

Valiant Life 621

Chapter 621: I'm The Successor

Eastern Han Group.

Wang Ming Yang was currently in his office. He was choosing the next development project when his phone started vibrating. It wasn't a call, but rather it was a notification from Weibo.

He was following Lin Fan's Weibo, hence whenever there was a new discussion, he would automatically be notified. There were both as close as brothers, so he would definitely root for Lin Fan at moment's notice.

"Hehe, my old brother. What earth-shattering discussion did you post this time?" Wang Ming Yang was very curious. The moment he looked at this phone, he was immediately stunned.

Ma Qingzhou?

Why did my brother mess with Ma Qingzhou? The expression on his face slowly changed. He immediately called Lin Fan.

Wang Ming Yang said, "Brother, what are you doing? Why are you going head to head with Ma Qingzhou?"

Lin Fan was flabbergasted, "You know Ma Qingzhou as well?"

"What nonsense. I'll never forget this person in my lifetime." Wang Ming Yang wanted to bring up something that happened in the past, but his blood started to boil.

Lin Fan replied, "What happened? Did you two come across each other before?"

Wang Ming Yang furiously said, "This isn't as simple as just coming across each other. A few years back, I was at Qingzhou getting ready to develop a site. All the preparations had already been done. The only thing was that Ma Qingzhou also fancied this land and so, he just snatched it away from

me. It left me with no choice but to endure it and come back to Shanghai. That cost me a total of six million. I would remember it forever, never forgetting it!”

“F*ck!” Lin Fan was enraged. “That b*stard actually dared to bully you. Say no more. Originally, I only planned to contest him. However, now that I know that he also bullied my brother, I want him to kneel down and call me daddy, or else I would have let down the relationship between us!”

Wang Ming Yang hurriedly said, “Don’t! This guy isn’t someone to mess with. Forget it. Hurry up and delete the Weibo. You don’t want to be having nightmares.”

“No! What’s there to be afraid of. It’s only Ma Qingzhou. This isn’t the Wang Ming Yang that I know. Are you actually fearful of him? Don’t you worry. Take it that I’ve helped you get your revenge.”

He would never put Ma Qingzhou into his eyes. If he couldn’t destroy him with hatred, then he’ll just f*ck with him! He always had a plan.

However, they currently live in a peaceful society. Beating and killing people wasn’t right. However, if the other party was too presumptuous, he wouldn’t mind as well. He could always wear a mask and play the part of an assassin.

Just as Wang Ming Yang wanted to say something, a beeping sound came through the phone.

“Haiz!” Wang Ming Yang sighed. He was left helpless. This brother of his was good at everything, except that he was too stubborn. He wasn’t sure if he would suffer from it in future.

It wasn’t that he was scared of Ma Qingzhou, but rather, he didn’t want to piss off such a person.

At Qingzhou.

Ma Qingzhou was taking his medication. He knew the condition of his own body.

ring, ring

His phone rang.

Looking at the notification, Ma Qingzhou couldn't help but laugh. "Young Huang, what just happened again?"

Young Huang was the young master of a Qingzhou native family who ran riot in Qingzhou. Even though Ma Qingzhou didn't have many fears, with regards to these families, he still had to have a good relationship with them.

"Godfather Ma, did you know that your Weibo has been ridiculed by others?"

"What?" Ma Qingzhou was stunned. "What do you mean it's been ridiculed by others?"

Young Huang answered, "You can open Weibo and take a look at it yourself. It's by Shanghai's Master Lin. He's considered famous on Weibo."

Ma Qingzhou had some doubts, but he managed to reply calmly, "Thanks for informing me, Young Huang. I'll go take a look at it now."

He put down the call and immediately checked his Weibo.

Even though he didn't use Weibo often, having Weibo was still trendy.

When he saw Master Lin's Weibo, Ma Qingzhou's expression changed instantaneously.

"Seeking death?" He gritted his teeth and he flared up with murderous thoughts. He never thought that this b*stard would be so presumptuous.

smash

He threw an expensive ornament beside him onto the ground.

Liu Ren, who just came back from Shanghai, heard the noise coming from the room. He immediately rushed inside to take a look. He was shocked to see what has happened. He asked, "Godfather Ma, what happened to you? The doctor has warned you to not get angry."

Godfather Ma stared daggers at Liu Ren, "Take a look what this guy has said about me on Weibo."

Liu Ren didn't quite understand what he meant, but when he looked at Weibo, his expression changed as well. He was astonished and with a sharp voice, he exclaimed, "How dare he?"

He didn't think it through. Why would anyone dare to clamor with Godfather Ma? Furthermore, he even dared to comment on Godfather Ma online. This was complete madness.

If it were in Qingzhou, this guy would be kneeling in front of Godfather Ma within an hour.

However, this guy was in Shanghai.

Ma Qingzhou was absolutely fuming. "This b*stard is looking for death. Does he think that I, Ma Qingzhou, am easy to mess with?"

Liu Ren replied, "Godfather Ma, please keep calm and be patient. Don't get too worked up over this matter. You still require his assistance in treating your illness. Right now, the families in Qingzhou know of your illness and would take this opportunity to alienate us. Some businesses would also be taken care of by others."

As Godfather Ma's advisor, he is naturally smart. This matter would require Godfather Ma to hold his actions.

After all, he has to rely on the other party for his current medical condition.

"Hmph! This b*astards. When I was at my peak, they all relied on me to establish a livelihood for them. But now that they know my body is weak, they are slowly drifting apart. Things aren't as simple as that! As for that other punk. If he doesn't want to help me, he should have just left it like that. If I can't invite him here, then I'll just kidnap him here. I want to see what kind of abilities he has to reject my invitation. Give him a call! I'm gonna give him one last chance!"

He wasn't simply messing around in Qingzhou. The relationship network here was complicated. On the outside, he was the first in Qingzhou. However, in the underground black market, these families in Qingzhou were passed down from 2 or 3 generations ago and they had a large influence. But they still required Ma Qingzhou to deal with the situations in the underground black market.

Right now, he knew that his body wasn't in a good condition. So it wouldn't be easy even if he wanted to avoid the situation.

At Cloud Street.

Lin Fan looked at his Weibo. He didn't expect that sending out this Weibo would attract so many followers. Moreover, many of them were also discussing and writing down their own experiences.

If he were to gather them all, this Ma Qingzhou would have accumulated many evil consequences. His death wouldn't be enough to compensate for his evil deeds.

Just at this moment, there was a call from Ma Qingzhou.

Lin Fan had thought of not picking up the call, but looking at the situation, the other party must already know what's going on. He wanted to see what he had to say.

"Why are you calling again?" Lin Fan smiled.

It was Ma Qingzhou at the other end of the call. His tone was somewhat very serious. "Godly Doctor Lin, by doing what you're doing, you aren't putting me in your eyes."

Lin Fan replied, "Indeed! I really don't put you in my eyes. Why do you still ask when you already know the answer?"

"You..." Ma Qingzhou was furious. He didn't expect him to not follow the usual routine. Who was it that gave him such courage to speak to him like that.

Ma Qingzhou couldn't help but sigh, and with a nervous laughter, he asked, "Godly Doctor Lin, seeing you like this, you must have a very big supporter backing you. Who could it be?"

Lin Fan laughed out loud, "Haha! Telling you would just scare you to death! Listen properly. I'm the successor of a party. I'm backed by thousands of citizens. Someone as evil as you should just give up as early as possible. You should just reveal all your criminal activities out, or else there wouldn't be a very good ending."

“Are you f*cking joking with me?” Ma Qingzhou snarled. His face was red with rage because of Lin Fan. His breathing became more and more hurried.

“Yes, I’m trying to joke around with you. I originally wanted to play slowly with you. However, I didn’t expect you to bully my brother. This matter cannot be calculated as before anymore. I’m preparing to go Qingzhou. Are you ready to welcome me?” Lin Fan laughed.

Ma Qingzhou replied, “Okay, okay. Welcome! I, Ma Qingzhou, will be the host. I’ll forever let you remember Qingzhou and Ma Qingzhou!”

“Okay!”

beep beep

The phone call was cut.

Ma Qingzhou threw the phone onto the ground straight away. His eyes were filled with rage. He screamed, “I want him to kneel before me!”

Stunned, Liu Ren stood to one side. He knew Godfather Ma was thoroughly pissed off.

Qingzhou was about to be turned upside down.

Chapter 622: Let Me Show You

Inside the shop, everyone was dumbstruck. They just stared at Lin Fan.

Wu Tian He was astonished. His expression was one of worry. “Are you really going to Qingzhou?”

“Yes.” Lin Fan nodded. “In the beginning, I didn’t think of this. But since I have already thought of it, Qingzhou is somewhere I have to go.”

