

Valiant Life 751

Chapter 751: One After Another

When Zhao Li sent out this Weibo, everyone had read it.

Everyone in the entertainment circle took notice of it.

Everyone in different large circles started talking about it.

“Something serious has happened today.”

“Indeed. Ying Jin was completely involved in public opinions. None of the public relations dared to take over from her. It couldn’t be over just like this, could it?”

“It isn’t a good time to talk about it now. However, it was mostly completed. But right now, Zhao Li has stood out, and has pushed everything onto Ying Jin.”

“Scary. Master Lin is too scary. He’s obviously not in the circle of people, yet he could actually force Ying Jin into such a state.”

“Lucky for me, I’m an actor. If we were in the music industry, we’d have to be really careful.”

“Where are the people who were previously clinging to Ying Jin? None of them dares to come out and speak out for her.”

“As of right now, whoever dares to speak up is a fool. In any case, we have to remember to be polite to Master Lin when we run into him. He is very vicious and doesn’t follow the rulebook.”

“That’s exactly right. Ying Jin is backed by Godfather Liu of the Northeast. It is impossible for ordinary people not to give face to him. As everyone heard from the recording just now, he simply does not give any face to anyone.”

...

This event is probably the most talked about news in the entertainment industry.

When have we ever seen a senior in the music industry get entrapped to such a state?

When Ying Jin saw Zhao Li's Weibo, her face turned solid green. It was as if she lost her soul. She didn't expect to get backstabbed by one of her own.

She made a call.

It got cut.

She tried calling again.

It got cut.

Zhao Li was feeling empty. She didn't dare to pick up Ying Jin's call. But this had to be done. If she didn't push the responsibility away to get the forgiveness of the netizens, she was afraid that after they chased Ying Jin off the stage, she'll be next.

However, Ying Jin kept calling, one after another. Zhao Li hesitated for a long time, but finally decided to pick up the call.

Immediately after she picked up the call, she could hear Ying Jin shouting over the phone.

"Zhao Li you sl*t! How dare you betray me."

"You f*cking sl*t. You actually dare to do such a despicable thing?"

...

All sorts of vulgarities starting coming out from Ying Jin's mouth.

Zhao Li was also on the verge of exploding in rage. In an instant, she furiously shouted, “Ying Jin, please mind your words. When have I betrayed you? That was exactly what happened. If it weren’t for you, I wouldn’t have received this sum of money.”

“I, Zhao Li, don’t owe you anything! The matter has already happened, and I’m merely stating the facts. I’m hanging up. Don’t ever contact me in future.”

smash

After hanging up the call, she realized that her heart was pumping very fast. She didn’t know where she got the courage to talk back to Ying Jin. Moreover, after she said those words, she felt that she had finally put down a stone that has been weighing on her chest.

“Sl*t! F*cking sl*t!” Ying Jin was crazily smashing things around her. She never expected that of all people, Zhao Li would betray her as well.

After her fit, she lifelessly laid on her sofa, feeling as if she was finished. She didn’t know what she could do.

Everyone was closely following this matter. To them, this might just be more interesting than any movie.

However, before long.

Something else happened.

This led to Ying Jin giving up all the fight left in her.

On Weibo.

“I am Ying Jin’s manager, but that was all in past. This is because I can no longer stand it. Ying Jin has a violent personality. She hits me whenever she wants. She has dirty secrets involved in every variety show that she has participated in before. For every participant that she doesn’t like, she would do her best to suppress them, not giving them any chance at all. For example...”

This Weibo was extremely long. When it was first published on Weibo, it didn't quite attract the attention of many. However, within a short span of time, it was discovered by others that this was Ying Jin's manager's Weibo, and the netizens began re-posting it.

"D*mn, I didn't think that Ying Jin was so vicious. She actually beat her own manager till such a state."

"Look at her face, it's practically ruined. She's a really vicious woman."

"Ying Jin should get out of the entertainment circle."

"That's right. She should be blocked."

"I support blocking."

The information that Ying Jin's manager exposed was more vicious than any others. She completely exposed all of Ying Jin's dirty secrets.

Ying Jin would never have expected in her life that her manager, whom she saw as weak in her eyes, would ever dare to do such a thing.

After she got beaten by Ying Jin, she went to the hospital.

The doctor diagnosed that even after the wound on her face recovers, it would leave behind a very deep scar.

To any women, they wouldn't be able to tolerate this. Especially if they haven't been married. If she looked like this, she wouldn't be able to find a husband in future.

When a cowardly person rages, she would be scarier than anyone else.

Ying Jin would never be able to come back after all the responsibility was thrown onto her.

At night.

At the venue for Strongest Heavenly Voice.

When Lin Fan appeared, the crowd cheered extremely loudly.

“Master Lin, you did well this time!”

“Haha! Ying Jin is suffering the consequences of her own mistakes! She shouldn’t even think of washing her name of this.”

The audience was very excited.

Lin Fan smiled while waving his hand. He didn’t take this matter seriously. In his view, it was just a small matter, and it wasn’t worth being in the limelight for.

Before long.

Zhao Li also appeared, but the audience didn’t say anything.

The audience was normal and Zhao Li heaved a sigh of relief. The only thing was that she felt extremely frightened looking at Lin Fan.

She was now scared of facing Lin Fan.

Lin Fan realized that Zhao Li was looking at him, and he couldn’t help but smile.

He didn’t expect this lady to be so vicious. Even though her method of pushing the blame was rough, it was done well. The netizens were all very kind-hearted. When they realized that Zhao Li knew she was in the wrong, as well as donating a huge sum of money, they briefly forgave her.

However, from their perspective, if Master Lin were still to be angry with Zhao Li, they would definitely support him.

Liu Ying Dong ran into Zhao Li. He had a strange look in his eyes. He didn't expect that Zhao Li would actually dare to backstab others.

In order to protect himself, he decided that he would temporarily cease all contact with Zhao Li.

This matter was made a huge deal. Practically everyone in the entertainment circle knew about it.

Everyone in Shanghai TV was panic-stricken. It was lucky that they managed to switch Ying Jin out of the show, or else, the outcome would be unimaginable.

The host went up the stage. Previously, he could be a bit more casual with Lin Fan. However, now, he was a bit more cautious. He didn't expect Master Lin to be so harsh and actually dared to break Ying Jin down.

The show started.

"Let's welcome the contestants up the stage!"

Lin Fan sat at the judges' panel. He realized that the situation today was a little different.

Both the contestants and the host were more respectful towards him. He could tell just from the conversations with them.

However, he decided to forget it. He was an easy-going person, but others were actually scared of him.

Even though he didn't usually follow the rulebook, he was still kind-hearted.

He just didn't get it.

The next day.

There was an announcement from a company.

The announcement was regarding a blocking.

After an entire day of processing, it has finally come to an end.

The involved department couldn't take it anymore. In order to appease the popular opinion, they deciding to go through with the blocking of Ying Jin.

This was the first time the department was blocking an important figure.

They took down all the endorsement, songs, movies, etc, never to be seen again.

Moreover, the blocking process was still kept hidden.

However, when Ying Jin found out about this, she felt extremely giddy.

She was finished.

She was completely done for.

Chapter 752: Task Accomplished

At Cloud Street.

Lin Fan looked at the news on his phone and for a moment, he was really lost for words.

“She was blocked very quickly. It looks like this situation is turning out to be pretty major.”

He didn't expect that the relevant department would act so quickly. The situation only reached its peak yesterday, and they only issued a file to block her today. This does not give Ying Jin any chance to use her connections.

Wu Tian He said, "In the first place, this situation was already pretty major. Ying Jin is the empress of the music industry. She can be classified as a very famous public figure. Moreover, this is done using underhanded means, as well as involving the use of illegal activities. They will definitely try to resolve this as soon as possible, or else it'll affect the public opinion."

Lin Fan was flabbergasted, "Does that mean that I provoked a powerful person?"

Wu Tian He said, "Yes, you definitely provoked a VIP. Godfather Liu of the Northeast has deep-rooted strength in that area. Now that he has been exposed, he would probably be trying to use his connections to resolve this situation. However, from my understanding, once he resolves the situation, they will definitely look back and start to deal with you. I recommend that you don't leave Shanghai."

Lin Fan waved him off and said, "I'm not afraid of that. What I'm asking is if this Godfather Liu of the Northeast is a powerful person?"

Wu Tian He nodded and said, "Yea, he is definitely a powerful person."

"That's good. As long as he is a powerful person then that is good. I was still worried that I would have nothing to do. There are countless fans in the Northeast waiting for me to save them," Lin Fan laughed and said. He has never been afraid of offending these big shots but was only afraid of offending ordinary people.

If he did, then he would be accused by others of bullying smaller people.

Wu Tian He was a little dumbfounded. He did not quite understand what Master Lin was talking about.

Could he be thinking of challenging Godfather Liu?

This...

Wu You Lan was a little worried and said, "Brother Lin, how about you just listen to my father and leave Godfather Liu alone?"

Zhao Zhong Yang also nodded and said, “Yes, yes.”

