[Chapter 1031: A hundred mouths](#)

"I..." Shangguan Lu had no idea how to explain it.

"Okay, Pavilion Master Shangguanlu, what else do you have to say? That Yue Lengchan was originally a member of the Blood Demon Sect, but in the land of a hundred dynasties, he belonged to the Dawei Dynasty. According to the truth, it is impossible to enter the secret realm of the heavenly demon. Yes, I didn't expect to come in too. It turned out that you, Tianji Pavilion, caused the ghost."

"That's right, Tianji Pavilion is in charge of the approval of the major forces. Although it is subject to the seven upper dynasties, it is not difficult to let a few people in."

Xing Wuwei seemed to have caught the handle, and sneered again and again.

"Shangguanlu, what else can you say."

"Shangguanlu, you are really..."

Everyone looked at Shangguanlu in disbelief, and their hearts were extremely disbelief that he would be a spy, so they became more and more angry.

"I....."

Shangguan Lu was anxious and hard to argue with.

"All right!"

Qin Chen waved his hand and said with a smile, "Don't blame the Lord Shangguanlu, he is not a spy."

"What? Qin Chen what did you say?"

"It wasn't that you said he was in collusion with the Blood Demon Cult, why..."

"what is the problem?"

As soon as Qin Chen said this, everyone was dumbfounded, one by one he was ashamed.

This Qin Chen said at first that Shangguan Lu was a spy, but now he said no, leaving everyone at a loss, completely unable to react.

Even Shangguan Lu himself looked at Qin Chen dumbfounded, wondering if he had heard it wrong. "Qin Shaoxia, everyone's life was saved by you. We are very grateful to you, but you can't be careless about this kind of thing. What evidence do you have that Shangguan Lu is not a spy? If you make a mistake, I am afraid It's not a trivial matter to cause all of us to fall.

Make trouble. "Xing Wuwei couldn't help but frown.

Qin Chen smiled faintly: "Actually, the reason why I tried this Shangguanlu just now was to know who the spy was. Now that the spy has emerged, Ben Shao naturally doesn't bother to try again."

"Already popped up?"

"who is it?"

"Why don't we know?"

Everyone stared with big eyes and small eyes, confused.

"Qin Chen, if you have any words, just say it, don't sell it there."

The ancestor Li Xuanji said solemnly.

"Actually, isn't this spy obvious? Whoever catches the spy just now is the spy himself." Qin Chen smiled lightly.

"You mean..."

Everyone was stunned, turned their heads one after another, and looked towards doing nothing.

If you say it is positive, then everyone is very positive, but if you say it is the most positive, there is only this line of inaction.

"Qin Shaoxia, what do you mean?"

Xing Wuwei's expression completely changed, and he looked at Qin Chen suspiciously.

"Haha, don't hide it anymore. Pavilion Master Shangguanlu doesn't have any problems. You should be the one who has the problem? The ancestor of doing nothing?" Qin Chen looked at him mockingly.

"I, what can I have?" Xing Wuwei said angrily.

Along the way, he was very low-key and never gave any wrong tips.

Hearing Qin Chen's words, everyone around was also full of doubts.

"It's very simple, whoever discovered the ancient ruins is the most likely spy, and you should have discovered this ancient ruins?" Qin Chen looked over. "Yes, I found it right, but I am only one of them. Moreover, I just accidentally discovered that this place is a little weird, and I don't even want to go into it. At that time, it was the pavilion master Shangguanlu who got the news and discovered the ruins thoroughly. The ruins are open. Your Excellency concluded that I was a spy, too arbitrary

Right? "

Wuwei waved his hand and looked angry.

Everyone also nodded. Although the ancient ruins were discovered through inaction, he was not the only one. He just felt that this area was a little weird, so it was indeed not very convincing to conclude that he was a spy.

"Hehe, it is not difficult to open the ruins. As long as people discover the location of the ruins, no matter what they think, they can pretend to be opened by someone else, just like the illusion opened by someone in this palace just now. Someone cares."

Qin Chen sneered.

When he came, he had observed the entrance to the ruins. The entire ruins were very secretive. Even if he was, he might not be able to find something wrong, and Qin Chen didn't believe it when Xing Wuwei said that he felt a little weird.

Everyone frowned, Qin Chen said, it may not be unreasonable.

Before, a group of people searched in this palace, who actually encountered the mechanism and opened the entrance to the illusion, but no one noticed at all. In other words, it is indeed possible for the spies to secretly shoot unobtrusively.

"Then you can't say that I am a spy." Xing Wuwei was very dissatisfied: "I was not the only one who found something wrong with me. You can't just put the blame on me just because I want to find the spy the most?"

"Well, at this point, it really doesn't mean that you are a spy, but how did you know that the master Yue Leng of my great power dynasty is a person of the Blood Demon Sect?" Qin Chen looked over again, showing curiosity.

"This?"

Raised his brows, Wuwei couldn't help but said, "Isn't this what you said?"

"I never said that Sect Master Yue Leng is a member of the Blood Demon Sect." Qin Chen sneered.

Everyone looked at it together, and carefully recalled that Qin Chen did not say that Yue Lengchan was a member of the Blood Demon Cult just now, only that the Lord Shangguanlu was in collusion with the other party. Xing Wuwei thought about it, his face suddenly ugly, but immediately, he said angrily: "Yes, your excellency didn't say that Sect Master Yue Leng is a blood demon sect, but your excellency said Sect Master Yue and Sect Master Shangguan Lu colluded. Originally, we suspected that the Lord Shangguanlu was an agent of the Blood Demon Sect. In this case

, I guess Sect Master Yue is a member of the Blood Demon Sect, is there any problem? "

"You are right. Such suspicion is indeed reasonable and normal..."

Lifting his eyelids, Qin Chen looked over and smiled softly: "But, how did you know that my Dawei dynasty Guiyuan sect lord is called Yue Lengchan? I remember before, I only talked about Yue lord, not Yue. The three words Leng Chan, right?"

"This....."

"I really didn't say it."

When Qin Chen said so, others also found out.

From the beginning to the end, Qin Chen only talked about Sect Master Yue, and never said the three words Yue Lengchan. This Yue Lengchan was still spoken of by doing nothing. Xing Wuwei's complexion turned blue, and immediately said: "I...Although I am from the Wujiang Dynasty, I know all the great dynasties quite well. What's more, your great power dynasty is still in Chaotian City. The momentum, I will naturally inquire about it, that Gui Yuanzong is the most powerful dynasty of yours

The top sect, the old man heard your Excellency say Sect Master Yue, he was a little familiar, and it was nothing to say the name of the other party, right? "

This explanation, although a bit far-fetched, is not impossible. Hearing this, the corner of Qin Chen's mouth rose up, "Hehe, it is reasonable for you to explain it like this, ancestor of action and inaction. Then, since your Excellency has inquired about the situation of my Dawei Dynasty, I want to ask, I Among the three top sects of the Dawei Dynasty, the name of the Sect Master Wuji,

You probably don't know, right? Oh, by the way, let me remind you, Sect Master Wuji's name, but the last name is Yan..."

"I..." Do nothing for a while.

[Chapter 1032: Think of a way](#)

"Why, can't you tell? This topic doesn't seem to be very difficult, right? Forget it, then I will ask one more, your Excellency and so many powerful people of the Dawei Dynasty have stayed for so long, can you name these people? , Speak out one by one? These people are either the ancestors of my Dawei Dynasty or I

Your Majesty of the Dawei Dynasty, as well as the top martial king of my Dawei Dynasty, all of their fame is above that of Yue Leng Chan, you should know better? "

Qin Chen pointed at Liu Tai and said with a chuckle.

"They are Liu Tai... Liu Xuan..."