“Why?” Wu Tian He couldn’t understand why. Everything is well so why did he suddenly have the idea to go over to Qingzhou?

Lin Fan laughed, “There’s no particular reason. I just want to get an explanation from Wang Ming Yang and at the same time, get rid of that scoundrel.”

“What has this got to do with Wang Ming Yang?” Wu Tian He couldn’t comprehend the situation. Even Fraud Tian couldn’t understand what was going on. This was absolutely not thinking it through. Everything was fine so why did he have to go to Qingzhou? Moreover, under this circumstances, going to Qingzhou is as good as digging your own grave.

Even though his life wouldn’t be in danger, but he would definitely be tortured over there.

It would be like a sheep entering a tiger’s mouth. He wouldn’t be able to escape even if he wanted.

Lin Fan was all smiles. He had complete self-confidence. Even if he did not have the big classification knowledge of wuxia, he would still dare to confront Qingzhou. What more can be said now that he does have the big classification knowledge of wuxia? What would happen if he does go to Qingzhou?

Where on this Earth did he need to avoid?

Wu You Lan knew that it wouldn’t be safe in Qingzhou. “Brother Lin, can you not go? Don’t let all of us worry.”

“Relax. Nothing will happen. Nobody can harm me,” Lin Fan said with complete confidence in himself.

Fraud Tian said, “Don’t get too over-confident! The Ba Gua Zhang might be awesome but it isn’t invincible. Your personal safety can’t be guaranteed. Why not I follow you? At least there would be someone there to help you out.”

Lin Fan shook his head, “There’s no need. With your current abilities, I’m afraid you’ll just be a burden if you go. If anything were to happen to you, I’d still have to take care of you. How troublesome would that be?”

“F*ck!” Fraud Tian wasn’t happy. “Why do you make everything sound so horrible? What burden. I admit that I’m no match for you, but I once defeated many enemies in both rural and urban areas!”

“Enough! With your stature, you should just forget it! It seems that if I don’t put on a show for you guys, you all wouldn’t understand just what my capabilities are. Do you know what this is?” Lin Fan took it out and placed it on the table. It was a metal ball used in ornamental decoration. It was about the size of an apple.

“A metal ball,” Fraud Tian answered.

“Look closely.” Lin Fan raised his palm, and with a slight amount of force, something shocking happened. Five fingers were imprinted on the ball.

“What the f*ck!” Fraud Tian was flabbergasted. His gaze was one of shock and amazement. He looked as if he had just seen a ghost. He couldn’t believe what had just happened.

Thereafter, he quickly rushed over and took the ball into his hands. He forcefully pinched the ball. “F*ck! How did you do that? How is this humanly possible?”

Lin Fan looked extremely proud. “How’s that? Can you do it?”

Fraud Tian looked at Lin Fan. He grumbled, “D*mn you! How can you bully others like this? You’re not a human.”

Lin Fan burst out laughing, “What kind of bullsh*t are you talking about? Of course, I’m a human. I just can’t stop myself. Let me tell you, I’m a superman, don’t you know? So you all can just relax. With this skill, nobody will be able to hurt me. You all can put your mind to ease.”

At this moment, not only was Fraud Tian lost for words, so were Wu You Lan and the others.

They had not seen such a thing before. He used his hands to mold a metal ball. If they didn’t see this with their own eyes, they wouldn’t believe it for sure.

“This doesn’t make any sense.” Fraud Tian held up the metal ball. He looked at it left and right but didn’t find any tricks. How could someone’s hand be able to do such a thing? This wasn’t some kind of a magic trick, is it?

He had been practicing the Ba Gua Zhang for so long, so it wouldn’t be a problem to break a few bricks. However, it was about molding a metal ball here. He could try molding it for a lifetime but he still wouldn’t even be able to make a dent.

Lin Fan clapped his hands. He decided to just give the metal ball to Fraud Tian for him to check it out. He had already thought it through. He had to go to Qingzhou, and he had to make it a high-profile visit.

It was to let Ma Qingzhou know that he was going and to see what he was going to do about it.

“Okay, let’s continue. I have to refresh my Weibo. This Ma Qingzhou is really a bad person. I have to know more about him first.” Lin Fan began working hard.

Everyone shook their heads. They didn’t know what this was all for or why he had such drive to do so. They just didn’t understand.

At Nanshan Children’s Welfare Institute.

Even though he had to go Qingzhou, his everyday activities shouldn’t change. The Welfare Institute was still of top priority in his mind.

When he arrived at the Children’s Welfare Institute, Zhao Mingqing had already arrived. He had brought several books along. They were all children’s books, but they were all related to Chinese medicine. The basis of each story talked about how a small medical doctor helped to treat the illnesses of the poor but was met with problems. However, each time they would not give up and they worked hard to solve the problem. Finally, they would be rewarded with the praise of the patients.

If they were to read adult story books, it would be too dry and dull for them. It doesn’t have the attraction of a kid’s storybook.

“Teacher, the children love to read such books!” Zhao Mingqing smiled.

Lin Fan nodded his head. “Good! Not bad! Such interest should be cultivated from young. Let them read more of such stories. It would help them gain more knowledge.”

“Teacher, I saw the things you posted on Weibo. Is everything alright?” Zhao Mingqing asked worriedly.

“What can happen? Let’s not talk about such things. Let’s go see the children’s drawings. I don’t know how much these kids have been practicing,” Lin Fan said.

Not after long, the Chinese art class began.

This was currently the children’s only interest.

Lil fatty consumed the little intelligence pill before the others, and so he was smarter than the rest.

Even though Chinese art was hard work, some skills still required learning.

After consuming the little intelligence pill, these kids were able to pick up the necessary skills more easily. They even had the correct form of holding the brush. If only their hands weren’t too small, holding the brush would be more convenient, and it would really be amazing.

Lin Fan walked around the room. He didn’t stop nodding his head.

“Nice! Not bad, your drawing isn’t too bad!”

“Thank you for your praise, Uncle Lin!”

The children were very enthusiastic. There was a really big change as compared to before.

However, the only that gave Lin Fan a headache was that he had to find a way for the crippled to recover fully.

But with the current circumstances, it would be too challenging.

Prosthetics? There wasn't a great deal of use for it.

Artificial robotic limbs? It was impossible with the current scientific means.

Forget it. Let's not talk about that for now.

Lil Fatty brought his painting over, "Uncle Lin, look at my drawing! Is it nice?"

Lin Fan looked at it for awhile. He was momentarily stunned. "Wow! Lil Fatty! This is amazing! You actually know how to draw scenic mountains and water!"

Lil Fatty was proud of himself, "I saw this in a book and have remembered it since! Then I painted it myself!"

If there were someone here, he would definitely be amazed. This was impossible. How could such a young kid be so smart?

However, Lin Fan knew. This was the magic of the little intelligence pill. His memory was improved. This can be seen from Lil Fatty. It was most likely because of the photographic memory that had improved his memory.

Sometimes, Lin Fan would wonder why couldn't he just breed a herd of genius beasts.

It gave him a slight amount of excitement just thinking about it.

He had already earned the Encyclopaedic points from the children. The Chinese art already didn't give him any more Encyclopaedic points. However, the true motive of the Encyclopedia was to cultivate and bring up these children.

The next day.

When Lin Fan arrived at Cloud Street, the door was unexpectedly surrounded by a group of reporters.

“Hey! That’s strange. What are these reporters here for?” Lin Fan was doubtful. He didn’t know why these reporters had come for. Could it be because of the Ma Qingzhou matter? It shouldn’t be. Ma Qingzhou was only infamous in Qingzhou. These reporters shouldn’t be here because of him.

However, he didn’t want to care too much about it for now. He wanted to take a look at the situation first.

The townsfolk stood in front of his shop’s front door.

“Look! There are reporter’s here again. Our Little boss of Cloud Street is famous once again. Every once in awhile, there will be reporters that come here.”

“He’s that awesome?”

“Of course! Who are we talking about here? It’s the Little boss of Cloud Street!”

“However, Little boss didn’t do anything recently. What’s the meaning of these reporters coming here?”

“Little boss is here!”

When Lin Fan appeared in the line of sight of the crowd, the reporters’ eyes began glowing. They hurriedly rushed over to surround Lin Fan.

“Dear reporters, what are you all doing here?”

“Master Lin, regarding the discussion that you posted on Weibo yesterday, is it true? Did this Ma Qingzhou really do all those bad deeds?” the reporters asked.

“From our understanding, Ma Qingzhou is a distinguished entrepreneur from Qingzhou. But his name is actually Ma Mu Feng, so why is he called Ma Qingzhou?”

Sure enough!

The reporters have come because of that matter!

Being famous can actually be a sin as well. He’s rather famous on Weibo, so his every action and every word can attract much attention.

Just like the more famous stars. Their casual gossiping online can even get them on the hot trending list. Isn’t that just scary?

