

Valiant Life 631

Chapter 631: There's Something More Powerful

Then, everyone became silent and looked towards them.

Godfather Ma paid \$1 billion and it wasn't a small amount. Even if they combined all their net worth, they might not even reach \$1 billion.

They wanted to see how this fella was going to resolve the issue. Since the godly doctor had taken \$1 billion from Godfather Ma, he probably couldn't leave the place safely.

A good-looking man was holding a glass of wine and he shook his head in pity.

"How pitiful, he had such a good opportunity and he didn't know how to cherish it. Now that he forced Godfather Ma to do such a thing, he is going to be in trouble in Qingzhou."

Another wealthy lady nodded, "That's right. There isn't a lack of talent in this world. The world lacks people that could seize opportunities. He really asked for \$1 billion."

"We probably can't run away from this imminent war tonight. We should stay here and perhaps enjoy the show."

...

The crowd sighed after realizing that Lin Fan couldn't tell how wrong he was. To them, if they had this opportunity to save Godfather Ma, they would've done it without any hesitation.

When others had such a good opportunity to be in Godfather Ma's good books, they actually didn't take it. Their hearts ached for them.

A middle-aged man shook his head. People knew him as one of the wealthiest men in Qingzhou. He had control over one-quarter of Qingzhou's real estate business. He was filthy rich. He was in the top 100 list of the Forbes' list in China.

However, his profits had been decreasing but it was still a lot.

“Young people are just like that. They feel that they can belittle people with a little bit of talent. So what if he is a godly doctor? He is just a paper tiger in front of power and money.”

“Chief Zhang said it correctly. It’s such a pity.”

...

Ma Qing Zhou looked at Lin Fan, “I have paid \$1 billion. Now, please treat my illness.”

Lin Fan looked at the crowd and stood up. Ma Qing Zhou smiled as he thought that the godly doctor was going to treat his illness.

However, things seemed a little abnormal.

He realized that this fella was heading towards the exit. He didn’t seem like he was going to treat his illness.

“What are you doing?” Ma Qing Zhou said sternly. Then, he gestured at Liu Ren.

Lin Fan continued walking, “I’m not doing anything else. I have asked for the money back and now I’m leaving. If you want me to treat your disease, it’s impossible. If I were to save you, you’d only cause more pain to others. Even if I agreed, they might not agree with me.”

Clatter!

Everyone was dumbfounded.

Everyone was holding glasses of wine and they looked at him in shock.

What?

“What did that fella say?”

“I think he is not going to treat Godfather Ma after taking his money.”

“D*mn! Did I hear it wrongly?”

“F*ck, that’s crazy. Nobody can save him tonight.”

“Let’s stand further away from him.”

“Haha, I saw this fella on Weibo before. He is pretty famous on Weibo. Did he think that his fame on Weibo can save him from this?”

“People like him are like ants to Godfather Ma. Godfather Ma spent \$4 million to hire a global celebrity to sing some songs during a ceremony. He didn’t treat it seriously and do you know what happened in the end? Godfather Ma immediately gave him \$10,000 and asked him to get lost. The man still caused trouble for Godfather Ma and asked for money. In the end, Godfather Ma only said one sentence.”

“Kneel down and apologize. Get lost now. If not, you can forget about leaving Qingzhou. In the end, someone managed to appease Godfather Ma after talking to him about it.”

...

“Stand there!” Godfather Ma shouted. “Do you think you can leave like that after coming here? How dare you prank me? I want to see how many lives you have.”

Clatter!

Suddenly, a group of bodyguards rushed out. They were tall, muscular and fearsome. When they arrived, everyone was frightened.

They knew that every single one of them was vicious.

It was impossible for that fella to leave the place.

Ma Qing Zhou stood up furiously, “Do you think you can leave here safely tonight?”

Lin Fan stopped and looked around. Then, he smiled, “Since I dared to come here, I am confident of leaving. Do you think you can stop me from leaving?”

“Hmph!” Ma Qing Zhou sneered. “I don’t know if they can stop you but I can assure you that you’ll not leave this place safely.”

“I’ll give you one chance. Treat me illness and return me my money. Then, kneel down and apologize to me. I can assure you that you can leave Qingzhou safely. Otherwise, there will be one more corpse in Qingzhou tonight.”

Lin Fan sneered, “Haha, you’re insane.”

Then, Lin Fan immediately wanted to leave the place. He couldn’t be bothered by it.

Lin Fan was prepared to use a proper method to get rid of Ma Qing Zhou. If he wanted to use a scheming method, he had at least a few hundred methods to work with.

“He’s asking for it. Take him down!” This fella was too cocky. Ma Qing Zhou couldn’t take it any further. He had never met someone like him before.

Who was he?

He was Ma Qing Zhou of Qingzhou. How could this small fry be cocky in front of him? If he didn’t know his power, he would probably think that Ma Qing Zhou was a pushover.

The crowd quickly stood far away from him.

“This guy is finished.”

“He’s really asking for it. Godfather Ma probably ran out of patience.”

“If he ends up in Godfather Ma’s hands, he would probably get his skin stripped.”

...

Then, Lin Fan looked at the bodyguards and sighed. It looked like it was time for him to show them his power.

“How dare you offend Godfather Ma? Tonight, you’ll be staying here.” The bodyguards rushed towards him ferociously.

Lin Fan shook his head helplessly. Even if he didn’t get the major wuxia classification knowledge, he could probably finish them off with a few moves. He could probably finish them off with a snap now.

Bang!

Lin Fan started to move.

Everyone looked at him in shock.

He was about to show his power.

Ah!

A series of screams could be heard.

The fearsome bodyguards suddenly became like bullets. They flew backwards and fell heavily to the ground. Some of them even ended up on the walls.

Blood started spurting out.

“How could that be...” Everyone was stunned.

What was happening?

Could an ordinary human do that?

Ma Qing Zhou looked at Lin Fan in shock. He didn't know what had happened.

How could it be...

Lin Fan turned and looked at Ma Qing Zhou.

Ma Qing Zhou was stunned. His throat trembled, “You...”

Lin Fan smiled calmly, “Godfather Ma, I wanted to take it slow with you. However, your move made me realize that sometimes things have to be resolved by violence.” Then, he looked around, “To all parasites of the society, please leave this place and wait outside. I have something to discuss with Godfather Ma.”

Parasites?

This fella actually called them parasites.

Everyone was furious.

However, when they thought of his power, they remained silent. They thought that Godfather Ma would have no problem trying to finish this guy off. However, things looked different now.

They left.

Everyone left.

Only Godfather Ma, Liu Ren, Lin Fan and the immobilized bodyguards were left in the room.

Godfather Ma said in shock, “Why are you so powerful?”

Lin Fan smiled and blinked. “There’s something more powerful.”

Chapter 632: Is That Even Humanly Possible?

Everyone outside didn’t leave, they were waiting patiently.

“D*mn! This guy is law-defying. He is literally trying to sever all ties with Godfather Ma.”

“I want to ask about what just happened. Those bodyguards aren’t imposters. The leader of the team was once the champion of a martial arts competition. He could break tiles with just one palm. He was defeated so easily.”

“Horrifying, it’s simply too horrifying. I didn’t even see how he did it. It was too fast.”

“Extraordinary. I’ve never seen anything like that before.”

“This godly doctor has a strong backing indeed. It’s not anyone but him. Godfather Ma might be doomed this time.”

“Haha, what can he do besides fight? Who is Godfather Ma? Can this fella do anything to him?”

“That’s true. If something happens to Godfather Ma, there would be nowhere this fella can hide.”

The crowd was discussing among themselves. Some of the passers-by were stunned when they found out that a person was trying to go against Godfather Ma.

They had never seen anyone like him before. Wasn’t he trying to get himself killed?

In the room!

Lin Fan smiled and looked at Ma Qing Zhou. "Godfather Ma, how was that? Do you have any thoughts about that?"

Ma Qing Zhou started to take Lin Fan more seriously. That strike was simply too fast. How could anyone like him exist in this world?

It was impossible. Nobody like him could have existed.

Ma Qing Zhou remained silent. He looked at Lin Fan in shock. It was as if he was trying to see through Lin Fan. However, he couldn't tell what was wrong with him.

Lin Fan said, "Godfather Ma, what happened? Are you speechless now?"

Liu Ren stood aside. He didn't expect things to turn out this way. The situation was getting out of hand. The godly doctor was indeed powerful. There were only Godfather Ma and him left in the room. They were certainly not powerful enough to go against him.

"Godly doctor, please don't be agitated. We can discuss about it. If you have any requests, just tell us. We will satisfy you," Liu Ren persuaded. He could only try to appease the godly doctor. If not, nobody could predict what was going to happen.

