

Urban Medical 801

Chapter 801: Blood path is difficult!

Luo Yao hugged her chest with her hands, the soft squeeze of her chest, a deep gully seemed to make countless men drunk and die.

"This kid has a strong pill energy. I have been practicing alchemy all my life, so I can feel it naturally, and if I feel it right, this kid has a higher level of alchemy than me! He may even have refined ancient pill !"

As soon as these words came out, Old Qiu's face changed drastically!

My own lady is a genius girl in Dan Xu Tower, even in the place of killing, her Dan Dao is far higher than that of Hong Tao, who is invincible!

Young lady is extremely complacent on the alchemy path. He has been with her for so many years and has never seen her admit that others are better than himself!

But at this moment, the young lady said this sentence with great certainty!

What kind of character is that kid!

Luo Yao let go of her hand and told Lao Qiu again: "Lao Qiu, I want to take measures to find out the origin of this young man, and you personally follow this kid, remember to keep the right distance! Don't get close! Don't offend! This kid is extremely important to our family!"

"Yes, miss."

Soon, Old Qiu turned into an afterimage and disappeared.

Luo Yao was the only one left in all pharmacies.

She narrowed her eyes, looked at the night, and said faintly: "Ye Chen? Interesting, but I saw the potential choice of two top alchemists in the killing land today, one Ye Qitian and one Ye Chen, eh? Both are surnamed Ye, is there any connection?"

"Since I have been eyeing both of them, I am sure that Ye Jitian is not qualified to fight for it. This is an opportunity for Ye Chen."

Ye Chen left the pharmacy and went to Hong Tao's residence.

The lights are bright at the moment.

Powerful people in the Returning Void Realm come and go, obviously still searching for evidence.

Ye Chen narrowed his eyes and went directly to a remote back door.

There are only a few people guarding here, because it is a back door, few people pass by.

"stop!"

Several spears were shot directly! Falling in front of Ye Chen!

"Idle people, wait, don't get close, get out!"

The icy threat of threat fell directly, but Ye Chen remained motionless.

His spiritual consciousness was released, and the wind and grass around him moved clearly.

"Why don't you get out!"

One of Hong Tao's subordinates was a little angry, after all, Hong Tao's accident, their future is also worrying!

It depends on whether the killer will continue to accept them!

He didn't care what Ye Chen's goal was, he directly pierced Ye Chen's heart with a spear, and once penetrated, the results would be unimaginable.

At the moment when he was about to pierce into Ye Chen's body, Ye Chen shook his head helplessly, stretched out two fingers, and clamped the vigorous spear like pliers!

Stay still!

"Give you a chance, if you stun yourself, I will not kill you!"

When the other people heard such provocative words, their expressions changed drastically. The next second, the weapons in their hands were directed towards Ye Chen!

"Little livestock, look for death!"

"It seems that you have already chosen." Ye Chen's faint voice fell.

The **** suddenly gathered force, thunder and lightning penetrated!

"Crack!"

The fingertip spear shattered on the spot, and the wind was rolling, and the fragments were resigning in all directions!

"Puff!" With the voice, who would have thought that all the fragments had been shot into the center of the eyebrows of those people.

All fall down!

Ye Chen shook his head: "Why don't you take good care of your life?"

After speaking, he disappeared in the door.

As for whether someone will create, it is not something he cares about.

As long as he got the Danding, he left immediately.

In Hong Tao's mansion, it was like a maze, Ye Chen finally found Hong Tao's altar room.

To his surprise, this pill room actually had a formation seal!

Obviously, someone sealed this place after Hong Tao's accident!

Once the seal is broken, it will definitely be created by the person who casts the formation!

"do not care!"

In the next second, Ye Chen offered the Dragon Slashing Sword in his hand, and the thunder and lightning of his life talisman shone wildly!

Carry the power of Thunderbolt and slash it directly!

"Boom!"

A loud noise! All Hong Tao mansions seemed to shake!

Break the formation directly!

Ye Chen blasted open Shimen and rushed in directly.

He instantly created a magnificent Dan Ding lying quietly.

There are dozens of skeletons around Danding!

Obviously, these people are all Dan Yin before Hong Tao!

Dan Ding is simple and simple, and Ding Zhong has a strong smell of blood.

"I don't know why the killer asked Hong Tao to make alchemy with people. Is there any secret?"

Otherwise, it is impossible to send someone to close with a formation immediately!

Suddenly, Ye Chen felt a tingling sensation from his brows!

He could clearly feel a trace of blood gradually glowing in his eyes.

At the same time a voice kept ringing in his mind!

"Take this thing!"

Ye Chen's sight seemed to be controlled by an inexplicable force, and he swept to a box!

There is a skeleton painted on the box!

A trace of evil spirit overflowed from the box!

"It seems that this box makes my eyebrows so strange, and even this thing may have a lot to do with the killing!"

Ye Chen shook his five fingers and threw the box directly into the circular cemetery, and Hong Tao's Danding was also taken into it!

He just planned to push the stone gate and leave, but his spiritual sense created a strong murderous intent surging outside!

Already surrounded!

"It's time to die!"

Ye Chen knew that the formation was broken, and someone would come immediately!

I don't know it will be so fast!

Had someone been lying in wait here long ago!

His face is now completely impossible to be created, so he just put on a mask!

Suddenly a strong air current surged, "Bump!" The door was directly smashed! Billowing smoke!

When the smoke and dust dissipated, Ye Chen created a piece of darkness outside!

There are more than a dozen elders in the Void Returning Realm!

Ye Chen's eyes appeared solemn for the first time. He hadn't left Duan Leiren with that sword tactic, and the silver needle was also temporarily cooled and could not be applied! It is impossible for Lin Qingxuan to come out to help herself!

It is impossible for the mad black tiger to come in a short time!

Now he is undoubtedly helpless!

It's hard to break a blood path!

An old man in a robe walked out of the crowd. The old man stared at Ye Chen wearing a mask curiously, and said: "Who are you! But Ye Jitian sent you!"

Although Ye Jitian and the young man in front of him were wearing masks, he did not regard Ye Chen as Ye Jitian, because he felt the solemnity in the other's eyes for the first time!

If this young man was Ye Jitian, he would have killed him!

What's more, Ye Xitian had already left the place of killing, how could he come back!

"Boy, didn't you hear my question! Why did you forcibly destroy the formation and break into the forbidden area! You took something inside and handed it over!"

"If you don't speak anymore, I will cut off your head!"

The words fell, countless murderous intentions swept towards Ye Chen!

Chapter 802: Part 1 of the plan?

Ye Chen felt the murderous intent of these people, his head turned quickly!

He can naturally blaze a trail, but the movement will only get bigger and bigger!

Once the outsiders arrive, relying solely on himself and without any hole cards, he is in danger!

He must think of measures to retreat!

Suddenly, a light flashed in Ye Chen's mind!

In the next second, he took a step forward, glanced at the old man in the robe with cold eyes, and said: "I only give you one chance, kneel down, and then abolish your cultivation level, or you will die!"

Hearing these words, the old man took a step back subconsciously, and then reacted fiercely, and said angrily: "Little animal, you **** think you are Ye Sutian!"

"Everyone, take this son and make sure of this person's identity!"

"Yes!"

When the dark crowd approached Ye Chen, Ye Chen sneered and roared, "Blood Dragon, come out!"

In the next second, a blood dragon rushed out of the body!

Swirling between heaven and earth!

Seeing this scene, everyone was shocked!

Ten thousand draft horses flew past in my heart!

Who would have thought that Ye Jitian was actually back!

With such heavy defense, Ye Jitian can come and go freely!

It seems that the killing of the master is not taken seriously!

In an instant, Ye Jitian's timidity was completely diffused!

The black crowd knelt down!

They are just a part of the killer faction guarding here, not the main force at all!

Although there are too many people, it's not enough for Ye Jitian to kill!

The old man in the robe was pale, and he was the first person to kneel down, with a trembling voice:
"Master Ye, I don't know if an adult came here, so I will abolish my cultivation!"

He has no suspicion at all! I would never have thought that Ye Xitian was just a powerful crossbow at this moment!

He even had the illusion of being stared at by the mad black tiger all around!

Cold all over!

"bump!"

The old man blasted his dantian with a punch and broke directly!

