Chapter 841: This has nothing to do with me

“F*ck!”

“They’re playing around with the law. They’re just trampling all over the law!”

“Did you guys save this video?”

“I’ve saved it long ago, from start to end. I didn’t even miss a single moment.”

“Hurry up and tag the @InternetPolice! F*ck, I’ve thought that it was shady all along but this is the first time I’ve heard someone talk about something so shady so matter-of-factly. My eyes have been opened. I will never believe that this world is full of love anymore.”

“Nothing bad will happen to Master Lin, right? If he gets discovered, he might get chopped to death.”

“F*ck, should we call the police?”

“F*ck, things have gotten big.”

...

Everyone watching the live broadcast was dumbfounded. They had never thought that things would turn out like this. But when the opposite party personally admitted it, they realized that this was how things actually were.

The person-in-charge of the broadcast platform had placed this broadcast on their homepage the whole time. The number of viewers had already reached several million. These were all real viewers. It could be said that most of the real viewers on that platform had been drawn to this broadcast.

Some of the other popular broadcasters realized that their viewers were decreasing in number and they had no idea what was going on. But when they heard that Master Lin was personally doing a broadcast, they immediately stopped broadcasting and clicked on Master Lin's broadcast instead.

Millions of netizens had seen the process of the three men chatting.

Also, quite a number of reporters were among the viewers. When they witnessed this scene, they felt their breathing quicken. This was really huge news!

If it was to get exposed, it would cause an unimaginable earthquake.

...

In the private room.

Godfather Qin came back from the toilet. When he saw Lil' Liu and Master Lin chatting so merrily, he couldn't help but smile, "Lil' Liu, what are you talking to Master Lin about? You seem so happy."

Godfather Liu was already high from drinking. His eyes were squinting in joy.

"Godfather Qin, I'm telling Brother Lin about this incident. I'm telling him that if Godfather Qin didn't help me by making use of your connections, I would've been executed for hiding so much drugs. That's why..."

bam!

Before Godfather Liu finished, his head was slapped by Godfather Qin's palm.

"What rubbish are you talking about?" Godfather Qin glared at Lil' Liu, then looked alertly at Lin Fan. He had felt that something wasn't quite right from the start.

But since the beginning, he had not realized what was wrong.

Now that he heard Lil' Liu say that, he had a bad premonition.

Godfather Liu looked at Godfather Qin unhappily. "Why did you hit me?"

If it had been anyone else, he would've cut the opposite party to death. But this was Godfather Qin. Even if he was upset, he didn't dare to show it.

"Just because we're eating your food and drinking your wine, do you feel very proud of what you've done?" Godfather Qin reprimanded him. Then, he looked at Lin Fan. "Master Lin, my apologies. This kid doesn't learn from his mistakes."

Lin Fan smiled, "No problem. I feel that Godfather Liu has a genuine personality. Come, Godfather Liu, let's give the camera a smile."

"Alright, this is good." Godfather Liu smiled. Then, he put his arm around Lin Fan and smiled brightly. Then, he said in a puzzled tone, "Brother Lin, aren't we taking a picture? Why are there so many words on the screen?"

Lin Fan said indifferently, "Oh, it's nothing. This is just the 'bullet screen'. Don't mind it."

Godfather Liu shook his head. His vision was a little blur. As he looked at the words on the screen, he started reading them out loud, "Dou...Yu Live Broadcast. What's that?"

In the broadcast room.

"666...is this guy an idiot? He doesn't even know what's a live broadcast?"

"That's very normal. How would grown-ups know about what young people play around with?"

"Haha, I'm dying of laughter. These two guys don't even know that they are done for. They are still taking group photos with Master Lin."

"Master Lin is f*cking sinister! He's f*cking them up so badly."

“What do you mean f*cking them up? This is righteousness. Against such evil, this is how you should treat them.”

...

Lin Fan smiled, “This is a live broadcast. Let’s see...there are several million watching. Godfather Liu, we’re really popular!”

“Popular? What do you mean by that?” Godfather Liu was still dumbfounded.

But when Godfather Qin heard this, he could no longer keep his calm. His eyes instantly changed. Then, he bellowed, “You’re screwing with us!”

Lin Fan stood up and backed up to the side. “Mmm. Godfather Qin is Godfather Qin after all. Actually, I’m not screwing with you. But I just have a habit of broadcasting. That’s why, since I walked into this room, every move and every action by anyone of us has been exposed to the eyes of the masses of netizens.”

Godfather Liu still looked dumbfounded. Then, he looked at Godfather Qin with a puzzled face. “What’s going on?”

Godfather Qin immediately stomped Godfather Liu onto the ground. “You idiot! You still don’t know what has happened. Don’t you know what you’ve said? And now, everyone knows about it.”

At that moment, a chill entered Godfather Liu’s body. He suddenly woke up from his daze. He looked at Lin Fan in disbelief. Why would his Brother Lin, who had been drinking and chatting happily with him a moment ago, betray him?”

“You...” Godfather Liu stood up and glared at Lin Fan furiously. He roared, “I’ll kill you!”

He could guarantee that today, this guy would not step out of this place.

Lin Fan shrugged. “This is the era of high-technology. Broadcasting is the best way to obtain evidence. But Godfather Qin, even though you’ve been implicated in this, you’ll only be in prison for a few years at most. But if he kills me, you’ll be an accomplice. With your age, you may not leave the prison alive like this. So what happens next depends on you.”

Godfather Qin looked at Lin Fan with his teeth clenched. There was no way to reverse the situation now. Anyway, more importantly, he didn't even know what that b*stard Lil' Liu had said.

At that moment.

Lin Fan held his phone and pointed the camera at the two men. "My righteous fans, you've all seen it. If I get killed by them today, you guys have to bear witness."

In the broadcast room.

"F*ck! Master Lin is in danger!"

"Who's in the Northeast? Hurry up and go save Master Lin!"

"F*ck! Hurry up and run! Things have gone out of hand!"

...

"What on earth do you want to do?" Godfather Qin said to Lin Fan. He was on the verge of falling apart. He had not expected this kid to have such guts. He had actually used live broadcast to expose the entire situation to the public.

Lin Fan said in a helpless tone, "Godfather Qin, I think you've misunderstood. It's not about what I want right now. It's about what the relevant departments want. Even if I want to turn things back to the way they were, it's too late now. I've broadcasted it and so many people have seen it. Even if the richest person in the world tried to bribe them, he wouldn't have enough money. So listen to what I say. Take out your phone and call the police on your own. Then, put your hands behind your head, squat down, and wait for the police to come."

"When that time comes, confess honestly. You might get a second chance."

"F*ck your mom." Godfather Liu could not stand it. He became rash and swung the wine bottle towards Lin Fan's head.

When the people in the broadcast room saw this, they were on the edges of their seat, fearing for what was about to happen.

bam!

Lin Fan raised his leg and swung it against Godfather Liu's side. Godfather Liu slammed against the wall heavily before falling to the ground.

"You guys have to testify for me. I'm just doing self-defense. I wasn't the one to initiate the attack."

The netizens in the broadcast room burst into laughter.

"F*ck, I just remembered that Master Lin is the Vice-President of the Chinese Martial Arts Association. His strength is overwhelming."

...

Chapter 842: I really have no choice

Suddenly, everyone became quiet.

Godfather Qin glared at Lin Fan but he was really anxious.

The situation had blown up. It was leaving him helpless.

He didn't expect this fella to make use of broadcasts and actually broadcasted their conversation. Furthermore, a few million people had watched it. He didn't dare to think of the consequences anymore.

Something was probably going to blow up tomorrow.

It might even start tonight.

Then, there were sounds of feet shuffling outside.

slam

The door was pushed open and a group of subordinates was standing outside. One of the bald subordinates was really anxious, “Godfather Liu, what’s wrong?”

“Get out!” Godfather Qin shouted. His face was as black as thunder.

He wasn’t going to have a higher chance of winning even if there were back up.

Those subordinates didn’t know what to do after seeing Godfather Qin. Then, they turned to look at Godfather Liu. They were Godfather Liu’s subordinates and only he could command them.

