

Valiant Life 831

Chapter 831: Where are you?

In the Northeast.

When Lin Fan arrived, he felt great.

When he took out his phone, he realized that there were a lot of missed calls. Then, he immediately called him back.

“D*mn, you really went there?” Wang Ming Yang shouted when the phone call got through.

Lin Fan chuckled, “Aren’t you talking rubbish? I’m already here. I just left the plane.”

Wang Ming Yang hesitated for a moment, “Bro, take it easy. Don’t cause any trouble.”

Lin Fan replied, “Don’t worry. Don’t you trust me? I’ll hang up now. I’m going to get busy.”

After hanging up.

He felt that Wang Ming Yang shouldn’t have been worried about his safety. He should have been worried about the tragic fate of Godfather Liu.

After knowing him for so long, why didn’t he understand him at all?

He didn’t understand it.

Outside the airport.

A black luxurious sedan was parked there and a man with short hair told his subordinates.

“All of you, look at this picture. As long as someone that looks like him exits the airport, inform me immediately. Do not lose him. This is about Godfather Liu. If something were to go wrong, you should know the consequences.”

“Yes, we know that.”

“I didn’t expect Master Lin to have the guts to come to the Northeast. Sigh, I’m also his hardcore fan. It’s going to be a difficult task.”

“A difficult task? Who’s the one that’s paying you? Just do it for your employer. What are you talking about?”

“That’s true.”

Godfather Liu was furious. This fella really came to the Northeast. He probably didn’t know how powerful he was. Although he couldn’t do anything serious to him, he was still capable of teaching him a lesson.

In the airport.

After Lin Fan called the others, he went to fetch Elder Dog. He brought Elder Dog to stay in a small cage and it was pathetic. However, he didn’t have a choice. If not, he wouldn’t have been able to come here.

This time, he was in the Northeast to speak to Godfather Liu. However, he actually wanted to tour the place and relax.

Lin Fan was looking at his phone with his head lowered as he scrolled through Weibo.

“Master Lin, I’m at the airport already. Where are you?”

“Yeah, I’m at the airport too. Please say something so we can fetch you.”

“Hey, where’s Master Lin? I’ve been trying to look for him with my friends.”

“D*mn.” Lin Fan quickly looked around him after reading those comments. He realized that there were several townsfolk that were secretly following him.

Although he wasn’t a celebrity, he was considered to be a public figure. If people were to know that he was there, it would definitely create a big uproar. He wanted to stay low-key about it.

He picked Elder Dog up and left the place.

When Elder Dog was released from the cage, he could tell that Elder Dog was looking at him in rage. It was as if he was blaming him for locking himself up in a cage instead of letting him board the plane normally.

Lin Fan couldn’t have said anything to that. He just covered himself up and started to leave the airport.

Godfather Liu had been waiting for the news from his subordinates. However, it wasn’t early anymore. He was feeling a little frustrated. He immediately called them.

“Has he arrived?”

“Godfather Liu, I haven’t seen him.”

“You haven’t seen him? Look at the time. What time is it? Why haven’t you found him?”

“Godfather Liu, we’ve been looking around closely. We really haven’t found him. Did he lie to us about coming here?”

“Get the f*ck back. You are useless. You can’t even find a person.”

“Okay, okay.” The subordinates trembled in fear and their foreheads were filled with sweat. They were really scared of Godfather Liu.

After hanging up, Godfather Liu immediately picked up a call.

“Godfather Liu, did you find that fella?” The person that called was Ying Jin. After being banished, all she could have done was to tour the world and relax. However, she couldn’t let go of the grudge and rage.

If not for this fella, she wouldn’t have been in trouble.

After hearing that the fella was coming to the Northeast, she was really happy about it. She wanted to take revenge and let this fella know that she wasn’t a pushover.

“My Little Jin, he isn’t here yet,” Godfather Liu said gently.

If Lin Fan were to hear that, he would probably have vomited his breakfast. ‘Little Jin’ was absolutely disgusting. She was already so old.

“Don’t worry. If he were to be here, I will definitely find him for you and teach him a good lesson,” Godfather Liu said.

“I love you the most.”

...

After hanging up, Godfather Liu looked stern again.

He sent a lot of people to look for him and they actually couldn’t find him. He wondered what they were doing.

Then, he dialed a number.

Lin Fan had already left the airport. He took a cab to downtown.

He was curious as it was the first time he visited the place.

Ding ding!

Then, his phone rang.

Lin Fan saw the incoming call and smiled as he picked up, “Hi, Godfather Liu.”

Godfather Liu said, “Where are you? Didn’t you say that you’re coming to the Northeast? I asked my subordinates to look for you. Why didn’t they see you?”

Lin Fan was stunned. Then, he said ecstatically, “Godfather Liu, you’re too polite. You actually sent people to fetch me. However, I didn’t see your subordinates at the airport. I’m already in downtown.”

Godfather Liu said, “Where are you now? I’ll get someone to look for you. How’s that?”

Lin Fan replied, “Then I shall trouble you. I am at XX Road. Godfather Liu, I’m waiting for you. Come here quickly.”

“Alright, wait for me. I’ll be quick,” Godfather Liu sneered.

After hanging up, Godfather Liu got his subordinates to fetch him.

After half an hour.

Godfather Liu called him again, “Where are you? My subordinates have been waiting for a long time.”

Lin Fan said apologetically, “Godfather Liu, I’m sorry. I went to look for a toilet. However, I accidentally took the train. I don’t know where I am now. Should I describe the surrounding buildings for you to pick me up?”

Godfather Liu had run out of patience, “F*cking idiot. Since you’re already in the Northeast, don’t think about running away. Nobody can hide from me.”

“F*ck you mom. I asked you to come and fetch me. Why are you scolding me for?” Lin Fan scolded.

Godfather Liu replied, “Just you wait.”

Lin Fan said, “Wait for your sister? Just wait for me. After I tour this place, I’ll look for you.”

clatter!

He hung up.

Lin Fan didn’t care about him at all. This fella actually disrespected him. He was literally asking for it.

After the Ma Qingzhou incident, he had decided to not bully them with his own abilities.

He had to destroy them and break them down before he exposed their crimes.

As the righteous Master Lin, he didn’t have to use those despicable means.

Furthermore, it wouldn’t have been fun if he were to resolve it so quickly.

He spent a lot of money to come to the Northeast. He wouldn’t have been able to justify the cost of the flight if he didn’t have some fun there.

Chapter 832: I have to report it!

Lin Fan was casually strolling on the street. He had just reached this place and he definitely had to take a good look around. There wasn’t a need to immediately start looking for Godfather Liu for trouble. He had to take it slow. Only so, would he be in the mood for it?

At that moment, his phone rang.

He saw that it was an unknown number. Lin Fan thought that Godfather Liu had changed his number to call him but when he answered the call, he realized that that was not the case.

“Hello, Master Lin, I’m Kuang Zhong Fei. I’m a business partner of Chief Chen’s. He informed me that you have come to the Northeast and told me to welcome you. May I know where you are now? I’ll go and fetch you,” asked Kuang Zhong Fei. He had cooperated with Chen Chang Sheng for almost ten years and they had a solid relationship. Now that something had happened in the Northeast, Godfather Liu had approached him before as well but Kuang Zhong Fei momentarily put him off.

However, he knew that he couldn’t delay it much longer. He had lived here for so long and he understood how dangerous Godfather Liu was.

Although his life wouldn’t be in much danger, he would be faced with many calamities.

For example, his house door might have dung splashed on it, his window might get smashed in the middle of the night or he might suddenly get beaten by someone on the streets for no reason.

Or, he might receive threats.

Who would be able to endure something like that?

Moreover, he had a family. He wasn’t worried about himself. He was afraid that his family members might run into trouble.

Lin Fan had not expected that Chen Chang Sheng would get someone to take care of him. Could it be that Chen Chang Sheng was really afraid that something would happen to him?

But it was good to have someone he knew. At least he would be able to find out more.

“Hello, Chief Kuang. I’m at XX Street. You can come over,” replied Lin Fan.

Soon, a car stopped in front of Lin Fan. a middle-aged man came out of the driver’s seat. Judging by his face, he wasn’t in a very good state. When he saw Lin Fan, he smiled.

“Nice to meet you, Master Lin, nice to meet you.”

It was the first time they were meeting. Lin Fan was very polite as well.

Kuang Zhong Fei had heard many rumors about Master Lin as well and he was a little curious.

But Chen Chang Sheng had said that Master Lin was here to resolve the situation. He didn't believe this.

It was mainly because Godfather Liu was too powerful. He wouldn't be taken down so easily.

Lin Fan got straight to the point, “Chief Kuang, tell me, what's the situation now.”

