

## Valiant Life 611

### Chapter 611: Bending bullets

Wu Wei could not let this opportunity go. He said, “I can’t let this guy die, I need to bring him home.”

Chen Hu said, “Brother Qiang won’t agree to this.”

Wu Wei shook his head and said, “No, it doesn’t matter whether he agrees or not, I need to bring him back to Myanmar.”

At this moment, Wu Wei tugged on Lin Fan’s clothes saying, “As long as you help me, I will guarantee your safety. I’ll even let you go.”

Lin Fan shook his head and laughed and then slowly got up. Even though both his legs were tied together, getting up was not a problem.

Wu Wei and the rest of them had let their guard down already. It was due to what Lin Fan said just now that completely stunned them so now they did not really think much about anything else.

Suddenly!

Lin Fan gave a very dramatic expression as he looked at the door and said, “Brother Qiang, what are you doing?”

The three of them immediately looked at the door but there was no one there. The three of them started to have a bad feeling about this.

When the three of them turned around and looked, they only had bad feelings about what was going to happen.

“The master of Ba Gua Zhang, Master Lin, is here.”

\*bang\*

\*bang\*

After a few strikes, the three of them fell to the ground, motionless.

“D\*mn, that’s awesome,” Lu Li said. Upon seeing all of this he very happily said, “Brother Lin, you are too amazing. They have all been dealt with by you.”

Lin Fan had gotten himself free of the handcuffs a long time ago. Using this kind of handcuffs to try and lock up the escape artist. What a joke.

Lu Li asked, “Brother Lin, how did you break free of the locks?”

Right now, in Lu Li’s heart, Lin Fan was like a God to him. Also, Lin Fan had a vastly different impression of Lu Li now.

When he first met him, he thought he was a high and mighty b\*stard. He never thought that all of this was just for show. After going through this kidnapping, Lu Li was scared till his face turned white. Turns out he was just a coward.

“By using this,” Lin Fan said as he was holding on to a thin iron wire in his hands.

This stunned Lu Li. His face was in complete disbelief as he said, “D\*mn it, this is really too awesome. To just rely on this and being able to break free of handcuffs, it’s really too awesome.”

Lin Fan went to remove Lu Li’s handcuffs and then said, “Okay, done. You should figure out a way to get home by yourself.”

Lu Li replied, “What about you Brother Lin?”

“Me? I’m definitely going to stay here and then catch them all in one go. You should know that for me, Lin Fan, to not completely defeat the enemy is not my style,” Lin Fan replied with a smile.

Lu Li gave a slow and unsophisticated nod and was finally convinced. If it was a normal person, they would retreat at the first opportunity. However, this Master Lin was really too good. He was still thinking of completely defeating his enemy. He was really too awesome.

“Okay, okay. Then I shall leave first. When I get back I’ll inform the police. Those b\*satds took my phone away though, so I have no idea where this place is,” Lu Li said.

Then, Lu Li left. Lin Fan then scanned the area.

He found a rope and he was going to tie these three b\*stards up first before waiting for the others to arrive.

The preparations were done. Lin Fan was feeling a bit apprehensive inside. He did not know how many people were going to be with this b\*stard. Although Lin Fan was very quick on his feet, he definitely would not be able to dodge bullets.

He saw the two guns on the floor and then hatched an idea.

...

A commercial vehicle drove in from afar.

Brother Qiang said, “Bring them over here in a moment’s time. When the boss arrives then we will leave.”

This time, all the preparations had been done. They had already bribed the waterway officials. So when ‘scorpion’ was released, they could escape through the waterway. Although they could just leave China just like that, they could hide in this safe spot for a while and then when everything settled down they could leave.

\*bang\*

The sound of a gunshot rang out.

The henchman in the vehicle was cried out in shock, “There’s a gunshot.”

Suddenly, the vehicle's steering wheel changed direction. The henchman who was driving was stunned.

"Brother Qiang, the tires have been blown out."

"What?"

They did not have a moment to react when suddenly, the car violently flipped over.

Lin Fan was standing at the warehouse door. He let out a smile and then gave the gun barrel a blow. Not bad, not bad, this impromptu gun idea was actually pretty awesome.

"Hey, What is going on?" Brother Qiang said as his face was filled with shock. Then he calmed down and said, "Guy on top, go check what's going on."

Everyone crawled out of the vehicle and then immediately took cover behind the car.

\*bang\*

Another gunshot rang out,

"Ah, my leg. The shooter is behind us."

When Brother Qiang heard this, he hurried to look behind, but there was no one there. Who in the world was firing from behind them?

\*bang\*

Another gunshot rang out.

The person next to Brother Qiang also grabbed on to his leg and said, "He is behind us."

“Hey, where in the world is the guy?” Brother Qiang was furious. The other party had opened up with two shots and he still did not know where the shooter was. They were all hiding behind the vehicle so it was not possible for them to hit from the front.

“No, Brother Qiang. The gunshots are coming from the front,” one of the drug dealers frantically said.

Lin Fan immediately wielded both guns. The feeling inside was indescribable. It was really too awesome.

He was standing at the door of the warehouse and shooting. Although they had cover behind the vehicle, he did not think he was able to bend bullets and then was actually able to hit them in the leg.”

“F\*ck, What is going on? Who is shooting us from behind?”

“Ah!”

“Whoever is the one shooting, show yourself.”

“Brother Qiang, the gunshots are coming from in front.”

“Front, your a\*s. Are you blind? We are hiding behind a vehicle, how in the world can they hit us from in front? Attack the back!”

“But we can’t see anyone!”

“Just shoot, I don’t care if you guys can’t see anyone.”

\*bang\*

\*bang\*

Incessant gunshots rang out. It was just an empty space in front of them and they could not see anyone. But they did not care and they just laid down a hell load of gunfire.

\*bang\*

“Brother Qiang, I’ve been shot.”

“There is no one behind us, the guy is shooting us from the front. He can bend his bullets.”

Brother Qiang snarled, “Bend your a\*s!.”

At this moment, Brother Qiang was dumbfounded. He had no idea what was going on and where the gunshots were coming from.

As far as bending bullets, this was only something you saw on the television.

\*bang\*

A horrific thing had happened.

The people next to him were all getting shot. The thing that horrified him the most was that he still had not figured out where the other guy was.

How was this possible?

Lin Fan never thought that his impromptu knowledge of guns would turn into something like this. It was a little scary. Also, the encyclopedic knowledge required was not expensive and it was very convenient.

A final gunshot rang out.

Brother Qiang’s horrified scream rang out. He knew it, his mission was complete.

He still could not wrap his head around it. Where was the guy shooting from? He looked around but could not see anyone. Then he looked at the wound of his leg. It was clear that he was shot from behind.

“Brother Qiang, what’s up?” At this moment, a voice came from the front.

Brother Qiang was stunned. He hurried to turn his head around and was shocked. He said, “You... what are you doing here?”

Lin Fan dropped the gun in his hands and then said, “Are you dumb? I had been shooting you guys from the front and haven’t moved an inch and you still ask me what I’m doing here?”

“How could this be...” Brother Qiang said as he looked at Lin Fan in disbelief.

...

At the police station!

Li Lu was lucky. He bumped into a driver along the way. If not, he wouldn’t have known how long it would take for him to reach the police station.

When he reached the entrance to the police station, he saw Qin Ju and the rest of them.

“Help me...” Lu Li shouted.

Qin Ju looked at where the sound was coming from and then his expression changed. He shouted in joy, “How did you get back?”

“Come with me, I’ll direct you guys there and I’ll slowly explain,” Lu Li said. He did not have the time to talk rubbish with them, he had to hurry and bring men to Master Lin’s aid. There were so many bad guys and they were armed, it was suicide for Lin Fan.

....

## Chapter 612: What is this?

The police car was racing along the road.

Since Lu Li had returned from his kidnapping, the elderly Lu Zhong Ming let out an obvious sigh of relief since his child was okay.

However, although Lu Zhong Ming could be relieved, Wang Ming Yang was still extremely nervous since the one who returned was Lu Li and not his brother Lin Fan.

“Faster, go faster,” Wang Ming Yang urged the driver.

The driver helplessly replied, “This is the fastest that I can go. This is a street, I can’t go that quickly.”

Wang Ming Yang looked at Lu Li and said, “When you left the area, why didn’t you drag him along with you?” Up till now, he still could not figure out what his brother was trying to do. Was he trying to be a hero even at this point in time? Why did he not return at the first chance and let the police handle this case?

Lu Li’s face was one of helplessness as he replied, “I have no way to. He was insistent on staying there and letting me go back first. He said he wanted to defeat those kidnappers once and for all as they were armed, vicious and very evil.”

“Causing trouble. He loves to cause trouble. He is absolutely fixed on it and he doesn’t even care about the situation. If he really dies then what am I going to do?” Wang Ming Yang was on the verge of tears.

Qin Ju was seated in the car. His expression was pretty solemn. He had no idea what was going on but he was afraid that it would be bad as these kidnappers were not the normal kind of kidnappers. A bunch of kidnappers coming to rescue ‘Scorpion’? He was afraid that killing them would be something very easy. Now Lin Fan was a very amazing person, but there was a guarantee that he would be let off by these kidnappers.

Not to mention they were armed, so there was no guessing what they would do.

Qin Jun said, “Does the criminal police squad have any information on the other party yet?”