Godfather Liu tried to calm down and he looked at Lin Fan seriously. When he saw Godfather Qin’s expressions, he waved his hands and mumbled, “Get out.”

...

Lin Fan heaved a sigh of relief. He didn’t want to start a fight. He didn’t want to resort to violence.

There was a moment of silence in the room.

Lin Fan felt that the atmosphere was a little weird. He felt that his presence was useless.

“Godfather Liu and Godfather Qin, I’ll be leaving first. This matter has to be resolved by the two of you. I am only providing a platform for you. I don’t really care about other things.” Lin Fan wanted to leave quickly.

He couldn’t have done anything else about it. After all, he couldn’t take back the words he said.

After all, spilled water was difficult to retrieve.

In the broadcasting room.

“That was scary. I thought sh*t was about to go down.”

“D*mn, there were so many people just now. If all of them were to charge at him, Master Lin would probably have to kneel and beg for mercy.”

“Kneel my a*s. Master Lin is incredible. These losers aren’t good enough.”

“Master Lin just exposed a heinous operation. Things are bound to happen.”

At a random leader’s house in the northeastern region.

Zhu Ting Jian furrowed his brows. Recently, the northeastern region wasn’t really peaceful. He had found out about Godfather Liu’s situation with the logistics. Furthermore, there was a large amount of drugs. It had attracted the attention of many people.

However, what he didn’t expect was that these illegal people actually treated everyone like fools. They immediately found a scapegoat and suppressed all the media platforms so that nobody would dare to report about it.

Furthermore, there were several reports online that got mysteriously removed. They just didn’t want to have any news of it online.

It was a normal procedure. Many powerful individuals were capable of doing that.

Parasites were difficult to manage.

Even if he had authority, the situation was complicated and he couldn’t remove this bunch of parasites without any evidence. It was literally impossible.

“Dad...” Then, a fashionable youngster rushed into the room with his phone.

Zhu Ting Jian looked at his son and furrowed his brows. He was also really worried about his son.

“What is it? Why are you so anxious? What happened?” Zhu Ting Jian said.

“Dad, something’s wrong! I was looking through the broadcasts and I saw this broadcast that showed Master Lin meeting Godfather Liu and Godfather Qin. In the broadcast, Godfather Liu said everything about the drugs clearly. Look...” He immediately placed the phone in front of his dad and played that specific part of the broadcast.

In the broadcast, the people said unbelievable things.

Zhu Ting Jian didn’t really care about it. However, he was stunned. He smiled, “Is this real?”

“Yes, dad. Look at the broadcast.” His son switched the channel back to the live scene. The people in the room weren’t talking. Godfather Liu and Godfather Qin’s faces were as black as thunder.

Zhu Ting Jian looked at the two of them closely. He confirmed that the two of them were the people that he hated the most.

Now that he had evidence of their evil doings and them admitting to it, he wanted to destroy the both of them.

Then, Zhu Ting Jian called someone without any hesitation.

“Send the men to Golden City Hotel. I will be there shortly,” Zhu Ting Jian immediately gave the orders.

Those that picked up the phone were stunned when they saw that the leader had called. They didn’t know what had happened but they could only listen to the orders.

In the private room.

Godfather Qin looked at Lin Fan, “Good, well done.”

Lin Fan waved his hand, “Don’t praise me. I’m not really good. You guys are too cooperative. Godfather Liu is too courageous. It almost scared the f*ck out of me.”

Godfather Qin was thinking about what had happened. Although he didn’t participate in it, he couldn’t say that he wasn’t involved in it. He knew that a group of people and Lil’ Liu were going to face the music.

Something had happened. Something really happened.

Even though he was crafty, he said the truth in front of millions of people. Even the Heavens couldn’t possibly save him.

Unless they ignored everything.

However, that was impossible. How could he cover up everything?

Lin Fan just stood there as he couldn’t leave anymore.

Suddenly!

A subordinate rushed into the room, “Godfather Liu, there are a lot of police outside!”

Godfather Liu was stunned. His face was as white as paper. With everyone looking at them, he couldn’t think about taking Lin Fan’s life anymore. He had to think about himself.

Then, he tried to seek Godfather Qin’s help but Godfather Qin couldn’t even save himself. Obviously, he didn’t care about him. However, he couldn’t leave Godfather Liu behind. After all, Lil’ Liu knew too much. Then, he looked at him and asked them to calm down.

“Don’t move. Everyone, don’t move.”

Then, the police rushed in. Zhu Ting Jian emerged from the crowd.

When Godfather Qin saw him, his face changed. He didn’t expect him to come here.

However, he thought about it for a moment and understood it. Who else besides him dared to rush into this hotel?

Ever since he had been appointed to his position, he had been trying to counter the mafia. However, Godfather Qin was deeply rooted in the underworld and it wasn't that easy to get rid of him.

Zhu Ting Jian nodded at Lin Fan as a form of praise. Then, he waved his hand, "Bring them out."

Godfather Qin just sat there, "I am just an old man. It has nothing to do with me. I am just here for a meal."

Zhu Ting Jian smiled, "Godfather Qin, you have to see where you're dining at." Then, he said sternly, "Bring him out too."

The surrounding policemen didn't know what had happened but they just handcuffed the people without any hesitation.

When the policemen were going to arrest Lin Fan, Zhu Ting Jian said, "Don't have to handcuff him."

Lin Fan said, "Um, can I leave now?"

Zhu Ting Jian smiled, "Master Lin, let's have a talk."

...

Chapter 843: Quickly disperse

He didn't want to chat with him at all. He felt that he had done something special.

For his own safety, he didn't want to be involved in it.

He agreed to meet them just to act in front of them. Now that Godfather Liu spilled the beans, the outcome was definitely going to cause destruction.

“You are?” Lin Fan didn’t know who the person was. However, he felt that he was definitely a big shot since he could bring policemen there to arrest people. Did they watch the broadcast? How did they arrive so quickly?

“Hi, Master Lin. I am Zhu Ting Jian. I have to thank you this time for making them spill the beans. If not, we couldn’t have arrested them,” Zhu Ting Jian said.

He really wanted to thank Master Lin. He had attained his appointment for a few years now and he had been trying to arrest these two people but his efforts were in vain.

Lin Fan smiled and said modestly, “You don’t have to thank me. It was a simple deed. Furthermore, I didn’t expect that to happen. I didn’t know he would spill the beans.”

“However, I feel like the things that follow after this will be even more complicated. It’s probably really difficult to get them to admit to their crimes.”

Zhu Ting Jian nodded, “That’s right. The follow-up operations are more important. However, now that we have Master Lin’s evidence, I want to see who would be capable to escape.”

Lin Fan looked at him and knew that this matter was going to be blow up.

If he were to seize the opportunity, it would definitely involve a lot of people. That would be a groundbreaking event.

Then, he went to the police station to record his statement before leaving.

Who knew how many people had insomnia that night and who knew how many of them ran away in fear?

Anyway, this didn’t have anything to do with him anymore.

The next day!

The day had just begun.

The working crowd took out their phones and read the news. When they read it, they were stunned.

They realized that fake news must have been published.

‘The mastermind behind the logistics incident is revealed.’

‘Master Lin sacrificed himself and found out the truth.’

‘Shocking. How can something like this exist in modern society...’

All the news articles started to surface online.

The media platforms that were suppressed didn’t dare to post about it. However, since the victims were arrested, they didn’t care about it anymore. They just posted everything they knew.

On Weibo.

This matter had moved into the trending list.

“D*mn, is that real? If so, this society is too dirty.”

“I know who is Godfather Qin. He is a really powerful man here. I didn’t expect him to be like this.”

“Yeah, I heard Godfather Qin donated to several schools and did a lot of good deeds. I didn’t expect him to be the mastermind. If not for the video, I wouldn’t have believed it.”

“We have to punish these two men seriously.”

“D*mn, I think even death by gun execution would be considered to be lenient.”

“Well done, Master Lin. He really did a good deed. If not for Master Lin, who knew when these drugs will be uncovered?”

The news was not just being spread on Weibo. Some web forums and discussion websites had been talking about it since last night.

Meanwhile, some townsfolk immediately posted the video online.

