Chapter 71: Sign him!

Those two knew in their hearts that each other was so capable.

They can't run at all.

"Pump!" With a sound, the two of them knelt directly in front of Ye Chen, trembling, and a puff of urine came from the crotch.

"Don't...don't kill me...we are from the blue door..."

Ye Chen looked at the two condescendingly, and said lightly: "Zheng Jingming, where are you now?"

The two were completely frightened, and they quickly pointed to a door at the end of the corridor, and said: "Zheng...Zheng is discussing business with people from Country M inside..."

"Then the outside alarm, he has heard?" Ye Chen said.

The two shook their heads quickly and explained: "No, the outside and inside sounds are completely isolated, and you can't hear them at all, but the movement here should have been heard by the security department on the 37th floor, and they will soon catch up... .."

Ye Chen nodded thoughtfully, regardless of the two of them, put his hands in his pockets and walked towards the door at the end of the corridor.

When Ye Chen took dozens of steps, the two of them saw that they were out of danger, looked at each other, no longer hesitating, took out a small weapon from the ankle, just about to shoot, Ye Chen shot two Road airflow.

The air flow is formed, breaking through the air like a white blade.

"Puff puff!" Two sounds, directly shot through the throats of the two of them, the blood gradually stained, and fell to the ground.

.....

At the same time, Qinghe Group closed the conference room on the 39th floor.

To the left of Zheng Jingming sat three blonde men, all of which were spies and arms dealers from the country M.

Country M has always been extremely interested in China.

They knew that China could not control China on the bright side, but once they controlled China's underground forces, it was equivalent to controlling China's vitals.

Jiangcheng, as a port city in Jiangnan Province, once they were taken, it would definitely be a big step forward for the ambitions of Country M.

To the right of Zheng Jingming sat two strong men from the blue door.

Qinghe Group appears to be a manufacturing group, but it is actually infiltrated by Qingmen. To Qingmen, Zheng Jingming is just a puppet.

It seems that Zheng Jingming controls the Qinghe Group, but the actual controller is Qingmen!

In the meeting room, a middle-aged man with an eagle nose looked at Zheng Jingming and said seriously: "Mr. Zheng, our country M came with sincerity, as long as you provide us with the quota for the ships in and out of Jiangcheng port and the share of Jiangnan Provincial armament airport map, our M Congress provides you with the strongest armed equipment.

I know that your ancient warriors in China are very strong, and we also have weapons specially designed for ancient warriors, which can greatly increase their strength. As long as you nod your head, our cooperation will maximize the benefits of both of us. "

Zheng Jingming's eyes are a little serious. He knows that there is a great risk in this matter. A little carelessness is treason.

But in front of the huge benefits, he was a little moved.

Undecided, he looked at the two strong men on the right. Both of them closed their eyes, seeming not to make any comments.

Seeing that Zheng Jingming has not made a decision yet, the man with the eagle nose nose continued: "Mr. Zheng, one more item, our country M is willing to provide ten high-precision automatic equipment for your group. I think this is very useful for the development of your group. Necessary."

Zheng Jingming couldn't help it anymore when he heard these words. The market price of a high-precision automatic equipment is 50 million yuan.

Ten stations are unexpectedly five hundred million.

The key is that these devices have no market at all!

Zheng Jingming stopped thinking about it. He stood up, stretched out one hand, and smiled: "Mr. Mike, how do you refuse these conditions... Have a good cooperation and return to Country M. Please help me Mr. Lang says hello."

The eyes of the man with the hook nose are full of surprises! I didn't expect things to be discussed so quickly.

As long as country M takes the port of Jiangcheng, their spy power can infiltrate bit by bit, and then they can control the entire underground power of Jiangcheng.

Once the underground forces are controlled, they can spread like spider webs until it spreads across the territory of Huaxia, making Huaxia riddled with holes!

"Mr. Zheng, happy cooperation!"

When the two hands are held tightly together, the abnormality protrudes.

"Boom!"

The door of the conference room suddenly exploded, and the two steel door panels were directly twisted and deformed, breaking the conference table even more.

The two strong men with closed eyes also stood up, and their eyes shot a bone-cutting murderous intent.

"A good Chinese people don't do it, but actually go to be a dog in country M."

A cold voice fell, resounding throughout the conference room.

Everyone looked at the door, and saw a young man in a neat suit standing at the door.

The young man holds a document in his hand, but he looks a bit like a business elite.

Zheng Jingming stared at the young man in suit, not knowing why, but he always felt familiar.

"Ye Chen?"

The name popped up in his mind subconsciously, but he quickly left it behind.

That Ye Family waste has already died and can't die anymore, so how could it be here?

The other party just looks a little alike.

The key is someone broke in. Why didn't the armed strong people react at all?

is really a bunch of trash.

Ye Chen ignored everyone's reactions and came directly to Zheng Jingming, put the documents in his hand on his desk, and took a pen from the side by the way.

"Signed him."

His voice was commanding, as if to say something beyond doubt.

Zheng Jingming glanced at a few words on the document, his eyes narrowed.

Unconditional transfer of equity?

This kid's brain is too amusing, he even dare to ask for the equity of Qinghe Group?

He has seen many crazy people in his life, but he has never seen such a crazy person!

went directly to the top floor of Qinghe Group~[www.ltnovel.com](http://www.ltnovel.com)~ and even asked him Zheng Jingming to sign an extremely ridiculous document!

Who gave him this courage!

The two masters of the blue door snorted coldly, and they had already walked towards this side.

The eagle-nosed man from Country M motioned to the powerhouse of Country M standing next to him, and whispered, "Kill him."

No one is qualified to destroy their country M plan.

spoiler, die!

The strong man of Country M instantly took out a special weapon from his waist, and without hesitation, directly aimed at Ye Chen's head.

Just as the opponent was about to pull the trigger, Ye Chen picked up the pen in his hand and shot it directly!

"Puff!" With a sound, the pen directly pierced the eyebrows of the strong man in country M.

nailed to the wall!

There is even a trace of red blood on the wall!

is like a plum blossom.

His eyes widened, full of panic, and his body fell backward.

Kill with one move.

The two strong bluemens could not sit still, a short knife appeared in their hands one after another, coming directly towards Ye Chen.

Ye Chen has no intention of doing anything, he has already seen through the cultivation of those two people, half-step into the realm!

Although looking at the entire Jiangnan Province, it is considered the top power.

But in his eyes, Ye Chen didn't count as anything.

Two short knives came towards Ye Chen with a strong wind, and took his vitals.

One of the stabs is to slash Ye Chen's Tianling Gai!

Very fast.

The general martial arts expert can't avoid it at all, maybe his body will be split in half.

Just as the short knife was about to touch Ye Chen, an invisible aura condensed into Ye Chen's body, and Ling Lie's murderous intent suddenly broke out.

"Puff!" The whole conference room was gradually stained with blood!

Chapter 72: Zheng Jingming, do you really forget who I am!

When everyone saw blood appearing, they all felt happy, thinking that the uninvited guest had been killed.

But when they saw the picture in front of them, everyone's smile was completely frozen!

I saw two broken arms hit the ceiling, and blood fell on the conference table.

Shocking!

The key is that the young man in the suit is intact at the moment!

They didn't even see how he shot!

And the arms of the two strong men have broken! Blood is flowing!

With one move, two half-step strong men were cut off their arms.

how is this possible!

Zheng Jingming was scared and pale, but he knew how terrifying the two masters that Qingmen arranged for him.

Two people have slaughtered more than a dozen hired assassins, and one palm can slap a giant tree!

That scene, he will never forget it in his life.

But what the \*\*\*\* is the young man in suit!

Before he could react, the two strong men from the blue sect felt a piercing pain, and the whole person screamed.

The two of them took a step back in fear, looked at Ye Chen in horror, and said in unison: "Master of martial arts! You are actually in the realm of master!"

At this moment, the whole world seems to be quiet.

Budo master, what the four words mean, everyone present is very clear!

But how can there be such a young martial arts master in a small place like Jiangcheng!

One of the strong bluemens realized that something was wrong, and just about to run outside, a gas blade cut through the sky and pierced his heart directly!

"Boom!", his body fell down, his eyes staring fiercely.

Do not look at you.

Seeing this scene, Zheng Jingming and the other injured blue-door powerhouse did not dare to move at all, their bodies almost stiff.

Ye Chen was not in a hurry to solve these two people, his eyes fell on the only two people left in M country. , Walked over step by step.

'S footsteps are very light, but for the two M people, it is the footsteps of death.