A policeman said, “Not yet.”

At that moment, a technical staff shouted, “Chief Ju, the report is here.”

Qin Ju said, “Quickly pass it to me.”

At this moment, everyone, besides the driver, had their eyes glued to the computer screen. This was the information from the criminal police department and investigating those kidnappers was definitely not easy. They had to identify the kidnappers through a camera lens and then after that check through the immigration records. To be able to find anything was already pretty shocking.

“What?” Qin Ju said as he looked at the content of the report. Qin Ju’s expression completely changed. It changed to one of disbelief and shock.

Jin He: Myanmar Drug Dealer.

Wu Wei: Myanmar Drug Dealer.

...

This was not even the scariest part. The scariest part was the description of the other people below.

Li Qiang: Myanmar Drug Dealer, nicknamed ‘Brother Qiang’. Very active in Southeast Asia’s Golden Triangle and is very proficient in combat.

Ma Ka: Mercenary for the Golden Triangle. Internationally wanted fugitive.

...

There were thirteen names there, all of which with their descriptions. Also, they were not just simple human beings, but all of them were proficient at combat.

“The situation doesn’t look too good,” Qin Ju said as his expression became more solemn. If it was really like that, he was scared it was not something they could handle. The opposition would definitely have brought heavy weaponry. With their capabilities, if they were to try and match their force, the outcome would not be unimaginably bad.

Wang Ming Yang became anxious and started tugging on Qin Ju, saying, “What doesn’t look too good?”

Qin Ju did not reply him. He was deep in thought, trying to think of a plan. He did not know how Master Lin was right now. Whether he had been captured by the drug dealers or if he had sacrificed himself.

When it came to dealing with these drug dealers, especially given that they had so many people, there was no guarantee at all that they would be able to capture them with no casualties. Since Lin Fan was alone, there was almost no way he was going to be able to.

When dealing with these drug dealers, to be able to stay alive was already an achievement, no one would even think of capturing them.

Wang Ming Yang was not an idiot. When he saw the contents of the computer screen, he was dumbfounded for a moment. His eyes started to light up in fear and he said, “How could it...”

Qin Ju immediately went into action. He said, “How prepared is the criminal police squad?”

“Chief Ju, they have done their preparations already. They are on their way to the destination and in a moment’s time I’ll go over there and organize them. I hope that we are on time,” the civil police knew that Lin Fan was still there. But looking at the situation, there was a very low chance that Lin Fan was still alive. These were ferocious and evil drug dealers along with mercenaries with a lot of combat experience. They were not going to be beaten by a regular person.

Especially since they were armed. It was definitely a very dangerous situation and would scare anyone to bits.

...

In the other police car.

‘Scorpion’ was being escorted to the destination by Liu Xiao Tian, Huang Gang, and others. On the road, Liu Xiao Tian’s expression was very solemn. He had already received the news that these drug dealers were not the normal kind and that Master Lin was still stuck there. As for the situation, he still was clueless about it but he was hoping for Lin Fan’s safety.

Scorpion’s expression was very calm. There was a smile forming on the edge of his lips. He could already smell the freedom, that he was being saved and that he could finally return to Myanmar.

The criminal police’s special forces squad was fully armed.

“Take note. Later the people you are facing are drug dealers who are illegal migrants. According to our reports, these drug dealers are armed and there are also combat trained and experienced mercenaries. When we are capturing these criminals, we also have to guarantee the safety of the hostage.”

“Got it.”

The criminal police’s special forces squad were all very serious. They knew about the scary possibility of an all-out gun fight,

They never thought that this kind of situation would occur in the city of Shanghai. It was definitely very rare.

They had gone through long and intense training all for situations like this.

Protecting civilians and defeating criminals in times of trouble.

...

Lu Li scanned the surroundings and then immediately shouted, “It’s here! The warehouse in front was the place that we were held captive in.”

Qin Ju picked up his walkie-talkie and said, "Halt. Everyone, stop your cars. In front of us is the warehouse that the drug dealers are housed in."

"Mr. Wang, Mr. Lu, you guys wait in the car. Don't do anything rash. There's a chance there will be a huge firefight, I hope you guys understand," Qin Ju sternly said.

Lu Li definitely would not dare to come out anyway. He immediately nodded his head. He was most scared of dying.

Wang Ming Yang tugged on Qin Ju's hand, saying, "Qin Ju, my brother's life is in your hands, you must save him."

Qin Ju nodded, saying, "Relax, we will definitely do our best to save Master Lin."

"Move out."

The special forces team were well trained and proficient in combat. In keeping Shanghai safe, they had to be vigilant around the clock. They worked with international police to catch criminals.

A high tech and compact car meant for investigation raced forward towards the warehouse.

Huang Gang was in-charge of the small group. He started giving hand signals to them to encircle the surroundings to get a better idea of what was going on.

Liu Xiao Tian was bringing people along. They were escorting 'scorpion' to the scene to negotiate with these drug dealers.

Huang Gang said, "Lil' Wang, what's going on over there?"

"Group leader, it's clear, there are no enemies over there."

Suddenly.

Little Wang's voice became more anxious as he said, "Group leader, target spotted. No wait, it looks like Master Lin. D\*mn it... what is he doing?"

Huang Gang's expression changed. He said, "What's going on? Little Wang, quickly report what is going on."

...

At the entrance to the warehouse.

Lin Fan was seated on the floor. In his left hand was a cigarette, in his right was a gun. He looked a bit worried, wondering what time the backup was going to arrive. He had been waiting for almost an hour and he had been smoking till his lungs were going to burst.

The thing that pissed Lin Fan off more was that his phone was spoiled.

This Brother Qiang or whatever his name was, not only took away his phone but he destroyed it. That f\*cker, does he not know that this phone cost him thousands of dollars?

There more weird stuff going on with Lin Fan. In his hand was a mirror. It was like he was taking a video. He raised it up and took a look at it.

A whistling sound!

With his heightened sensitivity, he could sense that there were people around. His brows raised in happiness. It seemed like they were finally here.

At this moment, a familiar figure appeared.

Liu Xiao Tian escorted 'Scorpion' there from a distance. He looked like he was very cautious.

'Scorpion' had a smile on his face as he said, "Haha, I was going to escape already. But it looks like my henchmen did not have so much patience to waste time with you guys."

When 'Scorpion' looked in front, his expression totally changed. His face that was brimming with joy began to stiffen up.

What is this?

Chapter 613: He is that amazing

He took a puff from his cigarette.

A puff of white smoke flowed through the air.

Lin Fan looked at Liu Xiao Tian and said, "Inspector Liu, what took you all so long? I've been waiting for a long time."

"Aha," Liu Xiao Tian said as he blinked and scanned the surroundings. What was going on? Where was the vicious and evil kidnapper? Why was it just Master Lin seated here alone? Also, he looks very relaxed, contrary to what anyone expected.

The special forces policemen came out of the place they were hiding in.

They were prepared to have a huge firefight with the drug dealers but the scene was completely deserted. Not even a single drug dealer was in sight. Could the report have been wrong? Or was it because they knew the special forces were coming and they peed their pants and ran off, forgetting about 'Scorpion'.

Of course, this was just a thought they were playing around with. They did not think that highly of themselves.

'Scorpion', who was being escorted, had a meltdown.

"Where are my men?" he said. 'Scorpion' could not believe his eyes. He had done so much preparation and yet right now there was no one in sight. Where were all his henchmen?

Liu Xiao Tian said in astonishment, "Master Lin, where are the drug dealers?"

Lin Fan put his cigarette out, swatted the dust away and then pointed towards the back and said, “They are there. You guys can go and detain them.”

The special forces team immediately went into action. When they entered the scene, they saw the situation inside and were all stunned. Their mouths were left open in shock.

“How is this possible?”

“Pinch me, I’m dreaming.”

“Ouch, why did you pinch me so hard?”

“I can’t believe it either.”

“What in the world did this Master Lin do? There were so many drug dealers and he was alone. This...”

Inside the warehouse.

Tens of drug dealers were all tied up together. Their eyes were all wide open as they stared at the special forces officers.

The special forces officers all looked at each other in dismay. “These drug dealers were captured just like that?”

“Look at their legs, they look like they’ve all been shot.”

“They really are shot. Who in the world did this?”

Suddenly.

Everyone was in silence and then they looked behind in shock. They were all looking at the man, Master Lin, who was in conversation with Liu Xiao Tian. Then they said in disbelief, “It couldn’t be that he was the one who did this right?”

“Just one person alone?”

“How did he even do it?”

At this moment, all these big and strong special forces officers were all in silence, thinking about the whole situation.

Lin Fan looked at ‘Scorpion’ and then laughed, “‘Scorpion’, don’t even think about it. No matter what your friends do, your plan to escape has been foiled. You should just behave and return to your cell.”

‘Scorpion’ was still there in disbelief, “How can it be? How is this possible?”

“Brother!” At this moment, Wang Ming Yang shouted at him as he rushed towards him. He hugged Lin Fan and then said, “D\*mn it. You really scared me to death. I beg you, don’t do anything like this in the future, it will get people killed.”

Lin Fan replied, “Why so anxious? It’s nothing. These guys are newbies and they still want to fight with me. These can’t match up to my reputation, there is no way I’ll die to them.”

Liu Xiao Tian, who was standing by the side, said, “Master Lin, how did you do it?”

