

## Urban Medical 671

Chapter 671: I don't think so

Ye Chen didn't need to explain either.

Because even if it explains, no one will write it.

When everything happens, this secret will be known to the world.

That day, perhaps the entire Kunlun Xu people will have their jaw dropped.

Ji Lin suddenly thought of something and hurriedly said: "Oh, I forgot my business! I must go to Qingxuanfeng as soon as possible!"

Ye Chen frowned, and said in surprise: "You also go to Qingxuanfeng?"

"Nonsense, I'm here now, why don't you go to Qingxuanfeng? No, what do you mean, you go there too?"

Ji Lin blinked and suddenly thought of something.

"I heard from my elder sister, that the Medical God Sect seems to be in the line of Lin Qingxuan, did you go to Qingxuanfeng to seek the highest path of medical treatment?"

Collect hundreds of warriors! Play free!

"You have also stayed at the gate of medical gods for a few years, but thinking about martial arts all the time, it is estimated that medical skills are not very good."

Ye Chen was too lazy to explain, and nodded: "Forget it."

"Walk around, since it's on the way, it's the best, this girl protects you, I am here, the gods and ghosts give way."

"By the way, Ye Jitian might have acted because of me, maybe because of my sister's beauty, to please me."

"Ye Chen, take a look, in fact, you are totally saved by my light! Don't thank me!"

Ye Chen: "..."

The two directly mounted their horses and headed towards Qingxuan Peak.

The Qingxuan Peak towers into the clouds and is extremely steep, and the top part of the mountain is in the clouds and mist, like a fairyland.

When it was halfway up the mountain, the mount couldn't go up at all, and the two of them could only go up on foot.

An hour later, the two finally reached the top of Qingxuan Peak.

The entire Qingxuan Peak is like a huge hourglass, although the middle is steep, but the top of the mountain is vast.

The two did not move on because there was a large mountain guard in front of them, so they had to stop.

Arrays of runes flowed above the mountain protection formation.

The rune was cold, and it seemed to have a pair of eyes staring at Ye Chen and Ji Lin.

Ji Lin looked at Ye Chen: "Aren't you good at formation, try to see if you can break this formation, otherwise we won't be able to get in."

Ye Chen nodded, closed his eyes, wanting to feel the direction of the eyes.

There are only two ways to break the formation.

First, the strength far exceeds the formation, forcibly breaking open.

Second, find out and break the front.

But soon, Ye Chen's expression was frozen.

His spiritual sense penetrated into it and disappeared!

Unable to detect the eyes!

This is actually a very powerful formation!

It may even exist since ancient times!

Otherwise, Qingxuanfeng would not have survived for so many years.

Could it be that Lin Qingxuan had set up a formation before the accident to protect future generations!

Ye Chen entered the reincarnation cemetery and wanted to find Lin Qingxuan, but found that the other party was completely silent.

I don't know if it's closed or disappeared.

Ji Lin on the side saw Ye Chen's reaction and shook his head: "I thought you were so powerful, but now it seems like that."

"Forget it, this girl has a try."

Ye Chen looked at Ji Lin and curiously asked: "Do you know the formation?"

Ji Lin smiled, and in the next second, he directly sacrificed a green sword, and his aura suddenly rose to the extreme!

Cut with a sword!

"If you want to know what formation, just split it directly."

Ji Lin's strongest blow hit the array ripple directly!

The ripples were rippling, and at the same time, a red light suddenly appeared.

In the next second, an icy murderous intent shot directly from the formation, heading towards Ji Lin.

Ji Lin never thought that this formation would even condense murderous intent!

Before she could return, Ye Chen hugged Ji Lin directly and moved to one side.

And it was exactly in place, and a deep sword mark appeared.

Ji Lin exhaled, glanced at Ye Chen, and said: "Thanks, I saved you today, and now you saved me, we are even."

Ye Chen: "..."

At this moment, more than a dozen figures rushed out from inside. It was obvious that Ji Lin had moved the formation just now and triggered the alarm inside.

"Who dares to touch our Qingxuanfeng formation! Looking for death!"

It was a man wearing a cloth with his hands behind his back.

The man didn't have any weapons, but his eyes were cold.

His gaze turned towards Ye Chen, and Ye Chen naturally became the object of his suspicion.

"It's your hand?"

Seeing someone coming out, Ji Lin quickly stepped forward and said seriously: "Hello, I am Ji Lin of the Ji family. I am entrusted by the Ji family. I also invite the descendants of Lin Qingxuan to visit the Ji family! Please!"

The commoner man looked at Ji Lin again, and when he found that it was a little girl, he sneered: "Dead, get out."

The simple three words express the attitude.

Obviously, they have this confidence.

Ji Lin's expression changed, naturally he was unwilling to give up, and continued: "Whatever you want, our Ji family can take it out! Let's make a condition."

The commoner man suddenly looked serious, and said every word: "I understand what I said, get out! Although your Ji family has some power in Kunlun Xu, but it counts nothing in my Qingxuanfeng. If you don't get out, don't blame me for being ruthless. ."

Ji Lin almost exploded!

How could she have been so angry!

Her Ji family is not a small family in Kunlun!

Suddenly, she thought of something.

This group of people's attitude must be due to one reason, that is, the conditions are not enough!

No longer hesitating, a golden pill appeared in Ji Lin's hand.

As soon as the golden pill came out, countless auras poured into it, and the strong medicinal fragrance spread out.

The commoner man and everyone behind him took a breath.

They grew up in Qingxuan Peak, accepted the Supreme Medical Way, and had an incomparable understanding of the pill and medical way.

And the breath of the medicinal pill is extremely rich and extraordinary.

The commoner man was a little moved and ordered: "Give me this pill, and I will naturally consider it."

Naturally, Ji Lin would not give him casually, saying word by word: "I want an accurate answer, and this pill can only be given to Lin Qingxuan's real descendants!"

The commoner man seemed to feel that his authority was being questioned, and he snorted coldly: "I am a descendant of Lin Qingxuan. If you need me to take action, give me this pill. You are not qualified to negotiate terms."

"If you don't want it, it won't do much to me."

At this moment, Ji Lin was shaken.

Father is in danger, only Qingxuanfeng can save him.

She must let Lin Qingxuan's descendants go down the mountain.

She gritted her teeth, no longer hesitated, and passed the pill in her hand.

The commoner man's eyes are hot a smile is outlined at the corner of his mouth.

All of Qingxuanfeng's descendants are Lin Qingxuan's descendants, not to mention, he promised to shoot, but he didn't promise to save him.

Obtaining an ancient medicine for no reason, this transaction is too profitable!

He ripped off the formation of Qingxuanfeng, he had seen through the strength of these two people long ago, so he didn't need to be afraid.

Just when he was about to remove the golden core from Ji Lin's hand, Ye Chen on the side grabbed Ji Lin's wrist and directly pulled it back.

"I don't think so." An indifferent voice sounded.

Ji Lin was startled and looked at Ye Chen curiously: "Ye Chen, what are you doing?"

Chapter 672: I can!

Ye Chen said, "Someone in Ji's family has a problem? Your relatives? Is this the real reason you came to Qingxuanfeng?"

He could see the strength of the commoner man at a glance.

The martial arts strength is pretty good, but when it comes to medicine, that's not necessarily true.

What's more, this person's eyes are erratic, can he really cure it after taking the medicine?

In terms of medical skills, he may not necessarily be the opponent of Lin Qingxuan's descendants.

But there is Lin Qingxuan in the reincarnation cemetery!

What future generations are you asking for? Just ask him Ye Chen directly!

Ji Lin also had no need to hide: "My father is now in a coma, and my sister asked me to come to Lin Qingxuan's descendants to take action. This is the only hope."

Ye Chen nodded, and said seriously: "Have you forgotten that my way is also the way of medicine? Yu Qi finds this group of uncertain people, it is better to let me take action, and I don't want the golden core."

Ji Lin gave Ye Chen a white glance: "My father's disease cannot be cured by ordinary means. I know that you came from the medical gods and went the same way. But...my father's disease is very difficult, and your master does not. There must be a way, let alone you."

"My elder sister said that only Lin Qingxuan would have any hope, but Lin Qingxuan had already disappeared from the world, and Lin Qingxuan's descendants were the only chance."

Ye Chen was startled, just about to speak, a silver needle shot over!

Cut through the air, silver light shone.

It locks his heart!

Obviously he was killed by a single shot!

