

## Urban Medical 741

Chapter 741: This is your chance!

He still has things to do these days. If you add those two people, it will only be more troublesome, but when you think of the evil thing.

This thing gave him a great opportunity, this kind of grace, even if it saved them today, it is far from it.

Wen Lifeng seemed to see Ye Chen's hesitation, and quickly explained: "Instructor, although my two daughters are not strong, they can still do something. Of course, if it is really troublesome, I can only take them away, no Trouble the instructor."

Ye Chen glanced at the sister flower, and nodded, "Fine, let them follow me these few days. Then I will find a hotel to stay and arrange the formation in the room. They must not leave unless it is a last resort. If you violate the range of the formation, you will be at your own risk!"

Wen Lifeng was overjoyed and hurriedly said, "Instructor rest assured!"

"Get up, get ready, we must leave as soon as those guys haven't reacted." Ye Chen ordered.

"Yes, instructor."

Wen Lifeng walked towards Wen Shishi and Wen Tingting, and called the two into a room.

"Dad, when shall we go to Uncle Ni's place?"

Wen Tingting said.

Wen Lifeng looked serious and said every word: "Listen to the next words, you two sisters, and no rebuttal is allowed."

"First, this time you two will stay in the Slaughter Land temporarily. I need to visit Uncle Ni. The other party is not necessarily willing to offend those forces.

Second, you stay with the instructor temporarily these few days, as I said, it's best to stay together. "

Wen Tingting's face changed slightly. Although she wanted to refute, she swallowed some words when she saw her father's serious eyes.

The pure Wen Shishi had a flash of light in his eyes, and asked: "Dad, what you said is inseparable, including night?"

Wen Lifeng nodded: "The third and most important point is that you two are my daughters, and I will only do it for you. Anyway, try to get in touch with the instructor. The instructor is a rare genius in a century. On the days of the martial arts weekend, the mere transcendent realm can crush the peak of the Saint King realm. This kind of person's future achievements are by no means ordinary. If you can grasp it, you may not need to drift away in your life."

"There are some things, you know, your mother should have taught you how to hold a man. Once you become a strong man, your life will be worry-free."

Wen Shishi's cheeks climbed into Hongxia, she naturally knew what her father meant, and when she thought of the scene, she even felt a little dry mouth.

Although Wen Tingting did not like her father's behavior, when she was mature, she also understood that her father was right.

Ye Chen's strength is far from that simple.

Which girl doesn't like this kind of dragon and phoenix?

Fifteen minutes later, Wen Lifeng took some bags and left directly.

And Ye Chen glanced at the two sisters and said lightly: "Let's go, let's go to the north to find an inn or hotel."

"Ok."

The cheeks of the two of them were a little red, and Ye Chen looked a little surprised.

Ye Chen didn't think too much, and took the two sisters directly to a hotel near Hong Tao's mansion.

The hotel in Slaughter Land does not need to show any identity, as long as the money is enough.

For convenience, Ye Chen directly opened a suite, located on the top floor, just to check some things in that building.

Because there is only one bed, Ye Chen said to the two women: "For these two days, you can sleep on the bed. It is enough for me to practice on the sofa."

The second daughter wanted to refuse, but when she saw Ye Chen's affirmative eyes, she gave up.

It was late at night, and the two took turns to take a bath in the bathroom.

When he walked out, he was even wrapped in a bath towel.

The hair was wet, and the bath towels couldn't hide their wonderful figures.

The second daughter sat on the bed, glanced at Ye Chen who was practicing, and shook her head helplessly.

Didn't the mother say that as long as the shower is finished, the bathrobe is wrapped, and the wet hair is added, no man can hold it?

But why didn't Ye Chen look at them from beginning to end?

How could there be such a cold man in the world.

Sister Wen Shishi has a blushing face. She has a conservative personality and asks her to seduce Ye Chen. She really can't do it.

Even if she has a strong affection for Ye Chen, she still can't take this step.

At this moment, the cultivating Ye Chen seemed to feel that the atmosphere in the room was a little weird. He opened his eyes and glanced at the two sisters.

The tip of the nose is a little hot.

Because of the posture, Ye Chen could just see the half-concealed beauty under the somewhat open bath towels of the two women opposite.

The slender thighs just hang over the edge of the bed.

The right peaks, half-covered, make people imaginative.

The key is still two beauties.

"Are you still asleep?"

Ye Chen said. "

Wen Tingting was relieved: "Okay...Mr. Ye, we'll go to bed right away... That... Mr. Ye, this bed is big enough, do you want to sleep in too?"

She blinked her long eyelashes and her voice even trembled.

"Don't get me wrong, Mr. Ye, I don't mean anything else, because there is spiritual energy overflowing under this bed. It should be customized which is great for cultivation. Isn't Mr. Ye practicing? The effect here is better."

Ye Chen was taken aback, and his expression turned weird. He came to the bed and put his five fingers on the white bed cover.

really! A trace of aura overflowed.

If you practice in bed, the effect will be even more effective.

It seems that the hotel in the Land of Slaughter has also customized this kind of room for cultivators based on some conditions in Kunlun Xu.

"Big Brother Ye, well, why don't you just practice here? My sister and I sleep next to my sister and I won't disturb you.

In fact, because of so many things that happened today, I am still a little scared. I would feel better if Big Brother Ye was around. "

Wen Shishi explained.

"In that case, I will sit by and practice. You can rest in peace. With me, no one will break in."

The two sisters almost lost their lives twice a day, and their timidity is normal.

Hearing Ye Chen's reply, the two sighed.

The next second, to Ye Chen's surprise, Wen Shishi directly tore off the bath towel on her body, a pair of proud things popped out, and even lifted the quilt and got in.

His face became more and more red.

As if he didn't care about the man next to him.

And Wen Tingting is the same, slender thighs and cold eyes, at this moment, are more like affectionate.

Is this seduce yourself?

Ye Chen shook his head helplessly, only then did he think of Wen Lifeng's weird behavior in the afternoon.

Everything is clear

Unexpectedly, Wen Lifeng, the old fox, planned to use his two daughters to pit his instructor before he left.

He even felt a little bit ridiculous.

No longer thinking about it, Ye Chen closed his eyes and continued to practice Nine Heavens Xuanyang Jue.

The spiritual energy surging all over the body came from a black stone under the bed.

Chapter 742: Insult the teacher, die!

I don't know how long he has been cultivating, Ye Chen felt a little movement around him.

When I opened my eyes, I realized that Wen Shishi, who was already asleep, might have been asleep because of poor sleep. The quilt on one side had been kicked away. The spring light was revealed, and her slender thighs and plump buttocks were even more exposed.

Even the hips tightly held Ye Chen's legs.

A touch of warmth makes people think about it.

Ye Chen was a normal man no matter what, some part of his body had some reactions when he saw this scene, coupled with the fact that it was too late for real pressure, he was quite proud.

Ye Chen gave a light cough, and just wanted to use real air pressure, only to find that Wen Shishi might have heard the movement. One turned over, slender and white thighs caught Ye Chen, and a pair of jade hands climbed up.

Accurately caught the fire.

Wen Shishi even squeezed subconsciously. Suddenly, Wen Shishi noticed something and opened her eyes. When she found what she was holding, her cheeks were flushed, and she quickly let go!

"Big Brother Ye... Yes, I'm sorry, I don't know that thing is yours either..."

Although she wanted to take Ye Chen, all her actions were subconscious while she was asleep just now.

At this moment, her heart thumped so hard that even her body reacted.

The elder sister Wen Tingting on the side may have heard something too, and said to Wen Shishi in a daze, "Sister, don't disturb Mr. Ye's cultivation."

"Huh~" moaned softly like a mosquito.

Wen Shishi wanted to find a place to sew in, but she glanced at Ye Chen's proud thing, and finally became a little sensible, and whispered: "That, Big Brother Ye, will this be uncomfortable, or I can help You get it out..."

Ye Chen just wanted to answer, when suddenly, there was a loud noise outside.

He shot out the window and found that the source of the loud noise was the building of Hong Tao!

At this moment, the empty tripod at the top of the building is blooming with dazzling red light.

"I go out for a while."

Ye Chen stood up fiercely and walked behind.

This building is the only clue about the master, no matter what vision, it may be related to the master!

Wen Shishi regretted seeing Ye Chen leave!