Kuang Zhong Fei sighed helplessly, “The situation now isn't good. That Godfather Liu has established his logistics company and he's starting to swallow up the large departments of the market. Moreover, his methods are exceptionally corrupted.”

“Our logistics vehicles often get their petrol stolen or their tires stolen. This kind of thing can't be stopped and it frequently happens. It has affected us greatly and it has affected the transport time, causing many clients to have bad opinions of us. Although the perpetrators have not been caught, I know that it was Godfather Liu who ordered people to do it.”

“I think that if this carries on, Chief Chen's business will have to leave the Northeast as well.”

When Lin Fan heard this, he felt a little surprised. He hadn't expected that it was so cruel. “Where is that Godfather Liu's logistics company? Bring me there to take a look.”

Kuang Zhong Fei didn't know what Master Lin wanted to do but he didn't say anything. He just drove the car towards their destination.

When they reached their destination, Lin Fan looked through the windows.

“Woof woof~” Elder Dog barked a few times after sniffing.

“What is it?” Lin Fan looked at Elder Dog.

Kuang Zhong Fei was taken aback. He hadn’t expected Master Lin to talk to a dog. This was a little unimaginable. However, he didn’t care about it too much. Everyone has their own habits.

Lin Fan communication through their thoughts.

“I smelled something smelly over there.”

“Something smelly?” Lin Fan didn’t quite understand what Elder Dog meant by that.

Could it be that there was a manure pit inside?

However, those words had already drawn Lin Fan’s attention. It seemed that he had to investigate.

He took note of it and didn’t stay any longer.

“Let’s go,” said Lin Fan.

Kuang Zhong Fei didn’t understand what exactly this Master Lin wanted to do but he started his car and drove off.

Nighttime.

Godfather Liu still had people looking for Lin Fan. But after searching for a long time, there was no sign of him.

Although Godfather Liu had many people under him, searching for a single man in a city was very difficult. But even so, he would not give up.

But what he didn’t know was that this Master Lin that he was thinking about had already slowly invaded his company.

Following Elder Dog's lead, Lin Fan stood in front of a big door.

"What is inside here?" Lin Fan muttered in his heart. Then, without hesitation, he opened the door.

A rush of cold air blew at him. Of course, a bit of cold air was nothing much.

What drew his attention was those already packaged and casually dumped meat products.

Although it was icy cold, Lin Fan could smell a piercing stench.

"Elder Dog, go and see what it is," instructed Lin Fan.

Elder Dog was now like a general who would charge in and break the enemies' front lines.

Suddenly, voices came from outside.

Lin Fan immediately picked Elder Dog up and hid in the shadows.

Creak!

The door was pushed open.

Two security guards were talking to each other.

"Do you think people will still eat these things?"

"People will definitely eat them. When these things are delivered, they'll be processed a little and become delicious foods, understand?"

"I heard that these meat products have been kept for tens of years. Where do you think this meat is from?"

“I’ll tell you but don’t tell anyone. These meat are all from overseas. They were secretly transported over using special channels. Alright, I shan’t say more. There’s nothing much here. Let’s hurry and go somewhere else. It’s too cold here.”

...

After the two men left, Lin Fan and Elder Dog came out of the shadow.

“F*ck, that’s vicious. If I hadn’t heard you two say that, I would have had no idea,” Lin Fan had heard it clearly. These were all old antiques.

However, most old antiques had to be handed over to the authorities in the country.

But these things probably wouldn’t reach the authorities. They were going to be distributed to countless citizens.

When he thought about these things being distributed to the various second and third-rate cities in the nation, his heart ached.

His many righteous fans who lived in those places would all be harmed.

He had to expose this.

He had initially wanted to play around with Godfather Liu but now, he had other plans.

He collected evidence and sneakily left the place.

The next day!

Lin Fan picked up his phone and made a call.

“Hello, is this Northern Morning News? I’m Shanghai’s Master Lin. I’m currently in the Northeast and I want to report an incident...”

Then, he dialed another number.

“Is this Northeast Daily News? I’m...”

Subsequently, Lin Fan contacted basically every news agency in the Northeast.

Of course, these news agencies knew about Master Lin.

When they saw on Weibo that Master Lin had come to the Northeast, they all wanted to find him but sadly, when they camped at the airport, they didn’t see a single sign of him. But now, Master Lin had actively contacted them.

This made them very excited. They wondered what big thing was going to happen now.

However, contacting these news agencies wasn’t enough. He had to contact the relevant departments.

For example.

The police.

The Food Safety Department.

Etc.

Facing such a situation, how could he not make things blow up? It wasn’t his style to just cause a small ruckus.

Chapter 833: The righteous Master Lin makes his move

Lin Fan opened his Weibo.

He planned for a few seconds, then typed a paragraph.

“I’m already in the Northeast but I’ve encountered a very huge, disgusting matter that concerns the health and safety of countless people. As the righteous person that I am, I can’t just sit idly by. Hence, I’ve come out. My righteous Northeast fans, please raise your little hands so I know that you are still alive.”

In an instant, the comments started popping out maniacally.

“D*mn! The god is still alive!”

“If he’s talking about the righteous fans, I’ll be the first to raise my hand.”

“Master Lin, where are you? Can you say something? I just want to take a photo with you. I don’t have any other intentions.”

“Master Lin has appeared. I predict that something huge is going to happen.”

Lin Fan hadn’t announced the matter yet. He had to at least wait until the reporters and related departments reached before doing so. Against such a matter, he had to sternly and righteously reject it, or even expose it.

He stood facing the entrance of Godfather Liu’s company.

The security guard felt that something was wrong.

“What are you doing?” asked the security guard.

Lin Fan glanced at him and said, “I’m Shanghai’s Righteous Master Lin. I’m here to attack the evil.”

The security guard was dumbfounded, “???”

He felt that this young man might have had a problem with his brain. Was he trying to attack evil over there?

Did he not know whose territory this was?

“Move aside. Don’t interrupt the work here,” the security guard reprimanded. As one of Godfather Liu’s men, he had a feeling of superiority that he never had before. Although he was just a security guard, he felt that he was f*cking awesome. Because it was Godfather Liu’s territory, he didn’t give face to anyone.

Lin Fan waved his hand. “I think you better leave now. Otherwise, I’m afraid that you may not be able to leave.”

“You...” The security guard felt that he had met with a retard. Just as he was about to use violence to chase the opposition away...

Car after car drove over from afar.

The media’s cars stopped there.

The reporters looked at Lin Fan and cried out in shock, “He’s here! Master Lin is here!”

The security guard cursed when he saw this situation. He had no idea what was going on.

Why were there so many reporters?

What kind of f*cking situation was this?

At that moment, he felt that things didn’t seem right. He quickly contacted his colleagues and told them to come over. This wasn’t something he could handle alone.

And who the heck was this guy in front of him?

Why did these reporters know him?

Could it be that he was some sort of big figure?

A reporter said, "Hello, Master Lin. Can I ask you why you're in the Northeast?"

Another reporter asked, "Master Lin, what has happened here? What is the huge matter that you mentioned on Weibo."

The crowd kept asking questions non stop. Their hearts were very curious.

Although they weren't Shanghai reporters, they knew in their hearts that wherever Master Lin appeared, there would definitely be big news.

This was something that was widely known among the media circles.

Lin Fan calmly waved his hand at these reporters. "Everyone, please stay calm and don't be too excited. More people will be coming later on. When they come, I'll lead everyone in exposing evil."

The reporters were in eager anticipation. They were all wondering what exactly that 'evil' was that Master Lin was talking about.

However, some reporters realized that something wasn't right here.

"I think this is Godfather Liu's logistics company, isn't it?"

"Yeah. because of that Ying Jin incident, Master Lin and Godfather Liu have had a conflict. It seems that Godfather Liu is involved in this matter."

"Then if we report this, will there be any problems?"

"What are you afraid of? They're all here, what do we have to be afraid of?"

Some reporters were a little worried. However, in the face of potential news, their professional qualities made them fearless.

This was their dedication to big news.

Very soon.

A police car arrived.

“Who called the police?” The police got off the car. When they saw so many reporters, they were startled and couldn’t quite understand it. What was going on?

However, they still had to carry on with the procedures.

“It was me.” Lin Fan raised his hand.

The policemen saw Lin Fan and went forward to him. “Why did you call the police? Is there an issue?”

Lin Fan said, “Police comrade, I called the police because I discovered an extremely vile matter. This matter concerns the health of tens of thousands of citizens. If it is left alone, it will cause extremely nasty repercussions.”

The policeman looked at Lin Fan and was taken aback by what Lin Fan had said.

Did it concern tens of thousands of people?

Could this man in front of him be retarded?

