

Valiant Life 1211

Chapter 1211: No, I don't want to!

“Don't do it, Master Lin. You're a good person. Please, let me go. I can't go to the police. I can't!”

“No! I didn't even do anything! You don't have proof, how can you arrest me?”

Yang Dong was pale with fear. Things had gone horribly wrong and he was completely lost in fear.

Lin Fan immediately flagged a taxi and shoved Yang Dong into the car. Then, he told the little girl to sit in front.

“Sir, take us to the police station.”

The driver didn't notice anything at first. But suddenly, he realized that something wasn't right.

There were a few words he heard that caught his attention.

“Master Lin, I'm begging you. Let me go!”

“I wouldn't dare to do it again. Please don't take me to the police!”

“Master Lin, I can't be exposed. Otherwise, I'll be done for. I'm begging you!”

“This is only my first time. It's really my first time...”

His face was covered in tears, and his mucus was flowing as he begged Master Lin to let him go. Otherwise, his life was going to end.

Lin Fan said, “First time? Don't you know what I'm capable of doing?”

He hadn't expected this guy to be so crafty and say that it was his first time.

The driver asked, "Master Lin, what did this guy do? Could it be that he was trying to sell this little girl?"

The driver wasn't overly excited. Even though Master Lin was famous now, it was still easy to find him. One just had to visit Cloud Street to find Master Lin.

"What he did was even worse than human-trafficking," said Lin Fan.

The driver didn't realize what it was at first. However, from what Yang Dong had said, he managed to get a rough idea. Then, his face turned stern. "Master Lin, did he..."

He didn't say it in the end. After all, it would have a bad influence on the little girl.

"Yes, your guess is right. That's why I have to take him to the police. Furthermore, it's not his first time. He's done it lots of times," said Lin Fan.

When the driver heard that, his face turned red in anger. He was a father himself, and he hadn't thought that such people still existed.

"What a piece of scum. This kind of person should be taken to the police. How old is this girl? Twelve? Thirteen? What kind of scum would do such things?"

The driver started scolding him angrily. If he hadn't been driving, he would have personally taught this scum a lesson.

At that moment, Yang Dong realized that begging for mercy wouldn't work. He wanted to jump out of the car. But just as he tried to open the door, he realized that it was locked.

"Hmph. You thought you could jump out? I've already locked the door. Let's see what you can do," growled the driver.

Yang Dong's eyes were red. "Are you trying to make me die?"

Lin Fan shook his head. “We’re not trying to make you die. If a person does something wrong, he has to face up to it. And you have to make it up to everyone.”

“I’m going to go down fighting!” Yang Dong raised his fist and threw it towards Lin Fan.

“You’ve got guts.” Lin Fan laughed. This was the first time someone dared to make a move against him. Right now, there was no one who didn’t know about his strength. Furthermore, this Yang Dong’s fist was weak and powerless. It was useless.

Quickly and effortlessly, Lin Fan suppressed Yang Dong and held him against the seat.

The driver looked in the mirror. “Master Lin, should I stop the car? I’ll let you teach this scum a lesson.”

Lin Fan replied, “No need for that. Let’s go straight to the police station.”

The driver said, “Alright. This kind of person should be punished. He seems so refined, but he’s actually just scum. If Master Lin had not exposed him, bad things would have happened.”

But when the driver saw that the little girl next to him wasn’t talking, he was curious. “Master Lin, why isn’t this girl crying or making any noise?”

Lin Fan said, “I’ve hypnotized her.”

When the driver heard that, he was instantly stunned. He hadn’t thought that Master Lin would have such an ability. If he didn’t see it for himself, he wouldn’t dare to believe it.

“D*mn. I have to go faster. This scum must be taken to the police quickly.”

The driver steadied himself. The most important thing was safety. Speed came second. He was already getting impatient. He wanted to take this person to the police station immediately.

However, he didn’t take any photos, nor did he ask too much. After all, this little girl was young. If he shared this on his social media for others to flame this scum, he was afraid that the little girl would be affected. Hence, he resisted.

Very soon, they reached the police station.

When Yang Dong saw the police station, he was dazed. He was in despair.

He knew that he was done for. He was beyond hope.

At that moment, Yang Dong turned to Master Lin. "I only have one request. Please put a hood over my head."

"Okay." Lin Fan looked at him, then grabbed a transparent plastic bag and placed it on his head before pulling him out of the car.

The plastic bag made no difference at all.

"How much for the ride?" Lin Fan took out his wallet to pay.

The driver immediately waved him off. "Master Lin, there's no need to pay. If it's you, how can I accept your money?"

Lin Fan rebutted, "No. I have to pay you. This is hard-earned money."

"Sigh. Master Lin, there are more important matters right now. How can you think of all this? Just pay me once you're done. I'll wait for you," said the driver.

"Alright." Lin Fan thought that was fine. Then, he dragged Yang Dong into the police station with Li Xiao Xiao next to him.

However, as they walked to the police station, the driver stepped on the gas and left.

"This..." Lin Fan felt helpless. He hadn't expected the driver to leave without taking his money.

When a police officer passing by saw Lin Fan, he was curious. "Master Lin, what's the matter?"

Lin Fan pointed at Yang Dong. “This guy committed a crime. I caught him and brought him here. Is your Chief Liu here?”

“He is. I’ll inform him immediately.” The police officer ran into the station. He knew that it wasn’t a small matter since Master Lin had come. It had to be pretty serious.

When Lin Fan and the rest were about to step into the police station, Yang Dong became completely paralyzed, and he laid on the ground.

“No, I don’t want to go in. Master Lin, I’m begging you, let me go. I’ll kneel down to you. I can’t go in!” Yang Dong cried. His legs had gone completely soft.

Lin Fan looked at the miserable Yang Dong and couldn’t help but laugh. Then, he shouted towards the police station. “We’ll need a few guys to carry this guy in.”

The police officers were very familiar with Master Lin. Then, several buff police officers lifted Yang Dong by his limbs and carried him in.

They didn’t have to ask what Yang Dong had done. They would find out soon.

Master Lin was the bane of all criminals. Although he had not arrested any criminals for a while now, they still trusted Master Lin very much.

Especially since there was a little girl by his side, they knew that it was no small matter.

And seeing that man in complete fear, they knew that it was a big matter.

Chapter 1212: These things seem pretty interesting

At the local police station.

Yang Dong sat there with his hands cuffed, and he was looking around anxiously. He could not stop fidgeting. It was obvious that he was anxious.

Especially since he was guilty, it made sense for him to be anxious.

He did not expect this to happen at all. If he had known about this earlier, he would not have arranged for a meeting at the Oceanic Love Hotel.

He would not have been willing to spend money and go over to the hotel.

Liu Xiao Tian was stunned. “Master Lin, what did you say? This fella wants to...”

Lin Fan nodded. “Yes. Thankfully, I met him. If not, something bad would have happened. I don’t think this is a simple matter. We have to conduct a thorough investigation.”

Liu Xiao Tian replied, “Hmm, I know. I will definitely investigate this matter thoroughly. These fellas are crazy. They probably dare to mess with anything.”

Lin Fan felt the need to find out more. “Let’s go over to see how are things going.”

“What’s the situation with the girl?” Liu Xiao Tian asked. She had been quiet ever since she came here. It was as if she did not know anything about this matter.

Lin Fan replied, “I hypnotised her so that she would be quiet. When we finish interrogating the man, we will ask her as well.”

“Hmm, I see.” Liu Xiao Tian nodded and wanted to see what kind of person this fella was like.

At the interrogation room.

A policeman looked at the belongings of the man and wrote down everything he saw.

