

Valiant Life 1121

Chapter 1121: Imparting knowledge

In a luxurious villa in Shanghai.

In the kitchen, Xu Zi Li and Wu Huan Yue were busy working.

Meanwhile, Wang Ming Yang was shaking his leg as he sat on the sofa, watching the television.

At that moment, Xu ZI Le's voice rang out from the kitchen.

“Ming Yang, is Brother Lin here yet?” This time's gathering was only for the four of them. And the dinner was being prepared by the two ladies. As two big celebrities, if fans were to see this, they would probably in disbelief.

After all, if the fans were to see their idols having to cook personally, they would definitely burst out cursing.

Wang Ming Yang said, “I just called him and he was already at the airport. He should be on the way here now. Oh right, make the dishes more delicious. Don't make a mess. Otherwise, we'll get him to cook instead. His skills are not a joke, they're earth-shattering. If anyone can learn just one of his skills, it would be a big deal.

He really respected his brother's culinary skills. He had to admit that no one in this world could compare to his brother's culinary skills.

However, very regretfully, this brother of his didn't like to cook. If he were to open a restaurant, the whole country would probably go to try his cooking.

Thinking about it, it had been a very long time since he had last tasted his brother's cooking.

Xu Zi Le smiled. “How could we get Brother Lin to cook? Although his skills are good, we're personally cooking today to treat the two of you well. The two of you can just sit and wait.”

In the kitchen, Xu Zi Le and Wu Huan Yue were giggling. Their pairs of snow-white hands were not the least bit sluggish. Instead, they were very agile.

“Huan Yue, I didn’t expect that you would be this skillful,” said Xu Zi Le with a smile, “You’re a big celebrity now. If your fans find out, they would be so surprised that their teeth might fall out.”

Wu Huan Yue smiled brightly. “Sister Xu, in the past, I used to cook for myself. That’s why this is nothing much at all.”

Xu Zi Le chuckled, then leaned closer. “So you can perform on stage, in the kitchen, and in bed. Whoever gets you in the future would be so lucky. Not only can you earn money, but you can also do housework. He could just lie at home all day and be treated by you. How comfortable would that be?”

Wu Huan Yue laughed cheerily. “Sister Xu, aren’t you the same?”

“Me?” Xu Zi Le thought about it. “I’m still far off. I’m together with your Brother Wang all thanks to Brother Lin. If your Brother Lin didn’t approve, I think Ming Yang might have dumped me.”

“How can that be?” Wu Huan Yue’s mouth gaped in disbelief. To her, it was simply not possible.

“You always underestimate the friendship between men.” Xu Zi Le patted Wu Huan Yue’s head. “Sometimes, the feelings between men are even better than those between a man and a woman. I’ve seen many of such situations before. That’s why I’m already tired now. I don’t just have to treat Ming Yang well, I also have to perform well in front of Brother Lin. If someday, Brother Lin says that I’m not good, I would be dumped.”

“That won’t happen. Brother Lin isn’t that kind of person,” said Wu Huan Yue. She had never thought of things this way.

Xu Zi Le chuckled but didn’t carry on with that topic. Her pretty eyes landed on Wu Huan Yue. “Let’s not talk about this. Let’s talk about you.”

“Huh?” Wu Huan Yue’s pink lips opened slightly. Her hands stopped moving as she turned her head. “Sister Xu, what’s there about me to talk about?”

“Hehe, you’re still pretending in front of your Sister Xu,” Xu Zi Le laughed. She put on a look as if she was very experienced in this regard. Then, she took a look outside before saying softly, “Do you want Sister Xu to help you tonight?”

“Help...help me?” Wu Huan Yue’s face turned pink as if she had thought about something.

Xu Zi Le nodded. “That’s right. Tonight, Sister Xu is throwing caution to the wind. I don’t usually drink wine but Sister Xu likes you. And I heard from Ming Yang that this Brother Lin has caught the eye of quite a number of people. Sometimes, a lady has to be more spontaneous. Just do it in one go and you won’t have to worry about anything else.”

Wu Huan Yue lowered her head so much that her head was almost buried in her chest. She didn’t know what to say anymore. She felt as if Sister Xu was going a little too far.

“Don’t be shy. I think you’re pretty good now. You have fame and you have the looks. And your figure is great. Your only weakness is that you don’t have as much time as other people.”

“In relationships, the most feared thing is time. Time can defeat everything else. Even if there are deep feelings, time can cause two people to become estranged,” said Xu Zi Le.

Wu Huan Yue had been a little shy at first but when she heard Sister Xu say these things, her snow-white ears perked up as if she was listening very attentively.

“Sister Xu, actually, I can give up everything that I have now.”

Her voice was soft but it was a form of declaration.

“Silly girl. Why would you give up everything? You can’t throw away your career. You could give up your career for a man but that man might not even care. That’s why Sister Xu is telling you that a woman has to have her own career. This isn’t a burden but a kind of advantage,” said Xu Zi Le.

Wu Huan Yue was taken aback by Xu Zi Le’s words. She asked curiously, “What do you mean?”

“Men who are serious about work are very charming. Then do you know what women who are serious about work are?” asked Xu Zi Le.

Wu Huan Yue shook her head. She was a little confused. “I don’t know.”

“They are subduing.”

“???” Wu Huan Yue had a look of confusion on her face. She didn’t understand what Sister Xu meant at all.

Xu Zi Le looked outside again before saying, “Let me tell you that this subduing effect is very mysterious. Do you know what your Brother Wang likes?”

“What is it?” Wu Huan Yue felt as if she was going to find out something incredible.

Xu Zi Le leaned close to Wu Huan Yue’s ear and spoke softly. When Wu Huan Yue heard her words, her ears instantly turned red.

“Brother Wang... He...he has such a fetish?” Wu Huan Yue felt as if her view of the world had crumbled.

“This isn’t a fetish. This is the subduing effect, understand? Otherwise, why do you think Sister Xu always brings those costumes back after filming every show? Those are all for him,” said Xu Zi Le, “That’s why you can’t give up this career. As long as you manage your time well, it will not be a problem.”

“But let’s go back to the main topic. Tell your Sister Xue. Have you made your decision yet?” asked Xu Zi Le.

Wu Huan Yue looked at Xu Zi Le and lightly bit her lips. She was a little nervous and a little afraid.

Suddenly!

The soup in the pot started boiling up. The soup was about to spill over.

“Ah, Sister Xu, the soup is going to boil over.” Wu Huan Yue was momentarily stunned.

Xu Zi Le saw it and said, “I said so much to you that I forgot about the pot.”

Knock knock!

“Ming Yang, open the door. I’m here.” At that moment, a voice came from outside.

Wang Ming Yang immediately stood up and walked to the door. Then, he shouted, “Those in the kitchen, hurry up. He’s here.”

Chapter 1122: I’m going all out tonight

“Brother Lin is here. Let’s speed up.” Xu Zi Le started getting busy. Then, she nudged Wu Huan Yue. “Don’t worry, I’m here.”

Wang Ming Yang opened the door with a face full of smiles. “Ah, you’re finally here. I nearly died waiting for you.”

Lin Fan glanced at him and said, “You nearly died waiting? I was so busy that I nearly died.”

“How does it feel?” Wang Ming Yang smiled. He was fully convinced. His brother had gone from Shanghai to Beijing to suppress the opposition, then come back in a hurry. Flying back and forth like that was pretty awesome.

Lin Fan rolled his eyes. “What do you think? If I make you fly back and forth, how would you feel? I spent most of today on a plane. Enough talk. Let me go in for a rest. I’m dying of fatigue.”

“Please, please go in, big shot. It’s not easy to have a big shot come and visit. If I didn’t arrange this in advance, I wouldn’t have been able to meet you,” said Wang Ming Yang with a laugh as he quickly took a pair of slippers for Lin Fan.

Lin Fan put on the slippers, then looked left and right. “You really know how to enjoy life. What a big house.”

Wang Ming Yang said helplessly, "Brother, I don't have much of anything. All I have are houses. I've told you that I wanted to prepare a luxurious one for you but you still insist on a rental apartment. Now you're saying that I know how to enjoy life. Sometimes, I really want to give you a beating."

Lin Fan went into a fighting stance. "Come. I'll give you the chance right now."

"Don't. I was joking. I don't want to go to the hospital. Wang Ming Yang waved his hand quickly. His brother's power was terrifying. If he were to fight against his brother, he would definitely end up crippled.