He snorted coldly, stuck his right hand out, and gently pinched his fingers, and a silver needle appeared firmly in the palm of his hand.

Then, his icy gaze shot at the man in the commoner who shot his hand, coldly said: "You did this, have you passed it?"

The commoner man obviously didn't expect Ye Chen to be able to catch his silver needle.

Is the responsiveness of the ascension state so strong?

"Boy, this little girl's words are very clear, but you want to hurt me?"

The commoner man said coldly.

Ye Chen ignored me and looked at Ji Lin: "If you believe me, put away the pill. I will take care of your father's illness, and I promise that as long as Lin Qingxuan can cure it, I can still be treated by Ye Chen!"

At this moment, Ye Chen exploded with strong confidence.

It seems to be radiant.

Ji Lin lost consciousness for a moment, and even subconsciously planned to put away the golden pill.

The commoner man had long regarded the golden core as his own, and he couldn't care about his face, so he spread his five fingers and came towards the golden core.

Seeing this scene, Ye Chen shrunk his eyes and snorted coldly, and the silver needle between the \*\*\*\* just shot directly out!

Fast as lightning!

Perceiving the crisis, the man in commoner sneered, his arm shook, and an invisible wave of air rolled away. He thought it could destroy the silver needle, but he didn't expect that the silver needle would pass through the air wave directly!

It penetrated his arm accurately!

In the next second, he felt his entire arm numb.

"You dare to do something to me! Do you know my identity in Qingxuanfeng!"

The commoner man wanted to force a silver needle, but found it impossible!

The silver needle seemed to be tightly guarded by an invisible force.

The key is not only that his arm is stiff, but this sense of stiffness is spreading!

He was sure that before long, his entire body would be petrified and unable to move!

What kind of magic is this?

How is it like a magic talisman?

His ferocious eyes stared at Ye Chen: "Boy, what did you do to me? This is in Qingxuan Peak. Have you ever thought about the consequences!"

Ye Chen put his hands on his chest and said lightly: "Since you are a descendant of Lin Qingxuan, you can't even force a silver needle out."

The man in the commoner turned red instantly: "Such magic, I guess you came to Qingxuanfeng to make trouble! If that's the case, don't blame me for being polite! Everyone, take this kid!"

Ji Lin naturally felt the badness of these people, drew out a long sword and pointed at everyone: "I can't even force a silver needle out. He also said that he is a descendant of Lin Qingxuan, and he almost deceived Jin Dan by you! Who! If you dare to step forward, my grandma will chop off the three legs of you men first!"

As soon as these words came out, those who hadn't done it would feel cold in their lower body.

This little girl is too crazy.

"Do it!"

The commoner urged.

In the next second, those people from Qingxuanfeng swiftly swept away, and the murderous intent broke out!

Ye Chen and Ji Lin sneered, then turned away.

Afterimages burst into the sky, and the sword light soared.

In just ten seconds, everyone fell to the ground.

These people dabble in both medical science and martial arts, resulting in nondescript, and naturally they are not Ye Chen and Ji Lin's opponents.

Of course, Ji Lin didn't kill him either. After all, she was here to invite someone to do it. Those who offended Qingxuanfeng would not do him any good.

Ji Lin didn't even plan to see these people, and went straight into the depths.

"Ye Chen, it's all here, let's go in together, no matter what, I must meet Lin Qingxuan's descendants."

Ye Chen shook his head helplessly.

He couldn't explain that Lin Qingxuan was in the reincarnation cemetery.

But this time he came to Qingxuanfeng, there are more important things.

On the one hand, for Lin Qingxuan's explanation, on the other hand, it is other people who are looking for the medical gods.

When the two walked 100 meters, they saw a huge black stone monument!

There are seven vigorous and powerful characters written on it!

Medicine, Taoism and God-Lin Qingxuan!

A sense of ignorance hit his face.

Solemn and sacred.

Right here, Ye Chen actually felt the vibration of the reincarnation cemetery.

Obviously, the text on this tombstone was mentioned by Lin Qingxuan himself.

And the Lin Qingxuan spirit in the reincarnation cemetery immediately noticed it!

In the next second, a figure appeared beside Ye Chen.

It is Lin Qingxuan!

Lin Qingxuan stared at the stone stele fiercely, as if meeting ancient things in his eyes.

Complicated and sad.

There is even anger.

At the same time, cracks appeared on the stone tablet, as if carrying the anger in Lin Qingxuan's heart.

Ye Chen couldn't think that Lin Qingxuan would rush out, but he glanced at Ji Lin, the other party didn't notice it at all, and only he could see it.

Lin Qingxuan put his hands behind him, and finally said: "I am the respect of the path of medicine, unique and independent, but the heavens abandon the path of medicine, the heavens destroy the \*\*\*\* of medicine, the way of all things, the disillusionment of the heavens, the past and the present, the dissipated world, the immortality of the path of medicine, the eternal heavens Can be destroyed!"

"Disciple, I thought that for thousands of years, one of my descendants would be able to break this stone monument left by me and achieve the supreme path of medicine."

"It seems that I was wrong."

"They don't deserve to inherit my mantle they are not worthy."

Suddenly, Lin Qingxuan looked at Ye Chen and said seriously: "Close your eyes, touch the stone tablet with your palm, and tell me what you can see! Hurry up!"

"If you can comprehend what is inside, it means you are qualified to embark on the supreme path of medicine. The strongest thing in the path of medicine is not to save people, but to be invisible!"

Ye Chen hesitated for a few seconds before reaching out his hand and touching the black stele.

In the next second, an anomaly emerged.

Above the sky, black clouds pressed against the city, covering the sky and the sun!

A golden light shrouded towards the stele.

Chapter 673: Change the rules!

Ye Chen saw the golden light seep into the stele, and the four words that said medical skills and magical powers were also suspended.

These four words seem to be a dark vortex, and as far as the line of sight is, there is endless pressure.

"this is....."

Ye Chen just wanted to ask, Lin Qingxuan next to Xuying said: "There is no distracting thoughts, my descendants are incapable, I want to see if the owner of the reincarnation tomb has this qualification!"

"You have cultivated a complete nine-day Xuanyang Jue, without any rejection, and you have been selected by the reincarnation cemetery. There must be a reason. I just want to know whether this reason is related to Lin Qingxuan."

"If you can't realize what's inside, I will still help you some, but my inheritance of the Supreme Path of Medicine will not be handed over to you, because you are not qualified."

Check out new PVP arena battles!

Listening to Lin Qingxuan's words, Ye Chen nodded, no longer think about it, closed his eyes, and even infiltrated his spiritual sense.

Ji Lin was obviously aware of the change and curiously asked, "Ye Chen, what are you doing? If we don't go in again, we won't have a chance to go in again when those people recover."

Ye Chen did not answer, still closed his eyes.

Ji Lin gritted his teeth, but thinking that Ye Chen must have done this because of his reason, he still waited quietly beside him, just as he was protecting Ye Chen.

Her big eyes looked at the tombstone curiously, and she could feel a power in the tombstone as if it were connected with Ye Chen.

Could it be that the medical gods where Ye Chen is located is Lin Qingxuan.

Is this accepting Lin Qingxuan's chance?

Thinking of this, Ji Lin denied it again. A big man like Lin Qingxuan naturally left the best things to the descendants of Qingxuanfeng.

Although the Medical God Sect is also in his line, Ye Chen is completely dispensable to him.

This is like comparing the Ji family's collaterals with himself. Ji family obviously cares about himself.

At this moment, Ye Chen felt that his whole body was surrounded by an invisible pressure.

The pressure made him breathless.

He wanted to break free but found it impossible.

Suddenly, he thought of something, and hurriedly circulated the Nine Heavens Xuanyang Jue, a golden air current surged from the dantian, and even flowed towards the limbs.

Vaguely, the blood dragon in Ye Chen's body surged, and the dragons screamed.

Not only that, a trace of blood flashed across his eyes.

These eyes are like a dragon staring at the earth.

Suddenly, Ye Chen found that those words had completely changed, and gradually turned into a figure.

This figure stands standing on the top of the mountain, holding a silver needle with \*\*\*\* in one hand, and holding a slender sword in the other.

Behind you.

Not moving like a mountain.

Ye Chen knew very well that this figure was Lin Qingxuan in ancient times.

Lin Qingxuan, the medically capable!

The secret in the stele is this picture!