“One stocking.”

“A cat costume.”

“One set of a school uniform.”

“A set of sex toys.”

When he saw these items, the policeman looked at the man in shock. This fella must have been an adventurous man.

However, when he saw the little girl sitting in the corner, the policeman was furious. The man sitting before him was an inhumane beast.

“Three Durex condoms.”

“Two Viagra pills.”

He continued to write to the checklist of the items that he had possessed. It was embarrassing to even announce some of those items.

The reporting officer held the pen so firmly that it almost broke.

He did not expect the man to be so inhumane. Thankfully, Master Lin spotted him. If not for Master Lin, what would have been the outcome?

It was simply unbelievable.

“A set of DVDs.”

That was the last piece of item in the bag.

slam!

Suddenly, the police officer slammed the table furiously. “Tell me, what are these for?!”

Yang Dong stuttered, “I... They are for me to use. I didn’t do anything.”

The police officer replied, “You didn’t do anything? I think you planned to do something but you did not manage to succeed. You better tell me the truth.”

“I really didn’t do anything. I just like to bring these items out. I have this weird habit. If I do not bring these items with me, I would feel insecure. Anyway, is there a law that says that I cannot possess these things?”

It was as if Yang Dong had planned what to say. Initially, he was still feeling anxious, but he was starting to feel calmer now.

He understood that if they had no evidence of him doing anything illegal, he would not be affected at all.

The police officer glared at Yang Dong. “I guess you really don’t want to speak the truth.”

If he trusted his words, he would have been a fool.

Who would believe that he had no intentions of doing something bad to the little girl? After all, he was alone with her and he carried such “special” items with him.

Yang Dong insisted, “What is there to say? Release me now. I did not do anything wrong. I was going to throw these things away. What did you arrest me for?”

The officer asked, “What about the girl?”

Yang Dong shook his head. “What is it? I just asked her for directions. Is that illegal?”

He just wanted to deny everything to save himself.

Furthermore, they could not do anything to him since they had no evidence of him actually committing a crime yet.

“Inspector Liu, Master Lin...”

The police officer nodded at his inspector before saying, “This fella refuses to admit anything. He claims that he does not know the girl and that he only asked her for directions. He also said that he carried these items to throw them away.”

Liu Xiao Tian replied, “Inform his family and the relevant authorities.”

“Okay.” The police officer nodded. He had to inform the relevant parties about this as a form of deterrence.

Indeed, when Yang Dong heard about them informing his parents and the relevant authorities, he was stunned.

“What are you guys doing? You have no evidence at all. How can you accuse me of these things?”

Liu Xiao Tian glared at Yang Dong. “I suggest that you tell us the truth now. When we find out everything, it will be too late for you to confess your sins.”

Yang Dong tried to avoid making eye contact with him and replied, “What is there for me to be truthful about? I did not do anything.”

The police officer said, “Inspector Liu, this fella is an educated man. He is a manager.”

Liu Xiao Tian replied, “Alright, inform his family and bring them over.”

Yang Dong protested furiously, “What are you trying to do? You have no evidence. How could you ask my family over? This will affect my reputation, and I can sue all of you for this.”

Initially, Lin Fan did not want to say anything, but he still decided to add, “Just look at his mobile phone. Perhaps we can find something in there.”

When he said that, Liu Xiao Tian immediately replied, “Yeah, we should do that.”

Yang Dong's facial expression changed. "This is personal privacy. You can't do this."

"Inspector Liu, there's a password," the police officer said.

Liu Xiao Tian looked at Yang Dong and asked, "What's the password?"

Yang Dong shook his head. "Password? I don't even know whose phone this belongs to. How would I know the password?"

Liu Xiao Tian looked at him. "I suggest you cooperate with us and stop trying to avoid our questions."

Yang Dong raised his voice. "I'm not avoiding anything. This phone does not belong to me. How would I know the password?"

Lin Fan went forward and asked for the phone. "Let me have a look."

The police officer handed the phone to Master Lin, but he did not know what Master Lin wanted to do. It was not the first time that he encountered people like Yang Dong. He wondered what Master Lin was going to do.

He insisted on remaining quiet and that he did not know anything about the matter. He would probably beg for mercy when the truth was revealed.

Lin Fan looked at Yang Dong and the phone. Then, he keyed in six characters.

There was a loud and crisp sound.

The phone was unlocked.

When Yang Dong heard that sound, his face turned as white as paper. "How could you know my password?"

Lin Fan smiled. "That was easy. 123456."

"Rubbish! My password is 895714."

Suddenly!

Yang Dong was stunned. Master Lin suddenly took out a phone from his pocket. "Actually, the phone that I just unlocked belongs to me. How would I know the password of your phone?"

"But I know what it is now."

Chapter 1213: Making a move

"You've screwed me over..."

Yang Dong was overly nervous and overly afraid. In an instant, he had been screwed over by Lin Fan.

Kacha

That was the sound of the screen unlocking.

"I didn't screw you over. You're dishonest. If you just confessed, everything would have been fine. Although you would be punished, there would have been some leniency. What's the point of being so sneaky and evasive?"

Lin Fan shook his head and looked at the phone. Then, he opened QQ.

Buzz buzz buzz

The phone kept vibrating. Numerous groups were sending messages nonstop.

With one look, his eyes were dazzled. He didn't even know which messages to look at.

Lin Fan passed the phone to the policeman beside him. "Take a good look and see if there are any suspicious messages inside."

"Okay." The policeman took the phone and started checking. He was looking at those messages very seriously and wouldn't even miss a single one.

Very soon, the policeman found a particular group.

"Master Lin, look at this. There's something fishy."

Lin Fan took the phone and took a close look. Indeed, there was something wrong. There weren't many things said in the chat. However, there were a lot of messages. It made him feel that this was not as simple as it seemed.

Then, he opened a certain message.

"\$5000, thirteen-years-old..." Lin Fan read it out aloud. When Yang Dong heard that, his face turned pale. He didn't know what to say.

"I..." Yang Dong was about to speak, but he was interrupted.

The investigating policeman said, "Yang Dong, the evidence is right there. I hope that you'll answer us truthfully. Don't think that you're not in trouble just because you haven't done anything, understand?"

Yang Dong's throat was trembling. His expression was unsightly. He had been discovered and he had lost hope.

Liu Xiao Tian said, "Master Lin, what do you think we should do now?"

Lin Fan said, "Let me ask this girl what happened. I feel that this matter is quite complicated. There is definitely something we don't know."

Liu Xiao Tian nodded. He agreed very much with what Lin Fan had said.

“I think we’d better go to your office,” said Lin Fan.

There were too many people and policeman here. It wouldn’t be good to frighten the little girl.

“You guys keep interrogating him.”

As Liu Xiao Tian followed Master Lin up, he told his colleagues to continue interrogating that guy.

They would not help to conceal this crime. They were definitely going to let his family and his company know what he had done.

Such behaviour had to be dealt with severely. They could not let this criminal feel like he got let go easily at all. Also, they had to find out for sure if he was a first-time offender or a repeat offender.

In the office.

Lin Fan tapped the girl’s head lightly, and the little girl suddenly regained her senses. When she saw the situation around her, she was clearly a little frightened.

“Little girl, what’s your name?” Lin Fan asked.

Li Xiao Xiao looked at everything in front of her. But when she saw Lin Fan, she was startled. Then, she asked cautiously, “Are you Master Lin?”

Liu Xiao Tian instantly smiled. He hadn’t thought that Master Lin’s fame had gotten so big. Even children knew him. That was quite scary.

Lin Fan replied, “Yes, I am. Do you know me?”

