

Urban Medical 861

Chapter 861: Tensions!

No one thought that Ye Chen would even dare to insult Mr. Jingshui!

In the horrified eyes of countless people, Ye Chen threw away the sword in his hand, and regardless of the injury on his body, he overflowed with divine thunder!

Hit the nine blood wolves with one punch!

"boom!"

This sound is extremely crisp!

Ye Chen spit out blood on the spot! Endless thunder and lightning blasted out!

The nine-headed blood wolves were forced back ten meters!

In an instant, everyone's eyes were full of shock!

They even felt that their throats were pinched, making it hard to breathe!

A punch actually forced back these nine blood wolves?

What kind of horrible power does he want!

Even a sense of death envelops the audience!

It's a pity that Ye Chen was also seriously injured!

Facing the battle of wheels and the power of this Mr. Jingshui, his dantian's true energy was almost exhausted!

Qiu Laocheng of Absolute Wuzong was afraid that there would be problems again, so he no longer hesitated, offering a long sword and stabbing towards Ye Chen.

In his eyes, this son deserved to die five years ago!

He just wanted to take a few steps, but a beautiful figure appeared on the ring, blocking his way even more.

Qiu Laocheng's expression changed, and he smiled and said: "Be clear about what you are doing. As a referee, you should know the seriousness of the matter. If you want to protect that kid, the consequences you have to bear will be very serious."

"Also, since this formation is on display, Mr. Jingshui must have known it, and it is estimated that it will not be long before Mr. Jingshui becomes angry. It will be too bad for you."

Ji Siqing snorted coldly, his figure disappeared and appeared beside Qiu Laocheng. With a pointer, the sword in Qiu Laocheng's hand fell to the ground instantly.

She said coldly: "Your sword, I don't like it. Also, Ye Chen and Duan Headmaster are certainly at fault, but they shouldn't be killed. For this matter, I will personally go to Mr. Jingshui later. Please also remove this formation!"

Before the words were finished, the nine blood wolves smashed at Ji Siqing.

Obviously, Taoist Nanming, Lao Zheng and others are ready to attack Ji Siqing!

"Ji Siqing, you have repeatedly obstructed, and your position is completely biased toward others. The five of us have voted to expel you from the referee of this tournament! If you don't leave again, Mr. Jingshui's formation will take you to sacrifice!"

The nine blood wolves roared, rolling up **** mists, and the nine **** mouths opened, like swallowing heaven and earth!

Go to Ji Siqing!

There is no closing.

Since Ji Siqing is no longer a referee, they don't have to worry about anything!

Ji Siqing's eyes were cold, his sword danced, his clothes fluttered, and the center of his eyebrows flashed with brilliance.

She knew very well that Mr. Jingshui's formation was too defying, and she didn't want to stop it. The only way was to fight it once.

At the same time, she said to Ye Chen: "Ye Chen, you leave with your master as soon as possible, I can't support it for long!"

Ye Chen just wanted to say something, but a figure came from under the ring.

Landed firmly beside Ji Siqing.

Probably a woman in her forties.

The woman is plump, but her eyes are full of seriousness.

The repair is unfathomable.

Ji Siqing naturally noticed the other party, and his eyes were happy: "Elder Ke, why are you here!"

"Also ask Elder Ke to help Siqing and fight the nine blood wolves together!"

She was extremely pleased, after all, Elder Ke was the elder of the formation of the sect, with all the means, and even her master of the formation!

It must be able to fight against the power of Mr. Jingshui!

"Ji Siqing, sorry!"

The cold voice fell, and it pointed to Ji Siqing's eyebrows.

Ji Siqing's eyes widened, and she found her body unable to move.

The power of the eyebrows gradually dissipated.

"Elder Ke, this is..."

Elder Ke hugged Ji Siqing and said lightly: "The lord has an order, you can't participate in this matter. You have helped that kid enough, there is no need to do so, you are people from two worlds! The disparity in identity! Once offended mirror Mr. Water, it's not good for you. Also, this time you have to enter the top ten. If you enter the top ten, you will be able to enter that place for three days, and you will have no chance to gain.

There can be no injuries before this. "

When the words fell, Elder Ke took Ji Siqing off the ring in an instant.

