Chapter 751: Means to the sky!

At this moment, countless eyes focused on the pile of debris above the square.

Dan Ding is in a state of chaos. Once it loses its flames, its internal vigor and power surrounds it, even if it catches it, it will inevitably shatter!

But the broken one is Hong Danzun's Danding!

That Hong Danzun who is enough to crush everyone!

The king of alchemy in the land of killing!

This man is destined to have absolute right to speak on the alchemy!

But now it has failed?

Even makes people feel that Hong Danzun is a little embarrassed?

The silence is extremely silent.

Most of the people present even breathe became a luxury.

They raised their heads slightly and looked at Hong Tao, only to find that the latter was motionless like a statue.

His face is ashen! Gradually black!

The body even began to tremble!

His fist was clenched tightly, and the veins of his arm kept violent.

The arrogance in the pupil disappeared, leaving only hideous!

An invisible anger seems to be burning like crazy!

Failed!

He Hong Tao actually failed!

Such a simple thing, he actually failed!

He glared in the direction of Ye Chen!

He knew that the culprit of everything was the masked youth!

If it were not for that young man's flame, his pill top fire would definitely not leave under his control!

When he saw the flames surrounded by Ye Chen Danding, his eyes shrank slightly!

"This flame has a trace of magical power, and it fits perfectly with alchemy! How is it possible that there is such a flame in the world?"

The key is that this flame is controlled by a mere transcendental kid?

At this moment, Hong Tao's hideous face suddenly turned into fanaticism!

If he gets this flame, Dan Dao can definitely enter the Saint King Realm! Even higher!

Even qualified to challenge Dan League!

He must get this flame at all costs!

Duan Huaian naturally noticed Hong Tao's failure, and his eyes were full of joy!

Looking at Ye Chen, who controls the flame, he was extremely grateful!

He did not expect a miracle, but the appearance of this masked youth brought him a miracle!

No matter what, Hong Tao has already lost this round!

It was extremely embarrassing to lose!

There is still a cure for the God of Medicine

"Ding!"

Suddenly, a clear voice sounded, and Duan Huaian was in a daze for a few seconds, and then slammed in the direction of the masked youth!

Dan is done!

Dan became!

Although Duan Huaian didn't pay much attention to the masked young man, he knew that the kid was the latest to start alchemy!

After a full cigarette!

That half-performing pill was only a few tens of seconds in the hands of this guy, and it actually became a pill?

When did alchemy become so fast?

How can there be such evil in the land of killing?

Could it be a genius from the Kunlun Xudan League?

Countless doubts lingered in Duan Huaian's heart.

Originally he thought that this young man was like Ye Chen's inference also completely dispelled.

Although Ye Chen had some talent in alchemy, he was like a gap with this masked youth.

One sky and one earth.

The gap is too big.

But when Hong Tao saw that Dan was finished, his expression was extremely embarrassing.

Even if his pill cauldron is not destroyed, it is impossible to become a pill so quickly!

This kid smoking is not so-called giving up, but disdain!

Deeply disdain.

This kid is humiliating him!

At this moment, Ye Chen slowly retracted the flame.

Everything disappeared.

He sneered again and again in his heart, and he was more controlled by flames?

He refined forty-nine pill cauldrons at the same time in these two days, and controlled forty-nine flames at the same time. The competition in front of him was simply pediatrics!

Still want to win? What will Hong Tao win!

Ye Chen raised his head, looked at Hong Tao interestingly, and said lightly: "Lv Tao, how about it, do you accept it? If you don't accept it, you can try again!"

"Smelly boy! I'll say it again, my name is Hong Tao! Hong Tao of Flood Tao Tao!"

Hong Tao was completely angry!

Who can bear to be renamed endlessly!

If it hadn't been for so many people watching, he would have taken action long ago!

Of course, if he wants to kill this kid, there are 10,000 ways!

He wants to let this kid lose in an upright manner, and even more uprightly deprive the opponent of the magical flame.

It's just a loss right now!

In the next two games, he will not make such a low-level mistake again!

This kid can't even have flames against the sky!

Flames can only assist in alchemy, but what you really need in alchemy is experience, decades and hundreds of years of experience!

And the supreme pill!

He calmed down and glanced at Duan Huaian not far away, the other party's pill had also been successful.

This round is undoubtedly his bottom.

Hong Tao glanced at Ye Chen: "I, Hong Tao, are upright and honest. You will win this round, but you'd better understand that I let you deliberately in this round. If it weren't for my carelessness, do you think you have the possibility of winning? "

"The next two games can't be won by flame alone!"

Ye Chen: "Haha!"

Hong Tao didn't talk nonsense, with a big wave of his hand, all three pill tripods disappeared!

At the same time, three new empty tripods were formed.

Not only that, there are hundreds of medicinal materials around!

"The second round is Dou Dan. There is only one limit in this round. One hour is the limit. Refining a Six Soul Condensation Pill! The highest rank wins!"

"Duan Huaian, do you have any comments?"

Duan Huaian shook his head: "No Hong Tao looked at Ye Chen again: "Boy, can you continue? "

He thought that Ye Chen wouldn't have any opinions, but he didn't expect Ye Chen to take a step forward: "Of course I have opinions. What if the grades of the pills are the same? Can you just talk about it? This place is your territory, What if you falsify?"

Hong Tao touched his beard and sneered: "I knew someone would raise an objection a long time ago. I am honest and honest, so naturally it is impossible for me to do anything like this!"

"Senior Feng, please come on stage!"

As soon as Hong Tao's words fell, an old man wearing a purple and gold robe slowly came onto the stage.

There is a rhyme in the old man.

Ethereal as the sky.

The key is that he still has a jade pendant on his waist.

A few dazzling words are engraved on the jade pendant!

Kunlun Xudan Xu Tower!

The crowd instantly exploded!

"Dan Xu Tower! This one comes from Kunlun Xu Dan Xu Tower!"

"This is the place that every alchemist yearns for! Kunlun Xu has a pill league, but every leader is the existence of a pill tower!"

"Coming out from here represents authority and status! Even going to be an elder in some major sect is more than enough!"

"Only Hong Danzun can invite top powerhouses of this level!"

"It seems that Hong Danzun's methods are so good! This time it is worth it!"

The crowd talked a lot, and there was even more respect in the eyes.

It shows how important the identity of the elder Feng is!

Hong Tao's eyes fell on Ye Chen, and he sneered: "Senior Feng who has come down from the Pill Virtual Tower, he is enough to be a referee."

Ye Chen glanced at the senior Feng whose eyes seemed to be closed, and his eyes were a little confused.

"Where is Dan Xu Tower?"

Duan Huaian on the side awoke from the shock. He never thought that there would be such a big man by Hong Tao.

This kind of big figure has a special status, and generally won't be deceived, otherwise it will smash the Kunlun Xudan Xu Tower's signboard.

Seeing Ye Chen's doubts, he explained: "Young man, Danxu Pagoda is Kunlun Xu's alchemy holy land. Danxu Pagoda has ten floors. Every year, Danxu Pagoda will actively invite fifty top alchemy geniuses to step on the Danxu. In the virtual tower, each higher level represents the supreme honor."

"Now most of the core elders and leaders of the Kunlun Xudan League have a great relationship with Danxu Pagoda, and the jade pendant on the waist of Senior Feng shows that this person has stepped on the third level of Danxu Pagoda, which is enough to prove this person's talent and strength in alchemy."

"This kind of person is more than enough as a referee."

Ye Chen suddenly said, "Master... Senior Duan, what will happen if you step into the tenth floor?"

Hearing this question, Duan Huaian was startled with a strange expression on his face, but Hong Tao laughed loudly.

"Boy, do you really do not understand or you do not understand, from ancient times to the present, no one can step into the ninth floor or above except for a few ancient powers!"

"The only thing that has been recorded is that Lin Qingxuan of Qingxuan Peak once stepped into the ninth floor! It's just that Lin Qingxuan has fallen a long time ago, and his waste descendants and waste medicine gods are even more unbearable!"

Between words, Hong Tao did not forget to mock Duan Huaian.

Duan Huaian snorted coldly: "Hong Tao! You can insult me, but you can't insult my doctor!"

Hong Tao just wanted to say something, but the senior Feng who had not spoken said: "It is better to start alchemy instead of talking more empty words! My time is precious, and I don't want to waste it on the bickering of you people."