Li Xiao Xiao nodded. “Yes, I do. My classmates all know you. My Dad really likes you.”

Lin Fan smiled. “Oh, looks like I’m quite famous. Oh right, what happened just now? Why did you go to a place like that all alone?”

Li Xiao Xiao’s expression changed when she heard that. Then, she lowered her head, took out her phone, opened an application, and handed her phone over.

Lin Fan took the phone and looked at the screen.

Meanwhile, Liu Xiao Tian stood behind and looked closely as well. He was still a little dazed. What exactly was going on? In that instant, he was a little confused.

However, when he saw the QQ group, he was stunned.

“Union Against the Second Child”

What kind of organization is that? Why would anyone create such a group?

Lin Fan looked at the group description and his expression changed drastically. Now, he understood what had happened.

It turned out that this was a group of children who didn’t want to have siblings.

Lin Fan found it quite hard to understand. First, he didn’t have a wife. Secondly, he didn’t have children.

He couldn’t imagine what on Earth was going on at all.

However, when he clicked on the group creator’s details, he could immediately tell that although she was female, she was not a student.

When he opened the other administrators’ profiles, they were all adults.

Then, he looked at the information in the group. There were few male students. Most of them were female students. Moreover, most of them were around thirteen years old. Some were even eleven or twelve years old.

Just as Lin Fan was looking through the group, something happened.

Another female student joined the group. Looking at her profile, she was fourteen years old. It seemed as if all those group administrators had been waiting. Once she joined, all of them welcomed her.

After looking for a while, Lin Fan understood.

This group was created by people with devious intentions. They wanted to get primary school students who didn't want to have siblings into this group. Then, they would brainwash the students.

Also, judging from what he had seen on Yang Dong's phone, they would put these students' personal information in another group and put them up for a price for these people with fetishes.

Once one of the students' took the bait, things would turn out horribly.

Once they set a place to meet, the student would be dragged in. Even if he or she resisted, it would be useless. Once the student got frightened or was given some money, everything would be resolved.

"Master Lin, this matter is very severe," said Liu Xiao Tian.

He had not thought that something like this was going on.

Lin Fan nodded. "Mmm. This matter is very severe indeed. Chief Liu, you have a huge responsibility now."

Liu Xiao Tian took this matter very seriously now. "We have to find out where these administrators are. And we have to link up with the chat application company and get them to cooperate with us."

“There is no room for delay. Perhaps while we were speaking, another child was tricked by them. If these people are caught by me, I’ll definitely teach them a good lesson.”

Lin Fan said, “Leave this to me. Just touching a computer wouldn’t be illegal, would it?”

Naturally, Liu Xiao Tian knew about Master Lin’s situation. He had been restricted from touching computers. However, this matter could not be delayed. Those people had to be located immediately.

“Go ahead. If anything happens, I’ll bear the blame. This matter must be resolved as soon as possible. We have to find those people at once.” Liu Xiao Tian allowed Master Lin to do it without hesitation.

If one were to ask whose computer skills were the best in the world, the answer would definitely be none other than Master Lin’s. Finding those people wouldn’t even be a problem.

But after this situation was resolved, there would still be other matters to take care of, like dealing with the children’s psychological well-being.

This time, even if the group were disbanded, these children’s attitudes would still be wrong. They would still get manipulated by others.

They had to be guided.

But that wasn’t a matter that concerned the two men.

Chapter 1214: Crazy skills

Sitting in front of the computer.

Lin Fan stretched open his palm for a moment. It had been a long while since he last touched a computer.

Liu Xiao Tian sat at the side with his eyes fixated on Lin Fan.

“Chief Liu, what are you staring at me for?” Lin Fan asked curiously. Then, he added softly, “Could it be that you’re afraid I might do something bad?”

Liu Xiao Tian immediately waved his hand. “No, definitely not. I have immense trust in you, Master Lin. I trust that Master Lin wouldn’t use the computer to do anything else. We just have to find those despicable people, right?”

“Right.”

Lin Fan nodded very seriously. He hadn’t expected that Liu Xiao Tian would be worried about this. He wanted to say that there was no need to worry at all.

Lin Fan was a man of integrity. If he said he wouldn’t touch a computer, he definitely wouldn’t touch a computer.

However, this was a special case. He couldn’t watch the budding flowers of his country get harmed by those people.

Although he didn’t know those budding flowers personally, he was willing to be their protector in order for them to grow and flourish.

“Chief Liu, just watch. I’m a man of integrity.”

At that moment, Lin Fan’s fingers started moving as they rained down on the keyboard. Those fingers became a blur in Liu Xiao Tian’s eyes.

“Master Lin, slow down, slow down. I’m getting dizzy.” Liu Xiao Tian was in a daze. Those fingers are too fast. Isn’t he afraid of his fingers cramping up? Liu Xiao Tian couldn’t see clearly at all.

However, Master Lin was completely immersed in it. Stopping was not an option. This was the only way that he could utilize his true abilities.

He had to attack the keyboard at high speeds in order to find those criminals.

Protecting the budding flowers of the nation was everyone's responsibility.

Liu Xiao Tian saw that Master Lin's expression was quite serious, so he just sat there silently. His eyes remained steadily on the screen. But even so, he couldn't quite understand what was going on.

QQ was being attacked.

The technicians at the company had been doing a check, but suddenly, they realized that there was a problem. Someone was hacking into the website violently.

To Lin Fan, there was no need to hide. There was no need at all. He had to hack it as maniacally as possible.

"Sh*t! It's bad. Someone has hacked into our back-end."

One of the technicians started pressing his keyboard maniacally as well, but it was useless. The opposition was too strong. The technicians were so scared that they were about to p*ss themselves.

Those technicians who had been eating were stunned when they heard this. Who would be so wild?

Then, they quickly put down their food and rushed over. If something were to happen, they would lose their jobs.

However, when everyone joined in, something terrifying happened. The opposition completely ignored them. Even though they were defending, it didn't even take a second for the opposition to blow past their defense.

"What is going on? Since when was there such an expert in the country?"

"Yeah! Our captain has been to international competitions, and he has even been a champion before. Even if his security skills aren't the best in the world, he's definitely in the top ten.

The technicians were all dumbfounded.

At that moment, the captain's hands stopped moving. "That's enough, everyone. Just stop."

"What's wrong?"

"Yeah. Even though the opposition is strong, we can't just let him in. If something goes wrong, we won't be able to bear the consequences."

The captain took out a cigarette and lit it up silently. "The attacker is at Shanghai's police station. There's no need to do anything. There's only one man on this planet who can completely overwhelm us."

"Who is it?"

When everyone heard it, they were instantly stunned.

The captain sucked in the smoke. "Master Lin."

"D*mn. It can't be. Didn't Master Lin get banned from using computers? How could he be using a computer?"

"Yeah. I know what happened back then. Master Lin is really incredible. Before him, all the defenses in the world are as thin as paper. No one can stop him."

The captain said, "This is from the police station. They must be investigating something. We can all stop. Moreover, it's clear that Master Lin is searching for someone's IP."

Even if he used all his power, he wouldn't be able to do anything. That's why he completely gave up.

At the police station!

Clatter

Lin Fan tapped the enter key. "It's done. I've found their address. We don't need to get in touch with any foreign police. These criminals are in Shanghai. Hurry up and get your men. Let's go."

Liu Xiao Tian was stunned. Then, he said, "You found them just like that?"

Lin Fan responded, "What did you expect?"

"No, it's just that this speed is a little shocking," said Liu Xiao Tian. He was a computer idiot. How could he understand all this?

