

Urban Medical 981

Chapter 981: Danxita

Ye Chen stopped and said lightly: "I said that all three of you will die. Since those two are already on the road, you should also go."

"The grudge between your Dao Sect and me is far from over."

The Daozong elder was completely frightened, and subconsciously hid behind Mr. Jingshui.

Mr. Jingshui never thought Ye Chen was so arrogant, and said angrily: "Ye Chen, don't think that with the Danxu Taluo family standing behind you, you can do whatever you want! Today, as long as I am here, I won't let you kill again. Anyone!"

Ye Chen was playing with a silver needle in his hand and suddenly raised his head: "Really!"

"I don't believe Ye Chen anymore!"

"The person I want to kill, he will die today!"

The silver needle shot out, a mysterious aura overflowed!

Surrounded by the supreme medical spirit.

It is Lin Qingxuan's silver needle!

Only this time Ye Chen controlled the vision, the silver needle did not turn into a hundred-zhang spear, just a cold light.

When Mr. Jing Shui saw Ye Chen actually planning to use a needle, his disdain was even greater!

"Silver Needle, still want to kill people under my nose? Overwhelmed!"

With a wave of his sleeves, there was no wind and a golden wall of light suddenly formed!

It's solid enough to resist everything.

But soon, his expression was a bit wrong!

Because the golden light wall shattered!

Actually lost!

how is this possible!

He quickly sacrificed the green sword, but it was too late!

With a strong breath, Yin Zhen sank into the eyebrows of the Dao Zong elder!

The center of the eyebrows seemed to be in full bloom, gorgeous and cold.

And the smile of that elder's winning streak freezes.

He never dreamed that he would die on a silver needle.

The silver needle disappeared.

His body fell to the ground, and a violent breath exploded from his body.

Elder Dao Zong turned into a blood mist on the spot!

The blood even splashed on Mr. Jingshui's body.

shocking.

This scene happened to be seen by the old man next to Luo Yao, his eyes shrank and he whispered, "Huh?"

Luo Yao heard the voice and curiously said: "What's the matter?"

The old man rubbed his eyes and shook his head: "It's nothing, it may be because of me."

...

At this moment, Mr. Jingshui in the distance clenched his fists, extremely angry. He just promised to protect this person, but was immediately beheaded by Ye Chen!

It's like another slap on his face!

Looking at Ye Chen's chilly eyes again, as if laughing at him!

"Ye Chen! Luo Jia protects you for a while, you can't protect you! Starting today, you will be the enemy of my Jingshui, and even the enemy of Hundred Sects! You'd better hide in Danxu Tower forever! When you come out, most of Kunlun Xu's sects will hunt you down, and then it will be your death date! I swear!"

A terrifying roar resounded.

Filled with endless anger and anger!

Ye Chen Bingham didn't have the slightest fear in his eyes, and said every word: "Don't worry, I will come out soon. When I come out, I will find you personally, and then cut off your head!"

Mr. Jingshui laughed when he heard these words!

Everyone present laughed!

A sacred kid who wants to kill Mr. Jingshui?

He is crazy!

Really think that with the Alchemy family standing behind, the world is invincible?

"Ye Chen, since you are so arrogant and want to kill me, then I will perfect you! I will give you two years. Today, two years later, both of you and I will step into the Qianjue Square, with the Qianjue Profound Girl The cold sword swears, let's fight here! You dare to fight!"

Mr. Jing Shui was worried that Ye Chen would stay in the Danxu Tower for a long time and would not come out, so he had no choice but to give Ye Chen two years to stimulate the law!

Luo Yao in the car walked off: "Ye Chen, don't agree to him."

Then he sneered at Mr. Jingshui: "Jingshui, you have a good calculation. You, a man who has practiced for thousands of years, have declared war with a junior. For two years, even a hundred years will be unjust!"

Before she finished speaking, Luo Yao sounded a magnetic and confident voice: "I agreed, but I want to change one condition."

Luo Yao was startled, her eyes widened and looked at Ye Chen: "You are not crazy, what are you talking about! Get in the car!"

Ye Chen ignored Luo Yao, but locked his eyes on Mr. Jingshui, saying every word: "Two years are too long. Two months later, you and I are in this life-and-death battle! There can only be one person alive. Square! Dare you?"

"boom!"

The heads of tens of thousands of people in Qianjue Square seemed to burst!

Ye Chen's short words were like thunder bombing in his ears.

Two months?

The waste that enters the Holy Realm is going to challenge Kunlun's imaginary Mr. Jingshui for thousands of years!

It's easier said than done!

Not even if you are looking for death!

At this moment, even Mr. Jingshui could not react.

He thought Ye Chen would refuse, but he didn't expect Ye Chen to speed up his death time.

Then why is he not fulfilling it?

"Humph! Since you are going to die, I promise you! If you don't show up in two months, I will personally lead everyone to the Danxu Pagoda!"

"Oh."

Ye Chen spit out a word and turned into the car.

"Let's go."

Luo Yao hurriedly chased after him, and said painstakingly, but Ye Chen had no plans to change his mind.

She knows that Ye Chen has trump cards and talents, but this talent should be used on the alchemy, not arrogant!

Two months, still challenging Mr. Jingshui?

She really suspects that Ye Chen is a brain and mentally disabled.

The old man next to Luo Yao still spoke, "Miss, you can never wake up a person who pretends to be asleep. Mr. Ye is also an adult. Let him take care of some decisions."

Luo Yao glanced at Ye Chen deeply, sighed and stopped talking.

Ye Chen also closed his eyes.

He naturally has his certainty. This time he didn't use the reincarnation cemetery because Lin Qingxuan and Mo Ning'er didn't have much energy. Once the other tombstones were activated, he was qualified to challenge Mr. Jingshui!

He can't avoid this hurdle!

Anything that is dangerous to him must be killed! Kill without hesitation!

What's more, he still has Xiao Huang.

Ye Chen glanced at Xiao Huang beside him.

It's mad at the sight, this guy is still asleep!

In the Xilongchi, I left the Xilongchi and began to lethargy again!

This time lethargy is worse than before evolution!

Too unreliable!

...

I don't know how long it took the carriage finally stopped.

Ye Chen woke up from the practice, opened his eyes, and found an extremely strong spiritual energy coming.

"Mr. Ye, here it is."

Luo Yao got off the car and said.

When Ye Chen, the Medical God Gate and the others got out of the car, they found that they stepped into a place like a fairyland.

There are many buildings and tall buildings.

Aura lingers.

Especially a Danta in the Central Land!

The Dan Tower plunged into the sky, and from a distance, it was even higher than the Oriental Pearl of China Demon Capital.

Chapter 982: A real high climb!

There are more than a dozen giant dragons carved around the Danta, and the giant dragons are coiled and vivid.

The dragon's head is fierce, as if overlooking all the mortal ants.

Taking a long glance, an invisible coercion envelops Ye Chen, extremely cold.

It seems that if there is any disrespectful action, it will definitely die.

Even the blood dragon inside his body felt something and roared in anger.

"It seems that this Danxu Pagoda is like a divine weapon, and I don't know what the top layer is."

Ye Chen looked around again, closed his eyes and felt it slightly, and found that the ancient formation envelops everything.

Although Ye Chen was quite accomplished in formations and spirit talisman, but facing such formations, he couldn't see through.

Not even noticed by the eyes, almost perfect.

Not to mention breaking open the formation, almost delusional.

The formation of blood spread, and the crimson runes wandered like a dragon, faintly murderous.

Once anyone breaks in forcibly, they will be killed mercilessly by the formation!

Even if the virtual king realm, Daoyuan realm powerhouse!

Luo Yao glanced at Ye Chen and found that Ye Chen finally looked horrified, covering her mouth and laughing.

She coughed slightly, straightened up her surging chest, patted it, her chest trembled, and the spring was boundless.

"Mr. Ye, this is my site anyway. If you have any needs, just tell me, Luo Yao still has some say in this Danxu Town."

"When it comes to my Luo family, there are all kinds of pill pots and medicinal materials, and it will be convenient for you to refine some ancient pill."

"Now, I'll take you to meet my father! Your alchemy talent is enough to shock my father! However, my father has a bad temper. After entering, I will look at my eyes."

Ye Chen nodded and didn't say much. He wanted to try to communicate with the reincarnation cemetery, but Lin Qingxuan inside did not move anymore, as if he had forgotten him.