Ma Qing Zhou took a deep breath and looked at Lin Fan sternly, "I don't believe you can do anything to me."

"Haha!" Lin Fan smiled. "Didn't I just tell you that there will be something more awesome later? You shall feel it now."

Then, Lin Fan stretched out his hand and went towards Ma Qing Zhou.

"Don't move." Suddenly, Ma Qing Zhou took out a pistol from his back pocket. "Move another step and I will kill you."

Ma Qing Zhou was the tyrant of Qingzhou. He definitely carried a weapon with him everywhere he went. It was common to carry firearms in the country. However, people usually carried air pistols and rifles for hunting purposes only.

When the pistol was out, Liu Ren heaved a sigh of relief. He felt that the situation was finally under control.

Even if this fella was swift, he couldn't possibly dodge a bullet.

"Do you believe I can kill you with one shot?" Ma Qing Zhou stared at Lin Fan. "You initially could be good friends with me but you didn't cherish the opportunity. Now, kneel down before me."

"Kneel down!"

To Ma Qing Zhou, he felt like he could conquer the world with the gun in his hand.

Lin Fan said, "You just committed another crime for possessing a firearm. You are hopeless."

"Haha!" Ma Qing Zhou started laughing. He looked at Lin Fan like an idiot, "I'll give you one last chance. Kneel down now."

Lin Fan shook his head, "I think you still don't know what the situation is like now. Do you think you can do anything to me with this gun?"

Bang!

Ma Qing Zhou immediately fired to the ground. Smoke emerged from the small opening of the pistol. "I won't say it again. If you don't kneel down now, you'll be lying down later. I won't be in any trouble for killing in Qingzhou. You'll be dead by then."

The crowd outside went wild.

"There was a gunshot! It came from inside."

“What is happening? Who fired it?”

“Aren’t you talking rubbish? It was definitely Godfather Ma. Who else could’ve possessed a gun inside?”

“Someone take a look. See if the man is dead.”

“If you were to sneak a peek, you’ll be the next one to die.”

Many of them were big shots of Qingzhou. They behaved proudly and arrogantly in front of the average citizens. However, they behaved like kids in front of Godfather Ma.

If they were to sneakily look at the situation inside, they’d probably die without knowing why. Furthermore, nobody would’ve dared to spread any rumors about what had happened tonight.

...

In the room!

Godfather Ma thought that he had Lin Fan under control and he smiled.

“Kneel down and treat my illness. I will let you live. I will also give you \$10 million as a reward. Remember, you have to know who you are dealing with. If not, you’ll die a horrible death,”
Godfather Ma sneered.

If not for the major wuxia classification knowledge, he would’ve been frightened by the gun. However, he had a hundred methods to kill Godfather Ma.

However, he didn’t like to kill.

He had to do it lawfully.

Then, he opened his palm. “Do you believe that I can slap the bullet away with one hand?”

“Kneel down!” Godfather Ma shouted.

Liu Ren thought that the godly doctor was insane. How could anyone slap bullets away with his/her hands? Was he dreaming?

Godfather Ma looked at him as he continued to walk towards him.

“Stand right there! I said, stand there!” Godfather Ma shouted.

Lin Fan continued walking and shook his head helplessly, “Sigh, forget it. I’ll show you what is fun.”

“You must be asking for it. Do you think I don’t dare to fire a bullet at you? Kneel down now.” Godfather Ma definitely wouldn’t let Lin Fan die. After all, if he really died, who was going to treat his illness?

Then, he aimed the gun at Lin Fan’s knees and was prepared to shoot him till he kneeled down.

Bang!

There was a gunshot.

Lin Fan was a little unhappy. He raised his right leg and kicked the bullet that was incoming.

Bang!

There was a metallic sound and a blinding light emerged from Lin Fan’s right leg. The bullet was useless upon contacting his leg. Lin Fan immediately kicked it away.

“How could that be?” Ma Qing Zhou and Liu Ren looked at him in shock.

He just kicked a bullet with his leg...

Lin Fan pointed at his brain. “Godfather Ma, I’ll give you one more chance. Shoot here. If you can kill me, I’ll call you a pro.”

Godfather Ma’s voice started to tremble. “Are you a human or a ghost?”

“Are you a human or a ghost?”

Bang!

Godfather Ma started to become emotional and he pulled the trigger again.

Lin Fan casually raised his hand and swiped in the air. The bullet didn’t even penetrate his body, it immediately flew away.

Everyone was dumbfounded!

Liu Ren and Godfather Ma were shocked. Even the hand that was holding the gun started to tremble.

Was this man a human?

Chapter 633: Yes, I Want To Give Myself Up

It’s good to have strength.

That was what Lin Fan thought. He was almost like superman now. Those mere mortals didn’t stand a chance at all.

Luckily, he was a just person.

If he wasn't Justice Fan, the world would have been doomed.

Absolutely doomed.

He could resist even the force of a missile.

...

"Who are you?" Godfather Ma shuddered uncontrollably, looking at Lin Fan in shock. If he hadn't seen it for himself, he would have never believed what had just happened in front of him.

"Listen up. I am Justice Fan, and I am your nemesis. You people have done evil things and even defrauded my brother. I won't beat you guys up, but did you really think that I was that easy to bully?" Lin Fan said, chuckling.

"Right, have you guys seen a Deity before?"

Ma Qing Zhou and Liu Ren were both stunned.

"What do you mean?" Ma Qing Zhou stammered.

Lin Fan shook his head. "Nothing much, I'm just saying that I am the Deity that you have been searching for."

At this moment, Lin Fan clenched his fists in a gesture, and Ma Qing Zhou's pistol flew off from his hands into Lin Fan's.

"You guys shouldn't be playing with guns like this. I'll let you guys see what a real Godly Gun looks like, and it really is magic," Lin Fan said, shooting off one bullet.

Bang!

The bullet burst out violently from the barrel of the pistol. Ma Qing Zhou and Liu Ren couldn't see the path of the bullet at all, but in the blink of an eye, Lin Fan's fingers were clasp onto the bullet with his left hand.

"Did you see that? That is called playing with a gun," Lin Fan said, coldly laughing as if this was something that was ordinary.

Plop!

Liu Ren was the first to get on his knees.

He realized that the person in front of him was no mere mortal.

What exactly did Godfather Ma do?

If it was a huge and prominent figure, it was still nothing considering his position and authority. But for the other party to cause Godfather Ma to react the way he did, it spoke levels of the person that was standing before them.

At first, it was just Godfather Ma's hands trembling. Soon, it was his whole body.

"You... what exactly do you plan to do?" Godfather Ma had never seen this kind of situation before, and he was genuinely shaking with fear.

Lin Fan replied, his face smug with justice. "I'm going to send you guys to jail, to let you guys bear the consequences of your actions."

"Alright, send us in. We will go," Godfather Ma said, panicking. The prospect of prison right now was like a safe haven. All he wanted right now was to stay as far away as possible from this terrifying person.

Ma Qing Zhou realized that it was too late to regret anything at this stage. He never thought that this brat would be that terrifying. If he had known earlier, he would never want to have anything to do with this person.

It's easier to invite the devil than to send him away; he now knew the full meaning of what that statement meant.

"Look into my eyes," Lin Fan said.

Liu Ren and Ma Qing Zhou didn't dare to look. They were terrified of what they may see.

"Look into my eyes," Lin Fan repeated himself, his voice louder and more demanding than before.

Both Liu Ren and Ma Qing Zhou lifted their heads slowly, looking at Lin Fan.

At this moment, Lin Fan's eyes glowed with a brilliant light, as his lips opened, "Enchantment."

Ma Qing Zhou and Liu Ren's terrified faces suddenly changed. They became more dull and sluggish, almost like a wooden doll.

"Remember that you guys are good people. Whatever bad things that you guys did in the past have been tormenting you for a very long time. In a while, we will go to the police station and you will confess everything that you have done in the past," Lin Fan said.

Gradually, Ma Qing Zhou and Liu Ren's faces changed back to normal.

...

Outside.

"What just happened inside? How come there were so many gunshots inside? Could it be that Godfather Ma is exhuming a body?"

"Hard to say. Godfather Ma's tactics are extreme and effective, and he would definitely be pissed with this law-abiding brat."

"Eh, could it be that the Godly Doctor is dead? How could we ever doubt Godfather Ma? Don't ever show any signs that you doubted him, otherwise it could be us next."

“Yes, yes. That’s right.”

Creak!

The door opened.

The people who were listening from the outside were all shocked, and the people who were hiding far away didn’t know what was going on.

Lin Fan beamed with delight as he walked out of the door.

“Damn, how did this brat walk out unscathed? Where is Godfather Ma?”

“Do you think that this brat killed Godfather Ma?”

