

Urban Medical 681

Chapter 681: The fog is lifted!

Lin Qingxuan sneered: "Even the person whom Lin Qingxuan recognizes, you a junior who is unlearned and skillless, dare to move? You are afraid that you think you have lived too long."

Lin Qingxuan!

Unlearned juniors!

These few sentences made the ancestor Qingxuanfeng panic.

He was sure that the phantom in his mind came from Ye Chen!

He never thought that Lin Qingxuan was not dead, and he was still in this kid's body!

This incredible thing happened like this!

"I will give you one last chance. As for what this opportunity is, you can grasp it yourself!"

"Also, Ye Chen is my most proud apprentice, and the Azure Profound Jade I gave you back then belongs to Ye Chen!"

After the words fell, the phantom that Lin Qingxuan had in his mind completely disappeared!

But the ancestor Qingxuanfeng stared at Ye Chen.

He finally understood why Qingxuanfeng had a medical and spiritual change just now!

It's all because of the youth in front of you!

The ancestor Lin was on him, and in the end, everyone in Qingxuanfeng actually offended the ancestor!

"thump!"

Under everyone's horror, the ancestor Qingxuanfeng directly knelt on his knees!

Kneeling in front of Ye Chen!

"The younger generation see you first... Mr. Ye!"

"I don't know the identity of Mr. Ye just now, please forgive him."

As soon as he said this, the whole world seemed to be quiet.

Lin Ruhai and even the disciples of Qingxuanfeng stared at them with big eyes, their expressions were like hell!

younger generation?

Mr. Ye?

bow down?

What the **** is going on!

Qingxuanfeng's supreme ancestor actually knelt in front of a young man, even calling himself a junior!

This is too illogical.

The injured Lin Ruhai recovered a bit, weak and weak: "Ancestor, you are..."

The ancestor Qingxuanfeng thought of something and snorted coldly: "Everyone kneels down immediately!"

"From today, Qingxuanfeng will only listen to one person, that is Mr. Ye, the offender, I will be the first!"

"Also, Lin Ruhai, the green profound jade should be on you, take it out quickly and return it to Mr. Ye!"

"Under the whole world, only Mr. Ye is qualified to control Qingxuanyu!"

At this moment, the ancestor's order, everyone knelt down!

Only Lin Ruhai was still in a daze.

He actually has to hand over the green black jade?

This is a jade pendant that contains Lin Qingxuan's power!

Why give such a treasure to an unknown kid!

The ancestor of Qingxuanfeng naturally noticed that Lin Ruhai resisted, snorted coldly, and came to Lin Ruhai in an instant!

Powerful coercion covers it down!

Lin Ruhai couldn't bear it and knelt down!

"Ancestor, why did the attitude to this kid change so much...why!"

The ancestor Qingxuanfeng snorted coldly: "There are some things that you are not qualified to know! If you don't kneel down on Mr. Ye, I will break your arm first!"

In the next second, a palm came out, and Lin Ruhai's left hand tore on the spot!

This scene caused the eyes of those Qingxuanfeng people to burst out!

"Take out the Qingxuan Jade!" The ancestor ordered.

Afterwards, a voice came into Lin Ruhai's ears: "I might as well tell you, it was not me who caused the vision of medicine, Taoism and God just now, but Mr. Ye!"

Lin Ruhai held back the pain. When he heard the ancestor's voice, he held his breath, took a deep look at Ye Chen standing proudly in the distance, and still took out a piece of blue jade pendant.

Medicine, Tao and God, is the existence he has looked up to all his life.

Unexpectedly, he was climbed first by a young man about twenty years old.

The ancestor shook his five fingers, and Yu Pei flew into his hand, and quickly came to Ye Chen's face, knelt directly, and put his hands up.

Cautiously said: "Mr. Ye, this jade is a green black jade."

Ye Chen reacted to this series of changes.

Obviously, Lin Qingxuan just shot.

A single sentence changed the situation.

He accepted the jade pendant without studying it. He looked at Lin Ruhai and asked, "Where are my master and other disciples?"

Lin Ruhai didn't dare to show any disrespect anymore, and quickly said: "Qi, Mr. Ye, a few months ago, the head of the Medical God Sect brought a few apprentices to Qingxuan Peak, and even a magic weapon was used as a deal to let me take him in. Apprentice."

"I can't help the temptation of that magic weapon, and accepting this thing will give him a hint of his apprentice."

"As for him, I understand his character, it is impossible to subdue to Qingxuanfeng. After settling these apprentices, he went to find a way to break the game alone."

Ye Chen frowned, he also knew the old man's personality, it was indeed impossible to stay under someone else's roof.

He won't let the medical gods fail.

He has always wanted to revive the magic of medicine.

Unexpectedly, I encountered this kind of thing now.

But the way to break the game depends on how he looks for it alone?

Although the old man has strong medical skills, his dantian was damaged decades ago.

It cannot be repaired by all means.

This is also the regret of his life.

He can heal and kill people, but if he really encounters any martial arts powerhouse, he will be invincible.

How can one fight?

At this moment, he became worried for the old man.

This stubborn old man can't be more mature? Isn't it good to stay here at Qingxuanfeng and wait for your return?

No longer thinking about it, he asked Lin Ruhai again: "I have always had a doubt in my heart. Six months ago, why did my master take everyone out of the gate of the **** of medicine, as if he was avoiding something. The break in your mouth. what?"

This is his biggest confusion.

Lin Ruhai looked at Ye Chen in surprise: "Mr. Ye don't you know that?"

"what's up?"

Lin Ruhai hesitated for a few seconds, and still said: "A few decades ago, the two Xeon fought and shook Kunlun Xu. Your master Dantian was also smashed at that time. In that battle, he killed a top powerhouse in Kunlun. Who! Famous for Kyushu!"

"Your master is not only as simple as the head of the medical gods, but his martial arts strength back then was terrifying to the extreme, and it was a nightmare for countless people, even now I am not his opponent."

"It's a pity that although your master won that battle, he completely offended a power."

"That force is even more against morality. When he was weak, he used Heaven-defying Spells to destroy his dantian, making him unable to use force in his life!"

Chapter 682: What kind of?

"If it hadn't been for his friend's help back then, your master would have disappeared from the world."

"After retrieving a life, your master has been devastated. He knows that he can't avenge him, and he can only train his disciples through the God of Medicine."

"He has no desires, no desires, and teaches the way of medicine. From then on, he will not enter the martial arts, nor teach any martial arts, let alone accept the challenge of anyone."

"His women, friends, all left. Kunlun Xu is so realistic. Your master has no value. Everyone is like a dog in the water. Alas..."

Hearing these words, Ye Chen was filled with anger.

He didn't even know that the master had such an experience!

He finally understood why the old man was wholeheartedly admonishing him when he knew he wanted to go to China for revenge.

When I was sure I couldn't convince myself, I gave my full support!

Personally pull down and ask Baizong to accept him as a disciple.

He taught himself the supreme path of medicine, refining medicine, etc.

In fact, the old man completely saw his shadow in himself!

He pinned all his hopes on himself, hoping that he would no longer follow in his footsteps!

At this moment, a powerful killing intent enveloped Ye Chen's body.

The blood dragon condenses again!

It's just that this time the blood dragon has grown many times larger, and it has gradually become real!

Anger and killing intent are the best nourishment for the blood dragon phantom!

After a long period of silence, Ye Chen's calm voice suddenly sounded: "In the beginning, what was the force that destroyed my master's dantian, ruined my master's life, and even now chasing and killing the God of Medicine?"