What he cares most now is how to mobilize the remaining tombstones.

After all, the power of ancient power is too strong.

Although there are a lot of alchemy people here, but there are also many martial arts experts, and their strength is much higher than that of the outside. You must be careful.

"Mr. Ye, are you listening to me?" Luo Yao exclaimed, and she found that this guy had been absent-minded.

Ye Chen reacted and smiled: "Of course I heard, let's go."

...

Half an hour later, Dan Xu Ta Luo's house.

It is antique and covers an extremely large area.

The gate is made of ancient Xuanmu, with a fragrant aroma.

There is a stone monument standing on the top.

The word LuoJia is written on the stele.

With these two words alone, Ye Chen felt an invisible killing intent.

It seemed to warn anyone who stepped into the Luo family.

The gate is guarded by four powerhouses, and the realm is covered up, but from the aura, at least above the Void Return Realm, or even the Void King Realm.

Absolutely strong!

They stared at Ye Chen and the people of the God of Medicine with unkind eyes, and they really couldn't figure out why the young lady brought these people in.

Except for the strength of an old man, the gap between the others is too great.

"Miss, these are..."

Luo Yao snorted coldly: "These are important guests I brought, remember, don't neglect!"

The four guards were puzzled, but they nodded and let them go.

They are just servants, and they must not offend the guests brought by the lady.

At the moment, the atmosphere in the Luo Family Hall was a bit strange.

Luo Yao's father, Luo Wuya, was sitting on the top, with a woman standing beside him.

It is Luo Wuya's second wife Miao Xianjun.

On the right side of Luo Wuya sat a majestic middle-aged man, beside the middle-aged man stood a demon youth.

The middle-aged man and the evil youth come from the Cui family of the Dan Dao family.

The middle-aged man is the head of the Cui family, Cui Yuan!

The evil youth is the only son of Cui Yuan, Cui Ruicheng! Dan Xu Tower is a rare Dan Dao genius in a century!

They are also the only candidates in the Dan Xu array who have the opportunity to attack the high Dan Tower!

The Cui family and the Luo family are also considered in-laws, after all, the marriage was booked in the previous generation.

He should have laughed, but Luo Wuya couldn't laugh at all at this moment!

Luo Yao has disappeared for many years, not knowing where he went.

The Luo family used all means to find it!

Almost made Luo Wuya angry!

But unexpectedly, Luo Yao actually came back a few days ago, but after staying at home for a few days, she disappeared again!

Even an elder from the Luo family was taken away!

This is maddening Luo Wuya!

Now the Cui family has come to see Luo Yao, how should he explain!

He can only say that Luo Yao is unwell and refuses temporarily!

"Uncle, since Luo Yao is unwell, then my father and I won't bother me. I have been refining the ancient black jade phantom body pill these days. If the refining is successful, all illnesses and pains can be easily removed. I will personally give Luo Yao one at that time."

"Uncle, goodbye!"

Cui Rui arched his hands.

Luo Wuya nodded and said embarrassedly: "Ruicheng, I'm really sorry, when Luo Yao's body recovers a little, I will personally take her to the door to make amends."

He was anxious for the Cui family to leave soon.

But before the words were finished, a clear voice rang outside the door!

"Dad, I'm back! This time I spent a lot of money to bring Ye Chen back! This Ye Chen's alchemy..."

When the door opened, Luo Yao's voice stopped abruptly.

Looking at the Cui family in front of them, her joyful face was extremely ugly.

But Luo Wuya's face is even more ugly!

It's completely black!

He just said Luo Yao was unwell, but this girl actually came to slap her face!

Isn't this **** cheating!

He almost spit out a mouthful of old blood!

Cui Yuan calmed down, glanced at Luo Wuya, and said coldly: "Brother Luo, it seems that your daughter is not a big deal! And it seems to be very lively!"

Luo Wuya just wanted to explain something, Cui Yuan didn't give him a chance at all, and directly took Cui Ruicheng's hand: "Ruicheng, let's go!"

"Compared with Dan Dao, there is no doubt that Dan Dao is more important! Ruicheng, starting from today, we will retreat and comprehend Dan Dao. A few days later, we will attack Dan Xu Pagoda again! We should also let some people know who is the real high climber. !"

The Cui family's father and son left directly, and they even passed by Ye Chen.

Cui Ruicheng took a deep look at Ye Chen, with a hint of killing in his eyes Ye Chen touched his nose, he should not be at odds with the people in Dan Xu Tower.

So there are still people who will kill him in the first place?

No longer hesitating, stepped directly into the Luo Family Hall.

When Luo Yao saw the departure of the Cui family and his son, he smiled and led Ye Chen forward:
"Dad, he is the Mr. Ye I mentioned to you before, and that person who is the head of the medical gods. The medical gods were in ancient times. But the top medical sect, even the branch power of Senior Lin Qingxuan, the alchemy is extremely good..."

"That... once our Luo family has Mr. Ye and the medical gods to join, it is absolutely like a god! Mr. Ye's talent on the alchemy is absolutely against the sky! At least..."

Before Luo Yao finished speaking, a scolding sound came: "Shut up!"

"My Luo family is not a refugee camp, let alone any cat or dog can enter. These people will go wherever they come! My Luo family is not welcome!"

Obviously, Luo Wuya's anger these days all boiled down to Ye Chen!

Chapter 983: Lin Qingxuan's old friend!

Luo Yao's face was pale, she never expected her father to be so angry.

She can only explain: "Dad, you believe me once, this Mr. Ye is definitely the one who has the hope of hitting Dan Xu Tower's highest record!"

Luo Wuya's eyes fell on Ye Chen's body, and with a single eye, he discovered Ye Chen's cultivation.

Enter the ninth floor of the Holy Land!

Sickness entangled!

Where is the way of walking, it is like a way of killing!

He snorted coldly: "Luo Yao, this guy is the genius you keep talking about? Do you really think I don't understand Dan Dao, just want to lie to me if I just find a trash?"

"How could a pill genius have this kind of killing intent! How could such a person calm down to refine alchemy! You don't look at the gap between him and Cui Ruicheng, Cui Ruicheng is expected to impact the highest existence of Pill Void Tower, as for He! Humph! It's ridiculous!"

Hearing these words, Ye Chen, Duan Huaian and others' faces completely cold.

Ye Chen's eyes were full of ice cold, if it weren't for Luo Yao's sake, he would have left.

Luo Yao was extremely anxious. She stepped forward and came to her father. She took her father's hand and explained: "Dad, Lin Qingxuan, you know that, Ye Xian and the people from the God of Medicine come from Qingxuan Peak. Lin Qingxuan was one of them. It crushes countless martial arts experts, and the medical gods are even more..."

"Snapped!"

Luo Wuya directly slapped Luo Yao's body with a slap.

"Lin Qingxuan has fallen a long time ago. As for the medical gods, do you really think I don't know! Thousands of years ago, maybe the medical gods still had some qualifications, but now! The medical gods have fallen into the altar long ago, even ordinary ones? Zongmen can't match it!

These people stepped into the Luo family and insulted my Luo family! "

Luo Wuya said coldly, on the one hand, it was naturally because of the anger in his heart that he needed to vent, on the other hand, he really didn't like Ye Chen and the God of Medicine.

Dan Dao needs supreme talent!

How does a person with ordinary roots make alchemy?

It's a joke!

Ye Chen's expression was completely cold. He stepped forward and faced Luo Wuya directly: "Luo Wuya! Have you passed that way? No matter how unbearable my doctor is, you are not qualified to speak!"

Ye Chen called Luo Wuya's name!

Seems disrespectful!

But this is his Ye Chen principle!

What others treat him, he treats others!

At this moment, his murderous release!

He came here because of Luo Yao's face!

But Luo Yao's father repeatedly and repeatedly insulted the God of Medicine, he could not bear it!

Luo Wuya obviously did not expect that someone would dare to confront him.

He stood up, an invisible pressure enveloped him away!

"Boy, I don't know what soup you gave my daughter, and it doesn't matter if you know how to make alchemy! I just want to warn you! Luo Yao has a marriage contract! My Luo family is the top family of Dan Xu Tower, only Pursue the right one! To someone with a humble status like you, you don't even have the chance to step into the Luo family!"

"That's the door, get out, I don't want someone to do it!"

Endless coercion release!

This coercion is enough to make a strong Void King Realm kneel down!

Not to mention entering the Holy Land!