“Is this for real? Shit, this is huge.”

“Godfather Ma is walking out.”

Ma Qing Zhou and Liu Ren walked out of the door, lifeless and emotionless.

The people who were standing around didn’t know what was going on. All they knew was that a huge ruckus broke out inside, and now, it was as if nothing had happened.

The crowd looked like they had just seen ghosts.

Lin Fan swaggered out. “Could you guys make way? I just had a little talk with Godfather Ma, and he has seen the light of what he has done. He is ready to turn himself in and is ready to turn over a new leaf.

“Huh?”

The crowd was stunned. What on earth was this brat saying?

He was going to bring Godfather Ma to turn himself in. What was going on?

Everyone could only think of one possible explanation, and that was that this person was played by Godfather Ma.

Godfather Ma was someone with influence. Everyone in Qing Zhou knew who he was, and for him to willingly surrender to the authorities? It was as if the world was about to end.

At that moment, Godfather Ma said something that completely shocked everyone.

“Yes, what Master Lin said is right. I absolutely regret the things that I have done in the past and I am going to turn myself in to atone for my sins,” Ma Qing Zhou said in a serious tone.”

A huge commotion broke out.

The people in the crowd were all stunned, as they looked on wide-eyed, their faces in shock. They couldn't believe what Godfather Ma just said, unable to process what had just happened.

Everyone had only one thought- what on earth happened inside?! What did Godfather Ma experience to cause him to want to turn himself in?

They were really seeing ghosts.

“Godfather Ma, you must be out of your mind to give yourself in. It's as if the sky is going to fall in Qing Zhou.”

What this person said wasn't wrong. If Godfather Ma surrendered himself to the authorities, there would be a lot of people who would be implicated.”

Ma Qing Zhou looked at the crowd. “Eh, you guys are all entrepreneurs and I'm sure that some of you have committed despicable acts as well. I just want to say that the law will catch up with you sooner or later, and there will definitely be consequences. Before I met Master Lin, I had been

doing all sorts of despicable things. After I met Master Lin, I have received insight and have decided to turn myself in, to pay back Qing Zhou what I owe.”

F*ck!

Did those words just come out from Godfather Ma’s mouth?

What on earth was happening?

If Ma Qing Zhou’s actions were brought to the light, even executing him ten times wouldn’t be enough to atone for all the things that he had done in the past.

Everyone who was associated with Godfather Ma would also go down into the flames with him.

Lin Fan looked at Ma Qing Zhou. “Godfather Ma, let us make a move.”

“Eh, let’s go,” Ma Qing Zhou said, his voice full of confidence. “Master Lin, please don’t call me Godfather Ma or Ma Qing Zhou. I have committed much evil under those names.”

Lin Fan nodded. “Since you committed so many crimes, you may have to face the death penalty for that. But the important thing is that you have repented and even if you die, your sins would definitely be atoned for.”

“Yes, that is right. Even if I die by a firing squad, I will have no regrets even unto death,” Ma Qing Zhou said.

Lin Fan brought Godfather Ma with him.

The people in the crowd were speechless.

Suddenly, they erupted.

“I just saw a ghost...”

Chapter 634: The Error Of My Ways

It really was like seeing a ghost, to witness Godfather Ma say that he was going to give himself up to the authorities, and it wasn't any ordinary ghost.

The people in the crowd all looked around at each other, unable to believe what had just happened, or if Godfather Ma and that brat were just pulling a prank on them."

"They got onto the car. Godfather Ma just got in the car. We must go and see. If Godfather Ma really goes to turn himself in, in afraid the repercussions would be huge."

"I have an event later and I invited Godfather Ma as the guest of honor. Who on earth stole him from me?"

At this moment, all the people around were panicking. They immediately got into their cars and followed the car that Godfather Ma was in. Where on earth was Godfather Ma headed to?

Don't tell us that he really is going to the police station.

If that was for real, the repercussions would be huge, and it wasn't going to be any ordinary consequence.

Qing Zhou was about to be turned upside down.

...

Inside the car!

Lin Fan was taking out his phone while driving, as he gave Chen Chang a call.

Director Qin had passed this phone number to him. The number belonged to Director Chen from Qing Zhou police station.

Night time, eight o'clock.

The police station.

Chen Chang Ping was sorting out the files in his hands. He heaved a huge sigh as he plopped his body against his chair.

He was disappointed at how Qing Zhou had turned out. It was a city that was controlled by a gang of bad people and ever since he had graduated from the police academy, he had been working in the police force for more than thirty years. After rising to the more senior position, he had planned to make the city a safer and more harmonious place to stay in by eradicating the gang that controlled the city.

Only after rising to that position did he realize how Qing Zhou really was.

Even as the director of the police force, he was a useless figure.

What did Ma Qing Zhou not know? He had full control over Qing Zhou, countless men under him and it was almost as if he created the rules in the city.

“Director Chen, it’s rather late, you should go home to get some rest,” a police officer said.

He had the utmost respect for Director Qin, and he saw the Director as a hero.

Chen Chang Ping waved him away. “No problem, but I still have some work to do. Right, how is the case at the southern part of the city coming along? Have you guys caught the murderer?”

The police officer shook his head awkwardly.

“Still haven’t caught him huh?” Chen Chang Ping said helplessly.

“No, not that.” The police officer hesitated for a moment, before continuing. “Actually, we already found a lead, but the clue points to Ma Qing Zhou. Director, you know what happens in Qing Zhou...”

Chen Chang Ping lowered his head in disappointment after hearing what the police officer said. He had been working against Ma Qing Zhou for ages to no avail.

When he had first started his position, he would continue to pursue the case no matter what, relentlessly pursuing the criminal after getting any lead.

And one time, he had caught three of Ma Qing Zhou’s men.

However, the ending was unbelievable.

Ma Qing Zhou came to the police station and in front of everyone, he slapped himself in rage, saying all sorts of negative things.

“How dare you arrest my men? Do you guys have a mental problem?”

Qing Zhou’s three men stood at one corner as they laughed silently as they watched Godfather Ma continue in his tantrum.

After that, the three people were released without any charge as they went to other cities.

“Go down first,” Chen Chang Ping waved his hands, saying.

He had been at this position for more than ten years, and he didn’t want to quit at all. He knew that it was Ma Qing Zhou that was arranging everything, causing him to be stuck at Qing Zhou as a dummy.

The police officer nodded his head. I knew that Director Chen wanted to bring these men to justice badly, but his individual power was too limited.

At this moment, Chen Chang Ping’s handphone rang.

The call was coming from Shanghai. Whose number could it be? Was it one of his own classmates?

Click!

“Hello, is this Director Chen? I am Lin Fan. Director Qin from Shanghai’s police station gave me your number. I don’t know what else to say, but I’ll get straight to the chase. In a few moments time, I’ll bring a hugely influential person to the police post. You guys better get ready. Something huge is going to happen tonight,” Lin Fan said.

“What do you mean? I don’t understand,” Chen Chang Ping said.

“No problem. You don’t have to understand. When you see him, everything will become clear. All I can say is that it’ll be a great occasion for you.”

Chen Chang Ping was puzzled. Why was this person beating around the bush? What great occasion was there going to be?

Before he could say anything more, Lin Fan hung up the phone.

...

Outside the police post.

A car rolled down the driveway. A few people who were walking past were frightened after seeing the number plate of the car, as they scuttled away.

Qing q00000. This was the number plate of Ma Qing Zhou, and no one dared to oppose him.

“We’ve reached our destination. Are you ready to get off the car?” Lin Fan asked.

“Mm. However, when I come to the police post, they might not take me seriously. I was thinking of calling the reporters here so that when I give myself up, they would know it’s genuine and that bad deeds wouldn’t go unpunished.”

Lin Fan clapped his hands, “That’s good, that’s good. I’ll call you Godfather Ma. You have become someone with a good sense of self-awareness and to even think of calling the reporters. That is something commendable.”

At this moment, Lin Fan thought of how overpowered his knowledge of Wuxia was.

He never thought that ‘enchantment’ would be that amazing to cause such a reaction.

Not only did that ability cause the receiving party to express their kind and good side, it caused them to have heightened self-awareness and it was just too amazing to be used.

...

Godfather Ma’s men were following behind. When they saw Grandpa Qing’s car pull over at the driveway of the police post, they were all terrified.

“No way, he really came to confess his crimes.”

“No, definitely not. You guys didn’t see Godfather Ma come down from the car right? Something must have happened. They are probably negotiating how this would go down.”

“Why do I feel as if something bad is about to happen? My heart is beating really fast.”

“Quickly, call the rest. If Godfather Ma really confesses his crime, this problem would become huge.”

...

Liu Ren made the phone call in the car.