Lin Fan smiled. "Of course it's fast. Did you think this Internet Era was a joke? Even if you scold someone on the Internet, that person would be able to find you if he wanted to. Don't you know that?"

Liu Xiao Tian replied, "Of course I know. This is a police station. We know that bank accounts, phone calls, room bookings, and just about anything can be found if you really want to find it."

"Since you know, let's go then. We have to catch them."

Liu Xiao Tian couldn't wait any longer. Since Master Lin had found the criminals, they had to go and arrest them at once.

People these days were f*cking lowly. They would do all kinds of sinister things.

Fraudsters' tactics had gotten more complicated and they had become more cautious. Although the times were progressing, it seemed as if people were becoming less wise.

If it had been a thirteen-year-old girl from the olden days, she would have known not to follow others blindly, much less do it to get pregnant and retaliate against her family.

What kind of IQ must one have to have such thoughts?

Lin Fan and Liu Xiao Tian rushed out. Meanwhile, the policemen who were waiting outside had no idea how things had developed.

However, Yang Dong had already confessed everything.

When Lin Fan and Liu Xiao Tian came out, Yang Dong raised his head as well. He looked at Lin Fan as if he was begging Lin Fan to let him go.

Liu Xiao Tian said, "Get me some men. We're going to catch the culprits."

"Yes sir."

Lin Fan said, "You guys have to interrogate this guy thoroughly. He's not a first-time offender."

When he said this, Yang Dong was stunned.

"You can't malign me." How could he reveal his past? If he were to reveal it, he would be done for.

"Alright. You're still not honest, are you? Tell me. How many times have you done it already?" The policeman interrogated him with a stern tone. He hadn't expected this guy to be so slippery.

In the police car, the policemen asked, "Has the culprits' location been found?"

Liu Xiao Tian replied, "Yes, we've found it. It was all thanks to Master Lin. His hacking skills are the real deal. Just incredible."

Lin Fan smiled. "It's just a small matter."

Chapter 1215: This is all I can do

At a certain remote residential building in Shanghai.

There were many elderly people living here, and the building was rather old.

There weren't many young people who came here often. Most people who came were the elderly.

At that moment, in a certain apartment, the walls were plainly painted. On a long table, there were several computers, and a few men and women were working hard at the computers.

“Alright. Another little brat has taken the bait!” a man exclaimed excitedly. Then, he quickly opened another group chat and typed a price.

“Sigh. This money is too easily earned. Kids nowadays are too easy to scam. Hahaha!”

“Our luck is pretty good. I wonder what happened to that brat I persuaded yesterday. It’s probably too late for her to regret it now.”

When these incidents took place, they would usually not show themselves.

They would get the customers to go themselves. Even if something bad happened, it would be the customers’ problem. It would not concern them at all.

“Regret? There is nothing to regret. If there’s anything to blame, it’s their useless brains!”

Just as they were chattering.

The room door was kicked open violently.

A big group of policemen charged in.

“Nobody move. Get down on your knees and put your hands behind your heads.”

“Kneel down.”

When the policemen went in, they instantly suppressed those guys.

At that moment, noises came from the another room.

Liu Xiao Tian immediately brought a few men with him and charged in. They dragged out a middle-aged man.

“Check if there’s anyone else hiding,” ordered Liu Xiao Tian.

“Yes sir.”

The policemen checked the whole apartment and confirmed that there was no one else.

Meanwhile, some other policemen started investigating the instruments of crime. On every computer, there were at least four chat groups open. Each of them contained a large chat history.

Liu Xiao Tian looked at the computers and said, “Make a call to get more people here. We’re going to bring all of these back and check them thoroughly.”

“Yes sir.”

Lin Fan had been waiting outside the door the whole time. He had not gone in. This matter could be left to Liu Xiao Tian. Moreover, with him at the door, no one would be able to escape.

If someone were to try to run, Lin Fan would just have to lift his leg and kick that person to the ground.

“Master Lin, you’re really incredible. Every single one of them is here,” said Liu Xiao Tian with a smile. He had not expected this to be so simple.

Lin Fan said, “Chief Liu, this matter is far from over. We still have to collect the evidence and you have to pay special attention to the kids in the chat groups. Although we’ve caught a group of them, there may be other criminal groups out there.

When Liu Xiao Tian heard that, he felt that Master Lin was right. “You’re right, Master Lin. What happens next is most crucial. But we’ve finally destroyed this nest and we can be a little relieved now. Let’s see how the interrogation will go.”

Back at the police station

A loud ruckus could be heard.

“What is going on?” When Liu Xiao Tian heard it, his brows furrowed. When he went inside, he saw a middle-aged lady shouting.

“What are you all doing? What has my husband done? What rights do you have to detain him? Let him go!”

The middle-aged lady yelled as she pointed at the policemen.

“What are you doing? What are you doing, Lady?” Liu Xiao Tian looked very displeased. This was the police station. How could someone cause such a ruckus here?

“Chief Liu, this is Yang Dong’s wife,” said a policeman.

Liu Xiao Tian nodded. Then, he went in front of the woman and said, “Your husband is suspected of having an affair with an underaged girl. We have to interrogate him. We didn’t call you here to bring him back. It was to inform his family about this matter.”

The middle-aged woman yelled, “Underaged girl? Do you have evidence? Don’t malign my husband! Let me tell you that I’m not stupid!”

Liu Xiao Tian had not expected this woman to be so unreasonable, and he didn’t want to say more. Then, he got a policeman to take her away.

Lin Fan walked in. “Chief Liu, the rest is up to you. There’s nothing else for me to do here, is there?”

“Don’t say that, Master Lin. You can’t go yet! We still need your help to interrogate him. And we need your help to check the computers too. We only know how to solve cases. We’re not like you with computers,” said Liu Xiao Tian.

Although there were computer experts here, they were far from Master Lin’s level. If Master Lin were to personally do it, everything would be solved.

Especially since the little girl was still there, they had to resolve the matter quickly.

“Chief Liu, once this matter is settled, how many years do you think he will be sentenced to?” asked Lin Fan.

Liu Xiao Tian was silent for a moment. “That’s hard to say. We’ll have to look at the bigger picture to determine it. It won’t be less than three years.”

Lin Fan nodded. “Okay, you’re the expert here. I’m going to check the computers and see if there’s anything on there.”

There wasn’t much on the computers, and many files were password-protected. However, these things weren’t urgent. He started viewing the messages in the chat record instead.

“Chief Liu, come here for a moment. You have to take a look at this. There’s another scam that’s about to take place.” After searching for a while, Lin Fan realized that there was a problem.

Liu Xiao Tian rushed over. He saw the message and took down the phone number inside. Then, he immediately told someone to check the address and name linked to it.

“There’s a lot going on here. There are so many people in the group. The complexity is quite high,” said Liu Xiao Tian.

Lin Fan said, “It is indeed. But we won’t be able to find out if there are other accomplices.”

Then, he continued searching and found quite a lot of information.

There was a list with many phone numbers on it. There were even some digits at the end.

“Chief Liu, go and ask about this. Find out what it is about exactly,” said Lin Fan.

Liu Xiao Tian looked at the computer screen and told someone to print it out. He went to the interrogation room with it. Not long after, he came back with a grave look on his face.

“Master Lin, this is all evidence. This is evidence that they have already succeeded. This is a record for them to keep track.”

Lin Fan had not expected this. He felt that it was really frustrating. However, he was doing his best. It couldn't be helped.

He worked all the way until 6 PM. Finally, everything was prepared.