The autumn wind was bleak, with no intention to kill, but it made Ye Chen feel cold.

This coldness comes from the bone marrow.

Subsequently, the picture of the stele changed again.

In front of that figure stood countless strong people!

Holding a magic weapon, the breath is terrifying! This group of people even far surpassed the Saint King Realm!

The martial arts breath is like a giant dragon, soaring for nine days, swallowing everything!

However, Lin Qingxuan closed his eyes without fear.

Countless strong men swept the violent breath, and the storm was approaching! Killing intent!

Lin Qingxuan still closed his eyes.

When countless long swords were about to pierce his body, his cold eyes suddenly opened.

Step on!

The long sword is suspended in the air!

Time and space seem to stand still!

Then, Lin Qingxuan stretched out his hand, and the silver needle between his fingers burst out!

Silver Needle Jinguang Masterpiece!

Turned into a thousand feet!

All sword intent and murderous intentions were torn on the spot, and even the shadow of the dragon was dissipated in the world.

"Healing gods can reach the sky and suppress martial arts. This is the case today, and it will remain the same in the future."

"Unfortunately, it is difficult to cultivate the path of medicine. It requires not only talents, but also opportunities. There may be only one person in the world who can touch the path of medicine."

"Even if I, Lin Qingxuan, dissipate between the heavens and the earth one day, there will be people who use medical treatment to suppress all."

"From then on, he represented me, Lin Qingxuan, and Kunlun's supreme medicine."

After the words fell, Lin Qingxuan quietly walked past the frozen time and space.

With his hands behind him, the aura between heaven and earth couldn't be touched.

As if touching would be a kind of blasphemy.

Until Lin Qingxuan's figure disappeared from the line of sight, the countless strong men of ancient times howled all over the field, \*\*\*\* fog bursts!

The rain of blood is like a vision!

When he saw this picture, Ye Chen was completely frightened, his face pale.

In his memory, the old man taught him the supreme medical skills of the sacred school of medicine, just to help the world or protect himself.

No one can save the decline of the medical gods.

In ancient times, Lin Qingxuan was extremely powerful, but there were very few things left.

At the back, the Medical God Sect became the only medical sect in Kunlun Xu.

Even the general martial arts sect does not bother to provoke.

The old man's only hope is to travel around Kunlun Xu and Huaxia, hoping to find someone who can change against the sky.

And saving yourself is the beginning of everything.

Fortunately, Ye Chen did show a very strong talent in the path of medicine, and the formation and alchemy were extremely outstanding.

If Ye Chen didn't take revenge, he might become the next head of the Medical God Sect.

Some things cannot be lost.

But now, Ye Chen felt the real medicine, killing people invisible.

A silver needle turned into a long spear, what a momentum it is!

Those martial arts powerhouses under such a powerful blow, only blood mist is their destination.

At this moment, Ye Chen found that the spirit of the spirits on his body continued to gather, and even penetrated into the stone tablet.

The pictures in the stele were all swallowed by the spirit of spirit!

The four words "yidaotongshen" also completely disappeared.

The endless spiritual energy and power on the stone tablet are all condensed in one point, falling on the spiritual spirit.

This devastating force suddenly burst out with dazzling golden light.

After the golden light, Ye Chen discovered that it had condensed into a silver needle.

Although the silver needle was small, Ye Chen saw the quaint lines on it, which were extraordinary everywhere.

More importantly, Ye Chen's name was engraved on it!

Lin Qingxuan on the side had been paying attention to Ye Chen's changes. Ye Chen could see the scene, which was nothing.

After all, he has cultivated a complete Nine Heavens Xuanyang Jue This scene should also be noticed by several descendants of Qingxuanfeng.

But when he saw that Ye Chen actually comprehended this silver needle technique, Gu Jing Bubo's smile was completely shocked!

"how is this possible!"

He didn't expect Ye Chen to comprehend this powerful technique, he only hoped that Ye Chen could realize from the picture that the killing of medicine is invisible!

But I didn't want to, God gave him a huge surprise.

Ye Chen was simply born for medical treatment!

Now the pattern of Kunlun Xuwu Dao respecting should also be changed!

Chapter 674: Undercurrent surging!

"It seems that the choice of this person in the reincarnation cemetery is the most correct choice. At least in my opinion, there are countless people in Kunlun, but perhaps only Ye Chen can save a hundred of them!"

No longer thinking about it, Lin Qingxuan hurriedly told Ye Chen: "Apprentice, hurry up and admit the Lord with a drop of blood, and take this needle away! This will become your most life-saving method at the moment, there is no one!"

Ye Chen heard the rapid sound in his ear, no longer hesitated, and a drop of blood came out from his fingertips.

When the blood touched the silver needle, the sky of Qingxuanfeng suddenly appeared thousands of feet of auspicious clouds! Cover the sky and the sun.

The sun and the moon fade away!

The key is that a line of text appeared above the auspicious clouds.

Medical and martial arts surrender!

Qianzhang Xiangyun was instantly surrounded by thunder and lightning!

Even so, the thundercloud could not restrain Xiangyun by half a foot.

at the same time.

Kunlun Xuji's home.

Ji Siqing's cold body stood in the middle of the yard, looking at the Ji family powerhouse who was kneeling in front of him, and asked: "Is there no news about Ye Sutian?"

The expert of the Ji family shook his head: "Ye Sutian has no trace after he appeared in Zuixianlou."

"but....."

"But what! Make it clear!"

The strong man of the Ji family shrank his eyes and quickly said, "According to the news of my investigation, after Ye Xitian took Li Xin, Li Xin died in front of the grave of the \*\*\*\* of medicine Shisan."

"Why did Ye Suitian deal with the Li family when he first appeared in Kunlun Xu? This looks like revenge, miss, I was wondering, will this Ye Sutian be related to Shi San? Or , Has something to do with that doctor of god? Of course, this is just a small guess. It is said that Ye Jitian is a righteous person, and he will do it if he doesn't understand it. Maybe the other party has a whim."

Ji Siqing did not speak.

As soon as she heard the three words Medical Shenmen, she thought of Ye Chen in her mind.

For a moment, she wondered if Ye Jitian would be Ye Chen.

After all, the relationship between Ye Chen and Shi San was pretty good, and he also said revenge for Shi San.

But this idea was overturned by her in an instant.

At the beginning, although she was optimistic about Ye Chen, Ye Chen could not grow so fast.

Kunlun Xu rumored that Ye Jitian's strength was at least above the Saint King Realm, but when Ji Lin went to China, Ye Chen seemed to be in the Pneumatic Realm.

Such a large realm gap cannot be overcome in just a few months.

No longer thinking about it, Ji Siqing looked at the strong Ji family and ordered: "Before there is absolute evidence, let's investigate the relationship between Ye Jitian and Shi San. Didn't Shi Zhenhai disappear? Find a way to find this person. He must know the truth. By the way, don't hurt Shi Zhenhai, everything is the dead."

"Yes, miss." The strong Ji family directly retreated.

Ji Siqing's eyebrows are frowning, and the snow-white skirt is dancing in the wind, which has a unique sense of beauty.

She sighed, and just about to enter the room, suddenly, there were many visions in the sky.

Ji Siqing raised his head, his eyes shot in one direction!

The beautiful and cold eyes were full of horror.

"After Lin Qingxuan disappeared, there is still someone who can condense the vision of medicine, Taoism and God? Although this vision is very weak, the other party should not fully understand it, but it can stimulate such a vision, as long as the person is given enough time, he is qualified to suppress it. All the martial arts of Kunlun Xu."

Ji Siqing pinched his fingers, and his expression became richer.

Because the direction of this vision is Qingxuanfeng!

Qingxuan Peak is the land of Lin Qingxuan's descendants. Could any posterity understand what Lin Qingxuan left behind?

"Kunlun Xu is going to be lively. There was Ye Tiantian martial art suppressing countless forces, and then there were descendants of Qingxuanfeng who have medical skills and magic. It is estimated that Kunlun Xu will have a major event this year."

"Xiao Lin should have almost arrived at Kunlun Xu now, so ask this girl then."

And in the Qingxuan Peak at this moment.

In a magnificent building.

There is a statue of Lin Qingxuan in the building. The statue is made of countless spiritual stones. For Lin Qingxuan's descendants, this is a priceless treasure.

A dozen elders and young people surrounded the statue of Lin Qingxuan, closed their eyes, and continued to practice.

There is a red air current entwining all over them.