The opportunity just now was great!

She even thinks that Big Brother Ye is likely to nod and agree, and everything will happen naturally.

She had never thought of using Big Brother Ye, everything just now was just a girl's truest thoughts.

Even without her father's account, she was willing.

Thinking of the picture just now, Wen Shishi's heart was beating frantically at the moment.

Outside the hotel.

When Ye Chen came out, he found that there were all people in the corridor, and these sentiments were mixed.

But definitely not lower than entering the Holy Land.

These people looked at the red virtual tripod on Hong Tao's building with enthusiasm!

"Master Hong Pill, actually broke through again! This time I am afraid that the realm of alchemy has entered the Supreme Avenue!"

"What else is Danshi Hong! I want to call Danzun Hong! This time the breakthrough, I am afraid that the Slaughter Land will respect him even more."

"You're not talking nonsense, the current Hong Danzun alchemy is invincible, let alone the land of killing, even if you look at the entire Kunlun Xu, there is some confidence. It is estimated that the guys in the Kunlun Xu Dan League are very regretful."

The crowd talked, almost all in amazement.

Suddenly someone said: "I think the saddest thing right now is Duan Huaian of the God of Medicine. In two days, he will face off against the alchemy technique. Originally, Duan Huaian lost to Hong Danzun. Now it seems that the difference between the two is It will only get bigger and bigger, maybe it's crushing!"

"More than crushing, if I were Duan Huaian, I would immediately leave the Land of Killing and lose my reputation, it doesn't matter, but it would be bad if I lost my life."

"What are you kidding? Now that the whole city is banned, you think that Huai'an is still eligible to leave. It is estimated that you are wiping your tears in which corner, haha! A trash that was destroyed by Dao Sect, I really don't know where I have the courage to challenge Hong Dan. Respect! Overestimate your ability!"

"If I am this kind of trash, die!"

There are two cultivators who have reached the peak of the Holy Realm, constantly using Ye Chen's master to belittle and even insult!

The words are terrible!

Even Master Ye Chen's ancestors insulted.

Ye Chen's eyes shrank, and his murderous intent broke out. He came to the middle of the two, and an invisible wave of air directly overflowed in all directions!

The two of them turned pale, and they took a few steps back.

"They are my masters, you are not qualified to insult! Insults, only death!"

These two voices entered the ears of the two men, and their eyes widened, terrifying.

Just about to talk, two cold lights shot out!

A dangling silver needle was inserted between their brows.

The cold feeling of death engulfed them instantly!

No blood!

But it can only fall to the ground!

The pain is unwilling.

No one noticed the deaths of the two of them. Even if someone saw it, they sneered and began to sigh Hong Danzun's power again.

This is the land of slaughter, death, too common!

Killing is the kingly way!

After doing all this, Ye Chen came to an excited young man who praised Hong Tao for his deeds, and curiously asked, "Do you know Hong Tao?"

The young man was taken aback, and immediately glared at Ye Chen fiercely: "Hong Danzun's name is something you can call! I think you are looking for death!"

The young man just wanted to do it Someone persuaded him: "Wang Qi, what is your kid's madness? You didn't realize that he is just a transcendent state. I guess it hasn't been long since I entered the land of killing, how could I know Hong Danzun."

The young man named Wang Qi reacted and snorted at Ye Chen: "Boy, I don't care about villains!"

"But I warn you, in this land of killing, anyone of you can refuse to accept it, but Hong Danzun must accept it, otherwise you don't even know how to die!"

"This guy is very good at alchemy?" Ye Chen asked curiously.

Wang Qi cast a white glance at Ye Chen and said angrily: "You are not nonsense, you did not see the pill cauldron phantom above the void? This is the qualification! This time, Hong Danzun's alchemy technique may have reached the holy level. The realm."

Ye Chen was startled, he had never heard of this state.

It seems that Kunlun Xu's alchemist realm is divided.

Martial arts are divided into realms, and alchemy is naturally the same.

Wang Qi cast a white glance at Ye Chen, and said coldly: "You don't even know the realm of alchemy, I will give you science!"

"The Kunlun Void Pill Refining Realm has a total of eleven realms, which are mortal level, earth level, heaven level, mysterious level, spirit level, holy level, holy king level, virtual level, virtual king level, Dao source level, and emperor level. The levels are divided into lower, intermediate and upper levels."

"And now according to the vision, Hong Danzun must be above the holy level in the realm of alchemy! Starting from the holy level, it is equivalent to having the qualifications to refine the ancient pill!"

Suddenly, according to this realm, Ye Chen can refine the pill at the profound level and the spiritual level. At the beginning of the reincarnation cemetery, with the help of the Immortal Lord, he refined the Primordial Virtual Reality Pill. It should be of Saint-level or Saint-king level.

It seems that there is a huge gap between him and this Hong Tao.

Chapter 743: Dawn!

The master's alchemy realm is at most a spiritual level. After all, if the Dantian is destroyed, the alchemy will have a great impact.

In this battle, the master will lose!

No matter what, he must find a way to break this game.

Ye Chen stopped hesitating, grabbed the railing in one step, and jumped down.

Naturally, those cultivators would not be too surprised. In their eyes, this was nothing more than Ye Chen's anger.

Wang Qi snorted coldly: "It is estimated that this kid is imperfect and knows nothing. He dares to come to the land of killing."

Another human said: "The kid's realm is in a transcendent realm. I don't even know what alchemy is. What is it to talk with this person? It's a waste of time."

Wang Qi nodded, his eyes fell on the Danding phantom again in the sky, and said with emotion: "After today, it is estimated that no one in a radius of thousands of miles can shake Hong Danzun! It would be nice if he could be the person next to Hong Danzun. "

...

And at this moment, in the dark night, the Land of Slaughter flashed a black shadow quickly.

The owner of Sombra is Ye Chen.

Soon, Ye Chen stopped and he had already arrived at Hong Tao's mansion.

There are strong men on all sides of the mansion!

To Ye Chen's surprise, these people are all in the Saint King Realm!

Such strength can only watch the door?

It can be seen that Hong Tao has a noble status in the Land of Killing!

Not only that, Ye Chen also found a dozen pairs of eyes on the building staring around!

Murderous, cold!

These people are absolutely above the Holy King Realm!

There are even real Void Returning Realm powerhouses!

Once you break in, if you don't use the power of Lin Qingxuan in the reincarnation cemetery, you will definitely die!

In addition, the formation on the periphery of the building is full of breath, revealing murderous intent!

Definitely an ancient killing formation!

Ordinary people approach, directly into blood mist!

The suppression of the Ancient Killing Array is not a joke!

"This old guy is so scared of death? This place is so solid, it's too difficult to break in!"

Ye Chen thought about the coping methods.

At this moment, an old man above the building obviously spotted Ye Chen and said loudly, "Who!"

With a roar, the strong men noticed Ye Chen and came to Ye Chen one after another.

Ye Chen's eyes shrank, and Canglong Illusory God Technique surged and went directly into the darkness.

Soon, it disappeared into the darkness.

And the old man who found Ye Chen stopped and did not continue chasing. His cold eyes stared at the darkness, and said lightly: "So fast, this kid just exposed a very strong murderous intent, I'm afraid It's not good for Hong Danzun. It's a pity that this kid reacted too quickly."

Those strong guards came to the old man and said respectfully: "My lord, do you want to keep chasing?"

The old man shook his head: "No, that guy is just a beaming clown, not to be afraid. It is probably Hong Danzun's breakthrough vision that attracted that guy."

"If he dares to get closer to here a hundred meters, I will make him feel the fear of death!"

...

Ye Chen returned to the hotel, Wen Shishi and Wen Tingting asked a few words. Ye Chen didn't pay too much attention to it, and just sat on the other side of the bed and entered the cultivation state.

The safety of the master is more important than anyone.

Before determining the way to deal with this matter, the only thing Ye Chen had to do was to strengthen himself.

Right now he has plenty of cards.

The unquenchable fire.

Natal talisman.

The power of the blood dragon.

There is also the dark dragon ball at the center of the eyebrow, which is enough to be enchanted.

Finally, there is the Jiuxiao Thunder Sword that Duan Leiren left behind!

Although I don't know what kind of terrifying power this Nine Heavens Thunder Sword has, Duan Leiren has explained many times that it can only be used in crisis situations, which shows the horror.

