

Valiant Life 1151

Chapter 1151: Twent...twenty...

Regarding what would happen next for the artificial limbs, Lin Fan wasn't bothered anymore. He would leave this matter to Wang Ming Yang and Secretary Chen.

All he had to do was to check with them once in a while.

Cloud Street!

Lin Fan was idling in the shop. The discussions on Weibo had been very intense during this period of time. Since the perfect artificial limbs had come out, those specialists had all shut up.

That specialist who had said that he would streak naked had deleted his Weibo account. It seemed as if he had disappeared from the Earth.

At that moment, the task completion notification sound came.

"The Artificial Limb Task has been completed.

Lin Fan was no longer alarmed by this task completion sound. After all, he felt that he already knew everything now. Actually, it didn't even matter whether or not he could unlock a new task.

However, it still felt pretty good to have tasks waiting to be completed.

"Unlocking the twent...twenty...twenty..."

Lin Fan was dumbfounded. He didn't quite understand what was going on. Just f*cking unlock already. Why are you getting stuck? Is this some kind of secondhand good?

Suddenly, the Encyclopedia's notification sound rang out again.

“What’s the point of unlocking even more knowledge? A bachelor doesn’t need any knowledge.”

“Task: Make your life complete. Unlocking the Encyclopedia’s Super Dzogchen knowledge.”

“Reward: Encyclopedic Points +100.”

“Current Encyclopedic Points: 10250”

Lin Fan was stunned. He couldn’t figure out what the Encyclopedia meant. What the heck is this task?

He really couldn’t understand.

Are you discriminating against bachelors? Lin Fan cursed in his heart. He felt that this Encyclopedia was mocking him. Otherwise, why would it be unwilling to unlock a new task for him?

But what exactly did it mean by ‘make your life complete’? Lin Fan really couldn’t understand.

“Forget it. Since I can’t understand it, I’ll just ignore it.”

Lin Fan was very open-minded. Anyway, he didn’t long for the new classes of knowledge as he had before.

Right now, things were already very good. He was enjoying life and doing meaningful things. His life had become purposeful.

However, this Encyclopedia actually couldn’t bear to see him being single. It seemed to be worried about his love life.

“Brother Lin, what’s going on?” Wu You Lan asked curiously. She realized that Brother Lin’s expression seemed to change. But she didn’t know what was going on.

Lin Fan waved his hand. "It's nothing. I was just thinking about something just now and I was immersed in thought."

"Oh." Wu You Lan only half-believed him at first. However, she thought that nothing bad had happened recently, so she decided to trust Brother Lin's words.

At that moment, Wu You Lan suddenly thought about something. "Brother Lin, you were saying that we should go on a vacation. I've already picked a location!"

"Oh, where are we going?" asked Lin Fan curiously.

"Haojiang!" declared Wu You Lan with a bright smile.

"Er...!"

Lin Fan was stunned. It was as if he hadn't expected this. Then, he said to Wu You Lan, "Why did you think of going to Haojiang?"

He had gone there once and he hadn't thought about going there a second time.

Wu You Lan said with a thin smile, "I've added Yun Xue Yao as a friend on QQ, so she knows that we're going on a vacation. She spontaneously invited us to visit her!"

"Hey, are you guys going to Haojiang?"

At that moment, Liu Xu appeared out of nowhere. Her slender figure was at the entrance of the shop, preventing the light from entering.

"D*mn. Did the Sun rise from the West today? I didn't think that even our Chief Liu would suddenly appear here at Cloud Street."

Lin Fan was astonished to see Liu Xu. He felt that it didn't make any sense.

Liu Xu glanced at Lin Fan and said, "What? Can't I come to Cloud Street?"

“Sister Liu.” Wu You Lan immediately went forward upon seeing Liu Xu. She giggled as she grabbed Liu Xu’s arm, appearing to be very warm and intimate.

“If you guys are going to Haojiang, I want to go with you too,” said Liu Xu.

Lin Fan felt that this situation had turned very strange. “Why do you want to go?”

Liu Xu said helplessly, “No particular reason. My old man is coming to look for me. I don’t want to see him. He probably wants to matchmake me again. It’s annoying. I want to go out and relax a little.”

Wu You Lan said with a smile, “Actually, Sister Liu isn’t the only one who wants to come. I even called Huan Yue to join us.”

Lin Fan had not expected that Wu You Lan had invited so many people. It seemed that this vacation was going to be quite interesting.

“Alright then. The more the merrier. When are we going to leave?” asked Lin Fan curiously.

“The day after tomorrow!” said Wu You Lan with a face full of smiles. It was as if she felt an indescribable joy because they were going for a vacation.

“Alright then. We’ll leave the day after tomorrow.” Lin Fan thought about it and thought that he didn’t have anything to do anyway. It would be fine to leave in two days.

“Mmm. Since it’s already confirmed, I’ll come back to look for you guys the day after tomorrow. I’m leaving now.” Liu Xu waved her hand as she walked away on her high heels towards her car.

Fraud Tian chuckled. “This is great. I’ve been working here so long and I can finally go on a vacation.”

Zhao Zhong Yang was all smiles as well. “When we go, I’ll do nothing else but broadcast our vacation.”

Nighttime.

Lin Fan and Wang Ming Yang had arranged to meet at a certain place. The two of them were drinking beer and having a barbeque.

“What? You’re going on vacation?” Wang Ming Yang was taken aback when he heard that. “D*mn. Why did you pick such a time to go? Then wouldn’t I be unable to go?”

Lin Fan shrugged helplessly. “That can’t be helped. You just won’t be able to go.”

“Brother, you didn’t even notify me earlier. Right now, I’m overwhelmed with work because of the artificial limbs. You guys are going for a vacation while I’m busy working in Shanghai. How pitiful!”

Wang Ming Yang felt completely helpless. He really wanted to go but he couldn’t leave right now. He had many things to do every day.

Lin Fan smiled, then suddenly thought of something. “Ming Yang, I think it’s about time that you and Zi Le get married.”

“Why is that?” Wang Ming Yang was curious.

“No particular reason. I just read your fortune and saw that you could get married and Zi Le could become pregnant this year. Next year, your child would be born. It would be the year of the Dog. It’s pretty good. Think about it,” said Lin Fan.

Lin Fan had indeed seen that Wang Ming Yang and Xu Zi Le were suitable to marry this year.

Wang Ming Yang took a gulp of beer, then said, “About that, I’ll go back and ask her. Zi Le has hinted to me as well but I haven’t been thinking about it. Now that you’ve said it, I feel that I should really think about it.”

Lin Fan smiled. “Alright then. Let’s not talk about that for now. Let’s drink. Don’t worry, I’ll send you home tonight.”

“What? Don’t you know who I am? Do you think that you can get me drunk?” said Wang Ming Yang.

“We’ll see.”

Chapter 1152: Why are you blowing the air?

In the early morning, Shanghai was very quiet, especially on the small streets. It felt cold and lonely.

Lin Fan answered the phone. “Mmm. I’m here. It’s alright, I didn’t get drunk. I’m sending him back now.”

Xu Zi Le was worried, so she made this call. When she found out that Ming Yang had gotten drunk but Lin Fan wasn’t drunk, she felt that it was strange. Did Brother Lin even drink?

Or has Brother Lin’s alcohol tolerance really risen to such a scary level?

“I’m not drunk.” Wang Ming Yang was stumbling as he walked. But with Lin Fan supporting him, he didn’t fall.

Lin Fan felt helpless as he saw Wang Ming Yang’s pitiful state. Previously, Wang Ming Yang had been so energetic but he had gotten drunk so quickly. It really left Lin Fan helpless.

“Are you alright? I told you not to challenge me but you just had to. Now it feels bad, doesn’t it?” said Lin Fan with a chuckle.

“F*ck. I don’t feel bad at all. Let me go and puke for a moment,” Wang Ming Yang rambled. Then, he leaned on a tree and puked.

Lin Fan shook his head as he patted Wang Ming Yang’s back and helped to release some of the alcohol in his body. However, Lin Fan didn’t make Wang Ming Yang completely sober. He wanted to let Wang Ming Yang suffer a little.

After this lesson, Wang Ming Yang wouldn't dare to challenge him again. If Lin Fan didn't teach him this lesson, Wang Ming Yang might continue to act impudently to him in the future.

"Brother, do you smell something?" Wang Ming Yang suddenly mumbled.

"I do." (Boxno vel. co m)

Lin Fan smelled something strange as well. It was as if there was something burning.

"Help!"

At that moment, on a building far away, someone was screaming from the window ledge. And behind that person was a blazing fire.