They were just ordinary people. They had never seen such dangerous things before and also did not want anything to happen to Lin Fan.

“Okay, let’s not talk about this anymore. At the moment I haven’t thought about doing anything to him. We’ll have to look at the situation,” Lin Fan smiled and said. He had a lot of things to do right now.

The matter regarding the Nanshan Children’s Welfare Institute has not been settled yet. There was also the “Strongest Heavenly Voice” which has not yet been completed. He definitely did not have time to argue with this Godfather Liu.

On the Internet.

“Beautifully done. It’s good that she has been blocked.”

“This time the broadcast has handled it well. All my grievances in the past have been all written off.”

“I won’t talk bad about the broadcast anymore.”

“I finally don’t have to see Ying Jin anymore.”

“According to reports, Ying Jin has already left Shanghai and it looks like she is going to the Northeast.”

“F*ck, we don’t welcome her in the Northeast.”

“I’ve already prepared a basket of rotten eggs to assault her with at the airport.”

“^ Brothers, you guys are awesome.”

“Just stay low-profile.”

...

The discussions online were buzzing. They were all discussing about Ying Jin.

Some of the smaller celebrities were in some sex-scandals but Ying Jin had covered it up. As a result, these small celebrities were very grateful towards Ying Jin.

However, at this moment, a notification from the Encyclopedia popped out.

“Encyclopedic Points +1”

“Encyclopedic Points +1”

...

Ah!

Lin Fan was stunned. Then there was a smile on his face. Could it be that those kids have already got the essence of it?

As expected.

Before long, a notification finally came in.

“Landscaping task complete. Encyclopedic points +20.”

“The major class of plant-cultivating knowledge has been unlocked.”

“Unlocking the seventeenth page of knowledge. Since it is the seventeenth page of knowledge, a specialty of someone near the host will be chosen.”

“Ying Jin has a huge amount of resentment towards the host. As a result, the major class of music knowledge will be unlocked (With the Encyclopedia’s Mythical Boost).”

“Task: To win over the audience.”

“Reward: Encyclopedic points +20, unlocking of the eighteenth page of knowledge.”

“Note: Since it is a small class of knowledge, there is no need to be involved in the profession.”

“Current Encyclopedic points: 4980”

After listening to the Encyclopedia’s notification, he only had one thought in his mind.

D*mn it, Ying Jin you b*tch, why do you hate me so much?

F*ck, it’s musical knowledge.

I never thought that I would have to go down the path of music.

Helpless, this is really too helpless.

“You guys take care of the store, I’m going out for awhile,” Lin Fan said. He was going to Nanshan Children’s Welfare Institute to take a look. He never thought that during this period of time, the children would actually accomplish his mission.

Furthermore, this increase in Encyclopedic points was unexpected.

It increased by a large amount of 60 points. This shows that there were 60 little kids that understood it.

This was beyond his expectations.

At the Nanshan Children’s Welfare Institute.

When Lin Fan arrived there, he saw the changes to the institute and was stunned for a moment. These children were actually really amazing.

“Uncle Lin!” Lil’ Fatty rushed over. Then he pulled Lin Fan’s hand and said, “Uncle Lin, come and see the flowers that Lil’ Fatty has grown!”

At this moment, there was a whole bunch of children. Some were holding watering cans and some were holding trowels to plow the soil for the plants. They also had their gaze fixed on the plants. If they saw any pests on them, they would remove it with their hands.

All of them looked very serious.

Director Huang was very curious about these flowers, “Master Lin, where did these plants come from? How could they blossom so quickly?”

Director Huang had been with Han Lu in the Institute all this while. They had personally seen these plants grow every day and the thing that surprised them was that these plants all blossomed very quickly and their rate of growth was very fast as well.

It didn’t make any sense.

Needless to say, Lin Fan couldn’t tell them that it was from the Encyclopedia, so he had to come up with a fake explanation. It did not matter whether they believed it or not. All he needed was for himself to believe in it.

“The Institute is so different now. I didn’t even have to step in before I could smell the nice fragrance,” Lin Fan smiled and said.

Director Huang nodded, “That’s right, the smell of these flowers are really strong. It has given the Institute so much more color.”

Lin Fan felt very gratified after looking at this. The children’s lives were very fulfilling now. Drawing in the morning and taking care of the flowers in the afternoon. This was cultivating the capabilities of the children so it was pretty good.

“Master Lin, I want to talk to you about something.”

After a while, Han Lu came to Lin Fan’s side. With regards to Han Lu, Lin Fan also did not know what to say.

This guy had changed a lot and everyone could see his capabilities at the Institute.

“What’s up?” Lin Fan asked. No matter what, Han Lu was still one of his friends.

Han Lu said, “This is how it goes. I am getting ready to sell my boxing studio and focus wholeheartedly on the Institute. In the past, I was filled with youthful vigor. I liked to fight and challenge people. But right now, I feel like what I am doing is of no value. Even if I beat other people, all I gain is some reputation. I love it here at the Institute and I want to focus my entire heart on it.”

Lin Fan looked at Han Lu. For a moment, he did not know what to say. However, he did not really approve of that.

“Have you really thought this through?”

Han Lu nodded and said, “I’ve thought it through. A boxing studio needs someone to take care of it and I don’t have the time. Also, all these years, I’ve earned a decent amount of money and it is enough for me.”

Lin Fan said, “If you stay here all the time, how are you going to find a girlfriend?”

Han Lu laughed and said, “That is not a problem. I will find a like-minded person. If I really can’t find anyone, then I’ll just be like Director Huang and be single for life.”

At this moment, Lin Fan was a little suspicious. He was wondering what kind of light did Han Lu see that actually made him make such a big decision.

He knew that the boxing studio would have no problem earning a few hundred thousand in a year and right now he actually was thinking of selling it off. He was really going to stay with the Institute until death.

Lin Fan patted Han Lu on the shoulder and said, “As long as you’ve thought it through then it’s fine. I can guarantee you that as long as you don’t want to leave, I won’t kick you out of the Institute.”

Han Lu laughed and said, “That’s good. I have very deep feelings towards these children.”

Lin Fan laughed.

...

Chapter 753: The End Of The Competition

After a few days.

The rating of the ‘Strongest Heavenly Voice’ finally broke into the top 5.

This was all thanks to Ying Jin. If it weren’t for Ying Jin bringing about so much discussion, this rating definitely would not have broken the top 5.

To the viewers of Shanghai TV, Ying Jin had finally done something good.

On the scene.

“Master Lin,” Zhao Li had become a lot better recently. She was so welcoming when she saw Lin Fan. There wasn’t that aggressiveness that was there initially.

Ever since Ying Jin left, she had surprisingly turned over a new leaf. Although there were still people online who hated her, a majority of them had forgiven her. This made Zhao Li surprised and happy at the same time.

She felt that all her efforts had not gone to waste.

Of course, the situation would not be settled that easily. Her reputation within the circle was affected after she betrayed Ying Jin. However, even so, Zhao Li felt pretty satisfied.

When Liu Ying Dong found out that Ying Jin had been blocked, he gradually started to communicate with Zhao Li. When things were starting to happen, the first thing he thought about was to protect himself.

Now that Ying Jin was done with, he was not apprehensive about this anymore. At the same time, he had become more honest. When he saw Lin Fan before the competition started, he was also very respectful and not impudent like before.

Everyone in the circle knew that Master Lin was a vicious man who did not speak much. He was even able to deal with Ying Jin. If he wanted to deal with them, it would be easy to do.

However, everyone felt that Ying Jin's bitter experience was quite a pity. It was not easy to climb up to such a high position and then collapse to the bottom in a flash, out of everyone's sights.

The possibility of her turning over a new leaf and coming back was very low.

This situation had a very big impact. This was especially so since her manager had stabbed her in the back, exposing many dirty secrets. Ever since then, those who had been implicated fiercely before rushed to start repairing public relations, hoping that this situation will have as small of an impact as possible.

However, are the netizens id*ots?

Couldn't they see that something was fishy?

...

“‘Strongest Heavenly Voice’ is already in the finals. I don't want this to end!”

“Yes, I did not think that time would pass so quickly. I still want to see Master Lin continue performing.”

“Who do you guys think the champion will be this time? I feel that Master Lin is simply the beneficiary of the students and he has four amazing singers in his hands. Also, I feel that they are the best sounding contestants in the whole competition.”

“It’s definitely Master Lin. Have you not seen who is Master Lin?”

“I feel that Chen Rui An has the highest chance of winning.”

“I feel that Chen Rui An has the best chance. At the start, he had a cold and he still sounded so good. Now that he’s recovered, he sounds even better.”

“Why so anxious? It’s going to start soon. The finals are tonight.”

...

The presenter Cui Wei was already on stage. At this moment, he felt a huge amount of pressure. ‘Strongest Heavenly Voice’ was different from anything he had ever hosted before.

Especially this Master Lin who frequently came up with different things.

“Dear audience, today is the finals of the ‘Strongest Heavenly Voice’. All four of Teacher Lin’s contestants have reached the finals. Teacher Zhao has two students and Teacher Huo and Liu only have one. Who is the one with the strongest heavenly voice? We will have to find out.”