“Is this the news agency of Qing Zhou? I am Liu Ren. Could I trouble you guys to come down to the police station? I am here with Godfather Ma to surrender ourselves to the authorities. I hope that you guys can report this.”

“Crazy lunatic.”

The person on the other end of the line was cursing. Who didn't know who Godfather Ma was? Him confessing his crimes? What kind of idiot do you think I am.

Liu Ren called the number again.

“Is this Qing Zhou law news agency? I am Liu Ren. Godfather Ma and I are here to give ourselves up to the authorities. We have done a lot of bad things in the past and now we have been awakened to the evil that we had committed. I hope that you guys can send some reporters down to capture this moment. I want everyone to know how sorry we are.”

“...”

“Is this the People's News? We are here to give ourselves up...”

Liu Ren diligently called every single news agency in the region. However, no one dared to do anything about it.

Lin Fan looked at the two people, shaking his head helplessly.

No one believed their story.

Who in their right minds would give themselves up to the authorities with such joy? Anyone who did that was either mentally ill or an idiot.

Even more so for Godfather Ma.

No one dared to stand up against Godfather Ma in Qing Zhou.

“Come, let us get down from the car. It doesn't matter if the reporters come. You guys should at least see the police officers right?”

“Yes, you have a point. I will confess every single evil thing that I have done even thinking about it now, I can’t even forgive myself for what I have done.”

Lin Fan gave him a thumbs up. “That is really good self-insight!”

Chapter 635: The Journalists Are Here

“Damn, he really went in.”

“Godfather Ma and that brat really went to the police station. Could he really be going there to give himself up?”

...

At this moment, everyone saw Godfather Ma get down the car. He followed the brat into the police station. From what they could see, that was an impossible situation.

Outside the police station, Godfather Ma’s men were anxiously making phone calls.

“President Huang, something big is about to happen, We are about to be royally screwed over.”

“Yes, I’m not lying. I’m seeing it with my own eyes. We’re screwed.”

...

Although it was night time, there were still a few policemen working the night shift inside the station.

The policemen who were standing guard outside the station saw the men and thought that they were here to report a case, but as they walked closer, they were frightened.

Those men were under Godfather Ma.

Normal people would be afraid of the policemen.

However, it was the opposite for Godfather Ma's men. The policemen were the ones afraid of them.

The color from the policemen faces were all drained as they Godfather Ma himself outside the police station.

What on earth was Godfather Ma doing here?

Could it be something big?

"Where is your Commander?" Ma Mu Feng asked.

"Upstairs..." one of the policemen answered, trembling.

"Come, cuff me up," Ma Mu Feng lifted his hands, gesturing to the policeman.

"Cuff?" the policeman looked puzzled.

"Handcuffs. We are here to give ourselves up," Ma Mu Feng said.

The policemen who were standing around were stunned. What on earth was he talking about?

Give themselves up?

The office upstairs.

"Commander Chen, not good. Ma Mu Feng is here."

Chen Chang Ping was still pondering what the phone call was about just now. After hearing what his man told him, his facial expression changed. What was this guy here for? Was he here to cause more unnecessary trouble?

“Go down and ask,” Chen Chang Ping said with an air of confidence. As the commander of the police station, he could not fear any troublemaker.

Other people may be frightened by him, but he absolutely could not.

Chen Chang Ping got himself ready, but he got the shock of his life when he walked downstairs.

Ma Mu Feng and Liu Ren were both in handcuffs.

The policeman who handcuffed Ma Mu Feng was trembling in fear, as if he never imagined this day would even be possible.

Lin Fan examined Commander Chen who was walking towards them, seeing if he was as just as Chief Qin had described him to be. At that moment, he felt that Chief Qin was right.

He had the look of a justice warrior.

“How do you do, Commander Chen. I was the person who called you a while back,” Lin Fan said.

“Lin Fan?” Chen Chang Ping asked.

“That’s right. I’ll explain the situation. This is the infamous Ma Qing Zhou, or Godfather Ma, as some of you guys may call him. This person here is his right-hand man Liu Ren. I brought both of them here to surrender themselves to the law. They have seen the evil that they have done and they both are very regretful for what they had done, so they wanted to come here to give themselves up.”

“What?” Chen Chang Ping thought he was dreaming.

“What’s wrong, Commander Chen? I wasn’t kidding,” Lin Fan said.

Ma Mu Feng's face was dead serious. "I, Ma Mu Feng have done evil against heaven and earth. With the guidance of Master Lin, I have seen the error of my ways and how much evil I have caused. I am here to give myself up to the law. I'm not here to seek forgiveness. I am just here to absolve myself."

"Ah?" Chen Chang Ping couldn't believe what he was hearing. His brain was like tofu, and he didn't know how to react. The other policemen were completely in a daze. They couldn't believe what was happening.

Could Ma Mu Feng be pranking them?

Or maybe Ma Mu Feng was testing them to see if they would do anything at all.

Lin Fan furrowed his brows. "Commander Chen, what are you going to do? I see that you know Chief Qin, so I brought him to you. If you aren't willing to do anything, I'll bring them elsewhere to give themselves up," Lin Fan said.

At this moment, Chen Chang Ping snapped himself out of his daze. He looked at the two people, realizing that both of them didn't look like they were joking. With all of his might, he shouted.

"Commence the investigation!"

"Yes, sir." The policemen all reacted, looking on excitedly.

Although they didn't know the full story of what was going on, they were elated. They had been waiting for this moment for too long.

"Hello. Can I ask for the full story here? I'm not dreaming, am I?" Commander Chen asked Lin Fan.

"No. This is real. I came over from Shanghai and heard that Ma Mu Feng who was in Qing Zhou was in power over here. I went to have a little chat with him and he was influenced by me. He has reflected on all the bad things that he had done and has decided to give himself up to the law."

Chen Chang Ping looked at Lin Fan, thinking that this was unimaginable and freakish.

Chen Chang Ping thought he was dreaming as he walked into the interview room.

Ma Mu Feng was sitting there, not concealing anything. “I got other people to do this for me, and I asked them to dump the body near the river. This is the location. You guys should be able to find it.”

“And the case with the Green Jewel Land. I used underhand means to obtain the land. I kidnapped the rival competitor’s daughters and forced him to pull out of the competition.”

“...and also in the Old City District one year back. The householder refused to vacate the property and so that night, I got people to break into the house and the residents were buried alive...”

“...and also...”

Ma Mu Feng didn’t stop confessing everything he did, and everything that he said sounded like it was something normal.

The policemen who were conducting the interview were listening in cold sweat. Could someone really be capable of that much evil?

They could never have imagined anyone committing those crimes; it was simply too terrifying.

Unimaginable evil, nauseating.

Chen Chang Ping stood at one side, his fists clenched tightly. He felt as if there was a ball of gas in his stomach which just couldn’t be removed.

He knew that Ma Mu Feng was a bad person, but he never thought it would be to such an extreme degree. It was abominable and heartless- countless innocent men and women had perished under his hand.

Lin Fan was extremely uncomfortable. Ma Mu Feng was on tenterhooks as he confessed everything that he had done, and saying it out loud made everything he had done sound bad, and being locked up wasn’t even going to begin to atone for his sins.

He probably had to be tortured to death before he could finally get rid of all the indignation in his heart.

It was unimaginable to have this sort of people in such a harmonious society.

From the start to the end.

Half an hour had passed.

Ma Mu Feng showed no signs of stopping yet. The list went on and on.

“Whatever you’re saying is the truth?” Chen Chang Ping said, his tone of voice becoming more serious. He couldn’t shake the feeling that he was being pranked.

“Absolute truth. No a single half lie,” Ma Mu Feng said, nodding his head.

...

Outside.

Ma Mu Feng men were standing outside, rapidly making phone calls. They had been outside for more than half hour, and Godfather Ma still hasn’t walked out yet. There could only be one possibility- that Godfather Ma really went to give himself up.

They were hanging on to the last strand of hope.

Suddenly!

A convoy of news vans pulled up into the driveway, directly parking at the entrance of the police station.

“F*ck, they journalists are really here. What on earth is going on?”

“It can’t be, this...”

At this moment, outside the police station, a huge group of journalists got out from their vehicles, armed with notepads and cameras.

“It’s here, Godfather Ma is confessing his crimes.”

“Is that for real?”

“I don’t care if its real or not. This is going to be a huge piece of news.”

...

Chapter 636: This Thing Just Got Huge

In the police station.

Chen Chang Ping was elated. He never thought the day would come where he would see Ma Mu Feng sitting opposite him getting interrogated. The list of things that he had done was just too long.

“Commander Chen, with all that he had done. What is the punishment for it?” Lin Fan asked.

“Either a life sentence or death penalty, but there is a higher chance of the death penalty,” Chen Chang Ping answered.

