

## Valiant Life 741

### Chapter 741: Something Major Has Finally Happened

The next day!

Shanghai TV

“Good. This is really too good.”

“I never thought that we would have a show with a rating past 4.”

“Haha, ‘Strongest Heavenly Voice’ has broken past 4. It has pulled apart from ‘Where has mommy gone?’.”

“This is just the third episode. Each episode better than the last. Director, your foresight is really too sinister. Getting Master Lin to be a mentor was indeed the wisest decision.”

The deputy director did not forget to lick the director’s boots. However, he was really very happy. Shanghai TV had been oppressed for so long. Now that it had turned over, if he said he wasn’t excited, he would have been lying.

Director Liu was in a pretty good mood too. “You guys may not know this but Hunan TV gave me a call today. Although they didn’t say much, they sounded very bitter.”

“In the past, Hunan TV was always number one. Now that we’ve overtaken them, my mood is terrific. However, Master Lin has completely blown up in popularity. I wonder how many television stations will be inviting him onto their shows. After all, having him on a show means that they will get good ratings.”

Director Liu cleared his throat. “Alright. What matters is we good on our part. We have to do our best and make a good first season.”

The staff members were all filled with confidence and hope for the future.

On the Internet.

‘Shanghai TV takes the glorious first place in ratings.’

‘Contestant loses out on a big opportunity for a small gain. She is filled with regret.’

‘Master Lin possesses an intense individuality that cannot be reproduced.’

‘Zhao Li flames a contestant on the show but is ridiculed by Master Lin.’

...

The headlines of these articles were each more overbearing than the last.

When Zhao Li saw these articles, she wanted to kill herself. She had never expected things to turn out like this. Back then, she had been in a bad mood and had been unable to control her emotions.

Now, she had been represented badly on the Internet. She felt extremely unlucky.

In the end, she blamed all of this on Lin Fan. If it had not been for him, this would definitely not have happened.

Ever since the ‘Strongest Heavenly Voice’ had started showing, the masses of netizens felt that they had gained greater joy in their lives. Every day, regardless of whether anything had happened, they would look through the Internet in anticipation of more news.

“I strongly recommend ‘Strongest Heavenly voice. You will definitely not regret watching it.”

“This show has broadened my horizons. Master Lin is simply incredible. Whenever he gets an opportunity, he would start flaming someone.”

“Ying Jin has been flamed. Zhao Li has been flamed. Liu Ying Dong has been flamed so much that he doesn’t dare to speak anymore.”

“These are all big shots. I feel like Master Lin is the only one who would dare to do this.”

“Isn’t that obvious? Who else would dare to do something like this?”

According to Shanghai TV’s calculations, discussions regarding Master Lin had reached a level of 89%. This was enough to prove that this was a one-man show.

Moreover, it was because of this one-man show that the ratings of ‘Strongest Heavenly Voice’ had blown up and crushed everything else. Even Hunan TV was not a worthy competitor.

If they had not seen this for themselves, they would never have dared to believe it.

Cloud Street.

Wang Ming Yang called.

“Brother, what’s the current situation?”

“Didn’t you watch the show? I’ve already found two good, young talents for you. They are very reliable.”

“No, that’s not what I’m talking about. It’s good that you’ve found young talents for me but you can’t just take choose two contestants. At the end of the show, you’ll need to rely on them to take the first prize. If you have so little people, it will be very hard to take the first prize.”

“Don’t worry. It doesn’t matter whether I become the champion or not. I’m on this show just to play around.

The two of them casually chatted for a while more before hanging up.

Although ‘Strongest Heavenly Voice’ was quite meaningful, it was quite tiring to keep participating in it.

In a certain town.

Yang Jie was very displeased. He realized that he had been ignored.

“You have reached my number. I am currently unable to answer.”

Looking at the phone number, a malevolent expression appeared on Yang Jie’s face. He had not expected Ying Jin not to answer his call. Did she really think that he wouldn’t dare to expose the truth to the reporters?

To someone who had nothing at all and had nowhere to go, there was nothing that he would not do.

So what if Ying Jin’s background and identity were impressive?

He had reached a point where he had nowhere else to go. There was no point in thinking too much.

He found a phone number on the Internet.

“Hello, is this Shanghai Entertainment’s reporter?”

“Yes. You are...?”

“I have proof of Ying Jin’s corruption when she acted as a judge two years ago.”

“Is this true?”

“Yes, because I am that contestant who was involved back then. However, I want... I want one million dollars.”

Yang Jie sniffled. He was a drug addict. However, he had no money at the moment. He didn’t think too much, he just wanted to sell this evidence for a sum of money so he could take drugs to his heart’s content.

“One million is too much. How about a hundred thousand?”

“No. Do you think I’m a beggar?”

“Three hundred thousand, nothing more. If you don’t want it, then forget it. You have to know that this is news from two years ago. Even if it is exposed now, it won’t create much of an impact.”

Yang Jie wanted to refuse. However, that tormenting drug addiction was causing him to crumble.

“Alright, alright, I’ll take it.”

...

In a certain luxurious hotel in Shanghai.

“Sister Ying, that guy from two years ago looked for you?” Zhao Li was sitting on the sofa. She was in a gloomy mood. Her heart was heavy. She had no idea how things had changed so much for her since she had arrived in Shanghai.

And Sister Ying was supposed to leave Shanghai. However, because of this incident, she stayed.

Ying Jin smoked a cigarette. “Mmm, he contacted me. He’s really scum. He asked for twenty thousand for him to keep his mouth shut.”

Zhao Li was taken aback and she looked furious. “He actually said that?” But then, she said worriedly, “Sister Ying, what would happen if he tells the reporters?”

Ying Jin was blinded by self-confidence. “Don’t worry, as long as he isn’t stupid, he should know what to do. Back then, he was able to pay five million, which means he doesn’t lack money. But if he dares to oppose me, I’ll make sure he loses everything.”

Zhao Li heaved a sigh of relief. She believed in Sister Ying because Sister Ying was that capable.

She felt that as long as that person wasn’t dumb, he would not do such a thing.

Of course, they had no idea that Yang Jie really had nothing left. He had even become addicted to drugs. When he went crazy like this, he wouldn't think that much.

After contacting Shanghai TV's reporter, Yang Jie contacted several other news agencies.

There was no way he was only going to sell this important piece of news to only one news agency. He had to sell it to several agencies and earn even more money.

Three hundred thousand.

Two hundred thousand.

A hundred thousand.

In the end, he even sold it for fifty thousand.

If Ying Jin and Lin Fan found out about this, they would definitely vomit blood.

One cannot be so shameless but also must have a certain standard.

Several days passed.

Ratings for 'Strongest Heavenly Voice' stayed at around 4.85%. It couldn't get much higher and at times, it fell back down to around 4.352%.

However, the people of Shanghai TV were already content. They were exceptionally pleased.

This was the peak results that they had never achieved before.

In these few episodes, Zhao Li had been flamed by Lin Fan so much that she was falling apart. However, as a mentor, she had to endure it. She could only go home and smash things up in a frenzy in order to console herself.

In the morning of this day.

Something major happened.

Everyone who was watching the news stared at it with their mouths gaping.

Meanwhile, when Ying Jin saw the news, she was so frightened that her face turned pale.

...

Chapter 742: Am I Not Worth Anything?

Train station.

At the newsstand.

There were people reading the news on their phone. Just at this moment, pages of news appeared in their field of vision.

“The exposure of the dirty dealings from the ‘Heavenly Male Voice’ two years go – Champion Yang Jie personally admits the origins of the dirty dealings.

Some others immediately took out their phones.

“Hey! Did you see the news? There’s a big news online. The dirty dealings of the Ying Jin have been exposed!”

“Is it real or fake?”

“Why would I lie to you? Hurry up and read the news!”

“Okay. I’ll go and read it immediately.”

If there was conclusive evidence for this matter, that’ll be the end of Ying Jin. Even though Ying Jin was frequently flamed online, but those were just small matters. It was just another method of doing things, to make the netizens unhappy.

However, if the evidence were conclusive regarding the dirty dealings, then it’ll be completely different.

This could potentially destroy someone.

Ying Jin practically doesn’t even release any songs these days. She had been a mentor the past few years and was gaining popularity. However, if the dirty dealings had caused the contestant to bear the responsibility, then it would be absolutely unforgivable.

The netizens could just drown Ying Jin if they all said their two cents.

The entertainment reporter reported: “A few days ago, a reporter interviewed Yang Jie, the winner of the ‘Heavenly Male Voice’ two years ago. He admitted that there were some dirty dealings involved with him winning the competition. At the same time, he admitted that the song wasn’t written by him, nor was it by Ying Jin, but rather it was the work of Chen Rui An.”

“As for why Ying Jin was involved with the dirty dealings, the persons involved confessed that he had given five million to Ying Jin. Right now, the involved personnel has announced this matter also because of the news online regarding Chen Rui An. His conscience wasn’t clear and hence he announced the matter to clear things up for Chen Rui An. From everyone here, we would like to apologize to Chen Rui An on behalf of Yang Jie. We hope that we would be able to receive your forgiveness.”

“F\*ck! There are indeed dirty dealings! The evidence is out.”

