Chapter 831: Backlash!

The sound wave rippled away, and it turned into a bit of a slam on the barrier!

"Crack!"

A crack appeared in the barrier instantly!

The crack grew bigger and bigger like a spider web, until an ice sword fell, and the whole barrier shattered. m

Daozong three people spit out blood!

Knowing that they are invincible, they knelt down!

"Please also go around us!"

But Mo Ning'er didn't care at all. Since she did it, it meant that she would lose her strength!

Her loss must maximize the value!

These three people are in great danger to the owner of the reincarnation tomb! No matter how she prays, she will never stop!

This is her principle!

"A group of ants, how can there be so much nonsense! Death!"

In an instant, the sword sea swallowed, and countless ice crystals seemed to smash a big hole into the ground!

And the Daozong trio were not qualified to evade at all, they were directly penetrated by an ice sword!

They struggled, but it was of no use!

Ancient mighty fury, what qualifications do they have to bear!

The blood mist drifted away, and only a pool of blood remained on the ground!

At this moment, the silence is extremely quiet for ten miles.

Only the killer is still alive.

The killer who had stood up was already sitting on the ground.

With weak legs, wanting to stand up is a luxury!

He never thought that Kunlun Xu had such a strong person!

The key is still standing behind Ye Jitian!

In one thought, suppress the three powerful virtual kings!

How the **** is this to play!

He didn't even dare to lift his head!

Ye Chen's expression is even more weird. He knows that Mo Ning'er is very strong, but he has never thought of being so strong!

This guy didn't say just now, are these three difficult to deal with?

Is this also difficult to deal with?

is almost a spike!

If there is such a strong person, I am afraid that Dao Sect Master can be destroyed!

Mo Ning'er seemed to feel Ye Chen's surprise, and slowly fell down, standing beside Ye Chen.

"I know why you are surprised. The power I burst out just now is indeed very strong, but it is completely dependent on the ancient sorcery. Next time without the ancient sorcery, I can't be so easy."

"Also, the energy in my body can probably support one shot for you. Unfortunately, the Dao Sect Master is not here, otherwise I will kill the opponent together. I can still use some of the power of the ancient sorcery. Time will dissipate, which is really a waste of time."

Hearing these words, Ye Chen glanced around and found that the enchantment of ancient sorcery had completely disappeared and should be used by Mo Ning'er.

After all, Mo Ning'er's body is a bit special. One of the top ten Evil Body, Qianjiehan Body, can absorb part of the power.

Obviously, the ancient sorcery of Dao Sect Sect Master was absorbed by her.

"The tomb owner, there is still a waste left, do I need to solve it together?"

Mo Ning'er said.

Ye Chen focused on the killer now.

He stepped out and came to the killer.

Seeing Ye Chen at the moment, the killer could no longer care about his dignity. He kowtowed and said: "My lord, all this is threatened by the Dao Sect Master! I don't want to attack you at all. My strength is pretty good. Be a cow and a horse for you! You can even protect the people around you! Please give me a chance."

Ye Chen smiled: "If I didn't make a move by Mo Ning'er, would you give me a chance?"

"Yes, of course..." The killer said with a trembling voice.

Ye Chen snorted coldly, and continued: "Give you a chance to tell everything you know about Daozong!"

"I said! I said everything! Sect Master Dao is now injured and his strength has plummeted. This is why he did not take action. Also, Sect Master Dao has been collecting geniuses and spiritual roots for thousands of years. In order to refine the puppets, the three Taoist masters are the first batch..."

Suddenly, before the killer could finish speaking, a sign appeared on the center of the killer's eyebrows.

At the same time, the aura in the main body of the killer became disordered, and the body was constantly growing!

is obviously going to explode!

"Be careful of the tomb owner!"

Mo Ning'er lifted his hand, and an ice wall suddenly formed between the killer and Ye Chen!

The ice wall completely separated the two,

In the unwilling expression of the killer, it suddenly turned into a blood mist!

All clues are interrupted.

But in a vague way, Ye Chen roughly knew about the Daoist conspiracy.

Refining puppets!

At the cost of genius, it is actually the weapon of Dao Sect Sect Master.

He didn't know how many such powerhouses still existed in Dao Sect Sect Master. From the last three words spit out before killing the master, these three people were only the first batch, and there must be more behind them!

Besides, Dao Sect Sect Master's plan lasted for a thousand years, and no one knew whether the darkness hidden in the depths would strike like a storm.

.....

Daozong Hall.

Dao Sect Master sat cross-legged on a piece of cyan jade, continuously absorbing the power inside.

There was some pain between his eyebrows, after all, Ye Chen had destroyed his spells at the beginning, and the power of backlash caused him serious injuries.

He must regain strength as soon as possible.

But it shouldn't be long before the threat lurking deep will be solved by him.

Qingxuanfeng couldn't keep Ye Jitian and Duan Huaian at all.

The person he wanted to kill never left alive.

Besides, he also used the power of the dark place.

He believes that the chess game he has hidden for thousands of years is foolproof. Sooner or later, his Dao Sect will become Kunlun Xu's first sect!

At that time, he is the master of Kunlun Xu!

All the strong must surrender to him!

When the power of the cyan jade was absorbed by half, suddenly, there was a strong vibration in the air!

Dao Sect's Sect Master Dan Tian's Zhen Qi became disordered.

His closed eyes suddenly opened!

There is horror and anger in his pupils!

The four men he sent out were wiped out!

how is this possible!

This group of people shouldn't be exposed yet, let alone attack Qingxuanfeng, how could something happen?

Could it be discovered!

Qingxuanfeng, what other strongman can kill the four powerful virtual kings in a short time!

An invisible anger seemed to have swallowed the Dao Sect Sect Master!

"Who is it that shot in secret!"

"Who is it!"

a monstrous roar resounded above the hall The jade under the master of Dao Sect was even shattered, and the whole hall was shaking!

He stood up, with bloodshot eyes, staring in one direction, no longer hesitating, and spit out a mouthful of blood!

and quickly pinched fingers.

Soon, the blood he vomited turned into a black mist!

"This is what you forced me! Today, I don't hesitate to use my life blood, but I have to figure out who is ruining everything in secret!"

.....

The screen turns.

Ye Chen and Mo Ning'er were just about to leave. Suddenly, Mo Ning'er seemed to have discovered something, and stopped, and his eyes shot towards the direction of the killer's death.

"Tomb owner, there are some questions."

Ye Chen swept away in Mo Ning'er's direction.

He found that the blood that was originally ferocious actually moved.

is suspended in the air, the color changes constantly, getting deeper and deeper!)

Chapter 832: This is the opportunity!

The black mist condensed into shape, turned out to be an old man wearing a Taoist robe!

Dao Sect Sovereign!

"The tomb owner, there is an aura of ancient sorcery above the black mist, it should be the people behind them who used some magic techniques and came here in person!"

"This kind of existence, if in ancient times, was enough to kill everything, but this black mist is not strong, don't worry. m"

The black mist formed a figure and stared at Ye Chen with burning eyes.

hideous face!

"Ye Jitian, it's really you!"

"You dare to kill my Taoist people, really thought I dare not touch you!"

Ye Chen shrugged. With Mo Ning'er there, he is naturally not afraid.

"Sect Master Dao, I haven't asked you to settle some of the accounts, but you have sent it to the door!"

"Back then, you broke the rules and sealed Duan Huaian's dantian, but now you dare to move Qingxuanfeng, you know what the price is!"

The black mist stepped out, and the icy evil spirit spread: "Ye Jitian, what is Duan Huaian's relationship with you, why are you protecting this guy everywhere!"

"With your strength, you should step into a higher level of existence, not help a waste."

"This waste will only waste your time in cultivation!"

"If you swear not to intervene in the grievances between me and Duan Huaian from today, our account will be wiped out!"

"From now on, we will draw a clear line between you and me, and I will never take action against you!"

The black mist was obviously afraid of Ye Sutian, after all, Ye Sutian was the first person so far to easily break his ancient sorcery.

This kind of unknown existence, he can only compromise.

"Don't shoot me anymore?" Ye Chen said interestingly.

"Exactly!"

At this moment, Ye Chen smiled: "Even if your Dao Sect does not attack me, I will attack you! As for your peace, I am not rare at all!"