Feeling the pressure pressed down like a giant mountain, Ye Chen did not move like a mountain, and resisted forcefully.

But even if he resisted, a blushing blood spilled from the corner of his mouth.

At this moment, Xiao Huang in his arms opened his eyes, and the pressure suddenly dissipated.

At the same time, the red pupils burst into strange light.

Luo Wuya's expression changed, and he took a step back.

Stormy waves threw up in his heart, staring at Xiao Huang in Ye Chen's arms.

"What kind of fierce beast is this? Can it dissolve my coercion?"

At this moment, Ye Chen spoke, and a few words came down suddenly: "First, Luo Wuya, don't use your superior attitude to look at anyone! Even if your Luo family is stronger in Kunlun, so what! In Chen's eyes, it will eventually disperse like dust!"

"Secondly, the Medical God Sect is my Ye Chen's sect. Don't be humiliated. If there is another time, you will be at your own risk!"

"Third, Luo Yao and I are just friends. I never thought of stepping into this Luo family! It used to be, it is now, and it will be in the future! Next time, even if you ask me to come, I won't step in again. Half a step!"

"let's go!"

Ye Chen turned around and left with the people of the God of Medicine Sect.

Luo Yao covered her face, gave her father Luo Wuya a vicious look, and hurriedly chased it out.

Ye Chen was brought by her, and she was naturally responsible.

What's more, in the Danxu Tower area, Ye Chen and the others have never been here. They are not familiar with their lives. What should these people do without her?

Just when Luo Yao was about to chase out, Luo Wuya ordered: "You must not let the young lady take a half step away from Luo's house!"

After the words fell, the two old men stood in front of Luo Yao.

"Miss, don't make it difficult for us."

An old man said euphemistically.

Luo Yao let out a cold snort, just about to move the sword, an invisible coercion enveloped her!

At the same time, an old man pointed on Luo Yao's fragrant shoulder.

She couldn't move instantly.

Ye Chen stopped, looked at Luo Yao, and said, "Luo Yao, you don't have to worry about us, and thank you for your invitation. Today, don't live here! I will see you if you are destined!"

Naturally, he would not deal with other people's housework.

Not long after, Ye Chen, Duan Huaian and others came outside.

Several people looked around, very at a loss.

Danxu Town is very large, but there is no room for them.

No one has been here.

Of course, Ye Chen didn't blame Luo Yao, this matter was beyond her control.

At least Luo Yao tried her best.

Xiaobi was crying and sighed, and said to Duan Huaian, "Master, what shall we do next? Back to Qingxuanfeng?"

Duan Huaian looked at Ye Chen: "Disciple, what do you think."

Ye Chen squinted slightly, rather helpless.

At this moment, an old voice came from the reincarnation cemetery!

It is Lin Qingxuan!

"Disciple, since you have come near Danxu Pagoda, you help me meet an old person, but I don't know if that person is still alive. If you are alive, you might be able to teach you the way of healing the gods with me. Can some help Master, where is this person? I will go!"

Ye Chen said excitedly.

At least he can have a foothold here!

Afterwards, Lin Qingxuan's faint voice fell: "Can you see the tower in the distance? This person is in the Danxu Tower."

Ye Chen was startled, he never thought that the guy would be in Danxu Tower, but Danxu Tower is a forbidden place in this area, how difficult it is for him to get up!

"Master, how many years have passed since, are you sure he didn't change places?" Ye Chen still asked.

At this moment, Lin Qingxuan was a little uncertain: "Although I am in the reincarnation cemetery, I can feel some of that person's breath, but this breath is too weak, I don't know if it's me."

"This person is called Lingyuan. In ancient times, I used to call this person's alchemy. If this person does not follow the ruthless way, he will naturally recognize me. Few people know this name. You say these two words. If he remembers, he will naturally come to see you. You might as well try it. If he really doesn't see him, just assume that Lin Qingxuan has never met this person in my life."

"Also, you can find that the reincarnation cemetery is shaking. I am afraid that the power that can trigger the reincarnation cemetery is also in the Danxu Pagoda. As for the energy, I am not sure."

Lin Qingxuan said astonishingly.

Chapter 984: attitude!

Ye Chen looked at the Pill Xu Tower with extremely solemn eyes.

He could feel the threat of the continuous overflow of Dan Xu Pagoda, and any other people who approached would definitely die.

But this time, he must also go to the cemetery of reincarnation.

Duan Huaian saw the hesitation in Ye Chen's eyes, and said: "Trainer, Danxu Town is difficult to enter once, everything respects the heart, otherwise it will be difficult for us to come in next time."

Ye Chen slowed down and said seriously: "Master, I want to go to Danxu Pagoda and find someone."

When Duan Huaian heard these words, his expression was very strange.

No one of him knew Ye Chen. Ye Chen was brought into Dan Xu Pagoda from Huaxia. According to Ye Chen's identity and status, it was obviously impossible to know the existence of Dan Xu Pagoda.

He wanted to ask something, but in the end he still didn't say it.

"Disciple, in that case, let's go to the outside of Danxu Tower and have a look."

"it is good."

The group headed towards Dan Xu Tower.

Along the way, passers-by's unkind gaze came, and it was obvious that some accidents were so important, how could such a group of people get in.

In Danxu Town, it is not an alchemist but a martial arts expert.

The top alchemist body will flow with the aura of the alchemy, which is extremely easy to distinguish.

And none of these four people.

But most people just stayed in Ye Chen and others for a few seconds, and didn't think much.

In their eyes, a few ants might have been brought to visit by a certain power.

...

At the same time, Kunlun is a magnificent building.

Mr. Jingshui stood on the roof of the four-story building.

Tap your toes lightly and land on the tip of the house.

There are six people behind them, and the six have a strange expression, and they dare not take a breath.

Mr. Jingshui turned his back to the six, his expression hidden.

Suddenly, he spoke: "You should know what I am calling for you."

"There are some things that the newspapers have spread early."

As soon as these words came out, the six faces changed drastically!

A man dressed in black hurriedly stood up and knelt behind Mr. Jingshui: "Master, I Liuyun is willing to take the sect elder to take down this little beast Ye Chen! This person dared to slap the master, and he deserves death. ! How about escaping to Danxu Tower!"

Liu Yun is obviously violent, and his eyes are full of determination.

The man in another year also stood up and knelt down: "Master, Senior Brother Liuyun has a special identity, so entering the Danxu Pagoda must be restricted. It is better to let the disciples go. I have some contacts with the Cui family in Danxu Pagoda, Cui The family has always provided medicinal pills for my sect. If we use some of the Cui family's power, it would be no problem to win Ye Chen!"

The other four also expressed their opinions.

But Mr. Jingshui turned around and shook his head: "I am looking for you today, not to kill Ye Chen. He is going to die after all. We have agreed on a life and death battle two months later. You don't need you. Shot."

Liu Yun sneered and said: "Master, this little beast wants to shake the master for two months? It's still difficult to reach the sky! By the way, since it is not Ye Chen to kill Ye Chen, why did the master come to us?"

Mr. Jingshui waved his sleeves, and a portfolio appeared in front of everyone.

It is written in simplified Chinese characters and has the seal of a certain department of China.

"Master, is this...?" Someone wondered.

Mr. Jingshui explained: "This is some information that I sent to Huaxia. This time Kunlun is too big, and it is not completely unprofitable. Ye Chen, who is a **** of medicine, was just a trash once, and he can't step into the martial arts. It's only five or six years, and it's even more rooted. In theory, it's difficult for him to break through the Ascension Realm, but now, this kid not only breaks through the Ascension Realm, but can also shake the powerhouse of the Void Return Realm. There is definitely a problem!

I have fought him, although he is entering the holy realm, but the methods are uneven and should not be underestimated.

And the most important point is that there is a spirit beast next to this kid.

I have checked the ancient books, but there is no whereabouts of this spirit beast, as if it had never appeared on the earth.

I let you come today because I want you to let go of everything and investigate this Ye Chen! From China to Kunlun Xu! Investigate from the eighteenth generation of ancestors! This kid body definitely has a big secret. If this secret is controlled by me, then Kunlun will regard me as king from now on! "

At this moment, only greed and madness remained in Mr. Jingshui's eyes.

The six people glanced at each other and naturally agreed: "Master, give us a few days, and we must integrate the news and hand it over."

Mr. Jingshui nodded in satisfaction, and ordered: "In that case, let's go away. If there is no good news to bring back by then, you don't need to come back."

