

## Valkyrie 1061

### [Chapter 1061: All thoughts](#)

At this moment, the Skeleton Rudder Master was standing proudly like a demon god, and the pressure erupted from his body several times more terrifying than in the heyday.

He turned his head and stared at Qin Chen. In the cold pupils, the light flickered, deep and gloomy.

Suddenly, the scene froze and the atmosphere became very strange.

Before the breakthrough, Qin Chen was able to suppress the Skeleton Rudder Master, but now that the Skeleton Rudder Master has returned to the Wuhuang cultivation base, his strength has increased by more than several times.

In this situation, it is almost impossible for Qin Chen to suppress the Skeleton Rudder Master again.

Suddenly, Skeleton Rudder's mind floated.

His eyes flickered, and no one knew what he was thinking about!

"He meows, you are the slowest. Now that you have recovered, don't leave soon."

At this moment, the \*\*\*\* cat flashed, appeared on top of Skeleton Rudder's head, and sat down.

The speed is so fast that the skeleton rudder master has no time to react.

"Space shift?"

The Skeleton Rudder master immediately struck a spirit.

With his eighth-order martial emperor's cultivation base and control of a certain amount of space power, he has not caught the trace of the \*\*\*\* cat. What is the origin of this \*\*\*\* cat?

There was a horror in his heart, and then the master of Skull Rudder saw Qin Chen's gaze.

Plain, indifferent, even with a trace of looking down.

In his mind, the Soul Destruction Seal faintly circulated, causing him to feel an unprecedented sense of crisis.

He has a feeling that even if he breaks through the realm of Emperor Wu, the other party can also annihilate his soul instantly with a single thought.

A cold sweat broke out from behind, and the aura of Skeleton Rudder master instantly converged, and then respectfully came to Qin Chen and said, "Subordinate, I have seen the master."

"well."

Qin Chen's eyes were deep, with a gentle smile, and he reached out and patted the Skull Rudder Master's shoulder.

Between the waves, the horrible soul was shocked, the skeleton rudder shook suddenly, and the dark golden skeleton almost disappeared.

The Skeleton Rudder master broke through, but Qin Chen's soul power also broke through. He wanted to fight for Qin Chen's control, which was tantamount to a dream.

A few days later, the palace remains.

In the deserted palace, it was very deserted, and many powerful people were here cross-legged, feeling the will of heaven and earth.

Boom boom boom!

In this strong person, each is actually extraordinary, many of them have been baptized by the ancient will, and the cultivation base has made rapid progress in an instant.

Especially the ancestors of the seven dynasties such as Li Xuanji and Sai Luochuan.

As the strongest in the entire land of the Hundred Dynasties, they have naturally received the favor of many ancient wills.

At this moment, almost all auras in the bodies of the few people are surging, a trace of space power, flowing on the sides of the few people, unexpectedly all have stepped from the seventh-order triple peak to the half-step Wuhuang realm.

This is only because their background is too low, and their control of the power of space is not yet comfortable. Once they have reached a certain degree of control over the power of space and have sufficient resources, they can step into the realm of Emperor Wu in one fell swoop and become the supreme Emperor Wu in a hundred dynasties.

Not only them, but the powerhouses and ancestors of other dynasties have also made great progress.

For example, Tianjianzong Wanjianyi, Xuanyingu Huayunfeng, Tianji Pavilion Shangguanlu, Dan Pavilion Zhao Tiansheng, and other martial kings who were originally at the peak of the seventh-tier mid-level, at this moment, many of them have entered the seventh-level triple realm, becoming a hundred The existence of a giant in the kingdom.

Even the Blood Hand King and the ancestor Liu Tai also broke through and stepped into the seventh and triple levels, which can be described as a huge gain.

As for Zhuo Qingfeng and others, they have also reached the mid-level peak of the seventh step, and they have obtained the inheritance of will, and they have almost unlimited future.

This made this group of people on the court extremely excited, but also wary of each other.

This time the trip to the Heavenly Demon Secret Realm, the harvest is too great, not surprisingly, in the next ten years, the entire land of the hundred dynasties is likely to have several more martial emperors, a group of seventh-order triple martial kings.

This is the first time in the history of the Land of Hundred Dynasties.

At that time, the entire land of a hundred dynasties will face tremendous changes, which cannot be explained in a few words.

