### Chapter 721: Kill the red dust!

"And this time, I want to let the medical gods step onto the peak of Kunlun Xu!" "The path of medical care has declined? The way of martial arts is respected? Starting today, I, Ye Chen, will rewrite this situation!" "Not a butcher, but a lamb!" "At this moment, Ye Chen was very proud, and the jade order in his hand also shone with dazzling light. m. But after returning to Kunlunxu, the first thing he did was not to care about the battle of the day, after all, there was still some time before that day. He is more concerned about the whereabouts of the master. After arranging the mother and everyone securely, he went to the killing land of Yucang Mountain. Just as Ye Chen thought about it, an old voice suddenly sounded in the reincarnation cemetery! "Disciple, come in!" Ye Chen was startled, and found that it was Duan Leiren's voice. No longer hesitating, he went directly into the reincarnation cemetery. Among the hundreds of tombstones, Duan Leiren was standing in the center waiting, only turning around when he saw Ye Chen appear. Ye Chen also found that Duan Leiren's body was a little dim, and it was estimated that it would dissipate soon. "Master!" Duan Leiren nodded, and then said: "Apprentice, I forgot to ask you something. Last time you refined the Primordial Virtual Reality Pill with the Immortal Lord?" Ye Chen remembered that Duan Leiren had once The Taikoo Xushi Dan has been mentioned many times. It is said that this pill can make Duan Leiren materialize, and it can break through the limitations of the reincarnation cemetery. Ye Chen quickly took out a jade bottle. Of the six Primordial Virtual Reality Pills refined last time, two were served to his father, and four were left. "Master, this is the Primordial Virtual Reality Pill that I and the Immortal Lord refined last time. The rank is not too high, but it should be able to help the master." Duan Leiren saw the jade bottle, his eyes were a little anxious, and he held his five fingers. , Yu Ping instantly appeared in Duan Leiren's hand. The jade bottle was opened, and a strong medicinal scent came out, and then Duan Leiren's finger shook, and four Taikoo Xushi Pills were suspended in front of him. "Good, good!" Duan Leiren said three good times. His ancient eyes shot at Ye Chen and excitedly said: "Trainer, you are willing to give me three of the pills. This is very useful for me! Three pills will definitely allow me to stay in Kunlun for three days!" "After three days, I can find a way to extend the time!" "Although my strength is limited, but with some means, it should be paid. To be able to exist for ten days, these ten days are very important. For the division, I need to go to a place and do something. Kunlun Xu has a lot to do with the ancient war that year. I have to determine some things behind the ancient war. Yes, after I go out as a teacher, I can also seek opportunities for you!" "You should notice that your natal talisman can absorb thunder and lightning, but the thunder point of thunder is far from enough for you! If I find something like that, then With the flame of the inextinguishable fire in the center of your eyebrows, from now on, you can protect yourself at least when facing that power!" Ye Chen narrowed his eyes: "That power? Master, what power is it?" Duan Leiren Shaking his head, he didn't intend to go on, but said: "Disciple, your current cultivation level is far from enough. There are some things that we can actually hide from you. Once you know it, Dao Heart will be damaged." "This Power, even if it's our current state, they are not necessarily qualified to touch! The only thing I can do is to see, when Chen Tianli stepped into Kunlun Xu, in addition to going to Wan Jianzong, he went to that Where, he left some clues, and I must follow the clues to confirm the thoughts in my heart." Ye Chen heard these words, fully aware of these mighty things, and with his current strength, he nodded. Said: "Master, since you need those Primordial Virtual Reality Pills, just take them." Duan Leiren didn't hesitate to hear Ye Chen's permission, tapping the three Primordial Virtual Reality

Pills floating in front of him three times, instantly turning into countless powder! Just like the stars! Countless stars surrounded Duan Leiren, and the originally dim figure gradually became real. Even the breath is much stronger. Duan Leiren closed his eyes, opened his hands, and countless spiritual energy from the reincarnation cemetery rushed towards him frantically! In the blink of an eye, Duan Leiren's robe seemed to have changed. The golden robe condensed, and the long sword around his waist overflowed with thunder and lightning. Numerous arcs of lightning entangled the whole body. A look made Ye Chen seem to see lightning release in his pupils. He knew Duan Leiren's Thunder Cultivation Technique, but he didn't expect it to be this way. Duan Leiren enjoyed the extreme, his fists clenched slightly: "It's been a long time, it's been a long time since I feel this sense of power." "It's a pity, it's tens of thousands of times different from the strength of my body back then, sigh." Suddenly, Duan Leiren's eyes turned towards Ye Chen, stepped forward in one step, moving like thunder! "Apprentice, it may take some time for the teacher to leave this time and we will return when the investigation finds out!" "Originally, everything could be handed over to Lin Qingxuan, but unfortunately with Lin Qingxuan's character, it is less than the critical moment. I don't know how to take action, so many things are still up to you." Ye Chen nodded, suddenly thinking of something, and said: "Master, do I need to go with you?" Duan Leiren shook his head: "First, I know you want Look for your outside master. In the past five years, you owe him a lot, and some kindness is indeed to be repaid. Second, your current strength must not be exposed prematurely. The reincarnation cemetery is your greatest secret. If that power If I notice you and me, the consequences will be very troublesome. I am enough." "Before leaving, I will teach you something that can at least allow you to face most of the dangers and protect yourself." After speaking, Duan Leiren pointed his toes. The invisible air wave suddenly rolled, and his body was suspended in the air. Numerous lightning and lightning from the reincarnation cemetery rushed down frantically and hit Duan Leiren's body. But this thunder and lightning not only can't hurt Duan Leiren, but it makes Duan Leiren's breath even more fearful! Like a heavenly god! "Disciple, this time I teach you the name Jiuxiao Thunder Sword!" "The sword comes out of Jiuxiao, with the Dragon Slashing Heaven Sword in your hand, combined with the Wanjun Thunder Intent, it is enough to cause a shocking force!" Duan Leiren was in the void Take a step forward and roar! Thousands of thunder and lightning fell on the sky! Thunder and lightning wrapped Duan Leiren, as if turned into a huge thunderball! Once it explodes, it is absolutely terrifying! Duan Leiren closed his eyes tightly in the thunder ball, and whispered softly: "Train, optimistic!" His eyes opened! Like the stars in the night! Then, the long sword around his waist was directly unsheathed, and the swordsmanship danced! Jian Yi carries a trace of light, as if painting something on the sky! A few seconds later, Ye Chen discovered that an ancient Sanskrit script had formed above the sword intent! Then, Duan Leiren forced a drop of blood! Rune shattered! "Jiuxiao Thunder Sword! The sword goes out of Jiuxiao and kills the mortal world!"

Chapter 722: meet!

A terrifying roar! A hundred tombstones shake! At the same time, the giant thunder and lightning in the sky shrank rapidly! In the blink of an eye it turned into a behemoth of thunder, rushing from above the sky! Every step is to shock the space! Before it fell, Ye Chen kept backing away because of the air wave in the air. m. even spit out a mouthful of blood! This power is too \*\*\*\* good! Not to mention the general Saint King Realm, even at the peak of the Saint King Realm or even the Return to Void Realm, it is not necessarily qualified to resist! Ye Chen retreated a full 100 meters, and his breath felt better! And that thunder beast slammed into the ground fiercely! "Boom!" A loud bang resounded! Splashing dust!