"Hehe," Lin Fan started laughing. Then, he sniffed the air. "It's fragrant. I'll go and see what there is to eat."

But very soon, a voice came from the kitchen.

Xu Zi Le pushed Lin Fan out of the kitchen. "Brother Lin, don't come in. Only Huan Yue and I should be inside. Go and have a chat with Ming Yang. It will be ready soon."

Lin Fan sighed, then shrugged. "They're not letting me in. But this is pretty good too. I'll have a good taste of the two celebrities' culinary skills today."

On the sofa, Wang Ming Yang gestured with his hand. "Come here. Have some tea. Let's have a chat."

The two of them sat there, drinking tea.

"Ming Yang, how is the laboratory going?" Lin Fan was rather concerned about this matter. It wasn't just a task. It was, more importantly, a way to help the children who had become disabled.

There were many of the welfare institute's children who were still in wheelchairs. And although some of them didn't need wheelchairs, they had missing arms. They weren't the same as other people.

Wang Ming Yang nodded. “You don’t have to worry when I’m taking care of it. As long as it’s related to you, I’ll put aside everything else. Since it’s a laboratory, it has to have the highest quality. Everything must meet the standards. But let me ask you something. Do you really have confidence in this?”

“Mmm.” Lin Fan nodded with a smile. “Of course I have confidence. In other words, I’ve already finished researching. I’m just waiting for the lab to be done.”

“But this time, let me tell you the truth. I’m handing this project to you but I’m also going to collaborate with the government at the same time.”

Wang Ming Yang was taken aback. “Brother, why do you want to collaborate with the government? If that’s true, it would change things greatly. You could become one of the wealthiest people alive if you don’t collaborate with the government.”

Lin Fan smiled as he waved his hand. “Ming Yang, we’ve known each other for so long but you still think that I’m someone who values money? If I value money that much, do you think I would still be running my shop at Cloud Street? Do you think my net worth would still be as it is now?”

“That’s true,” Wang Ming Yang said and nodded. He knew that his brother didn’t think much of wealth. Otherwise, with his abilities, he might have become the wealthiest person in the country by now.

Leukemia, anorexia, etc. If other people had discovered those prescriptions, they would probably use any one of them to become the wealthiest in the country.

These weren’t just blind words. There were so many people in the world and there were so many sufferers. If one seized control over one of these prescriptions and distributed it in small doses, his or her wealth would inflate exponentially.

If he or she were to establish a listed company, its stock value would definitely soar.

Hence, if his brother were to really value money, he would be able to earn money at such a speed that Wang Ming Yang wouldn’t even be able to catch up.

Moreover, Wang Ming Yang didn’t believe that his brother was only capable of conquering these few diseases.

“I’ve already thought it through. Right now, your property business isn’t going too well, is it? Start this on the side and collaborate with the government. Let the government promote it in full force to help those less-fortunate people be changed back to normal.”

Lin Fan wouldn’t forget about Ming Yang. Since there was something like this, he had to let Ming Yang have some benefits.

Wang Ming Yang nodded. “Alright, I’ll listen to you. I’ll do whatever you say. Anyway, since I’ve gotten to know you, I haven’t had to think too much.”

“Good brother.” Lin Fan patted Wang Ming Yang’s shoulder. “Don’t worry. With me around, I guarantee that no one will bully you.”

“Cheh. With my current status, who would dare to bully me?” Wang Ming Yang would not accept those words.

Lin Fan laughed. “Have you forgotten what happened in Beijing? That person who got forced to drink like an idiot, wasn’t that you?”

When Wang Ming Yang heard that, he was speechless for a moment. “Brother, could you not bring up past incidents? I was young and unknowledgeable. I wouldn’t do that now.”

“Wow, you were young and unknowledgeable? It was just last year. You’ve matured so much already?” Lin Fan wasn’t giving him face at all. But thinking back, it was really quite funny. Wang Ming Yang had gotten so drunk and he had puked very disgustingly. Then, Lin Fan thought of something and immediately took out his phone.

“Come. I’ll show you something good.” Lin Fan sneakily took out his phone, then placed it in front of Wang Ming Yang’s face.

“F*ck. Brother, hurry up and delete it.” Wang Ming Yang saw the photo on the phone and his expression changed drastically. How could that person in these photos be me?

He was lying there motionlessly with puke all over his body.

Another photo showed him on the hotel bed, naked. Those were dark times.

“Haha, I won’t delete it. This is wealth. Next time, if I lack money, I’ll sell these photos to the reporters. It would earn me some money,” Lin Fan laughed as he hid his phone.

Meanwhile, Wang Ming Yang had pounced on Lin Fan. His hands were going everywhere as he tried to find the phone on Lin Fan’s body.

“F*ck. Ming Yang, don’t touch me like that...”

“Give it to me.”

“I won’t.”

“I’m begging you.”

“It’s useless to beg. You were the one who did it.”

At that moment, Xu Zi Le and Wu Huan Yue came out from the kitchen. When they saw this scene, they were stunned.

“What are you two doing?”

Two grown men were tangled up together. This scene was rather blinding.

Lin Fan quickly shoved Wang Ming Yang away. “Stop trying to snatch it. You won’t be able to get it. Hurry up and eat. If you are capable enough, get me drunk and this phone will be yours.”

“I’ll definitely make you drunk tonight.” Wang Ming Yang took a deep breath as he prepared to go all out.

Chapter 1123: Tonight, you two will kneel

At the table.

Wu Huan Yue sat next to Lin Fan.

“The appearance, fragrance, and taste are all complete. It really tastes pretty good,” said Lin Fan praisingly. The six dishes and soup were very plentiful. Also, he had to admit that these two ladies’ skills were really pretty good.

“Thank you for the praise, Brother Lin. This is the result of us working for the whole day,” said Xu Zi Le with a smile. Then, she picked the bottle of red wine. As she was about to open it, she hesitated for a moment, then she put it down. Instead, she took out the white wine.

“Let’s drink white wine instead today. These dishes would clash with red wine.”

Xu Zi Le was all smiles as she opened the bottle of white wine and she filled everyone’s cups.

Lin Fan looked at his wine glass, then measured it with his finger. “This is going all out. With so much in one glass, it’s easy to get drunk. I have to be careful.”

Right now, with his Wuxia class of knowledge, he would be fine no matter how much he drank.

“What? Are you scared?” said Wang Ming Yang as he looked at Lin Fan.

“Alright, alright. Since it’s like this, let’s do it. I’m not afraid. But if you guys get drunk, don’t blame me for now taking care of you,” said Lin Fan. Then, he looked at Wu Huan Yue and said, “Huan Yue, you shouldn’t drink. You’ll still have to sing. This wine isn’t good for your throat.”

Xu Zi Le nodded. “Yeah, Huan Yue shouldn’t drink. Let us drink with Brother Lin. But it’ll be fine if Huan Yue drinks a bit of red wine.”

“It would help to add to the fun.”

She placed particular emphasis on that final sentence.

Thinking back to what they had said in the kitchen, Wu Huan Yue's face turned red. Then, she sneaked a glance at Brother Lin. When she realized that he didn't look peculiar, she let out a breath of relief.

"Come, let's have a toast."

At that moment, Wang Ming Yang raised his cup. He looked at Lin Fan with challengingly as if to say 'I'll take it as my loss if you can walk out of here peacefully tonight.'

"Ming Yang, you really want to play for real," said Lin Fan with a smile.

"What do you mean by that? It's just a casual drink," said Wang Ming Yang. He looked at his cup and his heart felt a little weak. If he were to drink this much in one go, he'd definitely be in trouble. He could only drink a small sip.

"Alright, then let's have a drink." Lin Fan smiled. He didn't argue with Wang Ming Yang. Drinking was about adding to the atmosphere. If they were to get drunk, it would really be meaningless.

Wang Ming Yang looked at Lin Fan. "Those songs you wrote for Huan Yue are getting waves of good comments. Their sales are much higher than the previous albums."

"That's because Huan Yue's voice is good too." Lin Fan nodded. You must be joking. Those songs were from the Encyclopedia. How could they be average?

Moreover, he only picked from the golden songs.

Wu Huan Yue giggled happily. She had incomparable faith in Lin Fan. Also, she knew that all those songs were good songs. They couldn't be compared to those typical pop songs.

"Brother Lin, I'll drink to you as well." Xu Zi Le smiled as she raised her wine glass. As she looked at Wu Huan Yue from the corner of her eyes, she let out a small grin.

