

## Valiant Life 761

Chapter 761: Where Did This Old Man Come From?

At Shanghai TV.

When they were approaching, Lin Fan realized that the mute uncle was starting tense up. He could not help grabbing on to his old and broken bag tightly.

Lin Fan stopped the car at the side and said, "What is the mute uncle's daughter's name?"

Zhao Ming Qing replied, "He Xiao Li."

"Oh," Lin Fan normally did not pay too much attention to the news and naturally did not know if Shanghai TV had a host called He Xiao Li.

At this moment, the radio in the car broadcasted a female's voice.

"Greetings, my friends in the audience, I am the host He Xiao Li..."

"Oh, oh," the originally anxious mute uncle suddenly raised his hand and pointed at the sound of the broadcast. He then pointed at himself and let out a smile of pure happiness.

The smile on the old man's face looked very benevolent.

Zhao Ming Qing said, "Teacher, looks like whoever is speaking is the mute uncle's daughter."

At that moment, the mute uncle carefully exhaled. Then, he moved his ear closer to the radio broadcast and quietly listened to it. The smile on his face became brighter and brighter.

Lin Fan did not say much. He and Zhao Ming Qing just quietly sat in the car and waited for the broadcast to end.

Zhao Ming Qing felt very suspicious inside. He also had the premonition of something bad. It was like he felt that something bad was going to happen, but he did not know what to say.

At that moment, the mute uncle was quietly listening. He did not want to disturb him so he just waited for the broadcast to end before discussing it with his teacher.

After awhile, the broadcast ended.

The look on the mute uncle's face showed he was reluctant to part with her voice.

Lin Fan pointed in the opposite direction and said, "Mute uncle, your daughter works here."

The mute uncle looked at the tall building and you could see from his face that he was proud and gratified. But almost immediately after, he looked nervous and a little afraid as well.

Zhao Ming Qing whispered into Lin Fan's ear, "Teacher, I feel that there is something amiss about this situation. According to the villagers, when the mute uncle's daughter left, she would still come back and visit during the first 1 or 2 years. However, the following 4 or 5 years, she did not come back and they only talked over the phone. After that, they did not even talk on the phone. I'm afraid that..."

After saying that, Zhao Ming Qing stopped talking. He realized that the mute uncle might have heard them and then shook his head as he looked at them and waved them off.

It was as if he was trying to say that his daughter was not that type of person. She would not be like that. She probably lost her phone and then forgot her home's phone number.

At this moment, the door to Shanghai TV opened. Two young ladies walked out the door.

When one of the ladies just walked out, a man who was driving a sports car, came out with flowers in his hand.

The mute uncle looked at one of the ladies and could not help but got excited. He grabbed on to Zhao Ming Qing and pointed into the distance, "Oh... oh..."

“That’s your daughter?” Lin Fan asked.

“Ah, ah,” The mute uncle nodded. Then he rushed to open the car door. Then he looked at Zhao Ming Qing and Lin Fan and anxiously nodded. Although he could not talk, his gestures and expression said it all.

They watched the mute uncle run towards her.

Zhao Ming Qing was a little worried as he asked, “Teacher, I feel like this situation isn’t that simple.”

Lin Fan replied, “Looks like it. We better stay here first and see how this situation turns out.”

It wasn’t only Zhao Ming Qing that could see it. Lin Fan himself could also see that there was something fishy about this situation.

...

“Xiao Li, I really like you. Please be my girlfriend,” the man said as he held the flowers and went to He Xiao Li’s side.

He Xiao Li really loved this sort of situation. She loved the feeling of being surrounded by men.

The man in front of her was only one of her many suitors. As for who she was going to choose, she had not thought carefully about it yet.

At this moment, He Xiao Li saw the mute uncle, who wasn’t too far away. Her expression suddenly changed. She looked a little afraid as if she did not want to see him.

“Xiao Li, what happened?” the man saw that Xiao Li’s expression was a little weird and he had no idea what happened. When he followed Xiao Li’s line of sight, he could not help but feel a little suspicious.

Who was this old man?

Why did Xiao Li give such a weird expression after seeing this old man?

At this moment, the mute uncle was right in front of Xiao Li. Since he had not seen her for many years, his eyes were completely red. He was making some noise with his mouth whilst gesturing with his hands.

“Why have you come here?” He Xiao Li said. When she saw the mute uncle, she panicked a little inside and she felt a little embarrassed. Her tone was not very friendly when she asked him that.

“Ah, ah,” The mute uncle did not change his emotions and his face was still filled with a smile. Then, he pointed at his bag. Although he could not talk, his care and love were all thoroughly expressed.

At that moment, the mute uncle extended his black and wrinkled hands. He wanted to give his daughter a hug just like in the past when his daughter would spontaneously give him a hug.

He Xiao Li looked at his hand and actually took a step back. She looked like she was a little afraid.

\*Slap!\*

Suddenly, the man next to He Xiao Li slapped the mute uncle’s hand aside. His tone was very fierce, “Old man, what are you trying to do?”

The mute uncle started to panic. He didn’t know why things would turn out like this. However, he maintained his smile and then opened his bag.

He took out a few smaller bags.

These bags were filled with melon seed kernels that were already peeled. They were the wild melon seeds from the mountains.

To the mute uncle, when his daughter was angry at him in the past, he would use these to coax her. He thought that now that his daughter was ignoring him, she definitely must blame him for not coming to find her.

The mute uncle held the bags in his hands and handed it to her. He opened his mouth and said, “Ah... Ah.”

“There must be something wrong with you old man,” the man said. He immediately slapped the bag out of the mute uncle’s hands and sent it flying. Then he pointed at the mute uncle and said, “Hurry up and leave. Where did you even come from you madman?”

In the car.

Zhao Ming Qing was furious. He said, “This disgraceful young man. I’ll go teach him a lesson.”

Lin Fan stopped him and said, “Wait a moment. Let’s see how this situation unfolds.”

Outside.

The mute uncle saw that the ground was sprinkled with melon seed kernels and he stood on the spot, at a loss of what to do. He immediately bent down and then started picking up the melon seed kernels. He was picking up the kernels and gesturing to He Xiao Li at the same time.

“Ah... Ah... Ah...”

Even his eyes had the expression that he was panicking and was at a loss at what to do.

He really wanted to speak to her. He was afraid that his daughter did not understand his intentions. But when he opened his mouth, all that came out were sounds that no one could understand.

He was so worried that he was going to cry.

He Xiao Li took her wallet out of her satchel and even asked for money from her colleague.

Then she stepped forward and supported the mute uncle up.

“Take this money and go back. Don’t come back here again,” He Xiao Li put the sum of money in the mute uncle’s hands and then looked at her colleague and the man and said, “You guys can wait for me over there. I want to talk to him for awhile.”

Her colleague and the man nodded. The man started to stare at the mute uncle even more.

“You better behave.”

He Xiao Li saw that they had left and then she looked at the mute uncle and said, “How did you get here?”

“Forget it. I don’t care about how you got here. Take this money and go back. I’ve been doing pretty well staying here by myself, I don’t need anyone’s concern. Also, I don’t want people to know about my past.”

“I’m a host now. So if people find out that I have a foster father like you, they will laugh at me. I don’t want to lose everything that I have right now. Can you please go back? Don’t come back again. Just act like you never came to find me.”

The mute uncle’s hands gradually started to tremble. It was like he did not dare to believe all of this.

But, he still smiled and nodded. It was like he wanted his daughter to be relieved and did not want her to worry.

At the same time, he returned the sum of money into He Xiao Li’s hands. Then, he reached into his shirt pocket and took out a few very old ten dollar notes and put them in He Xiao Li’s hands.

Then he pointed at his mouth and then pointed at his stomach, making an eating gesture.

“Ah... ah.”

He Xiao Li nodded and said, “I know, I’ll eat well. You don’t have to worry about me. You should go back home. I’ll visit you next time.”

When the mute uncle heard this, his eyes lit up. He nodded and then waved. He wanted to see his daughter leave but in the end, he left also.

He Xiao Li did not say anything and just turned around and walked towards the lobby of the Shanghai TV building.

...

Chapter 762: Why am I so unlucky?

Lin Fan sat in his car and frowned.

With his current ability, he could hear what the people were talking about.

He didn't expect things to have turned out this way. He didn't expect He Xiao Li to be someone like that.

"Teacher, what's the situation like now?" Zhao Ming Qing couldn't hear what they were saying but he could tell that the situation wasn't good.

He was infuriated when he saw those things brought by the mute uncle being thrown on the floor.

He wanted to beat the fella up but was stopped by his teacher.

"Get off the car," Lin Fan said.

In the distance.

The mute uncle looked at his daughter until her silhouette disappeared. He was still waving goodbye to her. It was as if he could tell that his daughter was living a happy life and he wasn't worried at all.

In the building.

“Xiao Li, who is that uncle?” Her colleague asked curiously.

He Xiao Li hesitated for a moment, “A relative from my hometown.”

