

Urban Medical 81

Chapter 81: unattainable!

Xia Ruoxue was completely stunned when she heard this sentence.

When did she become Ye Chen's woman?

Also, although the two of them slept in a hug, but didn't do that shy thing, how could she have children?

If ordinary people insult her like this, she would have slapped her over.

Xia Ruoxue raised her head, just in time to see Ye Chen's firm and comforting eyes.

She suddenly came to a sudden.

Ye Chen is helping her.

If he is pregnant or is no longer a virgin, the man will not accept her at all.

Then marriage will naturally not exist!

But why did Ye Chen help himself? Has he ever thought about the consequences of doing this?

This is equivalent to offending two top families!

Ye Chen is indeed helping Xia Ruoxue. He didn't want to interfere with Xia's affairs, but a drop of tears fell on his hand and his heart was softened.

He could feel Xia Ruoxue's helplessness and pain, because it was exactly the same as he felt back then.

This is not the most important thing.

The most important thing is that she found that Xia Ruoxue's forehead was already glowing with blood.

Although it is very weak, there is already that trend.

He remembered the old guy's explanation, and did everything to prevent Xia Ruoxue from having an accident.

This is also a major event when he came to Jiangcheng.

Ye Chen affirmed that if Xia Ruoxue returned to Jiangnan Province today, the **** light would definitely accelerate!

may really disappear!

Right now, he must leave Xia Ruoxue in Jiangcheng at all costs, so he said that.

At this moment, Xia Mu's face turned black not far away.

She never thought that her precious daughter had actually had **** with other men in Jiangcheng!

What's more hateful is having a pregnancy!

What about the marriage contract!

That man's anger, their Xia family can't bear it at all!

They are real martial arts families!

Mother Xia clenched her fists and suppressed the anger in her heart. She almost couldn't control her emotions. In the end, her eyes fell on Ye Chen.

Ha ha, sportswear.

ordinary and rubbish.

It is estimated that the children of ordinary people can wear it like this.

However, she noticed some bags in Ye Chen's hand again.

Armani?

I guess where I bought the fakes.

What if this kid bought Armani?

This brand may be a status symbol in the eyes of ordinary people, but in the eyes of her Xia family, it is just a miscellaneous brand!

There are countless young talents in Jiangcheng, even if the youth in front of him is Jiangcheng's top existence, they will not be able to catch her!

My daughter has been in Jiangcheng for so many years, but her vision is so bad?

Can you even look at this kind of garbage?

Mother Xia put her arms around her chest, turned her gaze to Xia Ruoxue's body, and questioned: "Ruoxue, is this kid's words true or false!"

Xia Ruoxue's face is blushing, Ye Chen has helped this, she naturally can't show her feet, and said: "Mom... Ye Chen and I are sincere..."

Although Mother Xia was mentally prepared, she still exploded when she heard this sentence.

The daughter she had been protecting carefully was actually tainted by something impulsive!

Damn it!

"First, Ruoxue, come back to Jiangnan Province with me now, and I will arrange for a doctor to destroy the child.

Second, I can't leave the Xia family for half a step! This is an order! As for the marriage contract, I will find another way. "

Mother Xia looked at Ye Chen again, and her cold voice sounded again: "Boy, your name is Ye Chen, right? I don't care what your status in Jiangcheng is, leave Ruoxue immediately for me. The rules of this world, no You can touch the bottom trash.

My dear girl is not something you can get involved with.

Don't try to climb up to my summer house through Ruoxue! My Xia family will never admit your existence!

Also, if you keep going your own way, I promise, you will harm yourself and your parents! The strength of my Xia family is enough to make you never stand up! "

threatening.

Naked threat!

This is the strength of the Xia family, despising all families in Jiangcheng! You can even despise all families in Jiangnan Province!

Ye Chen narrowed his eyes slightly, he hated that the other party spoke to him in such a superior tone.

"You should be thankful that you are Ruoxue's mother, otherwise you are already a corpse."

Ye Chen's faint voice fell, not murderous, but it made Xia Mu feel a bit of chill.

Naturally, she would not think of Ye Chen's reason, but felt that the temperature in the mall was too low.

Mother Xia snorted coldly and said, "Boy, you are threatening me? Do you know who you are talking to? Do you know the origin of the Xia family you are facing?"

"You probably haven't even heard of the Xia Family in Jiangnan Province, right? Let me ask you again, have you ever heard of the Hua Tianyuan Group or the Xia-style consortium?"

Seeing Ye Chen, Mother Xia didn't react at all, her disdain was even greater.

The information a person can understand determines the height of the person! Obviously, Ye Chen couldn't even touch the ceiling of Jiangcheng.

How does this kind of person deserve her Xia family's daughter!

She continued: "Since you don't know these, I will tell you another way, you always know the Chu Family, the First Family of Jiangcheng, and the Patriarch of the Chu Family will kneel down when he sees me!"

"Mom, don't say it." Xia Ruoxue couldn't listen anymore. She knew that Ye Chen was an ordinary person, so her mother mocked and suppressed Ye Chen~www.ltnovel.com~, it would definitely hurt Ye Chen's heart.

This kind of blow will make Ye Chen feel depressed, and even unable to raise his head for a lifetime.

Her eyes fell on Ye Chen's body with some worry.

Ye Chen smiled, his eyes were not dimmed at all, but full of confidence.

He took a step and faced Xia Mu, and then his temperament changed. He seemed to have an overwhelmingly above all things, overlooking all beings.

This kind of courage is what he has accumulated over the past five years.

is built on countless corpses.

"Auntie, you don't even know what kind of existence you are talking to."

Ye Chen's voice is very weak, very soft.

For some reason, Mother Xia subconsciously took a step back, and she found that her aura was completely shattered in front of this kid.

The breath of this kid is very familiar at the moment! It was as if standing in front of her was the awe-inspiring existence in Jiangnan Province!

how is this possible?

At this moment, she even felt that the kid in front of her was a bit invisible.

"Auntie, in your eyes, I may be as small as dust now. But give me half a year, and I, Ye Chen, will let you understand what is truly unattainable!"

"Ruoxue, let's go."

Before Xia Mu could react, Ye Chen took Xia Ruoxue's hand and left.

After a long while, Xia Mu woke up.

Her back is completely wet!

For a moment, she almost knelt on the ground.

"How could this kid..."

She quickly took out her mobile phone, broadcasted a number, and then said: "Help me investigate a person. His name is Ye Chen, from Jiangcheng. Recently, she has a frequent relationship with Ruoxue."

Chapter 82: Tianyuan Group and Xia's Consortium!

Outside Wanda Plaza.

Xia Ruoxue finally reacted, and quickly broke free of Ye Chen's hand.

Her face is blushing, if she is seen by those entrepreneurs in Jiangcheng, she will definitely drop her chin.

"Ye Chen... you actually don't need to be like this..."

Xia Ruoxue bit her red lips lightly and looked at Ye Chen with smart eyes. She found that Ye Chen actually looked pretty handsome seriously.

Especially the feeling of talking to her mother just now, when she thinks back now, her heart is thumping.

Ye Chen glanced at Xia Ruoxue, and said, "Don't think about it, I'm doing this, not just for you."

Xia Ruoxue is a little confused. If it's not for her, is it for others?

She turned her eyes, guessing that Ye Chen's pride was at work.

"By the way, Ye Chen, I apologize for what my mother said to you just now. She is like this. She values interests, but her heart is not that bad."

"I see." Ye Chen quickly stopped a taxi, sat down, and said to Xia Ruoxue outside, "You should have a driver, I don't care about you, I have something else."

After speaking, the car disappeared from Xia Ruoxue's sight.

Xia Ruoxue is a little dazed, isn't this guy willing to spend an extra second with a big beauty?

She still wanted to ask why Ye Chen had to tell her mother about the half-year appointment. He, a common man, had any ability to shake the Xia family?

But the moment she was inside, she was almost deceived by Ye Chen's aura.

But looking back now, what Ye Chen said was just big talk.

Make Xia Family in Jiangnan Province unattainable?

how is this possible!

If the history of the Xia family can be traced back a full hundred years.

How can it be achieved in half a year with the strength of one person?

gave him a hundred years, the same result.

Even if Ye Chen has the support of a big man, he can only be destined to look up to the Xia Family in Jiangnan Province in this life.

Thinking of this, Xia Ruoxue even worried about Ye Chen's safety.

offended the Xia family, if that person knew about it again, would he be able to live it?

No, I can't hurt him instead.

A light flashed across Xia Ruoxue's head, and he quickly called Sun Yi.

.....