And the biggest beneficiaries will be the five great ancestors of the Tang Dynasty Li Xuanji, Longyuan Dynasty Sai Luochuan, Da Shang Dynasty Shang Zhou, Yuan Dynasty Dynasty Wu Chenshi, and Dayong Dynasty Pei Dongxing on the field. .

As long as one of them takes the lead in breaking through the eighth-order Martial Emperor, they can create a terrible dynasty.

The saddest thing is the Dagan Dynasty and the Dali Dynasty. Because of the fall of the ancestors Ding Qianqiu and Li Shang, these two dynasties are very likely to be swallowed and then disappear in the history of the Land of Hundred Dynasties.

"Everyone, since there is nothing wrong here, I will leave first."

After turning the ruins palace upside down, but there was still nothing to gain, Pei Dongxing of the Dayong Dynasty, Shang Zhou of the Dali Dynasty, and Wu Chenshi of the Yuan Dynasty took their men and left.

In addition, Xuanyingu Huayunfeng and others, as well as some people of the middle dynasty, also left.

After all, everyone was united because of the Blood Demon Skeleton Rudder Master. Now that the crisis is resolved, everyone's mind will naturally become different.

Especially with such a huge harvest, few people can still maintain a normal heart.

"Zhuo Qingfeng."

"Nangong Li."

"Are you two leaving with me?"

Including Pill Pavilion Master Zhao Tiansheng and Bloodline Holy Land President Jiang Wuya also questioned them. After learning that Zhuo Qingfeng and the others were willing to stay, they did not stay, but turned and left.

Now they have gained tremendously, each breaking through the seventh and third levels, and their spiritual power has also increased. They are eager to go back to improve their respective domains' cultivation base, and want to return to the Northern Horizons, so naturally they don't want to stay here.

On the contrary, Elder Ge, the head of the Hall of Equipment, has stayed. He himself is a person of a hundred dynasties. He has no ambitions and is old. He does not have any particularly big thoughts about going to the northern heaven. Zhao Tiansheng their pursuit.

In addition, the two great ancestors of the Tang Dynasty Li Xuanji and Longyuan Dynasty Sailuochuan also stayed with Liu Tai and others.

Perhaps they are preventing the Skeleton Rudder Master from returning, or they have other expectations.

"Then Qin Chen, single-handedly pursued the Skeleton Rudder Master, and I don't know what the situation is. I don't know if the previous world vision is related to them?"

"The Blood Demon Skeleton Rudder Master, although he was seriously injured, is the rudder master of the Blood Demon Cult anyway, and is very familiar with the Heavenly Demon Secret Realm, Qin Chen rushed to catch up, I am afraid it will be dangerous."

"I don't know what's going on."

A group of people muttered to themselves looking out the ruins.

From the bottom of their hearts, everyone who stayed admired Qin Chen. If it weren't for Qin Chen, they would have died in this ruin palace long ago, beheaded by the skeleton rudder master, and turned into blood.

"It's been more than ten days, and there is no news at all."

Liu Tai and others were more or less worried, and worried.

If it wasn't for them that they didn't know where Qin Chen had gone, they would have gone together now.

### [Chapter 1062: Return safely](#)

The same is true of the Bloodhand King, who respects and fears Qin Chen.

But at the same time, he faintly expects that Qin Chen will fall in the process of chasing and killing, so that he will be able to regain his freedom.

It's a pity that until now, he hasn't felt any change in the Soul Destruction Seal in his mind.

"You don't need to worry too much. With the master's strength, even if it is not the opponent of the skeleton rudder, it is not difficult to leave."

The Blood Hand King smiled slightly.

"That's right, if there is no assassin, Qin Shaoxia would not come forward to chase after him."

"With less dusty cultivation base, it is not easy for others to kill him."

A group of people also laughed.

Although worried about Qin Chen, he was equally confident in Qin Chen.

Even masters like Ding Qianqiu and Li Shang were easily beheaded by Qin Chen. The Skeleton Rudder master had been severely injured before. Even if he was a high-level Blood Demon Sect, Yu Wei was still there. How terrible could it be?

While everyone was waiting, time gradually came to help.

call out.....