In addition to these, there are those murderers outside the Land of Slaughter, enough to give orders.

These cards wanted to shake the power of Hong Tao, and they were 50-50.

"Forget it, let's take a step and take a step. An ancestor of Qingxuanfeng has a disciple waiting for him in the land of killing. Tomorrow, I will try to see if he can find it. Maybe the other party has a rest from the master."

...

No words for a night.

After Ye Chen woke up, he went outside.

The Land of Killing is not much different from some provinces and cities in China.

Shops, clothing stores, everything.

It's quite lively.

He had planned to find the Qingxuanfeng disciple, but he didn't expect that for some reason, the phantom Pill Ding suspended in the air emitted a dazzling light.

All the cultivators on the road rushed frantically to the north.

Ye Chen was puzzled, but he still followed.

Soon, he found that everyone had come to a stone monument.

On the stele, there is an ancient rune.

A word is engraved on the rune: Dan!

Just when Ye Chen was puzzled, an old man stepped lightly and instantly came to the top of the stone tablet.

Looking condescendingly at everyone present.

Ye Chen knew this old man because he discovered his existence last night.

But the other party didn't see him clearly, so he wasn't afraid.

With a wave of his long sleeves, the old man looked at everyone condescendingly, and said lightly:  
"Today I call everyone here, just to pass on Hong Danzun's command!"

Hong Danzun stepped into the peak of alchemy holy realm in one fell swoop yesterday! Celebrate the whole world! This is the honor of the Land of Slaughter, and even the honor of Kunlun Xu!

Everyone should know that Hong Danzun and the waste Duan Huaian of the God of Medicine Sect had a big match in the morning!

This is too difficult for Hong Danzun is simply crushing! In order to increase the difficulty, Hong Danzun issued this talisman to invite all alchemists from the Land of Killing and even Kunlun Xu to come and challenge! "

"Anyone who takes this talisman can challenge Hong Danzun together in the future!"

"Winner, Hong Danzun can promise any condition!"

"The loser becomes the sacrifice of Hong Danzun's pill, and it is considered supreme glory!"

As soon as this was said, the expressions of everyone present changed drastically!

There is no glory, this is obviously a one-sided thing!

That Duan Huaian couldn't help himself, he was not far from death!

Who would dare to die?

Challenge Hong Danzun?

Under the world, who dares to challenge Hong Danzun?

Ye Chen squinted slightly, just about to say something, a big hand suddenly patted Ye Chen's shoulder.

Ye Chen's murderous intent was released instantly, and a dagger appeared in his hand. The dagger tore through the cold light and went directly to the person behind him!

But before he touched the opponent, he stopped!

"Mr. Ye, I came down from Qingxuan Peak and have been waiting for Mr. Ye all the time."

Ye Chen took the dagger back, looked around and found that everyone hadn't noticed it, and he said:  
"Why are you here?"

The young man smiled honestly: "Mr. Ye, my name is Xiaoxuan. The ancestor asked me to listen to your instructions here. As for how to find Mr. Ye, I naturally have a way."

"I wanted to see Mr. Ye yesterday, but because of some delays, please don't take it off."

Ye Chen nodded and said directly: "Since you have been here for a long time, have you ever seen Duan Huaian?"

Chapter 744: Crazy move!

Xiao Xuan hesitated for a few seconds, and said, "Qi, Mr. Ye, I met your master a few days ago, but then I lost it in the west. During this time, I have been trying to find a way, but found your master. There has never been a slaughter place, it should be hiding, or in a state of cultivation."

"That... Mr. Ye, this is not a place to talk, you come with me."

Seeing that Xiaoxuan had no master's whereabouts, Ye Chen shook his head, without any intention of leaving.

Since others are unreliable, you can only rely on yourself.

Instead, he took out a mask from the reincarnation cemetery and put it on his face.

Xiao Xuan was a little surprised: "Mr. Ye, what are you doing?"

Ye Chen sneered: "Since you can't determine the whereabouts of my master, then I can only rely on my own methods."

After speaking, he walked towards the stele.

Xiaoxuan is not stupid, and naturally knows what Ye Chen is going to do.

This Hong Danzun's alchemy attainments he knows better than anyone!

Once Ye Chen went to take down that rune, he would undoubtedly push himself on the road to absolutes!

In his opinion, Ye Chen's move was to save the \*\*\*\* of medicine, but he lost his reason!

"Mr. Ye, no! This is actually Hong Tao's conspiracy! First, he is nothing more than to strengthen his reputation, and second, he can get more high-quality human pill!"

Ye Chen ignored him, and said lightly: "I just want to test my alchemy!"

Hearing these words, Xiao Xuan almost spit out old blood!

Examining the level of alchemy is not about looking for such top alchemists to learn from!

The key is that the bet is too big, a little carelessness is death!

"Mr. Ye, don't be impulsive, really don't!"

Xiao Xuan originally planned to pull Ye Chen, but he didn't expect Ye Chen's body to shake, and an invisible force shook away.

He just felt numb and could not move!

Damn it!

On the stone stele, the old man nodded looking at no one dared to participate, which was normal.

This is undoubtedly an act of death, but anyone with some brains will participate.

Not to mention those people who knew Hong Danzun's reputation in Slaughter Land.

Just when the old man was ready to concentrate his qi on his feet and leave the stone tablet.

A voice rushed in quickly, in the midair, with a grip of five fingers, the rune fell directly on the palm of Ye Chen's hand wearing the mask.

Seeing this scene, everyone suddenly couldn't react.

Actually someone dares to challenge Hong Danzun?

Even the old man's face was horrified, and his heart was full of waves!

Are you really looking for death?

Fool or lunatic?

"Swipe!"

Countless eyes turned towards that dark shadow!

Most of the people present thought that they would dare to challenge, and no matter how they said they should be an old man!

But I didn't expect it to be a young man wearing a mask!

Although they are wearing masks, they can also feel each other's youth!

Not even thirty years old!

Are they crazy?

Even if she started to make alchemy from her mother's womb, she has outstanding talents, it is impossible to compete against Hong Danzun at this age!

madman!

A complete lunatic!

The old man took a deep look at Ye Chen, although he was wearing a mask, he didn't care too much.

It's not to be afraid of being supernatural.

But out of etiquette, he still said: "Boy, do you know what it means to take this rune? This is not a child's play, I will give you the opportunity now, you put the rune back to the original, and then knocked the stone tablet twice. Ten heads, I don't think I have seen this."

In the eyes of the old man, it took minutes to kill the masked young man, but he dismissed it. If he could use it to make his reputation better, he was still willing.

Ye Chen glanced at the rune in his hand, and said lightly: "Since I have taken this rune, it is naturally impossible to put it back. It just happens that there is nothing wrong in the Land of Slaughter these days, so just play around."

This casual play of a few words made everyone present short of breath!

What are you doing casually, this \*\*\*\* has played it all!

To become a Dan Yin, you have to endure the pain of the supreme flame burning!

Who can afford it!

They thought that Huai'an was already overwhelming!

As a result, I didn't expect that the masked youth in front of him was even more ignorant!

Duan Huaian came from the medical sect, so he should be quite proficient in alchemy!

But here is the age of this kid, who knows how to make alchemy!

The martial arts strength barely stepped into the transcendent realm, it is estimated that this life will be spent in cultivation. There is no time to calm down and make alchemy!

The old man didn't expect this masked youth to look for death like this, and snorted coldly: "I gave you a chance, you don't cherish it!"

"Since you are looking for death, I will fulfill you!"

"Also, since this rune is in your hand, you already have your mark, from now on until the day after tomorrow, someone will watch you! Once you try to leave, you will only die even worse!"

Ye Chen casually threw the runes in the reincarnation cemetery, calmly said: "I see, what are you talking nonsense?"

"Hiss!" Hearing Ye Chen's casual words, everyone took a breath!

The strength of this old man is infinitely close to the Xuxu realm, a transcendent realm dare to speak with this attitude!

It's just looking for death!

Although the old man was furious, he knew that once he got the rune, Hong Danzun could only shoot it he was not qualified at all!

He snorted coldly: "Boy, don't be arrogant! Some prices are not something you can bear!"

"Also, at eight o'clock in the morning the day after tomorrow, I will be here waiting for you! The entire massacre will be waiting for you here! If you don't show up, you will be at your own risk!"