Ji Siqing wanted to struggle, but he didn't have any strength!

She couldn't even talk.

When Elder Ke left, he took a deep look at Ye Chen: "Ye Chen, I admit that after your return, you gave me a great surprise, but I still hope you can find out that your current achievements are right for thinking. Qing said nothing, her master has already planned for her to think about the future clearly, and the gap between you will only get further and further. In other words, you are not worthy of her, so please give up what is unrealistic Fantasy."

"Finally, I'll give you a piece of advice. Mr. Jingshui's virtual status in Kunlun is not something that your medical gods can shake! His connections and resources can be wiped out of a sect at will. This time the ten people left in the battle of geniuses, Who is qualified to see Mr. Jingshui, even enter that place."

"It's a pity that your ignorance and stupidity made you miss this opportunity, and even your own destiny can't be kept."

"Without absolute strength, arrogance will only speed up your death!"

"Good for yourself!"

Elder Ke disappeared with Ji Siqing.

At the last moment, Ji Siqing also wanted to break the shackles of his body, but found that it was impossible.

Under the ring, only Duan Huaian and Ye Chen who had been injured by the violent nine blood wolves remained.

The crisis is approaching bit by bit.

Qiu Laocheng, Zheng Lao, Taoist Nanming and others of Jue Wuzong looked at each other and said in unison: "A lot of time is wasted in Da Bi, let's do it."

The words fell, Mr. Jingshui's formation method released blood-red formations.

At the same time, the nine blood wolves headed towards Duan Huaian and Ye Chen with the power to crush everything.

Very fast!

The ring shakes!

A huge crack appeared in the answer!

The crowd under the ring shrank their eyes!

Can't help feeling the power of Mr. Jingshui, the power of the nine blood wolves almost surpassed the Void King Realm, and even surpassed the Dao Source Realm!

How to stop the injured two!

Although cruel, everyone present was sneered, and even bloodthirsty.

The fall of Ye Chen and Duan Huaian would only make Kunlun Xu's pattern and stability.

Otherwise, if the two people who are so against the sky continue to develop, the medical gods will definitely step on the corpses of countless sects to climb up! of

Most of the people present wished that the two of them had an accident!

Nine blood wolves have appeared in front of Ye Chen, opened nine big mouths, and the wicked blood enveloped everything!

This is a crisis of death!

Very cold!

Duan Huaian successfully declined Everything just developed to a good place, but this kind of thing happened!

He just didn't count Mr. Jingshui's chess!

Is it true that God is going to die?

At this moment, Ye Chen's eyes were extremely serious! His crazy communication in the cemetery of reincarnation!

But I don't know it is because of the formation, unable to communicate!

No longer hesitating, he forced a drop of essence and blood, and just about to use the secret method, a yellow figure flew out from his shoulder!

The small body turned towards the nine blood wolves!

Chapter 862: Is this the **** cat?

Xiao Huang!

Ye Chen didn't think Xiao Huang would make a move!

Isn't this guy always unreliable?

Although it can dispel coercion, it is even more ancient blood! But Lin Qingxuan said that Xiao Huang is just the initial state!

Before the complete evolution, how could it be possible to resist the power of Mr. Jingshui's formation!

These nine blood wolves are no ordinary existence!

"Xiao Huang, come back!" Ye Chen said, but Xiao Huang had no intention of listening.

It's like moths fighting the fire.

Taoist Nanming and the other referees couldn't help but feel funny.

The nine blood wolves carry the power of the formation, and this is even a strength of Mr. Jingshui!

Even a fierce beast can't resist it!

Not to mention a kitty with no fur!

It is a joke that the ants still want to protect the Lord!

The tens of thousands of people under the ring also burst into laughter.

In their eyes, what kind of person will raise what kind of cat!

Ye Chen didn't know whether to live or die, but he didn't expect that the cat he raised was the same!

It's just that such a disparity of battle is too unattractive!

"boom!"

On the ring, Xiao Huang's body landed firmly in front of the nine blood wolves.

Between the two, not only is there a huge gap in body shape or breath.

Like a giant elephant and an ant!

The nine blood wolves roared, like a palm print of a mountain patted towards Xiao Huang!