Not only him, those strong in the Void Return Realm also dare not take a breath!

Ye Xitian can kill more than a dozen evildoers in the Void Return Realm with one sword!

They dare not bet!

Ye Chen snorted coldly: "You ants, I disdain to take action. If you let me know that you dare to follow me, my engagement hand will cut off your heads!"

After the words fell, he left like a meteor!

No one dares to stop!

After a full five minutes, all the talents were relieved!

The old man in the robes was thankful in his heart, but he took out a rune for the first time to force a drop of blood!

The rune instantly burned, forming a picture!

It is the killer in the picture!

"Enlighten to kill the Lord, Ye Xitian just appeared in Hong Tao's mansion!"

The killer's eyes condensed in the picture, and he said coldly: "Where is he now!"

The long-robed old man trembled in his voice, and continued: "Ye Xitian is too strong, no one of us can stop him, but he hasn't been long since he left. He should still be in the killing area. Please kill the Lord to seal the whole city!"

"Humph!"

The killer snorted coldly, and in the next second, a piece of jade plate floated out directly after pinching his finger!

The jade plate bursts with a dazzling blood color, and the blood color spreads!

The night of the murdered land burst into red light instantly!

The blood moon obscures the sky!

Countless runes flow in the air barrier!

At the same time, the four gates of the land of killing were all closed!

Some cultivators who have just stepped into the land of killing are directly turned into blood mist!

At this moment, the place of killing is a dead city!

After doing all this, a cold voice resounded through the sky!

"Search all corners of the audience, do whatever it takes to find out where Ye Jitian is!"

And at this moment, Ye Chen naturally created a mutation!

He planned to leave, but he didn't expect that the killing area would be closed directly!

There is no exit!

The key point is that this is not a simple formation, but an ancient blood formation!

Seal the whole city with the blood of ten thousand people!

What a big hand!

The blood moon above his head is more like a pair of eyes, staring at everything!

"It's time to die!"

Ye Chen had planned to head to Wen Shishi's hotel, but created a few violent scents swept behind him!

Once he enters the hotel, he will only bring the two of them to unsuspecting disaster.

No more hesitation, he can only fight desperately!

At this moment, a delicate fragrance came, and a slender hand even caught Ye Chen's hand.

"Mr. Ye, please come with me."

The violent wind rolled, Ye Chen was instantly pulled by a force of strength and moved in one direction!

Not far away is the pharmacy where you just bought the medicine!

And it was Luo Yao who was pulling him at this moment!

Crucially, he didn't even know why Luo Yao wanted to save himself!

Once created by the killer, the results are unimaginable!

Isn't this just pushing yourself into the fire pit!

Not long after Ye Chen and Luo Yao left, two skinny old men emerged first!

These two are the guardians around the killer!

They are also the strongest two people besides killing the master!

The two law protectors glanced around and narrowed their eyes slightly: "The person was here just now, why did they suddenly disappear?"

"Search! No place can be dropped!"

But at this moment Ye Chen was taken to a pink room by Luo Yao.

The room has every fragrance.

It was obviously the girl's boudoir.

"Miss Luo, what did you bring me here for?" Ye Chen said.

Luo Yao took off his coat, revealing the black vest again.

It's not temptation, but she doesn't like restraint.

The vest is just right.

Luo Yao poured a cup of tea for Ye Chen, her arm shook, and the true energy attached to the tea cup, flew out directly, and was steadily caught by Ye Chen.

"Mr. Ye shouldn't be grateful to me, you rushed into Hong Tao's mansion, and even pretended to be Ye Sutian. This was hitting the gun. If you were created by the guardian next to the old thing, you might not even have the qualifications to die."

Luo Yao said interestingly.

He asked Mr. Qiu to follow Ye Chen, but he did not enter Hong Tao's residence.

But vaguely, I heard that Ye Jitian appeared and appeared.

They naturally got in touch with Ye Jitian and Ye Chen for the first time But Luo Yao didn't think Ye Chen was Ye Jitian. Let's not say that the faces were different. The key point was between the two old men. When it arrived, when it was extremely dangerous, the cultivation base he created Ye Chen was still a transcendent realm.

Obviously, the Transcendent Realm is Ye Chen's true strength.

As for why Ye Chen wanted to pretend to be Ye Sutian, it was obvious that Ye Sutian arranged this deliberately to confuse and kill the Lord!

This move is enough to make the killer Fang Cun chaos!

This can better explain why Ye Chen wanted these medicinal materials!

Ye Chen narrowed his eyes when he heard Luo Yao's words. He originally wanted to explain that since the other party said he was impersonating, it would be best.

Chapter 803: Leave 1 eye!

Ye Chen shook his head and shook his head: "I only received Ye Jitian's benefits. As for the specifics, I don't know what it is."

Luo Yao glanced at Ye Chen with a deep meaning, and said: "This place is still safe. Those people shouldn't think of searching here. After the limelight passes, I will send you out."

Ye Chen was really confused this time. Although the two hadn't met each other, could Luo Yao help herself so hard?

"Miss Luo, you should be very clear about the cost of helping me. Once discovered, you may not even be able to save your own life."

"Or, I have what you want?"

Luo Yao smiled, and the things on her chest trembled constantly with the vest, making it to the extreme.

"Mr. Ye, since you have said everything here, I am not talking nonsense, I will help you, you can treat it as a favor!"

"Of course you can pay this favor or not. If you want to pay it back, I only have one request."

"What?" Ye Chen frowned.

When Luo Yao opened her five fingers, a piece of jade pendant flew to the palm of her hand.

She tossed it lightly and threw it directly in front of Ye Chen.

Ye Chen glanced around, and instantly found a sense of familiarity!

This jade pendant is roughly the same as the jade pendant of Senior Feng, but the color is more perfect.

Even with a touch of nobility.

Dan Xu Tower!

"Mr. Ye, the little girl wants you to join Dan Xu Tower, or to join our Luo family!"

Luo Yao said every word.

Her eyes were affirmative, and even a hint of earnestness!

Her family desperately needs people like Ye Chen!

And with Ye Chen's talent, it is very possible to become the first person to break the Danxu Pagoda and maintain the Millennium Record!

She is betting!

Bet on your own destiny!

"Mr. Ye, as long as you are willing to join my family, I promise, I will give you everything you want!"

"Cultivation, martial arts, rights, money, women, everything from my family will give you!"

"One more thing, Mr. Ye may not be clear. My Luo family has a certain right to speak in the entire Kunlun Xu. We even have connections with some top sects!"

Having said so much, Luo Yao stared at Ye Chen's expression.

In her opinion, most people can't refuse this enviable condition!

But Ye Chen smiled and shook his head: "Miss Luo, sorry, I won't join any family. This is my habit."

"Also, Miss Luo, thank you for your kindness."

After speaking, Ye Chen planned to leave.

Before taking a few steps, noisy voices came!

Someone forcibly came in!

And an old man appeared hurriedly outside the door.

"Miss, those two guardians have to search here forcibly, I don't think it will last too long! Also, the killer may come at that time!"

"Because they have searched all around, only here!"

"If that guy finds that the lady is hiding people here, he will get angry at that time, the consequences will be disastrous!"

After speaking, the old man hurried out, obviously trying to hold the people.

"Miss Luo, excuse me!"

Ye Chen just wanted to open the door. He didn't want to trouble others. Suddenly, there was a loud noise.

He could clearly feel a wave of air ripples!

The strong come!

He just wanted to sacrifice the Dragon Slashing and Asking Heaven Sword, Luo Yao grabbed Ye Chen, and said to Ye Chen: "Mr. Ye, the little girl has a plan! Please also ask Mr. Ye to cooperate and take off your clothes first! "

"Ok?"

Ye Chen hadn't reacted yet, but found that the clothes on his body were torn apart!

When Luo Yao saw Ye Chen's sturdy figure, her eyes were slightly lost for a moment.

In the next second, he directly threw Ye Chen onto the bed!

At the same time, she took off the black vest directly.

A pair of snow-white things were exposed in front of them.

Ye Chen was a little confused.

What is Luo Yao doing?

Is this to overthrow yourself?

Is the key necessary?

Luo Yao had a trace of determination in her eyes, this action seemed impulsive, but it was the only way to save herself!