The reporters realized that the policemen were making suspicious expressions. They hurriedly said, “This is Shanghai’s Master Lin. He’s very famous. Master Lin must have discovered a major problem You must all be alert.”

The old policeman clearly didn't pay attention to Weibo much. He had a suspicious look on his face. What was this about 'Master Lin'?

It was the young policeman beside him who started to be filled with excitement.

"You're Master Lin? I've always followed your Weibo. I really worship some things about you," said the young policeman ecstatically. Then, he looked at his senior beside him. "This is Shanghai's Master Lin. He's a very good man. Something big must have happened. Otherwise, Master Lin wouldn't have called the police."

Lin Fan nodded contently. This young comrade was pretty good. He really understood Lin Fan.

"That's right. I've discovered a huge matter. It requires the media and the police to be on scene in order to expose it," said Lin Fan calmly.

The young policeman was very curious. "Master Lin, we've all reached already. You can expose it now, right?"

Lin Fan waved his hand. "Not yet. The Food Safety Department people aren't here yet."

"Huh?"

The policemen were stunned.

Why did the people from the Food Safety Department have to come too?

Wasn't the police enough?

In a certain villa.

Godfather Liu was contemplating things. Suddenly, his urgent phone rang, interrupting his thoughts.

When he answered the call, a hurried voice came from the other end.

“Godfather Liu, it’s bad. Something has happened at the company. A lot of reporters have arrived here and there are even policemen,” said one of his henchmen.

Godfather Liu frowned, “How did this happen? Why would the police and reporters come?”

“I don’t know. They were called over by some guy called Master Lin,” said the henchman.

“What?” When Godfather Liu heard this, he erupted. He had been looking for Lin Fan the whole time but had never succeeded. But who would have thought that Lin Fan would dare to appear in his own territory?

Suddenly, he felt that something was wrong.

Then, the more he thought about it, the wronger it felt. He hoped it wasn’t as he thought. If it really was, things would be very bad.

At the scene!

The people from the Food Safety Department had reached.

Lin Fan saw that it was about time to reveal the truth.

Looking at those eager eyes of the reporters, he felt that he couldn’t disappoint them.

At that moment, Lin Fan took a deep breath, opened his mouth, and said, “My dear comrades, it’s time to expose the truth. This company behind me, you all may already know about it. That’s right, it’s the Northeast’s Godfather Liu’s company. But you all might not have expected that in here, he is hiding a lot of things that will soon be distributed outside which will cause people to become sick. Now, everyone, please follow me and charge inside. I’ll bring you all to take a look.”

The reporters were ecstatic. This was definitely going to be a piece of big news.

Meanwhile, the policemen were startled. They felt that things seemed far from good.

Chapter 834: It's just that incredible

The entrance security saw the situation and was anxious.

“What are you doing? What are you all doing? Police comrades, how can you do this? This is private property. You can't trespass.”

The security guards had received instruction that no matter what, they had to keep these people out. But in the face of so many people, they were a little weak.

“Move aside now.” Lin Fan shoved the security guards aside. How could he let them block his way? Then, he waved his hand and yelled, “The things are inside, don't let them move the things away.”

When the reporters heard this, they looked at each other. They felt that this was a little unreasonable but since Master Lin had taken the lead to charge in, they had to charge in as well. Moreover, if it's really big news, if they are slow and don't manage to capture the main topic, it would be a great loss.

The logistics manager rushed out. When he saw that so many reporters had charged in, he panicked. But if he didn't take responsibility and just ignored them, something really bad would happen.

He knew in his heart what was in this place. If it is really discovered, then they would be done for.

“Stop right there. What are you all doing?” The manager blocked the path, glaring at Lin Fan and the rest. Then, he looked at the policemen behind and said, “As policemen, how can you permit such trespassing without any prior investigation? Do you know what we do here? If we lose anything, are you going to take responsibility?”

“I'll take responsibility,” shouted Lin Fan

What was there to be afraid of? It was just taking responsibility. Even if he threw away some things, Lin Fan wasn't afraid.

The manager was already anxious. “Who are you? What right do you have to take responsibility? I want to call the police.”

Meanwhile, a number of movers had already gathered. They had received instructions to move the food products away in a short period of time. But to them, the person who gave those instructions was just dreaming.

There were so many things. Without a full day’s time, how would they be able to move it all?

The old policeman could not carry on watching. He felt that the way this Master Lin did things was lawless. He stepped forward and said, “Wait a moment. I want to ask you, what exactly have you discovered. Without the proper procedures, you don’t have the right to search any company.

Lin Fan felt that he could not be delayed any longer. Then, he sent a telepathic message to Elder Dog, who was not far away.

Elder Dog, who had been standing by for orders, had already become impatient long ago. He gave a bark before charging maniacally and knocking the manager onto the ground.

“Well done.”

Lin Fan was delighted when he saw this. Elder Dog was awesome.

“My reporter comrades, follow me quickly,” yelled Lin Fan. Without caring about anything else, he started dashing towards the warehouse.

Of course, the reporters didn’t wait around and say any nonsense. No matter what, today’s incident was going to be something big.

When they reached the warehouse, a group of workers were working hard to move the things away. Lin Fan bellowed, “Stop right now!”

When the workers saw that so many people had come, they were so frightened that they dropped what they were holding onto the ground.

“It stinks!”

The reporters covered their noses. They could already smell the piercing stench.

Some of the reporters went forward and looked at the things. Then, their expressions changed.

“These chicken feet and meat...why are their colors so strange?”

“What? What’s going on?”

The reporters were puzzled. At the same time, they were enduring that piercing stench.

When the people from the Food Safety Department saw these things, their expressions changed drastically. They frequently handled food products, how could they not know what these were?

But this was the first time that they had seen this kind of food products.

As everyone was in incomparably shock, Lin Fan said something that made everyone’s jaws drop.

“I heard the people here say that these meat products have already been chilled for tens of years.”

“What?” A reporter looked at Lin Fan in disbelief. He felt as if he had misheard him.

Chilled for tens of years?

Was it still f*cking edible?

And looking at this warehouse piled with those things, they didn’t dare to imagine how many there were.

If these were to be distributed to the public, how many people would consume them?

kacha

The reporters quickly pressed their camera shutters, recording everything at the scene.

Lin Fan looked at the policemen, “My police comrades, this is the situation. How do you think this should be resolved?”

That old policeman was in a daze. He clearly had not expected something like this to happen.

ring ring

His phone rang.

The old policeman saw that it was a call from his leader and he immediately answered. On the other end of the call, the leader was displeased it was as if he was blaming them for being dispatched to Godfather Liu’s place.

However, this situation, to the old policeman, had already surpassed all his expectations.

“Leader, we’ve discovered something. There’s a problem with this company. Now, the reporters are all here. We need to assist them.”

When the leader heard this, he was angry and wanted to curse. But suddenly, he stopped.

Did something bad happen?

And there were even reporters there?

At the scene.

The reporters grabbed onto a worker. “Hello. May I ask you whether you know where these food products are from?”

The worker wanted to avoid it. He didn’t want to answer the question.

They knew that there were problems with these things but they couldn't say it. Otherwise, things would be bad.

Hence, they all just shook their heads, pretending not to know.

Lin Fan took out his phone and opened Weibo. He took a few close-up shots of these things and uploaded the photos.

"These disgusting things have finally been pulled out. Everyone, look at these food products. If they weren't discovered in time, they might have circulated into the market. Everyone might not know what these are but let me explain. These are known as zombie meat or zombie chicken feet. Most of them have been chilled for tens of years. They're even older than some of you."

"Also, I'll conveniently add this. Northeast's Godfather Liu, you're way too crooked, to do such a thing."

When this Weibo post was uploaded, it instantly caused huge waves on the Internet. Countless netizens were in disbelief when they saw it.

"F*ck! Is that true? Tens of years? How can it still be f*cking edible?"

"Actually, it's still edible theoretically but I definitely won't eat it."

"F*ck your mom. That's way too disgusting."

"Northeast's Godfather Liu? D*mn, Master Lin is finally making a move to save us. As Master Lin's fan, I feel so lucky."

"Zombie meat and zombie chicken feet. That's really suitable. Looks like it's GG for whoever eats them."

"How did these things appear in our country? Don't the customs do proper checks?"

“Even if you don’t want to, you have to submit to Master Lin. Master Lin is just incredible. He has just reached the Northeast and he’s already helping us righteous fans. He has done such a huge good deed. I have to bump this post.”

...

Chapter 835: I swear to the heavens that this wasn’t intentional

In the villa.

Godfather Liu’s expression was exceptionally ugly. “What did you say?”

The person on the phone was cowering in fear. “Godfather Liu, before for we could even stop them, they charged in. Now, those things have been exposed. The reporters are recording it.”