At this moment, everyone opened their eyes, and they obviously discovered Qingxuanfeng's abnormal movement.

"With this breath, is it possible that someone in Qingxuanfeng realized the supreme medical way of the ancestor?"

"Could it be that our Qingxuanfeng is saved? With the help of the person who is capable of medical science, medical science is enough to suppress the martial arts sects under the mountain!"

"But who is this person? A dozen of us are practicing here, obviously not us..."

"Could it be the ancestor?"

"It's possible! If there is one person in the entire Kunlun Xu who can comprehend the supreme path of medicine, it can only be the ancestor. Unfortunately, the ancestor is in retreat under the cliff, and no one can disturb..."

Everyone was very melancholy. They wanted to witness the ancestor's demeanor, but they were destined to not be able to bother.

I dare not.

When they were horrified, an embarrassed figure appeared outside the door.

"Master, it's not good! Two people who didn't know where came from, broke the formation and killed Qingxuanfeng! They wounded a dozen of us!"

"These two people are most likely sent by the mountain martial arts sect, and one person said she is from the Ji family!"

It was the man in commoner who was injured by Ji Lin and Ye Chen who was talking. When he wakes up, he will naturally report to him as soon as possible.

Hearing these words, the faces of a dozen people inside changed all!

At this juncture, the ancestor is stepping into the realm of medicine, Taoism and God, and two people have come to the door, absolutely to destroy the ancestors breakthrough!

What a shame!

Everyone stood up directly There was a trace of murder in their eyes!

"Since the two guys are here, suppress them here forever!"

"Our Qingxuan Peak has been silent for too long. Since the ancestors have broken through, then today we will let those Kunlun virtual guys see if Lin Qingxuan's medical discipline has fallen!"

After the words fell, more than a dozen figures opened the door and swept out directly!

"lead the way!"

Only then did the man in commoner react, and he was overjoyed. He only wanted to invite a few people. Now that these seniors and masters have all taken action, the ending is set!

"Yes, yes, please come with me, seniors, they seem to be on the stone stele where Lin Ancestor mentioned words."

Chapter 675: Fallen!

...

At this time, Ye Chen naturally didn't know that this move would have such a big reaction.

The simple silver needle has appeared in his hand.

Holding it in his hand, he could clearly feel a burst of energy swimming in it.

Once he was stimulated by his inner ability, although it was impossible to achieve a strong blow like Lin Qingxuan, it was still possible to kill some Kunlun virtual powerhouses!

Lin Qingxuan on the side saw Ye Chen accept the silver needle, and with a light wave of his arm, a faint smoke enveloped Ji Lin.

Ji Lin was startled, and his eyes were even more dazed.

"Disciple, although the girl next to you is not a threat to you, for the sake of safety, I temporarily erase the sense of vision for a few seconds."

"The vision of the medical path and the gods taking place in Qingxuanfeng is not an accident, but try not to let outsiders guess that it is you, otherwise the martial arts sects will not let you live."

"Your presence is their greatest threat."

"Well, the teacher can't stay outside for too long, so I will enter the reincarnation cemetery first. I will talk to you about the specifics later."

"If none of my descendants meets my requirements, that thing is not qualified to guard it."

When the words fell, Lin Qingxuan dissipated in the world.

And Ji Lin also woke up, her eyes were blank, and when she saw Ye Chen, she reacted: "Why are you still staring at this stone tablet, let's go, otherwise we may even enter inside when those guys tell the news." Not going."

"Okay." Ye Chen glanced at Ji Lin with a deep meaning, and walked directly inside.

There were quite a few people coming and going. These people stayed on Ye Chen and Ji Lin for a few seconds without paying much attention.

After all, it is difficult for ordinary people to enter the formation of Qingxuanfeng.

If you really enter, it must be approved by Qingxuanfeng.

Suddenly, a voice rang behind Ye Chen.

"Ye Chen?"

The voice was filled with uncertainty and excitement.

Ye Chen's body suddenly stiffened, and he stopped!

This voice is so familiar to him!

Xiaobi!

Among the disciples of the Medical God Sect, only three had a good relationship with Ye Chen.

Shi San, Xiao Bi, and Old Xue.

Xiao Bi is the only girl among the three, one year younger than Ye Chen.

Although he didn't know martial arts, he had a good talent in medical practice, and he was so skilled in alchemy that even the old man had to sigh.

Ye Chen turned around fiercely, and a young girl in a green dress was slim, holding a broom in her hand.

A black hair leaning down like a waterfall, slender phoenix eyebrows, a pair of eyes like stars like a bright moon, exquisite Qiong nose, pink cheeks slightly dizzy, dripping cherry vermilion lips, flawless melon seeds have a strange face, light body, refined Elegant.

Really Xiaobi!

The girl just yelled uncertainly. When Ye Chen turned around, she subconsciously covered her mouth, only shock and excitement in her eyes.

"You... aren't you in Huaxia? How could you appear in Qingxuanfeng?"

The girl said cowardly.

Before the girl had finished speaking, Ye Chen stepped in front of Xiaobi: "Xiaobi, master and other seniors are all in Qingxuanfeng? Where are they?"

This is the key to Ye Chen stepping into the Qingxuan Peak, can you not be excited!

He understands grace, if there were no such people, he would have died.

Now that I have the ability, I naturally have to repay the kindness of those five years.

Xiaobi's eyes dodged a little: "Ye Chen, I asked you first, why are you here?"

Ye Chen just wanted to answer, but he noticed the broom in Xiaobi's hand.

In his impression, Xiaobi's identity is considered good in Kunlun Xu. The family behind has some power, saying that she can't be overstated and rarely picks up a broom.

During the five years in the medical gods, she has basically been practicing alchemy. After all, this is the biggest direction for her future development.

But in front of me, how to do such a rough job?

More importantly, Xiaobi has a thick cocoon on his hands. Obviously, this kind of thing has been done for a long time!

The original sharp eyes were even more exhausted.

"Xiaobi, what happened? How could you sweep the floor at Qingxuanfeng?"

Xiaobi hesitated on her face, after thinking for a few seconds, she decided to speak out.

"Ye Chen, in fact, the master came to Qingxuanfeng with us..."

Before he finished speaking, more than a dozen terrifying auras suddenly surged.

It even appeared directly in front of Ye Chen and Ji Lin.

Killing eyes.

The man in commoner is also among them.

Xiaobi looked pale when seeing these people appearing, so she knelt down and said respectfully: "See you adults!"

But no one cares at all!

Everyone stared at Ye Chen and Ji Lin.

The clothed man took a step and said to an old man behind him: "Master, these are these two people. These two people are extremely powerful in martial arts, and they even broke the formation forcibly. The person who came is not good, and the master directly suppresses it!"

The old man glanced at Ye Chen and Ji Lin, and said: "Where is the sacred standing behind you! Dare to come to my Qingxuan Peak to make trouble! What a crime!"

Seeing the aura of the old man, Ji Lin knew that the other party was most likely Lin Qingxuan's descendants, and said, "This senior, I am Ji Lin from the Ji family, I am here this time..."

Before he finished speaking, the old man directly interrupted: "What about the Ji family! Even if the old man of the Ji family comes to Qingxuanfeng himself, he must be respectful in front of me, let alone dare not touch my Qingxuanfeng. disciple!"

"I only give you a chance to abolish your cultivation base, break a hand, and get out of Qingxuanfeng!"

The old man's words are filled with no doubt.

Little Bi on the side never expected that the first thing Ye Chen would do when he came back was to offend Qingxuanfeng!

She looked pale, glanced at Ye Chen, and still gritted her teeth and said: "My lord, there must be a misunderstanding in this. Ye Chen is a disciple of my medical sect, and is also in the line of ancestor Lin. Please let me go! Knowing her, he didn't mean it! He must have come to see my medical sect..."

As soon as these words came out, the old man who was speaking was a little surprised: "The God of Medicine? Why does this man have such a strong atmosphere of killing and martial arts?"

The man in the commoner was afraid of something unexpected. He glanced at Xiaobi and said coldly: "What about the God of Medicine! Your God of Medicine came to my Qingxuan Peak. If it weren't for us to take in, you would have long since ceased to exist!"

"Also, what qualifications does your sweeping girl have to talk to the master! What qualifications do you have to beg for mercy!"

"go away!"

The next second, the man in commoner kicked Xiaobi's chest.

