### Chapter 971: Red pupils!

After doing all this, Xiao Huang jumped down and came to Ye Chen's right: "This guy has long been controlled by blood. He is just a puppet and wants to get something valuable from him. It's impossible. I will go to Dao Sect in person with you another day."

Ye Chen nodded. Just as he was about to say something, Xiao Huang stretched his waist and said: "Hurry up and break through. This Dragon Washing Pond is showing signs of collapse. Strive to break through to the seventh level of the Saint Realm before that."

Ye Chen nodded and didn't hesitate anymore. The turbulent collision of the dantian was unacceptably extreme. He sat cross-legged and continued to break through!

Xiao Huang walked silently on Ye Chen's right side, and his two pupils released the cold light.

Raid: Shadow Legends! Play Now!

The blood dragon was suspended on the left side of Ye Chen, his body condensed to the extreme.

One dragon and one beast, extremely domineering, just like Ye Chen's two great protectors.

Xiao Huang glanced at the blood dragon and said, "Is it time to start?"

Only the blood dragon can understand this sentence.

This is the consensus reached when they completely consume energy.

The blood dragon took a deep look at Xiao Huang and nodded.

A few seconds later, a dragon and a beast raised their heads.

There are two rays of light all over the body!

The light became more dazzling, and it formed a trend of Tai Chi gossip!

Surrounded Ye Chen!

The mysterious stone shook even more!

The hundred tombstones in the reincarnation cemetery have slightly changed!

Suddenly, the sound of a dragon chant made the Xilongchi roll over!

Immediately afterwards, a roar of a fierce beast also penetrated the Xilongchi and headed towards the distant place.

The two rays of light that crisscrossed Ye Chen rose to the sky!

The mountain that carried Xilongchi was violently shaking!

Vision!

Heaven and earth vision!

Ji Siqing and Wei Ying opened their eyes, they knew very well that if they didn't leave, they would definitely die!

What happened below the key!

It has never been quiet since the beginning!

The two of them realized that the two intertwined beams of light staring at the sky went straight to the sky.

There was a trace of fear in his heart.

That is the fear from deep in the blood.

Mr. Jing Shui stared at the tumbling Xilong Pond, he was not sure what happened to Ye Chen there!

Such a vision and coercion, this kid absolutely cannot bear it!

Feeling that the surroundings have begun to collapse!

Xilong Pond is gradually drying up.

He quickly said to the remaining people: "Leave quickly! Go to Qianjue Square! If you are one step late, you will be born here!"

Everyone knew the seriousness of the matter, and they rushed toward the cave.

Only Ji Siqing and Wei Ying did not leave.

There was hesitation in their eyes.

"Why hasn't Ye Chen appeared until now? What the \*\*\*\* is this guy doing!"

As soon as the words fell, the whole mountain began to collapse! The boulder smashed down!

"Go! Based on my understanding of him, he might have left long ago! If you don't go, you and I will be buried here!"

The two shadows didn't think much anymore, and quickly went outside.

As soon as he left, countless boulders blocked the cave.

...

But Kunlun Xu at this moment was a series of visions.

The originally bright day turned into dark night.

The group of beasts shake!

Whether it was the spirit beasts in captivity, the mounts under him, or even the fierce beasts in the mountains and forests, they all rushed and roared.

All the monsters and animals knelt down one after another, screaming up to the sky!

The voice wailed, as if to welcome what kind of arrival!

This kind of picture has only appeared a few times in the history of Kunlun Xu!

But ten years after these few times, Kunlun Xu was no longer peaceful!

Because the person who truly guards the sky is born!

...

Kunlun Xuye Home.

In a courtyard deep in the courtyard.

An old man who was practicing suddenly opened his eyes, and there was a deep horror in his eyes!

A monster stone sculpture in front of him shattered on the spot!

"This vision... the image of the group of beasts!"

The old man's eyes widened, and the vision was exactly the same as the vision the master had originally expected!

The master even confessed to him that the appearance of this vision meant that the person in fate had officially come out.

This person may endanger all his master's layout in Kunlun!

Even the game of the hundred sealed people will be completely cracked!

"Who is it!"

At this moment, an old goatee appeared.

This person is now the Patriarch of the Kunlun Xuye Family!

The Patriarch of the Ye Family stopped, arched his hands, and said to the elder: "Elder, I don't know what happened. All the mounts and spirit beasts of the Ye Family are crying up to the sky! The stone tablets of my Ye Family are even more broken! Please also the elders. Point!"

The old man nodded: "Such a vision, my master once expected, this vision shows one thing, Kunlun Xu gave birth to an existence that shouldn't be born!"

"This person is not only the imaginary enemy of Kunlun, but also the most dangerous existence of your Ye Family! It is very possible to ruin everything about you!"

Patriarch Ye Family was completely frightened when he heard these words, and hurriedly said, "Who the hell? Elder, you must tell me! You are proficient in the algorithm of the heavens, and you must have a way to see the secrets of heaven!"

The old man is not nonsense: "I also want to know the true face of that person, today I will use 20 years of life to exchange for a result!"

After the words fell, the old man offered a formation in his hands!

The formation is weird, exuding purple light, it is not Kunlun Xu at all!

The old man forced out a drop of blood, whispered in his mouth, and the array kept spinning, faster and faster.

"With a life span of twenty years, I request the power of the gods to break through Kunlun's secret secrets and find the threatening person! Soul spirit formation gate, open!"

Point out!

Endless light covers the entire courtyard.

Seeing this scene, the Ye Family Patriarch was also a little scared.

The old man in front of him does not know where he came from, and his methods were too terrifying!

Fortunately, this person is the elder of his Ye family, not the enemy.

Suddenly, the light gathered! A picture of an ancient city under the sea gradually formed.

The old man's eyes were feverish, and he sneered again and again.

Three blurred figures appeared in the screen!

A young man, a dragon, and a strange figure.

He faintly felt that the strange figure's eyes were a little different.

This figure is naturally Xiao Huang!

Xiao Huang of Xilongchi naturally noticed something! Eyes shot out!

"Dare to watch me! Go back!"

With a roar, his unused red pupils bloomed with strange runes!

This rune seems to come from hell.

No one can snoop on!

Then, the Kunlun Xuye Family thousands of miles away!

The image of the old man condensed on the spot shattered!

"How is this possible! Someone actually cracked my spell! What kind of strength is needed!"

"puff!"

A blood spurts out!

An invisible force oscillated in the air His body even flew out!

The Ye Family Patriarch was completely stunned.

He knows the strength of this old man better than anyone else, but at this moment someone hurt him in the air?

He tried to remember the scene just now, only a flash of red light.

That red light even made a master of his level feel terrified.

"What exactly is this?"

Chapter 972: Overweight

A few seconds later, the Ye Family Patriarch finally woke up and quickly stepped forward to help the old man up: "Elder, how do you feel?"

With a cold snort, the old man directly shook the arm of the Ye Family Patriarch.

On the surface, he is a Keqing elder of the Ye family, but in fact he is noble!

Even Ye Fudong, the head of the Ye family, has to obey him!

The old man reluctantly stood up, stretched out his hand, and wiped off the blood stains from the corners of his mouth.

His face was extremely cold, and he never thought that his spells would be broken!

What is that strange figure in the picture?

He tried to recall the scene in his memory, but only remembered three figures.

"Fudong, can you see everything in the picture just now? Is the youth clear?"

The Ye Family Patriarch Ye Fudong shook his head: "The picture is too vague, I can't tell."

"Then do you remember the environment inside?"

Ye Fudong thought for a few seconds, and said: "Elder, it seems to be an ancient city, the ancient city is under the water, broken walls, and I can feel that it is full of thunder and lightning. As for other things, I don't know."

The old man squinted his eyes and murmured, "Underwater ancient city? There are too many ruins of Kunlun virtual underwater ancient city. This information is almost useless. The only clue right now is those blue and red eyes."

"That shape doesn't look like a human being, it's too small, it should be some kind of animal, but how can there be such an animal in Kunlun Xu?"

No longer thinking about it, he took out a piece of white paper from the storage ring and drew a picture from his memory.

It was an unknown shadow.