“B*stards. F*cking b*stards.” Godfather Liu’s face was green with rage. In this situation, he couldn’t think too much. If he allowed this to develop further, the consequences would be unimaginable.

“Listen well. Those things are yours, understand?”

“Godfather Liu, I...” When the person on the other end of the call heard that, he was dumbfounded. And at the same time, he was very afraid.

Godfather Liu said, “Don’t worry, I’ll cover you. But if anything is to happen to me, none of you will escape. I’ll also prepare ten million for you. If you do this for me, I guarantee that you will have no worries for the rest of your life.”

The man became silent when he heard this. He had already accepted his fate. Even if he didn’t agree, what could he possibly do?

If Godfather Liu was to go after him, he wouldn’t be able to escape.

Moreover, if he accepted responsibility, he would gain a number of benefits. It would be worth it.

However, he had never expected that there was something even scarier that was going to happen.

After hanging up.

Godfather Liu's face looked so malevolent that it was terrifying. At the same time, there was a bit of fear in his heart. However, he was still holding on to his last bit of hope. He would not just sit and wait. He quickly took out his phone and made a few calls.

At the scene.

Lin Fan was all smiles. This situation had gone according to his expectations. Then, he turned to the comrades from the Food Safety Department. "This kind of matter is very severe. You have to handle it strictly."

The comrades from the Food Safety Department looked at each other, then quickly contacted their unit, telling them to send people over. If these things were to be distributed outside, there would be nasty repercussions.

And the most important part was that there were so many reporters around. Even if they wanted to resolve this quietly, it wasn't possible.

"Who's in charge here?" asked the old policeman sternly.

That manager who had been knocked down by Elder Dog previously had been struggling in his heart. In the end, he accepted Godfather Liu's conditions.

"I'm in charge," said the manager. He immediately took the blame for the incident.

Lin Fan looked at this manager. He had not expected this person to take the blame.

It seemed that this Godfather Liu was very quick at doing things. He had already found a scapegoat so quickly.

Lin Fan naturally knew that something like this would not be able to cause Godfather Liu trouble. However, it could cause Godfather Liu to be embarrassed.

The battalion had not arrived yet. The old policeman said, "Where are all these from?"

The manager looked calm. It seemed that he had already been prepared. "I'll wait until my lawyer comes before I say anything."

The reporters kept on taking photos of the manager. No matter what the situation was, they would just record it first.

Woof woof!

At that moment, Elder Dog dashed over.

When the manager saw this dog, his expression suddenly changed. It seemed that he had some psychological scar. When he had come into contact with this mutt previously, he realized that this dog's strength was shocking. He had gotten pinned to the ground by the dog.

Lin Fan patted Elder Dog's head. "Not bad, not bad at all."

Lin Fan didn't mind the number of Encyclopedic Points he had used to feed and raise Elder Dog anymore. They had had their uses.

Woof woof!

At that moment, Elder Dog started barking at those meat products.

When Lin Fan saw Elder Dog do this, he was puzzled as he wondered what had happened.

Suddenly, he saw Elder Dog start charging into the middle of those meats. He searched around for very long. Then, he bit onto a piece of meat and opened it up with his front paws.

A packet of white substance fell out. It was very eye-catching.

Everyone looked at the white substance and instantly fell silent.

A fine, powdered substance, stored in little packets.

Lin Fan went forward and grabbed the packet. He took a close look. Then, he looked at that old policeman. “My police comrade, these look like drugs, don’t they?”

When the reporters heard this, their eyes widened.

Drugs?

There were drugs hidden in these meats?

This news was going to explode.

When the old policeman heard this, he immediately went forward and grabbed the packet. Due to his experience, he could confirm that those were definitely drugs.

Elder Dog was still searching in the pile of meats. It seemed that not every piece of meat contained these. They were all dispersed.

Soon after.

Elder Dog picked out another piece of meat. Then, he opened it up and it was yet another packet of white powder.

“D*mn, they’re trafficking drugs!” A reporter cried out in astonishment, seemingly in disbelief.

“This is big news!”

Everyone’s gazes were drawn in.

That reporter's face had turned white. His sweat was dripping profusely. He had not expected that there would be drugs.

Godfather Liu had not told him about this.

At that moment, his throat moved a little. He seemed very nervous and very frightened.

Lin Fan looked at the manager. "You better think carefully. This situation is now much more severe than before."

The manager pretended to be calm when he heard Lin Fan's words. However, his body trembled for a moment. It was clear that he was afraid now.

Very soon, the police battalion arrived.

When the leader was informed that there were drugs hidden in the meats, he instantly took the matter seriously.

This wasn't as simple as selling poor quality meat anymore.

Then, they started to cordon off the scene. The reporters were chased out.

But how could the reporters leave so easily? They stayed outside and continued to take pictures and videos.

They had already taken photos of the drugs in the meat previously.

This matter was already substantiated but what they wanted to know now was who was behind this. How could they have hidden so many illegal items?

And Lin Fan was surrounded by reporters.

"Master Lin, what do you think about this matter?"

In the face of the reporter's question, Lin Fan was a little dumbfounded.

He didn't know what to say in this situation. It was simply an unexpected joy.

Initially, he had just wanted to use this incident to send Godfather Liu little 'gifts'. But he had not expected that Elder Dog would do a great service and dig out another matter.

This was a little unfathomable.

The reporters looked at Lin Fan, clearly in anticipation. They felt that Master Lin was really a mysterious man. He had actually managed to discover such a huge matter.

However, Lin Fan could swear to god that it wasn't intentional.

He had no idea that it would turn out like that.

"Ahem!" He cleared his throat, then said, "Dear reporter comrades, about this incident, I feel furious. Lawbreakers nowadays are really too lawless. This logistics company must be looked further into, especially the person-in-charge of this company. I heard that it's Godfather Liu and that he's a very lawless guy in the Northeast. I also heard that his hand covers the sky in the Northeast. He owns many offices and nightclubs here. I have a brave guess that these things are probably directly related to him."

"That's why we should pay close attention to him."

Since it was already like this, Lin Fan decided to criticize Godfather Liu a little.

The reporters looked at Lin Fan, recording his words.

However, they felt helpless in their hearts.

This Master Lin had indeed come to the Northeast to go against Godfather Liu.

They had to give in to Master Lin.

Chapter 836: Don't you know his character?

Godfather Liu had been waiting anxiously the whole time. When his phone rang, he immediately answered impatiently.

“What’s going on now?” He seemed to be very calm but on the inside, he couldn’t help but be nervous. He had no idea how that guy had discovered that there were these things in his logistics company.

When he established this logistics company and when he invested in Chen Chang Sheng, he had certain objectives.

He definitely could not earn that much money from transport alone.

Of course, he had to make use of these channels to secretly transport those things. If he used the whole country’s channels and his personal connections network on top of that, what would there be that he could not transport?

“Godfather Liu, things are bad. The police have found drugs inside the meat. Now, they’ve cordoned off the area and many people have already been caught,” said an underling as his heart trembled in shock.

At first, he hadn’t known that there were drugs inside those meat products. He had thought that even if they got caught, the worst that could happen was that the company would be closed down temporarily and somebody would take the blame and go to prison for a few years. And with Godfather Liu’s connections, that person might not even have to be in prison for long.

But now, it was different. The police had found a large amount of drugs inside. That amount was enough to warrant an execution.

“Godfather Liu?”

His underling didn't hear anything from the other end of the call and couldn't help but become anxious. He had no idea what to do anymore.

beep beep

The call was hung up.

Godfather Liu sat on the sofa. His head was aching very much. He didn't know what to do.

The logistics manager was probably not willing to take the blame for him anymore. If they hadn't found the drugs, it wouldn't have been a problem but now, no one would be as stupid as to take the blame for him and risk their own lives.

No. He had to quickly beg for help.

Then, he immediately took out his phone and made a call.

"Godfather Qin, save me." Once the call was answered, Godfather Liu started begging bitterly. The only other path was death.

"Lil' Liu, what's going on?" Godfather Qin's voice was deep. It was the first time he had seen Lil' Liu in such a panic.

Although Godfather Liu pretended to be calm, his face was pale white. He knew that if this matter wasn't handled properly, he would be in a very bad spot. With his status in the Northeast, he had not expected anyone to have the guts to search his logistics company and even if they did search it, they definitely would have informed him in advance and he would have had enough time to move the goods away.

But now, that Master Lin from Shanghai had brought reporters and charged into his company, exposing the scene. This speed left him unable to respond in time.

"The things that I've been hiding in my logistics company have been discovered," said Godfather Liu nervously.