Those that watched the video were in disbelief. They didn't expect such a thing to happen.

However, the truth was before their eyes and they had to believe it. They didn't expect such law-defying things to have occurred in their peaceful and harmonious society.

Ying Jin who was overseas, couldn't fall asleep anymore. She had been awakened by a phone call in her sleep.

When she knew what had happened, she was dumbfounded. Then, she immediately looked at the local websites and read the news.

When she read everything, she was infuriated.

Especially since she saw the man that she hated the most in the video.

It was over, it was really over.

Ying Jin knew the severity of the issue. If they continued investigating it, she definitely wouldn't be able to escape.

At that moment.

Lin Fan woke up and read the news online. When he read the articles, he laughed.

“Haha, justice will always prevail.”

He felt that he was really courageous and fearless. He actually broadcasted their conversation and he convinced them to tell him everything.

Furthermore, the thing that he exchanged for from the Encyclopedia's departmental store was really powerful. Regardless of how much he drank, he was still fine.

Ding ding!

Wang Ming Yang called. When he found out about the news, Wang Ming Yang was dumbfounded.

He didn't know how his brother did it. It was too daring.

If he was a typical person, he wouldn't have dared to do it even if he was a courageous man.

It was terrifying to think that his good friend was so fearless.

"D*mn, bro, I wanted to ask you if there's anything that you can't do." Wang Ming Yang really admired Lin Fan.

If he was a girl, he would have gone for Lin Fan without any hesitation.

"Haha, how was that? Was that sick?" Lin Fan woke up and got out of bed. He stood at his window and looked at the scenery. Something major had happened on such a peaceful day.

"You're sick. You're really sick. However, I really didn't dare to think that you actually used that method to take down Godfather Liu and Godfather Qin. I think they're doomed this time."

Lin Fan thought about it for a moment and said, "I don't know about that. I can only leave the matter here. The rest has to depend on themselves. However, several million people saw it and the video is being shared online. If someone dares to cover it up, I think the society is doomed."

Wang Ming Yang replied, "That's true. However, I think nobody would dare to cover it up."

Lin Fan replied, "Hey, these people are just asking for it. They just wanted to infuriate me. I am well-mannered and I didn't want this to happen too."

"Don't say that. Chen Chang Sheng called me early in the morning and he was really anxious. He said he'll have to thank you personally when you come back."

"There's no need for that. He doesn't have to thank me," Lin Fan said.

"No, you don't know how much you've done for him. To him, you're his lifesaver. After resolving his problem, he has to thank you. If not, I'll kill him. Oh, right. When are you coming back?" Wang Ming Yang asked.

Lin Fan thought about it, "Maybe tonight. I don't have anything else to do. Anyway, the things that are about to happen have nothing to do with me anymore."

He didn't want to stay there anymore. He felt that if he were to stay any longer, something bad was going to happen.

There were definitely people that sided the culprits. If they were to look for him and seek vengeance, he'd be doomed.

As for the final outcome, he wanted to just leave it to the government.

He was really confident in his government's ability to resolve things like this.

Chapter 844: Is there a problem?

To Lin Fan, this matter was considered to be over. He didn't want to be involved in it anymore.

The situation after this would definitely be very complicated. Although he wasn't afraid of it, he felt that he should know his place. If not, who knew if they would threaten his life?

As for Godfather Qin, Lin Fan knew that he was going to be fine since he was a powerful Godfather after all. As for Godfather Liu, he was probably doomed.

Because of the incident in the northeastern region, Lin Fan's Weibo became really famous. Although the situation was still progressing, his actions had stirred up emotions in the righteous townsfolk.

When he opened up Weibo, he felt as if he was being blinded.

"I'd lick only for Master Lin," ID 'why am I so powerful' admired Lin Fan a lot. As a northeastern man, he was ecstatic when he read about the incident.

It was because the goddess that he had been secretly in love with was taken away by Godfather Liu. He could only watch him take her away and do nothing about it.

Now that Master Lin had done something for him, he even felt that he wanted to sacrifice his 'clean body' for Master Lin.

However, he felt that he could look for his goddess again. As long as she had a reasonable explanation, he would forgive her.

After all, a man should be benevolent and forgiving.

"Is Master Lin going to leave again?"

"That's highly possible. I have to go to Shanghai to visit Master Lin at least once in my lifetime. However, I have to finish my studies first."

"My wish is to enroll in the Shanghai University so that I can meet Master Lin every day."

After reading those comments, Lin Fan felt great about himself. He had done another righteous deed as the righteous Master Lin. Then, he started to type.

Lin Fan: “All I can say is that it wasn’t really planned. I didn’t expect to have lured such a big catch. I am afraid and I would be disappearing tonight. Goodbye, fans of Righteous Fan.”

After posting that, comments started flooding his Weibo.

“F*ck, if you didn’t pretend to be awesome this frequently, we’d be good friends.”

“I’m tearing up from laughing. These two fellas must be regretting their actions. Why did they agree to dine with Master Lin?”

“Haha, Master Lin is such a low-profile person. He did such a good deed but he is still so humble about it.”

...

When Lin Fan read those comments, he felt really great about himself.

It looked like there were fans that understood how low-profile he was. Why would he want to attract so much attention for?

At night!

He booked a night flight as it was cheaper. He didn’t book it in advance as it was really expensive.

He wore a cap and went to process his paperwork.

He didn’t want to be recognized. Every northeastern person would recognize him. If he were to meet righteous fans, that would be great. However, if he met those that wanted to take revenge, he would be doomed.

Even the thought of it frightened him.

At midnight.

Lin Fan stood at the Shanghai Airport. The feeling of returning back to Shanghai was great. However, he had returned alone again.

When he was prepared to leave the airport, a voice could be heard.

“Bro... Here!” Wang Ming Yang shouted as he raised his hands at the waiting area.

“D*mn! Why are you here?” Lin Fan was stunned. He didn’t expect someone to fetch him from the airport but it felt great. Then, he walked out of the departure hall and came before Wang Ming Yang. He patted his shoulder, “That’s nice of you.”

Wang Ming Yang laughed, “I knew you’d be here by midnight. How can I not be here? Let’s go. You haven’t eaten, right? Let’s go for supper.”

“Alright. Now that you mentioned it, I am famished.” Lin Fan smiled and they placed their arms around each other and left the airport together.

On the way out, Wang Ming Yang kept talking.

“That’s impressive. I was in disbelief when I read the news. You dragged these two Godfathers down, aren’t you afraid of dying?” Wang Ming Yang felt that this good friend was really too awesome. If not for what had happened, he wouldn’t have believed that things would progress to this stage.

After the news articles were published, he finally understood how horrifying Godfather Liu was.

If he were to go to the northeastern region to settle scores with Godfather Liu, he probably wouldn’t be able to come back.

However, his good friend was awesome. He went there and destroyed them. Who else besides him was this powerful?

At Wang Ming Yang’s villa.

Xu Zi Le was alone in her room. She had returned to Shanghai after acting in a film. She wanted to have some alone time with Ming Yang. However, Ming Yang left her alone at midnight. He said that he was going to the airport to fetch his friend.

She understood how he felt but she felt that he should have brought her along.

However, Ming Yang rejected her. He asked her to sleep first as the two of them wanted to catch up with each other's lives.

Xu Zi Le was talking to her best friend on her phone. Her best friend was also a celebrity who had a pretty good status in the industry. Her salary was at least ten million dollars for a film.

Xu Zi Le: Mo Han, are you asleep?

Qin Mo Han: Nope, what is it, baby?

Xu Zi Le: Nothing much. I just wanted to ask something. My boyfriend went out at midnight to fetch his friend from the airport. He left me alone at home and it seems like he treats his friend better than me. Do you think there's a problem with that?

Qin Mo Han: Are they engaging in homosexual practices? There's definitely a problem with that.

Xu Zi Le: ...

All she could think of was Ming Yang and Brother Lin being alone in a hotel. She didn't dare to think of what followed next.

Then, she dismissed that thought. She didn't want to think of that as it was impossible.

Qin Mo Han: Is Master Lin the friend that you're referring to?