"F*ck. Brother, there's a fire!" Wang Ming Yang cried in shock.

Lin Fan looked over. It was at least on the tenth level. This fire seemed quite vicious. He looked around and saw that there was no one around and that there were no cameras either. He then took a deep breath and blew ferociously at that building far away.

This didn't look out of the ordinary at all. It seemed like he was just blowing the air lightly.

But the air started spiraling upwards until it entered that building.

The woman who was on the tenth floor had not expected her home to catch fire. The things in her home had started burning, forcing her into the bedroom, unable to exit.

This situation made the woman terrified. She felt as if she might die.

Meanwhile, the people upstairs had all turned on their lights. They had smelled the smoke as well.

"Ah, there's a fire!"

“The tenth floor is on fire! Quick. Call the police!”

The female owner of the tenth-floor apartment was frantic. But at that moment, she felt a cold wind blow past her. Then, something astonishing happened.

That blazing flame seemed to have been hit by the cold wind and it was suddenly extinguished. Moreover, The area that had been burning actually froze.

This scene left the female owner dumbfounded. She had no idea what had happened. That vicious flame had suddenly been extinguished.

When the neighbors from above and below saw this, they yelled, “What’s going on? Were you bluffing us?”

“Where’s the fire?”

The female owner on the tenth floor seemed not to hear all this. Instead, she just stared blankly at the scene before her with her whole body stiff. Then, she sat down onto the ground as if she had just seen a ghost.

Wang Ming Yang looked at Lin Fan in a daze. “Brother, why were you blowing the air?”

“The air wasn’t fresh. I can’t let my brother breathe in this kind of air, can I?” said Lin Fan with a laugh.

“Brother, you’re really too good to me.” When Wang Ming Yang heard that reply, he was so moved that he nearly cried.

Lin Fan looked at the tenth floor of the building. It was good that everything was fine. That person was really lucky that Lin Fan had come across that situation.

“Let’s go. I’ll send you home. You’re in such a terrible state, let’s see if you’ll still dare to drink in the future,” said Lin Fan.

When the firefighters reached and saw the situation, they were stunned.

“Lady, you shouldn’t try to prank us,” said the captain of the firefighters. He didn’t see a fire anywhere.

The female owner was still in shock. “It’s true! There really was a fire. I was forced into the bedroom. Look at the walls and the ceiling. They’re burnt.”

At that moment, one of the firefighters ran over in a hurry. “Captain, we just checked. There was indeed a fire. But the strange thing is that those places that have been burnt are now covered with a layer of ice.”

“Ice?” The captain was taken aback. He couldn’t understand what his subordinate was saying.

“I don’t understand either. We can’t break the ice. It’s still very cold. It extinguished the fire in one go and brought down the temperature tremendously,” said the firefighter. He had been a firefighter for so many years and he had charged into countless fires but this was the first time he had seen something like this.

The neighbors had all gathered around to spectate as well. They had been in deep sleep previously but this incident had woken them up.

To them, this was all too mysterious. They didn’t even know how to begin to describe it.

Bam!

At that moment, a loud noise was heard.

That Buddha statue that had been hanging on the wall fell and shattered into pieces.

A gust of cold wind blew past.

It made everyone feel cold and chilly.

Meanwhile, the female owner was dumbfounded as she looked at the Buddha statue. It was as if something horrifying had happened.

The townsfolk nearby suddenly cried in shock, “D*mn. Could it be that you were protected by Buddha? She’s kind and she often does good deeds. I think Buddha helped you to overcome this calamity.”

“I seem to have come across a similar incident before. In the past, I had a car accident but I came out completely unharmed. However, the Jade Buddha on my neck suddenly disappeared.”

“Yeah. I’ve come across a similar incident before as well. When I was riding a motorbike, I went too fast and fell but I was not injured at all. But the Jade Buddha on my neck was shattered. I have no idea how it happened.”

A very devoted Buddhist that lived in the same block said, “This is the protection of Buddha. She helped you to dodge those calamities. That’s why your jade Buddhas were lost or shattered.”

“Maybe that’s really the case. That’s why one has to be kind. If you do good deeds often, the Heavens will protect you.”

“Look. The place is burnt so badly but the flame was suddenly extinguished. And where did the ice come from? It’s not even cold today.”

At that moment, the place broke out in commotion.

Meanwhile, the firefighters were stunned as well. This was the first time they had seen something like this. But as for Buddha’s protection or whatever, they were clueless about it. It didn’t seem possible to them.

“Look. The ice is melting.”

Suddenly, the ice started to melt. It just suddenly disappeared. There wasn’t even any water.

At that moment, everyone was astounded. It was really as if they had seen a ghost.

...

Chapter 1153: Cloud Street's most awesome

Just passing by, he had helped someone out of a disaster. Although he had the fortune-telling knowledge and he understood that every action would have consequences, it didn't matter. He still had to do his best in each situation.

The other option was just to watch that woman get burned to death.

Lin Fan had already changed so many fates but nothing bad had happened to him yet.

It didn't matter if he changed one more fate.

Wang Ming Yang was feeling light-headed as if his body was floating. The alcohol had gotten to him and he had turned into a chatterbox. He kept rambling to Lin Fan non-stop, leaving Lin Fan completely helpless.

In the end, Lin Fan managed to send Wang Ming Yang back to Xu Zi Le.

When Xu Zi Le saw Ming Yang's state, she was a little confused. She couldn't figure out how Brother Lin wasn't drunk. This kind of situation had happened a few times already. Meanwhile, her partner seemed as if he was about to collapse to the ground.

"Brother Lin, aren't you drunk?" asked Xu Zi Le in a surprised tone.

Lin Fan said with a smile, "Why would I be drunk? He tried to get me drunk even though he has such low alcohol tolerance. That's not possible. Actually, I haven't even warmed up when he got drunk. However, I have some good news to tell you."

Xu Zi Le was supporting Wang Ming Yang. When she heard that, she was curious. "Brother Lin, what good news is there?"

Lin Fan wanted to speak but unexpectedly, Wang Ming Yang started mumbling, "Good news? The good news is that we'll get a marriage certificate tomorrow. Then, we'll get married a few days later and you'll give birth to my child."

When she heard this, Xu Zi Le was stunned. She hadn't expected this at all. She had been with Wang Ming Yang for so long but she had always been afraid of being dumped all of a sudden.

But now, after hearing Ming Yang's words, her heart was overwhelmed with joy. Her eyes even glistened a little.

When Lin Fan saw this, he felt that he couldn't stay here any longer. He waved his hand and said, "Take care of yourselves tonight. Since you're going to get married, it's alright to have sex unrestrainedly. I'm leaving now. I shan't disturb the two of you any longer."

Upon saying that, he left the place.

He really couldn't take it. He hadn't expected that, in the blink of an eye, Wang Ming Yang was going to get married.

Wang Ming Yang said in a slur, "My Brother said that, if we get married this year, next year we'll raise a dog...No, I mean...we'll raise a child born in the year of the dog. It's good. Very good."

Xu Zi Le raised her hand to slap Ming Yang but she gently put it down. Then, a smile appeared on her face as she looked at that figure that was walking away.

"Thank you, Brother Lin."

She knew the reason for all this now. Ming Yang was still very young and he had had no plans to get married. Now that they were going to get married, it was probably because Brother Lin had said something that made Ming Yang agree.

The next day!

When Lin Fan came to Cloud Street, he realized that a group of people were in a discussion.

"What are you all doing?" Lin Fan asked curiously. Doesn't this group of guys have to run their businesses today? Why are they all gathered here talking about something?

Elder Liang said, “Little Boss, did you see the news? A supernatural occurrence has taken place.”

Lin Fan replied curiously, “What supernatural occurrence? Do you really believe in those things? We’re living in a scientific society now.”

Zhao Zhong Yang said in a surprised tone, “Brother Lin, you have to believe this. There are even videos on the Internet. It was completely exposed on the news. Hurry up and take a look.”

Lin Fan was very curious. He really wanted to see what kind of supernatural occurrence it was that made them so restless.

With one look at the news, Lin Fan was completely stunned. This was really incredible.

‘Past midnight this morning, an apartment on the tenth floor of Garden Apartment Building caught fire. The fire was spreading ferociously but then, a mystical thing happened.’

‘Breaking! The woman who was trapped by the fire actually did this to the fire...’

If he had to choose between these two titles, he would definitely pick the second one. It really made him want to click on it.

But when he clicked on it, he saw that the article was full of made-up things. It made him lose respect for the reporter who wrote it.