As for Lin Fan, his exposure of Ma Qingzhou this time was rather huge. His position in Qingzhou was quite high and hence the reporters would probably have heard of it as well. They, therefore, wanted to come and get a better understanding of the situation. They never know if this might be a big news or not.

Lin Fan said, “Everybody! If you have questions, please ask one by one. The pretty lady over here, you may ask first.”

The reporters had many questions. With all these questions, their skulls might just blow apart.

The pretty reporter asked, “Master Lin, according to your Weibo, you said that this Ma Qingzhou is looking for you to treat his illness. What makes you so sure that he’s a bad person?”

Lin Fan nodded while smiling, “This is a very good question. However, I don’t have to answer this question. You all can take a look the discussion on my Weibo. The huge crowd of people online would have said everything.”

Another reporter asked, “May I ask, why is he called Ma Qingzhou?”

Lin Fan replied, “This question is somewhat complicated. However, in order to be addressed as Ma Qingzhou, it definitely isn’t easy. He might be someone with great influence in Qingzhou, and hence the name.”

A reporter asked, “Master Lin! May I ask why you chose to believe what you read online? From what we know, Ma Mu Feng is one of the top ten entrepreneurs in Qingzhou and is also a charitable person. He shouldn’t be like what’s described him online, should he?”

Lin Fan laughed and waved his hand, “This matter isn’t whether or not it looks like it or not, but rather, whether you trust it or not. The bad person can tell you to your face that he’s not a bad person. In future, you all will know if he’s a bad person or not.”

...

The reporters continued to ask a lot of questions. They asked till they were all satisfied before leaving.

Another day passed.

This news spread like wildfire online. Many people were confused after reading the news. They didn’t know who this Ma Qingzhou was. He wasn’t a star, so why was he being exposed?

At Qingzhou.

“What is he trying to do?” Ma Qingzhou was thoroughly filled with rage. He was also somewhat in disbelief. He actually dared to say those words to the reporters.

“Qingzhou bully Ma Qingzhou. Influential?”

Ma Qingzhou was especially stunned when he saw such headlines. Which f*cking newspaper company wrote that? Were they trying to die?

In Qingzhou, no one dared to provoke Ma Qingzhou. But when the news came out, they were all shocked.

Ordinary people aren't able to come into contact with Ma Qingzhou like this, but they knew that Ma Qingzhou was very powerful in Qingzhou.

Some of the citizens who had been bullied by Ma Qingzhou before were very happy. They felt that his retribution was coming soon.

However, not after long, all the news online suddenly disappeared. It was as if it wasn't even there before.

In a random meeting area in Qingzhou.

A group of wealthy kids was gathered together, playing.

"Guys! Take a look! It seems that Godfather Ma has been ridiculed by someone!"

"Why do you say that?"

"Take a look online! Someone is messing with Godfather Ma. Just which troop is this Shanghai's Master Lin from? He has some guts."

"Oh! The news is gone. Looks like Godfather Ma has made his move to suppress all the news. It's unbelievable to see someone dare to mess with Godfather Ma. Should we put a bet?"

"How do you want to do it?"

"Let's bet on how long it takes before this fellow kneels before Godfather Ma. I'll bet one day."

"I'll bet two days!"

...

The kids all placed their bets. In Qingzhou, there wasn't anyone that didn't know who Godfather Ma was. Even for them, they didn't dare to be presumptuous in front of Godfather Ma.

Some families had properties that worthed millions of dollars. Some even had 100 million and above. However, they still didn't have the rights to even speak to Godfather Ma normally

At this moment, a young man sitting on an expensive chair said with disdain, "Ma Mufeng handles things to tyrannically! What society are we currently living in? Does he really think that he can rule us oppressively? Such things are inevitable. I've already heard some news that there are people who want to displace him but just couldn't find the opportunity."

"Right now, something has happened and it has been brought up online. Let's see how he does it."

The rest of the people shook their heads, "I don't necessarily think that he would be able to carry it out. Everyone knows the background of Godfather Ma. What's more is that he has a strong group of supporters backing him. It wouldn't be easy."

"That's what I think as well. However, Godfather Ma isn't in a good condition as of now. His influence is starting to weaken. The Huang family of Chengxi and the Ye family of Qingyuan District are intending on parting ways. Godfather Ma might not be able to do anything to stop them."

"Enough! Let's not talk about this anymore. It doesn't have anything much to do with us."

"Yes, yes. However, speaking seriously, others can't wait to avoid someone like Godfather Ma. This Shanghai person is really awesome. He actually dares to ridicule Godfather Ma online. These days, it's game over when it catches the eye of many online. For example, Liang Hao of the Liang family. All because of a girl, he knocked over her boyfriend in broad daylight and it was put online by passers-by. It caught the attention of many, and what happened in the end? The older generation didn't even want to protect him despite coming from a powerful family. He had no choice but to serve a jail term."

"Haha, here's something that you probably don't know. He was sentenced to ten years in jail. But from what I know, he is living comfortably in jail and would be released soon to fly overseas to hide."

"That's impossible."

"What do you mean by that's impossible? This is but a common occurrence in Qingzhou."

“F*ck!” Someone suddenly shouted, scaring the people around him.

“What’s wrong with you?”

“Go and take a look at Weibo! That Master Lin said that he wants to come to Qingzhou. Isn’t he just seeking death?”

Everyone was shocked. They hurriedly opened up their Weibo.

Lin Fan: Qingzhou, wait for me. Here I come!

The crowd was speechless.

“He’s basically like a goat entering a tiger’s mouth.”

Chapter 624: An Outburst Of Evil Intentions

The news that Lin Fan was coming to Qingzhou spread throughout Qingzhou almost instantaneously. Those who were following this matter felt rather apprehensive. He didn’t know if this guy had some sort of mental issue or not. First, he scolded Ma Qingzhou on Weibo, and now, he publicly announced that he was going to Qingzhou. Wasn’t that just suicide?

Qingzhou.

Liu Ren rushed into the room anxiously, “Godfather Ma! That b*stard has announced on Weibo that he’s coming to Qingzhou.”

Ma Qingzhou had already been pissed off by the other party. Right now, when he heard that he was coming to Qingzhou, he momentarily laughed out loud that this guy had the guts. “I want to see if he is able to safely and peacefully leave Qingzhou. Get to the airport now. Ask them to pay more attention. If there’s any news on that b*stard, inform me immediately.”

“Yes.” Liu Ren nodded.

Godfather Ma had a large influence in Qingzhou. If he wished to get information from the airport, it naturally wouldn't be a problem.

Shanghai.

At the airport.

Qingzhou was some distance away from Shanghai. Even if he were to take the plane, it would take at least 3 hours.

Ring ring

There was an incoming call.

The call was from Chief Qin. He didn't know what he wanted. There wasn't much in common between the two of them.

Lin Fan picked up the call, “Chief Qin, is something the matter? Did something happen?”

Chief Qin replied, “Master Lin, I heard that you are going to Qingzhou? I read on Weibo that you are having some problems with Ma Mu Feng? I'm afraid it isn't safe to go there.”

“Thank you so much for your concern, Chief Qin. However, there won't be anything wrong. I don't believe that he'd be able to do anything to me.” Lin Fan didn't expect that Chief Qin would call him out of concern. This is somewhat unbelievable.

Could it be that he knew Lin Fan was some kind of genius and wanted to establish a better relationship with him?

“Master Lin, our police department has some understanding on Ma Mu Feng. It is true that he does have a huge influence over in Qingzhou. If you do go over there, I'm afraid that it'd be too dangerous for you. Let me give you the phone number of the leader of the Qingzhou Police

Department. We were once comrades. If you are to be met with any danger, you can just call him up. He's trustworthy," Chief Qin said.

Lin Fan laughed, "Okay. Thanks for your concern, Chief Qin. You can relax. I know what I'm doing."

The two of them talked for a while before putting down the call. He still couldn't believe that Chief Qin would be concerned with him. Not before long, he received a message.

It was the phone number of Chen Chang Ping.

He saved the number just in case he needed it on his trip to Qingzhou. When facing such an evil tyrant, it was a must to have martial arts skills. However, he still had to rely on the police force to deal with the matter.

Not long after ending his call with Chief Qin, a call from Wang Ming Yang came in.

Immediately after picking the call, Wang Ming Yang's shouting, which can cause others to tremble in fear, could be heard.

"F*ck! What are you trying to do? How can you still dare to go to Qingzhou? Are you looking to die? Where are you now? Hurry up and get back here!" Wang Ming Yang was a little blind. Was his own brother trying to die? Is it very fun to provoke Ma Qingzhou? There would definitely be a tragic ending if he were to go unaccompanied.

