capital would not let them go.

All this is just a conspiracy.

Ye Chen is murderous, he has no habit of killing women, but he will find a way to make this woman feel fear and regret bit by bit.

This is perhaps more painful than killing her.

Ye Chen turned around and glanced at Chu Shuran in front of him indifferently.

is indeed the school flower of the year. After so many years, Chu Shuran's appearance has become more and more radiant, and the figure has also developed, which is extremely full and attractive.

Her temperament has also faded away from the green, and turned to a touch of cold and gorgeous.

It's just the arrogance of the inadvertent eyes, still unchanged.

The Chu Family, the first family of Jiangcheng, is this Chu Shuran's arrogance?

Chu Shuran looked from a distance just now, but felt that this figure was a bit like Ye Chen, and she couldn't be sure, so she could only try to call it.

But when the other party turned around, her smart eyes were instantly filled with surprise, because she found that the man's facial features really resembled Ye Chen.

is just a sharp contrast of temperament.

Five years ago, Ye Chen was full of cowardice and low self-esteem, but the man in front of him had indifferent and confident eyes.

Even the other party saw her look amazing for a second, and the next second, her eyes returned to normal, as if she was a vulgar fan.

Then she thought, Ye Chen fell into Dongqian Lake, and then it rained again, how could the other party be alive.

Even if the other party is alive, he has lost the Ye family, his greatest support, and he probably wouldn't dare to return to Jiangcheng.

At this moment, he should look like a mourning dog, how could he have the temperament of a man in front of him.

Chu Shuran noticed the refreshment in Ye Chen's hand again, and naturally guessed Ye Chen's identity. He should be the waiter of the Yuhao Club.

Although it is only a waiter, it is not an ordinary person who can do it. After all, the people you meet here are top figures in Jiangcheng and even Jiangnan Province. If you happen to be favored by a big person, the waiter might be so high.

Some people even said that the waiters in this Yuhao Club are far better than some small business owners.

In Chu Shuran's view, the waiter is still a waiter after all, and there is no such thing!

No matter how a waiter soars into the sky, it is impossible to reach her current position.

All roads lead to Rome, but some people were born in Rome! She Chu Shuran is the latter!

"What's the matter?" Ye Chen's cold voice sounded, even if there was a beautiful woman in front of him, or a proud beautiful woman, he had no interest at all.

Chu Shuran heard the other's question, raised his chin, and said with a sense of superiority: "I have admitted the wrong person. You are a bit like a high school classmate of mine."

Ye Chen didn't pay attention to the other party's plan. Just about to turn around, Chu Shuran took out a business card and handed it to Ye Chen, saying: "My name is Chu Shuran. You should have heard of the Jiangcheng Chu family. It's my personal business card. If you want to climb up, you can call me on the phone."

Chu Shuran has been immersed in regret for Ye Chen, and now that he sees someone who looks like Ye Chen, he naturally wants to do something to make up for it.

Even if the other party is not Ye Chen, just for peace of mind.

Her white face is full of cold arrogance and confidence.

She believes that the other party will not refuse! This is the opportunity that countless people desire.

Because the Royal Club can give it to each other, her Chu family can give it ten times! This is the confidence of the Jiangcheng First Family!

If it weren't for his appearance, he wouldn't deserve Chu Shuran to take out this business card.

"Snapped!"

Ye Chen snapped off the business card.

The business card slid slightly in the air, and landed on Ye Chen's feet. He stepped on it.

"What is the Chu family in my eyes? I'm not rare. Get out."

Chu Shuran's arms were stiff in the air!

She thought about the countless appearance of the other party kneeling and licking, but she did not expect the other party to refuse!

refused without hesitation!

What is the Chu Family? What a big tone!

Even if you are a waiter of the Royal Club, can you be so crazy that you can't let go of the members here?

Chu Shuran's haughty face was full of annoyance~www.ltnovel.com~ Her cold and haughty voice sounded in Ye Chen's ear: "You really think that the waiter of the Yuhao Club can be lawless, believe it or not, I will complain to you! Let you get nothing here!"

Waiter?

Ye Chen glanced at the other person indifferently, and replied: "If I were the waiter here, you should be the standard chicken here."

After speaking, Ye Chen opened the box door and walked in, leaving only Chu Shuran, whose face gradually turned blue!

Hearing the word chicken, Chu Shuran was a little mad, her fists clenched and her nails a little bit into the flesh.

Someone would dare to say that her dignified Chu family princess is the kind of meat seller!

This top entertainment club naturally has standard ladies for big people to enjoy.

But what qualifications does this waiter have to insult her!

Just as Chu Shuran was about to open the box door aggressively, there was a sound of rebuke!

"what are you doing!"

Chu Shuran's body trembled, turned her head, and her face faded instantly!

It is the man who is speaking at the helm behind Yuhao Club, Master Ruo!

Even if she is the princess of the Chu family, she can't afford to offend her on the other side's territory!

She looked at Master Ruo with a cold face, and hurriedly bowed her body, and said softly, "Master Ruo, I am Chu Shuran from the Chu family. I am very famous for Master Ruo..."

Before he finished speaking, Master Ruo waved his hand and said impatiently: "I care if you are from the Chu family or the Zhu family. If you don't get out of the way, don't step into the Yuhao Club again from now on!"

Chu Shuran's face changed drastically, she nodded and hurriedly walked towards her box.

When left, he glanced at the door of the box and whispered: "Good luck for your waiter!"

Chapter 65: No matter who it is, kill!

Master Ruo glanced at Chu Shuran who was leaving, without much thought, he stood at the door and waited for the arrival of King Nanjiang.

To be honest, he hasn't seen King Nanjiang for a full year.

Back in Jiangnan Province, if there was no King of Nanjiang, he would have turned into a bone, and there would be no self now.