With a pair of different pupils!

Enough to deter.

The old man handed the portrait to Ye Fudong, and said: "From the situation just now, this little thing is more terrifying than that young man. The key is that its red pupils are a little weird. It can break my spells ruthlessly. It's not normal. Your Ye family still has some tricks in Kunlun. Help me investigate."

Ye Fudong was a little embarrassed: "Elder, my Ye family has always been hidden, but I asked Kunlun about things outside the world. This time, in order to find this strange pupil, will it be affected?"

The old man snorted coldly: "At this time, what impact do you still care about? The Ye family is about to die. Are you still talking about the impact?"

Hearing these words, Ye Fudong's expression was startled, and then he smiled bitterly: "Elder, I understand, I will order to go down."

He walked a few steps, suddenly thought of something, stopped, turned around and said to the old man: "Elder, there is one more thing, didn't you let me investigate some of the Ye family tree some time ago? On the family tree, contact There are many people who have passed the stone monument, but unfortunately many of these people did not die well.

Almost all the remaining alive are in Kunlun Xu. Except for one. "

The old man raised his eyebrows: "Who?"

Ye Fudong explained: "Back then, an overpowered ant fought with me for the position of the house owner. I was kicked out of the Ye family. I used some means to make them die in pain. It's just that the couple seemed to still be in China. A child named Ye Tianzheng, Ye Tianzheng secretly married a daughter of a Chinese martial arts family, and gave birth to another child.

I don't know if that guy deliberately sang the opposite of Kunlun Xuye's family and named his grandson Ye Chen.

This name was originally engraved on the Heavenly Falling Stone Tablet, and it was a taboo of our Ye Family. Our ancestors did not allow future generations to take this name, but after that person left Ye Family, it happened to be so... Do you think these guys would be related to that thing? "

"I have suspected many times, but Huaxia's aura is thin. Even if the old guy has that thing, it's useless. Moreover, more than ten years ago, the old guy died and couldn't die anymore. It's impossible to struggle.

Later, an elder of the Ye family put the ashes and tablets of the old guy and his wife in the ancestral hall.  
"

"If you need to deal with it, I will send someone to Huaxia to find Ye Tianzheng."

Ye Fudong naturally didn't know that Ye Tianzheng's family had come to Kunlun Xu a long time ago. Although he knew that China had a trace of Ye family's blood, in his opinion, this blood was at best in China and he wanted to touch something about Kunlun Xu. Totally impossible.

Hearing Ye Chen's name, the old man narrowed his eyes: "I can't let go of any possibility. Since Ye Chen's name was engraved on the stone monument that day, it is very likely that it was deduced by a secret.

Although China Huaxia poses no threat to our Kunlun Xuye Family, it is better to send someone to check it out just to be safe. It is best to bring all three of this family and you interrogate yourself! If it has nothing to do with that, kill it! "

Ye Fudong's eyes flickered with sullenness. Although the old guy was ruthlessly driven out by him, he was always a little unhappy over the years. If he could erase all the descendants of the old guy, then it is estimated that the old guy would be in the spring. Shaking angrily.

The two had fought for a lifetime, but he didn't expect to be stepped under his feet in the end!

...

At the same time, the rocks collapsed.

The water in the Xilong Pond gradually disappeared, gradually moving towards the bottom of the pond.

The light on Xiao Huang and the blood dragon also gradually disappeared, all of them penetrated Ye Chen's dantian and the center of his eyebrows.

Ye Chen has now broken through to the eighth level of the Saint Realm!

The ninth floor is only one step away.

Ye Chen roared, and the light of the stars all over his body was covered, and the spring water in the Dragon Washing Pond completely disappeared!

I don't know where it went.

But Ye Chen suddenly opened his eyes at this moment!

"Enter the ninth floor of the Holy Realm! Come!"

Ye Chen mobilized the abilities of the whole body, gathered all the energy in one place, and directly broke through the shackles of the eighth layer!

Rumble!

The entire mountain collapsed more severely, and countless boulders rolled down.

The Blood Dragon Longyin sounded, and the huge body coiled around, shielding Ye Chen from wind and rain.

"Kakka!"

The boulder hit the blood dragon and turned into powder.

Billowing dust.

And Ye Chen's body heard a crackling sound.

The flesh seems to have undergone a certain transformation There is a hint of rhyme on the body.

"Finally, I broke through to the ninth level of the Saint Realm, but unfortunately this place is about to be destroyed, otherwise it will definitely break through the Saint King Realm in one fell swoop."

"Xilongchi is really a good place. If it is normal, it will take at least a year to break through so many realms, but now it takes more than a day to completely solve it, and this trip is finally not in vain."

Ye Chen stood up and slammed a fist gently, and the air wave rolled, and a huge boulder in the distance was broken into pieces.

The way to practice, the further you go to the back, a punch can break the mountains and rivers.

Although he is entering the ninth level of the Saint Realm, one step away from the Saint King Realm, some strong people in the Saint King Realm and the Void Return Realm want to move him, it is impossible!

Even he can easily kill the powerhouses of these realms.

As for the Void King Realm, some early powerhouses, he might be able to withstand a few points with the help of his hole cards, and even be seriously injured.

Chapter 973: God of medicine, price!

But if you encounter the existence of those peaks of the Void King Realm, it will not be so easy.

After all, the farther behind, the bigger the gap.

But the biggest gain today is not myself, but Xiao Huang.

Although Xiao Huang's body has not changed much after evolution, the power of different pupils and the power of communication are too powerful!

The blue pupil contains the supreme \*\*\*\* thunder, which is easy to control.

As for the red pupil, he didn't know.

Ye Chen turned his head and just wanted to ask Xiao Huang, but he noticed a snoring sound in his ear, and the next second he noticed that Xiao Huang was lying on the Dragon Swordsman Heavenly Sword, sleeping soundly.

Ye Chen shook his head helplessly. It would be better if this sleepiness problem was corrected.

Check out this new online game!

Ye Chen picked up Xiao Huang and took the Dragon Slashing Sword back to the reincarnation cemetery. Then he glanced at the blood dragon and found that the blood dragon's current aura and body are like real dragons!

Although he lost the energy of Xilongchi and gradually recovered the phantom, compared with before, the level of substance was higher.

The blood evil spirit on his body was extremely strong, as if he had come out of the Nine Nether Sea of Blood!

A look makes people feel a sense of fear.

"Blood Dragon, come back."

The dragon chants above his head resounded, and the virtual shadow of the blood dragon penetrated directly into Ye Chen's body.

Everything returned to calm.

...

At the same time, above Qianjue Square.

Mr. Jingshui and the other geniuses all landed on a broken ring.

"It's out, it's out!"

"Why is it so fast this time? Didn't it mean that there are three days? This is only one day."

"Follow him, don't you find that everyone has a strong sense of breakthrough."

"Really, look at Ji Siqing. The light of breakthrough on her body is golden. At least she has broken through several small realms. Who can tell me what Ji Siqing is now?"

The crowd chattered and excited to the extreme.

After all, those who came out of Xilongchi are the real geniuses!

Suddenly, someone with sharp eyes found something: "That's not right, why are so many people coming in and only a few people coming out?"

"It seems that Ye Chen of the God of Medicine is also not there, has it fallen inside?"

"There is also the Taoist genius who hasn't come out, what happened inside?"

The sound became louder and louder, almost overshadowing everything.

Duan Huaian and the people of the God of Medicine also noticed that Ye Chen had not come out, and the mountain behind him was constantly collapsing.

Because of worry, Duan Huaian came to Ji Siqing and said, "Miss Ji, I wonder if Ye Chen has come out?"

He knew very well that it was naturally impossible to hide the relationship between Ji Siqing and Ye Chen.

Ji Siqing glanced at Duan Huai'an and said seriously: "Senior Duan, I don't want to conceal it. Since I entered, I have never seen Ye Chen again, and even when Xilongchi was abnormal, I haven't seen him come out.

"But according to my guess, Ye Chen should have left early when I broke through."