After speaking, the old man waved his sleeves and walked directly toward the red building.

Ye Chen didn't plan to stay here any longer, with his hands behind him, he walked towards the hotel: "Xiao Xuan, let's go!"

The shackles on Xiao Xuan's body were lifted instantly!

He hurriedly followed and came to Ye Chen, his face pale, and worried: "Mr. Ye, what are you doing anymore! Dead, dead, we can't leave the Land of Killing anymore! It shouldn't have just taken this thing!"

"No, I have to go back to Qingxuanfeng immediately, only the ancestors have a chance!"

"But the ancestors must have come here too late!"

"How to do how to do!"

Ye Chen looked at Xiaoxuan talking to himself, and couldn't help but feel amused: "You don't believe me so?"

Xiaoxuan sighed: "This is not a question of believing or not, but Mr. Ye, you don't know how terrifying Hong Danzun is!"

Ye Chen stopped, his eyes bursting with a confident light, and said: "Then I ask you, do you think Lin Qingxuan is good at alchemy, or is this \*\*\*\* Hong Tao good?"

Xiaoxuan was startled when he heard these words, and immediately said without hesitation: "Mr. Ye, this is totally incomparable. Master Lin Qingxuan is a doctor and a god, what is Hong Tao? Besides, the way of alchemy is actually the way of medicine. It's just a branch of, if Lin Qingxuan really makes a move, let alone this Hong Tao, the entire Kunlun Xu will be unbeatable!"

Chapter 745: Take advantage!

Xiaoxuan naturally felt that Ye Chen's strong self-confidence broke out.

It was as if the young man in front of him was in the killing field enough to control everything.

But Hong Tao is also a holy alchemist no matter what, and the Lin Qingxuan that Ye Chen said does not exist.

Compare an aspiring figure in the ancient times with a top alchemist in the Land of Killing, is it comparable?

"Mr. Ye, there is one thing you may not understand. Although Ancestor Lin is able to heal, but with the passage of time, most of his spells and alchemy have long been lost. The people of Shenshenmen and Qingxuanfeng are not at all. Enemy Hong Tao, even if the ancestor Qingxuanfeng came to the land of killing himself, it would be difficult to beat Hong Tao in alchemy..."

"Mr. Ye, how about I try to get to Qingxuan Peak as fast as possible? Let the ancestor use the secret method, maybe there is still a chance."

Ye Chen smiled coldly when he heard these words: "Xiao Xuan, if you have nothing to do, hide in the dark, and we will see you the next morning."

After speaking, Ye Chen went to the hotel.

Xiao Xuan wanted to say something, but he swallowed it when the words reached his lips.

Why does Mr. Ye not listen to persuasion!

This is a matter of life and death!

Ye Chen came to the entrance of the hotel and was about to enter when he saw a wanted notice posted on a notice board next to the entrance.

The man on the wanted order is Wen Lifeng.

Fortunately, Wen Lifeng's two daughters did not appear on it.

Ye Chen went to Wanshui Pavilion again and found that Wanshui Pavilion and the building opposite were surrounded by strong men.

The eyes of the few people guarding at the door were cold, with murderous intent all over.

Not only that, but a large part of the forces in the Land of Killing have begun a carpet search.

It seemed that Wen Lifeng was right to leave early, otherwise it would be impossible to leave after these people reacted.

The atmosphere of the entire killing land seemed extremely tense and murderous.

Ye Chen returned to the hotel. When Wen Shishi and Wen Tingting saw Ye Chen, they leaned quickly:  
"Mr. Ye."

Wen Shishi's face was blushing, thinking of the scene last night, she wanted to find a place to sew in.

I just don't know if Mr. Ye thinks too much.

Ye Chen glanced at the two of them and said directly: "I need to retreat for these two days. You two should stay in the room and don't go out. I just saw your father's wanted order outside. I'm not sure if these people found you. It's safest to stay here at present."

Wen Shishi nodded.

But Wen Tingting frowned, as if he was hesitant to speak.

"Do you have something to say?" Ye Chen said.

Wen Tingting nodded, bit her lip, and whispered softly: "Mr. Ye, I was eating downstairs just now and heard many people talking about a masked man. This person seems to be involved in the fight between Hong Tao and the God of Medicine. The masked man is not Mr. Ye."

She knew the main purpose of Ye Chen's coming to Slaughter Land. From some words, she simply speculated that she thought of Ye Chen.

Because Ye Chen's style of doing things is like this.

Ye Chen felt that there was no need to hide it from the two, nodded and said: "It's me."

Wen Tingting heard Ye Chen's personal confirmation, her face pale: "Mr. Ye, you really want to compare alchemy with Hong Tao? I can hear my father talk about it many times. Hong Tao's reputation is not only in Yucang Mountain, but also in the whole Kunlun Xu. He is also considered a shocking talent in this field. Mr. Ye, will this move..."

Ye Chen came to the bed and sat cross-legged directly: "I know your doubts about me, and I don't want to say much now. Two days later, I will let Hong Tao understand what the real way of alchemy is."

After speaking, Ye Chen closed his eyes and went directly to the reincarnation cemetery!

His only support is Lin Qingxuan!

Wen Tingting and Wen Shishi glanced at each other, although they were puzzled, they still chose to believe in Ye Chen.

At the same time, the two offered a long sword to protect Ye Chen's side.

Since Ye Chen was in retreat, the only thing they could do was to protect them as best they could.

...

A deserted house on the west side of the Slaughter Land.

A kind-looking old man was guarding a pill cauldron, under which the flames crisscrossed, and the rich medicinal fragrance overflowed from the pill cauldron.

The old man's clothes were all soaked.

His palm slammed on the Danding, even if it was hot, he still didn't let go.

He endured suffering.

He can't rely on his true spirit.

Dantian was abolished.

If Ye Chen were here, he would definitely find that this old man was his master Duan Huaian.

At the moment, Duan Huaian is trying to refine an ancient pill.

In terms of medical skills, he is enough to crush Hong Tao.

But in the field of alchemy, he is not strong.

The only thing he can do is to go further before the duel.

Suddenly, there was a strong vibration in the Danding!

The vibration is getting stronger and stronger!

Duan Huaian's arms were trembling crazily, and he still did not let go. He used his soul to refine alchemy. This was the only way he could defeat Hong Tao.

"puff!"

Suddenly Duan Huaian couldn't bear it anymore, there was a loud noise directly from Danding, a burning smell overflowed, and his body flew out!

He even spouted a bit of blood in the air and it hurt badly.

This is the 67th time he has failed.

If you can't refine the ancient pill, you can't win the duel with that Hong Tao!

If you can't win, how can the decline of the medical gods be saved!

He needs to take advantage!

The pursuit of Taoism, the \*\*\*\* of medicine is destined to survive in Kunlun.

The only exception is this place of killing.

Once he surpasses Hong Tao, he can re-establish the Medical God Gate here!

You can even receive those apprentices here!

Of course, but at least the medical gods are saved!

He was ashamed of the countless strong men of the God of Medicine, and even more ashamed of Lin Qingxuan, who established the God of Medicine in the first place!

He has no choice.

Duan Huaian wiped off the blood stains from the corners of his mouth, and slowly stood up, the blood was flowing in his clothes, and the old body showed unyielding.

Looking at the somewhat cracked Dan Ding, his eyes were a little lonely, and he sighed: "Is it really because I am incapable of doing it? The \*\*\*\* of medicine will be destroyed in my hands?"

For some reason, a figure suddenly appeared in his mind.

The figure is cold and proud, with hatred and perseverance in the eyes.

"I don't know what happened to Ye Chen in the world. Is Yunhu Villa's revenge? It's estimated that this kid has been staying in China, right? This kid has been too tired for five years, and he should enjoy it.

Back then, I stayed incognito in China for a period of time, leaving too many debts, I am afraid this kid is even more so. And that Xia Ruoxue, he should have seen it, the old woman was too persistent, and because I left, even the word Duan was erased. To some extent, Ruoxue should have the surname Duan, alas..."

The old man thought of Ye Chen and some things about China, and his pale face showed a smile.

Chapter 746: The miraculous effect of the immortal fire!

This is the best antidote for his irritability during this time.

He walked tremblingly towards the pill cauldron, igniting the pill fire again to continue alchemy.