Hearing this sentence, the six faces had a trace of fear, and they promised again and again.

After the six disappeared, only Mr. Jingshui remained in the world. He looked towards the Dan Xu Tower, his eyes flashing with imperceptible killing intent.

"Ye Chen, God of Medicine! Anyone who offends my Jingshui will die miserably, and this time it will be extremely miserable!"

The screen turned, and Ye Chen finally came to Danxu Pagoda with the people from the Medical God Sect.

Not yet approaching, a strong coercion came over, making it difficult to breathe.

"Master, I'm very uncomfortable." Xiaobi said with a pale face.

Even Old Xue didn't dare to get closer.

Ye Chen understood naturally, and said to Duan Huaian: "Master, you are waiting here, I will come and come."

Duan Huaian nodded, glanced at the few people guarding the entrance of Danxu Pagoda, and reminded: "Teacher, this place is unfamiliar, so try not to conflict."

"The disciple understands."

Ye Chen no longer hesitated, and headed towards the entrance of Danxu Tower.

Before taking a few steps, another voice sounded from the reincarnation cemetery: "Tui'er, if you ask other people the name, I suggest a bit of disguise. After all, this involves ancient things, if it is discovered by someone who is interested It's dangerous for you."

Ye Chen nodded, he naturally wouldn't be so stupid, he directly changed to look like Ye Jitian.

This place is different from outside, and few people know Ye Sutan.

Undoubtedly the best face.

Danxu Tower has only one entrance, but the entrance is only guarded by two people.

There are two wicker chairs on each side.

Two old men who don't know the depth of their cultivation are sitting in wicker chairs, with Erlang's legs tilted, and swaying the fan.

Very leisurely.

Even so, Ye Chen didn't dare to take any contempt. He could feel that although the two old men closed their eyes, their spiritual consciousness had spread early.

Everything about Zhou Wei is invisible.

There are several young men who entered with tokens, and they all show no respect to the two old men.

Even a few alchemists with strong pill energy greeted them cautiously.

But these two old men looked impatient with everyone.

Can't afford to live.

not talking.

The best city doctor

Chapter 985: The man behind!

In the face of the enthusiasm of everyone, they just waved and drove people impatiently!

It seems to be driving flies.

They guarded this place for many years, so naturally they have this qualification!

Those strong men and alchemists faced the two of them like this, without the slightest complaint, instead they nodded with a smile on their faces.

Ye Chen, who had turned into Ye Jitian, came to the two elders, arched his hands, and just wanted to talk, an indifferent voice came directly!

"Any token?"

"Two seniors, I don't have one. I just want to ask..."

Ye Chen hadn't finished speaking yet, one of his gatekeeper elders snapped his fingers, and a wave of air surged wildly.

This blast is like a sharp arrow, extremely cold!

Even with a monstrous killing intent.

No doubt!

"Hmph, if there is no, then get out! Without a token, you can't get close to the Danxu Pagoda for 20 meters. This is the rule that has not changed for thousands of years. Offenders, kill!"

Ye Chen watched the energetic attack, his face changed a little, and he hurriedly ran the technique! A punch!

Ten Thousand Buddha King Kong Boxing!

The light of the Buddha is permeating, and the golden meaning fills the entire fist!

The golden talisman is circulating in the hand.

He even had the advantage of this punching technique. If he could be proficient in physical training, this punch would be enough to shake mountains and rivers.

Even let the ground crack a hundred meters!

"boom!"

The two forces collided suddenly, and Ye Chen suddenly became bloody, and the whole person took a full three steps back before barely stabilizing his figure.

And the old man who did it was obviously a little surprised.

After all, he had seen Ye Chen's cultivation level long ago, and he hadn't even crossed the hurdles of the Saint King Realm, which was no different from the Ants.

But this ant could withstand this punch?

"Why is this power a little... Zhigang Buddhism?"

The old man was surprised when he saw this scene, then stared at Ye Chen with amusement, saying every word: "Who taught you this boxing technique? What is the sect behind you? Say it!"

The old man knew very well that Ye Chen's boxing technique did not seem to be mastered by many sects of Kunlun Xu.

Even, some of the charm of ancient exercises.

Ye Chen's eyes were firm, and it was naturally impossible to tell Mo Ning'er, so he replied: "The technique is the secret of the martial artist, do you have to tell it? I'm afraid this is wrong."

The old man didn't expect that Ye Chen would dare to confront him, so for so many years, who didn't care about them?

A kid who has reached the peak of the Holy Realm, really thought it was the sky here?

What a lofty person! Extremely ridiculous!

He stood up, just about to point out, the other long-haired old man stood up and grabbed his hand.

"Lao Yang, it's too hard to get along with a junior. Didn't you find that he doesn't have a little pill energy in his body? And his strength is so small that he can enter the Holy Realm. Obviously, it cannot be a person near the Danxu Tower. Bring it in."

"If you attack this kind of junior, then it will spread out, our Dan Xu Tower's reputation will be stinky."

The old man who was talking was kind and eye-catching, and then said to Ye Chen: "Boy, where to go back and forth, the rules of Danxu Tower cannot be broken, you don't have a token, and no one introduces you, you can't go through this door."

"Also, Lao Yang has a very hot temper. If you don't leave, I won't be able to help you."

The words of the long-haired old man fell, and he let go of his hand, and Old Yang snorted coldly: "Boy, get out of here, you're lucky this time! If it wasn't for the old man Fang who saved your life, you might have been a cold corpse. Up."

Obviously, the benevolent old man with long hair is Fang Lao.

They thought Ye Chen would leave obediently, but they didn't expect the latter to take a step instead.

Lao Yang was completely angry: "Boy, don't you take my words as the wind is in your ears! If you don't leave, no one can save you!"

Even Mr. Fang shook his head, not going to persuade him.

He only gave the opportunity once, if he didn't cherish it, he couldn't help it.

But Ye Chen looked at Lao Fang and said: "Senior Fang, I am not here to enter the Dan Pagoda, but to find someone."

"Looking for someone?"

Hearing these two words, the two old men guarding the gate were dumbfounded.

They have been here for so many years, and this is the first time someone has come here to find someone.

Lao Yang sneered: "Boy, you are planning to waste our time! It's not here to find someone, go ahead!"

Lao Fang waved his hand to stop Lao Yang's intention to do it. After he hesitated for a few seconds, he still asked: "Little brother, you are not familiar with the place in your life. Let's talk, if we know, we will tell you."

Ye Chen was overjoyed, and he had a good impression of this old man, and quickly said: "Senior Fang, this person is called Lingyuan, and he said he lives in this Danxu Pagoda. I don't know if there is this one..."

Hearing these words, the expressions of the two gatekeepers became extremely strange.

The name Lingyuan is unheard of.

As for living in this Danxu Pagoda, let alone!

Only one person in the entire Danxu Pagoda is qualified to live on the first floor!

But this one is not called Lingyuan at all!

Nonsense!

Lao Yang waved his hand, becoming more impatient, and said: "Don't talk about Danxu Tower, there is no such name in the entire radius of ten li, let alone in it! Okay, the question is over, you can go away now! Challenge my bottom line!"

Lao Fang also looked at Ye Chen and nodded: "Lao Yang is right. There is really no such person here. You should have found the wrong person, please go back."

Ye Chen sighed, the clue was completely broken.

If there is no such person here, then Lin Qingxuan made a mistake.

It may even have disappeared in the world.

"Thank you, senior, goodbye."

Ye Chen walked directly in the direction of the people at the Medical God Sect.

At the moment, I can only take one step and count as one step. Since my thighs can't be hugged, let's find a place to stay.

...

After Ye Chen, Duan Huaian and others left, Lao Yang said to the other side: "Lao Fang, why did you come out from the west side of the sun today, and protect that kid everywhere. Why don't you look at that kid and want Can't accept the disciple? I can remind you that that kid is Fangen, who is like a waste in Kunlun. Whoever accepts this disciple will be a bad luck for eight lifetimes."

Fang Lao looked at Ye Chen's disappearing back, and muttered: "The punch that the kid just cast is a bit familiar. It's a Buddhism punch. You should have seen it. I have been in Buddhism for many years. Although it is still vulgar behind it, It's some feelings, that's what helped this kid."

"In other words, I haven't seen such a Buddhist disciple for a long time, and I don't know where this guy comes from."