“Now let’s invite Teacher Lin’s student Chen Rui An on stage!”

...

Chen Rui An was very happy to reach this far. Even if he did not win, he would not be hurt.

It was his dream to be able to sing on stage. Also, he was able to get the guidance of Teacher Lin. Although the results were not out yet, he had already managed to sign a contract.

“Go Rui An! We love you.”

There was a huge applause. Throughout this period, Chen Rui An had gained quite a number fans.

In the face of the applause from his fans, he waved them off and indicated to them that he would do this best.

Wang Ming Yang was sitting on the stage. Since it was the finals, he was also on site. He wanted to see how the people his brother had chosen would turn out.

Chen Rui An was decent looking and had a good aura about him, making Wang Ming Yang very satisfied. Just as long as he could control himself and push himself, then that would be enough.

Wang Ming Yang was in a lot of industries. The estate industry was becoming more saturated, and as a result, he started to shift his gaze towards the entertainment industry, ready to earn a lot of money.

Although he had a lot of talented people under him, the number of performers were pathetic.

Only Xu Zi Le and Wu Huan Yue were good enough.

Thus, the talents in his hands were definitely far from enough.

...

Huo Jian Xiang turned and looked at Lin Fan and said, "Teacher Lin, who do you think will be the champion this time?"

Lin Fan laughed and said, "Do I still need to think? It's definitely going to be one of my students."

Huo Jian Xiang shook his head and said, "I don't think it's certain. My students are every bit as good as yours."

"You only have one student who made it to the finals, what guarantee do you have?" Lin Fan confidently said.

Huo Jian Xiang helplessly said, “If it wasn’t for all the students wanting to go to you I would have more than one who would make it to the finals.”

Lin Fan also helplessly said, “That can’t be helped. I’m too charming.”

Huo Jian Xiang wanted to puke. This was a bullsh*t type of charm. If not for him going out and directly signing contracts with them, these students would not be flocking towards him.

However, all these didn’t matter. They were just the mentors. Whoever got the champion didn’t matter and as long as they did their job well it would be good enough.

As far as whether the ‘Strongest Heavenly Voice’ would have a second season, that was uncertain. However, given the current reception, there was a good chance there would be.

It’s a miracle for a singing competition to break into the top five in ratings during this time.

Of course, everyone could see that this miracle was related to Master Lin. If it weren’t for Master Lin, the ratings definitely would not have reached such a high level.

Today was a night of merriment. A countless number of people were at their television and computer screens, all wanting to know which student would be the champion.

Approaching the end.

The host, Cui Wei was standing on stage.

A countless number of people were holding their breaths as the champion was going to be announced.

Lin Fan took the microphone and shouted, “Little Cui, don’t stall any longer, hurry up and announce it, everyone is so anxious.”

Everyone cheered along.

“Yes, hurry up and announce it, we are all so anxious.”

“Stop stalling.”

“Don’t go into another commercial, it is killing me.”

The thing about the ‘Strongest Heavenly Voice’ which annoyed people the most was that every time, at the most critical time, they would have a commercial break. This made them want to kill the organizers.

However, this time, Cui Wei was very quick.

“Okay, since Teacher Lin has spoken up, I won’t stall any longer. The champion is...”

“Chen Rui An!”

There was a huge uproar.

Everyone in the crowd started to get excited.

Lin Fan laughed and applauded, saying, “I said it already. The champion will definitely be from my group and you did not believe me.”

Zhao Li and Liu Ying Dong were somewhat disappointed but weren’t too sad.

Even though they announced the second and third places, but compared to the first place, people definitely did not care as much. However, to the contestants, they were already very satisfied.

Chen Rui An stood on stage. His expression was of complete happiness and excitement.

“Thank you, Teacher Lin, thank you, everyone, thank you,” Chen Rui An was so emotional that he was about to cry.

He never thought that he would actually become the champion.

Chapter 754: A Little Worse Than Me

Next were the prizes for the mentors. To all the spectators, the ‘Strongest Heavenly Voice’ had ended too quickly and they just couldn’t bear it.

Master Lin especially couldn’t bear it. This was the first time that he had participated in such a long variety show and the feeling it gave him was amazing.

However, the variety show was coming to an end.

The presenter said, “The contestants part of the ‘Strongest Heavenly Voice’ has concluded. However, I’ve just received the news that the spectators don’t want it to end and wish for it to continue. As a result, for our closing program, we will have the 4 teachers sing for the audience to end off the show.”

When this sentence was spoken, all of the audience got excited.

On the web.

“This is so awkward. Master Lin looks like he isn’t able to sing.”

“That may not be true. Master Lin is so good at producing music, how can he not be able to sing?”

“Makes sense. I can’t wait for it to start.”

“I bet 10 packs of Spicy Stripes that Master Lin’s singing will be the worst.”

“^ The first half of your sentence moved me but the other half makes me want to hit you to death.

“Yes, don’t lose faith in our Master Lin. Although I don’t really believe in him, I’m still very eagerly awaiting it.”

...

On the scene, Lin Fan was a little awkward. He did not think that there was this closing program. Could it be that the Heavens deliberately arranged this?

They knew that he had opened up a new class of knowledge and wanted him to show it off on stage.

If it really was like that, then it could be quite fun.

Huo Jian Xiang had a sinister smile and said, “Teacher Lin, how’s your singing? Although my students weren’t able to beat you, but I definitely won’t lose to you on stage.”

Lin Fan glanced over and said, “You’ll definitely lose. My singing is amazing. Once you hear it you’ll feel like crying.”

Huo Jian Xiang shook her head, and said, “I don’t believe that. Based on your voice when you talk, your throat is actually not bad. However, if you want to beat me, it’ll be very tough.

Zhao Li and Liu Ying Dong were looking forward to it and both hoped to beat Lin Fan on stage. Although they lost to him in other fields, this was now their field of expertise.

To be able to stand out in the music industry, their voices were definitely very good. Even better than that of the contestants.

The most important thing to a singer is their voice. Although their position in the music industry wasn’t low, they did not smoke or drink alcohol. They were constantly taking good care of their throats so as to let it always be in peak condition.

They were not like that Ying Jin who always smoked and drunk. Her throat was long gone already.

She was just hanging on by her status only.

If they were to really sing together, Ying Jin's current state could not even match up to any of the students.

The host said, "Let us have Teacher Liu on stage."

Liu Ying Dong was very confident and calm, having no signs of fear at all. He stood on the stage with a large smile on her face and said, "Although my student did not become the champion, however, as a teacher, I have to uphold my position. Thus, this song is for everyone out there."

The audience were all eagerly waiting.

They never thought that after listening to the students compete that they would be able to hear the voices of the big shots.

Although Liu Ying Dong was not a very loud person, you cannot help feeling that his voice was unique, could stand out and had a good origin.

His voice was a little hoarse but nonetheless, that was his distinguishing feature.

The audience were all lost in his music. At this moment, the entire venue was in silence.

When Liu Ying Dong was done, the audience applauded him.

"Amazing. It's really too amazing."

"This song is worth hearing a hundred times."

"Today is really a blessed day, to actually be able to hear him sing live."

Liu Ying Dong smiled and was very satisfied as he left the stage.

When the students all heard the teacher's voice, they were all in admiration. They thought that their singing was very good but when compared to the teacher's they were still very far off.

They realized that there was still a long way to go on their journey and they needed to keep working hard.

Zhao Li went onto the stage. Although there were many in the audience who did not like her, but as much as they hated to admit it, her voice struck them harder. It brought about a lot of emotions.

When she was done, the audience was not stingy in giving Zhao Li any applause.

When Zhao Li heard this applause, she felt like crying.

She also felt that if the shady business had not been settled, she wouldn't know what she would do.

She loved everything she had right now and she loved the sound of the applause from the audience. If she lost all of that, she did not know how she could keep going on.

In the end, there was a thread of glistening teardrops at the corner of her eye as she walked back towards the judges' panel. At the same time, she vowed never to get involved in any more shady business.

Huo Jian Xiang smiled and said, "How are you feeling Teacher Lin?"

Lin Fan laughed and said, "Not bad, all of them are not bad. However, I feel like they are still a little bit below me."

"Brag, keep bragging. I'm next up on stage. Looks like the Shanghai TV wants you to be the finale," Huo Jian Xiang smiled and said.

Right now he was very convinced about this Master Lin.

That he was very awesome.

To be able to take care of Ying Jin, he could not help being convinced.

However, he was still not convinced about him in the music field yet. He had to give a good performance and show his true artistic abilities.

Lin Fan said, "Teacher Huo, I'm eagerly waiting for your performance. Don't disappoint me."

"You'll hear my voice in a moment."

When Huo Jian Xiang appeared, the audience was even more eager.

A lot of the audience grew up listening to Huo Jian Xiang's songs.

In this generation, everyone knew Huo Jian Xiang. Even right now, in KTV, everyone would be singing his songs.