Xingwuwei only said two less than two, but hesitated and couldn't say it. "Why? They have been with everyone here for so long. It should be said that your impression of them is far beyond that of Zen Master Yue Leng. How can the ancestor of Wuwei call out the name of Zen Master Yue Leng, but even Liu Tai and the others Can't you call his name? This explanation is too unreasonable, right?

"

Qin Chen abused with drama.

"Do nothing, how do you..."

Pei Dongxing, the ancestor of the Dayong Dynasty, was stunned.

The others also took a few steps back, looking towards Wuwei one by one, full of doubts.

He previously said that he had deliberately learned about the Dawei Dynasty before he could call out Yue Lengchan's name, but now he can't even call the names of Liu Tai and others, which is really strange.

Coupled with the fact that the other party was indeed the first ancient relic to be discovered, everyone had to raise deep doubts.

Feeling everyone's questioning eyes, Xing Wuwei opened his mouth several times, his face no longer had the composure he had before. Boom, his figure turned into a stream of light, and he was about to swept away from the isolation formation in an instant.

"Do nothing, what do you do?"

"Leave me."

Pei Dongxing and the others were furious, booming, and instantly raised their hands, one by one huge True Essence palms swept over in an instant, and slammed toward Xingwuwei.

"Hahaha, since it's exposed, the old man won't play with you anymore, the blood demon disintegrates!"
boom!

A **** rainbow suddenly appeared on Behavior Wu's body, his body speed more than doubled in an instant, and he escaped from the capture of several ancestors in an instant, rushing out of the isolation formation.

"what?"

"This line of inaction is so fast?"

"He had been hiding his strength before."

If at this moment, everyone does not understand that there is a problem with doing nothing, then everyone is too idiot.

One by one, they tried to stop Xing Wuwei, but it was useless. The speed of Xing Wuwei was too fast. In an instant, they rushed out of the crowd.

"Hehe, want to escape? Is it possible?"

Seeing that Xingwuwei was about to rush out of the isolation formation, Qin Chen suddenly sneered. As his voice fell, Meow, the **** cat did not know when to appear, and slapped Xingwuwei directly to the ground. , Spit out blood.

"He's meow, he wants to run away in front of the emperor? Too underestimate the emperor." The **** cat said proudly, akimbo.

"Hold him!"

Seeing that the behavior was stopped, Pei Dongxing shouted angrily. Xingwuwei was the ancestor of the middle dynasty under the command of the Dayong Dynasty. He was a spy, and Pei Dongxing was the most angry. He directly raised his hand toward the Xingwuwei cover to suppress it.

"Hahaha, it's impossible to capture me, Lord Rudder will definitely avenge me, explode!"

Xing Wuwei laughed out loud and laughed madly. Before Pei Dongxing could capture him, his whole body burst into flames instantly.

Boom!

How terrible is the cultivation base of the peak of the seventh-tier mid-stage? A terrifying shock wave swept across this isolation formation in an instant, shocking everyone back, and many of the weaker Wu Wang spouted a mouthful of blood and turned pale.

At the same time, a few cracks also appeared on the isolation formation, which was obviously damaged by the self-destruction of inaction.

"You angered me." The icy voice suddenly sounded outside the isolation array, booming, and outside the array, black dragons condensed and slammed on the isolation array, bang. Boom, the entire array was violently shaken by the impact, and the halo above it flickered constantly, seeming to burst at any time

Open.

"hateful."

Everyone's expressions were pale and angry, and they finally had the chance to find the traitor of the Blood Demon Cult. They could use the other party to find out the way out here. Who knows, this guy blew himself up.

At the same time of anger, he also felt cold all over the terrible blood demon cult.

What kind of control is it to allow the subordinate Wu Wang to explode directly?

"Qin Chen, what shall we do now?"

Everyone looked pale and looked at the isolation formation that was constantly being bombarded, and their faces were blue and looked extremely ugly.

Among them, Li Xuanji and others turned their heads to look at Qin Chen, apparently taking Qin Chen as the backbone.

Qin Chen also looked ugly, this isolation formation had already been damaged, and at this attack speed, he could only hold on for no more than a quarter of an hour at most.

"Everyone joins forces to maintain this isolation formation, and I will figure out a solution again."

Raising his hand to throw out some formation flags to stabilize the formation structure, Qin Chen gave orders to Shangguan Lu and his group, and the soul power instantly diffused out, trying to find out the formation structure from the attack of the skeleton rudder master.

But it was useless. This formation was very concealed. Even with Qin Chen's formation skills and soul strength, there was still no clue to it, as if this formation was completely hidden in the void, without any trace.

"Big Black Cat, do you have any idea?"

With a flash of gaze, Qin Chen looked at the **** cat.

The **** cat's understanding of this place is extraordinary, maybe there is any way.

"Shounen Lang, do you think of the emperor now? Actually, the emperor really has a way!" Da Hei Mao changed his eyes.

"What is it?" "When you were in the ruined palace outside, you should have obtained a jade slip in the palace where the emperor was sealed. In fact, this jade slip can control the formation in the palace, as

long as you take it. Give the jade slip to the emperor, and the emperor can break this formation for you." The **** cat turned his eyes and said slyly

.

Yujian?

Qin Chen's eyes flashed. When Mo Li and the others entered the palace, the first target they wanted to target was indeed the mysterious jade slip they got. Could it be that this jade slip, like the **** cat said, can control the formation here. law?

Think about it carefully, it's not impossible, otherwise, why doesn't the other party target the magic crystal and ancient ding and have to get this jade slip?

With a thought, Qin Chen took out the jade slip in an instant, with spiritual power infiltrating it, and wanted to study it thoroughly.

When I got the jade slips, the situation was critical, and Qin Chen hadn't studied it carefully.

"Shounen Lang, don't bother in vain. Your jade slip is very special. It is impossible to study thoroughly with your cultivation base. Only by handing over to the emperor can we help you break this formation." Da Hei The cat said proudly. Sure enough, as the **** cat said, as soon as Qin Chen's mental power entered the jade slip, he suddenly felt white and could not detect anything.

[Chapter 1033: Burst](#)

"How about it, am I right? As long as you hand over this jade slip to me, the emperor will be able to break the formation in the palace for you. How about this transaction, right?"

The **** cat said slyly, and a pair of skeletal black eyes were full of cunning.

"The purpose you have been following me is to get this jade slip?" Qin Chen sneered.

The **** cat grinned and said angrily: "You young man, you really don't know good or bad, how does this emperor care about your jade slip? The reason why you are asking now is just to understand and save you, otherwise, you will give it to the emperor, the emperor. I'm too lazy to ask for it!"

"Really?"

Qin Chen seemed to smile but not smile.

Didn't he have never experienced the cunningness of the **** cat, he had to stick to himself all the way, if he said that there was no attempt, Qin Chen would definitely not believe it, so it seems that the other party's attempt was the jade slip in his hand?

"You..." The **** cat was so angry that he blew his beard and stared, but he was helpless: "Youth boy, if you have to think like this, the emperor can't control you, huh, the emperor just one sentence, hand over the encounter to the emperor. The emperor can break this big formation for you, otherwise, you will just watch what you have laid to isolate the big formation being broken, so

Some people are waiting to die. "

"I can warn you that although the emperor is powerful, it takes time to break the formation. If you really want to break the formation, I advise you to give the jade slip to the emperor as soon as possible."

It was coming, and the **** cat added another sentence.

Qin Chen ignored the **** cat, his mental power was completely concentrated in the jade slip in his hand. This jade slip was made of no material and was very round, and Qin Chen could not see the calendar, and in the whole jade slip, a piece It was white and empty, as if there was nothing.

"Impossible, this jade slip is so mysterious, it even contains the atmosphere of space, it is absolutely impossible to have everything in it, and even if it is just an ordinary jade slip, the spiritual power and soul power should be swept away, the jade slip should be given instantly Sweep it through, it can't be this white feeling."