Lao Yang suddenly said, "That's right, but judging by the strength of that kid, it is estimated that his status in Buddhism is not high. Don't worry about it. From then on, it is estimated to be a passer-by for us. The Danxu Pagoda area is dangerous, if If this kid wanders around, he might be killed someday, but he hasn't been stable recently..."

Before they finished speaking, suddenly, there was a sudden change in Dan Xu Tower behind them.

The whole world seemed to tremble.

Many visions!

A strong fragrance of medicine overflowed.

With a faint golden light!

Chapter 986: disturb!

Lao Yang and Fang Lao's expressions changed drastically, they looked at each other and exclaimed together: "Ling Yi Dan has actually refined another ancient pill! Look at this breath, the rank is extremely high! I am afraid this is Ling Yi Dan. It's the fifth time this month. Mobile phone."

"Quickly, quickly, let's go and be happy with Danzun, maybe Lord Lingyi Danzun can reward us with some waste pills."

The two directly penetrated into it and forced out two drops of blood at the same time, and the door of Dan Xu Tower was completely sealed.

Everything is silent.

A few seconds later, Lao Yang and Fang Lao came to a stone room inlaid with golden patterns on the first floor, and the stone door opened!

Inside the stone room, it was a little dark.

And an old man with a fairy wind and bones was controlling the flame in front of a pill cauldron.

It is the Lingyi Danzun of their mouth.

The flames gradually extinguished, Ling Yi Danzun opened his eyes, lightly scratched with his thin five fingers, and six pills were suspended in the palm of his hand.

Only one of the six shone with dazzling light.

Obviously, all five are useless pills.

The two gatekeepers walked in grinningly: "My lord, we are here again."

"Congratulations on Lord Danzun becoming a pill again!"

The expressions of the two people should be more flattering and flattering, and they should be in stark contrast to the way they look outside.

Just because they have been the doormen of Lingyi Danzun for so many years!

What is a doorman!

It is the existence of keeping the gate.

In ancient times, he was a person of extremely low status.

If it weren't for the use of Ling Yi Dan's waste pills, and then practice, how could it be possible to have the current cultivation base!

Ling Yi Danzun glanced at the two of them, expressionless, and said, "You are here on time."

"Hey, we have been with the adults for so many years, we still have this understanding."

Lao Yang smiled embarrassedly and even scratched his head. In front of Lingyi Danzun like a child.

Lingyi Danzun lightly swung his right hand, and the five waste pills were suspended in the palm of his hand, and then they flew out: "You can divide these five waste pills, but the refined pills this time have some Special, strong effect, pay attention to body protection when taking it."

When Lao Yang and Fang Lao saw the pill flying, they were short of breath and surging in their body breath, and they started to grab them!

The two got two together, and even planned to fight for the other one.

Ling Yi Danzun shook his head helplessly, and said: "Don't fight anymore. If you want to fight, go out and fight. I will continue to retreat."

Lao Yang and Fang Lao didn't dare to say anything, they quickly closed their hands, and even arched their bodies and planned to retreat.

But before taking a few steps, Lingyi Danzun thought of something: "By the way, has there been any important thing that happened recently? Has anyone broken the tower and broke the record?"

The two stopped, and Old Yang explained: "Master Qi, there hasn't been much of a problem recently. As for the tower, the Cui family's kid broke through several floors a few days ago, but the record is still far away. Except for that kid from the Cui family, no Alchemy genius came out in 2009."

Hearing these words, Ling Yi Dan sighed and murmured: "The world has fallen. It is not in the past. It will be more and more difficult to break that record in the future. Hey, everything is fate. We. I can only live by guarding this Dan Xu Tower."

"Since Master Qingxuan disappeared, the martial arts dominates, the medical doctrine is the same line, and the alchemy has barely earned some face."

Lingyi Danzun turned around, looked at the sky outside from the window, and said with emotion: "Master Qingxuan, if you hadn't ordered the Lingyuan back then, maybe I couldn't hold the Danxu Pagoda."

After sighing, Lingyi Danzun turned around and said to the two of them: "Get out, then, I will be in seclusion for a year, no one can disturb."

Lao Yang turned around and left, but after a few seconds, he realized that something was wrong. He turned his head and looked at Fang Lao: "Lao Fang, why are you in a daze? Go!"

But now Fang Lao is like petrified!

Can't move!

His expression is extremely frightening! Weird!

It seems to have seen something impossible!

Because he heard a few words!

Lingyuan!

Isn't this the person the young man was looking for?

How could the key come out from Lingyi Danzun's mouth!

He is breathing fast!

Some even can't breathe!

Lingyi Danzun naturally discovered Fang Lao's weirdness, and said coldly: "I told you to retreat, can't you hear it!"

His voice was cold.

He doesn't like this kind of doorman so ignorant of manners!

Old Yang felt that Ling Yi Danzun's expression was wrong, and quickly pulled Fang Lao out.

But Fang Lao looked like a sculpture, and he refused to leave!

Ling Yi Danzun waved his sleeves and said angrily: "You really think you have been with me for so many years, and I dare not drive you out!"

"Go away, Lao Fang, you don't want to die!" Lao Yang urged softly.

But Fang Lao was still motionless, he wanted to speak, but found that his brain was blank!

"court death!"

Ling Yi Danzun shook his five fingers in the void, and sacrificed a silver needle in his hand, and the silver needle was shot directly!

For this kind of reckless subordinate, what about killing!

When the silver needle was about to touch Old Fang, the latter's eyes widened, and finally he said:
"Lingyuan! Your lord is called Lingyuan!"

The silver needle stays in an instant! Suspended one centimeter in front of Old Fang.

Lingyi Danzun's expression is very strange.

He didn't expect Mr. Fang to call this name directly!

This name is his nickname!

And only one person knows!

That is Lin Qingxuan!

Because this name was given to him by Lin Qingxuan!

After Lin Qingxuan disappeared, he changed his name to Lingyi!

This is also to pay tribute to Master Lin Qingxuan!

Ling Yi Danzun came to his senses, and the other party said old fashionedly: "Do you know what sin is calling me by name?"

"thump!"

Old Fang knelt directly on the ground, his expression was excited, and he said every word: "The adult is wronged! How dare the younger dare to call the adult's name directly! But just now, a young man outside was looking for a person called Lingyuan, and he said, Lingyuan is in the Danxu Pagoda!"

boom!

Lingyi Danzun's brain seemed to be bombarded by a cannonball!

His eyes widened as if to explode!

The body trembled violently!

He was certain that in the entire Kunlun Xu, no one except Lin Qingxuan could know his name!

Never possible!

In an instant, the figure flickered!

Lingyi Danzun came directly to Old Fang and lifted him up!

The body's breath is extremely violent, even Lao Yang on the side spit out a mouthful of blood!

Visible power!

"What did you say? Someone was looking for Lingyuan just now! Where is this person! Quick! Quickly tell me!"

Can he not get excited!

Master Qingxuan suddenly disappeared in ancient times, everyone thought that Lin Qingxuan had fallen!

But he always believed that Master Qingxuan must still be alive!

He spent hundreds of years searching! To no avail!

In the end, I can only hold this Danxu Pagoda and be dim for a lifetime!

But at this moment, he heard Lin Qingxuan's news again, can he not get excited!

Chapter 987: wake!

The look of Fang Lao and Lao Yang changed greatly!

They never thought that the young man would say a few words casually, so that the great power of Dan Xu Tower could have such an attitude!

Behind them is full of coolness! The heart is even more uproar!

"Say it!" Lingyi Danzun almost roared, not paying attention to image at all!

Mr. Fang and Mr. Yang hurriedly stretched out their fingers and pointed outside: "A dozen minutes ago, he just left and he doesn't know where he is going..."

"Snapped!"

Old Fang was thrown out mercilessly, and then Ling Yi Danzun rushed out!

Look flustered and nervous!

At the same time, outside the Danxu Pagoda, Luo Wuya brought a stern Luo Yao to the door of Danxu Pagoda.

Luo Wuya looked at her daughter and said seriously: "As the daughter of my Luo Wuya, if you want to control your marriage, you can only go through this Danxu Pagoda! If your success in Danxu Pagoda exceeds that of the Cui family, I will unilaterally break the contract! This is my maximum!"

Luo Yao glared at Luo Wuya: "Dad, all things fall into one yard, I am angry that you drove away Mr. Ye, Mr. Ye my friend!