His voice does not seem to fluctuate, but it is full of anger!

Lin Ruhai glanced at Ye Chen with a deep meaning, and said, "Dao Zong."

"One of the Kunlun virtual top forces, Dao Zong."

Ye Chen frowned, he was very strange to these two words.

At this moment, the ancestor of Qingxuanfeng seemed to see the doubt in Ye Chen's eyes and explained: "Mr. Ye, I know a bit about Dao Sect. This is a sect that exists in ancient times."

"He has very little movement in Kunlun Xu, which can be said to be an extremely mysterious force, but this sect has captured Kunlun Xu's various geniuses all the year round. There are medical skills, martial arts, and even the rest of the Tao."

"Their methods of absorbing the strong are extremely crazy. If you don't agree to join the Dao Sect, you will suffer endless torture."

"There are many geniuses in Kunlun who have no power, even if they are talented with spiritual roots, they have no choice when they reach Dao Sect."

"Also, I heard that this Dao Zong started its layout in ancient times, and I don't know what it is."

After listening to Ye Chen, he curiously asked, "How do you compare to Dao Zong?"

The ancestor Qingxuanfeng shook his head: "I have not yet entered the real path of medicine, and I am not the opponent of the Taoist powers. Moreover, if I remember correctly, there was a descendant of Lin Ancestor who went there. Daozong."

"As for whether the other party is alive or not, I don't know."

"But Mr. Ye can rest assured that they don't dare to trouble Qingxuanfeng, after all, this place is the hometown of ancestor Lin."

The ancestor Qingxuanfeng seemed to see the killing intent in Ye Chen's eyes, and added: "Mr. Ye, although you are standing behind you, it is better not to make Dao Zong's idea. Dao Zong is not that simple."

Ye Chen suppressed murderously and sneered without speaking.

If Lin Qingxuan was only standing behind him, he would naturally not dare to go to Daozong.

It is a pity that there are hundreds of mighty powers standing behind him!

What is there to be afraid of as the owner of the reincarnation tomb?

And now, there are three powerful people in the reincarnation cemetery, and it is impossible for ordinary people to move him.

It's just that he couldn't solve the Dao Sect's affairs himself.

Because there is still a big trouble to deal with.

Extremely important.

That is the blood alliance.

The reason why he came to Qingxuanfeng first this time was because Qingxuanfeng was separated from the blood alliance mountain.

Father is trapped in a blood alliance at the moment, and he must find a way to rescue his father.

at all costs!

Father is also the only one who knows his true Kunlun life experience!

His cold light flickered, his gaze shot at a mountain not far away!

Above the peaks, there was a blood-red gate suspended in the air.

He looked at the ancestor of Qingxuanfeng and curiously said: "Since Dao Sect is immovable, what about the blood alliance?"

The ancestor of Qingxuanfeng was startled, with a strange expression.

Could it be that Mr. Ye still has an enemy with his blood?

He thought for a while, and said, "Mr. Ye, the blood alliance and Dao Sect cannot be compared. If I shoot, I should be able to compete with the blood alliance. It's a pity that I have a restriction on my body. I won't break that restriction. It's hard to leave Qingxuanfeng."

"How long will it take to break the ban?"

"Two days."

Ye Chen narrowed his eyes and nodded: "Then you go to break the restriction now, I may need you in two days."

"Yes, Mr. Ye!"

Although he doesn't know what hatred Ye Chen and the blood alliance have, he must obey Ye Chen's instructions.

Lin Xianzu had the existence of Lin Xianzu in his mind, and Ye Chen's stepping into the real path of medicine and spirit was only a matter of time.

At that time, let alone the blood alliance, even Daozong could not resist Ye Chen's power against the sky.

After explaining everything, Ye Chen remembered something and swept down Qingxuan Peak directly.

Just now, for the safety of Xiaobi and Ji Lin, they blasted them away. They probably didn't hurt them.

Just when Ye Chen was about to leave the summit of Qingxuanfeng, two figures rushed over quickly.

Those beautiful eyes were red, obviously a lot more sad just now.

In the eyes of Ji Lin and Xiao Bi, Ye Chen's actions were undoubtedly sacrificing himself, just to save them!

Xiaobi naturally doesn't want Ye Chen to have an accident!

Ye Chen is the master's favorite apprentice. If something happens, the master will definitely not be able to stand the blow.

What's more, she couldn't tolerate Ye Chen, and she didn't want Yin and Yang to be separated!

Ji Lin is the same.

Although she has always been cynic to Ye Chen, but this cynicism has a touch of warmth.

She sympathized with Ye Chen's past, and when she met again today, she found that Ye Chen had changed.

Become a little stranger and stronger.

Ye Chen's destiny had just changed, and it would be a pity if he fell.

Even my sister's martial arts heart will be shaken.

She didn't know why her sister would care so much about a man with a common root.

She once couldn't figure it out, but after a day of contact, she suddenly felt a little dazed.

Just as teardrops flickered in their eyes, a cold and arrogant figure stood not far away.

The magnetic sound suddenly sounded.

"You two are not crying for me?"

At this moment, the two opened their eyes wide, full of surprises!

They never thought that Ye Chen was still alive with such a powerful shot!

Chapter 683: Do everything we can!

"Ye Chen!"

Ji Lin could no longer control himself at this moment, and rushed towards Ye Chen!

That small body directly rushed on Ye Chen's body.

The arms were around Ye Chen, for fear that Ye Chen would leave.

She was too depressed in her heart just now.

To some extent, Ye Chen died because of her.

She will be guilty for life,

Now that Ye Chen is alive miraculously, he is naturally so excited to forget himself.

However, she soon realized that something was wrong, and she broke away from Ye Chen, and said angrily: "Why are you like this and want to eat my tofu, believe it or not, I'll go to my sister to complain."

Ye Chen almost spit out a mouthful of old blood, even if he wanted to eat tofu, it was Ji Lin who ate him.

He didn't move at all from beginning to end.

Ji Lin circled around Ye Chen, and when he found that Ye Chen did not have any injuries, he exhaled: "Tsk tsk, Ye Chen, what kind of luck is this for you, why can't I feel any scars on your body? Those people at Qingxuanfeng have let you off with compassion, it's not like it."

"What happened just now?"

Xiaobi also walked up quickly and said with concern: "Ye Chen, the ancestor of Qingxuanfeng who made the shot just now, although I have not seen it before, I heard from the master that this person is a patron saint of Qingxuanfeng by means of reaching the sky. ."

"How can such a powerful existence let you go?"

Facing the doubts of the second daughter, Ye Chen smiled: "If I say that Qingxuanfeng is in control for me now, do you believe it?"

Ji Lin gave Ye Chen a white glance: "Ye Chen, I just thought you were very loyal, and finally found some of the only shining points on your body, but you are bragging here again?"

"It's still in your control, I guess you don't even dare to enter the formation of Qingxuanfeng now."

"Forget it, I'm a failure here, now it's up to my sister to find that guy."

Ji Lin shook his head helplessly.

She wanted to exchange Jin Dan for Lin Qingxuan's descendants, but now it seems impossible.

All were completely offended and dead, and it is a blessing to be alive.

Going to the door again is undoubtedly looking for death.

At this moment, Ye Chen said: "Your father's problem, leave it to me. Two days later, if I finish solving the matter in front of me, I will go to Ji's house with you."

Just as Ji Lin wanted to say something, a figure in the distance came hurriedly.