"I advise you to take a few more breaths of the outside air, because before long, I will commit suicide on Dao Sect and cut off your head!"

Ye Chen threatened!

"You! Do you really think I can't help you!"

Black mist furious, roared, and in the next second, he carried the billowing magic energy and swallowed it towards Ye Chen.

Although he could not kill Ye Sutian, it could at least affect Ye Sutian's Dao Heart.

Seeing that the black mist was about to touch Ye Chen, Mo Ning'er stood in front of Ye Chen and said coldly to the black mist: "Bold evil! I really think you can do whatever you want!"

Mo Ning'er pinched his fingers, and a dazzling golden light appeared on the fingertips instantly!

The golden light with bursts of Sanskrit sounds gradually formed an ancient rune!

The rune descended from the sky and went toward the black mist.

Hei Wu saw what was on his head, and then he noticed the girl in red next to Ye Chen.

"This...this is the evil talisman of the ancient town! Hasn't this disappeared long ago! You...who are you!"

Hei Mist's tone was full of horror and fear.

Shanggu Town evil talisman is simply the nemesis of his cultivation!

has been silent for thousands of years.

He thought that those kind of people would have fallen and ascended long ago.

But at this moment, it appears again!

is still a girl!

Mo Ning'er gave a cold snort, stretched out his finger, and pressed it lightly!

The evil talisman in the upper ancient town fell suddenly, like a sharp sword stuck in the black mist.

The black mist suddenly dissipated!

is the sound of pain.

But at this moment, the Dao Sect Sect Master spit out blood again!

Paled face!

"The evil talisman in the ancient town actually reappears in the world! What is the origin of the girl behind Ye Jitian! Does it come from that place? The entrance there is opened again?"

If there are people in the main hall at this moment, you can definitely feel the fear of Dao Sect's words.

Upper ancient town evil talisman can only be used by the strong above Daoyuan realm!

How could it be that the girl was so young that she actually stepped into this state!

If this is the case, then the girl might be able to suppress the entire Taoist school!

He is really scared!

And outside the Qingxuan Peak at this moment.

Ye Chen glanced at the dissipated black mist, and asked Mo Ning'er: "Can you teach me the evil arts of the ancient town? That Sect Master seems very afraid."

Mo Ning'er shook his head: "The tomb owner, this is an ancient magic technique, which has great restrictions on cultivation. Die."

Ye Chen sighed, and just about to speak, a crackling sound came from his body, and a breath of breakthrough swept away.

is going to break through!

Mo Ning'er saw this scene, her fingers pressed firmly, and everything around him seemed to be shrouded in her thoughts.

"Tomb Lord, I am in control of ten miles now, and I will protect the law for you. You can break through with confidence! And I feel that this time you break through, the thunder catastrophe you will face will be terrible!"

"it is good!"

Ye Chen stopped thinking, and sat cross-legged.

He already felt the breakthrough in his body to the extreme!

rumbling...

The true energy in the body is like a galloping horse, roaring endlessly.

The Nine Heavens Xuanyang decisively turned to the extreme, and the energy emitted from the dantian made Ye Chen's body hot!

Within the veins and veins, it instantly transforms into a thousand horses, and the momentum is like a rainbow.

Every piece of flesh and blood, every bone, seemed to endure the fire, making Ye Chen look hideous. Under the majestic energy impact, the pain caused can be imagined.

"It's now!"

"Enter the Holy Land, open!"

Thinking of this side, Ye Chen's aura burst out with a roar.

The powerful air wave rolled, and the surrounding wind roared.

Ye Chen's clothes danced and snapped in the wind. And Ye Chen, at this moment is the center of the storm!

The majestic energy poured into the pubic area, and suddenly there was the sound of the stormy waves hitting the shore.

Under the impact of powerful energy, the entire Dantian seemed to burst.

Mo Ning'er looked at this scene, and a mixed emotion appeared in her eyes.

"Tomb Lord, since everyone thinks you are our turn of life, I will give you a strength. Whether my body is free or not depends on you."

Mo Ning'er pointed out!

A trace of scarlet aura poured into Ye Chen to help Ye Chen keep protecting his mind to avoid accidents.

And at this moment, Ye Chen crossed the Saint Realm without hindrance...

Thunder Tribulation appears above the sky!

Mo Ning'er felt the crazy landing of Thunder Tribulation, and there was a trace of solemnity in his eyes.

She knew very well that the greatest threat to the tomb owner right now was the Dao Sect Master.

The strength gap is too big.

It is impossible for her to leave the tomb owner too far, so it is impossible to leave here to destroy Dao Sect.

What's more, they can't casually disrupt Kunlun Xu's current balance. If they want to make a move, the tomb owner must be present.

The ancient sorcery in is madly passing, if nothing else is done this time, it will be really wasted.

She glanced at Lei Jie and suddenly thought of something!

In the next second, she stepped on her footsteps, the air wave rolled, her body directly suspended in the air, and it continued to rise!

Even gradually, the entire Kunlun Xu was under her feet!

Her body turned, the red dress was floating, and her icy eyes shot to a distant place!

Chapter 833: Shocked!

"The owner of the Tomb of Reincarnation is too important to us. Although I am far from the remaining power, but for the current Kunlun Xu, I have enough voice."

"Today I let everyone know the cost of offending the owner of the Tomb of Reincarnation."

Mo Ning'er's indifferent voice slowly fell.

She was suspended in the air, closed her eyes, and released her spiritual sense for thousands of miles!
Even thousands of miles!

Almost covered the entire Kunlun Xu!

Qian Juehan body was released.

Kunlun Xu, who was still in the sense of heat, started to snow.

The temperature is gradually lowered.

The entire Kunlun Xu people felt something was wrong.

One after another walked out of the training room, sect, and family.

Some retreat powers opened their eyes, came outside, and felt everything around them.

Ji family.

Ji Siqing also felt the vision, standing in the courtyard, watching the flying snow in the sky seriously.

Ji Lin, who had already returned, raised his head curiously: "Sister, why is it snowing in Kunlun Xu at this time? Why do I still feel a hint of coolness."

Ji Siqing shook his head: "There is a problem with this snow. It seems to be an artistic conception created by human beings. If it is so, then it may be an ancient mighty existence. Could it be that the place opened?"

"No, if it's the power there, it would not be as simple as falling snow. There seems to be a trace of invisible anger hidden in the snow."

Listening to Ji Siqing's explanation, Ji Lin frowned, "Sister, do you think too much? It seems that you are a little suspicious when you come back from the Land of Killing."

Ji Siqing sighed: "It's not that I am suspicious, but I don't know when, Kunlun Xu's pattern has changed a bit."

"If you really want to go back to a point in time, it is after Ye Jitian appeared."

Ji Lin naturally didn't care about this kind of things, so she unpacked a packet of potato chips and stuffed it into her mouth.

This time I went to China, although I didn't get any news from Ye Xitian, she had gained a lot.

A lot of snacks are stored.

Ji Siqing glanced at the carefree Ji Lin, and asked casually: "No one in Huaxia really knows about Ye Sutian? In theory, this guy's first appearance in China's Kunlun Mountains will always show some feet. "

Ji Lin shook her head. Suddenly she thought of something, and her eyes brightened: "Sister, although there is no news about Ye Sutian, the news about that kid Ye Chen in China is everywhere, sister, don't tell me. I found that I really underestimated Ye Chen! He did so many feats when he was in China for less than a year! He also established the top family Ye Family! Even countless martial arts experts called China Undefeated God of War ! Let me tell you..."

Ji Lin put down the potato chips and described Ye Chen's affairs in China.

Until the end, Ji Siqing still did not fluctuate.

"Sister, aren't you interested in that kid? Why don't you react at all?"

Ji Siqing looked at Feixue, and said lightly: "Even if Ye Chen is the top power in China, what if China compares to Kunlun Xu, like the earth and the sky. I am optimistic about Ye Chen, that is that everything is built on the basis of immortality. Come on, and this guy is still knowingly making an agreement with the Green Luan Sect's Granny Flower a few days later, hey, let him, I can do everything."

Ji Lin's mouth grew up, but she knew the level of the wind mother-in-law of Qingluanzong.

Ye Chen actually wants to challenge?

Are you crazy?

Even if he knows the formation, he should not make such rapid progress!