Xiaobi rushed up and said excitedly: "Miss Ji, but we have been paying attention to the outside, and we have not seen him at all. Even if we leave, he can't even say hello. Will Ye Chen still be inside... "

Ji Siqing hesitated. She glanced at the continuously sinking mountain, and the dust was rising, with a hint of worry in her eyes.

If Ye Chen was really inside, he would definitely die!

With the current level of chaos inside, no one can get in.

"This guy's life is so hard, it shouldn't happen."

Duan Huaian looked at Ji Siqing's expression, had an answer in his heart, turned around, and said to Xiaobi, Lao Xue and others: "No matter whether Ye Chen is alive or not, we must wait for him to come out, even for ten days, one month!"

"Yes, Master!"

now.

Mr. Jingshui on the ring was very displeased with the noise below. He stepped out in one step, his true energy vibrated, opened his mouth, and the sound wave dispersed!

"Noisy!"

As soon as this was said, the whole world became quiet.

Most of the people present did not dare to displease Mr. Jingshui.

Mr. Jingshui was angry enough to splash the mountains and rivers with blood!

A few seconds later, Mr. Jingshui gave Duan Huaian a vicious look.

Ye Chen's existence destroyed all his plans. If Ye Chen died, the anger in his heart would be borne by the God of Medicine!

Afterwards, he continued: "Since everyone wants to explain, I will explain it to you!"

"The Xilong Pond should last three days according to the precedent. These three days are enough to allow the Kunlun Xu Tianjiao to cross several small realms! This is what everyone is looking forward to participating in this Kunlun Xu Tianjiao war!

But this time there was an accident. Mr. Jingshui disappointed everyone!

This time, all the proud children of heaven who did not come out of it have fallen! Burial to Xilong Pond!

This is the answer everyone wants. "

Hearing Mr. Jingshui's words, everyone took a deep breath.

Those geniuses really fell.

This is a pity too.

If those people knew that Xilong Pond was so dangerous, it would be impossible for their disciples to go there!

Suddenly, three old men walked out of the crowd.

They are the elder of Dao Sect, the protector of Yun Hai Sect and an elder of Ling Ax Sect.

The three geniuses who died were cultivated by them.

I thought I would be safe after entering the top ten, but I didn't expect that the hope of my apprentice and sect would die like this!

How should they go back and explain to the suzerain!

Holding the axe in one hand, Ling Axe forcibly suppressed the anger in his heart, saying every word: "Mr. Jingshui, you must pay attention to the cause of everything! This dragon pool has been extremely stable for thousands of years. Why is there something wrong now? This time? I'm afraid it's not that simple."

The Protector of the Yunhai Sect also nodded and said: "The Sect Master has an order to see people alive, and a corpse to die. If we don't even know the cause of death, how can we explain it to the Sect Master! Please also Mr. Jingshui to tell us the reason!"

Daozong elder stepped forward and said the same: "Mr. Jingshui, your identity is outstanding. We shouldn't have offended, but you brought our Dao sect disciples in but didn't bring them out. You should also be responsible, right? !"

Seeing the crowd pushing the palace, Mr. Jingshui's face looked very ugly!

Kunlun Xu's numerous sects Who dares to treat him this way!

Just as he was about to say something, Yu Guang noticed Duan Huaian again.

Suddenly thinking of something, he lifted his right foot and fell suddenly!

A wave of devastating air rushed away instantly.

Those few forced palace elders' complexions changed drastically.

"Hmph! I hate other people threatening me! If it weren't for thinking that I really have a certain responsibility, the three of you would have drifted away like the dust!"

"Of course, with the signboard with the word Jingshui, I will naturally tell you the truth!"

"I can also tell you very accurately that the deaths of those talented disciples were murdered! It was not an accident!"

"The collapse and destruction of the Dragon Washing Pond was also man-made, not an accident!"

Chapter 974: Not allowed!

"boom!"

As soon as this remark came out, it exploded directly in everyone's hearts.

They never thought that Xilongchi was such a world-defying place, and the things inherited from the ancient times were destroyed by others!

The key is who has this ability!

More so cruelly killed so many sect disciples!

What a complaint! What an enemy!

Ling Ax Sect, Cloud Sea Sect, Dao Sect, these three sects alone are not small sects!

The elders and law protectors of those three sects also broke out a strong murderous anger!

Three steps were taken in one step, and he said coldly, "Mr. Jingshui, please!"

Mr. Jingshui didn't talk nonsense, stretched out his hand, and suddenly pointed to Duan Huaian from the Medical God's Gate!

Then the indifferent voice fell like this: "Ye Chen, a disciple of the God of Medicine, disrupt the rules and act recklessly! In order to retaliate against others, forcibly destroy the ancient relic, Xilongchi! Even more, use some means to kill the rest of the genius! Such behavior!"

Duan Huaian, let me ask you, are you responsible for the medical sect? "

"Ye Chen is dead, should this responsibility be borne by your medical sect?"

The cold words resounded, and the whole world suddenly became quiet! Then broke out!

The three elders who lost their beloved disciples instantly sacrificed their cold swords and headed towards the \*\*\*\* of medicine!

And the black crowd around is even more surrounded!

Ye Chen's behavior completely angered the entire Kunlun Xu sect!

Kill genius, desperate!

Disrupt the rules and destroy the Dragon Pond!

No matter it is a crime, it is enough to destroy the nine races!

Seeing that the three people wanted to kill Duan Huaian, Ji Siqing tapped his toes and instantly stood in front of everyone in the God of Medicine!

"Ji Siqing, what are you doing! Ye Chen is dead, it's impossible for you to protect the God of Medicine! Are you a little too nosy!"

"Don't think that others will let you, my Ling Axe will let you!"

Elder Ling Axe holds a giant axe in his hand, letting go!

The apprentice he had trained for almost two decades died like this!

How could he not get red eyes!

Ji Siqing's sword pointed at the crowd, and a cold voice came: "It's ridiculous! Is it what Mr. Jingshui said! Why does Ye Chen want to kill your disciple of Ling Axe Sect? What good is it for him?"

"Also, I and others are also on it. We have witnessed the whole process. Your disciples are nothing but the strength of Xilongchi!"

Wei Ying also stood up: "That's right! If Ye Chen really did it, how could we get hurt? Don't you all have no brains?"

"you!"

Three eyes looked at Mr. Jingshui.

"Mr. Jingshui, what is the truth?"

Mr. Jingshui touched his beard and sneered: "Ji Siqing, and even everyone is sinking into cultivation, the authorities are obsessed, they naturally can't see through something, but I can feel it clearly when I stand on the shore!"

"Ji Siqing, I ask you, does the power to kill those people have the power of thunder and lightning? And does Ye Chen know how to use thunder and lightning!"

"Also, there is no one else in the entire Xilongchi except that kid. You are breaking through, naturally it is impossible to do it under my nose! Who else would be if it wasn't Ye Chen!"

"Finally, that kid will kill the way he walks. The smell of blood on this kind of person is too strong. He is indifferent and ruthless. Killing a few geniuses is nothing to him!"

Ji Siqing was speechless for a moment.

After all, Ye Chen had never appeared under Xilongchi, and the power to kill others came from Xilongchi. If you really want to count it, Ye Chen is indeed the most likely.

Just as Ji Siqing wanted to say something, the three elders rushed over, with weapons in all directions, and the meaning of swords and swords seemed to tear everything apart.

"Huh! A word from others can instigate you, I will protect the gods today, how about it!"

At this moment, Duan Huaian stood up and said to Ji Siqing: "Miss Ji, this matter has nothing to do with you. You don't need to do it. I just hope you can help me take care of my apprentices. Alchemy and medical skills, martial arts are inferior to others."

After speaking, Duan Huaian sacrificed a \*\*\*\* sword and went to the three of them!

"My doctors are upright and honest, if my apprentice really did it, my Duan Huaian is willing to take it! If it wasn't for my apprentice, no one would ever want to use the doctors!"

At the end of the language, Duan Huaian released a violent aura from his body, step by step, and his momentum continued to rise!

When the momentum reaches its peak, the sword dances, and the sword intent turns into a scourge!

Go to the elder of Ling Axe Sect instantly!

"Ding!"

The scourge was ruthlessly torn apart.

Elder Ling Fuzong shook back a few steps, but Duan Huaian didn't move.