The vibration of the ground cannot dissipate for a long time! As if the end is coming! This is Duan Leiren's true power? It's too \*\*\*\* scary! When the dust is gone, everything is clear! Ye Chen saw a pit almost the size of a basketball court! This deep pit is far from simple. If you look closely, you will surely find that there are tens of thousands of sword marks made at the same time! This trick can not only kill one person, but even hundreds of cultivators! Before Ye Chen could react, Duan Leiren slowly fell in midair and came to Ye Chen's body. Then he glanced at the Dragon Slashing and Asking Heaven Sword lying quietly in the distance, and then said: "Before the plane has fallen, you can use the sword I just used, and I will see how good you have it." Ye Chen's face was pale, but he nodded seriously: "Zhanlong asks the sky sword, come!" A cold light flashed, and the Zhanlong asked sky sword appeared in his palm. He stood in the center of the reincarnation cemetery and began to perform. For two full hours, he was studying in the reincarnation cemetery. He found that this sword was far less simple than it seemed. The true energy of one's dantian, the thunder calamity of one's life magic talisman, and even the strength are far from enough. He couldn't bear the momentum alone. It is very difficult for the Jiuxiao Thunder Sword to use it unless the time and place are right. "Chen'er, I'm at Kunlun Mountain International Airport." Ye Chen woke up only after hearing Jiang Rong's voice, leaving the reincarnation cemetery and returning to reality. When the group got off the plane, a dragon soul soldier was waiting at the airport in a buggy. Through off-road vehicles and some walkable sections, Ye Chen took four people into Kunlun Xu. Because of Qingxuanfeng's identity token, those gatekeepers did not make things as difficult as the first time. Just stepping into Kunlun Xu, Jiang Rong and Sun Yi all noticed some physical changes. It feels like being reborn. "Xiao Chenzi, this is Kunlun Xu? It doesn't seem to be too far away, as if it's in the Kunlun Mountains in China. Why have you never seen this place on the map?" "This place is so vast and unscientific." Ye Chen smiled. He laughed and explained: "In ancient times, Kunlun Xu and Huaxia were one body, and there was no division. However, afterwards, there was a great power who wanted to distinguish between cultivators and those with ordinary roots, so they forced the division!" I heard that thousands of top-level formations and powers have jointly set up formations and blocked the aura in the Kunlun Void. This place is an excellent place for cultivators, and your cultivation here will be ten times faster than the outside world. In terms of degree, there is not much difference from Huaxia, and even the architecture and dressing styles are similar. It's just that the cultivators here disdain some external technologies." Jiang Rong didn't care about this place, but said: "Chen'er, How far is this place from your father?" Ye Chen naturally knew his mother's eagerness to see his father, so he said: "Let's go, if you hurry, you can be there before dark." The group of people walked towards Qingxuan Peak. Ye Chen was at the forefront, but didn't notice that Wei Ying hadn't spoken all the time. Even his face was a little pale. The earth soul profound stone on her neck also dimmed a bit. The silent voice appeared again. From the \*\*\*\* cold body! "Wei Ying, I know you like that Ye Chen, but do you think that Ye Chen likes you?" "The ambiguous posture in Bingcheng that day, he didn't push you down. As a man, I should say he Gentleman, or is he not interested in you at all?" "This place is Kunlun Xu, with extremely strong aura, very suitable for me. As long as you remove the stone from your body, I can let you stand there with no doubt. In front of the kid!" "Also, the danger here is far more than you think. How long do you think he can live with this kid's arrogant character? Only I can help him now!" Wei Ying said in her heart. A little impetuous, she glanced at Ye Chen who was walking in front, and said to herself: "Don't think I don't know, you want to occupy all of me that day! From then on, I won't let you succeed!" Chen said that as long as I practice my strength increases, not only will I be unaffected by you, but it will also swallow you to make me stronger!" The \*\*\*\* cold body in Wei Ying heard this, instantly Stop talking. The kid gave Wei Ying a heart-to-heart decision and let Wei Ying practice. Now Wei Ying obviously

has no intention of practicing, which caused the progress to be extremely slow. If you really continue to practice, Wei Ying's own spirit and spiritual sense will be extremely powerful, and the \*\*\*\* cold body will only become a vassal! As night fell, the group finally came to Qingxuan Peak. The moment Jiang Rong stepped onto Qingxuan Peak, her eyes kept looking around, as if looking for something. But Ye Tianzheng was not found for a long time, and she was even more anxious. She is even a little afraid that all this is a dream! Suddenly a voice rang behind Jiang Rong! "Peirong!" Hearing this familiar and magnetic voice, Jiang Rong stiffened and turned around abruptly. When she saw Ye Tianzheng behind her, tears flashed in her eyes, and all the pressure these days was released! She practiced desperately for the sake of family reunion! When she came out of the ghost prison, she thought everything was fine. But I didn't expect Lin Juelong to appear! Take away Ye Tianzheng! The happiness of their family was destroyed abruptly. When Ye Chen severely injured Lin Juelong and beheaded the Guardian at the martial arts platform, she thought that life was slowly getting better. But I didn't expect bigger things to be involved! But in front of her, all this was realized in front of her. Jiang Rong and Ye Tianzheng hugged tightly. Complex emotions spread. Or moved, or tender. Ye Chen looked at the scene before him and suddenly felt that everything was worth it. Even if he didn't know how many times he was injured, as long as the result is like this, he has no regrets. If there is no reincarnation cemetery, where is oneself now? Although his bloodline is extremely special, he has the bloodline of the Kunlun Xuye Family, plus the spiritual vein of his mother. Neither Huaxia nor Kunlun Xu's detection machines were able to determine his talent and bloodline, so he could only decide with Fangen.

Chapter 723: Can't swallow this breath!

In the eyes of those aloof people, the real talent is only counted if they are detected. And he was destined to Fangen! Destined to be trampled underfoot! Now that I came to Kunlun Xu, some things should be brought back. Not only did he use Ye Jitian to shake Kunlun Xu, the name Ye Chen also resounded! I don't know what kind of expression it would be when Kunlun Xu, the proud son of the sky or the Lord of the Supreme Sect, discovered his true identity. There are also Kunlun Xuye Family and Daozong! Thinking of this, the warmth in Ye Chen's eyes turned into a rage! "How did the Kunlun Xuye Family treat my grandparents, this time I will let them suffer this kind of pain!" "The grandfather who entered China knew that life was uncontrollable, so he put all hope on me. Set up the overall situation, waiting for my strong return!" "Perhaps, Grandpa is waiting for now." "And the master of the medical gods, in those five years, you desperately protected me and gave up dignity. I once blamed you for not teaching I am martial arts, and even hate you. Now think about how ignorant I was at the time. You have been guarding me for so many years. If you hadn't saved me from Dongqian Lake, maybe there would be no Ye Chen in the world. I will protect you." When Ye Chen was silent, the ancestor Qingxuanfeng walked over quickly. "Mr. Ye, please move a little further." For fear of destroying the harmony in front of him, the ancestor Qingxuanfeng didn't want to find Ye Chen, but it was better to tell Ye Chen about the situation. Ye Chen nodded, and came to the corner with the ancestor Qingxuanfeng. "What's wrong?" Ye Chen asked. The ancestor of Qingxuanfeng didn't talk nonsense, and said directly: "Mr. Ye, since the last time I noticed that your master is in the Yucang Mountain area, I have sent a disciple to pay attention there." "Just this afternoon. , That disciple sent me a letter, Dao Zong has sent several powerful men into the killing land of Yucang Mountain. I am afraid that Dao Zong also discovered the existence of your master and is ready to do it. In that battle, you Although the master defeated the Dao Sect people, he was desperately and powerfully shot by the Dao Sect Sect Master. The dantian was