A sharp sound of breaking through the sky resounded outside the ruins, and then a stream of light appeared in the sky, and after a flash, it fell into the ruins of the wind.

"I am back."

A wave of wind and thunder spread across the ruins.

Li Xuanji and others felt an invisible force spread, and they dared to feel a trace of instinctive fear and horror from the heart.

Everyone was shocked and looked at the black-haired boy not far away.

"Little dust, you are finally back, just fine."

Liu Tai and others were relieved, and many people in the ruins breathed a sigh of relief.

Such a genius, once lost, will be a huge loss to the entire hundred dynasties.

Everyone present did not expect Qin Chen to be able to kill the Skeleton Rudder Master and return safely, which was enough to surprise everyone.

What's more, Qin Chen looked not only uninjured, but surging and threatening.

"Master, you have finally come back. These days, the subordinates are worried."

The Blood Hand King shook his body, came to Qin Chen, and said with a flattering smile.

"is it?"

Qin Chen smiled and looked, if he said that others are looking forward to his return, he still believes that this blood hand king is really doubtful.

As long as you die, the soul-killing mark in the other person's mind will dissipate. If you are any person, you want to fall, right?

"Of course, you ask them if you don't believe me."

Seeing that Qin Chen didn't believe him, the Blood Hand King hurriedly said, his chest banged loudly: "If you don't know where the master is tracking the \*\*\*\* skeleton ghost? The subordinates can't wait to rush over to solve the problem for the master. "

"Then you are really interested." Qin Chen laughed, looked at the Blood Hand King, raised his eyebrows and said: "No wonder you are so confident. It turns out that you have broken through the seventh and third levels. Yes, it seems that you should have gained the ancient times. Isn't it the will of the will?"

Talking about it, the Bloodhand King chuckled, almost grinning with joy.

"Little Dust, what happened just now? Do you know?"

Seeing that Qin Chen seemed to have some understanding of what happened before, everyone hurried forward to inquire. "Hehe, you should be incorporated into your body by a lot of powerful wills, and you have all made breakthroughs in martial arts. Actually, those powerful wills that entered everyone's body are actually left over by many powerful people of our human race in the ancient times in this heavenly demon secret realm. Before the accident, they were released,

This led to such an abnormality. "

"The will of the strong human race against the alien demons in the ancient times?"

"It was Qin Shaoxia that you released?"

The crowd was shocked, all stunned.

Although I had guessed in my heart whether it might be related to Qin Chen at this time, when I heard the answer, I was still shocked.

In this way, they were able to make breakthroughs and get huge benefits because of Qin Chen.

For a moment, everyone stared at Qin Chen with complex expressions.

They thought that when Qin Chen chased the Skeleton Rudder Master, it was very likely that he would come back in despair, and at least would suffer a little loss.

Unexpectedly, Qin Chen returned unscathed, unintentionally, and unintentionally released the will of many strong ancient human races. This...

It's hard to imagine.

"By the way, Qin Shaoxia, what happened to the Skeleton Rudder Master? Did you catch up?"

Immediately afterwards, Li Xuanji and others spoke nervously again, looking at Qin Chen eagerly and curiously.

Not only him, but also Liu Tai, Wan Jianyi, Su Lao, Zhuo Qingfeng and others are also very concerned about this issue and are curious.

"Did you catch it?"

Qin Chen couldn't help but stunned.

Obviously, everyone present saw him safe and sound, thinking he hadn't chased the Skeleton Rudder at all.

Because looking at Qin Chen's appearance, it really didn't look like going through a life-and-death battle. On the contrary, it was extremely relaxed. If nothing happened, it was more like going out to play, and found a certain ruin by the way, and got some adventures.

Otherwise, when he was hunting down the Skeleton Rudder Master, where did he have free time to release the will of some ancient human race powerhouse, he must have entered some relics.

"Everyone, the skeleton rudder's matter has been resolved, and in the future, you don't need to worry about what damage the skeleton rudder will cause to my land of hundreds of dynasties."

Qin Chen smiled slightly, and felt happy.

After successfully enslaving the Skeleton Rudder Master, Qin Chen also had a sense of accomplishment in his heart.

And this time the harvest of the Heavenly Demon Secret Realm was beyond his imagination.

After hearing the words, everyone looked at each other and was immediately excited.

"Hahaha, so, it couldn't be better."