It is Lin Ruhai of Qingxuanfeng!

Seeing Lin Ruhai approaching, Ji Lin and Xiaobi instantly developed a sense of hostility and crisis, offering their weapons, ready to take action at any time.

"The other party is alone, do it together."

Ji Lin said coldly.

But soon, something strange happened like this.

"Mr. Ye, the rooms of the three of you have been sorted out. Do you need to go inside and rest."

At this moment, Lin Ruhai is respectful to the extreme! There is even more flattery in the smile!

It's just above the sky and the other underground with that difficult face just now!

Ji Lin and Xiaobi opened their eyes wide, and even pinched themselves subconsciously.

What the **** is this?

Mr. Ye?

The key is how Lin Ruhai has such an attitude!

The pain in the hand tells them that all of this is true.

Ye Chen didn't pay attention to the two people's plans, and went to the depths of Qingxuanfeng.

Two days later, he was going to the blood alliance to save his father.

He can't bet everything on the ancestor of Qingxuanfeng.

You must make yourself stronger.

In addition, the Primordial Virtual Reality Pill must also be refined.

Taikoo Xushi Dan is extremely important to Duan Leiren.

With Duan Leiren's help, it was 100% possible to rescue his father.

Just when Ye Chen was about to leave, Ji Lin grabbed Ye Chen's hand and said in amazement: "Ye Chen, what happened, why is this guy with this attitude? You said, you have to die in a hurry. me."

Ye Chen smiled: "You don't believe what I said."

Ji Lin was speechless. Suddenly, she thought of something and curiously said: "It's not that Ye Jitian made the shot again this time."

"It's not right, even if Ye Jitian is strong, it shouldn't be the strength of the ancestor of Qingxuanfeng."

As Ji Lin was talking, his eyes lit up and he quickly said to Ye Chen: "Ye Chen, since this guy listens to you, can you let this guy come back to Ji's house with me?"

Ye Chen stopped and said in amazement: "Is your father's condition very serious? Can't you really wait for two more days? If I act, the odds of winning will be higher."

Ji Lin naturally didn't believe it. In her eyes, Ye Chen's age was placed here. The time to step into the path of medicine was too short. Compared with Lin Ruhai in front of him, the gap was too big.

This is like most people in China going to see Chinese medicine, and they are more willing to trust the older doctors.

"Ye Chen, I understand your kindness, but my dad's problem is really serious this time. He said it was extremely important to Mr. Ji. Naturally, the sooner the better. Since you have something to do, you can convince this guy to come back with me. chant."

"If you agree, then I will go to my sister and say something nice, how about it?"

"It really doesn't work, I will give you all the snacks and potato chips that I have made during this time."

Ye Chen glanced at Ji Lin, hesitated for a few seconds, nodded, and ordered: "Lin Ruhai, then you and Ji Lin go to Ji's house."

"Yes, Mr. Ye, I will do my best."

Although Ye Chen wanted to help Ji's family, his father's safety was obviously more important than outsiders.

What's more, Lin Ruhai's medical skills can be regarded as a top group of people in Kunlun Xu, maybe he can solve it.

At this moment, Ji Lin felt stunned by happiness. She never expected that something that was originally harder than climbing to the sky would be solved by Ye Chen's simple sentence.

How did Ye Chen do this?

Why is this guy covered with a sense of mystery after returning from China?

Of course, at the moment, this is not important to her anymore.

The most important thing is the father's condition.

She looked at Lin Ruhai and urged: "In that case, we will get on the road right away!"

"Yes, Miss Ji."

...

Ji Lin and Lin Ruhai left completely.

And Ye Chen came to the training room arranged by Lin Ruhai, preparing for a two-day retreat.

These two days are too important.

When the door closed, the black stone in the pocket of his slacks flew out directly.

Suspended in midair.

The reincarnation cemetery is completely revealed.

The ancient meaning is covered.

There are hundreds of tombstones, Duan Leiren and Lin Qingxuan are silent.

There is only one figure between heaven and earth.

Immortal Lord.

Before that, the Lord of Immortality was about to dissipate. After he made Ye Chen everything safe, he would go to him.

Now is the time.

The figure of the current Immortal Lord is almost transparent. The breath on his body is even weaker.

I don't know why, Ye Chen felt sad when he saw this scene.

The only shortcoming of the reincarnation cemetery is parting.

These people are his masters, although some have only met for a few days, but after all, they also have the feeling of master and apprentice.

Ye Chen's cold-bloodedness does not mean that he is ruthless.

The way of killing does not mean indifference.

The Immortal Lord turned around and showed a relieved smile: "Trainer, you finally came."

"let's start."

Chapter 684: Hunting plan

Ye Chen looked at the Immortal Lord, and just about to speak, the Immortal Lord waved his arm, and a pill cauldron appeared directly in front of Ye Chen.

"Disciple, I know what you are thinking now. In the past few days, I have observed that half of the Primordial Virtual Reality Pill. This pill cannot be refined by my current power. The only way is to use your hand."

"I have been good at Dao in my life. If I really want to say the best at it, it should be alchemy and refining."

"If you have mastered both of me, for you, there will only be benefits and no harm."

"I don't know how long my strength can last, I can only do my best."

"Now, you close your eyes, and I will teach you some alchemy experience, which should enable you to go further in alchemy, but more things need you to slowly understand."

After the words fell, the Lord of Immortality appeared in front of Ye Chen, pointing a finger on Ye Chen's eyebrows.

In an instant, a powerful flow of information surged in.

Countless pictures of refining pills filled my mind!

Not only that, but there are also ancient pill recipes!

Simple and mysterious.

Ye Chen's head almost exploded.

He knows very well that a small part of these things will be smashed by countless forces and sects at the Kunlun Xu auction.

Too precious!

After a long time, the Lord of Immortality released his hand and said lightly: "Slowly understand and feel these things. Right now, for you, the first step you have to do is to try to refine the Primordial Virtual Reality Pill."

"The materials of the Primordial Virtual Reality Pill are available in the reincarnation cemetery. The refining method of this pill is extremely complicated. If you are not careful, you will be backed by the pill. Be careful."

"If it is backlashed, my current strength may not be able to save you! So every time you refine alchemy, you must concentrate on it!"

Ye Chen nodded, the prescription of Primordial Virtual Reality Pill appeared in his mind.

He looked at the Danding in front of him, his eyes condensed, his expression was serious, and his hands were on the Danding!

At the same time, the Nine Heavens Xuanyang decisively revolved, and a trace of real energy gushed out of his arm, and it was crazily injected into the Danding.

"boom!"

A ray of flame suddenly formed.

"Apprentice, it's not enough! This kind of flame can't condense the Primordial Virtual Reality Pill!"

Ye Chen also understood, no longer hesitating, his arms opened: "Blood dragon, come!"

The reincarnation cemetery instantly resounded through the dragons!

The blood dragon swooped down from above!

Danding directly wrapped in front of you!

The blood dragon once entered the dragon veins of the Chinese Qinling Mountains, with a trace of dragon vein fire, used to condense the pill fire, which is extremely suitable.

Almost instantly, the flames rose, and the temperature of the entire reincarnation cemetery rose a lot.

"It's now, sacrifice medicine!"

The voice of the Immortal Lord rang in his ears, and Ye Chen didn't hesitate to put the medicinal materials in the order!

As time passed by, the temperature of the Danding became higher and higher, and a strong medicinal fragrance swept across in an instant.

Ye Chen was a little excited.

It's so simple?