Nanjiang King not only saved him, but also strengthened his strength. Although he was only allowed to guard the small place of Jiangcheng in the end, he was willing to serve the existence of Nanjiang King.

Master Ruo knows very well that the stage of King Nanjiang is definitely not just Jiangnan Province!

Maybe, he wants to take the entire China!

To do things with such a big man is worthy of being a dream! Dare to mention blood!

Which man doesn't want to follow the heroes who open up the land!

A minute later, a burly man appeared at the club.

The man has an inch head, a face with Chinese characters, his eyes are cold, his complexion is majestic.

is wearing a black shirt with a slightly open neckline, and a very strong figure. The shirt cuffs are rolled into the middle of his arms, revealing a black dragon tattoo, and a medal is hung on his neck.

Two old men followed behind the man, his breath was extremely terrifying, his eyes were sharp and his steps were light.

is definitely a master of masters!

Master Ruo saw the man in the lead, a little excited, he hurriedly greeted him, and respectfully said: "He Ruo has seen King Nanjiang here!"

Ye Lingtian glanced at the man in front of him, showing no expression, and asked, "Is the man here?"

He Duo nodded: "Nanjiang King, he is in the box."

He was actually a little bit lost in his heart. He hadn't seen him for a year. King Nanjiang didn't ask him about his current situation at all, but only asked if the kid was there.

He really can't figure out how important that kid can be, and it's worthy of the Nanjiang King of Jiangnan Province to inspire so much!

Ye Lingtian let out a sigh of relief when he heard the answer, then tidied up his clothes, clenched his fists slightly, and seemed a little excited.

Such a scene, not only He Ruo was puzzled, but the two old men behind Ye Lingtian were also surprised.

They followed the King of Nanjiang for several years, and they had never seen each other in this way. It was a bit ugly, and a bit ugly.

"Crack--"

Ye Lingtian did not open the door, the door opened!

In the next second, a handsome young man was exposed to everyone's sight.

is Ye Chen!

"You finally came, if you don't come again, I'm going to leave." Ye Chen said a little displeased.

His time is precious, so I don't want to waste waiting.

He Duo heard this guy's attitude, just about to get angry, only heard a "plop!"!

Ye Lingtian beside him actually knelt down!

really knelt down!

At this moment, the whole world seemed to be in silence, deathly silence.

He Ruo's brain was blank, as if hypoxia, his face was pale! Gradually turning green!

Not only him, even the two strong men behind Ye Lingtian were stunned!

At this moment, they don't have the slightest image of a master, each of them has their mouths wide open, and their eyes are almost staring out!

Fuck!

Who can stand up and explain what the **** is it!

This is Ye Lingtian!

Ye Lingtian, the king of Nanjiang, who made the whole Jiangcheng fearful!

The weight of the three words Nanjiang King, even if the official power and the underground power are combined, can't be compared!

If the Chu family is the top family of Jiangcheng, then King Nanjiang is 10,000 Chu family!

Don't say the Jiangcheng family dare not mess with it! Even the family in Jiangnan province depends on his wink!

But now, such a terrifying existence actually kneels down!

You must know that for so many years, King Nanjiang has never knelt down to one person, and it is impossible to kneel down to others!

Looking at the entire Jiangnan Province, only others have the right to kneel him!

What the **** is it right now, Nanjiang King actually knelt to a young man who seemed to be only twenty years old!

It's not a dream, right?

Almost everyone present was petrified on the spot!

Even the beautiful waiter who was carrying things not far away was shocked. The tea cup in his hand fell to the ground and turned into a piece.

very crisp.

"What do you mean?" Ye Chen's voice was a little cold, he didn't like to be so public.

Ye Lingtian naturally felt the anger of the youth in front of him, and hurriedly said: "Hall lord calms down!"

It's okay that he didn't say anything. With a sound of the lord, the few people who had just slowed down behind him were stunned again.

Lord!

As the powerful subordinates of King Nanjiang, they naturally know what the word Palace Lord means!

Nanjiang King is in control of a powerful underground force!

This force has penetrated almost every corner of Jiangnan Province!

They control the so-called power! Control the lifeblood of Jiangnan Province! Control the scales of justice!

This is also the existence of Jiangnan Province's official and family real fear!

The key to this terrifying force has been empty from the beginning!

Nanjiang Wang emphasized that he is only in charge of acting!

And the real helm is the Lord!

In the past few years, they have never seen the true face of the Lord, only know that the Lord is extremely powerful!

Far above Nanjiang King!

The mystery of the Lord of the Palace has become a mystery for the entire Jiangnan Province!

But now, the mystery is completely revealed!

It never occurred to them that the terrifying palace lord in the legend was actually the seemingly thin young man in front of him!

He Duo's legs trembled a little, thinking of his own negligence just now, he couldn't help kneeling down!

Not only that, the two strong men behind Ye Lingtian also knelt down!

This scene, if seen by others, is enough to go down in history!

Ye Chen shook his head helplessly, turned around and walked into the room, leaving only one sentence:

"I said, I'm not the lord of the palace. Ye Lingtian, UU reading www.uukanshu.com, you come in, and the rest, get out!"

Ye Lingtian nodded, stood up, glanced at the person behind him, and ordered: "You are guarding outside the door, if anyone dares to interrupt, no matter who it is, kill!"

"Yes, Nanjiang King!"

"Yes, Nanjiang King!"

Ye Lingtian walked in and closed the door.

He looked at Ye Chen, who was facing away. Just when he wanted to say something, Ye Chen turned around, looked at him suspiciously, and questioned:

"Ye Lingtian, I haven't figured it out yet, why do you keep calling me the lord? Is it because I saved you in Cloud Demon Valley a few years ago?"

When Ye Chen just entered the path of cultivation, he was taken by the old man to the Cloud Demon Valley to experience, and he happened to run into Ye Lingtian and his brothers who were seriously injured. At that time, these people had been surrounded by ten martial arts experts, and they would die undoubtedly.