abolished, like a dead dog. If no one responded, the consequences would be disastrous." "Since then, the Dao Sect Master has been in retreat. After he came out, he sent Dao Sect masters to slaughter the God of Medicine. Fortunately, your master brought a few disciples here in time, but the results were unimaginable." "Now your master has been exposed. According to the character of Dao Sect Master, absolutely not People who threaten him will live." Ye Chen's eyes filled with anger. The master is in danger! And extremely dangerous! Although he has great medical skills, but his dantian has been abolished. If there really is a struggle, the master is definitely not the opponent of that group of people! "Mr. Ye, there are some people in Kunlun Xu today to inquire about your whereabouts. I asked some disciples to follow those people and discovered a more important thing. These people have a lot to do with Taoism! Taoism seems Knowing that you have entered Kunlun Xu from China, it is probably because of your master's reasons, I am afraid that you will also be shot!" "My suggestion is that you and your parents and others should rest here. It is best not to expose during this time. I personally go to the killing land in Yucang Mountain, and think of a way to bring your master back!" Before he finished speaking, Ye Chen interrupted: "No, all you have to do is protect my parents' safety here. , With the formation of Qingxuanfeng, plus your existence, it is definitely the safest place right now." "Mr. Ye, you..." Ye Chen's mouth outlines a cold arc: "I'll go to Yucang Mountain, I want to know this Dao Sect. If he dares to move my master, I will slaughter the entire sect!" Qingxuanfeng ancestor heard this slander, his face changed drastically, and he quickly said: "Mr. Ye, you can't make it! Dao Sect. It's not like a blood alliance. The gap between the two is as great as the world. You can break the blood alliance, but the Dao Sect can't break it at all. Even I can't shake it!" "Also, the reason why the blood alliance is so prone to accidents is because The one of the blood alliance has already been wandering, and if he comes back and finds that there is a problem with the blood alliance, he will be furious, and this Dao Zong only a few elders will be on par with the one of the blood alliance, not to mention the Dao Sect Master. "Ye Chen didn't bother to explain: "I know it in my heart, so don't persuade you." After speaking, he went to Jiang Rong and Ye Tianzheng. The ancestor Qingxuanfeng looked at Ye Chen's away back and sighed. Of course he doesn't want Ye Chen to have an accident! He doesn't want it more than anyone! Although there is Lin Qingxuan behind Ye Chen, it is estimated that it is just a divine thought and cannot help Ye Chen too much. If Ye Chen dies, this spiritual thought will definitely dissipate! At that time, who will carry the banner of medicine! The Dao of Medicine has been lonely in Kunlun for so many years, it is difficult to see the existence that can shake the status of the Dao, but now this guy is looking for trouble in the Dao Sect! Isn't this looking for death! The key is that Ye Chen is \*\*\*\* stubborn! Don't persuade you! This day Ye Chen almost stayed with his parents, trying to save more time for his family. It was not easy to reunite, and it would be inappropriate to leave immediately. However, he was still a little worried about the medical gods. "Chen'er, do you have something on your mind?" Jiang Rong, as a mother, naturally noticed the strangeness for the first time. Ye Chen shook his head quickly: "No, I just feel that all this is a bit like a dream." Ye Tianzheng heard these words and said, "Chen'er, if you guessed correctly, what you are worried about now is the master who saved you. "While Ye Chen was away from Qingxuanfeng, he also learned something from the ancestor of Qingxuanfeng. Naturally, I guessed why Ye Chen was absent-minded now. Ye Chen did not speak, but Ye Tianzheng continued: "Chen'er, our Ye family are not ungrateful people. Your master is kind to you. Without him, everything is impossible for us now. No matter what, you Everyone should go to Yucang Mountain." "Dad, but..." Ye Chen hesitated. "No, but you go directly, not to mention that when the two of us get along here, you become an electric light bulb, so it's not good." Ye Tianzheng joked. Although Jiang Rong didn't know what was going on, she still supported Ye Chen. "Chen'er, Mom only has one request, pay attention to safety, don't behave,

go." Ye Chen thought for a few seconds, but stood up: "Okay, when I find the master, I will come back immediately!" "We will go together at that time. Kunlun Xuye Family!" "Okay." Ye Tianzheng was also a little angry when he heard Kunlun Xuye Family. Killing the father's hatred is not shared! Originally with the old man's body, now it is absolutely extremely tough! But the Kunlun Xuye family has made an inch! They used this despicable method to expel their parents from Ye's family! Use pill to make parents die at the same time! Plunder lives! Animal behavior! No matter what, this breath couldn't be swallowed.

Chapter 724: High above!

After Ye Chen left, Jiang Rong looked at Ye Tianzheng curiously: "Tianzheng, what is going on with the Kunlun Xuye Family that you just talked to Chener?" Ye Tianzheng sighed and said everything he knew. m. There is no need to hide anything between husband and wife. When Jiang Rong heard that the father had an accident, it was actually a homicide! My heart was also shaken a bit. Her eyes gradually turned from shock to determination. She looked at Ye Tianzheng and said earnestly: "Tianzheng, the old man is not only your father, but also my father. We can't always trust Chen'er with this hatred." He has been under a lot of pressure, and he has endured more than we thought." "Starting from today, you and I will practice together, and I hope that when Chen'er comes back, he will be pleasantly surprised."... The next morning . The periphery of Yucang Mountain. Ye Chen hadn't entered yet, he was shocked by the sight in front of him. There are hundreds of people outside alone! There were a bunch of people who were scanning the neighborhood. The key point is that some people have made banners, obviously hiring people. After all, the Land of Killing is very dangerous. If a single person enters, it is estimated that the chance of winning is too small. Most people will organize a team of about four people. The four are in formation, facing some dangers, and there will be no dead ends. "There is still one person left, do you want to go in with us? We have a strong Saint King Realm sitting here! But the strength of the joiner is at least above the fifth level of the Saint Realm!" The three team shouted a few times there, very I'll have it all soon. After all, the Saint King Realm can be regarded as a strong side here. If the strong enter together, at least a few points can be guaranteed. Many teams are pulling people, and when they enter Yucang Mountain, some of the strengths will be immediately pulled away. It's like a job fair in China, it's very hot. But Ye Chen didn't bother him, because his aura was the second level of the Transcendent Realm, and such aura was the lowest level here. Naturally disdain. Who wants to bring a burden? Ye Chen naturally didn't plan to form a team, but he was not familiar with Yucang Mountain, and it would be a lot of trouble to enter it. It is undoubtedly the best to find someone to lead the way. Just when Ye Chen was puzzled, a fresh fragrance came to his nose, and a woman about ten years old appeared beside Ye Chen. The woman has clear pupils and slender eyebrows, just right. Long eyelashes embellishment, coupled with fair and flawless skin, small cherry-like mouth, can be counted as the little beauty here. However, the clothes on women are a bit nondescript, they seem to be men's clothes, and they are somewhat generous. What surprised Ye Chen was that the clothes on this little beauty actually had the mark of Dragon Soul. The Dragon Soul will send some clothes to the Dragon Soul members to deal with special circumstances, but how come they appear here? Is this person from Dragon Soul? Ye Chen's memory is good, but he has never seen this girl. The girl smiled and stretched out her hand generously: "That...I'm Wen Shishi, we still lack one person here, do you want to be together? The Land of Killing, if you don't gather four people, it's very dangerous." Wen Shishi could see the doubt in Ye Chen's eyes, and he was certain that it was the first time the other party came. Although the cultivation base is too low, he is still alone anyway, barely able to help. Of course, the more important reason why

she invited Ye Chen was because the clothes on the other party were obviously from China. Ye Chen frowned, and did not agree, but instead said: "Where did the clothes on your body come from?" Wen Shishi was startled, and then smiled: "It seems I really guessed it correctly, you should come from China, right? , This dress belongs to my father, but she has moved forward for twenty years. According to your age, she should not know it." "My father is in the killing land of Yucang Mountain, this time I plan to go with my sister..." Before finishing talking, a cold voice suddenly sounded! "Shishi, who is this guy!" Ye Chen raised his head. When he saw the woman talking, his expression became extremely strange. Because this woman is exactly the same as Wen Shishi! twin? Fortunately, Wen Shishi's hair was black and long and straight, and this cold woman was able to tie her hair. It's just that there seems to be a trace of hostility in the opponent's eyes. The woman grabbed Wen Shishi's hand and blamed: "I said, don't talk to any strange man, have you forgotten?" Wen Shishi quickly pointed to Ye Chen and explained: "Sister, we are not paying Is there someone missing? Just him." "No! He is beyond the ordinary level, it will only cause us trouble, and find someone else!" The woman was extremely decisive, and she looked at Ye Chen's eyes with extreme disdain. Wen Shishi quickly grabbed the woman's clothes and said coquettishly: "Sister, this person and dad are from the same place. Have you forgotten that dad always talks about China? If dad sees him, will definitely do it. Very happy." After hearing Huaxia, the woman's eyes narrowed for a few minutes, and then stared at Ye Chen firmly, and said: "How do you prove that you are from Huaxia? You can't be sure of your identity by clothes alone!" I missed the woman in front of me, but I did need to be careful in Kunlun Xu. If I was not careful, my fate would be here. He glanced at the talking woman, and said: "If I'm not mistaken, your father should be from China Dragon Soul." Hearing China Dragon Soul, the woman's eyes finally appeared a little surprised. It was just a flash of surprise, turning around and pulling Wen Shishi towards the other man. "In that case, it's you, get ready, we will set off right away." "Also, before entering the land of killing, there may be danger. We won't care about your life and death. What you have to do is to survive at all costs. "Also, my name is Wen Tingting, come to me if you have any questions, don't find my sister, or you will be at your own risk!" Ye Chen was a little confused, and he didn't agree? Wen Shishi turned around and blinked at Ye Chen, quite playful. Not long after, the two sisters walked over with another man holding a long sword. The man has sword eyebrows, is tall, and his aura is around the fifth level of the Saint Realm. When he found that the last person was a trash who didn't even enter the Holy Realm, he looked at Wen Tingting and said, "Tingting, this kid is the fourth person? Why not find it!" Wen Tingting snorted coldly: "Xiao Jian, if you are not satisfied, you can leave. Also, my name is Wen Tingting, and we are not yet familiar enough to save the last name! If you are called Tingting again, I will kill you with one sword!" Wen Tingting said with a hint of domineering harmony Strong, it is in stark contrast to the gentleness and playfulness of sister Wen Shishi. Wen Tingting and Wen Shishi just walked a few steps, and stopped when they found something. A pair of cold eyes shot at Ye Chen, and asked: "Why haven't you kept up?"