Just when Ye Chen was about to be happy, suddenly, the whole Danding shook, and then, a burning smell covered it.

The strong medicinal fragrance before has completely disappeared!

Not only that, a counter-shock force swept over, and Ye Chen's body was shaken out on the spot, with bright blood leaking from the corners of his mouth.

"Damn it."

Ye Chen wiped off the blood and returned to Danding.

The Immortal Lord smiled faintly: "How can the ancient pill be so easy to refine? Your current cultivation base can't support it, so let me give you some strength."

A ray of light flashed from the palm of the Immortal Lord's palm, directly drilling into Ye Chen's Dantian.

And Ye Chen has already begun the second refining.

This time, the situation has improved a lot, and the fragrance of Danding Chinese medicine is getting stronger.

And Ye Chen's whole body was soaked.

He found that the true energy of his dantian was passing quickly!

This primordial imaginary pill is too exhausting.

"Apprentice, force a drop of blood! Quick! The blood is a guide!"

Ye Chen was startled, and quickly forced out a drop of essence and blood, directly into the pill cauldron.

Blood mist bursts! A flash of red light!

Vaguely, Ye Chen saw a red pill.

Sweat ran down his forehead, and his dantian qi was almost gone.

Ye Chen could only barely support by swallowing Qi Gathering Pill.

"Natural talisman, come out!"

Almost instantly, countless lightning entangled on the pill cauldron, which could make Ye Chen better alchemy.

"open!"

With a soft snort, the zhenqi in Ye Chenyang's body exploded at the same moment when the energy within the Danding exploded.

The powerful energy turns into a real breath, suppressing the tyrannical breath within the Danding!

Under Ye Chen's frenzied suppression, Dan Ding trembled violently, as if about to burst.

Ye Chen's whole body seemed to be fished out of the water, very embarrassed.

His look is extremely serious! Don't dare to be sloppy.

"open!"

After several hours of silence, Ye Chen roared, and countless spiritual energy from the reincarnation cemetery moved towards the Danding.

The flame gradually went out.

A golden beam of light shot out from the Danding in an instant!

Go straight to the sky!

The whole world is silent!

The Primordial Virtual Reality Pill was actually made!

Ye Chen opened the Danding and found that there were six in total!

Although the rank is not too high, it is still at a general level!

The Immortal Lord touched his beard and nodded, "Not bad, much faster than I thought."

Ye Chengang wanted to say something to the Immortal Lord, but he felt that the latter's figure was extremely weak.

He vaguely remembered that the Immortal Lord seemed to shoot a force in his body.

It seems that a large part of the success of refining comes from the master.

"Disciple, go ahead, I have six hours left."

The Immortal Lord said seriously.

Ye Chen nodded, and devoted himself to alchemy.

Reincarnation cemetery golden light again and again.

...

At the same time, the Hall of Blood Alliance.

The **** face of the leader of the blood alliance is not very good.

For a whole week, they searched almost the entire Kunlun Xu, and still couldn't find Ye Sutian's trace.

This Kunlun Xu nightmare of many forces disappeared again.

Jian Xueshen looked at the kneeling elder in front of him, and asked, "Forget it, it is not practical to spend all the energy to find Ye Sutian. Let half of the people come back. Right now, our blood alliance still has very important things to do. ."

"How about Huaxia Ye Chen? Last time we sent out so many strong blood alliances none of them survived. The war **** in the blood battle hall also fell completely, could we not only be led by Ye Sutian? , Have to be led by a small Chinese beast?"

The elder's expression changed drastically: "Enlighten the leader, China's affairs, it seems that someone has deliberately shut down, no matter how I investigate, there is no news."

Jian Xue Shen coldly snorted: "It seems that the Huaxia government intends to protect Ye Chen! Humph! With my blood alliance as an enemy, it is impossible to live or die!"

"Since those people are protecting this little beast like this, I want to see if I can protect it!"

Jian Xueshen stood up suddenly, his expression indifferent to the extreme: "Take me to see the man in the Blood Alliance Hunting Project."

"Yes, leader!"

Chapter 685: The parting of the immortal lord!

Jian Xue Shen was led by the elder to a stone gate.

Heavily guarded outside Shimen, killing intent was overwhelming.

"Leader!"

The goalkeeper knelt and said.

Jian Xuechen nodded, looked at one of the gatekeepers, and asked, "How is the guy inside?"

"Have you had an attack recently?"

The gatekeeper shook his head: "Enlighten the leader, except for the sudden movement at first, it's very quiet inside."

Jian Xuechen nodded, pressing his five fingers on the stone gate, and the stone gate flashed red and opened completely.

Inside Shimen, it is extremely vast, and there is a huge altar in the center!

On the altar are eleven huge sarcophagi.

There are ancient runes on the sarcophagus.

The sarcophagus in the middle was red, and the killing intent continued to overflow.

Jian Xuechen's eyes were a little excited, and he stepped out. Suddenly, the elder said: "Leader, the hunting plan has not been tested, what if this guy strikes against you?"

Jian Xuesheng smiled coldly: "Take a shot at me? I change him, and he dare to shot at me!"

"I can make him, and I can destroy him!"

The words fell, the sword blood sank under the feet to condense the true energy, and came directly to the altar!

I saw a corpse lying in ten black sarcophagi!

These corpses are wrapped in blood!

There is not a trace of vitality and aura!

Their eyes are fierce and crimson!

It seems to have been tortured with great pain during his lifetime.

The red sarcophagus is the opposite!

There is a lot of life and killing!

It seems that all the nutrients in these ten people have been absorbed by the red sarcophagus!

Jian Xue fell into the corner of his mouth and sketched a smile, pressing a hand on the lid of the sarcophagus, swept through with energy, "Crack!"

I saw a burly man in the blood in the sarcophagus!

The man is full of scars!

Extremely hideous.

He has a blood gate tattoo on his neck.

If Ye Chen were here, he would definitely find that this man was Lin Juelong.

Lin Juelong was seriously injured in the battle at Beijing Budotai! After that, it was mysteriously missing!

It is said to be brought into Kunlun deficiency treatment.

Even if Ye Chen let the Lin Family disappear into this world, Lin Juelong was still not there.

Who would have thought that Lin Juelong had become the main person in the blood alliance hunting plan at this moment!

Jian Xue Shen looked at Lin Juelong who was in a coma, and smiled gloomily: "Lin Juelong, Lin Juelong, you are a member of the blood alliance, you were seriously injured and on the verge of death, rather than saving you, it is better to contribute to the blood alliance."

"However, this plan allows you to absorb the strength of these ten strong men. You should feel lucky."

"If this plan is successful, I can even give you the position of elder!"

"Also, you might be able to take revenge at that time, then Ye Chen is very enchanting now. Without the help of outside power, you don't want to turn over for the rest of your life!"

Perhaps because of hearing the words Ye Chen, the blood rolled!

Lin Juelong suddenly stretched out his hand, too fast!

In the next second, he even grabbed Jian Xue Shen's hand!

With just such a grasp, Jian Xue Shen's arm was directly penetrated!

The blood flow never stops!

"Leader!"

Upon seeing this, the elder rushed up and slammed Lin Juelong's body in a coma.

"Boom!"

Something weird actually happened!

Lin Juelong didn't have any damage, but the elder flew out instead! Smashed heavily on a black sarcophagus!

The blood flow never stops!

Sword blood sedimentation also felt something was wrong, no longer hesitated, five fingers opened, and a drop of blood was forced out!