The old voice sounded, with a touch of arrogance and disdain.

He came down from the Danxu Pagoda, and naturally had enough right to speak on the Dandao!

These people fighting pill in front of him, in his eyes, are no different from children playing house.

Hong Tao was obviously also afraid of this senior Feng, and nodded repeatedly: "Yes, Senior Feng! By the way, since Senior Feng is here, Senior Feng will order the prescription of Ningyuan Six Soul Pill. The comprehension of the soul pill is far higher than that of the world."

Senior Feng nodded, pinched his fingers, and a flame suddenly formed!

"go with!"

His arm shook slightly, the flames instantly suspended in the air, and lines of text appeared instantly.

It is the prescription of Ningyuan Six Soul Pill!

Ningyuan Six Soul Pill, a sixth grade pill!

Looking at the entire Kunlun emptiness, it can be considered a high-level pill!

Because the refining methods are extremely complicated and the yield is low, the pill can be achieved by condensing the six souls!

Few alchemists will try!

Duan Huaian saw the pill above, his face changed slightly, and he quickly said, "Senior Feng, why do I feel that this pill is somewhat different from the Ningyuan Six Soul Pill I know?"

Hong Tao's face was cold: "Bold, do you dare to question Senior Feng?"

Duan Huaian shook his head: "I have no doubts. The pill spectrum of my God of Medicine also has records of Ningyuan Six Soul Pills. I feel that there is a big discrepancy, and even a little complicated."

Senior Feng nodded: "You are right, but that is the traditional Six Soul Condensation Pill. A few days ago, I changed the formula a little. Condensing the Six Souls can still become a Pill, but after I improve it, I can condense more. The Three Souls should be my test for you."

"If any of you can gather the six souls, I personally would like to give you a chance."

Hearing these words, everyone off the court took a breath!

The chance of Dan Xu Tower is far beyond everything!

Obviously, this predecessor of the wind has added some color!

Duan Huaian was startled slightly, although he was puzzled, he nodded and said, "In this case, Duan Huaian is here to thank seniors."

Hong Tao also bowed his body and respectfully said, "Senior Feng thinks thoroughly!"

Only Ye Chen didn't show any performance.

As if Senior Feng was nothing in his eyes.

Upon seeing this, Hong Tao said coldly: "Boy, why don't you thank Senior Guofeng!"

Ye Chen sneered: "Why do you want to thank you? This change of the pill recipe has made the Ningyuan Six Soul Pill lose its original function. What is the significance of this improvement? Instead, it throws away the things of the ancestors, which is ridiculous!"

As soon as the words came out, there was silence.

The expression seems to freeze!

No one would have thought that someone would dare to stand up and question the strong man who came down from the Dan Xu Tower!

This is the existence of Dan Xu Tower certification!

Everyone present can be regarded as a young man with a mask!

You can understand Hong Tao!

Don't you mean to die for you, predecessor?

Hong Tao stepped forward and broke out with a murderous intent: "Come on, take down this brat!"

"Yes!"

In an instant, countless powerful people rushed towards Ye Chen!

The killing intent is completely released!

Originally, Hong Tao didn't know how to win Ye Chen's flame!

Now it seems that the best opportunity is to take advantage of the wind predecessors!

Ye Chen squinted slightly, without the slightest fear.

If Hong Tao shot in advance, he wouldn't mind letting the group of fierce beasts take down the killing field!

Just take advantage of the chaos to rescue the master!

Just when those strong men in the dark wanted to encircle Ye Chen, Senior Feng stretched out his hand with a light wave: "This kid is right, Hong Tao, there is no need for it."

"The reason why the Ningyuan Six Soul Pill was modified by me is nothing more than considering that the traditional method of refining cannot test the level of the alchemist."

"In the face of the competition, the value of the pill itself seems so unimportant."

"However, I'm too talented to learn. The real top alchemist might modify the Six Soul Ning Yuan Pill, which will also make its effect stronger."

After speaking, Senior Feng took a deep look at Ye Chen!

Can detect Dan Fang's problems at a glance!

By no means ordinary!

What surprised him was that all this was actually said from a young man.

This kid is probably not even thirty years old, why does he have such a thorough understanding of pill?

Hearing Senior Feng stand up and admit his mistake, Hong Tao and everyone's face changed drastically!

Was the mask kid really guessed right?

What is the origin of this kid?

That horrible flame, coupled with the words just now, could not help covering Ye Chen with a veil of mystery!

Countless people began to guess Ye Chen's identity.

I even want to know what kind of face is under the mask.

Why don't you dare to show your true colors?

Hong Tao slowed down, and with a light wave of his arm, the strong men who surrounded Ye Chen scattered one after another, and even returned to the original place.

After that, Hong Tao said: "This is a discussion. The effect of the pill is not important, and the time is almost there. Let's start! An hour later, everything will be clear!"

Senior Feng also looked at Ye Chen and said, "Little brother, if you still have objections, you can refine it according to the original formula."

Ye Chen shook his head: "Since the topics are all finished, there is no need to change them. I have no opinion."

Seeing Ye Chen's confirmation, Senior Feng pinched his fingers, and a huge hourglass suddenly appeared!

The hourglass flips and time starts to flow away instantly!

"The second game, Dou Dan, start!"

The words fell, and a cheer sounded!

All eyes turned to Hong Tao!

After all, the half-performing pill just now could not witness Hong Danzun's true strength!

And now Dou Dan is undoubtedly the most exciting existence!

They even held their breath for fear of missing any link!

Duan Huaian's eyes condensed slightly, no longer hesitating, forcing a drop of blood!

Ningyuan Six Soul Pill is extremely complicated, he can only use his essence and blood as a guide, and do his best!

This round is extremely critical!

He must win!

For the sake of healing everything!

When there was an abnormal movement in the pill cauldron, he hurriedly shook his five fingers and poured the medicinal materials into the pill cauldron one by one.

At the same time, another drop of blood was forced out and shot on the Danding!

In an instant, Danding's temperature was controlled!

However, Duan Huaian's face became paler.

When Hong Tao saw this scene, he sneered: "It's so desperate, but it's a pity that you still want to be my alchemy!"

In the next second, he roared and released his endless true energy, controlling Danding!

This time, he didn't float the pill cauldron, but made the pill seriously!

If it fails again, then the reputation he established here will be ruined!

However, in the second game, he had absolute confidence!

Because a few days ago, he knew the new prescription of Ningyuan Six Soul Pill from Senior Feng!

He tried many times, and now he can condense seven souls!

Enough to crush these two reckless people!

The flame condenses on the Danding, and the medicinal materials continue to flow into it!

The thick medicinal incense suddenly overflowed the entire square.

At this moment, he enjoyed the extreme.

While manipulating, he subconsciously glanced in Ye Chen's direction.

The gap between Duan Huaian and himself is too huge to be crushed!

The only thing he worried about was the masked youth who didn't know where he came from!

After all, the flame of this young man was too shocking!

It doesn't matter if you don't look at it, but at a glance, his expression freezes again!

That kid hasn't started alchemy yet!

Instead, his eyes were staring at him interestingly!

"Do you like to see me so much?"

Ye Chen said lightly.

Hong Tao snorted coldly and stopped arguing with Ye Chen!

This kid is witty and has already affected him once, and he definitely won't be affected a second time!

But Ye Chen silently took out a cigarette, lit Dan Ding in front of him, and then flicked his finger, accurately holding it in his mouth.

"It's still the old rule, time to give you a cigarette!"

Hong Tao almost spit out old blood!

He forcibly suppressed the anger in his heart and concentrated on alchemy!

Seeing is clear!

This kid is **** trouble!

Senior Feng looked at Ye Chen interestingly, his eyes narrowed slightly.

For some reason, he could feel that Ye Chen had a powerful temperament!

This is a kind of confidence in one's own alchemy.

His eyes became more and more puzzled, and he muttered: "Where is this kid? Alchemy is different from martial arts. Talent is not important, important experience, but this kid is so old, what experience can he have on alchemy?"

Countless light fell on Ye Chen's body!

Everyone is curious!

Finally, a cigarette is over!

Ye Chen stretched his waist and finally started to use Danding!

Hong Tao Yuguang naturally noticed Ye Chen's movements and sneered a few times: "I want to see, how do you make alchemy!"

Under everyone's gaze, Ye Chen condensed flames!

It's just that the flame is very weak!

It's not the heat of alchemy at all!