Chapter 725: crisis!

Ye Chen sneered. He originally wanted to take Wen Shishi into the killing field. The opponent is obviously the child of the Dragon Soul Warrior, even if it is the older generation of Dragon Soul Warrior, not the group he taught. Whether he can guarantee it or not. Just for the four words of Huaxia Dragon Soul! But what he never expected was that this sister Wen Tingting was so domineering, condescending, as if in charge of everything. She didn't want to obey this person's orders. In other words, this kind of woman is the most troublesome! Ye Chen shook his head, and walked inwardly: "I'm sorry, I can go in

alone." Wen Tingting was startled, her face pulled down! In a mere extraordinary realm, one person enters the land of killing? Isn't this looking for death! It is estimated that he was already dead before reaching the place of killing. Not ashamed! "Do you think your strength can survive?" Wen Tingting sneered. Wen Shishi was obviously worried about Ye Chen too, so she whispered softly: "That...I don't know what your name is." "Ye Chen." Ye Chen replied. He had a good impression of his sister Wen Shishi. At least he knew that his cultivation level was not high, and invited himself to prove his kindness. "Ye Chen, this land of killing is not a joke, you don't understand that inside, there will not only be cultivators killing people and more treasures, but also fierce beasts, because the blood of the land of killing is too heavy, and Kunlun virtual spirit beasts are mutated. It's extremely cruel, and that's why everyone teamed up." Although Wen Shishi persuaded that, Ye Chen still shook his head and said: "Don't worry, those things can't help me. If you are in danger, you can come to me. Of course, you can. Follow me. For the sake of your father being from the Dragon Soul, I can guarantee that no one will dare to move you when entering the Land of Killing." As soon as these words came out, not only Wen Shishi was stunned, but also Wen Tingting and Xiao Jian. Also quiet down. Their expressions were so weird, as if they had heard the funniest joke in the world. Is a transcendent realm bragging to protect the holy realm? I'm afraid this kid is a stupid man. Xiao Jian laughed and said: "Boy, you are afraid that your brain is not good. This land of killing is one of Kunlun's fierce land. These four words alone are enough to prove the danger. You go in alone, don't If it is passed, it is a problem even if it lasts a few minutes!" "Don't think that your surname is Ye, you just think of yourself as Ye Jitian! I advise you to follow us obediently." Wen Tingting snorted and grabbed Wen Shishi. Hand: "Since some people insist on looking for death, let him die, sister, you remember to follow me, although there are three people, but it should be enough to deal with some emergencies." After that, Wen Shishi went to the depths. Xiao Jian also glanced at Ye Chen, sneered, and followed. He wished Ye Chen would not follow. These are two superb twin beauties. If there is a chance on the road, and then get a hand, are they not happy? He has never tried Shuangfei. When the two sisters disappeared completely, Ye Chen followed. ... When entering the depths of Yucang Mountain, Ye Chen instantly felt countless murderous intent hidden in the darkness. This murderous intention seemed to be prey. Not only that, but he smelled heavy blood in the air. There were corpses on the ground. Some corpses are even fresh. "No wonder it's called the Land of Killing." "It's not yet close, the killing aura is so strong, if you really get inside, the consequences will be unimaginable." "Even the Taoist heart of ordinary cultivators will be affected by this killing aura." "But this The air of killing is harmful to others, but it is really good for me!" Ye Chen sneered, he could feel the blood dragon in his body extremely excited! Even wishing to rush out of the body immediately! But Ye Chen didn't want to expose the blood dragon, so he let it slowly absorb the killing energy in his body. After that, Ye Chen went inside, there was no one around, and I didn't know where the two sisters had gone. Just when Ye Chen was about to go inside, there was a sound in the grass not far away. Ye Chen frowned, feeling a trace of murder instinctively. The next second, the grass tore apart, and then a huge black tiger swept over. Heihu has a strong evil spirit. There was still blood on the fangs, and even some human skin at the corner of his mouth. Obviously, this beast had just eaten a human. Judging from the remaining breath, this black tiger killed a strong man in the holy realm! Be good! The murderer in this killing land is so terrifying? Or is this one more terrifying? But Ye Chen became the second prey of this black tiger. What is even more bizarre is that the murderous intent on this black tiger is obviously stronger than all the murderous intents around him. Extremely dangerous! Seeing the black tiger pounced, the palm of the tiger patted with an icy cold light. Above this strength! Once hit on the body, it will inevitably turn into a pool of mud. Ye Chen snorted coldly: "Little beast, I really think people are so

good to bully." Ye Chen didn't move his sword. With thunder arcs flashing on his arm, he punched directly! "Boom!" A punch and a tiger's palm collided! The giant tiger was shot and flew out on the spot! You must know that Ye Chen's true strength far exceeds that of entering the holy realm, how can a fierce beast help him! Not only that, the murderous aura on him is much stronger than this black tiger! The moment the giant tiger lay down, he vomited a mouthful of blood, and his eyes were obviously a little worried! It never thought that this guy whose breath was far weaker than the last human being was so terrifying! He just wanted to evacuate, his limbs exerted strength, Ye Chen had already appeared in front of him! A cold sword appeared in his hand and cut it directly! "The black tiger skin on you is not bad, I want it!" The black tiger was terrified and roared, but he couldn't resist at all, and his head was cut off by Ye Chen abruptly! Ye Chen just wanted to peel off his skin, but he found countless breaths coming! In the next second, a dozen black tigers appeared in front of Ye Chen! More importantly, the body of the black tiger at the front is far beyond everything. Obviously the leader of this group of black tigers. This leader was extremely slaughter, and his body was glowing with blood! An ancient rune is carved on the forehead! The whole body is black, the limbs are extremely thick, the claws stick out of the toes, and the tail is like a curved iron rod! Powerful and majestic, with a streamlined posture, full of a sense of power that I fear. The remaining black tigers also followed this head, awed and surrendered. "Doesn't the tiger live alone, and it's not a wolf, how come out so many all at once?" Just when Ye Chen was surprised, the tigers roared through the mountains and forests, and the next second, they rushed directly! Countless black shadows are violent and murderous! Once touched, you will die! In their view, this human must die! Ye Chen was indifferent, moved his neck, and said lightly: "To be honest, I am not interested in you beasts, but I am interested in the guy behind you! Too tired to drive, just missing a mount!" Yu Luo, Ye Chen carried the sword in his hand and rushed out directly!

Chapter 726: The king of the depths!

The blue dragon illusion sacred tactics surged as fast as lightning, and these black tigers didn't even have the qualifications to touch.

Countless sword shadows flicker!

This is the supreme sword skill that Chen Tianli, the sword master of Wandao, gave him!

If even a group of beasts can't deal with it, that's really ridiculous!

The densely dense sword shadows seemed to turn into a long dragon into the group of tigers.

A wave of air exploded like substance, and the whole earth trembled.

"Boom!"

Suddenly, the blood mist filled!

The first few black tigers turned into blood mist on the spot!

At the same time, Ye Chen did not stay at all!

Strongly swept!

The terrifying wind and waves swept away, which caused the black tigers who were about to swallow Ye Chen to suddenly stop.

They never expected Ye Chen's strength to be so terrifying!

They stayed in Kunlun for too long, and they even had some spiritual wisdom!

They felt fear, but it was too late. The only qualification for countless black tigers was death!