Lin Fan smiled and mysteriously said, “Gotta stay low-key. It’s a long story and I will tell you when I have the chance.”

Liu Xiao Tian was also a little dumbfounded. He went in and looked around. He saw the drug dealers with gunshots to their legs and then all tied up together. To him, he could not see how this was possible. When dealing with these vicious and evil drug dealers, even if he could shoot them in the legs, it did not mean he could just capture them just like that.”

Just going by one man’s strength and then capturing these drug dealers, that was something that was impossible. Even if it was a movie, it was still highly improbable.

Qin Ju came over and when he got up to speed on the situation, was dumbfounded also. He did not know what happened but he knew that Master Lin was definitely involved. He gave him a thumbs up, telling him good job.

Lu Li realized that he had avoided danger. Since he was the chairman of the Lu Corporation and they were in the presence of so many people, Lu Li was a different person and had steadied himself.

“Master Lin, I am really grateful to you this time for saving my life. I, Lu Li, am in debt to you and I will not forget this,” Lu Li calmly said.

Lin Fan looked at him and said, “Honestly speaking, I have no idea what you’re saying.”

Lu Li was a little embarrassed. How could he not know what was going on? Then he whispered into Lin Fan’s ear, saying, “Brother Lin, give me some face. There are so many people here and I am the chairman of my family’s company. This won’t bode well like this.”

Lin Fan laughed. This b\*stard really knew how to act. But Lin Fan was indifferent to it.

Then, the police started to get into action. The case had been solved and they had caught a group of international fugitives. This was something of national prestige but they could not post this in the newspaper. After this whole issue, Liu Xiao Tian also started to value Lin Fan’s safety more.

With things like this, it’s better not to report in case people come for revenge.

These drug dealers being shot in the legs. They were unable to walk and yet the police put them in handcuffs right away and then escorted them out.

When Wu Wei passed by, Lin Fan stopped him and said, “Wait.”

Wu Wei did not know what was going on and was a little curious.

Wu Wei was expressionless as he lifted his head and looked at Lin Fan. His eyes looked like they were crying out to Lin Fan, begging him.

Lin Fan patted Wu Wei on the shoulders and said, "I'll give you a chance. If you cooperate with the police and tell them everything you know, you can ask Qin Ju to handle the migration of your daughter over here to Shanghai and I will treat her illness."

Wu Wei did not say a word but he gently nodded his head in agreement. Even though he was trying to hide his emotions, he was filled with hope now.

Lin Fan said, "Qin Ju, this guy is going to cooperate with you and tell you everything he knows. However, he has a sick daughter in Myanmar. Think of a solution and bring her over so that I can treat her."

Qin Ju nodded and said, "Okay, no problem. If it is like this, it will really reduce our workload. These drug dealers are all tight-lipped so to get them to talk is not easy. But with this, it will definitely solve a lot of issues."

"However, how did you hit these drug dealers in the leg?"

Lin Fan laughed and said, "Qin Ju, it's a secret. Don't bother asking further."

Under normal circumstances, this went against their operating procedures. However, right now, even if it was against regulations, they had no choice. Lin Fan did not wish to talk so they did not have to make the situation completely clear.

Lin Fan said, "Inspector Liu, I can't tell you anything else about what I did."

Liu Xiao Tian gave Lin Fan a hard pat on the shoulder and said, "What are you saying? You are safe and that's all that matters. Don't try to be so brave next time. These drug dealers are killers and they won't bat an eye when they kill you. If anything were to happen to you, it will be disastrous."

Lin Fan nodded and said, "Relax. There won't be next time. If there is nothing else, I'm going to go first. I'm afraid the people of Cloud Street are worried sick about me."

"Yea."

Chapter 614: Are you scared?

At Cloud Street!

The shop owners had all come back early. Little Boss was in trouble so they were extremely worried and had no mood to play around.

Wu You Lan and Wu Huan Yue were all in tears. Sister Hong was by their sides trying to comfort them. Even Liu Xu was by Wu You Lan's side.

Wu You Lan deeply felt that she was responsible. She said, "It's all my fault. I was so insistent on Brother Lin following me. He did not want to go at first, probably because he had seen the future and that something bad would happen to him. But I... It's all my fault."

If Lin Fan was here, he would definitely tell her, "Little Sister, you're thinking too much. Life is too unpredictable."

Liu Xu patted her on the back and said, "Don't cry. How could anything possibly happen to him?"

Wu You Lan just shook her head. She had no idea what message she was trying to convey but she just shook her head anyway.

At that moment, Liu Xu began to take greater notice of her tone. Wu You Lan was so sad right now so if she were to say something that despite having good intentions but was not nice sounding, it could make You Lan angry. However, she did not know what to say so she just tried to comfort her.

As for whether she was worried or not, she was definitely worried. Regardless of what people say, he did attend her store's opening ceremony and cheered her on. To add on to that, he was kidnapped in front of her store so she definitely felt very apologetic.

Fraud Tian said, "How could the little guy get into trouble. He normally gets into so much trouble without even provoking anyone and yet not a god d\*mn thing has happened to him. This time, it will definitely be the same."

Zhao Zhong Yang nodded and said, "Yes. Brother Lin has a lot of good fortune and the police are also trying to rescue him. There should not be any issues."

The shop owners were all worried. Little Boss was such a good person, how could anything happen to him? If something really did happen to him, then God must be blind.

“Where’s the boss, I want to buy...” a customer shouted at the entrance to Sister Hong’s store.

Sister Hong definitely did not have the mood to do any business right now so she rejected him, saying, “I’m very sorry, I’m not doing any business today.”

The customer took a glimpse and felt apprehensive inside. His purchase was actually rejected. It was a confusing situation.

Everyone surrounded the entrance to the store. They were comforting each other and praying for protection. They were all awaiting news from the police.

“What are you guys doing?”

Suddenly, a voice which raised everyone’s spirits rang from afar.

Everyone’s eyes all shifted to the source of the sound and then they all erupted in cheer.

“D\*mn, Little Boss, you are actually unharmed.”

“Bless the Lord, Little Boss has finally returned.”

“I knew nothing would happen to Little Boss.”

“It was guaranteed. You guys have not seen the kind of hardship Little Boss has gone through in his life. He has tangled with so many people and yet has never been beaten by anyone before. This kind of situation is nothing to him.”

When Wu You Lan and Wu Huan Yue saw Lin Fan, their expressions changed from sad and gloomy to extremely happy. They raced towards Lin Fan and into his embrace.

“Brother Lin, you have finally returned.”

Having someone to hug on both his left and right, this was not a very good situation for him. He had initially planned to push them aside and tell them to conduct themselves properly. However, when he saw how they behaved, he laughed saying, “What do you mean by finally returned? I just went out to settle somethings and you guys were so scared. Okay, okay, so many people are watching, it’s not a good image.”

Lin Fan patted them on their heads and his face started to let out a huge smile. He was the type of guy who had the chance to hug two girls at the same time.

The surrounding shop owners all laughed.

“Little Boss is really fortunate.”

“Wow, his luck with the ladies is really one to be admired.”

“What? Do you admire him? Do you dare to say that again?”

“My dear wife, I did not say anything. I was only lamenting for a bit.”

“Hmph, how dare you.”

Lin Fan’s return caused Wu You Lan and Wu Huan Yue to breath a sigh of relief. As long as he was okay then everything was good.

At this moment, Lin Fan looked at Liu Xu and said, “Hey, Chief Liu, why are you here also? Could it be that you were worried about me also?”

Liu Xu stared at Lin Fan with her eyes wide open and said, “Hmph, I was here to see You Lan. Don’t think so much. You Lan, I’m going to make a move first.”

You Lan said, “Sister Liu Xu, are you not going to stay awhile?”

Liu Xu waved her hand and said, “The hotel just opened and needs help. Besides, I’m scared some of them won’t like it if I stay too long.”

Lin Fan looked at her and helplessly laughed.

Wu You Lan said, “Brother Lin, Sister Liu Xu was also very worried, if not she wouldn’t have come over.”

Lin Fan said, “Women, I can’t understand them. Okay, it’s all settled already. Everyone, disperse and get back to work. Gathering here isn’t a good thing anyway.”

Everyone exchanged a few sentences with Lin Fan and then left the area.

This whole situation was not reported outside. Only the people of Cloud Street, as well as a few bosses, knew about this. This rest was kept in the dark.

Also, Lin Fan did not really want this news to get out. He did not see the point of it and it would just make people worry.

Especially his own parents. If they found out that he was kidnapped in Shanghai, even if they did not kill him, they would drag him back home. That way, when it came to his parents, he only let them know about the good things. Thus, giving them a chance to brag to their neighbors as well as not having to worry so much.

...

At the police station!

The interrogation began.

These drug dealers were all shot in the leg and had to undergo surgery. To ensure that these drug dealers would not escape, the police also tightened their surveillance.

Also, this situation brought about some huge repercussions. The higher-ups in the police department thought it was very important to try and extract as much information as they could from the mouths of these drug dealers.

The police also tried getting people to infiltrate Myanmar as well as the Golden Triangle but the results were not good. They were not able to obtain any useful information.

Since he had Lin Fan, Wu Wei had no reason to hide anything. He started to tell them everything that he knew. This was so that they would go to Myanmar and bring his sick daughter over here for treatment.