"If Ye Chen comes back someday and finds that there is no Medical God, he will probably be disappointed in me. No matter what, I must do my best for the next battle!"

...

At the same time, in the red building in the Slaughter Land.

In the middle of the building, an old man sits cross-legged.

Different from Duan Huaian, the old man actually had ten alchemy tripods suspended in his entire body!

The supreme flame condensed in his hand, and instantly swallowed all the Danding!

Everything around is in charge for him.

Suddenly, the old man opened his eyes and sneered at the corner of his mouth: "Open!"

The violent wind is violent, countless flames transform into shape, all the pill cauldrons are opened, in the violent wind, countless medicinal materials are rolling away!

Extremely accurate!

Dan Ding close!

Almost instantly, the strong fragrance of the pill began to overflow!

The old man's face looked extremely relaxed.

After a full half an hour, the old man's arm swung lightly, and the ten Pill Dings all fell on the ground.

The "crackling" voice kept resounding!

Who could have imagined that these ten pill tripods would have eight du pill!

The old man stood up, squeezed his five fingers, and all the pills of the Danding fell on the palm of his hand.

Not only the color but also the grade, they are all top grades!

"Although there are no ten tripods, an 80% success rate is enough to crush everything."

"Huai'an, the overweight medical sect, do you really think that the medical sect is still the one thousand years ago?"

"The mere garbage dare to challenge me. Since you want to challenge so much, then I will ruthlessly humiliate you in the future and let you see what is Kunlun's imaginary supreme alchemy!"

"When the alchemy is stable and the alchemy with people is completely successful, I should also go to the alchemy league. I want the entire Kunlun Xu to tremble for me!"

The old man smiled heartily, at this moment he seemed to be in control of everything.

Just then, there was a knock on the door.

The smile stopped abruptly.

The old man sat back in his original position and said lightly: "Come in."

Not long after, the door opened, and a gray-haired old man walked in.

It is the one above the stele today.

"Hong Danzun!"

The old man said respectfully.

Hong Tao nodded and said directly: "Is anyone else willing to challenge me? Duan Huaian alone is not difficult. It is best to have people from the Dan League fight together."

Even though he asked, he knew very well that most people with a little brain would not challenge it.

This is just to make his reputation in the Land of Killing more prominent.

"Hong Danzun...There is still one person in the killing land..."

The old man glanced at Hong Tao and said.

Hong Tao was taken aback, his expression was a little surprised, but he quickly reacted: "But what if you rest in peace?"

"No."

"Is it a ghost pill Taoist?"

"Neither."

At this moment, Hong Tao frowned more tightly between his eyebrows, stood up, and asked: "Apart from these two people, who else would dare to challenge me in the Land of Killing?"

"Could it be that there are hidden alchemists here?"

The old man hesitated for a few seconds, and explained, "Hong Danzun is a young man. This young man is wearing a mask and his face is very beautiful. If I'm not mistaken, he should have entered the Yucang Mountain Slaughter Land not long ago. "

"young people?"

Hong Tao sneered slightly.

Alchemy Dao is not a normal way of cultivation. The level of talent can be determined by many. Alchemy Dao needs to exist over time! Without time, and countless attempts, it is extremely difficult for ordinary people to become alchemists!

Not to mention a young man!

Don't understand anything, dare to say that you can refine alchemy?

Even provoke yourself brazenly?

Huai'an challenged himself in that period, and everything is still in the past.

When a young person comes to challenge, what is the difference between this and a joke?

"Do you know what the young man's name is and what level of alchemist is?" Hong Tao said coldly.

The old man shook his head: "This masked young man is very mysterious. He doesn't even know his name, and even his face is hidden. Do you want me to send someone to get in touch with it? Or erase it?"

Hong Tao laughed: "You think too much. If something happens to that kid, it is estimated that many people in the Land of Killing will think that I did it. This kind of ant does not need to be taken care of. He still has two days to live. As soon as I arrive, I will personally send him on the road!"

"I want to burn him alive in front of Kunlun Xu's face! This is the price of death!"

At this moment, Hong Tao is very crazy.

He was known for his madness and bloodthirsty in the Dan League.

Otherwise, the body of a cultivator would not be used to refine alchemy.

And it is a living body alchemy.

...

Ye Chen naturally didn't care about the outside situation, he had already entered the reincarnation cemetery in the hotel.

Come to the front of a hundred tombstones again.

Ye Chen looked at the hundred tombstones with emotion.

If there is no reincarnation cemetery, it would be very difficult to get here.

Although he still doesn't understand what the people in the reincarnation cemetery want him to do in the future, how should he help this group of people stand up.

But it's not important anymore, only strong can be qualified to touch deeper things.

Hundreds of great abilities can't contend with the existence, and now I guess I don't even have the right to meet No longer think about it, Ye Chen looked at Lin Qingxuan's tombstone and said: "Master, The disciples have something to ask for."

The Lord of Immortality dissipated, but Duan Leiren went to other places in Kunlun Xu to find the answer. Now Lin Qingxuan's only reliance was Lin Qingxuan.

The next few tombstones do not know when they will be unlocked.

However, depending on the status, some tombstones seem to have undergone some changes, but they are not obvious.

It should be soon, but it takes chance.

Lin Qingxuan's tombstone trembled, and a figure burst out of green smoke.

It was Lin Qingxuan.

Lin Qingxuan looked at Ye Chen condescendingly: "Disciple, do you want to learn alchemy from me?"

Ye Chen was taken aback, then he thought, Lin Qingxuan knew that this kind of thing was normal, so he nodded and said, "Exactly."

Lin Qingxuan stepped forward, as if straddling a hundred meters, and came directly to Ye Chen: "I wanted to teach you all the Supreme Path of Medicine, but now it seems that the path of alchemy is more important to you. In fact, it's the same."

After the words fell, Lin Qingxuan waved his arm, and dozens of pill tripods appeared in the reincarnation cemetery.

Ye Chen counted, forty-nine pill tripods!

Lin Qingxuan came to the center of the alchemy tripod and explained to Ye Chen: "Then Hong Tao is a saint-level alchemist. If you want to surpass this person, you must at least enter the saint king-level on the alchemy path, but now, in just two days, this It seems like a chasm to you, it is almost impossible! The only way is to go slant."

"Fortunately, you have a supreme weapon, which is too important for alchemy."

Ye Chen was a little confused, and said in doubt: "Master, what are you talking about?"

"The unquenchable fire."

Lin Qingxuan said lightly.

Chapter 747: newborn!

"The immortal fire on your body can fuse everything and it will never be extinguished. This can not only be used for combat, but if used for alchemy, it is also a miraculous effect!"

"The most important thing in the way of pill is the flame! Controlling the flame is equivalent to controlling the pill cauldron! Controlling the pill cauldron is the same as controlling the pill!"

"Now, you control these forty-nine pill cauldrons with inextinguishable fire!"

"I will prepare medicinal materials for you! Within two days, you must make these forty-nine pill cauldrons at the same time!"

Upon hearing this request, Ye Chen's expression turned pale.

This is forty-nine Danding!

Simultaneous manipulation?

I'm crazy!

He is very clear about his own strength, he may be able to control two, forty-nine, regardless of his true energy and flames!

"Master, are you sure you are not kidding?" Ye Chen said with a smile.

"Do you think I am joking?" Lin Qingxuan said coldly.

Ye Chen's smile solidified, and in desperation he could only walk towards the forty-nine pill cauldrons.

When he reached the center, he opened his mouth and said, "Master, which kind of pill is refined by these 49 pill cauldrons?"

"One kind?" Lin Qingxuan smiled disdainfully, "Disciple, you are afraid that you have misunderstood something. I don't want you to refine one kind of pill at the same time. It is not difficult. I want you to refine 49 different kinds of medicine at the same time. Attribute medicine!"

"what!"

Ye Chen exclaimed!

What is this kidding? Forty-nine kinds of pills, refined together?

He knows his alchemy level.

But if you want to do what the master says in two days, it's a fart!

It's impossible to complete!

"Master, I..."

Ye Chen just wanted to say something, Lin Qingxuan waved his arm, and the forty-nine pill cauldrons floated up: "From now on, condense the pill, the true energy is wrapped in the pill cauldron!"

"This is certainly difficult, but you have to remember that you are the tomb owner of the reincarnation cemetery. If you can't do such trivial things, how can you take control of the world and how to pull those high-ranking existences off the altar!"