Ye Chen can kill even the strongest of the Saint King Realm, what the \*\*\*\* is this group of beasts!

Just when Ye Chen was killing him, a shocking roar resounded, and then a huge black shadow covered it.

The sharp claws are like blades, coming towards Ye Chen's chest!

There is a trace of blood on the paws!

The most terrifying giant tiger finally shot!

Ye Chen's eyes shrank, and a sword flew towards the giant tiger!

"Ding!"

What surprised him was that under one sword, he didn't cut off the opponent's tiger palm, but instead produced a violent spark!

A strong wave of air swept over!

Ye Chen's body took a full ten steps back!

Ok?

This giant tiger is such a terrible power!

With just this blow, the strength is enough to fight against the cultivators in the late stage of the Holy Realm or even the early stage of the Holy King Realm!

interesting!

That giant tiger obviously knew Ye Chen was not easy to provoke, so he rushed over again, like a meteorite smashing into the earth!

Ye Chen didn't dare to be careless, but he didn't move his sword, but stood steadily!

When the giant tiger came towards Ye Chen with cold murderous intent, Ye Chen roared: "The blood dragon comes out!"

The tiger is the king of beasts!

The dragon is the ancestor of all beasts!

Instead of using the sword to do it, it is better to give everything to the blood dragon!

A long roar resounded, and in the next second, a blood dragon drilled out of Ye Chen's body.

The blood dragon absorbed a lot of slaughter air, and his body was extremely large. Seeing the black tiger daring to attack Ye Chen, he was furious!

Go directly to the giant tiger!

"Boom!"

The collision of two forces is obviously not the same level!

The blood dragon is suppressed strongly in the bloodline!

The giant tiger flew out!

The body is even more trembling!

No match at all!

The blood dragon might not be so strong against some cultivators!

But for this fierce beast, whether it is blood or breath, it is completely crushed!

Almost instantly, everything in the giant tiger collapsed!

Seeing the blood dragon swooping down, the giant tiger knelt down in the next second!

A soft tiger roar came.

The blood dragon did not continue to kill, but returned to Ye Chen's side, coiling around Ye Chen.

The giant tiger looked at the young man and the blood dragon not far away, his eyes shrank slightly and his head lowered.

Ye Chen didn't expect things to be so easy, but he discovered the greatest advantage of the blood dragon!

Suppress all bloodline fierce beasts!

In this land of killing, it is simply a domineering existence!

No longer thinking about it, Ye Chen came to the giant tiger and said coldly: "The mount you are willing to be, if you are willing, you will condense your blood!"

Juhu glanced at Ye Chen deeply, hesitated for a few seconds, opened his mouth, and a drop of black blood was suspended in front of Ye Chen.

Ye Chen nodded, squeezed his five fingers, and collected the blood.

Suddenly, Zhihai added the shadow of a black tiger.

"Not bad, with you as a beast, I should be much easier next."

Ye Chen stepped onto the giant tiger!

The giant tiger stood up fiercely, majestic, murderous release!

"go!"

Following Ye Chen's command, the giant tiger roared, and quickly swept toward the depths!

At each step, the ground vibrated.

Ye Chen, who was sitting on the giant tiger, also felt that all the murderous intent originally hidden in the depths had disappeared!

Obviously, this giant tiger has an unusual identity in this land of killing, and with a single roar, all the hundreds of fierce beasts are repelled!

...

And deep in the jungle.

Wen Tingting, Wen Shishi and others are uncomfortable.

The four-person team has now become three people, unable to condense the formation, and its strength is weakened a lot!

As soon as the key entered this place, a few men caught their attention, and they tried their best to stun the men who were ill-intentioned.

At this moment, the two of them were panting, and their sword hands trembled slightly.

Wen Tingting glanced at Xiao Jian coldly, and she naturally found that this man was obviously as strong as hers, but he didn't exert much strength from beginning to end, obviously a bit weird.

"Xiao Jian, you, as the only man in the team, just hide behind us like this?"

Xiao Jian was taken aback, and then smiled: "Tingting, what are you talking about? I have to get enough energy to do big things."

His eyes scanned the sister flower in front of him, his eyes filled with desire.

He even wanted to throw them down immediately.

"Please call me my full name! We are not yet familiar with it!"

Wen Tingting said coldly.

Suddenly, she found something and frowned and said, "What are you going to do?"

Xiao Jian glanced at the injuries of the two sisters, knowing that it was almost done, then clapped his hands: "Of course...you two beauties!"

After the words fell, three dark shadows walked out from the depths, and even stood behind Xiao Jian.

Wen Tingting's face changed a lot when she saw this scene!

She realized that Xiao Jian had already had a team!

And he took the initiative to join them, obviously for the purpose!

Damn it!

The eyes of the four of them are a little hot, with evil desires!

Xiao Zhan licked his tongue: "Tingting, and sister Shishi, it is very difficult for Slaughter Land to survive. You two women still need to find a backer. What do you think of me?"

Don't worry, I, Xiao Jian, is not a man who has played with me who doesn't recognize it How about you being Xiao Jian's woman in the future. "

Wen Tingting's eyes were cold, and the sword pointed at Xiao Jian: "Dreaming! I shouldn't have included you!"

"It seems that my father's friend is not a good thing! I actually recommend you so!"

After that, she looked at Wen Shishi: "Sister, I will move my sword later, and you will run in the opposite direction. The farther the better, leave me alone."

Wen Shishi was startled, her eyes were filled with water: "But sister, these people are in the holy realm, you are injured, you can't move them..."

"Don't talk nonsense, go!"

In the next second, Wen Tingting violently retreated Wen Shishi, and at the same time made a sword towards Xiao Jian!

Sword intent!

But even if she was good at it, Xiao Jian couldn't stop it in the face of prosperity!

With three moves, she vomited a mouthful of blood, like a broken kite hitting the ground.

His face was pale.

But before Wen Shishi ran far, one of them grabbed the clothes and threw them to the ground.

Very embarrassed.

Xiao Jian saw the two sisters lying in front of him, and his desire completely exploded: "Don't say, I have not played twins in Kunlun for so long. In that case, I am welcome."

"When I finish, it's my turn to go!"

When the words fell, Xiao Jian went to the second daughter!

"Sister!" Wen Shishi panicked to the extreme.

Wen Tingting tried to pick up the sword on one side but found that his arm didn't have any strength.

"Damn it!"

"Sister, we blew ourselves together!"

At this moment, Wen Tingting's eyes were determined.

"Ok!"

Just as the two were about to explode and swear to the death to defend, a tiger roar suddenly sounded.

The tiger roars!

The ground is shaking!

The expressions of everyone present changed drastically!

"No! This is the voice of the mad black tiger! And it's the king of the black tiger!"

Chapter 727: Not qualified!

Xiao Jian's hand stopped completely.

Don't dare to approach Wen Tingting for half a step!

Is life important? Or is desire important?

Of course it is the latter!

An invisible sense of fear came to my heart.

Because this is no ordinary mad black tiger!

This is the king of the black tiger!

Only one mad black tiger will be born out of 10,000 mad black tigers!

Order Wanhua!

The fierce beast king of the real killing land!

A mad black tiger with a single head is enough to swallow a cultivator who has entered the holy realm!

Not even able to fight back!

The key is that this mad black tiger is a \*\*\*\* furious beast!

Even if you kill one, dozens of them may appear in it!

Once surrounded, you will definitely die!

A man behind Xiao Jian said with a trembling voice: "Brother Jian, the fierce beast is here. Or, let's run. I heard that the king of the mad black tiger will come with Wanhua. Our strength cannot be resisted at all."

Another man also said: "It's not right. The King of Black Tiger hasn't moved for a long time. It shouldn't have been there for a long time, but the vision caused by the tiger's roar now feels more and more. The closer you get, you can withdraw first anyway."

Xiao Jian glanced at the two beautiful girls in front of him.

He had long wanted to press Wen Tingting's thorny rose under him, but he didn't expect it to be destroyed by a beast in the end!

Wen Tingting stared at Xiao Jian with cold eyes, and said coldly: "Xiao Jian, I would rather be killed by this beast than you would be a despicable and shameless person!"

She knew very well that this time, fate was playing tricks.

Will die anyway.

Rather than being unclear and defiled, it's better to become such animal food!