She is not saving Ye Chen, but saving herself!

She has left Danxu Tower for so many years, there is a reason to hide here!

And the appearance of Ye Chen is her greatest opportunity!

No matter what, even if you sacrifice all costs, you can't let Ye Chen happen!

Luo Yao lay directly on Ye Chen's chest, her body soft and warm.

The two soft **** are so close to each other.

Ye Chen's breathing was a bit short, and he understood Luo Yao's meaning a little.

The key is this girl is so desperate!

Or that this is simply a beauty trick!

He no longer thinks too much, running the Nine Heavens Xuanyang Jue, without distracting thoughts.

"Hmm~"

After finally calming down, Luo Yao actually groaned!

This moan is extremely numb!

The key is that the soft body actually moved on him!

Even rubbing the key things in the lower body.

A faint sense of fiery engulfed Ye Chen instantly!

At this moment, Qiu Lao's voice came from outside: "Two adults, my lady has already rested, so I must not disturb you!"

"Hmph, get out of here! This is an order to kill the master! Even if your lady is from Dan Xu Tower!"

The next second, "Bump!" There was a loud noise, and the door was directly pushed open by the guardians of the two killers!

The two guardians just wanted to step in, naturally they heard the girl's groan!

At the same time, they also noticed that a man and a woman were in bed being wrapped up!

The quilt is constantly moving, obviously doing things for men and women!

The two turned around quickly, their faces a little unnatural.

But Old Qiu's face changed drastically!

Miss is the golden branch and the jade leaf! How could you do such a thing with Ye Chen!

What a mess!

"Bold, who are you! You dare to break into my Luo Yao's room! You can't die!"

Luo Yao stopped and lay on Ye Chen's body, covered by a quilt, but she didn't feel anything wrong.

Her voice was cold, her hand stretched out the quilt, and a few throwing knives shot directly!

"Don't get out of me yet! Also, everyone left an eye. If you don't agree, let the people behind you come to see me! I want to see if the people behind you are great or my Kunlun Xuluo family is great. !"

When they heard Kunlun Xuluo's house, their eyes shrank together!

They only knew that the people inside were related to Dan Xu Pagoda, but they never expected to have contact with Luo Family!

Could this woman be the young lady who disappeared from Kunlun Xuluo's house for a few years!

If that is the case, it is dead!

The killer may be qualified to search, but the two of them are definitely not qualified!

"Miss Luo, we didn't know it was you... please calm down!"

Luo Yao coldly snorted: "What a sigh of relief! You know how important my reputation is! I repeat, everyone keeps an eye! Otherwise, I can only ask the Luo family to find the people behind you personally!"

The cold words resounded!

"Miss Luo, please don't involve the murderer, let's leave an eye on ourselves!"

The two protectors glanced at each other, no longer hesitating, one finger went directly to one of their eyes!

Chapter 804: So i refuse

Those two protectors had no choice at all.

The Luo family respected the alchemy in Kunlun, and no power could shake this family.

Countless strong people will beg the Luo family to refine the pill!

Many of Kunlun Xu's antiquity-level medicines are from the Luo family!

Once the Luo family is furious, it is like a butterfly effect, which will make the entire Kunlun virtual earthquake!

When the time comes, there is no need for the Luo family to take action, those strong and sects will naturally take action to erase everything!

Killing the master will not necessarily bear it!

"Puff!"

The two of them pierced their right eye with two fingers.

Blood overflowed instantly, but the powerful pain made them unable to make a sound.

They can only swallow the pain silently!

There may be a chance if one eye is missing. If you lose your life, then everything is over!

"Miss Luo, we have ruined one eye. Please also Miss Luo not to enlarge the matter..."

A protector opened his mouth and begged for mercy.

Luo Yao clung to Ye Chen, turned her head, and snorted coldly: "Sorry, you seem to have misunderstood what I meant. I said it very clearly, to leave an eye, not to destroy an eye!"

As soon as these words came out, their faces changed drastically!

They knew very well that Luo Yao did say to leave an eye, but ruining an eye, isn't it the same?

Who would have thought that this woman would be so stubborn!

Could it be that they have to leave one more eye!

This woman wants their eyes!

They can't wait to spit out a bit of blood, but now they are a little hard to get off!

If the eyes are destroyed, it will have a great impact on their strength!

At that time, the cultivation base will fall sharply, and it may even become a waste!

But at this moment, Ye Chen had subdued the woman in her body, and she would rather offend the villain than the woman!

However, he is more curious, what is the origin of Kunlun Xuluo family?

Why has he never heard of it, but seeing the two self-harming behaviors, it is obvious that the Luo family was completely shocked!

The Luo family is by no means ordinary!

Even the killer behind the two must be jealous!

Since the Luo family is so powerful, why does Luo Yao have to choose herself?

At the moment when the sword was drawn, a voice came from a distant place.

"Miss Luo, can you give me a face, let go of my two subordinates, these two people can also be regarded as heroes who opened up mountains and rivers for me, if you destroy my eyes, then there is no use value."

"They broke in suddenly and disturbed Ms. Luo's good deeds. Naturally, they were responsible, but they were unintentional. Then, how about replacing the eyes of these two people with this thing? It was an apology gift I gave to Ms. Luo ."

In the next second, a Danding steadily landed outside the door.

Dan Ding touched the ground, and an invisible qi rippled away!

He hasn't refined the alchemy yet, but there is a hint of medicinal energy coming out.

The lines on the Danding are simple and simple, as if they came from eternity!

This is an ancient Danding! Priceless!

Luo Yao's breathing was a bit short, but out of principle, she wanted to refuse, and another voice resounded outside the door: "If Miss Luo is not satisfied, then I can only go to the Luo family to make amends with Miss Luo personally. The family will be willing to accept my apology."

Although the words seemed to be compromised, Luo Yao's expression changed drastically!

It is impossible for her to return to Luo's house now!

The killer outside that door is obviously a threat!

The dog will jump the wall when it is anxious!

She didn't dare to pursue further investigations, so she coughed lightly and said, "Since the killer personally intercedes, Danding stays behind, closes the door, and lets your dog get out! Never step in here!"

"That's natural! Go!"

The killer's voice slowly fell, and the two guardians looked at each other and disappeared instantly.

The door is also completely closed.

Only Qiu Lao was left outside.

Old Qiu glanced at the lights in the room, and felt extremely troubled when he thought of the scene just now.

If this matter is known to the Luo family, not only will something happen to the young lady, but also this little son Ye Chen will definitely die!

absurd! It's ridiculous!

"Miss, isn't it..."

Old Qiu thought for a long time, and just about to speak, a cold voice came from the room: "Old Qiu, you also step back, don't let anyone disturb."

"Ok."

...

Inside the house.

Luo Yao let out a long breath, "Finally persuaded people to leave, you are considered safe."

She got up from Ye Chen, her legs seemed to kneel on Ye Chen's body.

Very ambiguous.

The quilt also completely fell to the ground.

Suddenly, she realized something and looked at her chest.

Empty.

Look at Ye Chen again.

The moment her eyes met, her pale face instantly blushed.

This is the first time she has been honest with a man. Although he was wearing pants on his lower body, no matter what, his body was already seen by the opponent.

Not only that, but she could also feel what kind of thing was being pushed under her.

She naturally knows what it is!

Grasping with five fingers, the black vest appeared on the palm of his hand and put it on directly.

At the same time, she wanted to leave, but she felt that her body was so soft that she couldn't exert too much energy at all.

Finally, moving her buttocks to the edge of the bed, she turned her back to Ye Chen and said: "Ye Chen, today's matter...you are not allowed to talk to anyone!"

"Also, you have seen my body, Luo Yao can no longer have anything to do with any man, so you are responsible."

"As for how to be responsible, that is to join my Luo family!"

Ye Chen almost spit out old blood, he was a victim from beginning to end.

Why did he become responsible?

Return it? What a joke!

Ye Chen stood up and looked at Luo Yao and said word by word: "I really want to thank you for this matter today. I will remember this kindness, but it's impossible to get married, let alone you The Luo family is now, even Kunlun Xu's first family is not qualified to let me join the family."

"Also, we only met, don't you think everything is too sloppy?"

"I reject."

Luo Yao was a little angry when she heard Ye Chen's rejection so simply.

