

URBAN MEDICAL GOD

Chapter 8: This figure is too hot!

"this is....."

Ying Qing watched the video again a few times, but every time he watched it, a more terrifying storm was set off in his heart!

Unconsciously, the sandwich in his hand has fallen to the ground.

The picture of the notebook freezes, it is a very young face.

Aloof, self-confidence, and disdain are all over this face.

He stared at Ye Chen in the video, without saying a word, but only he knew that he felt danger for the first time in his life.

This is not a confrontation! But through videos that don't know how blurry!

He was born into a military family since he was a child, and he began to practice ancient martial arts at the age of ten! He has received the most rigorous training in the world! It is also a powerful martial arts that no one else can control.

He successfully entered the Huaxia Dragon Soul Commando, and performed countless missions in a year, becoming the dragon soul war wolf that frightened the world underground organization!

I don't know how many people's blood is on his hands! He is even numb to death!

But the young man in the video gave him a sense of crisis for the first time.

Outsiders may think that this young man is just lucky and will have a good time, but only he knows that this young man is an extremely powerful ancient warrior!

may even be a martial arts master standing on top of the mountain!

What does Budo Master mean?

A martial arts master can destroy a well-equipped M State SEAL team in the blink of an eye!

Ten minutes later, Ying Qing suppressed the shock in his heart and dialed Bai Libing's phone.

"Junior sister, I want all the information about the young man in the video! Right away! Right away! Don't ask why! Give it to me right away!"

.....

At ten o'clock in the evening, Jiangcheng Dadu Apartment.

Sun Yi took Ye Chen back to where she lived. It was a single apartment in the city center with two bedrooms, one living room and one bathroom.

is not big, but it is warm.

When Sun Yi arrived in the living room, she took off her coat. Maybe it was because it was hot or the shirt was too tight. She unbuttoned a few buttons of the shirt again, and the fullness of the shirt came out in an instant, bringing a strong feeling to Ye Chen. Shock.

is very white and big.

Ye Chen didn't want to watch it, but as a man, he really couldn't help it!

This Sun Yi's figure is too good!

Sun Yi didn't notice Ye Chen's reaction at all. He bent down to tidy up the dolls on the sofa, and said, "Ye Cheng, although it's not a big place, the

supporting facilities are pretty good and it's convenient to live in. If you need anything at night , You can tell me, I am also a half landlord, I always want to satisfy you."

Ye Chen stood behind Sun Yi, and he could just see the curve of the other man's bent over and plump hips.

This is a typical **** over waist!

For some reason, Ye Chen said in a horrible way: "Does physiological needs count?"

Sun Yi's body was shocked. She wanted to scold Ye Cheng a few times, but when she thought of being molested by this guy several times today, she stood up straight and came to Ye Chen.

She stretched out a hand on Ye Chen's shoulder, bit her red lips lightly, extremely seductive.

Slowly, she slid her hand from Ye Chen's shoulder to his chest, and her slender fingers were still making a circle there.

Then, a tingling voice sounded in Ye Chen's ear: "Ye Cheng, you said we are alone in the same room, do we want to do something meaningful?"

Ye Chen has been focusing on cultivation for the past five years. He has never touched a woman. Now he is tempted by this kind of temptation. He is really overwhelmed. He just wanted to agree. Sun Yi changed his face and pushed Ye Chen away. Instructed: "If you want to live here, it's not free. Go and clean the kitchen bowl!"

Ye Chen: "....."

Finally, Ye Chen went to the kitchen to clean the dishes honestly.

If the people there knew, the famous bloodthirsty dragon would actually wash the bowl for a woman, and it would be a fall.

In fact, for Sun Yi, no matter what she asked, Ye Chen was willing to satisfy her, just for the love that bury the Ye family five years ago.

And this love, he may not end his life.

.....

Ye Chen, who had finished cleaning the bowl, returned to the living room and found that Sun Yi was gone. He didn't think much about it. After all, Sun Yi just said he was going to the convenience store downstairs to buy things.

He stretched his waist and walked to the bathroom. Just opened the door, he was stunned!

Like petrified!

Because he found that Sun Yi was also inside!

More importantly, Sun Yi obviously intends to take a bath. At this moment, all she has taken off is her bra and panties!

Ye Chen saw a pair of big white rabbits like gelatin white jade, half covered, the thin cloth couldn't hide Sun Yi's hot body!

was squeezed in the waist, a pair of long and well-proportioned legs were exposed, and even the beautiful lotus feet were silently enchanting, sending out a seductive invitation.

Wearing clothes during the day, Ye Chen can only know that Sun Yi is in good shape.

But now I take off my clothes, this figure is so hot that it bursts!

is no less than the beauty pageant models on TV!

Sun Yi also noticed something was wrong, and turned sideways, the moment he saw Ye Chen appear at the door!

"Ah!" A scream resounded throughout most apartments!

"Ye Cheng, UU reading www.uukanshu.com, won't you let me go out!"

Ye Chen then reacted, closed the door quickly, and apologized: "Sun Yi, I... I didn't mean it, I want to go to the bathroom."

But no one answered him. Soon he heard the sound of water rushing from the bathroom, and it was obvious that Sun Yi was already taking a shower.

Ye Chen shook his head helplessly, came to the sofa, and sat cross-legged. After all, a girl would not be able to get out in a bath for a while, so it is better to practice.

Although it now seems that his realm and cultivation are enough to crush these people, the old man reminded him before he left that China's vast land is far from simple as it seems, and even cultivators like him are hidden in the dark. !

Today, the Ming elder of the Chen family is the best example. A small Chen family in Jiangcheng has such a master as shelter. What about the family in Jiangnan Province? Not to mention the man in the capital!

Ye Chen stopped thinking about it, and started "Nine Heavens Xuanyang Jue", only to see a faint qi overflowing from the dantian, towards his surroundings. The zhenqi became more and more pure, and gradually turned into a golden light, like a nine-day dragon coiling around him!

An hour later, Sun Yi walked out wrapped in a bathrobe, her hair was a little wet, and her face flushed. When she saw Ye Chen sitting cross-legged, she gave a "pounce" and laughed.

"Ye Cheng, what are you doing, learning from those heroes on TV to practice internal skills? Ye Daxia, stop practicing, go take a bath... As for the clothes, if you don't mind, the last time my brother came here to play Leave one set, so you can wear it first."

Ye Chen opened her eyes and slowly exhaled a suffocating breath. Then she looked at Sun Yi and smiled and said: "Okay, you are the landlord, everything is up to you."