While in the taxi, Ye Chen was lost in thought.

Xia Mu's words are not unreasonable, relying solely on force is far from enough.

He needs to build his own power.

And one force is far from enough!

must have two forces!

The King of Nanjiang is in the dark, and the bright place needs another one.

Since Tianzheng Group is the father's hard work, then he should shake the father's hard work throughout China.

"Master, go to Longyue Bay Villa area."

.....

Longyuewan Villa Area, Shenjia Villa.

The taxi stopped slowly.

Ye Chen got out of the car and saw Shen Haihua's family waiting at the door.

Shen Haihua just received a call from Ye Chen. Although he was puzzled, he came downstairs to meet him.

"Mr. Ye, why are you here?" Shen Haihua said respectfully.

"Find a quiet place, I'll talk to you again."

"Okay, Mr. Ye."

Shen Haihua took Ye Chen to the reception room of the villa.

Several people took the seat, all looking at Ye Chen with some doubts, not knowing what Ye Chen was going to do.

Not long after, Ye Chen took out the document, followed the table and pushed it in front of Shen Haihua.

Shen Haihua was startled, of course he knew what was on this file...

But how long has it passed before Ye Chen actually got it done?

He opened the file on the desk suspiciously and found that Zheng Jingming's signature and handprint were all on it!

"how is this possible!"

His eyes are full of horror!

He understands Zheng Jingming, how can this old fox give up Qinghe Group!

Suddenly, his phone screen turned on, and a piece of news happened to be posted.

"News: An unknown explosion occurred on the top floor of Qinghe Group. The fire has been contained, but the founder of the group Zheng Jingming was buried in the flames at the age of 52. The cause of the explosion is under investigation by the police..."

Shen Haihua stared at Ye Chen who was sitting not far away.

He was sure that Ye Chen did all this!

Ye Chen actually killed Zheng Jingming?

This method is too simple and violent.

He couldn't help but stand upright behind his back. For a long time, his understanding of Ye Chen was only a top genius doctor, but he did not expect that the other party was far more terrifying than he thought.

According to his knowledge, the internal security of Qinghe Group is extremely strict, and there are even masters of the green door, and it is impossible for ordinary people to step into the top floor.

But Ye Chen did it, not only killed Zheng Jingming, but also came out intact!

Is this guy still a human!

He suppressed the shock in his heart forcibly, and said to Ye Chen: "Mr. Ye, the first problem is solved, but the second problem is getting more serious. Qingmen naturally knows about it, when the time comes..."

Before Shen Haihua finished speaking, Ye Chen interrupted him and said, "The second problem has been solved by me! I just want to know, in three days, you can really win Qinghe and change your name to Tianzheng. Group?"

what! The second problem is solved?

Shen Haihua is not calm, Zheng Jingming may be better off, after all, the other party is a businessman, but Qingmen is an underground force in Jiangcheng!

Even the police and official forces can't control it. How can Ye Chen deal with it by himself~www.ltnovel.com~ After a short while, another voice came from the mobile phone. With lessons learned from the past, Shen Haihua took a subconscious glance.

It doesn't matter if he doesn't aim, his face is extremely pale when he glances at the news!

Although this news is very obscure, he certainly knows something with his sense of smell as a businessman!

Qingmen, as the largest underground power in Jiangcheng, no longer exists!

And all this happened so coincidental that he had to suspect that it was done by a young man not far away!

Without a day, Ye Chen actually solved these two big problems!

Shen Haihua suddenly felt a little grateful, but fortunately, he was determined to stand in the same boat with Ye Chen from the beginning.

If he accidentally becomes an enemy, his life, Shen Haihua, and even the Beiming Group will end up in the same way.

He slowed down and said cautiously: "Mr. Ye, give me three days, I will do it for you!"

"Good." Ye Chen was very satisfied with Shen Haihua's answer.

Suddenly, he thought of Xia Mu's words, and curiously said: "President Shen, do you know the Hua Tianyuan Group and the Xia consortium?"

Shen Haihua finally got over. Hearing Ye Chen's words, he almost stopped jumping. Mr. Ye wouldn't want to swallow these two Chinese behemoths too.

This is not at the same level as Qinghe Group.

Don't say that Qinghe Group can't swallow it, few groups in China can swallow it!

"Mr. Ye, this is..."

Ye Chen saw the horror in Shen Haihua's eyes and smiled and said, "I have a friend mentioned it today, so I just ask it casually."

Shen Haihua sighed. He has been in the shopping mall for so many years, and his mentality is fairly good. When he met Ye Chen, he really didn't get better.

Chapter 83: Give you a sword, do you dare to take the entire Huaxia!

Shen Haihua rationalized his thoughts and explained: "Mr. Ye, if I guess right, your friend should be Xia Ruoxue, the president of Huamei Group. Her identity is not a secret, but she is from the Xia family in Jiangnan Province."

Ye Chen was still a little surprised that Shen Haihua knew Xia Ruoxue's identity.

It seems that the Huamei Group has grown so fast in recent years, and a large part of the reason is the Xia family.

These two words alone are enough to make Jiangcheng's enterprises jealous.

"Mr. Ye. The status of the Xia family in Jiangnan Province is terrifying. I don't know the details, but I have heard of Tianyuan Group. It is a behemoth. He controls almost one-third of the economic lifeline of Jiangnan Province. Tianyuan Group thought that the entire economic lifeline of Jiangcheng might be controlled by them!"

"As for the Xia's consortium, I have also heard about it. He is more mysterious than Tianyuan Group, and he can be regarded as the behind-the-scenes controller of Tianyuan Group. The 90 kinds of industries announced by the state involve 89 kinds of assets, and they are among the top ten groups in the world, They control part of the equity of three groups.

More importantly, they seem to have a strong background, which is said to be even scarier than the Xia family. "

Ye Chen heard the above background, the first time he thought of the martial arts family.

Judging from the information he has learned recently, some families have some connections with martial arts experts.

Jiangcheng is the case, the Jiangnan family will only rely more on the martial arts family.

Right now, Ye Chen's martial arts power can be handed over to King Nanjiang, but the economic power can only rely on him to operate.

Ye Chen doesn't understand business at all, and even if he does, he doesn't have time to build this empire by himself.

His gaze fell on Shen Haihua in front of him.

This is his first patient in Jiangcheng, and he is also an ally. He has a life-saving grace for him, and he should be one of the people who will not betray him.

And the other party is an out-and-out group founder who knows the rules of shopping malls and is undoubtedly the best candidate.

Ye Chen pondered for a few seconds, then suddenly said seriously: "Shen Haihua, what is your dream?"

Shen Haihua was startled, he even wanted to laugh a little, how could his tone resemble the instructor in the good voice?

But when he saw Ye Chen's expression so serious, his smile instantly diminished.

He is fifty years old, what else can he dream of?

Even if there is, he cannot realize it.

He once wanted to build the Beiming Group into the world's largest group, but reality poured cold water on him, and he could only guard the one-third acre of Jiangcheng.

Finally, Shen Haihua shook his head and laughed at himself: "I'm over forty, what can I dream of? Dreams belong to your young people."

Ye Chen tapped the table gently with his fingers, and suddenly stopped, and a bright light flashed in his eyes:

"I'll give you a sword, do you dare to take the entire Huaxia!"

Shen Haihua paused, and immediately smiled: "Mr. Ye, you don't refer to the Tianzheng Group with this sword? To be honest, my Beiming Group is much better than it."

Ye Chen shook his head and said seriously: "Shen Haihua, I ask you, if the Tianzheng Group has the power to swallow the Xia Family Consortium within half a year, what are the things needed?"

Hearing this sentence, Shen Haihua's eyes were a little frightened. With such a big tone, Ye Chen actually wanted to swallow the Xia Family Consortium, how could it be possible?

The key is still half a year, what a joke!

He wanted to laugh at Ye Chen, but seeing that the other party was so serious, he could only say: "First, it needs the greatest support from the government, or there is a backing from the state. Second, a force similar to the blue door protects this force. It is more than a hundred times stronger than Qingmen. At least the power covers the entire Jiangnan Province! Third, super profitable products and diversification."

Ye Chen was lost in thought.

He naturally has a way on the government line. Bai Libing's father seems to be a leader. Try to see if he can get her in.

Power is not a problem, just one Nanjiang King is enough! After all, King Nanjiang controls the entire underground world of Jiangnan Province!

As for the third one, it's even simpler. He has countless prescriptions. Isn't medicine still considered super profitable?

Ye Chen stood up and said loudly: "I can give you all you want, but can you guarantee that Tianzheng Group will become an unshakable behemoth within half a year?"

