

## Valiant Life 1201

Chapter 1201: How many more titles are there?

The broadcasts of the reporters were much clearer than that of Zhao Zhong Yang's livestream. Also, they used more advanced techniques than him.

"D\*mn, I've seen this middle-aged person on TV before. He seems like a powerful dude."

"I remember him too. Although I forgot his name, I know he is awesome."

The netizens discussed among themselves in shock.

The cameras changed angles repeatedly to capture the faces of the elders that were present at the event.

The netizens were in even more shock.

"D\*mn, these people are really influential. Is this really a prize ceremony?"

"Yeah, I'm speechless. It's shocking! It feels like a grand conference."

"Master Lin is law-defying this time. Nobody can stop him! Anyway, he is really insane."

Then, the cameras turned to Lin Fan. When Lin Fan appeared on the screen, everyone went wild.

"666... Look, Master Lin is smiling so happily. He must be over the moon."

"Isn't that rubbish? Anyone in his position would be joyous too."

"Yeah, furthermore, the crowd is really influential. I am really convinced by Master Lin."

“Who are the elders that are talking to Master Lin? I think I’ve seen them before when I was young, but it’s been a long time.”

Some of the netizens were in their twenties, and they found the faces of some of these elders familiar which meant that it had been more than ten years since they saw them on TV.

Besides the netizens, some celebrities were also watching the ceremony.

Those that had conflicts with Master Lin in the past also trembled when they saw the images on their screens.

They realised that Master Lin finally grew up and matured. He was also much more influential now, and nobody could mess with him. After all, with the number of connections with the elders now, which celebrity could mess with him?

They knew their place and decided not to flame Master Lin on the Internet anymore.

However, only a handful of celebrities dared to flame Lin Fan now even though they probably would never be able to match up to his influential power.

Even their most loyal fans would be willing to slap them if the celebrities were to mess with Master Lin.

Especially since the situation was a little unfavourable for them.

Some of the celebrities did not repost the broadcast video and were questioned by their fans.

If it was just a single fan asking about that, it would have been fine since people liked to flame celebrities anyway.

However, everyone after that comment started to ask that question too.

In the end, the celebrities had no choice but to repost the videos.

At the ceremony hall.

Lin Fan was a little nervous. After all, he was about to go up on stage.

The person on stage was a famous and experienced host. He had participated in a lot of grand events before.

The fact that this host was invited to this event showed how important this ceremony was.

Soon, the event started and the host started speaking.

“May we now invite Master Lin on stage, please,” the host said.

Then, there was a thunderous applause, especially from Zhao Zhong Yang and the others.

Master Lin was their close friend and now that he was going up on stage, they had to cheer as loud as they could for him.

“Master Lin is our country’s Chinese Arts Master, Wushu Master, medical expert, artificial limbs scientist, Internet security professional, etc...”

The host said a lot of titles in one go. Although some of these titles did not mean much, it was spectacular that a person possessed all of them.

Especially because Master Lin’s contributions to the medical world was simply impeccable, it was literally terrifying.

Besides Master Lin, nobody else could force some hospitals to be closed down.

The reporter took a quick glance at Master Lin and realised that he was a young but successful man. He was really envious of him.

Lin Fan waved to the crowd when he stood on stage.

“My dear host, you forgot to mention a title.”

The host was stunned. “Master Lin, which one was it?”

Lin Fan smiled. “Music producer.”

“Yeah, yeah, and music producer.” The host immediately reacted to his request. Master Lin wrote the famous tune sung by Wu Huan Yue and it was something that nobody could possibly come up with in this lifetime. Master Lin managed to write more than ten of such songs.

Lin Fan replied, “Actually, there’s another title.”

The host answered, “Really?”

“Yeah, God of Gamblers,” Lin Fan said firmly. Many did not know about this specialty of his.

Zhao Zhong Yang and the others laughed when they heard that.

Although Brother Lin did not gamble frequently, he was extremely good at it.

Zheng Zhong Shan sat there and laughed while shaking his head. He did not expect this fellow to have said that.

“Master Lin, is there anything else that I missed?” The host asked. He was afraid of missing another one out.

Lin Fan nodded. “Yeah, I’m also a gourmet food expert too.”

“Yeah, Master Lin is recognised by the Michelin.”

Lin Fan nodded again. “Also, I’m a master pianist and...”

The host was stunned after hearing that. He did not even hear of anyone having that title before.

The elders in the crowd just laughed uncontrollably.

They really believed him when he said that.

After all, Master Lin was seen to be a godly person, and they would believe anything he said.

In the broadcast.

“D\*mn, Master Lin is crazy. Did anyone count how many titles he has?”

“F\*ck, I don’t even know man. What was the sculptor title about? I don’t understand it.”

“Me too. What’s the cleaning title about?”

“Master Cleaner sounds fine but what was the one about back-scrubbing?”

“Hehe, you guys probably don’t know about this, but Master Lin used to work as a back-scrubber at a public bath.”

“F\*ck, are you serious? Why didn’t I know about that?”

“There must be a lot of things you don’t know about. I live in Cloud Street and I know everything about these.

Chapter 1202: I can’t believe it’s...

The host was stunned. After being a host for so many years, he never experienced anything like this before.

He only thought of one thing.

It was that Master Lin was really powerful.

He did not even manage to count how many titles Master Lin mentioned.

Lin Fan realised that everyone in the crowd was smiling. Then, he said firmly, “Actually, whatever I just said was real. Please don’t think I’m joking.”

The crowd thought that Master Lin was going to say that whatever he said earlier was fake. However, they were shocked to see that Master Lin actually said everything was real with such a firm tone.

At the seats.

Papa Lin’s face turned red. “This chap, how could he joke about these things at such a grand event? Sigh...”

The audience was filled with respectable individuals and elders and it was not appropriate to crack jokes like this.

Wang Ming Yang smiled, “Uncle, he’s not kidding.”

“Are you serious? How could that be real?” Papa Lin said in disbelief. He wondered why he did not know anything at all.

Wang Ming Yang said seriously, “Uncle, it’s really true.”

Papa Lin was stunned at how serious Wang Ming Yang looked. He did not know what to say anymore. He still did not believe it.

On the Internet.

“D\*mn, Master Lin is acting like he is a really powerful person at such a grand event. Isn’t he scared that a lightning bolt would strike him and turn him into a vegetable?”

“Haha, a lightning bolt? Master Lin has never been afraid of these things before.”

“Hahaha, that’s hilarious. Look at the expression on the elders’ face, they seem to be completely stunned by what Master Lin said. They’re probably wondering if what Master Lin said was true.”

“It’s obviously true. Everyone knows that Master Lin doesn’t lie.”

The host tried to think of an answer to reduce the awkwardness on stage.

“Master Lin, your contributions to the society and the world are remarkable. You saved countless people by curing terminal illnesses like leukemia, AIDS, etc.”

Lin Fan remained silent for a moment before replying, “Actually, I have to thank my disciple too. Zhao Ming Qing, the director of Shanghai Chinese Medical Academy. His passion for Chinese medicine really spurred our research. As his mentor, we worked together to eradicate these illnesses. If not for him, I would not have been able to do it so quickly.”

Zhao Ming Qing was stunned after hearing that. He did not expect his mentor to praise him at a grand event like this.

Meanwhile, Zhao Ming Qing’s family members were watching the event on TV.

His only daughter and three sons were accompanying his wife, Zhao Shi, as they watched the television together.

Zhao Shi said, “Look, remember when you thought Master Lin was a conman? Look at how things are like now.”