I thought that by doing this, Ye Chen could agree to everything, but now it seems that this guy is simply not getting in!

She lost her wife and lost her army this time!

How many people want to cling to Kunlun Xuluo home! Ye Chen didn't even cherish this?

Didn't he know that this would make him soar into the sky?

"Ye Chen, since you refused, I am not reluctant, but I have a small request, I hope you can satisfy me."

Luo Yao said.

Ye Chen nodded: "Say, as long as it's not too much, I will promise and I will treat you as a favor."

Luo Yao heard Ye Chen's assurance, her eyes flashed brightly, and she excitedly said, "I hope you can come to Danxu Tower with me!"

"I want you to help me get something up there! This thing is too important to me! When we get this thing, we will clean up the two things, how about it!"

Ye Chen hesitated for a few seconds, then nodded: "I will think about it, but after I have dealt with some things, I will participate in some days later...nothing, tell you, you won't understand. "

Luo Yao's eyes showed a trace of surprise: "Ye Chen, are you going to participate in that sect genius battle? As far as I know, this is a matter of martial arts practitioners. What does it have to do with alchemists like you? By the way, I don't know yet. Which sect is behind you! I am also very curious, what kind of sect can cultivate your existence!"

Ye Chen hesitated for a few seconds, and said lightly: "The God of Medicine."

Chapter 805: Calm down!

Luo Yao's eyes flashed with surprise when she heard the three words Medical Shenmen.

Can't recover for a long time.

In her guess, Ye Chen has some connections with Ye Jitian, but they should not be too close.

Otherwise, Ye Xitian wouldn't let Ye Chen come to Killing Land alone.

To come here at this time is undoubtedly to die.

Ye Xitian should have used Ye Chen as a tool.

As for why she did this, she didn't know, but there was definitely a reason.

After all, a violent, paranoid, and slaughter like Ye Sutian can do anything!

As for the sect behind Ye Chen, she thinks it should be Kunlun Xu's top sect.

Respect for alchemy.

Or maybe it's those hidden powers.

Ye Chen left this power, but got acquainted with Ye Jitian somehow.

Ye Jitian has a powerful force that can protect Ye Chen for at least a period of time.

The two have their own desires.

Ye Xitian asked Ye Chen to take medicinal materials and refine the pill, which allowed him to spend more energy on cultivation.

And Ye Chen was living well with the help of Ye Jitian.

Luo Yao was very confident in her guess, but she didn't know that she was thinking too much when she met Ye Chen this time.

The first reaction of ordinary people may be to find that Ye Jitian and Ye Chen are the same person!

But she was forcibly making all explanations more complicated. In her heart, this was Ye Sution's style.

At this moment, her only doubt was that Ye Chen actually came from the medical sect?

This trash sect?

Doesn't even the martial arts sect exist?

Can the medical gods cultivate an alchemist with this talent level?

The key is that Ye Chen even represented the **** of medicine to participate in the glory of Kunlun Xu!

I'm crazy!

However, Ye Chen came from the sect of the **** of medicine. One thing is certain. Ye Xitian came to Killing Land to save Duan Huaian because of Ye Chen!

There must be some kind of transaction between the two!

"Mr. Ye, are you really from the medical sect? Do you want to represent this sect in that flourishing age?" Luo Yao doubted.

Ye Chen nodded. He thought Luo Yao had stayed in the Land of Killing for so many years and didn't know about Kunlun Xu. Now it seems that the other party is far more clear than himself.

Luo Yao saw Ye Chen's affirmative look in his eyes, completely sure, and then said: "Mr. Ye, we should be friends now."

"Forget it."

"Since I count as a friend, I hope Mr. Ye will listen to Luo Yao's advice. Mr. Ye's talent is completely above that of alchemy. You are different from Ye Jitian. Compared with the alchemy, that guy may be more effective in martial arts practice, but Mr. Ye He was born for alchemy. If Mr. Ye wants to have the qualifications to speak in Kunlun, he does not need to practice martial arts. When you have alchemy, countless powerful people will definitely respect you.

The two protectors just now are the best examples. They are not afraid of me, but the Dan Dao family behind me. "

This sentence is indeed true for Ye Chen.

But alchemy is just an aid to him, what he pursues is martial art and medical art.

Five years ago, he was kicked out of the ring before he even stepped onto the ring, and even more so that the entire Kunlun Xu knew that the medical gods had a waste of roots. This shame, he must personally repay.

What's more, the battle of geniuses this time is very important to Ye Chen. He not only wants the name Ye Chen to resound through Kunlun Xu!

It is the first step to lead the medical gods into the top sect!

No one can stop.

"Miss Luo, I understand your kindness, this matter is still related to my personal grievances, I must go." Ye Chen said.

Luo Yao knew that her persuasion was useless, so she sighed and said: "Since Mr. Ye has insisted on doing this, the little girl will not persuade him. Then the little girl will bring her family members to come and cheer for Mr. Ye."

"Also, it's already late, Mr. Ye might as well take a rest here, tomorrow morning I will personally take Mr. Ye out, no one will dare to stop then!"

"Also."

Ye Chen agreed.

At the same time, he asked Luo Yao to send someone to send a letter to the two sisters of Wen Shishi, so that they would wait at the gate of Slaughter Land tomorrow, and the three would go out together.

This killing land will only be more dangerous in the future, and the two girls will be exposed if they stay here one day.

They must be taken away immediately.

No words for a night.

This night, every corner of the entire Slaughter Land was searched, but there was still no news of Ye Jitian.

Ye Jitian seemed to have evaporated.

The next day, it was just dawn.

In a Chinese garden courtyard.

The killer carried his hands on his back and listened to the news coming from under him.

He stayed up all night, didn't even practice cultivation, just hope that there will be news of Ye Sutian!

But for a whole night, rummaged through the whole land of killings and still no results!

"bump!"

As soon as the killer's eyes became cold, the surrounding air instantly became cold!

"A bunch of rubbish, you can't find even one person! Could this Ye Jitian still tear the space apart!"

The sound of anger was released, and the power of the sound wave hurt the internal organs of several people in the yard.

One of the subordinates with a lower cultivation base vomited blood on the spot!

"Kill the Lord to calm down his anger!"

One of the protectors even stood up, because there was only one eye left, which looked a bit hideous.

"Lord Killer, do you think that Ye Jitian has left the land of killing with some secret method?"

When the killer heard these words, he coldly snorted: "Impossible! I used a spell to completely seal this killing land, let alone him, even if it is a mosquito, don't even want to leave! Unless this Ye Xiantian It is a legendary powerhouse like Kunlun Xu, breaking the space between waves, otherwise it is absolutely impossible!"

The one-eyed law protector fell into contemplation, raised his head for a long time, and said seriously: "Kill Lord, if Ye Jitian is still in the killing land, it is impossible to avoid everyone's eyeliner, and it may even happen to our people, but until now, None of our people are missing.

Do you think Da Neng personally took Ye Sutian away?

After all, he has this kind of strength at such a young age and dare to step into Hong Tao's mansion at this very time. The power behind this person is by no means simple!

This may even be Ye Jitian's arrogant qualification!

In the unlikely event that there is a top power standing behind him, will we irritate him again and again, will it be detrimental to the killing. "

Hearing these words, the killer stepped forward, "Slap!", slapped the face of the speaking protector without mercy.

That protector flew out like a kite with a broken line on the spot!

"Are you questioning me?"

"Even if Ye Jitian is standing behind the top power, so what! He moved my people, even if he fled to the end of the world, I will let him kneel in front of me!"

Knowing that he had angered and killed the master, the one-eyed law protector quickly knelt down and begged for mercy: "Killing the master to calm down his anger, the small one is just a guess, after all, the problem with Ye Sutian is too big."

Chapter 806: Dare you!

The killer glanced at the protector, and said directly: "From now on, ten more powerful men will be sent to guard each entrance! Anyone entering or leaving must be strictly investigated!"

"Also, start searching the periphery of Slaughter Land! As soon as there is any news, report it to me as soon as possible!"

"If you don't see Ye Xitian again within a day, you will cut off your head and put it outside the door!"

When the one-eyed law protector heard these last words, his face changed greatly!

Obviously, the killer attributed all the anger to him!