She just wanted to say something, suddenly a phantom appeared on the sky!

The phantom is floating above the head! Like a goddess coming to the world!

"Sister, look at it... how could it be..."

Ji Siqing naturally saw the woman in red suspended above the sky!

For a moment, she actually felt small!

"Sure enough, this Feixue has something to do with great power... I don't know why the great power came here..."

And at this moment, Mo Ning'er breath was brewing to the extreme in mid-air!

With fingers pinched, the world seems to be silent!

Her cold eyes shot in the direction of Dao Zong, her red lips opened, the power of ancient sorcery transformation and the true energy of her dantian all converged.

"Kunlun imaginary ants listened to orders, today Thousand Jue Xuan-nv came to the world, accepting Ye Qitian as a closed disciple, Kunlun Xu Dao Sect did not know life and death, dared to offend this deity's beloved disciple, the deity's heart burned with anger, should have been wiped away. Zong, but I don't want to ruin the disciple's experience! I hereby inform you and others!

If you want to challenge the deity's disciple, you can only challenge it!

If Daozong or other sects dared to secretly attack the disciple of the deity, I will step down the entire Kunlun Xu! Never die! "

The icy words are like thunder sound ascending up to the Nine Profound Sky and descending to the Kunlun Void Land.

Every cultivator under the Dao Source Realm can hear it!

For a long time!

This wasn't over yet, Mo Ning'er opened his five fingers in midair, and a huge sword of icy ice suddenly formed!

"Boom!"

Accompanied by the thunder that shook the sky, the Great Sword of Ten Thousand Zhang Frost fell rapidly from above the sky!

The violent Mars winds around, like a planet hitting the earth!

"bump!"

The Wanzhang Frost Sword was directly inserted on a vast plain in Kunlun Xu.

The ground cracked in all directions, and the whole Kunlun virtual earth was shaking for a long time.

This is deterrence!

Mo Ning'er knew very well that since she could not erase Dao Zong temporarily, she could at least use such a means to deter the entire Kunlun Xu!

When Dao Zong wants to act on Ye Chen, he must also consider Qian Jue Xuan Nu's anger.

What's more, today in front of Kunlun imaginary name Dao Sect, there will be countless powerful people in the dark beginning to restrict Dao Sect.

This is relative to giving Ye Chen a double protection.

Of course, this is not a long-term solution.

You have to wait for Ye Chen to have enough strength to erase Daozong personally.

After all, it was calm.

The phantom disappeared and Feixue was no longer.

Mo Ning'er's body slowly fell and landed beside Ye Chen.

His face was pale and his body was much weaker.

This is the greatest limit she can do for Ye Chen.

At least it can give Ye Chen enough time to grow.

Maybe when Ye Chen reaches that strength, he is qualified to understand the truth behind the reincarnation cemetery.

...

After half an hour, Kunlun Xu's countless powerhouses and major sect masters gathered together in the place where the ice sword was inserted.

No one thought that a strong woman with a thousand unique profound women would come to Kunlun Xu, so deterring words!

Name Daozong!

It made them even more unexpected that Ye Xitian was accepted as an apprentice by this kind of power!

With such a great ability to stand behind, who would dare to move this Ye Jitian!

Most of the people present were very clear that Dao Zong might be cold.

It will even become a rat crossing the street, everyone shouting and beating!

That Thousand Absolute Profound Girl's move is like a powerful figure in the Chinese entertainment industry, and in one sentence, a rising star is blocked!

A generation of large-scale plants ended up in such a field!

After today, Daozong will not have any allies!

Chapter 834: The situation is bad!

It will even be monitored by countless strong men.

After all, if Dao Zong secretly shot Ye Xitian, then the whole Kunlun Xu would pay the price!

A few minutes later, Ji Siqing and Ji Lin also arrived here.

The two of them watched the ice-cold sword straight into the sky, and their hearts were shocked.

The key is that there are still three big characters engraved on the ice-cold sword!

Ye Jitian!

This is a bodyguard sword that the great power can do for Ye Sutian under the Kunlun Void Tree.

At least this Frozen Great Sword existed for a day, and no one in Kunlun Xu would dare to secretly attack Ye Sutian.

Ji Siqing clenched his slender fingers.

She found that the distance between herself and Ye Sutian was getting farther and farther.

She originally wanted to make this person the target of cultivation, but now it seems that the gap is like a chasm.

But this did not discourage her, but it ignited fighting spirit in her heart!

"Sister, since Ye Jitian has such a powerful standing behind him, why is he still hiding in the dark?"

"It even seems to be so embarrassed by Dao Zong, shouldn't this be?"

Ji Siqing shook his head: "The entire Kunlun Xu is speculating about Ye Xitian's identity, but he just won't come out. We can do nothing."

"Now I can only wait, this guy has a characteristic, he will appear once every half month."

Ji Lin turned his head and muttered: "Then the next time I appear, shouldn't it be better than the Kunlun Xuzongmen genius?"

Ji Siqing's expression froze and stopped talking.

"By the way, elder sister, if Ye Sutian becomes a member of our Ji family, will the Ji family never worry about safety? Or sister, you sacrifice hue, this Ye Sutian is a golden turtle son-in-law, better than Ye Chen's kid It's so much better. If you don't want to, you can only wait for me to turn eighteen, and it will be many years. What if I get boarded first?"

Ji Siqing: "..."

And the Daozong Hall at this moment.

Hundreds of disciples stood outside.

Looks nervous.

They joined Dao Sect because of the powerful position of Dao Sect in Kunlun, even among relatives and friends. But right now, Dao Zong was blocked by that great power!

Everyone is considering leaving the sect!

Even some elders who have been in Taoism for hundreds of years hesitated!

"Crack!"

The door opened suddenly.

It was completely noisy outside.

"Sect Master, Ye Jitian, he..."

As soon as a disciple's words fell, his body turned into a mist of blood.

Extremely cruel.

The crowd was completely quiet.

Sect Master Dao Zong came to everyone.

At this moment, he seemed to be dozens of years old, exhausted physically and mentally.

He raised his head, a chill flashed across his muddy eyes.

"Don't mention Ye Jitian in front of me! I know you are afraid of that mighty threat!"

"But that Da Neng can speak very clearly, as long as you don't make a secret move!"

"Can't we just slay Ye Jitian in an open and honest ring?"

"A few days later, it will be the ratio of the geniuses of the Kunlun Xuzong Sect. This is a great age of Kunlun Xu. Although Ye Jitian is unlikely to participate! But our Dao Sect has completely lost face today, and some have lost. I still have to get it back!"

"I only have one request. In this prosperous age, my Dao Sect must be respected! If you don't get the first place, you will die!"

"Finally, let me tell you all here, Thousand Jue Profound Girl don't have to be afraid! Today, my Dao Sect is invincible, but once my Dao Sect's plan is successful, I will have the qualifications to counter that Qian Jue Profound Girl!"

...

Qingxuanfeng.

Lei Jie dissipated, Ye Chen opened his eyes and slowly exhaled a turbid breath.

This time, he stepped into the third level of the Saint Realm.

It's fairly satisfactory, at least his entering the Holy Realm, without the help of hole cards, can fight against some Kunlun Void Saint King Realm powerhouses.

Of course, with the help of hole cards and some means, some powerful players in the Void Return Realm and even the early days of the Void King Realm will have the opportunity to be killed!

He stood up, his gaze fell on Mo Ning'er beside him, although he was breaking through just now, he still knew some of the things that Mo Ning'er did.

He knew very well that such a method would inevitably cost Mo Ning'er a great price, no matter what this kindness was, he took it down.

"Thanks." Ye Chen said lightly.

A smile was drawn at the corner of Mo Ning'er's mouth: "Tomb owner, the previous offense will be paid back today."

Ye Chen thought of something, and then asked: "By the way, since the immediate problem has been solved, what is the condition you want me to agree to?"

Mo Ning'er bit her red lips lightly, hesitated for ten seconds, still said: "The tomb owner, I walked out of Kunlun Xumo's house back then, cut off all love, and pursued the Supreme Road because of Qian Jue. Cold body, I am cold by nature, and I have done a lot of things that are ashamed of the Mo Family. After that ancient battle, the biggest obsession and regret in my heart is Mo Family."