“Chief Liu, I'm going back first. Inform that girl's parents to bring her home. Remember not to let her parents hit her. Get them to speak to her about it. You guys will have to work overtime tonight. This is an important matter,” said Lin Fan.

Liu Xiao Tian nodded. “Mmm, don't worry. We will definitely resolve this matter.”

Lin Fan had done all he could. The rest was up to Liu Xiao Tian and the police.

Chapter 1216: This is a bad sign

Because of this incident, Lin Fan decided to open his QQ and look at some children's statuses.

If he hadn't come across this incident, he wouldn't have been aware. But now, he knew how bad it was.

A girl born after 2005 posted some words in the forum which made Lin Fan's heart ache.

Have I become old? He thought.

Moreover, that girl who posted the photo was quite terrible.

In the photo, a brat was standing there holding a cigarette.

“Let me introduce her. This is my little sister, and she is a 2005s kid as well. You 2000s kids are nothing before us, understand?”

Then, he continued looking and found something even more repulsive.

“I’m going to get a new boyfriend the day after tomorrow. Aren’t you 2000s kids jealous? We 2005s kids are just so free. We will keep on outdoing you. We are even richer than you 2000s kids. When you all get old, we’ll rule the world!”

Looking at these before he slept, Lin Fan couldn’t describe how he felt.

It seemed that the times were changing, and 90s kids were falling behind the times. He couldn’t help but feel slightly mournful.

Below, there was another comment with pictures that made Lin Fan feel helpless. He felt that if he didn’t do something, he would really become old.

“2005s kids are your ancestors. If you aren’t happy, come and fight us. My husband, Brother Hu, will beat you till you cry for mercy.”

There were two pictures below of a chubby kid taking a selfie with a confident expression.

Lin Fan had nothing to say. He quietly took screenshots of the photos and those words.

If he didn’t do anything, he would really be getting old.

He opened his Weibo.

He took a look at his followers. Most people who used Weibo were already following him.

“To the parents of these kids: you can raise your fists. I support you in educating them. Beat them if you need to. Otherwise, there may be no other chance in the future. As a 90s kid, this is all I can do.”

After making that post, he immediately went to sleep. Other things had nothing to do with him anymore.

At night, thousands of households were having dinner.

Zhang Xiao Hu was eating. Then, he looked cautiously at his father in front of him.

“This time’s exam was still alright. At least you passed.” A thirty-something-year-old man nodded. He had gotten married and had his kid early. Now, he was just thirty-four and his kid was already thirteen.

“Of course I would pass, Dad.” Zhang Xiao Hu let out a deep breath. He was very afraid of his father’s fists. Whenever he saw his father upset, his legs would start shivering.

At that moment, the man took a look at Weibo. His favorite pastime was looking at Master Lin’s Weibo.

He had unwavering faith in Master Lin. It could even be said that Master Lin had had a huge influence on his view of life.

At that moment, the man looked at Master Lin’s latest Weibo post and was curious. Then, he nodded.

“Hey, this is strange. Why would Master Lin post something like this?”

Although he was puzzled, he couldn’t find anything wrong even when he took a closer look. He didn’t recognize the little girl who posted the comment above, but he felt that it was quite inappropriate. Someone so young having such thoughts wasn’t a good thing.

However, when he saw the contents of the post below, his expression instantly changed.

“Zhang Xiao Hu...” The man muttered in a deep tone. His anger was bursting out.

“Dad, what’s wrong?” Zhang Xiao Hu saw that his father’s expression was unpleasant. He became so fearful that his body trembled. He had a bad feeling.

“Take a good look at this. Is that you?” The man placed the phone in front of his son.

When Zhang Xiao Hu saw it, he was dumbfounded. What the f*ck is going on? Why would this appear in front of my father?

“Dad, I... I can explain!”

“Ouch!”

At that moment, the man grabbed a slipper and slapped it on Zhang Xiao Hu’s butt. It was a terrifying hit.

“You’re so young and you’re already in a relationship. I’m going to beat you until you cry. ‘Brother Hu’? Good... That’s very good...”

At that moment, a sharp cry filled the room.

“Dad, stop hitting me! I was wrong, I was wrong!”

Whack.

“I was just playing around, I’m not like that!”

Thump.

“Dad, listen to me! I won’t play around ever again. Ouch, it hurts!”

It turned out to be a very painful night for Zhang Xiao Hu. His buttocks ended up completely red.

Meanwhile, in another household, a similar situation was taking place.

Sister Xuan, who was a very influential personality on QQ, was beaten by her parents until she knelt on the ground and wept.

“Mom, I was wrong! Please stop hitting me! I didn’t smoke! I was just posing!”

“I’m not in a relationship. That’s Zhang Xiao Hu, my classmate. We were just playing around.”

When some parents saw Lin Fan’s post, they were stunned. Then, they thought about it and realized that those kids were only thirteen-years-old. Having a relationship at that age was ridiculous.

Thereafter, some parents immediately took their children’s phones and opened up their messaging applications. With one look, they were all stunned.

What the heck is going on in these group chats?

There were porn sites, photos, and some flirty messages. These made the parents completely dumbfounded.

They felt as if they had discovered something they couldn’t even imagine. This was hard for them to take.

At that instant, even more parents started punishing their children.

“If Master Lin hadn’t given us a heads up, we wouldn’t have believed this.”

The words “Master Lin” were drilled into the hearts of tens of thousands of primary school students.

They would remember this name forever. All of this was because of Master Lin.

The next day!

Cloud Street!

Lin Fan came to Cloud Street without knowing what had happened last night. He made the scallion pancakes for the townsfolk and then just sat there, playing with his phone.

However, when he opened Weibo, he realized that many people were commenting on his post from the previous day.

“Master Lin, I am so grateful to you. If it wasn’t for you, I wouldn’t have realized this.”

“Lin, as a representative of the 2005s kids, I will never forgive you. We have our own terrorist group. Just wait for our retaliation.”

When Lin Fan saw that, he was stunned. It was as if he had seen a ghost.

He had not done anything at all. He had just posted some comments and photos because he felt like it. How had he drawn hatred from all these kids?

This was a bad sign. He was supposed to be known as Master Lin throughout the world.

Chapter 1217: Don’t ask irrelevant questions!

Wu You Lan saw that Brother Lin’s expression wasn’t quite right, so she asked curiously, “Brother Lin, what’s up with you?”

Lin Fan sighed. “It’s frustrating. A small move of mine has angered the budding flowers of the nation. In the future, things will be troublesome.”

“Hehe, there are people who dare to go against you? They must be sick of living.” Fraud Tian laughed. He couldn’t believe it.

Zhao Zhong Yang said, “Fraud, don’t doubt him. Brother Lin has really made some strong enemies. If he doesn’t resolve it, things will end tragically.”

“What’s that supposed to mean? Explain it to me.” Fraud Tian was instantly curious as he couldn’t quite understand it.

Zhao Zhong Yang took out his phone. “Take a look for yourself. This is what Brother Lin posted yesterday that caused a ruckus online. He offended a bunch of 2005s kids. Go and take a look at the news on the Internet. This is the latest hot topic.”

Fraud Tian couldn’t quite understand what was going on. He unlocked his phone and took a look at the news.

With one look, he was stunned.

“My fellow 2005s comrades, did you all get punished last night?”

After opening up that thread, he saw that the number of replies had reached tens of thousands.

“I did. I was beaten so badly by my dad last night that I almost couldn’t stand.”

“I was forced to kneel by my mother for one hour. If she hadn’t taken pity on me, I would have knelt for the whole night.”

“Sigh. My mom looked at my phone last night. I’m so scared now that I don’t know what to say anymore. Those videos weren’t even shared by me. I just joined a group where they send some videos every day. What am I supposed to do about it?”