At the same time, Ye Chen threw some of the medicinal materials in.

Take out a long sword and stir in it!

Damn it!

This is alchemy! How do you feel like cooking a hodgepodge?

The key is that those medicinal materials are not the medicinal materials used by Ningyuan Six Soul Pill!

Upon seeing this, Hong Tao was completely sure that this kid didn't understand alchemy at all! One hand controlled the Danding in front of him, and the other pointed at Ye Chen and said, "Boy, are you abstaining in advance? I thought you were a respectable opponent, but now it seems that you don't even know what alchemy is. Haha!"

"You don't look at what you refine, obviously you can't condense pills!"

"People who don't know thought you were making soup! Haha!"

Then Hong Tao's words fell, and the onlookers below laughed.

As cultivators, they have survived in the land of killing for so long, so they naturally know some alchemy!

But Ye Chen's behavior had nothing to do with alchemy!

What qualifications does this kind of person have to fight against Hong Danzun!

It even insulted the word alchemy!

"Go down!"

"Go down!"

For some reason, the crowd roared even more!

Ye Chen at this moment is what Qianfu pointed out!

Duan Huaian naturally noticed the movement, glanced at Ye Chen and his actions, and sighed.

This may be the real strength of this kid.

At such an age, who can calm down and make alchemy?

This son is too young after all!

It's a pity that this age is about to become Hong Tao's alchemy.

Although there was a sense of regret in his heart, Duan Huaian did not stop alchemy, once again forcing a drop of blood!

He has already bet on his cultivation base!

Fight to the death!

And at this moment, Hong Tao is very energetic He is determined to win!

He looked at Senior Feng and quickly said, "Senior Feng, this kid didn't make alchemy. Even if he made alchemy, he failed. Should he be judged as a loser?"

Looking at Ye Chen's ridiculous behavior, Senior Feng shook his head, stepped out, and said: "Although I don't know what you are doing, you have violated the theme of this game. If you lose, stop."

Ye Chen did not prepare to stop at all, but did not rush to take out a ceramic bowl from the reincarnation graveyard.

With a grip of five fingers, a mass of liquid in the Danding was directly suspended in midair.

Then it landed firmly in the ceramic bowl.

Ye Chen took a sip and enjoyed it very much.

Then his eyes suddenly shot at Senior Feng and Hong Tao, and said lightly: "Didn't you just say that there are no other restrictions in this game?"

"Exactly." Senior Feng nodded, "But the thing in your bowl is not a pill at all."

Hong Tao laughed even more, "Boy, don't you think that the Ningyuan Six Soul Pill is in the bowl? Ridiculous! We are not fools!"

Ye Chenbai glanced at Hong Tao, and then said: "I didn't say that the Ningyuan Six Soul Pill I refined was?"

"I just boil some tonics for myself before refining. Isn't that OK?"

"Besides, an hour has not arrived, are you so impatient?"

As soon as this remark came out, Senior Hong Tao and Feng Feng were startled!

They don't even know what to say!

Judging from the taste of Ye Chen's bowl, it is really a panacea tonic!

But, this kid is so **** hard to refine alchemy, instead he refines supplements first?

moron?

Without waiting for everyone's reaction, Ye Chen drank everything in the bowl.

"Snapped!"

The bowl in his hand was dropped on the ground!

He glanced at the hourglass and sketched a confident smile at the corner of his mouth: "There are just ten minutes left, start alchemy!"

After the words fell, Ye Chen patted the pill cauldron in front of him with a palm.

The five fingers clasped and lifted up suddenly!

"Get up!"

Dan Ding left the ground and turned five or six times in the air.

Seeing this scene, everyone became more confused.

What the **** is that kid doing?

How can so many things happen through alchemy?

Is this juggling?

Ye Chen didn't pay any attention to the doubts in the eyes of everyone, when Danding was about to land, his fingers pinched, faster and faster!

At the same time, a golden rune condensed in front of you!

The runes are getting bigger and bigger!

Hang directly below Danding!

The golden text seemed to be dragging Danding out of thin air, gradually getting up!

After doing all this, Ye Chen stepped out, and the unquenchable fire between his brows suddenly shot out!

Flames!

As if turned into a picture of gossip, covering Danding!

A few seconds later, the Danding burned into fiery red, Ye Chen stepped on his feet again, and all the medicinal materials flew out!

With a light swing of his arm, the medicinal materials seemed to be wrapped in an air current, and all of them plunged into the Danding.

After doing all this, Ye Chen put his hands behind him, closed his eyes, as if waiting for something.

Whether it's Hong Tao or the crowds onlookers below, it's as if the monk Zhang Er is completely puzzled!

What kind of alchemy is this?

It seems to be making alchemy, but it is different from the alchemy method of most alchemy masters in Kunlun Xu!

Can this way really become a pill?

but! No one noticed the senior Feng on the stage!

At this moment, Senior Feng almost stared out, his face was full of horror!

He stared at Ye Chen, his body was shaking!

No one can understand what kind of stormy waves are setting off in his heart at this moment!

"This is the ancient profound pill technique! The lost alchemy technique! How could it be possible! How could this kid master this method!"

He was horrified, even a little sharp!

Quite gaffe!

As a strong man who came out of Dan Xu Tower, he treats everything lightly!

But at this moment, he really couldn't help it.

This is the method that Kunlun Xu countless alchemists want to master. I thought it would have disappeared from the world long ago, but I didn't expect it to really come out!

He is short of breath, if it weren't for Ye Chen who was doing alchemy, he could not wait to come to the masked youth immediately!

Ancient profound pill technique?

Hong Tao's eyes were a little surprised, and he had heard of this technique.

But isn't this technique lost? How could this kid suddenly master it?

Could Senior Feng admit it wrong?

With a sound of "ding!" Hong Tao retracted his gaze and looked at the Danding in front of him.

The light flickered, and a strong medicinal fragrance overflowed.

Dancheng!

Hong Tao slowly exhaled a foul breath, and there was some excitement in his eyes!

This time he was in a surprisingly good state of refining. The Ningyuan Six Soul Pill in the pill cauldron had eight souls!

This is enough to crush everything!

Originally, because of Ye Chen's methods, he was a bit gaffe, and now he is sure that he will win this time!

This is Eight Souls, his best state!

Enough to crush everything!

Not long after, another voice came, and Duan Huaian was also over.

Duan Huaian spent a lot of energy in refining this pill, and almost collapsed.

Very uncomfortable.

But there was a trace of relief on his pale face, no matter what, the pill that was lying in front of him was already at his best level.

After all, it was the first time to refine this improved pill.

If Hong Tao is also the first time, it should not be much better than him!

He glanced at Hong Tao, and finally his eyes fell on the masked young man.

The masked youth still closed his eyes, the clouds were calm and breezy.

The breeze moved, and a corner of the youth casual clothes fluttered slightly.

It looks like a real Danzun.

Unfortunately, Danding did not show any signs of becoming a pill.

As if it failed,

And the hourglass has come to an end.

Seeing that the hourglass was about to disappear, Hong Tao couldn't help but said, "Boy, the time is coming soon, why is there no movement in your pill cauldron? Could it be that your pretense just now was to refine a death pill?"

"The outcome is divided, no matter how you struggle, it's the same!"

Facing Hong Tao's cynicism, Ye Chen remained motionless, as if asleep.

"Boy, you can't be deaf! Believe it or not..."

Hong Tao continued, but before he finished speaking, Ye Chen suddenly opened his eyes! Roared:
"Open!"

"Boom!"

In the next second, the Danding in front of Ye Chen felt like an explosion, billowing smoke and dust!

Endless waves rolling!

The unquenchable fire is soaring into the sky, like a fire dragon flying across the sky.

This scene scared most people very much. In their opinion, Dan was blown up!

Completely failed!

Not only did the Dan fail, but even the Danding was ruined! Maybe someone was killed!

Hong Tao even showed a grim smile.

He thought that this kid could make this competition difficult.

It now seems completely vulnerable!

Kill yourself!

He looked at Senior Feng with some complicated eyes, and said, "Senior Feng, I think we can verify the result!"

Senior Feng calmed down and sighed. I thought that the masked youth was proficient in ancient alchemy, but he didn't expect that the other party was also a half-hearted man.

Otherwise, it would be impossible for the ancient alchemy to refine the Ningyuan Six Soul Pill.

No one was seen under the smoke and dust.

