

## Valkyrie 1021

### [Chapter 1021: Spirit Worm Revealed](#)

Looking back now, the attitude of the ancestor towards Shen Mengchen is indeed much better than that of ordinary geniuses. Not only the ancestor, but also his show and queen, also always pay attention to the news of Shen Mengchen.

At first, he thought it was the genius of Xiuhe Queen who cared about the Dagan Dynasty. Now that he wants to come, there is something wrong with it, but he hasn't noticed it.

but.

Ding Guanxi was surprised and angry when he felt the strange gazes of Wu Wang from the surrounding dynasties.

If he does not know that this matter is actually not a secret in the Dagan Dynasty, then he is too idiotic. I am afraid that there are definitely a lot of Wu Wangs who know this news in the Dagan Dynasty. Only he is alone Deceived in the bone.

"Guanxi, this person's rhetoric is really nonsense!" Ding Qianqiu shouted angrily.

"Ancestor, don't worry, how can Guanxi be separated by this person? What's more, the Dagan Dynasty was originally maintained by the ancestors. How can Guanxi be suspicious of the ancestors."

Even if Ding Guanxi knew that his queen had hooked up with his ancestor, he could only swallow his anger and gritted his teeth. "Hehe, it's really magnanimous, and right. Although your Excellency is the emperor of the Dagan Dynasty, he is only a superficial puppet. The cultivation base of the middle stage of the seventh stage, hehe, in the eyes of Ding Qianqiu, it is just a waste. Qianqiu needs, let alone a queen, even if you are yourself, you are willing

Would you like to clean it up for Ding Qianqiu to enjoy and win his support? "

"Smelly boy, let's talk nonsense again, this seat will cut you off." Ding Qianqiu shouted, his eyes all green. "I'm all a lot of age, and I don't know how to cultivate one's health. I'm making a lot of noise here. What kind of style is it? But your function is powerful. At such a big age, you can actually raise an illegitimate child, but I'm sorry. , Originally, this young man didn't know that Shen Mengchen would actually be your own private

Give birth to a child, otherwise, how could this young man kill him so easily, and he would definitely 'enter' him well. "

Qin Chen smiled and said, he didn't mind sprinkling salt on Ding Qianqiu's wound.

"Ah, I want you all to die!"

Ding Qianqiu was originally afraid of Qin Chen and was still recovering from his injuries secretly, but he was so angry that he exploded without saying a word, so he couldn't help but press it towards Qin Chen.

Qin Chen sneered, this guy actually dared to do something to himself, immediately without flinching, he slashed out.

Huh!

The \*\*\*\* cat also disappeared into the void suddenly, a vague sense of crisis haunting Ding Qianqiu's mind.

Ding Qianqiu's face was ugly, and he stopped and shot, and his figure retreated violently.

Qin Chen also made a vain move and stood up with the sword, without taking advantage of the victory to pursue it.

"Old Ancestor Liu Tai, Your Majesty Xuan Rui, Patriarch Mo, I am late to wait."

Putting away the long sword, too lazy to pay attention to Ding Qianqiu and his party, Qin Chen walked directly to Liu Tai and the others, looking at the blood-covered bodies of the three with anger on their faces.

A middle-ranking seventh-ranked king of the Dagan Dynasty saw this scene, his eyes flashed, his figure suddenly swayed, and he swept directly at Liu Tai and the others, booming, with his big hands out, and he was about to capture the three of Liu Tai directly. .

Obviously it was because Qin Chen cared about Liu Tai and several people and was about to capture them as hostages.

"court death!"

Qin Chen's eyes were cold, this guy actually dared to attack Liu Tai and the others after he repelled Ding Qianqiu, really thinking he was annoying?

In anger, Qin Chen moved directly.

Huh.

A sword light flashed across, shocking for nine days.

King Wu's face changed drastically, and the big hand that he protruded was immediately retracted. He had a feeling that if the sword light slashed, he would be injured by the sword energy. As for how much injury he would suffer, I don't know.

But he didn't dare to try, the opponent was a strong man that even the ancestors could repel.

He had heart palpitations. He thought that Qin Chen repelled his ancestors because of the previous sneak attack, but now he knew that it was not at all.

In addition to facing a limited number of people, it was the first time he saw a shot that would give him tremendous pressure that would inevitably be injured in a battle.

Even facing the top middle power ancestors of Wanjian First Class, he didn't feel that way.

Qin Chen had naturally seen him, when he entered the secret realm of the heavenly devil, he was only a sixth-order martial veteran, which meant that the opponent was the realm of the martial king who broke through after entering the secret realm of the heavenly devil.

He is the peak Martial King in the middle of the seventh stage!

Qin Chen would not be merciful, bang, the black gourd appeared, and directly released the gas-eater ants and fire-refining insects.

Buzzing!

A large number of gas-eating ants and fire-refining worms instantly turned into two clouds of clouds, and immediately wrapped the Wu Wang inside.

What the \*\*\*\* is this?

King Wu was shocked and boomed, his true essence exploded, forming a terrible storm of true essence, trying to shake away the gas-eater ants and the fire-refining insects, but it was useless. Under the impact of his breath, it seemed like a fish swimming up against the current, and instantly came to him.

Click! Click!

Under the engulfing of the gas-devouring ants, the real essence of the protective body of King Wu was swallowed up in an instant, and then a large number of fire-refining insects bit his body at once. This person suddenly screamed, waving his big hands frantically, and slapped on a large number of gas-eater ants and fire-refining insects, but these gas-eater ants and fire-refining insects have experienced the baptism of heaven and can survive. The defensive powers that came down were astonishingly strong, no matter how they bombarded,

All are safe and sound.

In just a few moments of effort, the Martial King who was at the peak of the middle stage of the seventh stage, had been swallowed by the gas-eater ants and the fire-refining insects, and turned into a pile of dead bones. In the end, nothing was left.

"hiss!"

A series of inhaling air-conditioning sounds instantly sounded on the court.

"Who dare to stop me?"

Qin Chen glanced at King Wu of the Dagan Dynasty coldly, his tone was cold.

"Boy, don't be too rampant, do you really think that you are invincible if you sneak attack Ding Qianqiu?"

At this time, the ancestor of the Great Li Dynasty, Lishang, snorted coldly, with murderous intent haunting the sallow face of the dead man.

"It turned out to be the ancestor Lishang?"

Qin Chen sneered. This Li Shang had a conflict with the owner of the Medicine King Garden, but now he even hates himself.

However, Qin Chen knew very well that with his current strength, it was basically impossible to kill the Martial King of the seventh-order triple pinnacle, but it was not an easy task for the opponent to kill himself.

"The ancestor Lishang is strong, so naturally he won't be afraid of a certain little boy in Qin, but ancestor Lishang doesn't think that his martial king is as powerful as your lord?"

With Qin Chen's hand, a large number of gas-eater ants and fire-refining insects returned to him in an instant, forming two black clouds that surrounded him.

Qin Chen sneered at the many seventh-order mid-level martial kings under the Dali Dynasty. His indifferent eyes, without a trace of emotion, caused the hearts of these martial kings to jump wildly, and the cold sweat behind them came down. Just now, they clearly saw the terrifyingness of the gas-devouring ants and the fire-refining insects, and they really wanted to fight. Among them, there are probably only a handful of them that can resist the devouring of these strange spirit insects.

### [Chapter 1022: Illusion](#)

Li Shang and Ding Qianqiu's faces were also extremely ugly.

The two of them wanted to join forces to deal with Qin Chen together, but at this moment, a trace of jealousy emerged in their hearts.

That's right, they are not afraid of Qin Chen, and they are even sure to kill Liu Tai in front of Qin Chen.

But once the battle starts, if Qin Chen ignores them at all, and instead kills all the other martial kings of their two dynasties, even if they can kill Qin Chen, what is the use?

After all, everyone who can be brought into the mystery of the heavenly devil is the best of the major dynasties, the top backbone, if they all die here, their two major dynasties will be greatly injured.

In the end, it will only make the other five dynasties cheaper.

"Huh, brat, is this threatening the old man?"

boom!

A terrifying killing intent, like a mountain, was instantly suppressed on Qin Chen, ka ka ka ka, that tangible killing intent, full of tyrannical aura, made it difficult for some mid-tier 7 martial kings around to withstand, and they retreated violently. .