Ye Chen didn't talk nonsense, thinking of the danger of the master of the medical gods, no matter what the battle, he would win!

"Inextinguishable Fire, come!"

Ye Chen roared, and the flames in the center of his eyebrows burst out!

It's just a flame!

The immortal fire hovered in front of Ye Chen, and Ye Chen tapped his five fingers: "Open!"

In an instant, flames spread out!

It instantly turned into a fire dragon coiled around forty-nine Danding!

Danding gradually became red!

In order to maintain the flame, Ye Chen had to release the zhenqi in his body, the dual role of zhenqi and the unquenchable fire!

Ye Chen in the middle of the forty-nine pill cauldrons was instantly hit by the violent air current!

Very uncomfortable!

Lin Qingxuan nodded. He thought that Ye Chen would need a few hours to learn to control these forty-nine pill cauldrons at the same time, but he didn't expect to master it the first time. Although not very skilled, it proved Ye Chen's talent.

He didn't hesitate anymore, pointing out, a ray of light shot into Ye Chen's eyebrows, and the forty-nine pill was condensed.

"You just try the above."

Ye Chen nodded, squeezed his five fingers, and the countless medicinal materials around were suspended!

Keep walking around Ye Chen!

Ye Chen controlled it with his mind, and just about to put down the medicinal materials, the flame instantly lost control and swallowed Ye Chen on the spot.

"puff!"

Ye Chen spit out a mouthful of blood, his body flew, and the forty-nine alchemy tripods were also completely shattered.

His whole body is black and pitch black, which shows embarrassment!

Lin Qingxuan looked at Ye Chen not far away and shook his head helplessly.

This is normal.

"Disciple, your control of Danding and Flame is still much worse, come on again."

With a wave of Lin Qingxuan's arm, the forty-nine Danding tripod appeared again.

Ye Chen swallowed a pill, got up directly, and walked step by step regardless of his image!

This time, when the immortal fire collided with the true energy, Ye Chen sacrificed his life charm and the blood dragon phantom at the same time!

Suddenly, the entire reincarnation cemetery was a masterpiece of Lei Guang!

The blood dragon was coiled around the forty-nine pill cauldrons, filled with blood, and wanted to share something for Ye Chen.

But despite this, the pain Ye Chen endured was also terrifying.

His black body was violent, and his internal organs were all hit by the air current!

If it wasn't for the support of his mind, he would have been shaken off long ago!

"Fell me!"

Ye Chen gritted his teeth and roared, all the medicinal materials fell!

Forty-nine Danding tripods were instantly swallowed by immortal fire!

A scent of medicine spreads!

But soon, Ye Chen found that the true qi was completely insufficient. Without true qi, the balance was completely broken.

"Boom!"

Danding shattered again, but Ye Chen spit out another mouthful of blood, too embarrassed!

Lin Qingxuan looked at Ye Chen's embarrassed look and sighed: "Apprentice, there are some things that you can't force. You are very mad now. Rest for a while and then continue."

But Ye Chen didn't seem to hear it, got up, and walked towards the forty-nine pill cauldron again.

There is no real energy in Dantian!

Ye Chen directly took out a bottle of Qi Gathering Pill and swallowed it all!

"Come again!"

Ye Chen's eyes are full of madness at this moment!

Lin Qingxuan's eyes were a little shaken, maybe he had some opinions about Ye Chen becoming the owner of the tomb of reincarnation before, but now, he is very sure.

In the whole world, if anyone could shake that power, only this young man in front of him would be.

When he really grows up, everyone in Kunlun Xu can only look up!

Suddenly, a part of the reincarnation cemetery shook, and Lin Qingxuan's eyes shrank and shot at one of the tombstones.

The tombstone turns red! And it gets dark again!

The dark clouds above the tombstone are billowing like the last days.

Lin Qingxuan's expression appeared astonished for the first time, and he muttered: "Could it be that this man is now crazy and draw the people of the gods and demons out? The gods and demons have entered the world, coupled with the evil power of Ye Chen's eyebrows, I'm afraid It has changed!"

Two days passed quickly.

Ye Chen didn't know how many times he had been injured, and his whole body was scarred and embarrassed.

There were even blasts of flesh and blood!

Fortunately, Lin Qingxuan was beside him.

Lin Qingxuan's medical skills can help God, even if someone dies, as long as the soul is immortal, he can  
\*\*\*\* someone from Hades!

Ye Chen was on the verge of life and death again and again, and he saved again and again.

Ye Chen is like a lunatic! Twenty Danding tripods were in operation at the beginning, and then thirty!  
The last forty-nine!

He endured the pain that ordinary people could not bear!

Finally, two days later, the elixir of forty-nine Pill Ding was successfully refined!

Although unstable, Ye Chen ushered in a metamorphosis in his death!

At this moment, Ye Chen's casual clothes were all shattered, although his body was black as carbon, but his eyes showed a trace of determination.

As if spanning ten years at a glance.

"Master, what you asked me to do has been completed. Have I stepped into the Holy King Realm of Alchemy?"

Ye Chen said every word.

Lin Qingxuan's eyes were full of emotion, and he shook his head: "Far from it."

Chapter 748: The power of the dark!

Ye Chen was stunned. The support for these two days was to step into the realm of alchemy, but now it has not been realized. He will go to the appointment soon. What else is there to play?

Ye Chen just wanted to speak, but Lin Qingxuan continued: "There is still one step left, the most important step."

In the next second, Lin Qingxuan stepped forward and had already arrived in front of Ye Chen, pointing out!

A cyan light instantly poured into Ye Chen's body.

Ye Chen felt his head swell and was very uncomfortable.

He was sober forcibly, but he was shocked to find countless images flashing before his eyes!

There is only one old man and one tripod in the picture, and the old man is Lin Qingxuan!

Lin Qingxuan who is making alchemy!

This is the alchemy experience of the ancient power!

With such experience, he is equivalent to directly crossing the Dan Dao!

An act against the sky!

Picture by picture flashed, and Ye Chen was soaked all over soon, after all, comprehending these pictures is extremely exhausting.

Lin Qingxuan's body also dimmed a bit.

This is not a loss to him.

I want to cross so much on the alchemy in two days, how can it be so simple.

After a long time, Lin Qingxuan released his hand and exhaled: "Apprentice, what I can give you now is these. If you instill it forcibly, your knowledge and brain will not be able to bear it, but these memories are enough for you to cope with the situation in front of you. ."

"Also, those forty-nine pill cauldrons, as a teacher, are just helping you condense the control of the immortal fire. Now your ability to control the flame is enough to control some lower-level ancient pill."

"The wastage of being a teacher is too great, and I need to rest for some time. Everything depends on you."

Lin Qingxuan disappeared after speaking, obviously entering the tombstone.

Ye Chen was so grateful that he could only remember it silently.

"It's almost time, it's time to leave."

Ye Chen was about to leave, but found a pain in his eyebrows. For some reason, his eyes fell on a tombstone that had never been opened.

The devilish energy of the tombstone was rolling, and a single glance made Ye Chen a little dazed.

There was even a black light flashing between the eyebrows, as if echoing something.

"Is there another great power about to be born?"

Ye Chen shook his head, without thinking, he returned to reality.

When Ye Chen opened his eyes, he saw Wen Shishi and Wen Tingting pacing back and forth anxiously.

When they saw Ye Chen open their eyes, the stones in their hearts were completely suspended.

"Mr. Ye, you finally woke up. If you don't wake up again, we may plan to go to the genius doctor in Slaughter Land."

"Yeah, Mr. Ye, I thought you were crazy. My sister and I wanted to help but didn't know what to do."

Wen Shishi came softly.

Ye Chen smiled and said, "Don't worry, it's not that easy for me. Today, you two will be waiting here. When everything is over, I will naturally pick you up."

The second daughter was startled when they heard this, but they changed their clothes and they were going to go with Ye Chen, but now Mr. Ye actually let them stay here?

"Mr. Ye..." The two wanted to say something, but they were interrupted by Ye Chen, "Listen to me."

In desperation, the two could only turn around unhappy.

Ye Chen naturally had his reasons for doing this. This time, no matter whether he could beat Hong Tao or not, things were definitely not that easy.

He must prepare for the worst.

These two sisters would only be too revealing.