Qin Chen frowned, tried for a long time, but couldn't find any clues.

It was like a hedgehog, with nowhere to speak.

"Shounen Lang, I advise you not to waste time. Time is urgent, and it is the kingly way to hand it over to the emperor."

The **** cat's eyeballs turned around, staring at Qin Chen and couldn't help but speak.

Qin Chen ignored him, but was thinking.

"Scanning mental power and soul power, there is no abnormality, try it with the spatial artistic conception."

Qin Chen clearly remembered that in the original simple jade slip, there was a surprising amount of space power. Since spiritual power and soul power can't be distinguished, try it with the spatial artistic conception, maybe you will find something.

Immediately moving the spatial artistic conception, a trace of weak spatial force flashed away on Qin Chen.

"boom!"

When Qin Chen moved the power of space and touched this jade slip, it seemed as if a thunderbolt rang out in the flat ground, and Qin Chen's mind buzzed in an instant, and at the same time, in the originally white jade slip, it seemed that A vast world flashed by.

what is this?

Qin Chen's eyes widened, staring frantically, trying to see the world in this jade slip, but after just one glance, severe pain came from his brain, and his soul seemed to shatter in an instant.

"not good!"

Qin Chen hurriedly retracted his attention, and at the moment he retracted his attention, the power of an invisible space suddenly dispersed from the simple jade slip, sweeping across the entire palace in an instant.

"This is..." In an instant, everything in the entire palace was clearly presented in Qin Chen's mind, whether it was the various lines on the surface of the palace or the formations contained in the palace. It is clearly presented in his mind at this moment, as if forming a transparent structure picture.

It flashed in his mind.

Although the power of this space only disappeared in a flash, Qin Chen's mind had clearly imprinted the structure of the entire palace in his mind.

On the opposite side, the **** cat felt this scene, and his eyes suddenly rounded, like two big copper bells. "How is it possible? This child actually urged this universe...? The ordinary seventh-order martial king can't control the power of space at all, even if the spiritual power and soul power are strong, it is impossible to activate this jade slip, it is normal and normal. In other words, this is only possible if the emperor has mastered the profound meaning of a little space.

, Otherwise, no matter how high the cultivation base is, it won't help. But this kid is clearly the Martial King at the peak of the initial stage of the seventh stage, and it hasn't been long since the breakthrough, how..."

The **** cat looked incredible.

Qin Chen didn't bother to pay attention to it. After the space power on the jade slip dissipated, he hurriedly put away the jade slip. This thing was terrible. Just a little urge just now, it almost shattered his soul. Fortunately, his The soul is strong, and if you change to another martial king, you will definitely die.

No wonder this **** cat wants to get this jade slip. Although it is not clear what the specific effect of this jade slip is, Qin Chen has a feeling that this jade slip is definitely an incomparable thing against the sky, even seen in his previous life. On top of the many martial arts supreme treasures.

"Boom!"

But at this moment, the large isolation formation that Qin Chen had arranged before finally could not withstand the crazy attack of the black evil spirit, and it was completely shattered with a bang.

"Puff!"

In an instant, dozens of Wu Wangs who had maintained a large formation vomited blood together, backed up one after another, their faces turned pale.

"Smelly boy, you just killed my blood demon expert, I will kill you today."

The great formation broke, there was a bang, a violent roar, and a powerful coercion shrouded in an instant.

Wow!

Qin Chen tightened, and the black evil spirit instantly formed an invisible big hand, lifting Qin Chen up.

"Less dust."

"Qin Shaoxia!"

Seeing that Qin Chen was instantly besieged by the black evil spirit, Zhuo Qingfeng and the others were all anxious and rushed over.

Shangguanlu and the others didn't care about the injuries on their bodies, and had to do it in a hurry.

"Kill me? Not so easy!"

Being trapped by the opponent, Qin Chen was not nervous, but smiled lightly, moved, and whirred, a cyan flame burst out of him instantly.

Qinglian Demon Fire!

The cyan flame was in the shape of a lotus and burned continuously, and the space around Qin Chen suddenly made a scorching sound, and a scorched breath spread out. The black evil spirit that could easily kill the peak of the middle of the seventh step, Wu Wang, unexpectedly Unable to get close to Qin Chen's body, it was continuously burned.

"You... what kind of flame is this?"

The frightened voice of the Skeleton Rudder master sounded, obviously unable to believe that Qin Chen's flames could actually withstand his black evil spirit!

Does flame have a unique effect on this black evil spirit?

Pavilion Master Zhao Tiansheng who saw this scene suddenly showed surprise, booming. As a seventh-rank king-level pharmacist, he naturally has extraordinary flames on his body. A milky white flame instantly rises from his body. Learning from Qin Chen, he plunged into this black evil spirit.

"what!"

Just after taking a step, the black evil spirit actually broke through the white flames on his body and permeated him. If he hadn't reacted in time and retreated quickly, I'm afraid the whole person would have been turned into a corpse. That was the case, his right hand also quickly dried up, as if his muscles were dead.

[Chapter 1035: Alien](#)

"This is impossible!"

"The skeleton rudder is not in this coffin?"

"Where is the other person?"

Everyone was stunned, unable to believe their eyes, staring at the bottom of the coffin.

In the coffin, various complicated patterns are engraved. These patterns are blood-colored and exude a strong **** atmosphere, but the inside is indeed empty.

"Could it be that you were directly bombarded by your ancestors?"

"Impossible, I have been staring at it, there is really nothing inside."

"Then where is this skeleton rudder master?"

The crowd shook, and everyone was unbelievable. They worked so hard to break the formation and open the coffin. They thought they could find the skeleton rudder master, behead him, and open the passage, but who knows, there is nothing in the coffin. Things.

"Look first, Qin Shaoxia might be able to see something."

While everyone was dull, they looked at Qin Chen one after another.

During this period of time, Qin Chen's actions have completely convinced everyone on the court, whether they admire him, hostile him, or jealous of him, the first time they encountered a problem, they thought of it. Qin Chen.

"This is... the formation of blood refining?"

Qin Chen stared at the complicated lines in the coffin and the strong **** air, frowning and speaking.

Blood Refining Array?

Everyone was puzzled.

"This skeleton rudder master wants to resurrect himself!" Qin Chen seemed to understand something, his eyes narrowed.

The Blood Refining Array is a secret technique that absorbs the blood of a warrior and re-melts the flesh. The most important thing is that it needs to have enough blood to absorb.

"In this way, since this journey, all the blood of the fallen King Wu has been absorbed by this skeleton rudder master?" Qin Chen was startled.

If this is the case, it means that the strength of the skeleton rudder master is definitely improved compared to before.

"What? This skeleton rudder wants to resurrect himself?"

"Is he condensing his body?"

"With our essence and blood as the nourishment of his physical body, it is no wonder that it is a despicable means to kill all of us here."

The crowd shook and everyone was frightened.

"Jie Jie Jie, yes, walking the world is just a skeleton, how do you do it? Now that you are introduced into this palace this time, this seat will naturally absorb your blood. You can become the nutrients of this seat, your body It's an honor for you all, hehehe."

The Skeleton Rudder Master, who had originally disappeared, smiled gloomily again, his voice full of pride.

Hearing this, everyone felt the stomach acid surging in the body and wanted to vomit it out. Condensing his own essence and blood into the opponent's flesh and blood, this skeleton rudder master is too disgusting.

But at the same time it was disgusting, I also felt shocked.

"Hmph, pretend to be a god, if there is a kind, come out and wait for a decisive battle with me, hide behind, what a hero!"

Sai Luochuan roared.