Although he was afraid that Qin Chen would act on his subordinate King Wu, how could Li Shang be so easily frightened by the ancestor of the dynasty after all?

What's more, in his capacity, he can't just retreat like this, otherwise he, a dignified ancestor of the dynasty, would be frightened by a young man who is less than twenty and spread out.

"Hehe, Ben Shao is threatening you, so what can you do?"

Facing the threat from Lishang, Qin Chen smiled contemptuously. Under the suppression of Lishang's terrifying aura, his expression was relaxed, and he did not take his threat to heart.

Li Shang was trembling with anger, and it was the first time that he had suffered such a big deflation on a teenager.

"Are you three all right?"

When he came to Liu Tai and the three of them, Qin Chen quickly took out some healing pills, handed them to several people, and asked with concern.

"Little dust, we are fine, it is Xia Wuhong and him..."

After Liu Tai took the pill, his injuries healed a lot and his breath became vigorous.

His tone was choked and his face was sad.

"What happened to Xia Wuhong?" Qin Chen asked.

This time, the five martial kings of the Dawei Dynasty entering the secret realm of the heavenly devil are Liu Tai, Liu Xuanrui, Mo Tianming, Fu Xingcheng and Xia Wuhong.

Among them, Xia Wuhong, the ancestor of the Daxia Dynasty, was the first to join the Dawei Dynasty, and Qin Chen had seen it several times.

"Xia Wuhong has fallen because of exploring the road, and the few of us have survived until now because of good luck." Liu Tai said sadly.

Speaking of this, Liu Tai shot a cold light in his eyes instantly, gritted his teeth and said: "This hatred, my Dawei Dynasty will report it sooner or later."

After so much, the temperament of Liu Tai and the three have become more calm, as if they have been transformed.

"Don't worry, even if it wasn't because of Xia Wuhong, this young man would not let this Ding Qianqiu go, but not now." Qin Chen said coldly.

Seeing Qin Chen treating Liu Tai's three people, Li Shang sneered: "Okay, now everyone is back to the original point. Come here, now there are no pathfinders, so what do you say? Our own people could not find the way in the past? Who knows what traps are there?"

This, everyone was taken aback.

They had been watching the show before, and now they came back to their senses. If Liu Tai and the others didn't go to find the way, there would really be no pathfinder.

It's hard to look one by one.

"Pathfinder?" Qin Chen frowned.

When the three of Liu Tai informed about their upcoming experience, they said at the same time: "There was no way out of this palace just now, and then there was such a strange entrance to the world that everyone did not dare to venture into, so I wanted a few of us to go in and explore the way. ."

"Entrance to the world? You and Zhuo Qingfeng will go together, I will take a look."

After giving orders to the three of Liu Tai, Qin Chen immediately walked towards the open door.

Outside the gate, a piece of green and soft, fresh air, like a paradise.

Seeing Qin Chen's actions, everyone was stunned. Does this guy want to see if there is any mechanism?

All of a sudden, they sneered. In this place, even the pavilion master Shangguanlu, the pavilion master Zhao Tiansheng, and the old man can't see the clues. What can this kid see?

However, although he was disdainful in his heart, he said nothing.

What if this kid made a mistake and walked in? Wouldn't it just find the way for everyone? They all stared at Qin Chen intently.

Under the gaze of everyone, Qin Chen used his mental power to perceive the back of the gate, but found no clue.

Immediately afterwards, the eyes of the forbidden zone between his brows were displayed, and a misty light burst out instantly and merged into the door.

Seeing this scene, everyone was shocked, what secret is this? There is an eye on the center of the eyebrow. How many hole cards does this kid have?

But Qin Chen still couldn't see anything. The world behind this gate was extremely real, even if it was the Eye of Breaking the ban, there was no illusion.

"Is there a small world behind this gate?"

Qin Chen frowned.

When he was in Wuyu in his previous life, he had heard of things like Small World.

The power of ancient times, possessing unpredictable power, can even refine a world into an ordinary thing.

For example, in a ring, perhaps you can have a vast world.

Of course, speaking of the world, it is not necessarily a real world, more often, it is a vast world, but even with such a method, it is not the current warrior who can speculate and spy.

Therefore, apart from the small world, Qin Chen couldn't think of any other reasons. Behind this gate, there would be such a scene completely different from the secret realm of the heavenly devil.

"Shounen Lang, this is not a small world, but an illusion."

At this moment, the \*\*\*\* cat appeared beside Qin Chen at some point, and said with an ugly face.

"Illusion?"

Qin Chen was startled.

This is impossible. If it is really an illusion, with his attainments, would he not see the clue here?

"You use your soul power and scan it carefully. It's best to scan the green grass inside." The \*\*\*\* cat sneered.

With a thought in his heart, Qin Chen immediately released his soul power, a powerful soul power, and swept into the world behind the gate. This observation changed his face suddenly.

"Little dust, do you see something?"

Liu Tai waited to look over.

To Qin Chen, they were full of confidence and got along all the way. They witnessed too many miracles and impossibility from Qin Chen.

Hearing what Liu Tai and others said, everyone else also looked over.

Although I didn't believe that Qin Chen could really see what a young man like, but Qin Chen's expression at the moment made everyone wonder if he really found something. "The world behind this gate is not a world at all, but a means of fascinating souls. In other words, what we see is all fake and fantasy!" Qin Chen said solemnly.

### [Chapter 1023: Hopeless](#)

"What, illusion?"

"Hahaha, what opinion do I have when you are your Excellency? Illusory Realm, you might as well say that we are dazzled. Even the Lord Shangguanlu and the others did not see that this is an illusion. You kid, can you see it too?"

Before Qin Chen could explain, Ding Qianqiu and Li Shang sneered and said mockingly.

The other ancestors also frowned.

It's not that they don't believe in Qin Chen, but that what Ding Qianqiu and Li Shang said is indeed reasonable. If Shangguanlu cannot see it in the illusion, he Qin Chen can see it?

"Believe it or not, follow you, and this illusion is full of murderous intent. As long as anyone enters, the soul will be annihilated instantly and fall on the spot, even if it is the seventh-order and triple-peak Wu Wang." "What's more terrifying is that this illusion, I won't tell you all this. As long as someone enters, this illusion will directly map the scene on your souls, and even treasures and other things will appear. That is to say, it will make you feel that those who entered before are fundamentally Not dead, but big  
With the opportunity, everyone can't wait to enter. "

Qin Chen explained.

At the same time, my heart was full of horror and cold sweat broke out all over.

This illusion was so mysteriously arranged that he could not see it for a while. If it weren't for the \*\*\*\* cat to remind him, he would not pay attention, maybe he would be deceived by this illusion. Everyone must die here.

Is this the Jedi referred to by the Blood Demon Cult?

This is not impossible!

"Alarmism."

"Hehe, nonsense."

Ding Qianqiu and Li Shang continued to sneer.

Others also felt that what Qin Chen said was not true.

Qin Chen glanced at the two coldly, and sneered, "If you two don't believe it, you can send someone in, chirping here, what a skill."

Ding Qianqiu and Li Shang's faces suddenly choked with these words were extremely ugly.

"Boy, don't you want to let the people I wait to explore the way like this. Originally, it should be the three of Liu Tai who are exploring the way. Now your Excellency has destroyed it, and you are still talking alarmist here. In this way, I will not be embarrassed by you. You have so much. Spirit worms, just put some in to find the way, isn't it all right?"

"Yes, if there is a danger, at most some spirit worms will die, and they may not even fall. After all, your spirit worms have such a strong defense force. Those dangers should be aimed at human warriors. Maybe they can't harm your spirit worms. ."

"This way, everyone has no loss, wouldn't it be great?"

Ding Qianqiu and Li Shang sneered as they rolled their eyes.

As soon as these words came out, they immediately drew approval from the court, and it was obviously impossible for them to send someone in, but the spirit worms around Qin Chen were different.

These spirit insects have amazing defensive power, but they are not martial artists. Even if they fall, they are nothing, it can be said to kill two birds with one stone.

"Impossible, Ben Shao has already said that the small world in front of me is a deadly illusion. Why should Ben Shao's spirit worms go in and die?"