Godfather Qin said, “Oh, those meats that have been chilled for tens of years, right? So what? Isn’t it fine if you just get someone to take the blame for you?”

“No. If it was like that, I definitely wouldn’t have had to trouble you, Godfather Qin. But I hid some drugs over there and now, they’ve been discovered. I...”

Godfather Qin: “???”

Godfather Liu didn’t know what Godfather Qin would think of this but he had no other choice now. “Godfather Qin, you have to help me out. I really have no other way. If they continue investigating, I’ll have to bear the consequences. You know how strict the policies are these days and the amount of drugs I possess exceeds the amount that warrants a death sentence tens of times. I’m afraid that manager of mine won’t take the blame for me.”

Godfather Qin was considered one of the top behind-the-scenes big shots in the Northeast. He knew many influential people. In all these years, he rarely managed any matters. He would leave all the matters to his underlings to manage.

In the Northeast, Godfather Liu was known as an underground big shot but when Godfather Qin was around, he would never dare to be called a big shot.

Because Godfather Qin’s power was immense. His network of connections was complicated. If he just randomly picked one of his social connections, it would be enough to shock Godfather Liu.

Godfather Qin was angry. “Lil’ Liu, are you a f*cking idiot? How could you get caught for something like this? How have you been doing things all these years?”

Godfather Liu said, “Godfather Qin, please save me. I am really at a loss this time. I’ve been targeted by that Shanghai piece of sh*t. He came to the Northeast to cause trouble for me. He brought the reporters and charged into my company. My men were simply unable to stop them. I don’t even know how he found out about these things.”

“Shanghai’s Master Lin?” Godfather Qin was startled. Then, he said coldly, “Didn’t I already tell you not to anger him? And you still f*cking angered him. Don’t you know that the higher-ups have already warned you?”

Godfather Liu lamented, “Godfather Qin, I didn’t anger him. That guy actively came to anger me. I got angry and scolded him a little. But who would have known that that guy would really come to the Northeast? I didn’t expect that at all.”

Godfather Qin said, “Lil’ Liu, I’m very disappointed in you. I usually tell you to look at Weibo more but you don’t f*cking listen. Can’t you see for yourself what kind of character that Master Lin is? And you still went to scold him. Do you know how Ma Qing Zhou died? He f*cking asked for his own death.”

“I...” Godfather Liu wiped the sweat from his forehead. His heart was panicking. Although nothing had happened to him yet, he could tell that by tomorrow latest, he would be taken away.

As for making a run for it, he didn’t even think about it. If he ran, he would never be able to turn back. If he stayed, he could still think of ways to suppress the situation.

“I’ll make some arrangements for you. As for whether it succeeds, it will depend on your luck. I’ll do what I can to suppress the news and media...” Godfather Qin had started to think of solutions.

Although he had scolded Lil’ Liu, he couldn’t just watch him die. Lil’ Liu helped him to manage his influence underground. If something really happened to Lil’ Liu, he was afraid that he would be implicated as well.

But he was really disappointed in Lil’ Liu and thought he was an idiot.

That Master Lin from Shanghai was a f*cking madman, but Lil’ Liu still angered him. Wasn’t that just asking for death?

After hanging up, Godfather Liu’s expression gradually turned cold and gloomy. He couldn’t just rely on Godfather Qin. He had to do his part as well.

The next day!

There weren’t many news agencies in the Northeast that reported the incident. This was all due to the opposition, who had told the media not to report it.

However, a wonderful thing happened.

News agencies from Shanghai, Zhongzhou, Qingzhou, Lianzhou and other places had started to report the news.

‘The Northeast’s XX Logistics has been hiding meat products that have been chilled for tens of years. And inside those meat products, drugs were hidden.’

‘Upon reaching the Northeast, Master Lin performs a huge deed.’

‘A logistics company has done a shockingly bad thing.’

These news articles kept on bursting out.

The previous day, just when the matter had been exposed, Godfather Liu and Godfather Qin already made their move. They first suppressed the media and news agencies within the Northeast, not permitting them to report this matter. And these agencies did not dare to go against their requests at all. They could only accept it. However, even though they accepted it, there were a number of righteous agencies that were also quite nimble-minded. They weren’t allowed to report it, however, they had not been told not to send the materials that they recorded to other people.

Hence, many agencies in the Northeast sent their news materials to other fellow reporters, telling them to publish it.

This matter involved Master Lin. To the news reporters, it was big news. Hence, regardless of anything else, they immediately published it.

They weren’t news agencies in the Northeast, hence, they were unafraid. They immediately exposed the matter on the Internet without restraint.

Chapter 837: Stop disturbing me

“D*mn! Is this true? Something like this actually happened in our country?”

“I don’t know but there are even videos. It should be true.”

“Animals. If these meats that have been chilled for tens of years enter the market, how many people will suffer?”

“The important thing now is not the meat anymore. It’s the drugs hidden inside. This is a huge matter. Everyone knows that our government has zero tolerance against drugs.”

“Master Lin is really incredible. I’m fully convinced now. He just arrived in the Northeast and he has already done such a great deed. This is worthy of celebration!”

“Haha, Master Lin is our lucky star. He has come to the Northeast to save us poor fans. I’m happy.”

“This logistics company belongs to the Northeast’s Godfather Liu. This behind-the-scene mastermind absolutely must not be forgiven. But according to how things usually go, I have a feeling that this mastermind will probably escape once again.”

“That’s not possible. I believe in Master Lin. He definitely won’t let Godfather Liu go. He will definitely round everyone up.”

“Who is this Master Lin you all are talking about? Since when did this character appear?”

“^Did you just get an Internet connection? I suggest you go on the Internet and enrich your knowledge.”

...

On Weibo.

This matter was already the number one trending topic.

Big and small forums had all reported about it. This had caused the whole country to know about it.

And this person, Godfather Liu, had been exposed. After all, on the previous day, Lin Fan had analyzed everything clearly in front of the reporters. How could these reporters not know who this man was?

They published everything that Master Lin had said on the news without changing a single word.

Shanghai.

Chen Chang Sheng and Wang Ming Yang were together. When this news came out, Chen Chang Sheng was completely dumbfounded. He had not expected such a thing to happen over in the Northeast. Moreover, it was Master Lin who caused it.

He couldn't quite understand how Master Lin had been able to do that.

At this moment, he looked at Wang Ming Yang in astonishment. "Chief Wang, how do you think Master Lin did this?"

Wang Ming Yang was already speechless in his heart. How could he have known how his brother had done it? If Chen Chang Sheng asked him, who was he supposed to ask?

"Chief Chen, it doesn't matter how it was done. It has already happened. This has gotten out of hand, hasn't it? Do you think the opposition will have a life and death struggle with my brother? Will it be dangerous?" Wang Ming Yang was now worried about those things.

If the opposition already felt like he could not come back from this, would he go against Lin Fan to the death?

This felt very dangerous.

"This..." Chen Chang Sheng didn't know how to answer. He felt that the possibility was too great. He had some understanding of Godfather Liu's character and Godfather Liu was very vicious.

The police station.

That logistics manager stared blankly at the policemen in front of him.

This situation was completely unexpected. He didn't even know what he should say.

"Yang Fei, I'm going to give you one chance. Who do these things belong to?" A righteous old policeman stared at Yang Fei sternly. He didn't believe that those things belonged to the manager in front of him. Because according to their investigations, this manager didn't have the capabilities.

After a night of searching, the amount of drugs they found was simply shocking. It was probably the most major case in the history of Northeast China.

Yang Fei sat there with his hands handcuffed. His heart was very nervous.

He wasn't stupid. He could not take the blame for those drugs. Otherwise, he would lose his life, because he would have to pay for it with his life.

However, what was he supposed to do regarding Godfather Liu? If he betrayed Godfather Liu, he would probably not be the only one in trouble. His entire family would also be in trouble.

"Tell me. Who do they belong to?" asked the old policeman firmly.

The gang led by Godfather Liu was very savage in the Northeast. He naturally wanted to take out this bunch of pests in one go but he didn't have the ability to do so in the past. He had never had the opportunity. Now that the opportunity had appeared, he naturally had to seize it and ask more questions to get more useful news.

As long as he filed this information, he didn't believe that anybody would dare to take a risk against them. But at this moment, he underestimated the abilities of Godfather Liu's gang.

A colleague came over. "Brother Hui, the leaders asked you to go out for a while. Let the people sent by the higher-ups handle the interrogation."

"What's going on? I almost got my answer." The old policeman was puzzled but his expression suddenly changed. He felt as if there was about to be a plot twist.

"I don't know about that. It's an order from the higher-ups."

Yang Fei had not known what to do the whole time. When he heard the conversation between these two, his hopeless heart suddenly gained some hope.