"Jie Jie Jie, come out to fight to the death? It's ridiculous. Since this seat has a way to slowly grind you to death, why should you come out to fight to the death?"

Skeleton Rudder Master said coldly: "It's just that I didn't expect that this kid could break the magic sky formation of this seat, and also break the coffin of this seat. You wait, wait for this seat to condense the flesh and restore the true body. Only by breaking your corpse into thousands of pieces can you solve the hatred in this seat's heart, huh, the flesh that can be favored by parasitic seeds, presumably your flesh and blood, must be more delicious."

Parasitic seeds?

Qin Chen was startled, as if something flashed through his mind, he said in surprise: "You are not a warrior in the land of a hundred dynasties, you are a member of the alien demon race?"

The Skeleton Rudder Master seemed to be taken aback for a while, and immediately fell silent.

"Yes, knowing the parasitic seed, this skeleton rudder master is not a warrior in the land of a hundred dynasties, but a member of the ancient alien demon race, otherwise, would he know the parasitic seed?" Qin Chen's heart turned anxiously.

Recalling some of the weird characteristics of the skeleton rudder master before, all illustrate this point.

The others on the court were also stunned for an instant.

"Little dust, what are you talking about?"

"Alien demons? Are you saying that the skeleton rudder master is this ancient alien?"

"How is this possible? The aliens were suppressed and killed by our human race as early as the ancient times. Even if they are not dead, now at least tens of thousands of years have passed, how can they still be alive?"

The crowd suddenly became noisy.

An ancient alien is still alive, this news to everyone is like a bolt from the blue.

Qin Chen didn't explain, because he couldn't explain the parasitic seed. At the center of his eyebrows, an eye pupil opened instantly, and the eyes that broke the ban were moved, staring around.

However, after looking around, he found helplessly and saw nothing.

"You don't have to be in vain. I don't want to show up. With the strength of your three-legged cat, I can't find this seat at all!"

The gloomy voice sounded again, full of triumph: "Smelly boy, although you have blocked the operation of the Demon Sky Array, sooner or later this seat will open your blockade. By then, all of you will die. ,

Even if you can't open the big formation, you have no way out in this palace, and you are starving to death when you are hungry, Jie Jie Jie."

Everyone fell silent, their faces pale.

I thought that when I opened the coffin, I could find the other person and find a way out. Who knows, it's all wasted to get a bamboo basket.

"Shounen Lang, if I didn't guess, that guy should be at the core altar of this ancient ruin."

At this moment, the **** cat appeared beside Qin Chen, and his voice came into Qin Chen's mind.

For some reason, Qin Chen felt the tone of the **** cat a little nervous.

"Core altar?" Qin Chen looked over.

"Yes, this place, in this ancient ruins, belongs to a central position, but deep in this place, there is also a core altar, where many treasures and strong men of the ancient alien demons are sealed, if this person is really Once the strong of the ancient alien demon race is awakened, not only will you die here, but the entire continent will face a catastrophe."

The tone of the **** cat was extremely heavy.

"You mean, those strong men of the ancient alien demon race haven't died yet?" Qin Chen was startled.

This is the ancient times, the foreign powerhouses who caused terrible catastrophes across the continent. Once they get out of trouble, who in the mainland can resist? Even the Martial Domain may not have such strength!

"Young man, the emperor doesn't know what the situation is like, but with the strength of the ancient alien demons, let alone tens of thousands of years, even if it is sealed longer, it may survive." Big Black Cat One His face is solemn.

"But the top priority is to find the other party first!"

Qin Chen also knew that the situation was urgent, but now the Skeleton Rudder Master was hidden behind the scenes and couldn't even find anyone. How to stop it?

"The jade slip you just now can actually communicate where the altar is. You only need to smelt it with your blood to open the channel and find the position of the skeleton rudder master."

The **** cat speaks.

[Chapter 1036: The Universe Jade Plate](#)

Smelt with blood?

Qin Chen glanced at the **** cat and took out the jade slip directly.

A trace of essence and blood permeated in instantly.

Hum!

Qin Chen seemed to be in a vast world, and his whole person seemed to be completely submerged. Between the sky and the earth, there was a vast expanse, and at the same time a terrifying spatial force instantly poured into his body.

Under the gaze of everyone, Qin Chen's body turned transparent, as if it had melted into the void and became one with the space.

"How is this going?"

"What happened to Qin Shaoxia?"

"Why does his body become transparent? What is the mystery of this jade slip?"

Everyone was attracted by the strange situation here and stared at Qin Chen blankly.

At this moment, the jade slip in Qin Chen's hand was shining with bright white light, as if it merged with his body.

"What kind of treasure is this jade slip? Before this one broke the formation, he took out this jade slip. Is it all related to this jade slip?"

"In that case, as long as this treasure is obtained, this seat can also break the palace?"

Ding Qianqiu's eyes flashed, his figure suddenly moved, booming, and he raised his hand to catch the jade slip in Qin Chen's hand.

"Ding Qianqiu, stop."

"what are you doing?"

"Quickly stop."

When other people saw this scene, they were shocked and furious.

No one who can mix to this point is an idiot, how can you not know that the jade slip in Qin Chen's hand is a treasure?

It's just that everyone knows that everyone is trapped here now, and there is no way to get out. Only after Qin Chen came over, he repeatedly broke through the conspiracy of Skeleton Rudder Master.

Even if Qin Chen's actions were related to the jade slips in his hands, at this moment of life and death, no matter how greedy they were, they would not dare to just plunder the jade slips in Qin Chen's hands.

After all, who knows what the jade slip does? If they broke Qin Chen's plan, it would be troublesome.

Secondly, even if the jade slip gave a method to crack the skeleton rudder master, not everyone can. The fate of the pavilion master Zhao Tiansheng just now has already explained this point.

The same is the flame, the mysterious green lotus flame on Qin Chen's body can block the black evil spirit, but Pavilion Master Zhao Tiansheng's mastitis may not be able to do it.

That's why everyone listened to Qin Chen, even if they knew that he was carrying a strange treasure, there was no reason to do it.

But now, Ding Qianqiu is going to plunder Qin Chen's treasure directly, how can this be done?

In an instant, the crowd shouted angrily, wanting to stop.

But Ding Qianqiu's speed was too fast. Although everyone shot at the first time, they could only watch his palm and instantly grab the jade slip in Qin Chen's hand.

"Hahaha, this thing belongs to my seat!"

Ding Qianqiu laughed, greed in his eyes.

Only the next moment, his expression freezes.

Hum!

When he grabbed his claws off and was about to bring the jade Jianshe over, he found that he had caught nothing.

At this moment, Qin Chen's whole person seemed to be hidden in the void, not existing in this space.

At this time, Ding Qianqiu was in consternation. The attacks of Li Xuanji and other ancestors also arrived at the same time. With a boom, Ding Qianqiu was directly blown out, spouting a mouthful of blood, and the whole person was embarrassed and almost instantly bombed. broken.

"Old ghost Ding, I warn you, if you try to deal with Qin Shaoxia again, you should not blame the old man for being rude to you."

"Hmph, I don't care about the grievances between you and Qin Shaoxia, but before the crisis is lifted, if you dare to move again, you are the enemy of the Yuan Dynasty."

"Old ghost Ding, you want to die, we won't stop you, but don't drag us down."

The ancestors of several great dynasties, such as Li Xuanji and Sai Luochuan, were furious and sternly said, not only them, but even the people of Wan Jian and others had ugly faces and angry expressions.

Ding Qianqiu's actions were not only aimed at Qin Chen, but also to extinguish their hope of leaving here, so how could they not be angry?

"And you, Li Shang, don't blame us for not reminding you that you are not allowed to shoot Qin Shaoxia."

Then, everyone looked at Li Shang again, this person, like Ding Qianqiu, was extremely resentful towards Qin Chen, for fear that he would not be able to hold back and attack Qin Chen.