Her colleague asked, “Why would you have a relative like him? He’s dressed like a beggar. He must be here to depend on you. Let me tell you, there are a lot of relatives like this and you can’t be too nice to them. You’re still nice. You gave him so much money. It’s not worth it!”

He Xiao Li remained silent. She just lowered her head in sadness. However, when she thought of her current situation, she knew that she couldn’t admit it.

Because she didn’t want people to make fun of her.

She turned around and wanted to see the situation outside but she was blocked by a wall. Then, she took a deep breath and didn’t think too much about it.

Outside.

The mute uncle saw that the silhouette had disappeared and looked at the melon seeds on the floor. Then, he bent down to pick them up before blowing the dust off the seeds.

“Old man, who the hell are you? Do you know that I’ve been trying to chase He Xiao Li for a long time? It was all ruined by you,” said a man that was holding a bouquet of flowers as he walked towards the mute uncle.

The mute uncle looked at him and shook his head in anger when he heard that this man was trying to win the heart of his daughter. It was as if he disapproved it.

“What kind of expression are you making? You better not appear here in the future. If not, I’ll teach you a lesson. Do you hear me?” The man said angrily.

“Ah... Ah,” The mute uncle said unhappily but he still lowered his head and picked up the seeds.

“Why are you picking them up? It’s just rubbish.” The man started stepping on the melon seeds and the seeds became powder.

“Ah.” The mute uncle grabbed the man’s leg and wanted him to stop stepping on the melon seeds.

“Ha, you’re such a joke,” the man laughed. He didn’t expect someone like him to exist. He treated a bag of melon seeds like precious gold. Then, he continued stepping on them in rage.

If not for the appearance of this old man, he wouldn’t have failed.

“I’ll destroy all your melon seeds and then I’m going to see how you’re going to pick them up,” the man laughed as he stomped on the seeds.

Suddenly!

\*Slap\*

The man got slapped and he collapsed to the ground.

“Which blind man dared to slap me?!” The man shouted as he looked at the person in front of him.

However, when he saw who the person was, he was stunned.

“Master Lin...” He didn’t expect the person that slapped him to be Master Lin.

In Shanghai, most people knew who Master Lin was.

Especially the wealthy younger generation knew about the power of Master Lin.

When they were bragging about things, they would definitely talk about Master Lin. An average citizen would only know that Master Lin was a just and happy person.

However, they knew how incredible Master Lin was.

The Qingzhou incident was just a talking point for most citizens.

However, they understood how significant it was. Especially when Ma Qingzhou was a terrifying figure.

Furthermore, Master Lin was popular in the groups of the wealthy youngsters in Shanghai. He had a lot of friends and even their fathers wanted to join the groups to befriend Master Lin.

However, the groups weren't easy to enter as the foundation had already been fixed.

For example, He Cheng Han who used to be an ordinary wealthy man had a totally different status now.

Their group had become really famous.

According to the people in the group, they treated each other like family and wanted to earn money together.

The trustworthiness of the group made a lot of wealthy youngsters really envious of it.

"So, you know me, right?" Lin Fan asked.

"Yes, yes." The man was in fear.

Lin Fan didn't want to say anything much, "Pick them all up."

"Master Lin, I'll pick them up now." The arrogant man became really obedient.

Lin Fan didn't need to do anything. His mere presence was sufficient to make the man move.

Zhao Ming Qing tried to console the mute uncle but he didn't know what to say.

Meanwhile, the man was trembling with fear. He didn't know how he managed to infuriate Master Lin.

If his dad were to find out about it, he would definitely skin him alive. Especially if he were to find out that his son bullied someone. It would be disastrous.

After a moment.

“Master Lin, I've picked them up,” the man said.

Lin Fan looked at him, “Why did you bully him?”

The man was about to cry, “Master Lin, I really didn't know that you know him. If I had known, I wouldn't have dared to do so.”

“So, you're saying that you'd have dared to bully him if I didn't know him?” Lin Fan asked.

“That... That.” Wang Chen didn't know how to reply. He was at a loss and he looked remorseful.

He was exceptionally unlucky that day.

He encountered an annoying old man and Master Lin.

Furthermore, he didn't dare to do anything else.

“I don't want to talk to you anymore. You stepped on these seeds. Now, just lick the floor clean and get lost,” Lin Fan said calmly.

It was as if he was making a normal request.

“Huh?” Wang Chen looked at Lin Fan in shock. He didn't expect Master Lin to have asked him to lick the floor clean. How could that be?

He was clearly trying to bully him.

“What is it? Do you have something to say? I’ll give you three seconds to consider. I don’t mind speaking to your dad about this. If he agrees, you don’t have to lick it. I don’t mind you cycling every day. Furthermore, you might not even have a bicycle,” Lin Fan said calmly. However, when Wang Chen heard that, he was deeply affected.

If someone else had said that, he definitely wouldn’t have believed it.

However, since Master Lin was the one who said it, he believed it.

He didn’t doubt anything that he said.

If Master Lin really wanted to make things difficult for him, he would really be unable to handle it.

“I’ll lick it.” Wang Chen didn’t hesitate at all. He immediately closed his eyes and ignored the surroundings. He started to lick the floor.

He licked the floor really quickly and the speed was frightening.

“Master Lin, I’ve licked the floor clean.” Wang Chen felt as if his tongue was numb. His mouth was probably filled with dust.

“Get lost.”

Wang Chen heaved a sigh of relief and ran towards his car without any hesitation.

He disappeared in an instant.

Chapter 763: Fortunately

Lin Fan passed the bag that was filled with melon seeds to the mute uncle. The mute uncle held onto it tightly and smiled. He nodded with gratitude.

He was prepared to leave.

Lin Fan held onto the mute uncle's arm.

“Where are you heading to?” Lin Fan asked.

The mute uncle just made some noises and gestures to indicate that he was leaving.

Zhao Ming Qing said, “Bro, how could you leave just like this? Your daughter doesn't want you anymore. We are going to seek an explanation for you.”

The mute uncle immediately shook his head after hearing that.

Zhao Ming Qing added, “It's okay, he is my mentor. He knows the people from Shanghai TV. We will definitely look for her team leader to discuss this. How could there be someone like her?”

“You saved her life and took care of her until today. How could she just ignore you? I can't take this anymore.”

Lin Fan said, “I will go and speak to her team leader.”

The mute uncle was anxious after hearing that. He held onto Lin Fan and shook his head. Then, he stood before Lin Fan and was about to kneel down to beg Lin Fan not to look for her team leader.

Lin Fan immediately held onto the mute uncle. “You... Sigh.”

The mute uncle made some noises and pointed at Shanghai TV. Then, he patted his chest.

“I feel fine after seeing that she is okay. If you were to look for her team leader, it would bring a lot of trouble for her. I will be heartbroken.”

Lin Fan furrowed his brows. Based on his relationship with Shanghai TV, if he were to expose this matter, the mute uncle's daughter will definitely lose her job. If it were to be posted online, the netizens would definitely flame her.

However, he couldn't understand how much this mute uncle loved the daughter whom he picked up from the streets. Things have turned out this way and he still didn't want to cause trouble for his daughter.

The mute uncle was anxious. Then, he looked at Zhao Ming Qing and made some gestures. He had never learned sign language before and he didn't know how to express himself. However, he used simple gestures to express his feelings and thoughts so people could understand him.

Zhao Ming Qing remained silent. He understood what he was saying.

If this was his own daughter, what would he do?

Would he make a mess out of it and expose her for being so inhumane? Was that something that he would like to see?

"Teacher, what should we do now?" Zhao Ming Qing asked.

Lin Fan hesitated for a moment, "Bring him to your place to stay temporarily. I'll resolve this."

"That's all we can do. This is such a worrying problem." Zhao Ming Qing had just returned from the mountainous regions and he still hadn't been able to rest. Now, he still had to handle this problem and it was really tiring.

Zhao Ming Qing sent the mute uncle back.

When Lin Fan was prepared to leave, the mute uncle held onto his hand. He didn't want him to tell anyone about it and wanted him not to look for his daughter.

Lin Fan could only nod in agreement.

Then, he looked at the mute uncle's smile and Lin Fan felt so rather depressed.

At Shanghai Eastern Han Group.

Wang Ming Yang said, "Bro, you don't look too well. Did something happen?"

Lin Fan waved his hand, "Nope, I just encountered some stuff and I feel a little worried. I'm going to the music studio. Don't disturb me."

"Are you really okay?" Wang Ming Yang asked.

"Haha, why didn't you ask me why I'm going to the music studio?" Lin Fan smiled.

Wang Ming Yang shook his head, "That's not as important as how you're feeling."

Lin Fan didn't say anything else. He just walked to the music studio.

He looked into the Encyclopedia and found a song.

This song's background information was almost identical to his current situation. The only difference was in the daughter's profession.

He prepared the musical instruments and started his accompaniment.

Lin Fan was the only one in the music studio.