“Ying Jin you treacherous b\*stard. How dare you get involved with such dirty tricks. You even dare to turn your back and sabotage others, causing them to bear the responsibility for over two years.”

“Despicable. Just too despicable. Is she even human?”

“As it turns out, Master Lin was speaking the truth. As I’ve already f\*cking said before, Master Lin is a person of justice. There definitely isn’t any problem with whatever he says. Where are all those fools that were backing Ying Jin now?”

“Let’s not talk about it anymore. Let’s go and flame Ying Jin on her Weibo right now till she quits the music industry. Just like I said, the reason why there aren’t any nice songs released recently is because of the existence of treacherous b\*stards like Ying Jin.”

...

Lin Fan was still sleeping at home but was woken up by a call.

He originally did not want to pick up the call, but he saw that it was from Wu You Lan. He reluctantly picked up the call.

The moment he picked up the call, he could hear the excitement of Wu You Lan.

“Brother Lin, hurry up and look at the news! Ying Jing’s luck has run out! The truth is out!”

“What?”

“It’s regarding the dirty dealings that Ying Jin was involved in two years ago. Right now, a reporter has revealed the truth. Moreover, the person involved confessed on his own accord!”

Lin Fan jerked. He immediately got out of bed. He didn’t expect the news to come out. But how was this possible?

That b\*stard had come to find him once. The first thing he asked for was ten million. Which fool would fork out ten million? Are they buying the news?

However, that can’t be it. There probably isn’t anyone that foolish.

Then what could it be?

He didn't think too much about it but went ahead to read the news. He briefly laughed the moment he read it.

"Ying Jin you meddling woman. You are really unlucky," Lin Fan laughed. He laughed very happily. Using brute force to keep Ying Jin in order. He could still express his resentment for her, but he would feel a lot more refreshed if he could affect her reputation.

At this moment, Lin Fan took out his phone and gave Ying Jin a call.

Even though both of them were having a feud, Lin Fan was still glad to be able to inform the other party.

The call got through.

Ying Jin didn't say anything, but Lin Fan just couldn't wait to open his mouth, "Teacher Ying, congratulations! You've made it on the leading story! What are your thoughts?"

"You're f\*cking despicable." Ying Jin said furiously.

\*Beep Beep\*

She cut the call immediately after saying that.

However, Lin Fan wasn't the slightest bit angry. He'll just let Ying Jin worry about the things to come. His responsibilities have not come to an end yet. He opened Weibo and sent out a post.

Lin Fan: I never expected you to be such a person @YingJin

The instant the Weibo was sent, it attracted the attention of many netizens

More and more people learned of the news.

Weibo started to buzz with activity. To others, this was a big news, hearing about the honest Ying Jin meddling with dirty dealings. Moreover, there was even evidence. She wouldn't be able to clear her name no matter how hard she tried.

"Master Lin is formidable. What he said was true! With such an excuse, only a fool would be bluffed. How could Chen Rui An be such a fool?"

"We need to get Ying Jin out of the music industry."

"Exactly! There's always Ying Jin this meddling woman in every singing show. I can't watch it anymore even if I wanted to."

In a hotel.

Chen Rui An just woke up when he received a call from one of his friends. When he heard what just happened, he immediately looked at the news. The moment he saw it, tears started forming in his eyes, and soon, he started bawling.

He felt that the burden he had been carrying around for two years was finally gone!

Father Chen and Mother Chen were also relieved. It was their wish to see their son be able to walk out of the dark once again.

...

Ying Jin looked at the news, then looked at the discussion once again. Her expression was extremely ugly.

However, this time, she did not smash anything to the ground. All she did was sit in fear on her sofa, not saying a single word.

Her manager stood beside her, shivering. She didn't dare to say anything at all as she was terrified. She knew that Sister Ying was extremely furious, and it wasn't the ordinary kind of fury.

Whoever touched her would be very unlucky.

“I want to know why this is so.” Ying Jin asked coldly.

Her manager cleared her throat. She didn’t know what to say. She herself didn’t know why it turned out like this.

Moreover, didn’t she herself say confidently that the other party wouldn’t reveal anything to the reporters?

However, after just a few days, the news was already out.

\*Ring ring\*

Her manager picked up the phone. Her expression became weirder and weirder, and finally, she put down the call.

“Sister Ying, we’ve checked it through. The entertainment reporter said that they bought it from him!” her manager said.

Ying Jin looked at her manager, “Ten million? Or is it twenty million? Is any new regarding me not worth anything? Doesn’t everybody want to catch me for my bad points?”

Her manager lowered her head, and said softly, “No. They said that some of them only had to spend three hundred thousand. The least they spend was fifty... thousand.”

“F\*ck you! What’s the use of having you around?” Ying Jin started going as crazy as a mother lion. She stood up and gave her manager one tight slap.

“You said three hundred thousand? Is my life only worth three hundred thousand?” Tell me! Tell me...” Ying Jin shouted insanely.

Her manager fell to the ground. She didn’t dare say a word. “Sister...Sister Ying. We should be trying to think of a plan now. That’s right. We can spend money to get that b\*stard to take back his words. We can say we got framed!”

Ying Jin kicked her manager, “Do you think everybody is as dumb as you?”

At this moment, Ying Jin got a call.

Zhao Li didn't feel at ease just sitting around. When she saw the news, she was shocked till her face turned white. She didn't think twice and immediately called Ying Jin.

“Sister Ying! Something has happened! What should we do? We have been exposed! You forced me to do this! It's none of my business!” Zhao Li was extremely nervous.

At this moment, the only thing she could think of was to push the blame away from herself.

Ying Jin replied, “I forced you to do it? When you received the money that time, why didn't you say that I forced you to take it?”

Zhao Li said, “I...I...”

“Don't get so nervous. Listen carefully. No matter what the reporters ask you, don't answer them. Let me handle this.” Ying Jin said. She actually didn't have any plan. However, Zhao Li was worthless. When she's met with such situations, she would get all nervous. If she didn't warn her in advance, who knew what she would say.

Ying Jin was having a huge headache facing such big problems. She finally picked up her phone and called Yang Jie.

Only...

“The number you have dialed is currently unavailable...”

\*slam\*

The flower pots in front of her were all completely smashed.

## Chapter 743: I Was Young And Foolish

At Cloud Street.

When Lin Fan reached his shop, a flock of reporters surrounded him.

“Master Lin, may I ask what are your views on the matter regarding Ying Jin’s dirty dealings?”

“Why did you think that Chen Rui An was wrongly accused? Did you realized something?”

“Since the evidence is out right now, Master Lin, is there anything you would like to say?”

The reporters asked him in such a messy manner. They were extremely excited. After waiting for so long, there has finally been another huge news.

The surrounding shop owners stood outside.

“Hehe, Little boss is just too famous. Once again, he’s attracted another bunch of reporters.”

“Our Little boss has said it correctly once again. One look and he’s able to tell that Ying Jin wasn’t a good person.”

“I remember someone’s stall used to have Ying Jin as their avatar?”

“It’s mine. I took it down during this period of time. How can I leave it there when she was having a feud with Little boss? That’s impossible.”

“Awesome! What a brother!”

“Hehe, no kidding. Little boss is precious to us. We have to protect him.”

...

Lin Fan waved his hand, “Dear reporters, please quieten down. Please ask me one question at a time. There are so many of you guys here with so many mouths. How can I answer them all?”

“I’ll first answer the first question. Why do I think that Chen Rui An was sabotaged? It’s because the eyes are windows to the soul. I can his dedication and passion for music from his eyes. How can he have stolen someone else’s song? It’s not what I said. You guys can go and take a look at the show two years ago. With Chen Rui An’s music and singing capabilities, even if he were to sing old songs, he would have won season with ease. Why would he need to steal anyone’s song? Don’t you guys think so too?”

The reporters nodded their heads. What he said made a lot of sense. It was exactly as he had said. They had watched the show two years ago. No matter what anyone said, Chen Rui An’s voice was really good. Moreover, his singing capabilities were awesome. He could obviously have won the competition based on his voice alone. He didn’t need to steal anyone’s song.

Lin Fan would definitely not say that he could tell just from his appearance. After all, he was now a public figure. If he were to put it like this, he wouldn’t know if people would call it propaganda and superstitions.

However, even if he were to say it, it wouldn’t matter. He’d let whoever that dared to fight counterfeiting come at him. He would just put down the other party so much so that they’d pee their pants.

Lin Fan momentarily thought about it for awhile, “I’d answer another question. Regarding Ying Jin, I have a very bad impression of her. This meddling woman is just too arrogant.”

The reporters were stunned. They didn’t expect Master Lin to rage like this. Under the broad daylight and in front of countless cameras, he actually dared to call Ying Jin a meddling woman.

This was very good.

“Think about her appearance. From her appearance, you can tell she’s very petty. She also likes to act like a big shot. She doesn’t put anyone in her eyes. She wouldn’t be called Ying Jin if she doesn’t meddle with dirty dealings. Oh, that’s right, most netizens wouldn’t be able to tell that those photos had been edited before. There’s a huge difference with the actual person. As long as you listen to me, it’s true.”