For the actual person to be on stage today, everyone was all eagerly awaiting his performance.

When Huo Jian Xiang stepped onto the stage, he said, "Greeting audience, come give a loud applause. I was just talking to Teacher Lin just now and I have to show my true artistic ability and let him know that I, Elder Huo, maybe old but not old at heart and my voice has even more flavor now."

"Haha."

"Teacher Huo is really very funny."

"When Teacher Huo was young, I was already listening to his music. His character was like that even back then."

"I can't wait for this. He has to put pressure on Master Lin."

This song, even now, was still not old. That simple voice really showed the true flavor of the lyrics.

To the audience, it was a pleasure.

All the past memories were coming back to them.

One song finished.

Lin Fan clapped for him and said, “Teacher Huo, you singing this has put a lot of pressure on me.”

Huo Jian Xiang relaxed his voice and then smiled and said, “Now you know how good I am.”

Lin Fan laughed and said, “Even though I know it now, you still can’t beat me. There is still a small gap between us.”

The audience sighed. They were not trying to taunt Lin Fan but it was just too funny.

“Teacher Lin is lost in his own confidence. No matter how bad it is later, we should still just applaud him.”

“That’s right. I’ve never heard Master Lin sing before. I should count myself as lucky this time.”

“Do you guys think that Master Lin’s voice will be good or not?”

“You guys are thinking too much. This Master Lin is not a singer, how can he compare with these professionals?”

“But that’s not right. The music Master Lin has produced is amazing, how can he not be able to sing?”

“Producing music is producing music. It is different from actually singing.”

...

The host said, “Next, let us have Master Lin.”

Lin Fan got up and had a smile on his smile. Then he waved to the audience and walked up the stage.

The presenter said, “Master Lin, what are you going to sing?”

Lin Fan confidently said, “An original piece.”

The entire audience was stunned and then burst out in cheers.

“D*mn, Master Lin is actually going to sing an original song.”

“It’s been awhile since Master Lin has made an original piece.”

“Yes, I never thought my luck would actually be so good.”

“I’m very excited.”

The host said, “Master Lin, what instruments do you need?”

Lin Fan said, “Wait a moment, I’m thinking about what to sing. To accompany this? I don’t need anything. I’ll go acapella.”

There was an uproar.

Huo Jian Xiang looked at Lin Fan and was dumbfounded. He never thought that Master Lin would go acapella. He really must be a little overconfident.

Liu Ying Dong and Zhao Li looked at each other and helplessly laughed.

To see someone with so much confidence was rare.

However, they were all very eager to hear what this original piece was. Whether it would be a masterpiece like the ones before.

Chapter 755: This Is Too Scary

Lin Fan took the microphone and then looked at the audience below and said, "I've written a few original songs that were very welcomed by everyone. However, as for singing, this is my first time. You guys can relax. I guarantee it won't be too terrible."

"Master Lin, no matter how bad it is we will still love it."

"That's right, everyone give him a round of applause!"

Someone took the lead.

Then, the entire scene erupted in applause.

Zhao Li and the rest of them lamented Master Lin. He was too popular.

He wasn't even part of their circle but yet had the love of everyone. What kind of secret did he have?

At Haojiang.

Yun Xue Yao had her eyes locked onto the television.

Some of her girlfriends next to her laughed and said, "Xue Yao, you keep watching this show every day and care about that Master Lin so much. Is he your boyfriend?"

Yun Xue Yao laughed and said, "You guys are right, he is my boyfriend."

Her best friends were all the daughters of rich and famous people in Haojiang. As a result, they naturally just came together and became friends.

In private, Yun Xue Yao was no different from any other girl. However, in work, they were not the same anymore.

She watched the ‘Strongest Heavenly Voice’ every day and would not miss an episode.

Especially since today was the finale, she felt a little sad as she would not be able to watch it on television anymore. As a result, she treasured this episode even more.

...

At the scene.

Lin Fan was finding lyrics in the Encyclopedia.

He didn’t even know which song to sing.

In the end, he just chose one from the best-sellers chart.

This is the one.

“The next song ‘Kiss Goodbye’ is for all of you guys,” Lin Fan smiled and said.

According to the description from the Encyclopedia, this song was pretty awesome. It had received a lot of awards and had sold over 2.5 million copies in the market.

It was rather unbelievable.

Also, this song was written through the collaboration of the five top producers. It was definitely not an ordinary song.

Since it was an acapella, there were no accompanying instruments.

Before Lin Fan opened his mouth, everyone was all clueless as to how it would be.

But Lin Fan knew that once he opened his mouth, it would definitely scare people to death.

This was because when he had received this knowledge, he had also gained the ‘Encyclopedia’s Mythical Boost’.

As long as there were these three words, the knowledge would be unbelievable and would scare everyone.

Lin Fan took a deep breath, calmed his feelings down and then opened his mouth.

“Our past stories have become clouds and smoke, dispersed right before our eyes.”

The sound in the hall that was present before all disappeared.

Everyone all stared at Lin Fan with their eyes wide open, looking on in disbelief.

He did not have any accompanying instrumentals at all but when they heard Master Lin sing, it gave them the feeling that there were.

The feeling of sadness and beauty was shaking their spirits.

There was a sort of mysterious force penetrating their eyes and attacking their spirits.

Huo Jiang Xiang opened his eyes wide. He was an expert, but when Master Lin opened his mouth, he was equally dumbfounded.

Right now, he was thoroughly astonished, so much so that he thought it was rather unimaginable. You could even say that it was impossible.

“Even as we’ve said “goodbye” to each other, I don’t see you feeling sad at all.”

“All that you’ve given to me, you didn’t mean from your heart.”

...

The audience were all sucked into it. They did not know why, but as they listened on, they had an indescribable feeling. It stirred some mysterious emotions at the bottom of their hearts.

Then, Lin Fan became even more engrossed in his song.

The situation at the scene had a massive change.

“Why is it that I can’t control myself from crying?”

Everyone had the same thoughts in their minds. They were trying to hold it back.

However, it was becoming harder and harder to hold back. Finally, someone gave in.

Some of them started crying.

...

At an Internet cafe.

One of the network managers was wearing earphones and watching the ‘Strongest Heavenly Voice’.

He was initially very happy watching it, but now, he had unknowingly started crying.

One of the staff members, who was a soft young girl, saw that this big man next to her was crying and felt intoxicated. However, when she saw this tears flowing out, she kindly passed him some tissues.

“Clean your tears. What happened to you?”

However, the man did not reply. His eyes were fixed on the show.

The girl was pissed.

She was trying to comfort him and he actually ignored her. Was he tired of living?

Then, she gave the man a push. She pushed a little too hard and his earphone was knocked off his ears.

“What are you doing?” the man roared. “I am listening to a song. It is really very emotional.”

All of a sudden.

Since his earphones had been knocked off, the sound was pouring out from it.

The Internet cafe that was in a frenzy was suddenly quietened down.

Some of them were busy playing DNF and were enthusiastically playing it. However, they suddenly stopped what they were doing and were thoroughly affected by the music.

In the game.

“What are you guys doing? Attack them!”

“F*ck, select quickly. We can’t defeat them.”

The man snapped back to life but then, he tossed his earphones aside and was crying while playing his game.

“What’s going on? Why is this song so nice? Everyone that’s listening to it is crying.”

It was not only him that was experiencing this.

The surrounding people in the Internet cafe were like this also. They had all immediately turned their games off and quietly sat there, listening to the song and crying.

In a small district.

Some parents saw that their child was playing computer games and crying at the same time. They were dumbfounded. They had no idea what was going on.

This was a scene that was happening all over the country.

Especially in some small restaurant.

There was a television hanging from the wall that was showing the ‘Strongest Heavenly Voice’.

The initially noisy restaurant had suddenly quietened down.

The diners heard the sound coming from the television and one by one, they were lost in it. They were drinking alcohol and crying at the same time.

When the people walking along the street outside saw this, they were all stunned. They had no idea what happened.

...

On the scene.

Lin Fan’s voice was still echoing around the scene.

The three of them, Liu Ying Dong, Zhao Li, and Huo Jian Xiang all had their mouths wide open.

They felt that this song had hit a nerve somewhere inside them.

They did not know why but as they listened more, they felt even more hurt. Their eyes also slowly became redder.

After awhile.

The song finished.

Lin Fan opened his eyes and when he saw the entire scene, he was completely stunned.

D*mn, what is going on?

Who made all of these people cry?

Then suddenly, he thought of it.

Could it be because of him?

Although this music class was awesome, but even so, it could not make people cry. There could only be one possibility. It was caused by the Encyclopedia's Mythical Boost.

At this moment, Lin Fan smiled and then he grabbed on to the microphone and said, "So, what do you guys think about it?"

Huo Jian Xiang waved him off and said, "Don't speak anymore, let me relax."

Zhao Li and Liu Ying Dong were like that as well. When the song was finished, they slowly calmed themselves down.

They did not know why, when they heard this song, they couldn't hold back their tears.

"Too amazing."

At this moment, the audience erupted.

“This is the best song I’ve ever heard.”