I am afraid that even the blood mist is gone.

He shook his head, somewhat regretful, and then walked towards Duan Huaian.

"Open the Danding and let me see your Ningyuan Six Soul Pill."

Duan Huaian nodded, opened the Danding, and the seven rays of light flickered! Finally, all gathered on the Ningyuan Six Soul Pill.

Senior Feng squinted slightly, and said in surprise: "With your alchemy method, you can condense the seven souls on the pill!"

Then he noticed the aura and injuries on Duan Huaian, and he suddenly said, "You are using blood clotting as a guide, and at the expense of damaging the cultivation base. You have struggled a bit."

After that, I stopped commenting and went to Hong Tao.

"If he doesn't refine the seven souls, you will win."

When Duan Huaian heard these words, he was obviously a little nervous and followed.

Not long after, the two came to Hong Tao's Danding.

Hong Tao glanced at the nervous Duan Huaian and sneered: "Do you think you won by condensing the Seven Souls? I'm sorry, I let you down. I said that if you want to be my Dan Yin, you must be my Dan Yin!"

After speaking, Hong Tao opened Danding directly!

Eight rays of light came out dazzlingly, all rushing to the most central pill!

"Hey! It's actually Eight Souls! Two more souls than Ningyuan Six Soul Pill!"

"Hong Tao, in your current state, you are all eligible to be invited by Dan Xu Tower!"

Senior Feng's expression was a little horrified.

At this moment, Duan Huaian realized the gap between the two.

Although it was a bit short, it proved that he had lost completely.

As for the third game, he didn't even count on it.

He can no longer continue to refine alchemy now.

Unexpectedly, the hard work ended up losing.

Not only did he fail to save the God of Medicine, he also had to act as a pill and leave in pain.

Seeing Duan Huaian's desperation, Hong Tao sneered again and again, and even gave his hand to Senior Feng: "Senior Feng's improved pill is better. Now that the winner is out, can seniors announce the result?"

Senior Feng nodded, he actually knew the result a long time ago.

After all, he took the benefits of Hong Tao and gave Hong Tao a few days to refine it.

If Hong Tao is not victorious, then it really cannot be justified.

Senior Feng turned around and spoke directly to everyone: "I announce, the second game, Hong Tao..."

Before he finished speaking, a figure walked out of the smoke and dust.

"What's the hurry? My Ningyuan Six Soul Pill has not been verified yet."

Senior Feng's voice stopped abruptly, staring at a figure coming out of the smoke.

It is the masked youth!

Actually not dead!

Hong Tao's eyes widened, like hell!

The people underneath even exclaimed!

Isn't it fried Dan? Actually still alive?

What international joke?

Ye Chen glanced at the injured Duan Huaian, very distressed!

He quickly took out an ancient pill that was refined in the reincarnation cemetery and handed it to Duan Huaian: "Senior Duan, this pill will make you feel better."

"Also, with me today, no one is qualified to move you!"

Duan Huaian was startled, he could feel Ye Chen's kindness, and he could feel the rich breath of that pill.

He didn't reach out to pick it up, but said: "Little brother, I understand your kindness, and I understand my body."

Ye Chen could only take the medicine back.

Upon seeing this scene, Hong Tao said, "Boy, since you are not dead, then you are the best! You just said that you succeeded in refining the Ningyuan Six Soul Pill, and the pill cauldron is destroyed, and your Ningyuan Six Soul Pill is here again. where?"

Ye Chen glanced at Hong Tao with cold eyes, waved his arm, and the wind rolled!

The smoke disappears instantly!

Immediately afterwards, a Dan Ding appeared!

It didn't blow up!

"How is it possible!" Hong Tao's expression was horrified. The previous voice was clearly a sign of pill bombing, why did the pill cauldron not be destroyed.

Ye Chen opened his five fingers, Dan Ding moved instantaneously, and was drawn directly in front of Ye Chen.

Ye Chen made a please gesture: "Senior Feng, please see!"

Senior Feng nodded, just taking a step, Dan Ding suddenly opened!

In the next second, a beam of light rose into the sky!

Nine colors of light rushed straight into the sky!

"this is....."

Seeing this scene, Senior Feng's pupils were horrified!

He stared at a nine-color pill floating in the pill cauldron!

He never thought that someone could refine the Nine Soul Pill!

And he is such a young person who understands ancient alchemy methods!

For the mysterious young man in front of him, he couldn't measure it with the word genius!

"Nine souls! There are actually nine souls! This pill is almost perfect! The masked youth wins this round!
A win!"

Senior Feng could no longer control his emotions, and screamed out!

Anyone who sees such an amazing talent can't help it!

Although he has received the benefits of Hong Tao, the value of the masked youth has far exceeded this benefit.

Once this child is recommended to Danxu Tower, he will have the best chance!

His eyes were hot, and he stared at Ye Chen firmly!

Senior Feng's voice is very loud and spread far and wide!

Resound throughout the square!

Everyone in the audience was stunned in place, deadly silent, just staring at Ye Chen, staring at him.

The weak Duan Huaian also looked at Ye Chen.

Horrified! Surprised! Even fear!

He really couldn't figure out what kind of masters in the world can train such excellent apprentices!

In the twenties, such a pill can be refined! Take control of the heavenly fire!

Looking at the entire Kunlun Xu, it is considered a top alchemist!

The key is that there are endless possibilities!

If such a gifted child were his apprentice Duan Huaian, he would probably wake up with laughter when he fell like a jade.

"Congratulations senior!"

Duan Huaian hesitated for a long time, but still bent over, arching his hands to congratulate the masked youth.

Dan Dao, the expert is first.

The masked youth is enough to become his predecessor in the field of alchemy.

What's more, now that the masked youth wins, he doesn't need to be Hong Tao's alchemy.

This is a good thing for him.

Ye Chen saw the master's actions, and quickly went to help: "Master, you shame me!"

"master?"

Duan Huaian frowned.

Ye Chen was taken aback, and quickly explained: "Senior Duan, you heard me wrong, I am a junior, you can't call me that."

Now that there are outsiders, he naturally cannot reveal his identity!

In the next second, he thought of something and looked at Hong Tao.

At this moment, Hong Tao's face was extremely hideous!

He never thought he would lose!

And still lose to a young man!

Both rounds were masked youth wins, and the third round did not need to be compared!

He even felt that the young man's eyes looked at him with endless humiliation!

Even the people below are boos!

The foundation he built for so many years is all ruined!

His heart ignited with terrible anger, his fists clenched, and his eyes were like a fierce beast. He bit his teeth firmly, and said every word: "Boy, I'm willing to bet. What are your conditions, direct Say!"

A flame formed between Ye Chen's fingers, and he said faintly: "You just wanted Senior Duan to be a pill, right? I am also interested in alchemy with the human body, or I will experiment with you, how about it!"

"But I'm not a vicious person, as long as you can bear my flame for ten seconds, I won't make trouble anymore, how?"

Hong Tao laughed when he heard these two sentences!

Want him Hong Tao as a Dan Yin! No one is eligible!

His hideous expression seemed to be demonized, and he stepped forward with a snap of his fingers!

In the next second, dozens of strong auras surged!

Weapon flashes!

Murderous release!

"Boy, Hugh is arrogant! If you want to burn my Hong Tao, I'm afraid you are not qualified!"

"Whether you win or lose today, you and Duan Huai'an will become my alchemy and enjoy endless pain!"

This is Hong Tao's worst plan!

No one can let him lose!

His face has long been lost, since the alchemy is inferior, then he will shock the entire killing land with the killing!

From now on, who dares to mention today's matter in the land of killing!

Duan Huaian turned into anger when he saw this scene: "Hong Tao, you know the cost of this action! Do you have to bear the infamy of your life!"

Hong Tao sneered: "Fuck! What are you! Today I am the first to sacrifice you to my natal pill!"

When the words fell, Hong Tao forced out a drop of blood, and the blood scattered!

A masterpiece of light! A huge Danding was suspended in the air instantly!

Endless flame burning!

Seeing this scene, Duan Huaian's face changed drastically!

He had no idea that Hong Tao even had a Pill of Life!

Hong Tao stared at Duan Huaian and Ye Chen fiercely, and smiled grimly: "Today, you two are trapped beasts! What if you win! In the end, I will become Hong Tao's alchemy!"

In the eyes of everyone, dozens of powerful Saint Kings are surrounded, and there are even higher levels of existence!