“Mum, how could we have known about this back then? He’s such a young chap and we did not want him to cheat our dad.”

They felt a little embarrassed as they thought about what happened in the past.

Their father managed to be so successful because he had been learning a lot from Master Lin.

Thankfully their father was determined and did not listen to what they said. If not, his father's achievements would not have been possible.

The camera turned to Zhao Ming Qing.

It was the first time that he appeared on TV.

Lin Fan's fans knew this elderly man was Master Lin's disciple, who managed to become so successful because of Master Lin.

The host continued to facilitate the flow of the programmes and the award ceremony was about to begin.

The netizens did not know what award was to be given and they were looking forward to it.

"What do you think Master Lin would be awarded with?"

"A Good Citizen Award?"

"^ are you stupid? I feel like hitting you with a hammer for saying that."

"Alright, how about a 'Outstanding Medical Skills' award?"

"^ please give me your address. I really want to hit you with a hammer."

The netizens discussed about it enthusiastically and all of them were wondering what Master Lin was going to be awarded with. After all, nothing was leaked to the public.

Everyone was guessing what it could be.

However, they knew that it was not going to be a simple award. After all, there were many important elders around and if it was a simple award, they would not even be invited to this event.

Lin Fan stood on stage and waited patiently. After all, he loved receiving awards and he wanted to fill the entire wall in his shop with awards.

Now that a grand award was to be given to him, he was really excited about it.

Wang Ming Yang was also very anxious about it. If he had known what award Master Lin was going to receive, he would not have been this anxious. However, the fact that he did not know it made him really anxious.

Wu You Lan sat there with the others and they were discussing about it softly.

“What do you think Brother Lin will get?”

Wu Huan Yue shook her head. “I’m not sure.”

Liu Xu whispered, “It has to be a grand prize. If not, why would it be so grand?”

Yun Xue Yao rushed over from Haojiang to witness this moment. Although she was not the one receiving the prize, she was even more anxious about it than Lin Fan. It was as if she was the one receiving the prize.

“Brother Lin’s award is definitely not an ordinary one.”

Just as the crowd was discussing among themselves, the host started to explain the reasons for the award and what it entailed. Finally, he reached the most important part.

“In order to recognise Master Lin for his outstanding achievements, we will be awarding him with a timeless award for being the most remarkable individual in the whole of China. Let’s invite...”

When the netizens heard that, they were still wondering what it was about since they did not hear anything about this award before.

However, when they heard who was going to be invited to give the award, they were stunned.

The netizens were stunned speechless.

“Wow, that’s crazy. I didn’t expect ‘The Great’ to be giving it out.”

“D\*mn, he can probably brag about it for the rest of his life.”

“Although I don’t know what this award is, it has to be an extraordinary one since ‘The Great’ is the one giving it out.”

“This. Is. Crazy.”

The netizens spammed the entire chatroom and the screen was filled with words. Furthermore, Weibo was bombarded with a lot of new articles.

“It’s unbelievable that ‘The Great’ is the one presenting the award.”

“The prize presenter is...”

Those that did not watch the livestream were stunned after realising that Weibo suddenly went wild. However, as they found out about it, they were dumbfounded.

Nobody expected this to happen. The person presenting the prize was a really respectable elder.

Papa Lin was so emotional that he held onto his chest as his face turned red. He even had the urge to stand up and shout but he resisted it.

He had to remain calm.

Lin Fan was also stunned when he heard that ‘The Great’ was going to be the one presenting the award to him.

Chapter 1203: Who would dare to offend him now?

The camera followed the middle-aged man as he walked out from the backstage.

The middle-aged man smiled with his signature smile and he waved to the people in the crowd as he walked towards Lin Fan. “Master Lin, it’s nice to meet you. Thank you for all you’ve done.”

Lin Fan smiled. “It’s what I ought to do.”

After Lin Fan received the commendation certificate, he raised it up high. Although it was not of much use, it was a great sense of achievement.

Then, he put it down before shaking the prize presenter’s hand.

It was Lin Fan’s proudest moment thus far.

The two of them looked at the cameras in front.

The camera shutters clicked repeatedly.

Papa Lin clapped enthusiastically for the man on the stage was his son.

At Zhongzhou.

Lin Fan’s close friends and relatives were gathered in front of their televisions.

“Look, that’s Lin’s son! I’m so, so proud of him.”

The relatives smiled as they watched the scenes on television.

It is normal to have some conflicts between relatives due to trifles but these conflicts did not have great impacts.

Lin Fan was never involved in such conflicts because it was something that was between the elderly and it was not appropriate for him to interfere.

Even though he finally became a successful man, he still could not interfere with things like this.

After all, these things had to be resolved by the people of the older generation.

Lin Fan shook 'The Great's hand and even took a picture with him. This made all the relatives proud of his achievements.

"I guess Elder Lin is going to become cocky in the future."

"So what? Lil' Fan is so remarkable. There's nothing we can do about it."

"Yeah, if only my son was half as powerful as Lil' Fan."

Lin Fan had not been in touch with most of his college classmates.

Now that the event was being broadcasted everywhere, all of them were stunned. They knew that this classmate of theirs was really capable but they did not expect him to become so successful.

Lin Fan smiled as he spoke to the middle-aged man. They were practically whispering to one another and besides them, nobody else could hear what they were talking about.

Soon, the award ceremony ended.

Lin Fan took the award with great satisfaction and he waved to his group of friends and family members.

The award ceremony was then closed with some stunning performances but most people did not focus too much on them.

After some time, the entire ceremony ended.

Everyone went to crowd around Lin Fan.

Wang Ming Yang went over and hugged Lin Fan. “Bro, you’ve really made it this time.”

“Hahaha,” Lin Fan laughed. “I’m not that great.”

Wang Ming Yang tried to take the award from Lin Fan’s hands. “Let me have a look at it. It must be extraordinary.”

Fraud Tian immediately held onto Lin Fan’s hands tightly.

“Fraud, what are you doing?” Lin Fan was stunned.

Fraud Tian smiled. “I just want to have a feel of the elder’s aura. Perhaps my luck would become better.”

“You...” Lin Fan was speechless at how ridiculous Fraud Tian’s actions were.

“Son, I’m really proud of you.” Papa Lin walked over with puffy eyes. It was obvious that he must have cried earlier.

Lin Fan smiled. “Dad, did you cry just now?”

Papa Lin replied, “Isn’t that normal? How could I have thought that you would be achieve such great things?”

“Brother Lin,” Yun Xue Yao went towards Lin Fan and greeted. “Congratulations.”

“Xue Yao, why are you here? Don’t you have a lot to attend to in Haojiang?” Lin Fan asked.

Yun Xue Yao replied, “Brother Lin, it’s the most important award ceremony in your life. How could I miss it?”

Lin Fan smiled and did not know what to say. He was just thinking about how to complete the task in the Encyclopedia. If he did not complete it in time, it would be impossible to unlock any new knowledge classifications.

However, was it really that simple to complete the task?

Lin Fan's parents were there and Yun Xue Yao and the other ladies were being really passionate towards them.

Mama Lin knew what the situation was like but she felt really helpless. She could not possibly choose any one of them as all of them were really eligible. Hence, she decided to just be nice to all of them.

She did not want to seem biased towards any of them.

Her son suddenly created this dilemma for her and it was causing her a lot of trouble.

In the past, she kept trying to rush her son to find a partner. However, he suddenly created this dilemma for her.

If Lin Fan knew about what she was thinking, he would have argued that he was innocent.

They left the Assembly Hall.