With Wu Wei, the police obtained a lot of previously unknown information. Also, this information was all very important. It went without saying that this caused them to make huge progress in the fight against these drug dealers.

However, when Qin Ju has interrogating a certain mercenary, he received a piece of information which left even him dumbfounded.

He could bend bullets?

Does he take us policemen as idiots?

If he could bend bullets then you might as well say he can make them spin.

However, when Qin Ju interrogated all of the drug dealers, he finally got a clearer picture of the situation.

It seemed like he could really bend bullets.

This went against all laws of science.

Master Lin being able to shoot a gun was already something that was hard to imagine.

Thus, because he did not want to cause unnecessary trouble, Qin Ju did not press further into this. So much so that he did not even write this down in his report.

A few months later.

At Cloud Street.

Lin Fan was lying down and looking at the Encyclopedia. The smile on his face was larger than normal.

Encyclopedic points; 8500.

At this moment, Lin Fan really wanted to stand up and shout.

“Are you guys scared?”

It did not matter if other people were scared or not, he himself was already scared.

The learning material that was in here was really too amazing. The encyclopedic points were also too easy to get.

“I’m going to go for a walk, you guys look after the store,” Lin Fan said. He was feeling a little impatient. He wanted to go down to the Children’s Welfare Institute and let all the children see how awesome his perfect quality Little Intelligence Pill was.

## Chapter 615: Mission accomplished

Lin Fan was in a good mood. His Encyclopedic Points were at 8500, exceeding his target by a long shot. However, the Encyclopedic Points were increasing at a very slow rate. He was scared that he was already reached a certain level where what he could learn he had already learned and what he had not, he had no way of learning. Unless he were to start his own research and properly study it. But it was still not certain that he would be able to gain a new wave of Encyclopedic Points.

However, this was not the time to be thinking about this kind of things. It was time to go to the Nan Shan Children's Welfare Institute and let the children try out the perfect quality Little Intelligence Pill.

After using this Little Intelligence Pill, what would be too difficult to learn?

He was afraid that the intelligence gained would be something the average person could compare to.

To call them geniuses would be an understatement. However, after all of this, he would have to personally teach them new information.

"Hey!" Lin Fan exclaimed in surprise. When he reached the Nan Shan Children's Welfare Institute, he saw Zhao Ming Qing's car parked out and his driver was resting in the car.

Could it be that Zhao Ming Qing was here at the Children's Welfare Institute also?

When he went inside, Zhao Ming Qing was really inside.

"Ming Qing, what are you doing?" Lin Fan opened his mouth and asked.

Zhao Ming Qing was giving the children body check-ups and then when he saw some arrive, he stopped what he was doing. He said, "Teacher, I am here to give the children a body check-up. The weather nowadays has turned cold, it's very easy to fall sick."

"How kind of you," Lin Fan smiled and said, "How have you been recently? Has there been any change in the situation?"

When he said this, Zhao Ming Qing could not help sighing and he said, "Teacher, the Little Intelligence Pill is not normal. As time passes, I can feel an increase in this mysterious feeling."

Lin Fan nodded. That was how the Little Intelligence Pill was. After using it, using your brain nonstop can increase the processing power of your brain and you will become a genius. It was not a difficult thing to do.

However, the prerequisite was that you had to take the initiative to study. If you just sit back and wait for results, then there won't be any benefits.

When Zhao Ming Qing saw the pouch in his teacher's hand, he could not help being curious and asking, "Teacher, what is in your pouch?"

Lin Fan smiled and then opened up the pouch. Zhong Ming Qing looked inside and was dumbfounded. His tone started to become shocked as he said, "Teacher, this... this..."

He was a little dumbfounded. He recognized what was in the bag. It was the Little Intelligence Pill. Also, by the looks of it, it was the perfected quality one his master was talking about.

Suddenly, Zhong Ming Qing had a realization. He said, "Teacher, you are thinking of letting these children use the Little Intelligence Pill, aren't you?"

Lin Fan nodded and said, "You guessed right. I want to let these children use the Little Intelligence Pill. You see, these children are very pitiful. Although they are just like other children, from birth, they were just lacking the other children but that little bit. I'm afraid that when they grow old, they will not be able to enjoy a peaceful family. That is why I want to let their brains become better and make them smarter. They may not have a prosperous and comforting family so I will let them use their own brains and make their own perfect future."

Zhao Ming Qing stared at this teacher. He was not in objection of this teacher giving this precious thing to the children to use but was rather surprised that his teacher's heart was in such a place.

If this pill were to come into the hands of anyone else, he was scared that they would not give it to the children to use. Even if it were him, he was not sure if he would bear to give this precious medicine to the children.

Lin Fan said, "What's up? Is there a problem?"

Zhong Ming Qing shook his head and said, "No problem. It's just that I really admire you, teacher."

Lin Fan waved him off and said, "Enough, no need to compliment me. You said you're a different generation, why are you acting like all the youngsters?"

Zhao Ming Qing laughed and said, “Teacher, I am young at heart. My young heart doesn’t change with age. If I was still in my young state, teacher, you would be so scared that you would chase me away and end my apprenticeship.”

Lin Fan shook his head and laughed. He said, “Looks like you were still too much even when you were young. Okay, go inform the children. Don’t tell anyone else about this incident. Only you and I will know about it and that’s all.”

“Yea.”

After awhile.

Han Lu and Director Huang came.

Han Lu curiously asked, “Master Lin, what is that in your pouch?”

Lin Fan smiled but with a lot of secrecy, said, “It’s a good thing and will benefit the children a lot. However, I can’t tell you what it is.”

Han Lu was still very curious. But since Master Lin was not willing to say it, he naturally did not ask further. In the period of time he was here at Nan Shan Children’s Welfare Institute, he felt like his thoughts had been raised to another level, a sort of feeling that he did not get anywhere else before.

Calmness, gentleness and being able to experience the world with his heart. It was not like the ambitious and aggressive person he was before.

For this change, he owed it all to Master Lin. If it was not for Master Lin, he would not have come here.

The children all came out.

“Wow, Uncle Lin has brought us some good treats.”

“Queue up properly, don’t fight over it,” Lil Fatty said with clear enunciation. Lil Fatty had evidently become one of the big figures here.

The children also evidently listened to Lil Fatty. They all queued up and then their curious eyes were all locked on to the pouch in Lin Fan’s hands. They were all very curious, wondering what treat was inside.

Lil Fatty wiped away his mucus and then carefully looked at them and said, “Little Hui, you should let your little sister stand in front.”

Little Hui wanted to be the first to try the treat so when they were all queuing, he snuck his way to the front. He did not expect to get noticed by Lil Fatty.

“You have to remember. Let the girls go first next time,” Lil Fatty said, as he instructed the whole group of them.

When Lin Fan and the rest of them saw this, they could not help laughing. This Lil Fatty was really very capable.

However, at this moment, Lil Fatty stood in front of the queue, forgetting what he said about letting the ladies go first. He opened his hands and he waited eagerly in anticipation.

Lin Fan said, “Lil Fatty, isn’t it ladies first? Why are you standing in front?”

Lil Fatty laughed and said, “I’m their elder. Elders should go first.”

Lin Fan flicked his head gently and said, “You can’t just use your rights like this. You’ve eaten this before. Just stand aside and help to maintain the order of the queue.”

Lil Fatty sighed and said, “What a pity...”

Lin Fan shook his head and laughed. This Lil Fatty was very amusing. After this, he started to give out the perfect quality Little Intelligence Pill.

When Director Huang and the rest of them saw the golden pill, they were all astonished, not knowing what it was. However, when the children saw it, they were all drawn in by the bright gold and dazzling gleam of the pill.

Lin Fan wanted to personally see the children ingest the pill before letting them go.

If there was a single child who did not use the pill, then his mission was not accomplished. After today, if he wanted to check who did not use the pill, it would be extremely hard.

After all, this Little Intelligence Pill was not something that would work in a short period of time.

The children were still very young and their brains were all developing. As long as they used the Little Intelligence Pill, worked hard in pursuing new knowledge and keeping their brains active, the results would be beyond imagination.

After an hour of hard work.

All of the children had taken the Little Intelligence Pill.

At this moment, the notification sound from the encyclopedia finally came.

Mission accomplished.

Lin Fan had a huge smile on his face.

Chapter 616: Accidentally became invincible

“The mission to use the Little Intelligence Pill is accomplished. Encyclopedic points +100.”

“Beginning the fifteenth page of knowledge. Since it is the fifteenth page of knowledge, the knowledge will be chosen from knowledge related to the people next to the host.”

“Liu Xu has enormous feelings of being humiliated by the host. Thus, the classification which will determine the sub-classification is vehicle driving skills.”

“Your mission: Participate in the Beijing Qingtian Bay Race and come in first place.”

“Mission reward: +20 Encyclopedic points and the opening on the sixteenth page of knowledge.”

“Note: Since you have opened a subclassification, there is not need to involve things from the past careers.”

F\*ck!

Useless knowledge.

He thought he would obtain some sort of earth-shattering knowledge. He never thought that he would get this kind of trash and useless knowledge. But forget it, at least it was still an important life skill.

However, the encyclopedia did not give the notification that he had reached the end of the mission with the Little Intelligence Pill. So there was still another reward of another page of knowledge.

“The random selection of knowledge will begin.”