Seeing the people defending Qin Chen in this way, Ding Qianqiu's face was green and he immediately snorted, but he didn't dare to do it again, because he could feel that what Li Xuanji and the others said was not alarmist, but absolute do as promised.

Hum!

The simple jade slips, at this moment, are constantly blooming with amazing spatial fluctuations in their debut, madly pouring into Qin Chen's body, Qin Chen's body has become completely transparent, and every inch of flesh and blood in his body seems to have been transformed.

Even the soul power is rapidly increasing.

"This son has a parasitic seed, and was able to motivate the universe to make a jade disc before. There is at least a 30% probability that he can refine the jade slip. As long as he does not die, he will surely get a shocking good fortune. Unfortunately, in order to go to the altar as soon as possible, this The opportunity can only be given to him, otherwise, this kind of treasure should be obtained by the emperor at all, how can this little human kid get it, and the emperor will be depressed to death."

The **** cat looked at Qin Chen with a depressed face, but at the same time, he also had expectations.

"What, this universe..."

While Qin Chen was refining the jade slips, the frightened voice of the Skeleton Rudder master came out, and there was a shock. Around the stone wall, there was an instant sound of kaka vibration, obviously to restart the formation and break through. Qin Chen's previous seal killed Qin Chen.

However, the master of skeleton rudder was obviously not as good as Qin Chen in formation, and after a while, he still couldn't break through the isolation that Qin Chen had previously placed.

"Damn, this son is refining this thing, and he can't let him succeed, otherwise, he will definitely be able to find this seat." Skeleton rudder master was frightened, hum, a weird spirit wave spread out, sweeping everyone .

"What is the skeleton rudder master doing? Want to use mental power to kill me?"

"It's ridiculous, even the eighth-order martial emperor, it is impossible to kill a martial emperor with only mental fluctuations. Does this skeleton rudder master think too much?"

The crowd sneered. In their opinion, the purpose of the Skeleton Rudder Master was to use his spiritual power to kill them.

Obviously, the other party has nothing to do and can only make the best move.

at this time.

Seeing that the aura on Qin Chen's body became more and more vigorous, suddenly, with a chuckle, Qin Chen spouted a mouthful of blood, and the aura on his body instantly wilted.

"No, what's wrong with Qin Shaoxia?"

"Why is the breath on his body becoming weaker and weaker, and the whole person is about to dissipate?"

The crowd exclaimed in an instant, each of them extremely nervous.

If Qin Chen died, the possibility of them wanting to escape would become even more ethereal.

"The jade disc of good fortune in the universe is infinitely powerful. Whether it can be refined or not depends on your good fortune."

The **** cat also clenched his paws and looked at Qin Chen nervously.

At this time, even it can't help much.

[Chapter 1037: Sixfold of the Immortal Eucharist](#)

"Okay, okay, great, the jade disc of great fortune in the universe, with unpredictable power, can not be refined by anyone. In ancient times, even the demon Lord did not dare to move easily, it is best to be affected by this universe. The power in the jade disc of good fortune will directly explode, and then this thing will definitely fall into the hands of this seat.

When the time comes, study it carefully, and this treasure in ancient times can only be seen from a distance. "

Seeing this scene, Skeleton Rudder became excited again.

At this moment, Qin Chen had completely lost his mind, and felt that his body was quickly eroded under an irresistible force.

Moreover, his whole person continued to slowly rise into nothingness, and the aura on his body became weaker and weaker, as if it were going to be annihilated.

"not good."

The **** cat exclaimed and turned around in a hurry. It could see that Qin Chen could no longer hold on to it. Once the whole person was completely virtualized, it would be completely transformed into nothingness, merged into the void, and disappeared.

Qin Chen was about to disappear completely.

"Om!"

Suddenly, an ancient book appeared in Qin Chen's mind. It was the mysterious ancient book that appeared in Qin Chen's mind after Qin Chen's rebirth. When the ancient book opened, a bright light instantly enveloped his whole body.

"boom!"

The next moment, Qin Chen's breath suddenly rose, and his whole person instantly became clear.

The simple jade slip in his hand slowly disappeared, and finally merged into his hand.

"Success!"

The **** cat was excited and almost cried with joy.

At the same time, he looked at the ancient book that flashed in Qin Chen's mind in amazement, and his eyes showed indescribable shock.

"not good!"

The skeleton rudder master turned from joy to sorrow, frightened in his heart.

"Kill, kill this child for me."

A faint mental fluctuation suddenly disappeared into the crowd.

At this time, Qin Chen's figure finally fully appeared. The simple jade slip formed a weird rune in his hand. The closed eyes were also completely opened and reawakened.

"kill!"

"kill him!"

Boom boom boom!

At the moment Qin Chen's figure appeared, among the crowd, five or six Wu Kings suddenly appeared. These Wu Kings, each of their cultivation bases, rushed towards Qin Chen frantically at the peak of the seventh-tier mid-stage.

The crowd was shocked and looked at them in amazement. At the same time, they looked furious. They had clearly seen that these people were clearly going to disadvantage Qin Chen.

"dead!"

A few huge palms appeared in an instant, and they came directly to these people, and it was Li Xuanji and others who shot them.

With the things Ding Qianqiu had done before, Li Xuanji and the others had been prepared for it, how could others hurt Qin Chen.

"burst!"

But what they didn't expect was that before their palms had time to fall, the eyes of one of the seventh-tier mid-level peak martial kings instantly turned red, and the whole person exploded with a bang.

Rumble!

How terrible is the self-destruction of a seventh-tier mid-level peak martial king? Moreover, in an instant, many people had no time to react, and were directly exploded, and Li Xuanji's big hand was also directly exploded.

"Damn it." Li Xuanji was shocked. They didn't expect the other party to be so decisive. The first time they took the shot, they blew themselves up. In their anger, they wanted to do it again, but it was too late and they could only watch. At that, the remaining five Wu Kings came to Qin Chen in an instant, showing a five-pointed appearance

The star shape forms a weird big array.

"Blood Demon Refining Body Formation, burst!"

The eyes of the five people were red, as if mad, the breath on their bodies instantly swelled, the five forces combined together, and instantly blew themselves.

"boom!"

The entire palace was trembling under the self-destruction of the five people, and the terrifying true essence swept away, turning into a huge storm, exploding in all directions.

"Less dust!"

"Qin Shaoxia!"

The crowd was frightened and shouted, and then they were swept away by the aftermath of horror.

How powerful is the self-detonation of the five mid-tier 7 mid-level peak martial kings? What's more, the five people formed a big formation and blew up together.

In an instant, even Li Xuanji and the others couldn't resist. In a rush, they had only time to join forces to form a protective shield, and then they were swallowed by endless Zhenyuan storms.

"Puff!"

Among the crowd, some Martial Kings of the initial stage of the seventh stage screamed directly and burst into pieces, and many middle-stage Martial Kings of the seventh stage also retreated one after another, blood spurted, and only Li Xuanji and others could still resist. , But also surging with blood, his face turned pale.

The true essence dissipated, and the dozens of martial kings who were originally left fell directly to seven or eight people, seriously wounding more than ten people. If Zhuo Qingfeng and others were not focused on protection by Li Xuanji and others, I am afraid they would have fallen. Scarred, still extremely embarrassed.

But they didn't care at all, they just looked at Qin Chen's location in anger, with a look of anger in their eyes.

With such power, they were far away and couldn't resist it, so what would happen to Qin Chen in the center of the explosion?

Everyone can't imagine.

"Well!"

At this moment, a request came from the center of the explosion, and then everyone saw that Qin Chen's clothes were broken and he walked out of the explosion quite embarrassedly, but his aura was very stable, except for some embarrassment, unexpectedly Not even serious injuries.