In the eyes of everyone at Qingxuanfeng Although the Medical God Gate and Qingxuanfeng are connected!

But the people of the medical gods are just humble ants!

Even if this woman is kicked to death, what's the point!

Seeing that the foot was about to touch Xiaobi's chest, a figure appeared in front of Xiaobi.

Five fingers spread out and grabbed the common man's ankle.

Ye Chen looked at Xiaobi who was kneeling down, and sighed, "When did the medical gods fall to this point?"

Chapter 676: Unbearable!

Little Bi never expected Ye Chen to block it.

She still knows Ye Chen.

Although Ye Chen had no heart to heal and wanted revenge in his heart for the past five years, the time he spent practicing was too short.

This is in Qingxuanfeng, once a conflict, the consequences are extremely serious!

Before leaving Qingxuanfeng, Haosheng explained that the only thing he had to do was to forbearance before he found the way to break the situation in the God of Medicine!

Even if you suffer from Qingxuan Peak, you have to swallow it abruptly.

Living is more important than everything.

She looked at Ye Chen, her eyes filled with water: "Ye Chen, you apologize quickly, I beg you, you have been in China for the past six months, and you don't know many things about Kunlun."

"The situation in the past has completely changed. Over the past six months, many things have happened to the God of Medicine."

Xiaobi even stretched out her hand and grabbed Ye Chen's hand, with a bit of hope in her tone.

Ye Chen looked at Xiaobi and let out a long sigh.

Half a year after he left, the edges and corners of this group of disciples of the God of Medicine have been smoothed out?

The Xiaobi he knew was arrogant, and it was impossible for anyone to kneel down except for the master.

But in front of me, it was for myself to make plea to these people.

This is not a kind of sadness.

He shook his head helplessly, and pushed his arm lightly, directly pushing the man in commoner out.

Although he didn't use his infuriating energy, this power forced the other party to stagger and sit on the ground.

Is the commoner man hot on his face? He stood up, came to the old man, respectfully said: "Master, you have seen it, even if you are here, this son is so arrogant!"

"Don't talk nonsense with him, just take action to suppress it!"

When the master took in these little things from the God of Medicine, he felt a little unhappy.

He was afraid that the master knew that Ye Chen came from the medical sage, and he would not even pursue it.

The old man looked at Ye Chen interestingly, and said: "I have never seen you in the God of Medicine Sect. Whether you are a member of the Sect of Medicine God or not, it is not the reason you forcibly broke into Qingxuan Peak and hurt my disciple. "

"The opportunity I gave you just now remains the same. I abolish the cultivation base and leave another hand. I only give you ten seconds to think about it. When the time is up, I will do it myself!"

Ye Chen looked at the old man and said lightly: "Are you sure you figured out the matter?"

"First, we didn't break the formation of Qingxuanfeng, but your apprentice let us in. Second, your apprentice shot first, don't you allow me to fight back? I can only blame him for his inferior skills, even I shoot. A silver needle in the body can't be forced out. If this guy represents Qingxuanfeng, then I think Qingxuanfeng is really a big joke!"

Ye Chen's words are not polite!

When Xiaobi heard that Ye Chen actually dared to say that, Qing Xuanfeng's air of fright did not dare to take a breath.

She wanted to stop Ye Chen, but found that it was too late.

crazy!

The world is crazy!

The expressions of everyone at Qingxuanfeng were extremely gloomy.

The old man also looked at the commoner man and said: "This kid is telling the truth? You can't even force a silver needle in your body?"

Of course the man in the commoner couldn't admit it, and shook his head fiercely: "Master, what this son is performing is magic, and my body has been closed for a short time. How can there be any silver needles?"

"Besides, I'm from Qingxuanfeng, how could I lose to others in the silver needle technique."

The old man nodded thoughtfully, then looked at Ye Chen: "You and your companion are still four seconds, if you don't do anything, I will blame me for being rude!"

Ye Chen sneered, and in the next second, an ordinary silver needle appeared in his hand.

"Which so much nonsense, you won't know if you try it."

After the words fell, the silver needle seemed to cut through the air and moved towards the man in commoner clothes!

The face of the man in the commoner changed drastically, but he knew Ye Chen's domineering silver needle, so he didn't dare to take it lightly, and he also shot a silver needle in his hand.

It's just that the silver needle hadn't got out of his hand, but there was a violent collision!

Almost all his arms are numb!

At the same time, a silver needle sank into his body!

He found himself unable to move at the moment!

This is the feeling again!

A sense of fear spread instantly!

"Master, help me!" The commoner man asked for help.

The old man snorted coldly, naturally aware of Ye Chen's weirdness.

With five fingers spread out, an air current penetrated into the body of the man in commoner from the palm of his hand!

Then, the five fingers suddenly joined together!

An invisible force swept through, and the silver needle rushed out of the commoner man's body!

It turned into dust!

It shows how terrifying the strength is.

"Thank you, Master!"

"Master, you have also seen the tricks of this little beast, this kind of person must never stay!"

Commoner man.

The old man nodded, glanced at Ye Chen and Ji Lin, and his faint voice fell: "The time is up, since the two of you don't make a choice, then no wonder we Qingxuanfeng."

"Lin Yuan, Lin Ming, do it! Abolish Dantian and add another hand."

The words fell, two middle-aged men rushed out directly!

A rune was shot in his hand.

And, a golden light overflowed all over!

Ye Chen is very familiar with the feelings of these people. He is very clear that these people are all practicing the Nine Heavens Xuanyang Jue.

It's just that this nine-day mysterious decision is incomplete!

Seeing that the two had already arrived in front of him, Ye Chen did not dodge in the slightest and stepped forward.

"I didn't want to attack you, but why are you trying to force each other?"

"I came here just to get back what belongs to me, and to see my master."

A faint voice sounded, and the nine-day mysterious aura on Ye Chen burst out!

The nine-day Xuanyang he cultivated was definitely far more than anyone present!

The breath is crushed!

The two of them were still trying to make a move, because they felt that Dantian's true energy seemed to have encountered something fearful, and they dissipated one after another!

Without the support of infuriating energy, their faces changed a lot!

Before they could react, Ye Chen appeared beside the two of them, taking two palms!

Roll directly!

The two flew out on the spot, and vomited a mouthful of blood.

"Master, take a look, this kid actually dared to hurt the two seniors. It is extremely sinful, I suggest..."

Before the commoner man had finished speaking, the old man roared, "Shut up!"

At this moment, the commoner man was completely dumbfounded.

He never thought that the master would shout at himself for an outsider!

Before he could react, his master took a step, his eyes looking at Ye Chen extremely hot!

Word by word: "Where did the Nine Heavens Profound Sun on your body come from!"

At the moment when Ye Chen released the breath of Nine Heavens Xuanyang Decision, he felt the special breath of Ye Chen!

He had noticed this breath in the retreat ancestor.

Even more refined!

Obviously, the Nine Heavens Xuan Yang on this child is absolutely extraordinary!

Can he not get excited!

Although the Medical God Sect was also in the line of Lin Qingxuan, and he had seen the head of the Medical God Sect, the Nine Heavens Xuan Yang Jue that the other party had mastered was even worse than his own!

Chapter 677: 1 time is enough

Why did the disciple of the old doctor of God of Medicine have a radical change in his breath?

Ye Chen glanced at the old man, and said, "What does it matter to you? Where is my master?"

To some extent, Ye Chen now stands behind Lin Qingxuan.

What do these descendants do!

What's more, Xiaobi sweeps the floor here, and is so afraid of this, the ghost knows what happened here during this time!

How could he give this group of people a good face.

Hearing these words, the old man's face changed completely.

In his opinion, the medical \*\*\*\* sect boy in front of him was the first person who dared to say these things to him at Qingxuanfeng!

Although his medical path does not reach the sky, it is enough to deter most martial arts experts!

Not only that, but his martial arts strength should not be underestimated!

Enter the peak of the holy realm, half step into the holy king realm!

It's a mere wonderland, I really don't know where this confidence comes from!

An invisible anger was brewing in the air.

The commoner man never expected Ye Chen to jump into the fire pit by himself!

act recklessly!

He hurriedly said loudly: "Master, I have said that these wastes of the God of Medicine should not be kept! We should not accept the benefits of the old immortality!"

"The old undead left behind the disciple, undoubtedly planting a time bomb on Qingxuan Peak!"

"I hope that the master will cut the grass and remove the roots, not only to suppress these two little beasts today, but also to punish all the people of the medical gods!"