He was busy for almost an hour, and when he was finished, the accompaniment was done.

Then, he started to record the song.

...

The next day!

At Shanghai TV.

“Vice-President, Teacher Lin sent this over. He hopes that it can be broadcasted,” a worker handed a USB thumb drive over and said.

The Vice-President was stunned, “What is this?”

“Teacher Lin said it’s a song,” the worker said. “He spent an afternoon yesterday recording it. At the same time, he specifically asked He Xiao Li to broadcast it.”

The Vice-President was stunned. If Master Lin only recorded the song yesterday, didn’t that mean it was a new song?

Teacher Lin only came up with one new song before and it caught waves of attention. Now that Teacher Lin had come up with another song and sent it to Shanghai TV, then wouldn’t this make Shanghai TV even more famous?

After thinking about that, the Vice-President smiled.

“Alright, send it over to He Xiao Li. Make sure nothing goes wrong. Oh, and when you broadcast it, play it for everyone in the internal department enjoy it too.”

“Alright,” the worker nodded and said.

...

At the broadcasting station.

He Xiao Li was busy doing her job. She was serious and she really wanted to work hard and change her life.

She had been living in poverty and wanted to work hard to earn money so that she can bring her father out from the mountainous regions.

After coming to Shanghai, she managed to be part of Shanghai TV with her own capabilities. The praises from her peers had caused her to somewhat forget her purpose.

When she thought of her mute father, she didn't dare to bring him to Shanghai because she was afraid that people would make fun of her and look down on her.

Gradually, she drifted away from her dad and she didn't want to return to the poor mountainous region.

Just as she was daydreaming, the worker walked over, "Xiao Li, this is Teacher Lin's new song. Don't forget to play it later."

He Xiao Li nodded, "Alright."

When he mentioned 'Teacher Lin', she suddenly thought of something.

She remembered that the wealthy youngster texted her and asked her how the old man knew Teacher Lin.

She felt that it was something impossible.

Who was Teacher Lin? Teacher Lin was a powerful figure. How could her father that lived in the mountains know someone as powerful as Teacher Lin?

She didn't want to think too much about it.

She inserted the USB drive into the computer and opened up the folder. She couldn't wait to hear the song when she saw it in the folder.

What type of music was it going to be?

The time was almost here.

Everything was ready to go and the broadcast started after the worker's signal.

“Hi everyone, I am your host, He Xiao Li. Before the show starts, I would like to play a song for everyone. This song just arrived at our studio. The composer and singer is Teacher Lin, who also did ‘Kiss Goodbye’. Furthermore, the name of the song is rather meaningful.”

“I’ll be playing ‘Any Beer Bottles for Sale’ for everyone.”

Then, countless of people started to listen closely to the broadcast after hearing that it was Teacher Lin’s song. They didn’t expect Teacher Lin to have come up with another new song.

The internal department of Shanghai TV started to listen closely to the broadcast. They were all waiting anxiously to hear Teacher Lin’s new song.

Suddenly.

The music started playing.

The initial music was a little depressing and it slowly set the mood of the song.

Suddenly, the keys of the accompaniment were raised. Then, a groundbreaking voice could be heard.

“The familiar voices have accompanied me through thick and thin.”

“I have never wanted to remember it and I’ll never forget it.”

“There wouldn’t be earth without the heavens. There wouldn’t be home without earth.”

“There wouldn’t be a house without you and there wouldn’t be me without you.”

...

He Xiao Li felt a heartache after listening to the words. She felt as if something was piercing her heart.

“If you didn’t raise me up and gave me warmth.”

“If you didn’t protect me, what would my life be?”

...

“Although you can’t say anything but you could understand the truth and lies in the world.”

Then, He Xiao Li couldn’t take it anymore and she covered her mouth and started to cry.

Memories started to flash through her mind.

The things that happened years ago were being played like a movie in her mind.

Her mute father picked her up from a snowy ground and brought her home. In order to buy some snacks for her, he fainted on the streets. Whenever she was feeling down, her mute father accompanied her. No matter what she did wrong, he would always treat her with positivity. Although he couldn’t talk, he always took great care of her.

Then, He Xiao Li started sobbing really badly. Her guilt and heartache started to fill her mind.

“Xiao Li, be steady.” The other workers were stunned when they saw He Xiao Li crying so badly. They were anxious because if the host were to withdraw from the programme, the programme would be finished.

Although they were saddened by the song, they could still control their emotions.

“Ring ring!”

Then, He Xiao Li's phone rang.

"Hello, is this Miss He? A mute patient just met an accident. Are you his relative? His condition is really critical. You have to be here. You..."

When He Xiao Li heard what the person was saying on the phone, she dropped her phone and tears filled her eyes. Then, she immediately packed her things and ran out.

The workers were stunned when they saw that, "Xiao Li, where are you going to?"

...

At Cloud Street.

Zhao Ming Qing said, "Teacher, the mute uncle was involved in a car accident. I couldn't find him in the morning. He only left a slip of paper saying that he was going out. However, I just received a notice that he met with an accident on the streets and he's on the way to the hospital."

Lin Fan was stunned. What the hell happened?

At the hospital.

He Xiao Li was extremely anxious. The scenes that she thought of in her mind started to crumble her soul.

If her father didn't bring her back home, she would have frozen to death.

Each time she despised him, he would always handle her positively and gave her the best he could afford.

He never bought new clothes for years but he always bought nice clothes for her every year.

After thinking about what he had done for her, He Xiao Li felt like her heart was shattered into pieces.

Why did she become like that?

In the ward.

He Xiao Li looked at the patient on the bed and went forward, "Dad, I was wrong."

The mute uncle saw that his daughter was there and started to cry. He couldn't say anything. He just smiled and raised his trembling arms. He brought the bag of melon seeds over to her and took out bags of melon seeds from the big bag.

He smiled even wider and slowly closed his eyes.

He Xiao Li screamed in pain and she was filled with regret.

"Dad, no..."

She was really remorseful and regretful. She regretted being so cold towards him and despising him, who was her only relative.

Then, Lin Fan and Zhao Ming Qing appeared in the ward. Then, Lin Fan went forward.

He held onto the mute uncle's hand and furrowed his brows. A breath of life slowly entered the mute uncle's body.

"Ming Qing, please arrange for an immediate surgery."

"Noted, teacher."

If they had been there a minute later, he might really have been dead.

Lin Fan didn't say anything much to He Xiao Li who collapsed onto the bed. He just hoped that she would realize her mistakes and treat her dad with respect.

If he were to handle the situation with his own methods, he would have killed her.

#### Chapter 764: Something isn't right

Zhao Ming Qing was the director of the Shanghai First Chinese Medical Academy and Lin Fan was the famous godly doctor of the nation. Hence, they didn't encounter any problems when borrowing the hospital's surgical theatre.

Furthermore, the hospital's doctors wanted to see the godly doctor's capability.

This matter was a little difficult to handle for some normal doctors. However, to Lin Fan, it wasn't a problem at all.

After the surgery was completed, the hospital's doctors were in disbelief. If they were to operate on him, the success rate would virtually be 0%.

Zhao Ming Qing wasn't shocked at all. If he were to operate on him, he could save the patient with his Chinese medical skills. He didn't need his mentor to do it.

He could tell that his mentor used a fusion of Chinese and Western medicine in the surgical theatre and the effects were astounding.

After the surgery, Lin Fan and Zhao Ming Qing didn't stay in the hospital. They immediately left.

This incident was considered to be done. The mute uncle's daughter had finally realized her mistakes.

Outside.

Zhao Ming Qing said ecstatically, "Teacher, it's a happy ending."

Lin Fan said, "It's okay. Thankfully we made it in time."

It was really based on coincidence. If they didn't see him, the final outcome probably wouldn't be like that.

In the ward.

He Xiao Li kept kneeling beside the bed and held onto the mute uncle's hand. The nurses felt like something was wrong. Although they were curious, they heaved a sigh of relief as the matter was finally resolved.

"Doctor, is my father safe now?"

The doctor smiled, "Yes, he is safe. With Master Lin's help, he is finally out of the critical stage. Don't worry about it."

He Xiao Li didn't say anything else. She didn't expect her dad to really know Teacher Lin. When she thought of the song, she felt that it was written by Teacher Lin.

After thinking about that, she really wanted to thank Teacher Lin. At the same time, she was thankful that her dad met Teacher Lin. If not, she wouldn't know what the outcome would be like.

...

Lin Fan didn't really think too much about his new song. However, what he didn't know was that his song had a great impact on her.

Many people were anticipating the new song.

However, they were overwhelmed by their emotions and they started crying regardless of where they were.

At Cloud Street.

“Hey, that’s weird. I’ve completed my task. Why isn’t there a notification to show that I’ve completed the task? The difficulty is a little scary.”

Lin Fan felt like something was wrong. He didn’t understand where he went wrong. The seventeenth page of knowledge was a little weird.

After that, he didn’t think too much about it. He had already done his best.