He wanted to die, but he hesitated when he heard that the other party was from China Jiangnan Province.

After all, this can be regarded as a stranger in another hometown, and it evokes his fond memories in Jiangcheng. Between life and death, he chose to save, and even used the array talisman the old man gave him to punish the ten strong men on the spot.

This scene is probably deeply imprinted in the hearts of Ye Lingtian, so he respects himself so much.

Ye Lingtian heard the palace master ask the reason, and violently tugged, tore off the medal hanging on his neck!

"Hall Master, this medal is the reason Ling Tian recognizes you as the Lord of the Palace!"

Ye Chen only noticed the medal.

The pattern of the medal is very weird. It is actually a bloodthirsty black dragon. The black dragon seems to be hovering above the clouds and mist, covering the sky and the sun. It is a young man looking down at the top of the mountain!

Suddenly, what did Ye Chen find!

The young man who appeared in this medal looks like himself!

Chapter 66: Are you investigating me?

Ye Chen watched for a long time, and finally returned the medal to Ye Lingtian, and said, "I think you asked someone to order it? Why do you want to look like me?"

Ye Lingtian shook his head like a rattle, took a step forward, and explained: "Hall Master, you have misunderstood, this medal has a history of a hundred years! How could it be customized? If you don't believe it, you can ask any Jianbao expert to view it. !"

Ye Chen's eyes are a little dignified. Although he has mastered some magic techniques that can break the secrets of heaven, it is impossible in theory to break through a century!

Because of a hundred years, there are too many variables, who can control the situation of a hundred years?

So the question is, how can you have yourself in this medal?

Or maybe the young man in the medal is just like himself?

"Where did you get this medal?" Ye Chen asked curiously.

"Hall Master Qi, this medal is inherited from my family, and it is also the only thing my grandfather left to our family. It is true that my grandfather is a top master! In that era, his Feng Shui attainments were absolutely absolute Called the first person.

He surveyed that the family will disappear completely after a hundred years. The only way is for him to use secret methods to break the secrets of heaven and find a purple-qi Wolongge emperor.

He used his remaining 20 years of life to get this medal! I only hope that the family's fortune can be completely changed!

Moreover, the grandfather told his descendants that the emperor in this medal is also named Ye! Will meet me in a hundred years! I have to hold it firmly in my generation, or I, Ye Lingtian, would be a sinner of genocide! "

"Hall Lord, I did not choose you, but this medal chose you."

Ye Chen shook his head, this is too exaggerated, what age is this, why are you talking about the emperor?

But the old man did say that his fate was a bit special, it was Ziqi Wolongge, which was also an important reason for him to come to Jiangcheng to help Xia Ruoxue.

Ziqi Wolongge can break through the heavens and change the fortune of others!

Seeing Ye Chen shook his head, Ye Lingtian hurriedly continued: "Hall Master, in the past few years, I have controlled a very powerful force in Jiangnan Province, although I can't fight the force in the capital! But as long as I have enough time, I will decide Can kill the capital!"

Hearing these words, Ye Chen instantly changed his face, and said coldly: "So-are you investigating me?"

When Ye Lingtian heard this, he knelt down directly: "The subordinates never dared to investigate the palace lord, but I heard rumors accidentally that I knew what happened to the Ye family in Jiangcheng five years ago... As long as the lord nodded, I immediately used that one. The forces killed everyone at the banquet at Yunhu Villa! In Jiangnan Province, the King of Nanjiang still has a certain right to speak!"

Ye Chen waved a big hand, and refused: "I don't need anyone else to report the revenge of my Ye family. Also, if I find out that you dare to interfere with my Ye family, we will be passers-by from now on!"

"The subordinates dare not, please let the lord calm down."

Ye Lingtian's face changed drastically. He also knew that he was thinking too much. Revenge with his own hands was obviously different from that of others. What's more, he felt an extremely dangerous aura from the palace lord in front of him. This only shows that the other party is now Is extremely strong!

With such strength, what else does he need to intervene?

He can't wait to slap himself, this is typical of the emperor not in a hurry and the **** in hurry.

Ye Chen glanced at Ye Lingtian, not wanting to get involved in this topic, and said: "It's not impossible for me to be your palace master. You must promise me three conditions."

Ye Lingtian was overjoyed: "Hall Master, please speak!"

Ye Chen turned his back, a magnetic voice resounded throughout the box:

"First, don't use your power to intervene in my life. You can't do anything without my command.

Second, because I don't have enough power, you help me send people to protect Sun Yi at all times. Anyone who dares to move her will kill her.

Third, I spare no effort to investigate the whereabouts of the man in the capital, and continue to dig out the Yunhu Villa back then. This is not that simple.

Ye Lingtian, can you achieve these three conditions? "

"Hall Master, I can!" Ye Lingtian said, patting his chest.

"Okay." Ye Chen checked the time. It was a bit late. It is estimated that Sun Yi was still waiting for him, and said, "I've said everything I should say, so be it. I will contact you later if I have something to do."

After speaking, Ye Chen was about to leave.

Ye Lingtian seemed to have thought of something suddenly, and stopped Ye Chen: "Hall Master, wait a minute!"

Ye Chen stopped: "Is there anything else?"

"Hall Master Qi, several powers seem to be investigating you recently. The first one is from the Chu Family in Jiangcheng. They called the monitoring system around Tiandang Mountain and checked the archives of Yunhu Villa, but I have already used me. The power of you has blocked all news about you."

"The second one comes from the Xia family in Jiangnan Province, but the Xia family's investigation is relatively simple and not in-depth."

"The third power I can't intercept, it comes from the National Security Bureau and the Dragon Soul Commando."

Ye Chen frowned. Judging from Chu Shuran's reaction just now, it was obvious that he was not found.

