Chapter 611: Identity!

Songshan Village.

A dilapidated and small mud house.

The dim light is full of old furniture.

It was full of things and looked a little depressed.

At this moment, Ye Chen, who was unconscious, was lying quietly on a sofa like this.

The sofa is a little old.

The little girl who rescued Ye Chen home was cooking in the house, making the meal, so she took the initiative to bring the meal to her father who was paralyzed in bed, and carefully fed it bit by bit.

She looked at her father, feeling a little uncomfortable.

Three years ago, she still had a harmonious family.

It's not rich, but it's still considered.

It's a pity that when my father was working in a construction company in Jiangnan Province, he accidentally fell from a high altitude.

Recovered a life, but was destined to be paralyzed in bed.

Mother also ran away a month later.

Nowhere to go.

Only she and grandpa depended on each other.

Her small shoulders have to bear the pressure and responsibility.

She glanced at the clock on the wall. Grandpa hasn't come back yet, so she should be setting up a stall outside, barely able to make up for the household.

The income from stalls became the sole source of the family.

After the girl had done everything, her eyes fell on Ye Chen, who was unconscious.

If she hadn't seen Ye Chen's state like her father, she wouldn't be kind enough to bring it back.

Just now, she also found the local Chinese medicine doctor in the village to show Ye Chen the symptoms, but it made her laugh.

Not only did this man have no problems, his physical condition was exceptionally good, and he was just asleep right now.

She sighed, then murmured: "Why are you still not awake? Could it be the legendary narcolepsy?"

Before he finished speaking, suddenly, the man on the sofa opened his eyes!

The cold murderous release!

Just like the pressure is coming!

The breath of the whole house is sealed off!

The girl was obviously frightened, and sat down on the ground, her body trembling even more.

Ye Chen woke up completely, looked at everything in front of him, and his intentions converged.

"Why am I here?"

Ye Chen closed his eyes and thought about it for a few minutes, an image of coma suddenly appeared in his mind.

"That's it."

In fact, he could wake up only by lying down for a few hours, but he didn't expect to be brought back directly by the girl.

No matter what, this is also the girl's kindness, and he is still a little grateful.

After that, Ye Chen's eyes fell on the girl sitting on the ground, smiled, stood up, and even helped the girl up.

"I'm so sorry, I scared you just now."

The girl shook her head repeatedly: "No, no, it's just a bit slippery on the ground. Just wake up."

"Are you hungry, there is still some food in the pot, I will bring you."

Before Ye Chen answered, the girl gave the things to Ye Chen.

"The things I made are not very tasty, you can make do with it."

The girl was a little embarrassed, and even fiddled with the corners of her clothes, a little uneasy.

Ye Chen glanced at the food in front of him, without any fluctuations.

Vegetables and bean sprouts.

Simply boil it in water.

He didn't think much about it, so he ate it.

At the same time, he was paying attention to everything around him, and he had some understanding of the little girl's living environment.

It should be worse than he thought.

Now that you have encountered it, please help if you can.

"By the way, little sister, what is your name?" Ye Chen asked.

The girl hesitated for a few seconds, but still said: "My name is... Liu Zihan."

"Ye Chen, of course, you can also call me Brother Chen."

Liu Zihan nodded. For her, this man is unlikely to have too much intersection with her.

Judging from Ye Chen's clothes, she could feel that the two of them obviously belong to two worlds.

Maybe after Ye Chen left the house, he parted ways.

More importantly, the look in Ye Chen's eyes when he woke up just now was too scary.

Now she still has lingering fears.

Suddenly, Ye Chen thought of something, stood up, and walked toward Liu Zihan's father on the bed.

"What are you going to do?" Liu Zihan said wary.

After all, she didn't know the origin of this man, what if it was a bad guy?

"If I said, I am a doctor and can save your father, would you believe it?"

The girl was startled, and just about to speak, Ye Chen already pointed a finger on the middle-aged man on the bed.

A ray of light flickered.

Ye Chen knew about the other party's problem, not too difficult.

Just treat it as a favor.

No longer hesitating, Ye Chen took out some silver needles from the reincarnation cemetery, and the silver needles shot out, dazzled.

Liu Zihan looked completely silly.

She originally had some doubts about Ye Chen, but soon she believed it!

Even the traditional Chinese medicine in the village can't do this kind of injection method!

I don't know if it was dazzling, she even saw a trace of light flowing on her father.

Ye Chen ignored the girl's shock at all, and continued to pinch his fingers with needles!

The whole body's zhenqi continuously converged into the middle-aged man's body through the silver needle!

The broken bones were connected strangely.

Later, he took out a pill and let the middle-aged man take it directly.

At the entrance of the pill, the strong fragrance filled the opponent's body.

I don't know how long it took, Ye Chen exhaled a sullen breath, grabbed with five fingers, and the silver needles flew back to his palm.

"Your father's situation is almost the same. It is estimated that he will be able to move soon. Don't do heavy work these days, and remember to take the medicine every day. I will send someone to decoct the medicine and deliver it."

For Ye Chen, he couldn't stay here for too long.

He still has too many things to deal with.

Elder Zheng of the blood alliance has not resolved it. Although he is seriously injured, there is still a certain threat.

He likes to kill threats in the cradle.

If it wasn't for him to hold the opponent's essence and blood, plus the opponent's underestimate, it would not necessarily hurt the opponent.

As for the Liu Zihan family, he just asked his hand to help.

He took out his mobile phone and sent Ye Lingtian a coordinate to get him over as quickly as possible.

Liu Zihan naturally did not believe Ye Chen's words, she knew about his father's condition.

Although she is young, it doesn't mean she is stupid.

His father was paralyzed, and the big hospitals were helpless and had to treat him conservatively.

Can it be cured in just ten minutes?

Even gods can't do it.

For Ye Chen's lie, she also had no plans to expose it.

However, she doesn't have much affection for the man in front of her.

It is better to have less contact with such unrealistic people in the future.

About five minutes later a Hummer slowly stopped outside the door.

Ye Lingtian walked down directly, and when he saw Ye Chen could not help but exhale, he knew the situation on the manor side!

The inevitable battle of the strong.

With such a big explosion, I thought that there was something wrong with the Lord, but I didn't expect that there was not even a wound on the Lord.

It can be seen that the strength of the palace master is strong!

Ye Lingtian took one step and two steps before coming to Ye Chen!

"Snapped!"

Kneeling directly in front of Ye Chen, respectfully said: "Ling Tian, see the lord!"

Chapter 612: Where is Elder Zheng!

At this scene, Liu Zihan was stunned, his face even pale.

This is the 21st century, and there are people who give this kind of gift?

Ye Chen's arm lightly raised, and his true energy rose from the ground, and he lifted Ye Lingtian up: "You leave a phone call and let someone take care of it."

"Also, I will give you a prescription later, you send someone to deal with it, and you must deliver it here on time every day."

Ye Lingtian nodded: "Yes, Palace Master."

Ye Chen ignored Liu Zihan's doubts and surprises, and directly took out a brand-new mobile phone from the reincarnation cemetery and gave it to Liu Zihan.

"If you accept this mobile phone, it will be thank you for your dinner."

"If you have any questions, you can call the phone number in the address book, and someone will help you."

Liu Zihan nodded seemingly, she looked at the box in her hand and knew that this was the latest iPhone.

Very expensive.

She didn't want to accept things unclearly, but just about to refuse, Ye Chen and Ye Lingtian had already got in the car, and the car drove away.

...

Liu Zihan shook his head helplessly and looked at the time. It was eight o'clock, and he quickly brought a basin of hot water from the bathroom. He wanted to wipe his father's body, but he suddenly opened his eyes.

Opening your eyes is not surprising.

The strange thing is that my father's fingers moved!

In three years, my father's finger has never moved!

Liu Zihan rubbed his eyes, thinking that he was wrong, but found that a pair of calloused hands were actually placed on her cheeks.

It is the father's hand!

Liu Zihan's body trembled, her eyes moist!

"Dad! How are you..."

The middle-aged man trembled his hands: "Zihan, I seem to be able to move. There seems to be a warm current in my body. Once it flows, it seems to relieve something. What happened just now..."

Five minutes later, the middle-aged man has helped him up.

Can even barely stand for a while.

Liu Zihan was overjoyed, she found that her father was really well!

Although it is currently impossible to get out of bed and walk, this is already a miracle.

Suddenly she thought of something, her eyes fell on the phone on the table, and she said to herself: "Who is that man..."

...

On the highway, Hummer.

Ye Lingtian hesitated for a long time, and said: "Hall Master, do you need to give that family some money."