On the Internet.

“This song is so touching.”

“It is very touching. Filial piety is the most important virtue of all. After listening to this song, I started to think of my father too.”

“How did Master Lin compose this song? Maybe Master Lin had experienced something like this before.”

“I still think ‘Kiss Goodbye’ is nicer.”

“I feel like ‘Any Beer Bottles for Sale’ is nicer. It resonates with me and each time I listen to it, I experience something different.”

The next day!

A news article was published.

‘The background story to Master Lin’s new composition ‘Any Beer Bottles For Sale’.’

“D\*mn, there’s even a background story.”

“This song was actually created based on a host in Shanghai TV.”

“Shanghai TV’s host, He Xiao Li, speaks about her own experiences.”

“D\*mn, after watching it, I felt like killing He Xiao Li. Thankfully, the ending was a perfect one. It was all because she met Master Lin.”

“It is really touching. The sacrifices of a mute father. If I could, I would want to be his daughter too.”

“Master Lin is really a kind man. He encountered this on the streets and actually wrote a song about this to let the host realize her mistakes.”

“Everyone, don’t flame the host. You should be able to understand her situation. As long as the outcome is perfect, it’s okay.”

After He Xiao Li returned to Shanghai TV, she told everyone her story. At the same time, it was being broadcasted. She used herself as an example. Regardless of how bad you are, you should never despise your parents.

When the story was being published, the song’s status got even better.

Initially, when people heard the song, they only felt sadness but they didn’t know the meaning behind it.

When they read the background story and listened to it again, they experienced it differently.

On Weibo.

The most powerful music critic in the nation, Teacher Zhou expressed his feelings about it.

“Recently, the ‘Kiss Goodbye’ song left a lot of people in tears after they listened to it. The song could be said to be the best love song. His singing ability can be said to be the best in the music industry. This can’t be argued at all.”

“However, when the second song, ‘Any Beer Bottles for Sale’ got published, I was initially a little disappointed. Although it causes you to feel it deeply, it isn’t as good as ‘Kiss Goodbye’. However, after you finish reading the background story, you would feel extremely affected by it.”

“Teacher Lin’s recent singing is really something that the Chinese music industry has never seen before. It’s a form of ‘power’.”

“This form of ‘power’ is not the power of his voice. It is because of his undying strength and will. I would like to tell all the composers to compose better songs and not come up with lifeless and meaningless songs.”

Ordinary citizens wouldn’t know who Teacher Zhou was but all the celebrities in the music industry knew who he was.

He was a famous composer.

He was the best critic in the nation as well. Hence, when he said something like this, it had already pushed the song to a higher level.

It was something that nobody could belittle.

In other parts of the nation.

“Have you heard Teacher Lin’s new song?”

“What song?”

“It’s the ‘Any Beers Bottles for Sale’ song. I suggest you listen to it again. Read the background story first. You will experience it differently.”

“Really? I’ll search it now.”

“Yeah, go listen to it quickly. The most powerful critic, Teacher Zhou, is also recommending it. It’s really good.”

At Cloud Street.

“Brother Lin, what are you thinking about? Do you have something on your mind?” Wu You Lan asked.

Lin Fan said helplessly, “Nothing much, I’m just thinking why I haven’t become famous yet even though I sing so well.”

“Huh?” Wu You Lan was stunned. It was as if she hadn’t recovered from her shock. She felt that what Brother Lin said was a joke. Then, she smiled, “Brother Lin, you’re already famous, okay? Look at the comments on Weibo. They’re so much better than the other celebrities.”

Fraud Tian sighed, “You don’t know how to be satisfied. You have to be satisfied with what you have.”

“Get lost.” Lin Fan glared at him. He was still waiting for the notification from the Encyclopedia.

He felt like something isn’t quite right as even though he was so powerful, nothing was being completed.

## Chapter 765: I No Longer Do Fortune-Telling

Just as Lin Fan was deep in thought, someone approached him unexpectedly.

He Xiao Li stood at the entrance anxiously but her eyes were filled with gratitude.

“Teacher Lin,” He Xiao Li said. She didn’t know what else to say.

She had a lot to tell Teacher Lin but she didn’t know how to start.

“What is it?” Lin Fan didn’t have a good impression of He Xiao Li and he didn’t want to seem too welcoming. However, since she realized her mistakes and regretted her decisions, he was willing to forgive her.

He Xiao Li bowed to thank him when she saw that Teacher Lin wasn’t really welcoming to her.

“Teacher Lin, thank you. If not for you, I would have regretted it my whole life. Thank you for letting me come to my senses.”

Lin Fan looked a little better and he waved his hands, “It’s okay. Just treat your dad well in the future. He’s the only one that treats you so well.”

He Xiao Li nodded forcefully, “Yes, I will. I’m prepared to let my dad live with me in Shanghai. I’ll never have the same thoughts again.”

Lin Fan didn’t have much to say to He Xiao Li. This was actually a really small incident to him but it was very important to He Xiao Li.

It was normal for her to be so grateful for him.

He Xiao Li knew that Teacher Lin didn’t really want to talk to her. After thanking him, she left immediately.

Wu You Lan said, “Brother Lin, did you write a song based on her?”

Lin Fan nodded, “Yeah, it’s her.”

Wu You Lan looked at the silhouette that had walked far away, “Thankfully you managed to wake her senses up.”

Lin Fan laughed, “I just happened to see the problem on the streets and I had to help them. This small matter isn’t a problem.”

“In any case, I just think Brother Lin is the most righteous person,” Wu You Lan praised him.

Lin Fan felt great, “Of course, does that need to be said? I have a heart of justice and everyone knows that. Who doesn’t know that I, Lin Fan is a righteous person?”

Zhao Zhong Yang was live streaming this, and when he heard that, he was stunned.

倒不是他认为林哥说的不对,而是感觉这自己夸自己,实在是太特么的让人难以接受了.

It wasn’t because he felt that Brother Lin said something wrong. It was just that he was praising himself and it was really unbearable.

The fans in the live streaming room started to write comments.

“66666...”

“It’s a form of pleasure to be able to hear Master Lin praise himself.”

“I really envy Brother Yang for being able to listen to Master Lin’s lessons. I’m so envious.”

“Master Lin is humorous. However, it’s true. I used both of Master Lin’s songs as my ringtone. From now on, whoever calls me will hear me crying.”

“^ Impressive, that’s unbeatable.”

...

Then, a luxurious car was parked outside. When Fraud Tian saw the car, he became more alert. “A wealthy youngster is here.”

He loved the wealthy youngsters who were generous. They always gave him stacks of money which made him really happy.

Usually, not many wealthy youngsters would visit Cloud Street. However, if they were to come to Cloud Street, they would definitely be at Master Lin’s shop.

Lin Fan took a glance, “This car looks good, it’s probably really expensive.”

Wu You Lan replied, “I’ve seen this car before. It’s almost \$10million. The net worth of this person must be frightening to be able to afford this car. But why would someone like him come to Cloud Street?”

Fraud Tian replied, “What else? He’s definitely here for us.”

Zhao Zhong Yang pointed his camera to the luxurious car outside.

The netizens gasped when they saw it. The car looked formidable. It was really shocking to see such a nice and luxurious vehicle.

Lin Fan looked at the car and he was suspicious. He wondered who came but the likelihood of the person coming to look for him was high.

In recent times, there weren’t many people who came to look for him and his life had been rather relaxing.

The car door opened.

A middle-aged man walked out from the car. He looked to be in his early sixties. He wore a tuxedo and he looked like a force to be reckoned with.

“Hey, isn’t this the Director of SAIC Motor Corporation Limited?” Zhao Zhong Yang asked.

Lin Fan replied, “Do you know him?”

Zhao Zhong Yang replied, “Yeah, I saw him on a finance and economics programme before. He is a wealthy owner of a large electrical appliance company. His listed company is in the top fifty wealthiest companies in the nation.”

Some of the shop owners of Cloud Street looked at the luxurious car and wondered which big shot came.

However, they didn't recognize him.

Although some people used the electrical appliances of this big shot's company before, they didn't necessarily know him.

His bodyguards formed a circle and they surrounded him.

The middle-aged man looked at the signboard of the shop. Then, he nodded and entered the shop.

Fraud Tian went forward and smiled, "Sir, please..."

Zhao Zhong Yang immediately switched off his broadcast. He didn't dare to live stream such a big shot as he was afraid that something bad might happen.

After all, big shots were always cautious with their actions and words. If he were to mess up and offend him, things would go out of hand.

Lin Fan just sat there calmly. Although he knew that this man was a big shot, he remained calm.

"You are...?" Lin Fan took the initiative and asked.

"Hi, Master Lin. I am Huang Guo Hui, the Director of SAIC Motor Corporation Limited. I am here today to seek your help," Huang Guo Hui smiled and said.

Lin Fan smiled, "All I do is sell scallion pancakes. What can I help you with?"