Behind the main cultivation base of Skull Rudder, but also above them, the ancestors of the seven dynasties, if he escapes, it will be a huge disaster to me in the land of hundreds of dynasties.

Even if they stepped into the half-step Wuhuang realm, Li Xuanji and others were still very afraid of the Skeleton Rudder Master.

These powerful men have been hiding in the secrets of a hundred dynasties, staring at them, and the pressure on them can be imagined and cannot be ignored.

Moreover, the opponent may even be a powerful person of the ancient alien demon race. Once the strength is restored, it will also be a disaster for the Land of Hundred Dynasties. They are not sure that they will be able to solve it after breaking through the Martial Emperor.

"Qin Shaoxia, could it be that you have completely killed the skeleton rudder master?"

After the joy, Li Xuanji and Sai Luochuan seemed to have thought of something, and suddenly looked at them with concentration.

When Qin Chen mentioned the Skeleton Rudder Master, he didn't say to kill, but used the word "solve" to make the two of them puzzled.

It's just that Qin Chen didn't explain this, but just smiled: "You don't have to worry about whether the skeleton rudder is alive or not. Anyway, from now on, the skeleton rudder will not bring any harm to the land of a hundred dynasties."

Qin Chen seemed to be smiling, making everyone unpredictable.

He didn't want too many people to know that the Skeleton Rudder Master had been enslaved by him. Although Li Xuanji and Sai Luochuan showed enough kindness, there were some things that Qin Chen didn't let everyone know. It was Qin Chen's explanation that made everyone more puzzled and cast a shadow over their hearts.

#### [Chapter 1063: Choose to surrender](#)

If the Skeleton Rudder Lord is dead, just say that he is killed. If he is not dead, this person will retaliate sooner or later. Why does he say that it will not cause harm?

This made everyone suspicious, and they saw that Qin Chen seemed to hide something.

"Since Qin Shaoxia doesn't want to talk about the process, that's nothing. However, since Qin Shaoxia said that the threat of the Skeleton Rudder Master has been resolved, did he find out the whereabouts of the blood demon sect base camp from the opponent?"

The Blood Demon Sect has always been hidden in the land of the Hundred Dynasties, where the base camp is, and it is also worthy of attention. It is conceivable that in addition to the Skeleton Rudder Lord, there must be other powerhouses in the entire Hundred Dynasty.

Compared to the Skeleton Rudder Master, the secret arrangements of the Blood Demon Cult over the years have also made them jealous.

After all, such a huge force has been secretly hidden for so many years. Once it breaks out, it will have an incomparably huge impact on the pattern of the Land of Hundred Dynasties.

"Hehe, I already know these things, but it's not convenient to tell them for the time being, but if you decide to act, you will definitely be informed, and you will need your help by then."

After Li Xuanji and Sai Luochuan waited until now, Qin Chen still had a good impression of the two dynasties.

However, no matter what people asked, Qin Chen always smiled slightly, without giving a clear answer.

It's not that Thaksin can't believe in Li Xuanji and Sai Luochuan, but on the field, there are many middle dynasties under the two great dynasties, and some other middle powers. Some things are better known to everyone who doesn't need to do it.

After that, the two parties talked for a while, considering that the secret realm of the heavenly devil was about to be closed, everyone soon left.

After a while, in the ruins palace, only Qin Chen and Liu Tai and his party were left, as well as many powerful men from the Dagan and Dali dynasties that have not yet fallen.

There are more than 20 Wu Kings in the two dynasties, most of them are the top Wu Kings in the middle of the seventh stage, and there are even three. They were previously selected by the ancient will and entered the realm of the seventh-tier triple martial arts in one fell swoop.

Now that Ding Qianqiu and Li Shang are dead, all this group of people look at Qin Chen in a panic, because they all know that their life and death are now completely in the hands of this young man.

"Give you two choices, first, death, and second, surrender to my Chendi Pavilion and work for this young master."

Qin Chen didn't say much, just spoke lightly.

"What? Surrender to you?"

Everyone's complexion instantly became very ugly. You know, the so-called surrender is to recognize Qin Chen as the master.

Now, Ding Qianqiu and Li Shang have fallen. They are the core powerhouses of the two upper dynasties. If they surrender to Qin Chen, wouldn't it mean that the two dynasties behind them will all fall into Qin Dust hands?