Ye Chen shook his head: "Giving the money hurt their family. You use the government or Tianzheng Group to arrange a high-paying job for her father, and then the girl will take care of some."

"No matter what, the encounter is considered fate."

Ye Lingtian nodded: "By the way, the news that you asked me to investigate in the text message has been lost. An explosion did occur in a place in Kunlun Mountain today. There were casualties and vehicles burned at the scene. Dragon Soul also identified it. It can be proved to be a blood ally."

"It's just that the man in the accident is a disciple of the blood alliance. As for the elder Zheng you mentioned, there is no whereabouts."

Ye Chen squinted slightly.

Elder Zheng must be injured, he has only two choices, either to return to Kunlun Xu, or to practice somewhere in Kunlun Mountain.

The latter is more likely.

With such a serious injury, it would be unrealistic to hurry back to Kunlun immediately.

No matter what, this is the best time to win the opponent right now.

"You let the strong from the dark palace and the people from the dragon soul go to Kunlun Mountain to carry out a carpet search. Once you find Elder Zheng, contact me immediately!"

Ye Chen ordered, the cold light in his eyes was a little cold.

"Yes, the Lord!"

...

Twenty minutes later, Mingcui Villa District in Jiangnan Province.

Ye Chen returned here again, but was deeply moved.

When he came back this time, he found that the pattern of Jiangnan Province had completely changed.

The Jiangnan Provincial Budo Association has completely disappeared, and even the previous office location has been razed to the ground.

The funny thing is that that place has now become a factory of Tianzheng Group.

It is said that this land was unconditionally provided to Tianzheng Group by the government.

Obviously, this is a good show.

At the same time, the status of Xia Ruoxue's Xia family and Zhu Ya's Zhu family in Jiangnan Province has also increased.

This should be the so-called ascension to heaven by one person.

Ye Chen's current status is not only the first person in Jiangnan Province, but also a member of the top Chinese family Ye Family.

This time, he will only stay in Jiangnan Province for a day or two. Once there is news about the blood elder Zheng, he will leave.

After all, this person is not only a threat, but also the only hope of saving his father.

Come to the living room.

Ye Chen took out the broken Dragon Slashing Sword, which had completely lost its spirituality.

Like a waste sword.

"Next, if I have a chance, I must repair the Dragon Slashing Sword."

Before he finished speaking, the black stone in his pocket was suspended in front of him.

The air of the ancients rippled out.

Colleague, an old figure came to Ye Chen.

Ye Chen thought it was Duan Leiren, but he didn't expect it to be the indestructible lord with weird temper.

"What are you doing out?" Ye Chen was a little unhappy.

The Immortal Lord ignored Ye Chen, poured himself a cup of tea, and savored it carefully.

After a few seconds, he said: "Boy, how about we make a deal."

His gaze fell on the Dragon Slashing Sword, paused for a moment, and then said: "I can help you repair this sword, and even forge this sword into a peerless sword, born for you."

Ye Chen heard this and stood up, but soon calmed down.

He understands the character of this immortal lord, and naturally it is impossible to be so kind.

"What are your conditions?"

The Immortal Lord put down the teacup in his hand and threw out an astonishing word: "I want a drop of \*\*\*\* blood."

Ye Chen was startled, his icy gaze directed towards the Immortal Lord.

The other party's words clearly referred to Wei Ying.

For some reason, he found that the power of the reincarnation cemetery seemed to be interested in the \*\*\*\* body.

Could it be that the power is coming soon.

The Immortal Lord seemed to perceive Ye Chen's doubts and said: "Don't worry, a drop of blood will not have any effect on her, but it is very important to the reincarnation cemetery, and even more important to you."

"Or, this is the most important existence in recasting the Dragon Slashing Sword in your hand!"

"You know better than anyone, how precious the \*\*\*\* cold body is!"

Ye Chen did not immediately agree: "No matter what, it depends on whether the other party is willing. If she is willing, I naturally agree."

The Immortal Lord nodded, and his five fingers directly squeezed, the two broken Dragon Slashing Swords directly suspended in front of Ye Chen.

At the same time, the small dragon vein in the reincarnation cemetery was ruthlessly torn apart!

It seems to be a hot lava, enveloping the Dragon Slashing Sword!

The temperature of the entire villa rose suddenly!

Suddenly the endless fusion of the two cutting swords together!

Long sword cuts water, but also can cut dragon!

Unfortunately, although the sword body was repaired, the Dragon Slashing Sword lost its aura.

Like a dead sword.

Ye Chen just wanted to ask something The pocket phone rang suddenly.

From Ye Lingtian!

"Hall Master, Elder Zheng has news!"

Ye Chen shrank his eyes, and said excitedly: "Where?"

"Half an hour ago, he just returned to Jiangnan Province, but after getting off the plane, he lost his trace!"

"The specific situation is still under investigation!"

Ye Chen nodded and ordered: "Go down first, and always help me insight into the whereabouts of Elder Zheng of the blood alliance! No one can let it go!"

"Yes, the Lord!"

Chapter 613: 0 people enter, how to resist!

An old residential building in the west of the city.

As soon as I got closer, I could smell a strong smell of blood. Fortunately, all the houses here are to be demolished, so there is no need to worry about being discovered.

Only a few households still live.

And on the rooftop at this moment, an old man in a purple robe was sitting cross-legged.

A piece of jade pendant was suspended in front of him.

It is the jade pendant of Kunlun Xuye Family!

The jade pendant was shining with light, and a trace of aura continuously flowed into the body of the purple-robed old man.

Above the entire rooftop, there seems to be an invisible air current controlling everything.

Suddenly, the purple-robed old man opened his eyes, opened his mouth and spit out a blushing blood.

If Ye Chen were here, he would definitely find that this old man was the Elder Zheng he had been looking for.

Elder Zheng looked at the blood stains on the ground and stood up with his hands on the ground, his eyes extremely cold.

No one has ever hurt him so badly!

there has never been!

As the purple-robed elder of the blood alliance, although he is not in the center of the storm of power!

But the status in the blood alliance is not low!

A purple robe clearly represents his honor.

Even the cultivation base reaches the sky, it can crush all the strong in China!

But now he was so embarrassed by a little beast in the mysterious world!

And it turned out to hurt people in the air!

If this incident spreads, he is in the blood alliance, and even in Kunlun Xu, how can he be mixed up!

"Little beast, ruin my foundation! Since you are in Jiangnan Province, then I will make you feel what \*\*\*\* pain is."

Elder Zheng's eyes were gloomy to the extreme.

The next second, he took out a square formation from his waist.

Fingers pinched, a drop of blood fell on the array.

In an instant, radiant!

The entire rooftop was swept by violent winds.

A few seconds later, an old phantom appeared on the array.

"Zheng Feng, why did you use the blood disc?"

"Didn't you hear that you went to Huaxia to find the Kunlun Xuye's house?"

The voice of the phantom is very cold, without any temperature.

Elder Zheng's face was full of respect, and he quickly said: "Legal guardian, you should have heard the news that a Ye Jitian was born in Kunlun Mountain in China."

The blood alliance guardian's eyes shrank: "Do you know the whereabouts of Ye Jitian?"

His tone was even a little excited!

According to Kunlun rumors, Ye Jitian was born, suppressing countless powerful people!

Attracting thunder!

Plum kills!

Under the world, at such an age, who can do this!

In the current Kunlun Xu, almost every shop, inn, family, and influence is spreading the legend of Ye Sitian!

It is a crazy myth!

Kunlun Xu's first pride!

Ji Siqing's most powerful competitor!

The strongest evildoer of Kunlun Xuye Family!

Thousands of years ago, the son of the peerless strong Ye Fengchen!

Enter the Holy Realm, above the Holy King Realm!

Even countless forces are looking for Ye Sutian, wanting to win Ye Sutian!

If Ye Jitian hasn't fully grown up yet, he won't win hands. Isn't he going to make a move when he can't reach the heights?

Even the blood confederacy is moved.

The senior leaders of the blood alliance and the leader all knew Ye Sutian's murderous intentions against the blood alliance.

So after an emergency meeting, two options were immediately determined.

Finding Ye Jitian, and even negotiating with Ye Jitian!

Win Ye Sitian! Regardless of previous complaints!

Once Ye Jitian refuses, he can only use the strongest power of the blood alliance, even if the law protector and the elder of the battle hall make the move, he must suppress it!

Killing the threat in the cradle is the wisest choice!

Elder Zheng's eyes flashed with coldness, and he lied: "My lord, indeed, I saw Ye Jitian in the depths of China's Kunlun Mountains. Unfortunately, before speaking, Ye Jitian forcefully killed everyone in the blood alliance!"