Meanwhile, Lin Fan was also stunned. Wasn’t this the fire that he had casually extinguished last night? He hadn’t expected that even something like this would go on the news. It was really strange.

“Little Boss, have you seen it now? This is really miraculous. I feel that this can’t be explained by science at all,” said Elder Liang.

Sister Hong nodded. “Mmm. I think so too. Do you think it was really the Buddha’s protection?”

Lin Fan laughed awkwardly. He couldn’t possibly tell them that it was actually him who passed by and casually blew the air to extinguish the flame.

If he really said that, they would think he was retarded.

“May I know if Master Lin is here?” At that moment, a stranger came to the shop.

This person was dressed tidily and he wore a pair of spectacles. With one look, one could tell that he was a researcher.

“I am Master Lin. And you are...?” Lin Fan asked curiously.

The middle-aged man immediately went forward with a face full of smiles. “Hello, Master Lin. I’m from the Artificial Limb Research Department of the Ministry of Civil Affairs. I’m here today on orders from my leader to invite Master Lin to have a chat about matters related to the perfect artificial limbs.”

“Oh. My surname is Zhou and my first name is Hai,” said Zhou Hai with a polite smile. At the same time, he scanned Lin Fan closely. When his research department found out about the perfect artificial limbs, they had been astounded.

At first, they hadn’t believed it. But after watching the video and after interacting with the Shanghai government, they realized that the perfect artificial limbs were actually real.

They were very curious about the technological insights that were hidden within the perfect artificial limbs. After all, their research department was specialized in researching artificial limbs. However, even though they had been constantly making progress, they had never thought that such perfect artificial limbs would be created.

Hence, he wanted to interact with Master Lin in order to learn about the technologies used.

“Oh. Hello, hello. I’m not managing that matter anymore. I’ve already handed it over to the Shanghai government and Eastern Han Organization. If you’re interested, you can go there to take a look,” said Lin Fan with a smile.

He had not expected a specialized organization to approach him. However, he did know about this Artificial Limb Research Department of the Ministry of Civil Affairs. It was the only department in the country that specialized in this field of research.

It was a national department and it was sanctioned by the National Science Council.

Zhou Hai smiled. “Master Lin, I’ve already gone there. I’ve seen the product as well. I have to say that it’s really amazing. It’s a great help to our studies.”

With Lin Fan’s current influence on society, there weren’t many people who didn’t know him. He held all kinds of titles but these titles had nothing to do at all with his research of artificial limbs.

But now, an outsider like him had actually developed the perfect artificial limbs. This, to those people who specialized in researching this field, was scary.

They were confused. What else did Master Lin know?

Lin Fan thought for a moment before saying, “Come in for a seat then. I guess we could have a casual chat.”

“Thank you, Master Lin.” Zhou Hai let out a breath of relief. He could finally talk to Master Lin. If he had been rejected, it would have been embarrassing.

The surrounding shop owners started whispering amongst themselves.

“Look. Little Boss is so awesome. The things that he does can’t be done by anyone else.”

“That’s for sure. Just look at where Little Boss is from. He’s Cloud Street’s most awesome person.

Chapter 1154: A very happy chat

The shop owners were chatting outside. They were all saying that being able to run their businesses on the same street as Little Boss and being able to have such a good relationship with Little Boss was really a fortunate thing. Moreover, they felt very proud of it.

In the shop.

Wu You Lan poured two cups of tea for them. She placed the tea there and didn't stay any longer. She left Brother Lin and that research department person to talk.

During the entire duration, Lin Fan was talking while Zhou Hai listened attentively. Once in a while, he would ask some questions.

These questions were all related to the technologies used in the artificial limbs. Even though they studied these things, they couldn't quite understand all of it sometimes.

Moreover, they were flabbergasted by the amount of knowledge encompassed in each small set of an artificial limb. They really wanted to know the theory behind those artificial limbs.

"So that's it! I understand it now," Zhou Hai exclaimed in awe.

He had not expected Master Lin to have such a deep understanding of artificial limbs.

Lin Fan had been imbued with the knowledge from the Encyclopedia. Everything was inside his mind. Naturally, there was no difficulty in answering Zhou Hai's questions.

He was also very glad to explain some of the topics brought up by Zhou Hai.

The two of them carried on conversing. The tea that was placed in front of Zhou Hai wasn't even touched. He remained focused the whole time as if he was afraid that he might miss any detail.

At the same time, he was nodding non-stop. It was as if he was astonished by Master Lin's knowledge and he was expressing his respect.

Zhao Zhong Yang listened from the side for a while but he couldn't really understand, so he went to Fraud Tian's side. "What is Brother Lin talking about? I listened for a while but I couldn't understand at all."

"High-end stuff," Fraud Tian just mumbled these two words.

Zhao Zhong Yang was taken aback. "What does that mean?"

Fraud Tian looked at him. “Since you can’t understand, it means that this is high-end stuff. Otherwise, why wouldn’t you understand it?”

Zhao Zhong Yang nodded. “That makes sense. Brother Lin is really scary. I can’t even understand the things he’s saying. But it makes sense. If I could understand these things, I wouldn’t just be a mere broadcaster.”

Wu You Lan sat there with her hands under her chin as she gazed at Lin Fan with an expression of admiration. She knew that Brother Lin was really amazing. This was something that she had always known from the start.

Sometimes, a blinded woman can be very terrifying.

If one were to ask who Lin Fan’s biggest fan was, the answer would undoubtedly be Wu You Lan.

At that moment, Zhou Hai had a look of shock on his face as he clapped. “Master Lin, your explanations are great! So many things that I couldn’t understand in the past have all been made clear through your explanations. It’s like a sudden flash of light and now, everything is clear!”

Lin Fan chuckled. “It’s nothing. Knowledge should be shared and exchanged.”

Encyclopedic Points +1

It was clear that Zhou Hai had already understood. But regarding the Encyclopedic points, Lin Fan didn’t care much right now. Still, it was good that he could increase his Encyclopedic Points.

Those foundational Chinese medicine teaching materials could still bring him a non-stop flow of Encyclopedic Points. It was very rewarding.

At that moment, Zhou Hai pondered for a while before he said, “Master Lin, our leader’s intention is to ask if you could become a professor at our Artificial Limb Research Department.”

Lin Fan was taken aback. He hadn’t expected Zhou Hai to suddenly throw him such a question. However, he was not quite interested in these things.

The perfect artificial limbs had already been a success. He had no intentions to carry on researching.

If he were to become their professor, he would have to spend some effort and time.

However, just as he was about to reject, Zhou Hai stated a condition that made it impossible for Lin Fan to reject.

“Master Lin, don’t worry. We won’t ask you to come to our place. We just wish to borrow your reputation. After all, the perfect artificial limbs came from your hands. They are sufficient to prove that you are the top specialist in the nation. Even overseas, there is no one better than you. Our research department just wants a share of the spotlight,” said Zhou Hai with a smile. He felt that there was nothing wrong with saying that.

Lin Fan replied, “If that’s the case, it’s fine. I shan’t reject. Go ahead and use my reputation then. But you have to be mentally prepared. I really don’t have time to go to the research department.”

Zhou Hai nodded. “Don’t worry about that. We are very understanding. Those perfect artificial limbs that you developed are already sufficient for us to study.”

The two of them continued chatting and they ended up chatting close to two hours.

The tea that was placed on the table had already gone cold.

Wu You Lan came over and was about to replace the tea.

Zhou Hai stood up and waved his hand. “Thank you but there’s no need to replace it. I shan’t disturb Master Lin any further. I have to go back to report the outcome of our discussion.”

Lin Fan stood up and shook Zhou Hai’s hand. “Then I shan’t make you stay any longer either.”

“Alright.” Zhou Hai nodded. Then, he said goodbye to the rest of the people in the shop before leaving like the wind.

Lin Fan smiled as he shook his head. He hadn’t expected to receive yet another title. Right now, he really held a lot of titles.

“Are we leaving tomorrow?”

Thinking about going to Haojiang tomorrow, he felt that it wasn't very meaningful. However, since the rest hadn't gone there before, bringing them there for a vacation was pretty good.

Wu You Lan nodded. “Yup, we're leaving tomorrow. I've already contacted Xue Yao. She will be fetching us tomorrow.”

Fraud Tian gasped in shock, “Ah! I haven't packed my luggage!”

Lin Fan glared at him. “What were you doing last night?”

“Sigh. What else could I have been doing? I was just chatting.” Fraud Tian held his phone fondly. He had already become a slave to his phone.

Zhao Zhong Yang said in surprise, “Fraud, are you still talking to her? Tell me the truth. How many red packets did you send last night?”