One of the arms dealers of the country M knew that the boy in the suit was an ancient warrior from China, so he didn't dare to care about it and stretched out his hand to touch the gun directly at his waist.

In the next second, the trigger was pulled and shot directly at Ye Chen's forehead!

The whole process went smoothly, without giving Ye Chen a chance to interrupt.

He has even seen the scene of the head of the Huaxia kid exploding in front of him.

"Hua Xia boy, go and die for Lao Tzu!"

"Boom!"

There was a gunshot from the office, everyone was happy, even if this kid is an ancient warrior?

The power of thermal weapons is not something he can resist.

As soon as this kid dies, all the crises are lifted.

Ye Chen naturally knew that the other party had fired, his eyes condensed, and he became serious, his dantian real energy surged.

With a light footstep, a wall of gas condensed in front of him.

The bullet hit the wall of air, and its speed suddenly slowed down.

Then, Ye Chen's body was slightly sideways, and at the same time he reached out a hand, unexpectedly caught the bullet directly.

"Ding."

The bullet was dropped on the conference table, and the voice was extremely crisp.

At this moment, everyone is dumbfounded, and their brains are blank.

Fuck!

The bullets were all caught? I caught it abruptly!

What kind of devil is this!

Those two M people are already soaked! He knew that China has always been mysterious, but he didn't expect anyone in this world to catch a bullet with his bare hands!

The arms dealer came over instantly, ready to continue firing, Ye Chen would not give him another chance.

He caught the bullet on the table and flicked it lightly, "Return it to you."

The bullet rubbed violently in the air, and in the next second, it shot directly into the weapon that was about to fire.

"Boom!"

The weapon exploded directly, and the fragments pierced into the arms dealer's neck, killing him on the spot.

"Don't kill me, I'm still a diplomat. If you touch me, the Embassy of Country M will definitely do harm to China!" The man with a hooked nose glanced at the body of his companion, completely panicked, and stepped back, "I have money and I have a lot of dollars. How about I use this money to buy my life!"

"Money?" Ye Chen took out a yuan from his pocket and started playing. "I don't lack money, and I prefer yuan."

The face of the man with Yinggou nose changed. Just about to say something, Ye Chen continued to speak: "Jiangcheng is where I grew up, and China is also my country. I don't allow others to destroy my life, let alone anyone else. I am a stable foreign country in China! Offenders, die!"

"Whoo!" The coin in Ye Chen's hand shot out!

In the next second, he shot directly through the body of the man with the hook nose, and finally sank into the wall steadily with blood!

Another person was killed!

Ye Chen looked flat, glanced at the phone on the table, took it directly, and put it in his pocket.

He was sure that there should be someone else who had the idea of Jiangcheng Port. By that time, handing this mobile phone to Bai Libing would be considered as doing something for Jiangcheng.

After doing all this, he looked at the injured strong man and Zheng Jingming.

The strong man and Zheng Jingming trembled when they saw Ye Chen coming.

They witnessed the whole process!

This guy is simply a murderous devil!

Such a method is incompatible with his image of a gentleman in a suit!

The strong man in the blue gate could no longer bear the pressure of death, and said: "I don't care who you are. Where did the blue gate offend you, why are you trying to kill me like this? Once you kill me~[www.mtlnovel.com](http://www.mtlnovel.com)~The master of the blue gate will definitely find you and kill you with his own hands!"

Ye Chen leaned on the conference table, lit a cigarette, and seemed to be listening carefully to the threat.

After a long time, he looked at the two people on the ground and said: "I'm finished? That's me. First, it is not Qingmen, but Qinghe Group that provokes me. Second, now I have changed my attention. Tonight, it will be the last night that Qingmen will exist."

The eyes of the strong blue sect were wide, and then he sneered: "Do you think you are a martial master in this world? Our sect master has also entered the realm of a master! I think you are playing with fire and set yourself on fire! Offend the blue sect. , We will kill all your family..."

Before he could say anything, Ye Chen had already arrived in front of him, "click!" He broke his neck directly.

"I let you down, I have no family anymore."

Only Zheng Jingming and Ye Chen remained in the entire conference room, and the atmosphere was extremely solemn.

Zheng Jingming thought of something, he stood up quickly, tremblingly took out his pen, signed the document on the table, and even printed his handprint!

"I sign, I sign everything, as long as you let me go! We have no grievances and no grudges, I can be your puppet, I can help you control the Qinghe Group, all the group money belongs to you... as long as... just stay I am a dog..."

Ye Chen smiled, came to the floor-to-ceiling window, looked at the scenery of Jiangcheng, behind his back with his hands, an invisible evil spirit surged through his body.

Zheng Jingming looks silly, how can this person have a red evil spirit? The key to seeing the red evil spirit on this guy's body, he even had difficulty breathing!

For a long time, a cold voice sounded throughout the conference room:

"Zheng Jingming, do you really forget who I am? Don't you even dare to forget the night at Yunhu Villa five years ago!"

Chapter 73: God also kneel down and beg for mercy!

heard this sentence.

Zheng Jingming's pupils were almost dilated, and he stared at the young man in a suit before the French window.

A thin figure many years ago seems to slowly overlap with the back of this young man.

is getting more and more familiar.

His body almost trembled.

I don't know if it is anger or surprise.

five years ago!

Cloud Lake Villa!

That night, he will never forget that night.

That night, he watched his brother die in front of him.

That night, he also witnessed the Ye Family being wiped from Jiangcheng overnight!

Since then, he has got everything he has deliberately planned.

He enjoyed the pleasure of power and money.

But even so, he can always wake up from a nightmare when the night is dead!

In his dream, he saw the \*\*\*\* hands of the family of three calling for his life!

He does not believe in evil, let alone the existence of ghosts.

But at this moment the ghost in the dream has really come!

The young man in a suit in front of the French window turned around, his cold eyes were exactly the same as those from the Ye Family back then!

Although the temperament has undergone earth-shaking changes, Zheng Jingming will definitely not admit his mistakes!

The young man in front of him is Ye Chen!

Ye Chen, the waste of the Ye Family who disappeared for five years!

Zheng Jingming was frightened and got cold behind his back. He moved his legs and retreated to the corner: "Who are you...who are you! Are you a human or a ghost!"

Ye Chen outlined an evil smile at the corner of his mouth and walked towards Zheng Jingming step by step.

When he walked in front of Zheng Jingming, his footsteps stopped, and he looked at Zheng Jingming condescendingly, and said: "Five years ago, you ruined my family. Did you forget me so soon?"

Zheng Jingming has completely determined the identity of the youth!

He grew his mouth wide, and exclaimed: "You are Ye Chen, you... You are not dead... You clearly fell to Dongqian Lake and were washed away by the river! How could it be..."

"You're wondering why I didn't die, right?" Ye Chen picked up a gun on the ground, his eyes were extremely calm, "Maybe it's because God doesn't want me to die, he thinks I shouldn't kill Ye Family, so Let me survive."

Zheng Jingming can't take care of everything, and hastily said: "Ye Chen, listen to me, things are not what you think, how can uncle..."

"Boom!"

A gunshot sounded.

The bullet passed through Zheng Jingming's knee and exploded.

"You are not my uncle, never."

"Ah!" Zheng Jingming broke out in a painful cold sweat, and his face was pale when he saw the continuous bleeding from his knees.

He was extremely horrified! When did the famous Ye Family Waste in Jiangcheng become so terrifying!

When did this guy start practicing?

Also, how did he break through the layers of obstruction and come to this top floor!

Damn, who can tell him what he has done in five years!

"Zheng Jingming, I don't like to use this kind of hot weapon." Ye Chen continued, and the next second, the weapon was directly pinched into a ball by Ye Chen.

abruptly squeezed into an iron knot!

Zheng Jingming saw this scene, and was frightened to incontinence!

Is this guy the devil!

"I prefer simple and rough." Ye Chen's voice fell.

In the next second, he stepped on Zheng Jingming's other leg, only to hear "click!" Zheng Jingming's bone broke!

Flesh and blood.

One leg is completely scrapped.

Zheng Jingming was going crazy. The strong pain made him almost faint, but Ye Chen tapped his neck and he woke up again.

"Ye Chen, please... please let me go... for the sake of so many years..."

He begged, he had no choice.

Ye Chen laughed, laughing wildly: "I let you go, why didn't you let my Ye family go back then? Why didn't you let my parents go!"

Where is my parents sorry for you! "

"Boom!" Zheng Jingming also broke his hand completely.