“You guys have it good. My phone was thrown away by my father.”

“This despicable Master Lin... We have to establish an alliance to battle him to the end.”

“That’s right. If it wasn’t for his meddling, this wouldn’t have happened to us. This is absolutely unforgivable.”

When Fraud Tian finished looking at the comments, he looked at Lin Fan with a shocked face.

“Kid, this is deep trouble. These are the budding flowers of the future. If you p*ss them off, you’ll be in trouble in the future.”

Lin Fan was helpless. “Sigh, this isn’t what I wanted either. I just posted a few photos casually. But this problem was caused by them. How could they blame me? I was doing a good deed!”

Ding ding

At that moment, a call from Liu Xiao Tian came.

“Hello, Chief Liu. Are you calling me because the issue has been resolved?” asked Lin Fan.

Liu Xiao Tian was clearly exhausted. “Mmm, it’s almost settled. We’ve gotten what we need from the interrogation. Those guys have all confessed too. We’re going to detain them and send them to court as soon as possible. Master Lin, I really have to thank you for this. If it hadn’t been for you, we wouldn’t have realized that such a crime was going on.”

Lin Fan said, “There’s no need to thank me. What did those primary school students say?”

Liu Xiao Tian said, “Some of their parents have already been informed. It was all because they didn’t want their parents to have a second child. We’ve sent the relevant personnel to communicate with them in hopes that those parents will pay more attention to this in the future. We can’t help with those matters. We can only rely on the parents.”

Lin Fan said, “That’s fine. If there’s nothing else, I’m hanging up. I won’t hold you up any longer.”

Liu Xiao Tian said, “Oh right, those reporters might be going to your place. Early this morning, a group of reporters somehow found out about the incident and came over to us. Right now, they should be going to your side.”

Just at that moment, noises came from outside.

Lin Fan said, “Chief Liu, I’m hanging up. They’ve really come too quickly. I don’t even have time to respond.”

Outside, the reporters were charging towards the shop.

“Master Lin, we’re here...”

This was already a habit for the reporters of Shanghai. In fact, they were even in awe of Master Lin. It had only been such a short period of time, but something had happened again.

And this time, Master Lin and the police had worked together to crack a case involving underage children.

Lin Fan smiled at the reporters and said, "You guys are way too fast."

A reporter waved his hand. "Master Lin, this isn't fast at all. We have to get a proper interview with you for this incident."

Fraud Tian and Zhao Zhong Yang exchanged glances. They were already used to things like this.

The reporters seemed to be attached to Cloud Street. They would never be away for too long of a time. Moreover, each time they came, it was to look for Master Lin.

This made them feel very helpless. This kid was just too popular. What could they do about it?

Lin Fan walked out of the shop. This was already routine to him. "Alright, if you have questions, go ahead and ask them. This is just a small matter. Why are you all so curious about it?"

"Master Lin, this isn't a small matter at all. What you discovered has to do with the current state of our society. Those criminals actually have their eyes on underage children!"

"Master Lin, I'd like to ask how you found out about the whole matter."

Lin Fan could only answer their questions one by one. Also, he also decided that he had to give good replies regarding this matter.

"With my eagle eyes, I can see a problem with just a glance. As for how I saw it, it's hard for me to say. You guys should understand," said Lin Fan calmly.

The reporters nodded. "We understand. Of course we understand."

“Master Lin, I heard that this whole incident was because of second pregnancies. How do you think it should be resolved?” asked a reporter.

Lin Fan replied, “According to my research, if someone wants to have a second child, it’s best to do it when the first child is under five. Children will not have developed competitiveness at that age. Also, giving them siblings from a young age has advantages as well. Otherwise, if the first child is too old, they’ll develop competitiveness and be overly defensive. Then, the parents will have to correct the child’s attitude.”

A reporter asked, “Master Lin, how many children will you have in the future?”

Lin Fan was startled. “My comrade, let’s not talk about unrelated topics. We’ll stick to the main topic.”

“Master Lin, when do you plan to get married? There’s a rumour online that you might not be straight...”

“Who the fck said that? I’m not straight? There’s no need to debate about that. Rumours cannot be trusted.” Lin Fan was annoyed now. What the fck are they talking about? All these questions are unrelated!

“If you guys want to ask questions, ask relevant questions. Can we not talk about irrelevant topics? What am I supposed to reply? These questions are hard to answer!”

Lin Fan wanted to beat these reporters to death now. He had not expected things to change so suddenly. They were starting to try and find out his secrets.

The reporters laughed. Then, they asked a few more questions.

In the end, Lin Fan finally managed to send the reporters off.

He had not expected that this incident would draw so many reporters’ attention. It really left him helpless.

Chapter 1218: Very calmly

“Sigh, they really leave me helpless. Reporters these days are really crafty with their questions.” Lin Fan sighed. He sat down and took a sip of tea.

Fraud Tian came over. “I don’t think they are crafty. They’re just too familiar with you. They’ve interviewed you so many times that they don’t know what to ask anymore.”

“Wow, Fraud, you’re really clear-minded to be able to think of that. I feel really proud that you finally have a clear mind now,” said Lin Fan with a chuckle.

“D*mn. What are you talking about? When has my mind ever been unclear? Only people like you with unrefined vision would think that way.” Fraud Tian shook his head and didn’t say more. He didn’t want to say a single word anymore. It seemed as if he had been hurt by Lin Fan’s words.

Lin Fan burst into laughter.

At that moment, he noticed that there were a few children at the entrance. They were carrying backpacks and pointing at the shop.

Lin Fan was startled. It can’t be that they’re here for revenge so soon, right?

“Kids, what are you all doing?” He felt that he had to make the first move and seize the higher ground, so he decided to find out what these kids wanted to do.

But once he said this, the kids outside immediately fled.

He smiled. He had no idea what was going on. Why had the kids run off just like that? He hadn’t even had time to respond.

Ding ding!

A call from Wang Ming Yang came.

“Hey, Brother, those songs you wrote for Huan Yue that time are too f*cking awesome. They’ve won an award!” Over the phone, Wang Ming Yang’s excitement could be heard.

Lin Fan said calmly, “Ah, isn’t that very normal? What’s the big deal?”

Wang Ming Yang responded, “That’s true. I was too excited. These songs were all written by you. You must have known how good they were all along.”

“Oh, right. How has Huan Yue been recently?” Lin Fan had not asked this question for a long time now. After all, Wu Huan Yue was in the field for a while now.

In the musical world, because all her songs were written by Lin Fan, they were all classics. She didn’t receive any criticism at all. Moreover, her style was always changing. She would never be stuck with a single style.

Wang Ming Yang hesitated a little. “How should I put this? She has been improving, but it seems like the improvement isn’t huge. Right now, Huan Yue can be considered very famous in the musical world. Basically everyone has heard of her. But the problem is that she has not broken into the movie market.

Lin Fan said, “Oh, there’s no hurry. She only just debuted last year. Reaching where she is now is already a solid achievement.”

Wang Ming Yang said, “It is pretty good indeed. But with a big shot like you supporting her, she ought to have even greater results.”

“Be patient. This matter must be taken slowly. What’s the rush?” said Lin Fan.

Then, he exchanged a few more words with Wang Ming Yang before hanging up.

The next day!

The news appeared on the Internet.

“The impact of second pregnancies”

“Online crimes: Pay attention to the older child in the family”

“Breaking! A group of scum were actually doing this...”

“Many problems exist on the Internet. More regulations on online chatting software are needed.”

“Master Lin successfully rescues the budding flowers of our nation as a large number of criminals fall into the hands of justice.”