She even looked at her sister Wen Shishi and held her sweaty hands tightly: "Don't be afraid, there is a sister!"

Although Wen Shishi was afraid in her heart, she didn't want her sister to worry, she nodded: "Sister, it's okay, to be honest, although I have seen the mad black tiger, I haven't seen what the king of the black tiger is like. Just what I wanted."

Seeing that the two sisters had such an attitude, Xiao Jian was angry!

I really thought I couldn't help them?

It was just a tiger roar just now, the mad black tiger might not come here!

No longer thinking about it, Xiao Jian said to the three people behind him: "You set up a big shielding formation! If there is a formation, the crazy black tiger will never find it! No matter what today, I must join these two women!"

The three people behind Xiao Jian glanced at each other, and finally they all headed toward three directions.

The three fingers pinched, a drop of blood was forced out, and a barrier gradually covered it.

Xiao Jian snorted coldly when he saw this scene, and the greedy desire stared at Wen Tingting: "Smelly bitch, do you really think I would be afraid of the mad black tiger? Even if the king of the black tiger really comes, I will kill him. Say it again!"

At the end of the speech, Xiao Jian pounced on him.

Naturally, Wen Tingting couldn't let the other party push her around, shaking her hands and forcibly grabbing the sword that fell beside her, and stabbing him at Xiao Jian!

"Pop!" But Long Sword had no power at all, let alone sword aura, it was easily shot off by Xiao Jian on the spot.

At the same time, Xiao Jian squeezed Wen Tingting's neck with his right hand and lifted it up!

A feeling of suffocation came.

"Smelly bitch, dare to resist?"

At this moment, Xiao Jian was between madness and violence, and then he threw Wen Tingting out!

Wen Tingting was already injured, and with such a blow, she spit out blood.

Embarrassed to the extreme.

"sister!"

Wen Shishi subconsciously stood in front of Wen Tingting.

With five fingers and a grip, there is also a long sword in the palm of the hand.

Her hand trembled, but she said without hesitation: "You are not allowed to move my sister!"

The violent Xiao Jian snorted coldly: "Since you are going to stand in front of your sister, now I have changed my attention. Let me start with you first!"

In the next second, Xiao Jianhua turned into an afterimage, and the five fingers pulled towards Wen Shishi's clothes!

The air waves are rolling, once this power falls, Wen Shishi can't hold it!

Her face was pale and she closed her eyes subconsciously.

And just at this critical moment, another shocking tiger roar resounded!

Then, a black shadow flashed quickly.

The three people who were originally condensing the formation felt a gust of wind swept away. When they saw the front of the shadow clearly, they just wanted to talk, but they were swallowed!

Three blood mists suddenly formed!

Such a shocking sound made Wen Shishi open his eyes, who had closed his eyes.

But seeing the picture in front of him, the beautiful eyes were completely widened, like a ghost.

This... how is this possible!

The same goes for Wen Tingting, who was seriously injured!

Her cold eyes stared at the giant black tiger behind Xiao Jian!

The giant tiger is majestic and breathtaking!

She is almost certain that this is the king of the mad black tiger!

This aura seems to be close to the holy king realm of human monks, extremely terrifying!

This is not what surprised their sisters the most!

Even more surprised was a young man sitting on the back of the beast!

The young man's face was cold and arrogant, and his eyes were light and light.

As if nothing can make him fluctuate!

The key is this young man and their sisters have just met!

Isn't it Ye Chen from the extraordinary realm!

how is this possible!

A transcendental kid is there such a beast to escort?

Even become a mount!

This fierce beast is extremely proud and powerful, not to mention the Saint King Realm, even the strong of the Void Return Realm cannot conquer it.

Xiao Jian naturally felt the danger behind him, and bursts of blood filled his surroundings.

Gradually, he turned his neck stiffly.

When I saw the king of the mad black tiger and Ye Chen on his body, I was shocked!

Then a chill spread all over the body!

"Ye Chen...how could it be possible!"

He could no longer withstand the coercion of the mad black tiger, his legs became weak and he fell directly to the ground.

He wants to run, but at such a close distance, this monstrous tiger can turn him into blood mist in one bite!

Ye Chen looked at Xiao Jian condescendingly, and said lightly: "How do you want to die?"

Just five simple words, like the judgment of death.

What Xiao Jiangan wanted to say, the black tiger screamed!

A scent of urine came from Xiao Jian's body!

"Mr. Ye, I don't know Taishan. Please let me go. I'm willing to dedicate these two women to you!"

He tremblingly said.

As if feeling that this was not enough, Xiao Jian took out another bottle of pill and cautiously said: "Mr. Ye, this pill was given to me by my master. It is of high grade and very suitable for you. Just treat it as my honor to you... .."

Ye Chen snorted coldly, waved his arm gently, and the jade bottle was turned into pieces on the spot.

The pill also disappeared.

"I look down on this \*\*\*\* medicine, Xiao Hei, it's solved."

Ye Chen's words slowly fell.

Along the way, he thought of several names for Kuangsha Heihu, and found it too awkward, so he chose one of China's most common names casually.

Hearing Ye Chen's instructions, the mad black tiger gave a tiger roar again, and his hideous fangs directly bit down Xiao Jian's head!

Chapter 728: fear!

Afterwards, the huge tiger palm fell down fiercely!

Who can bear such a force!

Blood splattered!

Xiao Jian couldn't even complete his body, only a pool of blood and mud!

Sisters Wen Tingting and Wen Shishi were completely stunned when they saw this scene.

No one can think that things will end this way.

In the end, it was the boy they most disdain to save them.

Wen Tingting seemed to be slapped invisibly on the cheek, thinking that because of her contempt and indifference, she was rubbing shoulders with a top powerhouse.

Even the king of the mad black tiger must obey Ye Chen, and the entire Yucang Mountain can belong to Ye Chen!

What else does he want to team up!

Wen Tingting thought that Ye Chen could not climb the two sisters, but now, she can't afford it!

Check out this new online game!

Sister Wen Shishi reacted first and exhaled. There was a hint of excitement in Ye Chen's eyes. She leaned slightly: "Ye Chen, no, no, Mr. Ye, thank you for your help."

Ye Chen got down from the mad black tiger, took out a pill, and threw it directly out.

"Take this pill, you will feel better."

Wen Shishi looked at the pill with red palms and smelled the strong fragrance on the tip of his nose, knowing that the pill was very valuable.

Ye Chen became more mysterious in her heart.

Fortunately, I made good contact with Ye Chen from the beginning, but the results would be unimaginable.

"Mr. Ye, you saved my sister and me just now, and we have nothing to return. This pill is too expensive, or you can take it back."

Ye Chen waved his hand: "I saved you because of your father. It's true that I am from China Dragon Soul."

"Although I have never met your father, it is still a systematic one."

Wen Shishi glanced at Ye Chen suspiciously, silently noted this kindness, and then took the pill.

After the pill was taken in, the effect dissipated, and her internal organs seemed to be wrapped in a force, and her comfort was extremely comfortable.

But at this moment, the sister Wen Tingting on the ground stood up with difficulty, wanted to apologize, but couldn't say it. In the end, she could barely spit out two words: "Thank you."

Ye Chen ignored him, and went straight to the mad evil black tiger. Just as he was about to leave, Wen Tingting quickly stopped Ye Chen: "Mr. Ye, wait a minute."

She knew very well that with the power of her and her sister, it would be difficult to rush out of this place to the Land of Killing!

The only chance is the mysterious youth in front of him.

Ye Chen stopped and said nothing.

At this moment, "Plop!" With a sound, Wen Tingting, who has always been arrogant, knelt in front of Ye Chen!

Her face flushed, and she said, "Mr. Ye, there was a conflict of words just now, but I hope Mr. Ye will not take it seriously. It is Tingting's heart.

Tingting knows that Mr. Ye can't calm down, she can only show her determination by death! Seeing that my sister has never been malicious to you, I also ask Mr. Ye to take her sister Wen Shishi to the land of killing safely until he meets his father. "

After the words fell, Wen Tingting picked up the cold sword on the ground and suddenly moved toward her neck.

No matter what, one of the two must survive!

Just as the long sword was about to pierce her neck, a wind blade came violently, and the long sword in her hand shattered directly.

"Your life is worthless in my eyes."

"I can take you away, but remember, you have nothing to do with me after leaving this land of killing."