"Why are you so anxious? Do you not trust me? It's only Ma Qingzhou, what can he do?" Lin Fan didn't expect such a huge reaction from Wang Ming Yang, but he was also somewhat impatient, "You can relax. Nothing would happen to me. I'll put down the call for now. I'm about to reach the airport."

"Hello, hello?" Just as Wang Ming Yang was about to say something, the busy tone could be heard.

"D*mn. Just what is he trying to do? Does he not know that it's dangerous?" Wang Ming Yang was rather anxious. However, he knew that whatever his brother said he would do, he would definitely carry it out.

However, whenever he thought about the horrors of Ma Qingzhou, he immediately thought of the dangers his brother would be in.

Even though he wouldn't lose his life, but he would definitely be taught a terrible lesson.

But what can he do now? He had already left. Saying anything now would be too late.

At the airport.

Lin Fan couldn't help but laugh. These people were just too gutless. They can actually be scared like this. It was merely just going to Qingzhou to meet Ma Qingzhou.

Right now, he just wanted to see what kind of a monster Ma Qingzhou is.

Not before long, the time had come.

He boarded the plane.

The airport security stared at Lin Fan for a moment. He was trying to recognize this man. Suddenly, his expression turned to one of joy. There was a certain shock in his voice. They couldn't believe it!

"Master Lin!"

Lin Fan smiled and nodded. He didn't think that he would be treated like a star, receiving the love from others.

The security trooper whispered, "Master Lin, are you really going to Qingzhou?"

They were all following him on Weibo. Anyone who followed Master Lin on Weibo would know what's going on.

Moreover, in the beginning, they didn't know who this Ma Qingzhou was. But after researching on him online, they found out that Ma Qingzhou was indeed very bad.

So much so that using the word 'bad' to describe him was an understatement.

Lin Fan nodded, "Yes, I'm going to Qingzhou."

The security trooper intentionally slowed down his inspection process just so he could speak a few more sentences to Master Lin. However, no matter how he delayed the time, there was only so much he could say.

"All the best!" the security trooper whispered.

Lin Fan nodded. At this moment, he felt that the burden on him was increased. He didn't know how many citizens were waiting for his arrival.

On the plane.

Lin Fan wasn't a celebrity. He was well-known in Shanghai, but outside of it, nobody recognized him. Even if they did hear about him before, they probably didn't know how he looked like.

At Qingzhou.

Ma Qingzhou already got the news that Lin Fan boarded the plane.

In an interesting and appealing tea room.

Ma Qingzhou sat there, with a middle-aged man opposite him. The two of them were talking about something.

"Godfather Ma, the Godly Doctor from Shanghai is coming to Qingzhou. What plans do you have in mind?" the man sipped from his teacup before putting it down and asking the question.

A flicker of anger could be seen in Ma Qingzhou's eyes, but it very quickly dissipated. Instead, he gave out a nervous laughter, "Of course it is to warmly welcome our honored guest!"

“I, too, want to meet this person. I’ve never seen such a crazy person before. We probably wouldn’t be able to do anything to him in Shanghai, but right now, he’s actually coming over to Qingzhou. It’s as if the newborn calf isn’t scared of the tigers. I’m not too sure if Qingzhou’s water levels would drown him,” the middle-aged man laughed. However, a wave of cold air could be seen from his laughing expression.

Ma Qingzhou joined in the nervous laughter. “I’m afraid he doesn’t know how deep the water is at Qingzhou. However, he still has some use. I need him to treat my illness. I can’t wait any longer!”

The man laughed, “Godfather Ma, what do you think of this plan. Right now, when he arrives in Qingzhou, we treat him well first. We would let him think highly of himself and allow him to treat your illness. Then at that moment, we shall...”

Ma Qingzhou had a gloomy expression, but there was momentarily a flash of killer intent in his eyes, “we shall force him to kneel down!”

The middle-aged man was shocked. He didn’t expect Godfather Ma’s killer intent to be so strong. At the same time, he was also getting the chills. He was actually joking together with Godfather Ma. If he were to offend Godfather Ma, his fate would end up the same as the b*stard.

Death without a reason and nobody would dare to question him.

Chapter 625: I Am Really Arrogant

At Qingzhou!

At the airport!

The airplane was gradually landing and Lin Fan smiled as he looked out of the window.

He was finally at Qingzhou.

However, the sky seemed a little dark. People that lived there must have been suffering.

As the righteous Lin Fan, he couldn't just watch them suffer. He had to stand up for them and create a harmonious environment.

The air stewardess announced, "We have arrived at Qingzhou Airport. Welcome to the beautiful Qingzhou. We hope you've had a pleasant flight."

Outside the airport.

Some luxurious cars were parked there and it attracted the attention of a lot of people. After all, there were quite a number of luxurious cars and perhaps they were welcoming an important guest.

However, when they saw the car plate number of the first car, they hid in fear.

Qing Q00000.

This car plate number belonged to Ma Qing Zhou. As long as one was from Qingzhou, he would definitely know who this car belonged to.

"Why is Ma Qing Zhou at the airport?"

"I don't know, let's go."

"Why isn't he arrested? He's still living such a luxurious life."

"You must be asking for it. If someone were to hear it, you'd be doomed."

"What? Can he kill me? We're living in a harmonious society now."

"Haha."

...

A group of men in black stood in two rows. They wore shades and looked fearsome.

Liu Ren stood in front of the car and bowed, “Godfather Ma, the person had alighted from the plane.

Ma Qing Zhou replied, “Ok, look out for him and inform me when he is found.”

“Roger.” Liu Ren nodded and looked out.

After a moment, a silhouette emerged at the entrance of the airport.

“The air in Qingzhou seems a little salty,” Lin Fan remarked as he took a deep breath.

He was a little nervous after arriving at a foreign city.

Suddenly, someone appeared in front of Lin Fan.

Lin Fan looked up and it was a middle-aged man. He looked a little domineering and the way he looked at him was abnormal.

“Welcome, welcome...” Ma Qing Zhou looked at Lin Fan and smiled. “How is it? Godly doctor, are you satisfied with the warm greetings?”

When he saw Lin Fan, Ma Qing Zhou didn’t expect the godly doctor to be a young. However, when he thought about how he scolded him on Weibo, he was furious. He even thought about making life difficult for him.

Perhaps that would feel better.

After all, Qingzhou was his territory and he didn’t believe that this fella could create an uprising against him here.

“Oh, you must be Ma Qing Zhou, right?” Lin Fan smirked. Then, he looked at him closely and said, “You don’t look too good. I think you’re going to die soon.”

“Sorry, I’m just so direct. If you don’t like it, you can choose not to listen to me.”

Indeed, after Lin Fan said that, Ma Qing Zhou’s face changed. However, he remained calm and smiled, “The godly doctor is indeed a godly doctor. You can tell the situation with just one look. I told the godly doctor that I, Ma Mu Feng will definitely give you a memorable welcome.”

Liu Ren added, “Godly doctor Lin, our Godfather Ma is a benevolent man. He doesn’t hold any grudges. Godfather Ma has already prepared everything for you. It’s just that we don’t know if the godly doctor will give us any face.”

As the right-hand man of Godfather Ma, he had to resolve things for him. Especially since Godly doctor Lin was just too overboard. Now that Godfather Ma required his help, he had to be nice to him. He needed Godly doctor Lin to treat his illness first.

Lin Fan chuckled, “Sorry, I’m not going to give you face.”

clatter!

Those bodyguards were expressionless but when they heard him say those words, they were stunned.

They had followed Godfather Ma for many years and they’ve seen a lot of different situations before. However, they’ve never seen someone who dared to speak to Godfather Ma with such disrespect in Qingzhou.

Those that were rude to him all suffered the same fate.

Ma Qing Zhou’s face changed and changed the way that he looked at Lin Fan. He looked vicious and fearsome.

“Haha, godly doctor, don’t you think you’re a little too arrogant?” Ma Qing Zhou glared at Lin Fan. Although he needed his help, he was still someone reputable and influential. Otherwise, why would people call him Ma Qing Zhou?

At Qingzhou, nobody dared to make things difficult for him.

His main purpose of coming to Qingzhou was to cause trouble for Ma Qing Zhou. Why would he bother to speak nicely to him?

“Arrogant?” Lin Fan chuckled. “You’re right. I’m just this arrogant. But what can you do to me?”

Liu Ren didn’t expect the godly doctor to be so arrogant. He even felt like he was there to cause trouble for Godfather Ma.

Of course, it was just a brief feeling. After all, he believed that nobody dared to cause trouble at Qingzhou, especially in front of Godfather Ma.

Perhaps this fella felt that he had a strong backing and dared to be so disrespectful towards Godfather Ma.

But what could they do about it?

He could only console himself.

In front of Godfather Ma, nothing was fearsome to him.

Ma Qing Zhou took a deep breath. He was furious. Then, he tried to lower his volume, “You’re asking for it, right?!”