Visible deterrence!

But at this moment Duan Huaian is facing three people. Elder Dao Zong and Yun Haizong will not give Duan Huaian a chance to breathe!

Come quickly from two directions!

Duan Huaian could only challenge in embarrassment!

In the face of one or two people, Duan Huaian may still be eligible to block, but facing the three powerful elders, Duan Huaian instantly fell into a state of exhaustion!

With a sound of "bang!" Duan Huaian was repelled a dozen steps in an instant, and his robes broke apart!

He hadn't stabilized his figure, the elder Ling Axe leaped into the air, and fell from the sky with one axe!

Duan Huaian's Hengjian resisted. The shock was violently attacked, and he couldn't help but spit out blood!

The Ling Axe elder sneered: "Duan Huaian, your \*\*\*\* apprentice teaches so well! If you don't die, sooner or later you will go into the magical way and let the Kunlun illusions be charred! Since you like your apprentice so much, I will personally send you on the road. Let your master and apprentice go to the Yin Cao Jifu to meet!"

The three senses of the strongest swept away, swallowing all vitality.

Ji Siqing and Wei Ying's expressions changed drastically, and they rushed out with swords!

But before Ji Siqing took a few steps, an old woman stood in front of Ji Siqing.

It is Elder Ke!

"Elder Ke, please get away!" Ji Siqing's face was a little angry.

Elder Ke shook his head: "Siqing, you are still young and you have excellent talents. You shouldn't mix this kind of thing. You and the people of Shenshenmen are not the same people. Since Ye Chen has died in Xilongchi, you The obsession in my heart should also be let go."

Chapter 975: life for a life!

"The most indispensable thing in Kunlun Xu is geniuses and men. Although you are crushing everyone in the Kunlun Virtual Competition, don't forget that Kunlun Xu is not as simple as you might imagine. The true top sect and those hidden geniuses are not Will participate in this kind of event!"

"Come on, the big competition is over, you should go back to the sect with me, and the things you have to face next will be more serious."

Ji Siqing snorted coldly, and the sword turned, Dantian's infuriating energy gathered crazily. He wanted to shake Elder Ke away, but he didn't expect Elder Ke to hold her sword firmly.

Elder Ke shook his head and took out a token from his arms: "This swordsmanship is taught by me. Do you still want to use it against me? If you don't take your hand again, let me take you away forcibly! , Don't violate!"

When Ji Siqing saw that token, his face was pale, and she knew the strength of Elder Ke in front of her. Compared with Elder Ke, she was like an ant and a giant elephant, and couldn't shake it at all!

Even if Elder Ke burst out with all his strength, Mr. Jingshui might not be able to hurt her.

"Just as you agreed."

Elder Ke's indifferent voice fell.

Then, she unexpectedly appeared in front of Ji Siqing.

One pointed at Ji Siqing's forehead.

Ji Siqing couldn't move his body instantly.

This ancient magic technique again!

Elder Ke hugged Ji Siqing, then scanned Mr. Shui's glasses, and said lightly: "The medical gods' business has nothing to do with Siqing! If you let me know that you secretly attacked Siqing and Ji's family, I promise, even if you are here. No matter how big the Kunlun virtual network is, I can tear it ruthlessly!"

Threat!

Cold threat!

In desperation, Mr. Jing Shui can only nod his head: "Don't worry, I still want to sell that person's face."

Elder Ke ignored him, glanced at the Medical God's door indifferently, and left directly!

It's not that she is ruthless!

It is Ji Siqing's blood and talent, which is related to the entire sect and Kunlun Xu!

As for Ye Chen, what if she gave her surprises and surprises today!

After all, that person is a root, and can only become a passer-by in Ji Siqing's life!

In other words, the sects and forces behind Ji Siqing look down on Ye Chen!

Ye Chen is not qualified!

This allowed Elder Ke to restrain Ji Siqing!

At the level of Ji Siqing's daughter of heaven, marriage and emotions cannot be controlled by her, and the sect's ability to interfere is even greater than that of the Ji family!

This is one of Kunlun Xu's rules!

...

After Ji Siqing and Elder Ke left, no one could help cure the gods.

Even if Wei Ying makes a move, he has little power!

Because the Medical God Sect had to face all the sects except Ling Axe Sect, Yunhai Sect, and Dao Sect!

How can a declining medical sect withstand the anger and crusade of hundreds of sects!

Duan Huaian resisted desperately, desperately guarding his disciples and preventing them from being injured!

This is what a master should do!

But just because he had to take care of his disciples, he had no time to respond. At this moment, he was already scarred!

Xiaobi and Lao Xue were also hurt by Jian Qi and Dao Qi.

On the ring, Mr. Jingshui put his hands behind him, his eyes filled with playfulness.

This feeling of being in charge of the world is very good.

He wants to play a sect to death, it's easy!

What's more, such a weak sect!

"boom!"

Daozong elder slapped Duan Huaian's chest with a palm, and Duan Huaian flew out.

After all, the power of one person is too small.

No matter how high he is, it's useless!

He spit out a mouthful of blood and barely supported it with a sword.

"master!"

Xiaobi and Lao Xue rushed over, defending Duan Huaian tightly.

Xiaobi wanted to take out a pill she refined not long ago, but found that the pill she refined had no effect on the state of the current master at all!

The elder Ling Axe saw that the God of Medicine was already a bow of shock, and sneered: "Since all of you of the God of Medicine are here, it happens that I will use your blood to pay tribute to my lost apprentice!"

Raise the axe high, endless invigorating gathering! Axe to the sky! shining!

This axe is like an axe to open the sky!

Once it falls, no one can bear it!

Seeing this scene, Xiaobi and Old Xue turned around, their eyes were firm, and they opened their hands to protect Duan Huaian!

"Although our Medical God Sect is only a medical sect, it has fallen to this point! But our disciples of the Medical God Sect are by no means a fool!"

Both of them didn't blink their eyes, fearless and awe-inspiring!

Elder Ling Axe sneered again and again, his giant axe getting closer and closer, he even saw these people turn into a blood mist!

at this time!

"Boom!"

The collapsed mountain of Xilongchi burst open directly!

The sky is full of boulders soaring into the sky!

Like a meteorite smashing into the earth! Billowing smoke and dust rolled in like ocean waves.

Everyone was stunned by this scene!

Hasn't the Xilong Pond collapsed? What the \*\*\*\* is this voice?

Second collapse?

Their ears are going to be deaf!

Countless eyes swept toward the billowing smoke subconsciously, but they couldn't see anything clearly.

The elder Ling Axe who had been lost for a while naturally ignored him, and continued to hack down with a monstrous force!

"Who the \*\*\*\* will try to use my doctor's door!"

Suddenly, a loud roar swept through the smoke!

The voice shook the sky, like a mysterious sound from nine days.

Gradually, a dark shadow appeared in everyone's sight!

Sombra is too fast!

It's almost impossible to catch with the naked eye!

In an instant, he has come to the front of the God of Medicine and others!

Xiaobi and Old Xue were extremely excited when they heard this familiar voice!

This voice is Ye Chen!

Ye Chen is not dead!

"Today, with me, no one can touch you, no one!"

Ye Chen stood coldly in front of the people of the God of Medicine!

He saw Master Duan Huaian's body with scars! I also saw the sword marks on Xiaobi and Old Xue!

He is angry!

He wants to kill!

I really want to kill!

This group of cultivators can only bully the soft and fear the hard!

So many sects to deal with a medical sect, it's \*\*\*\*\* despicable!

This is the world where the strong are respected, treat human life like grass, and kill if you say kill, as long as you are strong.

This is a world of the strong and indifferent. If you don't care, you will be mercilessly swinging down the sword of killing. You don't kill people, but people want to kill you.

That being the case, then Ye Chen is carrying a killer today!

Ye Chen raised his head suddenly His bloodthirsty eyes shot at Elder Ling Axe's great axe!

Extremely cold!

"You hurt my master! I want you to pay for your life!"

Above Ye Chen's right fist, there was crazy lightning and flames!

At the same time, the power of the blood dragon coiled on the arm, giving him unlimited blessing!