Wen Tingting reacted and quickly knelt to thank you: "Mr. Ye, this kindness, I will always remember Wen Tingting!"

"If there is a chance, I am willing to repay it at all costs!"

After speaking, she glanced at her sister, and then took her sister to follow Kuangsha Heihu silently.

Ye Chen glanced at his slightly weak younger sister Wen Shishi, and blew a whistle.

In the next second, two black tiger phantoms burst out of the darkness!

They are two crazy black tigers again!

It's just that these two auras are more than ten times lower than that under Ye Chen!

The front legs of the two black tigers were bent and crawling on the ground, obviously for the second woman to climb up.

The two women were a little scared in their hearts, the key to their strength had never thought that there would be a mad black tiger as a mount!

Wen Shishi swallowed, and said to Ye Chen: "Mr. Ye, you are..."

Ye Chen rode the mad black tiger towards the front, a faint voice fell: "Go up, these two guys will not hurt you."

At this moment, Ye Chen has already controlled this mad black tiger in a radius of ten miles!

The second daughter hesitated for a few seconds before climbing up the body of Kuangsha Black Tiger. In the next second, the two rushed to chase Ye Chen.

The three-headed mad black tiger instantly makes all the hidden murderous opportunities disappear!

Some human monks were approaching the land of slaughter. When they saw the three running figures clearly, their expressions were frozen.

Like hell!

Someone surrendered the mad black tiger in this place?

And it's \*\*\*\* three!

It's a pity, because the Kuangsha Black Tiger is too fast, they can only see the Kuangsha Black Tiger is two women and one male.

As for the identity, I don't know.

...

Fifteen minutes later.

Ye Chen stopped, because in front of him was a magnificent city gate The words Killing Land were written on it.

Inside the city gate are various high-rise buildings, some even thrust into the sky.

The entire city is guarded by an ancient formation!

But the sky above the firmament is full of blood!

Even in broad daylight, a blood moon hangs high.

Not only that, Ye Chen found that the blood dragon aura in his body became stronger!

As if under some guidance, he was eager to rush out of the body immediately and swallow the blood moon.

Wen Tingting got off the mad black tiger and respectfully said to Ye Chen: "Mr. Ye, this place is the land of killing. Generally, the mount cannot enter... If Mr. Ye insists, the consequences will be very troublesome."

Ye Chen nodded and jumped down.

The most urgent matter is to find the master quickly, but the ancestor Qingxuanfeng can only confirm that the master is in the killing place, but does not know the specific whereabouts of the master.

However, the ancestor of Qingxuanfeng has sent a disciple to wait inside, and I hope this disciple has the whereabouts of the master.

At this moment, my sister Wen Shishi came up, her pretty face flushed: "Well, Mr. Ye, you all said you want to see my father, or else, let's go in together. It won't take you too much time."

Ye Chen thought for a few seconds, but still agreed: "Okay."

Dragon Soul is the second place. Ye Chen learned from the second woman that their father had been here for a long time, and he might know the whereabouts of the master.

"By the way, Shishi, don't call me Mr. Ye, just call me Ye Chenyi or Big Brother Ye."

Ye Chen said again.

He has a good impression of this kind girl, of course, this affection is only because of the other's character.

Wen Shishi cheered and seemed very excited: "Okay, Ye Xian... Brother Ye!"

Wen Tingting on the side looked at her sister like this, and sighed deeply, knowing that the little heart of Dou Chukai's sister was already occupied by this man.

Chapter 729: Crisis on the top floor

But this is also very normal. Kunlun is always respecting the strong, and Ye Chen is not only strong, but also the lifesaver of the two of them. With these two points alone, which girl can remain unshakable.

Even if it was her, if she really wanted to talk about it, her heart still throbbed.

Ye Chen glanced at the mad black tiger, and said: "You go in, and when I need you, I will communicate with the mark of the sea of knowledge."

The three-headed mad black tiger took a deep look at Ye Chen, then turned and headed toward the depths of the forest.

"Let's go."

Ye Chen walked with his hands behind him. Although the gate was checked, it was not too harsh.

After all, anyone in this land of killing is eligible to enter, but it does not mean that everyone can survive!

When stepping inside, Ye Chen felt countless eyes shooting at them.

Bad.

Icy.

Among them, there are some strong in the Saint King Realm.

"Mr. Ye, our father is in a place called Wanshui Pavilion, and one kilometer to the north will arrive. Wanshui Pavilion was opened by my father."

Wen Shishi explained.

Ye Chen nodded, put his hands behind him, and walked toward the north.

As for those murderous gazes, he completely ignored them.

These people are just beaming clowns. If he really intends to move himself, he doesn't mind letting the whole land of killing be stained with blood!

Perhaps it was because Ye Chen burst out with a strong killing intent and self-confidence, those eyes finally dissipated.

Wanshui Pavilion.

When the three arrived, they found the door closed tightly.

Wen Tingting frowned and quickly knocked on the door: "Dad?"

But the door was not open for a long time.

Just when she was about to give up, the door suddenly opened, and then a cold voice sounded from the force: "Come in!"

Wen Tingting and Wen Shishi no longer hesitated, and hurriedly entered one side of their bodies.

But Ye Chen glanced at the top floor of the other building before stepping into it.

...

At this moment, on the top floor, two young men in long robes looked condescendingly below.

Because of the glass barrier, it is impossible for the outside world to see these two young people.

"what?"

One of the young people suddenly spoke, with doubts in his eyes.

He looked at the other man next to him and said, "Why do I feel that the kid who entered last found us?"

"But there is still a formation on the periphery, let alone the Transcendent Realm, even the strong of the Void Return Realm will not find us."

"Old Pan, do you feel it?"

The other young man moved his hand to the east-west direction similar to a telescope, frowning, and did not speak.

The speaking young man said again: "Lao Pan, why are you in a daze, do you feel it? This treasure is hidden in the hands of Wen Lifeng in Wanshui Pavilion. If we don't figure out this kid, what if the baby is just picking up flowers? do?"

The young man called Lao Pan suddenly thought of something and suddenly took out a portrait!

In the portrait is the face of a young man!

It is Ye Chen!

Seeing that the guess in his heart was confirmed, Old Pan smiled coldly: "I didn't expect to have unexpected gains today, haha, God helped me too!"

The young man was startled, and his face became more suspicious: "Old Pan, what are you trying to express? Do you have a crush on those two girls? Twins are indeed not bad, but the value of the baby is far more important than that of women. Also, if you get something like Wen Lifeng's hand and give it to the Dao Sect Master, your status may rise!"

The smile on the corner of Old Pan's mouth was cold, and then he threw the portrait to the youth: "Jiang Luo, although I care about that baby, I found something more valuable."

"The last kid who entered is named Ye Chen, from Huaxia, who is the apprentice of Duan Huaian, the medical god!"

"Originally, Sect Master gave us the order to win Duan Huai'an in the Land of Slaughter, but I didn't expect that this Huaxia waste apprentice from Huai'an would also come. It happened to take both of them. Next year, I will definitely become an elder of Dao Sect!"

"God helped me too!"

Jiang Luo glanced at the portrait, his eyes were also happy: "Old Pan, when will you start?"

Old Pan looked condescendingly at Wanshui Pavilion, his eyes seemed to be in charge of everything: "No hurry, the net has been laid, who can escape my Dao Sect's pursuit!"

At this moment, Wanshui Pavilion.

A middle-aged man pressed a button, and the dim hall was completely brightened.

The middle-aged man wore a combat uniform.

The dragon soul logo is still on the combat uniform.

It's just that the clothes are a bit old, and even the dragon soul logo is different from now.

"dad!"

When Wen Shishi and Wen Tingting saw the middle-aged man, their voices were extremely excited.

The middle-aged man is obviously Wen Lifeng.

Seeing that the two daughters are safe and sound, Wen Lifeng sighed: "Just come back, just come back! I want to pick you up for my father, but now there are some special circumstances that make you suffer."

"By the way, how did you two get here through the land of fierce beasts?"

Wen Shishi and Wen Tingting's eyes fell on Ye Chen, who had not spoken.

Only then did Wen Lifeng pay attention to this strange man.

Extraordinary.

Not much in the land of killing.

It can only be considered the bottom layer.