In front of Lin Fan, a circular turntable appeared. The top of it densely covered a countless number of different classifications. There were large classifications as well as sub-classifications. There were too many to be counted and it was extremely dazzling.

“Ding! Beginning the random selection.”

The turntable began to spin.

Lin Fan did not have any particular wishes. This was free knowledge so what kind of good things could the encyclopedia possibly give?

Even so, his heart was still in anticipation. Inside, he was still feeling a little nervous. He was just hoping he would get a good piece of knowledge as this fifteenth page was really underwhelming.

Besides street racing, what other uses were there?

In the real world, it was useless.

Zhao Ming Qing saw his teacher just standing there motionless, he felt a little puzzled. He said, “Teacher, what’s up? What are you thinking about?”

“Nothing, just thinking about some stuff.”

Although he did not really think much about this random selection of a classification of knowledge, he still cared a lot about it. Inside, he was still hoping that something good would be selected.

Zhao Ming Qing did not saying anything else as he did not want to interrupt his teacher’s thoughts. To him, his teacher must definitely be thinking about something important.

He had never seen his teacher in such deep thought under such a situation.

“F\*ck, it’s a subclassification of knowledge.” Lin Fan said as he saw the needle on the turntable slow down. From what he could see, the needle was going to stop on a subclassification of knowledge.

To Lin Fan, right now, most of these subclassifications were trash. It was very uncommon to have something that would brighten up someone’s eyes.

Lin Fan stopped thinking about the turntable and said, “Ming Qing, if you have time, you should visit here more frequently. Tell the children more stories about the traditional Chinese medicine. You should understand that these children are different.”

Zhao Ming Qing nodded. The children were perhaps pretty mediocre before but now it was different. He still had no idea what kind of power the perfect quality Little Intelligence Pill would have.

If it was like those antique magical potions, it would really stimulate their brains and make learning anything easy.

If he could let these children learn all about traditional Chinese medicine by ear, he was scared that it would take less than a few years for these children to have a level of understanding of traditional Chinese medicine equal to the actual doctors.

Although their practical skills will probably be very poor, their theory knowledge will definitely be very strong.

After all, he himself was not the same as before. Comparing his medical expertise to back then, the difference was night and day. Not to mention he had a teacher who was pretty much like a god on earth.

If he still could not teach these children, he would be a laughing stock.

“F\*ck!”

All of a sudden, the sound of a vulgarity entered Zhao Ming Qing’s ear. When he realized that this vulgarity came from the mouth of his teacher, he was a little dumbfounded.

“Teacher, happened to you?” Zhao Ming Qing asked as he stared at his teacher in shock. But suddenly, he realized that the situation was a little off. The vibe his teacher was giving him was totally different.

Then, he gave his eyes a rub. He had just undoubtedly seen his teacher’s face have a ray of light shining from it but it had disappeared already.

This scene was not something only he saw. Director Huang and Han Lu had seen it also. The two of them also gave their eyes a rub. When they looked back, it had disappeared already.

Could it be a problem with the lighting here?

At that moment, Lin Fan's body started to shiver slightly. His expression was one of astonishment like he was in disbelief.

His eyes which were normally filled with calm were filled with astonishment at this moment.

"How could it..."

Lin Fan stood there dumbfounded and rooted to the spot. He did not want to believe the sounds coming from his brain.

Could he be the Heaven's beloved pet?

"Ding! The random selection is finished. Congratulations, you have received a major classification of martial art knowledge."

"Greetings host, congratulations! You must be one of the heaven's beloved pets as you have obtained a seemingly impossible major classification of knowledge. You are close to leaving the Earth and ascending to the heavens already."

"The big category of martial art knowledge is preceded only by the hero classification of knowledge, fantasy classification of knowledge and the Shinto classification of knowledge."

At this moment, Lin Fan's forehead was suddenly flowing with sweat, his face was slowly turning white.

This was not fear or being anxious but it was that his brain was having a huge amount of change. The big classification of knowledge about martial arts was rushing right into his brain.

Third-rate!

Second-rate!

...

Innate!

Acquired!

The magical power of the three flowers and five senses!

“Ding! The imparting of the big classification of knowledge of martial arts is complete. The level of knowledge is at its maximum. If the host wants to reach a higher level, he has to unlock the hero classification of knowledge, fantasy classification of knowledge and the Shinto classification of knowledge. However, these classifications are impossible to be unlocked.”

Lin Fan’s head was hurting a bit. This whole situation was pretty scary.

He had never imagined that he would randomly select a big classification. Although the encyclopedia allowed him to exchange for a big classification of knowledge, however, the amount of Encyclopedic Point required was an astronomical amount. It was basically only for you to look it, you were dreaming if you were trying to exchange for it.

“D\*mn it. In just this short moment, I am invincible in this world.”

Lin Fan was lamenting inside. He had a sort of indescribable feeling.

It felt like he was dreaming.

“Teacher, teacher...” Zhao Ming Qing realized his teacher’s condition was little off. This feeling was very weird. He had no idea how to express it but he just knew that it was weird.

He saw a ray of light coming from his teacher but then it was gone in an instant.

Also, his teacher was just standing there dumbfounded. Could something have happened to him?

“Haha...” All of a sudden, Lin Fan started laughing. He was in an excited state. At this moment, he felt like he could fly.

“Ming Qing, don’t say anything. Today, I, your teacher, am really too happy. If you have any requests, just say it, I will gladly oblige.”

Lin Fan mode was joyful beyond compare. He never thought that this random selection would be such a huge present to him.

Although this did not have much use in the modern world, he felt invincible right now and his mood was definitely very happy.

“Are you okay, teacher?”

Zhao Ming Qing did not sigh in relief but he became even more concerned. What in the world is teacher doing? He was not too good just now and then suddenly had such a huge change.

Lin Fan looked at Zhao Ming Qing and said, “What could be wrong? Your teacher is feeling very good right now.”

In the Daoism beliefs, the magical powers of the five senses were the most powerful state that anyone could achieve. It was a symbol of endless powers and even immortality. However, this was just a major classification of martial art knowledge. He wouldn’t possibly be able to become an immortal. Who knew how the encyclopedia worked?

Nevertheless, he felt like he had a never-ending amount of energy right now.

“That’s good, that’s good. Teacher, you gave me a very weird feeling just now,” Zhao Ming Qing said.

When Lin Fan’s ecstasy died down, he slowly started to calm down. He could not be too excited and had to keep a low profile.

To Zhao Ming Qing and the rest of them, this was a trick that could not possibly exist.

He had to conceal it and just live his normal everyday life.

Lin Fan laughed and said, “What weird feeling? Your teacher just suddenly understood something that’s all.”

Zhao Ming Qing nodded. If that’s what his teacher said then so be it, as long as he was fine.

At this moment, a few strangers appeared at the Children’s Welfare Institute door.

“Hello, Director Zhao...”

Chapter 617: Personally taking the blow

When Zhao Ming Qing saw the people arrive, his brows furrowed and it was very clear that he was annoyed.

“Ming Qing, who are these people?”

Lin Fan realized that Ming Qing was a little upset and it was definitely because of the arrival of these people. Judging by the appearance of these people, they were not normal people. They actually had a lot of bad karma and it was evident that they had already done a lot of bad things.

Zhao Ming Qing whispered to him, “Teacher, these people are the henchmen of Ma Mu Feng from Qingzhou. They were sent here by Ma Mu Feng to bring me to Qingzhou and treat his illness. I don’t want to go there.”

“Why?” Lin Fan asked. He knew his student’s heart. If anyone else were sick and came to him for treatment, he definitely would not reject them. After all, Ming Qing was a doctor with a kind heart, even kinder than Lin Fan himself. However, to cause Zhao Ming Qing to not be willing to give treatment was a very uncommon thing.

Zhao Ming Qing had some hatred towards these people. He said, “Teacher, that Ma Mu Feng is one of the richest men in Qingzhou. He is very powerful and is also known as Ma Qingzhou. However, based on my understanding, he is not a good man. I presume you know about the incident in Qingzhou that happened three years ago?”

“What happened in Qingzhou?”

Lin Fan went into deep thought. Then he suddenly remembered. He was still in school during that period and the news had a very deep and lasting impact on him.

It was some developer in Qingzhou who was trying to get some people to move out of their property. He exhausted all sorts of methods and in the end, there was some demolition that took place and many ordinary people were buried under the rubble, killing many. The news initially stirred up a lot of noise, however, after a while, the news suddenly stopped, like someone was blocking off all information regarding it.

According to the netizens, someone was blocking off all the information and causing people to not dare to report about it.

Zhao Ming Qing said, “The man behind all of this was Ma Mu Feng. That’s why I don’t want to treat his illness. If I do save him now, in the future, countless people will still have to suffer.”

Lin Fan nodded and said, “Yes, you have your teacher’s support. You’re doing the right thing here.”

The three strangers walked up to Zhao Ming Qing. One of them was very refined. Dressed in a suit, wearing glasses and his hair was combed and shiny. He smiled and said, “Director Zhao, our Godfather Ma wants to invite you to personally head down to Qingzhou.”

“I’m not going.”

Zhao Ming Qing had no hesitation and just waved him off by saying that. He did not give the man any face at all.

That man was Ma Mu Feng’s secretary. When he heard that Director Zhao was unwilling, his brows furrowed. However, he maintained a smile on his face and said, “Director Zhao, you are a kind-hearted doctor. Our Godfather Ma has been tormented by a serious illness. Since your medical skills are second to none, please come and give our Godfather Ma a look. After that, we will treat Director Zhao well.”