Lin Fan said, "Are you two taking turns to try and get me drunk today?"

“Brother Lin, what do you mean by that? How could there be something like that?” Xu Zi Le laughed. Then, she kicked Wang Ming Yang under the table.

Wang Ming Yang instantly came to his senses. “Come on. We’re just beginning. You can’t be done already, right?”

Lin Fan smiled and didn’t say much. He immediately took another gulp of wine. He already knew how tonight’s dinner would end up.

Wang Ming Yang and Xu Zi Le would have to kneel tonight.

Wu Huan Yue sat by the side as she occasionally placed some food on Lin Fan’s plate. As she saw the two of them getting Brother Lin to drink nonstop, she couldn’t quite bear it.

However, just as she spoke, Xu Zi Le interrupted.

After three rounds of drinks.

Lin Fan’s face was still calm. He hadn’t changed at all.

On the other hand, Wang Ming Yang and Xu Zi Le’s faces were both red and they looked a little drunk.

“Brother Lin, how do you feel?” Xu Zi Le asked. She hadn’t expected Brother Lin’s alcohol tolerance to be so high. It wasn’t the same as before.

In the past, she had drunk with Brother Lin before. She knew that Brother Lin’s alcohol tolerance was just average.

But now, it was already the second cup and even she had started to get muddle-headed. However, Brother Lin still looked perfectly fine.

Lin Fan shook his head, then rubbed his head. “I’m a little muddle-headed. If I drink a bit more, I’ll really be drunk.”

Wang Ming Yang waved his hand. "Since you've come tonight, you're not going anywhere. Just stay here tonight. I have lots of rooms here and you can choose any of them. Let's go for another round of drinks."

"Alright then. Let's drink another round," said Lin Fan with a smile.

These two were obviously trying to get him drunk. But that was good. He was going to let the two of them experience true terror.

"Brother Lin, you don't have to drink too much," said Wu Huan Yue worriedly. However, she saw that Brother Lin's face hadn't changed at all. Instead, Sister Xu and Brother Wang were all red and they looked slightly drunk. The way they spoke was not like how they had been at first.

Moreover, their conditions were still constantly changing.

"Brother, I have to tell you that I've never really admired anyone in my life as much as I admire you. Let's drink," said Wang Ming Yang with a smile. He then flicked his head as he cursed in his heart.

He wondered how could his brother drink this much? When he just got to know him, he couldn't even drink a few bottles of beer. Why does it seem like he wasn't affected at all?

Lin Fan smiled. "This is just beginning. In the future, you'll have a lot more chances to admire me. But Ming Yang, if you can't drink anymore, you should stop. It wouldn't feel good if you drink too much."

Wang Ming Yang waved his hand. "No. I'm happy today. Even if I'm drunk, I'd still be happy. But you mustn't take photos of me."

"Yeah. Even if we get drunk, we'd be happy," said Xu Zi Le.

However, she was just as shocked as Ming Yang.

She had also realized that something wasn't right. They were taking turns to drink but they still couldn't get Brother Lin drunk. Could the wine be fake?

But it's not possible. If it is fake, why are the two of us drunk?

It must be that some people just don't turn red when they're drunk. Brother Lin must actually be drunk too.

Right. That must be the case.

After thinking it through, Xu Zi Le started drinking freely as well. For Huan Yue, she was going all out.

As a celebrity, she attended many banquets. If she couldn't tolerate alcohol, she wouldn't be able to make it.

Another three rounds of drinking passed.

"Lalalala..." Wang Ming Yang started singing. Moreover, he was singing strange things and he was laughing idiotically every once in a while.

Lin Fan blinked a few times. "Are you okay?"

"Ah. I'm okay. Why wouldn't I be? Let me rest for a moment. We'll continue in a while." Wang Ming Yang was weak and powerless as he waved his hand.

Xu Zi Le had her head lowered. She was so drunk that she didn't want to talk anymore. She seemed to be thinking about something. In reality, her head was spinning and turning. She was so dizzy that it was hard to take.

Wu Huan Yue quickly poured three glasses of water.

"Sister Xu, Brother Wang, drink some water," said Wu Huan Yue.

Xu Zi Le placed her hand over Wu Huan Yue's shoulder. Her eyes squinted as she said, "Huan Yue, let me tell you. Tonight, Sister Xu said she will help you, so she will help you. Trust Sister Xu, okay?"

Wu Huan Yue was embarrassed. "Sister Xu, you drank too much."

"No. I'm fine. This bit of alcohol isn't even enough to warm me up. I'll drink again in a bit." Xu Zi Le waved her hand. She probably didn't even know what she was talking about anymore.

Lin Fan looked at the time. "It's getting late. Let's end this here for tonight."

Chapter 1124: Take this

"End? Why is it ending so quickly?" Wang Ming Yang suddenly responded with a face of confusion. His head was starting to throb.

Lin Fan looked at Wang Ming Yang and started laughing. "If we don't end it, what do you want to do?"

At that moment, Lin Fan stood up and supported Wang Ming Yang. Then, he looked at Wu Huan Yue. "Help them to the room and let them sleep. They're already so drunk."

"I'm not drunk." Wang Ming Yang allowed himself to be supported by Lin Fan but he still continued talking.

Lin Fan nodded. "Yeah, you're not drunk. You're not drunk at all."

"I'm really not drunk. Wang Ming Yang's feet felt as if they were floating. But with Lin Fan's support, he was very stable.

"Yep. No one said that you were drunk. Go and have a good sleep." Lin Fan didn't want to talk to a drunk person. No matter what he said, it would be useless.

By the next day, he wouldn't be able to remember it.

“Why would I sleep? I’m not even drunk. Let’s continue drinking.” Wang Ming Yang laughed maniacally.

“Alright. We’ll continue drinking in your room,” said Lin Fan with a smile. He didn’t care about what Wang Ming Yang said and just supported him into the room.

When Wang Ming Yang laid down on the bed, all his energy seemed to dissipate instantly. He closed his eyes as he laid there as if he had found a very comfortable place.

At that moment, Wu Huan Yue supported Xu Zi Le into the room as well.

Xu Zi Le gestured with her hand. “Huan Yue, isn’t Sister Xu a good friend?”

“You are. Sister Xu is a great person.” This was Wu Huan Yue’s first time taking care of a drunk person. She felt that Sister Xu was completely different from usual.

“Mmm. That’s good. Listen to your sister tonight. Go and sleep with Brother Lin, alright?” said Xu Zi Le with a sill laugh. She had no idea of her surroundings.

When Lin Fan heard that, he was f*cking stunned. They’ve been drinking all this time just for that?

When Wu Huan Yue heard that, her cheeks turned as red as a baboon’s butt. She hadn’t expected Sister Xu to say such a thing so bluntly.

“Sister Xu, you’ve drunk too much,” said Wu Huan Yue hastily. She couldn’t let Brother Lin have any misunderstandings.

“I didn’t drink too much.” Xu Zi Le waved her hand. “How could I have drunk too much? Answer me. Sleep with him, okay?”

“Sister Xu, go to sleep,” Wu Huan Yue quickly said.

Xu Zi Le seemed as if she wouldn’t go to sleep until she received an answer. “Once you say it, I’ll go to sleep. If you don’t say it, I won’t sleep.”

At that moment, the situation left Wu Huan Yue at a loss for words.

Wu Huan Yue looked at Brother Lin and realized that Brother Lin was smiling as he looked at them. Her face instantly turned red as if she had been humiliated.

“Just get her to sleep first. They’ve both drank too much,” said Lin Fan with a smile.

Wu Huan Yue nodded. “Okay.”

Once she said that, her cheeks immediately turned rosy with embarrassment.

Xu Zi Li laughed. Then, she dragged Wu Huan Yue to the bedside and opened the drawer. She rustled her hand through the drawer as if she was looking for something. Finally, she managed to find it.

“This is for you. You have to protect yourself. Before you are ready, you mustn’t let anything happen.”

When Wu Huan Yue saw the item in Sister Xu’s hand, her cheeks became even redder.

It was a condom.

Then, she didn’t say more. She quickly took it. If she didn’t take it, who knew what else Sister Xu would say?

At that moment, Xu Zi Le laid down on the bed and fell asleep.

“Let’s go out. We’ll let them have a good rest,” said Lin Fan. He had seen what that item was. He really felt helpless about these two people.

They were already so drunk but they were still thinking about that.