Once it falls, it will inevitably turn into a blood mist!

"Xiao Huang, run!"

Ye Chen exclaimed!

Xiao Huang didn't lean forward, and a soft meow sounded! It also stretched out a pink hand and walked towards the nine blood wolves.

This scene is even funny.

Duan Huaian adjusted his breathing a bit, and said to Ye Chen, "Truto, this little guy is your cat? Although it is spiritual, it is a pity..."

"But this little guy should be able to buy us some time. Its death allows us to live, perhaps the best result.

In addition, the formation of Mr. Jingshui is somewhat special, even if the strongest person is inside, he will be bound, and the stronger the strength, the greater the restraint. We must break the formation and leave immediately! "

"Forcing the blood, you drew the flame and thunder to me, you and I are combined into one, and it should be able to barely break!"

"Remember that once it breaks open, those guys will definitely chase it. All we have to do is run! Run at all costs! Gentlemen take revenge, it's not too late for ten years!"

As soon as the words fell, there was a huge shock in the ring!

Ye Chen and Duan Huaian shot fiercely at the source of the shock, and saw that the huge palms of the nine blood wolves had already been photographed!

Even touch the ground!

But Xiao Huang is nowhere to be seen!

Obviously, under the giant palm!

Did Xiao Huang just die like this? The ancient bloodline fell like this?

Ye Chen felt a little lost, even uncomfortable!

The smile on Taoist Nanming's mouth was very strong, and he quickly said to the nine blood wolves: "Hurry up and kill those two guys!"

But something strange happened, and the nine blood wolves didn't do anything! Instead, his body was trembling, and his face was extremely hideous.

It seems uncomfortable!

Gradually, the giant palm that had touched the ground slowly lifted up!

A stubborn yellow figure appeared in everyone's sight!

Isn't it the cat that Ye Chen brought!

The key is so powerful, the other party is still alive?

He even forcibly raised the hand of the nine blood wolves!

Is this a **** cat?

The ancient beasts are not so exaggerated!

Taoist Nan Ming's smile was completely stiff, he had a bad feeling!

He hurriedly pinched his fingertips, just about to activate all the power of the formation, suddenly, a strong backlash came.

"puff!"

He couldn't help it anymore and vomited a mouthful of blood!

At the same time, under his horrified gaze, Xiao Huang's small body was actually full of thunder!

This is the lightning that Xiao Huang absorbed at the beginning!

The divine thunder continued to spread, even binding nine blood wolves like a big net!

"Boom!"

Xiao Huang suddenly accelerated! As if turned into a sharp arrow, it passed directly through the giant palms of nine blood wolves!

A giant palm turned into a blood mist on the spot!

Nine-headed blood wolves heard a ferocious and painful voice, and the other hand showed sharp claws like a sharp knife, and went towards Xiao Huang!

Xiao Huang's limbs suddenly exploded, and his body was off the ground, even surpassing the nine blood wolves!

It looked condescendingly at the nine blood wolves, its big amber eyes flashed with disdain.

"Roar!"

Suddenly, Xiao Huang opened his mouth, and a loud noise rang out!

Ye Chen knew that this was not Xiao Huang's voice at all!

At the same time, a huge phantom vaguely gushed out of Xiao Huang's body, and the phantom disappeared very quickly.

Ye Chen has seen this phantom! In the reincarnation cemetery!

The real ancient behemoth!

"This is Xiao Huang's ultimate form?"

Xiao Huang's roar obviously suppressed the nine blood wolves, and its violent and hideous eyes instantly turned into panic!

In the next second, he bent his limbs and knelt in front of Xiao Huang!

Like surrender!

This is the surrender of blood!

This scene stunned everyone present.

Who could have imagined that a fierce beast in a formation would surrender to a cat all the time, and no one would believe it!

The expressions of Zheng Lao and Qiu Laocheng were ugly.

They don't believe it!

They know the horror of these nine blood wolves better than anyone!

This is the strength of Mr. Jingshui, how could it be destroyed easily!

The key is to be a **** cat!

Damn it!

Before Zheng Lao and others could fully react, Xiao Huang moved!

In an instant came to the head of the surrendered nine blood wolves!