"Master, you once said that ancestor Lin Qingxuan's killing and decisiveness can achieve the supreme path of medicine. Maybe this is what we lack now!"

Cold words continue to penetrate.

The common man touched Ye Chen's inner anger.

In the world, only he is qualified to speak of God of Medicine and Master, as for outsiders, he is not qualified!

In the next second, a silver needle appeared in his hand, and the Nine Heavens Profound Sun over his body covered him with a dazzling light.

"You talk too much nonsense, in that case, you don't need to exist anymore."

When the words fell, the silver needle shot out, as fast as lightning.

The master of the commoner man naturally noticed immediately.

He sneered: "Do you really think Qingxuanfeng is a place where you can go wild?"

When the words fell, a wave of sleeves suddenly formed!

The air wall obstructed everything and stood in front of the silver needle.

In the eyes of the old man, it is absolutely impossible for a silver needle to penetrate this air wall!

"Boy, one shot of the silver needle is enough. I respect Qingxuanfeng's medical path. My understanding of the silver needle technique far exceeds that of any martial arts sect in Kunlun. You are sorry for this shot, it's too rubbish!"

"Fell me!"

Along with this roar, an invisible force bound towards the silver needle.

I thought that the silver needle would be distorted, and even turned into powder!

But I didn't expect that the silver needle shot by Ye Chen passed through all obstacles directly, and it was unstoppable!

At this moment, the old man's smile was completely stiff!

how is this possible!

"not good!"

Seeing that the silver needle was about to sink into the man in the commoner, he stepped out, trying to take the silver needle, but found that it was too late!

"Puff!" With a sound, the silver needle submerged between the commoner man's brows.

There seemed to be a blood-red plum blossom completely.

The commoner man never thought that someone would kill him in front of the master and so many powerful people at Qingxuanfeng!

This kid is going to die?

Before he could fully react, a cold, death intent swallowed him.

"Boom!"

His body fell directly behind him and never woke up again.

Quiet.

At this moment, time seemed to freeze.

All the people present held their breath, even unable to breathe.

Xiaobi's beautiful eyes are only horrified, they are about to stare out!

Ye Chen actually killed someone!

Killed in front of so many people in Qingxuan Peak!

It's dead!

Although she hated the group of Qingxuanfeng people, occupied the treasure of the master, and seemed to guard the disciples of the \*\*\*\* of medicine, only she knew that this group of people regarded the people of the \*\*\*\* of medicine as the lowest-end ants!

Let it be fiddling and insulting!

Her alchemy is beyond mention here!

Her family no longer exists here!

Her dignity is trampled unscrupulously here!

She once tried to resist, but she was bruised all over her body!

She gradually smoothed the edges and corners and stopped resisting.

I just want to survive, wait for the master to return, and then take them out of this place of right and wrong.

Unexpectedly, the master did not wait until Ye Chen.

A lunatic Ye Chen.

Xiaobi thought for a few seconds, then stood up, dropped the broom in his hand, and came to Ye Chen's side.

Ye Chen has completely offended Lin Qingxuan's descendants, and it is impossible for the people of the God of Medicine to live here.

In that case, what else to kneel down.

"Ye Chen, there are some things that can't be avoided, in that case, let's bear it together."

Her voice was extremely lonely, but her eyes were sharp.

A smile bloomed at the corner of Ye Chen's mouth, and this was the Xiaobi she knew.

"Xiaobi, what do you think of Qingxuanfeng?"

Xiaobi was taken aback, glanced suspiciously at Ye Chen, and replied: "This place is full of spiritual energy, and it is Lin Qingxuan's hometown. It is naturally good, what's the matter? You don't want to be buried here..."

Ye Chen shook his head: "In that case, Qingxuanfeng will be the sect of our Medical God Sect after today!"

As soon as these words came out, not only Xiao Bi was stunned, but even Ji Lin's eyes widened.

Ye Chen is too shameless.

I don't know if I can live or not, I am thinking of Qingxuanfeng?

Return to the land of the sect of the \*\*\*\* of healing!

Did you \*\*\*\* eat it alone?

Those strong men of Qingxuanfeng, and even the old men, were completely angry when they heard what Ye Chen said!

No longer hesitating, dozens of strong figures headed towards Ye Chen!

The gust of wind whistled between the heavens and the earth, filled with that murderous atmosphere, the atmosphere seemed to freeze.

The fallen leaves of Qingxuan Peak are flying all over the sky!

It seems to compose a death movement!

The Nine Heavens Xuan Yang in everyone is extremely strong!

A long sword is sacrificed in his hand!

The chill is surging, and the sword is sharp.

This cold breath even enveloped Ye Chen, and Ye Chen's pupils shrank slightly. He did not expect that none of the martial arts auras of these people who focused on medical treatment were weak.

This breath is enough to suppress yourself!

Chapter 678: Come on!

No longer hesitating, a spirit sword appeared in Ye Chen's hand.

He glanced at Xiaobi and Ji Lin, and said lightly: "You hide behind me, leave it to me!"

Xiaobi and Ji Lin gave Ye Chen a white glance, and ignored them: "I don't know what your strength is."

This sentence almost unanimously.

Ye Chen shook his head helplessly, stepped out, the spirit of the ascension realm climbed to the extreme!

It has stepped into the transcendent state!

The breakthrough breath on his body became more and more serious.

At this moment, he seemed to transform into a mountain, standing between heaven and earth.

Everyone looked at Ye Chen's Ascension Realm and sneered again and again!

They stared at Ye Chen, like a pack of wolves about to starve to death, showing their fangs in the night!

Countless long swords vibrated, and the sword spirit overflowed!

A blood wolf phantom appeared in the sky! To bite Ye Chen crazy!

At this moment, Ye Chen felt that his blood had solidified.

He shouldn't be taken lightly, the thunder and lightning of his life charm covers his whole body!

The entire popularity has become extreme!

Then the long sword danced, and countless swordsmanship penetrated away!

Under the sword moving, the sky is silent!

The horrible sword light spread.

The breath of Nine Heavens Xuanyang Jue is enveloped!

There seemed to be a layer of holy light on his body.

The old man saw this scene with a solemn expression!

He was convinced that the nine-day Xuanyang Jue that Ye Chen cultivated was very different from what they practiced!

It seems more complete!

Could it be that this son accidentally got the inheritance that Lin Qingxuan left in other places?

That being the case, we must suppress this kid!

This secret belongs only to him!

"boom!"

Countless thunder and lightning madly overflowed, roaring loudly.

Ye Chen's sword intent directly broke through the blood wolf phantom.

But Ye Chen didn't feel good, he was at the center of the storm!

The endless waves exploded and he was the first to be injured.

The blood surged, and he forced the blood down!

Before he could react, Ji Lin and Xiao Bi rushed into the crowd.

They naturally couldn't let Ye Chen bear it alone!

If you can't end well today, then you will have a \*\*\*\* road, regardless of life or death.

However, the strength of the two is too small in the face of these more than a dozen strong men.

In the next second, their bodies were ruthlessly knocked into the air, and a mouthful of blood was spit out in the air, their faces pale to the extreme.

Especially Xiaobi!

He is not proficient in combat at all, how to fight!

This will undoubtedly die!

"Why don't you believe me."

Ye Chen pinched his fingers to form a formation directly, protecting the two injured in the formation.

Seeing that the two were actually trying to break the formation, in desperation, Ye Chen could only freeze their bodies and couldn't move.

"Ye Chen, what are you doing!"

Ye Chen ignored him, staring at the old man, and said lightly: "As you know, you let Lin Qingxuan very disappointed."

The old man snorted coldly: "How can you call the ancestor's name directly! Insult the ancestor, die!"

The breath of the old man is completely released!

He knows that Ye Chen's martial arts strength is far more than that of Shenyuan Realm! Otherwise, it is impossible to survive a powerful blow from a dozen people!

No matter what, Ye Chen definitely can't stay!

A magic talisman appeared in his hand!

A flick of the wrist, the talisman shaking, the mountains and rivers are silent!

"The ancestor is on top, suppress everything with the force of formation!"

The magic talisman burns instantly!

The entire Qingxuan Peak shook!

The temperature rises suddenly!

Between heaven and earth seems to be a sea of flames.

Between heaven and earth, it is like a melting pot, and the heat waves keep rolling!

The frenzy gradually subsided, and finally there was a hint of chill.