"I hope the owner of the tomb can one day visit Xumo's house in Kunlun, and he will take care of it."

Ye Chen nodded, although he had never heard of the Mo family in Kunlun Xu, the last name of Mo was extremely rare.

But since Mo Ning'er proposed it, he would naturally agree.

"Thank you tomb master, I have entered the reincarnation cemetery first, after all, I am just an obsession now and cannot stay outside for too long." Mo Ning'er owed and leaned back, and then completely disappeared.

Ye Chen didn't want to stay here too much, and walked towards the formation of Qingxuanfeng.

Before taking a few steps, he suddenly felt something, and there was a change in the reincarnation cemetery!

This change did not come from Mo Ning'er, but from Duan Leiren's tombstone!

Duan Leiren swallowed the Primordial Virtual Reality Pill and turned it into substance, saying that he was going to touch something behind the reincarnation cemetery.

But after so long, there has been no news!

Ye Chen naturally did not worry, after all, Duan Leiren, as an ancient power, was strong enough to solve all of Kunlun's emptiness.

But at this moment, he found that things are far from that simple!

Because Duan Leiren's tombstone had cracks, as if he had been hit hard.

Ye Chen quickly entered the reincarnation cemetery, Mo Ning'er and Lin Qingxuan were both here!

The two frowned! Look ugly!

"Master, what happened?"

Seeing Ye Chen coming in, Lin Qingxuan sighed: "The tombstone is shattered. I'm afraid Duan Leiren has touched it too deeply and it's unexpected."

"If he is discovered by that force, they may even investigate here."

"Disciple, things are more difficult than you think!"

Chapter 835: I want to go it alone!

Things are tricky?

"Master, which power is it?"

This is the first time Ye Chen has touched the things behind the reincarnation cemetery so clearly.

Before that, these powers were always concealed, as if something could not be touched.

Since he is the owner of the reincarnation cemetery, he naturally has to face everything.

What's more, Duan Leiren helped him a lot. Although it was a divine mind, it was also part of the reincarnation cemetery. If he could help, he would definitely help!

The most important thing is that Duan Leiren and him have long been bound!

Once unpredictable, he must be dangerous too!

Lin Qingxuan glanced at Ye Chen, and stopped talking.

"Disciple, there are some things that I will tell you when the time comes. What you say now will only affect your Dao Xin, and may even completely change your trajectory."

"What you have to do now is to experience and strengthen yourself, without thinking about the rest."

Mo Ning'er on the side wanted to explain something, but Lin Qingxuan glanced, and she swallowed the words.

Ye Chen suddenly felt his head big, looked at Lin Qingxuan, and said earnestly: "Master, don't Senior Duan Leiren just ignore it?"

Lin Qingxuan shook his head: "Do it, of course. Once he has an accident, the people behind it are very likely to perceive your existence through some means. I originally thought that it was impossible to get involved with those people before you entered the Dao Source Realm. It seems that I am thinking too simple."

Lin Qingxuan sighed lightly, with his hands behind him, her expression quite serious.

"Duan Leiren's accident will only become a fuse."

"Fortunately, Duan Leiren should be seriously injured now, otherwise the entire tombstone will be shattered, leaving us with little time. This time, I will go personally."

"Disciple, I originally planned to continue to teach you the way of healing the gods. Now it seems that it will not work. I must use all the remaining energy! With my physical body, it may help Duan Leiren a bit."

"At the moment, the most important thing is to determine the whereabouts of Duan Leiren."

Lin Qingxuan no longer thinks too much, sitting cross-legged in the cemetery of reincarnation, his old fingers keep pinching the formula, faster and faster.

His dantian seemed to be shining with dazzling light, and the spirit of the **** of medicine, covering the entire cemetery of reincarnation.

Nearly a hundred tombstones trembled crazy!

A few seconds!

Suddenly, Lin Qingxuan's eyes opened suddenly, a finger pointed out the void in front of him, and a picture was completely generated.

The picture is a barren land, with broken walls everywhere, as if it has withstood the baptism of war.

The ground is full of blood, a bit shocking.

Under the blood color, beside a stone statue, lying an old body, that body overflowed with a faint arc of thunder.

Extremely weak!

It is Duan Leiren!

Not only that, Ye Chen also discovered that there was a black stone stele cut off by a sword on the ruins of the broken wall.

On the stele, a few words were vaguely written.

Zhen Lei Zong.

"I want to step through the Nine Reincarnations and swear to compare with God. Life and death are my life and my life, and the heavens and myriad worlds are for me to swim. Control the thunder and lightning, and transform the beasts. , Immortal soul, shocking the ancient and the present, only I shock Lei Zong Duan Leiren!"

This is the site of Duan Leiren's former Zongmen!

Lin Qingxuan glanced at the picture, sighed, and waved his arm gently, and the picture disappeared.

Afterwards, he looked at Ye Chen and said seriously: "If I didn't guess wrong, he was investigating the matter and exposed it completely. He wanted to take a look at the former sect land, but he didn't expect to be ambushed by the powerful man.

The only thing that is beneficial to us now is that the strength sent by that force is not high. Duan Leiren has solved everyone at the moment, but once discovered by that force, he will inevitably send a strong person to come here, and Duan Leiren will be real. It's dangerous. "

"I don't care about Duan Leiren's death, but there are too many things behind Duan Leiren. I must rescue him before those strong men appear! If Duan Leiren is taken away by the group or controlled by magic, I can only think The way to make Duan Leiren disappear in this world."

"Disciple, I must leave immediately. This trip will take at least three days."

Lin Qingxuan's voice was full of haste.

Obviously, this matter is too serious.

At this moment, Mo Ning'er spoke: "Senior Lin, I don't think this matter is right. You can solve the problem to the greatest extent, but don't forget that Ye Chen is the tomb owner of the reincarnation cemetery, and his greatest responsibility is to guard the reincarnation cemetery."

"If Ye Chen cannot guard the reincarnation cemetery, it can only mean that he is not worthy to be the owner of the tomb!"

Lin Qingxuan was startled, his eyes hesitated.

What Mo Ning'er said was correct. He wanted Ye Chen to deal with this matter, but hiding in the dark was really that power. Ye Chen could not stop it at all, and might even reveal his identity.

Ye Chen seemed to see the hesitation in Lin Qingxuan's eyes and quickly said: "Master, no matter what, I still have to face some things. You said that I am your person who turned over. Since your hope is all in me, if I shrink back at this moment, even I look down on myself! Let alone stand up for you!"

"I won't be so stupid as to reveal my true face this time. Ye Jitian's identity is enough! If there is danger, I can't resist it. Then the master will make another move!"

Ye Chen's eyes showed strong determination.

A few seconds later, Lin Qingxuan still compromised: "Okay, but apprentice, you must follow the instructions of the master during the whole process, and you can't just go it alone!"

"Yes, Master!"

...

Ye Chen bid farewell to his parents and the ancestors of Qingxuanfeng.

Although the parents complained a bit, they could also see the importance of this matter to Ye Chen.

No one asked much, just asked Ye Chen to pay attention to safety.

Then Ye Chen came to Duan Huaian's training place, because the door was closed, he tried to knock on the door several times, but finally saw that the master did not show any signs of leaving the gate, and he was ready to leave.

Unexpectedly, as soon as he left a few steps, the door opened directly, and Duan Huaian walked out from inside. Disciple, since you are here, just come in. "Duan Huaian smiled.

Dantian's restoration made him seem to be reborn, not to mention how happy he was.

Ye Chen turned around, and he obviously found that the aura of the master was much stronger and stronger!

Compared with the cave outside the Slaughter Land, the gap is huge!

Did the master break through again?

"Apprentice, you just came here. My Dantian was abolished and I couldn't enter the martial arts. Now that I have recovered, I should teach you something."

Ye Chen heard these words, but he said, "Master, I am here to say goodbye to you. I have an urgent matter that needs to be dealt with immediately. I may have to leave for a few days!"

Duan Huaian's eyes condensed, and he said in amazement: "In a few days, it will be the Kunlun Xuzong Sect genius competition, and you and Qingluanzong's Granny Hua have made an agreement. Are you sure you want to leave at this time?"

Chapter 836: Just ask for one battle!

Ye Chen nodded firmly: "Master, this matter is very important to me. After I have dealt with it, I will rush to Zongmen Genius Competition as soon as possible."