Wang Ming Yang and the others suggested to have a celebratory outing. After all, it was near lunchtime.

However, there were a lot of people and they had to find a suitable place.

Everything was not a problem as Wu Yun Gang had always been living in Beijing and he was more familiar with the place than anyone else there.

But they definitely had to spend the night somewhere.

Elder Zheng specifically asked Lin Fan to visit him at night. If he did not go to his place, he would probably be furious about it.

Lin Fan already knew what Elder Zheng wanted to do. He just wanted to make Lin Fan drunk so that he would draw several art pieces for him. Elder Zheng would probably feign ignorance the next day.

He had already seen through his tricks but it would require a great effort for Elder Zheng to make him drunk.

Wu Yun Gang said, "Master Lin, I have booked the transport needed to bring everyone to our destination.

Lin Fan smiled. "Director Wu, sorry for the trouble."

"Hey, it's not troublesome at all. I have to do my best to give Master Lin a great time here."

Wang Ming Yang smiled. "Yun Gang, you've changed. Why don't you do this for me whenever I'm here?"

Wu Yun Gang replied helplessly, "Ming Yang, how could you say that? You frequent this place. Master Lin comes here once in a blue moon. I obviously have to prioritise him."

"Let's go. Follow me."

The large group of people left.

Lin Fan's car was filled with no one but ladies.

Lin Fan obviously had to drive because if not, there would not be enough space for everyone in the car.

On the Internet.

“This time, Master Lin is definitely going to go big. Who would dare to go against him in the future?”

“Yeah, especially the haters on the Internet. They have to be careful with what they say online now.”

“Hahaha, I’m a little disappointed that Master Lin did not decide to make himself known worldwide earlier.”

“^ what do you know? Master Lin is really famous now and the foreigners must be wondering why Master Lin did not exist in their countries. They must be really envious.”

“D\*mn...”

Chapter 1204: I think all of them are suitable

At the hotel.

Wu Yun Gang was a regular customer there and the hotel manager greeted him warmly when he arrived.

He was like an elder to the managers there. He was a regular customer and he was definitely given the VIP treatment.

However, when the manager saw one of the youngsters in the group of people, he gasped.

“Master Lin...”

Lin Fan was chatting with a group of people. He just smiled and waved when he heard his name.

“Please, just enter.”

The manager served them personally and the other service crew were prevented from serving this group of customers.

Everyone knew that Master Lin went to receive an important award.

Perhaps there were still people who did not know about it yet. However, when the videos surface at night, things would definitely go crazy.

The service crew did not know who the group of people were but when they heard that Master Lin was there, they were stunned. They quickly took out their phones and sneakily took photos of Lin Fan.

If not for their manager, they would have rushed to him and asked for a picture together.

“Phew!”

Lin Fan heaved a sigh of relief after the long and exhausting day.

It had been an emotional day for him too since he managed to interact with so many elders in person.

“Son.”

Then, Mama Lin tugged Lin Fan’s arm.

Lin Fan asked, “Mum, what’s wrong?”

“Come over for a moment,” Mama Lin said.

Wu You Lan and the others just sat at the table with the others. Even though they did not know what she wanted to talk to him about, they could feel that it had something to do with them.

They stared at each other and smiled before continuing with their conversation about what happened earlier.

Outside.

“Mum, what’s wrong?” Lin Fan asked.

Mama Lin took a glance at the situation inside. “Son, what are you doing? I can tell what the ladies think of you. I also know what you’re thinking.”

Lin Fan smiled. “Mum, what can you tell?”

Mama Lin replied, “I gave birth to you. How could I not know? You should quickly make a decision and not waste their time.”

“Mum, you’re maligning me. I’m not wasting their time.” Lin Fan helplessly waved his hand at her.

Mama Lin glared at him. “Fine, let’s just say I’m maligning you. Just like how a housefly can still penetrate a flawless egg, if you...”

“Wait, mum, what you just said doesn’t make sense.”

He was stunned. The analogy seemed a little unique and if the ladies were to hear it, they would probably be furious about it.

When did they become houseflies?

At that moment, Wang Ming Yang appeared. “Hey, you’re here. We’ve been looking for you. Let’s head inside now.”

At the same time, he looked at Mama Lin and asked curiously, “Aunty, what are you doing?”

“Ming Yang, which of the few ladies inside suits my son the most?” Mama Lin asked. It was not easy to get her son to speak the truth. She had no choice but to target Wang Ming Yang.

After all, he was his son’s close friend and he would know it better than her.

Wang Ming Yang did not really think too deeply about it. "I think all of them are suitable."

"You... How can that be? You have to choose one of them," Mama Lin said.

Wang Ming Yang replied, "Aunty, that's a really tough thing to do. Just get him to choose one of them. With his capabilities, he can definitely afford any of them."

"Excuse me?" Lin Fan glared at Wang Ming Yang.

Mama Lin shook her head. "How can he choose all of them? Isn't that illegal?"

Wang Ming Yang smiled awkwardly. "Yeah, it's illegal. Alright, I'll head inside first. Bro, you can continue to chat with your mum. Just come in soon."

He felt that the topic was a little difficult to answer and he decided not to be involved anymore.

"Hey, wait for me. Let's go in together. Mum, we can talk about this when we get back. Let's eat first," Lin Fan said. He did not know what else to say to his mum.

This was a frustrating subject to discuss about anyway.

Mama Lin sighed. She did not manage to find out anything from her son. She obviously could not make the decision for him since it would only cause people to gossip about her.

However, bigamy is a crime and she could not let her son do illegal things like this.

She was actually pretty satisfied with these few ladies but it was not up to her to decide. It had to depend on Lin Fan.

She did not want to think about it anymore. After all, youngsters these days do not really care about relationships. It was not like the past where it was difficult for couples to separate.

At the dining table.

Wang Ming Yang said, “Bro, what your mum said is meaningful. Don’t you think my suggestion was decent? You should find out more about it. It might really work.”

“Eat your food.” Lin Fan placed a piece of meat into Wang Ming Yang’s bowl.

Then, he looked at the other table. Wu You Lan and the other ladies were chatting with his parents. They seemed to be having a great time.

He decided to not think about it anymore and continued eating.

He could not return home and he had to go to Elder Zheng’s house at night.

Wang Ming Yang shook his head and looked at his best friend who was usually straightforward and brave but he could not treat this matter the same.

If it was him, he would have gathered them around and asked all of them about it.

Just a simple question could solve everything.

Although he was envious of him, he was loyal to Xu Zi Le and he did not want to be related to these ladies.

At the other table, Mama Lin smiled. “I really like all of you.”

Wu You Lan and the others smiled upon hearing that.

“I wonder who my future daughter-in-law would be,” Mama Lin sighed and looked at the expressions on their faces.

In the end, she managed to figure out their expressions.

To Mama Lin, it was a rather complicated task to accomplish.

Of course, besides Liu Xu, the others seemed to look uneasy.

“Alright, let’s eat.” Mama Lin did not want to say anything more. She just wanted to see their reactions.

She felt that something was wrong.

She wondered why her son had to be involved with several of them at once. She wanted to discuss about it with Lin Fan’s dad after the meal.

The restaurant was booming with life.

Wang Ming Yang loved to stir things up and many people started to drink.

If they did not have any chauffeurs, they would have had to stay there for the entire meal.

Chapter 1205: You are trying to set me up

They finished eating.

Most of the crowd was still there but Wu Yun Gang ordered the chauffeurs to send them back to their hotels. Since everyone was there, he wanted people to stay there for a longer time.