"Even my beloved disciple Fang Xingyun is dead! I was also seriously injured! I really have no face to return to my blood alliance!"

Tears shed even more among the words of Elder Zheng.

If you participate in the Oscars, you must be the male lead!

Elder Zheng knows very well that Ye Chen is already detached!

It is difficult for him to suppress Ye Chen with his current injury!

Huaxia also turned to Ye Chen everywhere!

He must take over the stronger power of the blood alliance!

And Ye Xitian is the best excuse!

In the name of killing Ye Sutian, kill Ye Chen first!

It doesn't matter if you don't find Ye Sutian at that time, such a strong one is naturally hard to find.

The Guardian of the Blood Alliance sighed: "Elder Zheng, Ye Jitian can kill even the people of Yibaoge. It is really difficult for you to resist!"

"It is rumored that Ye Jitian's true strength is at least above the Saint Realm, and coupled with the Heaven-defying Sword Skill, your injury is considered normal."

"Well, since you are sure that Ye Xitian is in China, I will send the one hundred powerhouses of the Blood Alliance and Blood Battle Hall to be led by you!"

"These hundred powerhouses, the lowest strength is also at the seventh level of the Ascension Realm, and the highest is even at the peak of the Saint Realm! Whether it is personal strength or formation strength, Ye Jitian can't resist!"

"Even three days ago, a hundred strong in the Blood Battle Hall gathered a hundred-slaying formation and beheaded a person in the Holy King realm!"

"Elder Zheng, the blood alliance gives you this power, can you take down Ye Sutian?"

At this moment, Elder Zheng was stunned!

Even a little flustered!

This is the Palace of Blood! And still one hundred strong! Undoubtedly the army against the sky!

The only way to deal with Ye Sutian is to crush!

Not to mention Ye Chen in the Ascension Realm!

He even made up the picture of leading a hundred people to kill Ye Chen in his mind!

Like a star!

This Huaxia will be ruled by him!

The best state is to kill Ye Chen, and Ye Jitian takes it! Then his status in the blood alliance must rise!

A broad road seemed to be in front of Elder Zheng.

"Elder Zheng, I will ask you one last time, can you take down Ye Sutian with the power of a hundred people?"

A cold voice sounded.

Elder Zheng came to his senses, suppressed the excitement in his heart, and quickly said: "My lord, rest assured, as long as Ye Jitian is still in China, I will take him down and dedicate him to the guardian!"

"Well, within three days, the people in the Bloody Battle Hall will enter China, and use this array to contact you!"

After the words fell, the picture and sound disappeared at the same time.

Elder Zheng put his hands behind him, standing on the roof, looking at the land of China.

The corners of his mouth were icy and indifferent: "Little beasts, hundreds of people enter, see how you resist! Then you are afraid that you will kneel in front of me and surrender! Hahaha!"

...

At the same time, Mingcui Villa Ye Chen asked Ye Lingtian and Dragon Soul to search the entire Jiangnan Province, and even the surrounding provinces and cities, as well as the entire capital city.

Unfortunately, there is still no result.

Elder Zheng is like the world has evaporated.

However, Ye Chen was not too discouraged. Elder Zheng suffered such a serious injury. He was the bow of the crossbow in a short period of time without any threat.

Even if he recovers with a pill or some means, the first thing is to find himself.

When the time comes, soldiers will come to cover the water and soil.

Ye Chen's gaze fell on the Dragon Slashing Sword again.

Chapter 614: Aggrieved!

Although the Dragon Slashing Sword has been repaired now, it does not have any aura or power.

It is similar to ordinary crafts.

"Lord of the Immortal, how can the Dragon Slashing Sword be completely restored? How can it become the peerless sword in your mouth?"

Ye Chen asked.

The Lord of Immortality took a sip of tea with a lot of fun: "You can't finish the meal in one bite, and it's not a trivial matter to make a sword. How can it be done so quickly?"

"I just used the power of the dragon veins and some magic techniques to stabilize the Dragon Slashing Sword. Right now, facing the strong power, it will still break."

"Now he needs two things, first, the sword skeleton!"

Ye Chen frowned upon hearing this unfamiliar word: "Senior, what is the sword skeleton?"

The Immortal Lord stood up, held the Dragon Slashing Sword, and lightly touched it with his other hand: "This sword is the only valuable thing for you now is the sword spirit, but it's a pity that you are sleeping now. The outside materials and sword-making methods are considered top-notch by Huaxia, but they are \*\*\*\* in Kunlun Xu and other places."

"It's not even comparable to the two swords of the soul-relief and Poyang-powered sword in the reincarnation cemetery."

"So for it now, it needs a body. It must be a very strong spirit sword body. It can be a broken sword or a sword with other problems. Only the rank must be no weaker than the soul-suppressing Poyang II. sword!"

"Otherwise this kind of sword, don't worry about it!"

Ye Chen was shocked, there was a stronger existence than the Soul Suppression Poyang Sword, where did China have it.

Only going to Kunlun Xu is possible.

He sighed and continued: "Senior, what is the second thing?"

"Blood evil cold body's essence blood. Blood evil cold body is a rare evil blood in the world, and it is very consistent with your killing method. Once you use this essence blood to forge a sword, then this sword will cooperate with you to a very high degree. !"

The words of the Immortal Lord slowly fell.

Ye Chen understands, this old guy is really interested in Wei Ying!

He knew the power of the blood and chill, but it was a pity that Wei Ying just awakened.

If you are fully awakened, countless forces will inevitably surge.

At that time, if Wei Ying stepped into Kunlun Xu, I am afraid that future achievements will be terrible.

"Forget it, go to Beijing Normal University to find Wei Ying, at least ask the other person's opinion."

Ye Chen could only say so.

He was just about to let Ye Lingtian arrange the plane when the phone in his pocket rang.

Seeing the phone number, he was a little surprised. It was the little girl in Songshan Village.

"Little girl, what's the matter?"

Ye Chen still pressed the answer button.

Hearing Ye Chen's voice on the other end of the phone was obviously hesitant: "Brother Chen, that...I, I am Liu Zihan, the one in Songshan Village. We met ten hours ago... I made this call. It may be a bit bothersome, but can you please do me a favor, I really can't help it..."

Could it be that Liu Zihan's father had another problem?

impossible!

Ye Chen still had some confidence in his medical skills.

"Calm down first and tell me what happened?" Ye Chen said.

There should be really no way to get this little girl with strong self-esteem to call.

"Well, Brother Chen, I'm on Beiyu Road in Jiangnan Province, Baihan Construction Group, which is the tallest building on this road, I...My father was beaten, and there will be police soon Go my father, those people are so scary, they are really scary... Have you ever been--"

Before the words were finished, there was a noisy voice over the phone.

There were a few swear words one after another.

"Boy, are you \*\*\*\* going to call someone? A group of farmers or a group of workers?"

"A group of poor ghosts are crazy about money!"

"If you have the ability, I will take a penny from Lao Tzu today!"

"Even if I use my money to buy dog food, I will not give it to your dad! What the hell!"

The phone hung up.

Ye Chen even heard Liu Zihan's cry from the other end of the phone.

He asked Ye Lingtian to investigate Liu Zihan's family, and it seemed that Liu Zihan's father Liu Jiangang fell downstairs a bit strange.

The specific situation is not clear.

The only doubt is that after Liu Jiangang's accident, the boss did not settle any salary! Even the construction companies shirk their responsibilities!

What is the ability of Liu Zihan and her grandfather to fight a lawsuit?

Even if I went to find various leaders, I was caught. Stopped at the door and couldn't even see each other.

They are only qualified to be played with as the bottom people.

Because the matter has been in the past for a long time, his forces are currently looking for the whereabouts of Elder Zheng, and this matter has not had time to deal with it.

The matter was urgent, he could only send a text message, and then drove directly to the place where the accident happened.

...

Beiyu Road, in front of Baihan Construction Group.

Liu Jiangang, who has not yet fully recovered, was lying on the ground, his nose and face swollen.

After he recovered, the first thing he did was to find Baihan Construction Group!

When something happened, he was actually pushed down maliciously!

Just because he asked the contractor for a salary of 30,000 yuan!

This is not the most annoying!

He never expected that this company would not take any responsibility after his accident!

He even brought a group of people to the door to threaten!

He can't move his body, even his consciousness is not clear, there is no way to defend his rights!

He looked for a reporter. The reporter was planning to report, but he didn't expect the news to be intercepted!

Obviously, the relationship behind this group is very hard!