Fraud Tian giggled. “I sent a hundred! It's just a little money. I can afford it.”

“I...” Zhao Zhong Yang had no words. The last time he had given Fraud Tian some advice, the two of them had nearly gotten into a fight. He decided to forget about it. This Fraud doesn't have much savings. If he can bear to spend money on this girl, so be it.

Lin Fan said, “Fraud, I took a look at your physiognomy. You are very likely to go broke soon. You should be careful.”

Fraud Tian said, “That's not possible. I read my own fortune. I'm not going broke. I'm going to have lots of luck with the ladies. Alright, alright, I won't say more to you guys. You won't understand anyway.”

Lin Fan chuckled. If this Fraud doesn't want to believe me, I have no choice. Since it's like this, he'll have to learn it the hard way.

When his savings all get taken away, he'll have no one to blame.

But at that moment, an earth-shattering situation was happening on the Internet.

News of the perfect artificial limbs had spread outside of the country.

The Japanese netizens.

“China actually developed perfect artificial limbs. This video looks too fake, doesn't it?”

“Yeah, I can't quite believe it. Can such artificial limbs still be considered as artificial limbs?”

“I just went to do a search on the Internet. These perfect artificial limbs were developed by that Master Lin.”

“Master Lin? That Master Lin who crushed our nation's pride in table tennis?”

Chapter 1155: Every country is paying attention

A lot of the Japanese netizens were doubtful about the news. Moreover, they didn't have a good impression of Master Lin.

However, some netizens cared very much about this matter.

“When will these perfect artificial limbs be released? Will we be able to buy them in Japan?”

“Dream on. This is a Chinese product. How could it possibly be imported here?”

“If they're released, I'll definitely go to China just to buy a set.”

“You traitor. You're not using artificial limbs produced by our country but giving your money to China instead. Are you an idiot?”

“That’s right. Even if you beat me to death, I wouldn’t go there. Those idiots can come and give us their money but we definitely won’t give them our money.”

“China’s perfect artificial limbs are so advanced, why can’t I buy them? I shan’t talk to you guys anymore.”

At that moment, the Japanese netizens went into a frenzied dispute. However, the crippled people were all paying close attention to the perfect artificial limbs.

But they didn’t know whether these perfect artificial limbs would be spread to their country. If the perfect artificial limbs did not reach Japan, they would have to make a trip to China.

At that moment, the Japanese netizens weren’t the only ones discussing this. Other countries were discussing this matter as well.

Some people had posted the video of the perfect artificial limbs on the Internet. Everyone who saw the video was overwhelmed with shock.

Some people tried to analyze the video, hoping that they would be able to find hints of it being edited. However, they watched it countless times and even used software to scan it but they couldn’t find any issues with the video.

America.

“My God. Are these perfect artificial limbs really that incredible?”

“Who knew China’s research on artificial limbs was so advanced? The artificial limbs I’m using now can’t even be compared to those in the video.”

“Master Lin... It’s this Master Lin again. I’ve seen news about him in the past. I think he’s the specialist who conquered leukemia.”

“He even received the Nobel Prize in Medicine. He’s really amazing.”

The netizens of various countries were all talking about this matter. The crippled were distributed across the globe. Naturally, they wanted to become mobile and nimble. Now that these perfect artificial limbs had appeared, they were filled with curiosity.

In China. On Weibo.

“Haha. I just went to a few foreign websites to take a look. Do you know what I saw?”

“^Please just say everything in one sentence. Don’t just say half of it.”

“Alright. I saw that the netizens of different countries are all talking about the perfect artificial limbs. Master Lin is too amazing. He’s going to become well-known overseas once again.”

“D*mn. Is that true? Hurry up and show us their comments. Let us see what they’re saying.”

Then, this netizen sent the screenshots of the comments on foreign websites. He even gave a description of them.

At that moment, when the other netizens saw this, they were astonished. They hadn’t thought that these perfect artificial limbs were so popular outside of the country as well. This really gave them a shock.

But then, they started to feel very proud because Master Lin was their fellow countryman. Moreover, he lived in Shanghai.

“Amazing. Master Lin is really too amazing. He is so respected.”

“I can already imagine how popular these perfect artificial limbs will be once they’re manufactured. I can’t wait to see that moment.”

“Master Lin is too f*cking awesome. I’m a fan of Master Lin and no one can stop me from being a fan.”

“But there have been so many haters on the Internet recently.”

“There’s no need to care about them. Those are just Internet trolls sent by the artificial limb companies.”

Cloud Street!

Lin Fan was just resting quietly. They were going to set off tomorrow. He was thinking about where he should visit in Haojiang.

Meanwhile, Zhao Zhong Yang was scrolling through his phone. “Brother Lin, the perfect artificial limbs have already become viral overseas. Look. Someone has posted it on foreign websites.”

“They’ve gone viral overseas?” Lin Fan was taken aback. Then, he laughed helplessly. This was all within his expectations.

Once the perfect artificial limbs were released, they would definitely sweep across the world. But right now, Secretary Chen and Wang Ming Yang were still busy working on it. It would probably take a while more.

At that moment, a car stopped outside the shop.

Wang Ming Yang and Xu Zi Le appeared. “You guys are leaving tomorrow. Let us treat you to dinner tonight.”

When Fraud Tian saw that the wealthy tycoon had come, he was thrilled. He quickly carried a chair over and welcomed them.

To Fraud Tian, Wang Ming Yang was a tycoon. Fraud Tian had to suck up to him.

“Tycoon, why did you suddenly think of treating us to dinner?” asked Fraud Tian warmly.

Zhao Zhong Yang saw this and felt helpless. Fraud Tian’s habit of sucking up to tycoons had not changed at all.

Wang Ming Yang and Xu Zi Le took out two red booklets and waved them in front of the rest.

Lin Fan smiled and said, “You’re really quick. You’ve already gotten your certificates?”

Wang Ming Yang smiled. “Of course. Things should be done swiftly. Wouldn’t delaying it just be a waste of time?”

Xu Zi Le carried a bright smile on her face as if she felt very fortunate. As she held onto Wang Ming Yang, she felt an indescribable joy in her heart.

But these two little booklets made Wu You Lan very envious. She secretly glanced at Lin Fan.

“Where are we going to eat tonight?” asked Lin Fan. “Since you’ve gotten your marriage certificates, I think we definitely have to go somewhere good.”

Wang Ming Yang laughed. “That’s for sure. We definitely have to go to a good place. I’ve reserved a whole restaurant and called all of them over. It’ll be a good opportunity for us to get together.”

Lin Fan nodded. “That’s pretty good. Alright. Tell us the location and I’ll bring the rest there tonight.”

“The same old place. You know,” said Wang Ming Yang. They used to eat there frequently in the past. Back then, many things had taken place there.

For example, Wu You Lan’s path of development had been decided at that restaurant.

“Alright.”

Lin Fan was very happy that Wang Ming Yang and Xu Zi Le had gotten their marriage certificates as well. Now, Wang Ming Yang really had something to hold him down. In the future, he would have to be more careful with his actions.

After the two of them left, Fraud Tian asked with a grin, “Kid, when do you think you will get a marriage certificate?”

Lin Fan shot a glare at Fraud Tian. “Just play with your phone and send your red packets. All you do is ask useless questions.”

“Sigh. People these days won’t even let you say anything.” Fraud Tian sighed helplessly as if expressing that the world had changed.

Lin Fan laughed and didn’t say more. Of course, he understood what Fraud Tian meant. But it couldn’t be rushed. Things had to be taken slowly.

Nighttime.

Lin Fan brought everyone from the shop with him and set off towards the restaurant. When they reached, he saw many familiar people in the distance, teasing Wang Ming Yang.

“Master Lin is here...”

“Hurry up, Master Lin. We’re just waiting for you.”

Lin Fan smiled. “I’m coming. I’m coming.”

Chapter 1156: Chief of hippies

He Cheng Han’s business had been developing well recently. “Master Lin, those artificial limbs are incredible.”

Lin Fan smiled. “It’s nothing. They’re just alright.”

“How could they be ‘just alright’? They’re really amazing!” said He Cheng Han. He really envied Wang Ming Yang to death. However, when he heard from Wang Ming Yang that those artificial limbs would only be sold for three thousand dollars each, he had been completely astounded.

Then, he realized that these sales weren’t for money-making but for charity. How could such perfect artificial limbs possibly be sold for just three thousand dollars? That was simply shocking.

“Alright. Let’s not talk about all these during our gathering. Today is the day that Wang Ming Yang and Xu Zi Le have obtained their marriage certificates. Everyone, let’s congratulate them!” announced Lin Fan with a bright smile.