The huge waves are rolling, and the aura around the world seems to be controlled by the sword blood sink!

"Boom!"

His devastating blow buckled Lin Juelong's arm, and the veins burst!

With a "boom!", he reluctantly removed Jian's **** arm.

Afterwards, he closed the sarcophagus with difficulty!

Everything returned to silence.

The wounded elder walked with scars: "Leader, we will send someone to destroy Lin Juelong after we leave!"

Jian Xue Shen stretched out his hand and said seriously: "Why do you want to destroy? This guy can actually hurt me now. That means our plan is half successful, but I don't know when Lin Juelong will wake up."

"We have used ten powerful experts in the Saint King Realm. If only one corpse is cultivated, it doesn't make much sense."

"You find a way to wake up Lin Juelong, and immediately notify me as soon as there is a sign!"

The elder was taken aback, took a deep look at the red sarcophagus, and nodded: "Yes, the lord!"

...

Qingxuanfeng.

Ye Chen has been in the Cemetery of Reincarnation for almost a day.

The Lord of Immortality went from weak to almost blank.

On this day, Ye Chen didn't know how much he learned.

But every time it felt like a needle stick.

Because I have to watch the Lord of Immortality fade away.

Almost transparent in the end!

"Well, I can probably only accompany you to here."

The Lord of Immortality stopped his hand, his eyes shot at Ye Chen.

Extremely complicated.

He has almost no apprentice in his life.

But I didn't expect that the remaining divine mind could have a disciple.

And he is also an apprentice who will do great things in the future.

Although not accompanied for too long, it is already worth it.

"Apprentice, thank you for being a teacher."

The Immortal Lord smiled.

The smile was a little pale.

Ye Chen's eyes are reddish!

Jagged man, never shed tears!

But after all, he is a man of flesh and blood!

He sometimes wondered why the reincarnation cemetery must bear the pain of separation between master and disciple?

"Master, why do you want to thank me? The disciple thanked you."

The Immortal Lord laughed: "Do you still remember that I dismissed you at the beginning? In fact, I thought you were an apprentice from the beginning. I have had too many regrets in my life. The biggest regret is that I didn't take it seriously. After an apprentice, I have no children under my knees. During this time, I even regarded you as a child."

"In fact, this feeling is pretty good."

"Ye Chen, you have to go on the next road by yourself, but Duan Leiren and Lin Qingxuan are teachers at , so don't worry about you too much."

"Okay, time is almost here, I have to take a step first! I can't stand this kind of sensational scene as a teacher."

Ye Chen's eyes condensed, and he quickly said, "Master, wait a minute. I want to know, can we still meet in the future?"

The Immortal Lord's body was startled, he looked at Ye Chen interestingly, and said seriously: "In the beginning, I didn't think we could still meet, but now I believe it. The Samsara Cemetery chose you, in fact, we 100 people recognized you. !"

"This time, you are the person who turned over us 100 people. When you are strong enough, you will be eligible to get in touch with the secrets of the ancient times, and you are more likely to see the ontology of our 100 people."

"I hope this day will come soon! Don't read it!"

After the words fell, the figure of the Lord of Immortality turned into the sky full of stars, all of them got into Ye Chen's body!

Ye Chen was still sentimental in the future when he discovered that he had an extremely strong breath of breakthrough!

This breath seems to go straight to the sky!

Chapter 686: Step into the blood alliance!

At this moment, Duan Leiren appeared in time: "Apprentice, hurry up and sit cross-legged, ready to break through! Quick! Otherwise, this breakthrough breath is enough to burst your body!"

"Yes!"

Ye Chen hurriedly sat cross-legged, Nine Heavens Xuanyang revolving!

A golden light surged all over!

The blood dragon also felt something, hovering constantly above the reincarnation cemetery!

Dragon dance for nine days!

His dantian seems to have endless true energy!

Layers of obstacles in the Immortal Ascension Realm are easily broken through!

At this moment, he seemed to have entered a subtle state.

Everything is wonderful.

His whole body was covered by a red light, and the powerful aura made the ground tremble.

Not long after, a black stone flew out of Ye Chen's pocket.

Suspended directly above his head! Then, a beam of light rose to the sky!

Although it is in the reincarnation cemetery, this beam of light is displayed throughout Qingxuan Mountain!

"broken!"

Ye Chen roared, and all the shackles of his body were broken!

The cultivation base is rising rapidly!

"Come again!"

Another breakthrough came!

Every time it breaks through a small realm, the blood dragon in the sky is a little bigger!

It is gradually real!

The beam of light around the body is getting more and more terrifying!

Soon, Ye Chen had reached the peak of the Ascension Realm!

It's just one step away from the Transcendent Realm!

Because Ye Chen's breakthrough was built on the power left behind by those great powers!

His Immortal Ascension Realm is a transcendent realm equivalent to most of the Kunlun Xu experts!

And his transcendent realm is almost equal to Kunlun Xu's holy realm!

"Today, I crossed the Transcendent Realm from the Immortal Ascension Realm!"

"Blood dragon help me to break open!"

The blood dragon above the sky rushed directly into Ye Chen's body!

There was even a "cracking" sound from his body, and he could clearly feel the trembling of every muscle in his body.

Shattered, reborn.

"Boom!"

His body is like a big wave rushing, and a strong breath breaks through all constraints like a bamboo!

There was a long roar, shaking for nine days.

The powerful air waves are constantly rolling over Qingxuanfeng!

Brilliant light condenses!

The thunderclouds gather! Crashed down!

But outside at this moment, the ancestor Qingxuanfeng looked at the vision of the sky, and then looked at the place where Ye Chen was resting, his eyes horrified!

"Mr. Ye, really can't be measured from the perspective of ordinary people."

"After this breakthrough, I am afraid that I will be one step closer to the path of medicine."

"Kunlun Xu is an evil god, Dao Sect and blood alliance are not qualified to stop it."

...

The vision of Qingxuanfeng lasted three hours.

Everything returned to silence.

Ye Chen opened his eyes and shot out a cold light, as if there was a fairy aura on his body, his eyes were clear.

A single look seemed to have Taoism.

This is the Transcendent Realm.

Extraordinary and holy.

He suppressed this breakthrough for a long time, and never broke through. Only then can he enter a great realm.

If you want to make such a breakthrough in the future, it depends on chance.

Now he steadily stayed on the second level of Transcendent Realm.

Cannot go further.

Ye Chen stood up, came to a mountain top, and looked in the direction of the blood alliance.

One day.

Suddenly, he felt something, a drop of blood in his mind kept flickering.

Bloody!

After coming out of the medical gods, he bid farewell to Xue Fenghua and Shen Shixi.

But I didn't expect the blood wind to appear here.

Obviously, Xue Fenghua is now preparing to leave the blood alliance!

No longer hesitate, Ye Chen headed for the blood alliance!

A minute later, Ye Chen stopped and saw a man covered in scars!

When the man saw Ye Chen, he knelt down and said, "Mr. Ye, I finally saw you!"

Ye Chen helped Xue Fenghua up: "What's the matter with your injury?"

Xue Fenghua shook his head helplessly: "I planned to enter the blood alliance, at least to provide some information to Mr. Ye, but I didn't expect that after my accident, the blood alliance would knock me out, and it was impossible to enter the blood alliance."

"And this injury is also given by the blood alliance!"

Ye Chen squinted: "If that's the case, then forget it, and I will go to the blood alliance myself tomorrow."