Lin Fan replies, “Yeah, I’m asking for it. But can you even finish me?”

Ma Qing Zhou replied, “You...”

Some of the passers-by stopped in their tracks.

“D*mn, what’s happening? That person looks like Ma Qing Zhou. Who is that youngster? They seem to be arguing.”

“Really? How could that be? This is Qingzhou. Who even dared to mess with Ma Qing Zhou?”

“Who is Ma Qing Zhou?”

“Bro, are you a foreigner?”

“Yeah, I’m a tourist. Is this Ma Qing Zhou very powerful?”

The Qingzhou local shook his head. That fella was a foreigner and there was no point talking to him about it. To the locals, Ma Qing Zhou wasn’t just a powerful man. He was like the most powerful man there.

Lin Fan looked at the surroundings and sighed, “Qingzhou has a nice scenery and looks to be a decent place. I just arrived today and I don’t want to talk too much with you. I’m not afraid to tell you that I’m here today to mess with you. You want me to treat your illness? I think you should just forget about it.”

Ma Qing Zhou took a deep breath. If they weren’t in a public place, he might have finished this man off.

“Alright, that’s fine. I, Ma Mu Feng will play along with you. I want to see how long you can last for.”

“Let’s go.”

...

Ma Qing Zhou didn’t say any rubbish. He knew that he couldn’t possibly reach a negotiated agreement.

However, as long as he was in Qingzhou, he could play along with him slowly.

Chapter 626: Using His Wealth

Liu Ren said, “Godfather Ma, are we going to let him leave like that?”

He didn’t expect someone as arrogant as him to exist in this world. He never imagined that someone would act like this towards Godfather Ma.

“Haha, leave? Do you think that’s possible? We don’t have to rush this. Inform the subordinates to follow this man. Don’t let him leave.” Ma Qing Zhou wouldn’t let Lin Fan get into trouble. At least before he recovered from his illness, he wouldn’t let him be harmed.

Of course, he had to let this man treat his illness no matter what.

Liu Ren nodded, “Alright, don’t worry, Godfather Ma. I will definitely get people to look after him and not let him leave Qingzhou.”

“Okay,” Ma Qing Zhou nodded. Then, he entered the car and the chauffeur saw his fearsome expression through the front mirror. He was frightened by that. Those that knew Godfather Ma would’ve known the outcome if Godfather Ma was furious.

...

At the taxi stand.

Lin Fan stood there and waited for his cab. When he first saw Ma Qing Zhou, he had already looked at his fortune. He realized that this fella had a strong backbone and was destined for a life like this.

However, Ma Qing Zhou had committed a lot of sinful acts.

This type of people would’ve been described as someone to avoid at all costs in the ancient times. Even the ghosts would avoid someone like him.

“Young fella, do you need a cab?” A cab stopped in front of him and the driver asked.

Lin Fan quickly entered the car but he didn't know where he wanted to go.

The driver asked, “Young chap, where would you like to go?”

Lin Fan was a little lost, “Just drive me around. Oh, I want to look for a hotel.”

The driver smiled and drove off quickly. When he left, there was a luxurious car that followed behind him.

The driver asked, “Are you here to tour Qingzhou?”

Lin Fan nodded, “Yeah, I'm from Shanghai. Sir, how's Qingzhou?”

The taxi drivers spent most of their time in the car and perhaps 8 out of 10 drivers were talkative ones.

It was a topic that the driver was good at, “Qingzhou is a decent place. It has nice scenery and the people here are nice. There are a lot of scenic places which makes it a good place to travel to.”

Lin Fan chuckled, “Yeah, I was considering that before I came. When I left the airport, I saw a car that stopped outside. The car plate number was all 0. If it was like that in Shanghai, the person must have been an extremely powerful man.”

“All zeroes?” The driver was stunned. Then, he asked, “Young chap, are you referring to Qing Q00000?”

“Yeah, it was that one. You're a local, do you know who that car belongs to? That's impressive.” Lin Fan pretended to not know anything. He tried to look shocked.

The driver sighed, “I know. It's just that you're not a local from Qingzhou and that's why you don't know who that belongs to. As long as one was here for some time, he would know who this car belongs to. Have you heard of Ma Mu Feng? People call him Ma Qing Zhou.”

“Ma Mu Feng, I know who he is. I remember watching him on the news. He is an impressive entrepreneur from Qingzhou and is a philanthropist,” Lin Fan pretended to be in awe.

The driver sneered, “You wouldn’t know if you’re not a local. Ma Mu Feng is a vicious man. He resolved a lot of things through violence. You should ask about him in the countryside. At least 6 out of 10 families have been bullied by him.”

“How could that be?” Lin Fan was stunned. “Can someone like him still exist in the current society? Why didn’t the government do anything to him?”

“Haha,” the driver smiled disdainfully. “Do anything to him? It’d be considered to be a good thing for them not to be in partnership. Alright, forget it. If I talk too much, I’ll be in trouble.”

He looked at the driver’s expression and it was obvious that he was afraid of Ma Qing Zhou. He didn’t even dare to talk about it.

“Young chap, what do you think of this place? This is Seven Days Inn and it just got renovated. The interior is decent and the price is good,” the driver brought Lin Fan to a hotel after driving him around the scenic infrastructures.

Lin Fan looked at the building at it looked to be newly renovated. “Thank you, driver.”

He paid and left the car.

When Lin Fan entered the hotel, the people that followed him behind wound the windows down and someone took out their phone.

“Brother Liu, he has entered Seven Days Inn.”

“Okay, look after him. Inform me whenever he moves around.”

“Okay.”

...

At a certain place.

Liu Ren looked at Ma Qing Zhou respectfully, “Godfather Ma, the target has entered Seven Days Inn.”

Ma Qing Zhou sneered, “This fella didn’t want to give me any face. What do you think we should do?”

Liu Ren thought for a moment, “Godfather Ma, your health is of utmost importance now. Even if he is like that, we can’t do anything to him. The most important thing is to let you be treated by him.”

“That’s true,” Ma Qing Zhou nodded. “D*mn it, if not for that, could he have left my sight without feeling my wrath?”

“Go, help me do something. Let people bring \$10 million to him and ask him what he wants to do. If he wants money, give it to him. I want to see if he can still survive and return home with the money.”

Liu Ren nodded, “Okay, I will do it right away.”

...

In the hotel.

Lin Fan lied down on the bed. He was frustrated. He didn’t know what to do to deal with this Ma Qing Zhou.

He had a few hundred ways to deal with him but he didn’t know which one would feel the best.

He didn’t want to think too much about it and he opened up Weibo.

Lin Fan said, “I’m already in Qingzhou, I am staying at a new hotel called Seven Days Inn. It is decent and well-priced. Furthermore, I met with Ma Qing Zhou and he didn’t seem decent at all.”

Weibo instantly went wild.

“D*mn, congratulations to Master Lin for arriving in Qingzhou.”

“That’s impressive.”

“Why do I feel like this Ma Qing Zhou is going to be doomed? How could he survive after Master Lin decides to go against him?”

“I feel a little worried for Master Lin. You guys don’t know how tyrannic Ma Qing Zhou is.”

“Hmph, you sound as if Master Lin is a pushover. He should be the one that is afraid of Master Lin.”

...

The next day!

It was his first day in Qingzhou and he didn’t know what to do. However, he wanted to have a good rest.

He went downstairs to have his meal.

Just when Lin Fan was enjoying his meal, a man appeared in front of him.

Liu Ren said politely, “Hi, Godly doctor Lin.”

There were a few tall and muscular men behind Liu Ren. Each of them was carrying a black suitcase.

Lin Fan stopped and looked up. He smiled, “You must be sent here by Ma Qing Zhou.”

Liu Ren smiled, “Godly doctor Lin, I am Godfather Ma’s secretary. I came here as Godfather Ma requested for me to come and give you a present. I hope you’ll like it.”

Then, he moved his fingers and the men behind him opened up the suitcases instantly.

Then, the red banknotes could be seen by everyone in the public.

The other diners were stunned when they saw this scene.

“D*mn, that is so much money.”

“What do these people want?”

...

Lin Fan chuckled. He didn’t expect Ma Qing Zhou to not give up on it. He knew that he was there to cause trouble for him but he still wanted to negotiate terms with him.

Furthermore, this welcome gift was one of a kind.

He seemed really generous with the gift.

Chapter 627: I Have To Take Him Down

Liu Ren smiled and looked at Lin Fan. He believed that only a handful of people would reject the temptation of money.

The person before him was a godly doctor but he was still human after all. If \$10 million wasn’t enough, they were going to offer him \$1 billion.

The money was nothing compared to Godfather Ma's health.