But how could the Chu family investigate Tiandangshan's surveillance? Could it be that Yao Jingu's death has been suspected to him?

The Xia family could explain it better. It must be Xia Ruxue's girl, and it is probably because of the Dan Fang.

As for the National Security Bureau and the Dragon Soul Commando ~www.ltnovel.com~ Ye Chen has never heard of it, and doesn't know what the other party is doing to investigate.

Is this official power because it was found that the cause of death of the Chen family and his son was related to him or was it because of the death of Yao Jingu?

Ye Chen felt that his head was quite big. He was afraid of trouble. Although he was not afraid of these forces, if these guys doubted himself, it would be an existence that could not be washed away.

Ye Lingtian naturally noticed Ye Chen's doubts and explained: "Please rest assured, the Lord of the Chen family and the death of Yao Jingu, I will find someone to replace it. If it is found, those people will not dare to move without evidence. You, but please be careful with the Lord."

"Thanks."

After Ye Chen finished speaking, he opened the door and walked out.

He Duo and the two strong men saw Ye Chen come out, they just wanted to kneel down, Ye Chen said, "You don't need to kneel" and left quickly.

He is really not used to these people being like this, making him like an emperor. This is the 21st century, can you not be so stubborn?

Ye Chen left the club, and unexpectedly found a young girl standing in front of the sports car looking at something.

is Chu Shuran!

Chu Shuran's long black hair was draped casually on her shoulders, and she wore a red dress with a very low neckline, revealing her plump chest and slender legs. It was simply too hot.

Perhaps because of the cold, she was wearing a windbreaker, her chin was raised, her eyes were indifferent and a little arrogant.

When she saw Ye Chen walk out, her eyes flashed with anger, and she walked over quickly.

After the conversation with the National Security Bureau, my father left first, and her mind was like the waiter who called her a chicken!

She did not hesitate to choose to wait for Ye Chen to finish the night shift!

She doesn't believe it anymore, after you get out of the club gate, what can you be a waiter!

Chapter 67: Who is that man?

Chu Shuran soon came to Ye Chen, staring straight at the other person, and said coldly: "If you kneel and apologize to me now, I can consider letting you live."

threatening.

an extremely cold threat.

She has such confidence in the Ye family!

Ye Chen didn't pay any attention to the other party's plan, missed him and walked outside.

The only thing he was thinking in his mind was that he didn't know if he could call back at this point.

"It seems that I should buy myself a car, at least I can travel."

Just as he passed a sports car, a sound of breaking through the air came behind him!

Ye Chen naturally noticed Chu Shuran who was rashly behind him.

But he never expected that Chu Shuran actually practiced Guwu!

Even the strength is not weak!

Seeing that his fist was about to hit his shoulder, Ye Chen moved.

Slightly side of the body! Chu Shuran's fist ran across his shoulder like this, and it fell through!

In the next second, Ye Chen stretched out his hand, turned his fist into a claw, and clasped it directly on Chu Shuran's wrist!

Stepped on, an invisible force instantly overturned Chu Shuran, and a touch of whiteness appeared under the red dress!

Chu Shuran naturally noticed that she was gone, but the current situation made her unable to take care of it.

She just wants to kill this kid!

It's a big thing, if the Chu family is in charge, what about killing a waiter?

And since she was young, when has she been insulted like this!

"Tear and pull——"

The red skirt tore, Chu Shuran's beautiful body turned over in the air, and the slender and white thighs were clipped towards Ye Chen, trying to clasp Ye Chen's neck!

Once buckled, you only need to twist it slightly, and the guy in front of you will definitely die!

But how could Ye Chen be so easily detained by the opponent?

At the moment Chu Shuran's legs struck, Ye Chen gently pushed his right hand, directly resting on Chu Shuran's plump buttocks!

Then his shoulders shook, and his arms violently condensed in innocence! An invisible force directly turned Chu Shuran's body over!

"Boom!" Chu Shuran's body hit the hood of that sports car heavily!

The hood is almost sunken! There is the sound of alarm!

Two moves!

Fight that ended!

almost kills.

Chu Shuran's pale face showed a trace of panic and shame.

She never thought that the waiter at the Royal Club would have such a strength!

In the case of passive action, you can subdue yourself with just two moves!

how is this possible?

Her strength is not weak in the martial arts circle, even if the opponent is from the Royal Club, it is impossible to have such a skill!

After all, he has such a strength, enough to be a guest of the Royal Club, how can he be willing to be an inferior waiter?

Soon she noticed something, and Leng Ao's face gradually turned red.

Because of the man she looked down on, at this moment a pair of big hands were pressed firmly on her hips!

has no intention of letting go!

She is Chu Shuran, the jewel of the Jiangcheng Chu family!

Countless top figures in Jiangcheng wanted to bow down under her pomegranate skirt.

People who chase her can line up to Tiandu Building from South Street!

But in her eyes, these geniuses in Jiangcheng, she doesn't like any of them!

So for so many years, no one is qualified to enter her Dharma eyes!

Not to mention touching her body!

But in front of me, my most intimate part was touched by a little waiter!

The key point is that the opponent has no plans to let go!

She was flushed to the root of her neck, shy and angry.

No longer thinking about it, she gritted her teeth and said viciously: "Boy, I don't care who you are. If you offend me, Chu Shuran, if you touch my body, you will definitely die! You don't even know that Jiangcheng Chu's family is like you. What does it mean to be in front of the ants! Even if you stay in the Yuhao Club for ten years, you can't jump out of the palm of our Chu family!"

The words fell, and Chu Shuran clearly felt the opponent's palm leave.

She sneered in her heart, and she contempted Ye Chen more and more.

A small person is a small person, and you can only recognize a real monster!

She just wanted to talk, "Bump!" She was completely dumbfounded!