He switched off the lights and closed the door.

Outside.

Wu Huan Yue didn't know what to say. "Brother Lin, I... Sister Xu..."

"It's nothing. Alright, Let's clean up the table." Lin Fan looked at the table full of dishes and shook his head helplessly. He hadn't thought that, after coming here as a guest, they would be the ones clearing the table.

"Mmm." Wu Huan Yue immediately nodded. Her heart was thumping furiously.

Soon after, everything was done.

Lin Fan looked at the time. It was already 1 AM. It was a little late. "Huan Yue, I'll send you home."

"Mmm." Wu Huan Yue nodded as if she didn't know how to say anything else.

If Brother Lin said that we should stay here and sleep, what would I say? Or what would I do?

They went outside.

A cold breeze blew past.

Wu Huan Yue stood there and said, "Brother Lin, you've drunk alcohol. I think it's better if you don't drive."

"It's fine. I'm perfectly fine," said Lin Fan. With the Wuxia class of knowledge, how could there be a problem? Right now, there wasn't any alcohol in his body at all.

But Wu Huan Yue didn't know that. She still shook her head. "No. You've consumed alcohol so you can't drive. Let's get a taxi."

"Alright then, we'll get a taxi." Lin Fan nodded. He didn't want to speak more about this. He knew about the situation but Wu Huan Yue didn't.

The two of them walked side by side. Wu Huan Yue had her head lowered all the way and didn't say a single word.

Lin Fan spoke, "Has your work been tiring lately?"

"It's not tiring. Everything has been pretty good," said Wu Huan Yue.

"Mmm. If you're tired, you should rest for a few days. Work will never be finished but your health is very important," said Lin Fan.

"Mmm."

By the road, the two of them stood there. Very soon, a taxi stopped in front of them.

Wu Huan Yue went to sit behind. Then, Lin Fan went to the back seats as well. He told the driver the location and the car started to move.

The driver looked at the two of them. Because it was dark, he couldn't see very clearly. However, he felt that it was strange. In the middle of the night, they were actually changing locations. What an interesting couple.

Lin Fan looked at the scenery outside. He was a little tired.

At that moment, Wu Huan Yue seemed to muster up a large amount of courage as she extended her hand and placed it on Lin Fan's arm.

Lin Fan took a look and chuckled but didn't say anything.

Wu Huan Yue's heart was thumping heavily. Then, she leaned her head against Lin Fan's shoulder and closed her eyes. She felt everything around her become silent.

This was the first time she was so close to him.

She felt excited and perhaps a little happy.

It was a very long journey.

But to Wu Huan Yue, time seemed to pass very quickly and they reached in just a while.

Lin Fan got off the car. "Sir, please wait a moment. I'll send her upstairs and I'll come back down."

"You really want me to wait?" asked the driver. He was really curious. You aren't going to stay the night? You still want to go somewhere else?

"Yep. Please wait a moment. It'll be fast," said Lin Fan.

Wu Huan Yue said, "Brother Lin, I can just go up myself."

Lin Fan waved his hand. "It's fine. I'll send you up."

Then, the two of them walked towards the corridor.

The driver looked at their back views and shook his head. "How strange. There are all kinds of people nowadays. I can't figure out what young people are thinking these days."

Upstairs.

Wu Huan Yue smiled as she said, "Brother Lin, I'll go in now."

Lin Fan nodded. "Mmm. Rest early. You must be really tired today."

Wu Huan Yue shook her head. "I'm not tired. I'm very happy."

"Haha. That's good. Alright, rest early. The driver is waiting downstairs." Lin Fan waved his hand and left.

After Lin Fan left, Wu Huan Yue lowered her head and looked the condom that had been tightly gripped in her hand and was already covered in sweat. At that moment, who knew what she was thinking about?

Chapter 1125: Becoming a detective

The next day. In the morning.

At a luxurious villa.

Xu Zi Le woke up in a daze. She sat on the bed with her head lowered and didn't regain her senses for a long time. It was as if she was thinking about something.

Her gaze shifted to the drawer beside the bed. It was open. The condoms inside drew her attention.

"What happened last night?"

She couldn't figure out what had happened. However, she had a feeling that something very serious had happened.

Suddenly!

A loud scream rang out.

"Ming Yang, wake up, quick!" Xu Zi Le shook Wang Ming Yang.

The previous night, Wang Ming Yang had gotten wasted as well. Even now, he was still in a daze. "Wife, what is it? I'm really tired."

"No. Something bad happened last night. I think I said something extreme to Huan Yue." Xu Zi Le recalled bits and pieces of memories from the previous night and was trying to piece them together.

Wang Ming Yang was startled for a moment as he recalled the incident. “What is it? What happened between him and Huan Yue? Did they do it?”

Flapping sound

Xu Zi Le flung open the bedsheet. “Let’s go. Follow me to take a look outside. If something happened, I would be able to tell.”

“Alright.”

Wang Ming Yang didn’t think much before getting up. He hadn’t even gotten out of his clothes before going to sleep the previous night.

In the living room.

Xu Zi Le saw the clean dining table and was immersed in thought. “The table has been cleaned up. This isn’t right. When their emotions are raging, how could they think about cleaning up the table? Could they have cleaned it up this morning?”

“Brother, are you here?” Wang Ming Yang shouted in the living room but no one replied. “Let’s go. Let’s take a look upstairs.

The first room hadn’t changed at all.

The second room hadn’t changed at all either.

When Xu Zi Le looked at the third room, she felt that something wasn’t right. “This isn’t right. How could there be nothing at all? Could it be that nothing happened?”

Wang Ming Yang was confused as well. But when he saw Zi Le sprawl on the bed, he was curious. “What are you doing?”

“I’m smelling it. If something happened, there’ll definitely be a smell.” Xu Zi Le sniffed but there weren’t any strange smells. Then, she looked closely at the pillow and the bed. “There aren’t even any hairs. It can’t be that nothing happened, could it?”

“It can’t be. Brother Lin drank so much wine too. How could he have been able to control himself?” Xu Zi Le had taken on the role of a detective as she analyzed the situation.

Wang Ming Yang said, “You could just give Huan Yue a call and ask about yesterday, couldn’t you?”

“How can I do that? How can I ask a lady so directly? Can’t you call Brother Lin to ask?” said Xu Zi Le.

Wang Ming Yang looked at the time. “It’s still too early. But okay, I’ll call him to ask.”

He had gone all out the previous night to drink with his brother but in the end, he didn’t even know what had happened.

When he woke up, things were already in this state.

The call got through.

Wang Ming Yang smiled as he said, “Brother, did last night feel good? Did anything happen?”

Xu Zi Le rolled her eyes at Ming Yang. His words were really crude.

Lin Fan: “What’s wrong with you, calling me at six in the morning? I’m still sleeping at home.”

“Ah, don’t be angry. Are you alone or are you with someone?” Wang Ming Yang asked anxiously.

“I’m alone. Do you think I don’t know about your evil schemes? I’m hanging up. I’m going to sleep.”

Clatter!

Wang Ming Yang shrugged. “Looks like it didn’t happen. He’s sleeping at home.”

“Huh?” Xu Zi Le was stunned. “It can’t be. Even that didn’t work? But I feel like I said something last night that’s making me anxious right now. No. I have to give Huan Yue a call and ask her indirectly.”

Very soon, the call was over.

Xu Zi Le sighed, “Sigh. Looks like it’s not the fated time yet. Huan Yue has already gotten up to exercise. And I realized that something’s a little wrong with Huan Yue. It’s as if I really said something bad last night.”

“But I just can’t remember what I said.”

Wang Ming Yang shook his head. “Forget it. We’ll just let them be. We can’t help anyway. If we force it and something bad happens, it would be hurting them.”

Xu Zi Le nodded. “Mmm. That’s true.”

Cloud Street!

9 AM.

Lin Fan appeared on time. Regarding the previous night’s incident, he was helpless. Wang Ming Yang and his wife are too much. Just to get me drunk, they went all out to drink with me.

Don’t they know who I am? Am I someone who would get drunk so easily?

Every day, the townsfolk who came to Cloud Street to queue for the scallion pancakes were neverending. When they saw Little Boss, the townsfolk were very excited.

“Little Boss is here.”

Lin Fan smiled and waved at the crowd. Then, he looked at Fraud Tian. “Have the numbers been given out?”

Fraud Tian replied, "I gave them out long ago. We're just waiting for you."