Although Lin Fan drank alcohol, he did not reek of any alcohol at all. He knew that misunderstandings could happen if he were to be drunk. He did not want anyone to cause any trouble.

“Xue Yao, when will you return to Haojiang?”

Xue Yao smiled. “I’m not in a rush. I can probably stay here for some time.”

Initially, she wanted to return home the next day. However, she decided to stay on after what Mama Lin said at the dining table because she felt that something was not right.

As for the matters in Haojiang, she would make a call during the break to ensure that everything was fine.

Lin Fan said, "Since everyone's here, let's explore the place. I haven't been in Beijing in a long time."

He could not even remember when was the last time he came to Beijing.

"Alright," the group of people nodded.

However, Lin Fan felt that it was a little weird to be exploring the place in the afternoon. The atmosphere did not seem very suitable for that.

However, he could not decipher what was wrong with it.

At the amusement park.

It was not the place Lin Fan wanted to go but Wu You Lan and the other girls wanted to be there and he had to follow them along.

At the haunted house, he finally felt the pain of having so many of them around.

Whenever Lin Fan exited the haunted houses, Wu You Lan and the other ladies would be all over him.

He could not understand what they were doing. Were they trying to seduce him?

It seemed a little dark.

If not for his strong will, perhaps something might have gone wrong.

Lin Fan wanted to send them back to their hotels at night but they did not seem like they wanted to leave him.

Elder Zheng's regular chauffeur was already there to fetch him. However, he did not want to go there alone and he decided to bring them along.

At Elder Zheng's home.

His wife was busy preparing food while Elder Zheng and the others were chatting and drinking tea.

"You have to help me today. I asked Elder Lin here today for a reason," Elder Zheng said.

Yue Qiu Ju Shi nodded. "Don't worry, we know what to do. We won't make him completely drunk. If not, there wouldn't be any artworks."

Elder Zheng nodded. "That makes sense. We will see how it goes later."

Meanwhile, the others started to voice out their opinions.

"Elder Zheng, what if we become drunk before Elder Lin does?"

Elder Zheng squinted his eyes. "In that case, we will say that he should drink more since he is the only youngster here."

"That makes sense."

"Alright, it's set. We have to give our all for these artworks."

Elder Zheng added, "If we're successful, you can choose an artwork from my room's collection. Of course, you can't take any of Elder Lin's works."

"We can take any one of them?"

Elder Zheng replied, “Yeah.”

“What about those drawn by famous artists?”

Elder Zheng replied, “What’s with the questions? I said it earlier. You can take any of them besides Elder Lin’s works.”

The bunch of them smiled upon hearing that. They knew that Elder Zheng secretly collected quite a number of fantastic artworks. These could not be valued in monetary terms. Furthermore, they were meaningful pieces.

In the past, they knew that Elder Zheng treated these artworks like treasures. They did not expect him to give up on other artworks because of Lin Fan’s artworks.

Tao Shi Gang smiled. “I’m the main lead today. I can drink at least 1 litre.”

Elder Zheng replied, “No, Elder Tao, you can’t drink so much. We’re all so old already.”

Yue Qiu Ju Shi added, “Yeah, you shouldn’t drink so much.”

Tao Shi Gang replied, “What’s wrong? Elder Lin’s artworks are the best in this world and his medical knowledge is second to none. If he’s here, what else...”

Ding ding!

The doorbell rang.

“Coming!” Zheng Zhong Shan stood up and opened the door. After that, he turned around and said, “Don’t let the cat out of the bag.”

“Don’t worry.”

The door was opened.

“Hey, Elder Zheng, I’m here with a few friends,” Lin Fan said before entering the house.

Wu You Lan and the others were stunned. It was not exactly about how big the house was. It was because of how strict the security checks were for visitors like them.

Elder Zheng was stunned. He looked at the ladies behind Lin Fan and asked, “Are they all your girlfriends?”

When he asked that, Wu You Lan and the others’ faces turned red.

Lin Fan said firmly, “They’re just friends...”

Zhao Shi smiled as she was preparing food in the kitchen. “You’re here already?”

Lin Fan replied, “Yeah, I’m here. What is Sister Zheng cooking? I can smell the goodness of it from here.”

“When did you become so sweet?” Zhao Shi smiled. “I heard your culinary skills are fantastic too. Care to share?”

Lin Fan replied, “Sure, I can do that. I’ll let all of you try the most delicious cuisine in the world that nobody besides me can cook.”

The house suddenly became lively.

Wu You Lan and the others were looking around the house. Elder Zheng took a glance at all of them and felt that it was strange to see Elder Lin bring so many people there.

At the same time, was it right to bring these ladies here? Were they there to help?

However, Xue Yao understood what was happening, especially after seeing the kind of things that were hung on the walls. They were impressive.

There were many photos and awards which seemed a little ancient even though they were remarkable awards.

After some time, a fragrant aroma started to fill the house.

All of them were stunned after smelling that.

Lin Fan washed his hands and wiped them dry. "I just made two dishes for you to try."

Elder Zheng asked, "These were made by you? The smell is amazing."

Yue Qiu Ju Shi added, "Just like how impressive your artworks are."

Tao Shi Gang sighed, "I can't wait to try this."

Lin Fan smiled. "I'm kidding, You should have known who made these other dishes. Alright, please have a seat. I know you want to make me drunk tonight but please before. I will not be intoxicated; it's not possible."

Elder Zheng smiled awkwardly. "What are you talking about? How could we do that to you? It's a normal gathering. We haven't met up in a long time.

"That's good. Alright, let's have a good chat among all the Chinese Artists," Lin Fan said. He smiled as he thought about how Elder Zheng and the others helped him so much.

Elder Zheng even supported some of the things that he did.

Although Elder Zheng did not explicitly say it, he knew everything.

Chapter 1206: You can have as much as you want

The group of people sat around the dining table which was large enough to fit all of them.

Lin Fan was surrounded by the ladies, and there was a wine glass in front of him.

Elder Zheng nudged Yue Qiu Ju Shi with his legs under the table.

Yue Qiu Ju Shi knew what was going on. They felt that Elder Lin had brought these ladies over to help distribute the amount of work he had to do. This caused them to feel helpless.

The group of elderly people could not possibly win against these youngsters in drinking. In the end, they would probably be the drunk ones instead.

“Elder Lin, since you’re here, Elder Zheng took out some of his most treasured wine. It’s been kept for a few decades. Your friends can drink some too.” Yue Qiu Ju Shi felt that it was fine to say that.

“Yeah, yeah,” Tao Shi Gang added. The ladies seemed rather normal. If one of them had high alcohol tolerance, the elders definitely would not be able to match up to the youngsters.

Lin Fan clearly knew what they were trying to do. However, he could not let the ladies become drunk.

“It’s okay, they won’t be drinking. Don’t worry, I will not let them drink on behalf of me. I’ll drink a glass whenever you drink a sip. How’s that?”

“Really?” Elder Zheng was so stunned that he stood up in disbelief.

“Yeah, but it has to be this wine. If not, I will not drink it.” Lin Fan chuckled. He was ready to make all of them drunk.

“Alright, since you said that, we will ensure that you can drink as much as you want,” Elder Zheng said and patted his own chest. He knew that even if this fellow could drink, he could not possibly finish an entire litre of alcohol.

Allowing Lin Fan to finish his treasured wine was no big deal as long as he drew some artwork for them.

Yun Xue Yao was a little worried. “Brother Lin, actually, I can drink too. You don’t have to drink so much.”