This is a killing intent, extremely cold!

In a vain attempt to devour Ye Chen and the other two!

Ye Chen wanted to do it, but found an invisible force bound him.

Even the natal talisman cannot be sent!

This is a killing formation left by Lin Qingxuan!

Ancient Killing Array!

The killing intent is getting stronger and stronger.

It's creepy.

The old man put his hands behind him and enjoyed the extreme.

"Boy, if you kneel in front of me now and hand over the Nine Heavens Profound Yang Jue on you! I might consider removing this formation, otherwise, you will be swallowed by flames and struggle alive to death. This fire is an ancient flame. , Ancestor Lin stayed! Not to mention the Divine Ascension Realm and the Transcendent Realm, the martial arts powerhouse who enters the Holy Realm or even the Holy King Realm has no right to live!"

Once eroded by this fire, the soul will be destroyed!

He was sure that Ye Chen would beg for mercy!

This is the only choice!

The terrifying sea of fire has swept away, like a giant flame beast, trying to swallow everything.

The casual clothes on Ye Chen's body were burned a bit.

The whole body coagulates and the blood is suppressed.

But Ye Chen didn't panic at all, instead a smile was drawn at the corner of his mouth.

There was an icy scolding voice in his mind: "My disciple of Lin Qingxuan, do you still want to use the formation I left to kill? Ridiculous!"

In the next second, Lin Qingxuan in the Samsara Cemetery waved his arm!

The endless flame instantly turned into a long dragon, weirdly heading towards the people of Qingxuanfeng!

At this moment, the smile on the old man's face became stiff!

Those strong Qingxuanfeng are all dumbfounded!

Why did this formation attack them instead!

The fire dragon is about to swallow it.

Howlings resounded!

"Get out of here! Why! Why is the formation failure?"

The old man roared loudly with red eyes.

He kept struggling, trying to control this formation, but found that a powerful force hindered everything.

"Puff!"

The old man spit out blood, his face was extremely pale.

At this moment, under the fire dragon, a young man in casual clothes walked slowly.

Ignore all constraints.

It is Ye Chen!

Ye Chen looked condescendingly at the people surrounded by fear, and said lightly: "This formation doesn't seem to listen to you?"

"Array, come!"

Ye Chen opened his five fingers and shook it lightly, and the fire dragon seemed to be commanded and swooped down! Toward the old man!

In an instant, everyone's eyes widened!

It's not that the formation is malfunctioning, but the formation is actually controlled by this kid!

how is this possible!

The flames billowed, and when the fire dragon saw that it was about to swallow everyone, it suddenly stopped!

The endless flame scorched the hair of the old man and even the people of Qingxuanfeng. If you take one step forward, you will surely be buried in the flames!

Ye Chen is in charge of the ancient flame formation, and the cold words slowly fall: "Now, I give you a chance, all kneel down!"

Chapter 679: Which one?

No one at Qingxuanfeng expected that things would turn around in this way.

A second ago, Lin Qingxuan's descendants made Ye Chen kneel down.

After a second, Ye Chen controlled the flame formation and made everyone kneel down!

The old man and everyone in Qingxuanfeng felt hot on his cheeks!

As if being slapped invisible!

Depressed in their hearts!

But there is no alternative!

Who knows that the formation left by Lin Ancestor will fail at this time, and it is inexplicably in the hands of Ye Chen!

Feeling the flame in front of them getting closer and closer, they were extremely uncomfortable.

Kneeling, it means Qingxuanfeng surrendered to a collateral medical god!

If you don't kneel, it's very likely that you won't even die!

Collect hundreds of warriors! Play free!

The formation that Lin Qingxuan left behind is no joke!

Enough to destroy anyone!

"Master, what should I do?"

Someone spoke to the elder Qingxuanfeng.

The old man's expression was unprecedentedly solemn. He raised his head and stared at Ye Chen firmly: "Boy, I have something to do with your master. Otherwise, I won't be able to take in this group of medical sect disciples. Today, you really want to Is it so amazing?"

"This is not a good thing for you, or for us Qingxuanfeng."

"Also, to be honest, you should have seen the vision of the sky just now. This is a sign that the path of medicine can help the gods. Under the cliff of Qingxuan Peak, there is an ancestor who has stepped into the highest realm. If he finds out that you act like this, the consequences will be really unimaginable."

"Come on, the only thing I can promise you is not to pursue it again."

This is the biggest regression of the old man.

He can't pull his face down and kneel down!

I thought Ye Chen would agree to this, but he didn't expect Ye Chen to snorted coldly, "Don't you like countdowns? Now I will give you ten seconds. If you don't kneel, I will let you understand what flames are!"

As soon as these words came out, the expressions of the old man and many Qingxuan anti-sect people changed greatly!

They never thought that Ye Chen was so shameless!

Even more reckless!

I have given him a way out, why is it so!

"Boy, you rushed to my Qingxuan Peak today, if Ancestor Lin knew, you would definitely die!"

Someone said angrily!

If Lin Qingxuan were here, how could they be so humiliated!

Ye Chen heard Lin Qingxuan, and said calmly: "If I say that Lin Qingxuan wants me to deal with you!"

"Right, there are six seconds left."

Everyone was startled, and immediately sneered!

How could Lin Qingxuan act on future generations!

Besides, he has long since disappeared from heaven and earth!

"There are two seconds left."

The flame above his head seemed to be extremely hideous, the air temperature suddenly rose, and his mouth opened wide, as if to swallow everyone immediately.

This sense of oppression makes them hard to suffer!

"Last second, formation, fall!"

With a roar, Ye Chen slammed his fingers down, and the endless flame swallowed everyone!

The cold murderous intent makes them cold all over.

"thump!"

Someone couldn't stand the terrible pressure and knelt down!

Subsequently, a large group of strong men knelt down!

In just ten seconds, only the old man remained motionless in front of him!

He clenched his fists, and stared at Ye Chen with bloodshot eyes: "If you want to kill, you need to cut, listen to it!"

"It is absolutely impossible to want my Lin Ruhai to kneel to you!"

His eyes were determined to die!

It was the first time that Ye Chen knew the name of Lin Qingxuan's descendants. He just wanted to use the formation method to suppress it. In the reincarnation cemetery, Lin Qingxuan's voice suddenly sounded: "Disciple, killing this person has nothing to do with being a teacher. He has my bloodline almost weak. Although he and the path of medical and spiritual communication are not too far away, he is very dissatisfied with the teacher and killed him."

"But before killing him, I have to ask a question first."

"What's the problem?" Ye Chen said curiously.

"Where is the piece of Qing Xuan Jade that I left behind now!"

When Ye Chen heard these words, he knew that this Qingxuan jade was what Lin Qingxuan wanted him to ask these people to take back.

The value is absolutely impressive!

No longer hesitating, Ye Chen looked at Lin Ruhai and asked, "If you want to survive, it's not that there is no chance, where is that piece of Qing Xuan Jade back then!"

As soon as he said this, Lin Ruhai's face changed drastically, and his wide-open eyes seemed to hell.

The entire Qingxuanfeng knew of Qingxuanyu only two!

Apart from him are the ancestors in retreat, but how did Ye Chen know this!

It is naturally impossible for the ancestors to tell Ye Chen!

"Who the \*\*\*\* are you! Who sent you here! The medical gods are not qualified to touch these things."

Ye Chen's identity became more and more mysterious in Lin Ruhai's eyes.

Control the complete nine-day Xuanyang Jue, \*\*\*\* control of the formation left by Lin Ancestor, and now add the secret of Qing Xuanyu!

What kind of identity is this kid!

He even thought that the opponent was Lin Qingxuan who came out!

"I don't know what Qingxuanyu is, I want to kill it, I want to cut it casually!"

Lin Ruhai overthrew all speculations in his heart, and reason made him wake up.

At the same time, he pinched his fingers, and the spirit of the surrounding world condensed!

A drop of blood is forced out!

It instantly turned into a crimson silver needle!

"Even if I die today, I will pull your little beast back!"

The angry roar resounded!

Ye Chen didn't have the slightest sympathy in his eyes, and the flame formation left by Lin Qingxuan rolled away violently, like a hunting beast swallowing everything!

Whether it is for the healing gods or for yourself, killing this person will not have any effect on him.

The endless flame climbed onto Lin Ruhai's body, Lin Ruhai screamed frantically, trying to break free, but found it impossible!

This feeling is too painful!