Very soon, the ten servings of scallion pancakes were prepared. Then, he sat on the chair and rested. Recently, he had been very tired.

However, when he unlocked his phone, he realized that he had successfully gone on the trending list once again.

'Master Lin subdues the Beijing association. The association president changes his order on site.'

'The shocking Master Lin. Can anyone still stop him?'

Zhao Zhong Yang looked at his phone as well. "Brother Lin, this time, the news is really extreme. These comments are all explosive."

The netizens.

"Haha, this is too awesome. A single person subdued the entire Beijing association. This kind of thing can only be done by Master Lin."

"Yeah. I'm shocked. How f*cking awesome can he get? Look at the situation at the scene. It's really a tragic sigh."

"D*mn. The Shanghai association is really lucky to have Master Lin as the Vice-President. In the future, who would still dare to be impudent to Master Lin?"

"That's right. I don't even know what to say about that Vice-President Jiang. Even I felt pity for him when he was screaming miserably on the ground but who would have thought that he would stand up like normal right after Master Lin left? That was completely an act!"

"Hey, this is strange. Why isn't anyone coming out to criticize him? This move by Master Lin has a huge impact. Are those big shots really not going to flame him?"

“Flame my a*s. Master Lin said it very clearly on Weibo. He would go against whoever flames him. Do you think those famous people would still dare to flame Master Lin?”

“D*mn. That’s f*cking awesome.”

It was just as the netizens had said. When some famous people saw this situation, they had really been prepared to flame Master Lin. To them, the severity of this matter was way too high.

But when they saw Master Lin’s post on Weibo, they all resisted the urge.

You must be kidding me.

This guy will really go against us.

If he comes to us and has a direct confrontation with us, we wouldn’t be able to take it.

Chapter 1126: A big bunch of geniuses

Lin Fan didn’t really care about the news on the Internet. Those people could say whatever they wanted.

This matter had already passed, what was the point of thinking about it? He wondered what President Niu would think if he saw this.

However, he felt that President Niu wouldn’t think much. After all, it had already happened. There was no use in saying anything more.

“F*cking awesome.” Fraud Tian looked at Lin Fan and was speechless. He could only raise his thumb to express that he had given in. He wouldn’t give in to anyone but he had to give in to this guy. It was really too incredible.

Lin Fan had said that he would subdue the association and he had really done it. He hadn’t given them any respect at all.

Lin Fan waved his hand and acted humble. This is nothing. I don't even care about it.

Ding ding!

At that moment, his phone rang.

When Lin Fan saw the phone display, he was a little helpless but he still answered.

"Ming Qing, what is it?" Lin Fan had no words for this student of his. This student definitely wanted to research some prescriptions again.

On the other end of the call, Zhao Ming Qing laughed very candidly. "Teacher, it's been a long time and you have to be well-rested by now. Should we start researching some other prescriptions?"

Cough cough! Lin Fan coughed. "Ming Qing, your teacher has been busy with something big lately. I have to resolve this matter before I can research prescriptions with you. Otherwise, if my focus is divided, it would have a very negative impact."

Zhao Ming Qing was stunned. Then, he suddenly became excited. If teacher says it's a big matter, it couldn't be something simple.

"Teacher, what's this big matter?"

Lin Fan pondered for a moment and decided not to hide the truth. He started talking about the prosthetic limbs.

When Zhao Ming Qing heard this, he was stunned. It was as if he didn't dare to believe it.

"Teacher, could this be true?"

To him, this was no longer a matter that had to do with medicine. It was several levels deeper.

“Of course it’s true. Did you think it’s fake? Let me tell you that if this is successful, it would be a great thing. Don’t you think that this is very important?” said Lin Fan with a grin.

He had really given in to this student. His student was even more immersed in Chinese medicine than him. But it was a good thing. With that learning ability, becoming a top Chinese medicine master would definitely not be a problem.

Zhao Ming Qing nodded. “Mmm. This is a big matter. It really is. If teacher is successful, it would be a great thing for everyone.”

“Teacher, your student shan’t disturb you then. Please carry on working.”

Lin Fan smiled. “Alright. Take care of yourself. You have to strike a balance between work and rest. Don’t overwork yourself.”

After hanging up, Lin Fan heaved a sigh of relief.

Then, he thought about it and started laughing. Right now, he didn’t have much to do, so he decided to go to the welfare institute.

The welfare institute was now undergoing construction. The construction of the apartment building was under Wang Ming Yang’s charge, so he didn’t have to worry at all.

And the teachers of the welfare institute had very high morale too. Every day, when they came to the welfare institute and saw the apartment building that was under construction, they didn’t even know what to say.

Perhaps it was a kind of anticipation.

They had already told their families about this. However, their family members didn’t believe them. After all, how could there be such a good occupation in this society? It not only offered high wage and benefits, but it also provided free accommodation. Just thinking about it, it seemed impossible.

When they sent photos of this apartment building’s construction to their family members, they received replies of disbelief. Hence, they didn’t say much more. They trusted Master Lin. Once the construction is complete, everything would be made known.

Because of this, they put in even more effort into the children's education.

The welfare institute.

"Master Lin, you're here." Director Huang had worked here for a very long time. She had given her life to the welfare institute. Now that the welfare institute was getting better and better, she was very happy.

Lin Fan smiled. "Mmm. I'm here to see the children."

"The children are having lessons in the classrooms. I'll accompany you to take a look."

Lin Fan nodded. He wanted to take a look at the children's situation. Recently, he had been too busy outside and he had neglected the welfare institute a little.

When they reached the outside of the classroom, Lin Fan heard what was being said inside. At that moment, he was stunned. What are they teaching now?

Why does it seem like junior high knowledge?

It wouldn't have been a big deal. However, the children inside were only seven or eight years old. Some were even five or six.

"Director, this is...?" Lin Fan had to admit that he was shocked. He felt that it was a little inconceivable.

"Master Lin, I'll leave this to the teachers to explain to you." The director had been shocked at first too but she had already gotten used to it. "Teacher Zhou, please come out for a moment."

Teacher Zhou, who had been teaching the children, saw Director Huang outside and gestured to the children as she said, "Students, your teacher has to attend to something. Continue reading your books for now."

“Yes, Teacher,” the children responded in unison. Then, when the children saw who was outside, they started crying out, “Uncle Lin is here!”

“Uncle Lin...”

Lin Fan waved at the children inside, then smiled as he leaned on the window. “Read your books obediently.”

“Yes.”

The children liked Lin Fan very much. They seemed to know that they were able to live such lives all thanks to Uncle Lin.

“Master Lin,” Teacher Zhou came in front of Lin Fan and greeted him very respectfully.

Lin Fan said in a surprised tone, “Teacher Zhou, are the children learning so quickly? This knowledge that you’re teaching them seems to be junior high knowledge, isn’t it?”

When he brought that up, Teacher Zhou had a look of disbelief as well. After experiencing the children’s learning speed, she realized that geniuses really existed in this world. And if these geniuses worked hard too, it was really terrifying. It was at the limit of terror.

“Master Lin, these children are really too smart. Initially, we were just going to teach the children Hanyu Pinyin and some simple addition and subtraction. But in just half a day, the children managed to understand all that. Moreover, they were able to deduce many things from what we taught. They could even understand addition and subtraction no matter how big the numbers were.”

“Also, they’ve gotten very skilled in Hanyu Pinyin. Later on, we began teaching primary school programs but in just over ten days, they understood all of it already. These children would read their books when they have nothing much to do after lessons.”

At this point, Teacher Zhou’s expression had changed dramatically.

Lin Fan was pondering in his heart. Could the perfect-grade little intelligence pill really be so perverse?

This learning speed is way too fast.

“Master Lin, we’re teaching them English, maths, and Chinese. And when we explain new knowledge during the lessons, the children absorb it exceptionally quickly. They understand it once we explain it and their deduction skills are amazing too. They would be able to understand any related knowledge. If I wasn’t personally teaching them, I wouldn’t dare to believe this. These children are all geniuses.” The more Teacher Zhou spoke, the more stirred up she became. It was as if she had seen a ghost.

Chapter 1127: This is my biggest wish

Hearing Teacher Zhou say all of that, Lin Fan was elated. It seemed that he was really incredible. Those perfect-grade little intelligence pills had created a big bunch of geniuses.

These children were still young. If they were to keep absorbing knowledge, they would become amazing.

This was what Lin Fan wanted to see the most. For those children to become the most amazing people in the world.