The power of Xilongchi has not completely dissipated, and now he is enough to burst out the strongest power!

But it's not enough!

Ye Chen forced another drop of blood!

The essence and blood scattered and turned into a blood mist, which envelops the whole body!

At this moment, he is the killer from hell!

"Die to me!"

Chapter 976: With the body of a mortal, compare with the gods!

The roar pierced through everything, and Ye Chen burst out all over, rushing out like a rocket!

Then, the punch that condensed endless power hit the giant axe directly!

Fist to the giant axe!

This scene shocked everyone's eyes!

The first reaction of everyone was that Ye Chen would not die!

Even body refiners dare not play like this!

What's more, Ling Axe Sect is known for its strength!

Who dares to do this!

Elder Ling Axe had seen Ye Chen clearly, and his anger became more and more roaring!

"Little beast, you killed my apprentice! In that case, I will let you change your life!"

"bump!"

Finally, Ye Chen's fist slammed on the giant axe.

A surging weather wave spreads in all directions.

Time seems to stand still, space seems to freeze.

I don't know how long it took, the peace was broken!

Ye Chen didn't even turn into a blood mist!

how is this possible!

But at this moment, the elder Ling Axe's eyes widened and his arm distance trembled.

He actually felt a tsunami-like power swallowed!

This...this the \*\*\*\* actually comes from a kid who enters the Holy Realm?

Still a medical sect!

how is this possible!

"Kacha!" With a sound, under the eyes of everyone, the giant axe unexpectedly appeared cracks!

Shocking rift!

Then, directly turned into pieces!

Fell down!

Everyone in the square looks like petrified!

Duan Huaian of the God of Medicine was also stunned, he knew Ye Chen, and even knew that Ye Chen was Ye Jiantian, but this power was impossible!

Wei Ying's eyes exuding a chill also appeared shocking.

And Mr. Jingshui on the ring was completely dumbfounded!

He could not even think that Ye Chen had such a terrifying power after not seeing him for a day!

What a freak is this!

There is only one sentence in the minds of everyone present:

With the body of a mortal, compare with the gods!

"Ling Axe, I personally send you on the road!"

With a roar, Ye Chen's eyes were red, and his fist carried endless waves of air, tearing through all obstacles, and slamming on the chest of the elder Ling Axe!

"Wow!"

The blood is getting stained! Instantly penetrate!

At the same time, Ye Chen's power did not converge!

With the body of Elder Ling Axe, he fell from the sky fiercely!

"boom!"

Until the fist hit the ground, the sound of the earth-shattering earthquake resounded through Qianjue Square!

One after another cracks spread!

The cold wind blows, and the meaning of death covers the audience.

Silence is silent.

No one dared to say a word.

The only thing I can do is to stare at the pierced corpse.

Who would have thought that someone would break an elder Ling Axe with one punch!

This is a \*\*\*\* punch!

Damn it!

Ye Chen's body was stained with blood, which made people feel terrified.

He walked towards the other two step by step.

"Yunhaizong, right? There was you just now, right? In that case, take your life!"

Ye Chen moved instantly!

His whole body is full of fiery red evil intentions!

Eyes burn with anger!

He needs to vent his body power!

These lofty beings are slaughtered by him himself today!

The Yunhaizong guardian obviously didn't expect Ye Chen to come back from the dead, and the arrogance on the key body was too strong.

It's not a holy land at all!

Even surpassed the Void Return Realm!

The Dao Zong elder next to him narrowed his eyes and said: "This kid has changed so much, it is very likely that he has used a secret method to forcibly improve his strength! Also, the breath on his body seems to come from Xilongchi! He must have been washed by the dragon! The influence of the pool, this power is very short, we don't need to be afraid!"

The Protector of Yunhaizong nodded, with lessons learned, he did not dare to take it lightly, the long sword in his hand shook lightly, and he cut it off with a single sword!

The sword intent air wave exploded directly!

The guardian of Yunhaizong burst into full momentum at this moment, how terrifying?

Qianjue Square, the mountains and rivers are shaking, the sky is black.

That momentum forced the surrounding powerhouses to quickly resist with luck, backing a few steps.

That's the case with all the people watching, let alone Ye Chen.

Endless pressure locked Ye Chen, making Ye Chen very uncomfortable!

But so what!

"war!"

Taking a deep breath, suppressing the shock in his heart, Ye Chen roared loudly.

Now he has entered the ninth level of the Holy Realm, almost in the Holy King Realm, and his true combat power is approaching the Return to Void Realm!

What did the elders in the early stage of the Void King Realm mean to him!

Ye Chen still didn't move his sword, relying on his body!

He wants to extract his body with power!

And a crisp voice appeared in his mind: "Tomb owner, my Mo family happens to have a body-refining method and boxing intent, which fits the tomb owner's current state!"

"The current mode of the tomb owner's rampage is extremely suitable for entering this path."

Ye Chen accepted it naturally!

Two messages appeared in my mind.

"Ten Thousand Buddha King Kong Fist"!

The ancient Mo family Zhigang fist intent, blasted out with one punch, falling from the sky like a ten thousand Buddha!

Refining Dacheng can break mountains and rivers with one punch!

Fragments of "Good Fortune Refining the Body"!

The ancient Mo family body refiner Mo Man accidentally found it in a secret realm in Kunlun Xu.

This refining tactic is supreme and obscure!

Extremely complicated!

Every time you step into body refining, you have to experience life and death! Complete good luck!

Although it is a fragment, Mo Man of the Mo family also uses this to achieve the supreme path.

"Mo Ning'er, why are you giving it to me now?" Ye Chen asked curiously.

Mo Ning'er replied: "The tomb owner, before your body did not have the conditions for cultivating these two exercises, even if it was given to you, it would only affect you and easily cause backlash. But since you entered the Dragon Washing Pond, in fact, The biggest change is not a breakthrough in cultivation, but a change in your physical body, but you haven't noticed it."

Ye Chen stopped paying attention, feeling the Ten Thousand Buddha Diamond Boxing, and roughly understood it!

No longer hesitating, he roared: "Ten Thousand Buddha Diamond Fist!"

In an instant, a circle of golden light surrounded his fist!

Jinguang is getting more and more prosperous!

Then, it slammed on the sword intent of the Yunhaizong guardian.

"Come again!"

The Yunhaizong guardian was scared, that great axe could break it, let alone his sword.

He can only try to evade!

But how could Ye Chen's current state allow him to directly collide!

With a "pop!" The sword body broke again!

The Yunhaizong guardian panicked, and quickly took out a piece of jade pendant, just trying to force the blood to awaken the jade pendant Jinguang swallowed him instantly.

He actually felt a peaceful and strong contradictory force!

He held his breath and stared at Ye Chen.

At this moment, what he seemed to be facing was not a fist, but the power of Buddhism!

How can a person who kill the Tao have something to do with Buddhism!

The most taboo in the battle of the strong is absent!

Within a second, Ye Chen's fist suddenly fell, and the golden light slammed on that person's body!

The body was torn on the spot!

"hiss!"

Seeing this scene, the sects and cultivators who originally surrounded the God of Medicine were completely frightened!

Once was accidental, how about two times?

Chapter 977: No one can save you!

By accident!

The crowd dispersed!

No one dared to approach Ye Chen and the God of Medicine again!

In their eyes, this \*\*\*\* can't move!

Otherwise, if this punch hits them, they can't bear it!

Even the sect will be destroyed!

Most of the people present are just small sects.

Xiaozongmen can not withstand such a toss.

At this moment, Ye Chen gasped slightly, there was too much blood on his body.

It's shocking.

But not his.

It's all the blood of others.

His face is hideous.

The blood made him sober.

Now he is like a murderous machine without emotions.

Live on blood.

His understanding of killing Dao is getting stronger and stronger, and the blood dragon in his body is constantly erupting.

Collect hundreds of warriors! Play free!

As if to rush out of the body at any time.

Ye Chen turned around and his eyes fell on Daozong Elder: "Now it's your turn. Should I do it, or do you have your head severed?"

Daozong elder swallowed.

He knows his strength.

Those two elders couldn't match Ye Chen's punch, let alone him.