"Little dust, you..."

Zhuo Qingfeng and the others looked at Qin Chen with great excitement, and they couldn't restrain their inner joy.

The others were completely dumbfounded, looking at this scene in disbelief.

The previous explosion, even the seventh-order and triple-layer Wu Wang, may not be able to resist it, maybe it will be seriously injured, but Qin Chen, there is nothing wrong with it?

"No, you see, the aura on this child...he... has broken through the middle stage of the seventh stage?"

Immediately, people were horrified to discover that the aura on Qin Chen's body had broken through to the middle stage of the seventh stage, which was more than several times stronger than before.

This.....

One by one, the eyeballs were about to burst, dumbfounded.

"I didn't expect that just refining a jade slip could make my cultivation level breakthrough to the middle stage of the seventh stage, and the Immortal Eucharist also entered the sixth stage."

They were shocked, Qin Chen was also shocked, looking at the mysterious rune in the palm of his right hand, his heart was surging.

The Immortal Body can be called the most terrifying body-refining exercise on the mainland. Even in Qin Chen's previous life, in the entire martial arts domain, only one nine-day martial emperor who has reached the top in body-refining can control the Immortal Body. Practice to the seventh level.

But now, Qin Chen only has the seventh-tier mid-stage cultivation base, and he has cultivated the Immortal Saint Body to the sixth level, which made Qin Chen himself feel unbelievable.

The six levels of indestructible sacred body is enough to make Qin Chen's physical strength far surpassing the average seventh-order three-tier martial arts king. It is no wonder that the five previous seventh-tier mid-level peak martial arts jointly blew himself up.

"You... actually refining the jade slip, it's impossible... it's impossible..." In the palace, the voice of Skeleton Rudder was shocked. At this moment, there was no beginning in his voice. He was proud, but full of horror.

[Chapter 1038: The situation reversed](#)

"In this world, nothing is impossible."

Qin Chen sneered, raising his hand, and suddenly reflected on the wall behind the coffin.

Rumble!

The entire wall trembled with a bang, and at the same time a passage appeared in front of everyone instantly, leading straight to the depths of the palace.

Whoosh!

His figure flickered and turned into electric light, Qin Chen rushed into the passage instantly and disappeared.

"go!"

"The skeleton rudder master, stay inside."

"Go in together."

In the roar of anger, dozens of Wu Kings remaining on the field rushed out and rushed into it at the same time.

A group of people ransacked quickly in this passage, one after another like a flash of lightning. After a while, the front of the passage suddenly opened up, and a magnificent underground hall appeared in front of everyone. In the center of this underground hall, there is a mysterious altar. In front of the altar, there is a human-shaped "skeleton frame". The bones of the whole body are dark red, and some flesh

and blood are scattered on the body. The skeleton frame is wrapped, and two **** are beating in the eye sockets. The deep red flames, the whole body is covered with a hazy gray

The mist shrouded.

The mysterious skeleton frame, dark eyes and everyone looked at each other, everyone was suddenly struck by lightning, and there seemed to be ghosts floating in front of them.

"Is this spirit aura that is the strongest of Martial Emperor? No, some are similar to Martial Emperor's strength, but in fact it is still far behind, at most close to half a step of Martial Emperor, otherwise it would not be so troublesome at all. Enter this heavenly demon secret realm."

Everyone's eyes flickered, and finally breathed a sigh of relief.

As long as the opponent is not at the level of the eighth-order martial emperor, with their seventh-order triple peak cultivation base, plus so many people working together, there is no fear of any challenge.

"Unexpectedly, you, a group of ants, could really find this place, which is beyond our expectation!"

The black skeleton looked cold, and a token suddenly appeared in his left hand. The token waved, instantly igniting a terrible gray air current, sweeping toward everyone.

"Humph!"

Qin Chen snorted coldly, and the Heavenly Seal in his hand appeared, falling towards the gray airflow cover.

Boom!

Fan Tianyin and the gray air current rushed together, intertwined with each other, powerful, and the hall vibrated gently.

"What kind of pervert is this kid? The mere mid-level 7th-level peak martial king has such terrible combat power..."

Skeleton Rudder's face was ugly, and a white bone whip appeared again in his right hand. On the whip, black lines circulated, and with a light flick, it instantly cast a black light and flame shadow, like a roaring burning bone dragon.

"Thunder Wing Slash!"

Qin Chen swung his sword out, and on the mysterious rust sword, the thunder light exploded, forming a thunder sword light more than ten feet long, and slashed towards the skeleton rudder master amidst the crackling sound.

"Huh, little bugs."

The Skeleton Rudder sneered, waving the token with his left hand and the bone whip with his right hand, suppressing the others with one hand, while facing Qin Chen.

Crackling!

boom!

Qin Chen's fencing light was powerful enough to seriously injure the seventh-order triple martial king, but he was easily resolved by the skeleton rudder master with his whip.

In the face of so many masters, Skeleton Rudder Master, although not shocked, looks indifferent, calm, and profound, his body breath is thick and majestic, and the flow of true essence seems to arouse the power of heaven and earth. In terms of profound meaning, it is far superior to Li Xuanji and others. Seventh-order triple peak martial king.

"This person used to be at least at the level of the Eighth Martial Emperor. Otherwise, it would be impossible to use this level of cultivation to release such power. According to preliminary estimates, the strength of the Skeleton Rudder at this moment is only his original strength. It's one or two, not even yet."

Qin Chen's eyesight, as soon as he fought, he instantly understood the horror of Skeleton Rudder Master.

What was even more terrifying was that the soul pressure of the Skeleton Rudder Master was not weaker than him.

Moreover, he could feel that the skeleton of the rudder master's soul was in a weak state, otherwise, it would definitely be far above him, Qin Chen.

And in the opposing party's soul coercion, there is an extremely terrifying cold force.

"This class of masters can never be the masters of the Blood Demon Cult trained in the land of a hundred dynasties. It is extremely possible that they are the masters of this alien demon race in the distance. However, his body is a human body. The human martial king who seized the house?"

Qin Chen thought, his eyes cold.

After deep thought, the token in the hands of the Skeleton Rudder Master increased and danced, and countless gray air currents, like tentacles, instantly entangled several Wu Wangs, and those Wu Wangs screamed, and the whole body instantly disappeared and turned into dry corpses.

A trace of energy and blood flowed, and then accompanied by a gray air current, merged into the main body of the skeleton rudder.

It was visible to the naked eye that the vitality on the Skeleton Rudder Master's body rose slightly by one point, and the shot power was even more terrifying.

"No, this person is absorbing our energy and blood, and we must defeat it as soon as possible, otherwise, it will be more troublesome when one goes up and down."

Qin Chen retreated suddenly, and a simple mirror appeared in his hand. Under the urging of his true essence, a pure and holy power burst out of the mirror instantly, sweeping towards the Skeleton Rudder Master.

It is the Likan Holy Mirror obtained in the Black Death Marsh.

This Likan Sacred Mirror originally had a miraculous effect on the creatures of the Black Death Swamp, specializing in restraining the dark power, but the Black Death Swamp and this Heaven Demon Secret Realm are actually of the same origin, and they must have miraculous effects.

At the same time, Qin Chen opened the eye for breaking the ban on the center of his eyebrows, like an endless abyss, spreading a terrifying mental impact, and shot out instantly.

Likan Holy Mirror and Spiritual Attack are simultaneously performed.

"Such a powerful mental power, chasing the eighth-order martial emperor, how can this son be so terrible? No wonder it will be planted with golden parasitic seeds..."

Two major attacks struck, and the Skeleton Rudder master suddenly changed color, feeling depressed and uneasy.