Teacher Zhou thought for a moment before saying, “Master Lin, actually, there’s something that I want to say.”

“Mmm, say it then,” Lin Fan replied curiously after seeing that Teacher Zhou’s expression was a little strange.

“Actually, these children are all very smart. We’ve thought about it. Perhaps within a year, all the things that we know will be learned by these children. When that happens, if you have to hire more knowledgeable teachers, we definitely won’t be against it,” said Teacher Zhou.

“You’ve all discussed this?” Lin Fan was surprised. He asked with a smile.

Teacher Zhou nodded. “Mmm. We talk about it sometimes. Everyone is thinking about it. These children are really too smart. If we teach them, we would be holding their talent back.”

Although they all wanted the apartment building very much, they couldn't only think about that.

In this short period of time, they had realized that these children were all very pitiful. However, the children had met Master Lin, who took them in, giving them the best environment, the best education, and care.

As teachers, they couldn't stubbornly insist to stay just for their own benefit and just for the apartments.

Just as Teacher Zhou was thinking about all this, she realized that Master Lin had placed his hand on her shoulder.

"Teacher Zhou, I can tell you clearly and very surely that that won't happen. No matter how fast the children learn and how talented they are, I won't be bothered. Because it doesn't matter to me how incredible the children are."

"You are all people that I've chosen. I have faith in all of your morals and the children like you all very much too. The biggest reason I hired you all was not to help the children reach a great academic level. It was because I wanted you all to put your hearts into caring for the children. To let them become understanding and to help them develop a good view on life."

"That's why I won't dismiss you because of this. Instead, I hope that you all can rest assured as you work in the welfare institute. Don't change jobs. The children have already recognized you all. If you change jobs, the children would be very saddened."

Lin Fan had chosen these people from a large group of applicants back then. He really hadn't been particular about knowledgeability.

After all, there had been numerous applicants back then who had high academic qualifications and were very knowledgeable. There had been many applicants who were more impressive than those he had chosen.

However, in the end, he had still passed on them.

Director Huang smiled as she stood by the side. “Master Lin is right. Back then, there were so many academically qualified applicants but Master Lin didn’t pick them. That’s why knowledgeability is not the most important. What’s important is character, morals, and way of thinking.”

Lin Fan smiled. “Director Huang understand me after all.”

Director Huang was delighted. “I’ve worked in the welfare institute my whole life. How could I not know what Master Lin is thinking? In the past, the children of the welfare institute have grown up and committed crimes outside. Some of them have gone out to become hooligans and gangsters. This was all because of problems that we had in our education back then.”

Teacher Zhou looked at Master Lin as if she hadn’t expected Master Lin to say those things. She had not thought of that at all.

Lin Fan said, “Teacher Zhou, after the class, relay what I said to the group. Get them to teach the children well. If your knowledge is insufficient, it’s fine. Since the children are so smart, the teachers and the children can merge together and discuss new topics. In the future, you will learn together and improve together. Wouldn’t that be great?”

Teacher Zhou nodded. “Master Lin, I understand.”

She had really not expected Master Lin to say such things. It was probably something that she would never hear from those education leaders in her entire life.

Right now, although schools often talked about their attention to moral education, what really happened? Every teacher valued academic results the most.

Teachers would keep saying that this student had good results or that student had good results and they would praise them for it.

However, they would never say that this student has great morals.

Students with poor results were bad students.

Students with good results were good students.

If there was a dispute, it was definitely the student with poor results who was at fault.

This kind of logic was commonly seen. Moreover, it was gradually becoming more common.

“Mmm. It’s good that you understand. Don’t feel too burdened. It’s not a problem at all. But I’d like it if you all can place more emphasis on moral and ideological education. I don’t want the children to go out into the world in the future and become problematic people. I don’t need them to become big contributors to society but I just don’t want them to cause harm to society.”

Lin Fan spoke with a smile.

Director Huang nodded silently by the side, expressing her agreement with Master Lin.

After being the director for so many years, she had experienced many things.

In the past, she had seen outstanding children in the welfare institute as well. The welfare institute had spent a lot of effort so that these children could receive the best education as well.

These children had grown up receiving praise.

Later on, those children had gone out and indeed became very accomplished. However, they had never seen those children again. And they had never come back to the welfare institute.

Instead, those children who had always been naughty and playful would come back for a visit every year even after leaving the institute. Although they couldn’t provide much help to the welfare institute, at least it was a sort of gratitude towards the welfare institute.

Teacher Zhou nodded. “Don’t worry, Master Lin. We will definitely take note of that.”

“Alright. I’ll be going in front to take a look,” said Lin Fan softly. He had only seen the first two classes and there were many more classes he hadn’t visited.

As for these children, if the outside world were to discover about them, it would probably attract a large wave of reporters.

If that were to happen, those talent development centers or talent groups would start appearing.

However, Lin Fan didn't want such things to happen. Although he quite liked appearing in the headlines, he wished for the welfare institute to continue peacefully and quietly.

He went to the classrooms one after another.

The children were all studying seriously inside. Lin Fan even saw a student recite a two-thousand-word essay fluently without stopping for a moment. The student had completely memorized it.

At that moment, Lin Fan understood.

The perfect-grade little intelligence pill was really incredible. And the children's brains were in development.

With the little intelligence pills' effects, their brains had probably reached the limits of intelligence.

Chapter 1128: It's just splashing some water and you're dilly dallying

After going around, Lin Fan nodded very contently. The atmosphere right now was really great.

Director Huang was accompanying him. "Master Lin, do you feel like the welfare institute is different now?"

Lin Fan nodded. "Mmm. It is really different now. This is all thanks to everyone's combined efforts."

Director Huang said with a laugh, "Master Lin, it's actually mostly your efforts. If it wasn't for you, the welfare institute wouldn't have become what it is today."

"Recently, I've been working on something. If it succeeds, those children who have been missing these will be able to become like normal people again," said Lin Fan as he pointed at his arms and legs.

Director Huang looked at Lin Fan as her expression slowly changed. “Master Lin, you mean...”

Lin Fan nodded. “Yep. Don’t worry. It will be realized very soon.”

“Master Lin, could it be really different from those prosthetic limbs that are already on the market?” Director Huang asked eagerly. Her biggest worry was actually those children with missing limbs.

Sometimes, when she looked at them, her heart would feel very uneasy.

“Those on the market?” Lin Fan laughed mysteriously. “Director Huang, I shan’t tell you for now. When they come out, you’ll know.”

Director Huang decided not to pursue any further. However, she was looking forward to it very much. She trusted Master Lin very much, so she didn’t doubt him at all.

After all the incidents that had happened before, she could tell that Master Lin was a very responsible person. No matter what he did, he would do them to perfection.

For example, a place like the welfare institute was not something that could be improved overnight. It had to be built up slowly and patiently over a long period of time.

Up until now, Nanshan Children’s Welfare Institute had gone through a long and arduous road but now, everything was great and it was developing in a good direction.

To Director Huang, those prosthetic limbs on the market couldn’t compare to real limbs at all. They were completely incomparable.

These were high-tech things.

Although Lin Fan didn’t understand it either, the knowledge that the Encyclopedia imbued him with was no joke.

Ding ding!

At that moment, his phone rang.

“Zi Le, what is it?” Lin Fan hadn’t expected Xu Zi Le to call him.

Xu Zi Le spoke very softly, “Brother Lin, could you come to Ming Yang’s company?”

Lin Fan was startled. “What’s wrong?”

He couldn’t figure what was going on. It was even a little mysterious.

Xu Zi Le: “Just now, a group of very fierce people came. Ming Yan’s expression was a little unpleasant. That’s why I want to ask Brother Lin to come and take a look.”

“Alright, I’ll come right now.” After hearing that, Lin Fan left the welfare institute without saying another word.

He didn’t want to ask too much over the phone. If there was no problem, he could treat it as a casual trip. However, if there was a problem, he had to be there.

Eastern Han Group.

Upstairs.

Xu Zi Le stood outside. And by her side was Wang Ming Yang’s secretary.

“Sister Xu, do you think there’ll be a problem?” asked the secretary softly. There was a slight bit of worry on her face. The people who had just come looked very fierce and they made her a little afraid.

Xu Zi Le didn’t know what was going on either but she said calmly, “I think it won’t be a problem. I just called Brother Lin and he’s already on the way now.”

When the secretary heard that Master Lin was coming, she heaved a sigh of relief. That Master Lin was really f*cking awesome. If he were to come, there definitely wouldn't be any problems.