The little mouth opened and it bit directly on the body of the nine blood wolves!

It seems that humans and animals are harmless, but in the next second, the bodies of the nine blood wolves dissipated!

The meaning of that powerful formation was suddenly broken.

"Patter!"

The formation plate floating in the air also fell.

Torn apart.

Everything returned to calm.

The whole world is silent at this moment.

Countless pairs of eyes stared at the furry thing that was only tens of centimeters long.

They really couldn't figure out that such a harmless beast could easily destroy everything?

Is this really a **** cat?

Chapter 863: The realm of death!

Is the cat crushing such a beast? What an international joke!

Duan Huaian on the stage was also a little startled.

In the Land of Slaughter, he vaguely knew that Ye Chen had the ability to train beasts, otherwise the mad black tiger would not become Ye Chen's mount.

But even if Ye Chen could train beasts, it was impossible to control such a powerful existence!

He is also very knowledgeable, but he has never seen Kunlun Xu still have such an incredible species.

Is this the relic of the ancient monster beast?

After finishing all this, Xiao Huang stretched his waist and walked towards Zheng Lao and others step by step.

Everyone took a step back subconsciously, this little guy who didn't know the origin could break even Mr. Jingshui's formation, let alone them!

They know very well that they are not qualified to face this little guy with their strength!

Xiao Huang glanced at everyone, his eyes were cold, even with a slight killing intent.

But it didn't do anything. It was very clear that it was far more difficult to deal with these cultivators than to deal with nine blood wolves.

It turned around, and a jump came into Ye Chen's arms and continued to sleep.

There was even a faint purr soon.

It seems that everything you just did is nothing.

Ye Chen looked at Xiao Huang in his arms and was more pleased.

This time I really picked up the treasure!

This little guy is often more critical than the blood dragon! The key is the original state!

After the next evolution, it is estimated that you will be able to kill the strong like the Void King at will!

Suddenly, Ye Chen discovered that Xiao Huang's body seemed to have a faint light attached to it, which should have been left by the power of the formation.

Under the cover of light, he could vaguely feel the violent energy contained in Xiao Huang's body.

This is a bit like the existence of a blood dragon absorbing blood qi in the body, and it should also allow Xiao Huang to explode a very strong killer move.

Afterwards, Duan Huaian's voice came from behind Ye Chen: "Disciple, is this genius more involved than you?"

After all, the two had caused such a big incident. Although Mr. Jingshui's power had been cracked, it was impossible to participate in the game normally afterwards.

Ye Chen raised his head, his icy eyes shot at the referees, and walked towards them step by step.

Zheng Lao, Qiu Laocheng, and even the badly injured Taoist Nanming all shrank their eyes. They even glanced at Xiao Huang in their arms, and they became more frightened!

That little guy can contend with the strength of Mr. Jing Shui, plus Duan Huaian, they want to help Ye Chen very difficult!

The only way is to let Mr. Jingshui handle it himself!

But Mr. Jingshui never appeared, so naturally he could not walk away, otherwise he would have come here long ago.

Ye Chen looked at several people condescendingly, and his cold eyes made them feel like falling into an ice cave: "I just say one thing, are you sure you still want to stop me? If you still believe that my violation of the rules, then I am sorry, I really can only do something. It happened that Xiao Huang had nothing to eat. You should be enough for it."

A simple sentence instantly made the temperature of Qianjue Square drop by more than ten degrees!

This is obviously a threat!

In the whole world, there are players who dare to threaten the referee like this!

Crucially, this group of referees has become a disadvantaged group! Nothing can be done! What the **** is this!

Dao Zheng and Nan Ming dare to refuse?

Of course not!

Even if they are not afraid of Duan Huaian, they are also afraid of the unknown beast in Ye Chen's arms!

After a brief silence, Mr. Zheng took the lead to speak: "This matter has objections. Now I look at the overall situation and find that there are many misunderstandings in the whole matter. After all, life and death in the arena is normal, and the most important thing is that the people of Qingluanzong make things difficult. Ye Chen alone is too much, I guess I will do the same if I change it to him!"

"A lot of time has been wasted, I suggest that this matter be turned over, Ye Chen successfully promoted."