Because she clearly felt a man's big hand patted her buttocks.

trembling slightly.

It hurts.

But there is a strange thing.

She couldn't tell, she was even a little comfortable.

Then, an indifferent voice came from her ear:

"Chu Shuran, do you really think your Chu family is the sky of Jiangcheng? In the eyes of others, it may be so.

But in my eyes, your Chu family is nothing.

Even though your Chu family has overwhelming power and control of Jiangcheng's economy, even if you have talents, step into the path of cultivation!

If you come to mess with me again, I don't mind erasing the Chu family and you from Jiangcheng completely!

I only warn once. "

After that, Ye Chen walked away, leaving only Chu Shuran lying on the sports car.

Her chest and cheeks are close to the sports car, and she can clearly feel the coldness of the sports car and the chill around her.

The slight numbness from the hips is still very clear.

Chu Shuran was at the club gate just now, thinking about my countless scenes of humiliating each other, and also thinking about the sadness of the other party kneeling down and begging for mercy!

never thought that he would fall into such an embarrassing situation!

The true sadness is actually myself!

Those few naked threats are like Sanskrit sounds constantly ringing in her ear~www.ltnovel.com~
It is cold to the bone.

completely erase the Chu family from Jiangcheng?

What a big tone!

Looking at the entire Jiangcheng, and even Jiangnan Province, who has the qualification to say this in front of her Chu Shuran!

She woke up, her hair was a little messy, and her red skirt was as if she had been violent, split a lot, and a piece of spring was exposed in the air.

Fortunately, the security guards who guarded the gate were all standing inside, and didn't notice the situation here.

Chu Shuran thought of something, looked towards Ye Chen's distance, only to find that there was only darkness left there.

"This guy is really the waiter of the club? Why do I feel a sense of fear from him, as if the other party waved his hands, can really kill the Chu family?"

Chu Shuran clenched her fists tightly, and suddenly, a picture of five years ago flashed through her mind.

on stage back then.

A boy named Ye Chen plucked up the courage to hold a microphone and confessed to her in front of the teachers and students of the school.

She took the microphone, but she refused him mercilessly in front of everyone, even saying that he was a complete trash.

She even clearly remembered the other party's head down, her fists clenched, and the appearance of being humiliated and threatened.

is extremely ridiculous.

very funny.

But.

Isn't you exactly the same as that guy now?

was ruthlessly humiliated.

silently accept.

"Is this retribution? Who is that man?"

She didn't think that the man just now would be Ye Chen five years later. In her eyes, Ye Chen would only bear it cowardly, and would not be as aggressive as this man.

Some people's personalities cannot be changed in a lifetime.

Chapter 68: Long to come!

At 1:00 in the morning, it was dark near most apartments.

Ye Chen casually found a night snack stall to eat something and drank a little wine.

Seeing Chu Shuran today, he couldn't help but think of what happened five years ago.

If Chu Shuran was a man, he would come back and kill him.

The key is that the other party is a woman.

But if he finds out that the Chu family is involved in this matter, he will naturally ruthlessly destroy the Chu family.

As for Chu Shuran, this woman did not appear in Yunhu Villa in his memory.

And at that time the other party was just a high school student, how could he think of killing his parents?

After drinking, Ye Chen headed to the Dadu apartment.

At about 11 o'clock before, Sun Yi called Ye Chen and asked if he would go back to sleep tonight.

Ye Chen thought that Sun Yi was waiting for herself, so she lied to her that she would not go home today and let her go to bed earlier.

At this point, I guess Sun Yi would have fallen asleep long ago.

Ye Chen tiptoedly opened the door of the apartment, went to the bathroom for a while to wash, and then returned to his room.

When he lay on the bed, his body was startled, even a little stiff.

because she found a person lying next to her!

And she was still a woman wearing only underwear and panties.

Ye Chen smiled helplessly. It seems that Sun Yi was still a little scared because of the previous things, so he waited for herself in her room.

He didn't think too much, took the woman in his arms and embraced it directly.

Although he and Sun Yi did not pierce the layer of paper, Ye Chen had already regarded her as his own woman.

As for going further, he wouldn't force it, just wait for Sun Yi to nod.

Not to mention, the feeling this time is different from the feeling in the morning.

Sun Yi wore a lot of clothes before, but now the woman in her arms has almost two underwears with very little fabric, and the two are almost close to the skin.

The key sensuality is also somewhat different.

"Hmm~"

The woman in her arms seemed to feel something, she groaned, twisted her hips, leaned into Ye Chen's arms more and more, and stretched out her slender hand to hug Ye Chen tightly.

is like holding a doll.

Ye Chen wanted to take advantage of this meeting to go further with Sun Yi, but because he had just drunk and didn't use his cultivation base to seal the acupuncture points, his drunkenness has gradually hit.

"Forget it, come to 'day' for a long time, let's go to sleep first."

.....

No words for a night.

The next day, 7 o'clock in the morning.

"what!"

A scream almost resounded throughout the room, which made Ye Chen frowned, and he slowly opened his eyes.

In the next second, a dark shadow slammed his cheek!

Ye Chen instinctively grabbed the opponent's hand, and just about to break the opponent's wrist with infuriating energy, his vision became clear.

He saw a glamorous girl, her icy eyes with a hint of killing intent.

The other party's hair is a bit messy, apparently he just woke up recently.

The key to the opponent is only a pink Bra on the upper body, and the proud peaks are exposed.

No, this figure is obviously not Sun Yi's. Sun Yi's figure is obviously better.

He once again focused his eyes on the girl's face.

That beautiful face.

In the next second, Ye Chen was stunned!

The other party is not only Sun Yi, but Xia Ruoxue, the president of Huamei Group!

What the **** is this?

Xia Ruoxue doesn't live in a good villa, what does it mean to run on her own bed?