If he was at his peak, he would naturally ignore such an attack, but since waking up a thousand years ago, he seized a human martial king, he has been fitting the relationship between his soul and this body for thousands of years.

Today, although he has begun to reshape his body, he is still in a weak state, far worse than his peak.

At this moment, the attack launched by Qin Chen was the first time he made a full shot after breaking through.

"Puff!"

Two attacks, one after the other, descended on the main body of the skeleton leather rudder.

hiss!

The Skeleton Rudder snorted, and his whole body was shrouded in horrible white light, and he made a sound of scoffing and burning, and even black smoke appeared. On the freshly condensed flesh and blood, burning scars, embarrassing.

What was more terrifying was Qin Chen's mental attack.

With a breakthrough in his cultivation, Qin Chen's mental power naturally broke through, and his soul power was also improved.

This mental storm also contained the deceiving power of the magic imprisoned cage and the terrifying soul impact.

Directly oscillate on the soul level of the Skeleton Rudder Master, inflicting certain damage.

Puff!

As the skeleton rudder lost his mind, the gray airflow below was suddenly torn apart by Li Xuanji and others, exposing a gap.

"The remnants of the blood demon, die!"

Li Xuanji of the Tang Dynasty, Sailuochuan of the Longyuan Dynasty, Wu Chenshi of the Yuan Dynasty, and Pei Dongxing of the Dayong Dynasty all shot out from the gray fog at the same time. .

The four great ancestors rise from below and form a pincer attack with Qin Chen who suppressed the skeleton rudder in the sky. The situation reversed in an instant.

[Chapter 1039: Strong in the outside world](#)

The Skeleton Rudder master roared, and a layer of dark gray light rushed all over his body. This light stream was cold, with the power of evil, cold and biting, and barely resisted the double attack of Qin Chen's soul and spirit.

However, attacks from the soul level cannot recover quickly.

Before he was fully awake, above his head, Qin Chen was in the shape of electricity, with thunder light lingering all over his body, turning into an electric dragon, sweeping over him.

The second attack was already brewing.

"Electric Poison Dragon!"

The azure blue thunder light turned into a roaring angry dragon, full of thigh thickness, roaring, descending from the sky and descending on the body of the skeleton rudder.

After being attacked by the soul impact, the skeleton rudder master fell into the thunder light punishment again, and his body and soul were again damaged by the impact.

The power of the bloodline is very special. The general swordsmanship is only a physical attack, but the bloodline of thunder and lightning is a double attack of physical and mental. The stronger the mental power, the more terrifying the power.

What's more, while Qin Chen used the sword technique, he also urged the swordsmanship, making it more powerful.

With Qin Chen's current cultivation base, strength, and three stunts of swordsmanship, bloodline, and swordsmanship, it is enough to kill the ordinary seventh-order triple martial king, and the seventh-order triple peak martial king may not be able to resist.

but.

After all, the Skeleton Rudder Lord is a strong man of the ancient alien demons, his soul power is comparable to a half-step martial emperor, and his physical defense is not comparable to the general seventh-order triple peak martial emperor.

Regrettably with this blow, the Skeleton Rudder Master stabbed his whole body, as if being burned by purgatory, making a sneer. The flesh and blood that had just condensed also began to wilt and corrode, but he did not suffer a fatal blow.

"It's worthy of being a strong man of the ancient alien demons."

Qin Chen was not surprised.

With this blow, he didn't have the idea of beheading the opponent, after all, if such a strong man could be beheaded so easily, he wouldn't survive in this heavenly demon secret realm until now.

His purpose is to limit the skeleton rudder master so that it cannot easily compete, and at the same time, if it can bring him some damage, it is enough.

And then, there was a joint attack by Li Xuanji and others.

Boom boom boom!

Qin Chen's attack restricted the body of the skeleton rudder master, giving Li Xuanji and other great seventh-order triple peak martial kings an excellent mobile phone meeting. In an instant, the attacks of the top martial kings were like meteors falling to the moon, bursting into the sky. The skeleton rudder is on the main body.

"Ah, you **** human ants."

The Skeleton Rudder master roared, and the gray-brown fog surged all over his body, but he was instantly torn apart by the terrifying attack. The gray fog suddenly became dimmed, and the newly gathered muscles on his body were also torn apart. Come, cut out the scars that are shocking.

Ding Ding!

Among them, the black sword of the ancestor of Sai Luochuan, like a dragon, came out of the pool, bucking the trend, and instantly cut off the flesh and blood of the skeleton rudder master, and slashed on his dark and cold bones.

Only the sound of clanging gold and iron cross-going sounded, and there was fire blooming, just leaving a shallow trace on the black bone.

what?

Sai Luochuan and other ancestors suddenly changed color.

The defense of the Skeleton Rudder Lord was more terrifying than imagined, and he actually resisted a strong blow from several of them.

"Damn, you angered me."

The Skeleton Rudder Master roared with a loud boom, and his entire body erupted with terrible black arrogance, like a gushing volcano, with a terrible cold soul will, instantly swept out.

"Rewind!"

"Don't resist!"

The ancestors of Li Xuanji roared, their bodies retreated violently, and were swept by the impact of invisible spirit power. Their robes burst to pieces, revealing the inner armor, and at the same time their faces turned pale, and even the corners of their mouths overflowed with blood.

Puff puff!

Below, some of the nearby seventh-tier mid-level martial kings were swept by this black impact, and their skin suddenly undulated like waves. The next moment, their eyes widened, and the whole person burst instantly, turning into a rain of blood.

call!

A large amount of blood rose up into the sky like a tornado, and finally merged into the body of the skeleton rudder master, making his body's gray fog become more and more cold, more faintly bloody, and exuding evil aura.

"All the martial kings below the mid-level of the seventh tier must step back one hundred meters, and they are not allowed to approach."

The ancestor Li Xuanji coldly shouted, his expression frightened. With this alone, several Wu Kings fell. On the other hand, the skeleton rudder master had just become a little weak aura, as if he had recovered blood.

How do they fight?

The seventh-tier mid-stage martial kings below are equally ugly, with horror on their faces, and their bodies receding.

These people, in the land of a hundred dynasties, are the ancestors of various dynasties, like giants of the world, but in front of this skeleton rudder master, they are fragile and vulnerable, and can only be counted as cannon fodder and nutrients.

"Hahaha, just by you, want to kill this seat, wishful thinking."

The Skeleton Rudder master laughed, arrogant, standing proudly in the air like a demon, with a wild posture.

The aura that suppressed everything shocked everyone, their faces were frightened, their hearts were shaken, and a shadow of fear floated over them.

"Huh, don't brag about it, it's just superficial, strong on the outside and doing it at the same time."

Qin Chen sneered, and as the eyes of breaking the ban flowed, he clearly saw that this layer of arrogance and blood was just haunting the main body of the skeleton rudder, not fully integrated into his body, becoming his true strength.

In other words, although this short-term absorption of blood energy can temporarily increase the strength of the skeleton rudder master, it is by no means a true and complete transformation, and the nature of the injury has not changed.

In a sneer, Qin Chen urged Fan Tianyin, a huge black mark as towering as a hill, and instantly fell down.

"Humph!"

The Skeleton Rudder snorted coldly, and raised his right hand. Hey, the white bone whip was like a burning black raging dragon, instantly wrapped around the black big seal, and pulled it down fiercely.

With a bang, that white bone whip, containing unpredictable power, actually flew the black big seal like a small hill upside down, making a terrifying roar.

But at this moment, hey, the Likan Holy Mirror in front of Qin Chen seized the gap of this moment, and suddenly burst out a dazzling white holy light.

puff!

The white holy light blasted on Skeleton Rudder's wrist with a click, and there was the sound of bone cracking on that wrist. At the same time, black smoke was rising, and the bones were exposed and burnt with scorching marks.