In the conference room.

Wang Ming Yang was sitting there, looking at the man in front of him with a dignified expression.

That man had one leg placed over the other. He had an air of arrogance as he looked at Wang Ming Yang with a disdainful look. Then, he started playing with his phone.

“Chief Wang, I'm here. Tell me what you want to do with me,” said Chu Shen calmly.

Behind him were several big men. They seemed like bodyguards.

Wang Ming Yang didn't say anything. He hadn't expected to have drawn in such a big character.

The young master of Huaizhou's Chu Family. In Huaizhou, the Chu Family's business empire was huge. It could be said to dominate the whole of Huaizhou.

Wang Ming Yang didn't have much of a relationship with Chu Shen but they had an argument on a business forum.

Because Wang Ming Yang had been too rash, he had directly scolded the opposite party, saying ‘If you stand in front of me, I'll beat you up until you look like a pig.’

He hadn't expected the opposite party to come all the way from Huaizhou just because of those words.

“What's wrong? Why is the fiery and arrogant Chief Wang suddenly not speaking? Didn't you say on the forum that you were going to beat me up until I look like a pig? Why don't you dare to say anything now that I'm here?” Chu Shen stood up and walked around the table to Wang Ming Yang's side. He placed both hands on the table as he said, “Say something, Chief Wang.”

Wang Ming Yang looked at him with a dignified expression. In his heart, he was thinking about how to resolve this.

“What exactly do you want?” asked Wang Ming Yang.

He wasn't afraid of trouble. But the opposite party's status was rather high.

Chu Shen picked up the cup from the table and waved it around in his hand. “Chief Wang, do you think I'd dare to splash this water on your face?”

Wang Ming Yang looked at him and knew that this wouldn't be resolved easily.

Wang Ming Yang, you're really disappointing. Where's the bravery you had on the forum? If it was me, I'd definitely beat you up until you looked like a pig. As for this cup of water, I don't care what you say but I'd definitely dare to do it.” Chu Shen placed one hand on Wang Ming Yang's shoulder. “Do you know why? That's because of a difference in our power. Do you understand?”

Clatter!

“A difference in power? How much power?”

At that moment, the conference room door was pushed open.

“Why are you here?” Wang Ming Yang was confused as he saw Lin Fan come in. But when he saw Xu Zi Le holding her phone outside, he understood.

Lin Fan came to Wang Ming Yang's side and swatted Chu Shen's hand away. “I just came for a visit. I didn't expect to see this.”

Then, he looked at Chu Shen. “You were saying whether you dared to splash the water on my brother's face. I actually want to see how you do it. Splash it then.”

Chu Shen looked at who had come. He had not expected it to be Master Lin at all. There weren't many with his status who didn't know about Master Lin.

“Master Lin, I don't think this has to do with you,” said Chu Shen in a calm tone.

Lin Fan nodded. “Yep. It has nothing to do with me. But this master wants to know if you dare to splash the water. Ming Yang, hold your head steady. Let him splash the water.”

At that moment, the big men behind Chu Yuan came over. They looked at Lin Fan alertly. They were all martial artists and they were much more powerful than those association people. They practiced genuine kung fu.

However, they knew about that incident at Kunlun Mountain. This Master Lin was a true master. It wouldn't take him long to destroy them.

Chu Shen said, “Master Lin, are you going to meddle into this?”

“Give me the water.” Lin Fan extended his hand.

Chu Shen hesitated for a moment before passing the cup over. At that instant, he felt his face become wet.

Lin Fan splashed the water on Chu Shen's face. Then, he placed the cup on the table.

“It's just splashing some water and you're dilly-dallying.”

Chapter 1129: Brother is f*cking awesome

Wang Ming Yang looked at his brother in astonishment. He hadn't expected his brother to splash water on the opposite party's face without hesitation.

The opposite party was the young master of Huaizhou's Chu Family, the future inheritor of a huge business empire.

Even though Wang Ming Yang had become very reputable in Shanghai, it was difficult for him to go against this person.

Initially, when this person had come, Wang Ming Yang hadn't known how to resolve this. As for submitting to the opposition, he definitely wouldn't do it. Even if he were to lose his whole fortune and become bankrupt, he would never submit to anyone.

"Ming Yang," Lin Fan spoke.

"Yeah?" Wang Ming Yang looked at Lin Fan, wondering what his brother had to say.

"I have to say this. He brought a few people into your territory and you let him bully you? In the future, when you come across such situations, there's no need to think twice. Just teach him a lesson first before you do anything else. If anything happens, you still have me, don't you?"

Lin Fan shook his head helplessly. This brother of his had gotten nervous so easily. The opposition had come into his brother's territory but his brother was actually a little frightened. That wasn't his style at all.

Chu Shen stood rooted to the ground as if he was dumbfounded. It seemed as if he couldn't believe that this guy would dare to do such a thing to him.

"Master Lin, you've gone overboard."

He growled in a deep tone. A flame had burned up in his heart. He had a kind of indescribable fury in him. As Huaizhou's Chu Family's young master, he was a business emperor in Huaizhou. Who knew how many people's lives revolved around him?

Even some leaders would be extremely respectful towards him.

Because one word from him could affect these leaders' careers.

No matter where he was, he would be treated as a high and mighty being.

"Overboard? You must be joking with me," said Lin Fan with a laugh. He would never care about anyone's status. He wasn't bothered at all by how capable this person was.

Wang Ming Yang had wanted to tell his brother about this guy's background and identity. However, he felt that he would make his brother lose face if he were to say it, so he resisted the urge.

Also, he was prepared. If some kind of big problem were to arise out of this, he would bear the responsibility together with his brother.

The bodyguards behind Chu Shen looked at Lin Fan. If it had been an average person, they would've made a move on him long ago. But now, they didn't dare to do anything at all because the person standing in front of them was a publicly recognized master in the martial arts world.

This Master Lin had even been called the chief of the martial arts circles at the exchange meet at Kunlun Mountain.

Lin Fan looked at Chu Shen's enraged expression and couldn't help but laugh. "Tell me. Why were you looking for my brother?"

Chu Shen wiped the water from his face. He didn't divert his gaze at all as he stared straight at Lin Fan. His expression gave off a sense that he was not giving in.

"Master Lin, you really are amazing. Are you not going to give me any face at all?"

He didn't answer Lin Fan's question as he spoke in a cold tone.

He knew that this Master Lin was quite capable. Although he had no money and authority, he had a great influence on the Internet and on the society.

"What do you mean by 'face'?" Lin Fan asked curiously. Then, he looked at Wang Ming Yang. "Ming Yang, he says that I should give him face. What do you think this 'face' means?"

Wang Ming Yang looked at Lin Fan as his heart started thumping. His brother was going all the way this time. However, to him, this felt f*cking great.

This Chu Shen was a big shot who had come here and acted impudently. Wang Ming Yang had actually been suppressed by the opposition and hadn't known what to do. However, his brother had come and put the opposition back in his place.

Awesome. This feels way too awesome.

But this feels a bit like I'm bullying others using my relationship with my brother. Cheh! What am I thinking? That's not it. It's just that my brother is f*cking awesome and I'm basking in some of his light.

"I don't know. How much does this 'face' cost? Give me one of those," said Wang Ming Yang with a chuckle. He looked at Chu Shen proudly as if to say 'Come at me. If you dare, come at me. With my brother here, I'm not afraid of you.'

To Chu Shen, this proud expression was really infuriating.

"You guys..." Chu Shen clenched his teeth furiously. His eyes seemed like they were emitting flames. "Master Lin, you've gone overboard. Do you really think you can act lawlessly as long as you're in Shanghai?"

"That's right. You're right. I can act lawlessly in Shanghai and you can't do anything about it," Lin Fan spread his arms open and said in a helpless tone.

When Chu Shen looked at Master Lin, he had an urge to viciously beat Master Lin up but he resisted it.

He wanted to reason with Master Lin right now but Master Lin was playing around with him.

The situation had suddenly changed.

He could play around with Wang Ming Yang as he liked.

But as for this Master Lin, he felt helpless. It was as if he had no idea where to even start.

"Master Lin, you run a shop along Cloud Street. You..."

Before he could finish, Lin Fan interrupted.

“What is it? Are you going to buy the whole of Cloud Street and chase me away? Go ahead. If you have the money, please buy it, boss. I don’t mind. But I wouldn’t be able to guarantee that you would be able to buy it,” said Lin Fan with a slightly regretful tone.