He has become a waste.

Zheng Jingming wanted to bite his tongue and kill himself, but couldn't do it. He found an invisible force wrapped around him, making him unable to make any movements at all.

This Nima is too painful. He vaguely remembered that Ye Chen didn't know where he had clicked just now, and then no matter what Ye Chen did, he was very awake, and the key painful feeling increased dozens of times!

"Zheng Jingming, the acupuncture points of the human body are very mysterious. They can save and kill people, and they can also make people enjoy endless pain."

Ye Chen's voice was extremely flat, as if he was telling an extremely ordinary thing.

"You probably didn't know that the Chen family and his son were killed by me, and Yao Jingu, the planner of the banquet, was also killed by me. You are the fourth. You should feel lucky. After all, I let you live for so long. "

Zheng Jingming's eyes widened.

It suddenly occurred to him that in the news a few days ago, the Chen family and his son were killed, and no suspect has been found.

He never thought that Ye Chen did it!

Also, Ye Chen actually killed the big man named Yao?

My God!

The surname Yao seems to be a martial arts master too!

Is this kid the devil?

Budo master will not let it go!

Is he going to kill everyone who was involved in Yunhu Villa?

lunatic, lunatic!

"Ye Chen, you killed so many people, you...you will be punished!" Zheng Jingming stretched out his hand with difficulty and pointed at Ye Chen.

Ye Chen smiled: "Retribution? You may be disappointed. My life can't even be controlled by Heaven! Who is qualified to come!"

After finishing speaking, ten silver needles appeared in Ye Chen's hand. The silver needles shot out and directly pierced some of Zheng Jingming's acupuncture points.

Zheng Jingming felt something strange in his body, and said in horror: "You...you...what did you do to me!"

Ye Chen lit a cigarette and walked towards the door of the conference room.

When he reached the gate, UU read [www.uukanshu.com](http://www.uukanshu.com) and he stopped: "The old man told me that the acupuncture points of the human body can kill the healer and the king."

"You can also make the high gods kneel to beg for mercy!"

Ye Chen disappeared after saying this.

After he left, Zheng Jingming felt a terrible pain hit!

His body gradually turned red, like thousands of ants biting!

This kind of pain has been magnified almost a thousand times!

"Ah!" he cried out in pain!

His body swelled even more, and after some time, it exploded and turned into a pool of blood.

When Ye Chen left, he ran into a man in clean clothes and a peaked cap.

He could feel that the other party was very dangerous. He thought it was a person from the blue sect. He just wanted to make a move. The man took off his hat and said respectfully: "Hall Lord, it was King Nanjiang who asked me to come. I am a scavenger, who is responsible for cleaning up. Something unclean."

Ye Chen withdrew his zhenqi and nodded.

Although he doesn't want to get involved with King Nanjiang too much, he knows very well that King Nanjiang's power can save him a lot of trouble.

And the reason why he kept his distance from King Nanjiang was that he hoped that this power would not be known to outsiders.

His relationship with King Nanjiang must be hidden deep in darkness.

is not noticed by anyone.

And the identity of the Lord of the Palace can only be announced when forced to do so.

But he was a little curious, if those people knew this level of identity, what kind of expression would they have.

"Ye Family Waste? Haha, this identity has confused a lot of people, maybe I also want to thank Chu Shuran. Because of her words back then, these lofty guys never thought that Ye Family waste would come back for revenge!"

Chapter 74: 1 loud noise!

Ye Chen took the elevator to the lobby.

The little beauty at the front desk has been looking around. When she saw Ye Chen, her eyes were a little light, and she hurriedly said hello: "Sir, have you seen Director Meng?"

Ye Chen raised the documents in his hand: "The contract has been signed, maybe I will come here often in the future."

The little beauty trembled and said excitedly: "Great!"

Ye Chen frowned: "Huh?"

The little beauty realized her gaffe, touched her nose, and said shyly: "Sir, I don't know your name yet. My name is Meng Xiaoqi. If you need to make an appointment in the future, you can contact me. This is my business card. , There is my WeChat ID."

The other front desk glanced at Meng Xiaoqi and smiled: "Xiaoqi, you are not righteous. Just now a man asked you for WeChat. You are not going to give it to you. Why are you giving this handsome business card?"

Meng Xiaoqi glared at her colleague, her cheeks flushed.

Ye Chen took the business card smoothly, smiled and said, "My name is Ye Chen, thanks."

But he thought in his heart, it seems that he will have to wear this suit more in the future, because it actually has the effect of blessing.

Ye Chen left the Qinghe Group, just about to take a taxi to find Qingmen, a slender hand suddenly stretched out from behind him and patted him directly on the shoulder.

"Ye Chen!"

He subconsciously grabbed the hand and wanted to throw the person behind him over the shoulder, but soon he stopped.

He knows the person who patted him on the shoulder, Hua Bai Libing from Jiangcheng Police Station.

It's just that today's Bailibing does not wear a uniform, but a shirt with jeans, very casual.

"Why are you here?" Ye Chen asked curiously.

Bai Libing twisted her arm and was almost dislocated by Ye Chen. She gave Ye Chen a blank glance: "I should have asked you this sentence. I was performing a task nearby. Why did you appear here? "

Bai Libing noticed Ye Chen's suit and leather shoes again, and was slightly surprised, and then said: "Oh, you wear this way, I almost didn't recognize it. Are you coming to Qinghe Group to look for a job? By your means, still Need to find a job?"

"I shouldn't have the obligation to answer you." After speaking, Ye Chen walked outside.

Bai Libing always felt something was wrong, and just about to catch up, "Boom!" A loud noise came from above!

Bai Libing raised his head subconsciously, and soon found that the top floor of the Qinghe Building was full of smoke billowing and the fire started.

Suddenly, her eyes were filled with panic! Because a black shadow is coming towards her quickly!

The explosion directly caused a huge building stone on the top floor to fall down!

The speed is extremely fast.

It was obviously too late for Bai Libing to hide.

She can clearly see that there are broken steel bars inside the stone. Once it is smashed, she will definitely die!

Her legs trembled a little, and her back was covered in cold sweat. She thought about countless ways to die. After all, she would face many dangers in this line, but she never thought that she would be so sad that she would be killed by a high-altitude stone.

She hasn't even experienced the joy of love between men and women.

At this very moment, Ye Chen moved!

He turned into an afterimage in the same place, and directly pounced on Bailibing. The moment he hugged Bailibing, his feet suddenly exerted force!

The body is stuck in the air.

"Boom!"

He hugged Bai Libing and slammed it directly on the ground, and the Armani suit on his body was also broken by friction.

The boulder fell, and a huge pit was smashed into the ground not far away.

The surrounding crowd screamed.

Bai Libing's brain was blank at this moment, she had never thought that Ye Chen would save herself in such a dangerous situation.

Is this guy going to die? The two obviously have nothing to do with each other.

She can clearly feel the strength of the other hand holding her waist with one hand and the other holding her ass.

If she changed to normal, she would have been angry. But at this moment, only the joy of the rest of her life was in her heart.

"Ye Chen...thanks...thank you...you."

Bai Libing said softly, her face was a little pale, and she was obviously shocked.

Ye Chen got up, held Baili Bing aside, and shook his head helplessly at the huge stone not far away.

That's how the so-called scavenger works?

Even if you want to destroy the evidence, there is no need to blow up the top layer.

Although it is so clean and tidy, the movement is too big, is it completely ignorant of the life and death of others?

If he didn't save Bai Libing, he would have killed her himself.

Not long after, a few men in casual clothes ran towards Bai Libing, worrying: "Captain... Are you okay?"

Bai Libing woke up, and his face returned to coldness: "You guys are still stunned what to do, an explosion occurred above, immediately block the scene and seek support. Also! You guys go to check the situation immediately."

"Yes, Captain!"

Several people rushed into the Qinghe Group.

At this moment, the entire Qinghe Group was in a mess, and all the staff inside rushed out, a mess.

There were even some stampede accidents.

Bai Libing came to Ye Chen and whispered: "Thanks to you for what happened just now, and I will pay you for the Armani you have."

Ye Chen glanced at his clothes and shook his head: "No, it seems that I am really not suitable to wear this kind of clothes. They broke on the first day. I think I should wear my old clothes honestly. All right."

Bai Libing just wanted to say something, her eyes shrank, and she noticed several men rushing out of the crowd!

These men have no panic in their eyes, only seriousness!

At the same time, UU reading [www.uukanshu.com](http://www.uukanshu.com) has a mysterious door tattooed on their necks!