"Ye Chen, you bastard! Why are you crawling on my bed!" Xia Ruoxue's extremely cold voice resounded throughout the room.

Ye Chen glanced at Xia Ruoxue, got up and put on his clothes, and said lightly: "Please, I should ask you for this sentence. This is my room. If you don't believe it, you can look at my cabinet. It's my clothes!"

Xia Ruoxue's mind is blank.

She vaguely remembered that her mother suddenly came to Jiangcheng yesterday and told her that something uncontrollable had happened in the Xia family.

The Xia family can no longer let her take the blame and ask her to return to the Xia family in Jiangnan Province within a week.

Xia Ruoxue knows very well that once she leaves Jiangcheng and returns to Xia's house, she will face the fate of marriage!

Marry a man whom I don't love.

In desperation, she left the villa and found a place to drink. She wanted to learn other people's drinking to relieve their sorrows, but found that wine was really awful and her head was dizzy.

The villa is definitely not going back. She wanted to book a hotel for one night, but when she thought of the strength of the Xia family, as long as she booked the hotel, her mother would inevitably appear at the door of the hotel.

She finally thought of Sun Yi.

Xia Ruoxue does not have many friends in Jiangcheng, she is too arrogant, and the only person with a good relationship should be Sun Yi.

Fortunately, Sun Yi told her that there was an extra room vacant, which could make her feel wronged all night.

Then she came to Dadu apartment, took a shower and fell asleep.

When she woke up, she inexplicably saw Ye Chen who made her hate her.

There was a bit of dog blood, but it just happened.

Her dignified Miss Xia family was actually asleep by a man?

The key partner is a man who is idle!

Is it just that she has kept her virginity for so many years gone?

But after another thought, if the Xia family's force majeure is too great~www.ltnovel.com~, she still has to go back, and then another strange man will be sleeping next to her pillow.

Although she hates Ye Chen, she is still a little curious about the man in front of her.

Ye Chen saw that Xia Ruoxue seemed to be crying, and he naturally understood what the other party was thinking. He coughed slightly, "Since everything has happened, I will be responsible."

In fact, he knew that nothing happened last night, but no matter what, the two are skin-to-skin relatives, and it is the other that suffers.

Xia Ruoxue heard Ye Chen's words, and the whole person was even more annoyed: "Responsible? Ye Chen, what are you responsible for? Do you really think there is a prescription that you picked up to stand firm in this world?"

"Do you know the rules of this world? Ye Chen, you don't know at all!"

"A small person like you who lives at the bottom of society doesn't understand what the higher world means! You can't be responsible at all!"

Xia Ruoxue forced herself to calm down, she knew these words to Ye Chen, the other party did not understand.

She glanced at her exposed figure, glared at Ye Chen and said, "I will ask you to settle this matter later, you turn around now, I want to change clothes!"

Ye Chen didn't even care about the other party's plan, and went straight to the bathroom to brush his teeth.

How does this world work?

Ha ha, he knows better than anyone.

As for the higher world, if Ye Chen wants him, Xia Ruoxue can only look up at him at the foot of the mountain!

Of course, he didn't need to explain this to a woman.

After leaving the room, he stopped by and took a look at Sun Yi's room. Xia Ruoxue yelled so loudly just now, and Sun Yi didn't react at all. It's impossible.

Fortunately, there was no one in Sun Yi's room. Ye Chen probably went down to buy breakfast.

Chapter 69: roll!

Five minutes later, Xia Ruoxue walked out wearing clothes. When she saw Ye Chen in the living room and just wanted to talk, Sun Yi came back early.

Sun Yi never expected Ye Chen to be here, and curiously said: "Hey, Ye Chen, don't you live outside? What are you doing in the apartment so early?"

Ye Chengang was about to explain, Xia Ruoxue directly stretched out Xiu's hand to cover his mouth, and said nervously: "This guy just came in without knocking on the door and woke me up!"

After finishing speaking, she whispered to Ye Chen again: "What happened last night, you can't tell anyone! Otherwise...!..."

Xia Ruoxue didn't know how to threaten for a while.

Ye Chen broke free from Xia Ruoxue's show hand, took the breakfast from Sun Yi, and said seriously: "I'm a little hungry, I didn't have breakfast, I want to come over for a meal."

Sun Yi saw that Ye Chen actually started eating directly, and said quickly: "But this is President Xia's breakfast..."

Xia Ruoxue saw that Ye Chen did not have a trace of gentlemanship, took the handbag angrily, glared at Ye Chen, and walked directly outside: "No need, I'll go to the company to eat!"

Sun Yi knew that Xia Ruoxue was angry, not to mention that Xia Ruxue didn't drive out the car this time, and seemed to be at odds with her family. She confessed a few words to Ye Chen and chased it out.

"Mr. Xia, wait, I'll see you off."

Ye Chen wouldn't pay attention to Xia Ruxue, but the feeling of hugging him to sleep last night was pretty good.

After eating breakfast, Ye Chen took out the black stone again, and wanted to try to enter it. This time, although there was a little hindrance, he still could not fully enter.

"It seems that I have to speed up my cultivation."

Without a pill pot, even though the Tangchen First Product had countless medicinal materials, Ye Chen didn't intend to start refining the pill, only waiting for the auction that Zhu Rende said.

Stop thinking, Ye Chen closed his eyes, sat cross-legged, and began to practice.

There are countless infurience lingering all over his body, like a fairy.

I don't know how long it took, a ringing of the phone interrupted Ye Chen's practice. He opened his eyes and slowly exhaled a suffocating breath. When he held his finger out of thin air, the phone seemed to be spiritual and flew directly to Ye Chen's. Hands.

He glanced around and found that Shen Haihua was calling.

"Mr. Ye, I didn't bother you." A respectful voice came from the other end of the phone.