Huang Guo Hui waved his hand, "I heard that Master Lin's fortune telling abilities are second to none. Initially, I was doubtful of it but after I did some research, I truly believe it. Therefore, I'm here today to ask if Master Lin could read my fortune. More specifically, for the next three years."

Lin Fan smiled and waved his hand, "I'm not reading fortunes anymore. If you'd really like to have your fortune read, you can approach this Master here instead. He is Wu Tian He, the President of the Metaphysics Society."

Huang Guo Hui looked at Wu Tian He and smiled, "If he were to help me this time, I'd have met Mr. Wu twice."

Wu Tian He looked at him and nodded, "Director Huang's fortune is really good. I've helped to read his fortune ten years ago."

Lin Fan didn't expect Wu Tian He to know Huang Guo Hui.

It was as if Wu Tian He could tell that Lin Fan was confused. He explained, "Ten years ago, I read Director Huang's fortune. He is full of wealth and he was destined for a big career. I didn't expect him to have such a big company now."

Lin Fan understood it now. Wu Tian He was famous ten years ago and it wasn't a surprise that Huang Guo Hui had asked Wu Tian He to read his fortune.

Huang Guo Hui was at Cloud Street to ask Master Lin to read his fortune.

He had known about Lin Fan's existence but he wasn't a believer. After doing some research, he realized that Wu Tian He had willingly offered his services in the small shop to be a fortune teller. He felt that it was a little strange.

Although Wu Tian He wasn't really rich, he was gifted in Metaphysics. Master Lin must have been an extraordinary man to be able to get him to willingly stay in his shop.

According to his research, Master Lin was said to be way better than Wu Tian He in fortune telling. He could change someone's life just by reading their fortunes as he could tell what was going to happen. It was extremely law-defying and he could change whatever that was going to happen.

This shocked Huang Guo Hui and therefore, he decided to come to Shanghai to let Master Lin read his fortune.

In the past two years, the economy didn't seem to be very good. He wanted to develop a new real estate but he hadn't been doing well. He wanted to look for a new target. Hence, he decided to look for Master Lin for his guidance.

## Chapter 766: You're so troublesome

Lin Fan said, "Director Huang, since Master Wu had read your fortune ten years ago and said that it will be good, what else do you want to find out?"

Huang Guo Hui sighed, "Master Lin, you don't know how much difference ten years can make. I haven't been successful in the past two years. Hence, I would like Master Lin's guidance."

Lin Fan shook his head, "I'm sorry, I have really stopped reading fortunes."

Huang Guo Hui didn't expect Lin Fan to say that he had stopped fortune telling. He couldn't understand why someone like him with such powerful capabilities would stop reading fortunes. It was probably because he hadn't offered him any welfare benefits.

He may be lacking in some things but he definitely didn't lack money.

If he could use a sum of money to read the fortune of his future, he would definitely still be making a hefty profit in the long run.

Many people believed that fortune-telling is a myth. However, he really believed in it. Even when he was renovating his office, he would hire famous Fengshui masters to look at the placement of his furniture. Also, he would look at the time whenever he needed to sign a major contract or agreement.

He was really into these things and there weren't many that believed in it as much as he did.

Although a lot of wealthy people wouldn't say that they believe in these things, they secretly believed in it.

After all, if they were to tell this to the public, it wouldn't do any good to their reputation and status.

Huang Guo Hui wasn't anxious after Master Lin had rejected him. "Master Lin, could you take some time to consider it first? There will definitely be no problems with the reward. I will definitely satisfy you."

Lin Fan replied, "It isn't about the reward. Although my fortune-telling ability is 100% accurate, I have stopped reading fortunes. Therefore, please leave."

Zhao Zhong Yang was stunned.

He didn't expect Brother Lin to be so arrogant. Huang Guo Hui was a big shot that wanted him to read his fortune. If he were to approach any other fortune tellers, they would probably have gone crazy.

However, Brother Lin immediately waved his hand and said that he wasn't going to read his fortune. It seemed a little unbelievable.

If he was still live streaming the scenes in the shop, the netizens would definitely be shocked by it too.

Wealthy people were definitely not stingy. They would probably give at least a few million dollars. Furthermore, Brother Lin's fortune telling ability was accurate. They would probably think that it was worthy of spending over ten million dollars on such things.

However, Brother Lin rejected him. He didn't even give him an opportunity to quote a price.

He couldn't understand why.

Actually, Lin Fan's reasoning was simple.

He was a total stranger, why would he want to read his fortune?

Furthermore, what did the other party think of him?

He had become close to the townsfolk there but didn't even read their fortunes. Meanwhile, Huang Guo Hui didn't even know Lin Fan but he asked him to read his fortune for money. Wasn't he humiliating him with money?

It was incorrigible, really incorrigible.

It was just money. He had money too. Of course, he didn't have so much money with him. They were all with Wang Ming Yang.

Wu Tian He furrowed his brows. It wasn't because Lin Fan didn't want to read Huang Guo Hui's fortune. It was because his fortune-telling ten years ago allowed him to realize that Huang Guo Hui was someone that would haggle over every cent. He was good at pretending to be friendly but he almost always had ulterior motives and he disliked people disrespecting him.

Today, Master Lin actually rejected his request and this definitely caused him to be unhappy. With Huang Guo Hui's personality, he would probably not let him off so easily.

He was probably going to offend someone.

After Huang Guo Hui heard that Lin Fan said that his fortune telling was 100% accurate, he really believed it. However, the words that he said made him a little unhappy.

He still maintained his smile, "Master Lin, don't reject me first. Listen to my sincere request."

Then, Huang Guo Hui raised a finger.

"\$10 million. I just need Master Lin to help me read my fortune for the next ten years. Also, I will give you a card. You can use it to get free electrical appliances in any SAIC Motor store. Are you satisfied with the offer?"

Zhao Zhong Yang's mouth widened. That was insane.

Firstly, ten million dollars was already considered to be a lot. It was an amount that an average person would never be able to earn in his or her entire lifetime.

However, the main thing was with the free electrical appliances.

SAIC Motor Corporation had many chain outlets. Did that mean that he could go to any shop and get free electrical appliance?

There were cars, etc...

If he were to go out with this card, he would definitely gain a lot of respect.

Wu Tian He looked at Huang Guo Hui. He knew that Huang Guo Hui wanted to have it his way.

When he read his fortune ten years ago, he received the most amount of money ever. He gave him three million dollars. He had never received any amount that was higher than that.

Lin Fan was calm, it was just ten million dollars. He could have asked Wang Ming Yang for a few hundred million dollars. Why would he be moved by ten million dollars?

As for the card, there was no need for that.

How many appliances would he need in his lifetime? Furthermore, he didn't lack money.

“Director Huang, it's okay. I really stopped reading fortunes already. If you really would like to have your fortune read, you can look for Wu Tian He. My main profession is to sell scallion pancakes,” Lin Fan said.

Huang Guo Hui was a little unhappy but he still smiled, “Master Lin, don't be anxious. We can discuss it. Although I, Huang Guo Hui, am not the richest man in the country, I am still pretty reputable in the nation. As long as Master Lin would help to read my fortune, I would definitely not reject any of your requests in future.”

Lin Fan was a little frustrated, “Director Huang, I have really stopped reading fortunes. Changing someone's life would cause my life to be shortened.”

Huang Guo Hui smiled, “Master Lin, you're saying complete nonsense. I'm just asking for a session of fortune telling.”

Then, Lin Fan was infuriated. Even though he was one of the top fifty wealthiest men in the nation, he wasn't going to give him any face, "Do you have a problem? I have already said I don't want to read your fortune. Do you not understand human language?"

"I said it. I'm not going to read your fortune."

After he said that, the shop became silent.

Lin Fan heaved a sigh of relief. He had been holding that in for some time. This man was so frustrating. He had already said that he wouldn't read his fortune but he was still trying to force him to do so.

Did he really think that he was easy to be bullied?

Zhao Zhong Yang stared at Brother Lin in shock. He was gasping internally.

That was insane. He literally didn't give him any face at all.

The bodyguards behind Huang Guo Hui were shocked. They didn't expect someone to have rejected Director Huang.

It was the first time they witnessed something like this.

They had seen people rejecting Director Huang before but they had never seen someone give him such little face.

Huang Guo Hui's eyes were filled with rage but he soon calmed himself down. He smiled awkwardly, "Master Lin, you must be kidding."

Lin Fan replied, "I'm not kidding. I have really stopped reading fortunes. Alright, let me tell you why. I don't read the fortunes of strangers."

Huang Guo Hui replied, "Master Lin, we can gradually become friends if that's okay."

Lin Fan waved his hand, “Director Huang, it’s okay. Just go back. With your current status and reputation, you don’t have to believe in such things.”

“Furthermore, I choose my friends and it is not dependent on whether the other party would like to be my friend. It depends on whether I would like to be their friend.”

After Lin Fan said that, someone called him from outside the shop.