At that moment, the crowd went into an uproar. They were all truly happy about this.

They had all known Wang Ming Yang for quite long. They also thought that Wang Ming Yang should get married since he was so young.

Now, it had happened so quickly.

The lively banquet began. The crowd was chatting incessantly amongst themselves.

Meanwhile, Fraud Tian was eating non-stop. He seemed not to care about the looks from those around him.

But the people around were also very friendly to Fraud Tian.

“Sigh. I never thought that, in the blink of an eye, I would get my marriage certificate. I really didn’t expect this.” Wang Ming Yang and Lin Fan leaned back on their chairs.

Lin Fan smiled. “What? Are you sure you didn’t expect this?”

Wang Ming Yang shook his head. “I just didn’t expect it to be so fast.”

Lin Fan replied, “This isn’t fast at all. This is perfectly normal. Zi Le is a pretty good woman and she’s devoted to you. She will be able to support your family.”

Wang Ming Yang nodded. “Mmm. I know all that. But now I’m thinking about you guys going overseas tomorrow and I won’t be able to go. That’s really saddening.”

“Hahaha,” Lin Fan laughed. “Wait for the next time. There’s no hurry.”

“Who knows if you’ll even tell me next time? Oh right, let me ask you something,” said Wang Ming Yang, “I’ve seen the news on the Internet. Do you have any suggestions regarding those people from overseas? I’m talking about the price of the artificial limbs.”

Lin Fan said with a smile, “The price will be the same. We won’t charge them any more. Secretary Chen has the same idea as me, doesn’t he?”

Wang Ming Yang nodded. “Mmm. Secretary Chen said that as well. We’ll charge them the same price.”

“I’ll leave this matter to you guys but you can ask me if you have any questions. If you put a nationalistic youth like me in charge, wouldn’t the price be raised sky-high?” said Lin Fan with a chuckle. He wouldn’t treat people from other countries unfairly. Those crippled people had already suffered enough. If he were to discriminate against them, it would really be unbecoming of the traditional Chinese morals that he had been passed down.

Wang Ming Yang nodded. “Don’t worry. I know, although other countries may enjoy bullying us, we can’t stoop to their level.

“That’s right. That’s the right way to think,” said Lin Fan as he patted Wang Ming Yang’s shoulder. “What do you think? Do you still want to challenge me in drinking tonight?”

When Wang Ming Yang heard that, he immediately waved his hand. “Don’t. Alcohol is bad for the body. I’m abstaining from drinking.

“Hahahaha!”

Lin Fan roared with laughter. He could tell that Wang Ming Yang had grown fearful of drinking because of him.

On this night, everyone chatted cheerfully. He Cheng Han and the rest had not met with Lin Fan in a long time, so they drank quite a lot of wine. But to Lin Fan, this amount of alcohol was nothing at all. He could drink as much as he wanted and be perfectly fine.

The next day!

The airport.

It was a direct flight from Shanghai to Haojiang.

Lin Fan and the rest had reached the airport early in the morning.

“Hey, why isn’t that Fraud here?” Lin Fan looked at the time and asked. “Could it be that he overslept?”

Zhao Zhong Yang sighed. “I just called him. He says that he has to prepare for a while. Who knows what he’s preparing?”

“That Fraud... If I knew this would happen, I wouldn’t have let him come with us. It’s so late but he’s still not here. I really want to give him a good kick,” said Lin Fan helplessly.

Suddenly!

A figure appeared.

“Motherf*cker...” Lin Fan saw that figure in the distance and was stunned.

Meanwhile, Zhao Zhong Yang and Wu You Lan were dumbfounded as well. They rubbed their eyes in disbelief as if they thought that there was something wrong with their eyes.

In the distance, in green pants and a red shirt, wearing a pair of spectacles, with his hair combed back, and pulling an old luggage bag behind him, he walked over with his head high and chest out.

“I’m here!” Fraud Tian seemed not to be affected by the stares. He just waved at Lin Fan and the rest.

“I’ll go first and wait for you guys over there.” Lin Fan felt as if he would be laughed at if he were to stay with Fraud Tian.

“Brother Lin, I’ll go with you,” said Wu You Lan hurriedly. She felt as if this wasn’t the same Fraud Tian that she knew.

Zhao Zhong Yang stood stiffly in his position. He was stunned. In his heart, he grumbled. How can you just leave me with this Fraud? Do you have no shame?

But very soon, Fraud Tian was in front of Zhao Zhong Yang. In an elegant manner, he took off his spectacles and revealed his yellow teeth as he said, “What is it? Don’t you recognize me?”

Zhao Zhong Yang took a deep breath and said, “Fraud, have you been possessed? What’s up with your dressing?”

“What’s wrong?” Fraud Tian looked at himself, then nodded contently. “There’s nothing wrong at all. How do I look? That girl you introduced to me is really pretty good. She’s a big inspiration for me to dress up. Although I’m already quite old, I’m still young at heart. I look fashionable and dashing, don’t I?”

Zhao Zhong Yang almost couldn’t breathe. “You look like the chief of hippies!”

“What the heck does that mean?” Fraud Tian was taken aback. He didn’t quite understand.

At that moment, the people who passed by sneakily took out their phones and took photos of Fraud Tian. Fraud Tian’s style had surprised all of the passersby.

But one had to admit that Fraud Tian actually seemed alright dressing up like that.

He had trained in martial arts his whole life and he had a unique aura.

Although he was dressed flashily, he still emitted an indescribable feeling.

“Wow! That’s perfect!”

At that moment, a trendily dressed man with long hair suddenly appeared in front of Fraud Tian. He stared at Fraud Tian and his eyes seemed to light up.

“That’s really perfectly matched. You look brilliant!” said the long-haired man excitedly.

Fraud Tian glanced at him with a look of disdain. “Who the heck are you? A grown man with long hair... You look neither male nor female.”

“Hello, I’m a fashion photographer. Can you be my model? Your style is really brilliant. Those clothes you’re wearing have such color and luster and they are made of great material. They must not be cheap!” said the long-haired man in surprise.

“Not cheap?” Fraud Tian was taken aback. Then, he looked down. “These pants cost twenty dollars, the top costs thirty dollars. If that’s not cheap, how poor must you be?”

Zhao Zhong Yang had not expected someone to appreciate Fraud Tian’s clothes. He was speechless. “Fraud, are you leaving or not?”

“Let’s go, let’s go,” Fraud Tian immediately replied. He was completely uninterested in that long-haired man.

“Wait a moment, this is my name card. Please call me when you’re free.” The long-haired man saw that such a perfect model was about to leave, so he quickly took out his name card.

“What the heck? Is this guy retarded?”

Fraud Tian couldn’t quite understand. He saw that the long-haired man kept looking at him and he trembled. This man was quite scary. Looking at the name card, it was in English. It was indecipherable to Fraud Tian.

Chapter 1157: A very fashionable Fraud

In the queue to go through customs.

Fraud Tian experienced a carefree feeling from the way he was dressed. It was as if he had found a feeling that he had lost a long time ago. He even felt that he possessed very fashionable genes.

Lin Fan and Wu You Lan pretended not to know him and didn't speak to him at all.

Meanwhile, Zhao Zhong Yang was quite pitiful. He wanted to pretend that he didn't know Fraud Tian as well but he had no choice. Fraud Tian kept sticking by his side and talking to him.

"Help me to see what's written on this name card. Why can't I understand it?" Fraud Tian could understand Chinese characters very well but he was clueless about all those alphabets.

Zhao Zhong Yang looked at it seriously. Then, he was taken aback. It was as if he had seen a ghost. That person was a fashion photographer. And it seemed like he was rather famous too.

At that moment, his mind started running wild as he thought of all the different possibilities.

For example, this Fraud could start showing off and boasting in front of him all day. Zhao Zhong Yang wouldn't be able to stand it.

Then, he thought for a moment and finally came up with a plan.

"Oh, this? This guy is an AV director. Perhaps he wants to bring you to Japan," said Zhao Zhong Yang.

Fraud Tian was stunned and he didn't quite believe it. "That's not possible, is it? I don't see the letters 'A' or 'V'."

Zhao Zhong Yang replied, "You're wrong. Those two letters are substitutable. If you don't believe me, I'll call this number."

Suddenly, Fraud Tian was enraged. "What? That guy actually wants me to act in that kind of films? Even a Fraud like me has dignity."