“Too emotional. It made me cry.”

“Master Lin, can you add the accompanying instrumental in? I think it’ll be even more beautiful like that.”

“Yes.”

“Sing it again.”

“What am I going to do if I can’t hear this song again?”

At this moment, everyone did not dare to believe that there was such a sound in this world. All those godly singers were nothing compared to this. They were not even fit to lace his shoes.

This song doesn’t belong in the human realm, but rather, it was that of a goddess.

That sort of feeling was simply indescribable.

Lin Fan definitely would not sing again. This closing performance was just to let everyone see the power of a master.

This wasn’t something you could listen to as and when you like.

Why hasn’t the Encyclopedia task been completed?

Did I not sing how I was intended to?

That shouldn’t be the case.

Forget it, I will not think about that anymore.

I should not sing too lightly anymore. The Encyclopedia's Mythical Boost is really too scary.

Chapter 756: I Am Very Low-Key

Everyone was still lost in his voice and they could not break themselves free.

Lin Fan felt that he better not disturb everyone. He just quietly got off the stage. However, the moment he took a step, everyone immediately reacted.

The audience went into a frenzy. One by one they stood up and shouted loudly.

“Sing another song!”

“You can't do this. You have to be responsible to us!”

“That's right. One song is definitely not enough, you have to sing another!”

From the start till the end of the ‘Strongest Heavenly Voice’, the audience had been very normal all the while. They did not act in any dramatic way. However, right now, they could not control themselves.

Even as teachers, Huo Jian Xiang and the rest of them were astonished when they heard Lin Fan's voice. They thought that Teacher Lin had a very normal voice and never thought that he had been hiding his true voice and they never thought that he was this amazing. The voice that came out of his throat completely shocked the entire scene.

After just one song, he had managed to strike a nerve deep inside them and they could not control letting their emotions pour out.

If Teacher Lin were to get into the music industry, how would anyone else be able to survive in it?

It was a little scary thinking about that.

Even after he saw the audience was in such a frenzy, Lin Fan was still very calm. He picked up the microphone and said, “Everyone please calm down for a moment. For today, I’ll only be singing one song. If there are other chances in the future, I’ll sing again. The ‘Strongest Heavenly Voice’ has come to a wonderful end. I’ll pass the time over to the host.”

After which, he got off the stage.

“Don’t leave.”

The audience was extremely bitter and hateful. They had not heard enough and yet it was already over.

To the audience, they were all thoroughly stunned.

They could guarantee that they have never heard any voice like that before. That sort of sound was like a drug. Once they heard it, it was very hard to forget.

When they closed their eyes, their mind would be filled with that particular familiar sound.

This whole event has extremely unforgettable. It made them rejoice to be able to be here on the scene. If they weren’t here today, they would have lost their one and only chance to see it.

The host Cui Wei did not think that after Teacher Lin’s song, the entire scene will turn out like that. However, he could not help but admit that Teacher Lin’s singing was too bewildering and magical.

Even though he was standing at the backstage, he could not help crying.

Backstage.

The deputy stage manager was extremely dedicated to his job. Even if 'Strongest Heavenly Voice' was very popular, he would still go for the shows. The only thing is that he was scared that something might happen on the scene.

After the last song today, he swung his fist with all his might and said, "Ignition! We have finally ignited this show! In the last performance of the show, we have finally reached the peak!"

The deputy stage manager was very excited. Even he was crying after that song. Also, the atmosphere here at the scene had reached his peak and he did not want to think what was going to happen next.

Yet inwardly, he was extremely astonished. To make people cry from singing was not something easy. For those shows that had the audience all in tears, it was the effect of the show trying to pull an act.

However, right now, it was different. He did not know why he wanted to cry. After listening to the lyrics, he could not hold back his tears.

This sort of feeling was very wonderful.

...

The host Cui Wei said, "The 'Strongest Heavenly Voice' has reached its end. Thank you to the teachers and the contestants for their brilliant performances. For more brilliant performances, stay tuned to Shanghai's TV network."

The 'Strongest Heavenly Voice' which had set the rating record for Shanghai TV had reached its end.

Originally, there definitely was not going to be such a huge shock. However, after Lin Fan's song, the show completely changed in an instant.

Zhao Li said, "Teacher Lin, the song that you sang was really too amazing."

Lin Fan calmly smiled and said, "It's not bad."

Huo Jian Xiang was standing at the side and said, “The lyrics were amazing, but the most amazing thing was your voice. I never thought that Teacher Lin’s voice was actually so nice. It has a certain magical power that is capable of touching your heart.”

Lin Fan laughed and he did not know how to reply.

This was all the power of the ‘Encyclopaedia Mythical Boost’. If not for the Mythical Boost, he would not have been able to get such a huge response.

After Wang Ming Yang heard the song, he rubbed his eyes and then couldn’t wait to rush next to Lin Fan, “D*mn brother, why didn’t you tell me you could sing this well? If you told me, I wouldn’t need anyone else. I’d just need you to come up with a few songs and take the world by storm.”

“Low-key, low-key” Lin Fan was very humble. “If I were to open my mouth and sing more, do you think that other people will have a chance to make a living? If it were not for me being in this program, I would not have sung today.”

Wang Ming Yang grabbed Lin Fan and said, “Come, let’s go now.”

“Go where?” Lin Fan was stunned. Wang Ming Yang was a little fanatical. The look in his eyes was pretty scary.

Wang Ming Yang was very excited as he said, “Where else would we be going? We are going to my office. Once you sign the contract, you’ll become the greatest artist ever. You can release albums and songs to fight against the world.”

“F*ck, what are you trying to do? I have no interest in singing,” He was not as fanatical as Wang Ming Yang. This b*stard was really thinking too much.

However, what he was saying did make sense.

With his abilities right now, if he were to release an album, he would be famous worldwide.

But was Master Lin the type of person who loved being high-profile?

He was definitely not.

What's the situation with the task now? Why hasn't he accomplished it? He was getting anxious from waiting.

“Don't be like that! Brother, think about this carefully. The two of us working together, there will be no one who can challenge us. Let me tell you...” Wang Ming Yang saw that his brother was going to leave and he immediately rushed after him.

Huo Jian Xiang and the rest of them saw the two of them walk away and could not help but sigh.

Especially Huo Jian Xiang who thought about what he said before. For a moment, he felt rather embarrassed.

Wasn't this just someone displaying his slight amount of skill in front of an expert?

He still said that he could beat him in the field of singing and yet, in the end, he was thoroughly beaten.

Thinking about it, he felt a little awkward.

Haojiang.

Yun Xue Yao cried till she was broken into pieces. She didn't even know where her girlfriends ran off to.

One of the girls coyly said in a sarcastic tone, “Xue Yao, why is your boyfriend's singing so good? He made everyone cry. My birthday is next month, can you get him to come down and sing?”

Yun Xue Yao was dazed. She was clearly lost in thought.

She thought back to the song she had just heard. It was really too good.

However, she didn't refute her girlfriends for saying that he was her boyfriend. Regarding that issue, she hasn't forgotten about it yet and would always remember it by heart.

...

Shanghai.

Fraud Tian said, "Sh*t, this kid's singing is actually so amazing. Even I, an old timer, have been brought to tears. This is beyond understanding."

Wu Tian He was very old and wouldn't get emotional as easily as the youngsters these days.

However, under the power of the Mythical Boost, his old heart also became emotional.

Lin Fan didn't know that the song he sang today made many people cry. As long as they heard his voice, they would not be able to escape.

The Encyclopedia's Mythical Boost was really too scary.

It was very scary and many people feared it.

...

Chapter 757: The Internet is Flaring Up

The next day.

The news was blowing up online.

Originally, even if the 'Strongest Heavenly Voice' were to become popular, it still would not have such a large scale report on it. However, it was different today. The entire Internet was filled with news about the 'Strongest Heavenly Voice'.

A few of the townfolks opened their phones and were given a scare.

This Shanghai TV must have too much money. They actually bought so much news space. Is there really a need to?

Even if it was the finale, they need not be so fierce.

‘The ‘Strongest Heavenly Voice’ had a perfect finale. Master Lin sang a ‘Kiss Goodbye’ that made the entire audience cry.’

‘What kind of magical power does Master Lin have? To actually be able to make everyone cry.’

‘Shock! Yesterday, every part of the country had many residents in endless suffering. The reason was actually that of...’

‘The magical voice has appeared, stunning many people.’

‘Master Lin has produced a miracle. If you don’t listen to this song you will regret it forever.’

...

The whole news was filled with such of news. Everyone was stunned and did not know what happened. How could something so scary happen?

Did the authors eat the wrong medication today?

‘Strongest Heavenly Voice’ had already ended, the champion had already been crowned. However, the thing that made people feel pretty awkward was that there was very little news regarding the champion.

In the morning, Chen Rui An happily looked at the news. When he saw that it was filled with news about the ‘Strongest Heavenly Voice’ he was very happy. However, when he took a closer look, he realized that it was all about Master Lin and was momentarily dumbfounded.

What in the world was this?