"I have no opinion."

"I have no opinion."

Everyone expressed their opinions!

Even if there are 10,000 upsets in my heart, I dare not show it on my face.

Ye Chen is quite satisfied with the result, and he has no plans to move these referees anymore. After all, he is very weak now and needs to go to the stage with his master to adjust his state.

"In that case, the game continues."

Ye Chen said lightly, his status and referee right now are undoubtedly!

This is the impact of strength.

Ye Chen and Duan Huaian walked towards the audience. He glanced around, but didn't find Ji Siqing.

I don't know where Ji Siqing was taken by that woman.

Fortunately, the woman didn't have any hostility towards Ji Siqing, so there was no need to worry.

It is estimated that when the last ten people are born, Ji Siqing should appear.

wait.

"Ye Chen, you come to me."

Just when Ye Chen was about to walk towards the God of Medicine area, Ji Lin was beckoning to Ye Chen from the front position.

Ye Chen's eyes shrank, and he walked over.

Ye Chen thought that Ji Lin was going to exaggerate to himself, but he did not expect that Ji Lin trot to Ye Chen excitedly, and reached out his hand to touch Xiao Huang: "Ye Chen, what is this little guy's name? So cute! Crucial and domineering, I really like it! If you don't let me play for a few days, I won't be able to raise it!"

Ye Chen: "..."

Seeing that Ji Lin's hand was about to touch Xiao Huang, Xiao Huang opened his eyes, and the big amber eyes stared at Ji Lin's hand.

Even let out a low roar!

Ji Lin's hand was hanging in the air, and he put it back.

"Don't say it, this little guy has a stubborn temper, fight with what you have, forget it, wait until you get acquainted."

"By the way, Ye Chen, please sit here for the time being. The location is good and you can look at the overall situation. Besides, my sister will not be back in a short time. It is estimated that the last ten people will be promoted. She was there from the beginning."

Ye Chen and Duan Huaian nodded and sat beside Ji Lin.

He wanted to ask about Ji Siqing's sect, but he didn't expect that the battle for the rest of the ring would start quietly!

The key is that he saw an acquaintance!

Wei Ying!

His face changed quickly stood up!

Wei Ying's disappearance is related to the **** cold body!

And Wei Ying's body was cold, and it was obvious that the **** cold body almost controlled the entire body!

This is worse than the state in China at that time!

Ji Lin noticed Ye Chen's strangeness, and curiously asked, "Ye Chen, do you know that girl?"

"This girl is not ordinary. Once stepped onto the ring, those so-called sect geniuses could not survive three moves! Even some contestants who were drawn to this girl just gave up."

"Just like you, she is cruel and cruel. Either the opponent turns into an ice sculpture, or she is in a realm of death! The strength is mysterious and unpredictable!"

"I estimate that among the ten people, besides you and sister, this person can definitely occupy one place!"

Listening to the words in his ear, Ye Chen frowned more and more.

Chapter 864: I have this ability!

Although I don't know what Wei Ying is doing here, there is definitely a problem!

Wei Ying stood on the ring with her hands behind her, and the player in front of her had completely fallen.

Simple and simple.

Suddenly, Wei Ying noticed something, her eyes shot in the direction of Ye Chen, and her red lips showed a cold smile.

It seemed to be a provocation, and it seemed to be seeing prey.

There is great confidence in the eyes!

The eyes were facing each other for ten seconds.

Ji Lin naturally noticed something and glanced at the two of them: "Ye Chen, do you really know each other?"

Ye Chen nodded: "She's Wei Ying, from China. To be precise, I brought it in."

Hearing these words, Ji Lin took a breath!

That Huaxia, lacking in aura, actually gave birth to two geniuses!

Ye Chen alone was scary enough, and another icy girl Wei Ying appeared!

No, there is another Ye Jitian!

As long as these three do not die, ten years later, they will surely become one of Kunlun Xu's top geniuses!

At that time, I will be more qualified to formulate Kunlun virtual rules!

...

At the same time, Kunlun was in a hidden green lake.

Bihu is very large, covering an area of one thousand meters.

There is a pavilion in the center.

The pavilion is quaint and full of artistic conception, but it looks a bit small compared with Bihu.