The people of the blue door!

Bai Libing has been investigating this force during this period. Qingmen is simply a cancer of Jiangcheng, but Jiangcheng police can't get any favorable evidence at all. They only know that Qingmen has some connections with the Qinghe Group in Jiangcheng.

So these days, Bai Libing has been squatting around Qinghe Group with a few of his men.

Now that she has caught such a good opportunity, she will not give up!

He didn't care about Ye Chen anymore, and said directly: "I have something to do now, I will come to you after I finish processing it, that's it."

After that, Bai Libing got into a Volkswagen car.

Seeing the people in the blue door had already driven away, she naturally wanted to follow.

She knew very well that there must be a reason for these people to leave so nervously! Maybe it's going to their base camp!

As long as the evidence is taken, reinforcements can be mobilized, and this group of tumors can be wiped out at that time!

Ye Chen looked at Baili Bing's distant figure and shook his head helplessly. Then he hired a taxi and said, "Master, go to No. 112 Taining Road, West City."

The driver was startled, and said in amazement: "Brother, where are you going to do what? It's too biased, and there are only a few abandoned factories. Did you make a mistake?"

Ye Chen handed over five hundred yuan and said directly: "Master, just go to the address I mentioned."

When the driver saw five hundred yuan, he laughed: "Okay! Go wherever you say."

He only needs about 40 postage for this trip, so he will make a net profit of 460 today, of course he is happy.

Ye Chen looked at the smoky Qinghe Building through the window, his eyes narrowed slightly.

"Dad, three days later, I want everyone in Jiangcheng to know that your Tianzheng Group is back!"

Chapter 75: Avatar!

City West Taining Road, abandoned factory.

Bai Libing noticed that Qingmen's car had stopped. She didn't dare to continue driving in. She parked the car in a hidden place, got out of the car, and followed carefully.

"I still wonder why I can't find the headquarters of this group of people, it turned out to be in this place."

Bai Libing leaped, avoiding the inspection of a few people at the door, and got in.

In the eyes of ordinary people, her strength is definitely a master of masters, and she has a wealth of anti-investigation experience. It is naturally easy to escape the investigation at the door.

When she got inside, she found that there were many containers going in and out. Although she was surprised, she didn't dare to expose too much when she arrived at other people's sites. She could only use her mobile phone to secretly take photos.

She wanted to call for support, but found that there was no signal in this area. It should have been deliberately blocked.

Soon, she saw the men who came out of Qinghe Group.

"Master Rudder, there was an accident at Qinghe, and an explosion occurred on the top floor. Most of the people we arranged in Qinghe died, and even Zheng Jingming did not survive." One of the men lowered his head and said.

In front of the man stood a middle-aged man. The middle-aged man was dressed in black, with a hint of warrior surging around him.

The middle-aged man is Xu Dingfeng, who is a rudder of Qingmen, in charge of several forces of Qinghe Group.

Xu Dingfeng snorted coldly and cursed: "It's really a bunch of waste. Our Qingmen has arranged so many people in Qinghe, so you are the only ones who survive!"

The men knelt down quickly!

"Master Rudder, we don't know what happened! There are fluctuations in thermal weapons. I suspect that there is a master who wants to deal with our blue door."

one of the men said quickly.

The words fell, Xu Dingfeng clasped a palm on the man's heavenly spirit cover!

The man who spoke instantly spit out a mouthful of blood, his pupils turned white, and his body fell backward.

"You still need to say this! Obviously, someone has to deal with our blue door! Waste!"

Seeing this scene, another man didn't dare to speak at all.

Xu Dingfeng's eyes fell on the remaining few people again.

"Do you think you are also rubbish?"

His gloomy voice sounded, chilling.

"Yes Yes Yes!"

The scared atmosphere of those few people dare not take a breath.

Xu Dingfeng smiled coldly, his eyes suddenly fell on the place where Bai Libing was hiding, and said: "You are indeed rubbish, you actually brought people here!"

Bai Libing's face changed drastically, she knew she had been discovered!

The next second, no longer hesitate, and go straight to the exit!

"Since you are here, do you still want to get out of our blue door!"

Xu Dingfeng roared, and in the blink of an eye he came to Bai Libing's back, protruding a claw, directly grabbing Bai Libing's clothes, and then violently exerting force, he directly threw Bai Libing back!

Bailibing's eyes were filled with surprise, never expected that the opponent was an ancient warrior! The key strength is higher than himself!

The next second, she lost her center of gravity.

only heard the sound of "Boom!", her body hit the wall heavily!

Paled face!

Xu Dingfeng smiled wickedly at the corner of his mouth, and walked towards Bai Libing step by step: "Oh, I didn't expect to be a beauty. I am curious about what you are a girl doing in our Qingmen!"

Bai Libing knew that she was in trouble, and she would have waited for support if she knew it!

Right now, she hardly has any retreat!

She can only take out the credentials in her hand, and said coldly: "I advise you to catch it! My colleague already knows this place, and if something happens to me, you will definitely die!"

She thought that the other party would be a little bit jealous, but she didn't expect Xu Dingfeng to smile coldly: "I didn't expect a superb girl to come, but unfortunately I didn't wear that uniform, otherwise it would definitely be very cool!"

Bai Libing's face was full of anger, he lifted his leg violently and kicked directly towards Xu Dingfeng, "You are looking for death!"

Very fast! With gusts of wind!

Seeing that this kick was about to kick Xu Dingfeng, Xu Dingfeng moved, his right hand slammed, Bai Libing instantly felt a tingling pain in his calf!

Then, Xu Dingfeng grabbed Bai Libing's foot and threw it out!

directly slammed in front of the seven or eight Aomen men.

Bai Libing felt his internal organs were injured, and his right foot was almost broken.

There is no doubt that she will die at this moment!

Xu Dingfeng moved his body, untied his belt, and looked at the servants of the Qingmen: "I, the rudder master, didn't give him much benefit, or this girl will enjoy it together today."

When those underlings heard these words, the whole person was extremely excited!

Although the woman under her body was injured, her face and figure are simply superb.

"Thank you, Rudder Master!"

"Haha, the rudder master is mighty!"

Bai Libing's heart completely fell to the bottom, and she would not let these garbage insult her when she died!

She should never act alone!

She even regrets coming to this small place! Isn't it good to stay in the family?

She didn't care about anything anymore, and roared: "You try to move me, my dad is Bailixiong of the Southwest Military Region! I have something wrong, and your entire Qingmen will be buried with you!"

Xu Dingfeng was startled~www.ltnovel.com~ He has heard of Bai Lixiong's reputation!

That is the existence of the director level! Even the big family in the capital must give Bai Lixiong face!

The key opponent is still a martial arts master!

But with such a powerful existence, how could his daughter be a policeman in Jiangcheng?

Xu Dingfeng sneered: "I care who your dad is, even if it is Bai Lixiong, we will clean you up later, and no one will find out! Haha, let's go together!"

Bai Libing's face is extremely pale! She would rather die than end up with such insults!

Seeing that Xu Dingfeng is coming, she subconsciously prepared to bite her tongue and kill herself!

At this moment, an extremely cold voice came from the roof: "Hey, if people don't want it, why should I make it stronger?"

Hearing this voice, Bai Libing's face was full of surprises!

Ye Chen!

This is Ye Chen's voice!

Xu Dingfeng's eyes condensed, he backed away quickly, and then looked over his head!

I saw a young man in a suit standing on a steel bar! The young man has his hands on his back, his expression is indifferent, like a master!

The key is so heavy, the steel bars are not twisted!

Xu Dingfeng felt a hint of danger instinctively, and took out the hot weapon on his waist, facing Ye Chen, pulled the trigger!

"Boy, do you know where you are now! You dare to come to the Qingmen site, I think you are looking for death!"

Ye Chen outlines an arc at the corner of Ye Chen's mouth, and when he steps on it, the steel bars are twisted, and his body jumps directly from the sky!

The strong wind blows, and the suit is blown up, like wearing a black cloak.

Like a \*\*\*\* descending from the earth!

"Excuse me, not only will I come to Qingmen, I will kill everyone in Qingmen!"

Chapter 76: I won't save you the second time!

Kill everyone in the blue door?

Xu Dingfeng smiled.

All of the blue men laughed!

laughed very loudly!

Do you know how many strong people there are in the blue door!

Not to mention that a martial arts master came, even if several martial arts masters came, it might not have moved the blue gate!

One of the greenmen pointed at Ye Chen who had already landed, and sneered: "What the \*\*\*\* are you, even our greenmen dare to move?"