The reporters all just stared at Master Lin. They were all temporarily lost for words. They only acted based on muscle-memory and continued to snap their cameras.

They realized that Master Lin bluntly devalued Ying Jin. His hatred for her must be huge.

Lin Fan took a cup of tea from Wu You Lan and took a sip. Following which, his expression became serious.

“The music world is a very strange place. How could there be any dirty dealings? Having dirty dealings is a very dangerous thing. I bet you guys never thought that it was actually stifling talents. If you meet a talented person, what would you do? It would definitely be to cultivate that person’s talent, rather than to use underhanded means to suppress and yet envy his or her talent. For example, Ying Jin suppressed Chen Rui An wasn’t all because of money. From what I can see, Ying Jin was actually jealous of Chen Rui An’s talent.”

The reporters, “...”

Lin Fan continued to babble, “Also, there’s that Zhao Li, who was also involved in the dirty dealings. This filled me with much disdain. It’s too shameful to think that she’s a mentor with someone that meddles with dirty dealings. In the recent years, they have been donating a lot of money and didn’t continue to harm the newer generations. If it were me, I’d have immediately withdrawn from the music industry, never to incite trouble again.”

The reporters were dumbstruck. They were filming everything he said. However, they felt that something wasn’t quite right.

What he said was rather harsh. If this were to be broadcast, it would definitely get a lot of attention.

Wu You Lan secretly gave Lin Fan a tug. Even though she had been standing beside Brother Lin all these while, there were some things that he couldn’t go overboard saying.

It would incite a lot of hatred.

Lin Fan saw what Wu You Lan was trying to do and momentarily laughed.

How helpful.

“Look! My friend thinks that my words have been too blunt. However, what I’m trying to say is that I’m a very blunt person by nature. There’s no helping it.” Lin Fan said.

One of the reporters whispered, “Master Lin, we know that you are a person of justice. If you feel that the words you said previously aren’t appropriate, we can delete it.”

Lin Fan waved his hand, “There’s no need. Just broadcast it like that. There’s nothing I said that I regret. In this world, can’t someone comment on someone doing wrong?”

The reporters were contented. They were feeling very happy that they had obtained another huge news.

The reporters were satisfied and walked away.

Lin Fan’s smiled. He had to be this spiteful. If he were to be too modest, he might as well not have said anything.

Fraud Tian sighed. This fellow has once again spoken his mind. It seems that he’s deliberately trying to come up with something.

At the entrance of a hotel.

Even though Zhao Li tried to conceal herself, she was still recognized by the reporters and was immediately surrounded by them. The flashes kept coming.

“Zhao Li! Do you have anything to say about the dirty dealings from two years ago?”

“Ying Jin received 5 million dollars. How much did you get?”

“Did the other two judges get any money?”

“As a senior in the music industry, why did you have to get involved in such dirty dealings?”

Facing the reporter's non-stop questioning, Zhao Li only looked down. She didn't say a single thing. She finally managed to escape the place through the protection of her bodyguards.

Right now, she even had thoughts of dying.

That b\*stard was all to blame. If it weren't for that b\*stard, none of these would have resurfaced.

She was done for. This time, she was completely done for.

...

Ying Jin knew that escaping wouldn't solve anything. Therefore, she immediately requested for a conference with the reporters.

In the conference room of the hotel room.

It was very quickly filled with reporters.

Ying Jin, however, was seated in front, not saying a single word. She was protected by many bodyguards.

The reporters started asking their questions. They were all questions about the dirty dealings.

Everyone knew that this issue affected Ying Jin greatly.

Even though she was a senior in the music industry, which variety show would dare to invite her to be a mentor now that she had such ugly news?

Ying Jin looked at the reporters. She didn't know if she'd be successful in clearing her name. But no matter what, she still had to try.

At this moment, Ying Jin opened her mouth. But at that instant, she started to cry instead.

“At this point in time, I just want to say that I’m sorry to whoever that loved me. I’ve disappointed you all.”

“The dirty dealings from two years ago are all true. Right now, I can’t regret it enough.”

“I can only blame myself for being too young and foolish. I just couldn’t resist.”

Ying Jin was crying very badly. Her eyes became hazy from the tears. She looked very pitiful.

Pfft.

The reporters who had the guts immediately flamed her the moment they heard this.

Too young at that time?

Too foolish?

Can you at least show some f\*cking face?

You’re already approaching fifty-years-old, and you can still say that you were too young?

...

Chapter 744: The Outburst Is Rather Intense

The reporter’s conference ended.

At the backstage.

Her manager stood respectfully at one side whilst carrying tissue. Right now, she didn't really dare to touch Ying Jin.

Ying Jin wiped away her tears. She had a cold expression on her face, which caused many to fear of looking at her.

"Sister Ying, has everything been settled?" Her manager asked in a hushed tone. From what she saw, it should be rather successful. Sister Ying cried very badly and looked very regretful. She even saw some reporters look away as if they couldn't take watching her cry anymore.

However, if only she knew that these reporters looked away because they could not bear to watch her directly, she wouldn't have asked these questions.

"Are you an idiot?" Ying Jin lifted her head and looked at her manager. "With your level of IQ, I'm already doing you a favor by putting you as my manager. Get out of my way!"

Her manager stood awkwardly at one side. She felt like crying. Being Ying Jin's manager, she has endured a lot.

She was treated like a dog.

She knew that Ying Jin only chose her to be her manager because she listened to instructions and she also wasn't very bright.

Just take a look at the other celebrities. They held their managers in such high regard. They have not treated them anything like the way she was.

Every time they were in a group, she saw how lucky the other managers were, and she would feel a pang of jealousy.

From other people's perspective, when they heard that she was Ying Jin's manager, they would feel that it was very high-end with good welfare. However, only she knew that she was just another dog.

The surrounding bodyguards looked at her with sympathy, but they didn't dare to say anything.

\*Ring ring\*

At this moment, Ying Jin's phone began to ring.

"Everyone, get out." Ying Jin said. She only picked up the call when everyone left.

"Has the matter been resolved?"

"The reporters just left. I don't know what the situation would be like. I can't take this anymore. I need him to pay the price as well."

"I've already sent people to Shanghai. We'd give that fellow something to remember deeply. I never knew that there'd be such idiots. Just because they have a slight bit of skills, they forget what they're truly capable of."

Ying Jin nodded her head in contentment. However, she was still raging internally. If it weren't for Lin Fan, she wouldn't be in such a predicament.

As for that scum, Yang Jie. If only she knew where she went, or else she'd definitely give him a hard time.

The next day.

Cloud Street.

Pfft.

Lin Fan read the news on his phone. He couldn't help but stand up.

"Take a look! This meddling woman just doesn't want any face." Lin Fan didn't think that someone could be so shameless. He was especially blinded when he watched the video.

"I can only blame myself for being too young and foolish. I just couldn't resist."

It was almost as if he couldn't hold his phone steady after listening to the nauseating voice coming from his phone.

Fraud Tian surrounded him. "Aiyo, this voice sounds rather delicate. If she were to be my wife, I'd hit her three times a day. Morning, afternoon, and at night!"

"You b\*stard. Very hardcore." Lin Fan gave up a thumbs up. Much respect indeed.

"She's alright. Although her nose is rather large." Fraud Tian was clear and logical with his comments.

Zhao Zhong Yan ridiculed, "This Ying Jin can sure put up an act. Brother Lin. You don't think the netizens would forgive her just like this?"

Lin Fan laughed out loud, "Do you think the netizens are idiots? When it comes to people's emotions, no matter how pitiful one can be, they wouldn't be forgiven so easily."

"Moreover, look at this Ying Jin. In the entertainment circle, she gets exactly what she wants. She's too bossy. I'm sure there are many people waiting for her downfall."

Even though he didn't mix around in this circle, everyone knew that no matter how awesome of a person you are, if you're a hypocrite and a bully, there would definitely be people around who wanted to chop you down.

On Weibo.

"F\*ck! Her crying is f\*cking disgusting."

"She's already so old, yet she still calls herself young. How childish. She really doesn't want her face."

"Get her out of the music industry, as well as variety shows. If she appears on any of those shows, we wouldn't watch them!"

"Well said! I'm not going to buy any product that she represents for any more!"

“Don’t act pitiful.”

“Get out of the music industry!”

...

It was buzzing online. At this moment, the netizens rallied together to boycott Ying Jin.

Looking at this matter, the people within the industry thought that she should just give up. She wouldn’t be able to wash her name off this dirty secrets of hers. If she were in her twenties, people might just forgive her.

However, right now, it was virtually impossible.

Within the circle of a few singers.

“Regarding this matter, Ying Jin is done for.”

“That can’t be possible. With her position, no matter what they say, nothing can happen to her.”

“Why not? The dirty secrets have already been exposed. No matter how high her position is, it wouldn’t be of any use.”

“With Master Lin hot on Ying Jin’s tail, she won’t be able to solve this matter by simple means.”

“I really admire this Master Lin. Even though I haven’t met him in person, through this matter, I can tell that he is very valiant.”

“Stop joking around. Why don’t you go and look him up online? This guy is extremely popular and has many fans. Ordinary people wouldn’t dare to go against him. I’ve totally forgotten how Ying Jin got into this fight with Master Lin.”