On the plaque above the pavilion, there are two vigorous and powerful characters-Jingshui.

Sitting cross-legged in the middle of the pavilion is an old man with gray hair and closed eyes. There was a gossip array under him constantly surrounding him.

If those referees are here, they will be extremely excited, because this old man is the famous Mr. Jingshui in Kunlun Xu!

At this moment, Mr. Jing Shui suddenly noticed something, his eyes opened and his face became pale.

With a quick grab, a burst of discs appeared in his palm.

But the formation quickly dissipated, turned into a smear of dust, and went with the wind.

His expression was a little surprised: "Something happened in Thousand Jue Square? One of my strengths was also wiped out, how could it be possible! Could it be that someone who has come to attack those geniuses?"

No longer hesitating, Mr. Jingshui forced a drop of essence and blood, his fingers pinched the tactics, and the array of light under his body continued to expand, extremely dazzling!

"Jingshui backtrack!"

As soon as Mr. Jingshui pointed out, the void gradually condensed into a picture, which is exactly what happened in Qianjue Square.

His eyes squinted slightly, even if he saw Ye Chen crushing everyone with the Holy Realm, it was not too turbulent.

In his opinion, Ye Chen is nothing more than a strong man who hides his cultivation base.

Not too stunning.

Even Duan Huaian's appearance did not change his expression much.

But when Xiao Huang appeared, it even suppressed the nine blood wolves. Mr. Jingshui suddenly stood up, his eyes shrinking to the extreme! The body trembled even more!

Because he felt the aura of the ancient monster beast from that little orange cat!

This is the real blood of ancient times!

By no means ordinary!

Otherwise, it is impossible for the nine blood wolves to surrender!

Only the King of Ten Thousand Demons has this qualification!

With such blood, but in this form, there is only one possibility!

This is the cub of the ancient monster beast!

If he gets it and is trained, he will definitely become a top monster.

At that time, there will be a chance to control the entire monster!

Mr. Jingshui's breathing became fast!

No longer think about it, the body is like the wind, and the toes are on the surface of the lake, very fast!

The greed in his heart was inspired for the first time in so many years!

No matter what the price is, the cub of the ancient monster beast must be used by him!

As for Ye Chen, who is a **** of medicine, what if he has talent!

He is not qualified to control such a heavenly thing, even if he is qualified, he can't hold it!

The picture turns, Qianjue Square.

The elimination of hundreds of people was quickly over, and lots were drawn continuously.

The final is obviously a duel between Zongmen and Zongmen.

Every genius represents the sect behind it!

The medical gods represented by Ye Chen have been drawn many times, but without exception, those who have drawn Ye Chen have pale faces!

Everyone chooses to abstain!

How to fight if there is nothing even the sect elder and the referee can bear?

It is undoubtedly to die!

The key is that Ye Chen now in everyone's mind is not the same waste five years ago! It is a mountain, a mountain that cannot be climbed at all!

Ye Chen just sat firmly on the Diaoyutai, no one to fight, but let him continue to recover.

Finally, there were only eighteen people left!

Excluding Ji Siqing's direct promotion quota, these 18 people have to choose the last nine to advance!

Ye Chen naturally ignored it. In his opinion, he is bound to advance, and it is estimated that someone will give up again.

When the remaining dozens of people draw lots, they are all praying not to meet Ye Chen and Wei Ying!

Whoever encounters it has no choice but to abstain!

Ye Chen and Wei Ying were sitting in two places, without the slightest disturbance!

Until a burst of sound waves suddenly fell!

"Wei Ying of Absolute Frost Sect, Ye Chen, the **** of medicine, please step into the 9th ring!"

The icy voice resounded, Ye Chen and Wei Ying opened their eyes together!

The originally silent crowd was a tumult!

accident! Horrified!

No one thought that the two evil gods in Qianjue Square would meet each other!

One is the enchanting talent who crushes the elders and referees, and the other is the genius girl who kills people and is cold as frost!

Such a battle is definitely the most exciting existence!

The key is that any of these two people is bound to be in the top ten!

As a result, only one person can enter!

It really detonated the audience!

Wei Ying snorted coldly, tapped her toes, and instantly jumped to the ten-meter ring.