“Little Boss, is it convenient to speak to you right now?” A shop owner was blocked by the bodyguards and he shouted at Master Lin.

Lin Fan said, “Why are you blocking people? This is my shop, not yours. Elder Liang, please come in.”

Elder Liang was holding a piece of paper and he stared at those people curiously. He smiled, “Little Boss, my nephew is going to get married. I took both of their eight birth characters and would like Elder Wu to see if the date is auspicious.”

Lin Fan replied, “Let me have a look.”

When Elder Liang heard that Lin Fan was going to look at it personally, he jumped in joy. “Wow, Little Boss, you must be in a good mood to look at it personally.”

...

Chapter 767: Once again, you have offended someone

Elder Liang stood beside him and waited as he looked at the wealthy looking man.

Then, he smiled, “Bro, you must be here to get your fortune read. Little Boss’ fortune-telling skills are second to none. They’re 100% accurate. If he says that you have a problem, you definitely have one. As long as you listen to him, you’ll be able to resolve all your problems.”

“However, it’s a pity that Little Boss doesn’t read anyone’s fortunes anymore. I’m in luck today to have Little Boss look at the date and time for me.”

Elder Liang was praising Lin Fan but he didn’t notice that Huang Guo Hui’s face turned as black as thunder.

Huang Guo Hui felt that it was as if Master Lin was smacking his face after rejecting his request and agreeing to look at the eight birth characters of another person.

He had a high status in the country and he had never been so humiliated before.

Wu Tian He looked at Lin Fan in shock. Then, he sighed. It was good to be young. The youth were always fearless.

He didn’t even give Huang Guo Hui any face. Who knew what was going to happen next?

Lin Fan looked at the piece of paper and after a while, he asked, “When are they going to get engaged?”

“3rd of March.”

“Push it to the fourth. By looking at their eight birth characters, they’re suitable to get married on 4th of March.”

Elder Liang was curious, “Little Boss, what’s the difference by shifting it to the 4th of March?”

“It’s really different. If they get married on the 4th of March, their lives would be better in the future. They would have two children, one boy, and one girl. They’d live in happiness. As for the details, you can ask your relatives. If you’d listen to me, shift it to the 4th of March. If not, let them do whatever they want. It won’t be as good as the 4th of March.”

Elder Liang was stunned after hearing that, “Little Boss, you could tell that they will have a boy and a girl? If they were to get married on 3rd of March, does that mean they wouldn’t have a boy and a girl?”

Lin Fan smiled, "I can't say. You can make a guess."

Elder Liang trusted Little Boss a lot. He didn't have any doubts at all. He happily took the piece of paper from him, "Little Boss, I'll listen to you. Even if I were to lose my life, I would get them to change it to 4th of March. If they really have a boy and a girl, I will give you a big red packet."

Thereafter, Elder Liang left happily.

Lin Fan looked at Huang Guo Hui, "Director Huang, please leave."

Huang Guo Hui looked at Lin Fan with rage, "I came from such a far place, are you really not going to give me any face?"

Lin Fan smiled, "It's not that I don't want to give you face. I just don't read fortunes of strangers. Fraud, please send him out."

Fraud Tian felt a little reluctant. It was difficult for a wealthy man to come by. He wanted to take an advantage of him.

However, Lin Fan didn't want to do it and he had no choice.

"Director Huang, please leave. In future, if you would like to eat scallion pancakes, you can come and queue for it. Our scallion pancakes are cheap and absolutely delicious. You'd definitely want to eat it again if you were to try it. You'd probably want to live in Shanghai after that," Fraud Tian bragged and tried to advertise the scallion pancakes.

Since he didn't manage to get a hefty sum, he wanted to get some money from him.

\$50 for a scallion pancake wasn't expensive.

If he could get a loyal customer, it would also feel good.

"Hmph," Huang Guo Hui said as he left unhappily.

...

“Hey, Master Lin, you didn’t have to offend him,” Wu Tian He said.

Lin Fan shrugged his shoulders, “I didn’t offend him. I just told him the truth. I don’t read fortunes anymore. How can he force me to do so?”

Wu Tian He replied, “But you shouldn’t have helped Elder Liang right in front of him. He’d definitely be furious with that.”

Lin Fan smiled, “Elder Wu, it was on purpose. I just wanted him to see that you can’t just do everything with money.”

Wu Tian He shook his head and smiled bittersweetly.

“When I saw him for the first time, I felt that he wasn’t a good person. What are the Gods thinking? How can someone as evil as him become a wealthy man? Sigh...” Lin Fan said.

Wu Tian He looked at Lin Fan. If he didn’t know the answer, how would Wu Tian He know it?

With Huang Guo Hui’s personality, he would definitely come back again. However, nobody knew what he was going to do.

Zhao Zhong Yang said, “Brother Lin, I admire you so much. If I were you, I wouldn’t have dared to do that.”

Fraud Tian looked at him, “And that is why you can only do live streams.”

“D\*mn you, Fraud. I realized that you’ve been going against me recently. Is it because I showed you the picture of the pretty lady that time and didn’t give you her number? If I had given it to you, wouldn’t you be destroying her life? Don’t think I don’t know that you’ve been using my picture as your WeChat profile picture to talk to other girls,” Zhao Zhong Yang said.

Fraud Tian was furious after hearing that, “D\*mn you, you looked at my phone?”

Zhao Zhong Yang replied, “Who looked at your phone? Don’t accuse me.”

Lin Fan laughed as he watched them argue with each other.

He didn’t really care about Huang Guo Hui. He was a powerful individual and there would definitely be more people coming to look for him in the future. He wasn’t afraid of offending him at all.

If they dared, they could come and settle scores with him.

...

Huang Guo Hui sat in his car in rage. He didn’t expect the outcome to turn out this way.

Master Lin made him really angry. He really didn’t give him any face.

He was one of the top fifty most wealthy men in the country and his net worth was thirty billion dollars. People treated him like a God. He didn’t expect to be treated like dirt in a small shop here.

“Director Huang, Master Lin really doesn’t know who he is dealing with,” the chauffeur said furiously.

Huang Guo Hui sneered, “He doesn’t know what he is doing. I’ll finish him.”

It was normal for a person with status and power to be able to mess with the owner of a small shop.

He could easily crush him.

However, Lin Fan was different. Although he was the owner of a small shop, his status and power were really different.

Huang Guo Hui’s son, Huang Hao, found out about what had happened.

Huang Hao was quite famous on Weibo. In his Weibo group, he was one of the top three most popular men with females.

The other two were some of the richest men in the country.

This time, Huang Hao had just returned from overseas and he had been seeing the younger generation of wealthy men becoming famous after scolding people on Weibo. He wanted to be famous too and he also joined in the war to attract females.

Of course, he couldn't match up to the other two popular men.

When he scolded people, he would see first if the other party was a powerful individual. If the person was too powerful, he would stop flaming.

Hence, he always chose those backup actors and some of the directors of web films.

He also flamed those people whose net worth were under ten billion dollars.

Anyway, those people weren't as wealthy as his dad. Hence, he wasn't afraid.

Huang Guo Hui didn't even respect those people that tried to look for him after messing with his son. After all, they weren't on the same level.

Huang Hao started a discussion on a website and he was happily waiting to read the comments. However, he realized that something was wrong.

In the past, he would receive generally positive comments whenever he flamed people, with some negative ones.

However, it was different this time.

What was happening?

He read the comments and was stunned at how negative they were.

“F\*ck your mom. You’re a f\*cking id\*ot for daring to flame Master Lin. If not for your dad, you’re nothing at all.”

“F\*ck you for flaming Master Lin. Are you trying to die?”

“F\*ck your mom.”

“You must be an id\*ot for flaming Master Lin. Does your skull only contain sh\*t?”

...

## Chapter 768: Unlocking Another Page of Knowledge

Huang Hao was stunned.

He knew that his dad went to Cloud Street to look for someone to read his fortune and he got rejected. Furthermore, he didn’t give him any face.

As one of the Internet flame war starters, he had to do something about it.

He researched about Lin Fan.

The Vice-President of the Martial Arts Association.

He immediately ignored that. He felt that he couldn’t have beaten him to death.

Member of the Chinese Arts Association.

He worried even less about that. It was just drawing. It was a stup\*d skill to have and it was useless.

After researching, he confirmed that Lin Fan wasn't as rich as him and Huang Hao immediately started flaming him.

However, he didn't expect to be flamed by his own supporters after he posted it on Weibo. It was as if nobody had supported him.

At Cloud Street!

Zhao Zhong Yang was playing with Weibo and when he saw the Weibo post, he was in disbelief. He took a look at it and verified that it was true.

“Brother Lin, some wealthy youngster is flaming you on Weibo.”

Lin Fan was curious, “Why is he flaming me? I don't think I messed with any wealthy youngsters recently.”

“No, it's Huang Guo Hui's son. He is really arrogant on Weibo. He flames anyone that he dislikes. He probably did it after finding out what had happened here,” Zhao Zhong Yang said.