It can even be said that it is only in Jiangnan Province!

He came here today to ask for an explanation!

Liu Jiangang stared fiercely at the burly man who was holding a bull terrier not far away!

The big man is the one who pushed him down, Zhong Hailong!

"Zhong Hailong, are you \*\*\*\* still a human being! I came here today just to say something is directed at me, what are you doing with my daughter!"

Liu Jiangan's eyes are full of anger!

Because at this moment, that bull terrier with sharp teeth is no more than tens of centimeters away from his daughter Liu Zihan!

Once Zhong Hailong let go, then his daughter would definitely have an accident!

This beast!

He wanted to stand up to protect his daughter, but found that two men directly held him down!

Can't move!

Aggrieved!

anger!

He even regrets it, so he shouldn't come here directly!

What qualifications does he have as a worker to fight this evil force?

He has no right, not to mention can only be trampled underfoot by these guys.

Zhong Hailong looked at Liu Jiangan condescendingly, and sneered: "Fuck, I made it clear a few years ago, don't you \*\*\*\* take a penny from Laozi, I would rather feed the dog with the money. I won't give it to you either."

"Don't you want to make trouble today, or do you make trouble with my dog?"

The bull terrier seemed to have heard Zhong Hailong's command and barked a few times with a grim expression!

It even looks bloodthirsty!

This is a dogfight, and Zhong Hailong usually used it to participate in the competition, and it was very distressing.

But with this dog, he is quite awe-inspiring, almost holding this dog, few people dared to approach it.

Chapter 615: Brought something?

Recently, the number of migrant workers who asked him for wages has dropped a lot.

If he doesn't agree, he will loosen the rope and let the dog bite directly.

There is a relationship behind him, even if something happens, it can be suppressed.

Liu Zihan's face paled by the ferocious bull terrier in front of him, and his body kept retreating.

I'm afraid this brute rushes up.

She had already called Ye Chen and wondered if the other party could rush over.

Judging from the car that Ye Chen left yesterday and the people around her, she felt that this young brother who seemed to be young should have something to do with the family.

It's the only one who can help their family right now!

She was really desperate.

"Zhong Hailong, you \*\*\*\* don't touch my daughter! My daughter is innocent!"

Seeing that the Bull Terrier was getting closer and closer to Liu Zihan, Liu Jiengang, as his father, didn't know why, so he broke the \*\*\*\* between the two and grabbed Liu Zihan.

"Zihan, let's go home. We don't want to be fair."

Liu Jiengang rushed out with Liu Zihan directly, and he was about to leave, when a cold voice suddenly sounded: "Liu Jiengang, what the \*\*\*\* do you think of Lao Tzu's place, come and leave if you want? Although he doesn't know. How can you go? Since you are here, leave one leg. Heizi, go and bite off that guy's leg!"

After the words fell, Zhong Hailong loosened the rope!

The ferocious bull terrier rushed out!

Very fast!

Fangs oozing!

Once bitten, it may even be dead!

Seeing this scene, Zhong Hailong and even the men around him laughed.

They have long been offended, and this kind of human life is not worth any money to them!

Liu Jiangang ran wildly, and he naturally heard the sound behind him!

But how did you get past the Bull Terrier!

Soon, the bull terrier caught up directly, and even bit at the neck of his daughter Liu Zihan!

With this bite, the daughter's life is not there!

Regardless of everything, relying on his father's instincts, Liu Jiangang hugged his daughter, even more so.

Hug tightly!

He wanted to drive away that bull terrier, but found it impossible!

A sense of bite comes!

His hands seemed to be piercing!

Blood is flowing!

"Dad..." Liu Zihan couldn't help tears anymore!

She is helpless!

She is in pain!

"Dad is okay...Um..."

Although the whole body was in pain, Liu Jiangan could only protect Liu Zihan tightly.

This is the only thing he can do as a father!

Zhong Hailong and everyone present laughed!

This is much more interesting than watching a fighting dog.

This \*\*\*\* feeling is almost numb to them!

Zhong Hailong whistled and came to Liu Jiangan: "If you call me grandpa, how about my \*\*\*\* thinking about letting you go?"

"If you don't call, you might have to be bitten to death alive. When you die, your baby girl is probably in junior high school, and she has almost grown up, is it possible..."

Before the words were finished, a sound of breaking through the air suddenly sounded!

The sound was earth-shattering and frightened everyone present!

Zhong Hailong subconsciously looked in one direction. The moment he turned his head, he found a black light coming quickly!

This black light is too fast!

It's so hard to catch with the naked eye!

"laugh!"

Like falling to the earth!

The flesh and blood are blooming!

Black light penetrated the body of that crazy bull terrier!

The powerful impact force directly inserted Zhong Hailong's beloved bull terrier on the concrete floor more than ten meters away!

That bull terrier was killed on the spot!

This scene frightened everyone!

The eyes almost stared out! Staring at the long sword stuck in the ground!

How could there be a sword here!

Damn it!

Zhong Hailong was the first to react and rushed up quickly, trying to pull the sword up, but found that it was impossible!

This sword is as if welded to the ground.

"Fuck the grass, that brute did it!"

Zhong Hailong let out a terrifying roar!

Soon, a figure appeared before everyone's sight.

He is a young man with extremely cold eyes, and a casual wear, but his temperament is ethereal.

Ye Chen is here!

Liu Jiangan and Liu Zihan naturally noticed that the danger disappeared.

Relieved.

Liu Zihan noticed Ye Chen for the first time, and quickly said excitedly: "Brother Chen!"

Ye Chen nodded, his gaze first fell on Liu Jiangan's \*\*\*\* arms and back.

His heart was full of anger.

What kind of animal likes to let dogs bite people so much!

Then, his eyes fell on Zhong Hailong's body.

Icy.

Bloodthirsty.

Extremely cold.

"This dog is yours?" Ye Chen's words fell!

It's like a trial!

Zhong Hailong reacted and drew a short knife from his waist: "Who the \*\*\*\* are you?"

"I'll ask again, is this dog yours?"

"Fuck, what's wrong with Lao Tzu! You fucking—"

Zhong Hailong slashed directly at Ye Chen!

His pet dog is dead, he might as well die!

Obviously, this young man made this sword!

But the short knife hadn't touched Ye Chen, as if it had been distorted by an invisible force.

"roll!"

Ye Chen's cold words fell.

The storm swept!

Zhong Hailong took off directly!

It even spit out a mouthful of blood!

At this moment, everyone was stunned!

They couldn't even believe what happened before them, completely contrary to Newton's laws!

"Since you like keeping dogs so much, I will let you be a dog today."

Ye Chen didn't bother to take action at these people, and directly dialed a phone call: "Within ten minutes, bring the most ferocious dog in the dark hall, and bring an iron cage, which can hold a person and a few dogs."

"Yes, the Lord."

He knew that there were a group of fierce dogs in the dark hall of Jiangnan Province.

Just can be used.

After hanging up the phone, Ye Chen came to Liu Zihan and Liu Jiangang.

"Hold it up."

Ye Chen took out some herbs, crushed them directly, and covered Liu Jiangang's body.

At the same time, the infuriating air covered, and the chill eased the pain a lot.

He looked at Liu Zihan again: "You haven't suffered any injuries, right."

Liu Zihan shook his head fiercely: "Brother Chen, I'm really sorry, I'm causing you trouble."

"It's okay, I just came out to breathe."

Ye Chen smiled.

Because of Ye Chen's shot just now and Zhong Hailong's inexplicable injury, the group of men dare not do anything.

But Zhong Hailong was in constant pain, vomiting blood on the ground.

Finally, he barely got up, he stared at Ye Chen, and just about to speak, a truck stopped directly.

The door opened Several men in black with a terrifying breath got off the truck.

The momentum alone solidified a radius of one hundred meters.

They came to Ye Chen and knelt down directly: "Hall Master!"

Lord?

Zhong Hailong and everyone were confused.

What is the position of the Lord?

Mid-level or high-level?

Ye Chen scanned the few people who were kneeling in front of him, and said lightly: "Brought things?"

"Hall Master, right in the car."

Chapter 616: Surprise

Ye Chen nodded, glanced at Zhong Hailong, and said, "Take the things off, and then let the man in and stay for a while."

The eyes of the strong dark palaces shrank, and he glanced sympathetically at Zhong Hailong, and directly opened the trunk of the truck!

In the next second, a two-meter by two-meter iron cage was directly transported down!

There was a bark of dogs!

When seeing everything inside, not only Zhong Hailong was stunned, but everyone present was shocked!

pit bull!

Tibetan Mastiff!