Shen Haihua subconsciously felt that Ye Chen was talking big words. Only one of these three conditions would be terrible. How could Ye Chen give them all?

But he thought about the destruction of the Qingmen and the death of Zheng Jingming, as if there was a voice in his body telling him that Ye Chen could really do it.

Before he could react, Ye Chen took out another pill, put it on the table, and said, "If you want, this pill will be a meeting ceremony. It can extend your life for 50 years!"

Hearing the next few words, Shen Haihua was short of breath.

This is 50 years of life extension!

The existence that countless people dream of!

Could Ye Chen lie to him? Of course not, he can even save himself, a dying person! What's the 50-year life span?

Shen Haihua's eyes were red, and he completely ignored the image and grabbed the pill on the table, took it directly, and then excitedly said: "Mr. Ye, I am willing! As long as you give me those three things, I will surely make Tianzheng Group Become an unshakable existence!"

Ye Chen nodded, then opened the door and walked outside: "Three days later, Tianzheng Group will see you. As for those three things, someone from UU reading www.uukanshu.com will contact you."

Ye Chen left.

Shen Haihua stared at Ye Chen's far away back, he knew that his original destiny in Jiangcheng had been completely changed.

The young man took him on a huge ship.

And the destination of the giant wheel is not Jiangnan Province, nor China, but the whole world!

.....

Leaving the Longyue Bay villa area, Ye Chen was in a pretty good mood. He believed that Shen Haihua could help him build the first power.

What is the Xia family in his eyes?

If the Xia family knew about the relationship between King Nanjiang and himself, his face would be even more ugly.

Ye Chen had planned to go back to Dadu apartment, but just received a call, Sun Yi's brother had an operation today.

went to the hospital and saw Dr. Qiu again. With the arrangement of Dr. Qiu, he naturally went to the operating room with ease. After some acupuncture and moxibustion, Sun Yi's brother was almost fine.

He was just about to leave the hospital, but Sun Yi ran into him, who was oncoming and hurriedly.

What surprised him was that except for Sun Yi, Xia Ruoxue also came?

What is this operation?

"Ye Chen, why are you here? Are you coming to see my brother?" Sun Yi asked in surprise.

Ye Chen could only explain: "Didn't I know the genius doctor Qiu? He informed me that my brother had an operation. I, a brother-in-law, naturally want to make sense."

Sun Yi pretty blushed, and quickly said to Xia Ruoxue: "Mr. Xia, don't get me wrong, last time Ye Chen pretended to be my boyfriend just to anger my relatives..."

Xia Ruoxue stared at Ye Chen interestingly, and said coldly, "Of course I'm not mistaken. Ye Chen, this guy pretends to be a boyfriend, but has a hand, let alone, this guy has been very lucky recently."

Chapter 84: Death in the dark!

Xia Ruoxue's typical words contained something, which made Ye Chen quite helpless.

But it's right to think about it. It seems that he pretended to be a boyfriend in front of Xia Ruoxue and Sun Yi's family.

Fortunately, there is a huge gap in the status of the parents of the two, and there should be no possibility of wearing help.

Ye Chen didn't plan to stay in the hospital anymore, so he said to Sun Yi: "Since I've seen your brother, I won't go in anymore and I'll just go back to the apartment. Xiao Yizi, remember to come back and cook. I haven't eaten you for a long time. Braised pork."

Just as he was about to leave, Sun Yi stopped him.

"Wait a minute."

Ye Chen paused, and turned his head in doubt: "What's the matter?"

Sun Yi handed a key to Xia Ruoxue, and then told Ye Chen: "Since you want to go back, then take Xia Ruoxue by the way."

Ye Chen was even more puzzled: "What will she do with her? She owns a villa and doesn't live in her own house. Why should she go to our house?"

Xia Ruoxue walked to Ye Chen's slender thigh, and explained: "The group has been temporarily taken over by the Xia family. As for my villa, it is my mother's property, and I can't go back."

Ye Chen had an ominous premonition: "You don't want to live in most apartments, no, there are only two rooms. I won't squeeze a bed with you. Anyway, if you have money, staying in a hotel is the same. "

Sun Yibai glanced at Ye Chen and said, "Ye Chen! What are you dreaming about during the day, and you want to squeeze a bed with Mr. Xia? These days, she sleeps with me! Also, that is my house, not ours. ..."

Ye Chen shook his head helplessly: "Okay, I've seen the parents, and you are what you say."

Sun Yi: "....."

After explaining everything clearly, Sun Yi hurried to the hospital.

Only Ye Chen and Xia Ruoxue remained in place, and the atmosphere was a little quiet.

Xia Ruoxue took the lead to break the atmosphere and said to Ye Chen: "You don't have to look at me like that, and I don't want to squeeze a bed with Sun Yi. The Xia family's capabilities are even more terrifying than you think. They have already controlled everything about me."

"The group's funds are completely controlled, my bank card is also frozen, and I have no sources of funds to obtain.

I don't even plan to go back to get the things from the villa, it's all from the Xia family.

However, the good news is that the Xia family will not take me away for the time being, but they just want to consume me in this way. Until I can't stand it, I will naturally return to Xia's house obediently.

My personality is too cold, which resulted in almost no friends in these years. The only few people I knew were threatened by the Xia family and couldn't have any financial dealings with me. Therefore, Sun Yi's Dadu apartment is the only place I can go. "

"Also, I am no longer the president of the iceberg of the Huamei Group. Do you consider supporting me?"

Ye Chen sighed after hearing these words.

It's not necessarily good to be born in a big family. They can give you a superior life, and they can ruin your life completely.

He even sympathizes with Xia Ruoxue. It is estimated that even if she is looking for a job now, there will be no company in Jiangcheng that uses her.

Only three days later, the Tianzheng Group is in the process of employing people, why can't Xia Ruoxue be used?

Others are afraid of the Xia family, does not mean that Ye Chen will be afraid of him!

He looked at Xia Ruoxue's exquisite and perfect face, and smiled: "Okay, I will take care of you from today. Go, go back to Dadu apartment."

.....

The two took a taxi, but they did not go directly to the Dadu apartment.

Xia Ruoxue doesn't even have a change of clothes or pants, so naturally she has to go shopping.

Ye Chen originally planned to take her to Wanda, but Xia Ruoxue obviously didn't like it, so he asked the taxi master to go to an international department store called DIGKING.

This department store should be where Xia Ruoxue usually buys clothes.

Ye Chen didn't like to go shopping, and didn't plan to give Xia Ruoxue a bag, and directly gave Xia Ruoxue a bank card and password, and asked her to buy it before coming out.

and he found a chair at the door to sit down.

Although there is a lot of money in Kali, Ye Chen is not worried at all. This little money is no different from drizzle in the eyes of Xia Ruoxue, the lady of the Xia family.

When I was bored, Ye Chen smoked a cigarette at the door, thinking about how to go next.

"It's you!"

Not long after, a strange sound rang in his ears.

Ye Chen frowned slightly, raised his head, and saw Chu Shuran, who had not been seen for a long time.

Chu Shuran was tall and dressed very sexy. At the moment, he was condescendingly looking at Ye Chen who was smoking.

Since the incident at the Yuhao Club last time, Chu Shuran went to the club several times and even took a few masters in order to find the waiter who insulted her.

But I never saw the waiter again.

In her opinion, the waiter was obviously afraid of the threat from the Chu family and left early.

But the anger in her heart is always there!

She is a tall daughter of the Chu family, why are you a waiter so arrogant?

Why do you do it again?

She could even see a red handprint on her hips even when she took a bath.

hasn't disappeared for several days!

She thought she would never find that **** again, but she didn't expect this **** to appear again!

"You actually dare to stay in Jiangcheng, now that there is no Yuhao Club to support you, I see what you have to rely on!"

Ye Chen didn't pay attention to the other party's plan, and squeezed out the cigarette in his hand, but a trace of soot accidentally fell on Chu Shuran's high heels.

Chu Shuran's cold and arrogant face was full of anger, what she hated the most was the indifferent look of this guy in front of her!

This guy has been in the Yuhao Club for so long, don't you know what the Chu Family means in Jiangcheng?

Chu Shuran stretched out her hand, pointed to the soot on the shoes, and said coldly: "Get down, lick the ashes off my feet, and then break the hand that touched me that day. My Chu family will give you a way to survive."

Her voice was full of pride and coldness~www.ltnovel.com~ After the words fell, two masters appeared behind Chu Shuran, the two of them were lean, with a hint of cold murder in their eyes.

Ye Chen glanced around, and found that these two people's inner strength peaked, not even the half-step transformation.