"I said, your heart is too big, right? If you want to annex our two dynasties in one fell swoop, aren't you afraid to eat and support?"

One of the seventh-order and triple-layer Wu Wang said in a deep voice, his face pale.

Although Qin Chen's request had long been expected, when Qin Chen spoke like this, he still felt dissatisfied.

"In this way, your Excellency should choose the first one."

Qin Chen looked at the other party coldly, and didn't wait for the other party to speak. Fan Tianyin appeared instantly and banged out. With a bang, the Triple Martial King's furious eyes widened, and he roared, and he was directly photographed as fleshy. , Soul flies away.

A faint martial arts will dissipated from his body. It was the will of the strong who entered his body before, but at this moment, the thinking of the strong will has dissipated and slowly passed away.

"Who else chooses to die, even if you speak, this young man can satisfy him immediately."

Qin Chen looked at the other warriors indifferently.

A seventh-order triple martial arts king killed him when he said he was killed. Everyone is now reacting. The opponent is a terrifying existence that even ancestor Ding Qianqiu and ancestor Lishang directly beheaded. It's ridiculous that he thought he had a breakthrough. Negotiated terms with the other party.

Didn't I see the ancestors of the other five dynasties before, didn't they say a word for them? It's not that I don't want to, but I don't want to offend such a \*\*\*\* of killing for them, and even have already acquiesced that his life and death are in the control of the other party.

Thinking of this, everyone no longer dared to be negligent, and all knelt down on one knee.

"I am willing to surrender the young man."

"Xia Xia is willing to do things for Chendi Pavilion."

"I am willing to surrender."

Many warriors of the two dynasties no longer dared to neglect and chose to surrender one after another, including the other two seven-tier triple martial kings.

Nonsense, if you don't surrender, I'm afraid you will be like the old ancestor and the previous King Wu, directly becoming a pile of blood.

Qin Chen didn't talk nonsense, he directly left the soul-killing mark in the minds of this group of people, and the blood hand king who was watching was frightened.

At present, these more than 20 people will be the key to his next control of the Dagan Dynasty and the Dali Dynasty, and must be firmly controlled in his own hands.

Fortunately, after Qin Chen stepped into the realm of Void Breaking, his soul power was extremely powerful, otherwise just planting more than twenty soul-killing seals would be enough to make the ordinary King Wu soul collapse and become an idiot.

"Bloodhand King, you are the Martial King of the Dagan Dynasty. How to integrate these two dynasties next is up to you." Then Qin Chen gave everything to the Bloodhand King, but scared the Bloodhand King. Jump.

"Little dust, leave it to me, this...I..."

The Bloodhand King was excited and unbelievable again, stammering.

"What? You are the King Wu of the Dagan Dynasty, and you are very familiar with this group of people. Now you have broken through the seventh and third levels, can you not even do this little thing well?" Qin Chen frowned.

He naturally didn't have so much time to take care of these things, and Liu Tai and others might not have this ability, and now the Blood Hand King is still reliable among everyone.

"Subordinates promise to complete the task."

Seeing that Qin Chen didn't seem to be joking, the Blood Hand King was so excited that he roared loudly.

He couldn't even dream of imagining that he would become a figure in charge of the two dynasties in the future, and all this was only because he had taken refuge in Qin Chen and became Qin Chen's slave.

Imagining what happened during this period, the Blood Hand King suddenly felt like he was dreaming.

"By the way, little dust, what was the situation just now? The skeleton rudder master, is it life or death?"

Liu Tai and others couldn't wait to ask questions after Qin Chen had dealt with the two dynasties.

The Blood Hand King and the Wu Kings of the two dynasties also looked at it.

This matter has been held in their hearts, full of curiosity.

"Do you want to know where the Skeleton Rudder is?"

Qin Chen looked at everyone with a smile.

Everyone nodded, just thinking that Qin Chen's smile was a little weird and wrong.

"Hehe, he, isn't he right by your side?" The Demon Suppression Cauldron appeared, trembling slightly, and then, a layer of gray mist filled the palace, and at the same time, a terrifying and extreme cold pressure was here. In the palace, it instantly filled.