Furthermore, he knew Godfather Ma's purpose for doing that. If the godly doctor wanted money, he would give it to him no matter what. However, when he had fully recovered, he would see if the godly doctor was able to keep the money with him before he finished him off.

Lin Fan smiled and touched the notes in the suitcases. "Money is a good thing."

After hearing that, Liu Ren smiled. "Godly doctor Lin, this is just a welcome gift. If you can heal Godfather Ma's illness, there will be another big gift. At the same time, you will be able to receive his gratitude."

To many people, it was an honor to receive Godfather Ma's gratitude.

This favor would definitely let the person become a powerful individual in Qingzhou. If he/she were to report Godfather Ma's name, everyone would have to show them some face.

"Too little." Lin Fan touched the notes for a little while longer. Then, he just couldn't be bothered by it. He looked at Liu Ren and said, "It's too little."

Liu Ren was stunned but he continued smiling. At least he knew that Godly doctor Lin still loved money after all.

Then, Liu Ren chuckled, "Godly doctor, don't worry. This \$10 million is just a welcome gift. It's naturally quite little. As compared to Godfather Ma's health, this is just peanuts to him. You can rest assured that as long as Godfather Ma's illness is treated, he will definitely satisfy your monetary needs."

"Oh, right, Godfather Ma said that he would like to host a welcoming reception for you. I will be here to fetch you personally," Liu Ren said.

Lin Fan looked at him, "It's okay. Just tell me where it is."

Liu Ren didn't say anything else. Since he had a favor to ask of Lin Fan, he had to agree to his requests.

“Godly doctor, it’s at Yun Villa. We will be welcoming you,” Liu Ren said. “I won’t disturb you further. We will leave now.”

Lin Fan replied, “Okay. Bring the money away.”

Liu Ren was stunned. It was as if he hadn’t reacted. “Godly doctor, what do you mean by that?”

“It’s too little. Just bring it away. I will tell Ma Qing Zhou how much he should be paying me tomorrow,” Lin Fan answered.

“That...” Liu Ren didn’t expect the godly doctor to be so greedy for thinking that the \$10 million welcome gift was too little. But he still smiled, “Alright, I will tell Godfather Ma that.”

When Liu Ren left, Lin Fan chuckled. Why would he only request for \$10 million?

However, it was okay. He was going to tell Ma Qing Zhou what he wanted the next day.

Then, Lin Fan continued to have his meal but the other diners looked at him in shock. They were a little scared of him.

Some people were in disbelief.

Those banknotes in the suitcases were mindblowing.

Outside!

Liu Ren wanted to quickly tell Godfather Ma about it. The godly doctor loved money indeed and he was a greedy man.

He called Godfather Ma.

“Godfather Ma, I just met that fella. What you said was true. Nobody would say no to money.”

Ma Qing Zhou chuckled, “Did he accept it? What did he say?”

Liu Ren said, “Godfather Ma, he didn’t accept it. He felt that it was too little. However, he agreed to attend the reception tomorrow night. Also, he said he would negotiate a price with you tomorrow.”

“Haha!” Ma Qing Zhou laughed. “That’s good. He’s indeed a cunning chap. Let’s see if he can even be alive at the end of it.”

To Ma Qing Zhou, the best scenario was to be fully treated by him. That was the best outcome. As for money, it had to depend if Lin Fan was able to remain alive to collect it.

If he was polite and courteous to him at the start, he would probably have given him some money after healing his illness. Furthermore, he might even remember this favor from him. However, he felt that he didn’t deserve it.

He would disappear from existence after this incident.

...

After leaving the hotel, Lin Fan was prepared to walk around the place.

Ding ding!

Then, the phone rang.

“F*ck, Ming Yang, what are you trying to do? I keep receiving calls from you.” Lin Fan was helpless; he had received at least ten calls from Wang Ming Yang after arriving at Qingzhou.

Wang Ming Yang said, “I’m not afraid of you being in trouble. What are you thinking about? You actually dared to go to such a dangerous place. Ma Qing Zhou dares to kill people.”

“I know, I know. Don’t worry. I will be back soon. I’ll be in Shanghai by the day after tomorrow,” Lin Fan said.

Wang Ming Yang was a little relieved. “Alright, come back soon. Remember, don’t go directly against Ma Qing Zhou. You don’t even have anyone to take care of you in Qingzhou. It’s extremely dangerous.”

Lin Fan replied, “Alright, don’t worry. What could happen to me? Wait for me to come back.”

After hanging up, Lin Fan felt a little helpless.

Wang Ming Yang was a good friend but he talked too much.

The next day!

At night.

Lin Fan left the hotel and hailed a cab.

“Driver, please send me to Yun Villa,” Lin Fan said.

Then, the driver was stunned. He looked at Lin Fan and asked, “You’re heading to Yun Villa?”

He seemed to be in disbelief. It was as if he didn’t believe that Lin Fan was heading there.

“Yeah, I’m going to Yun Villa. What’s wrong?” Lin Fan asked.

The driver replied, “Nothing much, I just wanted to confirm it.”

Lin Fan was still thinking to himself. He didn’t know what the driver meant. However, when he was reaching Yun Villa, he understood why.

It wasn’t because there was a problem with him. It was just that Yun Villa seemed like a terrific place.

One glance at the place and every car that was parked outside were luxurious cars. His rented cab looked a little unique.

“Driver, what’s the history of Yun Villa?” Lin Fan asked curiously.

The driver sighed, “Yun Villa is the grandest place in Qingzhou. There is everything here. People who come here are filthy rich. A cab driver like me can’t even afford a night here with my annual salary.”

“Oh...” Lin Fan nodded. It looked like this place was filled with people leading a befuddled existence and that Ma Qing Zhou wanted him to see how things were like among the richest people there.

However, he just didn’t know if he could last the night.

At the entrance.

Lin Fan paid and left the car.

The driver looked at Lin Fan and thought to himself. He wondered why Lin Fan was there for.

This wasn’t a place which normal citizens like him could go.

Lin Fan stood at the entrance and looked around. He didn’t know where to go.

“Godly doctor.” Then, Liu Ren walked over from a distance away. He had been waiting for some time. When he saw the godly doctor, he immediately walked over.

Lin Fan looked calm, “Is Ma Qing Zhou inside?”

Liu Ren chuckled, “Yes. Godfather Ma has been inside for some time. Some of the big shots of Qingzhou are inside too. They would like to meet you.”

Lin Fan chuckled at the thought of people wanting to meet him. He wondered if it would traumatize him.

He had to arrest Ma Qing Zhou tonight. He wasn't bothered by the support that Ma Qing Zhou had. He just had to do what he needed to do.

Chapter 628: Righteous Fan Has Entered An Evil Place

Yun Villa was built in the year 2005. Although it didn't have a long history, it was considered to be the grandest and luxurious place in Qingzhou.

Godfather Ma had a passport for the Yun Villa and he naturally brought a lot of guests with him. Regardless of whether the guests were there just for a good time or if they were there to improve their relationship with Godfather Ma, there were a lot of people.

There were at least a million people there enjoying the service as if they were kings.

Lin Fan followed behind Liu Ren and looked around. He realized that the people working in the Villa were extraordinary.

The females could be considered to be people's goddesses. The males were tall and muscular. They were extremely good-looking as well.

"D*mn, they really know how to enjoy themselves." Lin Fan thought to himself. Whoever that came here probably didn't bear to leave. Ma Qing Zhou was so powerful and his money was all from illegal means. If he didn't earn it via illegal means, he wouldn't have been able to come here to enjoy himself.

"Are we there yet?" Lin Fan asked with a frustrated tone. They walked for quite some time and they had been winding around places but they hadn't reached the place yet.

Liu Ren smiled, “We will be reaching soon. Godly doctor, don’t be anxious. We have been waiting for your arrival. Godfather Ma used the biggest and most grand room for your reception.”

“Haha!” He bragged too much. If not for his disciple being a pro at bragging, he probably would be in the clouds now from all the compliments.

...

At Shui Xi Pavilion of Yun Villa.

It was the grandest pavilion of Yun Villa.

Countless guests were talking among themselves. If a normal average citizen were to see this sight, they would probably be shocked.

Everyone there was from Qingzhou and they were extraordinary. They were powerful big shots.

There was a good-looking man who caught the eye of a lot of wealthy ladies.

He was one of the most famous actors in the country. Although he wasn’t exactly a good actor, he was handsome. A lot of the wealthy females were attracted to him.

It wasn’t a ceremony that could be attended by anyone. They had to be approved by Godfather Ma before being granted entry.

He was the actor that Godfather Ma spent money to train and he proved to be a good money making machine for Godfather Ma.

Although he was famous enough to expand his business on his own, he was afraid of Godfather Ma’s rage. Hence, he still loyally served him.

“Are we inviting the godly doctor for tonight’s ceremony?”