Xu Zi Le: Yes, Brother Lin."

Qin Mo Han: ...

At the roadside shop.

Lin Fan was eating barbecued food. He suddenly felt like someone was thinking of him and he paused.

Wang Ming Yang was having a good time eating and he asked, "What is it?"

Lin Fan shook his head, "Nothing much. I just feel like someone is thinking of me."

"Haha," Wang Ming Yang laughed despicably. "Stop acting, that's impossible. It's just your hallucination."

"Yeah, I think it's hallucination too," Lin Fan said and nodded. However, he wondered who was the one that was thinking of him.

After eating supper, they took a cab home.

The next day!

At Cloud Street.

When Lin Fan appeared at Cloud Street, the other shop owners gathered around him.

"Little Boss, you are back! How're things at the northeastern region?"

"Yeah, we were really worried after seeing the news. It's so dangerous."

"Shh, do you know who Little Boss is? How can it threaten him?"

Lin Fan smiled, "That's right. What's so dangerous? With my ability, who can possibly hurt me? Did anything happen to my shop during the past few days?"

Elder Liang said, “Nothing really happened. However, you just got cursed a lot.”

“D*mn!” Lin Fan was stunned after hearing that. “Someone scolded me?”

“Of course. Who told you to leave without saying anything? The queue for your scallion pancakes is crazy. I wonder how many people there are.”

“Yeah, every time I see the people queueing up for the scallion pancakes, I always feel like they’re really pitiful. Sigh.”

Lin Fan was a little helpless. Was that his problem?

He went to his shop.

Everyone was curious as to how Lin Fan resolved the matter in the northeastern region and they kept asking him questions.

They felt that the matter was too unbelievable. However, the truth was right before their eyes and they had to believe it.

They really admired Lin Fan.

Especially Zhao Zhong Yang, who almost kneeled in front of Lin Fan.

This man was too awesome.

Chapter 845: We’re going to see your abilities tonight

Initially, the people that queued up today thought that they queued for nothing again. However, when they saw the silhouette at the entrance of the shop, they suddenly felt like the world had become a better place.

“D*mn, Little Boss is back.”

“What? He’s back! D*mn, I’ve died waiting for the past few days.”

“Quickly queue up. Looks like we definitely will be able to get the scallion pancakes today.”

“Buy my a*s. There are so many of us. If we want to get it, how long do we have to wait?”

When Lin Fan saw the anxious looks of the townsfolk, he wanted to confront them and find out who scolded him. However, he had given up on that. They were behaving themselves and how could he confront them?

It looked like he could only forgive them for that.

However, he had to make it up to the townsfolk.

“To all righteous townsfolk, I went to settle something great during my absence in the past few days. You should know about it after seeing the news, right?” Lin Fan shouted.

The townsfolk said, “We know. Little Boss, we admire you.”

Lin Fan waved his hand calmly, “No, you don’t have to admire me. I just wanted you to understand that I didn’t disappear for nothing. The next time I disappear, it would mean that something great had happened again. Alright, that’s enough talking. Let’s sell scallion pancakes. Everyone, please queue up for today’s ten scallion pancakes.”

A townsfolk shouted, “Master Lin, you’ve been gone for so many days. Can you make more scallion pancakes?”

The other townsfolk felt that it was a reasonable request to make more scallion pancakes to make up for his absence.

Lin Fan coughed gently, “I’m afraid that’s not possible. Let me tell you this. Actually, my journey to the northeastern region caused me to be seriously injured. However, I dragged myself here to sell

scallion pancakes in order to not disappoint all of you. I just didn't want the townsfolk to be disappointed. However, if you really want to request for that, I would have to accept it even if I were to vomit blood."

He acted really well. He didn't believe that the townsfolk didn't love him at all.

Fraud Tian and the others just stared at Lin Fan, they knew that he was acting. God d*mn it, did he really have to act?

However, what happened next was something that Lin Fan didn't understand.

The townsfolk shouted, "Little Boss, you can do it! We've called the ambulance for you. If you were to vomit blood, we'll send you to the hospital right away. We won't let you be in any danger."

"Yeah, I know first aid. I can save you in time."

F*cking hell!

Lin Fan felt like the world had run out of love. Then, he waved his hand, "Alright, let's just sell scallion pancakes and not talk about that. Fraud Tian, give out the number tags."

Fraud Tian laughed internally. This fella really thought that the townsfolk were as stupid as before.

They were really witty now and they weren't stupid at all.

After preparing the scallion pancakes, Lin Fan just rested.

The task wasn't even completed yet. He thought that he could go to the northeastern region to try his luck but it didn't have any effect. It was really a waste.

However, he wasn't anxious. Anyway, the task didn't have a deadline. He just had to take small steps and perhaps he would be lucky enough one day to clear it. That would feel really great.

Ding Ding

Wang Ming Yang called.

“What is it?” Lin Fan asked.

“What else? I just wanted you to know that Chen Chang Sheng has a feast tonight and he invited you,” Wang Ming Yang said.

Lin Fan was a little helpless, “There’s no need for that. It’s just a small thing.”

Wang Ming Yang replied, “It may be a small thing to you. To Elder Chen, it’s something really big. Don’t be wishy-washy. Are you coming on your own tonight? Or shall I fetch you? It’s at 7 pm.”

Lin Fan didn’t know what to do. He was too popular with the people and he felt like it was a chore. “I’ll go myself. Tell me the location later.”

After hanging up.

Fraud Tian moved over sneakily, “What is it? Is there another feast tonight?”

Lin Fan smiled, “Of course. Tonight’s feast is different. It’s going to be delicious and it’s going to be really different from the past feasts.”

When Fraud Tian heard that, he got anxious, “Bring me, please.”

“What do you think?” Lin Fan looked at Fraud Tian with a strange look. It was clear that he was telling him to stop dreaming.

Fraud Tian sighed, “Sigh, we started out as poor people in the past and we helped each other. However, you’ve abandoned me today. It’s okay, that’s just life.”

After saying that, he looked really sad.

“Alright, alright. There’ll be opportunities in the future. Don’t speak of me like I’m a douchebag.” He couldn’t tolerate Fraud Tian’s ‘sad look’.

Zhao Zhong Yang smiled, “Fraud, I think you should follow me to eat in the open-air restaurant. I will introduce some girls to you.”

After hearing that there were girls, Fraud Tian immediately clung to Zhao Zhong Yang, “Brother Yang, how is it going to be like?”

Zhao Zhong Yang looked at Fraud Tian, “Who is going to be paying for the meal tonight?”

Fraud Tian immediately patted his chest, “Of course it’s me. How can I let my big brother pay?”

Zhao Zhong Yang nodded happily. “That’s right. I asked a few girls out for dinner tonight. As for whether you’d still be single, it depends on you. However, don’t forget to pay for the meal.”

Lin Fan looked at the two of them and shook his head helplessly.

At night!

The most luxurious hotel in Shanghai required advanced booking. Also, they had to apply for an \$80,000 membership card. Although \$80,000 wasn’t a lot of money, the fact that one had to pay \$80,000 to get a membership card before qualifying for a meal was stupid to many typical men.

To the wealthy people, this was like a symbol of status.

When Lin Fan reached the destination, he saw that Chen Chang Sheng was waiting at the entrance.

“Chief Chen,” Lin Fan waved and shouted.

Chen Chang Sheng looked at Lin Fan and went forward passionately. He shook Lin Fan’s hand, “Master Lin, you’re here. Please, come in.”

On the way to the restaurant, Lin Fan smiled, “Chief Chen, there’s really no need for this.”

Chen Chang Sheng shook his head, “There’s a need for this! Master Lin helped me to resolve my biggest worry. You are my savior.”

He felt that Master Lin was the reason why the northeastern incident could be resolved so quickly. If not, he wouldn’t have found out about it.

Perhaps he wouldn’t be able to handle the outcome of the entire situation.

Lin Fan shook his head and didn’t say anything else.

He didn’t go there because of Chen Chang Sheng. It was because Godfather Liu was too much. He didn’t even respect Lin Fan at all.

Now that they were all doomed, he didn’t have any regrets at all.