Tear

Upon saying that, Fraud Tian immediately tore the name card in half. Then, he patted Zhao Zhong Yang's shoulder and said proudly. "Sigh. What are those people thinking, doing those kinds of

things? They even want an old man like me. If I go there, I'm not sure if I would be able to leave the place alive."

There was some hidden meaning behind those words.

Zhao Zhong Yang really wanted to say 'Fraud, let's go to the toilet and change into another set of clothes.' However, looking at Fraud Tian, he knew that it probably wasn't possible.

The surrounding people who were queuing to pass through customs were looking over with curious eyes.

After all, for an aged man to dress so flashily, it was quite eye-catching.

Most of them had taken out their phones and were taking pictures as they seemed very excited. It was as if they had discovered a new piece of land.

Fraud Tian said, "What do you think they're taking pictures of? Could it be that they're taking pictures of me?"

Zhao Zhong Yang coughed. "I think so."

Is it not f*cking obvious enough? They're clearly taking pictures of you!

Suddenly!

A series of noises could be heard.

"Everyone, get out of the way! He's gone mad!"

Suddenly, in the distance, a figure was running over maniacally. He was even holding a dagger in his hand.

"F*ck!" When Zhao Zhong Yang saw this, he was dumbfounded. He hadn't expected that someone would dare to commit a violent act at the airport.

When Lin Fan saw this, he was stunned as well. Then, just as he was about to make a move, he realized that Fraud Tian was running over there ferociously.

“You actually dare to harm others with a weapon in broad daylight! You must be asking for a beating.”

Bam bam

With a few strikes, the situation was resolved.

“D*mn. This flashy old man is way too awesome.”

The surrounding passersby were all astonished when they saw this. They hadn’t expected this at all.

Those moves coupled with those flashy clothes made for a very peculiar sight.

Snap!

Snap!

The surrounding people couldn’t take it any longer. They took out their phones and started taking photos non-stop. To them, this was way too domineering.

Lin Fan shook his head. He hadn’t expected that, this time, Fraud Tian would manage to show off.

Very soon, the airport’s security guards captured that man.

“Fraud, hurry up. It’s your turn already.” Lin Fan and Wu You Lan had already finished going through the checks. Lin Fan called out to Fraud Tian who was still standing there.

“I’m coming.” Fraud Tian clapped his hands together. This kind of lowly scum could be taken care of with just a few strikes. He didn’t even have to expend much energy. Then, he picked up his old and tattered luggage and walked over to the customs.

This whole scene was recorded by the surrounding people.

Zhao Zhong Yang looked at the surrounding people, then at Fraud Tian. He lowered his head and pretended not to know Fraud Tian before walking past the crowd.

He felt that something big was about to happen to Fraud Tian.

On the airplane.

Lin Fan looked closely at Fraud Tian. "Fraud, when I look at your clothing again, I suddenly realize that you are dressed very fashionably.

Fraud Tian laughed happily when he heard that, "Haha. I told you. That girl's recommendations are definitely good. I feel much younger after wearing this. There are even so many people taking photos of me. It's really the first time I've felt this popular."

Wu You Lan covered her mouth to stop herself from laughing. She realized that Fraud Tian's clothes were really amusing. It was like something out of a movie. But it was really like what Brother Lin had said. After looking at it longer, it actually looked pretty good. There was an indescribable feeling about it.

Zhao Zhong Yang sighed. He felt that he had harmed Fraud Tian. If he hadn't introduced that unreliable girl to Fraud Tian, Fraud Tian wouldn't have turned out like this.

It was all his fault.

Back at the airport.

When the reporters heard about what had happened at the airport, they rushed over immediately.

But when they reached, they realized that nothing much was going on. Then, they immediately started asking people about it.

One of the townsfolk, who hadn't passed through customs yet, said excitedly.

“I recorded it! That scene from just now was way too shocking.”

The reporter asked, “Could you show us the video?”

“Sure, no problem. Let me tell you. That old man is really incredible. Not only is he dressed flashily but he’s also a martial arts expert. That perpetrator was taken down in just two or three strikes and he couldn’t even move anymore. It was really amazing!”

When the reporters heard this, they became even more excited. They wondered what exactly had happened.

Then, when they saw the video, they couldn’t help but exclaim.

“What a flashy old man!”

The townsfolk nodded. “He is, isn’t he? His clothes are way too flashy. This is the first time I’ve seen an old man dress like this. But I have to say that this old man is really brave and powerful. In an instant, he managed to beat down that man. If I didn’t record this, I might not believe it myself.”

At that moment, the reporters immediately asked that man to send them the video. No matter what, they had to put this on the news.

What a flashy old man.

What a powerful old man!

Haojiang!

Yun Xue Yao was dressed up elegantly. Her best friend, Jin Meng, asked curiously, “Xue Yao, why are you dressed like this?”

Yun Xue Yao smiled. “Brother Lin and the rest are coming to Haojiang from Shanghai. I’m going to fetch them later.”

“Brother Lin? You mean that man that you like?” asked Jin Meng in surprise.

“What are you talking about? When did I say that I like him?”

“Stop pretending. You’ve already betrayed yourself. I want to go and see just what kind of person he is.”

Chapter 1158: He really shouldn’t be messed with

Haojiang Airport.

They had to pass through customs again.

Wu You Lan said, “Brother Lin, I just contacted Xue Yao. She’s waiting for us outside already. Once we pass through customs, we’ll be able to see her.”

Liu Xu, who hadn’t spoken throughout the journey, now spoke, “Master Lin really has broad connections. You have friends across the country. And they’re all women too.”

“Hehe, are you jealous?” Lin Fan chuckled. He couldn’t help it. Sometimes, even being too popular was an offense.

“Not at all,” said Liu Xu. She let out a deep breath. It was a pretty good choice to come out for a vacation.

Liu Xu was even more eye-catching than Wu You Lan. After all, in terms of aura and presence, Liu Xu was the ideal goddess for many men.

However, this goddess was with quite a peculiar group of people.

Fraud Tian’s flashy look, in particular, was very astonishing. Everyone was dumbfounded as they looked at him. His clothes were overly-fashionable.

But Fraud Tian was not disturbed by everyone's stares. To him, these people were in awe of him.

Outside.

Yun Xue Yao was a little nervous. She was about to see Lin Fan and she didn't know what to do.

"Xue Yao, you're being a bit ridiculous, aren't you? It's just a man, why are you so nervous?" Jin Meng looked at her best friend in surprise. What kind of man could make Xue Yao act this way?

She really wanted to see just what kind of man Lin Fan was.

She didn't believe that someone could be so incredible.

"Brother Lin." At that moment, Xue Yao saw a group of people come out from the airport and she immediately waved.

Jin Meng followed her forward as well. She eyes quickly swept across the group of them. She eliminated the flashy old man and the vulgar-looking man who was holding the phone. Then, she identified the man, who was sandwiched in between two ladies, as her best friend's target.

However, when she saw the two ladies by his side, her brows furrowed as she grumbled in his heart. Could this man be a player? He actually has two beautiful ladies with him.

And he even brought them to Haojiang. This situation is a little complicated. We have to be careful.

Lin Fan saw Yun Xue Yao and waved back. He hadn't expected her to be waiting for them here.

Yun Xue Yao rushed forward. With a bright smile, she said, "Brother Lin, You Lan, Sister Liu, welcome."

Fraud Tian said from the side, "What about me?"

When she saw Fraud Tian, she was suddenly stunned. It was as if she didn't recognize him. "You... You are..."

"I'm Fraud Tian! Didn't we eat together the last time? You even said that you would introduce your friends to me!" said Fraud Tian anxiously. He was now a little worried about his love life. He was already so old and he still didn't have a child. Who was going to carry on his name? Hence, he was definitely anxious.

"Fraud Tian! I didn't recognize you. You're dressed so..." Yun Xue Yao couldn't believe it. She hadn't expected that Fraud Tian would dress like this.

Fraud Tian touched his glossy swept-back hair and couldn't help but grin. "I look fashionable, don't I? Don't you feel that I've changed a lot? This style is pretty good. When I came here, there were countless people looking at me and even taking photos of me."

Yun Xue Yao was dumbfounded. She wondered what kind of misfortune had befallen on Fraud Tian to make him change so much.

Lin Fan smiled. "Alright, let's not talk about that for now. Let's go to a hotel and put down our things first. This time, we're all here to have some fun in Haojiang."

However, what made Lin Fan curious was that the lady next to Yun Xue Yao kept staring at him. Out of politeness, he smiled at her.

Yun Xue Yao came to her senses and said, "Brother Lin, let me introduce you. This is my friend and confidante, Jin Meng."

"Nice to meet you," said Lin Fan with a smile.