“It’s okay. Ladies shouldn’t drink white wine. I don’t even like it anyway,” Lin Fan said.

Yun Xue Yao knew she could not say anything else to convince Brother Lin. Since he said that he did not like it, she did not want to probe further, concerned that he wouldn’t be happy with her interference.

“Please don’t drink too much,” Zhao Shi said. The group of elderly men was trying to drink with this youngster. It seemed a little childish.

However, they could not let Lin drink too much. After all, too much alcohol was harmful to the body.

“I know myself,” Elder Zheng said. Although he really wanted Lin Fan’s artworks, he did not want Lin Fan to drink too much. They knew that alcohol was not a healthy thing to consume.

Too much of it was really harmful to the body.

Initially, the dining table was pretty quiet and only a few of them were drinking with Lin Fan. Elder Zheng and the others joined in later.

“Elder Lin, let’s give a toast to you receiving an award,” Yue Qiu Ju Shi said.

“Sure.” Lin Fan chuckled. He raised his wine glass and finished it in one gulp.

“Did you really need to finish it in one gulp? We’re just kidding. Don’t take us too seriously.” Yue Qiu Ju Shi was stunned. He did not expect Elder Lin to finish the wine in one breath. If this carried on, he would probably be drunk in no time.

“Why? I only drank a little. Are you guys not willing to finish the bottle of wine?” Lin Fan chuckled.

Elder Zheng could not take it after hearing that. “What do you mean? Just drink. I will supply as much alcohol as you want to drink today.”

It was as if they were underestimating his drinking ability. He immediately rushed upstairs and brought three more bottles of wine to the dining table.

“Look, there’s three bottles here. It’s definitely enough for you to drink,” Elder Zheng said.

Yue Qiu Ju Shi looked at the wine bottles and knew that they were Elder Zheng’s most precious wine. He took out all of the bottles of good wine just for Lin Fan to drink more.

They felt that one bottle was enough to do the job.

Lin Fan chuckled. “Haha, Elder Zheng is still as generous as before. I guess I will start drinking now.”

Wu Huan Yue sneakily nudged Wu You Lan. “Can Brother Lin drink?”

Wu You Lan smiled and nodded. “Yes, he can. You will see later.”

She knew that Brother Lin’s alcohol tolerance was really high, but perhaps the few bottles of wine could get him drunk.

Yun Xue Yao took out her phone and snapped a picture of Lin Fan and the others.

At the same time, on the Internet.

The television was replaying Master Lin’s award ceremony.

Some of the netizens who did not watch the livestream today could watch the replay at night. When they saw what happened, they were stunned.

“D\*mn, what exactly happened just now? I just went to work and this happened?”

“^ Are you serious? This happened a while ago.”

“Hey, I did not watch it. I have a rather unique job, and I can only come home at night.”

“Hahaha, Master Lin is going to be invincible.”

“The main thing is that the prize presenter is the idol of our hearts. Master Lin is really so powerful that he is receiving recognition from people like him.”

“Of course. Master Lin did so many great things. He helped improve the lives of countless people. We no longer need to be afraid of illnesses like this in the future.”

“Yeah, it’s not that we’re the only country benefiting from it. Other countries are too. However, I know that some countries are still not very convinced with Chinese medicine, and they don’t know how to prepare the medicine. They have to get a Chinese physician to help them out.”

“It’s such a wonderful sight to see. I’m so happy for him.”

Lin Fan’s fans were really emotional. After all, they were really proud of Master Lin when they saw him receiving the award.

On Weibo, a lot of verified celebrities started to repost the video and congratulate Master Lin at the same time.

When Lin Fan used to be active on Weibo, he would often have flame wars with them, but now that something like this happened, it probably would not happen again. They knew that they were asking for death if they were to go against Master Lin.

As for the celebrities that quarreled with Lin Fan before, they also surrendered and accepted that he was a powerful man.

After all, what else could they say about him? He became so successful in a short time like this.

They really could not afford to offend him.

The shop owners from Cloud Street did not follow them along. They just watched the livestream in the day and watched the replay at night too.

Some of them even pointed out to their families who Master Lin was.

Everyone in their families knew who he was. They were really proud of him.

## Chapter 1207: Fulfilling their wishes

At that moment, at Elder Zheng's place, the atmosphere was clearly not right.

gulp

That was the sound of saliva being swallowed.

Elder Zheng looked at Lin Fan in horror as if he was seeing a ghost. What had he seen? This kid just drank five bottles!

It wasn't water either; it was real wine!

And it wasn't cheap wine. This wine couldn't even be bought with money.

Lin Fan raised the cup and finished it in one gulp. Then, he picked up the bottle and was about to pour another cup. However, he realized that the bottle was already empty.

"Elder Zheng, the wine has run out. Is there any more?" Lin Fan looked completely normal as if there was nothing wrong at all.

Yue Qiu Ju Shi and Tao Shi Gang had picked up vegetables with their chopsticks, but they had already forgotten to put the vegetables in their bowls. They were completely stunned. They wouldn't even be this terrified if they had seen ghosts.

Elder Lin had drunk five whole bottles — that was three kilograms of wine! Was he trying to scare them to death?

“Elder Lin, look at this...” Elder Zheng was close to tears. What’s going on? There’s no one on Earth who could possibly drink so much. How could these five bottles be finished so quickly?

Lin Fan asked curiously, “What’s there to look at? Elder Zheng, could it be that you can’t bear it? I wanted to go back to Shanghai tonight, but I came here just because you called me. If I don’t even have enough wine... Sigh, forget it.”

He appeared to be disappointed, but he was laughing on the inside. You thought you could get me drunk? Think again.

Whenever someone asked him to drink, he would finish the cup in one go. Now, Elder Zheng was starting to feel upset.

Elder Zheng had kept these bottles of wine for a long time, and he usually couldn’t bear to bring them out. Now, Elder Lin had gulped down 5 bottles of wine on his own. If he even finished the remaining few bottles, there would really be no more.

“Let’s not drink too much. It’s damaging to the body. Elder Lin, you’re still young. We should stop.” No matter what, he couldn’t let this youngster cause him any more harm. This youngster was drinking wine like it was water. It caused his heart to tremble, and he didn’t know what to think anymore.

If he had known, he would never have let Elder Lin drink this wine.

“Sigh. I was just starting, but you’re not letting me drink anymore. I’m never coming back here again.” Lin Fan sighed with feigned disappointment.

It wasn’t that Elder Zheng didn’t want to bring out more wine but that he couldn’t bear to. If this kept going, he wouldn’t be able to take it.

But at that moment, Lin Fan stood up. “Forget it. There’s no more wine and it’s getting late. It’s time to go.”

“Don’t!” Elder Zheng immediately raised his hand. How could he let Lin Fan, who had drunk so much, just leave like that? Wouldn’t it mean that he had wasted all his wine? Finally, he shook his head. “Alright, I’ll get more wine. Today, I’ll throw caution to the wind and give you all my wine.”

Elder Zheng gritted his teeth as he went to get the remaining bottles of wine. As he held them in his hands, his heart ached. This was good wine that he usually could not bear to take out.

Today, he had run into ill-fate. He had not expected this. If he had known that Elder Lin could drink so much, he would not have brought his wine out. He had even banged his chest and told Elder Lin that he could drink as much as he wanted. Elder Zheng had brought this upon himself.

“Elder Zheng, that’s generous of you! Where was I? Let’s carry on chatting,” said Lin Fan with a grin. At the same time, he looked happily at Elder Zheng’s dismay. You wanted to get me drunk? I won’t leave until I finish all your wine today.