Hearing these words, Xue Fenghua was startled, and said in amazement: "Mr. Ye, no! Although I was driven out of the blood alliance, I found that today many strong people outside the blood alliance have all returned!"

"It's as if something is brewing! It's really dangerous to get rid of the blood alliance right now! Still think twice about Mr. Ye!"

"Also, this time I also heard the news that the blood alliance once brought back a scarred man in China. This man seems to be carrying out some plan, and it seems that he will succeed soon!"

Hearing these words, Ye Chen's face changed slightly!

The first thing he thought of was Lin Juelong!

Had it not been for the guardian to take action, Lin Juelong would have been beheaded by him, and it would be impossible to run away!

No matter what the plan in the mouth of Xue Fenghua is, as long as he stands in front of him, he will be crushed!

"Mr. Ye, there is one piece of gossip. I'm not sure whether it's true or not. Today, the Blood Alliance dungeon has changed. I am worried that the Blood Alliance will do something against your father."

When Ye Chen heard these words, he was not calm at all.

He didn't want it to be empty then.

What's the point even if you kill all the blood alliances and you can't determine the whereabouts of your father.

After hesitating for a long time, Ye Chen took out a mask from the reincarnation cemetery, with the mask on his face, covering his face.

"In that case, I'll go to the blood alliance in advance!"

Xue Fenghua was startled quickly persuaded: "Mr. Ye, don't do it! It's hard to come out if you go!"

Ye Chen shook his head: "Although the world is big, it is not so easy for Ye Chen to trap me. Today I just have to go and see the dungeon. I will leave as soon as the situation arises!"

Without waiting for Blood Fenghua's reaction, Ye Chen quickly swept towards the blood alliance!

Soon, Ye Chen appeared at the gate of the blood alliance.

As Xue Fenghua said, the gate is guarded extremely tightly, and there are constantly influx of strong blood alliances in it.

Even more ridiculous is that these three words are almost talked about in this group of people.

Ye Xitian.

Ye Chen knew that he would be famous in Kunlun, but he didn't expect it in this way.

And judging from the tone of these people, it was completely fear.

Some people even passed on themselves as a strong person in the Void Return Realm, and even a **** descended to the world!

Chapter 687: Come from Kunlun Xuye Family!

"It's really the three of us who became tigers. Everyone thought that I had hidden the realm, but they didn't know that my true realm was the realm of the gods. The apex."

Ye Chen bypassed the crowded place and found a place off the beaten track.

No one is stationed.

But the formation here is constraining everything.

It is extremely difficult to step in.

When the flying bird approached, it turned into blood mist on the spot.

It can be seen that this formation is terrible.

Ye Chen stretched out his hand, wrapped his arm with infuriating energy, and lightly touched it, and he felt a coercion sweeping over him.

But he didn't let go, instead he closed his eyes and felt the eyes.

In one day, the Immortal Lord not only taught him to refine the ancient medicine, but also taught him some methods to break the formation.

Collect hundreds of warriors! Play free!

Although it is not mainstream, it is not too difficult to deal with the immediate problems.

It just consumes a lot of zhenqi.

Suddenly, Ye Chen opened his eyes, a cold light shot out, and then his fingers quickly choked.

A drop of blood was forced out of the finger and shot directly on the formation.

At the same time, a golden rune appeared in Ye Chen's palm!

The runes continue to surround, full of violent air, and are attached to the formation!

Ye Chen pointed out, from top to bottom, gently sliding!

There was a hole in the formation!

Endless aura gushes out crazy!

Ye Chen's eyes were joyful, no longer hesitating, and instantly got into it!

The formation is closed.

Everything returned to silence.

But Ye Chen just came inside, but he didn't expect a long sword to penetrate it!

With a cold killing intent.

"Who! Why did you appear in my training room!"

by! It was discovered!

Ye Chen looked at the violent sword, no longer hesitating, stretched out a hand, **** directly clamped the sword!

He found that it was a black robe man who did it.

The strength is probably in the early days of Transcendent Realm.

He also discovered that the point where he broke the formation was actually where others practiced!

No wonder it will be noticed!

The long sword stopped in the air, unable to go further!

"Oh, I wanted to walk around casually, but unfortunately, you found me, I must stop talking. Brother, I'm sorry."

"However, you are a member of the blood confederation, and you will die sooner or later, so it's better to send you on the road now."

Ye Chen's indifferent voice sounded.

The blood alliance snorted coldly, "I'm higher than you in terms of realm, so how can you be confident!"

"cut!"

The blood alliance wanted to draw the sword from Ye Chen's hand!

However, he found that even no matter how strong he condensed, he would fall to nothing!

"let go!"

"Oh."

Ye Chen let go of his hand, and the blood confederate was overjoyed. Just about to move his sword, he found that the sword in his hand turned into a pile of powder and dissipated in the world!

"This....."

His expression instantly hideous!

This sword was made by a meteorite from an extraterritorial blood alliance, and ordinary power could not be broken, but now it was turned into powder by the opponent's two fingers?

What is this power?

"Before you die, I will teach you a sword."

Ye Chen glanced at his surroundings, held his five fingers, and the flowers in the vase on the table fell directly into his hands.

The branches and leaves waved, and the sound of dragon chants broke out.

Hum!

With the sound of the dragon chanting, the sword body vibrated, spreading out layer by layer like substantial ripples.

Ye Chen's killing aura spread out.

The eyes of the blood confederate were wide, this method!

The other party is covering his face again!

He suddenly thought of someone!

Ye Jitian!

The guy that the blood alliance could not find after searching Kunlun, unexpectedly appeared in the blood alliance!

He just wanted to speak, only to hear a roar exploding, the divine wave rippling, as if it had turned into substance, the flowers floated and hit the other's chest.

"This power, Ye Ji..."

Looking at the man with amazement, Ye Chen flickered coldly: "You will keep this secret forever."

Linguistic.

The sword intent exploded.

"Do not....."

The people of the blood alliance can only watch, that power seems to be transformed into a dragon, swallowing towards themselves.

What move is this!

The sword wave is horrible, and the essence of sword energy!

The key is that the opponent didn't use a sword!

It's just a flower in his hand!

Ye Jitian is too scary!

The blood alliance youth was completely swallowed and turned into a mist of blood.

After Ye Chen had done all this, he chose a black robe of the other party and put it directly on him, then opened the door of the room and walked towards the blood alliance dungeon.

Not long after, he came to the vicinity of the Blood Alliance dungeon.

Before I got close, I saw that the many elders of the blood alliance surrounded a middle-aged man and said something respectfully.

Ye Chen frowned slightly, he could feel that the middle-aged man was not a blood ally, and his cultivation aura was completely different.

For some reason, the blood in his body faintly boils.

"How could this be?"

Just when Ye Chen was puzzled, suddenly, his eyes shot in one direction!

There was a jade pendant hanging from the waist of the middle-aged man!

This jade pendant is exactly the same as the Yejia jade pendant on him!

Is this person from the Kunlun Xuye Family!

The three words Ye Hongbin are also engraved on the lower right corner of Yupei!

When Ye Chen was watching, the middle-aged man also noticed something, suddenly turned his head, his eyes shot in the direction of Ye Chen!

But at the moment, the place is empty.

"Senior Ye, what are you..."

An elder of the blood alliance spoke.

The tone was full of caution.

They couldn't get any answers from Ye Tianzheng.

Jian Xue Shen was already furious asked them to dig out all the secrets of Ye Tianzheng within a week!

In desperation, they could only favor Ye Hongbin!