Jin Meng didn't hide anything. "So, you're the Master Lin that my Xue Yao yearns for. You look pretty normal, I didn't expect that you would be able to make my Xue Yao fall head over heels for you."

"MMM MMM!"

After those words were said, Yun Xue Yao immediately covered Jin Meng's mouth. Then, she smiled awkwardly. "Brother Lin, let me bring you all to the hotel."

Lin Fan wasn't bothered by those words. Then, he nodded. "Alright, let's go."

In Haojiang, when Yun Xue Yao came outside, there would naturally be bodyguards accompanying her.

One car wasn't enough for all of them, so they had two cars.

And Jin Meng was alone, driving one of the cars.

Fraud Tian looked at Zhao Zhong Yang and said, "What are you looking at? Let's go."

"Nothing much. I'm just seeing how Haojiang is. D*mn. I knew that this Yun Xue Yao wasn't simple but I didn't expect that she would even have bodyguards" said Zhao Zhong Yang.

Fraud Tian said, "Isn't that obvious? She's an important lady. What kind of person did you think she was?"

Everyone boarded the cars and they set off. This was Yun Xue Yao's territory, so Lin Fan and the rest didn't have to think much. They just had to follow her lead.

Jin Meng drove the car alone. She was very curious as she wondered why Xue Yao liked this man.

Ding ding!

At that moment, her phone rang. When she saw the display, she smiled. Then, she answered.

"Ah, if it isn't our young master. What is it? What's up?" asked Jin Meng with a grin.

"Jin Meng, don't be like that. I want to ask you about something. What is Xue Yao doing?" Over the phone, a man's voice could be heard.

It was the young master of another family in Haojiang and he was quite a powerful individual.

“Xue Yao is with the man of her dreams. You don’t even need to think about it,” said Jin Meng. She knew that this guy had always been chasing Xue Yao but she felt that it was impossible. He was too playful and he was a show-off. He was clearly not reliable. If it hadn’t been for his status, she wouldn’t even have answered the call.

“What? Who is it? Who is Xue Yao with? Who dares to touch the woman of my dreams?” Ma Shao Hao was furious. One could sense his rage through the phone.

Jin Meng said, “Young Master Ma, I think you should forget about it. You can’t afford to mess up with this person.”

“You must be joking. Who is there that I can’t mess with in Haojiang? Tell me. Who is he? I have to have a good chat with him.”

Jin Meng replied, “He’s not from Haojiang, he’s from Shanghai. Have you heard of Master Lin? If you haven’t, go on the Internet and do a search. Let me tell you that even though Master Lin doesn’t have authority or money, he’s very powerful. If you offend him, you will be in trouble.”

Ma Shao Hao laughed. “He doesn’t have money or authority but you’re saying that I can’t offend him? I want to see just what kind of background he has. Don’t hang up. I’ll go and search him up right now.”

Jin Meng shook her head and chuckled. She felt that this Ma Shao Hao was too inexperienced. After a long time, she still didn’t hear anything from Ma Shao Hao.

“Young Master Ma, why aren’t you saying anything? Have you seen it yet?”

At that moment, a voice came through the phone. “This guy is incredible.”

“Did you think I was joking with you? This kind of person might not have money or authority but he definitely mustn’t be messed with. Moreover, there are some things you don’t even know about. Let’s leave it at that. I’m hanging up.”

Chapter 1159: Who did you learn all this from? This is incredible!

At the hotel.

It was Yun Xue Yao's casino hotel. This place had luxurious rooms and was also very well designed, so Brother Lin, Fraud Tian, and the rest could come down to play when they were bored.

Moreover, everything was already arranged for them. There were people stationed outside the entrance. When Fraud Tian and the rest came, they were immediately welcomed by these people.

"Brother Lin, let's go in," said Yun Xue Yao with a smile.

She was very happy and very excited. It really felt great to see Brother Lin again.

Meanwhile, Jin Meng had caught up with them as well and she stayed by Yun Xue Yao's side. How could she not know who this man that her best friend liked was?

On Weibo, this Master Lin had done countless things. Any one of those things was enough to shock people.

Hence, even though he had no money or authority, he wasn't someone that should be messed with.

The government would never let anyone bully Master Lin.

He had already become a treasure of Shanghai. Those government leaders really wanted Master Lin to stay in Shanghai. It was best if he didn't go anywhere else.

(Boxnovel.com) This was what she had found out after calling her Shanghainese friend.

After all, Master Lin was a talent. And he wasn't just any talent. He was the kind of talent that only appeared once in a thousand years.

No matter how much money one had, he or she could never be compared to Master Lin. Hence, Master Lin was exceptionally scary.

Although there were frequently people who quarreled with Master Lin on the Internet, things always ended up badly for those people if they went overboard.

Moreover, what terrified Jin Meng even more was how out-of-this-world Master Lin's gambling skills were. In Haojiang, anyone with a brain would know what that meant.

Of course, this was what she had found out from Yun Xue Yao. She had heard from Xue Yao that, if it hadn't been for Master Lin's help, that incident from before would have ended terribly.

The more she found out about this Master Lin, the more shocked Jin Meng became. She realized that this man simply was not human.

If he was human, how could he know how to do so many things?

"This is my first time here!" At the entrance, Fraud Tian was thrilled. This was the first time he had left Shanghai and come to such a luxurious place.

"Fraud, if you feel bored, I can get someone to bring you to the casino to play. I've got you covered," said Yun Xue Yao with a smile.

Fraud Tian was taken aback. "Alright, alright!"

If he had to use his own money to play, he would never do it. But since a wealthy lady was paying, he was glad to play.

Lin Fan said, "Fraud, don't go overboard just because of what she said. If you lose too much money, you'll have to sell your a*s."

"Huh?" Fraud Tian was stunned. Then, he said, "How could that happen? I'd only play with one thousand dollars at most. If I lose one thousand dollars, I guarantee that I'll stop."

Hearing that, Lin Fan burst out laughing. One thousand dollars? What the heck can you do with a thousand dollars?

“Brother Lin, let’s go in,” said Yun Xue Yao.

“Mmm.”

The group of them walked inside.

Meanwhile, the people stationed there saw that Chief Yun was personally accompanying this group of people and they were very curious.

“Who was that person? Chief Yun is actually welcoming him personally.”

“I don’t know. I don’t recognize him.”

“That’s Master Lin. You actually don’t recognize him?” at that moment, a middle-aged man came over and said.

“Huh? Master Lin? Isn’t he in Shanghai? And why does he know our Chief Yun?” someone asked doubtfully. He couldn’t quite understand what was going on.

The middle-aged man smiled. “You must not know about this but Master Lin came to Haojiang once before. And he even helped us to resolve a big issue. Alright, enough talk. Just do your work properly.”

“This Master Lin is my idol!”

The group of them walked towards the inside of the hotel. Meanwhile, Yun Xue Yao was busy ensuring that everyone’s rooms were properly arranged. At the same time, she ordered her staff to be stationed outside their rooms, so that, whenever one of them came out, the staff would immediately receive them.

In the toilet.

Jin Meng asked, “Xue Yao, have you really fallen for him?”

As her confidant, she had to be clear about this. She was very concerned about this matter. After all, this situation was not a typical one. This Master Lin had many other women by his side and things didn't look very positive.

Moreover, it seemed that one other person wasn't here yet.

She had done a search on the Internet and found that there was a female celebrity who had an exceptional relationship with Master Lin. It was an intense competition.

"Why are you asking about that? It's not what you think," said Yun Xue Yao.

Jin Meng said, "Stop pretending. How could I not know what you're thinking? But I have to say that it's very hard for you to win this kind of man."

"Why is that?" Yun Xue Yao was taken aback. She was both curious and anxious.

Jin Meng said, "Look. Before you even knew him, he already knew a few other ladies. Moreover, in terms of looks, they're not inferior to you. Have they succeeded yet?"

"No, they haven't. Although they look very close to him, I can tell that there is still a barrier between them that hasn't been broken down yet. They haven't slept together yet. This kind of situation is really scary. There can only be two possibilities."

At that moment, Jin Meng seemed to have turned into an expert as she meticulously analyzed the situation.

"What are the two possibilities?" Yun Xue Yao had been drawn in by Jin Meng's words. She wondered what exactly Jin Meng was talking about.

Jin Meng said, "The first possibility is that this Master Lin is gay. But we can eliminate this possibility because I've already researched it."

"The second possibility is that this Master Lin is single-minded. And I can see from his eyes that he's at a loss. I can tell that he has feelings for not just one lady. Hence, he's now perplexed and he doesn't know how to choose. You may think that this Master Lin seems incredible but with regards to love, he is a beginner. He's a beginner who doesn't want to hurt anyone."