He just wants to show it to the rudder master!

If this arrogant kid is accidentally beheaded, Rudder Master may reward him with something when he is happy.

His legs exerted strength, and his whole person was like a cheetah, and like a tiger descending the mountain, he came directly to Ye Chen.

Both fists are full of energy! A punch to Ye Chen's door!

This punch alone is hundreds of kilograms in strength, as long as it is hit, Ye Chen will die!

I can enter the blue gate, how can I not have any strength.

A cruel smile appeared on the corner of the man's mouth.

He likes to kill, and prefers to watch others helplessly die on his hands.

Just when his fist was about to touch Ye Chen, Ye Chen moved!

His eyes were cold, his body was slightly to one side, and his fists passed by like this!

At the same time, he stepped out with his left foot, bent his knee, and hit the man's lower abdomen directly!

"Boom!"

The person only felt an extremely sharp pain spread all over his body, and his internal organs seemed to be rippling away by a force!

He couldn't help it anymore and vomited a mouthful of blood.

But all this is not over yet, Ye Chen stretched out his hand and grabbed the opponent's body directly, and in the next second, he slammed into the blue disciples around Bailibing!

This smash is simply carrying a force that swept across a thousand troops! Unmatched!

"Boom!"

In the blink of an eye, all those Qingmen disciples who had thoughts about Bai Libing fell to the ground, and they turned their backs!

Three seconds!

The whole process only took three seconds!

Most of the blue disciples in the room have lost their combat ability!

This is too scary.

Bai Libing opened her small mouth, her beautiful eyes are full of horror.

Because of her birth, she has been in contact with martial arts since she was a child. After she became an adult, she became a special police officer. No one has more say in fighting than her!

She found that every movement of Ye Chen in front of her was extremely smooth and smooth, without a trace of fancy, it was like a fighter machine.

How could there be such a terrible guy in Jiangcheng?

She knew that Ye Chen was the Ye family trash who fell in Dongqian Lake back then.

But in just five years, how did a piece of waste grow to such a terrifying point?

It is impossible to practice and fight every day!

"Papa!" There was a sudden burst of applause!

Xu Dingfeng clapped his hands and walked towards Ye Chen: "I didn't expect Jiangcheng to have a strong like you. It seems that I should take action."

From the battle just now, he has roughly seen that Ye Chen's cultivation base should be the peak of inner strength.

The realm of Chinese ancient martial arts is divided into: external power, internal power, small internal power, great internal power, peak internal power, half-step transformation, and master of transformation.

And he is just one level higher than Ye Chen, half a step!

This is also one of the reasons why he became the master of the blue door rudder.

In Jiangcheng, under the master, he is almost invincible!

So this kid in front of him, he didn't care at all.

"Boy, I don't care who you are or where you are from, as long as you kneel before me, I will..."

Before he finished speaking, he found that Ye Chen had moved!

"You talk too much nonsense."

Ye Chen's voice was extremely cold, like the whisper of death.

Ye Chen turned into an afterimage on the spot, appeared in front of him in the blink of an eye, and threw a punch.

Xu Dingfeng couldn't take care of the others either, so he got so strong that he smashed out with a punch!

"You dared to punch me in your inner strength, you rubbish, go to death!"

"Boom!"

The two punches collided together.

In the next second, Xu Dingfeng's confident face was almost distorted!

is a painful twist!

turned into a horror!

He felt a terrifying force rush into his arm!

His bones are all shattered!

The whole arm was gradually stained with flesh and blood, and it was directly broken abruptly!

"You...you are not the peak of inner strength, you are the master..."

Before he finished speaking, Ye Chen slapped his head with a palm, a mouthful of blood was spit out from the corner of his mouth, his eyes were fierce, and his body fell heavily to the ground.

completely dead.

"I said, you talk too much."

Ye Chen dropped a word, and walked towards Bai Libing.

"How about it, did you hurt it?" Ye Chen picked up Bai Libing, and then gently placed it on the sofa not far away.

Bai Libing shook his head, Xiushou subconsciously pressed his leg: "I'm fine, by the way, why are you... why are you here..."

"It's this time, don't pretend it for me." Ye Chen directly took away Bai Libing's hand.

"Tear!" With a sound, he directly violently tore Bai Libing's trousers apart, and in an instant, a pair of slender and white thighs were exposed in front of Ye Chen's eyes.

Even the pink Kouchi is exposed.

Uh... It's actually Peppa Pig's pattern.

Ye Chen was stunned, and then a faint smile appeared on his mouth.

No one thought that such a resolute police captain would actually wear this style of underwear.

Bailibing's face was like a red apple, and he quickly blocked his lower body with a rag, and said angrily: "Ye Chen, what are you doing! Are you trying to take advantage of others! You despicable villain, believe it or not..."

Her voice stopped abruptly.

Because she felt Ye Chen's big hands gently stroke her thighs, and at the same time, there was a stream of heat flowing in her body constantly.

She can clearly feel the heat flow~[www.ltnovel.com](http://www.ltnovel.com)~ which gradually relieves her thigh pain.

The thighs, which were originally incapable of movement, seem to have been revived, full of vitality.

"This....."

Bailibing's beautiful eyes are full of surprise and confusion.

She didn't understand how Ye Chen did it. There is still this kind of magical medicine in this world?

She is almost unheard of!

The heat even penetrated into her body slowly, an unprecedented sense of comfort came.

She even couldn't help groaning: "Um~ so comfortable..."

The moment she said these words, she quickly covered her mouth, and she found Ye Chen was staring at herself.

Bailibing, how can you make such a sound in front of a man!

Shameful!

"How do you feel when you come down for a walk?" Ye Chen said.

Bai Libing nodded, she stood up tentatively, without the slightest pain.

"It's really good!"

She jumped again, without any injuries at all.

She even raised her leg and kicked it. As soon as she kicked it out, she noticed that her pants had been torn apart and quickly retracted her slender leg.

"That... Ye Chen... Thank you... How can you have such a magical method, if you go to be a doctor... Absolutely..."

Before she could finish her words, Ye Chen turned around and left.

"Ye Chen, where are you going?"

Ye Chen stopped, did not look back, and said: "I said to solve the Qingmen's people, don't follow up, I will not save you a second time. Also, this mobile phone is for you, it should have something to do with Qingmen ..."

Ye Chen threw out the cell phone in his pocket. It was obtained from the people of M country. The contents should be useful to the Jiangcheng Police Department.

Chapter 77: The fear of the blue door!

Bai Libing subconsciously took the phone thrown by Ye Chen, frowning.

She knew at a glance that this mobile phone was a special mobile phone for country M spies.

Even if it has nothing to do with Qingmen, there are still some state secret documents inside.

Where did Ye Chen get the key?

She stopped thinking about it and walked directly towards the exit.

She must report to the headquarters immediately, after all, this matter is too big.

I thought there were some clerks outside, but when she went outside, she found a cold body lying on the ground.

dozens of people!

"These people were actually solved by Ye Chen?"

Bai Libing covered her mouth subconsciously. Even if her work made her accustomed to seeing dead people, she was still a little shocked when she saw the scene in front of her.

She even found that these corpses had one thing in common, that is, a smear of blood on their necks, as if they were sealed with a sword.

The key point is that she didn't see any weapon in Ye Chen's hand.

Suddenly, her eyes shrank, and she noticed a few leaves stained with blood.

There are even a few leaves that have fallen into the ground for several centimeters! It's like a nailed iron piece!

"This... is this plucking leaves hurting people?"

Even though Bai Libing knew that Ye Chen was very strong, it would be too exaggerated to kill like this.

She didn't just imagine the scene at that time.

How desperate these people are!

It suddenly occurred to her that Xu Dingfeng seemed to have said the word "Grandmaster" before he died.

Is Ye Chen a martial arts master? Does China have such a young master?

Numerous doubts lingered in Bai Libing's mind. She took a deep look at the abandoned factory, and then quickly walked towards the hidden car.

She knew that Ye Chen might really want to kill all the people in Qingmen today.

.....

At the same time, Ye Chen took Xu Dingfeng's body, passed the identification of the elevator, and went directly down to the third floor.

According to Ye Lingtian's news, the real Qingmen headquarters is on the negative third floor, and it is just a cover-up.

"Ding."

The elevator door opened.

A few strong men guarding the blue gate at the elevator entrance just wanted to say hello to Xu Dingfeng.

However, Xu Dingfeng's body was found lying directly at the door.