"What happened to the Qinghe Group?" Ye Chen said.

hurriedly said on the other end of the phone: "Mr. Ye, I asked the team to put together two plans. The feasibility is as high as 90%. Would you like to send it to you?"

Ye Chen didn't understand business, so he refused directly: "No, I believe you. You just need to tell me what I am going to do now."

Shen Haihua never expected Ye Chen to trust him so much. He was a little agitated. After a while, he said:

"Mr. Ye, there are two main issues before us: First, our Legal Department has obtained evidence that Tianzheng Group was maliciously invaded and also proved the connection between Qinghe Group and Tianzheng Group. The document is a self-signed waiver agreement signed by you and your mother.

You cannot inherit the equity of Tianzheng Group now. "

Ye Chen was startled, and then he remembered that five years ago, the night before that banquet, Zheng Jingming had found their home.

tricked him and his mother into signing a document, saying that he could get an extra bonus from the company every year.

He and his mother have always trusted Zheng Jingming, so they signed without seeing it.

Now Ye Chen looked back and thought, and found it a bit ridiculous.

Zheng Jingming really played a big chess game! Thanks to his parents trusting him so much, he had already thought of devouring everything!

"Shen Haihua, what do I need to do?" Ye Chen's voice was calm, but with a cold murderous intent.

Zheng Jingming, he won't live for three days!

Shen Haihua explained: "I have a document here. I just need to print it out. Zheng Jingming himself signs and handprints it. But Zheng Jingming has strong security forces and I can't even see each other, so..."

Before Shen Haihua finished speaking, Ye Chen interrupted: "You send me the document, and I will let him sign it to you tonight."

Shen Haihua on the other end of the phone was startled, he didn't understand what Ye Chen could do.

Although Ye Chen's medical skills are excellent, it is difficult to see Zheng Jingming, and the other party is not sick.

Even if Ye Chen showed his identity, Zheng Jingming would still not see him, but would avoid him because of his guilt.

"What is the second question?" Ye Chen said.

Shen Haihua didn't hesitate, and continued: "The second question is that the Tianzheng Group (now Qinghe Group) has been controlled by a civil force called Qingmen. There are very few information I can investigate on this Qingmen. For the group to retake, this force must be eradicated."

Blue door?

Ye Chen frowned, guessing that it should be Jiangcheng's underground forces. He was naturally not afraid of this kind of existence, and said directly:

"Leave the second question to me too. I only ask you one thing. If both of these problems are solved, can you win the Qinghe Group in three days and change your name to Tianzheng Group!"

Shen Haihua was a little dazed, he had no idea that these two biggest difficulties were directly taken over by Ye Chen.

He originally planned to discuss the second plan with Ye Chen.

It seems that Ye Chen doesn't need to listen to the second conservative plan at all.

He pondered for a long time, gritted his teeth and said: "If Mr. Ye can solve these two problems, I can win the Qinghe Group in three days!"

"it is good."

The phone hung up.

Then, Ye Chen called Ye Lingtian again and asked him for Zheng Jingming's address and news about Qingmen.

Ye Lingtian hinted many times that this matter could be handed over to him, but Ye Chen refused.

The hatred five years ago, he didn't want to use anyone's hands to repay it. U U Reading

2 Jiangcheng Road, Qinghe Building.

This used to be the address of Tianzheng Building, but the Tianzheng Building was completely rejected due to construction problems five years ago.

After _____, a taller Qinghe Building will be built here.

Qinghe Building has a total height of several hundred meters and is almost the tallest building in Jiangcheng.

magnificent.

Not long after, a young man appeared in front of Qinghe Building.

The young man raised his head, looked at the four characters of Qinghe Group inlaid on the top of the building, and smiled coldly. He held a document in his hand with an agreement on the unconditional transfer of equity.

Ye Chen put on the Armani suit that he bought earlier this time. He has a straight figure and a temperament. He is like a business elite, and he has a natural noble and extraordinary atmosphere.

_____, many beautiful women came to strike up a conversation.

"Handsome guy, what do you do in Qinghe Group? Are you free to have a drink together at night?" A woman with an exposed figure and heavy makeup came to greet Ye Chen, with one hand even ready to touch Ye Chen's chest.

A woman has a bumpy figure and big eyes. In the eyes of ordinary people, she is definitely a goddess.

But during this time, Ye Chen has also seen many top beauties, and naturally he has no interest in the rouge and vulgar fans in front of him.

"Get off." Ye Chen ducked slightly, his eyes filled with coldness.

The beauty was obviously taken aback, and she cursed in a low voice, "I don't know it!", and left dingly.

Ye Chen didn't have any waves in his heart, glanced at the file in his hand, sneered, and walked directly towards Qinghe Building.

"Zheng Jingming, are you ready?"

Chapter 70: Violence is king!

Qinghe Group.

Ye Chen's dress like this embodies the value. Bao'an Cheng greeted him with a smile, and it was almost impossible that the last time in Huamei Group would happen.

It makes sense for people to depend on clothes.

Even when I arrived at the front desk, the little beauty was flushed and her eyes dodged.

"Hello, I'll talk to Director Meng from the marketing department about cooperation." Ye Chen's magnetic voice sounded.

The little beauty was sober, blinking her big eyes, and said politely: "Hello, Director Meng is on the 21st floor, and the elevator is just turning left. Do you need to inform me?"

Ye Chen smiled: "No, we are actually old classmates and we are about to surprise him."

The little beauty seemed to be electrocuted by Ye Chen's smile. She lowered her head and did not dare to look directly at Ye Chen. When she gathered up the courage to ask Ye Chen to call, she found that the handsome guy had disappeared.

Ye Chen entered the elevator and pressed the 28th floor.

According to Ye Lingtian's news, Zheng Jingming's office is on the 39th floor.

This floor is almost the top floor of Qinghe Building, which is extremely mysterious.