“This started even before Wu Huan Yue made her debut when she first joined the competition.”

“Wu Huan Yue is really lucky to have met such someone so influential. He writes such amazing lyrics and yet he does not seem to want the money. He also looks like he is very devoted. I wonder what kind of position Master Lin enjoys?”

“Don’t spout nonsense. I don’t think anything along that line has happened.”

“Who would believe that nothing happened? Wu Huan Yue has an impressive figure. She’s beautiful and alluring. Especially that \*ss. Even us women would want a bit of that action.”

“You have a good eye.”

At the hotel.

Ying Jin looked at the discussions on Weibo. Her face was pale. She stood up fiercely and walked towards her manager.

Her manager, who was waiting for someone, saw that Ying Jin was walking towards her. She became slightly nervous, “Sister... Sister Ying.”

\*Slap!\*

She slapped her manager directly on her face without any hesitation.

“How despicable can you be? You stupid scoundrel! How dare you say this about me.”

Ying Jin was extremely furious. This was the first time she had been met with such a situation since becoming famous. In the past, she was able to tolerate the netizens’ scoldings and pretend as if nothing happened.

However, this time, she couldn’t take it anymore.

This was because this time, the evidence was exposed, and she was feeling rather lacking in confidence.

From being all high and mighty to having nothing at all. She could not stand it at all.

Just at this moment, the phone rang.

Her manager saw the notification on the phone, and weakly said, “Sister Ying, its a call from Ju Lai Mei.”

Ju Lai Mei was the company she was the ambassador for. The endorsement amount was eighty million for three years.

“Pick it up,” Ying Jin glared at her. She hasn’t entirely calmed down.

Her manager picked up the call, “Hello.”

Slowly, the expression of her manager turned to one of fear and shock.

Ying Jin asked, “What happened?”

Her manager didn’t dare to say anything. She turned her back against Ying Jin. Fearing that she’d be hit again, she carefully said, “Ying Jin, Ju Lai Mei said that you have violated their contract. Right now, there’s a conflict online asking them to terminate their contract with you, as well as to pay them back. At the same time, based on the contract, you are to pay an additional of ten million as a penalty. If you aren’t going to pay them, they said they’d see you in court.”

“F\*ck them!” Ying Jin couldn’t take it anymore. She took the ashtray in front of her and smashed it on her manager’s head.

There was a scream of agony.

Fresh blood dripped everywhere.

Chapter 745: This Was Provoking Oneself

At the venue of the ‘Strongest Heavenly Voice’.

When Lin Fan arrived at the venue, there was immediately a thunderous round of applause.

Lin Fan was shocked, and with some suspicions, he smiled, “What are you all doing? It’s as if you guys love me so much for saving the world once again.”

The crowd laughed. Someone from the audience shouted, “Master Lin! You did it too beautifully! Awesome!”

Almost immediately after, another person from the audience shouted, “You have to expose the dirty dealings!”

“Oh, so that’s what you guys are clapping about.” Lin Fan laughed. Thereafter, he waved his hand, “These so-called dirty dealings are exactly what I can’t stand the most. Don’t you guys think so? Someone who has practiced so hard and so seriously, with the potential to get a better placing, was dropped out of the competition all because of some dirty dealings. This would have cast a huge shadow of doubt in his heart. Therefore, when we are met with such a situation, we have to deal with it sternly, to let them know those dirty dealings should not exist!”

“Well said!”

“I admire no one else but Master Lin.”

“On a normal basis, Ying Jin seemed to be very honorable. Who knew she would have the ability to pull such underhanded means.”

“We have to boycott her.”

...

Listening to the noise, Lin Fan felt that he stood on the side of justice. After which, he looked directly at Liu Ying Dong who was sitting at the judge’s panel.

Ever since the Ying Jin issue happened, all he did was sit there, depressed. When his gaze met Lin Fan's, he seemed to avoid it and tried to hide away.

“Hey!”

Lin Fan was very happy. This fellow must have thoroughly experienced his awesomeness.

Looking at Liu Ying Dong's appearance, he definitely has some dirty dealings as well.

Perhaps he was afraid that his own dirty dealings would be exposed as well.

Liu Ying Dong was going frantic. He never expected that the situation would escalate to such a level. His fellow was actually able to cause Ying Jin to have her reputation swept away. Even though at this moment, he still hasn't done it, but from what he can see, it wasn't too far away.

It was only a small matter. No one thought it would develop to such an extent.

He had heard that the brand which Sister Ying was representing wanted her to pay a penalty. This was a big deal.

After all, there were certain requirements stated in the endorsement contract.

One of the requirements stated was not to do anything that would harm the image of the company, which would result in negative effects.

He had already seen the news online. The netizens had a strong reaction to this matter. Some of the companies started to take down the logos of the spokesperson in order to cut losses.

Liu Ying Dong felt that he couldn't mess around. He really couldn't mess around.

Looking around at the judges' panel, Zhao Li wasn't here as well. He didn't know what happened to her.

Zhao Li was also called out in this matter involving the dirty dealings. However, the reporters only wanted to catch Ying Jin because her reputation was higher. Moreover, Zhao Li also didn't reveal anything in front of the reporters. So there wasn't much news from her.

However, everyone knew that it wasn't only Ying Jin that was involved in the dirty dealings, but Zhao Li as well.

Huo Jian Xiang lightly tapped Lin Fan. It was unfathomable and unbelievable.

"Master Lin, you are indeed awesome. It's virtually impossible for her to get on good public relations this time."

Lin Fan laughed, "What public relations? The evidence has already been exposed. There's no way she'll be able to clear her name."

Huo Jian Xiang said with good intentions, "Master Lin, from an objective point of view, I feel that what you've done is enough. After all, if you want to stay in this circle, you can't offend too many people."

Lin Fan replied calmly, "I don't quite understand what you're saying. I didn't do anything. It's the netizens who don't wish to forgive her. I can't do anything. As for this circle, I don't have the intentions to stay for long."

Huo Jian Xiang didn't say anything else. He only casually said those words, and it wasn't as if he sided with Ying Jin. He said those words through his many years of experience and wanted to express his thoughts on the effect of this event.

Lin Fan understood him, but it didn't matter. He was originally just selling scallion pancakes.

As for the mentor job, it was already his Nth number of job.

In the broadcasting room.

"Hey, that's strange. Why isn't Zhao Li here yet?"

“Something has already happened to her. Would she still have the face to come here?”

“If she dares to come, I can guarantee you that Master Lin would hate her to death.”

“I’d support Master Lin doing hat. She isn’t a very good person, and is often very arrogant.”

At the backstage.

The deputy stage director was getting nervous, “Zhao Li isn’t here yet?”

One of the workers said, “I’ve just contacted her. She’s on her way here. However, deputy stage manager, would there really be no problem with her here?”

The deputy stage manager had a face of helplessness, “What else can we do? Unless we cancel this show.”

Not before long.

Zhao Li appeared at the venue for the Strongest Heavenly Voice.

When the audience saw Zhao Li, they immediately started jeering.

Zhao Li maintained an ordinary expression, however, she was feeling uncomparably awkward. She didn’t know what to say.

She heard the comments from the audience.

\*scoffs\*

“She actually has the face to show up here.”

“Someone that meddles with dirty dealings actually dares to turn up. Her skin must be really thick.”

“Let her leave! We don’t wish to see a mentor that has meddles with dirty dealings!”

Listening to these words, she gradually became more gloomy. However, she thought of something.

You guys don’t wish to see me? However, I have to make an appearance on this show and put up a normal act. I’ll let you all know that I just won’t leave even though you guys want me to, just so I can piss all of you off.

When she thought of this, she smiled and raised her hand. She acted as if nothing had happened, “I’m so sorry, there was a bit of delay on the roads which caused me to be late.”

The audience fumed momentarily when they heard this.

Zhao Li didn’t have a single bit of self-awareness.

Despicable. Extremely despicable!

Lin Fan looked at Zhao Li and smiled. He had played this matter regarding the dirty dealings very well. His main target was Ying Jin. As for Zhao Li, she was an extra.

However, looking at the appearance of Zhao Li, he was afraid that it wouldn’t be easy for her.

Zhao Li’s blood started to boil the moment she saw Lin Fan. However, no matter how angry she was, she couldn’t show it.

Everything that has happened till date has all happened because of that b\*stard.

If it weren’t for him, none of this would have happened.

When she thought about the group of reporters awaiting her, she felt scared.

She was in denial about losing her reputation. Ever since Sister Ying held that reporters conference, the matter didn’t end there, but instead, it became even more intense. So much so that she could just collapse.

“Teacher Zhao, why does your expression look so bad? Could it be because of the dirty dealings that caused you to look so sick?” Lin Fan asked her bluntly through the microphone.

Zhao Li didn’t expect that this b\*stard would ask such a blunt question. He even used the f\*cking microphone.

Is he afraid that no one can hear him?

However at this moment, she laughed awkwardly, “Thank you for your concern Master Lin, but I’m doing well.”

“Oh.” Lin Fan profoundly said. “Dirty and healthy.”

In the broadcasting room.