How to escape!

Ye Chen and Duan Huaian at this moment will undoubtedly die!

At this very moment, Senior Feng, who has not spoken, spoke: "Hong Tao, I have a request."

Hong Tao squinted his eyes slightly, looking at Senior Feng, the other party is also considered his own, and certain conditions can naturally be agreed.

Senior Feng stretched out his hand, pointed at Ye Chen, and said: "Hong Tao, this son is extremely important to me or to Dan Xu Pagoda! Can you let this person off for my face! This person is very likely in the future? Become the top genius of Danxota!"

When Hong Tao heard this request, he shook his head directly: "No! This kid must fall here! There is no room for negotiation."

He can understand the fear of the masked youth!

Today everything is going according to the result he expected, but he didn't expect to get Cheng Yaojin halfway!

This child is the culprit and must die!

Senior Feng narrowed his eyes, he made up his mind to protect Ye Chen! Step out and face Hong Tao!

"If this son is now a member of Dan Xu Tower, are you eligible to move?"

In the next second, he took out the jade pendant on his waist!

Pass it directly to Ye Chen!

"As long as you nod your head and recognize me as a master, I will give this jade pendant to you! This jade pendant represents the Danxu Pagoda! Holding this jade means that you are standing behind the Danxu Pagoda, and no one is qualified to move you! Neither can the people of the Slaughter Land!"

Hearing these words, Hong Tao's face changed drastically!

If this kid takes this jade pendant and becomes a disciple of Senior Feng, he really can't move!

Anyone in Dan Xu Tower is enough to wipe out the land of killing!

Slaughterland has survived so well for so many years, but there is no top-level power to dare to move!

If he moves, then Hong Tao is not qualified to live!

At this moment, he hesitated!

Duan Huaian also looked at the masked youth. He knew very well that this masked youth would not refuse.

No alchemist will refuse!

Dan Xu Tower is the place that countless alchemists yearn for!

Only Dan Xu Tower can give the masked youth the supreme future!

Countless looking at the masked youth, everyone thought that the youth would take the jade pendant!

Thank you!

After all, this is his only chance to give birth!

Otherwise, he is an alchemist, how can he be qualified to leave the place surrounded by the strong!

But when everyone was determined, an indifferent voice suddenly sounded.

"Sorry, I already have a master and a master, and I will not go to any Danxu Pagoda!"

Refused!

What made everyone present overwhelmed was that the masked youth refused!

The olive branch that countless people admired was rejected by him!

This guy is crazy!

Don't you weigh the pros and cons!

This opportunity, how many people want it!

Senior Feng's expression was a little embarrassed, and things that he had always felt impossible to happen just appeared.

"you sure?"

"I'm sure." Ye Chen glanced at Duan Huaian and said with great certainty.

Senior Feng sighed, he had already given the opportunity, but Ye Chen didn't cherish it.

It is normal for such an ignorant person to fall.

He shook his head and walked towards the stage.

After walking a few steps, I suddenly thought of something, stopped, and said: "I'm very curious, what kind of master and sect, let you reject Dan Xu Tower without hesitation?"

Ye Chen looked at Duan Huaian with a smile drawn at the corner of his mouth.

This smile is not murderous, but warm.

"Many years ago, I was just a piece of rubbish, and countless people spurned me. My family was ruined, and I was on the verge of life and death."

"An old man accidentally rescued me. He helped to dispel the haze, gave me hope, and even led me into the path of cultivation."

"At that time, I was ignorant, I only had hatred in my heart, and I had no intention of practicing what he gave me. I blamed him for not giving me better."

Think about it now that I was really ignorant and ridiculous at that time.

Until recently, I did not know some of the past, the master did not give me the best, but was unable to give me.

His past is far more painful than mine.

He pinned all his hopes on me.

Later, the master asked me if I could let go of my vengeance. I said no. He didn't speak, and took me to see the sects all night. "

"He put down his son and dignity, and begged these sects to take me in."

"That was the first time, I felt warm in this strange place."

"This warmth made me realize for the first time that this non-talkative old man is a little cute."

"It was also from that moment, I made up my mind, from then on, this old man is the master I recognize!"

"If anyone dares to move him, I will kill everyone!"

"If the whole gate is not enough, I would destroy the mountains, rivers and earth, even if the entire Kunlun Xu is erased!"

The cold words resounded throughout the square!

Senior Feng's lips trembled, trying to say something, but in the end it turned into a sigh.

With such an apprentice, what can the master want!

At this moment, no one noticed a trembling body and red eyes!

It is Duan Huaian!

He stared at the young man wearing a mask!

This experience is too familiar!

Five years ago he rescued Ye Chen from China Dongqian Lake!

In the past five years, he has pinned all his hopes on Ye Chen!

I hope that Ye Chen will revive the magic of medicine!

But Ye Chen wanted revenge, he wanted to help, but because his dantian was destroyed, he vowed not to enter the martial arts again!

He can only take Ye Chen to ask a hundred sects!

Hundreds of rejections!

He regrets! He regrets! He always felt ashamed of Ye Chen!

He even thought Ye Chen must think that his master was very useless.

But at this moment, I heard the words of the masked youth.

Countless emotions are coming like a flood!

Youth is punish the heart!

He finally understood that the stubborn boy did not blame him!

From the time when he and Ye Chen left the last sect lonely, the feeling of master and apprentice was completely condensed!

At this moment, nothing in the past is important!

The important thing is that this masked youth is actually Ye Chen!

He is so sure!

That kid is back!

Come back with the magic spell to reach the sky!

Five years ago, he rescued the kid and kept guarding and writing about him, trying his best not to let a hundred cases hurt!

Five years later, the kid appeared strong in the land of killing and made a promise with one sentence!

If anyone dares to move my teacher, I will kill the whole family!

The door is not enough, erase the entire Kunlun virtual!

The old man smiled. He glanced at Ye Chen's firm eyes and murmured: "You kid, since you are back, why do you want to cover up like this... I'm afraid, the most correct thing to do for the teacher in this life, just It will save you from Huaxia Dongqian Lake."

"It's just that even if your boy Dan Dao is against the sky, the current dilemma can be solved by Bhutan Dao."

"You should accept Dan Xu Tower's invitation! Alas!"

Duan Huaian's voice was very soft, and Hong Tao on the side only vaguely heard something about Huaxia Dongqian Lake, which he disagreed.

The disdainful gaze turned to Duan Huaian: "A dying person, what nonsense is it!"

Then his eyes fell on Ye Chen, and he smiled: "Boy, if you took Jade Pei and joined Danxu Pagoda, I might really be helpless to you, but now it's you who gave up life and death, so I can't help you. Up!"

Ye Chen glanced at the strong man who surrounded the entire ring.

The lowest is probably entering the holy realm, most of them are experts in the holy king realm, and there are even a few masters in the virtual return realm.

It can be seen how terrifying the forces of Hong Tao, Land of Killing.

It is very difficult to break open by relying solely on force.

But no matter what, he must take his master to leave, no one can stop him.

In the next second, he no longer hesitated, and offered Poyang Sword.

Long Sword shook hands tightly, and the cold killing intent was released.

At the same time, the body took a step back and directly protected in front of Duan Huaian.

"I really don't want to do it to you, but if anyone dares to do it to my master, I will kill you!"

This sentence was mixed with true energy, echoing in the entire square.

After a brief silence, a burst of laughter resounded!

Ye Chen's threat was too pale in everyone's ears!

Kill without mercy?

How can you kill without mercy by yourself?

The pretense is not like that!

Everyone in the audience knows that Hong Danzun is already invincible, and Hong Danzun is the king here!

No one can shake!

They naturally stood on Hong Tao's side without hesitation.

The Land of Killing is so indifferent.

Although the masked youth wins, so what!

Morality, rules, fairness?

How can there be so much fairness and rules in the world!

You can shake everything if you have the strength! This is the real law!

"That kid is afraid of being a fool, even if his pill is against the sky, now this **** martial arts! What is the use of talents against the sky? Isn't it a lamb to be slaughtered!"

"Unfortunately, with his talent, Hong Danzun definitely cannot let him leave alive."

"The talent in the Slaughter Land has a fart! If you don't know how to judge the situation, this guy will have the same result when he goes outside!"

The crowd talked a lot, and they thought the words of the masked youth were extremely ridiculous.

At this moment, Xiao Xuan under the square was extremely nervous.