Elder Zheng looked as if he had lost all meaning in life. “Where were we? Where did we stop our conversation just now?”

In his despair, he had forgotten what they had been talking about.

Yue Qiu Ju Shi and Tao Shi Gang immediately came to their senses. “I think we were saying that, after this ends, everyone should draw something, and we should do an exchange. Isn’t that right, Elder Zheng?”

Elder Zheng instantly regained his energy. “I think so. Let’s carry on then. We’ll talk after we’re done drinking.”

Lin Fan smiled and didn’t say anything. Since he had come and drunk so much of Elder Zheng’s wine, giving away a drawing was not a problem.

Elder Zheng and the rest were in such a rush to finish that they even helped Lin Fan to shoulder some of the load. However, no one besides Lin Fan could drink too much of this wine.

Wu Huan Yue, Liu Xu, and Yun Xue Yao were already in shock. Is it even human to drink this much?

Even the Wine God wouldn't drink this much.

When they finished...

Lin Fan wanted to say something, but unexpectedly, Elder Zheng and the rest had fallen asleep with their faces bright red.

"This..."

He didn't know what to say. What was he supposed to do now that they had fallen asleep?

Lady Zheng smiled. "Lil' Lin, they've all fallen asleep. Why don't you stay here for tonight then?"

Lin Fan waved his hand and replied, "Sister Zheng, I shouldn't stay. I have to bring the ladies back. Let's carry them into the house first."

I'll let them have a good, long sleep.

"Sister Zheng, where's the study room?" asked Lin Fan.

"It's next door, why do you ask?" Lady Zheng asked.

Lin Fan smiled. "I'll do a drawing. If I don't draw anything, they'll hate my guts when they wake up tomorrow."

Lady Zheng replied, "Alright, alright. These three just keep harping about artwork all day."

In the study room.

Wu You Lan and the rest came to spectate as well. They were dazzled by all the drawings hanging on the walls.

Liu Xu and Yun Xue Yao had seen many things in their lives. Naturally, they recognized that these drawings were mostly from extremely famous artists. They were very valuable.

But right now, these ladies were more excited about what Brother Lin was going to draw.

Lin Fan stood in front of the drawing table. He thought for a moment about what he should draw. Suddenly, he had an idea. He picked up the brush and his gaze shifted. With an imposing aura, he started to draw.

Mountains. Water. People.

The initially-blank canvas gradually became abundant.

Yun Xue Yao and the rest were seeing Brother Lin draw for the first time. Their eyes widened. Although they couldn't understand all of it, they could tell that Brother Lin was incredible.

They also knew that the drawing which had been placed in the museum was recognized as one of the top ten artworks in the world.

As they watched Brother Lin with his serious expression, they couldn't help but be captivated.

Time passed, minute by minute, second by second.

It was finished in one go.

Lin Fan had wanted to add a poem but decided not to. Then, he took out a blank piece of paper and wrote a few words. He would let Elder Zheng do it himself when he woke up.

This drawing contained four people which represented the four of them.

Four old and one young.

It also symbolized them getting to know each other through art and becoming friends.

To Wu Huan Yue and the rest, the people and scenery in the drawing seemed vivid and lifelike.

“Alright, let’s go back.” Lin Fan smiled. This would definitely make Elder Zheng happy.

“Okay.”

The rest of them nodded. Then, along with the chauffeur, they left the place.

## Chapter 1208: Seize it forcibly

In the early morning.

Zheng Zhong Shan opened his eyes, but he was still in a daze. Then, he sat up and leaned against the bedrest. He couldn’t even remember what had happened last night.

It seemed like he had drunk a lot. However, his head didn’t feel uncomfortable at all.

Usually, when he drank too much, his head would feel muddled the next morning. But he didn’t understand what was going on this time. Could it be that the wine was so good that it didn’t have any negative effects on him?

“You’re awake. Have some sweet soup.” Lady Zheng carried some sweet soup over. Then, she said, “Really. You’re already so old, but you still drank so much last night.”

Zheng Zhong Shan got off the bed. As he put on his clothes, he sighed.

“Sigh, what a shame. I thought I could get Elder Lin drunk and make him create a drawing for us. I didn’t think that I would suffer a complete defeat. I didn’t get the drawing, and even all my wine has been finished by Elder Lin.”

Just as Elder Zheng sighed, two other sighs came from outside.

Yue Qiu Ju Shi and Tao Shi Gang had woken up as well. Their heads didn't hurt, but as they thought about the previous night's incident, they felt that it was a real shame.

"Elder Zheng, what happened in the end? Did we get the drawing?" asked Tao Shi Gang.

Elder Zheng answered, "Obviously not. All of us fell unconscious last night. How could you all get drunk?"

Yue Qiu Ju Shi retorted, "How can you blame us? Who would have known that Elder Lin could drink so much? We were just... Sigh, forget it. We've lost. We've all lost."

Elder Zheng felt helpless. He looked at the time. It was just past 7AM. It wasn't early, nor was it late. As he had entered his later years, his daily hours of sleep had gradually decreased. Usually, he wouldn't be able to sleep anymore once the Sun rose.

He went into the study room.

"Ah!" A cry of shock rang out.

When Tao Shi Gang and Yue Qiu Ju Shi, who were outside, heard this, they were startled. They wondered what on earth was going on. Then, they rushed into the room to take a look. It can't be that Elder Zheng has fallen ill because he's too sad, can it?

However, when they reached the study room, they saw Elder Zheng standing there alone, staring at the tabletop. It seemed as if he was stunned.

When they looked over and saw the drawing on the table, they were completely flabbergasted.

"This..."

Yue Qiu Ju Shi was stunned for a moment, then he regained his senses and wanted to go and touch the artwork.

"Don't touch it." Elder Zheng was alarmed. He quickly stopped Yue Qiu Ju Shi and looked at them alertly. "What did we say last night? This is mine, not yours!"

Initially, both of them had promised that they were helping Elder Zheng to get a drawing. However, when they saw Lin Fan's drawing in person, that promise completely disintegrated.

"Elder Zheng, you can't do that. Look closely at who those four people in the drawing are. Besides Elder Lin, the other three are us, aren't they? This is Elder Lin's gift to us, not just you alone," said Tao Shi Gang. With one look, he had fallen in love with the drawing. How could he just let Elder Zheng have it?

"Yeah, that's the four of us. But Elder Lin drew it here in my home. Moreover, we already agreed yesterday. I'll let you two choose whichever artworks you want from my study room. Go ahead." Elder Zheng guarded the artwork. He really loved it very much.

At the same time, he sighed emotionally. He hadn't expected that Elder Lin had known his intentions all along. Before leaving, Elder Lin had made a drawing for him.

He was beyond delighted. There was an indescribable joy in his heart.

Tao Shi Gang and Yue Qiu Ju Shi couldn't let it go. Then, they looked at the piece of paper on the table and said, "There are words written there. It must have been left here by Elder Lin. Take a look."

The three of them looked at the words on that piece of paper. The next moment, they were stunned.

I'll leave the writing to you. Write your own names. As for who it's for, you guys can slowly discuss about it.

"No, it's mine. You guys can choose among the other artworks in the house." The more Elder Zheng looked at it, the more he liked the artwork. How could he give it away?

Yue Qiu Ju Shi said, "Elder Zheng, give it to me. I'll give you all of the artworks in my study room."

Elder Zheng refused, "No. Even if you give me all your artworks, they wouldn't be worth this one."

The three of them debated for a long time. In the end, they still couldn't reach a conclusion.