Wearing a white dress, Wei Ying showed her perfect figure incisively and vividly. She simply pulled up a bun on her head. Her eyes were cold like a clear spring on a snow-capped mountain. She scanned the audience and couldn't bear to stare.

The ethereal and arrogant temperament cooled the entire Qianjue Square by more than ten degrees, and snow fell on the ring!

Self-contained mood! Unmatched!

Amazing surprise four people.

"Ye Chen, come up!"

The cold voice fell slowly!

Ye Chen stood up and walked toward the ring. Xiao Huang was sleeping sweetly in his arms, shivering because of the low temperature.

Step out of to the top of the ring.

The two figures were fighting against each other. Although they didn't start, the extremely cold killing intent instantly enveloped Ye Chen.

Ye Chen shook his head, and the flame between his brows broke out instantly!

The unquenchable fire covers the whole body!

There is no low temperature in his area, and no snowflakes!

The power of extreme cold and extreme inflammation collided in the air!

Comparable!

Ye Chen looked at Wei Ying, and still said: "Sick and cold body, I don't know what kind of deal you made with Wei Ying, I just hope it ends here."

"If I can't see the real Wei Ying, I will find a way to seal you permanently."

"I only say it once, I have this ability."

Chapter 865: The Battle Against the Sky (1)

Ye Chen wanted to seal against Wei Ying, who was under the control of the **** cold body.

If it was a few weeks ago, maybe Ye Chen didn't have this ability.

But now relying on the refined divine thunder and some spells that Lin Qingxuan taught him, he can still barely seal the **** cold body.

It's just that the risk is too great.

Whether it is to Wei Ying or to him.

This method needs to condense the All-Spirit Conferred God Formation on the Dantian, which is extremely sensitive.

Once the formation fails, both he and Wei Ying's dantian will shatter.

Wei Ying heard Ye Chen's unassuming words and snorted: "Ye Chen, do you think that killing an elder of Qingluanzong is very powerful?"

"Or the little thing in your arms can help you?"

"I admit that your growth is beyond my expectation. I knew that. When you stepped into Kunlun Xu from Huaxia, I should find a way to kill you."

"But it's the same now, although the girl in my body doesn't allow me to kill you, but if you abolish you, I might still be able to do it."

"Today I must win, I must enter the Xilongchi!"

Ye Chen frowned when he heard these words, washing the dragon pond?

Is this where the last ten people really go?

These Kunlun imaginary geniuses participated in this flourishing age not for fame but to wash the dragon pond?

Wei Ying saw Ye Chen's doubts and sneered: "It seems that you don't even know how to wash the Dragon Pond. If you don't know it, then get out! I will disuse you!"

After the words fell, Wei Ying grabbed the air in front of her with five fingers, and the temperature suddenly dropped, and the water vapor in the air actually condensed with an ice sword.

The ice sword clenched tightly and shook slightly, an extremely cold sword intent rushed towards Ye Chen in an instant.

Ye Chen could feel that Wei Ying was much stronger than he had seen before, and he no longer hesitated. The immortal fire surged in his palm.

The flame was dazzling and even gradually transformed into shape.

Extremely powerful.

He didn't plan to use his sword either.

After all, this is Wei Ying's body. If it is injured, it will have no effect on the **** cold body!

Instead, it was Wei Ying!

Of course, if the **** cold body is really difficult to deal with, you can only use the sword.

Ye Chen opened his five fingers, stepped out in one step, a palm blasted out, and a flame empty palm instantly swallowed away, like a behemoth full of flames!

The behemoth is ferocious and has a big mouth of blood.

As if to swallow all the chill around.

That extremely cold sword intent was swallowed instantly.

But Wei Ying didn't feel any loss. It seemed that everything was expected. Her **** red lips outlined a successful smile: "Ye Chen, do you think my methods are so unbearable! The cold sword wind is rising!"

The words fell, the whole ring was strong wind!

Countless cold winds swept in, and even gradually turned into tornadoes after another.

There is a cold sword intent in the tornado, once touched, it will inevitably turn into a pile of minced meat.

Ye Chen's unquenchable fire surged, and the power of the divine thunder was also condensed in the palm of his hand, shooting out with one palm!