“Yeah. Everyone knows Godfather Ma’s situation. Only that godly doctor can heal Godfather Ma.”

“However, didn’t the godly doctor create trouble for Godfather Ma on Weibo? Why did he dare to come to Qingzhou? Did he resolve the conflict with Godfather Ma already?”

“I don’t know but I don’t think so. How could he withstand the might of Godfather Ma? What can a godly doctor do? He has so powerful medical skills and he has to make use of his skills to make money.”

“That is true.”

In the room.

A group of people was sitting there.

The people there were big shots that controlled most of the finances in Qingzhou.

“Congratulations, Godfather Ma for inviting the godly doctor here. Looks like your illness will be resolved,” said the leader of Qingzhou’s Green Industrial Park.”

He was of the same status as Godfather Ma. However, he was not as ruthless as him. However, if not for Godfather Ma’s strong backing, his family would definitely be able to kick him out of Qingzhou with their power.”

During Godfather Ma’s illness, they had already planned to take over the territories. If Godfather Ma were to pass away, the territories would have to be newly allocated and it would have to depend on their capabilities.

However, the situation had changed since Godfather Ma managed to get the godly doctor over.

Ma Qing Zhou looked at everyone and smiled. “Everyone, I heard that you guys want to sever all ties with me after knowing that I’m sick. I wonder if it is true.”

Wang Shan He answered, “How could that be? We have been working with Godfather Ma for so many years. How could we sever ties with you? I wonder which family spread that rumor. If I were to find out, I would definitely make them pay a price.”

“That’s right. That’s impossible.”

“Godfather Ma, don’t worry. Our relationship isn’t so easily broken. I just wonder when the godly doctor will arrive. He must be really powerful for all of us to be waiting for him.”

Ma Qing Zhou smiled, “That’s good. The godly doctor is at Yun Villa already. He is on the way here.”

“Haha, I heard that the godly doctor’s medical skills are incredible. I really want to see how powerful he is.”

Ma Qing Zhou said, “That would depend on whether he is an honest man. I, Ma Qing Zhou, am a benevolent man. I didn’t do anything to him for scolding me on Weibo. I just want to see if he knows his status today.”

The crowd started to talk among themselves after hearing what he said.

Godfather Ma was clear with his words. He was still in conflict with the godly doctor. However, since the godly doctor was in Yun Villa, his life was in the hands of Ma Qing Zhou.

His survival depended on whether he knew how to be polite and courteous.

They had been working with Godfather Ma for so long and they knew what Ma Qing Zhou was like as a person.

Regardless of how many favors he owed you, if you don’t know how to behave yourself in front of him, you will suffer a tragic fate.

The least he would do is to beat someone up and throw the person out of Qingzhou. The worst he could do was to keep the person in Qingzhou and make life a living hell.

Then, the atmosphere was a little tense. Everyone looked at each other in confusion. This ceremony was set up with the aim of murdering a guest.

They had to see what was the decision made during the ceremony.

“He is here. The godly doctor is here. Go and welcome him. After all, he is the godly doctor,” Ma Qing Zhou said with exaggeration as if the godly doctor was extraordinary.

However, he knew that Ma Qing Zhou was just taunting him.

...

Outside.

As Liu Ren was bringing him in, everyone made way for them.

The crowd looked at the people that were walking in.

“Hey, who is that young chap beside Brother Liu?”

“I don’t know. He must be incredible to be led by Brother Liu personally.”

Those that were there were familiar with Liu Ren. He was the most well-known right-hand man of Godfather Ma.

Besides Godfather Ma, Liu Ren was the second most powerful individual there. Sometimes, Godfather Ma would even listen to Liu Ren’s words and think about his decisions.

They believed that it was considered to be scary.

Liu Ren stopped there and turned around, “Godly doctor, please.” Then, he pushed the door open.

There was a beam of light that emitted from the door and it was getting brighter.

To others, it was a dazzling sight.

However, to Lin Fan, he felt a sense of evil from this light.

It was as if he was entering a world of evil.

He had to be steady about it.

When he entered the door, a lot of people that were in the room looked at him.

The crowd stood up as they looked at the door.

I am coming, evil.

I am Justice Fan and I am here to meet all of you.

Chapter 629: You Must Be Trying To Appease A Beggar

The interior was extremely grand. There were a lot of notable people in there and they were really powerful in Qingzhou.

Then, Lin Fan entered and everyone looked at him.

“He is the godly doctor?”

“He is exactly the same as the one on Weibo, he is so young.”

“Godfather Ma’s life is dependent on him.”

“No, I believe it’s the other way around. His life is in Godfather Ma’s hand.”

“Haha, this is Qingzhou. If he didn’t come, he’d probably be fine. Now that he is in Qingzhou, does he even have any say here?”

“Hey, if I was this powerful, I would definitely be nice to Godfather Ma. Then, I would be able to be successful in Qingzhou. Who else would dare to infuriate me?”

“Shhh. Be quiet. If the godly doctor became good friends with Godfather Ma, we can also interact with the godly doctor. After all, everyone would fall sick in the future. It is like a form of insurance to know a godly doctor.”

“Yes, that’s true.”

...

Liu Ren said, “Godly doctor, please. Godfather Ma had been waiting for you.”

“Haha!” Then, Ma Qing Zhou walked over from a distance. He walked quickly and proudly. He really looked like a big shot.

“I had been observing the moon and the stars. The godly doctor is finally here.” Ma Qing Zhou acted pretty well in front of everyone. He smiled and stretched out his hand to shake his hand. Things didn’t go too well the first time they met each other. The second time naturally was a new beginning.

After all, the godly doctor was someone that loved money and he managed to find his weakness.

The love of money was a fatal weakness.

He lacked nothing but money in Qingzhou. He could give him as much as he wanted. The entire Qingzhou was like a goldmine to him.

Lin Fan didn’t even think of shaking Ma Qing Zhou’s hand.

Then, the atmosphere got really tense.

The crowd was stunned at what was happening.

Godfather Ma initiated a handshake with him and he actually rejected him. It looked a little embarrassing. They've never seen such an occurrence before.

"It's okay, I'm not going to shake your hand. I only shake hands with friends. As for you... you're not qualified to be my friend," Lin Fan said calmly. He didn't even notice how upset Ma Qing Zhou looked.

"You..." Ma Qing Zhou had never felt so humiliated before. He was furious and he wanted to kill him but he had to control himself.

The guests were stunned.

"D*mn! Is this guy trying to get himself killed?"

"If I didn't see this with my own eyes, I wouldn't have believed it. Someone actually dared to speak like that to Godfather Ma. That's so cocky."

"It is finished. This man is dead. Everyone knows how Godfather Ma is like."

"Even if this fella treats Godfather Ma's illness, he probably would suffer a tragic fate."

Wang Shan He and the others were standing beside Godfather Ma and when they heard this fella say those words, they were stunned. Then, they looked at Lin Fan again.

He was absolutely calm.

They could feel his calmness just by looking at him. They wondered why this man could afford to be so calm.

Was it because Godfather Ma's illness could only be treated by him?

If it was the case, that would be insufficient to justify his calmness. When Godfather Ma fully recovered, this fella would be of no value anymore.

They mustn't become friends with him.

He was dumb and even if there was a way to revive them from the dead, they didn't want to befriend him. They'll never know what this person will get himself into or what trouble he would cause tonight. They might even be dragged into it.

Then, Godfather Ma smiled as if he wasn't bothered at all. "You are the godly doctor indeed. You have a strong backbone. I am impressed. Come, have a seat inside."

He didn't want to talk to this fella anymore. He just wanted to be treated by him. The first thing he wanted to do was to make this fella kneel before him and pay the price for saying those things.

The guests gradually settled down and took their seats.

Although the guests were talking among themselves, they glanced at Godfather Ma occasionally.

They didn't know what was going to happen.

Ma Qing Zhou said, "Godly doctor, look, how is it?"

Lin Fan sneered, "It's just corruption."

When Wang Shan He and the others heard what he said, they were furious. Was this guy trying to create trouble? Was he dumb? How could he say such a thing in an event like this?

Those with a brain would have known what the purpose of the ceremony was.

However, there was another possibility. Perhaps this fella was trying to get on Godfather Ma's nerves.

If that was the case, things would be terrible. Some of them were even looking forward to it.

Ma Qing Zhou's fingers were trembling. He was furious at Lin Fan. However, it wasn't the appropriate time to rage. He forced a smile, "It doesn't matter if it is because of corruption, the people in the organization are all talented professionals..."

"I think they're just parasite," Lin Fan interrupted.

Clatter!

Ma Qing Zhou stood up forcefully and glared at Lin Fan. Then, he said, "Godly doctor, please watch your words."

"Haha!" Lin Fan sneered. His sneer seemed to be asking him to f*ck off.