Under the bombardment of this white holy light, the Skeleton Rudder was unstable, and the bone whip in his hand flew out instantly, flying into the air.

"Attack his bones and joints!"

Seeing this, Li Xuanji and others immediately understood.

The skeleton of the rudder master's body, although tyrannical, can withstand the attack of their seventh-order triple peak Wuwang, but it is not without flaws.

Without the protection of flesh and blood, the skeleton and joints of the skeleton rudder are actually much weaker than ordinary humans. His skeleton and joints are also the weakest part of his body.

Especially the joints in places like wrists and ankles are even more fragile. They couldn't see these flaws, but they couldn't hide under Qin Chen's ban.

[Chapter 1040: Zhenjiezhu](#)

"Damn it."

The Skeleton Rudder yelled, his wrist trembling, his five fingers spread, and five black lights burst out from his fingers, turning into a terrifying gray mist, covering the tossing bone whip and sucking towards his palm. Come.

At the same time, there was a clicking sound, and the original cracked wrist was instantly closed, and the gap between the arm bone and the arm was quickly eliminated.

He sneered in his heart, his bones and joints were more fragile than normal, but with his secret method, the broken bones and joints could be healed instantly, which could only be regarded as flaws.

"Huh!"

Seeing that the white bone whip was about to fall into the hands of the skeleton rudder master, suddenly, a black shadow flashed in the void, and the **** cat who had not known where to go before suddenly appeared and swept away the white bone whip.

"you....."

The Skeleton Rudder master was taken aback, the sneer at the corner of his mouth solidified, and the flames in his eyes burned, frightened and angry.

"Come!"

The horror suction surged sharply, and the white bone whip spun spontaneously, and slapped down at the **** cat, while shaking, flew towards the skeleton rudder again.

"For this emperor!"

The **** cat sneered, with black sharp claws on the bone whip frequently, and finally slammed the hand-to-hand junction of the bone whip. The white bone whip suddenly seemed to be pinched by a seven-inch poisonous snake, and instantly softened. Lost spirituality.

"what!"

The Skeleton Rudder master felt that the spiritual connection between himself and the bone whip was actually shielded, and the connection was lost, and he suddenly roared.

"Damn the thief cat, bring it to me."

He widened his eyes, in disbelief, the white bone whip was the demon soldier he had refined, and his bones were almost as one body. It can be said that the bone whip has become part of his body. What is this thief cat? How to cut the connection between him and the bone whip?

"Big black cat, good job!"

Qin Chenlang laughed, and Li Xuanji and others below were also excited, with surprise expressions.

"Don't give it back!"

While being pleasantly surprised, everyone shouted loudly. Unexpectedly, the **** cat ignored a few people. Instead, he held the bone whip in his hand and looked at the skeleton rudder indifferently. The tone was colder than ever, and said: "Death skeleton, as long as you give the things on the altar in this place to the emperor, The emperor can not only give you this bone whip, but even deal with these human boys for you.

"

what?

The crowd was angry and stunned. What is going on?

They looked at Qin Chen one after another.

Isn't this **** cat Qin Chen's pet? Why did he suddenly start a deal with this skeleton rudder owner?

Qin Chen also looked indifferently, staring at the **** cat.

"What's on the altar? I don't know."

The Skeleton Rudder drank coldly and glanced at the **** cat in shock.

"Don't play tricks with the emperor, you know, it's a black bead, which should have been on this altar before."

"how do you know?"

Pedal!

Taking a few steps back, the Skeleton Rudder Master looked at the **** cat in disbelief. In the gloomy blood pupil, the light flickered, and his heart was obviously shaken.

"Big Black Cat, what are you doing?"

Aside, Qin Chen yelled and looked at the **** cat with an angry expression. At the same time, his heart moved slightly. Could this **** cat follow along all the way because of these black beads?

What is the use of the beads? Let it care so much?

"Young man, the emperor wants to get the beads for your own good. As long as the emperor gets the beads, he can take out the parasitic seeds in your body." The **** cat explained, Qin Chen's voice resounded. "Furthermore, the black beads, called the Zhenjiezhu, are the treasures of the ancients. They suppress the entire heavenly demon secret realm. Once taken away, within decades, the seal of the entire heavenly demon secret realm will be loosened. By then, those suppressed in the heavenly magic secret realm The strong ancient alien demon in the depths will completely loosen the seal,

Breaking the ban, at that time, the entire continent will face another catastrophe. "

The **** cat has a serious tone.

Qin Chen was startled, Zhenjiezhu? From the tone of the **** cat, he could feel that what the **** cat said did not seem to be fake.

Turning his head to look at the skeleton rudder master.

"I don't know the beads you mentioned, and after I came in, I didn't see anything on the altar. I quickly returned the bone whip to my seat."

The skeleton helm master shouted.

"He's meowing, he is still playing tricks in front of the emperor. Everyone, **** this guy. The emperor wants to see. When he is about to die, you can't hand it over!"

The black cat suddenly got up, the **** cat grasped the white bone whip in his claws, and drew it toward the skeleton rudder master.

Huh!

The white bone whip exploded into the void, making an amazing roar.

"Dead cat, you are looking for death!"

The skeleton rudder almost exploded out of breath, and his body was trembling with black light, his left hand token waved, a large amount of black mist hit, and at the same time he rushed towards the **** cat.

"kill!"

As soon as the skeleton rudder moved his body, he was hit by the ancestors such as Qin Chen and Li Xuanji.

But there are also some people hiding behind, it is Ding Qianqiu, Li Shang and others who are cutting corners and secretly conceiving ghosts.

Boom boom boom!

Many powerhouses joined forces, coupled with the loss of the bone whip, the Skeleton Rudder master was beaten and stunned, and roared again and again.

Puff!

Everyone aimed at the joints of the Skeleton Rudder Master, and shot them again and again. Even if the Skeleton Rudder Master is strong, he can escape once or twice, and it is impossible to escape three or four times.

Especially Qin Chen, using the Eye of Breaking the Forbidden and controlling the overall situation, at least requires the Skeleton Rudder Master to spend more than 50% of the energy, but for him, it is miserable for a while.

If this continues, even if the Skeleton Rudder Master can win, he will be seriously injured and even fall.

"Damn it!"

Skeleton rudder master jumped like thunder, has he ever suffered such a loss?

"Spirit Worm, come out!"

Seeing that the Skeleton Rudder Master wanted to run away, Qin Chen directly released the gas-eater ants and the fire-refining insects, two cloud-like spirit worms, which swept towards the Skeleton Rudder Master instantly, gnawing him and screamed.

Although the Skeleton Rudder is a powerful alien, he is not afraid of his blood being swallowed, but the Gas Devouring Ant can swallow all the true energy, even the gray mist on the Skeleton Rudder, but the speed of devouring is relatively slow.

And the fire worm can gnaw everything in the world, biting the skeleton of the skeleton rudder master, making it pitted.

In addition, Qin Chen repeatedly released mental and soul shocks, disturbing the spirit of Skeleton Rudder Master and freezing his actions.

"Extinction!"

"Datang Shengge!"

"Fist of Eternal Life!"

"Tianlong Lingxu!"

The ancestors of the great dynasties, such as Sai Luochuan and Li Xuanji, also seized the opportunity to burn true essence, display their blood, launch the strongest attack, and blasted the skeleton rudder master without hesitation.

Even not hesitate to burn the power of the source.

For a time, the Skeleton Rudder Master roared again and again, and kept backing away, his body was full of holes and devastation.

"Ahhhh, you are seeking your own death!"

The horrified roar of the Skeleton Rudder Master is transmitted on the soul level.

boom! The power of the soul in his mind suddenly fluctuated, and for an instant the aura became strong, and an evil and terrifying soul impact, instantly spreading.