Zhao Ming Qing sneered saying, “No need. I, Zhao Ming Qing, will dare to do anything except take your blood stained money. Your Godfather Ma is in such a high position of power, all he has to do is

say a word and there will be many traditional Chinese medicine doctors who will come to your aid. Why do you have to come and find me?"

"Director Zhao, I think you have some misconceptions about our Godfather Ma. Also, please don't spout nonsense. Our Godfather Ma knows that Director Zhao's medical skills are very high and second to none. Please, Director Zhao, follow us to Qingzhou," he said. Liu Ren has been Ma Mu Feng's secretary for a long time so he understood what Zhao Ming Qing meant.

He was very angry inside but since he was trying to plead with him, he had to be more peaceful in his approach.

If Godfather Ma knew that he had messed up the situation, he was scared that he would beat him to death.

Zhao Ming Qing looked at Liu Ren and said, "Second to none? Are you guys looking down on my teacher? You guys should go back. I stand by what I said and I won't treat him. Let him hire some other proficient doctor."

Liu Ren laughed and said, "Director Huang, our Godfather Ma already knew about the teacher you are talking about. Shanghai's godly doctor, highly skilled medically, 'Xinglin' divine physician. However, our Godfather Ma is still hoping that Director Zhao will treat him. If you are not willing, then can you help me give a referral to your teacher?"

Zhao Ming Qing having a teacher was not a secret. It was something that made a lot of people laugh and Godfather Ma was the same. Although there were all sorts and countless of news reports on it, their Godfather Ma still did not believe it and felt that Zhao Ming Qing was more reliable.

Also, their Godfather Ma had gone overseas for treatment already. The foreign doctors said they were helpless and could only contain the illness but could not guarantee the eradication of it. To these foreign doctors, the illness was very problematic and it was already too late. They suggested giving traditional Chinese medicine a try.

As a result, they had to find the country's best traditional Chinese medicine doctor.

Although they had heard about the godly doctor, judging by his age, his student seemed more reliable.

Zhao Ming Qing looked at him and said, "Seeing my teacher is something that will never happen. Just leave, I won't treat his illness."

Liu Ren's patience was limited. He had already been in Shanghai for two days and in these two days, he had constantly been talking to Zhao Ming Qing about this. However, he was still unshakable, he was not willing to treat him. If this continued, he was scared that Godfather Ma will be angry.

At this moment, Liu Ren's smile vanished and he said, "Director Huang, your message has been received loud and clear, you won't treat him. However, just remember who our chief is."

Since he could not reach an agreement, he had to resort to threats.

To many people, Ma Mu Feng was just a rich and power man. However, although Zhao Ming Qing was not in a position of power in society, he was a director so his words had a bit of an impact.

This Ma Mu Feng was not to be trifled with. He will deal with people regardless of who they were. If he did not treat him, there would definitely be trouble.

But even so, he still stuck to his words.

No treatment.

Lin Fan was standing at the side and had not said a word. However, at this moment, while he was looking at Zhao Ming Qing, he realized his student's facial appearance had changed.

He could see a wind of darkness and it was undoubtedly filled with resentment. There was definitely going to be revenge and this revenge was going to result in the spilling of blood. His life was in danger.

Looks like this Ma Mu Feng was pretty strong.

Taking the blow.

Lin Fan was preparing to help Zhao Ming Qing take the blow personally.

Given Zhao Ming Qing's figure, he would not be able to resist them. If they wanted to force him then they will have to deal with his teacher.

If it was before, he could not say for sure if he would be scared or not.

But now, what would he be scared of?

In the day or in the night, anything will do. If they dare to come then he will deal with it.

The major classification of martial arts' knowledge wasn't a joke.

Lin Fan pulled Zhao Ming Qing back and then stood in front of him. Then he stared at them and said, "I am Zhao Ming Qing's teacher. Go back and tell your Godfather Ma that I don't agree to treat him and neither does my student."

Liu Ren was stunned. He looked at him and then said in astonishment, "So you are Godly Doctor Lin, I've been looking forward to meeting you. I hope that Godly Doctor Lin will carefully think about this. I'm afraid there is a misunderstanding. Our Godfather Ma is very welcoming to the Godly Doctor and hopes the Godly Doctor will go to Qingzhou and see him. If there are any misunderstandings, we can work them out."

Lin Fan waved him off and said, "I don't have any misunderstanding with this Ma Qingzhou. However, he is not a good man and I will never help bad people. Okay, quickly leave, don't waste our time."

Then he ignored them and said, "Ming Qing, follow me for a stroll."

Zhao Ming Qing nodded and said, "Okay teacher."

Liu Ren furrowed his brows, this...

Chapter 618: Looks like he is really powerful

Liu Ren looked at the backs of the two of them. He could no longer hide his angry.

“You ungrateful animal.”

He did not think that there would actually be people who would reject Godfather Ma’s requests.

Given the situation, the problem was no longer his as now Godfather Ma will deal with it.

He took out his phone.

“Godfather Ma, Zhao Ming Qing has rejected us. Also, the teacher who taught him everything was there also, he also rejected us,” he said respectfully. He did not dare to say anything rash.

“Yea.”

The other end of the phone did not say much but only gave a response that was down playing the situation.

Liu Ren knew that although on the outside, Godfather Ma was very calm, he was scared that inside he was not as calm. He was like a fierce beast being awakened.

He knew that Godfather Ma’s medical condition was very serious. For the moment he was not scared but if he did not find help soon enough, he would be pretty close to death.

Someone of such high power like Godfather Ma could not just simply die like that.

In times where his life was at risk, there was nothing he was not willing to do.

...

Zhao Ming Qing said, “Teacher, we were so firm in our rejection, I’m scared that Ma Qingzhou will get revenge on us.”

Lin Fan smiled. “You knew that they would get revenge? Then why weren’t you scared from the start?”

Zhao Ming Qing said, “At the start, it was just about me. I am of a very old age already, how can I be scared of people getting revenge. However, since you got involved, I’m scared...”

“Okay, don’t say so much. There isn’t really anything to be afraid of. When I saw your appearance just now, there was a dark wind blowing over you and there was undoubtedly going to be a huge calamity, one which will result in calamity. However, it’s okay now. I let you be my disciple so now I am substituting you,” Lin Fan said.

“Huh?”

Zhao Ming Qing was stunned. Then, he anxiously said, “Teacher, this is... this...”

Lin Fan smiled and said, “Are you touched? Do you feel that your teacher is good? Having someone to replace you when you’re in trouble.”

Even when dealing with this kind of situation, he did not have the slightest bit of dread. Even if he did not have the major classification of martial arts, he would not be scared. Even more so now.

Zhao Ming Qing’s was very worried. He said, “Teacher, I should not have brought so much trouble to you. I...”

He blamed himself. He deeply blamed himself.

From when he first became his disciple, he had never brought any good to his teacher, it was always his teacher helping him.

He was already so old. He was a burden to the younger generation.

“Ah, what’s up? I don’t really like this expression. I’m asking you, are you touched or not?” Lin Fan asked.

Zhao Ming Qing slowly nodded, “I am touched.”

Lin Fan gave Zhao Ming Qing a pat on his shoulder and said, “As long as you’re touched, it’s okay. Remember, I am your teacher. If I don’t carry the burden then who will. After all, this Ma Qingzhou is not good news. Also, who is your teacher? It is Justice Fan, do you understand? This b\*stard, if he does not offend us, then it is fine. But if he does, I will definitely put him behind bars.”

Zhao Ming Qing was very touched. His old eyes were going to crash already.

Teacher, I feel it’s probably not possible to put him behind bars. You don’t know how powerful Ma Qingzhou is in Qingzhou. Also, the relationships there are very complicated. Teacher, you probably don’t know this but I’ve been to Qingzhou before. Ma Qingzhou has links to people in every level in Qingzhou. Also, he has the support of many people behind the scenes,” Zhao Ming Qing said.

“That’s enough, you don’t have to think about this so much. Just leave this all to your teacher. I don’t care if he is Ma Qingzhou or Malan Zhou. I have an idea.”

Lin Fan decided to do another huge good deed and that was to defeat this Ma Qingzhou. However, he did not really understand this Ma Qingzhou yet so he had to do some research and see what it turns up.

However, there was also one man who could tell him something.

That was Lu Li.

...

The next day.

At the Lu Corporation.

A limousine appeared at the corporation's door and immediately, there were bodyguards there, welcoming them.

After going through the kidnapping incident, Lu Li was deeply terrified. He would definitely not let this kind of thing happen again and thus he arranged for a large number of bodyguards for protection.

He never thought that he would be kidnapped before so he only hired 4 or 5 bodyguards back then.

He never thought that in the face of these drug dealers, these few bodyguards were not enough protection. After being rattled by other people, he did not want to leave any margin for error.

Whenever he moved out, the minimum was twelve bodyguards and they were fully armed.

Although it required a lot of logistics for a long journey, it was nothing when compared to how much he wanted to stay safe.

He looked around and then all of a sudden, saw a familiar figure.

The bodyguards also caught a glimpse of Lin Fan and wanted to question him but Lu Li stopped them.

"No need, that is Master Lin. You guys can just wait here for me."