Newpoliton Mastiff!

All fierce dogs of the world! Even in the dogfighting circle, it is a terrifying existence!

When he saw those people in black coming by, Zhong Hailong knew something was wrong! Just want to run away!

They found that those people had already come to him!

An invisible breath enveloped him, and he had no power to move!

"What are you doing! I warn you, I am Zhong Hailong, I am a member of Baihan Construction Group, if you understand me, I..."

Before the words were finished, the door of the iron cage opened, and Zhong Hailong was thrown in mercilessly.

The fierce beast in the cage seemed to have seen its prey and rushed forward!

"No! Please, let me out!"

"No! Get out of here!"

The miserable sound resounded!

The sound of biting and barking is endless.

At this moment, everyone got cold behind their backs!

Because blood is already flowing in the cage!

Zhong Hailong's voice gradually weakened!

Flesh and blood!

Ye Chen's eyes were extremely indifferent. He glanced at the dark temple powerhouse beside him, and said: "This group does not need to exist, you can solve it. All the middle and high-level people exchange blood. Those people should not take all the money. Spit it out."

"Some people who have problems will either solve them by ourselves or throw them to the police station."

"Yes, the Lord!"

After doing all this, Ye Chen looked at Liu Zihan and Liu Jiangan.

"Let's go, I'll take you home."

Liu Jiangan took a deep look at Zhong Hailong, who was \*\*\*\* in the iron cage, and then at the extremely young Ye Chen and the long sword inserted.

He knew that Ye Chen's identity was extraordinary.

Even this unusual far exceeds his cognition.

"Mr. Ye, great kindness..."

Liu Jiangan wanted to kneel down, but Ye Chen stopped him.

"Your daughter saved my life, and now we are even."

"Okay, get in the car. I have something to do later. I will send you back. The medicine I put on you can isolate rabies and make you recover quickly. If you don't believe it, you can get a vaccine."

Ye Chen opened the car door and ordered.

Liu Jiangan shook his head fiercely: "I believe in Mr. Ye. I know that Mr. Ye is a strange man. He can heal my body. This herb naturally has magical power."

Ye Chengao glanced at the other party, since the other party understands, he can save his own explanation. Drive directly towards Songshan Village.

After this time, he would let the people in the dark hall pay attention to this house, at least nothing like today will happen.

When he enters Kunlun Xu, it is estimated that there will be no intersection with this family again.

...

Half an hour later, Songshan Village.

Ye Chen sent the two to home, and prepared to leave after a few words.

He planned to fly to the capital to find Wei Ying, but he didn't expect Wei Ying to fly to Jiangnan Province directly after a phone call.

After a while, he is going to pick up the plane, so it is naturally impossible to stay here again.

Just when Ye Chen was about to start the car, Liu Jiengang hurried in with a long package.

"Mr. Ye, wait!"

Ye Chen knew that Liu Jiengang was inconvenient, so he got out of the car and said, "Uncle Six, what else can you tell me, you say, I have always treated Zihan as my sister, and you can call me if you have any questions in the future."

Liu Jiengang smiled honestly: "Mr. Ye, it's actually nothing serious. I don't know if I should ask if I have a question. Is the black sword that shot that dog just now yours?"

Although Ye Chen didn't know why Liu Jiengang asked this, he nodded and said, "It's mine. The situation was urgent just now. I can only do this."

Liu Jiengang's eyes lit up, and he quickly handed the things wrapped in rags to Ye Chen: "Mr. Ye, this thing was dug out from the ground in my house eight years ago. I thought it was an antique. I kept it. I saw it today. The sword you shot feels a bit similar. I'm a farmer. I haven't read too many books. I don't understand it. I don't have it by my side. Just give it to you.

If it's useless to you, just throw it away. If it's useful, you can accept it. I will feel better. After all, you have helped our family so much, and I know you are not short of money..."

Ye Chen nodded and took what was wrapped in the rag.

I didn't care about it at first, after all, the things dug out of the ground could be better.

But at the moment of touching, Ye Chen was shocked to find that the Soul Resurrection Sword in the Reincarnation Cemetery had been directly erected!

And accompanied by hostility!

Ye Chen couldn't take care of everything, so he tore open the fabric!

A scarlet and black broad sword was undoubtedly revealed.

The body of the sword is full of ancient Sanskrit, and there is a faint streamer in the vaguely.

Holding it in the palm of the hand, the ancient breath swept over.

It is a pity that this sword is broken in half.

But Ye Chen was very excited.

Because he can feel that this sword is extremely high in rank before it is damaged!

It is the Sword Skeleton in the mouth of the Immortal Lord!

It is also the biggest opportunity to recast the Dragon Slashing Sword!

He never expected that Liu Zihan's family was an opportunity for him to recast the dragon sword!

From the moment Liu Zihan rescued him home, it was as if he had made his own arrangements!

So now, to recast the Dragon Slashing Sword, there is only a \*\*\*\* blood!

And Wei Ying is here!

This is the opportunity!

"Uncle Liu, this thing is very important for me to collect, I absolutely can't use it for nothing, ten million, I will use ten million to buy your sword, no, one hundred million!"

Ye Chen said very excitedly.

When Liu Jiangan heard the number that day, he almost weakened his legs and waved his hand quickly: "Mr. Ye, you are damaging me! Don't worry! I don't know how to repay you for saving my life. What about your money, Mr. Ye, as long as you are interested in this thing."

After that, Liu Jiangan went directly into the house, for fear that Ye Chen would bargain again.

Ye Chen looked at Liu Jiangan who disappeared and shook his head helplessly.

Money must be given. If this material flows to Yibao Pavilion or Kunlun Xu, it will definitely be sold at a sky-high price!

Even one billion RMB is less!

Now, talking to Liu Jiangan about money, the other party will naturally not accept and can only let Ye Lingtian go there in person.

Ye Chen looked at the mysterious broken sword in his hand, breathing quickly, he injected his true energy into it, and even felt a supreme pressure!

Once this sword is condensed with the Dragon Slashing Sword, it will inevitably shake the world!

It is his most powerful assistant in Kunlun Xu!

If one's own heaven-defying sword skills, coupled with the blood dragon and natal runes, maybe the burst of power can tear the blood alliance!

Chapter 617: Murderous!

Ye Chen stopped thinking about it, threw the mysterious Broken Sword into the reincarnation cemetery, and drove directly to the airport.

Half an hour later, Jiangnan International Airport.

Ye Chen saw Wei Ying in a long skirt.

Since Xiangjiang returned, the two have not seen each other for almost a month.

At this moment, Wei Ying drew a light makeup, slender and white legs faintly, and the exquisite curve was completely outlined.

Her eyes were cold, her hair draped down, like a waterfall, standing there, especially eye-catching.

There is no additional decoration, only the Dipo Xuanshi hanging on the neck.

A faint crack appeared in the earth soul profound stone.

If you don't meet again, it is very likely that Wei Ying's \*\*\*\* cold body will not be suppressed by breaking the black stone.

Although Ye Chen taught Wei Ying to practice, it was clear that Wei Ying hadn't kept up with her practice during this period of time.

The chill of the whole body is also obvious.

I'm afraid that in a few months, the \*\*\*\* cold body will break out completely.

Then, what should Wei Ying do?

Outside the airport, such a tall and \*\*\*\* beauty makes many men want to approach.

But the icy cold air prevented everyone from moving forward.

Once near, the cold air is enough to hurt people.

This is the initial stage of the appearance of the \*\*\*\* cold body.

"Ye Chen, I am here!"

When Wei Ying's cold eyes saw Ye Chen, they seemed to be shining, smiling like a flower, and waving their hands excitedly.

After returning from Xiangjiang, for some reason, Wei Ying always had images of Ye Chen in Xiangjiang in her mind.

She wanted to call Ye Chen several times, but when she thought that Ye Chen had important things to do, she put down her phone.

When she knew that Ye Chen wanted to see her today, she flew directly from the capital to Jiangnan Province without hesitation.

At the moment she stepped on the plane, she even felt that she was a little unreserved like this?

She can't care so much, just want to follow her heart.

Ye Chen took Wei Ying's suitcase and smiled: "Are you planning to travel to Jiangnan Province?"

Wei Ying blinked her big smart eyes: "Yeah, you found all of this. The scenery in Jiangnan Province is so beautiful. You must do your best to the landlord."

"Okay, but this time I may only be able to take you around a little bit, maybe even I will return to the capital soon. Next time I have a chance, I will take you around a few times. It's not too late. Let's go. Where you go to live."

The reason why Ye Chen does not return to the capital now is entirely because Elder Zheng is in Jiangnan Province.