This must be Godfather Liu way of rescuing him.

...

At that moment, Lin Fan was still roaming the streets as if unaffected by this incident.

He was just thinking about how this situation would change. Just thinking about it made him curious.

Ring Ring

His phone rang.

Lin Fan answered the phone and said with a smile, "Ah, why would Godfather Liu think of calling me?"

On the other end of the call, Godfather Liu wanted to kill Lin Fan very badly but he resisted the urge.

"Master Lin, if there's anything, we can slowly talk. There's no need to play us like that, is there?"

Lin Fan was startled. "Godfather Liu, this is a misunderstanding. I would I have known that you hid those things. If I had known, I definitely wouldn't have done this. I would definitely have contacted the Drug Enforcement Troops instead."

"I..." Godfather Liu almost couldn't resist shouting at Lin Fan in rage. "Don't frame me. Those things aren't mine."

"Oh, if it's not then it's not. It's no use telling me this. You have to tell the police. But really, Godfather Liu, you shouldn't be angry. It's just going to prison, what's there to be afraid of? When I have the chance in future, I'll come and visit you," said Lin Fan, laughing.

Right now, even without looking, he knew that Godfather Liu definitely wanted to cut him up into pieces. But sadly, such a wish was too unrealistic. It wasn't so easy to happen.

"What exactly do you want with me?" Godfather Liu was calling because he wanted Lin Fan to remove the news on Weibo. He had a way to suppress this matter and also guarantee his own safety but if Lin Fan kept biting him, things would not be so easy.

"Godfather Liu, that sentence isn't right. What have I done to you? I'm just roaming the streets now. I haven't done anything to you. Has there been a misunderstanding between us?" said Lin Fan.

"Hehe," Godfather Liu laughed coldly, "How about this? I'll remove myself from the logistics business and I won't get involved ever again. We'll forget about everything between us from now on, okay?"

"Sure. There is no conflict between us anyway. It's just a misunderstanding. Alright, stop disturbing me. I have to go and buy things," said Lin Fan. Then, he hung up.

When Godfather Liu heard the busy tone, he couldn't help but start roaring in anger.

"F*ck your mom!"

Chapter 838: What should we do?

Godfather Qin was quite concerned about this matter as well. Then, he gave Godfather Liu a call. "Lil' Liu, how was the talk with Master Lin?"

Godfather Liu didn't quite understand that youngster's attitude but according to the words they had just exchanged, he felt as if Lin Fan was going to forget about it.

Then, he said, "We've talked already. He didn't expect that I had hidden those things inside. He's probably a little afraid as well so he agreed to forget about it."

Godfather Qin nodded, "That's good. You have to be careful. Resolving this matter is not that easy. I've already taken care of things. You must not admit that those things are yours. No matter what, you have to push the blame away. You have to find someone to take the blame for you. Otherwise, it'll be difficult to explain."

"I understand. But who would be willing to take this blame?" Godfather Liu was in a tough spot.

Godfather Qin said, "Lil' Liu, you have to remember that there is nothing that can't be resolved with money. If there is, that just means you don't have enough money. So you should think of a solution yourself. Remember, you have to resolve it by today. Otherwise, things will go bad."

"Understood, Godfather Qin."

After hanging up, Godfather Liu started to get to work.

However, when he thought about losing those drugs, his heart ached very much. Thirty-something kilograms. It was worth a hundred million dollars and it was gone just like that. How could his heart not ache?

But he knew that if they find out that the drugs belonged to him, a death sentence was inevitable.

Now, his greatest headache was finding someone to take the blame. Who would be willing to do that?

...

The next day!

A piece of news was published. And this was official news.

'The great rotting meat and hidden drug case has been cracked. After two days of investigations, the culprit has been arrested.'

But when everyone saw this news, they were all dumbfounded. This was different from what they had imagined.

On the Internet.

“Awesome. The case has been cracked. I have to give this quickness a ‘like’.”

“These people are way too unbridled. Thirty-something kilograms? How many people were they going to sell the drugs to?”

“Terrifying. But luckily, we have our righteous police uncles to protect us.”

“This guy will probably be executed by a firing squad.”

When the Northeast’s media and news workers saw this news, they were all stunned. Because this was not what they had expected.

The manipulator behind this was definitely not this guy. It was that Godfather Liu.

But although they felt that way, there was nothing they could do. They didn’t dare to say too much.

As for media reporters from other places, they didn’t know the truth of this incident. Hence, they could only report that the case has been cracked.

In the hotel.

Lin Fan had just got out of bed. He was opening his Weibo and about to see the news.

But at that moment, he was drawn in by the comments on his own Weibo page.

“Master Lin, what thoughts do you have about this conclusion?”

“Bro, what do you think?”

“I feel like this conclusion is a little strange.”

“Where have you gone, Master Lin? Come out and give some comments.”

...

When he saw these comments, Lin Fan's brows furrowed. The case had been cracked so quickly?

That wasn't possible. With Godfather Liu's capabilities, he definitely wouldn't crumble so quickly.

Then, he took a look at the news. With one look, he erupted on the spot.

F*ck!

They were so dishonest that they could describe a black thing as white. Did those people who got interrogated have sh*t for brains? They even took the blame for something like this.

At that moment, Lin Fan felt that this society needed him to save it. How could he allow this to happen?

Then, he immediately opened his Weibo. His fingers swiftly pressed the keyboard as he typed, making a pattering sound.

Looking at what he had written, he posted it contentedly.

Lin Fan: “Who f*cking came to this conclusion? Do you have sh*t in your brains or did you get bribed by the Northeast's Godfather Liu? Thirty kilograms of drugs. Calculate for yourself how much money that is worth. Could that person who took the blame have had that much money? Also, how could he have placed so many goods inside? In my opinion, even if you're dealing with corruption and trying to cover up, you can't deal with it like this. Can you still uphold the word 'Righteousness'?...”

He sent a long post with several hundred words.

In an instant, the netizens boiled up.

“F*ck. I just knew that Master Lin was going to erupt for sure.”

“That’s right. There is definitely something more to this.”

“F*ck, they’re real animals. We have to report this. There’s actually someone that dares to risk universal condemnation and cover up for the mastermind. This is simply despicable.”

...

On Weibo, countless Internet celebrities saw Master Lin’s Weibo and immediately reposted it.

In a certain villa.

When Godfather Liu saw that conclusion, he heaved a breath of relief. It had been beautifully resolved.

He had listened to Godfather Qin and frequently paid attention to Weibo. The first Weibo page he looked at was that kid’s. Suddenly, when he saw Lin Fan’s Weibo, he was completely dumbfounded. Then, he burst out in rage.

“F*ck your mom! Do you really want to die?”

Looking at this long Weibo post, his face instantly turned green with rage. This was simply outrageous.

Lin Fan wanted to stir things up again immediately. He could not accept such a conclusion, nor did he want to.

The relevant personnel who had been handling this Godfather Liu matter saw the post and frowned. Then, they quickly instructed people to tell Weibo to block this Master Lin.

However, when the Weibo person-in-charge was informed about this, he couldn’t resist bursting out cursing.

Block your mom.

Was the current Master Lin still the same Master Lin from before that they could block?

Then, he immediately acted like he didn't know anything and just ignored them.

Ring Ring

At that moment, Lin Fan's phone rang. It was an unknown number.

When he answered the phone, a gloomy voice came from the other end.

"Master Lin, I hope that you will mind your own words. It's best if you quickly remove your Weibo post. Don't cause trouble for yourself.

When Lin Fan heard this, he exploded. What kind of situation was this? There was actually someone who dared to threaten him. Then, without hesitation, he immediately scolded.

"This doesn't have sh*t to do with you. I'm free to say what I want. Also, don't think that I don't know who you are. Do you think that with just a little authority, you can blur out black and white? Just you wait. I'll expose you. I'll f*ck you up, you piece of trash."

"You..." The opposition was clearly infuriated.

Beep Beep!

Lin fan immediately hung up, not wanting to speak any more rubbish with that person.

Then, he started to think about what he should do regarding this matter. Was resolving it with force the only thing he could do?

As Lin Fan was thinking about this, Godfather Liu was talking to Godfather Qin on the phone.

“Godfather Qin, that kid really doesn’t know what’s good for him. He has spoken on Weibo. How do you think this should be resolved?” asked Godfather Liu.

“I’ve already seen it. He really doesn’t know what’s good for him. But the conclusion is already out, there’s nothing he can do,” said Godfather Qin. Then, he thought for a moment. “But if we let him continue making noise, it will be troublesome. Okay, I’ll make arrangements to talk to him.”

Godfather Liu was taken aback. “Godfather Qin, what’s there to talk about with him?”