Facing a person like that, Chen Chang Ping thought that the law was still insufficient to deal with this, and the only other option was violence. But he thought maybe forget it, since Ma Mu Feng had never personally killed anyone before, and so if he had let the law settle him,

Ma Mu Feng had many backers and supporters and even if all of them got dug up, they would probably deny everything and call the case a huge injustice.

If it going to turn out like that, it was going to be really messy.

At this moment, a police officer rushed into the room, his face full of panic.

“Commander Chen, there are a lot of reporters outside right now. They say that it was Liu Ren who called them over and they want to come in now to conduct an interview.”

This decision couldn't be handled by him and had to be brought up to higher authorities to decide if it was wise to do so. If the journalists came with a threatening attitude, who knows what the journalists would do.

Chen Chang Ping looked at Lin Fan, motioning for his opinion.

Although he was the head at the police station and it was his responsibility to make the call, the day was just too weird for him to think rationally anymore.

Ma Mu Feng who was Qing Zhou's Godfather Ma, who had committed countless atrocities had gone to the police station that day to confess his crimes and to surrender himself to the authorities. It was almost unbelievable and everyone in the police station thought that they were dreaming. The only rational thing that Commander Chen could do was to seek Lin Fan for guidance.

“Commander Chen, you have seen the current situation. Ma Mu Feng definitely has backers and supporters behind him, and they are definitely not to be trifled with. If you just settle this issue privately, I'm afraid that you might not have enough authority and power to control this situation. Why don't you let the journalists come to make this situation public? If more people knew about this, the backers and supporters would have less power over you. Furthermore, the people of Qing Zhou have been scared their entire lives. It's time to give them some happiness in their lives,” Lin Fan said.

“Let them in,” Chen Chang Ping said, nodding his head. Whatever Lin Fan said made a lot of sense.

The policemen nodded their heads. “Yes sir!”

...

The journalists had been waiting outside for quite a while but within that short period, they managed to piece together the brief information of the case.

Ma Qing Zhou really came to give himself up and he did it of his own accord. It was almost unimaginable.

At that moment, they were all elated.

Ma Qing Zhou had committed countless crimes in Qing Zhou and the news agencies had all been suppressed. They didn't dare to report anything about him. If they did, they would have disappeared the very next day.

But it was different now. Ma Qing Zhou had come willingly to give himself up and had even asked the press to come to report the news. This was the opportunity of a lifetime.

With the go-ahead from the policemen, the group of journalists streamed into the police station.

"Over there. Ma Qing Zhou is over there."

"Do you guys want to go over? That is Godfather Ma over there."

"He's the one who called for us, and we are journalists. Of course we have to go there."

"Yea, and this is the police station. What can he do to us?"

Ma Mu Feng beamed gleefully as he saw the journalists arrive. Thereafter, he looked at Chen Chang Ping. "Commander Chen, could I have a word with the journalists?"

Chen Ping Chang furrowed his brows, thinking deeply. He didn't know what Ma Qing Zhou was up to, but after seeing Lin Fan nod his head, he felt more at ease. "Alright."

The policemen who were standing at the side decided to stay close to protect the journalists. After all, he was a dangerous criminal.

Ma Qing Zhou got up from his seat and walked towards the journalists.

The journalists were a little anxious. Some of them gulped in fear as they saw Godfather Ma walk towards them. This was the Godfather Ma, the most feared entity in Qing Zhou, who controlled almost everything inside.

If the interview for that day wasn't about Godfather Ma giving himself up to the authorities and was something else, even the most courageous of journalists wouldn't dare to go close to him.

Suddenly!

Ma Qing Zhou got on all fours, kneeling on the ground, his face looking pained. "Over here, I apologize to every single citizen of Qing Zhou. I am truly the scum of the society and an evil man who has done many evil things. I've broken up families, stole and killed people. I am deeply apologetic. I am not seeking for your forgiveness, but I just hope to get this off my chest!"

Complete silence!

Everyone at the scene was silent.

The journalists all took a step back when Ma Qing Zhou kneeled down before them, afraid of what he might have done.

But looking at Ma Qing Zhou kneeling down and hearing what he just said, everyone just stood there shocked.

Jotting down furiously!

Click!

Cameras all pointed forward.

This was huge news! Absolute huge news!

Even in a million years, they would never have imagined this possible.

The big shot of Qing Zhou was kneeled before them, apologizing for what he had done. It was as if the sun was about to rise from the west.

Ma Qing Zhou stood up. "I have committed many bad things and I am tormented by every single one of them. After meeting Master Lin, I have received insight and have understood the error of my ways. I want to start to atone for my crimes and today, I have taken the first step by coming here to surrender myself to the authorities."

The journalists all looked at Ma Qing Zhou in shock.

At this moment, the journalists all started going berserk.

"Godfather Ma, can we ask who this Master Lin is?"

"Why do you want to give yourself up to the authorities?"

"You control the whole of Qing Zhou and no one dared to oppose you. Did someone backstab you?"

...

At this moment, any trace of fear vanished from the journalists. They started firing questions liberally after realizing that Ma Qing Zhou was really here to give himself up.

With Ma Qing Zhou being a character of such high power and influence, seeing him kneel before them was almost like a dream.

But what other explanation was there for his actions, except that it was genuine?

"I'll give an answer. Master Lin is this gentleman standing next to me. He comes from Shanghai and came to meet me personally. I had suffered from an incurable disease and he didn't want to cure me, and so I devised a plan to submerge someone under the river as blackmail. Thereafter, Master Lin talked some sense into me and made me realize the error of my ways. What I have done is unforgivable but I can start to make up for it by taking the first step to confess and give myself up to the authorities."

The journalists directed their cameras to Lin Fan, but Lin Fan waved them away. “There is no need to interview me. He is the star of the show today. Just interview him.”

For the journalists, they decided to just take a few pictures of Lin Fan. They really respected him, since it was an almost impossible and unimaginable task to get the Godfather Ma to give himself up.

Even a senior monk wouldn’t have been able to talk any sense into Ma Qing Zhou.

Ma Qing Zhou continued to talk about the crimes that he had committed in the past, and the journalists broke out in cold sweat as they heard what he said. It was just too terrifying.

If it wasn’t Ma Qing Zhou himself who was talking, no one would have dared to believe what they were hearing.

Furthermore, they never realized how corrupted and messy Qing Zhou was.

At this moment, both the journalists and the policemen were recording down what Ma Qing Zhou was saying.

The people that he had mentioned and the people implicated in his crimes were many.

Chapter 637: You Must Listen To Master Lin’s Teachings

Outside!

The bigshots of Qing Zhou were on tenterhooks outside.

“I feel like my heart is racing,” one of the construction bosses said. He constantly looked around, his heart feeling uncomfortable.

“Me too. What do you think Godfather Ma is doing?”

“I’m afraid something big is about to happen. Godfather Ma has been spending quite some time inside with the journalists already. What about the people we sent into the station? Are they back yet?”

“Eh, they are.”

A young man rushed out of the police station, his face looking around in panic.

“Not good. Godfather Ma really gave himself out and he has spilled the beans. President Li, remember the time when you bribed him? Godfather Ma mentioned that also. All of us are screwed.”

“What?!”

Everyone was in a huge shock, as if a bomb had just been released on them. What on earth was this young man talking about? Godfather Ma really gave himself up?

This... this...

At this moment, the people snapped out of it.

“Not good. Let us hurry. If Godfather Ma really spills everything out, we are really screwed and we cant ever hope to get out of this mess.”

“Wait, we won’t have any problem. We are just entrepreneurs and have never hurt anyone before. We won’t meet with any trouble. Most of us here maybe just gave him bribes, so if we were called in for questioning, the most that would happen would be the economy of Qing Zhou crashing.”

“Correct, that makes sense. We shouldn’t be the ones worrying now. The ones that should be scrambling are the men who are directly associated with Godfather Ma. Godfather Ma holds many secrets and they are all part of it.”

...

At one of the places where Godfather Ma's closest men stayed.

Ding ding!

I'm taking a rest, so who on earth is calling?

The person's hair was already white and he was already nearing sixty years old. He had a gentlemanly vibe about him and he was someone with a good temperament.

He put on his slippers and dragged his feet across the room, picking up his phone.

"Hello, this is Cheng Nian Liang speaking."

His face was originally calm and peaceful, but in that instant, all life drained from his face. As he hung up, he dropped the phone with a loud thud.

"Ma Mu Feng..." Cheng Nian Liang muttered, cursing under his breath. He picked up the phone again, making another phone call.

"Hello, this is an order. Go to the police station and get Ma Mu Feng back to our department so that no policeman can get near him."

No one was going to sleep that night.

The police station!