He is not familiar with his life here, but I promised to take care of them, and now you drive them out, what would they think of me! "

When Luo Wuya heard his daughter mention the Fan Gen boy again, his expression turned down: "You are all grown up, can't your eyes be brightened? The killing aura of that boy is extremely strong, and it doesn't look like an alchemy. Yes, if he really understands alchemy and doesn't focus on alchemy, what can he do in the future! I am a past person, and I can see at a glance whether a person has talent!

As for the kid named Ye Chen, I firmly disagree with you! Not even being friends! This kid is not worthy of my Luo family! Never possible! "

Luo Wuya said in a soft tone after speaking:

"Okay, go in with me and try how many floors you can get! However, you should pay attention to the first floor. There is one place you must not step in. It is the place where the Lingyi Danzun retreats, and it is the entire Dan. The existence of the virtual tower forbidden land!"

Luo Yao coldly snorted, and said in anger: "Dad, if you don't get Ye Chen back, I'll just harass that Lingyi Danzun, what should I do when the time comes!"

Luo Wuya saw that his daughter was so bold, without a word, and waved his hand angrily, just about to slap down!

A gust of wind came suddenly!

Luo Wuya's expression changed drastically, and he realized that Dan Xu Tower was not guarded by those two adults today!

Suddenly, a figure rushed out from inside!

too fast!

The powerful air wave swept through, and even drove the dark clouds in the sky!

What kind of power is this!

Luo Wuya's expression was horrified, and at the same time, violent air waves passed through the bodies of the two!

He and Luo Yao shook back a dozen steps, spitting out blood!

Luo Wuya was annoyed, and just about to say something, he found that the figure stopped.

When he saw the master of the figure, his heart suddenly stopped, and it was better to hit his chest like a hammer!

With a trembling lips, he said, "Pump!" He quickly pulled his daughter to kneel together: "Ling...Lingyi Danzun!"

He never thought that the mysterious Lingyi Danzun would come out!

There are only a handful of people in Kunlun Xu who have seen this mighty person with their own eyes!

He suddenly thought of his daughter's words just now, his face was pale for a moment, and he quickly kowtowed: "Sir, how offensive my daughter's words just now is really not intentional, please calm down your anger!"

Ling Yi Danzun glanced at Luo Wuya and said coldly, "Can you see a young man leaving here?"

"No...no."

After the words fell, Ling Yi Danzun's body lightly tapped his toes, and the whole person swept away quickly.

Only the dumbfounded two were left.

"Dad, is this Kunlun Xu's legendary Lingyi Danzun? He... he won't kill me..."

Luo Yao was a little panicked, after all, the strength of this old man was too shocking.

Luo Wuya frowned. As the head of the Luo family, he calmed down a bit, and said: "Ling Yi Danzun should not have heard it, otherwise we would have died early, and he seemed to be asking a young man like me. Judging by his expression, I was very excited."

"I really can't figure out, anyone near Dan Xu Pagoda can make Ling Yi Dan Zun so miserable, is the structure of Dan Xu Pagoda changing!"

"If our Luo family can make friends with this young man in advance, we will definitely become the number one Dandao family in Danxu Town!"

"Unfortunately, I don't know who that young man is."

...

At the same time, Ye Chen and the people of Shenshenmen found a hotel and settled down temporarily.

He naturally didn't know that the so-called Lingyuan was looking for himself. If he knew, he would stay outside the Pill Xu Tower.

The words of the two old men were very clear, Dan Xu Tower was not called Ling Yuan at all.

Judging from the old man's expression, it didn't look like a deception.

I'm afraid that with the passing of time, Lin Qingxuan's Lingyuan has fallen.

As for the breath inside, it should be like a coffin.

Xiaobi had already begun to refine alchemy in the house, and when she entered the area of the Pill Vulture Pagoda, she had learned a lot about the alchemy. This was an opportunity.

She naturally has to work hard.

Old Cui started to practice, and his master Duan Huaian personally guided him.

For so many years, Duan Huaian did not teach his apprentice martial arts, and he was a little owed, so he naturally wanted to take this opportunity to compensate.

As for Ye Chen, he was not worried at all.

He knew very well that the martial arts and combat skills controlled by Ye Chen were far more advanced than what he could teach.

But at this moment, Ye Chen was standing in front of the floor-to-ceiling windows of the room, looking blankly at Dan Xu Tower.

Now that the clues of Lingyuan are gone, we can only find some way to find some energy that can motivate the remaining powerful energy in the reincarnation cemetery.

It's a pity he doesn't have a token, so he can't pass the gatekeeper's level, let alone enter the Danxu Tower.

At Ye Chen's annoyance, a rustling sound came from behind him. Ye Chen turned his head and found that Xiao Huang had woke up for a few minutes and stretched his waist.

"You're too sleepy, I really doubt if you have narcolepsy! Unfortunately, I only know how to cure people's diseases. I really can't help you, such an ancient monster." Ye Chen said with emotion.

Xiao Huang jumped slightly and came to Ye Chen's shoulder: "I don't know, this can only blame my body. After all, every time I use my strength, my body needs a long period of time to repair, not to mention usually not me. What's the matter, of course I am going to sleep."

"Sleep can also make beauty!"

Ye Chen almost spit out old blood!

Suddenly, Xiao Huang's strange pupil gleamed with a faint light, and it stood directly on Ye Chen's shoulder: "I found a good thing, you come with me."

In the next second, Xiao Huang was covered with thunder and lightning, and he rushed out without giving Ye Chen any room for discussion.

Ye Chen's face changed slightly, and he quickly followed out.

Five minutes later, Xiao Huang finally stopped in front of a booth.

Extremely serious!

Chapter 988: Shame!

The booth was huge, with a dozen Dandings in full.

Dan Ding is different in size and material.

Various runes are engraved on these pill pots, and the rank is very good.

If you put it outside, you will definitely be robbed.

But here, it's a little deserted.

After all, the most indispensable thing here is Danding!

The stall owner is a middle-aged man in his fifties with a beer belly, sparse hair, a smile on his mouth, and he looks smart.

Ye Chen picked up Xiao Huang and whispered, "What are you doing so fast!"

The stall owner also said cheerfully: "Little brother, your pet is pretty handsome, especially the eyes, very beautiful, what kind of breed, why have I never seen it in Kunlun?"

As soon as Xiao Huang wanted to speak, Ye Chen covered her mouth tightly.

He knows that if Xiao Huang speaks now, then the whole Kunlun Xu will be crazy!

The talking spirit beast is so immature, and an individual can see that Xiao Huang has ancient blood!

Ye Chen smiled and explained embarrassingly: "My wife, this is brought by my friend from China. It is said that it was born from the mating of orange cats with foreign breeds..."

Xiao Huang trembled a little when he heard these words, and gave Ye Chen a blank glance, apparently thinking that Ye Chen had contaminated its ancient blood.

Especially the word mating makes it extremely unhappy!

It wanted to struggle, but was hugged tightly by Ye Chen.

The stall owner did not see the difference between the two, and suddenly nodded: "I know China, it is a good place. I went out once in more than ten years. There is a place called Jingcheng. There are many beautiful women in Shui Ling, but The spiritual energy is too thin to be suitable for cultivation. Most women do not have the temperament of Kunlun Xu..."

Then he said, with a imaginative smile on the corner of his mouth.

"By the way, little brother, since you have come to my booth, it is also a fate. If you buy something from me today, I will give you a 10% discount!"

The stall owner was obviously a little shrewd and started a business.

Ye Chen just wanted to refuse, but Xiao Huang spread a voice into his mind: "Don't cover my mouth, I won't speak in front of outsiders! Also! The broken Danding that the guy is sitting on, you Can you see? You must take this thing, as for the reason, I will explain to you later!"

Ye Chen glanced at the thing, feeling ordinary, I really don't know why Xiao Huang is so swearing.

Although he was puzzled, he still pretended to look around, and then pointed to Po Ding on the stall owner's body and said: "Boss, the things under you look like something that my grandfather made back then. Unfortunately, after grandpa passed away, that thing is also broken, can you sell it to me as a souvenir?"

The stall owner obviously did not expect that someone would look at the worthless things under him. He quickly stood up and narrowed his eyes: "Little brother, my things are worthless. Are you sure you don't look at the others?"

Ye Chen shook his head: "That's it. I don't know how to make alchemy. It's useless to buy a pill cauldron. It's better to buy one and collect it for fun."

The stall owner is also shrewd: "Little brother, all right, but although this thing is not valuable, it is also very important to me. If you really want to win it, you need at least one high-grade black stone."