They went into the private room.

Wang Ming Yang, He Cheng Han, Jin Yun Ming and the others had been waiting. When they saw Lin Fan, all of them smiled.

“Master Lin, we’ve been waiting for you.”

“We came here earlier to wait for Master Lin as a form of respect for you.”

After hearing their banter, Lin Fan laughed.

“Alright, stop praising me. Chief Chen didn’t have to organize this at all. Didn’t you guys tell him about it?”

Many people felt that Chen Chang Sheng was just lucky. However, they were still really happy about it.

It showed that Master Lin still cared about them.

Of course, that was their way of thinking.

Chapter 846: How is he going to survive?

At the dining table.

Lin Fan just treated it like a normal outing. He drank and feasted. He probably wouldn't be able to drive home later.

Chen Chang Sheng was really happy. He raised his glass, "Master Lin, I'll give you a toast. Let me introduce you to a friend of mine."

Then, Chen Chang Sheng pointed to a middle-aged man beside him, "This is my secondary school classmate. He is currently working in the food and beverages industry in Zhongzhou. This time, he came to Shanghai to visit me and I arranged for us to meet up together."

The man stood up and smiled, "Hi, Master Lin, I am Xu Fei Yuan. I have heard of Master Lin's name. This time, it's my honor to meet all of you here, including Master Lin. I am finishing this glass of wine as a form of respect."

"Oh, so you're from the same village," Lin Fan smiled and said.

Xu Fei Yuan had been doing really well in Zhongzhou. This time, he came to Shanghai to catch up with his classmate and perhaps boost his business. When he heard that a lot of wealthy men were gathering for a meal, he was really excited about it.

Especially when he heard that one of them was Master Lin. He couldn't contain his excitement at all.

He didn't really dare to speak at the table as he was afraid of offending people. He only started to speak when Chen Chang Sheng introduced him to everyone else. That was when he introduced himself to the others.

Wang Ming Yang and the others were friendly and they gave Chen Chang Sheng face. "Since you're Chief Chen's friend, you're our friend now. You don't have to be too formal. We can talk about anything."

Although Xu Fei Yuan was pretty well to do, he couldn't match up to the wealth of the people at the table.

After hearing that, he became livelier. He started toasting everyone and tried to make friends with them.

After three rounds of drinking.

Everyone started to talk about other random things.

Chen Chang Sheng's face was red. He patted Xu Fei Yuan's shoulder, "I heard your restaurant just had two new dishes and they're really popular now. Is it being sold to the other cities?"

When Xu Fei Yuan heard that, he smiled, "Brother Chen, these two dishes are really decent. They helped me to expand my market outreach. These dishes can be said to be my signature dishes."

"Haha, if we're talking about cooking, we should mention that Master Lin is a superb cook. Those that have tried his food before will never be able to forget its taste," He Cheng Han said and laughed.

He had eaten Lin Fan's food before and he had been craving for it ever since then.

Xu Fei Yuan was a little drunk and he started to talk more, "Actually, these two dishes weren't mine initially. They belong to a small restaurant. There was once I returned home from working overseas and I was hungry. I found a random restaurant to have my meal in. That was when I found the treasure. These two dishes were really delicious. Then, I told them to cease operations and let me be the chef there. If not, they could sell the recipe to me."

“Guess what happened next.”

Jin Yun Ming smiled, “Did you fight with them over it?”

Those that discussed business deals would discuss things first. If they couldn’t reach a common agreement, they would think of other ways to get what they wanted.

“Not really. I saw that they were hiring people. Hence, I sent my head chef down to work for them. You should know what the outcome was like by now,” Xu Fei Yuan laughed.

Every time he thought about it, he felt that he was really smart for doing that.

“That was superb. He learned a new skill and that is irreplaceable,” He Cheng Han laughed. He felt that this fella was pretty smart.

Xu Fei Yuan waved his hands modestly, “It wasn’t superb. That was just a corporate move. My head chef worked in their kitchen for a month and he watched everything that they did. He slowly managed to master the skills and patented the dishes.”

“The small restaurant didn’t patent the dishes?” someone asked.

Xu Fei Yuan smiled, “Why would those people know the importance of a patent? My restaurants now depend on these two dishes and they are gradually expanding to other markets. It also has different packages. We use vacuum packaging for deliveries and the income is pretty good.”

The others were envious of him. They didn’t expect this fella to be so lucky. He actually made a fortune after eating a meal. Where would they be able to find such a good deal?

Lin Fan interrupted, “Does that mean the small restaurant is out of business?”

He couldn’t get used to such a behavior.

Meanwhile, He Cheng Han and the others were stunned. They knew that Master Lin loved to stand up for the weak. He didn’t like to befriend those that did evil things.

The things that they said earlier were just for bragging rights.

However, Xu Fei Yuan didn't know that. He just wanted to show his determination in front of all of them.

"That can't be helped. That's how businesses work. After I got the patent rights, I stopped them from selling these two dishes. If they wanted to sell them, they had to pay. Because of this, we went to court but I had all the evidence. Obviously, I won the case."

Lin Fan furrowed his brows. He wondered why this person was so cunning.

Chen Chang Sheng realized that Master Lin was a little unhappy and it was probably because of what he was saying. He immediately nudged his friend and asked him to stop talking about it.

"Alright, alright. Let's not talk about that. Let's talk about something else," Chen Chang Sheng tried to change the topic.

Lin Fan knocked the table, "Chief Xu, what are the two dishes called?"

Chen Chang Sheng knew that something was wrong when he heard Master Lin asking about it. Then, he looked at Wang Ming Yang.

However, Wang Ming Yang just shook his head. It was clear that he should stay out of this matter.

Meanwhile, He Cheng Han and the others didn't say anything else. They just looked at each other. They knew that Master Lin was probably unhappy because of what he said. They looked at Chen Chang Sheng and wondered why he asked someone like him over for dinner.

They thought about it further.

It was really pretty despicable.

He had a big organization and he still bullied a small restaurant. It was shameful to even speak of it.

Xu Fei Yuan smiled, “Oh, these two dishes are called, ‘Mirror Box Tofu’ and ‘Cherry Pork’. They’re really delicious. Next time, I’ll let everyone try them.”

When Lin Fan heard that, his face changed.

Wang Ming Yang was observing his best friend’s expressions. When he saw his face changed, he knew that something was wrong.

Sh*t was about to go down.

This time, Lin Fan took out his phone and called someone.

“Everyone, please keep quiet. I’m making a call,” Lin Fan said to everyone.

Then, there was silence in the private room.

Soon, the person picked up.

“Ke, how’s life?” Lin Fan asked calmly.

The person on the phone remained silent for a moment. Then, he smiled, “I’m doing pretty well. How’s life in Shanghai recently? I read the news about you heading to the northeast. Are you okay?”

“I’m fine. I’m back in Shanghai now. How’s business recently?” Lin Fan asked.

Bai Ke hesitated for a moment, “It’s pretty good. Business is good. Don’t worry. Tell me when you’re in Zhongzhou next time. I will welcome you warmly.”

Bai Ke was really depressed and lifeless. However, since his classmate called him, he had to sound energetic.

However, he felt like he let him down.

“Alright, I’ll hang up now. I have something to handle here,” said Lin Fan.

“Okay.”

After hanging up.

Lin Fan smiled and stood up. “Just as everyone’s here today, I’ll cook two dishes for everyone to try. How’s that?”

Wang Ming Yang smiled and nodded, “Sure.”

...

Chapter 847: It was all his fault

Lin Fan went to the kitchen.

In the private room.

Xu Fei Yuan smiled, “Does Master Lin really know how to cook?”

Wang Ming Yang replied, “You’ll find out soon.”

He knew that something must have happened. However, he didn’t know what was it. Although he was trying to guess what it was, he felt that it was impossible.

Chen Chang Sheng had realized that the atmosphere was wrong. He felt that Master Lin wouldn’t suddenly suggest cooking for everyone. Something bad must have happened.

Then, he took out his phone and texted Wang Ming Yang.

“Chief Wang, what happened to Master Lin?”

Wang Ming Yang looked at his phone and replied, “I’m not very sure. However, something must have happened. It probably concerns your friend.”