Wang Shan He had never seen such an arrogant man before. He asked, "Where is the godly doctor from? He is an interesting man."

"I am from Zhongzhou. I don't know if I am an interesting man or not. Do you know who I am? I have a backing that none of you can afford to mess with," Lin Fan said confidently.

That was terrifying!

It was really terrifying.

Wang Shan He was absolutely stunned by what Lin Fan said.

He had a backing indeed and he was someone that they couldn't afford to infuriate.

But who could that be?

Could it be a regional general or something?

If that was the case, they really couldn't afford to mess with him.

Even Godfather Ma's backing couldn't afford to infuriate him.

"May I know who it is?" Wang Shan He was a little nervous. Then, he drank a small sip of tea from the tea cup.

Lin Fan said, "I am the successor of a party and the crowd is my backing. Can you afford to infuriate me?"

spurt

Wang Shan He spat out the tea that he just drank. He was absolutely stunned. Was he a crazy man?

Initially, he thought that he was referring to a powerful individual but he didn't expect to be pranked.

The other big shots were also stunned. How could anyone with a brain say such a stupid remark?

"Godly doctor, you really like to joke," Wang Shan He chuckled. He finally understood that this godly doctor was a crazy man.

Lin Fan shook his head, "I'm joking? I've never joked about these things before."

"That's enough!" Ma Qing Zhou couldn't take it anymore. "Godly doctor, just tell me how much money you want for you to treat my disease."

Wang Shan He didn't say anything else. They just needed to listen to the outcome of Godfather Ma's discussion.

Lin Fan raised his fingers.

Ma Qing Zhou looked at him, "Godly doctor, you're really not shy about it. \$60 million? Fine, I'll give it to you."

Lin Fan smiled and looked at him. “What did you say? You must be a poor beggar.”

Chapter 630: 1 Billion Dollars

When Ma Qing Zhou heard that, his face changed. \$60 million wasn't enough and he said that he was a poor beggar. He was really asking for it.

Then, Ma Qing Zhou's tone changed. “Godly doctor, are you referring to \$600 million instead?”

Lin Fan smiled, “That's right. You're smart. I meant \$600 million.”

What?

Everyone in the room was stunned.

He was really trying to rip him off.

Even if all the people there combined their net worth, they'd probably not even reach \$600 million.

Wang Shan He and the others looked at Lin Fan and felt that he was mentally unsound for requesting \$600 million. Was he really trying to get himself killed?

Lin Fan looked at Ma Qing Zhou's furious expressions and smiled, “What's wrong? Master Ma, is your life not even worth \$600 million?”

“Let me tell you this. You won't be able to sustain for long. If I don't treat your illness, you'll probably only live for three more months. Furthermore, don't even think about getting another person. Besides me, nobody else can heal your illness.”

Three months?

Wang Shan He and the others looked at each other. They finally knew useful information.

If Ma Qing Zhou didn't get himself treated, he would only have three months to live. Furthermore, these three months would pass really quickly.

Ma Qing Zhou looked worried. He didn't want to die in three months. He had so much to do.

Then, he looked at the others and thought that perhaps the others would want him to only live for three months.

However, \$600 million was way too much.

"Godly doctor, \$600 million isn't a lot but it definitely isn't a small amount. I admire you a lot," Ma Qing Zhou said it forcefully. Even if he gave him \$600 million, he had to be able to survive to spend it.

Lin Fan replied, "Master Ma, you don't have to admire me. I am only helping my friend to get what he deserves. Furthermore, the money doesn't belong to you and you'll definitely not feel secure having it."

"What do you mean?" Ma Qing Zhou looked at Lin Fan and didn't understand what he was talking about.

Lin Fan replied, "Do you remember Wang Ming Yang?"

Then, Ma Qing Zhou hesitated for a moment. Wang Ming Yang was involved in some investments in Qingzhou but he infuriated him and Master Ma snatched the land over from him.

The matter was blown up but Wang Ming Yang was a foreigner and even if he was a dragon or tiger, he would have to crawl in Qingzhou.

He didn't expect the godly doctor to be Wang Ming Yang's friend and that he was there to take the money from him.

Then, he understood why the godly doctor decided to come to Qingzhou.

After considering for a moment.

He finally had an idea. He was going to pay \$600 million but it was only a temporary arrangement.

When he recovered fully, he would capture Lin Fan and call Wang Ming Yang to ask for the money back.

After thinking about it, Ma Qing Zhou smiled.

“Alright, I’ll give you \$600 million,” Ma Qing Zhou said.

Wang Shan He and the others were dumbfounded when they heard that Master Ma was going to pay \$600 million. They were in utter disbelief that he actually agreed to his crazy request. However, when they thought about how Master Ma only had three months to live, they knew that he was willing to pay whatever amount he wanted.

“Oh, right, the \$600 million was based on the past. Now, you must have earned a lot from that plot of land. I won’t let my friend be at a disadvantage. However, it won’t be a lot. I’ll just charge you \$1 billion. Transfer the money to my friend now. This is his account number, I’ll be waiting,” Lin Fan didn’t expect Master Ma to be so straightforward. He felt that he should have asked for more. Anyway, he was a shameless man and he just wanted to rip him off.

“You...” Ma Qing Zhou was stunned. The rage in his heart was indescribable.

He didn’t expect this fella to be negotiating prices with him. It was the first time something like this had happened.

“Alright, \$1 billion it is then. Liu Ren, immediately wire the money over,” Ma Qing Zhou asked.

“Okay.” Liu Ren nodded. Then, he looked at Lin Fan and shook his head. He felt that Lin Fan was doomed.

...

The guests sitting further away didn't know what had happened. However, they saw Master Ma standing up a couple of times and he looked furious each time he stood up.

Then, he always sat down after standing up.

They wondered how the situation was like.

"I heard it. The godly doctor asked for \$1 billion from Master Ma."

"What? Is that real? \$1billion? He dared to ask for that amount of money?"

"I don't know but Master Ma agreed to pay him \$1 billion."

"It is over. This godly doctor is dead. If he can leave Qingzhou in one piece, I will write my name backward."

"Are you talking rubbish? \$1 billion and Master Ma is willing to let him off? This fella has no brain at all. His medical skills are useless in this context."

"Sigh, it's a pity. I wanted to meet the godly doctor to ask him to look at my body. I didn't expect it to turn out this way."

Those guests didn't want to be involved in this. Everyone did illegal deeds in Qingzhou before.

Even if they didn't kill someone before, they must have ordered someone to be killed. If not, they would request for the arms or limbs of the victim.

Especially those that were working in the real estate and construction business were capable of ruthless methods like these.

For someone like Ma Qing Zhou, the change in the supply of funds wasn't a problem at all. At the same time, Ma Qing Zhou had a lot of liquid assets while others had a lot of fixed assets.

His daily income was absolutely crazy.

Ma Qing Zhou looked at Lin Fan, “Godly doctor, can you see my illness now?”

Lin Fan said and smiled. He was just waiting for something

“Okay,” Ma Qing Zhou nodded.

To Wang Shan He and the others, they didn’t expect them to be witnessing a \$1 billion dollar deal. If they didn’t see it happen, they wouldn’t believe it at all.

People started to understand how much money Ma Qing Zhou exactly had.

It was indeed a terrifying figure.

However, a lot of people were arrested because of these illegal funds.

At Shanghai!

Wang Ming Yang was prepared to leave his office. Then, his phone suddenly rang.

“What happened?”

When he saw his phone, Wang Ming Yang was dumbfounded.

“Damn! Where did the money come from?”

Wang Ming Yang was shocked. As a billionaire, he would’ve seen a lot of money before. However, the amount of money in his card suddenly increased by \$1 billion. It was a little crazy.

Receiving money for nothing would make someone very restless.

Then, someone called.

“Ming Yang, did you receive the money yet?” Lin Fan asked.

“D*mn, what are you doing? Did you transfer the money to me?”

“No, I just took it from Ma Qing Zhou. Didn’t he ruin all of you? \$600 million became \$1 billion dollars. Although it seems like a small figure, we have to settle for this,” Lin Fan said.

Wang Ming Yang was furious when he heard that.

“What?! What do you mean by you got it from Ma Qing Zhou? Bro, what are you doing? No, I have to return the money. You can’t be in trouble,” Wang Ming Yang felt that this matter was too much. Didn’t he know how Ma Qing Zhou was like?

His own brother wanted \$1 billion from him and thought that he could return to Qingzhou in peace.

“No, please don’t. I will head back tomorrow. Please take care of the money. I still have something to attend to. I’ll hang up now.”

beep beep

The phone was hung up.

Then, Wang Ming Yang wasn’t excited at all. He was nervous and worried.

Taking money from Wang Qing Zhou was more like sending oneself to a lion’s den. It was too dangerous.