The expressions of those people changed drastically. They just wanted to press the walkie-talkie around their waists, and they stretched out their big hands directly from the elevator.

"Kacha!" With a sound, those big hands directly twisted his arms and wrapped his arms around his neck. He heard "Kacha!" and the whole body fell to the ground.

completely dead.

The rest of the people also lost their combat ability instantly.

Ye Chen walked inside.

wherever he went, he was easily beheaded.

Some of the young men on the periphery are not strong at all, at best they have great internal strength. Compared with Xu Dingfeng, they are far behind.

He didn't want to kill these little guys.

But when he heard the content of these people's gossip, it was rape-killing, snatching, and so on. Some people even planned to rob a few college girls on Saturdays and Sundays to enjoy.

He changed his attention.

He is not a good person, and he doesn't want to be a hero, but he won't keep a single one that makes him unhappy.

This is his principle.

Unknowingly, his Armani suit was stained with blood, and Ye Chen's whole body was like crawling out of a sea of blood.

.....

at the same time.

The deepest part of the negative third floor, the blue gate total rudder.

There are eleven chairs in total.

There are five on each side, with different core personnel sitting in the blue door.

These people are also the strongest masters in the blue door.

And on the top armchair, sits an old man with gray hair and a tunic suit.

The old man wore a bunch of short and hard mustaches, and his tan eyes were sunken in his eye sockets. From a distance, he looked majestic.

Suddenly, the old man spoke, his voice sounded like an ancient bell ringing, strong and powerful.

"I received a call just now. There was an accident in the Qinghe Group. Not only our puppets died, but also the guys from country M. As for the cause of the matter is still being investigated, I have an ominous hunch... Someone wants to be right. We have done it."

The second middle-aged man sitting on the right stood up and said, "The master, our Qingmen has been rooted in Jiangcheng for so long, and we have slowly expanded our influence to Jiangnan Province. Who dares to use our hands? You must know our Qingmen. It's the local snake in Jiangcheng. Those who made our minds are dead!"

An old man in a long robe on the left also stood up: "Sect master, the subordinates are willing to ask for orders to investigate! No matter what the reason, I will definitely pull out the power behind the scenes!"

The rest of the people stood up and expressed their attitude.

are mostly disdain!

After all, the blue gates have been standing in Jiangcheng for so long, and the police and official forces dare not move them. Who dares?

The most important thing is that their sect master is a martial arts master. Not only that, but they also have two quasi-grand masters! Although it has not yet entered, it can not be underestimated!

The master of the Qingmen sighed and said: "It is not the forces of Jiangcheng that I am afraid of. What I am afraid of is the higher power."

The long-robed old man frowned and said in surprise: "Sect Master, this is impossible. Jiangcheng is a small place compared to the places above. Who would look at this place?"

A few other strong men in the blue door just wanted to express their opinions, the owner of the blue door made a silent gesture.

After hesitating for a long time, the sect master said: "I am not afraid of the other forces. I am only afraid of one person. That is Nanjiang King Ye Lingtian."

Hearing this sound, the whole world became quiet.

Everyone knows what these words mean!

The King of South River, controls the underground forces in the entire Jiangnan Province!

is constantly extending its power toward the capital!

If such a behemoth wants to target them~[www.ltnovel.com](http://www.ltnovel.com)~ they are not even qualified to live!

But is this possible?

How could King Nanjiang see the small place of Shangjiang City?

All the people in Jiangnan Province know that his goal is not in Jiangnan Province, nor in the capital, but the entire China!

This legendary man wants to control the situation in China and control everything!

"The master, I think you think too much. The reason why you think so should be because the king of Nanjiang came to Jiangcheng a few days ago. As far as I know, the king of Nanjiang is only to see the rudder of the Royal Club. Lord is his subordinate..."

"I hope it." The sect master nodded thoughtfully, and immediately thought of something, then said, "What happened to that batch of fake medicines? The Southeast Asian guys should be ready."

"Please don't worry, the master, everything is ready over there, only Dongfeng is owed. As long as we introduce the medicine into Jiangcheng, we will not make a problem of hundreds of millions, but billions! Haha!"

Everyone in the whole room laughed!

It doesn't matter if Qinghe Group loses it.

Because as long as this project succeeds, their blue doors will be the biggest beneficiaries. As for those half-dead patients, what's the matter with them?

Just when everyone was immersed in joy, "Boom!" With a loud sound, everyone's ears exploded!

I saw that the door not far away was torn apart!

Countless sawdust shot at everyone present, and some even pierced the wall like arrows!

Iriki three points!

Who would have expected that someone would dare to break the door of the Aomen Chief Rudder!

You can't find death!

Chapter 78: After today, Jiangcheng will have no more green doors!

"Who is looking for death!"

"Why don't the trash outside stop me!"

"I want to see who dares to break the blue gate!"

The whole room was smashed open, and they looked towards the door one after another.

A figure gradually appeared among countless sawdust and dust.

When I saw the figure clearly, everyone in the room was stunned.

This figure is enough to be their nightmare in this life.

It was a cold and proud young man in a suit.

There is blood on the suit!

is like fished out of a sea of blood.

The young man carried a \*\*\*\* corpse in his hand, and threw it directly in front of them with a light shake!

is exactly the core high-level of a green door!

He is a half-step strength!

But now it's dead.

"The rest of the blue gate should be here."

A lazy voice came out of the youth's mouth.

Then, the young man took out a cigarette from his pocket and slowly lit it. The strange thing was that there was no trace of blood on his hand.

Killing so many people, how can the hands not drip?

Then, the youth walked towards them step by step.

The steps are very light.

But the whole world seems to be the footsteps of that young man.

At this moment, everyone did not look at the young man, but looked behind him!

They saw a corpse lying outside the door!

arrogantly.

No one is standing.

All of the blue men's subordinates are destroyed!

Killed everyone in the blue door with one person?

Is this guy the devil!

A sense of death spread throughout the room, and no one spoke.

I don't know how long the youth's footsteps stopped, and a strong blue sect was relieved. His body rushed out, the short knife on his waist turned, carrying bursts of energy towards Ye Chen's neck. Hack!

Under one knife, there is death but no life!

"Who gave you the confidence?" Ye Chen's faint voice fell, and in the next second, he took a step back, and then his arm stretched out and directly held the opponent's wrist!

The strong one is obviously not a vegetarian either. He stepped up on the ground, his body twisted ninety degrees, and he vacated his foot to press down on Ye Chen's shoulder!

"Break through my blue door and die!"

This foot probably has a few hundred kilograms of power. Once it is dropped, he is confident that the kid in front of him will become a useless person!

Ye Chen outlines an arc at the corner of Ye Chen's mouth, sticks out his other hand, and directly grabs the opponent's ankle.

The powerful impact ceased instantly in his hands.

The complexion of the strong man in the blue door changed drastically, and his pupils appeared even more shocked.

Your own Zhanyun legs were actually stopped by the opponent?

and stopped easily.

how is this possible?

Unable to help him be surprised, Ye Chen suddenly exerted his strength and slammed the man in his hand to the ground!

At the same time, he stepped high, and suddenly cut off!

"Puff!"

dropped a foot, and the strong man spit out a big mouthful of blood and fainted directly.

At this moment, the whole room fell into silence, and there was no breathing.

All the strong blue gates opened their eyes wide, like sculptures, stupidly in place!

dare to kill people in front of them, how crazy this kid is!

The sect master of the blue door suddenly stood up, and a murderous intent shot out from the muddy eyes.

Qingmen has been established for ten years!

Who would dare to kill in front of him!

there has never been!

"Boy, are you too far? I have no grievances with you, so why do you want to be cruel!"

The icy voice of the master of the gate fell like a rolling thunder, and those strong in the blue gate were also ready to go.

As long as the sect master said a word, immediately set off to kill this kid!

"It's over?" Ye Chen pinched out the smoke in his mouth, "The fake medicine in your hands, the dead women and children, are they just fine?"

The sect master shook his head helplessly, hearing that the other party seemed to be a chivalrous man, and said: "Boy, even if you are a cultivator? This world is not as simple as you think, and the power is king.

If you want to come to Qingmen to help justice, then you are wrong. The blue gate is also called the dead gate, and everyone who comes in is dead.

But I think you are good at strength. As long as you are willing to join Qingmen, I am willing to let go of the people and things outside.

Not only that, I'm also willing to give you a chair in this room! "

Hearing these words, the surrounding blue-door powerhouses were not calm.