In the blink of an eye, he turned into a fire man!

The disciples of Qingxuanfeng all took a breath after seeing this!

They didn't even know that Lin Ruhai, as a descendant of the ancient powers of medicine, Taoism and God, would fall to this point!

The key lies in Qingxuanfeng!

They wanted to save, but they knew that their power had no effect in front of Ye Chen at this moment!

The ferocious cry resounded throughout Qingxuanfeng.

Suddenly, a huge change came from the entire Qingxuanfeng!

The ground cracked in all directions!

A black shadow came quickly!

The black shadow stopped in front of Lin Ruhai, who had turned into a burning man, and snapped it!

The flame of that formation instantly disappeared!

At the same time, the owner of Sombra took out a pill and urged the seriously injured Lin Ruhai: "Hurry up and take the pill."

Lin Ruhai, who was dying of breath, saw a dark shadow a hint of joy appeared in her eyes.

"Old ancestor...you...you are finally out!"

The ancestor of medicine, Taoism and God actually left at a critical moment.

Qingxuanfeng is saved!

"Ancestor, this little beast insulted us Qingxuanfeng, and even insulted Lin Ancestor, trying to cannibalize Qingxuanfeng..."

The ancestor Qingxuanfeng nodded: "Hmph, some people do not live or die, I will make them regret coming to this world!"

"By the way, when I was in retreat, I discovered that someone in Qingxuanfeng had a vision to induce medical and spiritual skills. I don't know which disciple of Qingxuanfeng?"

Chapter 680: ancestor?

Lin Ruhai's eyes widened when he heard this inexplicable joke.

Why did the ancestors say such things!

Isn't it the ancestor who caused the vision?

Someone else?

"Ancestor, you didn't cause this vision?"

Lin Ruhai was still surprised.

The ancestor Qingxuanfeng frowned: "What are you kidding me? I'm at this age. How could I have caused such a vision? If it weren't for this vision, I wouldn't leave the customs early! Forget it, I'll talk about this later. , I will deal with the little beast who knows nothing about life and death first."

The ancestor of Qingxuanfeng put down Lin Ruhai, stood up, the misty breath turned into supreme coercion and shrouded towards Ye Chen.

Step out.

All Qingxuanfeng kneel down! Respectfully said: "See the ancestors!"

The ancestor of Qingxuanfeng didn't show the slightest change, but said to Ye Chen one word at a time:  
"The most wrong thing you did is the person who moved us Qingxuanfeng."

"Although Ancestor Lin is not there, I still guard Qingxuanfeng!"

"I will never allow any despicable garbage to act on Qingxuanfeng!"

After the words fell, the sound burst into the sky.

Such as the ringing of Hong Zhong, it spread to thousands of miles.

The sound waves seemed to be turned into countless silver needles, and then turned into substantial sword energy, sweeping towards Ye Chen.

The dark clouds above the sky cover everything.

It's like the end.

"puff!"

With one blow, Ye Chen couldn't bear it anymore, he spit out a mouthful of blood on the spot.

The gap between the two is too great.

Not only him, but Ji Lin and Xiao Begen couldn't bear it either.

Their faces are ugly to the extreme!

If you are not careful, you will die under this coercion.

Ye Chen gritted his teeth, came directly to the two of them, and said coldly: "You guys go back quickly, the farther the better! Even if you leave Qingxuanfeng!"

After that, Ye Chen shot out with a palm, and an invisible wave of air spread from the palm of his hand, pushing the two of them to the rear!

"Leave Qingxuanfeng!"

This was the last word the two heard Ye Chen spit out, but before they could react, the two appeared thousands of meters away.

The shackles on his body also disappeared completely.

After doing all this, Ye Chen wiped off the blood stains on the corner of his mouth and directly took out the Dragon Swordsman!

At the same time, a 10,000 sword intent was directly cut down!

The blood dragon is sacrificed directly!

Long Yin bursts!

The natal talisman is also sacrificed!

Thunder and lightning broke out!

He can feel the danger of the opponent, extremely dangerous.

He wanted Lin Qingxuan to stand up and solve it, but he didn't expect that the other party was silent again!

Damn it!

In desperation, he can only bear it himself!

The violent Wandaos sword intent instantly turned into countless giant beasts rushing towards the ancestor of Qingxuanfeng!

This sword is unbeatable!

It was also the strongest blow Ye Chen could erupt!

The blood dragon and thunder robbery merge!

The ancestor Qingxuanfeng frowned when he looked at the sword intent carrying the blood dragon phantom and lightning.

He didn't expect Ye Chen's strength to be so terrifying.

"This kid clearly travels in the sacred realm, but he has the power to explode beyond the holy realm, unheard of."

"Also, why haven't I seen this sword intent in Kunlun Xu?"

"It seems that there is definitely a big secret in this kid! A big secret!"

"In that case, I will suppress you and get this secret."

The ancestor Qingxuanfeng smiled, his fingers pinched, and a rune floated above the palm of his hand.

Tongshen seal.

Suppress everything with the spirit of heaven and earth, the meaning of Qingxuan.

Extremely overbearing and ethereal, most people have no right to stop it.

If he hadn't felt the horror of Ye Chen's sword, he would definitely not be so.

A drop of essence and blood was forced out and shot on the seal of Tongshen, the light was brilliant, like a dazzling star.

A soft groan spread out, and everything returned to silence.

"cut!"

The ancestor Qingxuanfeng spit out a word, his wrist flicked, and the Tongshen Yin flew out.

In a blink of an eye, he came to the ten thousand sword intent.

No explosion, no roar, not even a wave!

The entire Qingxuan Peak was too quiet.

Then, Ye Chen was shocked to discover that his ten thousand swordsmanship had disappeared!

It completely disappeared.

The phantom of the blood dragon turned into stars, and countless blood energy returned to Ye Chen's body.

"Puff!"

There was no disturbance, but Ye Chen felt a force penetrate his body.

The soul was shaking, and the internal organs seemed to be torn apart.

Pedal.

His body took a dozen steps back abruptly, and he barely stopped until his body hit a tree.

"Is this a strong medical practitioner? What the master said is that medical therapy is invisible?"

Ye Chen wanted to activate the flame formation, but found that it was impossible.

An invisible force enveloped him.

It's too uncomfortable.

Lin Ruhai was ecstatic when he saw that his ancestor had suppressed Ye Chen casually!

"Ancestor, there is definitely something wrong with the Nine Heavens Xuanyang on this son. It seems to be more complete than our cultivation. I suspect that this son has some inheritance that Lin Qingxuan accidentally left in the world!"

The ancestor Qingxuanfeng nodded: "I see."

The sound is flat.

Then Tongshen Seal condenses again.

His rickety body was instantly swept by red light.

There was a gust of wind, and the red light spread, as if it stretched for thousands of miles.

The body of Qingxuanfeng ancestor suddenly disappeared!

When Ye Chen reacted, he found that the old figure was already standing in front of him.

"The gap between you and me is too big, but you have something I am interested in. I want to see what adventures you have!"

After speaking, the ancestor Qingxuanfeng pointed it out and pointed it directly on Ye Chen's forehead.

His smile was full of disdain.

For this kind of junior, he really didn't bother to take action. If it weren't for Lin's ancestors on the opponent, he wouldn't do this kind of behavior.

His spiritual sense just wanted to get into Ye Chen's sea of consciousness, and suddenly an invisible obstacle swept across.

This obstacle made his smile stiff.

"Break for me!"

He snorted coldly, and his fingertips shot a light.

But the light hadn't touched Ye Chen, but it was heading towards his own body!

"puff!"

His humiliating face was a little flustered!

What's the way for this kid, why can't I plunder this kid's memory?

What he used was the method of plundering spirits with the gods of healing!

Not to mention the sacred realm, even the holy realm is still useful.

Suddenly, he found that Ye Chen's eyebrows flashed with a golden light, and the light seemed to penetrate his fingers and head towards his mind!

how is this possible!

Not only did he not have the spirit-grabbing kid, but he was taken the spirit by this kid!

He was sure that this technique was Lin Qingxuan's method of plundering spirits! And more advanced!

Just when he was in a panic, a phantom was floating in his mind.

Seeing this figure, his body trembled in the next second!

The eyes are reddened!

He is so familiar with this phantom!

Lin Qingxuan, the founder of Qingxuanfeng! Ancestor Lin!

"Ancestor... you... why are you here!"