Ye Chen's momentum is too strong now.

He really wants to know what the \*\*\*\* is this secret!

Make people reborn.

He listened to his ears as the footsteps were approaching, at this moment, he was completely panicked.

What he thought of, he looked at Mr. Jingshui quickly, Mr. Jingshui's strength is enough to crush everything!

Even if Ye Chen is strong, he will become a dead dog!

"Mr. Jingshui, save me! Under the ring, you can't kill. Ye Chen violated the rules and should be killed!"

Ye Chen snorted coldly: "No one can save you!"

The words fell, Ye Chen punched again!

With this punch, the golden light spread, tearing everything apart!

Once you hit your body, you will definitely die!

Just as the Ten Thousand Buddha Diamond Fist blasted out, an old man with cold eyes stood in front of Elder Dao Zong!

"Ye Chen, you know your fault!"

Mr. Jingshui said coldly, revealing endless pressure!

"roll!"

Ye Chen is not afraid!

Although the strength of Mr. Jingshui who knows is enough to crush him, so what!

His way is to kill.

Any existence that can't kill him will only make him stronger!

"Ye Chen, you sabotage Kunlun Xu in the battle of geniuses, sabotage the ancient thing Xilongchi! Kill others for no reason! You can't kill without leaving the ring!"

Ye Chen laughed!

The rules are in the hands of a few people!

How ridiculous!

"I care if you are the mirror water or the stagnant water! If I didn't come out just now, whoever is responsible for the lives of the people of the God of Medicine! Are they in the ring! If this is your rule, I will tell you! I Ye Chen It's about to break open!"

Ten Thousand Buddha King Kong Fist exploded away! The light of Buddha pervades!

"Hmph, overwhelming!" Mr. Jingshui smiled coldly, and grabbed Ye Chen's hand with his five fingers!

But soon a powerful wave of air crashed!

The power in Ye Chen's body was far more terrifying than he thought!

He took a step back, but still caught Ye Chen!

His Senhan voice sounded: "Do you feel the gap between you and me now? There is a moat! I have been practicing in Kunlun for a long time, how can you be a stinky boy to resist!"

Ye Chen at the moment only felt that all his strength disappeared.

He wanted to break free and found it impossible!

"Damn it!"

Ye Chen gritted his teeth and stared at the ugly face of Mr. Take Jingshui!

"Don't struggle, get your spirit out, and I will make your death easier!"

Mr. Jingshui is very clear that everything is under his control.

In his current state, he has the ability to crush everything and make rules.

As for Ye Chen, it really shocked him, and he didn't plan to stay with this kind of person.

Must die!

Otherwise, after ten years, his existence will definitely be threatened!

At this moment, he suddenly found a crazy smile on the corner of Ye Chen's mouth.

This feeling of madness is a bit pervasive!

In the next second, "click!"

Ye Chen ignored the controlled hand!

Just twist off!

Then the other hand was flooded with thunder, and a palm was snapped!

"Snapped!"

An extremely clear voice sounded!

Mr. Jingshui's face was photographed by the waves of air and the palm of endless power!

The red mark is very clear!

At the same time, blood was spit out from the corner of the mouth!

No one would have thought that Ye Chen would break his arm and slap it down!

This is Mr. Jingshui!

In the world, no one dares to fan Mr. Jingshui!

Only Ye Chen at this moment!

Mr. Jingshui was even more unexpected!

He stared at Ye Chen's crazy smile!

He was so angry!

For Ye Chen, what about a broken arm? He has medical skills, but others can do nothing. He can heal in minutes!

This is his advantage!

"court death!"

Mr. Jingshui was completely angry, and he sacrificed a formation plate in his hand, and a strong blow fell on the formation plate.

The formation plate carries the power of the thunderbolt, and slams it on Ye Chen's chest!

Ye Chen flew out on the spot!

The strong is angry and want to stop, it's hard!

Ye Chen has done his best!

At the same time, Mr. Jingshui did not stop, and a green sword was sacrificed!

This is the second time he has used his sword in so many years!

It can be seen how angry I am!

"Ye Chen, I want you to die!"

"No one can save you!"

The sword intent is overwhelming, as if it turned into a blue dragon and swallowed away!

The earth is shaking, everything is creeping!

Most of the cultivators present spit out a mouthful of blood!

Can't bear it at all!

Visible power!

The cold meaning of death spread away! As if to devour Ye Chen!

Ye Chen quickly looked at Xiao Huang in the distance!

He communicates with his mind!

But found that Xiao Huang was still asleep! There is no response at all!

grass! Drop the chain at a critical moment!

Ye Chen gritted his teeth, no longer hesitated, and directly communicated with the reincarnation cemetery!

Just at the very moment, a huge pill tripod fell in front of Ye Chen!

The ancient runes on Danding broke out!

Qinglong sword intent, swallow it directly!

Then, a cold voice slowly fell!

"Kingshui, you can't move him! I'll just say it once!"

All the people around couldn't react, but Mr. Jingshui's strongest attack was directly blocked!

What kind of power is needed!

And What is that Dan Ding?

Why is there a sense of antiquity.

When everyone was surprised, a figure slowly fell.

Is a girl.

There seemed to be a light cage of haze beside this girl, who was really not a human being.

A pair of eyes just looked at her faint eyebrows, and her red lips showed arrogance.

She has a smile on her face, not afraid at all!

Ye Chen was a little confused when she saw this girl, she knew it! Luo Yao!

Luo Yao, the mysterious Dan Xu Tower in Kunlun!

How did this girl show up?

Chapter 978: who are you!

"Why are you here?"

Ye Chen looked at Luo Yao in front of him, still speaking.

Luo Yao turned around, blinked at Ye Chen, and said softly: "Mr. Ye, have you forgotten the agreement between us?"

"You promised me that you would come to Danxu Pagoda with me when the Kunlun Xu Genius battle is over."

Ye Chen just suddenly.

After all, Luo Yao helped him a lot in the Land of Slaughter, and he agreed casually.

But I didn't expect this girl to take it seriously.

"Mr. Ye won't be fooling around," Luo Yao said tentatively.

Ye Chen shook his head: "Since I promised, I, Ye Chen, would naturally not be shameless, but the matter in front of me is a grievance between me and Mr. Jingshui. Would you involve the Luo family in..."

Before she finished speaking, Luo Yao's red lips outlined an evil arc: "Mr. Ye, Mr. Jing Shui is in Kunlun, but he is not qualified to infiltrate my Luo family and Danxu Tower."

"Since there is a promise between me and Mr. Ye, no one can take your life!"

"Thanks." Ye Chen thanked him.

Luo Yao shook her head and said with a confident expression: "Mr. Ye, I'm sure that even if I don't come, it's not that simple for Mr. Jingshui to move you, right?"

"Mr. Ye, you should heal your injuries first, and leave the rest to me."

Ye Chen nodded and stopped talking.

If Mr. Jingshui's blow hadn't been for his strong body, most people would have already turned into blood mist.

Don't even think about resisting it even in the Return to Void Realm.

But the zhenqi in his body is running out, and besides, he is injured, it is very difficult to completely kill the old man Jingshui.

Let's take a look at Luo Yao's strength for the time being.

Luo Yao turned her head, her smile disappeared, and she stared at the furious Mr. Jing Shui in the distance.

"Unexpectedly, Mr. Jingshui, who is so famous in Kunlun, actually took such a shot at a junior, and he really lost the face of a lot of strong people!"

The words fell softly, and the crowd suddenly became agitated.

What's going on today?

Ye Chen, that lunatic smashed against Mr. Jingshui, even if there is another woman who dares to do the same?

Ashamed?

If you dare to say that, Mr. Jingshui probably doesn't know how to write dead words!

Mr. Jingshui narrowed his eyes. He felt that the ancient tripod was familiar, but he couldn't tell, so he said to Luo Yao, "Who are you? I know what this place is!"

"This is Thousand Jue Square, the place where the Kunlun imaginary genius battles! And the young man behind you broke the rules and killed the innocent! This kind of person, I deal with him only for the heavens! I advise you to get out of the way, your repair Because it might not even be able to hold my blow!"