He has been watching from the audience, he is not optimistic about Ye Chen at all. He thought that Ye Chen would lose in the first game.

What he didn't expect was that Ye Chen really turned the tide!

Not only that, the second sentence of the first game completely crushed Hong Tao!

Before he was fortunate enough, the shameless Hong Tao ignored the rules and reputation and wanted to suppress it by force!

He was angry but helpless!

But what can I do now!

Even if the ancestor Qingxuanfeng came, he might not be able to successfully take Mr. Ye away!

He wanted to rush up to help Ye Chen, but with his strength, rushing up is undoubtedly looking for death!

"What to do! It's dead!"

Just when Xiaoxuan was nervous, Hong Tao said: "Boy, if you want to survive, I can give you a chance!"

"Turn the fire of alchemy in your hand into an unowned flame, and then give it to me, kneel down and knock me a few heads, I may consider forgiving you for your life."

In the eyes of Hong Tao!

That fire of alchemy is a rare existence in Kunlun Xu!

His value far exceeds the masked youth!

No matter what the price is, he will get it!

Once he gets it, his alchemy will take a big step!

Hong Tao was even a little excited when he thought that he was about to get the Heaven Defying Pill Fire.

Will this kid refuse?

of course not!

This is the only chance he has given this kid with compassion!

With so many powerhouses, it is difficult for anyone to fly! Not to mention the other side's extraordinary garbage!

In the voice of doubt, Ye Chen's icy gaze shot towards Hong Tao, and the unquenchable fire was directly condensed in the palm of his hand.

"You said you want me this flame?"

Hong Tao felt the rising temperature around him, his eyes showed greed, and he nodded fiercely: "Yes! Hurry up! Give it to me! Remember to erase your mark!"

Ye Chen sneered, his arm shook, and the immortal shot immediately!

"Since you want this unquenchable fire, I will give it to you! I just don't know if you can eat it!"

When the words fell, the immortal fire that shot out instantly changed!

Condensed into a fire sword!

The fire sword keeps expanding, and it is tens of feet in an instant!

All the aura around the world was swallowed by flames!

You must know that the unquenchable fire is not only used for alchemy, but the most terrifying thing about him is fighting!

Hong Tao's smile suddenly stiffened, and he could feel the flame had changed!

It is no longer a pill fire attribute, but a murderous intention!

The cold murderous intent seems to swallow everything!

"how is this possible!"

When that Hong Tao reacted, Fire Sword had already arrived in front of him!

He couldn't take care of everything, his fingers choked, and a golden shield suddenly formed!

"Boom!"

The two forces collided suddenly!

The powerful air wave rolled.

"Crack!"

Hong Tao had no idea that his golden shield would shatter on the spot!

His vitality surged The body took three or four steps back!

His biggest mistake is to underestimate the enemy!

I never thought that Pill Fire could kill people! It's even harder to imagine that a kid in the transcendent realm could burst out with such power!

He just stood firm, but found another afterimage rushing quickly!

It is Ye Chen!

Catch the thieves first!

As long as Hong Tao is killed, the surrounding masters will be in chaos. This is his opportunity!

At this moment, Ye Chen's Nine Heavens Profound Sun was decisively operating, and the power of his dantian and the unquenchable fire burst out. At this moment, his aura soared to the extreme!

At this moment, his realm is not extraordinary at all!

Canglong's phantom body surged, his figure was like lightning! Such as shock!

"laugh!"

The power of horror swallowed, and the sword intent was overwhelming!

At this moment, Hong Tao faced Ye Chen with wide-open eyes!

"This guy is not a transcendent state!"

"Hidden all the time? Damn it!"

After being shocked, looking at the long sword that was about to pierce into his body, Hong Tao no longer hesitated, and roared, "My life Danding! Come!"

In an instant, the surrounding airflow completely changed, and the natal Pill Ding suspended in the air was firmly guarding Hong Tao's body!

At the same time, Hong Tao offered a scarlet thin sword in the palm of his hand. With a flick of his wrist, his long sword pointed toward the sky!

"Zizi!"

The sky was red, and the two forces suddenly collided!

The violent impact was deafening.

A wave of air, like a sea wave, swept out in all directions.

On the square, there were cracks in the place where the two feet stepped!

"Boom!"

The two forces suddenly separated, and Ye Chen took three steps back!

And Hong Tao also took three steps back!

Under one sword, it's even comparable!

Seeing this scene, Duan Huaian's old body was constantly shaking, his fists clenched.

He found that Ye Chen's current martial arts strength almost entered the Saint Realm!

Although the realm is still transcendent, the aura is constantly rising!

What happened after this kid left Kunlun Xu?

First it was Dan Dao, now it is Martial Dao! Even if you get an adventure, it can't be so exaggerated!

He even began to suspect that the young man not far away was really his disciple Ye Chen?

"Boy, get out of here!"

Realizing that something was wrong, Hong Tao stepped on the long sword directly from top to bottom!

"Boom!"

There was another loud noise, with a radius of one hundred meters, grass and trees flying, and sword energy!

The two separated again!

Ye Chen squinted slightly, no longer hiding, the power of the blood dragon acting between his hands!

The life talisman is sacrificed directly!

Countless lightning arcs overflowed his whole body instantly!

"Ten thousand swords! Cut!"

Ye Chen's whole body crossed a full ten meters, and then fell into the sky!

Thousands of swords are used, and the violent sword intent seems to be transformed into a hundred-zhang sword shadow!

Although Hong Tao's realm is far stronger than Ye Chen, he spends most of his time in the alchemy, so there is no time to cultivate martial arts!

Seeing that terrifying sword intent, he was instantly scared!

He saw a middle-aged man in Yu Guangzhong, and quickly roared: "Fang Yun! Don't hurry up!"

"Yes, my lord!"

In the next second, a middle-aged man rushed over instantly!

The middle-aged man named Fang Yun was a disciple accepted by Hong Tao in the Land of Slaughter.

Very strong and proficient in kendo!

At this moment, Fang Yun and Hong Tao are the closest, undoubtedly the best choice!

Fang Yun offered a green sword, the green sword turned, the sword intent was bleak!

"Little beast, dare to move my master! Looking for death!"

His sword is too fast!

The bursts of breaking through the air sounded, as if from hell!

Qing Jian broke away from his hand, and rushed towards Ye Chen's concentrated sword intent!

"Boom!"

What surprised Fang Yun was that the green sword shattered directly!

Unable to stop a single blow!

What kind of swordsmanship is this!

He wanted to behave in front of Hong Tao, but he didn't expect that he was respected by swordsmanship, and he could not even beat a sword!

Shame!

Feeling the strength of the sword intent, Fang Yun actually had a trace of fear in his heart!

"Go away!"

He roared, forcing a drop of blood!

The essence and blood burst apart!

At the same time, a piece of jade pendant was sacrificed directly!

Yupei shattered on the spot! But it generates a blood-red sword!

The blood red sword is constantly expanding, using the essence and blood as the momentum to contend with Ye Chen!

"Boom!"

The two destructive forces completely collided together, bursting out dazzling light!

It's like a volcano erupting straight into the sky.

The countless bricks and stones on the square all fly off!

Those onlookers in the audience felt the horror and fled!

They know very well that once they are shocked by this air wave, they will not die or hurt!

They just want to survive!

After the crowd in the front row dispersed, the tables and chairs instantly turned into powder!

Billowing smoke and dust, the entire square seemed to be shrouded in smoke and dust!

Can't see everything!

At this moment, Fang Yun in the smoke suddenly found a feeling of being locked in. He closed his eyes and then opened them: "No!"

Ye Chen has rushed over!

Swept down with endless killing intent!

The thunder and lightning above the sky smashed down!

The power of the natal talisman burst out!

"Boom!"

With this sword, Ye Chen was like a murderous god, and the gust of wind swept away the dust around him!

Everything is clear!

A violent sword hit Fang Yun's body without warning, making people shudder.

Fang Yun's pupils dilated!

There are only a few questions in his mind!

What the **** is this swordsmanship?

What the **** is this power?

Unheard of in Kunlun Xuhe Slaughter Land!

grass!

His eyes were red, and Yu Guang had already determined that Hong Tao moved to a safe place, no matter what, he must survive!

"Thousands of swords will kill!"

Fang Yun spit out a mouthful of blood, and a rune left by the sect elder blossomed in the blood!