“Haha, I’m laughing my \*ss off. Master Lin isn’t giving her any face at all.”

“This is the way to do it! Zhao Li isn’t that good a person.”

“Let me ask you, are you sick?”

“Why do I feel that there is something not quite right about this “Dirty and healthy”?”

“I feel the same way.”

...

Chapter 746: I Want to Sow Discord

The competition has officially begun, and Lin Fan didn’t say much after that.

This allowed the deputy stage manager to heave a sigh of relief.

It would be a real tragedy if something were to happen just before the show started. However, now that the show has officially started, there wouldn't be too big of an influence.

However, he didn't know why, whenever Zhao Li pressed the selection button, the audience would jeer.

This jeering made Zhao Li very unhappy, but she couldn't do anything. She couldn't rage at the audience.

However, the most awkward thing happened. There was a contestant that was chosen by Zhao Li only, but the contestant immediately rejected her.

Even though she didn't say anything, everyone understood that this contestant either didn't respect Zhao Li at all, or she was afraid that she'd get scammed by her.

After all, her reputation wasn't good so no one would be willing to be her student.

Every contestant that has been selected by her before even had the thought of dying. They originally wanted to hold Zhao Li by her leg and take flight. However, they were thrown off mid-flight.

In particular, Zhang Chi was the most remorseful. She just wanted to go back in time to let Zhao Li choose once more.

She swore that if she were to be given another chance, she would definitely choose Master Lin and not Zhao Li.

After being abandoned by her student, Zhao Li's expression became gloomy. Everyone could tell that she was unhappy.

She was extremely unhappy.

The show ended.

Just as Lin Fan was getting ready to leave, the deputy stage manager rushed over in a hurry. Before he said anything, he grabbed hold of Lin Fan's hand, with an expression of gratitude.

"Master Lin, I can't thank you enough for not putting Zhao Li in a spot during the show. If not, my show wouldn't be able to go on."

Could the deputy stage manager not be grateful? He knew Master Lin's personality was one of fearlessness. If he wanted to make a scene, nobody would be able to stop him.

Hence, when the competition ended, he waited for him to thank him face to face.

Lin Fan laughed, "You're welcome. I was actually thinking of making it difficult for her, however, after I thought about it, I decided to forget it. You guys have a good television lineup here in Shanghai, and I wouldn't want to make it difficult for you guys as well."

The deputy stage manager thanked him profusely, "Thank you, Master Lin. Thank you."

From a distance.

Zhao Li looked at the deputy stage manager talking to Lin Fan. Flames could be seen in her eyes. She clenched her fist tightly.

Liu Ying Dong stood beside her, and said, "I think that you should go and talk to him, or else it'd be a huge problem."

Zhao Li sneered, "Talk to him? Where's there to talk about?"

"You can't say that. If he were to give you a bad time on stage, it'd be hard for you to get off. Moreover, this would definitely be on the news, and by then, it'll be too late."

Zhao Li became depressed. She knew that what Liu Ying Dong said made sense. However, it was impossible that she would bow down to that fellow.

However, at this moment...

...

“Master Lin, I’ll first take my leave.” The deputy stage manager said contently. He knew the answer now.

Lin Fan was all smiles and waved at him, “Have a safe journey home.”

After seeing the deputy stage manager leave, Lin Fan also prepared to leave.

“Hold on!” Zhao Li shouted from behind.

Lin Fan smiled, “Teacher Zhao, what is it?”

Zhao Li was momentarily silent, “What are you trying to do?”

“What do you mean? I don’t quite understand you.” Lin Fan asked curiously. He was putting up a confused act.

Zhao Li looked at Lin Fan. Put up a show! Continue to put up a show! Right now, she was in a bad situation, and so she had to calm down her tone.

“I admit defeat. But right now, both of us are mentors. Before today, we haven’t even seen eye to eye before, but is there a need to direct everything at me?” Zhao Li said.

It wasn’t easy for her to have reached where she was right now. She would definitely not abandon everything thus far even if they asked her to do so.

She originally thought that being on good terms with Ying Jin would bring her further in her career. But who would’ve thought that Ying Jin would be made miserable by this b\*stard in front of her?

At this time, most of the news online were regarding the dirty secrets. If she wanted to let this news die down, she would have to wait quite awhile.

But during this time, who knows what could happen?

Lin Fan said innocently, “Teacher Zhao, please don’t wrongly accuse me. I, Lin Fan, has never targeted anybody. You must be mistaken. However, I never expected that you, Teacher Zhao, being a mentor, would have such an unbearable dark history. What kind of influence do you think this would have?”

“Don’t think that nothing is happening to you right now. Before long, something big would happen.”

Zhao Li stared at Lin Fan, “What do you mean by that?”

Lin Fan shook his head, “Forget it. I’ll just explain it to you. Right now, Ying Jin is trying to make some public relations, but you, on the other hand, aren’t doing anything. When Ying Jin’s public relations are done well enough, the tides would turn, and by then, you wouldn’t be able to run away. Hence, I suggested that you should find a way to explain yourself. From what I can see, the underhanded methods used were led by Ying Jing. Hence, you should quickly turn the tides again in order to lessen the damage to you. You might even be able to get some sympathy.”

“What did you say?” Zhao Li’s expression turned sullen. She didn’t expect that this fellow would ask her to backstab Ying Jin. How much hate would she get in return?

“Teacher Zhao. You are too foolish. If I wanted to mess with you, do you think you would be able to get off the stage?” Lin Fan asked rhetorically. “That’s enough. I won’t say any more. You can go and think about it. With your current position, it’s nearly impossible for you to be on par with Ying Jin. If she were to threaten you, there’d be nothing you can do.”

After saying this, Lin Fan immediately left.

He felt rather evil that he would actually put the idea to drive a wedge between them.

If Zhao Li were to stab Ying Jin in the back, that would be very pleasurable.

However, he didn’t know that if it’d be successful. But he was rather confident that it would be.

What does friendship mean in times of personal danger like this? One would definitely want to protect oneself before all else.

Zhao Li stood rooted to the ground and just stared at Lin Fan. She was convinced by Lin Fan but she wasn't foolish.

If she were really to do that, she wouldn't have anywhere to go to either.

But what that fellow said made sense as well. Ying Jin was, in fact, making public relations. Even though the effects weren't obvious, but if one day the public relations were to be successful, she was afraid that only she'd be left.

But till then, who would be able to help her?

Liu Ying Dong walked about from the dark, "What did he say?"

Zhao Li shook her head, "He didn't say much."

She shouldn't talk about this matter for now. She would think about it when she got back.

It wasn't to say that such a matter didn't happen within this circle before. There were many examples of backstabbing.

However, this time around, the person that she wanted to backstab was very powerful. She was a senior in the music industry, Ying Jin.

If she didn't turn the tides around, she was afraid that there would be a very tragic ending for her. She had to think about it carefully. She couldn't be careless.

At this moment, Zhao Li experienced a little bit of a headache. All she could think of was going back early to think about it.

...

Lin Fan got down from his car whilst humming. He was in a good mood.

However, at this moment, something bad happened.

There were ten over burly men standing in front of him. They were all glaring intently at him.

Whatever was coming wouldn't be good.

Chapter 747: Thought of this beforehand

When he was thinking who they might be, the other party came at a poor timing.

They had ten over people who started walking towards him.

One of the men had an arrogance that could be seen in his eyes. He looked very sinister and was probably the leader of the others.

"Are you Lin Fan?" The man asked.

Lin Fan replied, "Yes I am. Who are you guys?"

The man said, "Who we are is not important. What's important is that you have to remember not to mess with what's irrelevant to you. Do you understand?"

Lin Fan shook his head, "I don't quite understand?"

The man gave Lin Fan a cold glare, "You really don't know what's good for you, don't you?"

Lin Fan also wanted to mess with the other party. He impatiently said, "Brother, you have to make more sense of the things you're saying. I have provoked many people. How would I know who I shouldn't mess with? What you're saying really doesn't make any sense, and it's putting me in a spot.

At this point, the man couldn't wait to give this guy a beating.

However, his orders were not to touch him, but only to threaten him and let him know not to speak nonsense.

This situation was very simple, and they have done it many times before.

In the past, everyone would be scared out of their wits the moment they appeared, and their faces would turn pale immediately. They would immediately kneel down and beg for forgiveness.

At this moment, the man gave a deathly stare and he gave a very fierce look "Let me tell you once more. You better be serious, or else I'd break your hand."

Lin Fan replied, "I am being serious. The main point here is you giving me a f\*cking name, if not, how would I know who you are talking about?"

The small boys standing behind this man were flabbergasted.

They never expected that someone could be so aggressive and could still maintain his cool in front of so many people. Something isn't quite right here.

The man grabbed Lin Fan by the collar, and fiercely said, "Do you want to f\*cking die? Let me tell you, use your brain when you say things in future. There are some people that you just can't mess with. If you still dare to spout nonsense, I can guarantee you, you'd die so horribly you wouldn't even know how you died."

"Why are you being so crude? Let me guess, you guys were sent by Ying Jin?" Lin Fan asked.

The man's expression changed slightly. He didn't give an answer, nor did he deny it.

They came all the way from the Northeast just to warn him.