In front of others, Lu Li was cold and arrogant. At a glance, he seemed like a tyrant. This sort of vigor was not something everyone could have.

If it was Lin Fan had not seen Lu Li's true side, he would probably also be tricked by him.

Lu Li let out a big smile and said, "Master Lin, what brings you here?"

"I want you to tell you a name and see how much you know about him," Lin Fan said.

Lu Li confidently smiled and said, "Go ahead. As long as he has any sort of power, I will know him. If it is just some small fry, then he is not worthy of me knowing."

Lin Fan did not ask the question yet but just looked at him and said, "Can you just be normal? Why are you still acting in front of me?"

"Huh?" Lu Li was a little embarrassed. Then he laughed and said, "Brother Lin, just ask. Are we not at the door of my corporation? It's not a good look for me."

"Qingzhou's Ma Mu Feng, do you recognize him?" Lin Fan asked.

When he heard this name, Lu Li was stunned. He replied, "Brother Lin, are you talking about Ma Qingzhou?"

"Yes, it is Ma Qingzhou."

Looking at the way Lu Li was, he obviously knew the man. But from the look in his eyes, he could feel that this Ma Qingzhou was something else. After all, the number of people that were able to make Lu Li on his guard was not a lot.

In Shanghai, the Lu family was one of the top corporations. Even Wang Ming Yang could not compare.

Lu Li took out two cigarettes and passed one to Lin Fan. He even personally lit it for him.

When the bodyguards who were waiting for Lu Li saw this, it set a huge wave in their hearts.

How could this be? Did Chief Lu just personally light a cigarette for someone?

And he was even having such a huge smile.

To them, it was something that was impossible.

Who was Chief Lu? He was the head of the Lu Corporation. His power scared others and countless people, upon seeing him will go crying for their father.

...

“I know this Ma Qingzhou. He is very powerful in Qingzhou. I have seen him before and he is a very shrewd man with lots of connections. Even some leaders in Qingzhou who see him call him Godfather Ma. I heard that he was an awesome supporter backing him. Brother Lin, do you have some grudges with him?” Lu Li asked.

Lin Fan thought carefully. It seems like this b\*stard was really powerful.

Lu Li saw that Lin Fan did not say anything so he knew that there were grudges. He said, “However, it is fine. As long as you stay in Shanghai, no matter what he will still be in Qingzhou showing off. Shanghai is a city that is very special. Since it is an international metropolis, it is not somewhere he can just be impudent if he wanted to.”

“What do you mean?” Lin Fan said as he was very curious. He didn’t see anything special about Shanghai.

Lu Li smiled and said, “Shanghai is the heart of the country. Top in GDP, top in Asia and an international harbor. If he comes to Shanghai and does dirty business, he will be dead within two days and no one will know how he died. Here, no one dares to do dirty business, even if it is the Lu family, we also do our business honestly. This is a regulation and these important places won’t tolerate him.”

So it was like that!

“However, this Ma Qingzhou is not to be trifled with. In Shanghai, I am not scared, but in Qingzhou, even if it is the Lu family, you will have to tread carefully.”

This was the final evaluation from Lu Li.

Chapter 619: Cursing in rage!

“Brother Lin, why are you in such a rush to leave! Why don’t you sit for a while?” Lu Li shouted.

Lin Fan waved his hands, “No need for a seat. Thank you.”

Lu Li smiled, “You say this as if I’m an outsider. You did save my life. However, if you ever run into any problem, you can look for me.”

“Okay, sure. I’ll take my leave now.” Lin Fan turned his back and left.

However, once Lin Fan left, Lu Li’s expression had an immediate change. It became one of icy arrogance. He had to give off the overbearing chairman aura in order for his employees to revere him.

Of course, if not for that abduction case that happened previously, even Lin Fan would not be able to tell that Lu Li was actually hiding deeper feelings.

Whenever something were to happen, he would become as timid as a mouse.

After leaving Lu Li’s place, he wasn’t in a hurry to go back to Cloud Street, but instead, he came to an isolated place in the suburbs of Shanghai.

Ever since he got the major classification of the knowledge of wuxia, he still hadn’t tried what exactly he was supposed to do.

However, what astonished Lin Fan was that, even though he wasn’t able to look behind him, he could still feel the movements that were happening. Moreover, the mysterious thing was that, even if he were to be shrouded by grass and trees, he would still be able to perceive everything as per usual.

It was strange. He wasn’t exactly sure what kind of trick this was.

It might be that his strength was too overpowering, so much so that it transcended humanity.

Standing at the same spot, he took a breath. The surrounding grasslands started rustling as if they were being moved by some force.

\*boom!\*

He jumped up.

A silhouette flew up into the sky.

“Wow! So high!” Lin Fan lowered his head and looked at everything beneath him. He didn’t dare to believe it. It was scientifically unexplainable. He was able to jump extremely high. In the distance, he was able to see structures.

He had become Superman.

With just this ability, if people were to see him doing it, it would be as if they saw a ghost.

When he reached it certain height, he no longer went up, but rather he started descending. Lin Fan was curious, so he took a step again.

\*boom!\*

\*boom!\*

There was a booming sound and it was as if the air shook whenever he took a step. It could be said that he was either walking in mid-air or that he was soaring in the sky.

With each step he took, he could bring his body forward some distance.

Increase in speed, a thorough increase in speed!

The frequency of his steps increased over time. The air around was vibrating vigorously. Lin Fan was enjoying himself. How magical was this? It was like he was able to run in the sky, leaving a trail of white smoke behind him.

He was really running in mid-air!

“There was one palm technique that required descending from the heavens.”

At this moment, Lin Fan decided to try it out. He flipped a few times in mid-air, then stretched out his arm, and with his palm fully spread out, he headed directly downwards to the ground.

He descended at an incredible speed. The sound of wind rushing in his ears.

When he was about to reach the ground, there was a muffled sound.

A vast amount of energy was projected from his palm. It hit the ground directly, causing the ground to shake. The soil began eroding, forming a giant palm print on the ground. But it didn't end there. The ground was still being pressed.

“It's amazingly strong! Am I still a human?” Lin Fan didn't dare to believe it. He didn't continue testing his powers. He turned slightly. His legs didn't find solid ground and he continued to stand in mid-air as if standing stably on the ground. Thereafter, he slowly descending.

“Ba Gua Zhang!”

Lin Fan shouted once, then moved his hands. The explosion noise was still resonating in his ears, but slowly, it faded away. What surprised him the most was that in the palm-shaped depression he was standing on, the shape of the eight-trigram had also appeared.

It was somewhat freakish!

Unbelievable!

Half an hour later, there was no movement in the area.

Only the palm-shaped depression in the ground was left behind.

Subsequently, when people walked past the area, they saw what had happened to the ground and decided to upload a photo of it, causing mini discussions over the Internet.

Some people said, “Which crazy idiot had nothing better to do and decided to dig a hole in the shape of an eight-trigram?”

Lin Fan had a primary understanding of his powers. It was strong and valiant. It was unmatched.

It was quick and had destructive powers. God would be God. Such powers were unexplainable using science.

Even those wuxia shows were uncomparable to him.

Could they run in mid-air?

Definitely not.

Could they cause blasts in the air, resulting in vigorous shaking?

Definitely not either.

At Cloud Street.

“Hey!” When Fraud Tian looked at Lin Fan, he became rich in emotion. “What did you eat today? This energy, this feeling...”

“What?” Lin Fan asked.

“Terrifying.” Fraud Tian stared at Lin Fan as if he just saw a ghost. He was the Ba Gua Zhang Master. He never realized that Lin Fan’s aura was so terrifying before, but looking at it today, it was simply shocking.

His perception skills were good. Previously, he knew that Lin Fan was strong, but today, it was a feeling that was far from before.

Normal people would not be able to feel it, however, he was able to.

It turned out to be terrifying.

Lin Fan laughed, “Fraud, it’s good that you know I’m terrifying. If you are ever presumptuous, then allow me to slap you once. I might be able to slap you out of the Milky Way.”

“Is that right? Stop boasting around.” Fraud Tian said spitefully. As per usual, he then proceeded to smoke a cigarette while looking out onto the street. He shook his head, “Sigh, curse this weather! It’s so cold. There’s nothing interesting to look at on the streets anymore.”

“Fool...” Lin Fan couldn’t help but shake his head.

Lin Fan then said, “You Lan, how was your window-shopping with Huan Yue yesterday?”

“It wasn’t fun.” Wu You Lan cutely said with a pout.

“Why is that so?”

Wu You Lan thought for awhile, “Huan Yue is now a major star. She dresses so fancily when we go out. I can’t play this or play that. There isn’t any point at all. I don’t see what’s the point of being a star at all. Being able to happily live a peaceful life is still the best.”

“Haha!” Lin Fan laughed. “Everyone has their own dreams. Huan Yue’s dream was to become a star. You Lan, didn’t Brother Lin say that you had to chase your own dreams as well?”

Wu You Lan replied, “I have a dream! And I’m chasing it.”

Lin Fan, “What dream? How are you chasing it?”

Wu You Lan laughed secretively, “I’m not telling you. I’ll tell you when I achieve it one day.”

Lin Fan smiled and nodded his head, “Sure.”

Wu Tian He was reading a book when he sniggered.

At this moment, Lin Fan's phone rang.

It was an unknown number.

"Hello? Who is this?"