With a finger at the green sword in Mr. Jingshui's hand, Ling Lie's killing intent broke out.

Thousands of people watched this matter. If it is not handled correctly, where will his reputation be put?

Luo Yao stepped out, surrounded by purple air currents: "What if I must protect him?"

"Then send you on the road together!"

Mr. Jingshui instantly turned into an afterimage!

Ye Chen's slap was extremely clear, and the fiery pain on his cheek seemed to be humiliation!

No matter what, Ye Chen must die!

Since the little girl in front of him doesn't know how high the sky is, then he can solve it all.

The wind roars and the dust spreads!

Mr. Jingshui's killing intent was like a giant beast, ruthlessly swallowing it towards Luo Yao.

But Luo Yao stood still, staring at each other with fun, as if he didn't care about anything.

Just as Mr. Jingshui's green sword broke through the air and came strong, the old man beside Luo Yao moved.

Five fingers clasped that ancient tripod!

The rickety body even held a tripod with one hand!

At the same time, Gu Ding turned and was extremely flexible in his hands.

Finally, it smashed out!

With a sound of "ding!", violent sparks shot in all directions, and waves of air rippled away!

Several cultivators approaching flew out without warning!

Gu Ding and Qing Jian are still deadlocked.

There is no winner or loser!

Mr. Jingshui's cold smile seemed stiff.

A stormy sea was set off in his heart, his eyes fixed on this old man who didn't know the depth of his cultivation!

Who is this old man? Why is there such a power!

Look, this cultivation base is definitely not under him!

And obviously, this old man is protecting the existence of that girl.

"Come on, my lady is unhappy, the consequences will be serious."

The old man spoke in a very soft voice, as if he was talking about an extremely ordinary thing.

"Who are you!" Mr. Jingshui increased his strength and said angrily.

"The old man is nothing more than idle clouds and wild cranes. I came out this time just to protect the young lady from any harm. The young lady disappeared for so many years and finally went home. She can no longer endure hardship." The old man continued.

"What nonsense, since you don't say identity! Today I will break your ancient tripod!"

Mr. Jingshui tapped his toes and slammed his foot on the ancient cauldron, then his wrist shook, and a bloodthirsty cold light suddenly shot out.

too fast!

The sharp whistling sound broke everything solidified, as if tore through Qianjue Square!

The old man shook his head, pinched his fingers, and then pointed on the ancient tripod.

In an instant, Gu Ding's mouth sprayed out sword intent.

The sword intent is densely packed, like falling stars, heading towards the cold light of Mr. Jingshui with the tendency of perishing.

The sword intent soars into the sky, and the heaven is shaking.

Seeing this scene, Mr. Jingshui's pupils suddenly shrank.

This power, this ancient tripod, what did he think of!

Dan Xu Tower!

Could this old man come from Dan Xu Tower!

"boom!"

Between the electric light and flint, the two forces collided.

The sky is dark, the sun and the moon are colorless!

The waves of air seemed to burst like a nuclear bomb, and a huge pit appeared on the ground where the two of them were!

The surrounding ring is even more dissipated!

There is even a torn sword intent to go to the outside!

Those onlookers retreated quickly, thinking that Mr. Jingshui would be crushed, but now it seems that the old man who suddenly appeared should not be underestimated!

"Boom!"

Wherever it goes, no vegetation grows! a mess!

Even the formation of Qianjue Square had cracks and faintly began to collapse.

The strong blow of the two powerhouses how to stop it!

"What I just said is very clear, why didn't you listen? Your status is not ordinary, but the same is true for my lady! I hope this matter ends."

The old man said.

His tone was not at all discussion, but command!

Afterwards, Mr. Jingshui and the old man separated instantly.

Na Gu Ding was firmly placed on the ground by the old man, and he returned to Luo Yao's side again.

However, Luo Yao turned his head quite arrogantly, and said to Ye Chen: "Mr. Ye, now you know the power behind me, join me now, it's too late."

In Luo Yao's eyes, Ye Chen had good martial arts talents and opportunities, but compared with her alchemy, there was a huge gap!

Ye Chen should be immersed in alchemy!

Chapter 979: Shame

Ye Chen glanced at the old man deeply, and couldn't calm down for a long time.

I thought that Dan Xu Tower and Luo Family didn't have much reputation, but now it seems that the family behind Luo Yao is definitely not simple!

Otherwise, how could there be such a strong guardian!

Mr. Jingshui retracted the green sword and said, "Your Excellency is from Danxu Tower?"

The old man did not intend to answer, but closed his eyes and guarded Luo Yao.

But the people around are completely ignorant!

Dan Xu Tower!

They never dreamed that the person who rescued Ye Chen came from Dan Xu Tower!

The Pill Void Pagoda is an extremely mysterious power of Kunlun Void and the highest palace of Kunlun Void Pills!

There are not only top alchemists, but also top powerhouses!

Collect hundreds of warriors! Play free!

In order to go to the Pill Xu Pagoda to ask for a pill, countless strong people are even willing to give up their dignity!

Over time, Kunlun Xu's strong men are naturally jealous of Dan Xu Tower!

The most important thing is that Dan Xu City, where Dan Xu Pagoda is located, has a strict invitation mechanism!

If there is no power to take you, there is no chance to step in!

It is strict, compared with many places in Kunlun Xu, Nandan Pagoda is too mysterious, like a hermit's land.

Luo Yao looked at Mr. Jing Shui's jealous look, and sneered: "Didn't you just want to kill me? Why didn't you do it?"

Mr. Jingshui hesitated for a few seconds, and then he handed over and compromised: "This young lady, the medical \*\*\*\* Ye Chen and I have some private feuds. Please don't stop them. As for the matter just now, I am willing to apologize to the young lady."

Mr. Jingshui compromised!

He has no choice.

Because of the existence of the mysterious old man, it is impossible for him to come closer.

The only way right now is to let this girl give up protecting Ye Chen.

He even wondered in his heart that Ye Chen is just a trash, and at most some adventures, why are so many beautiful beauties with unusual identities falling into this person?

There was Ji Siqing before, and this girl afterwards!

"What is Miss's consideration, I am willing to apologize with an ancient Danding!"

Mr. Jingshui offered a red pill tripod.

There are many dragon and phoenix patterns on the Danding, and the charm of ancient times is everywhere.

If you make alchemy, the effect will be great!

This is called catering to one's favor!

As soon as the ancient Danding came out, the sense of desolation spread.

Countless eyes looked at the girl.

At this moment, the young girl met the eyes of countless people, stepping forward!

The light gauze all over the body floats, like a girl in the falling dust.

Suddenly the girl's eyes burst out with extreme pressure, and the sound wave rippled:

"This \*\*\*\* Danding dare to take it out and be ashamed! It's impossible to send a beggar!"

At this point, the crowd took a breath!

Rubbish Danding?

This ancient thing turned out to be \*\*\*\* in the eyes of the girl!

Even Mr. Jingshui's mouth twitched, and some couldn't accept this reality.

He just wanted to talk, the girl took another step!

Every step with a cold word resounded through Qianjue Square!

"Also, apologize? I Luo Yao need your apology!"

"Kingshui! Since you want to know my identity, I will tell you! I come from Danxialuo's house!"

"If you think your strength or your connections in Kunlun can shake the Luo family, just do it!"

Luo Yao looked at Jing Shui in shock, and continued to speak with satisfaction:

"Also, Ye Chen is a member of my Luo family. If you dare to move him, you will be an enemy of Dan Xu Tower and the strongest of those top sects!"

"What kind of \*\*\*\* Kunlun virtual genius battle you are holding? It's ridiculous! Many top geniuses I know have not come. Do you really think you have a good network? In the eyes of those real powerhouses, you are just an ant!"

One sentence at a time.

Luo Yao took seven steps!

But Mr. Jingshui's face turned pale at the moment!

Being so insulted, he should have killed someone in a rage!

But the identity of this young girl made him completely out of anger!

There is only one Luo family in Dan Xu Tower!

And there is an ancient alchemist in the Luo family who still exists in the world!

Every year the plum blossoms are in full bloom, and the suzerains of the real top sects in Kunlun Xu will personally visit!