Godfather Qin smiled, “Lil’ Liu, you should learn from me. There’s no such thing as eternal enemies, but there are only unchanging benefits. As long as he is human, he has desires. You and him don’t have too big of a grudge between you guys, so you can arrange to come out and have a chat. Satisfy his requests and you’ll gain a friend. Gaining a friend is always better than getting rid of an enemy.”

Godfather Liu thought for a moment, then said, “Godfather Qin, I’m afraid that he won’t agree.”

“Hehe, how would you know if you don’t try?” Godfather Qin laughed confidently. Then, he hung up and prepared to personally give Lin Fan a call.

Chapter 839: So sinister

Then, another unknown call came.

Lin Fan answered.

“Who is it?” He thought that it was definitely another person calling to threaten him. But he wasn’t afraid at all.

Godfather Qin smiled cheerily, "Hello, Master Lin. I'm Lil' Liu's friend. My friends affectionately call me Godfather Qin. Today, I want to invite Master Lin for a meeting. I have paid particular attention to Master Lin's past deeds and I admire you very much. I want to make friends with you."

Lin Fan smiled, "Finally, someone who knows how to talk. But I don't know you."

"That's not important. Please give me some face, Master Lin, and have a meal with me. After that, we'll be friends, isn't that right?" Godfather Qin's tone was warm. It was as if he really wanted to get to know Lin Fan.

Lin Fan pondered for a moment. It seemed that the breakthrough for this incident would have to depend on tonight. Then, without hesitation, he said, "Alright, judging by your voice, you're probably an old man. I may not be good at anything but I respect my elders. Since you've requested this, it's not a problem. What time? And where?"

Godfather Qin smiled, "Tell me your address. I'll send someone to pick you up."

"Alright, no problem."

The two of them hung up happily.

Godfather Qin smiled confidently. He had been able to move unhindered for tens of years. He had seen every kind of person and every kind of situation there was to see. Regarding Lil' Liu's way of doing things, he didn't like it. It was too unpleasant and it offended people too easily.

To have been able to get to where he was, Godfather Qin had many friends and few enemies.

With his tens of years of competence, how could he not be able to resolve matters with a youngster?

Nighttime.

Godfather Qin sent a driver over.

In the car, Lin Fan unlocked his phone. He had already asked for Zhao Zhong Yang's broadcasting account. He registered it on his phone and started broadcasting. Then, he put his phone in his chest pocket, leaving the camera lens exposed.

The broadcast title was very dominant.

‘Master Lin brings you into the darkness.’

The fans had originally wanted to see Zhao Zhong Yang broadcasting but when they saw the title, they boiled up in excitement.

Master Lin was actually broadcasting. This was big news.

This was probably the first time.

And what did this title mean?

What darkness?

The driver occasionally looked into his back mirror at the young man at the back. He was Godfather Qin's personal chauffeur. Naturally, he knew what had happened recently.

He couldn't understand why this guy had the guts to anger Godfather Qin.

Godfather Qin, to him, was a god. His hand could cover the skies. He had the entire Northeast in his grasps. Although he was already old, a single move from him could cause huge impacts.

In the broadcast room.

“Hey, why isn't Master Lin talking?”

“Shh, be quiet. Master Lin is allowing the mood to ferment. Can't you see he's in a car? He must be heading towards the destination.”

“That makes sense.”

Soon, they reached their destination.

The driver got off the car and opened the door for Lin Fan. “Master Lin, please. Godfather Qin and Godfather Liu are already waiting inside.”

When Lin Fan heard that Godfather Liu had come as well, he couldn’t help but smile. It seemed that tonight would be quite rewarding.

Golden City Hotel.

This hotel was Godfather Liu’s property. It was one of the top hotels in the Northeast. Most people who came here were wealthy and respected people. Mainly because Godfather Liu’s social connections were vast, many people wanted to come here to meet him, to boost their connections.

But today, the hotel wasn’t receiving any guests. It was only waiting for Lin Fan.

In the private room.

Godfather Liu was sitting there with an unnatural expression on his face. He knew that that despicable b*stard was coming but he couldn’t do anything. And he even had to eat with that b*stard and chat together. This was not his style at all.

However, Godfather Qin requested for this, so he was helpless. Still, he asked unwillingly, “Godfather Qin, if that kid still doesn’t know what’s good for him, what will we do?”

Godfather Qin’s hair was snow white but he was still full of energy. He had a smile on his old face. His eyes were full of vigor and they seemed to see through everything. He said, “That won’t happen.”

Creak!

At that moment, the private room door was pushed open.

To Lin Fan, this hotel seemed lavish and luxurious. A single meal was probably not cheap.

As he entered the private room, he saw the two of them and smile. “Godfather Qin, Godfather Liu, nice to meet you.”

Godfather Liu looked at Lin Fan with a gleam of rage in his eyes. However, he resisted it. “Nice to meet you, Master Lin.”

Godfather Qin smiled, “Master Lin, please sit.”

Lin Fan didn’t refuse and just sat down.

Godfather Qin waved his hand, signaling for the rest of the people to go out. Then, he extended his hand. “Master Lin, this is our first time meeting. Let’s chat as we eat.”

In the broadcast room.

The netizens were crying out in surprise.

“D*mn, they’re big shots! They’re all big shots!”

“F*ck, Master Lin is going into the enemy lines alone. He’s walking into the lion’s den!”

“Godfather Liu. That’s the behind-the-scenes mastermind that Master Lin talked about. He’s Ying Jin’s lover.”

“Shh. Everyone, be quiet. Let’s see what the situation is like.”

...

Godfather Qin looked at Lin Fan and nodded. He couldn’t help but be in admiration. At such a young age, Lin Fan was already so capable. It was unheard of. Then, Godfather Qin raised his wine cup. “Master Lin, please.”

The three of them drained their cups in a single gulp.

The white wine was hot but to Godfather Qin and Godfather Liu, it wasn't a problem at all. Lin Fan, on the other hand, felt that drinking it like this was unbearable. He sneakily bought a Alcohol-Dissipating Tablet from the Encyclopedia's department store. Then, he would be fine no matter how much he drank.

Godfather Qin put down his wine cup and said, "Master Lin, Lil' Liu had some conflict with you previously. I know that but I think that everyone..."

Lin Fan looked at the situation and didn't give Godfather Qin the chance to talk. He raised another cup and said, "Let's not talk about anything else and just drink first. When we're done drinking, our connection will be deeper."

Godfather Qin was startled. He hadn't expected this kid to say that. Then, he smiled, "Alright, alright. As they say, 'No discord, no concord'. Tonight, I'll drink with you to the end. Lil' Liu, what are you waiting for. Hurry up and propose a toast to Master Lin."

Godfather Liu was unhappy but he had to listen to Godfather Qin. He raised his cup. "Master Lin, this toast is to you."

"Well said." Lin Fan smiled and gulped down the wine in one go. Then, he ate some dishes before filling up the cups again.

In the broadcast room.

"D*mn, what's going on? This is what Master Lin wants to show us?"

"F*ck. They're working hand in hand. I shan't watch anymore."

"I'm a little disappointed. He knows that these are bad people but he's still eating together with them. This is really disappointing."

"^Are you retarded? Just watch slowly. Has Master Lin ever disappointed us?"

Several cups of wine entered their stomachs.

Lin Fan patted Godfather Liu on the shoulder. “Lil’ Liu, really, you should’ve just invited me for a meal long ago and everything would have been fine. You had to cause trouble to such an extent. Don’t you think that you’ve been wrong?”

Godfather Liu was enraged. This kid actually called him Lil’ Liu. However, he held in the rage. “Yes, it’s my fault. It’s because I didn’t think it through. I’ll drink a cup as punishment.”

A cup of wine went down his stomach.

When Godfather Qin saw this, he nodded contently. He had been doing business in the Northeast for so many years and he had never come across someone who didn’t know how to appreciate favors. To him, this Master Lin was someone who looked at the bigger picture. He was already so capable at such a young age. It was clear that he wasn’t unwise.

“Godfather Qin, let’s drink as well,” shouted Lin Fan as he raised his cup.

“Okay, okay.” Godfather Qin nodded. If it was just anyone, he wouldn’t have given that person face but he knew that this kid had people behind him with high statuses, hence, this kid was worth getting to know.

And looking at the kid drinking, he seemed very happy as well.

At that moment, Lin Fan patted Godfather Liu on the shoulder. “Lil’ Liu, I’m really sorry about this. I reported your things and caused you to lose quite a sum of money. I was too rash about this. If you were nicer to me at first, this wouldn’t have happened, would it?”

Godfather Liu’s face was slightly red. He had clearly drunk a lot but his mind was still clear. He waved his hand. “No problem, it’s just a little money. If I can make friends with Master Lin, this money is nothing.”