The master is planning to recruit this kid, and the key is to give the other party the conditions to join the core power center of the total rudder!

But they have played this position for ten years, bleeding and sweating!

He De, how can this kid!

"Sect master, this person is so murderous, it's not allowed!"

"Sect master, yes, accepting this kid is tantamount to raising a tiger!"

.....

Everyone spoke out to persuade them, but the master stared at him, and they didn't dare to speak anymore.

The master of the sect naturally has his consideration, he has already felt Ye Chen's cultivation level, it is very likely to be in the realm of the master!

If there is another master in Qingmen, then there is a real chance to enter Jiangnan Province!

The loss of a few hundred people today is not as important as one more master!

At this moment, all eyes are on Ye Chen's body.

awaiting his reply.

But I didn't expect Ye Chen to refuse!

He looked at the master of the blue gate, and said lightly: "Want me to join the blue gate? You are worthy too!"

"Also, after today, Jiangcheng will have no more green doors!"

Very arrogant.

is extremely arrogant.

The words fell, Ye Chen moved, and his body was directly drifting away among the strong ones!

This is a light exercise technique called Canglong Huan Shenjue, which can bring people's speed to the extreme, and ordinary masters can't touch the sleeves at all!

He dare not take it lightly.

Although his practice is extremely domineering, and his strength is far superior to that of the martial arts master, it is still a bit dangerous for the master of the blue gate to unite with the other powerful men.

He must behead these people immediately, not giving them a chance to unite.

I saw Ye Chen appear in front of a strong man in an instant, UU reading [www.uukanshu.com](http://www.uukanshu.com) enraged his entire arm, and slammed it out!

"Puff!"

The man was blasted out and hit the wall, losing his life!

At the same time, Ye Chen has already arrived in front of the other strong blue sects, stepped on his feet, jumped up, and his right leg is carrying the rolling true energy, and he slashed towards these strong with the force of sweeping the army!

Wherever he went, there was a mess!

The heads of a few strong men in the blue door were stabbed off by him!

Shocking!

The \*\*\*\* smell of the whole room overflowed, making people palpitate.

One minute later, only two people stood in the whole room.

Ye Chen!

Blue Gate Master!

The latter's eyes are only left with endless horror and shock...

It's not that he doesn't want to shoot, but it's useless for him to shoot!

The opponent's methods are extremely rude, and every move is a killer move, which will kill you!

rushed into the crowd, it was a killing machine!

How to shoot?

More importantly, he couldn't understand Ye Chen's steps at all, as if countless afterimages appeared on the spot!

Many strong blue sects thought that the afterimage was Ye Chen himself, and cut it down with one move, but it failed!

, on the contrary, revealed a flaw and fell into death!

Then what should he do now?

Fight with each other?

It's easy to say, but it really fought. With the cruelty of this young man's wrist, he can't survive three moves!

The sect master of the blue door was a bit old, he took a few steps back, and sat on the armchair!

"You...who are you..."

Ye Chen glanced at him coldly, with a cold voice: "Jiangcheng Ye Family, Ye Chen."

Chapter 79: Jiangcheng has changed!

"Jiangcheng Ye Family, Ye Chen."

Qingmen sect master heard these words and looked at Ye Chen like a ghost.

Jiangcheng Yeja!

How many Yejias can there be in Jiangcheng!

Who else is besides the Ye family who was destroyed five years ago!

Ye Chen... He is also familiar with this name.

He also knew something about what happened in Jiangcheng that year. Among the three who died, one was called Ye Chen!

It's just that Ye Chen is a trash rejected by a circle, how can he become a martial arts master now?

Suddenly, he thought of something!

He finally understood why the other party wanted to kill the Qingmen!

Only because the predecessor of Qinghe Group is Tianzheng Group!

And Tianzheng Group was the Ye family's industry five years ago!

was even eaten by their Qingmen and some Jiangcheng forces!

Ye Chen... actually came back for revenge!

At this moment, there is no trace of blood on the blue door master's face, he should have thought of it long ago!

Since the accident in the Qinghe Group, everything has been controlled by this man!

But no one would have thought that a dead man would become a martial arts master!

even came back for revenge with a terrible evil spirit!

Ye Chen approached step by step, his eyes were extremely flat, as if what he was going to do next was an extremely small thing.

Just when the two were only one step away, Qingmenmen took the initiative!

He has no choice, he will die anyway, it is better to fight with his life!

He stood up abruptly, stepped lightly in front of him, his whole body leaped up with a burst of vigor, and at the same time, his right hand violently grabbed the armchair under him! Lifting it up high, vigorously shaking, he slapped Ye Chen fiercely!

Ye Chen didn't intend to move at all, and let the opponent drop it!

"Boom!" The chair shattered! Turned into a trail of sawdust.

A weird thing happened, this chair did not hit Ye Chen's body at all!

Ye Chen remained motionless, like a mountain.

The master of            widened his eyes, because he discovered that a wave of air appeared vaguely around Ye Chen's body, and the wave of air formed a giant clock that enveloped Ye Chen!

This power is completely hit on the air!

Even the sawdust did not get a trace of Ye Chen's suit.

"This is... a condensed gas shield... you are not a master, and you are not an ancient warrior! You are a cultivator!"

This sentence was almost roared by the master of the blue door, and the voice was even a little sharp.

surprised.

fear.

No one can understand what kind of stormy waves are setting off in the heart of the blue door master at this moment!

The pinnacle of ancient warriors is the realm of transformation master, which is the so-called realm of master.

There is almost no realm above it!

So they are both martial arts masters, but their strengths can vary greatly!

But the cultivator is completely different!

The realm of the master of the ancient martial arts is just the beginning for the cultivator!

This is what he learned from a friend who has disappeared for decades!

He has never seen a cultivator, and he is not qualified to touch this kind of existence in his position!

But it appeared before my eyes!

This young man in a suit is a cultivator!

Ye Chen was slightly surprised when he heard that sentence: "I was recognized by you. It seems that the cultivator is no secret in China."

"Pump!" With a sound, the blue door master knelt down!

"Master Ye, please spare my life... I am willing to serve you as a slave! Open up the world for you! By the way, you must have no power of your own when you come to Jiangcheng. I can help you. I have the resources, connections, and Money...I can give Master Ye everything I want!" The green door master said excitedly!

He seems to have found his worth!

He is certain that as long as he follows this young man in front of him, the entire China will become his battlefield!

"No need."

The cold voice sounded, like a bolt from the blue in the mind of the master of the blue door.

In the next second, I saw a wind blade carrying billowing infuriating energy across the neck of the blue gate master! The blood rushed out.

He subconsciously covered his neck, staring at Ye Chen, and said: "Why... why kill me..."

Ye Chen walked outside with his hands in his pockets.

lonely figure.

Before he left, he left only one sentence in the room:

"Sorry, King Nanjiang is already my subordinate. And you are not worthy."

Hearing these words, the pupils of the blue gate master suddenly enlarged!

Everything is connected!

He finally understood why King Nanjiang came to Jiangcheng himself!

is actually for this young man in a suit!

He couldn't control it anymore, the blood on his neck broke out and fell to the ground.

The blood is gradually staining the earth.

the green door, just fell apart.

Since then, Jiangcheng has no green doors.

.....

After half an hour, an alarm sounded!

Bai Libing arrived with all the people from Jiangcheng Police Station.

The entire abandoned factory was sealed off.

Some law enforcement officers can be considered to have seen the world, but seeing so many corpses still can't help hiding and vomiting.

Bai Libing glanced at his colleague next to him, and said: "Everyone, regardless of other things, go and search around. The base camp of Qingmen should be elsewhere."

She suddenly worried about Ye Chen.

Even though Ye Chen is a martial arts master, she heard that there are several martial arts masters in Qingmen!

After all, Ye Chen is only one person, and he is facing the underground forces that have rooted in Jiangcheng for ten years.

If Ye Chen had something to do, she would never feel at ease for the rest of her life.

"Captain, come here, I found out that there is an elevator going down here."

Bai Libing rushed over, passing the corpse in the elevator, they quickly reached the negative third floor ~ [www.ltnovel.com](http://www.ltnovel.com) ~ the moment the elevator door opened.

The police officer next to him just felt overwhelmed in his stomach! Unable to restrain it anymore, he vomited out.

"Captain... I... Um... I'm sorry... Um..."

Bai Libing looked at everything in front of her, her beautiful eyes filled with horror.

There were hundreds of corpses in front of her.

The key shots are extremely powerful! No chance for these reactions at all!