Chen Chang Sheng replied, “That can’t be. It’s his first time meeting all of you. How could it...”

Wang Ming Yang replied, “You should be mentally prepared. My bro is well-mannered but when he gets angry, it’s really scary.”

After sending that text, Wang Ming Yang didn’t say anything else. He kept his phone immediately.

Meanwhile, He Cheng Han just spoke softly to the people around him.

He didn’t know what was happening but he knew that something was wrong.

After a short while.

Lin Fan pushed the door open and brought two plates. The plates were being covered and he placed them on the table.

“I just made two dishes for you. Let’s try them together, shall we?” Lin Fan said.

Chen Chang Sheng looked at Lin Fan and said, “Master Lin...”

Before he could finish his sentence, he got interrupted by Lin Fan. Lin Fan immediately took the covers off and presented the dishes in front of them.

Xu Fei Yuan was initially really happy but when he saw the dishes, his face instantly changed.

“Mirror Box Tofu and Cherry Pork.”

The crowd was stunned after hearing what Xu Fei Yuan said.

Weren't those the dishes that he stole from the small restaurant?

How did Master Lin know how to cook them?

They weren't stupid and they knew the reason for that.

Lin Fan wiped the dust off his hands and returned back to his seat. Then, he looked at Xu Fei Yuan, "Chief Xu, please help to introduce the dishes."

Xu Fei Yuan looked at Master Lin and didn't know what to say, "Master Lin, I..."

Lin Fan waved his hand, "Just introduce them."

Xu Fei Yuan felt like something was going to happen. His throat trembled.

"This is Mirror Box Tofu."

"And this is Cherry Pork."

Lin Fan smiled, "Chief Xu should know that these dishes don't exist in the Jiangsu cuisine, right?"

Xu Fei Yuan nodded as a form of acceptance.

"People that know me should know that I know how to cook. Right?" Lin Fan looked at the others.

Wang Ming Yang nodded, "Yeah."

He Cheng Han and the others also nodded.

Lin Fan looked at Xu Fei Yuan and said, "Initially, only I know how to make these dishes. However, when I went back to Zhongzhou for the New Year, I saw that my friend's restaurant was doing really badly. I taught him these two dishes. Therefore, the only people that know how to make these

dishes are him and me. I wonder how Chief Xu knows how to make them. Could you tell me the process of everything? I want to know what happened.”

When Lin Fan said that, everyone understood what was going on.

He Cheng Han looked at Xu Fei Yuan. He didn't expect this fella to have messed Master Lin's friend up.

Chen Chang Sheng was stunned. He didn't expect the matter to become like that. He looked at Xu Fei Yuan in shock.

At the same time, he knew that something bad was going to happen.

Things didn't seem good.

Xu Fei Yuan wasn't stupid. He knew that although Master Lin's wealth and status couldn't match up to his, everyone else at the table didn't speak anymore.

If he still didn't understand the situation, he could probably just commit suicide.

“Master Lin, I... I...” Xu Fei Yuan felt as if his throat was being blocked and he couldn't say anything.

slam!

Then, Lin Fan slammed the table angrily and stared at him.

“I hate the people that bully my friends the most. Do you know that?”

Xu Fei Yuan was shocked. His forehead was filled with sweat. He started stuttering, “I... I...”

Chen Chang Sheng stood up anxiously, “Master Lin, don't be mad. He didn't know that was your friend.”

“Chief Chen, this doesn’t concern you. I am asking him questions.” Lin Fan waved his hand and looked at Xu Fei Yuan. “Let me ask you this. Did it feel great bullying my friend?”

Chen Chang Sheng didn’t know what to do. He wanted to say something and got interrupted by Wang Ming Yang.

“Elder Chen, just sit down. Don’t get yourself involved in this,” Wang Ming Yang said.

When Lin Fan called Bai Ke, he could tell that something was wrong. However, he didn’t do anything about it earlier.

He should have called him when the incident happened. He just kept quiet about it.

If not for his random encounter with this man, he probably would have never found out about it.

Then, Lin Fan wasn’t furious. However, he wanted a conclusion for this matter.

“Chief Xu, tell me. What do you think you should do?”

Xu Fei Yuan swallowed his saliva forcefully. He felt that things had gone out of control. “Master Lin, I know I was wrong. I really didn’t know that. If I had known, I wouldn’t have done that. How about I pay for the losses. I will definitely satisfy you.”

“How are you going to pay?” Lin Fan asked.

Xu Fei Yuan thought about it for a moment. “I will buy the rights to sell these two dishes and pay them for their losses. I really don’t know.”

“Alright. Are you still going to buy the rights? My dishes were never supposed to be sold to others. I only gave them to him because he was my friend. Now, you’re telling me you want to use it? You’ll have to see if you’re capable enough. I’ll give you one chance. When you return back, pay my friend and make an official announcement saying that you stole the dishes. Return the patent rights to my friend.”

After Xu Fei Yuan heard that, his face changed. If he were to do that, he would be doomed.

Lin Fan added, "Of course, you can disagree. You can try me."

Xu Fei Yuan looked at Lin Fan's eyes and he was fearful.

Who was going to pay for the consequences?

This was a life and death situation.

How many people lost their placing in society because of Master Lin? If he were to go against Master Lin, he would probably die a painful death.

When Chen Chang Sheng heard that he heaved a sigh of relief, "What are you doing? Master Lin has already said the terms and conditions. Just quickly agree to it."

He was afraid that this friend of his was so greedy that he thought that he could win Master Lin.

If that was the case, he would probably be doomed.

The others didn't really say anything. However, when Master Lin talked about something, they had to side him.

Chen Chang Sheng was regretting his decision for bringing his friend along.

However, he felt that it was a blessing in disguise. If Master Lin were to find out about this in the future, he would probably suffer a worse fate.

He was thankful for that.

Then, Xu Fei Yuan nodded, "Master Lin, I'll agree to that."

Lin Fan pointed at the door, "Get out. Do not disturb us as we're having a meal. I hope you'll resolve this soon."

Xu Fei Yuan felt so embarrassed but he didn't dare to do anything. He just nodded and left.

Wang Ming Yang said, "Alright, bro, don't be too angry. Elder Chen didn't know about this too. Let's eat. Don't be angry about it."

The others also tried to console him.

Chen Chang Sheng was really embarrassed. He wanted to thank Master Lin for what he did but he didn't expect Master Lin to be so unhappy.

Chapter 848: You're lucky today

After Xu Fei Yuan left the room, Lin Fan shook his head helplessly. When he saw the crowd's serious faces, he smiled.

"It's okay, nothing's wrong. Do you think I'd be angry over that?" Lin Fan said.

However, this really made him a little angry as it involved his friend. How could his friend be so easily bullied?

Wang Ming Yang smiled, "Why did you look so stern just now?"

Lin Fan said, "What else can I do? Anyway, he really bullied my friend. I couldn't have possibly smiled at him, right?"

The others shook their heads and looked at Chen Chang Sheng. "Elder Chen, you have to be careful. We don't care who your friend offends in the future. However, he can't offend Master Lin's friend. You have to tell him that when you return back."

Chen Chang Sheng was really helpless. It wasn't what he had expected. He wouldn't have thought of something like that.

Xu Fei Yuan was his classmate. It just happened that he came to Shanghai this time and he wanted to introduce him to the others. He didn't expect this fella to have offended Master Lin's friend. That was really unlucky for him.

He could tell that Master Lin had given him a lot of face. Of course, this was based on the fact that he didn't know anything.

He knew that Xu Fei Yuan wasn't going to be happy about it.

However, he couldn't do anything about it. He had to wake himself up.

After finishing the meal at the restaurant, Chen Chang Sheng took out a silver credit card from his pocket. "Master Lin, I really have to thank you this time. You have to keep this."

Lin Fan didn't take it at all. He just smiled, "Elder Chen, are you looking down on me?"

Chen Chang Sheng immediately waved his hand after hearing that. "No, I'm not looking down on you. It's just my way of showing appreciation. Money is something that can't be matched up to. Just like a favor."