At the same time, their orders were not to touch him.

No matter what is said, Lin Fan is still a public figure. If he were to be taught a lesson here, they would be able to connect the dots without even thinking too much about it.

However, threatening is a different story. In this society, who isn't scared of trouble. Especially for public figures, they're extremely afraid of being held by these people.

So, in normal situations, a slight treat would have a great result.

"Don't ask too much. Let me remind you, be careful what you say in future." The man angrily rebuked. He had a ferocious expression which could really scare people.

Just at this moment, Lin Fan took out his phone.

"What are you doing?" The man asked.

Lin Fan replied calmly, "You're threatening me. I have to make a police report."

"Are you f\*cking trying to die?" The man couldn't take it anymore. He raised his fist, getting ready to punch him in the face.

Lin Fan laughed. It was as if he didn't even put this man into his eyes. "I think it is you guys that are looking for death."

At this moment, Lin Fan took a stride, and with a shoulder throw, he threw the man onto the ground.

The surrounding people were astonished when they saw this. After which, they cursed in rage and rushed towards Lin Fan.

With a sweeping glance, he realized that these people actually had weapons with them!

However, that didn't matter. To Lin Fan, these people were just like dirt.

Facing these people, he naturally didn't need the knowledge of wuxia. With one Ba Gua Zhang, he KO'ed these people.

There were momentarily many screams of agony.

These ten over burly men were all beaten down by him.

Their leader was the most shocked. He never expected that his fellow would be so strong. They had so many people on their side, but yet they couldn't do anything to him.

How was this possible?

“Are you guys r\*tarded? If you guys are attempting to find trouble with me, you have to at least do your research. As the Vice-president of the National Martial Arts Association, you guys are just stupidly coming here to die. Let me ask you all, how foolish is that?”

Lin Fan shook his head and sighed. He didn't waste his breathe anymore and immediately called the hotline.

“Hello? Inspector Liu? I've been attacked at the carpark below my house. The other party has over ten men and they even had weapons hidden on them. One look and I could tell they were bad people. Hurry up and come!”

They didn't expect that this guy would actually make a police report. Some of them wanted to get up and run. However, Lin Fan would obviously not let them escape. He immediately knocked them down again.

Just making that call wasn't enough. He made another call.

“Is this Shanghai Entertainment News? I'm Master Lin. I've been attacked by several offenders at the carpark below my house. Please come over and take a look!”

“Star Daily News, I am...”

“People's Daily News!”

“Entertainment Weekly.”

Lin Fan continuously made ten over calls to news agencies. He had to blow this matter up.

It wasn't his style to hand over situations to the police. He knew that these people were sent by Ying Jin, and so he had to return the favour, or else she'd think that he was he fool.

As expected, before long.

The people who arrived first were the reporters.

When they saw the situation at hand, they were stunned. Thereafter, they immediately started clicking their cameras away.

“Master Lin, what happened here?”

“Master Lin, where are these people from? Why would they want to attack you?”

The reporters were excited. They felt that there was a huge news unfolding here.

Lin Fan had an innocent expression, “I'm not too sure why. I had just come back from the venue of ‘Strongest Heavenly Voice’ when I was surrounded by these people. They asked me to be more honest and not spout nonsense. At that moment, I was already trying to figure out what was happening here.”

The reporters said, “Master Lin, may I ask who may you have offended recently?”

This reporter's question was very obscure. He didn't mention Ying Jin, but rather, he wanted Lin Fan to answer it himself. At the same time, it gave Lin Fan an opportunity to brag.

With regards to this particular reporter, Lin Fan gave him a silent appraisal.

Well done.

I didn't waste my effort being nice to you guys.

Lin Fan said gloomily, "I, Lin Fan, has never sought to be enemies with anyone in my life. I have always been reasonable, just, kind-hearted and gratifying. Therefore, I have never offended anyone. However, recently, one of my students was involved in some dirty secrets. I took the initiative to pursue the truth, and in the process, I am afraid that I may have offended someone."

"If I really must, I would guess that I have offended Ying Jin."

As expected, when he said this, the reporters got even more excited. They directed the camera towards the burly men and asked, "Were you guys sent by Ying Jin to take revenge on Master Lin?"

The man said, "No, no!"

They had a very strong northwestern accent.

The reporters were shocked, "Did you guys hear that? These people seem to be from the northwest! Isn't Ying Jin from there?"

"That's right. Looking at this, it seems about right."

"That makes sense."

Lin Fan smiled while looking at this. Everything was going according to his plan.

It feels great.

He didn't know what would happen in the news the next day.

At the same time, he was secretly thinking.

Ying Jin, if this Master doesn't break you down, I would have lived for nothing.

The men who came to threaten Lin Fan were all flabbergasted.

They didn't think that this person would be so treacherous. Not only did he call the police over, he also took the initiative to call the reporters over.

He had obviously thought of this plan beforehand.

## Chapter 748: Don't You Think So?

Before long, Liu Xiao Tian arrived with his force.

"Master Lin, are you okay?" Liu Xiao Tian rushed over. When he first saw the group surrounding him, he thought that something had happened, but when he realized that they were the reporters, he heaved a sigh of relief.

The possibility that something would happen to Master Lin was so small that it was scary.

Others might not know of his abilities, but how could he not know?

He was basically a human-like Tyrannosaurus, that was terrifying.

Lin Fan smiled, "Inspector Liu, what can happen to me? However, for these guys, you have to take a look. Do you recognize them?"

When these burly men saw that the police were here, they began trembling in fear. They couldn't stop perspiring. Their main purpose for coming to Shanghai was to give this b\*stard a warning. To scare him a little.

They never thought about making a move on him.

However, they never thought that their opponent was so awesome that he could wipe out their entire force.

Each and everyone that came over this time wasn't ordinary. Two or three of them couldn't close their bodies up. However, in Lin Fan's eyes, they weren't even worth mentioning. That's how powerful he was.

Liu Xiao Tian looked at the people lying on the floor. With the expert eyes of his many years of experience, one look and he could tell that these people were up to no good. They had an aura of a bandit, who would most likely have their IDs checked if they were walking on the streets.

"Handcuff all of them and bring them back for interrogation!" Liu Xiao Tian waved his hand in a large motion.

To the police force, Master Lin was a treasure. Even though he wasn't an employee, but who in the force wouldn't know Master Lin?

Just and kind-hearted. He would definitely not bully anyone.

These people were blind. They actually dared to set foot in Shanghai to commit an assault.

The reporters continued to snap photos of the venue.

"Master Lin, can you repeat exactly what happened here?" One of the reporters asked.

The police also needed to write a report, so naturally, they also stood at one side to take it down.

Lin Fan organized his thoughts, "The situation goes like this. I was very tired after a long day at work and I was getting ready to get home and rest. However, the moment I got off the car, I was surrounded by these people. They threatened me, asking me if I wanted to die. They said that I continued to spout nonsense, I would die a death so terrible I wouldn't even know how I died. When I heard that, I immediately knew that these people were bad. As expected, they attacked me without rhyme or reason. As you all know, I can still protect myself since I'm the Vice-President of the National Martial Arts Association."

“Initially, I didn’t want to do anything to them. But I didn’t expect them to have weapons hidden on them. As a law-abiding citizen, how could I let these dangerous men go? Hence, I took them down and made a police report.”

...

While listening to him, the reporters kept nodding their heads.

This is huge news. It definitely is huge news!

If this were to be exposed, it would definitely attract a lot of attention!

Liu Xiao Tian said, “Bring them all away!”

With the reporters here, Liu Xiao Tian couldn’t express his closeness with Lin Fan in order to prevent them from writing nonsense.

Being employees, they were very jittery. As policemen, they were helpless in front of reporters. However, before he left, he gave Lin Fan a nod. The significance was obvious. These people would definitely be thoroughly interrogated.

Liu Xiao Tian left.

The reporters came in a hurry and left equally in a hurry. They couldn’t wait to get back and write the report.

At this moment, Lin Fan felt like the world had become a better place. Everything was comfortable.

Even though he wasn’t a trained expert, he had frightening strength. He wasn’t any ordinary hooligan. Who else but Ying Jin would have wanted to cause trouble for him?

One of the top clubs in the Northeast.

“What’s the situation with Black Bear?” A middle-aged man looked at the guy standing in front of him.

“We aren’t too sure at the moment. However, nothing could have happened to him. Black Bear is our strongest fighter, as well as the most vigilant. Warning a small public figure is too easy for him.”

The middle-aged man said, “It isn’t easy to solve Ying Jin’s matter. We have to settle the problem from the roots up. We have to make him a little more humble.”

“If this guy was in the Northeast, it wouldn’t be this troublesome.”

This guy was speaking the truth. If this were in the Northeast, no matter how awesome someone was, they would all eventually kneel down.

However, this fellow was in Shanghai. They couldn’t do much over there, or it’d be as good as setting fire to themselves.

Therefore, all they could do was to threaten and warn him. They wouldn’t touch him at all.

All of a sudden, one of the little brothers rushed in, “Godfather Liu, something happened! Black Bear and the others were taken away by the police!”

Godfather Liu didn’t say anything. One of his men beside him had a complete change in expression, “How could that happen?”