"Do you need me to go with you?" Duan Huaian asked.

Ye Chen refused: "The teacher's kindness is appreciated, but I have a friend to go with, so there should be no danger."

Although Duan Huaian was puzzled, he didn't ask too much, so he could only let Ye Chen pay attention to safety along the way.

After bidding farewell to Duan Huaian, Ye Chen left Qingxuanfeng and planned to go down the mountain to buy a mount, but unexpectedly, a black shadow rushed forward!

It is the king of the black tiger in the Slaughter Land!

With joy in Ye Chen's eyes, he stroked the black tiger king's hair and asked: "Xiao Hei! Can Sister Wen be delivered safely?"

The Black Tiger King nodded, lowering his head and rubbing Ye Chen's body continuously.

"Well, in that case, you are willing to go to a dangerous place with me."

Tigers resounded.

The black tiger king exudes a red light, and his murderous pen is exposed.

The body even crawled down, and Ye Chen stepped onto the tiger's back.

The black tiger king broke out on his hind legs, rushed out suddenly, and quickly swept in one direction.

The whistling wind kept coming from his ears, and Ye Chen realized that the speed of this guy was much faster when he saw the King of Black Tiger for the first time.

Could it be because of those pills?

But this is a good thing.

...

Seven o'clock in the evening.

It is a kilometer away from the Zhenleizong site.

The Black Tiger King stopped slowly.

It even let out a low roar, as if it was afraid of something.

Ye Chen's eyes condensed, and he jumped directly from the back of the Black Tiger King.

Lin Qingxuan's voice came even more from his ears: "Disciple, there is a formation in front, but there is no trace of anyone at the moment. Of course, it is better to be careful."

Ye Chen walked toward the front, taking ten steps before he stopped.

He put on Ye Jitian's mask, stretched out his hand, and instantly touched a layer of formation barrier.

"It's actually crazy addicted to the Thousand Poison Array! Once you forcibly break in, Thousand Poison Phage will not die and waste."

No longer hesitating, Ye Chen forced a drop of essence and blood, and the essence and blood shot onto the formation, rippling away one after another with golden ripples.

The natal spirit talisman in the body was sacrificed, endless thunder and lightning attached to the formation, and the sound of "zizi" was endless.

His natal magic talisman is extremely special, can swallow many things, and naturally can absorb the thousand poisons of this crazy addictive thousand poison array.

Soon, the golden ripples above the formation disappeared.

Ye Chen took out the Dragon Slashing and Asking Heaven Sword, slashed with a sword, and an opening appeared instantly.

As soon as Ye Chen stepped into the entrance, there was a strong **** air, and there were corpses on the ground, a thousand!

He didn't know what Duan Leiren experienced here, but it was enough to prove that there was a big battle here.

The blood dragon in the body felt that the energy could be absorbed, and instantly rushed out of Ye Chen's body, rushing to the top of the formation, the posture of the dragon, absorbing the endless blood!

Ye Chen didn't care about the blood dragon, his spiritual sense was released, and in the next second, he discovered something and swiftly swept in one direction.

Duan Leiren is a hundred meters south!

There is almost no life, and the tombstones in the reincarnation cemetery have gradually dimmed!

"master!"

Ye Chen came to Duan Leiren and helped him up. At this moment, Duan Leiren's body was full of wounds.

An entity temporarily condensed with divine consciousness would be hurt like this, which made Ye Chen angry to the extreme.

There are blood holes in the chest and thousands of sword marks on the body, which makes people can't bear to look straight!

Although he mastered the way of healing gods, he didn't know how to start.

"Let me do it."

A phantom appeared beside Ye Chen instantly, it was Lin Qingxuan.

He shouldn't have left the reincarnation cemetery, but he can't care so much now.

Lin Qingxuan closed his eyes and squeezed his five fingers. Ten Qi needles appeared in his hand instantly!

"Apprentice, just right, I now teach you a magic technique that transforms life into life, watch it carefully, and remember it in your heart."

After speaking, the air needles in Lin Qingxuan's hand burst out with dazzling light, and they shot out!

"With the way of heaven, swallow all things, and with the way of god, save the living beings! Find the ten soul needles, and fall!"

Ten air needles shot at different places, forming a great array of soul-seeking on Duan Leiren!

In an instant, all the aura between heaven and earth poured into Duan Leiren's scarred body.

His face gradually changed from pale to bright red.

"Disciple, you should still have two Primordial Virtual Reality Pills, now give me one."

Lin Qingxuan said.

"it is good."

Ye Chen took out the pill and directly fed it into Duan Leiren's mouth.

The original emptiness of the body, the meaning of thunder and lightning is becoming more and more important.

Suddenly, Duan Leiren opened his eyes, a flash of thunder burst in his eyes, incredibly hideous.

When he saw Ye Chen appear in front of him, he was obviously a little surprised: "Disciple, why are you here!"

Then, he noticed Lin Qingxuan again: "You... why are you here!"

Duan Leiren's face changed drastically!

"This place itself is a trap! Of course I killed everyone, but if I guessed correctly, the group of guys have discovered that the strong man of the ancient war has remnants of spirituality! This matter will definitely be more complicated by then!

I planned to completely destroy my spiritual thought and dissipate the world! Why are you here now! "

Lin Qingxuan released his spiritual consciousness and asked Duan Leiren again: "But those ancient guys?"

Duan Leiren shook his head: "If it were that group of people, I might not have the right to talk to you, but this group of beasts can't get rid of those ancient guys! The runes and magical tools they hold are all from ancient times. !"

"Otherwise it is impossible to make me so embarrassed!

"Don't tell me this beforehand, we will leave immediately!"

Lin Qingxuan nodded and entered the reincarnation cemetery, but Duan Leiren was obviously unable to enter for a short time because of his injuries.

Ye Chen blew a whistle, and Xiao Hei came to Ye Chen's side in an instant.

He put Duan Leiren on the tiger's back, Ye Chen just wanted to step on and leave together.

At this moment, black clouds pressed against the city and the ground trembled.

An icy air gathered from The mad addiction array that had been torn apart was also completely restored.

Duan Leiren's face changed a lot when he saw this scene: "Not good!"

"Ye Chen, you leave right now and leave me behind! I should be able to burst this divine mind, not asking to die with this group of people, at least I can hurt them!"

"If you don't leave now, it will be too late! Ye Chen, you must listen to me this time!"

At this moment, Lin Qingxuan's sigh of reincarnation cemetery sounded: "No need to go, it's too late."

"But it's good, just to figure out the identity of these people, they should know something."

"Disciple, are you ready?"

Ye Chen listened to Lin Qingxuan's voice, staring at the front, Zhanlongwen Tianjian exuded a cold killing intent.

"Just ask for a fight!"

Chapter 837: It's rubbish!

Duan Leiren watched the two sing and sing and did not continue to speak.

There is very little power left in his body, if it hadn't been for Lin Qingxuan to hang him with a spell, it might have disappeared in the world long ago.

These days, what supports his survival is nothing more than the obsession in his heart.

A few seconds later, dark clouds covered the entire remnants of Thunder Sect.

The madly addicted Thousand Poison Array seemed to be split by a sword, directly torn in half.

The sound of footsteps vibrates.

It's like an army oppressing the territory.

Soon, Ye Chen found dozens of figures entered his line of sight.

The leader was a long-haired young man, dressed in a white robe, full of Taoism.

There is no embellishment around his waist, but a long sword is behind his back.

The long sword was wrapped in rags, revealing a trace of mystery.

Just as the key is, the long-haired young man stepped on a crimson python that was more than ten meters long.

The python spit out the snake letter, his eyes were extremely cold.

The dozens of people behind the giant python were even more fully armed, wearing helmets, and killing intent broke out.

There is a very clear pattern on this group of people.

It was in the shape of a sword, with ancient inscriptions carved on its body.

There is a red flame all around.

Everyone stopped, and countless eyes fell on Ye Chen and Duan Leiren.

The long-haired young man's condescending eyes appeared surprised.

"I originally wanted to collect the corpse, but I didn't expect that there would be unexpected gains."

"Boy, what is your relationship with that guy, why are you here? And, who are you, answer me."

The long-haired youth's tone is indifferent, but it has an unquestionable meaning.