The journalists were all looking at Ma Mu Feng in shock. They had lost count of how many crimes Ma Mu Feng had spoken of so far.

Too many, just too many.

Ding ding!

Chen Chang Ping's phone was ringing. After picking up, his brows furrowed.

"No, Ma Mu Feng came to our station of his own will to give himself up. You guys are from Sheng Ting and have no right to interfere."

"Commander Chen, what's up?" Lin Fan asked.

Chen Chang Ping looked at him, "The news of Ma Mu Feng giving himself up has spread and the people at Sheng Ting also want to interfere."

"No, we can't give him to them. I have a feeling that these guys from Sheng Ting are here to cause trouble."

"Mm," Chen Chang Ping nodded his head. "I know that, and that's why I've rejected them. This won't be an easy case to handle."

Ding ding!

At this moment, Commander Chen's phone started ringing again.

Chen Chang Ping's face changed drastically as he saw the caller ID.

Cheng Nian Liang.

He picked up the phone.

"Commander Chen, I'm calling you at night, I hope I'm not interrupting you."

"No," Chen Chang Ping didn't want anyone from Sheng Ting coming, and wanted to deal with this as tactfully as possible.

“So that’s settled. I know what’s going on and I asked the people from Sheng Ting to go and get him already. In a moment’s time, you will receive them and don’t you worry. I’ll give you credit for this, I won’t let your efforts go to waste.”

“No, Director, I’ll almost be done with him soon. You don’t have to send him to Sheng Ting.”

“Eh? Are you defying my orders?”

“I...” Chen Chang Ping was caught in a difficult situation.

At this moment, Ma Mu Feng looked at Chen Chang Ping, “Commander Chen, is that Cheng Nian Liang?”

Chen Chang Ping nodded his head.

The journalists were stunned as they heard the name ‘Cheng Nian Liang’. As journalists, they definitely knew who he was, and he was a huge figure in the media.

Ma Mu Feng motioned for the phone, and thereafter, started speaking. “Cheng Nian Liang, this is Ma Mu Feng. I have given myself up to the authorities. You have been my close supporter for the longest time and you have gotten many benefits out of it, but now, it’s time. I urge you to give yourself up too. You’re different from me. I didn’t ask for any mercy, but you’re a big leader and if you tell the truth, you can still be forgiven.”

The journalists were shocked as they heard what Ma Mu Feng said to Cheng Nian Liang over the phone. Even Chen Chang Ping was stunned.

In the end, Ma Mu Feng’s closest supporter was him.

“What are you talking about? Do I know you? Don’t you slander me!” Cheng Nian Liang was flabbergasted. He never thought that Ma Mu Feng would be that direct and truthful about their relationship.

Of all people, he expected Ma Mu Feng to have the intelligence to know what and what not to say.

Ma Mu Feng heaved a huge sigh. “Eh, it’s time. Why haven’t you come clean? I don’t wish to accuse anyone wrongly and I certainly don’t wish to hurt anyone anymore. I’m advising you for your own good. You have been my closest supporter for years and I don’t wish to see you stray further and further away until you really regret it.”

“Chen Chang Ping what are you doing? Why did you pass the phone to him? This person is framing me, do you understand?” Cheng Nian Liang croaked, his voice trembling. If his heart was any weaker, he might have suffered from a heart attack.

Ma Mu Feng shook his head. “The journalists are all around, and you shouldn’t run anymore. All the evidence is on my hands now. I have recorded down every single bribe that you have given me over the years, and this society is just. I cannot just change the society to fit my needs. As a person of high stature, you shouldn’t be doing harm to anyone. So, I must tell the truth about every single evil and bad thing that I have done.”

The people at the scene were all stunned, and they all froze in silence.

The faces of the journalists were all terrified- this issue was becoming bigger and bigger.

They had just woken up the tiger.

“Ma Mu Feng, are you out of your mind...” Cheng Nian Liang croaked, his face looking sinister.

He never thought that Ma Mu Feng would say all these in front of the journalists.

This...

This was the end.

“I’m not out of my mind. In fact, I have woken up and have seen the error of my ways. I hope that you can meet Master Lin. I guarantee that after you hear his teaching, you will want to turn over a new leaf.”

Slam!

The phone hung up before Ma Mu Feng could finish talking.

Lin Fan chuckled. This issue was getting more fun. However, this issue wasn't his concern anymore. Thereafter, Lin Fan rested his hands on Chen Chang Ping's shoulders.

"Commander Chen, this case is not under my jurisdiction anymore. I'm handing everything to you," Lin Fan said, before turning to the journalists. "My fellow journalists, I hope that you have understood the truth of this situation. I leave it up to you if you want to report this case. But I must remind you that as journalists, you fight for justice. If you make this news public, you will be the heroes of Qing Zhou."

The journalists looked upwards with an air of confidence after hearing what Lin Fan had said.

"Yes, we are journalists and must uphold justice in society."

"I believe in the government and the law, and we must bring all things to the light."

Lin Fan packed up and left after seeing that things have pretty much settled themselves.

This issue was huge, and it was rather fun to meddle in it.

Chen Chang Ping wanted to keep Lin Fan awhile longer, hoping to use his rational judgment, since the case was getting more complicated and the thought of bearing this on his shoulders terrified him.

The instigator of this case was about to entrust everything to him. Could he do it?

Chapter 638: Send Off From The Entire City

The next day!

Six o'clock in the morning. Everyone was still fast asleep and still didn't know what had transpired online.

It was a huge bomb, and it was starting to trend online.

'Shock!, Qing Zhou's Godfather Ma Mu Feng gave himself up because of a man, this man...'

Headlines started popping up everywhere online.

'Ma Qing Zhou surrendered to the authorities last night, as shocking secrets are revealed.'

'Qing Zhou shaken, many people in trouble.'

'How did Master Lin do this? Just a few words and Ma Qing Zhou Confesses?'

'Lawless tyrant of Qing Zhou gave himself over to the authorities.'

'Ma Qing Zhou exposes all his patrons and shocks the nation.'

...

The netizens.

"Damn! Is this for real? Is this just another fake news campaign?"

"It's not that easy to fabricate all of this."

"I never thought that Qing Zhou was that dangerous and had this kind of people? How lawless is that place?"

"Did anyone notice Master Lin's involvement in this? This is Master Lin we are talking about."

“I noticed. This is the famous Master Lin on Weibo.”

“I’ve followed him before. I think it’s because Ma Qing Zhou had a terminal illness and wanted Master Lin to cure him. Lin Fan said that he wasn’t a good person and refused to cure him and instead went all the way to Qing Zhou to pay him a personal visit. Now, Godfather Ma has given himself up and what does this all say? Did anyone bother to stop to analyze this?”

“Everything is clear. It definitely is because Master Lin is justice and screwed this brat over really hard.”

“Makes sense.”

The netizens of Qing Zhou.

“I’m so happy! I woke up to this wonderful news. I’m going to buy fireworks and go for a holiday just to celebrate!”

“Haha! The citizens of Qing Zhou should all take time to celebrate this momentous occasion.”

“Thanks to Master Lin. I can’t thank Master Lin enough.”

“Although I still don’t know why Ma Qing Zhou gave himself up, I know that it has something to do with Master Lin. Many thanks to Master Lin.”

“Ma Qing Zhou has caused so much trouble in Qing Zhou for so many years and has finally crumbled. All his accomplices have also been exposed and awaiting interrogation. Finally some sweet justice!”

“This case has impacted the citizens of Qing Zhou greatly. Many people have taken to the streets to celebrate.”

This case had a huge impact. If they had followed their standard procedure, they would have investigated the case for about a month or so. But it was different this time. Ma Mu Feng had cooperated actively with the police officers and didn’t wait for the police to interrogate him slowly. Instead, he said everything that he knew even before the police officers could ask him.

He told them everything, from his account book all the way to the places where he hid his money.

The police officers who were investigating the case couldn't believe what they were seeing. This was never before seen- no criminal would willingly give u everything they knew just like that.

The higher-ups in the police department were paying close attention to the case. They sent down a high-ranking official to handle the case.

They wanted to take the opportunity to bring other evil-doing bigshots to light, with the case progressing at lightning speed.

In one clean sweep, they managed to locate two hundred and thirty people who had ties to Godfather Ma and they began investigating them.

The number of people who were pinpointed grew steadily as Godfather Ma spilled even more of the truth.

A few of the offenders even began to go to the authorities to confess what they did even before they were caught.

...

At this moment, Lin Fan was already in the taxi. He had already bought his plane tickets and was ready to go back to Shanghai.

He opened his Weibo.

The comments made Lin Fan smile.

“Thank you Master Lin, Qing Zhou is grateful to you forever.”