“It’s true! I just called them, but the people who picked it up were the police! I told them I was collecting their rent, then the police told me that they had committed an offense and had been locked up!” The little brother said carefully.

“With their experience, how could they be arrested by the police? This is impossible.” The man said.

“Brother Tian, I’ve heard that Master Lin is very powerful. He is the vice-president of the National Martial Arts Association. Could Black Bear have fallen before him?”

“That’s impossible. Black Bear and the rest are all good fighters. Even if the opponent can fight, he wouldn’t be able to fight ten over people.” Brother Tian said in disbelief.

Godfather Liu had a strange expression, “That’s enough. Say no more. Looks like we all underestimate Master Lin.”

Brother Tian was nervous. Those men were all recommended by him. Before this, Black Bear and the others roamed the streets. They weren’t afraid of death and their methods were brutal. They caused a lot of trouble for many other bosses. In the end, they were recruited by him. Right now, he was afraid that Godfather Liu would put the blame on him.

“Godfather Liu, you can rest easy. They would definitely not sell us out. I can guarantee it. I can also guarantee that they definitely did not hit him. Before they set off, I reminded them repeatedly not to touch him, only to threaten him.”

Godfather Liu nodded his head, “I trust in your selection. Give me the phone.”

He took the phone.

Godfather Liu made a call.

Shanghai.

When Lin Fan reached home, he laid on his sofa, trying to compose his emotions.

This matter was coming to an end. He just needed to wait for the news to come out the next day.

However, he didn’t expect Ying Jin to be so fierce that she would actually send people to threaten him. It looked as if she had no other plan.

\*Ring ring\*

At this moment, his phone rang.

“Hello? Who is this?” It was from an unknown caller. He didn’t think too much about it and just picked up the call.

“How are you, Master Lin. It seems that we have a misunderstanding. We can actually be friends.”

“Why are you so weird? Who are you?” Lin Fan was very clear who was calling. Who else could it be other than someone from Ying Jin’s side?

“People on the streets call me Godfather Liu. Master Lin, please take a step back in the matter regarding Ying Jin. Take it that I, Godfather Liu, owe you a favor. In future, if you come to Northeast, I’d welcome you personally. And if you have anything, I’d definitely not decline it. What do you think?”

Lin Fan laughed, “Are you the people backing that meddling woman, Ying Jin?”

“No, just a friend.”

“Pfft. Who are you trying to lie? Are you her lover?” Lin Fan asked.

“Master Lin, you’re asking a bit too much, aren’t you?” Godfather Liu had a bit of unhappiness in his tone. But looking at the current situation, he couldn’t do much to him.

“I’m just asking. Are you her lover? If you aren’t going to answer me, I’ll just cut the call. We won’t talk about this matter anymore.” He just loved to be nosy. If he didn’t make things clear, he wouldn’t feel at ease.

The person on the other end of the phone was silent for awhile.

“Yes. Are you happy now?” Godfather Liu answered him.

Lin Fan said, “Wouldn’t it be better if you had just admitted it earlier? However, I really do admire you. You could get your hands on someone with such a strong flavor. It seems that you have good taste. Speak your mind, what’s up?”

Faraway, in the Northeast, Godfather Liu got momentarily pissed listening to this. He couldn't wait to kill this b\*stard.

...

## Chapter 749: Come And Beat Me If You Have The Guts!

Grandfather Liu took a deep breath, composing himself. Thereafter, he continued speaking.

“Master Lin, having another friend is always better than having another enemy. Ying Jin is mine. I hope you can give me some face and forget about this matter. I'll send you a generous gift. What do you think about that?”

He wasn't scared of Master Lin, but rather, he didn't want this matter to develop any further.

If that fellow were to be in the Northeast, he could guarantee that within an hour, he would be teaching him how to be a person.

“I don't think it's good.” Lin Fan shook his head. It wasn't very eye-catching.

Godfather Liu was indignant, “What do you mean?”

Lin Fan laughed, “I don't mean anything. It's not easy to be my friend. If it was so easy for you to be my friend, then wouldn't I be making friends too casually? It's a little too cheap, don't you think so?”

It was silent through the phone.

“Hello, hello? Why aren't you speaking? Were my words too hurtful?” Lin Fan asked. “Don't take it too heart. I'm someone that speaks my mind. I actually have a sharp tongue but a soft heart. Don't take it too seriously. However, it wouldn't matter even if you did take it seriously. It doesn't matter to me.”

At this moment, Godfather Liu felt as if he was being played. His tone gradually became stricter.

“Master Lin, why don’t you suggest it instead? What do you want me to do in order for you to forget about this? Give me a condition.” Godfather Liu asked.

Lin Fan asked suspiciously, “Are you really Godfather Liu of the Northeast? The person with the powerful existence?”

Godfather Liu replied, “Yes. With your agreement, you can freely come over to the Northeast. I will settle any problems that you run into.”

“No, no, I’m not saying that I can do as I please, but I do have some suspicions. You said that you are powerful but I am merely just an ordinary person. However, you are so terrified of me, an ordinary person. How do you want me to trust you in this case?” Lin Fan laughed while asking.

“Are you trying to joke around with me?” Godfather Liu couldn’t take it anymore. “Why are you so indecent? Since I’m talking to you about this matter, we should both take a step back and look at the bigger picture. Do you really think that I wouldn’t dare to do anything to you?”

At this moment, Lin Fan laughed, “You’ve guessed correctly! You said you are a Godfather. How can you not be aggressive?”

“However, let me warn you, I’m not scared of you. Come and f\*ck me if you have the balls.”

“Don’t be too aggressive. Don’t assume that the Northeast is yours. I, Lin Fan, has tens of millions of fans in the Northeast. Do you believe that with my order, they will go and overthrow you?”

Godfather Liu replied, “F\*ck your mum!”

Lin Fan retorted, “F\*ck you dad!”

Godfather Liu threatened in retaliation, “Do you want to die?”

Lin Fan answered, “That’s right. I want to die. Come and f\*ck me then!”

Godfather Liu said, “You... You...”

Lin Fan interrupted him, “Don’t “you...you...” me. Come f\*ck me if you have the guts and shut up if you don’t. Master Lin of Cloud Street will be here waiting for you. I’m hanging up. It was good talking to you. I’ve recorded the entire conversation. See you on Weibo!”

Godfather Liu said furiously, “You f\*cking dare to...”

\*Beep Beep\*

The busy tone came through the phone.

In the private room, Godfather Liu furiously smashed the wine bottle in front of him. He had a sinister look in his eyes and his blood was boiling. He has never met such an indecent person.

He was inflexible and extremely aggressive.

“Godfather Liu, what’s the situation with Sister Ying?”

They listened to the conversation from the side. They didn’t expect the other party to be so thick-skinned and so treacherous. He even dared to record the conversation. Wasn’t he scared of revenge?

Or was he just plain stupid, thinking that he’s better than he actually was?

Godfather Liu looked gloomy. They weren’t too sure if Godfather Liu had already thought of a plan to solve this problem.

...

Shanghai.

Lin Fan was elated. Since it was so fun to play, he would just blow up the matter even more.

Who cares about “Godfather Liu”? They had no relation at all. He could just simply record the conversation and upload it on Weibo. However, he couldn’t do it now. He had to wait for the news to come out the next day.

The night passed.

Godfather Liu kept looking at Weibo. He didn’t see the recorded conversation being uploaded. He heaved a sigh of relief. Looks like this b\*stard knows what he should do, and what she shouldn’t do.

However, when he told Ying Jin what happened, Ying Jin was shocked and frightened at the same time. She kept screaming that something has happened.

After which, Ying Jin used everything in her ability to buy the news from the reporter. But how would this be possible?

No matter how awesome she is, it would be useless. This was because Lin Fan practically informed every news company in Shanghai!

Moreover, some of the bigger new companies didn’t even care about Ying Jin. Why wouldn’t they expose such a big news?

The next day!

There was a huge wave on the internet.

“Ying Jin’s heart is filled with bitterness! Sent men to surround and threaten Master Lin at night!”

“Shock! Ten over burly men attacked Master Lin at night! Master Lin is refreshed!”

“The secret of Ying Jin and her dark side!”

“Just how powerful is Master Lin? Ying Jin practically can’t take it anymore!”

These news companies had very good headlines. They have readers their many endless desires.

The netizens were thoroughly shocked the moment they opened the news.

“F\*ck! This meddling woman is so vicious. She sent people to threaten Master Lin!”

“She can’t be a fool, right? Doesn’t she know who Master Lin is? His strength is incredible.”

“I’m dying of laughter. The ten over burly men were taken care of by Master Lin and are now locked up the police station.”

“Ying Jin is too shameless. As a public figure, she actually dares to do such a thing.”

“She can’t wash her name off this matter, she definitely can’t. If she manages to do so, I’d have squandered my entire life on Ying Jin.”

When the matter was published, the netizens became extremely excited.

Weibo.

Tieba.

Forums.

Whether it was a small news channel or a large platform, everything about the matter was exposed.

The dirty secrets have not even passed and yet another major matter has happened.