With this palm, he saw that he touched one of the tornadoes, but found that Ye Chen's power disappeared on the spot.

As if swallowed.

At the same time, Ye Chen found that the sleeves of his Armani casual clothes shattered.

Even sword marks appeared on the palm of his hand!

It shows how terrifying the strength!

Wei Ying put her arms around her chest, the plump semicircle revealed a bit, very sexy.

Facing Ye Chen.

"How is it, do you feel fear?"

Xiao Huang on Ye Chen's shoulders also sensed the danger, and woke up from sleep, a deep roar kept coming.

Wei Ying's expression changed, a little worried, but she still said: "Ye Chen, you plan to hide behind this little thing forever? I really look down on you!"

Ye Chen naturally wouldn't let Xiao Huang take a shot, and quickly ordered: "Xiao Huang quit!"

Xiao Huang glanced at Ye Chen, a little unwilling, but still retreated to the corner obediently, and with a jump, he came to a round stone pillar in the corner and continued to sleep.

He even closed his eyes and glanced sadly at Ye Chen.

The tornado cold wind was raging more and more intense, and he was about to completely surround Ye Chen and cut all the way to survive.

Ye Chen pinched the tactic with his fingers, and the unquenchable fire instantly became alive and turned into a fire dragon.

In an instant, Ye Chen's whole body energy urged, and his aura rose to the sky.

"Boom!"

At the same time, the meaning of the blood dragon in the body also radiated, and a suffocating air from **** surged out, forming a barrier around Ye Chen.

Ye Chen's aura exploded and stepped out in one step, directly hitting a tornado cold wind.

Above the ring, the situation suddenly changed and the ground vibrated.

"boom!"

Something unexpected happened to everyone, and the tornado cold wind was directly shattered!

Afterwards, Ye Chen Canglong's phantom body speeded up, his eyes filled with determination, and he rushed towards Wei Ying.

Wei Ying obviously didn't expect Ye Chen to crack her own trick.

The key is this guy still uses his fists!

When can the fist be so hard?

No matter how she thought, Ye Chen had already appeared in front of her, with five fingers stretched out, and clasped toward her neck!

"court death!"

Wei Ying snorted coldly, took a step back and waved her arm slightly, and suddenly an ice wall appeared between the two of them.

But Ye Chen didn't hesitate, with five fingers as claws, with bursts of blood, he directly penetrated the ice wall.

At the same time, five fingers firmly clasped Wei Ying's neck.

"boom!"

The ice wall shattered.

Wei Ying's face changed drastically, her slender fingers forced a drop of blood, which was suspended in the palm of her hand.

Suddenly, he shot out!

"bump!"

It hit Ye Chen's chest instantly!

Ye Chen had no idea that the power of the essence and blood was so terrifying, and his body flew out on the spot.

Before landing, nearly a hundred sharp ice cones appeared around him!

The ice cone swept the extreme cold force and swallowed it directly towards Ye Chen!

"Ye Chen, you forgot one thing, I am a **** body, my blood is not the blood of ordinary people, my blood can kill people!"

"And now, you are the one who killed."

"I will show you how terrifying I am when I enter Kunlun Void!"

Ye Chen felt the crisis and glanced at the crowd around.

Once again gather to cover the big array.

In order to prevent Ye Jitian's identity from being exposed, this is the best method.

Duan Huaian said that now is not the best time for him to reveal his identity!

Soon all the scenes of this ring disappeared, at least in the eyes of the people in the audience.

The crowd was extremely disappointed, even wailing.

After all, Ye Chen and Wei Ying are the people who are most qualified to win this Kunlun virtual genius battle, and now, if you can't see the state inside, how uncomfortable it is!

When everything was covered, Ye Chen stretched out his arm: "Zhanlong asks the sky sword, come!"

He must move his sword!

Otherwise it is him who will die!

A ray of cold light broke through the void in an instant and blocked him directly.

Numerous ice cones smashed on the Dragon Slashing Questioning Heaven Sword, turning into icy fog.

Seeing the ice cone disappeared, a pair of jade hands penetrated, directly holding the Dragon Slashing Question Heaven Sword.

It is Wei Ying.