When Lin Fan woke up, it wasn't early anymore. It was already 9AM.

Because of the previous day's incident, Weibo was buzzing with activity.

It monopolized Weibo's trending page.

Everything else was pushed aside.

Even news of celebrities' divorces were no exception. No one else could take the headlines.

"Hey, why hasn't Master Lin posted on Weibo since the award ceremony?"

"Yeah. Could it be that he forgot about it because he's too excited?"

"I think that's very likely. Perhaps Master Lin was so excited that he forgot to post on Weibo."

"That's too scary. Master Lin is so young. It seems that he's still single, right? Whoever becomes Master Lin's partner will have hit the jackpot."

"Master Lin isn't single. Doesn't he have a relationship with that celebrity, Wu Huan Yue? Didn't someone take a photo of Master Lin with three ladies?"

"^It's not what you think."

"I'm a fan of Wu Huan Yue. Actually, I really approve of her being with Master Lin. However, as for the photo, it wasn't like what was reported, so don't speak nonsense."

Lin Fan had fans and so did Wu Huan Yue.

Usually, something like this would cause one to lose fans. However, Lin Fan's fanbase was way too huge. Wu Huan Yue's fanbase couldn't compare to Lin Fan's. Moreover, most of Wu Huan Yue's fans were fans of Master Lin as well.

Hence, Wu Huan Yue's fans were happy to see their idol together with Master Lin.

At that moment, Lin Fan refreshed his Weibo.

He took a photo of the reward and posted it on Weibo.

"Stay low-profile. Last night, I drank too much with some old friends. I came back home and slept until now. Today, I'm going back to Shanghai."

When this message was posted, the netizens were all stunned.

He had just won such a big award, but he could still sleep in. If it had been anyone else, they would have taken a selfie with the award immediately.

Everyone was in awe.

Knock knock

At that moment, someone knocked on Lin Fan's door. When he opened it, Fraud Tian and the rest were waiting outside. Then, they went out for breakfast.

Yun Xue Yao had come to Beijing to see Lin Fan receive the award. Now that he had received it, she had to have a meal with him.

She had sent the photo to her friends the previous night.

Her friends didn't recognize who was in the photo. However, what she hadn't expected was for her grandfather to actually give her a call.

This had surprised her. She didn't know what was going on.

Over the phone, her grandfather was mainly asking about the old man in the photo.

Young people probably wouldn't recognize him, but how could someone like her grandfather not recognize that old man in the photo?

If his own granddaughter knew that old man and went to his house for a meal, it represented something great.

What Yun Xue Yao didn't know was that because of this incident, her family's status had gradually risen.

Chapter 1209: If I can't bluff you, I can't bluff anyone

Wang Ming Yang and the rest met with Lin Fan. When Wu Yun Gang found out that everyone was leaving, he couldn't bear it. They had only been in Beijing for a while, but they were already leaving. He wanted everyone to stay a little longer.

However, Lin Fan wanted to return to Shanghai. Wang Ming Yang had business to settle back there too.

The previous night, this group of men had had a lot of fun.

Wu You Lan and the rest had gotten very close as well. They were like sisters now.

When Lin Fan looked at Wu You Lan and the rest, he felt helpless. The Encyclopedia's task would be quite difficult to complete. It was quite f\*cked.

Getting stuck here was pretty f\*cked up.

He wanted to unlock the Xianxia major class of knowledge. Even if he couldn't become immortal, he wanted to at least fly or something.

“Xue Yao, what time is your flight?” asked Lin Fan.

Yun Xue Yao replied, “It’s at 5 PM. What about yours, Brother Lin?”

Lin Fan answered, “About the same as yours. You have to take care on the way back.”

Yun Xue Yao nodded. “Yup, I know, Brother Lin.”

To everyone, last night’s reunion had been really joyous. Now that they had to part ways, they were a little upset.

Wu You Lan and the rest thought that it was quite lonely for Yun Xue Yao to go back alone. However, it couldn’t be helped. Haojiang was too far, so they could only wait until they met again.

The next day!

In the early morning.

Cloud Street.

When Lin Fan arrived at the shop, a large number for townsfolk had already gathered at the entrance.

“Master Lin, congratulations!”

“Congratulations on receiving the reward! It must feel great!”

“I always knew that Master Lin was the most awesome.”

“That’s for sure. If Master Lin isn’t awesome, I don’t know who is.”

The townsfolk really worshipped him. He was too f\*cking awesome.

Facing the townsfolk's praise, Lin Fan accepted it calmly. After all, what these likeable townsfolk were saying was true. In fact, these were words from the bottom of their hearts.

The other shop owners specially came forward to look at Little Boss's award as well. They even held it and took group photos together. It felt amazing.

"Alright, alright. There's no need to make such a big deal of this. This is actually very normal," Lin Fan spoke calmly. To him, this kind of thing wasn't worth mentioning. After all, he was a god-like being.

Getting such an award was really simple.

The crowd looked at Master Lin. In that instant, they didn't know what to say. As they looked at Master Lin's serene expression, they couldn't stay calm.

If it had been anyone else, they would have held a large banquet to celebrate. However, Master Lin just came back to Shanghai and started selling his scallion pancakes again. It seemed too casual.

At that moment, in a certain neighbourhood.

A little girl with double ponytails who looked around twelve or thirteen years old was writing something down on her notebook. With a closer look, it appeared to be a diary.

"I don't want a little brother. I don't want a little brother. Little Brother will steal half of Daddy and Mommy's love for me. They won't care about me anymore. They won't love me anymore. I hate Little Brother."

Li Xiao Xiao was a primary school student. Her life had been happy and cheerful, but suddenly, something changed.

Her Mom and Dad actually wanted to raise a little brother for her. However, her heart resisted it.

Then, she took out her phone that had been given to her by her family. She opened QQ and wanted to tell her friends about her unhappiness.

But at that moment, she saw that someone had invited her into a group.

And this group's name drew her attention.

“Union Against the Second Child”

She had been bothered by this matter for a while. Now that she saw this group's name, it instantly drew in her confused and unknowing heart. She felt as if she had found a team.

Then, she accepted the invitation.

Once she entered, messages came from the group.

“Welcome! Our group has gotten bigger again.”

“Keep it up! Our goal is to stop the second child from taking everything away from us!”

“We don't want brothers or sisters. You're now one of us.”

When she saw this, Li Xiao Xiao suddenly felt as if she had found like-minded people. Then, she started chatting in the group and talking about her background.

The group admin sent a message.

“You're Li Xiao Xiao, right? We here are strongly against second children. Hence, we'll help you. But it depends on whether you will accept our method of help,” said the admin, the anti-second child captain.

Li Xiao Xiao: “I don't want a little brother. As long as Mommy doesn't give birth to a little brother, I'll do whatever.”

Anti-second child captain: “Right. Since they have you, they shouldn't have another child. They didn't even get your agreement. That's why we have to retaliate against them.”

Li Xiao Xiao: “????”

Anti-second child captain: “All of the members here are like you. When something like this happens in the Union, we immediately find someone of the opposite sex to make a baby with you so that your mother becomes a grandmother. This is how we counter her behavior.”

Anti-second child captain: “We will be finding someone in this group of the opposite sex that’s suitable for you. Trust us. If you really want to counter their behavior, you have to trust us.”

After saying a lot, Li Xiao Xiao finally agreed.

At this moment, in a certain apartment, a few men and women were working. Their work only required several computers.

One of them, a thirty year old woman, was very excited. She had succeeded.

Then, she opened another group and sent a message.