Was he not the champion? Why didn't he see any news about himself?

He felt like this till he saw a small article about him in the news. Chen Rui An could not help but feel gratified and happy. He did not care, as long as he was on the news, that was enough.

The main page on Weibo.

"D*mn, this Master Lin's voice is really very scary.

"Haha, ^ do you feel like dying after listening to it? I had good foresight and did not listen to it. If not, I would not be able to sleep afterward."

"What are you saying? You actually haven't heard it yet? I think you'll regret that."

"Master Lin's singing has left me completely speechless. How is such a sound possible?"

"Oh Heavens, oh Mother Earth, please save me. I'm an old man and I haven't cried in 10 over years. Last night I actually cried like I was breaking down."

"F*ck, you guys are too fake. Regardless of how good it is, it can't possibly be like that."

"If you don't believe it you can go listen to it for yourself. Once you're done, you'll understand."

At some office.

Wang Hua was a regular office worker. When he was bored, he would browse Weibo. When he saw the main page and saw all the news, he was stunned.

Which bigshot is so awesome? To actually be able to dominate the headlines just like that.

What kind of song is so amazing to be able to make people crying after listening to it? Who are they trying to cheat?

There were several discussions talking about how good the song was but he still refused to believe it.

Master Lin was proficient in many other fields, but how could also be amazing at singing? It was a normal thing to play music in the office, as long as it wasn't too loud that it would not disturb the other colleagues.

However, he still gave his colleagues a heads up.

"I'm going to play a song. If you guys feel it isn't nice, then tell me," Wang Hua said.

Some of his colleagues momentarily laughed and then said, "Who's song is it?"

"Master Lin's."

Wang Hua did not say much and started typing on his keyboard. He searched for a moment and was able to find the song.

This was from a big shot who just cut out the part of him singing from the video. The title of it was even more amusing.

'While trying to get this clip, I ended up breaking down in tears. After listening to it, please give it a like.'

What made Wang Hua more cautious was that the comments below were pretty mysterious and confusing.

"Already liked it."

"You're awesome."

“It’s amazing. I was crying while listening to it and the people next to me thought I was crazy.’

‘I’m begging you, are there any more songs from him?’

Wang Hua shook his head. These people were really exaggerating. What kind of song would be so amazing to such an extent? A group of exaggerating b*stards. Then, he started playing the song.

There were no accompanying instrumentals.

There was a moment of complete silence.

Suddenly, a sound started to come. At that moment, Wang Hua was in disbelief and was completely stunned.

Originally, there were some of his colleagues typing on their keyboards. However, slowly, the sound of typing started to disappear and everyone was all attentively listening to the sound.

They felt more and more emotional as they continued to listen to it.

Wa!

They started crying.

Wang Hua rubbed his eyes and there were actually tears.

This was a feeling that he simply could not control. The sound had struck a nerve and had hit him at his weakest point inside.

The song ended.

The office was momentarily in silence. Then, some of his colleagues hurried to ask, “Wang Hua, what is the name of this song? How come I’ve never heard it before? It is really too good.”

Wang Hua finally understood what the people online were saying.

This song really had some indescribable magical feeling. This was not to say that this song had anything supernatural about it, but it was the voice that was impossible for them to resist.

“This is Teacher Lin’s ‘Kiss Goodbye’ from ‘Strongest Heavenly Voice’. It had no accompanying instrumentals and this was not some music channel but just some segment in a TV show.”

When his colleagues knew about the song, they hurried to go and search for it and played it over and over again.

Gradually, everyone was sucked into it.

...

Online.

There were several big shots in the music industry who woke up and realized the Internet was buzzing.

Also, they were all buzzing about Shanghai TV’s ‘Strongest Heavenly Voice’.

This made many of them feel uncomfortable. The show had already ended and should not continue to be blowing up. There were several celebrities who went on Weibo to express their opinions, saying that they were against this.

Some of the celebrities who already dominated the headlines were even more expressive with their displeasure when they realized that their spot in the headlines had been stolen.

Furthermore, some of the big shots in the music industries were unhappy with these headlines.

Best sounding voice!

Most moving lyrics!

The best in the music industry!

And so on.

When they saw that this title was being thrown to an outsider, they were extremely unhappy.

There was no number one when it came to literature but there was in martial arts.

To them, singing was like literature.

Whether it was the god of singing or the worst, no one dared to say they were the best in the field of singing.

This was because when it came to judging a song, some people will like it and some will not. Opinions were always different. So even if the song got good results, they will still be very humble about it.

But now, there was actually someone claiming to be the best in the music industry.

At this moment, they could not control themselves.

In the chat group of people in the music industry.

“This is too arrogant. The best in the music industry? I feel like laughing.”

“Nowadays there are all sorts of people in this world. Just ignore this.”

“I’ve already flamed them on Weibo. Are there really people that are this arrogant?”

“Even if it’s Master Lin, he also can’t be that arrogant. We have to properly subdue him.”

The discussion on the chat group was very intense. With regards to this issue, they did not approve of it and they also felt especially annoyed.

But at this moment.

“Fellow teachers, have you guys heard this song yet?”

“Nope.”

“Why should I listen to it?”

“How good can it possibly be? I’ve been in the music industry for ten over years, I’ve heard all kinds of lyrics already.”

“Teachers, I suggest that you guys listen to it first before giving your opinions if not you guys will be giving yourself a bad reputation.”

“Kick this b*stard. Don’t boost his ambition while extinguishing our might!”

“I’ve kicked him already.”

The group leader had already kicked him out of the group.

However, the famous singers in the group, in the end, decided to just listen to it.

Once they heard the song, the originally rowdy group quietened down. Not a single person said a word.

The few famous singers who had flamed him on Weibo suddenly deleted their posts. It was like nothing had even happened.

Chapter 758: Everything has been settled

Cloud Street.

When Lin Fan arrived, he was surrounded by all the shop owners.

“Little Boss, you have to take responsibility for this.”

“Yes, we supported your show but then you made us cry. This is not justifiable.”

“I suggest that you sing for us again. Then we will be able to write off your debt.”

Lin Fan stared at them with his mouth open.

“What are guys trying to do? You guys want to listen to me sing? Are you all not doing business anymore?”

He felt very helpless towards these neighbors that liked to get in on the action. Wasn't it just him singing a song? Why did they have to make such a big fuss?

“I'm willing not to do any business just to listen to Little Boss sing a song.” one of the shop owners said.

“Sh*t,” Lin Fan was feeling a little impatient. They were so aggressive and making such a big fuss. “Everyone scram, I'll do it another time.”

He could not help feeling that this situation had taken a very unexpected turn. He had also seen that situation online and realized that this whole scene was a little scary.

In the past, he only wrote lyrics and did not sing.

To others, it did not really draw them in. However, after last night's trouble, all the netizens started to think of him and wanted him to keep coming up with music.

He himself did not want to become a famous singer. His ultimate goal was to just take care of this small store, sell scallion pancakes to sustain himself and then cause a surge at the Nanshan Children's Welfare Institute.

Where did the simpler days go?

He'll never get it back again.

However, last night, that b*stard Wang Ming Yang almost tormented him to death.

In the end, he had no choice but to give in. He agreed to finish 'Kiss Goodbye' with the accompanying instrumentals and publish it. And from this onwards, he would not disturb him again.

He felt that this task would be accomplished as quickly as a rocket.

At this moment, the townsfolk all came over, queued up and prepared to buy the scallion pancakes.

Lin Fan laughed, "Everyone please don't be anxious, it's coming soon."

The townsfolk said, "Little Boss, how about you don't sell scallion pancakes today? You can sing us a song and we will leave."

Lin Fan was stunned. Will something like that work?

However, he felt that he couldn't do that as he still had to sell scallion pancakes.

If not, how will he pay the rent every day?

"I'm not going to sing today. The song should be coming out in a few days time. When it does, you guys can listen to it online," Lin Fan said.

"Really?" some of them refused to believe him.

Lin Fan replied them, “Why would I lie to you guys?”

Very obviously, when the townsfolk heard this, they got extremely excited. They had really been fascinated by Little Boss’ song and they could not wait to hear it every single day.

After hearing his song, they felt that all other songs were not interesting anymore.

After he had finished his work, Lin Fan could finally relax.

“You guys look after the store, I’m going out for awhile,” Lin Fan instructed them. Then, he got into his car and headed towards where Wang Ming Yang was.

He wanted to just quickly get this recording over and done with. When he was finished with it, his task should also be completed.

He knew that the Encyclopedia’s mythical boost was strong but he didn’t think that it would be this strong.

Merely just one song and it had such a huge impact.

At the Eastern Group.

“Hello, Master Lin,” the receptionist saw Lin Fan and immediately stood up.

Lin Fan smiled and said, “Is Director Wang here?”

“Yes, he is,” the receptionist said.

Lin Fan nodded, “Okay, keep doing your job, I’m going to go up myself.”

To the receptionist, she definitely recognized Master Lin. It was the boss’ good friend. So when he came here, naturally there would be no obstructions for him.