Although a lot stronger than Chu Shuran, in Ye Chen's eyes, it was rubbish.

He looked at Chu Shuran interestingly: "You haven't changed at all for so many years. God gave you a beautiful skin and also gave you a bitch's heart."

Chu Shuran's eyes widened, and she never expected that a trash struggling at the bottom of Jiangcheng would dare to say that she was a bitch!

Looking for death!

She knew that she was not Ye Chen's opponent, stepped back, looked at the two people beside her, and said, "Bring this short-eyed thing into the car! Also, he has a good old-fashioned foundation. You can get in together."

"Yes, miss." The two said in unison.

In the next second, the two of them stepped out one step at a time, like a tiger descending the mountain, each punched Ye Chen's vitals! Quan Feng carries a trace of energy, and the speed is extremely fast.

All they have to do is to completely lose the fighting power of the man in front of them.

Just as the fist was about to touch the man, an invisible force suddenly blocked him!

They were shocked to find that their hundreds of kilograms of power had actually solidified!

Even their bodies seem to be controlled by a pair of big hands.

Then, the man slowly raised his head.

Then... they saw a pair of eyes with endless killing and evil intentions...

is staring at the helpless prey in the dark like a death **** holding a sickle in his hand...

icy cold.

fear.

hit the hearts of the two.

Chapter 85: Kneel down!

At this moment, the two masters of the Chu family were really scared.

They had never seen such a look.

A look in their eyes bound everything in them.

A look seems to determine their life and death!

Chu Shuran felt something was wrong, and said angrily: "Why are you still not doing it! Don't you understand what I said! Take him down for me!"

But the only answer is silence and indifference.

Those two masters of the Chu family are really suffering and can't tell them. Just as they were about to explain, a cold voice suddenly fell!

"Kneel down!"

They stared at the man in front of them in horror!

don't know what kind of magical power the other party's words have, they actually feel an extremely terrifying power as if from the sky!

directly hit their bodies.

"Boom!"

Gradually, their knees twisted, their bones seemed to be broken, and they couldn't hold on anymore, "Pump!" They knelt directly in front of Ye Chen.

They can't even lift their heads!

is like surrender!

What the **** is this!

Chu Shuran behind him was dazed.

completely stunned.

She obviously let these two masters of the Chu family take down this kid, how could they kneel down instead!

And did you kneel down to this humble waiter?

Shame!

They are the martial arts masters invited by the Chu family from Jiangnan Province!

Although he is not a master of martial arts, it is not an existence that ordinary people can resist!

"What are you doing, get me up!"

Chu Shuran felt ashamed, and wanted to pull the two up madly, but found that his strength was insignificant!

She thought of something and stared at Ye Chen.

surprised.

Angry.

Of course, she would not think that the other party did this. If the other party has this ability, what kind of club waiter would he do?

"You two **** get up quickly! Why do you kneel on this bottom rubbish!"

In the next second, a big hand directly strangled Chu Shuran's throat.

The feeling of cold suffocation hit Chu Shuran's heart directly.

She discovered that the man sitting on the chair had actually stood up, and her body was almost suspended.

Chu Shuran is going crazy.

This guy... How dare this guy treat her like this!

and there are so many people in the street!

She could feel a cold death enveloping her body.

"You... actually... dare to move me... the Chu family..."

"Snapped!"

Ye Chen slapped the past with a backhand!

A stream of blood appeared directly at the corner of Chu Shuran's mouth! The red palm print is clearly visible.

Her whole brain is blank.

In this Jiangcheng land, someone would dare to slap her Chu Shuran?

She is the jewel in the palm of the Chu family, the first family of Jiangcheng!

Since childhood, her family background, her appearance, are enough to make everyone in Jiangcheng look up!

She has the qualifications to be superior!

She has the right to call people waste!

As long as she Chu Shuran wants it, there is nothing she can't get!

But since meeting this guy, she found that everything about her collapsed.

The other party not only dared to do it, but even slapped her on the face!

Doesn't this guy know how to write dead words?

offended the Chu family, how could he gain a foothold in Jiangcheng in the future! Can he withstand the terrible anger of the Chu Family!

She doesn't have much oxygen to breathe anymore, her face flushed, and even gradually turned blue.

As long as the other party thinks, her life can end here!

At this moment, she was scared.

I'm really scared.

The other party is a devil!

Suddenly, a cold word exploded in her ear:

"Chu Shuran, let me hear you slut's nonsense, I don't mind letting you and the Chu family behind you disappear into this world!"

The words fell, Chu Shuran was thrown out, and fell heavily on the road three meters away.

very embarrassed.

The **** clothes on her body are happy together.

There is no pity in Ye Chen's eyes, and those who offend him have only one choice-death.

He didn't mind slapped Chu Shuran to death just now, but this method of death was too easy for Chu Shuran.

He wanted to look at Chu Shuran in despair, just like he was five years ago!

Chu Shuran could feel the pain in her body, she was breathing heavily, and for a moment, she even felt that she was going to die.

She finally stood up, she stared at Ye Chen not far away, her eyes filled with hatred and anger!

There are countless swear words in her mouth that she wants to spit out, but when she thinks of the threat from the other party, she persuaded.

She can only say angrily: "You will pay for your behavior today, because you have completely offended the Jiangcheng Chu family! It is extremely easy for the Chu family to destroy a person!"

"Snapped!"

hadn't finished speaking, but another inexplicable slap slapped her face!

This time it is not Ye Chen at all!

Chu Shuran was angry.

Now, don't all cats and dogs dare to move themselves?

She bit her lip, and she found out that it was a girl who was about to do her hands. Her body suddenly stiffened and her pupils were enlarged.

She already sees the person who does it.

A girl.

Beautiful girl.

The young girl has white skin and snow, with willow leaf eyebrows, a high nose, and her eyes are like a puddle of clear water. She has a refined and elegant temperament. Her eyes have a hint of coldness and arrogance, like a high fairy, looking down at the mortals of the world.

Is this Xia Ruoxue of Huamei Group?

How could Xia Ruoxue appear here, and why did she fan herself?

Chu Shuran was completely stunned!

Of course she dare not fight back!

This is the daughter of the Xia family in Jiangnan Province! Her identity as the Chu family eldest is not even a fart in front of her!

As long as the Xia family thinks about it, the Chu family's century-old foundation can be destroyed.

"Miss Xia~www.ltnovel.com~How are you..."

Xia Ruoxue's cold voice interrupted directly: "Chu Shuran, your Chu family is very powerful? Have the ability to destroy my Xia family and try!"

"Miss Xia, it's not like this... I didn't point you to..."

"Humph."

Xia Ruoxue snorted coldly, turned around, and came to Ye Chen's front, and stretched out his hand to hold Ye Chen's arm.

is very close, like a couple.

"Husband, shall we go home now."

A tingling and gentle voice rang in Ye Chen's ear, almost making him unbearable.

Ye Chen glanced at Xia Ruoxue, the other's smart eyes were constantly flashing, obviously coming to help him.

But why does he need help, but this is the other party's wish, and Ye Chen didn't want to refuse.

"Okay. Let's go home."

Ye Chen nodded, and soon the two of them left intimately, leaving only Chu Shuran who was petrified in place.

Xia Ruoxue from the Xia Family in Jiangnan Province actually called this guy's husband?

how is this possible!

How can Xia Ruoxue, who is high above him, admire such a person!

The other party is a waiter!

The status gap is too great.

Will summer agree to this marriage?

impossible!

But how to explain everything in front of me!

Xia Ruoxue's sudden appearance disrupted all the rhythms of Chu Shuran! Even her thoughts of revenge can only be temporarily shelved!

The status of the Xia family, her Jiangcheng Chu family has no right to shake!

Chu Shuran squeezed her fists tight, her nails got even deeper. She looked at Ye Chen's distant back and gritted her teeth and said: "Huh! Is Xia Ruoxue the reason you are so unscrupulous! A man who relies on a woman's superiority will only make me look down on !"

Chapter 86: Who is the hunter! Who is the prey!

After the two walked away, Xia Ruoxue quickly let go of her hand, and a bright smile appeared on that beautiful face.

"Ye Chen, you helped me before. Now I help you. We are even." Xia Ruoxue fiddled with her hair behind her ears and joked again, "The girl just grew up pretty well, she is your ex-girlfriend. Is it the girl you have a crush on? I've never been so close to a boy before, and you can't be wrong with keeping me up."

Ye Chen narrowed his eyes and said with a smile: "You are an iceberg president, I really can't afford it, but how about you work for me?"

Xia Ruoxue raised her eyebrows when she heard these words.