How could Qin Chen agree to this condition? The gas-eater ants and fire-refining insects on his body have experienced many battles and dangers, and those who can survive are the outstanding ones among the many gas-eater ants and fire-refining insects. If any one falls, it is a huge loss.

"Hmph, now this is the best way, but your Excellency is unwilling to cooperate at all. I really doubt what your purpose is."

"In my opinion, I just want to reap the benefits of the fisherman."

Ding Qianqiu and Li Shang sneered again and again. Everyone looked at Qin Chen's gazes. Qin Chen ruined their path-finding plan. Not to mention. Now that there are so many spirit insects on his body, he can not lose the personnel's path-finder, but he is unwilling to even try. , Just want to stand behind and take advantage, how can there be such a good thing in this world

situation?

"Since you don't believe me, I don't even bother to explain, Liu Tai and Zhuo Qingfeng, let's go."

As soon as he waved his hand and was too lazy to talk nonsense with Ding Qianqiu and the others, Qin Chen turned and walked towards the passageway, unexpectedly preparing to leave here.

Since everyone didn't believe him, and Qin Chen didn't bother to talk nonsense, they suspected that they were waiting to take advantage, so he could leave directly, right?

What is incredible is that with Qin Chen's voice falling, not only Liu Tai and the three, but even Zhuo Qingfeng, the deputy chief of the Dan Pavilion, Yelu Hongtao, the deputy chief of the Qidian, and Nangongli, the vice chairman of the Holy Land of Blood, Actually, they all stood up, and followed Qin Chen outside without looking back.

"Zhuo Qingfeng!"

"Yelü Hongtao!"

"Nangong Li!"

"What are you doing?"

Zhao Tiansheng, Su Lao, and Jiang Wuya spoke in shock.

"Pavilion Master, (Hall Master, President)!"

The three turned around and respectfully said to them: "I'm waiting to believe in Shao Chen, so I am willing to leave with Shao Chen."

The faces of Zhao Tiansheng and the three of them were hard to look at immediately, and they were all angry enough. What do they mean? I worked so hard to bring the three of them in, basically holding the mentality of cultivating them. Along the way, the attitude of the three of them can be regarded as respectful.

But who knows that the attitude of Zhuo Qingfeng and the three of them immediately changed when this kid came. Could it be that their status as the master of the pavilion pavilion is actually not as good as a nasty kid?

"You three, stop for me."

Can't help being furious, sternly scolded, and at the same time, his impression of Qin Chen became extremely bad.

"I'm sorry, thank you for the love of the pavilion master (hall master, guild leader). I and the three of you still believe that there is little dust. If the pavilion master (hall master, guild leader) can trust his subordinates, it is better to leave with them!"

The three Zhuo Qingfeng shook their heads with respectful attitude, but their expressions were firm.

The three of Zhao Tiansheng were trembling, let them leave together?

What a joke.

The Heavenly Demon Secret Realm has only been opened once in a hundred years. Whether they are warriors in the land of a hundred dynasties or sent from the northern heaven, they all want to go to a higher stage, but with their strength and background, they don't have this ability.

Otherwise, he would not stay in the land of a hundred dynasties for so many years.

Now, I finally had an opportunity to enter an ancient relic in this Heavenly Demon Secret Realm, how could it be easy to give up?

What's more, they didn't come here without any smooth sailing, but had experienced many dangers, and lost a large number of Wu Wang and subordinates. How could they easily retreat?

"It's really hopeless. It's... stupid to be swayed by a teenager if you don't seize this opportunity well!"

The three of Zhao Tiansheng scolded and hated that iron cannot become steel.

Although Zhuo Qingfeng and the three were guilty in their hearts, they were still determined and followed Qin Chen. And Ding Qianqiu and Li Shang didn't expect Qin Chen to leave. Although the killing intent was pervasive, they didn't want to let Qin Chen leave safely, but considering Qin Chen's strength, they could only let him leave.

#### [Chapter 1024: What to blame](#)

"Huh, since this kid wants to leave, let him go first, and wait until this seat enters the depths of the ruins, gets the opportunity, and after the breakthrough in cultivation, we will deal with this kid. At that time, this kid will inevitably not survive and die. Can't."

With resentment in their hearts, Ding Qianqiu and Li Shang sneered, and watched Qin Chen and his party immediately leave the palace.

Seeing that the three Qin Chen were about to step into the passage outside the palace.

Abruptly.

"boom!"

A huge boulder fell instantly above the passage, completely sealing the entire passage, and at the same time stopping Qin Chen and the others in the passage, as if not wanting them to leave.

Kacha, the whole boulder is integrated with the hall, and there is no gap at all.

what happened?

Why was the exiting channel suddenly closed?

Everyone on the field was dumbfounded, their faces were shocked, obviously stunned by this sudden scene.

"Little dust, what's going on?"

Zhuo Qingfeng and others were also stunned. "It seems that my guess is correct. All of this is deliberately arranged by someone. They basically want us to enter the Jedi step by step. Now when I see that I want to leave, I immediately turn on the mechanism and close the passage, so that I will not leave at all. It's possible that I want to seal my wait here." Qin Chen face

Said ugly.

Into the Jedi? Someone deliberately arranged? what is the problem?

Everyone just felt confused, and they couldn't use their brains at all.

"Haha, alarmist talk, it's just a rock, how can you stop me from waiting?"

A middle-ranking seventh-tier Wu Wang of the Great Li Dynasty sneered, and his figure flickered, and he came to the rock in an instant.

This person is a burly figure, and he is known for his strength. He holds a half-person high hammer in his hand, and his body is surging, and he slams into the position of the huge stone.

"Boom!"

Boom!

There was a violent shaking, and the black sledge hammer hit the rock. The whole rock didn't even shake, and it didn't move at all.

"impossible?"

The burly man's face was ugly, his true essence broke out again, booming, and the giant hammer in his hand fell like raindrops on the rock.

But it's useless.

The rock seemed to be protected by some terrible force. It was bombarded with dozens or hundreds of hammers in a row. The entire stone wall had no cracks, no signs of being broken, and could not be shaken at all.

"let me do it."

With a cold shout, Sai Luochuan, the ancestor of the Longyuan Dynasty, shook his figure and came to the front with a black sword in his hand.

The sword was strong and cut down with unrivaled power, slashing thirteen knives in an instant.

Puff puff!

The terrifying power of the sword sank into the stone wall and was repeatedly absorbed. Like the burly man before, it had no effect.

At this moment, the faces of everyone on the court changed.

Sai Luochuan, the ancestor of the Longyuan Dynasty, the existence of the seventh-order triple peak, can't actually break this stone wall?

Whoosh whoosh!

In an instant, many strong players on the field tried to blast off the stone wall, but without exception, they all returned without success.

"Boy, what do you mean? What do you mean by someone deliberately arranging to bring us in and bring us one by one into the Jedi?"

"Yes, kid, you make it clear."

"What exactly is going on?"

"Everything is weird when you come in, what exactly do you know?"

Everyone on the field shouted angrily, surrounded Qin Chen one after another, showing bad looks.

"Blood Demon Cult."

Qin Chen did not explain, but only said three words.

"Blood Demon Cult, what do you mean?"

"You said this was the arrangement of the Blood Demon Cult?"

"How is this possible? The Blood Demon Cult had already fallen a thousand years ago. Who are you fooling around?"

"Even if it is the Blood Demon Cult, how did you know?"

"From the standpoint of this seat, I am afraid you kid caused all this?"

The crowd was restless, and a panic spread slowly. Ding Qianqiu and Li Shang were also fishing in the troubled waters, accusing Qin Chen.

Qin Chen sneered: "What is impossible?"

Immediately, he explained what happened in the ruined palace before, of course, many of them were hidden by Qin Chen.

"The people of the Blood Demon Sect have a very good understanding of this heavenly demon secret realm. They clearly stated that the purpose is to introduce you to the Jedi, so this young man is not willing to stay longer. If he wants to leave, he also wants to see if it is true. The people of the Blood Demon Cult said that someone was making arrangements behind this." "It seems that it is indeed the case. The discovery of this ancient ruin was not accidental, but a hand pushing behind it. Otherwise, the ancient ruins would be so secretive. , The Heaven Demon Secret Realm has been opened so many times before, and I have never discovered why this time, it was discovered so easily by everyone.