Even if the cultivation bases of his two daughters are much higher than him The key is what did your daughter bring this kid here?

Wen Shishi quickly explained: "Dad, thanks to Big Brother Ye, if it weren't for Big Brother Ye, my sister and I would have died there long ago."

"And Dad, Xiao Jian arranged by your friend is a scumbag! Beast!"

Even so, Wen Lifeng was also a little hostile to Ye Chen, he had stayed in the Land of Killing for too long.

People are warm and cold, he knows better than anyone!

No one will save people for no reason!

What's more, this kid's cultivation base does not match his strength, obviously hiding a bit.

Such people definitely have a problem!

Wen Lifeng took out some top-grade spirit stones and handed them to Ye Chen: "Little brother, thank you for saving my two daughters. If you need to use the place in the future, please ask the little brother to come here to find me. I will be here! "

Obviously, he wanted Lingshi to return Ye Chen's love.

Let Ye Chen leave.

After all, it is very time now, and no one can stay here any longer.

No one knew what the real identity of this strange man was.

Wen Shishi obviously noticed his father's misunderstanding, and quickly explained: "Dad, you made a mistake! Big Brother Ye is a good person, and Big Brother Ye is also from China! He knows the Dragon Soul of China!"

Hearing these words, Wen Lifeng's eyes shrank, he had a sense of belonging to the Dragon Soul.

If it weren't for that accident, he wouldn't have entered here.

He wanted to go to China countless times, but found that he couldn't leave the land of killing now.

He has a more important mission!

Wen Lifeng looked at Ye Chen and said seriously: "I don't know if you are..."

Before he finished speaking, Ye Chen threw out a certificate.

An indifferent word resounded through the hall.

"Ye Chen, Chief Dragon Soul instructor!"

Chapter 730: Where to get it

Chief Dragon Soul instructor?

These five words made Wen Lifeng's expression choked.

He knows the meaning of these five words better than anyone.

Although he was an older group of Dragon Soul fighters, even if his strength here far surpassed those strong men in China back then.

But he has always regarded himself as a member of the Dragon Soul.

Never changed!

In front of him, this young man was actually the current Dragon Soul Chief Instructor!

These words alone made his blood boil!

His body trembled slightly!

In the next second, the body was straight and a standard salute!

"China Dragon Soul Wen Lifeng has seen the Chief Instructor!"

The sound vibrates, and endless waves of air are released.

This scene frightened Wen Tingting and Wen Shishi.

They know their father better than anyone. Wen Tingting's arrogance is inherited from her father.

And at this moment, his father actually has such an attitude towards Mr. Ye?

"Chief instructor?"

What is the source of this Mr. Ye?

Ye Chen nodded, and things became much simpler in this way.

Although Wen Lifeng's strength was above the Saint King Realm, it was nothing in his eyes.

"Instructor, why are you here? What happened to the brothers of Huaxia Dragon Soul? Also, do you know a man named Lei Shuwei? Is he still alive?"

Wen Lifeng said excitedly.

He hasn't been to China for 20 years.

Things are different, I don't know how my former comrades in arms are!

And Ye Chen in front of him undoubtedly knew everything he cared about.

Even though Ye Chen had determined the relationship between Wen Lifeng and Dragon Soul, he never expected the other party to know Lei Shuwei.

This is a coincidence.

But seeing that the two are indeed about the same age, I am afraid that Lei Shuwei and Wen Lifeng had a life-long friendship.

Ye Chen said: "Lei Shuwei is now in charge of Dragon Soul, and he applied for the position of my chief instructor from China."

"He has a good relationship with me. In that case, you and I are my own."

Wen Lifeng became more excited when he heard Ye Chen's words!

He even murmured: "I knew that Leizi would climb up, but unfortunately I couldn't witness it."

Suddenly, he looked at Ye Chen and quickly said: "Instructor, you have been living here these few days. It's not peaceful outside."

"There is a powerful formation guarding this place. It is very difficult for ordinary people to get in."

"Also, I guess someone has noticed you in the dark. If you go out again, someone will find you."

"At that time, Wen Lifeng will kill the instructor."

Hearing these words, Ye Chen frowned: "What do you mean?"

Wen Lifeng hesitated for a few seconds, but wanted to say but didn't know how to speak.

Ye Chen knows: "Since it is not convenient, then forget it."

Wen Lifeng glanced at his two daughters, gritted his teeth, and said: "Instructor, this matter is actually not a secret, you wait for me here."

Later, Wen Lifeng entered a room.

When he came out, there was an extra box in his hand.

There are ancient lines on the box, and runes are revealed.

It's extraordinary.

Suddenly, Ye Chen's face changed slightly.

He found that the moment this box appeared, the blood dragon in his body looked strangely violent.

This level of violent, if not forcibly suppressed by him, the consequences would be disastrous!

What is in this box?

Why does the blood dragon move so much?

Wen Lifeng glanced at Ye Chen and explained: "Instructor, this object was left by a guest. I wanted to return this object to the guest, but found that the guest died strangely. But the guest came into contact with it. Most of the people, all have an accident."

"If I guessed correctly, someone is looking for this thing."

"Look for this thing at all costs."

"In the past few days, I have felt that someone is observing me near the Wanshui Pavilion. The forces of the Land of Killing are complicated. Although there are forces behind my Wanshui Pavilion, those people who dare to be so unscrupulous will definitely take action against Wanshui Pavilion. ."

"If it weren't for the formation, this group of people would have come in long ago."

"It's just that, although I have this box, I don't have the key to open it."

Ye Chen heard Wen Lifeng's words, stretched out his hand, and touched the box.

A sense of warmth came.

In the next second, the power of the blood dragon in Ye Chen's body was all concentrated on his right hand.

Vaguely, the blood dragon seemed to have penetrated the box and got into it!

"Kacha!" With a sound, something strange happened.

The quaint box opened a gap directly!

The expressions of Wen Lifeng and the two sisters were frozen, surprised to the extreme.

Wen Lifeng used all means to try to open this box, but this box seemed to be made of an extraterritorial meteorite, and it couldn't be broken even with a sword!

In his opinion, there is no key to open it.

What the \*\*\*\* is there?

The instructor touched it lightly, and he opened it directly.

Or is that what the instructor is good at?

As if perceiving everyone's doubts, Ye Chen shrugged and explained: "I don't know why, I just feel that there is a force in it that attracts me."

Wen Lifeng slowed down and said: "Instructor, if you can open this thing, it proves that this thing is predestined with you. If so, this thing will be handed over to the instructor."

Ye Chen did not evade, the blood dragon in his body seemed to be spreading in his mind: "You must get it! You must get it!"

It was the first time he felt such a powerful belief in the blood dragon!

No more hesitation Ye Chen opened the box directly!

In an instant, the red light flickered!

I saw a red bead lying quietly in the box!

The beads are crystal clear, but they contain supreme aura and evil intentions.

As soon as this horrible meaning came out, Wen Lifeng and the Wen sisters couldn't bear it at all, and their bodies retreated quickly!

Only Ye Chen remained motionless.

The blood in him seems to be boiling!

The blood dragon roars!

In the blink of an eye, the blood dragon plunged into the red beads again.

The speed was too fast, and even Wen Lifeng and others only saw a shadow swaying by.

Regardless of his evil intentions, Ye Chen forcibly grasped the red bead, and he immediately found that Dan Tian Gungun's true energy was absorbed by the bead!

At the same time, the blood dragon carried the red beads, surging wildly!

Finally, actually got into the cemetery of reincarnation.

Ye Chen closed his eyes, and he could clearly feel that the red beads had been suspended in the midair of the reincarnation cemetery, like a dazzling star.

The beads released a strong evil spirit and aura, and the entire reincarnation cemetery was filled with this force.

The blood dragon was wrapped around the red beads, and the body gradually became substantial.

"What the \*\*\*\* is this? Why is it so highly consistent with the blood dragon?"

When Ye Chen was puzzled, a figure was suspended in the world.

It was Lin Qingxuan who had never appeared.

Duan Leiren had gone to Kunlun to deal with that matter, and now Ye Chen had only one great power to communicate.

It is Lin Qingxuan.

Lin Qingxuan raised his head and looked at the scene of the blood dragon playing with beads, but his eyes were a little heavy.

After a few seconds, he said: "Boy, where did you get this blood drop?"