As far as she knows, the only valuable thing in Ye Chen's body is that prescription. Is it possible that this guy has any other properties?

No, the card this guy gave him also had a lot of money.

Is this guy an invisible rich man?

Xia Ruoxue's star-like eyes blinked and said, "Ye Chen, are you sure you want to use me? Once you use me, you must be mentally prepared. Your business will inevitably be ruthlessly suppressed by the Xia consortium. At that time, let alone whether the company could make a profit, it was even difficult to survive! It is estimated that no one in China now dares to use me, even for a front office position."

Ye Chen is naturally not afraid of the Xia family, and said: "I dare to use you, do you dare to help me?"

"you sure?"

"OK." Ye Chen said vowedly.

"Okay." Xia Ruoxue regained the ability of a female president and said earnestly, "Where is your company? How much is the registered capital? What type of industry? What policy support is there?"

Ye Chen was stunned, scratched his head, and explained: "Uh... the company hasn't been established yet, it should be coming soon, no industry is determined..."

Xia Ruoxue gave Ye Chen a white, guessing that Ye Chen planned to do this for the half-year appointment of his mother.

She couldn't help but sighed, she was really fearless if she didn't know, Ye Chen didn't know how terrifying the Xia family was.

Even if Ma Yun gave him Alibaba in Hangzhou, it would be impossible for him to exceed the Xia family financially.

The rich and powerful on the surface of Huaxia seem to be scary, but only a few people know that the real scary ones are those family consortia that have not been revealed.

Ye Chen is too small in front of these consortia, so small that no one can look down on him.

His so-called half-year appointment will only be a car with a man's arm, and he can't help it!

"Let's go, back to the apartment."

Xia Ruoxue's voice was a little tired and disappointed.

She thanked Ye Chen for everything she had done for her, but people had to face reality after all.

The reality is that it won't be long before she will return to Xia's house, and Ye Chen will only become a passer-by in her life.

.....

At the same time, a magnificent villa area.

Mother Xia leaned on the sofa, she was plump, and there was no trace of time on her body.

She held a glass of red wine in her right hand and savored it.

But red wine can't calm the anger in her heart at all. When she thinks of her baby daughter being with that man, she feels that the noble blood of the Xia family is mixed with impurities! Make her feel sick!

"Snapped!"

The goblet in her hand was directly smashed to the ground by her!

A few seconds later, a middle-aged man in a decent suit walked in with a document in his hand.

He glanced at the fragments on the ground, carefully came to Xia's mother, and handed the document with both hands: "Madam, this is the information you want."

Xia's mother did not take over the documents in hand, and directly asked: "I just want to know two questions: First, is Ruoxue pregnant? Second, what is the origin of that poor boy!"

The middle-aged man's body trembled. Obviously, he didn't expect his wife to be so angry, and he didn't think much about it. He said:

"Madam, according to the timeline of my investigation and the report of the regular medical examination of the lady, she should not be pregnant, but..."

Mother Xia was a little happy when she heard the first half sentence, but she changed her face when she heard 'but': "Speak clearly!"

"However, the lady left the villa for a drink that day, and was later picked up by a lady named Sun Yi. There is another boy living in Sun Yi's family. It is the one you asked me to investigate. According to the monitoring and content, no Rule out the possibility of having a relationship. As for whether you are pregnant or not, you still need to observe."

"Pop!" Xia Mu directly threw the entire bottle of red wine in front of her to the ground, her fists were tightly clenched: "If this kid really defiles Ruoxue, I want him to die! Tell me where this kid came from!"

The middle-aged man nodded: "This kid has a weird background. I can't find any information by my means, as if he appeared out of thin air."

Xia's mother's beautiful eyes showed a hint of surprise: "How can it be possible that the network you control can be found even by the military? How can there be no information at all?"

The middle-aged man explained: "This person's information should have been deliberately hidden, but according to my guess, this Ye Chen is likely to be the young master of the Ye family whose Yunhu Villa was destroyed five years ago. This son has disappeared for five full years. During these five years, no surveillance footage has been able to capture it, as if the world has evaporated.

I just don't know why he suddenly came back five years later. "

Xia Mu was lost in thought. Although the Yunhu Villa five years ago happened in Jiangcheng, it shocked the whole circle of Jiangnan Province.

After all, it was the big man in the capital who offended.

Ye family, she has also learned that a defeated family in a small place has no strength at all, not even a master of martial arts, only one company called Tianzheng Group.

What if Ye Chen really came from this Ye family? Lost their parents, UU reading www.uukānshu.com he doesn't even have the only support.

It is estimated that this son tried to climb to the Xia family, and then used the Xia family to avenge his parents!

Ridiculous thoughts!

"Huh, what a great abacus!"

Xia Mu came to the floor-to-ceiling window, looked at the scenery of the river city outside, and sneered: "A genocide **** who dares to speak that kind of rhetoric in front of me will make the Xia family unattainable for half a year? I am ignorant! I want to see it for half a year. What kind of waves can you dig out!"

.....

In the evening, most apartments.

Ye Chen felt that the apartment was a bit crowded now. Although it was accompanied by two beautiful women, it was always a little troublesome.

Several times to go to the toilet and forgot to lock the door. As soon as he took off his pants, Xia Ruoxue rushed in and ran out with a scream.

But cohabiting with beautiful women is not bad, Sun Yi feels explosive body sex, Xia Ruoxue's appearance and temperament are so good that she feels happy every day.

After dinner, the two women went to the supermarket downstairs to buy groceries. As for Ye Chen, they went to the balcony and made a phone call to Ye Lingtian. They told him about Zhengtian Group and asked him to send someone to talk to him these days. Contact Shen Haihua.

Then he wanted to contact Bai Libing, but found that he didn't have her phone at all.

"Would you like to ask if there is anyone from the Nanjiang King Government?"

After all, he and Bai Libing are not very familiar, and the other party may not agree to it.

Ye Chen stopped thinking, just about to turn around and leave the balcony. Suddenly, he felt something, his eyes shrank, and his cold eyes shot directly at the rooftop of the opposite building!

Someone is spying on him secretly!

Ye Chen turned around, turned off the light, and plunged directly into the darkness.

"Play a game of hunters and prey with me? Humph! Ye Chen, I want to see who is the real hunter!"

Chapter 87: Sorry, I haven't heard of it!

Jiangdu Building rooftop.

A burly man put down his sight glasses.

The man has an inch of head, his skin is very dark, and his piercing eyes are shining as sharp as an eagle.

He is the champion of the Dragon Soul Commando, the fearless Dragon Soul Wolf from underground organizations and international forces!

Ying Qing just got off the plane this afternoon, Baili Bingben was about to invite him to finish dinner, but he refused directly. He wanted to see what Ye Chen was doing.

Judging from the two videos of Bai Libing, this person is extremely dangerous and should be a martial artist.

But after observing for a long time, he couldn't see any bright spots in this kid.

As a result, I watched Ye Chen steal food from the dining table all night!

Nima, can a martial artist not be like this!

If Ye Chen were put into the crowd, no one would recognize it.

"Is it my mistake?"

Ying Qing muttered, picked up the box on the ground, and just about to leave, a murderous intent suddenly appeared.

In the line of sight, a pair of hands appeared on the railing of the rooftop!

The railing deformed instantly, and a figure jumped up directly!

Obviously, the figure climbed up from a tall building nearly eighty meters tall!

Master!

In the next second, a black shadow formed an afterimage in the same place, and then the air flow around him surged, and the man had appeared in front of him, and a terrifying energy swept over!

The magnetic field around it seems to have changed!

Ying Qing felt an icy killing intent, and quickly greeted him with a punch!

"Boom!"

When Ying Qing hit a punch, he regretted it because the opponent's power was too domineering! Almost a thousand catties!

Nima! What kind of monster is this!

His arm seemed to be crushed by an extremely terrifying force, his entire arm was numb, and his internal organs were hit by a wave of air!

So strong!

He couldn't help but hesitate, the figure turned around in the air, and a whip kick fell directly!

If you hit this leg, you will definitely die!

Ying Qing's face was pale, he stepped on quickly, and his whole body jumped up to a height of three meters! Avoided the attack.

"Kang Dang!"

The whip leg fell mercilessly, and a huge depression appeared on the concrete floor of the roof, and a big hole was punched under the opponent's leg!

Budo master!

And it's not an ordinary martial arts master!

Ying Qing's eyes widened, when did Jiang Cheng appear such a master!

His body fell steadily on the ground, and the figure was instantly seen!

Ye Chen!

is actually Ye Chen!