"

"Think about it again, everyone, after entering this ancient ruin, although all the dangers have been encountered along the way, everyone's luck is very good, and how can they find a solution, such as the illusion in front of us, originally, everyone could not find an exit. But inexplicably, the illusion appeared?"

Qin Chen left before, and actually had the idea of a test, and sure enough, everything was as he expected.

Everyone was shocked.

At this moment, they also felt something was wrong. Several times before, they even thought that they could not get through and could only stop in the front place.

But every time, inexplicably, a solution was found.

Either the error or omission of the mechanism was discovered, or the weakness of the puppet was discovered.

What I didn't realize at that time, looking back now, it is indeed strange.

"Moreover, you should remember that when the Heavenly Demon Secret Realm was opened, there was a strong man who broke into the Heavenly Demon Secret Realm first, right?"

Qin Chen said again: "If I didn't guess wrong, that person should be a strong man of Blood Demon Cult."

As soon as these words came out, the crowd instantly became noisy, and the entire palace became extremely noisy.

"You mean the strong skeleton?"

"Yes, there is such a person."

"The breath on that person is extremely cold, very similar to the legendary blood demon sect. Is it really a powerful blood demon sect a thousand years ago?"

The crowd shook, they sucked in air-conditioning, their faces pale.

"Jie Jie!"

In the horror, everyone felt a chill, and a gloomy laughter rang.

"I really didn't expect that the arrangement of this seat was actually seen through, boy, do you know, what is the crime of breaking the plan of this seat?"

The sound was strange and harsh, as if resounding deep in the soul, echoing throughout the palace, making people shudder.

Wow!

The sound ended, and the illusion before that moment disappeared. Behind the door, there was only a huge coffin, quietly placed in a tomb in front, giving people a gloomy feeling. As for the previous blue sky and green space, they have long since disappeared, so where is the slightest shadow?

#### [Chapter 1025: Eight-level formation](#)

"This... is really an illusion?"

"Is it really someone deliberately arranged?"

"Who the \*\*\*\* is pretending to be a fool, come out to me."

Everyone looked around, but they couldn't find the person who smiled. They only felt a cold chill echoing in the entire palace, and everyone was blowing furry, and their entire body was standing up.

"Hey hey, don't waste your effort, just rely on your rubbish, and want to find the existence of this seat, even if you give you ten years of effort, you will not find it."

That voice rang in everyone's minds, full of coldness.

"Hmph, pretending to be a ghost, the sound reverberates directly in our minds. In other words, your Excellency is not among us at all. Then, he should be hidden in this palace. So, is it in the coffin?"

Among the crowd, a King Wu at the peak of the middle stage of the seventh stage flashed his eyes and immediately shouted coldly, then flipped his hand and raised it, booming, a real essence shot instantly at the coffin in the tomb at the end of the palace like a spiritual snake.

With a buzzing sound, seeing this person's attack was about to hit the coffin, suddenly an invisible force filled the tomb, instantly blocking the attack of King Wu.

This, could it really be in this coffin?

Everyone's eyes brightened, otherwise, how could this coffin burst out suddenly to stop it?

For an instant, everyone didn't wait for instructions, and they shot forcefully, blasting, horrifying streamers continuously bombarding the weird coffin, like a meteor falling to the ground, the sky and the earth cracked.

Boom boom boom!

Under the fierce roar, the invisible power that guarded the coffin immediately filled the debut.

"it is good!"

Everyone is very energetic, as long as they break through this coffin, maybe they can find out where the other party is.

"You \*\*\*\* guys, I angered this seat, and this seat wants you to die."

An icy voice sounded, and then the ground shook suddenly, and the originally empty palace seemed to have turned into a \*\*\*\* in a moment, and a breath of killing came.

Whoosh whoosh!

The strong evil aura was like a storm, followed by a stream of black light, like a skynet, blocking the entire palace.

"Oh, this is... the formation!"

The pupils shrank, and the Lord Shangguan Lu hurriedly shouted.

Moreover, the level of this formation is extremely ingenious, even higher than his ability to understand.

"It's useless, as long as you enter here, there is only one ending, and that is death."

Boom boom boom!

As soon as the icy voice fell, waves of evil spirits swept over in an instant. The four martial kings, who were in the middle of the seventh stage, were instantly enveloped in black evil spirits. The whole person exploded quickly, and the broken flesh and blood was in mid-air. , It has been completely shriveled, losing essence, blood and breath.

"Jie Jie Jie, so rich and fleshy, comfortable, so comfortable."

The voice groaned comfortably, as if enjoying the most delicious thing in the world.

"Defense, defend yourself!"

The attack came so fast that everyone could not react. Seeing that the three Wu Kings fell so easily, everyone turned pale and took a breath of air. They quickly formed battle groups one after another and kept moving closer.

"Pandee disciple, come to me."

"The disciples from the Hall of Devices, come here."

"The Heavenly Sword Sect joined the Dao Data Tang Dynasty team."

The crowd shouted, the leaders of their respective forces, and their disciples, formed an alliance.

Because the land of a hundred dynasties is not a united force, so at this time, the instinctive moment is divided into several different small groups.

Some of the medium forces, knowing that they were not strong enough, took the initiative to unite with some good dynasties of the seven dynasties.

"Everyone, come to me."

Qin Chen also shouted in a low voice. Immediately, Liu Tai, Liu Xuanrui, Fu Xingcheng, Mo Tianming, Bloodhand King, Zhuo Qingfeng, Nangongli, and Yelv Hongtao all gathered together to form a group with Qin Chen as the core.

Zhao Tiansheng and others were embarrassed when they saw this scene.

Like their dignified Dange Pavilion Master, the identity of the Palace Master, in a critical moment, the trust of the powerful under their command is not as good as that of a small teenager, so they are not embarrassed.

However, this is not the time to consider these. Almost in a moment, groups have formed, forming effective defenses.

"Boom boom boom!"

In any case, the king of Wu on the field is the master and ancestor of the major dynasties. Although he was a little uncomfortable at the beginning, once he reacted, he immediately showed an amazing combat effectiveness.

The aura surged, and the black evil spirits bursting from the surrounding area were resisted outside and dissipated around.

"I reacted so quickly, yes, yes, worthy of being a top master in the land of a hundred dynasties, some ability, but unfortunately, it is still difficult to escape the control of this seat, no matter how you resist, this place will still be the grave of you Place, Jie Jie Jie."

The gloomy voice sounded again, with a bang. This time, the attack did not come from outside, but exploded directly in the crowd.

"what!"

This attack was extremely tragic. In an instant, nearly ten Wu Kings fell, and the blood that was spilled, like raindrops, continued to splash, and then was directly absorbed by the black evil spirit and dissipated into nothingness.

boom!

There was also a black evil spirit erupting around Qin Chen. Zhuo Qingfeng and the others couldn't react for a while, and almost died. In the end, Qin Chen took the shot and stopped the blow for them.

However, the terrifying power also shook Qin Chen back, his face ugly.

"The power of this formation is too terrifying. If you continue like this, I'm afraid you won't escape."

Qin Chen frowned. Based on his insight, this formation could not be seen through at once. It was obvious that the level was absolutely higher than the seventh level.

However, it may be that the opponent cannot fully release the power of this formation, which caused them to be able to support temporarily, but with the passage of time, there will always be flaws in their resistance. Then, sooner or later, they will be in danger. .

Must find a way!

Not only Qin Chen, but Shangguanlu and others obviously thought of this.

"Be careful, everyone. The strength of this formation is terrible. It is most likely an eighth-level formation. It's best to gather together." Shangguan Lu shouted.

"Eight level formation?"

Everyone was shocked, their hearts beating wildly.

What is the concept of the eighth level formation? That is a super large formation that can kill even the eighth-order martial emperor strong. If they really fall into such a formation, they can still live?

"Pavilion Master Shangguanlu is right. The formation in front of you is indeed above the seventh-level formation, but the opponent obviously cannot display the full strength of this formation, so we don't need to worry too much. It may not be able to trap us." The old man of the Hall of Equipment Hall also spoke at this time.