The elevators above the 28th floor of Qinghe Group require a special pass, so it is naturally impossible for him to go up.

Upon reaching the 28th floor, Ye Chen went directly to the bathroom.

There is no one.

He didn't hesitate anymore, he broke open the outside window of the bathroom, and stepped over and stood on the edge of the window on the 28th floor.

If you look down from the top, a full distance of 100 meters, most people are enough to scare out heart disease.

Then, he glanced at the position on the 39th floor, and the corner of his mouth outlined a curve.

In the next second, there was a wave of air surging under my feet, my knees bent, and a sudden eruption!

actually jumped five meters high!

One hand was directly on the window edge of the other house.

Infuriated anger broke out in his arms, and his body moved upward again!

And there was a deep trace of five fingers on the window edge!

Ye Chen's speed is getting faster and faster, like Spider-Man, reaching the 38th floor in the blink of an eye.

Because the 39th floor is completely enclosed, Ye Chen could only open the 38th floor window with one finger, and jumped in.

When came inside, Ye Chen instinctively felt the aura of the strong coming here.

"It seems that the Qinghe Group is really not simple. An office building will be guarded by ancient warriors, which is interesting."

Ye Chen did not rush out, took out the cigarette from the bag, tapped his finger on the bottom of the cigarette case, and a cigarette flew out and held it in his mouth.

A few seconds later, the whole room was filled with smoke.

"Boom!"

Suddenly, the door opened!

Two thin men rushed in, and instantly found Ye Chen's figure in the smoke.

"who!"

Before he finished speaking, Ye Chen moved his right foot and two pieces of glass shot out directly from under his feet!

"Puff!" "Puff!"

The glass shards directly pierced the eyebrows of the two of them, and the blood overflowed. They were not qualified to move, so they fell to the ground.

Ye Chen didn't continue to do it, waited for a cigarette to be completely smoked, then walked towards the two fallen men.

He found that both of them had a tattoo on their necks—a blue door.

dark and mysterious.

"Blue door?"

Ye Chen gave a cold snort, then flicked his fingers, and saw the cigarette **** traversed an arc and shot directly on one of the tattoos.

seems to herald the opening of the blue door.

Ye Chen took out the documents from his arms, and walked away calmly, as if he was really coming to Qinghe Group to discuss business.

Although the entire corridor was monitored, Ye Chen didn't worry at all, because he had already let people control everything.

Ye Lingtian not only controls the ancient military forces, but also the world's top hackers.

Erasing something is naturally easy.

During the , Ye Chen also met several strong men in the blue door, and he ended their lives with one move.

Although these people have no hatred with him, he had already learned the general situation of Qingmen from Ye Lingtian's mouth when he came.

is simply a bandit who does no evil.

These people are floating in the dark area, relying on Guwu and Qinghe Group, they control almost 30% of the entrepreneurs in Jiangcheng.

These entrepreneurs continue to deliver benefits for them.

At the same time, Qinghe Group is also in the business of drugs and hiring murder.

is a cancerous existence in Jiangcheng.

What if I killed it!

Ye Chen solved the people on the 38th floor. After searching for a long time, he finally found the stairs leading to the 39th floor.

It's just that the gate on the 39th floor is a mechanical iron gate, which requires fingerprints and iris to pass through.

"High-tech?" Ye Chen sneered, "But in front of the cultivator, it's just a pile of rubbish."

The words fell, Ye Chen gently placed his palm on the door, and then suddenly exerted his force, the real energy of Dantian burst out!

The iron gate was instantly distorted!

was kicked abruptly by Ye Chen!

At the same time, the alarm on the 39th floor went off!

Only a dozen armed masters appeared in front of Ye Chen instantly.

These people are not only ancient warriors, they are also equipped with heavy weapons, and their strength is a bit terrifying.

Even more than a dozen infrared rays fell directly on Ye Chen's body. It seems that as long as Ye Chen moves, it will become a hornet's nest!

Ye Chen didn't have a trace of panic, and threw the almost distorted door in his hand on the ground, suddenly making a heavy sound.

Then he raised his head, looked at everyone and said lightly: "Oh, it's so lively."

These armed masters were startled, but they didn't expect that a young man with a straight suit would actually appear here.

The key opponent is still so indifferent when a dozen guns are aimed at.

Is this guy a lunatic?

But when their eyes fell on the twisted door on the ground, their faces changed!

'S eyes are even more covered in terror!

You must know that this door is a BST339 precision heavy-duty anti-riot door of country M!

"Fuck! What the **** is this..."

Everyone was frightened, which directly caused the world to fall into deathly silence.

After a long time, Ye Chen broke the silence and said: "I don't like the feeling of infrared rays shining on my body, I don't like it very much."

In the next second, Ye Chen moved.

stepped directly on the wall.

The group of people also realized that things were out of control, and no longer hesitated, a shower of gunfire sounded!

More than a dozen bullets shot towards Ye Chen.

Ye Chen didn't have a trace of panic. He grabbed a hand on the twisted iron gate, and his true energy exploded. The iron gate was overturned by him, and he smashed at the group of armed masters!

The bullets all fell on the iron gate, and there was a "cracking" sound. A dozen people saw the huge black shadow and subconsciously wanted to hide, but it was too late.

The speed is too fast.

"Boom!"

With a loud noise, the door slammed on the bodies of the dozen people!

Some people's bodies were smashed on the spot!

I can imagine how terrifying Ye Chen's power is.

Fortunately, two people survived the impact of the iron gate.

They realized that the man in a decent suit in front of them was a master, and just about to go back to inform them, a dark shadow had appeared in front of them, blocking their way.

The two men were completely frightened. Just about to shoot, they directly held the desert eagle in their hands with their big hands. Only a click was heard, and the desert eagle turned into two halves.

The two are completely crazy.

What kind of monster is this young man in front of him!

Is it a martial arts master?