Isn't he in Dadu's apartment? How could he appear here?

He put down the telescope until now, only 30 seconds, can this guy fly!

Ye Chen didn't expect the other party to escape. I don't know why, this person feels that he is more dangerous than any strong man Jiang Cheng has encountered.

Regardless of who the other party is, and for what purpose monitors him, he must die.

Ye Chen turned into an afterimage in the same place, waving with one hand, as if torn the air, and there were bursts of air bursts.

Before falling, Ying Qing felt pain when he was scraping around.

Ying Qing knew what the consequences would be if this fist hits his body. He stepped on the balcony railing and flipped, carrying bursts of energy with his feet, and swept towards Ye Chen's fist!

"Boom!"

The two forces collided together instantly! A faint vibration came from the rooftop! Billowing smoke rose up, blurring the sight of the two!

Ying Qing only felt a powerful impact rushing forward, his body flew out in an instant, and he fell directly into the Jiangdu Building.

Fortunately, at the moment of falling, he grabbed the fence fiercely, unloaded his energy, whirled in the air, and came behind Ye Chen.

Such an opportunity, he will naturally not miss it, he screamed, his fists contained fierce energy, and he jumped out!

blast bursts in the air!

It's been a long time since he met such a master, so naturally he wants to play happily!

"Boom!"

But his fists hadn't hit Ye Chen's body yet, he was shocked to find that an invisible barrier appeared behind Ye Chen!

The supreme inner strength slammed on the barrier, and a strong counter-shock force struck him, his body couldn't help but step back three steps!

this is.....

Ying Qing was shocked!

He actually discovered a great secret!

Ye Chen is not an ancient martial artist, but a cultivator!

Suddenly, he found that Ye Chen was missing!

Not long, there was a violent punch from the side of his body.

There were waves of vibration in the surrounding air, and there was a sound of thunder.

What a fast body technique!

He can't avoid it at all!

"bump!"

Ying Qing only felt a strong energy penetrate his body, and the ground he stepped on shattered directly!

Not only that, he flew out, hit the wall heavily, and at the same time, a mouthful of blood came out!

can't beat it at all!

In a trance, Ying Qing saw a dark shadow appear in front of him.

is so overwhelming, like a **** descending to the earth, like an overlord!

"Boom!"

A big foot stepped on his chest, making him feel extremely uncomfortable.

"Who are you, why are you monitoring me? Who is standing behind you! Chu Family or Xia Family? Say!"

Ye Chen's voice was extremely cold, resounding across the entire rooftop.

Ying Qing felt that most of his body was unconscious, and his heart became more horrified.

Where did Ye Chen go after disappearing for five years!

Why did you step into the path of cultivation.

clearly missed the best time to practice, why can he explode with such strength!

If this person plays for the Dragon Soul Commando, then their team's damage can definitely be minimized!

Judging from the strength of Ye Chen's outbreak today, he alone can be worth more than a dozen M State SEALs!

Stormy waves are set off in Ying Qing's heart. Such a strong person can definitely enter the Chinese martial arts list!

The key to this child's talent has not been fully explored, if it is acquired by any family of China, it will definitely change the situation of China!

Halfway through his thoughts, a violent air burst sounded!

I saw a white windblade shoot out, taking him directly!

"Stab!"

Fuck~www.ltnovel.com~ This guy is really murderous!

I just came to see you, do you have to play for real!

Ying held the fierce side of his body, and the wind blade fell an inch between his ears, penetrating the ground, forming a deep groove.

He didn't care about anything anymore, he quickly took out a small green certificate from his pocket and threw it out!

"Brother, don't bring such a game, I have no malice, really no, you can understand by looking at the certificate."

Ying Qing was completely subdued.

If people in those military districts and international killer organizations know that the prestigious Dragon Soul Commando captain will be softened in front of a young man, he will definitely be scared and speechless.

The key, Ying Qing, has no choice. Even if his master comes here, the result will be the same, because this **** is not a heavyweight at all!

Ye Chen opened the certificate and glanced at it, saying: "Dragon Soul Commando Captain, Ying Qing?"

"Yes, yes, you can always let me go now." Ying Qing sighed.

Ye Chen snorted coldly, and discarded the certificate casually.

"Sorry, I haven't heard of it."

Seeing that the murderous intent has locked himself, Ying Qing is horrified, why this guy hasn't even heard of the Dragon Soul Commando!

Fuck!

He didn't care about anything, and directly shouted: "Bai Li Bing, I know Bai Li Bing!"

"Ding."

pointed a finger on Ying Qing's eyebrows, and stopped abruptly, his forehead spilled with a trace of blood due to his strong energy.

Ying Qing exhaled, feeling relieved.

Damn, this year, Junior Sister's name actually works better than the Dragon Soul Commando, what a hell!

Chapter 88: transaction!

Ye Chen still withdrew his hand, looking at Ying Qing in front of him and questioning: "Do you know Bai Libing? Did she let you come?"

If Bai Libing sent this guy to monitor him, then not only would the person in front of him die, Bai Libing would also pay the price.

Ying Qing shook his head, and violently supported himself to sit up.

He clearly felt that his ribs had been broken.

Damn, why is this kid making such a heavy shot!

kill moves everywhere, it's really a pity not to go to the Dragon Soul Commando!

He looked at Ye Chen and explained: "This matter has nothing to do with Bai Libing. She once sent me two videos. One was at the banquet and the other was at the abandoned factory. I saw you from the video. The value of it, so I came to you."

"The value of me?" Ye Chen snorted coldly, "This is the reason you are monitoring me? In my dictionary, all my enemies are Ye Chen hidden in the dark!"

Seeing that Ye Chen plans to do it again, Ying Qing is really going crazy!

"This way! Don't rush to do it. I'm not the first to monitor you." Ying Qing can do anything else and can only be soft. "I owe you a favor with the honor of the Huaxia Dragon Soul Commando! If you have something that cannot be settled in the future, I can use national power to help you solve it."

Ye Chen squinted his eyes slightly and put his hands behind him. At present, Tianzheng Group needs a force from above to develop.

Bailibing was the first choice, but right now this guy is the best.

Dragon Soul Commando?

Judging from the opponent's martial arts strength, it must not be underestimated.

can even be said to be a mysterious force of China, and maybe the power it controls is a little bit bigger than I thought.

This deal is not a loss.

Ye Chen looked at Ying Qing condescendingly, and curiously asked: "What is the status of the Dragon Soul Commando in China?"

There is a hint of joy on Ying Qing's face. Does the opponent want to join the Dragon Soul Commando?

This is a great thing!

Dragon Soul Commando is now in need of fresh blood, if Ye Chen joins, he is even willing to give up the position of captain.

No longer hesitating, Ying Qing said in a proud tone: "The Dragon Soul Commando is China's third squad against the mysterious forces of the world, and it is also a team that performs special operations on land, sea and air. If it is said that its status, in addition to the prime minister and superiors. , We don't need to listen to anyone's orders!"

Ye Chen didn't expect the Dragon Soul Commando team to be so awesome, but since it was the third team, there was obviously a stronger presence.

But right now, the Dragon Soul Commando is enough for the Tianzheng Group.

"You don't need to owe me any favors. As long as your Dragon Soul Commando is willing to establish contact with a company in Jiangcheng, we will get together." Ye Chen said lightly.

Hearing these words, Ying Qing certainly understood what the other party meant.

But his expression is a bit weird instead.

What is this kid thinking? Want to use Dragon Soul Commando as the protector of a Jiangcheng enterprise?

Is this too small to use?

The key is that there is no such precedent since the establishment of the Dragon Soul Commando!

Such a mysterious power does not need to be used in other ways, and it only serves as an umbrella for a broken company. If you say it, I don't know how many people will laugh.

"you sure?"

"OK."

Ying Qing pondered for a moment, and then said: "If I'm not mistaken, the company you said should be your father's Tianzheng Group."

According to the data at hand, the death of Zheng Jingming of Qinghe Group and the destruction of Qingmen are enough to prove that Ye Chen wants to take back his father's business.

"Right." Ye Chen didn't surprise that the other party knew about it. The other party monitored him, and he must have gotten some news.

National power cannot be underestimated.

"I can't call the shots on this matter. After all, our nature is a bit special, but I am willing to help you contact my superiors. If the superiors disagree, I will think of other ways to help you solve it."

This is Ying Qing's attitude, no matter what, you must first maintain a certain relationship with Ye Chen.

Perhaps driven by sufficient benefits, the opponent will be willing to join the Dragon Soul Commando.

"it is good."

Ye Chen nodded, and then took out a crooked-looking pill from his pocket. This was the healing pill he had refined these days.