Ye Chen left the hotel after giving the explanation. He did not go to the red building land for the first time, instead he went to the periphery of the killing land.

Naturally, he was not planning to escape, but seeking a strength.

Ye Chen stood on a high place in a remote place, closed his eyes, his lips moved slightly, as if it was a countdown!

When he counted to one, black shadows burst out of the jungle!

A huge black giant tiger rushed out directly, and stepped out in one step, a full ten meters high, and came directly to Ye Chen's side.

But underneath is a piece of black!

shocking!

Crazy black tiger!

Almost five hundred mad black tigers!

The blood was filled, and the sense of killing broke out!

And the violent beast beside Ye Chen is the king of the mad black tiger!

Where the Tiger King is, order the beasts!

So many fierce beasts are the strength Ye Chen left behind from the beginning.

Seeing Ye Chen at this moment, the Tiger King seemed to be a little intimate, like a cat, rubbing Ye Chen with his huge head.

Ye Chen glanced at the Tiger King, stretched out his hand and touched it: "Xiao Hei, I haven't seen you for a few days, the blood evil spirit on your body is getting stronger and stronger, I'm afraid you have eaten a lot of cultivators."

The Tiger King opened his mouth and stuck out his tongue without denying it.

"I asked you to come today because I want you to take action. The mad black tiger below is all the power you hold here?"

Tiger King shook his head and called out a few times, and Ye Chen naturally understood.

What surprised him was that this guy controlled a thousand beasts in the Slaughter Land area.

It's just that the other part is far from here.

This was a surprise to Ye Chen!

"Okay!" Ye Chen took out a total of thirty pills from the reincarnation cemetery. These pills were part of the two days' refining!

Not only does it have an effect on people it is also a miracle effect for monsters!

It can make the monster's breath more terrifying, and the flesh stronger! Even across the repair base!

When the Tiger King saw these pills, his eyes glowed.

"I will take these pills for you. I only have one request. In a few hours, you can command all the mad black tigers and surround this place. Can you do it?"

The Tiger King nodded fiercely, but his fierce appearance was extremely clever, as if to please Ye Chen.

"it is good."

Ye Chen stopped talking nonsense and threw the pill directly.

Tiger King has a huge mouth, swallow it all!

"I understand it with you. Once I give the order, you will come in with all the mad black tigers. At that time, no matter who blocks it, kill it!"

"Also, if anyone discovers your existence before this, they must be killed directly! Don't have any hesitation!"

"Before I give the order, you must hide!"

Ye Chen said coldly.

The Tiger King also realized the seriousness of the matter and nodded fiercely. His body is constantly overflowing with hostility.

"Okay, let's go!"

With a roar of tigers, the tiger king jumped directly from the heights, and quickly left with all the mad black tigers!

The ground shook, so many gatekeepers in the Land of Killing noticed, but they didn't think much about it. After all, fierce beasts around were too common.

Ye Chen also walked towards the red building, his eyes had a sense of coldness: "No matter who it is, there is no right to move my master. If anyone dares to move, he will die!"

He changed his face, this time directly using Ye Jitian's face.

At the same time, put on that mask.

Everything must be prepared with both hands.

I just don't know if the three words Ye Jitian have deterrence in the Land of Killing.

...

Chapter 749: I'm crazy!

At the same time, a giant square.

Overcrowded!

Most people in the Land of Killing are here!

After all, this is the most exciting thing in six months!

Of course the result is very clear! Hong Danzun crushes two wastes!

But being able to witness Hong Danzun's refining the pill is also of great benefit to everyone present!

The crowd talked a lot, and almost all the voices praised Hong Danzun and belittled Duan Huaian and the mysterious mask youth.

Of course there are very few prayers for these two people.

After all, the lives of these two people have entered a countdown.

Not long after, countless people with terrifying breath walked out of the red building with weapons in their hands.

They stood steadily in all directions, guarding all entrances and exits with cold eyes.

The existence of these powerful people instantly made the noisy square extremely quiet.

After silence, an old man appeared in the center of the square.

It was the old man on the stele.

The old man glanced condescendingly at the crowd, condensed his voice with infuriating energy, and spread out: "Everyone knows everything today better than me, and the rules are the same. Today is the Dan Dao! The Dan Dao winner must obey one condition. Unconditional obedience! Even life!"

"In two days, only two people challenged Hong Danzun in the end!"

"Of course, I also believe that the alchemy of these two people will not disappoint everyone!"

"Don't talk nonsense, please Hong Danzun!"

The words fell, and the crowd cheered!

The momentum is extremely high!

It seems that Hong Danzun is their faith!

Of course, in the eyes of most people, the three words Hong Danzun are the symbols of alchemy!

How could it fail!

Amidst the cheering of the crowd, no one came out!

Just when everyone was surprised, a figure in a brocade robe fell from the sky!

"Hong Danzun!"

"Hong Danzun is out! It's like a fairy!"

"Really the first person in the alchemy!"

The sound of praise resounded, Hong Tao enjoyed this moment very much, his true energy was concentrated, his robe fluttered, and his breath was extremely ethereal.

He landed steadily in the center of the square, glanced at the crowd condescendingly, and said indifferently: "Thanks to your support, today I will let you Hong Tao take a look at what is the Supreme Alchemy!"

The crowd is louder!

And the old man didn't want to be procrastinating, and continued: "Be quiet, everyone, please call Duan Huaian, the head of the \*\*\*\* of medicine!"

The cheers disappeared completely, instead, voices of disdain sounded.

"The door of the \*\*\*\* of medicine has long since fallen. I heard that Duan Huai'an was beaten to waste by the master of Dao Sect and could only immerse himself in the path of medicine."

"If it is not a waste, I am afraid that this Huai'an accomplishment will be limitless!"

"There is no limit, it is actually not a waste! Without dantian, I would like to see how the Huai'an section makes alchemy."

"To be honest, I am a little curious about how this Huai'an can withstand the flames in the Nadan furnace, haha!"

In the voice of doubt, an old man stepped onto the stage.

The old man's breath was a little weak, and his eyes were indifferent when faced with doubts.

Over the years, he has endured too many things, so what if he was said a few words.

His muddy eyes glanced at Hong Tao and said, "I hope you can keep your promise."

Hong Tao snorted coldly: "That is natural, but I advise you to think about how to survive in my Danding."

Duan Huaian sighed and did not continue to speak.

He is a little lonely and free.

In the past two days, all his alchemy has failed.

I am afraid it is impossible to win this time.

But he represents that the medical gods will naturally not be deserters.

The glory of death to death.

I hope there will be some miracle.

Seeing that the two were in place, the old man didn't talk nonsense, and continued: "You come up with that masked young man!"

Because of the stone stele last time, his attitude was obviously a little worse.

But a word fell, no one came up at all.

Ten seconds!

Still no movement!

There was already noisy underneath, and most of them thought that the masked youth was a deserter.

Of course this is also human nature!

Facing the existence of Hong Danzun's level, he could only escape.

The old man sneered and continued: "That masked teenager, come up too! If you don't come up again, I will issue an order to kill, and the consequences will be more serious."

But still no one showed up.

Hong Tao frowned, obviously a little unhappy.

Duan Huaian, who was on the side, pondered for a few seconds, and said to Hong Tao: "Hong Tao is a grudge between you and me. Don't involve other people, just start."

He also heard these days that a young man with a mysterious mask rushed to join the challenge.

He was a little sorry.

Because even he was not qualified to shake Hong Tao, how could it be possible for a young man.

The other party is still young and has a good future. He doesn't want to die because of this. No matter what the other party's purpose is, help as long as he can.

Focus all Hong Tao's anger on himself.

Hong Tao glanced at Duan Huai'an and snorted coldly, "Duan Huai'an, do you think you are qualified to speak? You can't protect yourself!"

After that, Hong Tao looked at the old man and said, "If that kid doesn't come again, send someone to cut off his hands and feet and bring them to me!"

"Yes!"

The old man nodded, and finally said: "I'll say it a third time The young man with a mask will come up quickly, otherwise he will take the consequences!"

Still nothing happened.

The old man was a little angry, and directly ordered: "Come here, surround the entrance of the entire Slaughter Land, find the kid, and cut directly—"

Before he finished speaking, a young man in casual clothes walked up slowly and strolled in the courtyard.

"Sorry, the alarm clock didn't go off today, and I overslept, so what, did you start?"