In the face of such a ferocious Ye Chen, he can only sacrifice his hole cards!

No choice!

But before Rune had time to explode, a cold voice sounded: "Do you think I will give you this opportunity?"

Fang Yun's eyes widened: "Why are you..."

Before he finished speaking, Ye Chen smashed out with a punch!

Rosha Fist!

Ancient boxing skills!

Carry the storm!

"Boom!"

This punch hit Fang Yun's body without warning. Fang Yun's eyes were bloodshot, and it was too late to dodge!

Can only be carried down!

But he couldn't bear Ye Chen's power at all!

In the next second, a mouthful of blood was spit out, and the whole person flew out!

It took more than ten meters to stop!

There is a huge blood hole in his chest.

Completely dead!

There is not even a chance to breathe.

At this moment, the whole world is quiet.

They stared at Ye Chen fiercely, not knowing what to say.

This is a **** alchemy!

When was the alchemist so cruel?

That mask kid is far more terrifying than some killers in Slaughter Land.

Ye Chen moved his fist, glanced at everyone, and said lightly: "This is the first one, who wants to be the second one!"

The cold voice rippled away, no one dared to move!

At this moment, Hong Tao has been surrounded by several top powerhouses
naturally there is no danger.

He looked at the majestic masked youth on the stage, and the anger in his heart burned completely!

This son not only caused him to succumb to alchemy, but almost killed himself!

He snorted coldly: "Boy, I don't care who you are! It doesn't matter where the flame on your body comes from. No matter what, you two must die today!"

"Everyone listens to the order, let's do it together! If you take this boy off, if anyone cuts off this kid's hand, I will give him ten magical pills by Hong Tao!"

As soon as these words came out, the eyes of the strong men who surrounded the square appeared a trace of fanaticism!

This is a magical pill, above the sixth-grade pill, if you take one, your cultivation will definitely increase!

If you take ten pills, this is a great opportunity!

In the next second, dozens of terrifying auras swept towards Ye Chen!

Sacrifice the long sword!

Everyone's goal is Ye Chen's hands and feet!

Ye Chen watched dozens of strong men rushing forward, his eyes narrowed slightly, it was impossible for him to kill all the strong men!

It is easy to get hurt!

These people have a strong blood, and every blow is a killer move, extremely dangerous!

Duan Huaian naturally saw Ye Chen's concern, and came directly to Ye Chen's body: "Although the master cannot use martial arts, no matter what, he won't cause you trouble as a teacher. Ye Chen, I will use the essence and blood technique to hold him back. These guys, leave soon!"

"The God of Medicine has fallen, it's the teacher's incompetence! I hope the God of Medicine can rise here!"

"I have seen your talent, your future will be limitless!"

"If one day you are really strong, you remember to help kill this Hong Tao as a teacher! Also, when you stand on the peak of Kunlun Xu, go find a sect called Dao Zong! The downfall of my life is Dao What you do! Remember, wait until you have enough strength to do so!"

Chapter 759: This is the reason!

Duan Huaian seemed to be giving a will.

After speaking, his eyes were extremely firm, and he stood in front of Ye Chen!

He looked at the killing intent that came, spreading his five fingers, forcing a drop of essence and blood, just about to pinch, burning essence and blood and cultivation base to stop these people!

A magnetic voice rang behind him.

"Master, I said, no one can touch you."

"nobody."

After the words fell, Ye Chen pinched his fingers and pointed on Duan Huaian's body.

Duan Huaian only felt that a barrier had formed on the surface of his body to protect him.

At the same time, the gale rolled up, and his body was directly pushed behind Ye Chen by a force!

"Disciple, you—"

Before Duan Huaian's words were finished, Ye Chen was heading towards that countless murderous intent!

He didn't use his sword, let alone his hands!

Just stand with his hands behind him!

The breath is misty.

As if in charge of everything.

Those onlookers were dumbfounded, this mask boy is looking for death?

Hong Tao frowned, not knowing what the other party was thinking.

Not only that, but those powerhouses who rushed towards Ye Chen also slowed down.

The main reason is that the opponent's behavior is so weird!

Before figuring out the other party's intentions, no one dared to act rashly, after all, they had seen the strength of the masked youth.

Suddenly, everyone discovered that the masked youth had moved!

Step on!

The thundercloud in the sky suddenly appeared!

One after another thunder and lightning directly smashed down!

"Boom bang bang!"

Thunder and lightning smashed five meters in front of Ye Chen!

The crackling sound resounded!

What is surprising is that a gully of almost a hundred meters has been created abruptly!

The ravine is ten meters deep, flooded with thunder and lightning, and the blue-violet light is embedded on the ground like a sword mark.

It also seemed to separate Ye Chen from those strong in the Slaughter Land with a line!

No one would have thought that the mask kid could summon Thunder!

The key is still such a big battle!

Not only that, Ye Chen released thunder and lightning all over his body, flooding with thunder arcs!

He took a step again, a cold flash of light!

Zhanlongwentian Sword is held in the palm of your hand!

Jian Feng turned, pointed at everyone, and said: "If anyone crosses this line, I have a sword, Ye Jitian, can kill the people of the world!"

His voice seemed to come from the vast nine heavens.

No doubt!

Those who were planning to cross the thunder arc ravine in the Land of Killing stopped in an instant!

The expression is terrifying to the extreme!

Not only them, but everyone present took a step back unconsciously!

It was as if an invisible fear was hanging over them!

Just because of three words!

Ye Jitian!

It appeared three times in a month, and each time was to slaughter the sect and family!

Cruel and bloodthirsty, the means reach the sky, a plum blossom will kill the heroes!

No one knows the origin of this Ye Sitian!

No one knew Ye Jitian's true strength!

No one knows when Ye Jitian will appear!

He is the great devil of Kunlun Xu!

The great demon no one dares to touch!

But at this moment, there is actually a young man with a mask saying that he is Ye Jitian!

Regardless of whether it is true or not, this makes everyone present jealous!

Because these three words are almost the nightmare of the entire Kunlun Xu!

Duan Huaian naturally didn't believe it. During this time, he had also heard a lot of Ye Jitian legends.

Although he hadn't seen it before, he could roughly guess Ye Jitian's strength.

It should be above Void Return Realm! But Ye Chen's cultivation base stayed in the Transcendent Realm.

With such a big gap, how can it be the same person?

And their styles are completely different.

He guessed that Ye Chen should use this name to frighten everyone, and the effect is naturally good right now.

But this cannot last long.

Many people in Kunlun Xu took advantage of Ye Xitian's reputation to bluff and deceive.

But in the end the scam was broken and all died miserably.

This is his own apprentice.

Not long after, Hong Tao reacted for the first time and laughed loudly: "Don't you want to listen to this kid's nonsense! If he is Ye Jitian, I am still the **** of the gods! Hurry up and take this fake!"

As soon as these words came out, everyone woke up, those people just wanted to continue carrying their swords away!

Ye Chen snorted coldly, "Really!"

"Blood dragon, come out!"

With a roar, the sound of dragon chants resounded throughout the square!

"Boom!" With a sound, the entire sky suddenly changed color, and the original blue sky was actually black!

This makes everyone have a bad feeling!

Suddenly, a fiery red light and shadow burst out of Ye Chen's body!

Everyone opened their eyes wide, and when they saw the picture in front of them, they were completely speechless!

A crimson dragon emerged from the clouds, invincible!

The body of the giant dragon covers the sky and the earth, and the whole body is full of blood. It is majestic and majestic, and a faint dragon chant is heard from the clouds, giving people a sense of oppression!

Actually summoned a dragon!

Ye Jitian's biggest feature is that she is accompanied by a dragon!

Before everyone could react, the giant dragon above the sky swooped down and opened its big mouth fiercely, and a dragon chant came, as if to swallow everything directly!

Long Yin turned into a violent sound wave, and the blood dragon's long-term murderous intent in the killing land broke out!

The airflow seemed to turn into a blood arrow to shoot at the strong man near the thunder arc ravine!

Even the Holy King Realm!

Directly into blood mist!

At the same time because of the pressure of the blood dragon, the mask that Ye Chen was wearing burst into pieces! Turn into powder!

Ye Jitian's appearance was directly exposed!

Countless eyes stared at Ye Chen like this.

silence.

Still silent!

I don't know how many seconds have passed!

Someone suddenly took out a portrait, which was the portrait circulated in Kunlun Xuzhong by Ye Sutian.