Bai Libing walked inward step by step, her body trembled slightly, and her goose bumps came out.

She couldn't imagine Ye Chen could slaughter so many people with just one person.

No picture can be brain-filled!

Soon, she came to the blue gate general rudder.

She touched the almost shattered door with her slender hands, her face becoming paler.

Then, she saw an old man in her sight.

This old man, she knows, is the one behind the scenes of Qingmen!

A generation of heroes fell in this way, and she even noticed that the opponent's eyes were widening, as if she had seen extremely terrifying things before she died.

"Ye Chen, how did you do it? What did you do here?"

Bai Libing's body stood just like this, and the coldness behind her shivered.

She even felt a pair of eyes staring at herself deep in the darkness, like a \*\*\*\* of death from hell.

She knew that these were Ye Chen's eyes.

I don't know how long it took, she woke up and took out the phone from her pocket.

There is a signal.

She broadcasted a call.

There are a few words written on the display screen—China Dragon Soul Commando, Ying Qing.

The phone is connected.

"Big brother, Jiang Cheng is going to change."

Chapter 80: I am willing to be responsible to her!

Ying Qing, who was far abroad, was a little surprised when he heard Bai Libing's words.

Isn't Jiangcheng the small place where Bailibing works as a policeman?

What's up with him when the small place changes?

"Junior sister, what happened?"

Bai Libing thought for a while, then said: "Wait a minute, I will shoot a video and send it to you."

Not long after, Ying Qing received a video on WeChat.

The moment he watched the video, his face changed, and he quickly broadcasted it to Bai Libing.

"What happened to you? Nothing happened to you. If it doesn't work, go back to the chief!"

Bai Libing hesitated for a few seconds, and said in response: "Remember the young man in the video a few days ago?"

"You said Ye Chen?"

"Yes. Senior brother, actually... these were all done by Ye Chen alone. He not only saved me, but also destroyed the entire Qingmen. Even the martial arts masters of the Qingmen were also beheaded by him... .."

Ying Qing on the other end of the phone was silent for a few seconds. Suddenly, a cold voice came: "Junior sister, I immediately came to Jiangcheng by plane. Remember, don't have any contact with this person anymore, this person is extremely dangerous! You stop all of the Qingmen case, and I will send a special person to take charge."

"Brother, but your mission..."

"The task I have is not as important as this guy, I want to see what kind of evil Ye Chen is!"

.....

Jiangcheng Wanda Plaza.

Ye Chen had already ruined the clothes with blood on him, and wore a white shirt to come to the Armani brand store again.

The store manager recognized Ye Chen at a glance and ran over with a smile: "Mr. Ye, are you here to buy clothes?"

Ye Chen nodded, and randomly picked two sets of clothes.

"Wrap me up."

"Okay, Mr. Ye, please wait a moment."

After a short while, Ye Chen walked out of the Armani store.

A suit and a casual wear.

I wore casual clothes on my body, but as for the suits, I packed them away, so Sun Yi would be able to deal with it when asked.

However, Ye Chen always felt that Armani's casual clothes were a little uncomfortable, and in desperation, he went to an Adidas store to buy a set of sportswear.

It's a lot easier to change into sportswear.

Ye Chen was about to leave Wanda, but he saw an acquaintance in his sight.

Xia Ruoxue.

At this moment, Xia Ruoxue is sitting in a coffee shop, absent-minded, constantly stirring the coffee with a spoon.

And in front of her sits a plump woman, with noble temperament, looks thirty or forty years old, well maintained, fair skin, without a trace of wrinkles.

The key is that it is somewhat similar to Xia Ruoxue. Not surprisingly, it should be Xia Ruoxue's mother.

This temperament and appearance, it is not an exaggeration to say that it is Xia Ruoxue's sister.

"In the life of the rich, they still have afternoon tea..."

Ye Chen sighed and walked towards the exit, and Xia Ruoxue inside had already picked up the coffee cup, and just about to drink it, her eyes naturally noticed Ye Chen passing by the window.

There was a hint of surprise on her face, she quickly put down the coffee cup and trot outside.

"Mom, wait for me!"

.....

"Ye Chen, wait! What are you doing so fast?"

Soon, Xia Ruoxue caught up with Ye Chen.

Ye Chen stopped and looked at Xia Ruoxue, who was rather cold and glamorous before him.

"What are you doing? I'm just passing by. You're not going to buy me coffee."

Xia Ruoxue's beautiful eyes have a hint of anger, she is considered a beautiful woman anyway, is it necessary for this guy to use such a disgusting tone?

She glanced at her surroundings and stood tall and said: "You slept before...My business, I haven't asked you to settle the account yet."

"Hey, obviously you sleep with me, that's my bed."

Xia Ruoxue didn't plan to pursue this kind of detail anymore, her big beautiful eyes turned, and said: "I don't care, you sleep with me, now I'll give you a chance to compensate me, as long as you help me, how about we write off..."

"I'm sorry, it's not very good. I didn't let you make up for it. Goodbye." Ye Chen was ready to leave.

How could Xia Ruoxue let Ye Chen go, her hands tightly hugged Ye Chen's arm, and she even touched her proud peaks, she didn't take it seriously.

Ye Chen can be regarded as serving, Xia Ruoxue can be regarded as the president of Huamei Group anyway, what do you do as a rascal on the street?

He just wanted to talk, a cold and unpleasant voice sounded behind him:

"Ruoxue, who is this man?"

Xia Ruoxue and Ye Chen were stunned.

Ye Chen just wanted to speak, Xia Ruoxue directly changed her position, held Ye Chen quite intimately, and turned around and said: "Mom, why did you come out..."

Mother Xia stared at Ye Chen, if the eyes were arrows, Ye Chen would have been battered long ago.

"Who is this man? How do you hold him on the street like this! Also, didn't you promise us not to interact with any boys?"

Xia's voice gradually became cold.

The Xia family has arranged a marriage for Xia Ruoxue, so Xia Ruoxue should be very clear about the consequences of doing this right now!

If that man knows that Xia Ruoxue has an unclear relationship with a man in Jiangcheng, the relationship between the two families will not only break!

The Xia family will even get crazy revenge!

By the time the Xia family is bound to be at stake!

Ye Chen could feel Xia Ruoxue's body tremble next to him, and his fingers firmly grasped his arm.

afraid.

lost.

helpless.

Various emotions made Xia Ruoxue's eyes flushed, and a tear even fell on Ye Chen's hand along her cheek.

She supported the Huamei Group with a soft body, but she was a woman after all.

was born in a big family and was destined to have no choice.

Xia Mu stared at Xia Ruoxue and Ye Chen coldly, and ordered: "Ruoxue, let go! Come back to Xia's house with me today! In the past five years, your Huamei Group has not made any achievements, Xia's group Will take the Huamei Group in the name of acquisition, and then the family will arrange someone to help you manage it."

Xia Ruoxue's body trembled, five years of hard work was denied by one sentence~[www.ltnovel.com](http://www.ltnovel.com)~ There were countless sorrows and sorrows in her heart, and she almost collapsed.

She can never escape the wheel of fate.

She was born as a trade item of the Xia family!

Her tears fell on Ye Chen's hand drop by drop.

Five years ago, this is the first time she has cried.

No matter how arrogant and even the iceberg is, a girl will cry.

Xia Mu stepped forward, her voice with a trace of anger: "I don't want to say it the third time, Ruoxue, let go! The men in Jiangcheng are not worthy of your nostalgia. When you return to Jiangnan Province, you will see the true God of Heaven. , You will gradually understand how unbearable and \*\*\*\* these men in Jiangcheng are.

I don't care what you have to do with the man in front of you, you should understand that you continue to be with him will only harm him, because no one can disobey your father, no one. "

Xia Ruoxue gradually let go of her hand, she chose to compromise.

She wanted to use Ye Chen to ask her mother to give her some more time.

But now it seems that it is completely unnecessary.

Ye Chen is innocent, her only relationship with Ye Chen is only to sleep all night.

Nothing happened.

She didn't want to harm Ye Chen, the Xia family's anger was not something Ye Chen could hold.

He only has a very valuable prescription, but this prescription is so pale and weak in front of the Xia family.

The Xia family can buy thousands of tens of thousands of such prescriptions.

Xia Ruoxue completely let go of her hand. She was just about to walk towards her mother, with a big hand directly around her waist.

At the same time, a magnetic voice sounded:

"Auntie, I'm sorry, Ruoxue can't go with you, because she is already my woman, and she already has my child in her belly, I am willing to be responsible to her."