“Haha,” Lin Fan laughed, “Good. That’s a good attitude. Let’s drink once more.”

When Godfather Qin heard these two talking, he kept feeling as if something wasn’t right. However, the atmosphere was good so he didn’t think too much of it.

However, the people in the broadcast room were boiling up.

“F*ck, Master Lin is really sinister. Once he drinks and becomes merry, he starts saying these polite words.”

“F*ck. Only this kind of people can become big shots. If it was me, I would be able to control the whole world.”

“Shh, be quiet. Keep watching. I feel that something incredible is about to happen.”

Chapter 840: Let's brag a little

Another round of drinks went down.

Godfather Liu's face was completely red from drinking. If it was any other time, he would have drunk until the end but now, it wasn't the time to drink to one's heart's content.

“Master Lin, let's not keep drinking for now. Let's talk.”

clatter

As Godfather Liu finished saying this, Lin Fan fiercely slammed the winning cup onto the table. How could the glass wine cup be slammed like that? The bottom of the cup instantly cracked. The place was momentarily filled with awkwardness.

Lin Fan looked at Godfather Liu. With his face slightly red and a little displeased, he said, “Godfather Liu, are you not giving me any face?”

Godfather Liu was startled. Then, he asked doubtfully, “Master Lin, why do you say that?”

“You guys called me over for dinner tonight. I thought that you two seemed like pretty good people so I wanted to get to know you two. Now, you don’t even want to drink with me. I’m haven’t even drunk to my heart’s content yet. That means you’re not giving me any face. Why should I continue drinking with you then?”

Lin Fan stood up and acted as if he was about to leave.

Godfather Qin stood up and hastily tried to mediate things, “Don’t be agitated. That’s not what Lil’ Liu means. Today, we have to let Master Lin drink to his heart’s content. Lil’ Liu, what are you doing? Hurry up and get a new wine cup for Master Lin. If there’s anything to talk about, we’ll talk later. We have to accompany Master Lin until he is satisfied.”

“Master Lin, please don’t mind what I said. I was just saying that casually. Come, let’s keep drinking.” Godfather Liu was all smiles. He quickly brought over a new wine cup and filled it up for Lin Fan.

Lin Fan took a side glance at Godfather Liu, looking a little displeased. Then, he picked up the wine cup and gulped it down in one go. He filled the cup and drank it twice more before putting the cup down. “In Shanghai, if you do that, you’ll cause others to be very upset. Now that I’ve drunk three cups, what are you going to do?”

“Huh?” Godfather Liu was stunned. Are the men in Shanghai so rash? Drinking three cups in one go doesn’t seem quite right.

However, looking at Master Lin’s expression, it seemed that if he didn’t drink, there was no way they could discuss things.

Forget it. Since we’re all drinking white wine, it’s not like he’s taking advantage of me. How could I be afraid?

He drank!

In the broadcast room.

“F*ck! This is way too rash. Master Lin can really drink!”

“This is touching. Master Lin is putting his life on the line to get them to say the truth.”

“Brothers, if Master Lin broadcasts this like that, will the opposition discover if?”

“Hehe, discover my a*s. This is just a broadcasting platform. Who else aside from a small number of people would know about this?”

...

Seeing Godfather Liu drink three cups in a row, Lin Fan let out a smile. He placed one hand on Godfather Liu’s shoulder. “Well done, that’s more like it. Let’s go, Godfather Liu, let’s keep going. Later on, we’ll go to the bathhouse together. After we’ve visited the prostitutes together, our feelings will become deeper.”

Godfather Liu smiled, “Okay, okay. But prostitutes are too low. It’s just nice that I know a few celebrities who have come to the Northeast. Later on, I’ll make a call to call them over. You can take two and I’ll take one. I’ll let Master Lin have a threesome.”

“You’re too courteous. We have to drink another round. And don’t call me Master Lin. It sounds too distant. Just call me Brother Lin.” When Lin Fan heard what Godfather Liu said, his eyes lit up. But of course, this was all just an act.

However, Godfather Liu and Godfather Qin couldn’t help but laugh when they saw Lin Fan’s excited expression. Even heroes are weak against the charm of a beautiful lady. Even if Master Lin was even more amazing, it would be hard to resist it.

Most women may not be able to tempt him.

But celebrities were different.

They had the added bonus of reputation. The feeling of having a celebrity under your body was something that you would only know if you personally experienced it.

Of course, Godfather Liu had already prepared the scenario. He would play a video of the female celebrity performing while having sex with the celebrity. In the video, the celebrity would seem holy and pure as if she could not be violated.

Then, when comparing reality with the video, the feeling would be different.

“Alright, Brother Lin, as they say, ‘No discord, no concord’. Let’s drink another round.” Godfather Liu grinned. To him, it seemed that this Master Lin had become completely seized by him.

At that moment, he felt that what Godfather Qin had said before made sense. He lost an enemy and gained a friend. It really felt pretty good.

Minutes and seconds passed.

The main drinkers were Godfather Liu and Lin Fan. Meanwhile, Godfather Qin drank less. Still, he had drunk at least a quarter liter.

There were three empty wine bottles on the table.

Godfather Liu massaged his temples. His face was completely red. He had really drunk a lot.

Lin Fan pretended to be drunk as he said loudly, “Godfather Liu, I really admire you. You actually thought of putting those drugs inside the rotten meat. Who would have been able to discover that?”

Godfather Liu felt proud. But he still grumbled, “I thought so too, at first. But when Brother Lin came across it, you discovered it just like that. If only I had gotten to know Brother Lin earlier and reconciled things. This would never have happened.”

“Thirty kilograms down the drain, just like that. Do you know how much my heart aches?”

Drunken indiscretion. This wasn’t something that could be controlled even if one was f*cking awesome. Under the influence of alcohol, even the quietest of people would instantly become talkative.

Even the most reserved woman would become a loose woman.

In today’s society, there are many big shots who let slip information that can be used against them after drinking too much.

“Ahem!” Godfather Qin coughed lightly, indicating for Godfather Liu to be careful of what he said.

But how could the drunken Godfather Liu understand the meaning behind that? A war had already started in his brain. It was buzzing with noise.

“Godfather Qin, why are you coughing? Come, let the two of us drink together. Although you’re older than me by quite a lot, alcohol doesn’t discriminate against anyone. Come...” Lin Fan raised his wine cup and downed it in one go.

Godfather Qin looked at Lin Fan as he cursed in his heart. This guy’s alcohol tolerance is way too high, isn’t it?

But Godfather Qin was not afraid. He had gotten to where he was largely due to situations involving alcohol.

Decades ago, everyone had been able to drink. Whenever he got his hands on wine, he would drink with everything he had. Hence, his connections had all been accumulated in situations involving alcohol.

“Master Lin, I’m a poor drinker,” said Godfather Qin with a smile.

Lin Fan stood up and smiled, “Today is a happy day. Even if you can’t drink, you have to drink. I’m going first.”

Godfather Qin cursed in his heart. This kid’s alcohol tolerance was way too high. He had drunk so much but he hadn’t collapsed yet. Godfather Qin had no choice but to down his glass of wine as well.

Soon after, Godfather Qin got up to go to the toilet.

Lin Fan seized this opportunity. He placed his arm around Godfather Liu and praised him, “Godfather Liu, I really admire you. For you to be able to find a scapegoat in such a situation, it’s amazing. If I get into trouble in future, I’ll have to rely on you, Godfather Liu.”

Godfather Liu had drunk too much. All he wanted to do was brag in front of this kid and make himself appear even more impressive.

“Haha, this is nothing. It was easy to find a scapegoat. But I really got f*cked by you this time, Brother. Without talking about losing those things, just in order to get this scapegoat, I spent a total of 30 million and I don’t even know how many people I dragged into this matter.”

Lin Fan smiled and said, “Sigh, forget it. Godfather Liu, you’re the big shot of vices. This kind of money can be earned back in a matter of months. But really, to be able to use connections to manipulate even the police, I’m afraid Godfather Qin is the only one who would be able to do that.”

Godfather Liu laughed proudly. “Isn’t that obvious? Who do you think Godfather Qin is? He’s the ruler of the Northeast. Even the first in command has to treat him courteously.”

“That’s amazing. If anything happens to me in future, I’d have to look to Godfather Qin for help as well,” said Lin Fan.

“Of course. In the Northeast. Whatever Godfather Qin says, goes. Did you think this matter was so easily resolved? If it wasn’t for Godfather Qin’s help, do you think this matter would have concluded so easily?” said Godfather Liu with a silly laugh as if he didn’t feel that anything was wrong.

In the broadcast room.

The netizens who were watching the broadcast were stunned.

“...”