"Godly Doctor Lin, how are you? This is Ma Mu Feng of Qingzhou."

Lin Fan was slightly astonished. He never expected that Ma Mu Feng would ever make the first move to call him. It's really shocking.

"Oh, it's Ma Qingzhou. What's the matter?"

"Godly doctor, I was thinking of asking you to help me treat my illness. Whatever your requests are, just raise it up, I'll fulfill them."

Lin Fan laughed, "Do you have the capability to fulfill any request?"

"Godly Doctor Lin, maybe you don't quite understand who I, Ma Qingzhou, is. If possible, you can come over to Qingzhou. I'll let you experience it." He was extremely confident in his conversation. Such confidence could be his downfall.

Lin Fan replied, "Okay, then I wouldn't put you in a spot. Since you said that you can fulfill any request, then I'll make one."

Ma Qingzhou couldn't help but laugh through the phone. On this planet, no one is able to reject him, especially when he had ultimate power.

"Sure, request away!"

"I want the sun." Lin Fan felt that he was extremely smart that he would think of such a joke.

“Are you trying to joke around with me?” Ma Qingzhou’s tone took a sudden turn. He sounded gloomy as if his heart was burning with rage.

Lin Fan spoke honestly, “Yes, you are smart. I’m trying to joke around with you. Sadly, there’s no reward. Same goes for you. And you still want me to help you treat your illness. How about you take a good look in the mirror and see what you’ve grown up to be like.” After which, he cut the call.

What was there to be scared of? He should be embarrassed.

“You...”

\*beep beep\*

The phone signal got cut off.

Ma Qingzhou of Qingzhou was thoroughly angry now. He threw his phone on to the ground and cursed.

“Go to hell!”

Chapter 620: Do not fear, just do it

“Brother Lin, who was that? Why do I feel that it isn’t someone good?” Wu You Lan brought tea over. Thereafter, she stood behind Lin Fan and gave him a shoulder massage.

Lin Fan laughed, “If you all know that it is someone bad, then it’s definitely someone bad. Ma Mu Feng of Qingzhou, also known as Ma Qingzhou, has requested me to treat his illness. How will that be possible? He has done so many bad things. If I were to help him, won’t it just cause more inconvenience to others? It’s better if I cut the call earlier.”

“Ma Qingzhou.” Wu Tian He was slightly distracted. Then, it seemed like he suddenly thought of something. “This person isn’t one to mess with. In Qingzhou, he has a certain status. He could take

both right and wrong. Back then, I helped an important figure to read his fortune, and I heard him say that they had originally intended to catch Ma Qingzhou in one swift operation, but there were people above who was protecting him.”

“It seems like his guy has some skill.” Lin Fan smiled as if he didn’t care at all. Previously, he didn’t care, but now, it seems that he doesn’t even want to bother himself.

However, he really wanted to test this Ma Qingzhou. Being someone of justice, whenever he met with injustice, it would only be natural that he would want to solve the matter. He didn’t have anything to do these days anyway, so messing with this guy won’t be that big of a deal.

You can’t say that this was looking for trouble when there isn’t one in the first place. As someone of justice, even if the problem had no connection with oneself, he or she should still solve the matter.

Wu Tian He nodded his head, “Yes, take care of yourself. It’s best you don’t leave Shanghai. This person is very influential in Qingzhou, but he can’t do much in Shanghai with that many pairs of eyes looking for him.”

Lin Fan replied, “Don’t worry. I can take care of myself.”

Wu You Lan blindly worshipped, “I don’t care anyways. All I know is that Brother Lin is awesome. This Ma Qingzhou wouldn’t stand a chance against him.”

Lin Fan patted Wu You Lan’s hand. He couldn’t help but laugh, “Only you are the smartest here.”

Zhao Zhongyang, despite being a famous live-streaming anchor, didn’t know what these two people were talking about.

“Elder Wu, we’re now living in a harmonious society. How can such radicals still exist?”

Wu Tian He shook his head, “Young Zhao, our society isn’t as simple as you think. There was a hierarchy in the past and so does the present. Ma Qingzhou isn’t the only person in Qingzhou. Let’s talk about somewhere further. In the entire country, except for Shanghai and the Capital, there are still many local tyrants. It is only that you have not experienced any of that, if not you would understand. It’s only that Ma Qingzhou contacting Master Lin is rather unexpected.”

“Enough, let’s not talk about it anymore. Who cares about whatever Ma he is. It has nothing to do with me.” Lin Fan said.

He switched on his phone. In the evening, he looked it up online,

He inputted “Ma Qingzhou”.

There was indeed much news about him. This news weren’t on the major websites, but rather, they were on the forums, as well as certain smaller websites.

The latest news was all at least a year old.

He didn’t believe that such a presumptuous person would not cause problems. He’s definitely suppressing the news.

After all, this b\*stard was called “Ma Qingzhou”. He must definitely be hiding in the shadows in Qingzhou. Not only would he have runners, but he would also have many supporters. There really isn’t anyone there that dares to make a report.

“The brutal demolition of Qingzhou’s old city, originally compensating 10,000 dollars per square meter, was forced by unscrupulous merchants to only 3,000 dollars.”

“Grief! Reports from somewhere away from the Capital says that many were brought back by the people of Ma Qingzhou overnight. After three months in the dark house, they suffered numerous beats.”

“Ma Qingzhou killed someone while drunk driving. To distort the truth, it was said that he was driving normally when the person ran onto the road. He paid money to resolve the matter.”

...

Just by searching these up, it had really shocked Lin Fan. He never expected that this person would be so evil, so much so that there was simply no law.

As for those suffering injustice in Qingzhou, they had no platform to extend for help. Even if they were to attempt to make a report, they would be kidnapped in the streets and would have to suffer torture.

All these information was found in the smaller sections of the Internet and did not appear on the media, resulting in it not being able to catch the attention of others.

At the same time, Ma Qingzhou also had other identities.

Qingzhou's Top Ten Outstanding Entrepreneurs.

Qingzhou's Top Ten Philanthropists.

Etc.

Looking at these achievements, Lin Fan couldn't help but laugh. Wasn't this rather humiliating?

Such a person like him was still able to have such titles? It's really a joke.

However, since things were already like that, he couldn't let the other party go. He hated Ma Qingzhou. If he did, would he be able to live up to the 'Good Citizen Award' that hung on his wall?

He opened Weibo.

Something big has happened.

Lin Fan: "Ma Mu Feng of Qingzhou, also known as Ma Qingzhou, is sick and therefore requires treatment. Being someone capable of healing others, no matter if rich or poor, the doctor in me would not just sit by and do nothing. However, from what I know, Ma Qingzhou is a bad person. He has a deep history and has done many bad deeds. He is supported by a group of supporters and has run rampage in Qingzhou. As a result, he has been immediately rejected by me. For anyone else that knows anything more, please leave a message."

When this Weibo was sent out, it caused an instantaneous burst of responses.

Wu Tian He scrolled through Weibo, and with an expression of shock, he looked at Lin Fan.

“Master Lin, you...” Wu Tian He didn’t know what to say. Normal people wouldn’t know who this Ma Qingzhou was. However, he must have known that he was definitely a cruel person. Right now, Master Lin was provoking the other party, which was as good as digging his own grave!

Lin Fan laughed out loud, “It’s nothing. I’m just making the first move. I want to see what Ma Qingzhou intends on doing.”

Wu Tian He shook his head. He didn’t know what else to say. He just took Lin Fan’s word for it.

At least, as long as he was in Shanghai, nothing would happen.

Weibo exploded with activity.

“D\*mn! Master Lin is back! How shocking!”

“Who is this Ma Qingzhou. He has such a big title. It’s rather intense.”

“Done many bad deeds. Has a long history. And has supporters. One look and you can tell this person is bad.”

“I stand by Master Lin’s point. If the other party is bad, then he definitely cannot help to treat his illness. Who knows how many others he can harm if his illness is treated.”

“I am someone from Qingzhou. This Ma Qingzhou is the local tyrant here. Even the officials here have to give way to him. It can even be said that there’s no law here. He has done many bad deeds but no one has dared to do anything!”

“A portion of my land was sold to him at a lower price because he sent men to torture me!”

“Something big happened in Qingzhou last time. This Ma Qingzhou beat someone to death in a company. The victim’s family members wanted to bring this matter up, but he immediately sent people to catch these people. We don’t even know what the situation is until today.”

“This person is corrupted as hell. Many influential people are working in collaboration with him.”

“When there was a campaign against illegal activities, many of them were shut down. Only his business continued to run. Who would believe that there isn’t suspicious going on here?”

“This Ma Qingzhou is so powerful. Wouldn’t Master Lin be afraid something might happen to him with him going head to head with this Ma Qingzhou?”

Lin Fan casually replied on Weibo, “Justice doesn’t rest when fighting against evil.”

Weibo exploded in activity again.

“666..., I’m satisfied.”

“This is the Master Lin I admire!”

“I’m going to write down everything I know to let you guys see how bad of a person is Ma Qingzhou is!”

Lin Fan was now a big shot on Weibo. He had many followers all over the country. With just one Weibo sent out, he immediately caused such a big influence.

However, many still did not know who this Ma Qingzhou was and had no choice but to check him up online. They could still gather information from the smaller websites.

The information on the smaller websites was put up to redress the injustice. They put up their own experiences up on the forums, hoping that someone would take notice of it.