Ye Chen frowned. The high-grade profound stone is very valuable. This stall owner is too big to open his mouth. He just wanted to bargain, and Xiao Huang's voice hurriedly sounded: "Don't bargain, just this price, I feel right. The bad breath is coming. Take it down first."

Ye Chen didn't talk nonsense, and directly took out a high-grade profound stone.

The owner of the stall brightened his eyes, rubbed his hands and took the Lingshi, and said: "The little brother, this thing is yours. I like to deal with refreshing people like you."

The stall owner buckled Danding with five fingers, and just about to give it to Ye Chen, a cold voice suddenly sounded: "Sorry, I want this thing!"

A white hand patted directly on the Danding, with a light pressure, it landed firmly on the ground.

Ye Chen turned his head and found that the man talking was the same Cui Ruicheng who had seen him at Luo's house today!

The key is that this guy was asked by his father to retreat, how could he appear here?

Cui Ruicheng glanced at Ye Chen, snorted, and said to the stall owner: "I will pay ten times the price of this kid!"

The stall owner naturally recognized Cui Ruicheng, his face changed slightly, and he said respectfully: "It turns out that it's Cui Shao. If Cui Shao wants this thing, I just give it to Cui Shao directly."

After finishing speaking, the stall owner just wanted to grab the Danding, Ye Chen stretched out his hand, the power of the blood dragon burst out, and directly took the Danding!

"Take my money, this thing should belong to me! How can it be reasonable to give it to others!"

The stall owner's smile solidified, and he stretched out his hand, trying to teach Ye Chen the profound stone in his hand, but was directly shot by Ye Chen.

The stall owner's hands suddenly lost their direction, and the whole person staggered backwards.

Ye Chen directly threw the damaged Danding into the reincarnation cemetery!

throw away! !

From the moment the stall owner took his money, this thing belongs to him Ye Chen!

No one is qualified to accept his Ye Chen's things!

is the same even in Danxu Town!

"Stop!"

Cui Ruicheng's cold voice resounded!

At the same time, a figure stood in front of Ye Chen.

Cui Ruicheng has been immersed in alchemy for more than ten years. He is not too deep in martial arts, and he is barely at the peak of Void Return.

If he spends a little time in the martial arts, the virtual king state is not too difficult.

Facing Ye Chen, naturally he was not afraid.

He didn't look at the broken tripod, but at Luo's house today, Luo Yao suddenly appeared, making his face ashamed!

Luo Yao refused to see herself, but she was with this man!

This is absolutely unbearable for him!

Even in his eyes, Luo Yao is already his woman, who would dare to watch!

will have to pay the price of blood!

He is in Danxu Town and has enough right to speak!

Ye Chen looked at Cui Ruicheng in front of him, with cold eyes: "It seems that you did it on purpose? I remember that I haven't offended you Cui Ruicheng snorted coldly: "Is it not important to me, it is important. Yes, your eyes make me look very uncomfortable, if so, I will dig them out! "

In an instant, Cui Ruicheng moved, **** pointed out, surrounded by a purple light!

Just as he was about to pierce Ye Chen's eyes, Ye Chen shook his head: "Do you really think your realm is your support? Ridiculous!"

Ye Chen stretched out his five fingers, like five steel knives, cutting through the air!

firmly clasped Cui Ruicheng's wrist.

Cui Ruicheng was surprised to find that all her aura and strength had disappeared!

"how is this possible!"

He exclaimed!

He didn't understand how Ye Chen came along this way!

Ye Chen leaned forward with a lunge!

The shoulders are like a giant mountain, and they rush away!

Tieshan!

When the shoulder touched Cui Ruicheng's body, Cui Ruicheng only felt crushed by a violent machine!

"Kakkaka!"

Many bones in his chest are broken!

even spit out a mouthful of blood!

The whole person flew out!

"boom!"

1.8 meters tall, slammed on the many Dan Ding in the stall!

Several Danding tripods shattered.

Chapter 989: Don't you understand?

Cui Ruicheng groaned in pain!

He kept spitting out blood.

Never been so embarrassed!

His pupils were bloodshot, and he covered his chest thoughtfully!

He thought of getting up, but found a coercion over his body!

He is not qualified at all!

That shrewd stall owner's face was even paler!

He didn't even dare to move. He wanted to help Cui Ruicheng, but when he saw Ye Chen, he was completely frightened.

No one would have thought that the Cui family's alchemy genius could not hold up a single move in front of a holy realm kid!

He never thought that this kid was so cruel!

It is a monster!

The key is that this kid is crazy, even the son of the Cui family of the Dandao family dare to move!

This is the heart of Cui Yuan!

Collect hundreds of warriors! Play free!

If you offend the Cui family, that kid will be blocked by the entire Danxu town!

Who can bear Cui Yuan's anger!

"Little beast, you know who I am! You dare to move me, I want to kill you!"

Cui Ruicheng roared, but soon, Ye Chen's bone-chilling eyes fell on him.

Ye Chen said word by word: "If you make trouble for me, I'll be with you at any time. But first think about the price. If next time, it's not as simple as breaking a few bones, but it's killing you!"

After speaking, Ye Chen left directly.

He knew that this matter would not end well, but he was not wrong.

Even if he did it again, he would have such an attitude.

If the Cui family really troubles himself, he is not afraid.

Some things cannot escape.

If it is destined to be a catastrophe in his life, resist it!

Seeing those cold eyes, Cui Ruicheng dared not speak any more in shock.

Although he is arrogant, he is certainly qualified here, but in front of Ye Chen, the gap is too big.

Ye Chen's body was piled with the blood of not knowing how many people, and how many corpses he stepped on, it was not a pill genius who could contend.

After Ye Chen left, the stall owner reacted and quickly helped Cui Ruicheng up: "Cui Shao, what are you doing..."

Cui Ruicheng pushed the stall owner away and swallowed a pill to heal his injuries for a while.

When the injury was completely stabilized, he walked towards the Cui family step by step.

"Good! Good! Good! If you dare to provoke my Cui family, I will let you feel what a real nightmare is!"

...

Ye Chen did not return to the original hotel, he could feel a few pairs of eyes staring at him behind him.

If you go to meet the master and others now, it will undoubtedly harm them.

He opened another room and stayed.

The door was closed tightly. He took out the broken tripod and looked at Xiao Huang with amusement: "It's this thing that caused me a big trouble. Should you explain anything?"

Xiao Huang leaped lightly and arrived at Po Dingzhi, where the power of the **** thunder burst out.

The endless divine thunder instantly wrapped the entire Danding like a big sheet.

Suddenly, under the naked eye, Ye Chen found that the surface of the Danding had begun to fall off.

Then it became completely new under the thunder.

An ancient aura surging out even more.

The whole house was even covered with a scent of medicine.

Ye Chen felt relaxed and happy, and even his understanding of alchemy had deepened a bit.

He was short of breath, staring at Dan Ding, he was sure this thing was extraordinary!

How could the key Xiaohuang discover it!

Xiao Huang sensed Ye Chen's doubts and explained: "My blood is from ancient times, and I have a keen intuition about some ancient things, and my red pupil. I can't tell the specific use, but it was just now. I noticed something, and it felt like... as if I had the power of an unknown prophet."

Ye Chen was startled, his expression a bit strange.

He knew that the small yellow-blue pupils represented the power of the divine thunder, but he never knew the function of the small yellow-red pupils.

It now appears that the ability of the red pupil far exceeds that of God Thunder!

Xiao Huang jumped off Danding and looked at a mural on the periphery of Danding: "Look at this again, don't you think the murals on the surface of Danding are very familiar."

Ye Chen's eyes condensed and landed on the side of the Danding.

When he saw the picture clearly, he grew his mouth, an incredible picture.

Because there is actually a young man in Dandingzhi who is sitting cross-legged, refining the pill!

There is a blood dragon around him!

There are violent flames overflowing between the eyebrows!

Blood dragon!

The unquenchable fire at the center of the eyebrows!

Isn't this **** me!

The key is how can Danding have its own picture?

This is a coincidence!

Xiao Huang took a serious look at Ye Chen and explained: "Some things are not as simple as you think. If I guess right, there is more than one picture like this. It feels like someone is reminding you. what."

"This is the overall situation. From the moment you open the reincarnation cemetery, you are a chess piece in this overall situation."

"You are the most uncontrollable factor, some people want you to win, and some people want you to lose!"