“Thank you Master Lin, Qing Zhou is grateful to you forever.”

....

The comments were coming in torrents. From the top to bottom, it was hard to tell how many Qing Zhou residents went to Master Lin's Weibo to thank him.

Inside the taxi, Lin Fan looked around, rubbing his eyes as he let out a huge yawn.

"Sir, why are you looking at me," Lin Fan grinned, looking back at the taxi driver.

"Are you Master Lin?" the driver asked.

"Yep, that's me," Lin Fan replied.

The taxi driver began to beam with delight after Lin Fan had come clean. "Master Lin, it really is you. I can't thank you enough. You are the hero of Qing Zhou. That Ma Mu Fend has caused us so much despair for too long and after your intervention, Qing Zhou will once again be a safe place."

Lin Fan waved him away calmly. "Nothing much, it didn't really require much effort on my part anyway."

For Lin Fan, this case was really small for him. However, for the citizens of Qing Zhou, this was liberation for them.

The driver took out his intercom, "My fellow brothers, guess who I'm driving? It's Master Lin! He's sitting in my car right now and we're headed to the airport. Do you guys have anything to say?"

"Damn!"

Not long after, the intercom was full of chatter.

"Is it really Master Lin? You aren't kidding right?"

“Thank you Master Lin! We taxi drivers have been controlled and exploited by Ma Qing Zhou for too long, and today, we will no longer be exploited.”

“My turn! Let me say something! My family was destroyed by that b*stard and my brothers were all beaten up by his men and sent to the hospital. Now that he’s behind bars, I am eternally grateful to you!”

The intercom crackled with endless messages of gratitude and Lin Fan felt like he was out of place.

Such a lowly person in face of so much gratitude. He didn’t know what to do. He was just bursting on the inside.

“You are welcome guys. This is something small. As long as justice exists, even if I don’t bring it, someone else will.”

“Correct, justice is with us, and I believe strongly in that. If a passenger drops something in my cab, I’ll definitely contact the passenger and return it. Even if I don’t, I’ll find any way to try to get the item back to them.”

“Master Lin is just too humble! Brothers, let us go to the airport to send Master Lin off!”

“Right! Let’s go!”

Lin Fan was pleasantly shocked, “Eh, you guys really don’t have to.”

“No, we must. We as citizens of Qing Zhou are really thankful for what you did. This is just a small gesture of our appreciation, and we must take care of you well.”

“Well that is for sure. It is my fortune to have Master Lin sit in my car. I won’t clean that seat for a month, to leave some of Master Lin’s good luck on it.”

Damn!

Lin Fan was speechless. The people of Qing Zhou were too warm and welcoming.

On the road.

A middle-aged man was looking for a car and at that moment, an empty car passed by as the driver rolled down the window. "Brother, if I can trouble you. I need to rush to the airport. Master Lin is about to leave Qing Zhou and I must send him off. I'll pay you anything to have your car for the day and you take public transport."

The driver looked at him, processing what he had just said. "What? Master Lin is going to the airport? Damn! This is such a huge event and I don't know about it? This hero is about to leave! How can we not send him off? Come hop on! It's free!"

"Alright!"

On the car, the two guys were chatting.

"Did you know, I was shocked when I watched the news this morning? I thought I was still dreaming, and I didn't think that it was actually real. The government just released a public statement just now, stating that Ma Mu Feng will return all the land that he had acquired in the past, and if he can't pay back, he will give back the land amount in cash. I finally get the land from my old house back!" the middle-aged man said excitedly.

The driver laughed gleefully, "Same, when I was working as a taxi driver last time, it was such a terrible time. Ma Qing Zhou would charge commission twice that of other cities. At the end of the day, we couldn't earn anything. Now, everything will be good and back to normal."

"Careful, don't speed. Although we are rushing to the airport, we shouldn't neglect our safety."

"Yes, yes. Don't get too excited."

This situation was happening all over Qing Zhou.

And many people came to know that Master Lin was about to leave Qing Zhou.

A few citizens hopped into their cars and sped off to the airport, wanting to catch a glimpse of Master Lin.

Chapter 639: I'm Turning My Phone Off

The traffic police department.

“Captain, not good. The road leading to the airport is jammed with cars.”

“It can't be? There isn't any huge national event today. Why is the road jammed?”

“I know. I just got the news just now that Master Lin is about to leave Qing Zhou, and many citizens have gone to send him off. There are at least five thousand private cars headed in the direction of the airport, and the number of taxis is just too many to count.”

The captain gave orders for his men to go down to the airport to control the flow of traffic. Such a huge influx of vehicles wasn't a good thing.

On the road towards the airport.

Bang!

Two cars lightly collided with each other.

“Damn, how do you drive? I just got this car.”

“Brother, sorry about it. Can I leave you my number? I'm rushing to the airport to send Master Lin off. I'll be back to settle this, and don't you worry. I'll pay you back whatever is needed.”

“You're going to send Master Lin off too? Don't sweat it. Come, get back into your car. This isn't a big issue, I have insurance anyway.”

“But I caused the damage...”

“No problem, it’s only a little scratch, nothing much really.”

This kind of incident happened a few times throughout the whole road. After finding out that both parties were rushing to the airport to send Master Lin off, everyone started becoming more cordial and their attitudes became more pleasant.

All because of Lin Fan, strangers became friends, and some even became close pals in the future.

The traffic police.

“That’s weird. So many traffic incidents today, and none of them came to us to settle their dispute. Instead, they just went their own way.”

“Who knows? The great evil has passed from Qing Zhou, I’m sure everyone is too happy to care.”

At the airport.

“No, you don’t have to pay the fare, Master Lin. If you do, I can’t live with myself. If they rest knew that I sent you to the airport and collected your money, I would be nagged to death,” the driver said.

“This...” Lin Fan was in a predicament, before examining the driver. “How about this. I see that your driving has caused your hip to be a little pronated, and that probably is causing a little pain for you. What about I fix you up and you can take that as cab fare?”

“I’ve had this problem for quite a while and I’ve tried all methods to fix or lessen the pain. Nothing has worked.”

Lin Fan placed his palms against the driver’s hips as he started brushing it across.

“Eh, it feels way better. It doesn’t hurt anymore.”

Alright, I'll see you when I see you," Lin Fan smiled.

"Wait Master Lin, can I take a selfie with you?" the driver said, foraging for his phone.

Lin Fan couldn't turn down such a small request, and so he nodded his head in agreement.

After taking a picture, the driver smiled. He felt like he was on cloud nine.

As Lin Fan walked into the airport, a shocking scene greeted him. It was packed with people and the people from outside started streaming in as well. His driver who was still outside shouted loudly, "Master Lin just walked in, come let us all send him off!"

Lin Fan still didn't know that the crowd was all at the airport because of him. If he knew, he would have been shocked beyond words.

A fragrant smell hit him in the face, as Lin Fan realized beside him was a lady. One of them had a slender body. She was wearing a cap and a face mask.

Lin Fan's eyes met with hers, and the lady looked at Lin Fan, tipping her cap to hide her face, as if she was scared to have people recognize her.

Lin Fan looked away, not knowing what had just happened. He continued to make his way to the security clearance.

The lady who was wearing the cap turned to her manager, "That was a close call. I almost got recognized by that guy over there. Otherwise, it will turn into another fanfare and it'll be difficult to leave this place."

"Don't worry, with you in that attire, no one will recognize you. It's a hundred percent safe, and no fans will bother you," the manager said.

"That is great."

Suddenly!

“Wait.”

A wave of voices spread from the back of the airport.

The lad who was wearing the cap looked on helplessly. “How is this possible? I concealed myself already! How did the fans figure out who I was? I guess I can’t have a moment of peace.”

“Eh, being popular isn’t too bad. Since we’ve been found out, let’s just greet the fans courteously.”

The two people looked as if they were talking to themselves, unaware of what was going on around them.

The lady wearing the cap took off her face mask. If people examined her, they would have realized that she was the popular Queen of entertainment in the country. When she looked at the fans behind her, she was absolutely stunned.

How many people were there?

That was such a grand appearance by her fan club.

A group of people rushed over, and the lady in the cap started looking terrified. She didn’t have a bodyguard with her. How was she going to protect herself against the shoving of her fans.

But something even more shocking happened. The group of people just ran past them, not paying any attention to both of them at all.

“Master Lin, wait...”

Lin Fan had already entered the security clearance, and after hearing someone call his name, he turned back, looking stunned.

What on earth was happening?

The citizens heaved a sigh of relief. They had finally caught up with Master Lin.

“Master Lin, we are here to send you off. Thank you for all you have done for us...”

“That’s right. Please come back often to Qing Zhou. We will always welcome you.”

“Master Lin, I love you!”

“Safe journey, Master Lin!”