### [Chapter 1026: Isolation formation](#)

As a seventh-level king-level weapon refining master, when refining king soldiers, he naturally needs to engrave high-level formation patterns on the weapons. Therefore, this old pavilion is also a seventh-level formation mage, and his skills in formation It is also extraordinary.

From his perspective, he can naturally see some clues.

"Everyone listens to the opinions of the Lord Shangguanlu and the old man, it's best to get together."

Zhao Tiansheng and Jiang Wuya also sipped their mouths, and the four of them united together. An array of flags appeared in their hands, and they were quickly thrown out in all directions.

At this critical moment, even though the ancestors of Li Xuanji and other high-ranking dynasties were obviously much better than Shangguanlu pavilion masters, they still obeyed the opinions of Shangguanlu and quickly moved closer.

Boom boom boom!

The formation flags were tossed out quickly, and the people in Shangguanlu were sweating profusely, and they dared not to be careless under the attack, and kept setting up the formation flags.

Li Xuanji and the others also knew that the matter was serious, and they surrounded them one after another. The top powerhouses of the seven dynasties formed a protective circle to protect the core people in the middle.

This is a long-established practice that they have come along all the way before. In the event of danger, the ancestors of the seven dynasties are the strongest, responsible for plundering the formation and protecting everyone, while the masters of Tianji Pavilion Shangguanlu, Zhao Tiansheng, and Su Lao, etc Find a way to solve the problem and let everyone survive the danger.

"Pavilion Master Shangguan, since you said this is an eighth level formation, is there a way to crack it?"

Li Xuanji, the ancestor of the Datang Dynasty, asked anxiously with a low cry.

Others also turned their heads.

Because seeing everyone join hands, this black evil spirit attack became even more frantic, puff puff puff, almost every moment, the king of Wu fell, extremely tragic, and turned into a corpse.

These are the mainstays of the major forces, the core figures, and the fall of any one is a huge loss for the major dynasties and it is difficult to recover.

"I haven't figured out the way to crack it yet. The most urgent thing is to arrange an isolation formation to isolate the attack from the outside formation, and then think about how to crack this big formation." Shangguan Lu said in a deep voice.

"Isolation formation?"

Li Xuanji and others were taken aback.

On the contrary, Qin Chen's eyes condensed and couldn't help nodding slightly.

The so-called isolation formation is a very special formation. Once this formation is set up, it can often isolate the power of the formation from the outside world. That is to say, the formation of the outside world will attack to a great extent. weaken.

The formation in the palace in front of him is very powerful, at least an eighth level formation. Under normal circumstances, it is definitely not an easy task to crack it.

If it is slowly cracked, I am afraid that before finding the flaw in the formation and breaking it open, the many warriors in the field of hundreds of dynasties will probably be dead.

And if the isolation formation is arranged for the first time, it will be able to weaken the external formation. Although it will not allow everyone to get out of trouble, at least there will be a certain amount of time to consider how to escape.

Under this situation, the first time I thought of arranging the isolation formation, the reaction of Shangguanlu, the old man and others was indeed extremely fast. The only trouble is that the layout of the isolation formation is very complicated, not to mention that the formation they are in is still an eighth-level formation, and they want to arrange the next isolation formation that can isolate the attack of the eighth-level formation in a short time. Fa, even if Shangguanlu and others are all seven-level formation mages, they are definitely

huge challenge.

Qin Chen exclaimed, Li Xuanji and others naturally didn't know what this isolation formation was. At this moment, they couldn't tolerate them asking too much, they were just outside desperately guarding and resisting.

Not only the ancestors of the Seven Dynasties, but also the Sect Master of the Heavenly Sword Sect also made their moves.

"Heavenly Sword Formation!"

"Yes!"

Accompanied by his low drink, several martial kings of the Heavenly Sword Sect moved forward at the same time, blocking the surroundings, swiping their swords in their hands.

Wow!

The sword formation spread out, forming a circular sword light shield, like a turtle shell, enclosing several people in it.

Puff puff!

The black evil spirit fell on it, and it was weakened a lot, making a violent blast, but it was unable to kill a few people instantly.

"Xuanyingu, the magical sound of heaven!"

The masters of Xuanyin Valley drank from Hua Yunfeng, the master of Xuanyin Valley, and they also sat cross-legged, with instruments such as pipa, yaoqin, and guzheng in their hands, playing together.

A series of invisible magic sound attacks swept out, weakening the black evil spirit a bit, while the remaining Wu Kings in the attack were like rainbows, and their aura surged.

"Do you want to withstand this big attack from this seat? Jie Jie, you guys, you are simply too naive."

A gloomy grinning laughter sounded, with a bang, and as the voice fell, the big formation became even more terrifying. With a bang, many disciples of the Heavenly Sword Sect were directly shaken out, and the entire Heavenly Sword Array was shattered.

"puff!"

The many female martial arts kings of Xuanyin Valley spit out a mouthful of blood. They were obviously backlashed, their breath weakened, and their faces pale.

Not only them, the black evil spirit instantly formed a flood of dragons, bombarding wildly on the protective shield composed of the ancestors of the seven dynasties.

Bang bang bang!

The entire protective shield trembled, causing Li Xuanji and others' complexions to change drastically, and said anxiously, "Shangguanlu, are you all right?"

They could obviously feel that the opponent's attack became more and more fierce, and if this continued, they would not be able to hold on for long.

"Soon."

The Shangguan Lu spoke repeatedly with an anxious look. They naturally wanted to arrange the isolation formation as soon as possible, but the arrangement of the isolation formation was no easy task.

The most important thing is, in order to speed up, this isolation formation is arranged by the four of them together.

Going to the back, you need to fit all the array flags together to form a complete array, which is an extremely huge challenge for them.

Therefore, no matter how they changed and calculated, they couldn't lay down the last few array flags, and their eyebrows suddenly burned.

"Unstoppable."

After holding on for a few more breaths, Li Xuanji could no longer resist them and was shocked to fly away.

boom!

The terrifying black evil spirit was no longer blocked, and it instantly turned into a dragon, biting down towards Shangguan Lu and others below, poof, just the breath was filled, there were a few mid-level 7 martial kings miserable Called, burst into pieces, turned into ashes.

"It's over."

Everyone stared at this scene blankly, once the black evil spirit beheaded Shangguan Lu and the others, then they would be completely trapped here and it would be impossible to kill them.

Shangguanlu and others were also desperate. They held the last few array flags in their hands, but they couldn't throw them down because they couldn't figure out how to arrange the array flags to isolate the previous large array completely. Activate.

Seeing that the black evil spirit was about to fall.

"Let me come!" Suddenly a cold voice sounded, Shangguan Lu and the others only felt that there was a flower in front of them, and for a moment, all the formation flags in their hands were taken away instantly.

### [Chapter 1027: How did you do it](#)

The figure flashed past, appeared in front of everyone, it was Qin Chen.

"Qin Chen, what are you doing?"

"Stop, don't hesitate to return the formation flag to the Lord Shangguanlu!"

"It's this kid, it must be the blood demon cult who colluded with this kid, deliberately framed me and waited!"

"I said, this son is not a good person."

Everyone was extremely frightened. At this critical moment, Qin Chen actually took the formation flag directly, which was clearly going to kill everyone.

Shangguan Lu's anxious face turned pale, and said in anger, "Boy, what are you doing."

Boom boom boom!

Including the old man, the pavilion master Zhao Tiansheng and others, several people shot wildly, wanting to regain the formation flag.

With a cold snort, Qin Chen ignored Shangguanlu and the others' shots. When he raised his hand, more than a dozen formation flags were thrown out by him, as if tossing garbage, but just like this, the formation flags were scattered.

"It's over!"

Shangguanlu and the others were completely desperate, their anger erupted like a volcano, and their palms fell to Qin Chengai.

Each of these formations is exquisite, and throwing them so casually is not like setting up an array at all, but trying to deliberately destroy their formation.

This son is so vicious.

Several people were furious. Once these flags were scattered, it would take at least ten breaths to collect them again, and ten breaths were enough to kill them several times.

Simply want to put them to death.

It's all death anyway, and they must kill this stinky boy who undermined their plan before they die.

"kill!"

With a roar, Shangguan Lu and the others could no longer care about others, they only wanted to kill Qin Chen.

"Huh, Fan Tianyin, go!"