Although he was wronged, he didn't dare to say anything, he could only find Ye Jitian at all costs.

This is his only right to live!

...

Half an hour later, Ye Chen, Luo Yao and others had already arrived at a closed gate.

The closed gate was guarded by more than a dozen strong men.

Not far away, Ye Chen saw Wen Shishi and Wen Tingting.

The faces of the two of them were obviously in shock. When they saw Ye Chen, they ran over and came to Ye Chen: "Mr. Ye!"

Ye Chen's appearance at least let the two of them feel relieved.

"Nothing happened last night, right." Ye Chen cared.

The second woman shook her head: "Mr. Ye, we are all safe. Thanks to Miss Luo Yao, who personally sent someone to guard our door, otherwise the consequences would be unimaginable!"

Ye Chen didn't expect Luo Yao to do this, and he glanced at Luo Yao gratefully.

Luo Yao nodded and reminded: "Just to be on the safe side, Mr. Ye, you will change your appearance again."

Ye Chen nodded and used a few silver needles to instantly become a delicate man.

His face was pale, as if he couldn't help but feel weak.

Luo Yao glanced at Ye Chen's appearance with satisfaction, and then didn't want to waste time here anymore, and went straight to the gate of the seal.

Among the dozen or so strong guards, one broke into her boudoir yesterday, and even destroyed one eye!

When the protector saw Luo Yao appearing here, his eyes shrank, and he wanted to avoid it, but a cold voice came: "Where are you going?"

The body of the law protector shook, then turned around and smiled: "Miss Luo, what a coincidence!"

Luo Yao snorted coldly: "It's a coincidence that I don't know. The time you broke into my room last night was quite coincidental."

Hearing these words, the law protector turned pale, hesitated for a few seconds, and said: "Miss Luo, the murderer and I both apologized to you for what happened yesterday. When you came here today, you will not intend to pursue the villain. Right."

Luo Yao shook his head: "Don't worry, if you take away the things that kill the Lord, naturally I can't make it difficult for you."

"However, I am going out today and you will open the door of this seal!"

When the law protector heard these words, he directly refused: "Miss Luo, I'm really sorry, there is an order to kill the Lord, no one can leave this place until Ye Jitian is found!"

Luo Yao stepped forward and directly took out a piece of jade pendant, and said angrily: "This time it is the Luo family who asked me to go back. There are important matters to discuss! It is delayed, are you responsible for it!"

Seeing that the protector still didn't mean to let go, Luo Yao said coldly: "Looking at your appearance, it seems that the pain of losing an eye yesterday is not enough for you?"

The icy threat sounded in the ear of the guardian, and he was a little embarrassed instantly.

The command to kill the master cannot be violated, and the Luo family is not something he can offend.

"Miss Luo, in that case, I will ask for instructions to kill the lord!"

He can only say so.

But as soon as the words fell, Luo Yao commanded: "Open it to me now! I might as well tell you that the Luo family is now receiving a strong man from the top sect. He was injured in a big battle, and he lacked a very rare experience. Medicinal materials, this medicinal material is only available to me. I am about to send this thing back. If it is delayed, the strong will fall. Do you know the consequences?"

At that time, what you have to endure is the anger of a Kunlun virtual top sect, thousands of powerful people! "

"I don't know if the killer behind you and the top sect have the ability to compete!"

Luo Yao pressed on every step of the way, as if taking the initiative, but the protector was already soaked in fright.

He doesn't know the truth, but he is not qualified to verify the truth.

"If you hesitate for a second now, the strong man's vitality will be slim!"

Luo Yao urged.

The one-eyed guardian couldn't help it anymore, gritted his teeth, took out a rune, pinched his fingers to force a drop of blood!

The rune burned, and the sealed door behind him was completely opened.

"Since Miss Luo is so anxious, then I will let it go first, and then report to the killer when it is late."

Luo Yao ignored it. At this moment, she seemed to be in charge. She glanced at Ye Chen and the people behind her, and waved her arm: "Let's go! Try to get to Luo's house before dark!"

Just when Ye Chen, Wen Shishi and others were about to leave, the one-eyed law protector took a deep look at Ye Chen, somehow they felt familiar.

Especially the cold and proud eyes.

He couldn't tell, but he still suddenly said, "BoyHave we met somewhere?"

Luo Yao's expression changed. Before Ye Chen could speak, she stood in front of Ye Chen and stared at the one-eyed Law Guardian: "It seems that yesterday's lesson is not enough?"

"Yesterday you ruined our good deeds, and now I am ashamed to say! If any rumors spread to the family, you will bear the responsibility!"

The one-eyed law protector suddenly realized that this delicate man was actually the one who had **** with Luo Yao.

It seems that Miss Luo intends to bring this person back to the family.

He was a little jealous. This handsome man had a low cultivation level, but because of his little white face he flew up to the branch and turned into a phoenix.

Once he enters the Luo family, his identity will change accordingly.

After thinking about everything, the one-eyed law protector quickly said: "Miss Luo calmed down, I must be tight-lipped about this matter! I will never say anything!"

"Humph!"

The group quickly left the land of killing.

...

After waiting outside, Ye Chen and Luo Yao parted ways.

"Miss Luo, I will remember today's love, Ye Chen, when the matter is processed, I will naturally go to Danxu Tower to find Miss Luo."

Ye Chen bid farewell.

Luo Yao smiled, very amorous: "Mr. Ye, it is not necessary to say goodbye. Maybe we will see you again in a few days. I also count on Mr. Ye to be invincible in the battle of the day!"

"But Mr. Ye remembers to leave here as soon as possible. The killer is not so easy to deal with. It is estimated that I will discover the problem soon!"

"Good! Goodbye!"

Ye Chen blew a whistle, and three mad black tigers appeared instantly.

He can control the king of the black tiger, not to mention the mad black tiger in this killing land.

The three black tigers lay down, Ye Chen and the Wen sisters climbed directly, and then quickly moved towards Duan Huaian's cave.

Chapter 807: Heavy Dantan!

Ye Chen can control the king of the black tiger, let alone the mad black tiger of this killing land. §Boy No Luo No Xiao § says

The three-headed black tiger lay down, Ye Chen and the Wen sisters climbed directly, and then quickly moved towards Duan Huaian's cave.

After Ye Chen left, Mr. Qiu next to Luo Yao still said, "Miss, this Ye Chen is really worthy of you? You haven't even seen this guy making alchemy, so sure?"

Also, if the people in the Slaughterland stabbed this incident to Luo's house, it would only be worse for the young lady's situation! Now that we can't even stay in the land of killing, where should we go? "

Luo Yao stared at the direction Ye Chen was going away, and muttered: "Qiu Lao, I know better than anyone on the path of alchemy, that guy has a very special feeling in him, I can't be wrong. As for the next step, Let's go back to Luo's house."

"After hiding for so many years, it's time to face it once. If it doesn't work, let's tell Ye Chen first. Whether the family believes it or not, it can at least delay some time for us."

Elder Qiu sighed, and that could only be the case.

.....

Kuang Sha Heihu's speed was extremely fast, and within ten minutes, Ye Chen and others rushed to the entrance of the cave.

The King of Black Tiger guarded the entrance of the cave firmly, even if he saw Ye Chen appear, he would still not move!

Ye Chen stepped out, touched the head of the black tiger king, and praised: "The performance is not bad, I will reward you with a ham sausage later."

Wen Shishi: "....."

Wen Tingting: "..."

Ye Chen came directly inside. The master was cultivating at the moment. Although he had been away for almost a day, the true energy of the master was still not much.

disappeared in the blink of an eye.

The master shook his head and opened his eyes. When he saw Ye Chen appear, he quickly stood up: "Teacher, you have finally come back, I'm still afraid that something will happen to you there."

"By the way, what is it that makes you so adventurous?"

Ye Chen outlined a smile at the corner of his mouth, and directly sacrificed that Hong Tao's Danding!

Not only that, more than 100 kinds of rare medicinal materials are also all used!

Duan Huaian looked at everything in front of him and became more suspicious. Could it be that his disciple is planning to practice alchemy?

Even if you want to buy medicinal materials, you don't have to go to the Land of Killing!

At this moment, Ye Chen threw a blockbuster: "Master, have you ever thought about Dantian reunion?"