The security guards were shocked. They had never seen this kind of scenario before.

“Sorry to trouble you guys, but could I say a few words to them?” Lin Fan said, before crossing back to the departure hall. “Guys, thank you so much! It was only a small thing. I’m about to board my plane. If I have the chance, I’ll definitely pop by Qing Zhou.”

“Who is that person?” the lady wearing the cap said, looking at her manager.

The manager shook his head. “Not sure. Wait, is that Master Lin? Could it be him?”

“Who?” the lady celebrity who was wearing a cap said.

“The famous Master Lin from Weibo,” the manager replied.

...

Lin Fan never thought that so many citizens of Qing Zhou would send him off.

He thought that what he did was normal, and with so many people sending him off, he finally felt what it was like to be a celebrity.

Alright, I’ll see you guys soon. Right, remember to pay attention to my Weibo. I haven’t had much viewership in quite some time,” Lin Fan said, waving them goodbye.

Such an important reminder and he almost forgot about it.

“Don’t worry Master Lin, we will definitely do that!”

“That’s right. You are definitely our most favorite person in Qing Zhou. We will definitely pay attention to your Weibo!”

Lin Fan gave a thumbs up, “Thank you guys so much!” Thereafter, he turned back and sauntered back into the security gate.

...

Walking towards the boarding gate.

Ding ding!

His phone started ringing.

It was an unknown number.

“Hello, who is this?” Lin Fan said into the phone.

A gloomy voice came from the other end of the phone. “Master Lin, good on you to be able to move even my people. I just hope you can laugh to the end.”

Lin Fan furrowed his brows. “Who the hell are you? Are you pulling a prank, trying to threaten me like that? If you have the balls, say it in front of my face. You better believe that I’ll beat you to a pulp. Bring your friends and father along as well...”

Du du!

The phone suddenly hung up.

Lin Fan looked at his phone, puzzled before dialing back the number. “What the hell do you want with me? Threatening me and then running. Was that very fun? What the hell are you now? I’m at the airport now. If you have the balls, tell me where you are now. I’ll change my plane ticket for you and go over to where you are to teach you a lesson!”

Du du!

The phone was hung up again.

Lin Fan was getting annoyed. He called back again, but the other party didn’t say anything else.

“Why aren’t you speaking? Can you have a little more balls? Instead of hanging up, come here and face me. I have all the time in the world.”

The other party said just said emotionlessly.

“I’m turning off the phone.”

...

Chapter 640: What Kind Of Explanation Is That?

The phone call made Lin Fan a little more cautious. He had thought that the biggest supporter of Ma Qing Zhou was that person called Cheng Nian Liang. However, after receiving the call, it was made apparent that there was someone far more sinister and at large.

Who on earth was Cheng Nian Liang? He had already woken up one tiger, but behind the first tiger, there was a second. Something was off.

Could it be that Ma Qing Zhou didn’t know who the boss of his superior was? Maybe only Cheng Nian Liang knew.

He wanted to make a call to Cheng Nian Liang, but that was an impossibility. Although he was Master Lin, there were people who hated him.

Maybe the superior of Ma Qing Zhou decided to get rid of Ma Qing Zhou and decided to put his best patron in his place. That was a pretty big move.

However, the number that called Lin Fan's phone was worth tracing. If he ever had the good fortune of meeting that brat, he would spare no expense in beating that guy up.

Boarded the plane!

Economy class.

Last time when he traveled with Wang Ming Yang, he sat in a private jet and didn't need to fork out a single cent. Now that he was alone, he didn't bear to spend anything more than economy class after donating all his savings to the Children's Welfare Institute.

"Eh, Master Lin."

"Damn, I never thought I would be sitting on the same plane as Master Lin. Master Lin, can we have a picture together?"

"Master Lin, you are just too amazing! You handled this case spectacularly!"

Lin Fan was a little flabbergasted. He never thought that he would meet people that would welcome him this warmly on the flight. As he walked to his seat, all he could do was shake the hands of everyone that greeted him.

A few people on the flight didn't recognize who Lin Fan was, and was puzzled to why he was getting so many greetings from the other passengers.

"Thank you guys so much for your love. The plane is about to take off," Lin Fan said.

At the same time, Lin Fan realized that some of the air stewardesses were batting their eyes at him. He turned away unable to bear it.

However, it was good to have the air stewardesses around, as they controlled the passengers.

A three-hour flight was good to catch some shut-eye. But for Lin Fan, it was almost impossible.

Occasionally, there would be people approaching him to talk.

Shanghai Airport.

Lin Fan walked towards the arrival hall exit.

From afar, he saw a familiar figure.

“Haha, brother! You really did it this time!” Wang Ming Yang exclaimed. He had been waiting for Lin Fan for quite a while. After seeing him, he immediately rushed up and gave him a bear hug.

“I really don’t know what to say.” Lin Fan said.

“As long as you’re safe. Next time, don’t risk your life.”

“Yep,” Lin Fan patted Wang Ming Yang on the shoulder. “What risk is this? Is this called risking my life? I went there to bully people. Anyway, how are you doing?”

Wang Ming Yang laughed. “Great! Everything is going great! Ever since you helped me get rid of my bad air, I’ve been feeling more comfortable than ever. However, I have to give you this one billion dollars. You risked your life to get it back for me, and me giving it to you is the least I can do.”

Lin Fan looked at Wang Ming Yang, sighing, “You still don’t understand me, do you? I take money like dirt. Why are you giving me your one billion dollars? Do you want me to live a befuddled existence? I’ll tell you, there is no way I am going to do that. My heart is as solid as a rock, and I will not be swayed by money. But if you want to give me, I prefer if you donate the money elsewhere.”

“Damn, I can’t talk using normal language with you, and I speak the truth. Forget it, I’ll keep the money for you. If you ever lack money next time, just tell me,” Wang Ming Yang was speechless.

He was determined to understand his brother better, and he only had this brother who didn't care about money at all.

Lin Fan nodded his head. "Alright, up to you. I don't really lack money. If I lack money, I'll just ask shamelessly, even if you safe keep the money for me or not. It is really troublesome to be friends with me, really."

Wang Ming Yang laughed. "You finally realized how shameless you are. I must say, you are so smart and yet you just found out that fact?"

Lin Fan jabbed Wang Ming Yang, "Alright, let's go back to Cloud Street. Although I've been gone a few days, I'm already starting to miss the crew."

The two began to walk off, their arms around each other's shoulders.

"I never thought that Ma Qing Zhou would be brought down by you."

"This is nothing. I even screwed over all his patrons."

"That's a little serious. I never thought you would implicate the big tiger."

"What big tiger are you talking about? Behind this small little cub, there is an even bigger tiger. Just now before I boarded the plane, I received a call and the caller threatened me. I scolded him until he decided to turn off his phone. After I get back to Cloud Street, I'm going to figure out who this brat is."

Wang Ming Yang looked at Lin Fan, shocked and befuddled. Thereafter, he patted Lin Fan's shoulders. "Steady a little, don't scare me."

Lin Fan laughed. The Big Tiger was just a prankster. Slowly, if he could trace the caller, he would slowly torment him with his words.

Cloud Street!

Lin Fan was shocked as he stepped into the entrance of Cloud Street.

He felt a little out of place after seeing the banner hung at the entrance of the street. “Eh, what’s with this grand entrance? I’m not used to this!” Lin Fan said, acting humble.

Wang Ming Yang looked at Lin Fan jokingly, “Don’t act like a pretentious prick, if you continue acting, I’ll slap you!”

“Hehe,” Lin Fan smiled. Thereafter, he shouted towards the whole of Cloud Street, “Everyone, I’m back!”

Suddenly, Cloud Street came to life.

“Damn! Little Boss is back.”

“Light the firework! Quickly!”

Crackle and rattle!

Cloud Street started bustling with excitement as all the other shop owners gathered around Lin Fan.

“Little Boss, you really did this one good this time. The people of Qing Zhou have been liberated.”

“Yea, I saw the news. I never thought that Qing Zhou would still have that kind of evil inside. I can’t even begin to imagine the pain the people have gone through.”

“Nothing much, nothing much. What I did was very small,” Lin Fan said, waving them away.

The people were all amazed, but for Little Boss, this was just a small thing.

“Eh, the journalists are here.”

The journalists knew the news of Lin Fan’s return. After doing something so huge in Qing Zhou, everyone knew about him.

Ma Qing Zhou had cooperated with the police and gave himself up all because he listened to Master Lin's words. They were definitely curious what Master Lin had said to him to cause him to have such a change of heart.

In the end, Lin Fan was surrounded by the journalists.

Facing that question, he didn't know how to answer.

"Everything was because of love."

The journalists were speechless.

What kind of explanation was that?