He saw Ye Chen's cultivation at a glance.

Into the Holy Land.

Although I don't know why this realm appeared here, it is not important anymore, he can make everything clear.

A waste into the Holy Realm and a divine mind with almost no combat effectiveness, almost crushed.

However, he obviously didn't know Ye Xitian's appearance, otherwise he would recognize this mask.

Ye Chen stepped down from the Black Tiger King and said lightly: "Xiao Hei, help me take care of him."

Xia Hei nodded, and stepped back some distance.

The eyes are certainly jealous, but if Ye Chen wants it to do something, it will definitely not hesitate.

Ye Chen looked at the long-haired young man above the python and said coldly: "It doesn't matter who I am, I'm even more curious about why you are here."

"Could it be that the injuries on his body were what you did?"

The long-haired young man obviously did not expect that a sacred waste would dare to talk to him in this manner. With his arm pressed down lightly, the python's head was instantly underneath, and even more forward!

Only a few meters away from Ye Chen!

Ye Chen could even feel the blood in his body coagulate, and a voice without temperature came from his ear: "You are the first person in Kunlun Xu who dares to speak to me like this, let alone enter the holy realm, just count you as Void King Realm strong, the only thing that can be done is to surrender before my mount!"

"I will give you a chance at last to say what I want to know, otherwise, I will let you enjoy the pain of piercing the heart."

Ye Chen didn't speak, Lin Qingxuan's voice kept coming from his ear.

From Lin Qingxuan's words, he roughly learned some useful information.

The realm of these people is not too high, and the young man named Dai Shu is only the peak of the Void Returning Realm, only one step away from the Void King Realm.

Most of the people behind him are returning to the Void Realm.

The only fear is the sword behind Dai Rate, which has a strong ancient magic.

The key point is that the greatest value of this technique is to limit the power of God's Mind within a radius of ten miles.

In other words, the power of Lin Qingxuan and Mo Ning'er could not be used!

This is also the reason why Duan Leiren's injury was so severe.

Unable to use the power of divine consciousness, their power is no different from a useless person.

"Disciple, the goal of this group of people is only to take away the seriously injured Duan Leiren, so they didn't use the real powerhouse. This is good news for you."

"But the bad news is that we can't help you in this battle. If you can't resist, you can find a way to escape!"

Ye Chen squinted slightly and glanced at the blood dragon dormant in the clouds above the sky.

The meaning of blood here makes the breath of the blood dragon condensed to the extreme, but obviously, this group of people did not notice.

The meaning of blood dragon can burst some power.

Lin Qingxuan's silver needle is also ready to use.

It is not difficult to break a blood path.

Crucially, this group of people is the closest to the existence of these ancient powers who have been hiding their secrets.

Most importantly, he cannot always rely on the power of the reincarnation cemetery.

Since that sword can restrain divine mind, it is definitely not just a single one!

Your own strength is the key.

And now is the best proof!

Ye Chen stopped hesitating and stepped forward: "I'm very curious, what gives you such confidence, the sword behind you? Or, the python under you?"

Dai Li was startled, he couldn't think that a waste who had entered the Holy Realm would dare to struggle.

The purpose of his trip was only one, to take away Duan Huaian's spiritual thoughts.

But right now, this young man is full of doubts and must be investigated!

He glanced at the several Void Returning Realm powerhouses around him, and said lightly: "Take this trash and live. It is estimated that Da Neng will be very happy."

"Yes, Young Master!"

After the words fell, three cold murderous intents swept towards Ye Chen.

Instantly turned into an afterimage.

At the moment when he was about to approach Ye Chen, three long swords were sacrificed and moved towards Ye Chen's Dantian and arm.

Since it can't die, it can only be abolished.

Ye Chen didn't have the slightest fear. After stepping into the Holy Realm, the Void Returning Realm powerhouse was not that difficult for him, and he wanted to kill naturally.

He bent his legs and jumped up at the moment when three sword intents broke through the air!

It was a full six or seven meters high, and then, Zhanlong asked Tianjian, and smashed it down!

The meaning of thunder and lightning of the natal magic talisman burst out, this sword drove the thunder and lightning!

Powerful energy swept across, and the three people saw Ye Chen descend from the sky, carrying thunder intent, like a **** of thunder.

The eyes of the three of them shrank together, and this guy was more terrifying than they thought!

The point is that this is not the power to enter the Holy Realm at all!

The three of them no longer hesitate, their footsteps are like an array, and a formation is formed, and the surface forms a barrier.

But the power of Zhanlongwentianjian is enough to crush everything!

The barrier shattered suddenly Sword Qi overflowed!

The three of them flew out.

No match at all!

They just wanted to stabilize their figure, but they found that an afterimage wandered around them.

The violent thunder and lightning completely trapped them like a rope, unable to move!

In the next second, three bloodstains were applied to the sky.

In their horrified pupils, the blood stains continued to expand, instantly turning into a smudge of blood.

In the endless blood mist, Ye Chen raised his head, Zhanlong asked the sky sword and pointed at the long-haired young man: "Now, how much confidence do you have? You haven't even entered the Void King Realm, sorry, in my eyes, it's rubbish!"

The cold words resounded!

Chapter 838: Give it back to you!

Is the existence of the Half-Step Void King Realm in the eyes of a Saint Realm kid, or is it rubbish?

No one believed it when he said it!

But Ye Chen's explosive blow indeed shocked everyone!

Dai Rate frowned, and a touch of surprise appeared in his proud expression.

The three Void Return Realms were so easily beheaded by this young man in front of them?

Although there was a trace of underestimating the enemy in it, the blow that Ye Chen just broke out was really not an existence that ordinary people could resist.

Crucially, he found that this kid seemed to be born for battle, with an extremely strong smell of blood surging through his body.

Could it be Kunlun Xu's killer?

He stopped thinking about it, and said to the dozens of people behind him: "Ten seconds, take down these wastes."

"Yes, Young Master!"

But the dozens of people hadn't moved yet, Ye Chen had already condensed the true energy in his feet, his body leaped away, and the violent cold light moved towards Dai Shi.

Catch the thieves first!

This guy is the core of this group of people, once killed, after all, the group of dragons has no leader!

Dai rate's eyes were indifferent. Seeing the holy realm boy so reluctant to live and die, he ordered:
"Heavenly python, I don't like this kind of waste being too close to me."

The giant python instantly instructed, and when his body turned, the snake's tail suddenly swept towards Ye Chen!

Ye Chen Nine Heavens Xuanyang decisively revolves, the sword in his hand smashes away!

He believed that his strength was enough to cut off this snake's tail!

"bump!"

In the next second, something horrified him happened. Even if he used ten thousand swords to cut it, the tail of the snake was like a mysterious iron, which was cut continuously, only fierce sparks!

At the same time, a powerful counter-shock force struck, and Ye Chen was smashed out instantly!

The body fell heavily to the ground, and a deep pit was formed directly.

Lin Qingxuan in the Reincarnation Cemetery said: "Tie'er, except for the sword, you should pay attention to the giant python under that guy. No matter how strong the spirit sword is, this python can't be cut off! Its body Hard as profound iron, far more tricky than that guy!"

As soon as Ye Chen heard these words, he saw a huge black shadow violently hit!

It is the giant python!

Ye Chen just wanted to stand up, but the snake's tail had already struck quickly.

Under the heavy blow, Ye Chen stepped back a full ten steps, and his body instantly surged!

The clenched hand was even more trembling.

Dai Lu looked condescendingly at Ye Chen and shook his head: "You shouldn't be arrogant in front of my Soul Sword Sect. Although my Soul Sword Sect rarely cares about Kunlun Xu matters, it doesn't mean you can be so arrogant! Even my mount Why do you need me to take action if you can crush you?"

"Waste is waste, and you can never put yourself in place!"

Dai rate sneered and said, "The giant python, abolished this guy's hands and feet."

His words are like judgment.

The violent wind rolled, the body of the giant python kept leaning down, and it was about to touch Ye Chen, but Ye Chen even retracted the Dragon Swordsman.

This makes Dai Rate's smile brighter.

At the last moment, this kid knew to accept reality? But it was too late.

Just when he was determined to abolish Ye Chen, Ye Chen asked the sky with his fingers, and roared: "Since you press me with your mount, I will show you my mount today!"