Qin Chen completely ignored the shots of Shangguanlu and his group. When he lifted his hand, Fan Tianyin appeared, and it quickly became bigger. With a thud, he abruptly blocked the attack of Shangguanlu.

"What, this kid is so strong?"

Shangguan Lu's faces were shocked, and Qin Chen used one person to block the combined attack of the four of them.

This.....

It's too abnormal.

Although they are not the giants of the seventh and third levels, they are also the ancestors of the major middle powers, the best among the mid-level seventh-level peak martial arts. Together, they can't kill a kid who has just stepped into the early seventh-level peak martial arts?

No wonder Ding Qianqiu, the ancestor of the Dagan dynasty, almost died in the hands of this person. Why is this person's strength so terrible?

I was frightened, just about to make another move.

"Pavilion Master, stop."

"Hall Master, his men are merciful."

"President!"

Zhuo Qingfeng, Nangongli, and Yelu Hongtao rushed to intercept them.

"The three of you guys are hopeless!"

The three of Zhao Tiansheng trembled all over, and they wished to slap Zhuo Qingfeng to death. At this time, they are still protecting Qin Chen, don't have any brains?

Before the words fell, a few people immediately felt that the atmosphere on the court suddenly became very strange.

"I am ignorant, I have no ability, and I still don't let others do it, you guys, look up and take a look."

Look, what to look at?

When they raised their heads, the eyes of Shangguanlu and the others went round in an instant, they would be a \*\*\*\* of a ghost, completely stunned.

I saw everyone around them, and a misty halo lit up, forming an invisible shield, enveloping everyone on the field, and at the same time blocking the black evil spirits from the outside world for a short time.

The isolation formation actually formed?

How did you do it?

A few people turned their heads and saw the formation flag that Qin Chen threw out before. The roots fell in the most perfect place. The formations they had set up before were thoroughly integrated to form a perfect formation. Formation.

Even the position of the dozen or so array flags was more perfect than they had imagined at the beginning, and it almost raised the power of the isolation array to the extreme.

"impossible!"

"He is a young man. At the last moment, he arranged a seven-level king-level formation, and it is also a very special isolation formation in the king-level formation?"

"This....."

The few people were completely dumbfounded, and only felt that their brains were not enough, and their faces were astonished as if they had seen a ghost.

"What is impossible? The isolation formation is special, but it is only a seventh-level formation. The biggest problem in arranging the isolation formation is how to make it be established within an own formation, but for Ben Shao , This is nothing at all."

Qin Chen smiled slightly, his expression calm.

Hearing that, Su Lao and his colleagues looked at Qin Chen in shock. From these simple words, they could feel that although Qin Chen was young, his skills in formation were not even lower than those of them.

The many martial kings who had spoken harshly to Qin Chen before, and suspected Qin Chen, looked a little embarrassed at this time.

"President Shangguanlu, what shall we do next?"

Fortunately, someone asked a question, which resolved everyone's embarrassment. Shangguan Lu recovered from the shock, paused, and said: "Isolation formation is not invincible. According to the old man's inference, this isolation formation can only block the formation for half an hour at most. , Once more than half an hour, the isolation formation is very likely to be broken, so we

Must be transformed from passive to active within this half hour. "

"Then how to transform from passive to active?" Everyone looked over. "There are two methods. The first one is to directly find out the loopholes and flaws in the external formation, and find the flaws, but this method is extremely difficult, because the formation we are now in is most likely to be level 8. With the knowledge of my waiting, I want to break an eighth-level formation within half an hour

Law is almost impossible. "The second method is to directly find the blood demon cult powerhouse who sneaks on us. No matter how powerful the formation is, someone must preside over it. On the contrary, it is like water without roots! We were so passive before because we were besieged here by the master of the Blood Demon Cult. The opponent is presiding over the formation, such as

If you can find the opponent and kill it, the formation will automatically stop. "

Shangguan Lu said.

The formations that no one presided over belonged to the water without roots. Even if they were still in motion, they could find some loopholes and stop them with their knowledge of formations.

Unless it is a trap formation for the main killing of the enemy, the formation just now was not activated at the beginning, but only after the enemy was exposed, which clearly required human control.

As long as the kill is controlled, the formation can be stopped.

"Pavilion Master Shangguanlu is right. The best way is to find the guy hiding in the dark." Su Lao also nodded.

"But, how can we find that guy? Now that we are trapped in a formation, it is impossible to find each other, right?"

Li Xuanji couldn't help but smiled bitterly. Before, the opponent was in this palace, and they could not find it. Now, everyone is trapped in the formation. It is probably more than ten times more difficult to find the opponent.

#### [Chapter 1028: Two options](#)

"Hey, it seems that several people are very self-aware?"

As soon as Li Xuanji's voice fell, the gloomy voice before rang again. "It's really unexpected that you guys can actually set up such a formation in the big formation of this seat, so that the formation of this seat can't attack you. It's kind of interesting. What a pity, as long as you can't find it. If you leave this seat, this seat can slowly grind you to death. I don't know how many of you, to

How long can it last? Jie Jie Jie! "

This gloomy voice made a strange laugh and erratic, making it impossible to tell the source.

"Skull rudder master?"

Qin Chen narrowed his eyes and said subconsciously.

"Well, your kid knows me?"

The cold voice was a little surprised.

"It's really you!" Qin Chen frowned, then laughed: "It's been a long time since I saw you, don't come here unharmed!"

"Ok?"

Qin Chen's words caused everyone to look at him one after another, which immediately caused a tumult.

"What's the situation, does Qin Chen know the strong blood demon cult who trapped us?"

"That's not right, that strong person should be a high-level blood demon sect, how could Qin Chen know him?"

Among the crowd, there was agitation, deeply puzzled.

Qin Chen's conversation with each other gave them a feeling of mist.

"Do you know me? Is it..."

The ethereal voice flickered a few times, and suddenly, as if thinking of something, he lost his voice: "Is it you?"

That's right.

Qin Chen and him do have a relationship.

Back then, after the examination of the ancient southern capital, the Blood Demon Cult failed to win over Qin Chen, so he sent the bleeding eagle elder to secretly kill Qin Chen.

As a result, the blood eagle elder was killed by Qin Chen, and when Qin Chen performed the soul search on the blood eagle elder, his soul power and the skeleton rudder master who planted a soul-killing mark in the blood eagle elder's mind once were Clash.

Later, Skeleton Rudder also dispatched the Celestial Demon Elder to chase Qin Chen, but in the Black Death Marsh, the Demon Elder was also beheaded by Qin Chen that day.

It can be said that the grievances between the two parties have a long history.

When the Skeleton Rudder master rushed into the mystery of the heavenly devil, Qin Chen recognized the opponent, and now he guessed a little, and found that he was right.

"Jie Jie Jie, interesting, is this the fate in the legend? The elder of the demon I sent out also lost his breath of life, so he should be killed by you too?"

The Skeleton Rudder Master laughed, the cold laughter, the haunting killing intent, flashing like substance.

In the sneer, Qin Chen rushed to his body immediately, stiff as if being stared at by some monster.

"Huh? It's the oppression of soul coercion, why is this horrible soul aura of Skeleton Rudder Lord? Compared to me, it is not weak at all?"

Qin Chen's face turned pale and his heart sank.

In this way, he also deliberately wanted to force the other party to show off his feet, but he did not expect the other party's soul aura to be so terrifying.

You should know that the soul power of an ordinary warrior can only slowly increase after breaking through the seventh rank, while Qin Chen's soul power has long been able to gather souls and transform into shape after experiencing so much. It can be said that there are many strong players on the field. The strongest one.

But the soul power of this skeleton rudder master is not weaker than him. This is definitely the soul power of the Emperor Wu.

Could it be that the Skeleton Rudder Master is a Wuhuang strong?

wrong!

Then Qin Chen denied that if the Skeleton Rudder Master was really Martial Emperor, there was no need to be so careful, or even to activate any formations.

Qin Chen couldn't be better at the strength of the eighth-order martial emperor. A gesture can destroy the world, even if the seven dynasties on the field are all seventh-order and triple-peak martial kings, but in front of a martial emperor master, they are not enough to see.

The other party is so cautious, he will never be a strong Wuhuang.

But the soul power of the other party was so gloomy and terrifying, making Qin Chen a little puzzled.