#### [Chapter 1064: Secret Realm Closed](#)

Everyone's expressions were dumbfounded, one by one turned their heads hurriedly, staring at the mist.

I saw a familiar skeleton body faintly emerging in the gray mist, with two clusters of cold pupils shining in the eye sockets.

A palpitating breath slowly dissipated, making the entire palace seem to have arrived in Jiuyou Hell in an instant.

"Skull... Rudder... Lord?"

The shock of everyone was so extraordinary that they were so frightened that they were so frightened that their entire body was erected, and they almost fell to the ground.

In the palace, Skeleton Rudder Master Jie Jie gave a strange laugh, swallowing all the dark mist, and then came to Qin Chen and knelt down on one knee: "Master!"

In this scene, the expressions on everyone's faces were even more exciting, one by one dumbfounded, as if he were hell.

Lord...Master?

Could he be less dusty?

One by one looked at Qin Chen, especially the Blood Hand King and the Martial Kings of the two dynasties. They were even more stunned. I thought it was already extremely rare for him to be enslaved by Qin Chen. I did not expect that the rudder master of the dignified Blood Demon, the ancient alien demons. The strong man was actually enslaved by Qin Chen, this...

stunned.

"Yes, the skeleton rudder has been subdued by Ben Shao, and in the future, he may even fight side by side."

Qin Chen smiled and waved his hand. The Skeleton Rudder instantly entered the Demon Suppressing Cauldron and disappeared. At the same time, Qin Chen took back the storage ring by Qin Chen.

Everyone stayed in place, shocked and speechless for a long time, it seemed that the shock was too great, and they couldn't calm down for a long time.

Before, everyone was still wondering whether Shao Chen could defeat the Skeleton Rudder Master, or even encounter danger. Unexpectedly, Shao Chen did not play the card according to common sense, but taught the blood demon, the rudder master level powerhouse. Take it directly.

This made everyone's suspicions and speculations seem so ridiculous.

"Sure enough, whether there is less dust or less dust, you will never be able to guess."

Liu Tai and others smiled bitterly, then let out a sigh of relief.

Since seeing Qin Chen the first time, Shao Chen likes to surprise people, and now it seems that all this has not changed.

"Let's go, first find You Qianxue and the others. At present, this Heavenly Demon Secret Realm is about to be closed, and everyone is ready to leave."

Next, Qin Chen and his entourage did not continue to explore and experience, but quickly went to the periphery of the mysterious realm of Heavenly Demon to search for You Qianxue and his party.

Two days later, Qin Chen and the others finally found You Qianxue and his party.

What surprised Liu Tai and others was that among the seventeen geniuses who entered the secret realm of the heavenly devil, eight of them broke through to the realm of the seventh-order martial king.

They are Hei Slave, You Qianxue, Wang Qiming, Yu Wenfeng, Lin Tian, Zhang Ying, Di Tianyi, and Leng Wushuang.

Moreover, almost all reached the initial peak of Tier 7.

There is a terrible breath of will in the circulation of several people, and it is obvious that they have gained a lot.

"Hey, the breath of these guys is so terrifying, it seems that those old friends who entered their bodies should be those old friends..."

The \*\*\*\* cat appeared, stared at You Qianxue and the others for a long time, and whispered.

In addition to You Qianxue, the remaining Liu Yuanqin, Liu Lingyun, Xiao Ya, Zi Xun, Zhao Lingshan, and even Qin Batian, Qin Yuanhong, Qin Ying and others have all advanced by leaps and bounds. The weakest is also the sixth-tier triple peak. Most are half-step Wuwang level.

However, although they have not been able to break through to King Wu temporarily, because they have been baptized by the ancient will, it will not be difficult to break through the realm of King Wu in the future, but it will take time.

"It seems that it's the right time to let Grandpa and the others come in."

Qin Chen sighed.

Originally, with Qin Batian's talents, even with the help of Qin Chen, it was already the ultimate in the final cultivation to the seventh-order martial king realm.

However, after experiencing this trip to the mysterious realm of the heavenly devil, all of them have undergone renewed changes. Their future achievements will definitely not stop at the realm of King Wu, and Qin Chen is very pleased.

At least, in the future, Grandpa and the others will not need to worry too much about this land of hundreds of dynasties.

The only regret is that the ancestor Xia Wuhong of the Great Xia Dynasty fell into this secret realm.