Hearing these words, Dai Li's eyes fell on the black tiger king.

His smile is getting colder and colder.

The aura of the Black Tiger King was good, but it was far from the mount at his feet.

"It's just a fierce tiger, and dare to rule the roost in front of my heavenly python, knowing it will live or die!"

As soon as the words fell, the sound of a dragon chant came from the sky.

Long Yin's voice was too loud, and the whole world seemed to shake!

The eardrums of all the people present will burst.

Not only that, the heavenly giant python also stopped suddenly, and there was a touch of fear in the bloodthirsty eyes.

The snake turns into a dragon, and the dragon turns into a dragon!

In the face of the Shenlong, what does the python do!

In its blood, there is only humbleness!

Perceiving something wrong, Dai Rate suddenly raised his head, and suddenly saw a figure swooping down in the thundercloud!

To his horror, the opponent is really a dragon!

It's not a ghost, it's a substance.

The blood dragon descended in shock with a monstrous power.

With a big mouth, the dozens of Void Returning Realm were swallowed instantly!

They are not even qualified to block!

Ye Chen was also a little confused.

When was the blood dragon so strong?

Swallow dozens of Void Return Realm powerhouses?

This is **** impossible!

He even found that the body of the blood dragon was almost substantial!

This is something he has never seen before!

Ye Chen's Yuguang swept over the thousands of corpses, and suddenly, the blood dragon was born because of the killing.

Bloody air and killing cannibalism are its best nutrients!

The last time I absorbed a hundred people in the Land of Slaughter, it was extremely strong, not to mention the thousands of powerful people now!

He finally understood why Duan Leiren said that the blood dragon was far more important than the reincarnation cemetery!

This is the reason!

After swallowing everything, the blood dragon chewed his mouth, slowly falling, and came to Ye Chen's body.

Under the head, it is like surrender.

Ye Chen stepped forward and came to the head of the blood dragon.

The blood dragon stood up, much higher than the heavenly python!

The feeling of oppression made the body of the heavenly giant python constantly tremble!

Feeling the saddle under him, Dai rate took a few steps back subconsciously and almost fell off.

"How is it possible! Shenlong is riding? What qualifications does a Saint Realm have!"

Before he could react, a calm voice rang in his ear.

"How is my mount?"

That voice came from Ye Chen!

Ye Chen looked at Dai rate condescendingly, and said, "Blood Dragon, I don't like waste being too close to me!"

He returned this sentence to Dai rate in its original form! At this moment, Dai Rate's expression is hideous, as if he is ashamed!

Behind him stood a behemoth, and from the beginning, countless people were pleased!

Why have you been so insulted!

"Sky Python, kill..."

Before the words were finished, a dragon roar resounded! With endless blood and murder!

And the giant python under his feet fell sharply!

Kneel down!

Surrendered in front of Ye Chen!

"Heavenly python, how could you be like this, get up!"

Ye Chen sneered: "No need to call."

"you--"

Dai Rate raised his head, his ferocious eyes seemed to burst. Suddenly, a violent wind fell.

The flaming long shadow is like a big sword coming across!

That is the tail of a blood dragon!

Even with violent flames!

Dai Lu's face changed drastically, and he wanted to pull out the sword behind him but it was too late!

"boom!"

His body was smashed into the air on the spot, and a mouthful of blood was spit out!

The long sword behind him also flipped in the air and stuck on the ground.

Endless barrenness exudes.

The rag shattered, revealing the blade.

The pattern on the sword body is exactly the same as the pattern on Dai Rate's body.

This is the existence of suppressing the spiritual mind!

Suddenly, Ye Chen found that the black stone in his pocket flew out!

Suspended in the sky!

Is this sword related to the reincarnation cemetery?

Chapter 839: Behind the trend!

Dai rate obviously also noticed the rock floating in mid-air.

His eyes are like a ghost.

This stone actually overlaps with something on that portrait!

Exactly the same!

This stone is called ancient evil by some people!

If you get this thing, you will definitely die!

But that might go to believe in this stone as a fetish!

And it is a must-have existence!

No longer hesitating, he stretched out his hand and violently grabbed it towards the black stone!

The eyes are full of greed!

Once he gets this stone and dedicate it to those adults, his cultivation and strength will inevitably rise to the next level!

Ye Chen naturally couldn't let the other party succeed, and said to the blood dragon: "Blood dragon, I'll leave it to you next! I want to live!"

The sound of the dragon chant came, and the blood dragon instantly moved towards Dai rate!

Very fast! It even makes people unable to react!

The violent blood seems to swallow the world!

Before Dai Ze touched the black stone, the blood dragon appeared in front of him!

A huge mouth, spouting a flame!

The flame was like a sharp sword, carrying a billowing killing intent, and cut off Dai Li's arm that was about to touch the black stone!

The monstrous air wave seemed to be utterly violent, once again blasted Dai Shu out!

The blood dragon that absorbs the blood of thousands of people is extremely powerful!

The only flaw is the time limit!

Once the blood will be used up, it will be blurred again!

Even Ye Chen wondered how terrifying would it be if the blood dragon absorbed the power of ten thousand corpses?

Will he be qualified to shake the existence above the Void King Realm?

"what!"

The roar resounded!

Dai Shu looked at the broken arm, eyes full of anger and ferociousness!

After so many years, how could he have been so embarrassed!

The key is still in front of a sacred waste!

How could the blood dragon listen to such waste!

He really can't figure it out!

What's wrong with this world!

He just wanted to stand up, but his big feet were stepping on his chest.

It was Ye Chen.

"The sword is coming!"

Ye Chen stretched his arm, and a cold light flew over, Zhanlong asked Tianjian to shook his heart.

Afterwards, Ye Chen turned the sword in his hand and placed it directly on Dai rate's neck, and even because of the blood evil, a blood stain had appeared.

A steady stream of blood poured out.

Even as long as Ye Chen moves lightly, Dai Rate will undoubtedly die!

"I ask you, do you recognize the black stone? If you lie, you will pay a nightmare price!"

Ye Chen could tell from the greed in the opponent's eyes that this guy had definitely seen a black stone.

And the black stone is the bearer of the reincarnation cemetery!

It must be related to something!

Dai rate was seriously injured, and blood was even overflowing from his mouth. At this moment, facing Ye Chen and the blood dragon, he had no chance of winning!

Even so, he still chose to turn his head and said coldly, "Boy, don't think about it!"

"You don't know what kind of existence you have offended. If those guys know, Kunlun Xu will only become your burial place!"

"Even because you turned into purgatory!"

"I advise you to obediently surrender before things go wrong! Otherwise, if power comes, you and the people around you will be miserable!"

Seeing that the other party didn't mean to cooperate at all, Ye Chen reversed the long sword, and directly fanned the back of the sword on Dai Li's cheek!

"Snapped!"

This sound was extremely crisp.

A deep sword mark appeared.

"Don't challenge my patience, if you don't say anything, I will make you feel endless pain!"

Ye Chen threatened.

If this guy is a better enemy than him, maybe he can use the secret technique to check the opponent's memory.

But the opponent's half-step Void King Realm, his realm is not enough.

Want to learn something, naturally a lot of trouble!

Dai rate's only hand touched his cheek without any anger. Fan'er smiled grimly: "Pain? I was born again in pain, what can you do to me!"

Ye Chen didn't want to waste his tongue on this guy anymore, a dozen silver needles appeared in his hand instantly.

The immortal fire clung to the silver needles and fell all together.

In an instant, countless flames, with the help of the silver needle, penetrated Dai rate's body.

Dai Rate felt hot all over, as if swallowed by a ball of flame.

Flames ran wildly in his internal organs, as if to dry him alive!

This feeling is even like tens of thousands of ants biting wildly in his body!

Extremely difficult!

"what did you do to me!"

Dai Shu said angrily.

Ye Chen took out a cigarette from his pocket calmly, flicked his finger, held it in his mouth, and glanced at Dai Shi with cold eyes: "Have you heard of the unquenchable fire, the flame that never goes out, he can Swallowing something can even torture people to collapse.

I just don't know if the unquenchable fire is strong, or is your body strong? "

Hearing these words, Dai Rate's face became more and more ferocious, his body shrank into a ball as he kept roaring.