"Yes, I did kill the demon elder that day. If you want to avenge him, just take the shot, this young master will stand here and continue."

The thought in his mind flashed by, Qin Chen said with a sneer.

"Vengeance? Jie Jie Jie, he is a Tier 6 martial artist, he is more than guilty if he completes the task of the rudder master." The skeleton rudder master sneered. "However, you kid really made this seat admirable. I remember that you were the same as that magical li, and your cultivation is not high. In just one or two years, you have grown to this level. It really surprised this seat. Ah, so it seems that your talent is still higher than the magical power of the Saint Child I taught.

But... it's a pity, it's a pity..."

Skeleton Rudder suddenly said twice that it was a pity, and it seemed to be full of pity. "Looking at your astonishing level of talent, this seat suddenly has an idea, so let's, the original purpose of this seat is to kill you, let my blood demon swallow the entire land of hundreds of dynasties, now this seat Changed my mind, don't worry about killing you, want to play a game with you, how

kind? "

"Playing games?" Qin Chen was taken aback.

The others were also shocked.

"Yes, the rules of the game are very simple. This seat is very kind and definitely gives you two choices." Skull Rudder Master Jie Jie smiled. "The first choice is to kill each other. As long as anyone can survive to the end, this seat can spare him not to die, and let him take the place of this seat, and secretly control the entire hundred dynasties. After all, everyone knows that I blood demon sect. , Dare not openly act in the land of a hundred dynasties, so as not to attract the top

The attention of the forces. "

"Kill each other?"

Everyone clenched their fists.

After such a fierce battle, although the King Wu on the field has fallen a lot, there are at least dozens of them who survived. From these dozens, only one will be killed. Everyone is killing each other.

And the skeleton rudder master was hiding in the dark, taking advantage of the fisherman's profit, which was really sinister.

"mean!"

"I want us to kill each other, don't think about it!"

"Heh, such a clumsy separation, don't you think it is too naive?"

Li Xuanji and others sneered, showing disdain.

Let them kill each other, so that the other party can finally clean up the battle. With such an idiotic separation, if they are still deceived, they will not be the best in this hundred dynasties.

"Tsk tusk, this seat is kind to give you a way to survive. You have to think that this seat has ulterior motives, then this seat can't help it, but fortunately, this seat's reaction to you has long been expected, so I give you a second choice. ."

Speaking of this, the gloomy voice continued with a smile: "This second choice is much easier."

"Don't you want to see me? It's very simple. As long as you kill that kid, as soon as he dies, I will take the initiative to show up, how about?"

Skeleton Rudder said with a strange smile.

"what?"

Everyone looked at Qin Chen in amazement, the Skeleton Rudder Master actually named Dao to kill Qin Chen?

Do you really want to avenge his men?

"Well, this is a good choice. As long as one person dies, you can see me. Not only do you have the hope of survival, but you can even kill this person to avenge him. It is very cost-effective."

Skeleton Rudder Master Jie Jie laughed strangely, and as his voice fell, the atmosphere on the court instantly became weird. Everyone's eyes were focused on Qin Chen.

### [Chapter 1029: Who is the rape](#)

"How to choose is up to you."

After the skeleton rudder said the last sentence, the voice completely disappeared.

The court immediately became quiet, how much hatred did Qin Chen and the Skeleton Rudder Master have? Let the other party specifically target him like this?

"Everyone, don't listen to the nonsense of the people of the Blood Demon Cult. He is punishing the heart, and his purpose is to disintegrate us so that we can kill each other. If we really do this, we will fall into the other side's trap."

Zhuo Qingfeng said anxiously.

Ding Qianqiu smiled coldly: "Hehe, it's hard to say, what if what he said is true?" He turned his head to look at the crowd, and said grimly: "Everyone, everyone has heard what the Lord Shangguanlu said. , I'm trapped here, I can only support half an hour at most. Once half an hour arrives, I will die. But if the Skeleton Rudder Master can appear, I will have a way to move him.

When the time comes, everyone may have a way to leave. This is definitely an excellent opportunity for me. "

"Ding Qianqiu, you are avenging your personal revenge. Do you think that with the despicableness of the Blood Demon Cult, you can believe it?" Zhuo Qingfeng said angrily.

"It's hard to tell, and whether he speaks or not, this is the only way. Otherwise, do you have other ways?"

Ding Qianqiu looked at everyone, everyone was silent.

Indeed, this is now the only way for everyone to do it according to the words of the Skeleton Rudder Lord, and there is a glimmer of hope. If you don't do it according to his words, there is no only hope.

"you guys....."

Zhuo Qingfeng and others trembled in popularity, and said angrily: "If it hadn't been for Xiao Chen to set up a large isolation formation, I am afraid that many people on the court would have already died under this formation. Do you have any conscience?"

"Conscience?" Li Shang sneered: "Is it because Qin Chen set up the isolation formation before, and we all die for him? It's ridiculous." "You dare to say that he set up the formation before, the purpose is real. Just want to save us, not to protect himself? Not to mention the arrangement of the isolation formation, he himself can be sheltered, in other words, without us, he is a kid who can't fight the master of the blood demon cult. so,

On the surface, he is saving us, but in fact he is only saving himself and using us to fight the skeleton rudder. If it were not for this reason, I think he would have watched us go to death, would he still take action? "

When Liu Tai and others heard this, they were all dumbfounded, and their bodies couldn't help shaking.

When others rescued him, they were still saying that others were uneasy and kind, using them!

There is such a shameless person in this world? "Well, you guys don't get excited." Qin Chen's face was extremely calm, and he swept across the crowd with a smile, saying: "The two beasts of the Dagan Dynasty and the Dali Dynasty said so, Ben There is nothing unexpected for the young man, Ben young man just wants to ask other people, if you and this Ding Qianqiu and Li Shang

The same, think that as long as Qin is killed, the skeleton rudder master will show up? Can everyone be safe? "

Qin Chen looked at everyone calmly.

Under his gaze, many Wu Kings bowed their heads, not daring to look up.

In fact, they don't know if this is a conspiracy by the Skeleton Rudder owner, but for everyone on the field, this is indeed almost the only way to get out.

If they don't try, they will not be reconciled. Even if they try, they need to sacrifice their lives.

But for them, as long as they don't give their lives, everything doesn't matter.

"you guys....."

The hearts of Liu Tai and others sank to the bottom in an instant, and their eyes were full of disbelief.

They couldn't believe that apart from Ding Qianqiu and Li Shang, who had originally had enmity with Qin Chen, there were so many people on the court that they had such thoughts.

"Enough, let's see how you all become?"

At this moment, the ancestor Li Xuanji of the Datang Dynasty snorted coldly, looked at the default King Wu on the field with disdain, and said coldly: "This is clearly the trick of the skeleton rudder master. The purpose is to make us self-conscious. Killing each other and suspicion each other, can't everyone see it?" "From the perspective of the old man, this is indeed the trick of the skeleton rudder master. As long as I kill the Qin Chen, even if the skeleton rudder master does appear, What can be done? Will this person obediently let us beheaded? But once I wait to kill that Qin Chen, then our current alliance will immediately collapse.

Who will guarantee that the Skeleton Rudder Master will not make more demands? Let us kill more people? At that time, we will only fall into his trap step by step. "

Sai Luochuan ancestor of Longyuan Dynasty also said solemnly. "Yes, it is nothing to kill a person, but it is Qin Chen that the other party wants us to kill. Think about it, why did this person do this? With Qin Chen's strength, unless we join forces, otherwise It's difficult to kill it, and it will cause great damage. And this isolation formation is inherently

It is Qin Chen's arrangement. If he destroys the big formation in a hurry, what will be the consequences? Everyone should be very clear. Who is sure that the Skeleton Rudder Master's purpose is not this? "

The ancestor Wu Chenshi of the Yuan Dynasty also said.

Everyone was shocked. Indeed, Qin Chen could lay down the formation and naturally destroy the formation. When he was in a hurry, he would directly destroy the formation. Wouldn't everyone be in crisis again?

Is this the purpose of the other party?

"Qin Shaoxia, what do you think?"