Ye Hongbin has the blood of the Kunlun Xuye Family, but he was not recognized by the Kunlun Xuye Family, and he was forcibly driven out in twenty years.

However, with his talent, he became the elder of a sect in Kunlun Xu.

Honorable status.

This person is the key to breaking Ye Tianzheng's secret!

Ye Hongbin shook his head in surprise: "It seemed to be a little awkward just now, by the way, where did you talk about it?"

The elder smiled and said, "It seems that Senior Ye hasn't taken a good rest recently. Our blood alliance has prepared a room for Senior Ye. Of course, there are a few stunning beauties of blood alliance, who will surely let Senior Ye get enough sleep."

Ye Hongbin shook his head: "Talk to business."

The elder smiled stiffly and didn't talk nonsense, and said seriously: "Leader asked me to ask you one thing, has anyone from Kunlun Xuye Family flowed into China?"

"Also, Ye Chen, are the two names of Ye Tianzheng on the genealogy of Kunlun Xuye Family?"

Ye Hongbin thought for a few seconds, and said: "At the beginning, my status was not high in the Xuye family in Kunlun. Besides, I don't have much to do with the Ye family now. As for whether anyone from the Ye family has flown into China, I don't seem to have heard of that."

"but....."

"Senior Ye, but what!"

Ye Hongbin frowned and said, "It seems that for more than ten years, the Xuye Family in Kunlun sent someone to China for a trip, and took back a few things and put them in the Ye Family Ancestral Hall!"

Chapter 688: Identification!

The elder said softly. m.

He remembered one thing.

Ye Chen's grandfather seemed to have died in China.

Since Kunlun Xu put things in the Ye Family Ancestral Hall, it proved that China must have a problem!

Could it be that Ye Family is really related to Kunlun Xu?

If this is the case, then Ye Tianzheng's secret is worthless enough!

No longer thinking about it, the elder of the blood alliance looked at Ye Hongbin and said, "Senior Ye, please come with me, I will take you to see Ye Tianzheng."

"This time we are not far away to invite you to come, just want you to reveal the secret of Ye Tianzheng's body!"

"There is a power protection in this person, we can't break it at all. We suspect that it is the Ye Family bloodline. According to the investigation, it seems that only people with the same Ye Family bloodline can solve it."

Ye Hongbin nodded and agreed: "Yes! Every Ye family bloodline has a guardian power in his body. This power varies according to the talent and the strength of the bloodline. No one in the world can help you except me. After all, Kunlun Xu Ye family rarely comes out, go! Lead the way."

With joy in his heart, the elder quickly took out a special jade pendant, and the dungeon door was completely opened.

A yin and evil air hit his face.

Ye Hongbin frowned, put his hands behind him, and stepped directly into it.

After Ye Hongbin disappeared, Ye Chen walked out of the darkness.

There was a cold chill in his eyes.

It seems that after so long, the people of the blood alliance still haven't made any progress from the father.

But judging from the dialogue between the two, the next thing is very important.

It may be about the comfort of the father.

He can't wait for tomorrow.

Father must be rescued today.

Otherwise, it will change later!

Although there is no help from the ancestor of Qingxuanfeng, he still has some hole cards in his hand, which should be enough to deal with the matter at hand.

No longer hesitating, Ye Chen headed towards the blood alliance dungeon.

Not yet close to five meters, a few angry shouts!

"The leader has an order! The idlers and others are not allowed to approach the dungeon!"

Ye Chen, dressed in a black robe, did not speak, but choked with his fingers, and the life charm was directly sacrificed.

Thunder and lightning overflowed the ground.

In an instant, a masking formation was formed.

This formation can isolate all fighting atmosphere from the outside world, but it is not a long-term solution.

These people have fallen, and the life jade card is shattered, and the blood alliance must be noticed for the first time.

At that time, it will naturally take countless strong men to guard this place.

A little carelessness is the turtle in the urn!

So he must fight quickly!

"I'll find someone inside."

"If you give way now, maybe you can live a little longer. If you don't, the consequences will be serious."

"Also, I don't want to kill you. After all, it will make things very troublesome."

Ye Chen could feel the strength of the guardian in front of him.

Perhaps it was because of the care of the father who had the right sword blood, the guardians were actually above the transcendent realm!

Most of them even enter the Holy Land!

One of the old men's breath is approaching the Holy King Realm!

When the guardian heard Ye Chen's words, his face changed slightly.

They thought that the man in black robe wearing the mask was a blood ally, but they didn't expect that the other party was going to break into the dungeon!

One of the burly men stood up and said lightly: "You still want to kill us because of your extraordinary realm?"

"I can't help myself, today I will let you feel what fear is!"

After the words fell, the burly man stepped on his feet and slammed his fist towards Ye Chen!

There is even no plan to use weapons!

Such waste is not worth his sword!

Like mountains and rivers, the world is suppressed!

An overbearing killing intent erupted from the deepest part of the body.

As if between, like a giant beast galloping, terrifying power blasted towards Ye Chen.

"Body refiner? Comparing strength with me? Are you sure?"

Ye Chen smiled coldly, and in the next second, he punched out!

A flat punch.

This punch didn't even use Dantian's true energy too much!

"Boom!"

A loud noise, like thunder burst!

Accompanied by the terrifying cry of the burly man!

His right arm broke directly!

The sound is extremely crisp!

Not only that, an invisible force seemed to gush out of Ye Chen's body!

The arm of the burly man turned into a mist of blood.

A gust of wind swept past, and the burly man flew upside down like a kite with a broken wire.

Lost the ability to fight!

Completely fainted!

This scene greatly changed the complexions of the remaining guards.

Quiet!

The scene fell into a deadly silence.

Who could have thought that this black robe youth was far more terrifying than I believed!

"I said, I just want to step into the dungeon to find someone, I don't want to do it anymore."

"I only say this twice."

Ye Chen's indifferent voice fell slowly like this.

But it had no effect at all, and six or seven figures instantly surrounded Ye Chen!

Only the elder of the Holy King Realm did not make a move, standing in the distance, his eyes narrowed slightly, as if waiting for the opportunity.

Ye Chen looked at the surrounding people and the cold murderous intent that overflowed from them, and shook his head helplessly: "It seems that you have already made a choice."

"Little beast, you can also break into the blood alliance! No matter who you are, stay here forever!"

With a roar, six long swords came out!

The squally wind rolled, and his robe slapped in the cold wind.

Pedal!

They took a few steps!

The breath rises!

Like a long wind and waves!

The lord's sword blood let them guard here, if something goes wrong, they will definitely die!

Although I don't know why outsiders did not respond, it is not important anymore.

As long as this kid dies, everything is over!

The long sword danced, and the violent sword intent swept towards Ye Chen like a tornado.

Ye Chen gave a cold snort He stepped into the transcendent realm, and it was too simple to deal with these powerhouses entering the holy realm!

In the next second, he sacrificed the Soul Sword in his hand!

"Slash the sky with one sword!"

Tear...

The terrifying sword aura spread, and the powerful sword power permeated.

There was a dull tearing sound, and this space seemed to be completely torn apart.

As the sword edge passed by, visible to the naked eye, the ground cracked.

Supported by his powerful sword power and cultivation base, the sword technique Ye Chen has displayed is extremely powerful!

bump!

Between the lightning and flint, this sword collided with the guardian of the blood alliance! !

Break directly!

"Crack!"

The sound of bone fracture came instantly.

At the same time, the six people spit out blood! Fly out!

Ye Chen's eyes became cold, and the old phantom body tactics surged under his feet, constantly drifting between the six.