Yun Xue Yao's eyes widened. "Jin Meng, how do you know all this?"

Jin Meng said, "What? Did you think that I learned nothing from studying abroad for those few years? Let me tell you. During those few years, I followed a professor and specialized in studying people's psychology and actions."

"I also studied, with another professor, the probabilities of such situations. That's why I can see through your thoughts with one look."

"And do you know why I still haven't gotten a boyfriend after coming back for so long? That's because I can see that those guys just want to have sex with me. Do they think I'm stupid?"

At that moment, in Yun Xue Yao's mind, her impression of Jin Meng suddenly became greater.

Initially, she had thought that Jin Meng had just gone overseas to play around for a few years. She hadn't thought that Jin Meng had actually learned such a skill. That was really amazing.

"Then what should I do?" asked Yun Xue Yao.

Jin Meng shook her head. "It's difficult to say. We have to look at the situation. In any case, if you ask me, people like him are hard to deal with. They have very strong willpower, so they won't act rashly even if they're drunk. After all, each of you has already presented yourself to him. If he had a weak will, he would have f*cked each of you long ago."

"That's why you can only wait and see what he'll do. I can't help you."

Meanwhile, Yun Xue Yao really wanted to ask her something. Who on Earth did you learn all this from? This is incredible!

Chapter 1160: This photo makes me look bad!

The two of them came out of the toilet.

After some close speculation, Jin Meng felt that this kind of people was quite scary.

Meanwhile, Yun Xue Yao had thought a lot as well and was encouraged. Her plan had not succeeded yet. She had to keep working hard.

In the room.

Everyone was gathered together.

As the host, Yun Xue Yao definitely had to take the lead. “Brother Lin, why don’t I bring you guys out to have some fun and take a look around. This is the first time that You Lan, Sister Liu, and the rest have come here. If we don’t go and take a look around, it would be a shame.”

“Alright.” Lin Fan nodded. Since they were already here, they definitely had to enjoy themselves.

Fraud Tian and Zhao Zhong Yang were very excited as well. However, they were not interested in checking out the scenery at all.

“We won’t be going. We’ll be going downstairs to play a few games later. You guys can go ahead and see the scenery,” said Fraud Tian.

Zhao Zhong Yang nodded as well. “My Internet buddies aren’t interested in looking at the scenery. They want me to broadcast the scene at the casino, so I have to do it.”

Lin Fan glanced at him. “You’re not allowed to broadcast here.”

Yun Xue Yao said, “Brother Lin, it’s fine. I will take care of it.”

“Sigh. You guys... We’re out here for a vacation but you don’t even want to see the local scenery. What a waste.” Lin Fan shook his head. He hadn’t expected that these two guys actually wanted to go to the casino to play. It really made him helpless.

“Why would an old man like me follow you guys? I’m not going,” said Fraud Tian.

Zhao Zhong Yang nodded. "I don't want to be a third wheel either. I'm going to accompany Fraud."

In the end, Lin Fan was the only guy bringing the group of ladies to see the scenery.

Initially, he hadn't wanted to go either. But looking at the situation, if he were to say that he didn't want to go, things would probably turn out badly.

Hence, on this afternoon, Lin Fan accompanied the ladies as they roamed around Haojiang, taking a look around the area.

Meanwhile, Fraud Tian and Zhao Zhong Yang mixed in with the gamblers. Using the free gambling chips from Yun Xue Yao, they carefully placed their bets.

Initially, Yun Xue Yao had wanted to give them more chips but Lin Fan stopped her. \$20,000 per person was enough.

If they managed to win, they could keep it. If they lost, then that was that.

They wouldn't get any more money.

Therefore, Fraud Tian only placed a very small bet each time.

At the same time, he was hogging one of the seats. When those people who didn't have seats saw this flashy old man, who bet so little each time, hogging the seat, they were very displeased.

However, the people sent by Yun Xue Yao took care of all of this.

Hence, before long, the people in the casino all knew that these two people could not be messed with.

Meanwhile, in the scenic area.

Wu You Lan was very joyful. Jin Meng stayed by their side, helping all of them to take photos with her phone.

“Brother Lin, come here quickly! Let’s take a group photo!” Wu You Lan called.

Lin smiled. “Isn’t it fine if you guys just take the photo yourselves? Why would you want a man like me in the photo?”

Liu Xu had become less tense. “Just come here already. How can a man be so slow-going?”

“I’m coming, I’m coming.” Lin Fan sighed helplessly.

Jin Meng smiled as she said, “I’m going to take the photo. Make a pose!”

As Lin Fan stood in the middle of the group, he had no idea what kind of pose to make.

At that moment, Wu You Lan clung onto Lin Fan’s arm. An abundant smile spread across her face. Then, Liu Xu silently grabbed the other arm.

“Where am I supposed to grab?” Yun Xue Yao was taken aback. Both of Lin Fan’s arms had been taken. She didn’t know what to do.

Lin Fan smiled. “Just stand normally. This is just a casual photo.”

Wu You Lan suddenly called out, “Xue Yao, you can embrace Brother Lin’s neck from the back. Then, we would have a nice group photo!”

“You’re right!” Yun Xue Yao giggled. Then, she embraced Lin Fan’s neck. Her arms were placed around his neck, causing Lin Fan to almost be unable to breathe. If it hadn’t been for his Wu Xia major class of knowledge, he might really get strangled to death.

“Say cheese!”

Jin Meng shouted. Everyone was in position. When Lin Fan heard that, he immediately smiled. But he was a little slow to react, so his smile turned out rather awkward.

But it was still fine. The photo had been taken.

Yun Xue Yao's face was slightly red. After all, she had made a rather daring move.

At that moment, everyone gathered around Jin Meng to look at the photo.

"Hahaha. Brother Lin, look at your expression. That's really funny!" Wu You Lan burst out laughing.

When Lin Fan took a look, he felt helpless. The photo made him look bad.

Meanwhile, when the surrounding tourists saw this scene, they were filled with jealousy.

"D*mn. That guy is way too awesome. He actually managed to seize so many beautiful ladies."

"Sigh. We can't be compared to him at all. Look at the three of us. We're pitiful."

"I'm helpless. Let's stop looking. The more I look, the sadder I feel. Those ladies are really gorgeous. What a shame that they've already been taken by him."

Since Lin Fan saw that everyone was having so much fun, he played along as well. During this holiday, he decided to just accompany them in enjoying themselves.

At night, the group of them finally returned. However, when they went to look for Fraud Tian and Zhao Zhong Yang, they were rather shocked by what they saw.

"Spirits and deities, bless me..."

He saw Fraud Tian muttering some kind of incantation. Then, he threw the gambling chips on the table and waited for the outcome.

"That's pretty incredible. He's been playing all this time but he's still not done. Did he increase his gambling chips?" Lin Fan couldn't quite understand.

Wu You Lan smiled. "Perhaps he won some money."

"Let's go and take a look."

When they went over, they saw Fraud Tian playing happily. Moreover, his gambling chips had even increased a little. It looked like he had forty or fifty thousand dollars worth.

"Fraud, you managed to win money?" asked Lin Fan with a smile.

Fraud Tian turned around. "You're back?"

Then, as if he thought of something, he suddenly smiled proudly. "Look. I've won some money."

Zhao Zhong Yang, who was at the side, seemed thrilled as well. "Brother Lin, I have to say that Fraud's luck is really great today. I've already lost all my money. He ended up throwing in his money recklessly but he actually managed to win."

Lin Fan felt that it was not possible. With Fraud Tian's skills, how could he win? Then, he looked at Yun Xue Yao and seemed to understand. You did something, didn't you?

Yun Xue Yao shook her head, expressing that she had no part in this. This place was regulated and it wasn't controlled by any machine.

If one could win, it meant that he or she was lucky.

Then, Lin Fan looked at Fraud. With one look, he saw that there was really something peculiar. Fraud Tian's luck was pretty good today. He could make some easy money today.

Then, at that moment, Fraud Tian stopped placing bets. Instead, he picked up all his chips and said, "Let's go. Let's go back."

Lin Fan said, "You're not playing anymore?"

Fraud Tian waved his hand. "I'm not playing anymore. It's too intense, my heart can't take it. Since you've all come back, there's no point in playing anymore. Let's go and eat. I'm hungry."

Lin Fan smiled and nodded. "Today, you've deservedly gotten rich."

"Hehe." Fraud Tian chuckled. This easily earned money was really pretty good.