Suddenly, Sai Luochuan looked at Qin Chen and attracted everyone's attention. "My opinion?" Qin Chen smiled slightly, and glanced across the crowd: "I still said that, everyone can break into here, it is very strange, among you, there is definitely an insider, otherwise, you can't walk here safely. , Caught in the trap of the Gorefiend, so the skeleton rudder turned

Changing the topic and giving us choices is actually protecting the traitor and diverting our attention. "

"A rape? How is this possible? Everyone on the field knows each other well, who is the rape?" Everyone was surprised and looked around.

Qin Chen sneered: "What is familiarity? The blood demon sect has a very deep layout. Not to mention familiarity, even if it is his own, he may be a traitor."

How many years did Guiyuanzong, one of the three sects of the Dawei Dynasty, develop in the Dawei Dynasty? Its suzerain is actually the traitor of the Blood Demon Cult. If it weren't for Qin Chen to see through, who would believe it?

"If you say that you are a rape, you are indeed very suspicious!" At this time, Xing Wuwei, the ancestor of the Wujiang Dynasty under the command of the Dayong Dynasty, suddenly frowned.

"Xingwuwei, who are you talking about?" Dayong Dynasty ancestor Pei Dongxing frowned and looked over.

"Shangguanlu Pavilion Master." Xing Wuwei said in a deep voice.

"what?"

"Pavilion Master Shangguanlu?"

"He is a rape?" Everyone was shocked to look at Shangguan Lu. Could he be a rape?

[Chapter 1030: explain](#)

"Do nothing, what are you talking about."

Shangguan Lu's face suddenly changed, and he shouted angrily.

"Pavilion Master Shangguanlu, don't worry, I have some doubts here, I want to ask you."

Shangguan Lu frowned: "You speak?"

"Before entering the heavenly demon secret realm, you said that the heavenly demon secret realm was opened by someone eighteen years ago, but after everyone entered, there was no trace of anyone entering it. How do you explain this?"

This... everyone looked over.

Indeed, before entering the Heavenly Demon Secret Realm, Shangguan Lu did say that the Heavenly Demon Secret Realm had been opened by someone, but everyone had stayed there for so many days, but there was no trace of anyone coming to this Heavenly Demon Secret Realm.

Everyone's eyes were on the face of Pavilion Master Shangguanlu.

Shangguanlu looked ugly, and said: "I did say this, but it was detected by the secret disk. What does it have to do with me as an insider?" "Haha, is it okay?" Xing Wuwei sneered, "If it were you I said, and said that this time, because the Heavenly Demon Secret Realm has been opened, only 80% of the players can enter. The entrance to the Heavenly Demon Secret Realm at that time would cause chaos? And if it weren't for this chaos, the Skeleton Rudder of the Blood Demon Cult

Will you get the opportunity to rush into the entrance of the heavenly demon secret realm when the ancestors of the seven dynasties can't react? "

"In other words, the reason why the Skeleton Rudder Master of the Blood Demon Sect can enter this Heavenly Demon Secret Realm is actually inseparable from your Lord."

"Nonsense." Shangguan Lu said angrily.

"Hold your anger. Except for this point, after the ancient ruins were discovered at that time, no one could find the entrance. In the end, you also opened the entrance and let everyone enter the ancient ruins, right?"

"As for entering the ruins, everyone encountered a lot of dangers. In many cases, you found the flaws in the pavilion master Shangguanlu. Let me wait through the difficulties. Everyone is grateful to you, right?"

"And just now in this palace, everyone was in crisis, but you happened to be unable to complete the arrangement of the isolation formation. If it weren't for Qin Shaoxia's action, everyone would be more ill-tempered, and the master of Shangguanlu, your ability, unexpectedly In the most critical moment, unexpectedly weakened."

Xingwuwei smiled coldly: "These...how do you explain?"

"He said so, really..."

"If it weren't for the Lord Shangguanlu who said that the Heavenly Demon Secret Realm was opened eighteen years ago, some people could not enter the Heavenly Demon Secret Realm, and the square would not cause chaos at that time. If the Skeleton Rudder Lord wants to enter it, the difficulty will definitely be more than doubled. ."

"Also in this ancient ruins, in many cases, it is the Lord Shangguanlu who solves the problem. I will wait until I can come here step by step."

"I didn't even care about it before, but now it's a bit weird to say nothing."

"Look at the answer from the Lord Shangguanlu."

Wow!

After listening to the analysis of Xingwuwei, everyone's complexion changed, and after a few steps back, there was an empty space next to the Lord Shangguanlu.

"These are the proofs that you said I was a spy?"

Shangguan Lu looked at Xing Wuwei with an ugly expression, frowning. "Yes, pretend to be by our side and take us step by step into the trap set by the Blood Demon Cult. Among all the people, only you, the pavilion master of the Heavenly Secret Pavilion, can do it. You use everyone's trust to help everyone step by step. Put it in the Jedi, if it weren't for Qin Shaoxia's appearance, I'm afraid everyone would be hiding it

In the bone, Qin Shaoxia later expressed his suspicion, but the skeleton rudder took the initiative to appear strangely, and said that as long as we kill Qin Shaoxia, he will be able to show him. How could there be such a coincidence? "

"Therefore, you are the spy of the Blood Demon Sect."

Do nothing, drink coldly, eyes like electricity.

"This....."

Everyone clenched their fists, and looked at the Lord Shangguanlu again, showing vigilance one by one.

Among all the people, the Lord Shangguanlu is indeed the most suspicious, because everyone came along and often followed his arrangements. Even the ancestors of the seven dynasties were far inferior in terms of decision-making power. .

It can be said that the easiest one is that the Lord Shangguanlu Pavilion really wants to bring everyone into a desperate situation.

"Also, before Qin Shaoxia could find that the world behind the gate is actually an illusion. Your Excellency, as the pavilion master of the Heavenly Secret Pavilion, has a secret disk, but can't see anything. Don't you think it's strange?"

Wuwei continued to sneer.

"Shangguanlu, you... or explain it!"

Li Xuanji and other ancestors of the seven dynasties looked over, stepped forward, and quietly surrounded the Lord Shangguanlu.

I have to say that the analysis of doing nothing is extremely reasonable, and there is indeed a reason for suspicion.

Although everyone is familiar with the Lord Shangguanlu, the Blood Demon Sect has been operating in the Land of Hundred Dynasties for so many years, and it is not impossible to secretly lay this chess piece. In the face of everyone's doubts, Shangguan Lu looked ugly and said angrily: "Xingwuwei said, this pavilion master has nothing to explain. The Heavenly Demon Secret Realm was opened eighteen years ago. This is a display of the secret disk. There can be no mistake. Why I can't see the trace when I come in, I don't know the pavilion owner. And this

The discovery of ancient relics, doing nothing, should be the people of your borderless dynasty that were the first to discover. Why should I lead everyone in? As for bringing everyone in, I am not alone. Everyone has worked hard before. What blames me. "

"Hehe, we found that the ruins are indeed from the Wujiang Dynasty, but we just felt something abnormal here, and didn't think too much. But the one who really opened the ruins was you, the Lord Shangguanlu, isn't it?" Wuwei sneered and said: "I advise you, I'd better explain it seriously, don't make senseless resistance, what benefits has the Blood Demon Cult promised you, asking you to betray me in the land of a hundred dynasties and plunge me into such a Jedi? , If the blood demon sect secretly controls the land of a hundred dynasties, what good for you

Place? Say it! "

"Pavilion Master Shangguanlu, is it really you who betrayed me?"

Li Xuanji and others looked ugly.

"I don't have one. I'm a senior official, is Dajia still suspicious?"

Shangguanlu's face was ugly, his chest undulating, and angrily said.

"In this way, if you keep asking like this, there will be no results. This Shao has a few questions to ask the Lord Shangguanlu." At this moment, Qin Chen suddenly came out and said.

Everyone looked at Qin Chen one after another. At this moment, everyone on the court was quite convinced of Qin Chen.

"You ask!" Shangguan Lu took a deep breath.

"I want to know, how did you collude with my Dawei dynasty Gui Yuanzong Yue Sect Master?"

"Sect Master Yue, I have never heard of Sect Master Yue." Shangguan Lu said angrily. "Do you still want to quibble? Then why is it that Sect Master Yue said that he knew you well and that you gave him the opportunity to enter the heavenly demon secret realm?"