Lin Fan smiled, "Since you know that, does that mean that our favors would be measured by money in the future?"

"That..." Chen Chang Sheng was in a dilemma. He really wanted to thank Lin Fan for resolving the issue. He thought about how to show his appreciation and he felt that the best way was to use his money. However, he didn't know what to say to Master Lin after hearing his words.

Then, he looked at the others to seek help.

"Elder Chen, keep your card. There's no need for that. In the future, when my bro looks for you for help, just don't reject him," Wang Ming Yang said.

Chen Chang Sheng replied, "That doesn't seem very nice."

“Let me tell you that. My bro went to Qing Zhou to retrieve the money that I lost. He didn’t even take any of it. How much does your card have?” Wang Ming Yang started to tell him about the past.

When the others heard that, they were terrified even at the thought of it.

Qing Zhou’s Ma Qingzhou got destroyed by Master Lin and he even got Wang Ming Yang’s money back. Who wouldn’t be impressed by that?

As for how much the card contained...

They didn’t care about it. They just knew that Master Lin didn’t really care about material wealth. If he really cared about that, he would probably be a few times richer than all of them.

Lin Fan replied, “What are you thinking about? Just keep it.”

“Okay, I’ll keep it then. As long as Master Lin has a favor to ask from me. I will do anything it takes to help you,” Chen Chang Sheng said confidently.

Soon, the dinner ended on a happy note.

Lin Fan took a cab home as he couldn’t drive after drinking alcohol.

Wang Ming Yang also took a cab home. He just left his car there temporarily.

When everyone left, Chen Chang Sheng saw Xu Fei Yuan sitting on a sofa at an isolated corner of the hall. Xu Fei Yuan sighed helplessly.

“Elder Xu.” Chen Chang Sheng walked over and patted him on his shoulder. “You’re considered to be lucky this time.”

Xu Fei Yuan was depressed, “What do you mean I’m lucky? If I were to really do that, wouldn’t I become a laughing stock?”

“Would you want to become a laughing stock or would you want to lose your life? Which one would you choose?” Chen Chang Sheng asked.

“Obviously, I don’t want to die,” Xu Fei Yuan said. He didn’t expect that to have happened. If he had known, he wouldn’t have talked about it.

However, whatever he said now was totally useless.

Things had already happened and he got thrown out of the private room. That was humiliating.

Chen Chang Sheng looked at his classmate, “Are you thinking about how unlucky you are?”

“Yeah, can’t believe you can see that,” Xu Fei Yuan nodded.

“Sigh, you can’t think of it that way. I’ll tell you this. You’re really in luck today. Master Lin only asked you to go back and compensate them. He didn’t do anything else to you. If he were to find out that you didn’t keep to your word, you wouldn’t know what he would do to you,” Chen Chang Sheng said.

“Bro, I’ll speak the truth. He isn’t even a wealthy man. Why are all of you so afraid?” Xu Fei Yuan asked.

Chen Chang Sheng smiled, “Alright, let me ask you this then. How do you think Master Lin managed to resolve the Qingzhou and the northeastern incidents?”

“That...” Xu Fei Yuan was speechless. He felt that what his classmate said was true. Did he really escape a calamity?

“Today, Master Lin gave me some face. If not, it wouldn’t have been resolved so easily. Therefore, when you get back, quickly return them the patent rights and compensate them for their losses. Don’t try to cause any more trouble,” Chen Chang Sheng said.

Xu Fei Yuan looked at his old classmate and hoped to see a glimpse of hope. However, he didn’t see any hope at all. He just nodded and agreed.

“I know. I’ll do it when I get back.” What else could he have said? That was all he could’ve said. This time, who knew how much he was going to lose?

Chen Chang Sheng nodded since Elder Xu agreed. However, he was still a little worried. He repeated, “Elder Xu, since you agreed to it, you can’t forget it. If not, I can’t help you when that happens.”

“Don’t worry. I know what to do.”

Xu Fei Yuan smiled and patted Elder Chen on his shoulder. “Alright, it’s my fault this time. I won’t talk about it anymore. I’ll return tomorrow and resolve this.”

Chen Chang Sheng nodded happily. If Elder Xu were to continue causing trouble, the final outcome would’ve been devastating.

If that were to happen, nobody could possibly save him.

Although he didn’t really know how Master Lin managed to destroy so many influential figures, the mere thought of it scared him.

However, they were lucky that Master Lin was a well-mannered man. If he was a cocky and hot-tempered man, all of them would be living in fear.

The next day!

At Cloud Street.

Lin Fan stayed in his shop and scrolled through his phone. It was getting a little boring. His task was pretty difficult to complete. He didn’t know what to do to complete it. It looked like he had to depend on his luck.

Chapter 849: The uprising

Elder Dog was living a blissful life. Whenever he had nothing to do in the morning, he would bring a few puppies and walk around Cloud Street.

However, Elder Dog would disappear before the afternoons.

People didn't know where Elder Dog had gone but Lin Fan knew that he must have gone to boast to other dogs.

The 'Righteous Pet Food' was really sick. It increased the capabilities of Elder Dog by so much. He was probably too good to even be called the Godly Dog.

"How pathetic, how pitiful." Then, Fraud Tian was sitting at the entrance and he sighed while looking at his phone.

"Fraud, what are you looking at?" Lin Fan asked. It was probably not something simple since it made him so sad.

"Nothing much, I read a news article. That... Forget it. I'll send it to you." Fraud Tian wanted to save the trouble and he immediately sent it to Lin Fan.

Lin Fan unlocked his phone.

'The Fire Girl got expelled from school.'

After reading it, he felt that the news was really saddening.

Three years ago, a beautiful lady ran into a fire to save her neighbor's kid and got burnt. As a result, her face was ruined. She depended on herself and managed to enter University. However, after studying for half a semester, she was about to be expelled from school.

It was because her face was too scary. Everyone in the class was frightened by it. Especially when she came out at night. That scared the living hell out of everyone. Most of the students told the school that she should be expelled.

After the school's discussion, they decided to expel her.

On Weibo.

Many netizens started to comment about it.

"D*mn, this school is too ruthless. Why are they expelling her?"

"These stupid kids don't have any leniency at all."

"I think she should leave the school. She's so ugly. She should just scare herself. Why is she scaring the others?"

"^ F*ck you, I'll f*ck your mom."

"Shanghai Jin He University, isn't it a good school? Why did they do such a thing?"

"Hey, f*ckers, she became like that because she did a good deed a few years ago. I can't believe people are despising her because of it. That's disgusting."

The netizens were really emotional on Weibo.

Of course, there were several netizens that sided the school as they felt that the school did the right thing.

She looked so scary and it was right for her to leave.

What if she were to scare a student to death one day? That would be disastrous.

However, most netizens were upright and they felt that this was an unacceptable discrimination.

Lin Fan shook his head after reading the comments. He felt that Jin He University didn't do the right thing. As the righteous Master Lin, he had to do something about it.

He immediately logged in to Weibo.

Lin Fan: @Jin He University, the way you handled this matter is too disappointing. Furthermore, you're an educational institution. I didn't expect you to look at people differently with your dog eyes. Whoever that enrolls in this University in the future, is an idiot.

Anyway, it was all online and he wasn't afraid of voicing out his opinions. He just wanted to flame the school.

Instantly, netizens started to comment on his post.

"Well said."

"I am supportive of Master Lin."

"F*cking hell. This lousy University. Whoever goes there is an idiot."

"However, what does he mean by 'look at people differently with your dog eyes'?"

"Who am I supposed to ask?"

"Let's go to the Weibo of this stupid University to flame them."

...

At Jin He University.

"H, it doesn't look good. Master Lin is flaming us on Weibo," a teacher said anxiously.

The school's headmaster was stunned, "Master Lin? What Master Lin?"

"Master Lin of Cloud Street."

When the headmaster heard that, he was worried. This man was a powerful one. Only a handful of people in Shanghai didn't know who he was. Then, he asked anxiously, "What did he say?"

"Headmaster, look at it yourself," the teacher immediately opened up Weibo and passed it to the headmaster.