The presence of the other party is too threatening.

Before completely beheading the opponent, the Xia Family and Zhu Family in Jiangnan Province, or the Tianzheng Group may be retaliated by the opponent.

He has to stay in Jiangnan Province these days and wait for news.

"it is good."

Although lost in her heart, Wei Ying nodded.

Soon, Ye Chen took Wei Ying to Mingcui Villa.

Putting down the luggage, Wei Ying looked at Ye Chen curiously, and said directly: "Ye Chen, to be honest, you haven't called me for a month. What is the matter of calling me suddenly this time?"

Ye Chen hesitated for a few seconds, and still said: "You have something that is \*\*\*\* and cold in your body. I told you that now I may need your help. Of course, you can refuse. This is not to me either. Too important."

Wei Yingxiu frowned and said curiously: "If you want me to help, just say it directly. If I can do it, I will definitely help you."

"Um...you won't have a yin and yang rendezvous like on TV, I won't necessarily agree to this."

Wei Ying blinked her big eyes and said playfully. Although it was a joke, her face was flushed.

Very cute.

She hoped so for the true thoughts in her heart.

Ye Chen shook his head and roughly explained the essence and blood of the cultivator and the things needed to repair the Dragon Slashing Sword.

As a teacher at the Normal University, Wei Ying quickly understood: "In other words, you want a drop of my blood?"

"Correct."

Wei Ying smiled, and in the next second, she planned to bite her finger.

"I thought it was a big deal. I will give you blood if you want blood. Anyway, I have to go to the hospital for blood every year, not bad for these few drops."

"By the way, how can you thank me for helping you so much?"

"Do you want to agree with your body?" Ye Chen joked.

"Yes, I'm afraid you dare not."

In Wei Ying's eyes, a few drops of blood are nothing.

Seeing that Wei Ying was about to force the blood, Ye Chen quickly stopped, and explained: "The blood must be in your \*\*\*\* and cold state to be useful."

When Wei Ying heard these words, her eyes were a little serious.

In the past month, she found that the frequency of the voice was getting higher and higher.

She even had the habit of sleepwalking.

I often wake up in the middle of the night, meditate and practice on the balcony, and countless cones of ice are formed all over my body.

If she didn't know that she had a \*\*\*\* cold body in her body, she would definitely collapse.

"You can think about this matter, and you don't need to reply to me right away. It really doesn't work, I can replace it with other blood."

Ye Chensheng was afraid of burdening Wei Ying, so he said.

Before she finished speaking, Wei Ying smiled mysteriously, and grabbed the Earth Soul Profound Stone on her neck.

Ripped off directly.

"Is that right?"

The moment the local Po Xuan Shi disappeared, the entire villa seemed to be transformed into an ice cave!

The temperature drops by tens of degrees!

The cold wind blows, Ye Chen even feels that the blood is about to solidify.

Fortunately, the Blood Dragon phantom sensed something and poured out of the body directly!

The blood dragon disk was on Ye Chen's body, and disappeared the moment the cold air touched.

"Wei Ying, I didn't say now."

Just as Ye Chen wanted to talk, a pair of cold eyes shot over!

At the same time, a cold palm swept directly, strong wind gusts, extremely powerful!

"My blood, you dare to make an idea, die!"

The voice of cold entering the bone marrow slowly felt like this.

Ye Chen realized that the girl in front of her was not Wei Ying, but a \*\*\*\* body.

More importantly, the other party moved to murder!

Ye Chen stretched out his hand fiercely and clasped the opponent's wrist.

Wei Ying snorted coldly, and an extremely sharp sound came.

I saw Wei Ying's other show hand, holding the ice sword, and a sword penetrated.

Even if Ye Chen stepped into the Ascension Realm, he did not dare to take it lightly in front of Wei Ying at this moment!

In the shrill sound, the entire villa seemed to be torn apart!

Visible horror!

At this moment even Ye Chen didn't even have a chance to breathe.

Not seen for a month, Wei Ying's \*\*\*\* cold body is actually so strong.

Although he can deal with Wei Ying, he can't do it!

What if you hurt Wei Ying?

In desperation, Ye Chen could only dodge constantly, avoiding every murderous opportunity.

"If you dare to touch my blood, you won't dare to fight. Are you men like that?"

Ye Chen hadn't fully stabilized his figure, and a scolding sound rang out.

At the same time, countless ice arrows penetrated, killing the sky!

Chapter 618: no choice!

Some furniture in the living room was directly destroyed!

The waves are rolling!

In desperation, Ye Chen could only hold the Soul Suppression Sword in his hand, and the whole body's vitality was injected into the Soul Suppression Sword.

Swords rang from the Soul Sword, and the sword aura continued to be worn down.

It seemed to form a barrier, blocking all the Frostbolts outside!

Rumble!

In a blink of an eye, the roar exploded!

The white light and the black light kept touching, and there was a stalemate.

"I haven't seen you for such a long time, your strength is a lot stronger. I advise you not to pay attention to Wei Ying. This girl is pure and has a good impression of you, but I will never allow you to be together!"

The voice of the \*\*\*\* cold body sounded again.

Ye Chen is completely speechless, you are just a bloodline, and you care about the main body leisurely?

Once Wei Ying's "Chill Heart Jue" has been successfully cultivated, the blood and cold body will be completely melted into the blood, and this will not happen.

"It seems that you are not convinced by my words? Then I will fight until you are satisfied today!"

Wei Ying snorted coldly, and the ice sword was sacrificed. Under the fierce sword aura, the gods and Buddhas evaded!

A single sword directly caused countless cracks in the ground!

As soon as it was about to fall, Wei Ying's eyes recovered a trace of clarity.

"Patter!"

The ice sword fell directly on the ground, and at the same time, Wei Ying forced a drop of blood with her finger.

"Ye Chen, I'm barely awake now, you quickly collect the essence and blood, and quickly help me put on the Earth Soul Profound Stone!"

The voice was soft and rapid.

Ye Chen didn't hesitate anymore, with five fingers, the essence and blood were directly held in the palm of his hand, and at the same time he stepped out and came to Wei Ying's side, and the Earth Soul Profound Stone patted Wei Ying's chest directly.

The icy air of the whole house disappeared instantly.

Wei Ying also recovered completely and let out a long sigh.

"Ye Chen, I didn't hurt you just now."

Wei Ying thought of something and quickly grabbed Ye Chen's hand and said with concern.

Ye Chen shook his head and said with a smile: "Don't worry, she can't hurt me. I'm so afraid that I will hurt you with my shot."

Wei Ying was relieved, she came to the sofa and sat cross-legged: "I will adjust my state first. That guy's voice is still ringing in my mind. Only by practicing can I stop the other person."

After speaking, Wei Ying closed her eyes, and the entire sofa was gradually wrapped in ice, as if it had become an ice sculpture.

Ye Chen knew that the other party was cultivating, so he didn't bother, and he took the essence and blood in the palm of his hand and directly entered the reincarnation cemetery.

The Lord of Immortality and Duan Leiren are playing chess at the Tomb of Reincarnation.

"What did you do when you came in?" The Immortal Lord said lightly with a sunspot.

Duan Leiren glanced at the other party for nothing and said: "What you said is interesting. My apprentice is the tomb owner of the reincarnation cemetery. He is in charge of this place. Can't he come here?"

"In other words, we are just being sent under the fence. If he wants to, he can kick us out at any time!"

At this moment, Duan Leiren stood on Ye Chen's side without hesitation.

The Immortal Lord didn't plan to play chess anymore, stood up, his eyes fell on Ye Chen's body: "What's the matter, let's talk about it."

Ye Chen directly sacrificed the essence and blood, floating above the reincarnation cemetery!

"Senior, I have brought the things you want. Help me repair the Dragon Slashing Sword."

The Immortal Lord glanced at the dazzling blood that glowed with crimson light, and his eyes were a little fanatical!

It is indeed the blood of the \*\*\*\* cold body!

"Unfortunately, blood is not enough. Without a high-level sword skeleton, that sword is still a waste sword."

Before the Lord of Immortality finished speaking, Ye Chen directly took out the mysterious broken sword that Liu Jiangang from Songshan Village gave him.

As soon as the mysterious broken sword comes out, the reincarnation cemetery is full of desolation!

At this moment, the eyes of the Lord of Immortality shrank suddenly, stepped out in one step, and came directly to Ye Chen's face, even more so, taking the mysterious Broken Sword!

With a hideous face and shortness of breath!

Ye Chen has never seen the Lord of Immortality so nervous!