When these words came out, Duan Huaian's body was shaken.

How could he not want to reunite Dantian!

He is the head of the medical gods, and he is also a group of people who master the supreme medical way in Kunlun, but for some reason, he has no solution to the broken Dantian!

I have seen the repair succeed countless times, and after a few seconds, it will break again!

Dao Sect Master's blow destroyed his dantian!

even threatened that he would never enter the martial arts forever!

That Dao Sect Master's words are like a spell, cannot be broken!

This is the nightmare in his heart!

made him fall into inferiority and depravity countless times!

has made him an unbearable and irresponsible master!

can only watch the disciple being insulted and the sect decline!

Who can feel this heartache and helplessness!

He wants to repair his dantian more than anyone else, but he also knows very well that this is a luxury for him!

He calmed down and looked at Ye Chen: "Disciple, I know your good intentions, I am afraid that you risk going to the Land of Slaughter for the master, but I know this problem better than anyone, and it is impossible.

My life may have been gloomy and muddled, but when I know that you are back, I seem to rekindle hope. Watching you grow is enough for me. "

Ye Chen naturally wouldn't give up, and quickly said: "Master, you just believe me once. I have a way to repair your dantian. That sect sect master's use of ancient sorcery to destroy everything is even more sealed for you. I will seal that Completely break!"

"I, Ye Chen, are going to fight this Sect Master today!"

At this moment, Ye Chen burst out with extremely strong self-confidence, and Duan Huaian's eyes must be shaken instantly.

He hesitated for a few seconds and murmured: "No matter, as long as the apprentice is happy, the master will be a test subject."

"Apprentice, what do you want me to do?"

Ye Chen directly took out the inextinguishable fire between his eyebrows, and said seriously: "Master, please enter the Danding!"

Duan Huaian's eyes widened!

He thought Ye Chen could do something, but he actually wanted to use him to refine his pill?

I escaped Hong Tao, but my apprentice?

The key is to break the seal with Danding, he has never heard of it!

This method is totally unreliable! Maybe you will be refined!

"Ye Chen, you are..."

"Master, believe me once, just once!" Ye Chen affirmed.

"it is good!"

Duan Huaian did not hesitate anymore, patted the Danding with his palm and stepped into it!

"Master, close your eyes, sit cross-legged, and keep practicing at all times! Even if the dantian vitality dissipates!"

Ye Chen ordered.

Duan Huaian had all entered, so naturally he did.

After waited for Duan Huaian to enter the state, Ye Chen communicated with the cemetery of reincarnation, and Lin Qingxuan's voice instantly reached Ye Chen's mind.

"If you want your master to have no problems, you must keep your full attention. Those medicinal materials are merged into the pill cauldron, which is extremely chaotic. Once you make a mistake, the disorder will be broken, and it will be your master who has the accident!"

"Also, breaking the ancient sorcery will trigger a great vision. You must be mentally prepared, and it may even cause a backlash to your body!"

Ye Chen nodded solemnly: "I understand!"

Lin Qingxuan continued: "But if you break this spell, you can still severely injure the caster in the air. Because of this, it's full of uncertainty, you must not be distracted."

"Okay, let's not talk too much nonsense, gather all your power on this pill cauldron! Control the state of this pill to the extreme!"

Hearing Lin Qingxuan's instructions Ye Chen's eyes condensed!

All the vitality of the whole body gathered between his hands, and then he slapped the Danding with a sharp palm.

In an instant, countless true qi penetrated the Danding and merged into it!

Zhenqi is like flowing water, as if rippling all over Duan Huaian!

"The unquenchable fire, release all!"

"Blood Dragon Phantom! Come out!"

"The magic talisman of life, thunder and lightning!"

Ye Chen has no reservations.

In an instant, the endless flame burst, like a giant beast swallowing the entire Danding!

The temperature of Danding has also risen a lot!

At the same time, the dragons screamed, and the blood dragon coiled on the Danding.

The violent thunder and lightning overflowed from Ye Chen's body!

Arrays of thunder arcs, with thunder and lightning in the eyes!

is like a real king of thunder!

So much power, all gathered in the Danding.

Duan Huaian felt something was wrong, he found that his body seemed to be completely controlled!

Chapter 808: No waste!

Even so, he still chose to believe in Ye Chen.

Ye Chen gave his life, so why not believe it?

And at this moment, Ye Chen felt a powerful flow of information in his mind, and the method of breaking the technique was extremely clear!

Ten seconds later, Ye Chen suddenly stretched out his hand and opened his fingers!

More than a hundred kinds of medicinal materials around him are all suspended in his body!

"Spirit Breaking Resolutely! Open!"

With a roar, those medicinal materials suddenly gained an acceleration and moved toward the Danding!

It collided violently on Danding!

"Boom!"

The powerful air wave rolled, and some medicinal materials were shattered on the spot, and even fell on Duan Huaian's body.

Soon, Duan Huaian's body was wrapped in powder of hundreds of medicinal materials, like a snowman.

Ye Chen squinted slightly, no longer hesitating, and gathered all his strength away!

"Master, it may be a little uncomfortable, bear with it!"

After Ye Chen finished speaking, he freed a hand and directly forced a drop of blood, which shot on Duan Huaian's eyebrows!

Billowing lightning, flames, aura, instantly wrapped!

Duan Huaian's face showed a trace of hideousness, and it was even more painful.

In the next second, Ye Chen took out some spirit stones and shot them together!

After falling in the twelve positions of the Danding, the spiritual energy of the spirit stone burst open, and the twelve beams of light went straight into the sky!

The whole cave shook!

It seems to collapse at any time!

Ye Chen knew that the next thing was very important. He didn't dare to be slack in the slightest. He closed his eyes, grabbed with five fingers, and Duan Huaian's body opened directly!

Suspended above Danding!

Even lying flat!

Although the Danding that the unquenchable fire swallowed, it had no plans to approach Duan Huaian at all.

Not only that, in Duan Huaian's Dantian, a black light flickered!

A black rune faintly mapped out.

"Disciple, that black rune is an ancient sorcery, this thing is very evil, it is impossible for your current power to break open!"

"Moreover, once it detects danger, it will lead Duan Huaian's body to explode. At that time, not only your master Duan Huaian will have an accident, you also don't want to leave alive!"

"The power I gave you can last for about three minutes. For these three minutes, you must break the black rune!"

Ye Chen nodded: "Yes!"

After the words fell, Lin Qingxuan in the reincarnation cemetery forced a drop of cyan.

I don't know if it is blood or something.

That thing contains the Supreme Way.

The blue thing broke through the reincarnation cemetery and came into the cave.

The sky outside is covered by dark clouds!

The land of a thousand miles has all turned into night!

The mad black tiger eyes outside the cave became frightened, as if something terrible had come out!

The fierce beasts on the periphery of the Slaughter Land are all violent and run wildly!

Some crows rushed towards the mountain wall one after another!

The blood is getting stained! shocking!

Countless bodies fell like this.

It's like the end.

Ye Chen naturally felt it. He heard Lin Qingxuan say that there would be a big vision, but he didn't know that the vision was so terrifying!

"Apprentice, don't worry about the outside vision, and directly suppress Duan Huaian's dantian with this blue thing! I'll rely on you next!"

Lin Qingxuan's urging voice sounded!

"it is good!"

Ye Chen didn't hesitate anymore, spread his five fingers, grabbed the blue thing, and then slapped Duan Huaian's Dantian abruptly!

The black rune above the dantian seemed to feel something, and a **** hand instantly formed to stop Ye Chen.

"bump!"

The cyan thing broke free of Ye Chen's hand directly, and moved towards the **** hand!

An extremely powerful collision sound exploded, and the **** hand was torn apart by the cyan thing on the spot!

Completely disappear!

In the end, the cyan thing smashed firmly on the black rune!

An invisible wave of air dissipated like an atomic bomb, and countless broken rocks fell down in the cave!

And Ye Chen was even shaken out!

He finally stabilized his figure and stood up, with a trace of blood spilling from the corner of his mouth.

Feeling the constant voices in his mind, Ye Chen stepped forward, carrying the power of a thousand-junks, and converging on the blue thing!

"Wow!" With a sound, a huge cyan beam of light pierced the mountain directly to the sky!

...

At this moment, the land of killing.