The headmaster looked at the Weibo post and stood up. His face had turned red, "D*mn, how can he say that? What does he mean by that? He said those that enroll in this University are idiots? What did we do to him?"

The teacher was helpless.

"Headmaster, we didn't offend him but he offended us. This piece of news is on the trending list now. I think it's because he posted on Weibo and the news is under the spotlight now."

"It's too much. It's really too much. I will contact him now. Does he know that the Weibo post will affect our school?" The headmaster was fuming and he immediately called him.

"Hello, is this Master Lin? I am the headmaster of Jin He University. May I know what you meant by your Weibo post? I hope you can delete it," the headmaster said angrily.

They started to talk.

Initially, the headmaster was trying to control his anger. However, he couldn't take it anymore.

He immediately slammed the phone.

"Headmaster, what did he say?" The teacher asked.

The headmaster replied, "What did he say? He is so shameless. This is not how you use freedom of speech. How can he just scold us like that? He said that if we're unhappy, we can sue him. Does he really think that we don't dare to do that?"

The teacher replied, “Headmaster, please calm down. Master Lin is really reputable. If we were to go to court, we’d be infamous.”

“Infamous? Aren’t we infamous now?” The headmaster said angrily.

He didn’t expect this matter to have attracted the attention of this fella.

At Cloud Street!

Fraud Tian asked, “Who just called?”

Lin Fan replied, “Who else? It was from the University. I just flamed them on Weibo and he immediately asked me to delete it. I didn’t care about what he said.”

Fraud Tian was a little angry, “What is wrong with the school? It is totally different from the past.”

Lin Fan replied, “Who knows? However, they’re clearly in the wrong for this. They can’t just expel someone because she looked scary. She worked so hard to get into University.”

In the school’s web forums.

There were a lot of intense discussions.

The students had been divided into two different groups. One group felt that the school was wrong while the other group supported their way of handling the situation.

“All of you are idiots. Do you know that we’d be frightened if she were to be in school? There was once when I saw her after eating breakfast and I immediately threw up.”

“^, I agree. When I was having sex with someone, I was about to whip out my p*nis but someone sent me a photo of her. When I saw it, my p*nis got soft immediately. F*cking hell.”

“Are all of you really receiving higher education? Can’t you have some leniency? All of you are discriminating her.”

“Haha, discrimination? If you’re not like us, go get her to be your girlfriend.”

“Haha, if she were to be his girlfriend, I think he wouldn’t be able to fall asleep for the whole night. He would be having nightmares every day.”

“Master Lin’s Weibo has already said that everyone that enrolled in this school is an idiot.”

“D*mn, who is he? So what if he is Master Lin? Does he really think that he is that awesome?”

“If he has the guts, ask him to come to the school and say that. We’ll teach him a lesson.”

“Haha.”

“Now that this matter has been blown up, the school will be affected since Master Lin is involved.”

...

Chapter 850: Come if you dare

On Weibo.

Lin Fan realized that he suddenly had a lot of people visiting his page and they were flaming him.

“F*ck your mom. What a loser Master Lin. What does our school incident have anything to do with you?”

“That’s right. Do you think you can do this because you’re a little famous? You’re nothing but child’s play in our eyes.”

“Haha, how righteous. If you’re so righteous, ask the girl to be your wife. Idiot.”

“Someone like him actually has a group of hardcore fans. That’s so hilarious. He even said that people from our school are idiots. I think you’re the real idiot.”

Jin He University had quite a lot of students that were involved in this. They knew who Master Lin was but they were all youngsters. They were fearless and they somehow hated those that were famous.

The more famous you were, the more you would be flamed when you do something controversial.

However, they didn’t think about something.

Lin Fan’s righteous fans didn’t just remain silent. They immediately retaliated.

“D*mn, these losers came to our territory to cause trouble. Brothers, let’s go.”

“F*ck your moms. These bunch of losers should look at where they are. They must be tired of living.”

“Let’s destroy them.”

In an instant, Lin Fan’s Weibo became really chaotic. Of course, those that came to flame got drowned in the comments of his fans.

Lin Fan shook his head, “Sigh, why do people have such bad character? When I was in University, I was so different.”

The reporters were observing the situation online. When they saw Master Lin speaking up about this, they were ecstatic.

The things that Master Lin was involved in would definitely be nice to watch.

However, Jin He University didn’t care about that. They had already sent their notice and they had to keep to it. They couldn’t withdraw the expulsion letter because people objected it.

This matter had too many students' objection. A lot of University students also said that if she didn't leave the school, they would leave instead.

At Jin He University.

At a random female hostel. A group of fashionable and pretty female students was gathered together and all of them were smiling.

One of the students looked really happy and she felt great.

"Look, this matter had been blown up. I don't believe the fella wouldn't get out of here."

"I didn't expect the thing we started for fun had become like this. It has such a great impact."

"Haha, she's so dishonest. We already asked her to join us as a form of respect but she rejected us."

"You're our big sister indeed. This method is so good. Spreading rumors in our school and sending pictures to scare all the guys. Now that the school can't take it anymore, they have to expel her."

"However, Master Lin came out to speak about it on Weibo. He said that what the school did was discriminatory. What do you think?"

"Haha, he's an outsider. Whatever comments would be useless. He's just being a busybody. He probably doesn't even have a girlfriend."

"Do you think Master Lin is gay?"

"Haha, that's possible."

Then, in another hostel nearby.

A disfigured lady was sitting there with her head lowered. She was the student that was about to be expelled.

Jin Shan Ping didn't know what to do. She knew what was happening in school. She lived alone in the hostel and nobody was willing to stay with her. Even her classmates stayed away from her.

In class, she sat alone and people ignored her. Even the teachers ignored her. Everyone despised him.

She was already used to the situation. She had been facing this situation since high school. However, it was a little different then as she had a caring teacher. It made her feel that at least someone in school cared about her.

However, things were different after coming to University.

Everyone hid from her.

Suddenly!

She heard some noises from outside and she began to tremble in fear.

"Get out of the school."

"Jin Shan Ping, please leave and return us our good school."

Those that stayed in the hostel opened their windows and looked at what was happening outside.

A group of people was holding sign boards and shouting towards the female hostel.

The content on the signboard was 'Jin Shan Ping, please leave our school. You've scared us.'

The content was really hurtful.

Those students that weren't involved in this felt that these people were too much. However, they couldn't do anything about it. Besides standing up for her online, they were helpless.

“How could they do that?”

“Yeah. Although I don’t really want to know her, I don’t feel that she’s repulsive. I think Jin Shan Ping has great character. She often helps to throw away the rubbish at the entrance of our hostel.”

“Sigh, what can we do? I heard she ran into a fire three years ago to save her neighbor’s kid. That’s how she got burnt.”

The people were chanting non-stop outside.

“Jin Shan Ping, please leave. Return us our beautiful school.”

Those chants were really loud and a lot of students gathered to watch. Some even started recording it while others also joined in. After all, the spectators didn’t understand the gravity of the situation. When things didn’t happen to them directly, they wouldn’t know how much it hurt.

A random northeastern girl couldn’t take it anymore. She opened her window and shouted, “You guys are too much. How could you be so disgusting? I think all of you are polluting the school environment.”

A girl that stayed with her immediately dragged her back. “Don’t scold them. It’ll get you into trouble.”

Below the hostel.

“What are you shouting about? If you’re brave, come down and talk to us.”

“I know which hostel you belong to. Girls, let’s go and teach her a lesson,” shouted a girl below the hostel.

The northeastern girl immediately took out a large sword from her wardrobe that she used for arts performances. She said angrily, “F*cking losers. If you have guts, get up here now. If I don’t slice you open, I would jump down from here.”

After she said that, a lot of people got scared.

“Let’s ignore her and continue shouting.” Some girls were frightened and they didn’t want to mess with her anymore. Their main aim was to drive Jin Shan Ping out.

The school management had found out about this situation.

They immediately sent people over.

They didn’t expect the students to have dared to do such a thing in school. If this were to be reported, people would definitely laugh at them.

They had already sent her an official request for her to leave the school. After all, they couldn’t have done anything else besides that.

These students were causing so much trouble. Did they really want to blow this matter up even more?