The talking youth put on the mask, it was Ye Chen!

He deliberately lowered his voice!

Everyone on the court heard Ye Chen's words, and the corners of their mouths twitched slightly!

Such an important thing, dare to overslept!

I'm crazy!

Who gave him the courage!

Even Hong Tao's face flickered, because Ye Chen's words were full of contempt.

The old man saw Ye Chen, and a trace of anger burned: "Boy, fortunately, you dare to come in time, otherwise you will have to face the supreme pain!"

Ye Chen looked indifferent, and said lightly: "You \*\*\*\* talk so much? If you want to start directly, I have something to do later!" Hearing these words, Hong Tao couldn't help but said angrily: "Boy, arrogant. There must also be arrogant capital! If you rush to reincarnate, I will fulfill you!"

Ye Chen shot towards Hong Tao with interesting eyes, and said: "What are you? Could it be that you are that Huang Tao? No, it seems to be Lan Tao, Zi Tao... Why is your face so dark? Is it Hei Tao? "

The people underneath heard Ye Chen's slander and took a deep breath!

This mask kid is so \*\*\*\* daring to say it!

He said that Hong Tao's entire face was black!

They even had a premonition that this kid would fail in alchemy later and would die miserably!

Dare to provoke Hong Danzun and look for death!

Chapter 750: Time for 1 cigarette!

Hong Tao clenched his fists, his eyes filled with anger!

"Little beast, I will just say that my old man's name is Hong Tao! If you dare to talk nonsense, I will let you..."

Before he finished speaking, Ye Chen interrupted, "I see, the red Tao!"

"you!"

But at this moment, after Ye Chen teased Hong Tao, his eyes became serious.

There was even more moistness in the seriousness.

The body trembled slightly!

Because there was an old man with a squat body tens of meters away!

It is his master Duan Huaian!

The old man who rescued him from the lower reaches of Dongqian Lake!

The old man who gave him a second life!

The old man who taught him the way of genius medicine and practice!

Check out this new online game!

In those five years, if there was no Duan Huaian, there would be no Ye Chen now!

This old man tried his best to guard him!

Regardless of his own face, this old man begged hundreds of martial arts masters to take in Ye Chen!

Only for Ye Chen's heart of revenge!

Ye Chen may have hundreds of masters, but Duan Huaian in front of him is his most important master!

The love of mentor is bigger than the sky!

Countless pictures flashed, Ye Chen's eyes turned red! Fists clenched!

He even remembered what happened to the master back then!

Victory in one battle, Kunlun Xu was supposed to be famous, but the \*\*\*\* Dao Sect Sect Master violated the rules and shot!

That brute brutally injured the master seriously!

It even ruined the master's dantian!

Eternal life cannot be repaired!

Such an act is tragic!

Master, you have tried your best to protect me these five years!

After five years, the disciple Ye Chen will guard you!

Whether it is Hong Tao in front of you, or the ancient sect of Dao Zong! I will destroy myself!

Pull these beasts off the altar!

Duan Huaian in the distance naturally felt powerful emotions overflowing from Ye Chen.

He was a little confused.

It's not the emotion of doubting Ye Chen, but the doubt that this masked youth has a feeling of deja vu!

This feeling is very strong!

For a moment, he even felt that this young man was the apprentice who had left Kunlun for a year, Ye Chen!

However, he quickly shook his head and laughed at himself: "How could that kid Ye Chen appear here? It seems that alchemy has disturbed my mind a bit these days."

And Hong Tao on the side suppressed the anger in his heart, stepping on his feet!

The ground shook, and the three alchemy tripods were suddenly completed!

"The alchemy is extremely complicated. It is not possible to achieve the supreme alchemy just by refining the alchemy! So this time, comparing three rounds in total, this is my greatest kindness to you,

otherwise it will become boring if you are too crushed. The test in one round is the power of fire control!"

"There is a semi-perfect pill among these three alchemy tripods. I have ordered people to use spells to ban them. Once opened, if the flames cannot be controlled well, the alchemy tripod will shatter! Who can break this as quickly as possible? If you turn a half-performing pill into a pill, you win."

"I have done my utmost benevolence, and it depends on whether you have a chance to control it."

"Now you can choose any one you like, lest you say I'm doing it."

At the end of the speech, Duan Huaian chose one of the Danding.

Hong Tao looked at Ye Chen: "Boy, it's your turn."

Ye Chen said casually: "Zi Tao, you choose first, I will let you."

"you!"

Hong Tao snorted coldly and directly chose the one next to Duan Huaian.

But Ye Chen walked silently into the remaining pill cauldron.

The formation seals the pill cauldron, once it is opened, it is time to continue to refine the pill.

The method is good.

Seeing everyone in place, Hong Tao stepped on again!

"Danding, open!"

The three formations are all shattered!

The rich medicinal fragrance overflows!

At the same time, Dan Ding shook.

Duan Huaian knew that this was his opportunity, so he no longer hesitated, pinched his fingers, and the spell was formed!

A flame condenses directly!

The flame is not big, but it controls the Danding finely!

"No matter what, this round must be won!"

Hong Tao looked at Duan Huaian's flames and snorted coldly: "This kind of garbage flame is still trying to beat me! I can't help myself!"

In the next second, his fingers spread out, and a blue flame appeared in the palm of his hand!

As soon as the blue flame came out, the Danding in front of him was suspended in the air!

The flames were wrapped in some form.

It looks like a red-crowned crane.

"This is the fire of the pill top, it is said that only those who are chosen by the pill Dao can have it! No loss is Hong Danzun!"

"This game seems to be really crushed. Although simple, the ending is obvious when the fire of the pill top is out."

The crowd admired and Hong Tao enjoyed it.

In about five minutes, the semi-formed pill will be completely formed.

Suddenly, he thought of something. He saw Duan Huaian's flames, but the flames of that kid didn't seem to move.

While controlling the flame and Danding, he looked in the direction of Ye Chen!

It doesn't matter if it doesn't look, he almost vomited a mouthful of blood!

What the kid is doing now is indeed related to flames!

But Nima is not alchemy at all!

Instead, a flame was born at the fingertips, and... and then actually lighting a cigarette!

Even leaning on Danding to smoke!

Damn it!

The crowd also noticed Ye Chen, their expressions were almost petrified!

This is too unimportant!

Duan Huaian concentrated on refining alchemy without paying attention to others. Even though his ears were noisy, he was still immersed in the alchemy in front of him.

But Hong Tao couldn't help it!

He even discovered that the masked youth did not come to refine alchemy, but made trouble!

"Boy, you better figure out what occasion this is. Once you lose, the consequences will be disastrous! I advise you to be serious!"

Ye Chen shook the ashes and glanced at Hong Tao: "Hei Tao, right? I, I, always respect the old man, and let you take a cigarette Hong Tao trembled all over, almost Dan Ding was trembling. Shattered!

He is a saint-level alchemist, and he actually wants you to be a kid with no hair growing up, what a joke!

He reacted instantly, maybe this kid was arranged by Duan Huai, in order to disturb his mind and let him fail!

He doesn't think too much, earnestly refine alchemy.

Let Dan Cheng quickly!

Although he didn't care about Ye Chen, he glanced at him from time to time and paid attention.

Not long after, Ye Chen's cigarette finally ended.

He can feel that the master's Danding will be completed in a few minutes, and Hong Tao is obviously faster!

Only one minute left!

The latter's mouth was already showing a smile in control.

Hong Tao looked at Ye Chen again, and sneered: "Boy, how about it? Do you still continue to refine alchemy?"

Ye Chen did not speak and closed his eyes.

After a few seconds, his eyes opened, and cold light flickered.

At the same time, the five fingers opened, and a flame shot out from the center of the eyebrows!

"The unquenchable fire, come out!"

"Boom!" A bright flame burns directly!

It instantly turned into a sea of fire and swallowed the entire Danding!

The appearance of the immortal fire made the temperature of the whole world rise a bit!

Something weirder happened!

The fire of Danding condensed in Hong Tao's hand seemed to have encountered something terrifying, leaving the Danding directly!

Disperse in all directions!

As if fleeing!

"Boom!"

Hong Tao had no idea that things would develop in this way. The originally suspended Danding had no flame control and fell directly!

"Snapped!"

The crisp sound resounded throughout the square!