Haven't resisted yet! Everyone fell to the ground, no longer capable of fighting.

With a radius of one hundred meters, only two people stood, Ye Chen and the powerful Saint King of the Blood Alliance!

"Fuck!"

The Saint King Realm powerhouse did not have a hint of anger, but stretched out his hands and clapped.

"Ye Chen, the God of War of China, really deserves his reputation, I admire Zhou Daojun."

Ye Chen didn't expect his identity to be found out so soon, he glanced at the Soul Suppression Sword, and it was a little startled.

It seems that the weapon betrayed him.

Chapter 689: The origin of Ye Tianzheng!

Zhou Daojun looked around and found that everyone was motionless, and said: "I still wonder why no one in the blood alliance noticed such a big movement. It seems that you are not only good at swordsmanship, but a formation mage, but our blood alliance has always looked down on you. Now, this should be the reason why the blood alliance always had an accident in China. I think the leader will be very happy to see your head."

After the words were finished, a cold murderous intent swept away.

"The leader expected you to come to the dungeon one day, but didn't expect it to be so fast! Since you are here, stay."

The words fell, Zhou Daojun moved!

There was a rapid sound of breaking through the air, and a powerful momentum spread.

Facing the Saint King Realm powerhouse, Ye Chen also released the strongest aura!

The momentum of the two men rose into the sky, turned into a violent wind, and howled in the sky and the earth.

Between the heaven and the earth, there is a wave of killing.

A crimson spirit stick appeared in Zhou Daojun's hands!

He held one end in his hand and clicked it out with a stick!

The terrifying coercion is pressing towards Ye Chen like a giant mountain!

There was a cruel smile on his mouth!

It's too easy for the Saint King Realm to fight against a Transcendent Realm!

Although his Saint King Realm is the result of the pill pile, his actual combat ability is much worse!

But so what! It must be crushed!

Ye Chen looked at the scarlet spirit stick coming through the air, instead of dodge, he stepped out!

The natal talisman sacrificed!

"Lei Luo!"

A cold light flickered, like a nine-day **** thunder, falling down.

At the same time, a sword is swung!

The speed of Ye Chen's sword is more than just reaching the extreme.

All over the sky, dragging out a phantom, people's gaze can't even keep up.

Ye Chen wanted to see, his ten thousand swordsmanship is strong, or the opponent's crimson cudgel!

The things that Sword Master Wan Dao taught him can be resisted by Kunlun Xu's **** exercises!

boom.....

In a blink of an eye, a violent roar came.

The horrible impact gave birth to layers of substantive air waves, sweeping towards the surroundings.

Between the sky and the earth, waves of air are flying.

Every wave of air carried a substantial lethality, fiercely splashing on Ye Chen's formation.

Almost let the formation shatter!

Zhou Daojun and Ye Chen stepped back together!

Since it is a tie under one move!

how is this possible!

"Obviously Transcendent Realm, why can burst out with the same power as me!"

Zhou Daojun is so far behind Ye Chen!

Before he could react, Ye Chen had already appeared in front of him!

Ye Chen's breath at this moment was extremely violent.

He does not intend to waste any more time.

Must be killed!

"Ten thousand swords return to the clan!"

The reincarnation cemetery was shaking.

The whole body exploded, the air wave rolled, and the light bloomed.

All the power of returning Wan Jian to the Sect is released!

Turned into a sword tactic!

"go with!"

The only trace left in the body was urged out, stimulating the sword art.

That sword jue shot directly at the opponent.

The next moment, when Jian Jue met Zhou Daojun, it suddenly exploded.

Zhou Daojun's eyes widened, but it was too late to resist!

The whole earth is distorted, as if it collapsed.

"Boom!"

Amidst the roar and the extreme light, a heart-piercing scream came.

At the moment of dying, Zhou Daojun looked at Ye Chen's cold eyes and suddenly thought of something!

The two paintings on his waist completely overlap!

"Ye Chen, Ye Jitian..."

Before the words were finished, he fell to the ground.

After that, Ye Chen directly took the key of Elder Zheng of the bleeding alliance, broke through the dungeon, and headed toward the darkness!

...

In the dungeon.

A quiet place in the corner.

The elder of the blood alliance and Ye Hongbin saw Ye Tianzheng who was sitting cross-legged with his eyes closed.

Ye Tianzheng has long been accustomed to this group of people seeing him every day, or asking some inexplicable questions.

He pretended to be deaf and dumb, and the group was helpless.

"Ye Tianzheng, I advise you to cooperate with me, otherwise you will regret it!"

The elder of the blood alliance said coldly.

"Oh."

Ye Tianzheng didn't plan to bother at all.

This made the elders of the blood alliance so angry, Ye Hongbin stopped the elder of the blood alliance just when he wanted to do it with a look.

Then I found a stool and sat on Ye Tianzheng.

"Ye Tianzheng, do you know the Kunlun Xuye Family?"

"Who are you?" Ye Tianzheng opened his eyes and glanced at him curiously.

I don't know why, this man makes him feel familiar.

Ye Hongbin narrowed his eyes, and said lightly: "Do you feel the blood in your body boiling now? Or do you feel a familiar feeling in me?"

Just as Ye Tianzheng wanted to say something, Ye Hongbin interrupted: "There is only one explanation for the feelings in you and me, and that is that the blood of the Kunlun Xuye Family is flowing in you and me."

"Since we are a family, then I don't talk nonsense. Is the reason for your son's strength related to something from the Kunlun Xuye family?"

When Ye Tianzheng heard the other person mention Ye Chen, he recovered a little sober, and stretched his waist: "I care where you are from. My words are very clear. I don't know anything. If you have the ability, you can kill me."

Ye Hongbin's expression became cold, and he snorted coldly, "I wanted to use the soft one, but now it doesn't seem to work anymore. It's good, just to see if the Kunlun Xuye Family entered China more than a decade ago, whether it has anything to do with you!"

The words fell, Ye Hongbin pointed out!

It was on Ye Tianzheng's forehead.

This time, he did not receive any backlash or attack!

Seeing this scene, the elders of the blood alliance were delighted!

It really works!

The corner of Ye Hongbin's mouth also outlines a confident smile!

If he can't suppress even an ordinary person who has no cultivation base, then he doesn't need to be fooled in Kunlun!

He just wanted to plunder Ye Tianzheng's memory!

Suddenly an old figure appeared in the depths of the sea!

That old figure is extremely blurred! Only those eyes can see clearly!

With endless killing intent!

"Get out!"

In the next second, Ye Hongbin felt the blood all over his body boiling! Then dormant! As if seeing something terrifying!

Not only that, his blood surged!

Spit out a mouthful of blood on the spot!

shocking!

"Who are you! Why do you have the supreme soul root of the Ye Family!"

Soul root is a kind of spirit root!

Extremely ethereal and rare!

The entire Kunlun Xu, only the Ye Family could exist!

But in the long years, it has become less and less.

By now, no one has mastered it except the ancestor and patriarch of the Kunlun Xuye Family!

But the middle-aged man who has no cultivation base in front of him is so!

This is too incredible!

Just this supreme soul root is a great secret!

A wave of supreme fear spread in Ye Hongbin's heart.

He envy, he is jealous!

If he is in control of this heaven-defying soul root, he won't be reduced to this point!

The Ye family didn't even dare to expel themselves!

He even wondered whether he would be eligible to step into the Ye family again if he handed Ye Tian to the Kunlun Xuye Family!