Especially since a countless number of people had heard the song that Master Lin sang last night.

She herself had naturally become a fangirl of Lin Fan.

Wang Ming Yang gave a sheepish laugh and said, “Who’s bothering you? We are brothers. No one else can do this other than you. However, to be honest, your song is extremely amazing. You are my man.”

“Okay, okay, stop it. Is everyone here already?” Lin Fan asked. His main purpose was to get the accompanying instrumental for ‘Kiss Goodbye’, record it perfectly and put it online.

Wang Ming Yang said, “When I’m handling things, there’s no need to worry about anything. The people were here a long time ago. Come, let’s go to the office.”

In the office.

The staff were all busy at work. When Lin Fan entered the scene, he could clearly feel that the staff were looking at him differently, like they were filled with admiration.

“Teacher Lin.”

“Hello, Teacher Lin.”

...

Although Lin Fan was young, his abilities went without saying. They really admired him.

“Everyone, sorry to bother you guys. I’ll write the scores for the accompaniment down and then you guys can play it,” Lin Fan said. Then he took a pen and a piece of paper and started writing down the scores for the accompaniment for ‘Kiss Goodbye’.

Everyone fixated their gaze on him. Some of them gasped. They were all extremely astonished.

“Done,” Lin Fan said as he put his pen down.

Wang Ming Yang was stunned and said, “That’s it?”

Lin Fan replied, “What else do you want?”

Wang Ming Yang said with astonishment, “If we add all of this then won’t this song not be a godly song anymore?”

A staff member said, “Actually, the song is very good. However, besides Master Lin, I’m afraid no one else will be able to reach this level. Also, other singers probably won’t dare to cover this song. There are many good singers here and none of them dares to touch it.”

To the staff members, they already considered themselves to be lucky to be able to see such a godly song.

Also, to some of these singers, even if they wanted to sing it, they would not dare to as they would only embarrass themselves.

The original piece was very strong. They definitely wouldn’t want to humiliate themselves.

Lin Fan said, “Okay, let’s work together.”

“What?” The staff were stunned. “Master Lin, you know how to operate these as well?”

Lin Fan smiled and said, “Of course. If I didn’t know how to, what else can I play with?”

The staff members didn’t say much but they had their doubts.

However, after a while, one by one, they started to believe him.

When they got to work, they realized that Master Lin was really disgusting. He was actually better than them. He had zero problems with all the different types of equipment.

Being more experienced than the experienced. It was really scary.

Wang Ming Yang was very proud. That was what his brother was like. All knowing and being awesome at everything.

He didn't even know if there was anything this guy couldn't do.

One hour later.

The accompaniment was done.

All of the staff looked at Lin Fan in shock. If it were them, it would have taken a few hours to do. But right now, he had finished it in this short amount of time. If they were to tell others about this, it would scare them to death.

Especially since the accompaniment was already very good, but Teacher Lin was not satisfied with it. He decided to redo it. To them, the accompaniment he did initially was already very good.

His expectations were really too high.

If it were them, they would not have such a high expectation.

Chapter 759: My Chance To Be Alone And Free

In the music studio.

All the preparations were in order.

Outside the studio, it was filled with people waiting eagerly. They did not know what the song would be like after adding the accompaniment and they were very curious.

Lin Fan lifted his hand and gave the 'ok' signal.

The accompaniment started playing.

Lin Fan closed his eyes and slowly opened his mouth.

The expression of the staff members changed in an instant. The feelings of grief inside them were being drawn out.

At that moment, everyone was in tears.

The people outside stayed calm in the face of this weird sight. They could not hear the sounds while standing outside but when they saw the expression of the staff members, they knew that the emotions the song gave were even stronger now.

"Too good," one of the staff members exclaimed. He could not hold back his tears. Even so, he still had to do his job.

If outsiders saw this, they would definitely be very shocked. They would feel that this was exaggerated.

Lin Fan felt that the song was even better now. Especially when it reached the main part of the song. Even he himself felt some changes in his feelings.

The song finished.

It was a perfect ending.

Lin Fan put his headphones down and smiled and said, "How was it? Let's listen to it again."

The staff members who were sitting on the chair and listening were still in a daze. It took them awhile before they managed to react.

“It’s nice. It’s really very nice. It’s even better than the version on the show without the accompaniment. I felt that my emotions were going to jump out of my body. It really made people unable to hold back their tears. This is the best song I’ve ever heard in my life.”

“No, I think we should be talking about his voice. I think no matter what song Teacher Lin sings, it will still reach this height.”

When everyone heard this, they were all extremely stunned.

It was really too much.

Wang Ming Yang did not really care much about anything else. He just immediately broadcasted the song.

When the song played, everyone abruptly shook.

No one said a thing. They could not control themselves and were lost in the lyrics.

Wang Ming Yang said, “Sh*t, they’ve already heard this so many times and yet they are still the same every time.”

Lin Fan saw the situation outside. He just quietly watched on and waited for them to finish listening.

From the top to the bottom, no one could resist the magical power of this song.

When the lyrics were finished.

Everyone was all lost in the ambiance. Then suddenly, they erupted into a applause.

Wang Ming Yang was even more excited as he grabbed onto Lin Fan’s shoulder. He said, “Brother, this is really amazing. How about you become a singer? I’ll immediately be your manager and we can break into the worldwide music industry.”

Lin Fan patted Wang Ming Yang on his hand and said, "That's enough. You b*stard, all you think about is selling me. Now that this song has been recorded finished, there's nothing else for me to do. I'm going to leave. Oh, yes, put this song online for me."

Wang Ming Yang was stunned. He replied, "It's such a nice song. Why don't you release it as an album?"

Lin Fan waved him off and said, "There's no need. Put it online first. If you really want to release it in an album then you can do so."

Right now, he was only concerned about completing his task. So much so that he did not care about whatever benefits that this song could give.

In any case, he was indifferent to it. It wasn't a very big loss.

If it was any other person, Wang Ming Yang would definitely say that they had a problem with their brain. Why wouldn't they want to make it an album and earn a lot of money?

However, this person in front of him was his brother. If he wanted to be crazy, he will be crazy with him. If he said to put it online, then he would put it online. He would definitely have no hesitation.

The next day.

The song reached every single major music station without any disturbance.

On a taxi.

"Driver, go to the airport," a man anxiously said, then he immediately made a phone call.

"Xiao Li, I'm coming to the airport now, wait for me to send you off."

The voice on the other end of the phone was very calm and said, "Okay. Hurry up, I'll wait for you."

After hanging up.

The young man was very happy. That girl was his girlfriend and they had been together for two years. However, he suddenly got the news that she was going overseas for studies. He did not want her to go but he was also very excited. From now on there would be no one to watch after him and he could go wild again.

He naturally had to give his girlfriend the idea that he wanted her to stay behind. He had even directly said it to his girlfriend. However, she did not agree to it and was insistent on going overseas.

In the end, he could only just agree to it.

He definitely felt that his time of freedom had come. As for whether this long distance relationship would work, he had never thought of that before. He trusted his girlfriend and he trusted himself. Thus, all he thought about was having a period of time where no one would be looking after him.

Right now, the chance was in front of his eyes and it definitely made him very excited.

Xiao Li looked at her phone and sighed. It wasn't compulsory for her to go. Although studying overseas was very important, but if she compared it to her relationship, she treasured her relationship more.

However, she was about to leave and her boyfriend was not a single bit hurt. Although he had told her not to go, it was always in an inquisitive tone. It was as if he was okay with her going or not going. However, if she could, it was best for her not to abandon her studies.

In Xiao Li's eyes, her boyfriend did not treasure her at all. If he were to cry in front of her, she would definitely not go.

It would show that her boyfriend could not bear to have her leave.

It was a pity that he did not.

In the taxi.

The driver said, “Young man, are you going to the airport to send someone off?”

The young man said, “Yes. My girlfriend is going overseas to study so I’m sending her off.”

Afterward, he did not say anything and just took out his phone and tuned into the music radio station. He was getting ready to listen to a few songs.

At this moment, he saw that there was a new song. He was momentarily very curious. It was high in the rankings so it should be pretty good.

Then, he put on his earphones and then laid down to listen to it.

The driver felt a little apprehensive when he looked at the young man. His girlfriend was going to go overseas to study and the chances of them breaking up were pretty high. However, this young man did not look too upset about it.

Suddenly.

The driver saw from his rearview mirror that the young man did not look too right.

He was crying.

Sh*t, this young man is crying.

He saw the young man rubbing his eyes like he was trying to stop himself from crying. However, more and more tears started flowing. It was as if he was very hurt.

Zhang He was dumbfounded.

He did not know why he was crying after listening to this song.

However, it was like his heart was in pain and he could not hold back his tears.

The rhythm and his voice were all reverberating in his ear.

As he kept listening on, he was crying with more and more pain.

He was just short of going into a loud wail.

The driver looked at this scene and regardless of what he was feeling just now, he still felt bad for this young man.

When he was talking on the phone, he was clearly very normal. He never thought that after that phone call, he would actually cry so badly.

He must be really hurt and did not want her to leave.