After being tortured for a full five minutes, he couldn't bear it anymore, and quickly said, "If you want to know something, first remove the flame! Quick! Otherwise, you won't want to know for the rest of your life."

Ye Chen shook the soot, without any intention to stop.

At this moment, Dai rate looked at Ye Chen as if facing a devil!

Who can stand such torture!

Of course he has some means to end everything, but the blood dragon whose breath far exceeds the Void King Realm is staring at him!

Once he does it, he will definitely die!

"I said, I said! But if the unquenchable fire continues to burn, I even want the right to speak!"

Ye Chen nodded interestingly, waved his arm, and instantly the inextinguishable fire in his body dissipated.

At the moment, Dai Shi was soaked all over, as if he had been fished out of the water.

He looked at Ye Chen, his eyes shrunk to the extreme.

"What do you want to know?"

Ye Chen's eyes fell on the black stone suspended in the air and the simple long sword inserted on the ground, and asked: "Tell me about your sword and the black stone."

Dai rate's eyes fell, and continued: "This sword is the treasure of our Soul Sword Sect. It was personally left by a great power thousands of years ago. That great power gave our Soul Sword gate unparalleled opportunities. The python was also given to me by that great power."

"He had only one request at the time, let us pay attention to the entrances and exits of several places, and pay attention to the spiritual power of Kunlun Xu."

"As soon as there is divine power to move around those places, notify them immediately!"

"At the same time, every ten years, that great power will send people to come and leave some spells and charms to let us fight against some powerful beings!"

"And this relic of the Thunder Sect is the one they have been allowing us to observe."

"Not long ago, there were extremely strong fluctuations in this place. That powerful apprentice told us with secret techniques thousands of miles away..."

Before he finished speaking, Dai Li's pupils suddenly dilated! The whole person seemed to twitch!

A purple thunder and lightning sprang up in the void, crashing down!

Ye Chen's face changed drastically. Obviously, this guy's words touched certain mechanisms.

Someone wants to kill someone!

Chapter 840: God Lei left!

He offered this command talisman to absorb the lightning, but found it impossible.

The purple thunder and lightning passed through this natal talisman and hit Dai rate's body.

Full house day!

A deep pit appeared on the ground in front of Ye Chen, but Dai rate was only left with a blood mist.

The clue is completely interrupted.

"Damn it!"

Ye Chen hammered his fist into the air!

But there are a few things that can be confirmed. First, the ancient power already knows the existence of these divine powers in Kunlun Xu!

Second, there is an ancient powerful apprentice in Kunlun Xu! The other party is in charge! Hidden in the dark!

Collect hundreds of warriors! Play free!

Third, the other party has been making arrangements, as if waiting for the opportunity!

Ye Chen got a headache, his eyes fell on the black stone again, and the black stone at this moment had already changed a little.

seems to have absorbed all the power of that sword.

There are bursts of light all over his body.

But the sword body was turned into scrap iron, no longer alive, and fell to the ground.

The **** of divine consciousness completely disappeared.

The King of Black Tiger took Duan Leiren to the scrap iron of the sword body, Duan Leiren barely supported his body and walked down.

"Master, the power of this sword seems to have been absorbed by the black stone..."

Duan Leiren nodded, did not say anything, but stretched out his hand, holding the sword, his expression serious, and gradually closing his eyes.

His body began to weaken, as if using some kind of magic to check something inside the sword.

After a long time, his eyes opened.

Jingguang Shansuo.

Suddenly, the sword in Duan Leiren's hand turned into a piece of yellow sand, and the breeze dissipated completely.

His eyes fell on Ye Chen's body, very complicated: "This sword tells me something.

Those guys have long known that there is a fetish like a reincarnation cemetery in the world, but they only know it, but they have never seen it before. They used thousands of powerful men to burn their souls, deduced numerology, and drew some clues. The direction of the clue pointed directly to Kunlun Xu. "

"After that ancient war, they never gave up, they have been looking for this kind of fetish that can shake them."

"But with the passage of time, they still accept the reality. They had already given up, but my appearance in the past few days has allowed them to receive Kunlun Xu's information again."

"I'm afraid it won't be long before those guys will send people in the real sense. Then it will not be some waste of this soul sword gate, but an extremely dangerous existence, even people like us."

"But one thing is certain, these guys took a long time to come here, and then it was very difficult, very difficult to find you. So you are safe for the time being."

But this security will not last long, this group of people can suppress the spirit! Therefore, you must make yourself stronger as soon as possible, otherwise the consequences will be very serious. This is not alarmist! "

Ye Chen naturally knew the consequences and the cost, and nodded: "Master, what is this power you are talking about, and where is he?"

Duan Leiren did not answer, his body was getting dim.

The power is gradually dissipating.

The efficacy of Taigu Xushi Dan has disappeared. He has been outside for too long this time.

is normal.

"Apprentice, I still can't hide something from you. I just checked some things with spells, and I found that the apprentice that the kid said was actually...in Kunlun Xuye's house."

"The bearer of the reincarnation cemetery first appeared in Kunlun Xuye's family, and the powerful person was also in Kunlun Xuye's family. Although you don't know what identity, you must not be careful of Kunlun Xuye's family! Definitely!"

Ye Chen's expression changed a lot when he heard Duan Leiren's words.

He never expected that Kunlun Xuye Home was also involved!

For the feud between his grandfather and grandma, he and his parents are destined to set foot on the Ye family.

It seems that Ye Jiayuan is not that simple now!

There is that kind of ancient powerful apprentice sitting in town. Before you have full confidence, it is absolutely dangerous!

"Master, I will be careful!"

Duan Leiren nodded. Suddenly, he remembered something, a red thunder and lightning overflowed his palm.

"Apprentice, at the time of parting, the master has nothing to give you. This red thunder and lightning is the meaning of my life and lightning. In the eyes of the Kunlun false cultivator, this is the **** thunder, which is just suitable for you, so it is given to you. Right."

"As for what it does, you will understand later."

"Remember, you can expose all information, but you can't expose the existence of the reincarnation cemetery! Including the relatives around you!!"

Ye Chen took the red thunder and lightning and hovered in the palm of his hand.

He can feel how violent this red thunder and lightning is!

even fight with the unquenchable fire!

At the beginning of Yibao Pavilion, Duan Leiren was attached to his body, and it was not his power that made countless strong men frightened, but the gods of heaven and earth!

It can be seen how terrifying the meaning of this **** thunder is!

Having this divine thunder is equivalent to an extra hole card!

Ye Chen raised his head and just wanted to thank Duan Leiren: "Master..."

"Apprentice, don't have to be sentimental, we will always meet again! The choice of you in the reincarnation cemetery proves that you are enough to turn over a hundred of us! This day will not be too long! The power of the gods needs to be refined for a long time, try to..."

Before he finished speaking, Duan Leiren turned into the power of countless stars, and even poured into Ye Chen's body.

It's too late to say goodbye.

After all, Duan Leiren was too weak. Before he came, he had suffered too much.

Even if Lin Qingxuan used a spell to ease it a lot, it was still not very useful.

Everything is a foregone conclusion.

Ye Chen looked at the red thunder and lightning on the palm of his hand, and squeezed slightly, and a strong sense of tearing came from his palm in an instant!

can't accept it at all!

no longer hesitate, he sat cross-legged, forced a drop of blood on the **** thunder, and began to refine!

As for this place, there should be no people coming in a short time! He needn't worry too much!

When the refining is over, the flower mother against the Qingluanzong is also a little bit emboldened!

.....

At the same time, there is a peach blossom forest deep in Kunlun Xu.

There are mountains and waters, which are quite artistic.

The Central Land is a huge courtyard, covering an area of one thousand acres, far exceeding the land of most of Kunlun Xu's families.

On the plaque at the gate of the courtyard is engraved with two powerful characters Yejia!

This place is the Kunlun Xuye Family!

Ye's family is full of ancient meanings
The aura is extremely rich!

And in a courtyard deep in the courtyard.

An elder who was cultivating suddenly opened his eyes, and there was a deep horror in his eyes!

"How could it be possible that the Soul Sword Gate was wiped out!"

"It seems that some people are finally unable to sit still."

"That thing has finally come out completely. The calculations made thousands of years ago are correct."

"I don't know what role the Ye Family plays in it."