When these news articles were released, the netizens were instantly dumbfounded.

“Fck! Something like this actually happened? That’s too fcking disgusting.”

“I suggest that we lock these perverted people up for life. They actually did something like this. They should just die.”

“What were those kids thinking? Although they’re young, they can’t be that stupid, can they? Could it be that as times are advancing, their intelligence is deteriorating?”

“Hmm, this is interesting. The government isn’t being too controlling at all. If they don’t regulate things, we will really be doomed. This messaging software company is going to be in trouble this time. They actually allowed such a group to exist on their platform.”

“Fortunately, Master Lin came across it. Otherwise, who knows how things would have turned out?”

The discussions on the Internet were intense. This wasn’t a small matter at all. It was huge.

At the same time, some parents who were about to have second children were stunned when they saw this. They couldn’t help but think about the situation in their own families. Then, they called the whole family to discuss. They even brought their children out to play in order to show care for the children and talk to them

To them, if what the news was saying was true, it would be horrifying.

Those people who specialized in targeting children were really horrifying. If it really were to happen to them, it would be too late to have regrets.

The messaging software company's public relations personnel was shocked when he saw the news. He definitely had to take care of this at once.

If people were to dig into the matter, there would be trouble.

Then, he immediately dispatched his "deleting" crew. Any content related to this matter was deleted. One could say they were willing to kill off a thousand innocent ones just so that not a single guilty one was let off.

In an instant, those related groups on the platform were all deleted. There was no warning or explanation given. They were just deleted.

Some hosts of groups that had been innocently killed off started crying miserably. The groups that they had spent so much effort to build were gone just like that. It was f*cked up.

Cloud Street.

When Lin Fan saw what had happened, he smiled. He had not expected the company to react so fast.

"Little Boss, you really have a sharp eye!"

"Yeah, if Little Boss had not come across it, things would have turned out horribly."

The queuing townsfolk raised their thumbs in praise.

They were a little shocked by this incident as well. They had not expected that something like this had been happening. After all, in their minds, it was impossible.

But looking at it now, they realized that they should never deem something as impossible just because it didn't seem possible to them.

There were actually many more events that came as surprises to people. They could even be said to be unbelievable.

Facing the townsfolk's praise, Lin Fan nodded calmly. He had already come to accept such praise.

After all, those praises were all true. He really did have a sharp eye. He had seen through the entire case with one glance.

As for what would happen to those pedophiles, they would be accompanied by cold metal bars for now. What happened next didn't concern Lin Fan anymore.

After all, he was just a scallion pancake-selling Little Boss.

"Alright everyone, get in line. We're going to start giving out the number tags," said Lin Fan.

Fraud Tian gave out the number tags routinely. As he saw so many townsfolk queuing, his heart ached.

This was meant to be a fortune. But they only sold ten servings a day. It really felt like a crime.

Chapter 1219: For your own safety, it's best to stay out of it

Several days later!

To Lin Fan, there hadn't been much going on recently. He would just go to Cloud Street each day to sell some pancakes and show off to everyone a little.

"Sigh. These days are way too repetitive. It's really too boring sometimes! I envy Elder Dog. He gets to go out to play every day," said Zhao Zhong Yang as he played with his phone.

Lin Fan looked outside. Elder Dog was surrounded by a group of puppies. His face had a look of sadness on it.

However, because Zhao Zhong Yang couldn't understand dog speech, he had no idea that Elder Dog was complaining.

“Get out of my way, you puppies!”

“Argh, don't bite that area!”

Now that he had puppies, Elder Dog couldn't be free anymore. He had to take care of these puppies before going out. It was really exhausting.

At that moment, Lin Fan looked at his phone. There was a headline on Weibo.

“The World English Singing Competition has officially begun. International superstars are waiting for you!”

When he saw this headline, he was a little curious, so he clicked on it.

“There is only one Chinese applicant as of now, and her name is Jin Can!”

Lin Fan was curious about what this World English Singing Competition was about. But after taking a closer look, he understood. It was a global singing competition.

But who was this Jin Can?

She sounded unfamiliar. But thinking hard about it, he remembered she was a pretty good singer.

However, he suddenly realized that something wasn't right. I haven't done anything at all! How did I get dragged into this?

“Sigh, do we have no one else? Is Jin Can the only one who dares to sign up?”

“What’s going on with that Wu Huan Yue? Hasn’t she received lots of awards recently? Then why isn’t she joining a big competition like this?”

“This is an international competition. What would a Chinese singer do there? Sing acapella?”

“Doesn’t she have Master Lin as her composer?”

“Cheh, Master Lin can’t do anything either. This isn’t Chinese. Master Lin’s English is terrible.”

“How would you know?”

“Go and take a look at the Weibo of this Internet celebrity. He has talked about it before.”

Lin Fan was a little stunned when he saw this. What that person said was true, but saying it so bluntly wasn’t very good, was it?

Moreover, he had not done anything at all. They couldn’t just talk about him like that. However, he still went to take a look at that Internet celebrity’s account.

That Internet celebrity’s name was really complex. After looking at it for a long while, he still didn’t understand what it meant. But there was a single post from that Internet celebrity that received many replies.

“Let me tell you guys about Master Lin’s background. He graduated from a rubbish university. During his school days, he was taking basic English. Even after taking the exam twice, he didn’t pass. And both times, his score was only twenty-something. On his last try, the teacher took pity on him and let him pass. If you ask him to write an English song, he would never be able to do it. It’s just impossible.”

When Lin Fan saw this post, he was dumbfounded.

That’s way too harsh, isn’t it? How can he talk about my past like that as if he knows me?

Isn’t it normal to be bad at English? It’s already difficult to be good at one language. And Chinese is really broad! It’s not so easy to learn two languages at once!

When he saw the comments below, Lin Fan couldn't take it anymore.

“Haha. I'm dying of laughter. This is the first time I've heard of someone failing so many times. How bad must his English be?”

“Yeah, I never thought that the all-knowing Master Lin would fail his English exam. I have to go and ask about this on Master Lin's Weibo to see if it's really true!”

“Brothers, do you feel very proud just because you know English and Master Lin doesn't? Aren't you ashamed of digging up Master Lin's past?”

“Ah, it seems like we can give up on Master Lin for this international singing competition. Without Master Lin, we're basically hopeless.”

“Yeah. Wu Huan Yue was able to become famous all because of Master Lin. Initially, I was waiting for Wu Huan Yue to get rid of Master Lin. I hated and envied Wu Huan Yue. But I didn't think that the two of them were so close. I am really talented, but I can't put my talents to good use because I don't have someone like Master Lin.”

Lin Fan quickly went back to his own Weibo. Indeed, things had gotten out of hand. Many people were asking about that post on his Weibo. It really left him helpless.

How the f*ck was he supposed to reply?

He had never thought that someone would criticize him for this. Then, he thought about it and came up with an idea. It seemed that this was the only way.

Very soon, he finished typing the reply and posted it.

“There were too many courses. English is boring, so I neglected it. There's nothing wrong with that.”

Although that reason was quite far-fetched, at least he had expressed his thoughts.

In an instant, fans started commenting.

“Haha, I’m dying of laughter. Maser Lin has been humiliated and is angry now.”

“I have to give in. I wouldn’t give in to anyone else, but I give in to Master Lin.”

“I feel like what Master Lin said makes sense. If he spent too much time learning English, he wouldn’t have been able to cure so many diseases.”

“What Master Lin said is the truth. There are so many things to learn. Why would he learn English? It’s better to learn something that would be of use to society.”