Zhu Rende's auction should begin soon, and he is really desperate to get a Danding.

He threw the pill to Ying Qing: "Take him down and your injury will be better."

Ying Qing naturally guessed what was in his hand.

Medicine?

He has taken some so-called pill. Although it can help the injury to a certain extent, it is not as miraculous as the legendary effect.

As for the thing that doesn't even resemble a pill, he is even more skeptical.

Can this thing be eaten? Will it kill people?

He glanced at Ye Chen, and in desperation, he could only open his mouth and take it down.

Just treat the kid in front of you.

"I'm finished, did I..."

The sound stopped abruptly!

He suddenly felt a strong fragrance of medicine emanating from his body.

Then a warm current poured into his body, and he was shocked to find that his injured body was recovering bit by bit.

how is this possible!

Although Ying Qing has practiced Guwu since childhood, he believes in the existence of science!

But everything in front of me cannot be explained by science at all!

He can clearly feel that his bones seem to be slowly correcting their positions!

A hand that was almost unconscious can move!

He stared at Ye Chen who was standing not far away~www.ltnovel.com~ A strange thought occurred in his heart:

The thing he took is really a pill!

The legendary pill!

What the **** did this kid come from?

is not only a cultivator, he is also in control of this magical pill!

The key just now this guy seemed to take it out of his pocket casually!

Is it difficult, this guy still has it!

Ying Qing is really not calm, if the country mass-produces this thing, then China's army will be invincible!

His breathing is getting faster and faster, and a pair of hot eyes stares at Ye Chen.

Ye Chen naturally felt something, a wind blade condensed in his hand, and said coldly: "I only like women. If you look at me with this kind of eyes, I don't mind making you hurt more."

Hearing these words, Ying Qing coughed awkwardly: "Misunderstanding, it's all misunderstanding. So what...Is there anything you took me just now?"

Ye Chen's eyes were a little surprised, and he took out a crooked Xuanyuan Pill from his pocket and said, "You are talking about this stuff?"

When Ying Qing saw that handful of pills, his body was almost stiff. He thought that the other party would take out one. Who the **** would have thought it was one!

a whole handful!

The impact on his sight is so intense!

He subconsciously wanted to stretch out his hand to grab it, but when he saw Ye Chen, his hand retracted again.

Can't beat and beat, who would dare to **** face to face.

He knows what this pill means!

priceless!

Chapter 89: Invitation card!

Ye Chen saw the blazing heat in Ying Qing's eyes, with an interesting taste: "You seem to be interested in this thing?"

Ying Qing swallowed, and said seriously: "Ye Chen, how much do you have for this pill? If you hand over this pill to the country, the Chinese military is willing to..."

Ye Chen snorted and interrupted the other party's words directly: "Turn it in? This is my thing, not a cultural relic. Why turn it in! If the forces behind you really want it, let you promise me first. Get things done! Then let someone with the right to speak behind you come and talk to me in person!"

After speaking, Ye Chen walked to the gate of the rooftop.

Looking at Ye Chen's back, Ying Qing felt helpless.

Let the people behind the Dragon Soul Commando talk to you in person?

What a big tone!

That big man can control the situation in China with a wave.

What qualifications does he have to come and see you?

This Ye Chen is simply arrogant.

When he walked to the gate, Ye Chen thought of something, and suddenly stopped, and his cold eyes shot out: "Remember, I don't want to be monitored a second time. If I find out again next time, I don't care if you are. Dragon Soul Commando, no matter how important you are to China, you will kill them all!"

Threat!

Naked threat!

If it were placed in normal, Ying Qing would have done it a long time ago.

But now, he can only smile in the same place.

"How could the Jiangcheng Ye family give birth to such a god?"

.....

Ye Chen returned to the Dadu apartment and found that Xia Ruoxue and Sun Yi had returned and bought a lot of snacks and ingredients.

He smiled and looked at the second girl, surprised: "Aren't you girls who don't eat snacks, aren't you afraid of getting fat?"

Xia Ruoxue gave Ye Chen a white look, and held Sun Yi's hand quite intimately, saying, "Sun Yi and I are the type that won't gain weight no matter how much we eat...convinced?"

Ye Chen found out that the two girls seemed to have formed some kind of girlfriend camp.

should be the so-called seeing the truth in adversity.

But that's okay. Xia Ruoxue used to be both the president and daughter of the Xia family. She is used to being aloof. If she stays with Sun Yi more, her personality will become better.

It's just that he is a little curious, what happens when two peerless beauties sleep together.

At eight o'clock in the evening, the entire bathroom was occupied by Xia Ruoxue and Sun Yi. In desperation, Ye Chen could only return to the room to practice.

In the past few days, he would go to the top floor of Tomson First-Class to take a medicated bath, absorb the medicinal energy, and with the cultivation, his strength has increased a lot.

I just don't know if it is enough to provoke the things in the stone.

Ye Chen once again took out the black stone his father had given him.

held it in the palm of his hand, this miracle happened, there was no sense of rejection, he could even clearly feel the desolation of the hundred tombstones.

"Is it because of the recent strength increase?"

Ye Chen also noticed that in this so-called reincarnation cemetery, there was already a tombstone showing a line of text.

"Luo Yuntian, Shaman Sect!"

According to the original voice, as long as his strength reaches the threshold, he can arouse a strong obsession.

Unfortunately, it can only be triggered once.

After once, the tombstone was turned into fragments, and the strong man also stepped into the path of reincarnation, and had nothing to do with him.

Ye Chen didn't understand how to provoke, and he couldn't do it after several attempts. In desperation, he could only put the black stone away and continue to practice.

Not long after, the door was knocked.

"Ye Chen, it's your turn to wash. Hurry up, otherwise there will be no hot water. Why don't you open the door? You won't do anything bad in it, right?"

Xia Ruoxue's voice came.

Ye Chen got up and opened the door. The moment the door opened, he saw Xia Ruoxue in black lace pajamas standing by the door.

At this moment, Xia Ruoxue's hair is wet, like a beautiful woman out of the bath.

The pajamas cover well at three points, but the hollowing of the lower abdomen and the roots of the thighs makes people think.

The peaks on the chest are towering, eye-catching.

The key point Xia Ruoxue's skin is very white. After taking a hot bath, the feeling of rosy whiteness makes people itchy. It even gives people a thrilling visual impact.

Xia Ruoxue did not shy away from looking at Ye Chen, and even changed her icy color, with the tip of her tongue hovering lightly on her red lips, her ambiguous eyes blinked, and she put a hand on her thigh, and whispered, "Do you feel that It's fine for me to live in?"

Ye Chen will naturally not be defeated by the other party's molesting. He glanced at Sun Yi who was cutting fruits in the kitchen and said softly: "I have slept before, but they are all the same."

"You--" Xia Ruoxue thought about what happened that day, and just wanted to scold Ye Chen, Sun Yi had already brought out the fruit tray, "Ruoxue, come and eat fruit."

"Here," Xia Ruoxue gritted his teeth.

.....

The following days, it is basically the same, and the company of two beauty is not bad.

Ye Chen occasionally calls Shen Haihua to ask about Shen Haihua's progress. Shen Haihua has completely controlled Qinghe Group, and all the employees there have changed blood.

He even transferred some elites from the Beiming Group, apparently planning to play a big game.

Currently, he is changing the name of the commercial operation group, and the ribbon-cutting ceremony may be held in the morning.

When the time comes, people in Jiangcheng will naturally know that Tianzheng Group is back!

Ye Chen was very satisfied with Shen Haihua's efficiency, and he even had a vague expectation in his heart. UU reading www.uukanshu.com

However, there are two things that make Ye Chen quite dissatisfied.

The first thing, Ying Qing has never contacted him since he said he was going to report to his superiors last time. Could it be that the leader of the Dragon Soul Commando has run away?

As for the second thing, the auction time should logically be almost the same. Why hasn't Zhu Rende notified himself? After all, his current cultivation speed is still too slow, so he urgently needs a Danding.

As soon as he thought of this, Ye Chen realized that the doorbell was ringing, and when he opened it, he found that it was Zhu Rende who was sweating profusely.

"Mr. Ye, I finally found you." Zhu Rende said excitedly, "I waited for you at Tomson Yipin for a long time this morning. I can only find here by some means."

Ye Chen just came across. At that time, he didn't have a mobile phone, so he asked them to go to Tomson Yipin to find him before the auction. As a result, they are now living in Dadu apartments, and the other party naturally cannot find him.

"Old Zhu, I'm really sorry, I'm causing you trouble, come in and sit down." Ye Chen said.