Chu Shen’s face turned completely red. Just as he wanted to say something more, one of the bodyguards behind him leaned over and whispered.

“This Master Lin is not simple. He’s very strong. We can’t win against him in a fight. Chief, let’s go.”

Hearing that, Chu Shen became even more furious.

“Not simple? Do you think he dares to hit me?”

Slap

Just as those words were said, a crisp slapping sound rang out.

At that instant, the scene turned completely silent.

Wang Ming Yang’s eyes gaped wide open as he stared blankly at Lin Fan. He hadn’t expected his brother to really make a move.

Meanwhile, those bodyguards were stunned as well. They stood rooted to the ground and didn’t know what to do. Their boss had just been hit.

Lin Fan flicked his hand. “What a cheap person. Why did you have to challenge me?”

“You...” Chu Shen turned his head around and glared at Lin Fan with a maniacal look. “You actually dare to hit me.”

“Why wouldn’t I dare? Ming Yang, why is he here?” Lin Fan looked at Wang Ming Yang and asked.

Wang Ming Yang was still in shock. “He came to see if I dare to beat him until he looks like a pig.”

Lin Fan nodded. “That means he came to ask for a beating. And now he’s asking me if I dare to hit him?”

Then, Lin Fan went forward, extended his hand and patted Chu Shen’s cheek. “Kid, let me tell you this. Ming Yang is my brother. If you bully him, you’re bullying me. Anyone he wants to beat up is someone I want to beat up. You asked him if he dares to beat you until you look like a pig. I’m telling you now that he dares. And he’s not the only one that dares. I dare too. So, is there still anything you’re unhappy about?”

Chapter 1130: What kind of f*cked up elevator is this?

At that moment, the place was totally silent. No one spoke.

There was only that deep breathing sound which emanated through the conference room.

Chu Shen’s face was completely red as he stood there. There was a limitless rage in his eyes as he glared at Lin Fan. He hadn’t expected things to turn out like this.

“We’re leaving!”

At that moment, Chu Shen growled in a deep tone. He felt that he had suffered an immense humiliation. It was hard for him to take it but, over here, he felt powerless. Hence, he decided to leave this place before thinking of a plan.

Seeing the opposite party walk away, Lin Fan said anxiously, “Wait a minute. What are you doing? Your face hasn’t become like a pig’s face yet. Why are you leaving already? Aren’t you going to stay and wait for your face to become like a pig’s face?”

Chu Shen shot Lin Fan a cold stare before pushing the door open. When Xu Zi Le and the secretary, who were waiting outside, saw his red face, they were given a scare.

What exactly happened inside? Why is his face so red? Could it be that there was a problem?

Bam!

As Chu Shen passed the lounge area, he saw a coffee table and couldn't resist flipping it over. It was as if the fury in his heart needed to be vented out.

Just as he reached the elevator entrance, a voice rang in his ears.

"Stay right there. Pay for it." Lin Fan had walked out with Wang Ming Yang. When he saw that Chu Shen had broken the glass coffee table, he immediately spoke.

"Hmph," Chu Shen grunted coldly and ignored him. Then, he walked towards the inside of the elevator.

"I'm giving you one last chance. Pay up." Lin Fan's voice suddenly became cold. His expression was no longer a playful one. It had become very stern.

When Chu Shen's rage-filled gaze interlocked with Lin Fan's gaze, his heart trembled as if he was being stared down by a lion.

It was as if things would end up very badly if he didn't pay up.

"Here." Chu Shen had no other choice against Lin Fan's gaze. He took out some money from the black bag in his bodyguard's hands and tossed it on the ground.

The way he tossed it was casual and arrogant. It was as if he was tossing it to a beggar.

The elevator doors slowly closed.

But suddenly, they opened up again.

Lin Fan had pressed the elevator button. He stared coldly at Chu Shen. "I'm giving you one more chance. Pick up the money and pass it over obediently. Otherwise, I guarantee that you will definitely leave this place looking like a pig."

When the bodyguard saw this, he hastily went forward and wanted to pick up the money. However, Lin Fan's words made him stop in his tracks. "It's useless for you to pick it up. I want him."

The bodyguard was stunned. Then, he looked up. "Master Lin, our Chief Chu is..."

Lin Fan waved his hand. "Don't talk to me about that. Today, even if he's the emperor, he has to pick up the money and pass it over obediently."

The bodyguard looked at Chu Shen helplessly. He had no choice anymore. Perhaps other people wouldn't know what kind of personality this Master Lin had but how could he not know?

Things that had happened in the past, despite how long ago they had happened, had been drilled into his heart. He couldn't offend this Master Lin. He really couldn't.

He could easily recall all those past incidents in Qingzhou and in the Northeast.

It could be said that Master Lin was a vicious person. Although he was all smiles when he appeared on the Internet, when he truly displayed his ferocity, he was really terrifying.

"Master Lin, don't go overboard. Let me tell you this. You can protect him for now but you can't protect him for life. Don't go overboard today and I won't take it to heart." Chu Shen felt a tremendous humiliation. He had never felt this way before.

If his friends were to see this, they would die laughing.

Wang Ming Yang stood there motionlessly. His brother was resolving this matter, so he didn't need to say anything.

"Even if you don't take it to heart, I've already taken it to heart. Pick up the money and pass it over obediently. Then, I'll let it be. But if you don't do it, I can play with you slowly," said Lin Fan coldly.

Chu Shen just stood there and stared at Lin Fan. After a long while, he finally couldn't take it anymore. He walked out of the elevator and picked up the money. Then, he went in front of Wang Ming Yang and passed the money to him.

"This is for you."

With great difficulty, these four words came out from Chu Shen's mouth.

Lin Fan let out a smile and his hands relaxed. "Alright, have a safe trip back. If you have another argument with my brother again in the future and you want to know if he dares to hit you, you are welcome to come to Eastern Han Organization. I'll be waiting."

The elevator doors closed.

In the elevator, Chu Shen couldn't resist bursting out, "B*stard. This Lin has gone overboard. I won't leave it just like that."

"I can't take this kind of humiliation."

Bam!

Chu Shen slammed his fist on the elevator wall. A loud rumbling sound rang out.

The bodyguards stood behind him with their heads lowered, not daring to say anything.

Suddenly, because of that punch, the elevator came to an abrupt halt. The light inside dimmed.

"What's this? What's going on?" When the furious Chu Shen saw this, he was stunned. Then, he started grumbling, "What kind of f*cked up elevator is this? How can it just suddenly stop?"

The rage in his heart was hard to contain. Then, he kicked the elevator doors.

When the bodyguards saw this, their expressions instantly turned fearful. They immediately tried to restrain him. "Chief Chu, you can't kick it. We're in the elevator. If it falls, it would be really bad."

“We’re on the eighteenth floor, right?”

“This...”

When Chu Shen heard those words, his heart trembled. If the elevator were to fall, their bodies would definitely be crushed and they would die instantly.

“Is anyone there? Open the door! Open the door!”

“Why did the elevator stop?”

Outside.

Lin Fan grinned as he said, “Ming Yang, the elevator has suddenly stopped.”

Wang Ming Yang was still in shock. “This lift can’t be punched and kicked. Otherwise, it will respond by stopping.”

“Let’s go. We’ll go down and ask for another compensation,” said Lin Fan.

Then, they took the other elevator down.

Wang Ming Yang had a dumbfounded look on his face. He had no idea what was going on today.

He felt that all this was too unreal.

Xu Zi Le and the secretary just stood there. Their hearts were slow to react. They had been standing outside and didn’t know what had happened inside at all.

But looking at the situation, it seemed that something huge had happened.

That person who had appeared fearsome at first had come out of the conference room with a red face. It was as if he had been beaten by someone.

Moreover, that person seemed to be very fearful as he faced Brother Lin. This made Xu Zi Le mutter in her heart. What the heck happened in that conference room?

Downstairs.

Wang Ming Yang called the technical staff over.

The technical staff took a look and said, “Chief Wang, this is an emergency stop. It will be fixed in a moment.”

Lin Fan waved his hand. “There’s no hurry. Fix it slowly. Use the speaker in the elevator to tell them that the lift is spoiled because of them and it needs to be repaired.”

The technical staff was stunned. Then, he nodded. Master Lin’s relationship with Chief Wang was not average. Of course, he had to do whatever Master Lin said.