And the ancestor of Mo Tianming also lost his right arm.

But it was a blessing in disguise, breaking through to the middle stage of the seventh stage.

After the crowd met for a long time, aurora suddenly floated above the dark sky of the heavenly demon secret realm. These aurora, wrapped up the people in the heavenly demon secret realm and disappeared in place.

Chaotian City Square.

There are already crowded at this moment.

It has been three full months since many powerful men entered the secret realm of the heavenly devil.

According to past practice, the time of opening the Heavenly Demon Secret Realm is usually three months, and rarely more than three months.

Therefore, many people know that these two days will be the days when many geniuses and strong men who have entered the secret realm of the devil will come out, and they will wait here early.

Because the heavenly demon secret realm is so dangerous, every time it is opened, a large number of warriors will fall, and a large number of strong men will be born.

It can be said that the once-in-a-hundred-year-old Heavenly Demon Secret Realm has a huge impact on the entire land of a hundred dynasties. Each time, many dynasties will be destroyed and many dynasties will rise.

Buzzing buzzing...

Finally, in the expectations of everyone, a huge black passage suddenly appeared in the sky that had been in line with Chaotian City, and many figures fell out of that passage.

"Haha, come out."

"I'm really looking forward to it, this time I don't know how many strong people are born, and how many geniuses fall."

"Yes, I don't know if the Heavenly Demon Secret Realm is opened this time, and whether the Seven Dynasties have changed."

"It shouldn't be the case. The seven dynasties are the top forces in the land of my hundred dynasties. Even if the mystery of the heavenly devil is opened, it will rarely change the upper dynasties, unless there are ancestors of the upper dynasties. Adventure, break through the Emperor Wu."

"How difficult it is to break through the Emperor Wu, in the history of my hundred dynasties, just over a thousand years ago, such a terrifying figure as the leader of the Blood Demon Sect was born!"

"This is true, but the upper dynasty will not change, and the middle dynasty will probably be different."

"Let's wait and see."

Countless people expect that Chaotian City Square has long been surrounded by water. After all, this matter is related to the interests of their various forces, and no one can be alone.

"boom!"

"Is the Heavenly Demon Secret Realm going to be closed?"

At this moment, a terrifying aura landed, and instantly came to the square, causing the crowd to shake and retreat.

"It's the owner of the Medicine King Garden."

"Why hasn't seen for a few months, the aura on the Master of Medicine King Garden has become so terrifying?"

"Yes, this king just took a look, and he felt a sense of trepidation. How could this be possible?"

The crowd trembled, many seventh-order martial kings, their complexions changed drastically, and their expressions when they looked at the Master of Medicine King Garden became very solemn. Because from the Master of Medicine King Garden, they felt an aura that made their heart palpitations and chills, as if the other's eyes could make their breath freeze.

[Chapter 1065: Get me out](#)

This is almost impossible.

They are all masters at the Wuwang level, even if the owner of the medicine king is the pinnacle of Wuwang, it will not make them breathe hard with a single look, and their hearts are horrified.

Something they didn't know absolutely happened to the owner of the Medicine King Garden.

However, seeing the owner of the Medicine King Garden, everyone thought of something.

"Hey, the owner of the Medicine King is here, it should be for those guys from the Dawei Dynasty."

"Those guys have offended ancestor Ding Qianqiu, how can the Dagan Dynasty allow them to survive? I think they should all die in the secret realm."

"It seems that Yaowangyuan is mainly disappointed this time. Those guys are really too. I remember that the leader is called Qin Chen. He thought he was a bit talented and a bit background. Even the upper-class dynasty dared to offend him and didn't look at himself. strength."

"Is the upper-class dynasty so messy? Even if he has the owner of the medicine king, but the owner of the medicine king has not entered the secret realm of the heavenly devil, how can he protect them?"

"Yes, but there are always some idiots in this world who can't see the facts clearly, just to teach them some lessons, so that they know who can offend and who can't."

Many people sneered and whispered in the square.

The two of them talked very loudly, attracting people to wait and see, and the two of them were not even aware of it, and were triumphant.

puff!

Soon, a big hand fell, and the two of them were slapped into the ground. They were covered in blood, and a face seemed to have been chewed by a dog.