After Zhao Li’s conversation with Master Lin, she had always been thinking about how to get out of the situation. After reading the news today, she started feeling nervous.

If she were to push the blame entirely onto Ying Jin, then wouldn’t she be fine?

Ying Jin had a mafia boss to back her up. However, she was just an ordinary public figure. She definitely wouldn't dare to retaliate. The netizens would surely forgive her.

At this moment, Zhao Li started to hesitate.

If she were to do this, she would definitely cut all ties with Ying Jin.

...

In a hotel.

Ying Jin was soon going insane.

"How could it become like this? All these news media are all despicable! Why would they report it like this? They don't even have any evidence to prove that it was I who gave the orders!"

"Where did you go? Get over here immediately!" Ying Jin held her phone and called her manager. However, what made her even more furious was that her own manager had already left.

"Scum! How dare she betray me?" Ying Jin went mad. After a while, she calmed down and began to strike back.

Weibo.

Ying Jin: "This is all nonsense talk. I, Ying Jin, am a law-abiding citizen. I wouldn't dare to do such a thing. There is definitely someone out there trying to deliberately sabotage me. I have already got my lawyer to help me find my justice!"

The moment she sent out this Weibo, she was immediately beaten down by Lin Fan.

Lin Fan was just waiting for her to attempt to clear her name before releasing the recording. This would make things safer.

Weibo.

Lin Fan: “Last night, someone called Godfather Liu gave me a call. She’s the guy backing Ying Jin. The recording is attached. Everyone try to picture it.”

When this Weibo was sent out, the netizens were all enraged.

Ying Jin stumbled onto the ground. She was made a fool.

## Chapter 750: She’ll Do Anything To Save Herself

“D\*mn! Master Lin is really vicious. This is simply offending the Godfather!”

“Haha! I’m dying of laughter. Ying Jin is suffering the consequences of her own actions, and she’s still trying to fake it!”

“Who’s this Godfather Liu? He’s so awesome that he can actually pick up Ying Jin. He’s the model for all guys.”

“Master Lin is too amusing. If it were me, I’d be infuriated to death! I’m begging to see Godfather Liu’s psychological shadow.”

“I’m an advanced mathematician. By my calculations, Godfather Liu’s psychological shadow takes up about 99%. He’s going to blow at any moment.”

“Ying Jin does in fact have a dark side.”

“This Godfather Liu is really arrogant. He actually dared to say that he can run wild in the Northeast. Which government would ever allow that?”

“I’ve seen people entrap their fathers, mothers and even sons, but I’ve never seen anyone entrap themselves.”

“He got tricked by Master Lin. Never ever threaten Master Lin, or else, you’d never know what the outcome might be.”

...

The recording came out and the netizens exclaimed crazily.

For the netizens in the Northeast, they were incomparably excited. They immediately left a message on Lin Fan’s Weibo.

“Master Lin, come and save us! We have already made arrangements for your arrival.”

“Come and save your righteous fans! We want to end up like Qingzhou.”

“I know this Godfather Liu. He’s a very powerful person here. He has a very deep history, and nobody dares to provoke him.”

“Is Master Lin looking to die? He even dares to provoke such a powerful boss like Godfather Liu.”

...

Ying Jin was thoroughly stupefied. She didn’t expect the situation to turn out like this. This b\*stard actually dared to upload the recording. He wasn’t giving her a way out at all!

Ever since she made her debut, although the smaller news companies made reports on her background, they were mostly false and they didn’t say much as well. But now, everything was exposed.

As a public figure, she unexpectedly has such a reputation. It was completely disreputable. She was afraid that she wasn’t too far from being shut out.

Previously, no one discovered anything, and hence nobody could do anything.

However, right now, everything was revealed. The evidence was conclusive. Even if she did want to save herself, she had the mind to do so but lacked the strength. They also couldn't do anything to the citizens.

At this moment, Ying Jin still didn't want to give up. She gave a call to Godfather Liu.

"Save me, you really have to save me. Or else, I'll be finished." Ying Jin began crying bitterly as if she no longer cared about her image. She couldn't be finished like this, or else she would be useless.

At the same time, she couldn't bear to part with everything she had in the circle now. She could get whatever she wanted. How could it all be gone just like this?

Godfather Liu didn't say anything. This was because he had also just been warned. He didn't expect that that b\*stard would actually put out the recording of their conversation so fearlessly.

In the Northeast, he wasn't the only one in charge. With the problem that just occurred, it has also affected the interests of many others. Where would he find the mood to care about whether or not Ying Jin could stay in the music industry.

Finally, Ying Jin cut off the call. She had already got the answer. Godfather Liu couldn't do anything.

At this moment, her biggest supporter came crashing down. He couldn't help her, so who else could she find for help?

At this moment, Ying Jin gave Lin Fan a call. This was her last straw of hope.

The call got through.

Ying Jin said, "Master Lin, I beg you. Isn't it enough that I've admitted my faults? Can you please delete the recording, I can't lose everything that I have."

Lin Fan replied, "Teacher Ying, I don't even know what you're talking about."

“I beg you. I’ll do whatever you want. I beg you to please delete that recording. Regarding this matter, I’m at fault. Is that enough?” Ying Jin was resentful, but right now, all she could do was bow down, or else no one would be able to help her.

Lin Fan said, “I can’t delete the recording. I’ve been threatened by people from the secret societies. I have to expose them. It’s a pity. I didn’t expect that their head would be Teacher Ying.”

Ying Jin just couldn’t take it anymore. She shouted in rage, “Mister Lin! Are you really in a hurry to shut me off? Even if I don’t have anything left, I’m still going to give you a difficult time.”

Lin Fan answered calmly, “Okay. I’ll be waiting for you on Cloud Street.”

After which, he cut the call.

“I’ll f\*ck your mum!” Ying Jin scolded madly.

Cloud Street.

Lin Fan was laughing. He was elated. When facing such wicked people, he’d definitely not back down, for he is now the much loved Master Lin.

Fraud Tian was reading Weibo with great interest, thereafter, he turned his head, “Aren’t you being a little too harsh. This matter has blown up. Aren’t you scared of being beaten up.”

Lin Fan laughed out loud, “With my capabilities, I’ll respect anyone who can beat me to death.”

“Awesome!” Fraud Tian gave him a thumbs up. He envied his attitude of having no self-doubt. If he had this mentality in the past, he wouldn’t have set up a stall on the overhead bridge to tell the fortune of others.

Wu You Lan asked worriedly, “Brother Lin, would everything be okay? I know this Godfather Liu. He came to find my father for this fortune to be told once. He’s very powerful in the Northeast.”

Lin Fan replied, “You can rest easy. Nothing will happen.”

Zhao Zhong Yang had been live-streaming the entire conversation, “Brothers! Did you hear that? Our Lin Fan is just too strong. No matter how powerful the other party is, he has no fear!”

“Awesome! My Master Lin.”

“Master Lin is my idol. I just wish that Master Lin would speak two sentences to us.”

Zhao Zhong Yang tilted the phone towards Lin Fan, “Brother Lin, speak two sentences to everyone!”

Since he had always been live-streaming inside of Lin Fan’s shop, Zhao Zhong Yang has become the live-streaming specialist. This was all because of Lin Fan’s existence. Sometimes he would live-stream Elder Dog’s movements, which attracted even more fans.

Lin Fan took the phone, and facing the camera, he said, “Dear brothers! I am Master Lin! Do you guys miss me?”

“We miss you! We miss you to death!”

“I think of Master Lin whenever I sleep. When I wake up, my underwear would be wet.”

“Seeing that Master Lin has been up to something, I cannot help but worry.”

...

Lin Fan laughed, “Right now, the situation on the internet isn’t stable. However, it doesn’t matter to me. I’ve been threatened by others, so how can I possibly endure it? Don’t you guys agree with me? We all live under the same flag. There are plenty of righteous officials facing off with these evil people. My aim is for you guys to have dry pants when you take it off.”

“Amazing.”

“Listening to Master Lin’s one sentence saves ten years of reading.”

“Indeed! We all live under the same flag. For the future of our successors, how can we be threatened by these clowns?”

“For justice, I will stand on the same side as Master Lin.”

“Brothers, let us band together to fight these evil people!”

After messing around with the netizens in the live-streaming chat room, he decided to check up on the situation by reading the Internet.

However, at this moment, something unexpected happened.

Zhao Li actually backstabbed Ying Jin. It seemed that she feared that there was a turn of events, and wanted to find a way out quickly.

This made Ying Jin have thoughts of killing herself.

Weibo.

Zhao Li: “I have let down everyone. Regarding the dirty secrets two years ago, I admit that I have taken part in them. However, at that time, I really didn’t want to do it. However, Ying Jin received the money, and if I didn’t get the money as well, the outcome wouldn’t be something I could endure. Right now, I’m extremely regretful. I have donated this sum of money to Project Hope. I have also donated the contract fee of Strongest Heavenly Voice. This is all to make up for my mistakes. I hope that everyone would be able to give me another chance. Thank you.”

When this Weibo was sent out, it attracted a lot of attention.

Lin Fan was flabbergasted when she saw this new.

“She really f\*cking cut the ties, all just to save herself.”

However, even if it was like this, the netizens also forgave her.