Zhu Rende shook his head like a rattle: "No need, Mr. Ye, something happened in my house recently, and I still need to sit down. This is the invitation letter for the auction. You can go there with the address and time on it. It will start at 2 in the afternoon. I may not go there because I can't walk away, but Zixuan will accompany you."

Ye Chen nodded, and as soon as he wanted to express his gratitude, Zhu Rende hurriedly left. Obviously something has happened to the Zhu family.

He still wanted to ask what happened to the Zhu family, maybe he could help, but Zhu Rende walked so fast, he could only give up.

Ye Chen looked at the invitation letter in his hand, and the corner of his mouth was outlined.

"I hope I can take the Danding I want today."

Chapter 90: Don't want to cause trouble

2 pm.

At the gate of Millennium Hotel Jiangcheng, a taxi stopped slowly.

The door opened and Ye Chen walked down in a suit.

He is not so stupid as to wear those old clothes to the auction, otherwise he will be provoked wherever he goes.

"If you wear this way today, nothing will happen."

Ye Chen walked towards the door, and soon saw Zhu Zixuan, who was worried, standing at the door in a daze.

Today's Zhu Zixuan is dressed casually, with heavy dark circles under her eyes, and she looks haggard.

He walked over and said directly: "What are you in a daze? Let's go."

Zhu Zixuan only then woke up, and quickly respectfully said: "Mr. Ye, you are here..."

This time she didn't dare to disrespect Ye Chen anymore. After all, the master and grandfather had explained many times. From the two of them, she learned that Ye Chen was terrible, and she had gradually learned to constrain because of so many things in the family recently.

Ye Chen and Zhu Zixuan handed out the invitation letter to the security guard and successfully entered.

Millennium Hotel is different from ordinary high-end hotels, it is more like a private club. The overall environment is Chinese-style architecture, and there is a special mood with flowers and water.

The two men found a sofa and sat down.

"Mr. Ye, now is the time to enter the venue, which is also called the circle exchange time by us. The real auction will be held upstairs in two hours. Let's sit here for a while and have some snacks." Zhu Zixuan Seriously.

Ye Chen glanced at the entire banquet hall, most of them were five or six people gathered together to drink red wine and chat, men in suits and leather shoes, and women in decent gowns, quite sexy.

This kind of upper-level banquet, Ye Chen has never caught a cold since he was a child, which also caused his solitary personality.

Zhu Zixuan saw that the atmosphere was a little embarrassing, and said: "Mr. Ye, do you know anyone here? If you do, you can talk to them."

Ye Chen shook his head: "No, if you have friends, go find them."

After speaking, he closed his eyes and seemed to be ready to rest.

Just as Zhu Zixuan was about to say something, a few boys and girls holding a goblet came over, and a girl even grabbed Zhu Zixuan's hand and said in surprise: "Zixuan, you were here!"

Zhu Zixuan smiled reluctantly when he saw the girl, because the other party was Lu Siyu, a famous "social flower" in Jiangcheng.

Lu Siyu is recognized as a beautiful woman in the circle. The family is not bad, the people are familiar, and the communication skills are very strong. If she is basically there, there will be boys around her.

Today, Lu Siyu dressed up carefully, apparently preparing to get to know some young talents at the auction.

"Hey, why are you alone in the Zhu family? Yes, your Zhu family is hard to protect yourself now." Suddenly, an untimely voice sounded.

Zhu Zixuan turned her head, and naturally noticed the man who was talking.

Liu Weicheng, the only son of the Liu family, the Liu family is not low in Jiangcheng, and has a strong economic strength. If there is a martial arts master in the town, it will definitely become one of the top families in Jiangcheng.

There is a big gap between the Zhu family and the Liu family, and because the two companies often collide in business, basically they have nothing to say.

There are also a few boys and girls, and the families behind them are not low in Jiangcheng.

Because of the similar age, these people gathered together in a circle in this auction.

Zhu Zixuan glared at Liu Weicheng, did not speak, and drank a drink on her own.

Lu Siyu naturally noticed Ye Chen with his eyes closed for the first time, and asked curiously: "Zixuan, this is..."

Zhu Zixuan knew that Ye Chen didn't like being disturbed, so she could only explain: "He is a guest of my Zhu family and is interested in the auction today, so come and have a look. He is resting, so please don't disturb him."

Lu Siyu looked at Ye Chen interestingly, not knowing why he always felt a little familiar, so he said: "Zixuan, since it is your guest, that's also a person in the circle."

"That... handsome guy, don't you really introduce yourself?"

The following sentence was obviously for Ye Chen.

Lu Siyu's voice is very sweet and soft, and ordinary boys have no resistance at all under her voice offensive.

Sure enough, Ye Chen opened his eyes, his eyes glanced at the crowd, extremely indifferent.

"I am not in a circle with you, so I don't need to introduce myself."

The words fell, not only Lu Siyu, but everyone present was stunned.

They have been in Jiangcheng for so long, and they have never seen such a defiant guy.

Lu Siyu's appearance and figure can be ranked in the top ten in Jiangcheng, so the invitation of such a beautiful woman did not hesitate to refuse?

This is too crazy!

Tell me a lot of time?

The key to the other party's tone is as if they don't deserve to know his name.

Liu Weicheng hurriedly stood in front of Lu Siyu, grabbing Lu Siyu's white arm with one hand, and caring: "Siyu, what do you care about this kind of guy? People are obviously shameless."

Lu Siyu smiled, pretending to go to get the red wine, and broke free of Liu Weicheng's hand.

Liu Weicheng was a little upset, his eyes fell directly on Ye Chen, and he said coldly: "Boy, what the **** are you, pretend to be in front of us! You can figure it out for Lao Tzu, we know you, and it's for you!"

Ye Chen shook his head helplessly. He really didn't want to scold him with this kind of elder brother. He almost lowered his worth. He stood up, put his hands in his pockets, and walked outside.

From Liu Weicheng's point of view, it was obvious that the other party had confessed. He noticed that Lu Siyu was looking here and his desire to express became stronger.

He stretched out his hand, grabbed Ye Chen who was about to leave, and ordered: "Want to go? Did I **** let you go! If you want to go, you can apologize to Siyu first!"

At this moment, Liu Weicheng felt that he was extremely handsome, and he even felt that Lu Siyu had been swaying in his heart. Maybe he could take Lu Siyu down by opening a room at night.

Zhu Zixuan's face changed a lot when she saw this scene, she knew Ye Chen's character! Even his grandfather has to take care of him, what kind of thing is Liu Weicheng!

But the Zhu family is now in danger. At this juncture, she absolutely cannot make enemies for the Zhu family. She can only persuade them: "Liu Weicheng, you let go! Mr. Ye, you can't offend it!"

Mr. Ye?

Where is the surname Ye in Jiangcheng?

The only family surnamed Ye died five years ago!

What are you afraid of?

Liu Weicheng sneered: "Mr. Ye, his mother..."

Before he finished speaking, Ye Chen couldn't help it.

He didn't want to cause trouble, so he chose not to join this circle.

He didn't want to cause trouble~www.ltnovel.com~ so he chose to leave as soon as possible.

But some people are destined to die, and he doesn't need to be patient.

In the next second, Ye Chen turned his right hand and buckled Liu Weicheng's arm with his backhand. Then, he pressed hard!

Everyone only heard "click!" Liu Weicheng's arm was directly crushed!

almost three hundred and sixty degrees of distortion!

Liu Weicheng never thought that the other party would suddenly break his hand. The powerful pain made him howl!

Lu Siyu and others even covered their mouths, obviously shocked.

But all this is far from over, Ye Chen lifted his right foot abruptly and kicked directly on Liu Weicheng's body!

"Boom!" Liu Weicheng's body hit the ground, his brain was dizzy and his face was full of blood!

"You kid actually—"

Liu Weicheng roared angrily, but Ye Chen would not give him the right to speak.

"Your mouth is too dirty, so don't talk anymore."

The cold voice fell, like a death declaration.

Ye Chen grabbed Liu Weicheng by the neck and slammed directly on the tempered glass table!

The powerful pressure hit, Liu Weicheng's mouth hit the glass table directly!

All teeth are broken!

is vomiting blood!

Zhu Zixuan's face was pale, and she quickly took Ye Chen's hand and persuaded: "Mr. Ye, don't..."

Ye Chen glanced at Zhu Zixuan, her eyes didn't fluctuate at all.

He can't stop what he has to do!

Liu Weicheng was lifted up again, and slammed into the cracked glass table!

"Dang!" With a loud noise, the tempered glass table shattered directly!