The face is exactly the same!

The sword is exactly the same!

Blood dragon, exactly the same!

The person holding the portrait had bloodshot eyes and was soaked!

He stepped back ten steps, and suddenly exclaimed: "Ye Jitian! The Great Demon King Ye Jitian has come to the Land of Slaughter!"

In the next second, he disappeared even more rolling!

Ye Sution is a man who dared to kill the sky. If he stays here again, he won't know when he will die!

Those Saint King Realm powerhouses turned into blood fog is the best example!

The crowd panicked instantly!

Except for Hong Tao and his people, everyone took a full step back!

Who would have thought that the young man who has been wearing a mask is really Ye Jitian!

Even if the face is fake, can this blood dragon have a second person to summon!

Ye Chen coiled around the blood dragon, and the Dragon Swordsman was floating in front of him. He was actually a little shocked just now.

He didn't expect the blood dragon to have such a powerful force!

More than a dozen Saint Kings realm, direct blood mist!

Even if these people have just entered, they can't be so awesome!

It's a pity that the killing aura in the blood dragon has disappeared a lot, it should be because of the complete release of the aura of the condensed killing land in the past few days.

Can only be used once.

He also finally understood why the reincarnation cemetery repeatedly emphasized that the blood dragon is far stronger than the reincarnation cemetery!

This is the reason!

Chapter 760: Who are the stepping stones!

Duan Huaian behind Ye Chen was completely confused!

I can't say a word!

Who would have thought that his apprentice was the prestigious Ye Jitian?

He thought about countless reasons, but no one could convince him!

Fangen waste?

From now on, who dares to say that his apprentice is a waste of Fangen!

But there is one thing he hasn't figured out yet.

Ye Chen is so powerful, why did he make Ye Jitian come out?

Could it be for keeping a low profile?

At this moment, Ye Chen clearly had control of the overall situation.

No matter what, Hong Tao must be killed today, otherwise it will be difficult to try again next time!

Thinking about everything, Ye Chen moved!

Five fingers hold the Dragon Slashing Sword!

The endless evil spirit is released!

The lightning of the natal talisman surrounds the whole body!

In addition, the blood dragon rushed directly into those remaining strong.

Ye Jitian's identity has long caused a trace of fear in these people's hearts, and his companion was crushed by the blood dragon on the spot!

They knew that they couldn't resist this evil spirit!

Everyone didn't fight back, but turned around and ran!

Dao Xin is destroyed, what chance is there!

Ye Chen looked at the people who had disappeared and sneered: "Did I let you go!"

"Leave it all to me!!"

Thunder light broke out, and the dragon roar resounded!

The Slashing Dragon Wentian Sword in Ye Chen's hand burst into dazzling light.

Sword energy is overwhelming, devouring heaven and earth!

The long sword sank into the thunder light as if carrying a mighty force.

"Puff puff!"

Wherever you go, flesh and blood fly!

Even the Saint King Realm could not stop Ye Chen's strength!

If he is Ye Jitian, he can kill the gods and swallow the sky!

More and more people are dying! More and more defeat their hearts!

The last six people didn't plan to run anymore!

Instead, he turned and knelt down in front of Ye Chen!

"Mr. Ye! Please forgive us! We are willing to be your beast!"

Ye Chen stopped and snorted coldly, "If I forgave you, who forgave me just now!"

Zhanlong asked the sky sword to be released, and the long sword swept across!

Six heads all fell!

The headless body is poured, and the blood is gradually stained!

"hiss!"

Those onlookers who have not yet dispersed all took a breath!

They thought that Ye Sutian was just a legend, but they didn't expect to see Ye Sutian and found that this person was far more cruel than the legend!

Kill decisively!

If this continues, Hong Danzun and his forces will fall short!

After solving the rest, Ye Chen held the Dragon Slashing Question Heaven Sword dripping with blood in his hand, and his eyes shot towards Hong Tao.

How can Hong Tao at this moment have a little momentum!

Had it not been for the guarding of four Void Returning Realm powerhouses around, he would have fallen long ago.

Boundless fear swallowed him!

Ye Chen walked over step by step, his eyes indifferent: "Are you also going to stand in front of Hong Tao?"

"My sword won't agree."

The old man headed is the one on the stone tablet.

At this moment, when he saw Ye Chen again, the disdain in his eyes completely disappeared.

He never thought that the masked youth who was ridiculed by him was the frightened Ye Sitian in Kunlun!

He hesitated for a long time, and still said: "Ye Jitian, Hong Tao has a special identity, and he is the person who personally invited him in the Land of Slaughter. If you kill, the consequences are not something you can bear."

"I know you are very strong, but I hope you don't make too many enemies, otherwise you won't even know how to die in the end."

Ye Chen glanced at the four people. He knew very well that it was impossible for him to kill these four people in his current state.

After all, the four Void Returning Realm are not fun!

He can behead the Saint King Realm, but it is impossible to return to the Void Realm!

Fortunately, there was fear and jealousy in the eyes of these four people. He continued to walk towards Hong Tao and said as he walked: "I Ye Jitian wants to kill the person, no one has ever survived the next day. This is my principle. If you stop, don't blame me for being ruthless!"

When the words fell, the blood dragon coiled directly above the four people's heads, and the coercion condensed, and the expressions of the four Void Returning Realm changed suddenly!

Although Ye Xitian's aura is not strong, they dare not gamble with their lives!

One of them was completely shaken, dropped the sword in his hand, and said to Ye Chen: "Ye Jitian, I will not participate in this matter!"

After speaking, he turned and headed outside.

The steps seemed steady, but there was a trace of fear in his heart.

He cannot bet!

If everything he has worked hard to build for a hundred years is destroyed, he will suffer the most!

Seeing someone leaving, Hong Tao was angry: "Wan Mang! You leave at this time, you know the cost!"

The man did not answer, and his figure disappeared into the crowd.

"Patter!"

Two swords fell together, and the other two also dropped their swords and said to Ye Chen: "We also withdraw!"

Originally, these two people thought that Ye Xitian would kill them all, but they didn't expect that the one who left would actually retreat!

How can they give up such an opportunity.

Soon, only the old stone stele and Hong Tao remained in the hundred meters!

Hong Tao hurriedly grabbed the corner of the old man's clothes in a panic, and said with a trembling voice: "I'm not treating you thinly, you must save me!"

The old man hesitated for a few seconds, then nodded and said, "Hong Danzun can rest assured, as long as I am at Ye Jitian would never want to move you!

When the words fell, the old man's momentum suddenly increased!

In the blink of an eye you will enter the realm of returning to the virtual world!

At the same time, with five fingers gripped, a silver spear appeared in the palm of his hand.

"Ye Jitian, it is said that you are far above the Void Return Realm. Today, I want to learn something!"

The spear turned, the old man stepped on his feet, and the silver light shot out, hitting Ye Chen's heart!

This simple shot gave birth to two moods.

One side is cold, one side is inflammation!

Killing intent billowing, fire surging, ice covering!

This is the first time Ye Chen has faced a Void Returning Realm powerhouse. He originally wanted to defeat a soldier without fighting, but now it seems that it is obviously impossible!

He can only bite the bullet!

"Ten Thousand Ways of Swordsmanship!"

A tens of thousands of swordsmanship was used, Ye Chen swallowed away with lightning.

"Break it for me!"

Ten thousand swords are not enough! Ye Chen immediately displayed the other sword intent that Chen Tianli taught him!

These two moves can be said to be one of Ye Chen's most powerful swordsmanship today.

The two swordsmanship burst out, and the horror spread.

Wow!

With thousands of swords anger, the old man's artistic conception was finally torn apart.

The whole ground seems to be shaking at this moment, and may collapse at any time.

"Boom!"

The realm gap is still too big after all!

Ye Chen was knocked into the air instantly!

The blood surged, he forcibly held back!

The old man realized that something was wrong in an instant, his fear dissipated, and he sneered: "Ye Jitian, it seems that the outside world has exaggerated you. Your real realm is in the transcendent realm. It must be the use of some secret technique to barely achieve the killing of the Holy King realm. Haha! Today I will replace Kunlun to destroy your nightmare!"

The old man's aura strengthened again, in his opinion, once Ye Jitian was killed!

He will definitely be famous throughout Kunlun!

No matter how strong Ye Jitian is, it is still his stepping stone in the end!