A Chinese courtyard.

The killer who had been sitting cross-legged suddenly opened his eyes and suddenly raised his head. When he saw such a vision, his face changed drastically!

"This is the art of medicine! Is it a powerful shot?"

"There is power coming from the periphery of the Slaughter Land?"

Just when he was puzzled, a cyan beam of light was straight to the sky!

The beam of light was too clear, and even a hint of surrender in his heart.

"What exactly is this!"

Suddenly, he thought of something. At this time, there was such a vision in the Yucang Mountain area outside the Slaughter Land!

The most likely one is related to Ye Sutian!

Could it be that the great power behind Ye Jitian is casting certain spells!

Has he really left?

Logically speaking, this place is sealed, and no one can leave.

The killer no longer thought about it, his body turned into an afterimage, and he walked directly toward the exit of the Slaughter Land!

Within a few seconds, he saw the one-eyed guardian guarding the sealed gate!

"Kill the Lord!"

The one-eyed law protector and many powerful men kneel down together!

The killer glanced at the sealed door, obviously, there are signs of opening!

His eyes were filled with a trace of anger, and he looked directly at the one-eyed law protector:
"Someone has left the Land of Killing? Didn't I say that no one should leave!"

The one-eyed guardian's face was pale, and he quickly explained: "Killing the lord to calm down my anger, I just wanted to tell you about this. Not long ago, the Kunlun Xuluo family had a top sect expert who was injured, and Miss Luo took a few of them. Hurrying there, we are actually going to deliver precious medicinal materials blindly, we people simply can't stop it."

The killer's eyes were cold, Luo Yao left at this time, it was definitely not that simple!

What's more, the most indispensable thing in the Luo family is medicinal materials, how could it be possible to give Luo Yao rare things?

"How many people did the woman take to leave, but Ye Jitian?"

The one-eyed law protector shook his head: "Enlighten to kill the Lord, the woman only took away a strange man except her housekeeper. This strange man was the one who had **** last night, not Ye Su..."

The sound stopped suddenly!

The one-eyed guardian suddenly found a problem!

The man's cold and arrogant eyes and the familiar feeling he perceives!

It's not because I saw it yesterday, but the temperament contained in the eyes is exactly the same as Ye Sitian wearing a mask!

Luo Yao took Ye Xitian away! And I put it by myself!

"Kill the master, then... that man seems to be Ye Sutian, but he has changed his face! Please kill the master to calm down!"

The one-eyed law guard dare not hide the slightest.

This matter is too serious!

"waste!"

The killer's palm slapped directly on the head of the one-eyed law guard!

"Kacha!" With a sound, the head shattered and turned into bursts of blood!

Chapter 809: Still hurt in the air!

A headless corpse was formed instantly!

"You are my protector, but I never raise waste!"

After saying this, he hurried to the cyan beam of light!

If he guessed correctly, the place where the beam of light is located is Ye Jitian!

After the killer left, Zhen Qi condensed in the dantian, and directly said: "Everyone, go toward the cyan light beam! Use the fastest speed!"

At this moment, no one knew what kind of anger was in the killer's heart!

During this time, the price he paid was too great!

The appearance of Ye Jitian not only destroyed his plan, but also collapsed everything he had built for many years!

He was even more mercilessly mocked by the Kunlun Xu people!

No matter what, Ye Jitian must die!

And it was killed by him himself!

At the same time, the Yucang Mountain area.

The two girls were riding two mounts, constantly approaching the land of killing.

One of the girls has a sweet and beautiful temperament.

Every action has a unique charm.

It is Ji Siqing.

Although Ji Siqing and Ji He didn't know the whereabouts of Ye Xitian, all the news pointed to the land of killing.

I can only try my luck.

Suddenly, in a distant place, a blue beam of light was naturally discovered by Ji Siqing.

Her indifferent eyes were filled with surprise.

"This beam of light seems to be controlled only by people with medical skills. Could it be that people with medical skills have come out in the land of killing?"

"I heard that Ye Jitian seems to have a deep research on the path of medicine. Is this beam of light related to Ye Jitian?"

Most likely!

Ji Siqing's eyes flashed with certainty, and there was a special existence in her talent.

That is a strong hunch.

This hunch is very mysterious, and the elders of the family can't explain it clearly.

But he helped her countless times, no matter if she was practicing or between life and death.

It was even this premonition that made her subconsciously approach Ye Chen, who Kunlun had said to be wasteful.

There was a huge gap between her and Ye Chen, one world at a time, and logically speaking, the two should have no intersection for a lifetime.

Even at the beginning, Ji Siqing had a slight disdain for Ye Chen.

It was this premonition that made her feel good about Ye Chen, and even helped her countless times.

She knows very well that this is not like.

As for the misunderstanding of others, she didn't intend to explain, this can at least protect that Ye Chen!

Only men who are better than her can be liked by her Ji Siqing!

Right now, the entire Kunlun Xu, Ye Xitian has the most qualifications!

"Xiaohe, we are heading towards the place of the beam of light!"

"Okay, Sister Siqing!"

The two shadows quickly swept away!

...

Ye Chen in the cave naturally didn't know that some people were constantly approaching.

At this moment, he felt that the real energy of his dantian and even the thunder and lightning of his life charm were absorbed by Duan Huaian's dantian!

It's like a bottomless pit, not full at all!

His eyes were crazy, once again forcing a drop of blood!

The blue veins of the arm violently, and the five fingers spread out, as if grasping the black rune!

Lin Qingxuan's power was attached to Ye Chen's palm.

A supreme power, as if in control of him!

This feeling is so cool!

Ye Chen knows very well that this black rune is the key. Once it is opened, the master has a chance!

"Get me out of the master's body!"

Ye Chen let out a roar, the blood dragon that had originally coiled around Danding knew that Ye Chen needed help, and went straight into Ye Chen's arm.

The power of Shenlong broke out! The blood is coming out!

Ye Chen at the moment is like a **** of death!

And the black rune instantly appeared torn.

"Crack!"

The black rune was forcibly pulled out by Ye Chen!

Completely separated from the master's dantian!

Ye Chen was overjoyed!

At this moment, Lin Qingxuan's voice suddenly rang in his ears: "Be careful!"

In the next second, he discovered that the black rune culture was billowing black air, like a grimace!

Those icy eyes stared at Ye Chen!

"Jie Jie!"

Suddenly, the black energy turned into a sharp sword, cutting through the air and piercing towards Ye Chen's chest.

The speed is too fast, Ye Chen has no time to react at all.

Even if he reacted in advance, if he let go of the block, then the Danding would be completely chaotic, and Duan Huaian would be the first to have an accident.

Fortunately, a cold light flickered, and Ye Chen felt the reincarnation cemetery shake!

Afterwards, Zhanlongwen Tianjian was directly suspended in front of Ye Chen.

Spirit sword protector!

"bump!"

The Black Sword and the Dragon Slashing Wentian Sword collide instantly!

The two forces rippling away, destroying the dead!

Zhanlongwen Tianjian was directly shocked and flew out, flipped and inserted into the cliff of the cave.

But Black Sword turned into a black mist, swallowing it madly towards Ye Chen!

Lin Qingxuan's face changed drastically, he felt flustered for the first time!

He underestimated this ancient sorcery!

There is still a mighty power inside!

Once the black mist swallowed Ye Chen, the consequences would be disastrous!

Ye Chen is very likely to be confused.

He just wanted to rush out of the body to help Ye Chen, only to find that Ye Chen's eyebrows flashed with a black light.

"I forgot that there is still that evil thing in this kid, this evil thing is enough to suppress everything."

Lin Qingxuan murmured and stopped doing it.

But at this moment, Ye Chen was hard to suffer, and the black mist penetrated into his body and rushed into him!

The voice of Jie Jie seems to represent joy and excitement!

The power of Duan Huaian's Dantian was almost completely absorbed by it, and it was of no use value, and now there was another such vivid body!

This body is too perfect in every aspect!

Hei Mist had a certain consciousness, it no longer hesitated, and headed towards Ye Chen's sea of consciousness, as if it wanted to occupy Ye Chen's consciousness!

Seize and devour!

Ye Chen knows the danger of this black fog I want to stop it but find it impossible!

The ancient sorcery is too terrifying! Directly break away all constraints!