“We have a new good: Thirteen year old, primary school student, Shanghainese. Priced at \$5000. If interested, send the money. We will arrange it.”

When this woman sent the message, this silent group suddenly became lively.

“I’m reserving it!”

Ding dong

The woman’s phone rang. The money had reached her. Then, she exchanged contact numbers with the person. After that, she placed all her attention on Li Xiao Xiao.

“Hmph. What a dumba\*s. If I can’t even bluff you, I wouldn’t be able to bluff anyone.”

The woman laughed as if there was nothing wrong with what she was doing. She felt that this money was too easily earned.

She was making use of a primary school kid's rebellious attitude and childish behavior to earn money.

Nighttime. At 5 PM.

Lin Fan stretched his body. It was getting late. He could go back now.

"I'm going back. You guys should go home earlier too."

Then, he started his car and drove towards home.

Making scallion pancakes every day felt pretty good. It felt much more comfortable than researching medications.

At the entrance of a small shop.

Lin Fan stopped his car and went to buy a bottle of water. When he came out, he saw a little girl pass by in front of him.

When he looked at her, he didn't see anything peculiar at first. However, he felt like her expression was a little unnatural, so he kept looking.

He was suddenly taken aback.

Then, he didn't say anything. He put his hands in his pockets and followed behind the girl.

Chapter 1210: These are for myself to wear

"There's definitely something wrong."

In Lin Fan's piercing eyes, it seemed that there was definitely something wrong with that little girl.

He would rather be wrong about it than just let it be, so he followed her to see exactly what was going on.

A little girl like her should not have a facial expression like that.

In this world, there was no one better than Lin Fan at stalking. Of course, he had not actually tried stalking anyone before, but at least he hadn't been discovered yet.

"This situation seems a little complicated."

As Lin Fan followed her, he started to ponder. He felt that this was quite complicated. Something was very off about this young lady.

Very soon, they had reached a small alley. This was far away from the crowded area.

On the way here, Li Xiao Xiao had stopped several times. Each time, she would take out her phone to take a look. Then, it seemed as if she was being persuaded, so she kept walking.

Lin Fan didn't understand the full situation, but he just kept following her.

Very soon, Lin Fan realized that his target had stopped. She had stopped at a very rugged-looking hotel, "Love Ocean Hotel".

Li Xiao Xiao stood there, not knowing what to do. Then, her phone rang and she answered.

After speaking for a while, she hung up.

"This little brat, what exactly is she doing?"

Lin Fan was very suspicious. This was definitely not anything good. After all, they had come to this shabby place and she was just waiting here. There was definitely some kind of problem.

At that moment, a figure appeared. This figure had a cap on and was wrapped up completely. It seemed as if this person was afraid to be seen.

Suddenly, Lin Fan saw that Li Xiao Xiao seemed a little resistant. However, that figure grabbed her arm and dragged her inside. There was no way this little brat had the strength to resist.

Moreover, there weren't many people around, much less people who would come to help.

Yang Dong was thrilled. When he saw the little girl, his latent energy started bursting out. Even his body was responding. In his mind, images that should not be described had started appearing.

The more he thought about it, the more excited he became. He dragged her straight into the hotel.

He couldn't take it anymore. No matter what, he had to get her inside. After all, he had already paid thousands.

"Be obedient, be obedient. Don't judge me because of my height. I'm actually just in junior high. I'm just a little older than you. Don't be afraid, the group matched us together."

As the man spoke, he impatiently dragged the girl inside.

At that moment, Lin Fan placed a hand on Yang Dong's shoulder.

"Who are you?" Yang Dong knew that he was doing something wrong, and he immediately tried to swat away the hand. However, how could he swat away Lin Fan's hand so easily?

"What are you doing? Why are you dragging a little girl into a hotel?" Lin Fan sized up the opposite party. Then, he took Yang Dong's cap off. When he saw Yang Dong's face, he realized he was a thirty or forty-something year old man. With his glasses on, he seemed a little more refined.

When Li Xiao Xiao saw what was happening, she tried to run away. However, Lin Fan pulled her back.

"Don't go. Come here and listen to me." Lin Fan's voice seemed as if it was projected magically, startling Li Xiao Xiao. She stood on the spot and didn't move at all.

Yang Dong had not expected something like this to happen. He wanted to escape. However, he couldn't run away. Instead, because he moved too suddenly, his bag fell onto the ground, and all the clothes inside were scattered on the ground.

Lin Fan looked over and was taken aback. This is too f\*cking devious.

What are these clothes?

Student's uniforms?

Cat costumes?

And stockings?

Then, he looked at the opposition. "What were you planning to do?"

Yang Dong was shocked. "Nothing. I'm not doing anything. Let go of me. This has nothing to do with you! And who are you anyway? Why are you grabbing onto me?"

Yang Dong struggled frantically. But suddenly, his pupils contracted as if he had seen a ghost.

Even his voice started to tremble.

"You... You're Master Lin."

He was about to lose his mind. The sweat on his forehead trickled down profusely. He had not expected to bump into Master Lin.

This person would never let anything go. He was even harder to deal with than the police.

"Yup, I am. Come, tell me. What were you planning to do? Who are these clothes for? You're pretty amazing. The punishment is at least three years of jail and a death penalty at worst, but you still dared to do it."

Lin Fan had not expected the situation to unfold like this. It was simply despicable. This person wouldn't even let a primary school student go.

If Lin Fan had not gone to the shop to buy things, he might not have come across this. If that had happened, who knew how it would have turned out?

Yang Dong's mind was in a mess. Even his tongue was tied. If he had come across some other meddlesome person, he would have ways to escape.

However, the person in front of him was Master Lin. Even if he was immensely capable, he wouldn't be able to get away.

"I... I... This is for myself. I like to wear clothes like these. It's a hobby of mine. That's why I brought them here." Yang Dong didn't even know what he was saying himself, but this was the only thing he could say in hopes of bluffing his way out.

"Oh, it's for yourself? Then what's with this girl? I saw you pulling her in just now? Why were you pulling her in?" asked Lin Fan.

Yang Dong was terrified. "I don't know her. I... I just wanted her to help me take a photo. There was no other intention, really. How could I do that sort of thing? This is a misunderstanding!"

"Oh, so that's the case." Lin Fan nodded as if he had not expected that to be the case.

"Yes, that's exactly it. It definitely isn't what you thought. You have to believe me!" Yang Dong said nervously. His fearful heart was thumping profusely. Even his legs had started to tremble. He was scared to death.

Suddenly, Lin Fan placed his palm heavily on Yang Dong's shoulder. "Do you think I'm an idiot?"

His gaze became serious.

"Let's go. This place isn't suitable for you. Follow me to the police station." Lin Fan grabbed Yang Dong and wanted to head to the police station.

thud!

Yang Dong immediately knelt onto the ground, hugging Lin Fan's legs. "Master Lin, I'm begging you. Please don't take me to the police station! My mind was clouded by corruption. Give me a chance. I promise I won't do it again. Really, I wouldn't dare to! Please just let me go!"

"Don't spout nonsense. If I let you go, I would be causing harm to others. Follow me. If you continue to kneel, I'll see just how heavy you are." Lin Fan didn't say another word. He grabbed Yang Dong by the back of his collar and walked away.

He had not thought that there would be such people in this world.

Sometimes, people would look at some photos on the internet, but it was just out of boredom. He hadn't expected that such despicable people really existed.

Moreover, this little girl didn't seem like the kind of child with a complicated family background and no one to watch over her.

There was definitely some bigger problem behind this.