Lin Fan opened Weibo and saw the post. He wasn't really interested in reading it. “It's his mouth anyway. Let him scold me then.”

Zhao Zhong Yang looked at Lin Fan and realized that Brother Lin somehow became wiser. He was different from the past.

If he was the same Lin Fan, he would've started flaming the other party to death. However, he didn't care about it this time.

Fraud Tian didn't believe that this fella would change. “What is it? This doesn't seem like your usual style.”

Lin Fan replied, “Can't you see that there are many kind netizens flaming him for me? Do they still need me to do so?”

Indeed, Zhao Zhong Yang looked at the comments on Huang Hao's Weibo and realized that a few thousand hateful messages were being posted. It was terrifying.

Lin Fan was more concerned with the Weibo news about his new song.

His seventeenth page of knowledge should be completed soon.

On several international charts, two of his songs were in the top few places. They were climbing to the top rapidly. They literally jumped a few places in the blink of an eye.

Suddenly.

Lin Fan smiled. He finally heard what he wanted to hear.

"Task of convincing the public is complete, Encyclopedic Points +20."

"Unlocking the eighteenth page of knowledge. As it is the eighteenth page of knowledge task, it will be unlocking a relevant knowledge."

"Unlocking xianxia [immortality heroics], a minor class of animal training knowledge. This includes the Encyclopedia's Mystical Boost."

"Task: Train Elder Dog Nicholas to become a majestic rural dog."

"Task Reward: Encyclopedic Points +20. The chances of the nineteenth page of knowledge unlocking a major class of knowledge would be increased to 60%."

"Note: As it is a minor class of knowledge, there is no need to involve previous knowledge."

"Current Encyclopedic Points: 5000."

"Huh?" Lin Fan was stunned. What was going on? He was really ecstatic.

He didn't expect to receive another xianxia minor class of knowledge again after the past experience with the Little Intelligence Pills. Although it didn't seem to be very useful, 'xianxia' was really incredible.

At that instant.

Elder Dog Nicholas, who was lying on the floor raised his head and looked at Lin Fan. He felt a different aura.

Lin Fan looked at Elder Dog Nicholas and Elder Dog Nicholas lowered his head.

He didn't know why but he felt a little anxious, especially after seeing that fella's smile. He felt that something bad was about to happen. It was as if he was being watched.

"Elder Dog?" Lin Fan shouted. The smile on his face became wider. He was prepared to conquer the Elder Dog in one night.

\*bark\*

Elder Dog felt that the way Lin Fan was looking at him wasn't friendly. As the king of the dogs of Cloud Street, he had to protect his dignity and status. He immediately showed a defensive and stern expression.

"Haha," Lin Fan smiled. He felt happy with what he got for the eighteenth page of knowledge.

There were a lot of new knowledge in his head and he had the Encyclopedia's Mystical Boost.

Every time he had a Mystical Boost, he would become incredibly godly.

Fraud Tian looked at Lin Fan and felt that he was laughing so cunningly. He thought that something must have happened. Every time this fella smiled that way, something bad would happen.

At night.

Huang Hao was furious. He had been flamed by the netizens for an entire day and he was in a bad mood.

It would be impossible for him to delete his Weibo account. Even if he was getting flamed, he had to persevere and finish the other fella first.

In Beijing.

In two different luxurious villas, two youngsters were chatting on WeChat.

Jiang Hao Hao said, "Huang Hao is so stupid. He actually dared to flame Master Lin of Cloud Street. Doesn't he know how powerful Master Lin is?"

Shen Liang Cong replied, "Haha, this idiot just returned from overseas. He wanted to join the Weibo groups and flourish like us. He should have taken a look at himself first. It's humiliating to be compared to him by the netizens."

Jiang Hao Hao replied, "Hey, I feel like something is wrong. Why isn't Master Lin doing anything to Huang Hao? According to what I know, Master Lin isn't such a kind man."

Shen Liang Cong replied, "He's just a useless troublemaker. Perhaps Master Lin doesn't even give a damn about him. Oh, right, did you hear any news recently? Is Godfather Liu of the Northeast going to do anything to Master Lin?"

Jiang Hao Hao replied, "My \*ss. According to what I know, the Godfather Liu has been warned. I think it was because Master Lin has a good relationship with some notable leader. I don't know the details but I guess that should tell the story."

"That's incredible," Shen Liang Cong gasped.

"Yeah, he's that incredible. Alright, let's not talk about that. Recently, I've been preparing to film a movie and I would like to contact Master Lin to build a good relationship," Jiang Hao Hao said.

Shen Liang Cong replied, "Damn, did you use my Chinese dragon costumes?"

“Get lost, they’re so ugly. If they were to appear in my movie, everyone would be frightened. Alright, I’ll hang up now.”

Jiang Hao Hao was the son of the richest man in China and Shen Liang Cong was the son of one of the top ten biggest entrepreneurs. Although they were really arrogant online, they still had some brains.

When they saw Huang Hao flaming Master Lin, they knew that Huang Hao was an id\*ot.

Although Master Lin didn’t have any legitimate status, he couldn’t have been an ordinary figure after surviving so many trials.

The most recent one being the Ma Qing Zhou incident.

If people had a conflict with Ma Qing Zhou, they definitely wouldn’t dare to go over to Qingzhou. After all, they’d be beaten up even if the person was the son of the richest man in China.

However, Master Lin went there alone and finished Ma Qing Zhou. Wasn’t that impressive?

Anyway, they didn’t really care about what others thought of it.

They were really impressed by what he did.

Chapter 769: Come out, my Magical Dog!

In the small apartment.

Lin Fan looked at Elder Dog who was lying on the carpet. He smiled, “Elder Dog, I will bring you to see something fun later.”

Elder Dog barked, “Why did you bring me back to your house?”

“Don’t you trust me? Why would I harm you?” Lin Fan smiled.

Elder Dog didn’t really trust Lin Fan and he felt that something was wrong.

However, he couldn’t think of what was wrong.

Thankfully, nobody was here. If someone were to see a person communicating with a dog, they would definitely think that this person was crazy. However, that was the truth. They were really communicating with each other.

Lin Fan couldn’t wait any longer. Animal training knowledge is a xianxia minor class of knowledge. If he could become close to Elder Dog, he could slowly train him to become a super Elder Dog.

His strength would increase.

He would become faster.

His body would become sturdier.

He would know how to use magic.

Of course, he should forget about the magic. He didn’t even know any magic and obviously, Elder Dog wouldn’t be able to learn it.

The most important thing was that after conquering Elder Dog, he would definitely be 100% loyal to him.

However, Elder Dog was probably already 100% loyal to him. The rural dogs of China were really loyal to their owners. They wouldn’t betray them after an argument or because they were hungry.

“Come, Elder Dog, come over here.” Lin Fan waved to Elder Dog. However, when Elder Dog saw that, he was so afraid that he started to back away. He didn’t dare to go forward.

He felt that something tragic was about to happen.

“Why would I hurt you?” Lin Fan immediately carried Elder Dog and was thinking of ways to train animals.

He could use a spiritual stone but if there wasn't a spiritual stone, he could use the blood of a living thing.

“D\*mn it, where would I be able to get a spiritual stone?” Lin Fan cursed. Even the Encyclopedia's departmental store didn't have it. He only had the first level of the departmental store and everything they sold was messy.

However, he could use the blood of a living thing.

Whose blood shall he use?

Then, he smiled as he looked at Elder Dog. Then, he immediately went to the kitchen to take a knife and entered the living room.

Elder Dog wasn't dumb. He whimpered in fear after seeing his owner take a knife.

Lin Fan said, “Don't struggle. I'm not castrating you. It's for your own good. If we succeed, you wouldn't be a rural dog anymore. You'd become a super dog. When that happens, you'll be powerful. Can you imagine that?”

Elder Dog whimpered. He couldn't imagine it and didn't want to imagine it. He just wanted to live safely.

He was satisfied with sleeping and eating every day.

Then, Lin Fan took the knife and held onto one of Elder Dog's legs. Then, he took a deep breath, “Take a step forward.”

When he did that, the knife cut Elder Dog's legs and blood started trickling down his leg.

\*bark\*

Elder Dog had been cut. Although it wasn't really painful, he still struggled.

"Bro, please let me go. I don't want to be eaten."

Lin Fan's hand was stained with fresh blood. He immediately started to draw on the floor. He followed the instructions of the Encyclopedia and had to draw a diagram for animal training.

It was almost complete. Then, Lin Fan placed Elder Dog in it. "Don't move. Just lie down and don't move."

However, Elder Dog didn't want to listen to him. He just moved about in joy.

In the end, he had no choice but to use a rope to tie Elder Dog.

Elder Dog was tied up and he couldn't move at all.

Lin Fan nodded with satisfaction. There was only one step to go. Then, he did some hand gestures as if he practiced it a lot. Suddenly, a bright light lit up the diagram on the floor and it covered Elder Dog.