“I understand and support him, but it’s a shame. With Master Lin’s talents, if he knew English, he would be able to write amazing English songs. If he did that, Wu Huan Yue would definitely become the champion.

Lin Fan looked at the comments and calmly accepted them. It seemed that there were still many people that could understand him.

On Weibo.

Jin Can posted a comment.

“I have the best composer who specializes in English songs. I believe I will really become famous. A truly great singer should not be limited to her country because that would prevent her from showing her true abilities.”

When this comment was posted, it instantly drew a large number of replies.

“I support you. I support you, Jin Can!”

“That’s right. You didn’t get the prize last time, but you shouldn’t be saddened. That Wu Huan Yue only relies on Master Lin’s songs. I heard that Master Lin’s English is terrible. Wu Huan Yue is hopeless this time.”

“That’s right. I trust that Can Can will definitely win the competition.”

When some celebrities saw Jin Can’s post, they wanted to ‘like’ it as well. But then, they decided not to.

Although it hadn’t been stated explicitly, it seemed like Jin Can was challenging Master Lin and Wu Huan Yue.

Hence, for their own safety, they decided not to get involved. It was best to stay a spectator.

Chapter 1220: A tactful rejection

Eastern Han Organization

When Wang Ming Yang saw the international competition, he was immediately interested.

“Huan Yue, who do you think we should get to write English songs? Judging by the situation, Chinese songs aren’t too appropriate.”

Wang Ming Yang was very troubled. He had seen the situation on the Internet. That Jin Can was full of zest.

It wasn’t difficult to find an English song composer. But the hard part was getting well-written songs.

“I don’t know about that.” Wu Huan Yue shook her head. She had not dabbled in this field before.

Wang Ming Yang was frustrated. “Sigh. This brother of mine isn’t good at English. If only his English was a little better. Then, we would have no problems getting him to write a song.”

Knock knock

“Come in.”

Wang Ming Yang and Wu Huan Yue were just discussing this matter.

After all, this competition could be a huge opportunity for anyone. If Wu Huan Yue could garner fame outside of China, she would be bringing glory to the country. And she could get her name out there too.

However, the only problem was getting a song.

“Chief Wang, I just contacted a famous singer. He can help to compose a song,” said Yang Qian.

Yang Qian was Wu Huan Yue’s manager as well as her personal bodyguard. She knew some kungfu too. After all, Wu Huan Yue was a superstar now. She had to have a bodyguard.

Moreover, Wang Ming Yang definitely had to take good care of Wu Huan Yue. This was his Brother’s lady. If he didn’t protect her, he would end up in misery.

“Who is it?” asked Wang Ming Yang.

Yang Qian replied, “The old-school emperor, Zheng Ya. He has written lots of English songs and he’s very talented. If we hire him, we’ll be set.”

Wang Ming Yang thought for a moment. “Him, eh? I know him. He’s quite an impressive composer. But what conditions does he have?”

Yang Qian said, “We don’t know for now. He said he would think about it.”

“Think about it? It seems like he’s really interested!” Wang Ming Yang laughed. He had not expected that response. However, he wondered what exactly Zheng Ya would ask for.

Ding ding!

At that moment, Yang Qian’s phone rang. She took a look at the screen. “Chief Wang, it’s Zheng Ya.”

“Answer it then. Let’s see what he’ll ask for,” said Wang Ming Yang.

Yang Qian answered the call and turned on the loudspeaker.

“Hello. I’ve thought about it. I can write a few songs for Wu Huan Yue. However, I have to request your Chief Wang to help organize a solo concert for me.”

Zheng Ya’s voice could be heard through the phone.

When this request was stated, Wang Ming Yang’s expression suddenly changed.

Yang Qian said, “This request is a bit too much, isn’t it? We’re just asking for a few songs.”

“Haha. Actually, I’m just saying. With my current status, a song from me is worth a lot. I’ve been very busy lately. I’ve really been very busy. This is just a tactful way of rejecting your offer. I’m sorry.”

He hung up.

“This guy is a little unbridled.” Wang Ming Yang furrowed his brows. He had not expected such a request.

Yang Qian was speechless. “This guy must not have even considered it. He was just playing with us.”

“Chief Wang, actually, I don’t have to participate,” said Wu Huan Yue.

Wang Ming Yang shook his head. “That won’t do. Since there’s such an opportunity, why shouldn’t we give it a shot? Does that guy think he’s the only one who can write a song? He’s way too arrogant.”

At that moment, on the Internet.

Zheng Ya posted on Weibo.

“Eastern Han Organization’s Wu Huan Yue’s manager just called me to ask me to write a few songs for Wu Huan Yue. However, I rejected tactfully because I already promised to write songs for Jin Can. After all, to me, Jin Can’s abilities are pretty good. She should give the competition a shot.”

When this was posted, everyone was instantly stunned.

“D*mn. This is awesome. I didn’t expect the bigshot Zheng Ya would get involved and help Jin Can to write songs. That’s really amazing.”

“Haha. The bigshot rejected the Eastern Han Organization like that. Isn’t he afraid of being suppressed by them?”

“Suppressed my a*s. Even if the Eastern Han Organization were even more awesome, they wouldn’t be able to do anything.”

“That’s true. But it looks like Master Lin really isn’t going to write songs for her. Otherwise, they wouldn’t have approached Zheng Ya.”

“It can’t be helped. Master Lin’s English is just terrible. This is beyond his abilities.”

“This is quite a humiliation. Doesn’t this mean Jin Can is better than Wu Huan Yue?”

The netizens were discussing intensely over this topic. To them, this Zheng Ya was quite ferocious. However, he had the fame to back it up.

Eastern Han Organization.

When Wang Ming Yang saw the Weibo post, his expression changed.

“D*mn. What’s that guy’s problem? Is he explicitly going against me?” When Wang Ming Yang saw the post, he was so angry that his face turned red. It was an inexplicable rage.

Wu Huan Yue sighed. If she had just joined the industry, perhaps she would have been angry. However, looking at it now, it was very normal. There was no need to be angry at all.

As her manager, Yang Qian was very angry too. There had been no need to post it on Weibo, but Zheng Ya had gone and done it. That wasn't right.

Jin Can's agency.

"Hahaha. Elder Zheng played it beautifully. This will p*ss Wang Ming Yang off." The person-in-charge of the agency was roaring with laughter.

He felt that this whole thing had been beautifully done. This would definitely draw a lot of hate.

As Jin Can looked at the Weibo post, she giggled. In the country, she had always been suppressed because of Wu Huan Yue. She had not gotten the recent award because of Wu Huan Yue too.

She had not gotten a single award.

Best song, best composer, best performer💎💎💎 Not a single award had gone to her. She felt unyielding.

If Wu Huan Yue hadn't had Master Lin, she would have nothing. In terms of voice, Jin Can felt that she would not lose to Wu Huan Yue. Why would she?

All Wu Huan Yue had was Master Lin.

Right now, everyone in the music industry was envious of Wu Huan Yue. It was all because she had Master Lin behind her to keep writing good songs for her.

Each of the songs written by him was a classic. It was completely shocking.

But this time, the tables had turned.

There was no way Master Lin could write English songs. It was impossible for Wu Huan Yue to take part in the international competition.

As for getting Zheng Ya to write songs for her, Wu Huan Yue could keep dreaming. After all, the Eastern Han Group had deep connections in other industries, but they only had very shallow connections in the music industry.

“Jin Can, you have to put in your best this time. There are several composers helping you. If you still don’t suppress her, it wouldn’t be right.”

Jin Can nodded. “I understand. I will work hard.”

She believed that there would be no problems at all.