No one dares to move this relationship alone!

How could Ye Chen of the key medical sect have something to do with this behemoth!

The crowd around was completely silent.

Then countless eyes looked at Ye Chen, at this moment, only envy and jealousy remained.

Ji Siqing guarded Ye Chen for five years!

Being taken away by Elder Ke now makes them feel so happy!

But at this moment another Miss Luo family came, and they really wanted to spit out a mouthful of old blood.

Ye Chen didn't know how to make alchemy, so why would the Luo family take it?

But Ye Chen's expression at the moment became weird, he looked at Luo Yao's charming back.

I really can't figure out why the eldest lady of such a top family would stay in the Land of Killing for so long?

Still concentrating on alchemy?

As for?

Could there be any hidden secrets inside?

In the silence, Mr. Jingshui suddenly said, "It turned out to be Miss Luo's family. I visited my father a few decades ago, but unfortunately, my father didn't see him during the alchemy process. Today I offended, Jingshui must go to Danxu. Tower apologizes."

Luo Yao snorted coldly. Just about to say something, the old man next to her spoke: "Miss, it's almost there. Don't forget your current relationship with the master. If this person stabs things to Luo's house, he will come to you. It's also troublesome to say."

"There are also dogs who jump over the wall when they are in a hurry. This Jingshui's identity is not that simple. If he does his best you and I will not necessarily go."

Luo Yao originally wanted to continue teasing, but after listening to the old man's words, she still swallowed the slander in her mouth.

After that, she said to Mr. Jingshui: "Now my Luo family wants to take Ye Chen away, do you have any comments?"

There was a fierce flash in Mr. Jingshui's eyes.

It is impossible for him to let Ye Chen go, but now that Danxu Taluo's house is out, he can't control some things.

He could indeed use some means to take down the old man and the young girl, but in this way, he completely offended the Luo family.

The Dan Dao family was angry, and the consequences were extremely serious.

He took a deep look at Ye Chen and Xiao Huang who was sleeping in the distance.

The burning pain on the cheek kept coming.

The shame is piercing!

Chapter 980: Ashamed

He clenched his fists and said, "Since the Luo family wants to protect this kid, I will naturally not take action! But if this little beast is dead one day, it won't be counted as Jingshui's head."

He is naturally willing to let Ye Chen go, but the Luo family can't protect Ye Chen forever!

As long as he is given a chance, he will be mercilessly punishable!

There are medical gods!

The Luo family wanted to protect Ye Chen, and the disappearance of the God of Medicine had nothing to do with him!

He will make Ye Chen feel the pain and nightmare!

Luo Yao snorted coldly, ignored Mr. Jingshui, but looked at Ye Chen and asked, "Mr. Ye, the matter here has been settled. Would you like to visit Danxu Pagoda with me?"

The old man next to Luo Yao also said to Ye Chen: "Boy, we are helping you. You have no choice. According to that guy's style, you will inevitably be killed. You can't go to the original place anymore. This period of time, you and the doctor Go to the Danxu Pagoda for all the gods. There is undoubtedly the safest place to stay. When the limelight passes, or Mr. Jingshui has forgotten, it will not be too late to come out in a low-key manner. Otherwise, with your current strength, Kunlun will definitely not last a week.

This sentence is cruel, but it is a true fact. "

Ye Chen nodded, just about to speak, Lin Qingxuan's voice sounded.

"Disciple, I suggest you go to the Pill Virtual Pagoda. Pill Dao and Medical Dao are the same. Even in ancient times, Dan Dao is exactly a branch of Medical Dao. This place is very suitable for me to teach you the Supreme Medical God. Dao, there is no harm in going there."

"Of course, I also want to meet an old friend. After so many years, I don't know if that old friend is still alive."

"The old man's suggestion is not wrong, just listen to it once. The most important thing is that I have a foreboding that there is an opportunity to open the tombstone."

"I don't have much energy in Mo Ning'er. We must activate the remaining tombstones as soon as possible."

With Lin Qingxuan's suggestion, Ye Chen naturally couldn't refuse it anymore. He looked at Luo Yao and said: "I can go there naturally, but I need to take some people. I can't die."

Luo Yao showed a smile, which was very sweet.

"Mr. Ye, don't worry about that. Although Dan Xu Pagoda has strict audits, I can still bring a few people in. Entering inside, it's not that easy for the mirror water to move you, and wait until the limelight passes. Right."

Ye Chen looked at the master Duan Huaian, Xiaobi and others, and asked, "Master, Xiaobi, Lao Xue, would you like to visit Danxu Pagoda?"

Duan Huaian was lost for a moment, and finally nodded.

But Xiaobi was a little excited, pinched herself fiercely, sure it was not a dream, and tremblingly said, "Can I really go to Danxu Tower?"

From the moment Xiaobi entered the door of the medical gods, he had an infinite love for the alchemy, and had been immersed in the alchemy for almost ten years.

In her heart, Dan Xu Tower is the existence that she can only look up to all her life.

But now, there is a chance to enter it, can she not be excited?

Luo Yao saw Xiaobi's excitement, stepped forward, held Xiaobi's hand, and whispered softly: "You are Little Bi sister, what I said naturally counts. Also, it seems that you like it very much. Dan Dao?"

Xiao Bimeng nodded: "I...I want to be a top alchemist. This is my dream."

Luo Yao had a hint of gentleness in her eyes and took out an ancient book: "Since Little Bi likes it, then this thing is considered a meeting ceremony. When it's inside, I will discuss some points with Little Bi."

Xiaobi was a little at a loss, and her breathing was even more rapid. For her, all these unreachable things were realized.

Although the ancient book in front of me doesn't know what it is, how could it be wrong that the lady of the Luo family of the Dandao family brought it out!

"Miss Luo, I am ashamed..."

Luo Yao glanced at Ye Chen and joked to Xiaobi: "Mr. Ye is my friend, and the person I care about very much in the Luo family. You are Ye Chen's fellow junior, I naturally want to please, accept it. "

Luo Xiaobi glanced at Ye Chen, saw the latter nod, and accepted it happily.

"Ye Chen, time is almost up, we should also go on the road." Luo Yao said.

Ye Chen thought of something and looked at Wei Ying not far away. He found that Ji Siqing was not with Wei Ying.

According to Ji Siqing's character, how could he leave.

Wei Ying seemed to see through what Ye Chen was thinking, and she sighed: "Ji Siqing was taken away by the sect elder and forcibly taken away. The master behind her does not seem to want something to shake Ji Siqing's cultivation heart."

Ye Chen was stunned, only then did he think that Ji Siqing wanted to help himself before, but was also blocked by a woman named Elder Ke.

It seems that the sect behind Ji Siqing still looks down on himself.

It's normal to think about it, Ji Siqing is the most talented disciple of their sect for thousands of years, and he is extremely precious.

The starting point and ending point of her path will be much higher than that of ordinary cultivators.

Besides, the sect behind Ji Siqing has a lot of background.

Such a behemoth, whether it is the God of Medicine or himself, is too much to see.

But this is only today, what about a year from now?

Who can predict Ye Chen's future?

At this moment, Ye Chen exploded with strong self-confidence, his eyes flickered, and then he looked at Wei Ying: "Then you go with me."

Wei Ying waved her hand and refused: "Mr. Ye, I still have Absolute Frost Sect behind me. Some things still need me to deal with, and I can't leave for the time being."

"When everything in the Extreme Cold Sect is finished I will come to you naturally."

Ye Chen didn't persuade anything, Wei Ying had a \*\*\*\* body, at least it was impossible for something to happen.

Coupled with the fact that Xilongchi has extracted the soul and body, it is impossible for the Shaxuehan Body to completely control Wei Ying. He naturally does not need to worry.

"Let's go, get in the car."

The old man next to Luo Yao opened his mouth, and in the next second, he pinched his fingers and filled with purple air.

When the purple gas dissipated, a spirit beast carriage appeared unexpectedly.

Duan Huaian and Luo Yao got on the car, but Ye Chen didn't.

"Ye Chen?"

Luo Yao curiously said in the car.

Ye Chen ignored it, but turned to the Taoist elder with cold eyes.