The Encyclopedia's Mystical Boost was being activated.

A magical energy flowed through Lin Fan's body and floated into the diagram.

Lin Fan clapped and shouted, "Come out now my magical dog."

Then, the light disappeared.

"Huh?" Lin Fan looked at the floor and was stunned.

Elder Dog was still being tied up and his body was still the same. He was still the same Elder Dog.

“That can’t be. Did I fail?” Lin Fan stared at the ground in confusion. It didn’t make any sense. There wasn’t anything wrong at all. Why did he fail?

Suddenly.

Lin Fan felt something in his heart. It had something to do with the relationship between Elder Dog and him.

“Elder Dog, how do you feel?” Lin Fan asked in his heart.

“Bro, nothing much,” Elder Dog whimpered.

“D\*mn, I succeeded!” Lin Fan stood up in joy. He didn’t say anything just now. He communicated with Elder Dog with his heart and thoughts. He didn’t expect Elder Dog to have been able to listen to him.

That proved that the animal training had succeeded.

However, what made Lin Fan feel helpless was that something was wrong. Since he had completed, Elder Dog should’ve become much stronger. However, he still looked the same.

Then, Lin Fan realized that the wound on Elder Dog’s leg had disappeared. It was as if he was never injured.

Lin Fan untied Elder Dog. To Elder Dog, he felt as if he was much closer to Lin Fan now.

After researching it for a moment, he still didn’t understand what had happened. Lin Fan didn’t want to think about it anymore. He was prepared to train him slowly.

It looked like the task wasn’t easy to be completed.

He opened up the Encyclopedia's departmental store and did a search. He finally found something useful.

Righteous Pet Food: The pet will become stronger and more righteous after eating it.

Encyclopedic Points needed: 100.

Evil Pet Food: The pet will become stronger and more evil after eating it.

Encyclopedic Points needed: 100.

Lin Fan didn't expect the Pet Food to be split into two different categories. It was a little weird.

However, as the pet of Lin Fan, he had to become a righteous pet.

He immediately traded a bag for 100 Encyclopedic Points.

However, when he traded it, he was stunned.

Why was it so black?

100 Encyclopedic Points were spent and there was only one piece. It was the size of his thumb.

That was ridiculous.

When he placed the Righteous Pet Food in his palm, Elder Dog Nicholas barked ecstatically.

"I want to eat it. I want to eat it."

Lin Fan immediately threw it at Elder Dog. "Eat it slowly. It's so expensive. It's going to be a waste. Go and take a shower." Then, he walked towards the bathroom. He was just thinking about how illogical it was.

When he was prepared to sleep, Lin Fan looked at Elder Dog licking the Pet Food, he hadn't swallowed it yet. He looked to be enjoying it slowly.

At night!

When everyone was asleep.

In the quiet night, Elder Dog managed to swallow the Righteous Pet Food.

In that instant, he raised all four legs and they started to twitch.

Even Lin Fan didn't know what was happening to Elder Dog. He was still dreaming in deep sleep.

Chapter 770: You Need To Have A Heart Of Gratitude

In the morning.

At Cloud Street.

"Where did you bring Elder Dog to? Did you...?" Fraud Tian asked curiously but his expression seemed a little cunning.

Lin Fan was speechless, "F\*ck, Fraud, I don't even know what you're thinking about. Why do you always think about these things? It's too dangerous. It's really too dangerous."

Then, Fraud Tian looked at Elder Dog, "Hey, something is wrong. Why do I feel like Elder Dog looks different today?"

Lin Fan was stunned. Was it because he saw Elder Dog every day and he couldn't notice the difference? He quickly asked, "What difference?"

Fraud Tian shook his head, “He looks fatter. He would probably still eat a sumptuous steamboat in the winter.”

\*bark\*

Elder Dog reacted and barked at Fraud Tian. Then, he raised his paws as if he was threatening him.

“D\*mn, dogs are getting smarter. They can even understand what we’re saying,” Fraud Tian gasped after seeing Elder Dog’s response.

Lin Fan didn’t expect Elder Dog to have really become smarter.

It seemed like a good beginning.

...

Zhao Zhong Yang said, “Brother Lin, I think Huang Hao is set on messing with you. He hasn’t stopped on Weibo since last night.”

Although Lin Fan didn’t want to bother about Huang Hao, he didn’t expect this fella to be so overboard.

His dad didn’t even do anything and his son came out to infuriate him. He must be crazy.

When he read the Weibo posts, Lin Fan furrowed his brows.

He said all sorts of nonsense. Since when did he do so many bad things in his past?

Although what he said was mostly true, everyone knew about it already.

However, the netizens were not dumb. They had been flaming this fella but Huang Hao took the initiative.

Lin Fan just wanted to ignore an idiot like him.

However, he didn't want to let this fella do whatever he wanted happily. That wasn't his style after all.

He did some hand gestures to read some fortune and he thought of something that he could do.

He opened Weibo.

Lin Fan said, "Young Master Huang, I have managed to foresee that your role in your dad's company might be at stake. Since you have the time to flame me, why not take the time and think about your own situation? Your dad has so many mistresses and he has more than one son. Some of them are already taking up important roles in your dad's company. Meanwhile, you're still wasting your time on the Internet. @Huang Hao"

After reading it again, he realized that there weren't any problems with it and he posted it.

When the netizens saw the post, they laughed.

"I think I found out something incredible."

"Haha, that's hilarious. Master Lin is incredible. He actually managed to foresee that. I trust Master Lin with all my life."

"His dad has so many mistresses and he has more than one son. What does that imply?"

Then, the netizens immediately mentioned Huang Hao and commented on his Weibo.

When Huang Hao saw the Weibo message, he was anxious. However, he didn't believe it. He immediately flamed him.

"What rubbish? Don't malign my dad. My dad only has one son. What are you talking about?" Huang Hao immediately replied.

As Huang Hao thought about it, he felt more unsettled. It was as if what Lin Fan said was spot on. Then, he made a call.

“Mum, does dad have someone else?”

“What do you mean? Who did you hear this from?”

“No, it was said by Master Lin. He said Dad has several mistresses and has more than one son. Some of them had been given important roles in the company already.”

“How could it be? You... Wait a moment.”

Then, Huang Hao was in doubt. He felt like something was wrong.

Then, someone screamed on the phone.

“This fella, I said that I saw a few people that looked like your dad when I went to the company. So, that’s why. What does he want?”

Huang Hao’s mum was agitated. In the past, she had doubted Huang Guo Hui’s faith before. However, she couldn’t get any evidence. Now that she has some evidence, she had to accept it. After all, he was rich and influential. Why wouldn’t he turn bad? What mattered was that he didn’t bring them home.

It was just that she saw a few department managers that looked like Huang Guo Hui but she didn’t think too much about it. After all, there were so many people in this world and it was normal to have people that looked like him.

Furthermore, she thought that Huang Guo Hui didn’t dare to bring the mistresses and children to the company.

However, she felt that the situation seemed a little wrong after hearing what her son said. She kept thinking about the department managers and felt that they really looked like him. One of them was really young and managed to become a department manager. It seemed a little impossible.

There was only one possibility. It was that these people were Huang Guo Hui's sons.

Now that he had brought them to the company, weren't her assets going to be split up?

"Mum, what is it? Could it be true?" Huang Hao was anxious. He didn't really believe it but his mum's tone made him feel that it was true.

It was as if something really happened.

"Son, don't ask your dad about this first. I'll go to the company to have a look."

After hanging up, Huang Hao was furious but he gradually calmed himself down.

"How could it be? It must be false. The fella really stalked me. I can't forgive him." Huang Hao thought to himself and went on Weibo to flame Lin Fan again.

However, he couldn't flame him properly again. After all, he was really stunned.

Especially since the comments made him really anxious.

"Haha, that's hilarious."

"Please believe him. Master Lin's fortune-telling ability is really accurate. If he says that you have brothers, you definitely have brothers. However, they're of different mothers. Your family's assets are going to be divided."

"How could you still insult Master Lin? You must be asking for it. Now that Master Lin is pitying you and telling you the truth, you should be thankful for his kindness."

After seeing those comments, Huang Hao was furious but he couldn't say anything to rebut those comments.

He was just really anxious and agitated.

His own dad looked for him to read his fortune but he didn't even do it. After all, those fortune tellers that his dad looked for were surely not scammers. That meant that everything might really be true.

...

At Cloud Street.

Lin Fan exposed this secret and it was something like a time bomb to Huang Hao.

"Is Master Lin here?" Then, a young uniformed worker from the Trade and Commerce Company came.

Lin Fan placed his phone down. "I am Master Lin, what is it?"

At the same time, he was curious as to why a worker from the Trade and Commerce Company came to look for him. Could it be that something bad had happened?

However, that might really have been true. Huang Guo Hui definitely wanted to avenge him. He just didn't know what he was going to do to him.

However, he could roughly tell what he was going to do to him now since this young worker came.