"This sword is an ancient sword skeleton, even the sword of a close friend of mine. He has a unique swordsmanship throughout his life, but unfortunately he ended up with a sword destroying and killing people. Where did you get this sword! Tell me!"

Ye Chen didn't talk nonsense, and said the latest thing again.

After the words fell, the Immortal Lord looked up at the sky and said with emotion:

"It seems that everything is destined, with such a sword, it is like a \*\*\*\* help!"

"I finally understand why the reincarnation cemetery chose you, so lucky, I can't find a second one."

"This sword is called the Overlord Wentian Sword. It is not only made of Seven Meteorite Black Stone, but also a powerful forging ten years of hard work. At its peak state, a sword can even break the sky, but it has lost its spirituality now. "

Ye Chen didn't expect this sword to have such a origin, and quickly said, "Senior, can he be the skeleton of the Dragon Slashing Sword?"

The Immortal Lord nodded: "Yes, but my ability can't restore his peak state, but if it is combined with the sword spirit of the Dragon Slashing Sword, the power that will erupt at that time will be absolutely terrifying! The key, as you continue in battle, the rank of this sword will continue to upgrade!"

"Recasting this sword can be regarded as a tribute to my dead friend. From now on, I will help you recast it!"

At this moment, the look of the Immortal Lord is extremely serious!

He closed his eyes, and the reincarnation graveyard trembled!

The ground cracked, and a forging table full of flames was born out of thin air!

The flames are raging, and the Lord of Immortality is suspended above the forging platform!

Fingers choked.

Suddenly, the Dragon Slashing Sword flew into the flames of the forging table!

"Overlord Wentian! Sword Skeleton Fractal, recast Dragon Slash, open!"

With a roar, the Overlord Wentian Sword also fell into the flames!

The meaning of absurdity spread out, vaguely, there seemed to be a figure dancing sword crazy inside!

Every sword carries the charm of heaven!

"The blood is cold, the blood is the guide, enter the sword! Open!"

The blood is falling! The flame suddenly reached a hundred feet high! The posture of the sky is palpitating!

At this moment, the sky outside China has completely changed!

Clouds cover, lightning and thunder!

Especially over Jiangnan Province, there is a thunder and lightning that seems to turn into a sword intent, which will last for a long time, illuminating the whole world!

It's like a vision!

"Boy, give me three days. After three days, this sword will be ready! Let me ask you, from now on, what is the name of this sword?"

Ye Chen pondered for a few seconds, then said: "Just ask him to cut the dragon and ask the sky sword!"

"it is good!"

...

At the same time, the west of the city is on the top floor.

Elder Zheng opened his eyes and looked at the thunder and lightning vision above the sky, his eyes were only shocked.

"Such a force of thunder, for thousands of miles, seems to be intolerable, is it because the enchanting is born?"

"No, this is a vision of the advent of the Divine Sword! From the perspective of the vision, this sword is also the strongest existence in Kunlun Xu, but how could it be born in a place where Huaxia's spiritual energy is thin?"

Elder Zheng was a little disturbed between Meiyu.

Ye Chen, Ye Xitian, now coupled with the vision of the advent of the divine sword.

What happened to Huaxia?

Is it possible that China will rise completely?

Can't even compare Kunlun Xu?

No longer think about it He took out the formation from his waist.

The light is getting dazzling.

His anxiety was gradually suppressed.

Because the array shows that the blood alliance army is about to enter.

The end of China is coming.

After this battle, both Ye Chen and Ye Jitian will be suppressed into hell!

Ants, there is no choice.

Chapter 619: Let it down!

Ming Cui Villa.

In the past few days, Ye Chen has entered the reincarnation cemetery several times to check the progress, but the Lord of Immortality is still focusing on casting the sword.

Ye Chen ignored him.

The power of the dragon veins and all the spiritual energy in the entire reincarnation cemetery seemed to rush into the Dragon Slashing Heaven Sword.

Zhanlongwen Tianjian burned in the raging fire and thunder and lightning, Ye Chen didn't even dare to approach.

Once he got close, the powerful coercive force made his blood surge and even vomited blood.

Ye Chen knew very well that once Zhanlongwen Tianjian succeeds, his strength will inevitably span a large level.

"Disciple, I thought this old guy despised you, but now it seems that he can do this, and he can be regarded as approving you."

Duan Leiren walked to Ye Chen's side and said lightly.

Ye Chen nodded. Although the Immortal Lord had ridiculed and mocked himself, he could feel the intention of the other party.

As the tomb owner of the reincarnation cemetery, it is impossible for these hundred mighties to treat him like this.

After all, he is the person who turned over these hundred people.

Duan Leiren looked at the immortal master in the flames, and continued to say to Ye Chen: "This old guy uses his immortal fire to forge a magic weapon. The cost is extremely high. If you pay attention to it, you will definitely find the light on him. It's dimmed a bit."

"When this sword is forged, I am afraid that it will not be long before he will dissipate in the world."

"I wanted him to refine the Primordial Virtual Reality Pill, but now it seems that it is very difficult for the other party to refine it."

Duan Leiren's words were a bit lonely.

"Apprentice, if you have a chance, see if this guy is willing to teach you the way of alchemy, if he really likes you, maybe he will pass on the unquenchable fire to you.

The most powerful thing on this guy is the indestructible fire, forging swords, alchemy, and condensing talisman. The reason why it is so powerful is due to the indestructible fire, and it is extremely powerful even when used for battle. "

"It is said that this unquenchable fire was taken from the depths of a sacred mountain of magma, and it was used to refine it in seven or forty-nine days. There have been countless strong men watching, but in the end all died in the hands of the unquenchable fire. Even a thousand top powerhouses encircled and suppressed the indestructible one, but he did not put out the fire, and all people will die! It is tragic!"

Ye Chen heard Duan Leiren's explanation, and then looked at the old man in the flames, and a storm surged in his heart.

This guy was so scary before?

Suddenly, the flames skyrocketed again, almost covering the entire reincarnation cemetery.

The casual clothes on Ye Chen also burned out instantly, making him feel embarrassed.

Duan Leiren looked at the sea of flames with serious eyes, and said to Ye Chen: "Disciple, there is about one day left. On this day, you should not step into the reincarnation cemetery anymore. The flame and temperature will be tolerated by anyone's body. Can't live."

"it is good."

Ye Chen left the reincarnation cemetery directly after speaking.

...

In the past few days, there is still no news from Elder Zheng.

As if the world has evaporated.

This is true no matter how powerful Huaxia is.

Even if the Dragon Soul used satellites, he didn't notice it.

The anxiety in Ye Chen's heart became stronger.

This is like the eve of a storm.

In desperation, he took Wei Ying to the Jiangnan Province for a tour, which was considered to be a landlord.

At five o'clock in the evening, Ye Chen and Wei Ying returned to Mingcui Villa. Before they stepped into it, Ye Chen felt that there was someone in the house!

He swept away, and he couldn't help sighing.

The door has been opened, it is Xia Ruoxue.

Xia Ruoxue knew that he was here, obviously after dealing with the affairs of the Xia family, he came back.

Xia Ruoxue's beautiful eyes fell on Wei Ying for the first time.

Wei Ying did the same. Ye Chensheng was afraid of violent sparks in the air when his eyes met.

Xia Ruoxue naturally knows Wei Ying's identity, and she also understands that Wei Ying has helped Ye Chen a lot.

Ye Chen wanted to explain something. What surprised him was that Xia Ruoxue took a step first, passed by Ye Chensao, and put her arms around Wei Ying, and whispered, "Wei Ying, you have to be with me when you come to China. Say it, I can also do my best as a landlord and go shopping with stinky men. I guess Xiaochenzi didn't take you to some places that belonged to women. Jiangnan Province is not only the scenery."

Wei Ying also knew the identity of Xia Ruoxue. She didn't know how to explain it, but she didn't expect Xia Ruoxue to be so proactive.

Soon, Xia Ruoxue's simple words and actions caused Wei Ying to take off all precautions.

The two girls communicated happily on the sofa, and from time to time there were bursts of laughter in the living room.

Even the two of them had already negotiated, and after dinner, they went to visit the largest Intime Department Store in Jiangnan Province.

Ye Chen was taken, and the woman's heart was a needle in the sea. He never expected that the two women would get acquainted immediately, and even let him hang out.

He shook his head helplessly, and just about to go upstairs to practice, his pocket phone rang.

He glanced at the number, his brow furrowed, he was actually the old man in China who controlled the top power.

Generally, there are no special circumstances, and this old man will never call him.

The call was connected, and the old man's old voice rang directly: "Ye Chen, I am calling you today and I will only say one thing."