Half an hour later.

The driver was already very moved.

This young man had already been crying for half an hour and his eyes were completely red.

But, what he did not know was the Zhang He was wearing earphones. He did not want to listen to that song but he could not control himself. As he listened to the song, again and again, his feelings became deeper and deeper each time, and he wanted to cry more and more.

“Young man, don’t cry anymore. We’re at the airport already. The fee is one hundred dollars,” the driver said.

Zhang He nodded. He quickly paid the fee and then got off the taxi.

At this moment, he saw a silhouette in front of him and rushed towards it.

When Xiao Li saw that her boyfriend took so long to come, she was burning inside. However, she suddenly realized that her boyfriend’s eyes were very red.

“Were you crying just now?” Xiao Li could not help feeling sorry for him and was very moved inside. He had actually cried. He was on the road alone and was crying.

“No I wasn’t,” Zhang He rubbed his eyes. He really did not want to cry. Who in the world sang that song? Why does it make people want to cry more and more?

Xiao Li hugged Zhang He and said, “Stop trying to lie to me. You were clearly crying just now. I’m not going anymore. I’m not going overseas to study. I’m going to stay here to keep you company.”

At this moment, the driver came over.

“Young lady, this young man is not bad. When he was sitting in my taxi on the way here, he was crying all the way. Even I, an old-timer, was moved. Don’t leave. You guys should stay together,” the driver said.

Xiao Li nodded and said, “Yes, I’m not going anymore.”

Zhang He, “???”

Motherf*cker, who is the b*stard that sang this song?

I’m not reluctant to let her go.

Chapter 760: The Mute Uncle

“I’d like to recommend a very nice song. It’s called ‘Kiss Goodbye’ and it’s on every single major music station.”

“This is the song that Master Lin sang on the ‘Strongest Heavenly Voice’. However, he sang it without any accompanying instrumentals that time. Now that it’s out with the accompaniment, it is simply out of this world.”

“You definitely should not listen to it unless you want to embarrass yourself. If you want to listen to it, you better listen to it alone. Don’t say I didn’t warn you.”

“Now that this godly song has appeared, I realized that the songs I listened to in the past are like a pile of shit.”

“I’m on my knees looking for other songs by Master Lin. It can’t be that he has only released this song.”

“Master Lin has composed quite a few songs. However, he has only personally sung this song.”

“Don’t talk to me about this song. I’ve already blacklisted it. Motherf*cker, the one and only time I listened to this song, I was destroyed by it. I really hate him.”

“^, what kind of sh*t did you go through to have such a huge grievance towards this song?”

The discussions about this topic were red hot. Everyone had a very high assessment of the song.

On Weibo.

“Once the godly song ‘Kiss Goodbye’ came out, every other song lost its flavor.”

The headlines of the front page were overbearing. When some of the famous singers saw this, they felt very uncomfortable. However, they did not dare to say anything.

They had already heard the song, and when they were finished with listening to it, they were filled with tears. To them, this song had some magical powers. Also, the magical powers were pretty strong. It was practically taking over their life.

QQ Music.

Netease Music.

...

‘Kiss Goodbye’ was one of the top songs on their lists of music, and it was continuously rising. In a single night of work, it had reached over twenty million downloads.

It could be said that this was exceptionally scary.

Also, the number of times it had been listened to was even scarier. It had reached 160 million.

When talking about a song, these numbers were out of this world. It was really very scary.

At the Eastern Han Group.

When Wang Ming Yang saw the results of his song, he immediately gave his brother a call.

“Hello, big brother. A big loss, really a big loss.”

“What’s up? What did you lose?”

“Just look at the rankings yourself. If we made an album, we would have been rich a long time ago.”

“Don’t keep thinking about getting rich. Why are your eyes always fixed on money?”

“If I don’t earn money, then how am I going to get the money for you to squander? Do you have any idea how much pressure is on me now?”

“My f*cking one billion dollars have been wasted by you. Return it to me.”

“I was wrong.”

...

He had already anticipated these sort of results. If this song was still not able to reach that sort of level, then he would have wasted his life already.

Furthermore, the results were not even high enough. Given his target, it had to reach an even higher ranking.

At Cloud Street.

Lin Fan saw the news online and then gave a huge and bright smile. Although it was just for his own amusement, but to be able to succeed like this made him feel very satisfied inside.

Wu Huan Yue called him.

“Brother Lin, congratulations.”

“Hehe. How is it? Is it cool or not?”

“Cool. It is really too cool. I never thought that Brother Lin could sing so well. In the past, I sang the lyrics that you gave to me but now I feel so inferior. I’m afraid that I couldn’t show the true essence of your songs and yet I still felt so satisfied with myself back then. No, I have to work even harder from now on,” Wu Yuan Yue said.

When she heard the ‘Kiss Goodbye’, the song filled her mind.

Initially, she thought that she had shown the essence of the songs Brother Lin had given her to the finest of details. However, looking at it now, her singing was a pile of sh*t compared to it. Wait no, not even a pile of sh*t could compare to it.

Lin Fan said, “Actually, your singing is already very good. Don’t compare yourself to me. I’m an insurmountable mountain. Do you understand?”

“Brother Lin, when you put it like that, it’s extremely hurtful. Can you at least give me some encouragement?”

“Haha.”

Lin Fan laughed. Afterward, they talked for a while before hanging up.

Thereafter, he took a quick browse on the Internet and he realized that he already had a music fan base.

To have such a status made him feel pretty awesome inside.

However, he wondered why this task was still not finished. This was simply impossible.

He had already done so well and yet he still hasn't completed the task. It was really too disgusting.

"Teacher," at this moment, he had Zhao Ming Qing's voice from afar.

Lin Fan was stunned. He felt happy inside, "Ming Qing, when did you get back?"

Zhao Ming Qing laughed and said, "Teacher, your student just came back today. I just came from the airport to report to my teacher."

Lin Fan looked at the appearance of Zhao Ming Qing and said, "You've become a lot skinnier and darker. Looks like it was pretty tough there."

Zhao Ming Qing said, "It wasn't that tough, it was just that the mountainous paths were not easy to walk on," then he rushed to introduce his friend, "Teacher, this is the mute uncle. He followed me to Shanghai to find his daughter."

Lin Fan looked at the old man next to Zhao Ming Qing. He looked like he was at least seventy. Then he said, "Hello mute uncle."

The mute uncle waved his hand and was gesturing. An 'ah ah' sound came from his mouth. It was like he was trying to say hello to Lin Fan.

"After coming back this time you're probably not going to go back right?" Lin Fan asked.

Zhao Ming Qing said, "I won't be going back this year but I'm preparing to go next year. The standards of medical treatment are very poor over there. I'm thinking of getting help from the people on Weibo and then when I go down again next year, I'd bring some medical equipment for them."

Lin Fan patted Zhao Ming Qing on the shoulder and said, "Yes. However, you have to pay attention to your own body. Don't push yourself."

To be able to get the concern of his teacher, it made Zhao Ming Qing very happy. He nodded and said, "Got it, Teacher."

Then, Lin Fan looked at the mute uncle and said, "Where is his daughter?"

Zhao Ming Qing said, "I heard some of the villagers say that his daughter has a position at a company in Shanghai. I think she's a host at Shanghai TV."

Lin Fan was dumbfounded. Working at Shanghai TV. They definitely would not have too much discrepancy on that.

The only thing was that looking at the mute uncle's clothing, it was really very old.

If he had a daughter like that, he could not possibly be in this situation.

It was like Zhao Ming Qing had seen the suspicions that his teacher had and said, "Teacher, I've asked the villagers already. His daughter has been in Shanghai all the while. However, the last time they made contact was two years ago. After that, they had no contact at all. The mute uncle didn't feel assured, so when he heard that I was from Shanghai, he followed me back."

"Ah, I don't know what the situation is with his daughter. Even if she is very busy, she can't just go two years without even giving him a call. If it were my child, I would break his leg if he did that."

Lin Fan whispered, "Ming Qing, I don't think that the girl is the mute uncle's real daughter. Looking at him just now, he didn't have a son or daughter in his whole life. I think she was adopted."

Zhao Ming Qing knew that his teacher was very powerful and had no suspicions as well. He said, "Teacher, I heard from the villagers that the mute uncle's daughter was a girl that he picked up from the streets twenty over years ago and raised her himself. He raised her like she was his own. I'm a little concerned that since she did not contact him in the past two years that something could have happened to her."

Lin Fan looked at the mute uncle and then shook his head. He said, "Judging by his appearance, it doesn't demonstrate the appearance that something happened to her. But since the mute uncle has already come here with you, we should send him to Shanghai TV, then send you home."

Zhao Ming Qing nodded and said, "Okay Teacher."

Then, Zhao Ming Qing looked at the mute uncle and said, "Mute uncle, we'll bring you to find your daughter."

The mute uncle waved them off. He took out tens of dollars from his pocket and then let out a voice from his throat. It was like he was telling them that he could go himself and did not want to trouble them.

Lin Fan did not say anything and said, "Let's go."

...