Ye Chen frowned, just about to ask something, but Xiao Huang looked in one direction and said lightly:
"Put the Danding away first, and study it later. Now, I have some trouble, I guess I have to find the door!"

"And it's still no small trouble."

"I went to bed first, a little sleepy."

Ye Chen naturally knew what Xiao Huang's so-called trouble was!

The Cui family must have arrived!

The key is that Xiao Huang is too unjust, shouldn't he face it with himself?

It was the fuse that provoked the whole incident!

When Ye Chen thought about it, a bang came!

The door of the room shattered directly!

Six murderous old men stood outside the door!

Murderous intentions spread!

They stared at Ye Chen, and the cold sword in his hand was directly exposed.

Jianfeng pointed at Ye Chen and blocked all Ye Chen's escape route.

A few seconds later, a young man appeared in Ye Chen's line of sight.

It was Cui Ruicheng Cui Ruicheng saw Ye Chen again, his eyes bursting with hatred!

He dared not continue to approach, hiding behind a few old men, and said to Ye Chen one word: "You are still in the mood to stay in Danxu Town! You know the status of my Cui family here!"

"If you kneel down and apologize now, I will consider giving you a complete body."

Ye Chen remained unmoved, sitting in a chair, playing with a silver needle in his hand, without any panic.

Instead, he said lightly: "It seems that you didn't listen to what I just said, right."

Cui Ruicheng obviously didn't expect it to be at this time, this kid still didn't have any fear.

Is it a fool?

He stopped talking nonsense, and said to the old men around him: "Take this kid! I want to live!"

The elders hadn't moved yet, but Ye Chen took the lead to stand up and walk towards everyone step by step.

"Let your father Cui Yuan come, maybe I can see you one last time."

An indifferent word slowly fell.

Chapter 990: Get me back!

Cui Ruicheng and the six elders never thought that Ye Chen would be so arrogant when he died!

My father is not something that ordinary people can see if they want to!

The key is that this kid is not qualified at all!

He snorted coldly: "Little beast, I really don't understand where your confidence comes from? Do you think it is possible to fight back in front of these powerful men?"

"It's ridiculous that I want to see my father!"

"Do it! Abolish his hands and feet, if you resist, he will kill him!"

Cui Ruicheng has absolute confidence that these six elders are above the Void King Realm!

If so many people can't deal with a kid who enters the Holy Realm, then it really makes people laugh.

As for why he was injured at the peak of the Void Return Realm, it was very simple. He stayed quietly in Dan Dao and didn't dabble in Martial Dao much.

Even the realm is piled up with medicine. In terms of fighting skills, he is naturally not Ye Chen's opponent.

And these six were born for battle, enough to crush everything.

The six elders naturally did not dare to despise them, and a few people instantly surrounded Ye Chen.

The long sword is like autumn water, chilling.

The atmosphere of the hotel room suddenly solidified.

A terrifying murderous intent is condensed in the air, like a pair of invisible hands grabbing towards Ye Chen!

even made him unable to breathe.

The walls on all sides were cracked because of the pressure. Fortunately, the guests and all the staff of the hotel have been evacuated.

There are crowds of people standing outside the hotel. Everyone knows that the Cui family of Danxu Town is going to kill one person here. They are all here to watch the fun!

They didn't have any regrets, but sneered.

Because everyone in Danxu Town knows that some people are destined to be unable to touch and provoke for a lifetime!

The Cui family is one of them!

"kill!"

The six elders shouted angrily, their momentum rose, and they left towards Ye Chen with sword intent.

Killing intent rises, visible horror!

The extremely strong fighting will rush towards Ye Chen like a violent wind!

seems to be able to swallow Ye Chen at any time.

Ye Chen's eyes narrowed slightly, he didn't want to cause trouble, but this matter was destined to never end.

The Cui family is a big local family, this is a bottomless pit.

No matter what, he must completely eradicate this threat today.

A ray of light flashed in his mind, a smile was drawn at the corner of his mouth, and then he took a step forward, the golden light of five fingers flowed, and the light of Buddha spread!

The power of refining the body and the power of the blood dragon burst together!

directly hit one of them.

Now he has stepped half of his foot into the Holy King Realm, and can easily face the Void Return Realm. As for the Void King Realm, he is naturally not afraid.

Ye Chen slammed one of the old men's sword intent.

The vigor of the whole body burst out, and a blood-red light rushed out of the body!

In an instant, the entire hotel room was swept by the violent wind, and the waves were overflowing!

The old man was smashed back on the spot, he couldn't help falling back, his face was full of horror.

He really didn't expect this kid to burst out with such a powerful force.

At the same time, there are five sword intents left, staggered, like a giant net sealing everything about Ye Chen.

is just the formation of sword intent!

If dealing with ordinary people, it is enough to kill.

But when I met Ye Chen, it was a joke!

Ye Chen looked at the scene in front of him and shook his head: "You are not proficient in the game at all, and you want to trap me? Ridiculous!"

The words fell, Ye Chen stretched out a finger and pointed it out suddenly.

The power of the divine thunder twined on the fingers instantly.

Endless thunder and lightning shot from the heart of the finger, and instantly fell on the Jianyi net.

"Boom!"

God thunder spreads, sword intent is shattered!

The hotel room was suddenly turbulent, and the furniture burst into pieces.

Those elders never expected Ye Chen to break their formation so easily!

In desperation, they can only step back one after another, their faces serious!

Looking at the still young man, he was a little excited.

At this moment, Ye Chen is under the strong wind, his casual clothes are snapping, and his aura is very impressive!

Very oppressive!

"Since you want to play the formation, I will also open your eyes! The ancient sky thunder formation!"

Ye Chen roared, his aura was overwhelming, his fingers forced a drop of blood, and he quickly pinched the formula.

even took out sixteen spiritual stones from the reincarnation cemetery!

The spirit stone shot at sixteen different directions in the hotel room and burned instantly. A faint beam of light broke through the hotel and went straight to the sky.

The thunder and lightning surround the beam of light, like a thunder rope one after another, entangled to form a huge thunder array!

even wrapped Cui Ruicheng and the six elders in it.

Cui Ruicheng's expression changed drastically. He never thought that Ye Chen could not only guard against the sky, but also condense the formation with great ease!

He panicked.

"Hurry up and find a way to break this formation! Or, kill that kid immediately! No need to keep your hands!"

"I want you to dig out his heart, then break his bones to pieces, and become a waste person!"

Cui Ruicheng's voice almost growled.

The eyes of the six old men squinted slightly, their eyes were cold, and they knew that this kid was not so easy to deal with.

plus this so-called ancient sky thunder array, absolutely dangerous!

The ancient sky thunder array suddenly erupted, and there was a roar.

is like a beast!

"Gather the blood, break the formation, and kill this little beast!"

"it is good!"

"it is good!"

Six drops of blood were shot out, and the faces of the six were full of madness.

At the same time, the spirit swords in the hands of the six of them also flew out!

The blood touches the spirit sword!

The shadow of the sword condenses in an instant, these six swords seem to be transformed into a galaxy, rushing down.

Make people worship!

Not only that, when he was about to approach Ye Chen, a flame was actually generated.

The flame grew bigger and bigger, and even turned into a sea of flames to surround Ye Chen.

"Dare to play with fire and sword in front of me? Are you sure?"

Ye Chen stepped out, his breath suddenly released!

A flame burst out from the center of the eyebrow The release of invisible coercion!

The flame spreads!

Those seas of flames seem to have seen something terrifying, and fled one after another!

They don't want things to develop like this at all!

Suddenly, an ancient aura enveloped the entire hotel room. Under this violent collision, the overflowing sword aura would instantly turn into a **** on earth.

The sword energy flew horizontally, and the spirit sword that had come towards Ye Chen fell on the ground on the spot.

lost all aura!

Turn into scrap!

"Fuck me back!"

Ye Chen roared, igniting a spell!

The only effect of this magic is to make the spirit sword surrender!

The momentum of spells exploded!

The countless swords that fell on the ground took off and even turned over!

At this moment, to those spirit swords, Ye Chen is respected!

"go with!"

Another sound fell, and the spirit sword moved towards Cui Ruicheng and the six elders!

The river shattered as the sword passed.

The wind roars! Everything swept!

The six old men and Cui Ruicheng were completely stunned, like crazy!

Who would have thought that this kid actually controlled their sword?

how can that be!