"what?"

Ye Chen curiously wondered what medicine was sold in the other's gourd.

"As a big country, China has passed on for thousands of years, but you are one of the most outstanding powers born in these tens of thousands of years. It is extremely important to us. During this time, we can all see your contribution to China. ..."

"What are you going to say? You don't have to say these kind words."

The old man paused for a few seconds, sighed, and said: "Not only the strong people in Kunlun Xu control Huaxia, but in Kunlun Xu, there is also my Huaxia eyeliner. Just an hour ago, a team passed the Zhenshan River in Kunlun Xu. I am ready to leave Kunlun Xu and step into the Chinese realm."

"This is a team of a hundred people, with great momentum. It is conservatively estimated that they are all powerhouses in the Immortal Ascension Realm, Saint Realm, and Transcendent Realm. If these 100 people enter the Huaxia realm, the safety of Huaxia will be in danger."

"The people I sent out to investigate, didn't come back. Obviously they have died in the hands of this group of people, but the specific characteristics of those people have been collected by China's science and technology. If there is no wrong guess, This group of people come from a blood alliance!"

"It's more likely to be the powerhouses of the Blood Alliance and Blood Battle Hall. These people don't blink their eyes and have endless methods. Even in Kunlun Xu, they are also famous. During this time, you and the blood alliance cannot have a relationship. I guess wrong, this team is very likely. It's for you."

"Although I don't know why the blood alliance is so exciting, but if you really find you, you have no way to survive!"

"At the moment, Huaxia is willing to provide assistance to you, stagger these people, and you will directly enter Kunlun Xu with everyone from the Ye Family!"

The old man's words fell and he was full of emotions. This was the only thing he could do for Ye Chen.

Chapter 620: Take it!

China has let Ye Chen down too many times.

This time, no matter what, he will protect Ye Chen!

Even if he fell from this position, he would not hesitate!

...

"Ye Chen, I have arranged a plane for you. Bai Lixiong will take the seat in person. This time he will enter the Kunlun Xu with you. This time, don't be arrogant. I hope you will listen to my old man once."

The old man's lonely voice came.

He didn't want Ye Chen to leave at all, Ye Chen's strength was more than ten iron blood camps!

With Ye Chen, no force can touch China!

But right now, he cannot be selfish.

After the Yunhu Villa incident happened, he failed the Ye Chen family.

This time, he must choose a way to make up.

Those at the conference level put him under a lot of pressure, and he must let Ye Chen leave immediately.

Otherwise, those people will use all their strength to stop Ye Chen!

"Bai Lixiong is leaving too?"

This time it was Ye Chen's turn to be surprised, Bai Lixiong was the general of China, guarding the existence of China's mountains and rivers.

If you leave Huaxia, doesn't it mean the sky changes?

The old man nodded: "Actually, Bai Lixiong came to me and resigned a month ago. His wife was taken away and disappeared. Later you told his wife's whereabouts. He has always been thinking about Kunlun, no matter what. , He wants an explanation."

Ye Chen just suddenly.

It is understandable that Bai Lixiong did so.

However, his wife's status is not ordinary, and she is a member of that power. With Bai Lixiong's strength, entering Kunlun is frightened.

Perhaps Bai Lixiong might have had an accident without seeing his wife.

Of course this is the opponent's choice, and he can't stop it either.

Seeing that Ye Chen hesitated, the old man continued: "I have sent someone to pick you up. You will leave immediately. As for your mother and friends, I will arrange to go together. You can rest assured that Ye Chen, this is you. The only choice, I don't want you to die in China Land."

The old man thought Ye Chen would accept this condition without hesitation.

After all, the hundred-member army of the blood alliance could not be blocked by Ye Chen.

This is different from the Battle of Kunlun Mountain. This time, the blood alliance is determined to take Ye Chen!

The dark hall, the iron-blood camp, and all the other forces, in front of the hundred-member army of this blood alliance, can't stop it at all!

Not leaving is death!

Suddenly, Ye Chen smiled, the smile was extremely bright.

"I appreciate your kindness. I do want to go to Kunlun Xu, but it is definitely not now.

Now that the Hundred-Man Legion of the Blood Alliance is coming, I, Ye Chen, want to learn about the power of the Blood Alliance dormant in the depths! "

The old man was startled, his expression serious, and he said every word: "Ye Chen, you are a nonsense! I will tell you one more thing! A few days ago, the power of a hundred people killed the existence of the Holy King Realm! You are now! 'S strength is only the initial stage of the Ascension Realm, do you think you and your forces are qualified to cross three realms and kill a hundred people?"

"I know that you are very talented, but this is not a trifle! You will only harm the people in the dark hall!"

Ye Chen lit a cigarette, took a sip from the balcony, and replied: "Who said I would let the dark palace take action? This time, I, Ye Chen, will fight alone! If they dare to come, this Chinese land is their \*\*\*\* alliance. The tomb of a hundred people!"

The old man was completely speechless, even a little angry in his heart!

What kind of brains is Ye Chen!

He wanted to scold Ye Chen a few words to wake him up.

However, the call was directly hung up!

Even shut down!

This kid insisted on going his own way, actually wanting to ruin his fate!

madman!

On the other side, Ye Chen finished smoking a cigarette, and the laughter of Wei Ying and Xia Ruoxue continued to be heard.

No matter what, he must guard the pure land of China.

He is not a saint, but this piece of land is his childhood memory.

Don't want to be destroyed.

If someone tried to destroy, his sword would be cut from the sky!

No matter who it is, he must bear Ye Chen's monstrous anger!

...

China, Kunlun Mountains.

The nearby scenic spot was blocked by Huaxia officials a day ago.

For unnecessary casualties.

A long line came from the depths.

The head is a burly man!

The height is even far more than two meters, and it is a strong tug of war, and it gives people a sense of oppression.

The burly man is known as the \*\*\*\* of war in the \*\*\*\* battle hall of the blood alliance!

Named Lei Jianyun!

The strength is at the peak of the Saint Realm!

A few days ago, it was Lei Jianyun who combined the formation of a hundred people to kill the powerful Saint King Realm!

No one is invincible!

Hundreds of people in the Bloody Battle Hall pressed the realm.

The team is very long, and there is a touch of \*\*\*\* phantom on the head!

That is the ghost of wolves.

Bloodthirsty and murderous.

Lei Jianyun looked at the Chinese land condescendingly, and sneered: "A place with a lack of spiritual energy can really give birth to a person like Ye Jitian? Ridiculous! It seems that Ye Jitian may really come from Kunlun Xu. Ye family, it just happened to pass by China this time."

"Ye Jitian is certainly strong, but in front of me, Lei Jianyun, there is only death!"

"Regardless of whether you are a dragon or a worm, you have to \*\*\*\* it in front of my \*\*\*\* battle hall!"

Powerful self-confidence burst out of Lei Jianyun, the coercion covered him, and the surrounding two rows of trees shattered directly!

Visible power.

Even a few disciples of the Bloody Battle Hall looked pale and could only hold back.

Murderous convergence.

Everyone in the Blood Battle Hall also stopped.

Because not far away, an old man in a purple robe was walking hurriedly.

It is Elder Zheng.

Elder Zheng knew from the array that the people of the Bloody Battle Palace arranged by the protector had arrived, and he naturally came to Kunlun Mountain to greet him immediately.

Although the law protector said that he was in charge of this group of people, but he never dared to entrust them.

Several of them are not inferior to him at all!

He would only die miserably if he relied on the old to sell the old.

Especially Lei Jianyun, he is a well-known murderous demon! God of War!

"Master Lei, finally met!"

Elder Zheng said excitedly.

Lei Jianyun was indifferent, glanced condescendingly at Elder Zheng in front of him, and said: "I don't need to say any polite words, I just ask you, where is Ye Sutian now!"

"Where was the last time you saw him!"

Elder Zheng didn't know the whereabouts of Ye Jitian He had already thought about how to lie when he came, and explained: "This Ye Jitian's strength is mysterious and unpredictable, I want to follow him. It's difficult, but I know that there is a person who has a lot to do with Ye Jitian!"

"As long as you find this person, you will know the whereabouts of Ye Jitian!"

Lei Jianyun put his hands behind him, and said lightly: "Who?"

"That's the Chinese Ye Chen! Both of them have the surname Ye, and they are so against the sky. Isn't it doubtful! And I saw Ye Chen and Ye Jitian leave together talking and laughing! Right now, it is best to go first in the Blood War Palace Take down that little beast!"

These are all made up by Elder Zheng, and he must kill with a knife!

And this explanation is obviously seamless!