When the key is so important, why didn't Lin Qingxuan make a move!

Does Lin Qingxuan want to watch himself become a puppet?

The black mist was about to touch Ye Chen's Sea of Consciousness, and became more excited, just about to accelerate, but found that an eye appeared in the Sea of Consciousness.

The eyes were closed, but there was invisible coercion that bound everything.

It is impossible for the black mist to go further!

Heiwu felt that something was wrong, and wanted to turn around and ran away. At this moment, his eyes opened!

Like the eyes of gods and demons!

Full of devilish energy and killing!

Bloodthirsty and from hell!

The most evil and terrifying existence seems to come at this moment!

"A mere rubbish, dare to come here! Die!"

The eyes of gods and demons actually spit out a word!

In an instant, the violent power of the Sea of Consciousness flooded with blood, and the black fog dissipated on the spot!

Relentlessly suppressed!

Blocking is not eligible!

It is not a level of existence at all!

At the same time, a magnificent temple sits among the peaks with extremely strong spiritual energy.

The place of the palace is called Daozong!

Daozong Supreme Hall.

An old man is cultivating the Supreme Mind of Dao Sect, countless disciples look up!

The Dao Sect Sect Master is the **** in their hearts! No one can stop!

Suddenly, the gods in their hearts opened their eyes, as if they were terrified!

"puff!"

A mouthful of blood is spit out directly!

Dao Sect Sect Master was actually injured!

For a full hundred years, no one has ever hurt him!

Chapter 810: Shattered and reborn!

"master!"

"metropolitan!"

When the surrounding Dao Sect disciples and elders saw an accident with the Sect Master, their expressions changed drastically.

"Don't come here!"

The voice of the lord is like ten thousand years of ice! Impersonal and angry!

At this moment, his eyes seemed to be scarlet.

Bloodshot!

The face is even more hideous.

Fists clenched, and an invisible breath shook away. Everyone underneath felt the breath, their faces pale, and they stepped back more than a dozen steps!

The anger of the suzerain is not something they can bear!

The key point is that they never thought that the sovereign would have such a strength, and there would be an injury one day!

Could it be a delusion?

This is the only existence that can be explained!

Just when everyone believed that the Sect Master had gone into trouble, Sect Master Dao stood up abruptly!

In full view, a drop of blood was forced out!

He even took out a jade formation from his waist!

This array is the suzerain's personal thing, extremely precious!

The essence and blood instantly fell on the jade formation.

"Crack!"

The array is broken directly! As if unable to bear some kind of power!

"Unreasonable!"

Dao Sect Sect Master hit the air with a punch!

The air seemed to be smashed through, being smashed through, and a wave of air was shot on the column of the main hall!

"Boom!"

The column collapsed, and the entire hall seemed to have lost its center of gravity! Tilt to one side.

Countless smoke and dust fell from the roof.

The hall was in a mess.

"Who the hell! I actually cracked the spell I used on Duan Huaian! Who the **** is it! Why is it so!"

Sect Master Dao knows better than anyone, how terrifying the ancient sorcery is!

Looking at the entire Kunlun Xu, no more than ten people can crack it!

But Duan Huaian would never reach these ten people! Not even qualified to see it!

But how can I explain it now!

He is angry!

He roared!

Not only did the ancient sorcery disappear, but his body was still bitten!

Almost seriously injured!

It may even hurt his soul, permanent damage!

There is no recovery in ten days and a half month!

Suddenly, he felt something, that ancient sorcery had not completely dissipated!

still have a chance!

He must find out who it is!

A Ye Jitian has already caused Dao Zong's chaos, and he can't let the dark place add another threat!

He shot his cold eyes at the surrounding elders, and said: "All Dao Zong elders will give me a blood power. I want to use ancient spells to see who the destroyers are! Quick!"

"Yes, Sovereign!"

After the words fell, more than a dozen elders came to Dao Sect Sect Master and forced a drop of blood.

Essence and blood are instantly suspended above Dao Sect's head!

The magnetic field of the air is completely disordered.

Dao Zong's eyes shrank, his five fingers directly held all the essence and blood in the palm of his hand, muttering words in his mouth!

After that, he quickly pinched his fingertips, and the blood was wrapped around his fingertips! Just like art!

"Ancient Evil Spirit Array! I sacrificed twelve drops of essence and blood to help me break through the mist and find the truth!"

Sect Master Dao Sect spoke, and the twelve drops of essence and blood flew out, collided in the air and turned into blood mist.

In the blood mist, there seemed to be a series of jiejie sounds, a bit gloomy and terrifying.

Dao Sect Master's body has a few black auras gathering.

This is the origin of his practice!

The reason why he is strong is because of the ancient evil power of cultivation!

Daozong is nothing more than a disguise, but also a disguise and tool for him to do some things.

Suddenly, above the hall, a blood-red face formed.

But it quickly changed, as if forming a picture.

In the picture, a cave appeared vaguely.

There is a huge Danding in the cave!

Duan Huaian's figure is suspended above the Danding!

The line of sight kept moving, and a vague shadow was vaguely seen.

Dao Sect Master observed it from a close distance, and suddenly, an eye that looked like a **** or devil appeared in the picture!

Cold, fear, violent, suffocation.

Behind the eyes of the gods and demons there is a figure wrapped in endless demonic energy!

Like a demon!

"Such a humble ant, dare to spy on my place, get me back!"

A roar suddenly resounded!

The mysterious eye seemed to shoot a strange light!

The picture above the Dao Zong Hall shattered directly!

At the same time, the Dao Sect Sect Master and the twelve elders vomited a mouthful of blood, and their bodies flew upside down!

Embarrassed to the extreme!

Sect Master Dao Sect hit the wall, his face was pale, his mind was always the eye just now.

These eyes are crazy and bloodthirsty, as if everything in the world must be surrendered under these eyes.

This feeling actually caused fear and depression in his heart!

He dared not touch that person again.

No longer hesitating, the Dao Sect Sect Master reluctantly stood up: "All elders and disciples follow the order, starting from today, the Dao Sect will close the gate for ten days!

Within ten days, no disciple is allowed to leave Daozong for half a step! "

"Yes, Sovereign!"

...

In the cave.

Ye Chen opened his eyes and found that the evil thing in the center of his eyebrows had completely absorbed the black mist.

The key point is that he can feel the power of the ancient sorcery when he sees the eyebrows, as if a mouse meets a cat.

"What the **** is this? Even if it's an ancient evil thing, it can't have such a big effect."

Lin Qingxuan naturally found that Ye Chen had nothing to do, and he took a long breath: "Disciple, this thing is very important to you, although I don't know if it will affect your future direction at least in some special cases. Your status will save you life!"

"Also, this thing has similar attributes to the blood dragon. If you find a way to combine the two things, it will be extremely terrifying."

"Duan Huaian's Dantian repair has been completely completed, you can make him feel a little bit."

After speaking, Lin Qingxuan's voice completely disappeared.

It should be back in the tombstone.

Ye Chen returned to his senses, and no longer cared about the evil things in the middle of his eyebrows, and quickly came to the Danding, and even helped Duan Huaian down.

"Master, wake up!"

Duan Huaian opened his eyes sharply when he heard the movement and breathed violently.

He looked at Ye Chen, and naturally found that Ye Chen was very weak. He shook his head and sighed: "My disciple, I said that this method simply doesn't work. Don't take this risk in the future. You are in a bad state, so adjust your luck first. Right."

Ye Chen ignored it naturally and urged: "Master, how do you feel about the dantian! Hurry!"

Duan Huaian couldn't hold back Ye Chen's urging, sat cross-legged helplessly, and began to run the exercises: "I said it's useless--"

The sound stopped suddenly!

because! Numerous auras in the world surging towards Duan Huaian madly!

The direction of convergence is Dantian!

His depleted Dantian seemed to be completely reborn because of a drop of water!

It has formed a big river!

The feeling of once practicing is back!

The unreachable road of martial arts has actually returned!

At this moment, Duan Huaian's eyes widened, and it was completely wet!

Tears fell even more!

He waited for this feeling for decades!

Decades!

He thought that he had no relationship with martial arts in the second half of his life, but at this moment, the apprentice he picked up in China gave him a new life!

Can he not get excited!