"One more nonsense, the owner of this garden has abolished you."

It was the owner of the Medicine King Gardener who took the shot. With a cold look, the two Wu Kings who got up in an embarrassed manner were all horrified, but they didn't dare to say a word, just retreated tremblingly.

Ma Ye, this is too terrifying, the two of them were seriously injured in a single palm, and the sea of anger was almost shattered.

They have a feeling that if the owner of the Medicine King wants to kill them, it will never be more difficult than pinching two ants.

"The strength of the owner of the Medicine King has definitely improved on the original basis."

Many people took a breath and saw some clues.

Even if the owner of the Medicine King Garden is stronger, the two before him, who are at least the seventh-tier martial king, would be shot directly into the ground like a fly. The only possibility is that the cultivation base of the Medicine King garden owner has broken through again.

However, the Master of Medicine King was already a strong man at the late stage of the seventh stage, and now he has made a breakthrough, what realm did he reach?

The legendary half-step Wuhuang?

hiss!

Everyone trembled, and they didn't even dare to look at them, for fear of causing dissatisfaction with the owner of the medicine king.

boom! boom! boom.....

But at this moment, a series of terrifying auras have already fallen from the sky, attracting everyone's eyes, and they all looked up.

I saw that some Wu Kings came out first, and each of these Wu Kings erupted with a terrible aura, causing everyone on the square to change their color and retreat.

"It's the left heart king."

"There are King Chilian and them."

"It's terrible, why haven't we seen it for months, how has the aura on these guys become so terrible?"

"That's right, this king has a frightened feeling when he sees it, how is this possible?"

As a famous expert came out of the mysterious realm of the heavenly devil, the many warriors and warlords around the square were all stunned, and their expressions were shocked.

Those who can enter the secret realm of the heavenly demons are the outstanding figures of the major dynasties. In Chaotian City, there are many people with great reputations and acquaintances.

Everyone is naturally very knowledgeable and familiar with their strength.

But now, these martial artists they used to be familiar with, the aura on their bodies completely stunned them, that terrifying aura permeated, and it was clearly stronger than before entering.

Not only these martial kings, but almost every warrior who came out of the heavenly demon secret realm, the aura on the body has changed, and it is not a small change.

Including some Wuzun geniuses who entered, each cultivation base has made rapid progress.

This made everyone stunned, speculating about what happened in the secret realm of the heavenly devil?

"Hey, aren't these disciples of the Dawei Dynasty? Why didn't they die?"

At this moment, the crowd suddenly exclaimed and looked forward in surprise.

I saw Qin Ying and his group flying down from the sky, exuding a powerful aura.

You must know that before they entered, the cultivation base was the early and early peak of Tier 6, but now, they are all at the half-step Martial King level and are still half-step Martial King peak.

This improvement is too exaggerated, too obvious, right?

It took three months to break through from the peak of the initial stage of the sixth stage to the peak of the half-step Wuwang. Is this... Is this a panacea that has been used all day long?

What surprised them even more was the fact that Qin Ying and the others were alive. Didn't Dawei Dynasty offend Dagan Dynasty? How come the disciple of the Dawei Dynasty didn't die after entering the mysterious realm of the heavenly devil.

Did the Dagan Dynasty show great kindness and want to be a good person? Or is it that they are too busy in the Secret Realm of the Heavenly Devil to bother to deal with the geniuses of the Dawei Dynasty?

While guessing and suspicious in their hearts, everyone unexpectedly discovered another situation.

That is, among the many warriors who have come out so far, there is no disciple of the Dagan Dynasty.

how can that be?

And not only the Dagan dynasty, even the disciples of the Dali dynasty are also very rare.

These two dynasties, but one of the top seven upper dynasties in the land of a hundred dynasties, even if they encounter an accident, the loss is a bit heavy, it is not so far that even a warrior can't see it.

While in doubt, he heard an angry scream.

"Let Qin Chen get that waste out of me."

boom!

A terrifying killing intent rose to the sky, and then, a stream of light flashed across the sky, and instantly blasted towards Qin Ying and others below.

This person has only one broken arm, and it is the Hengtian Xiao who was blasted off by Qin Chen in the ruined palace and then fled in embarrassment.

At this moment, Hengtian Xiao, full of horrible killing intent, swept through the astonishing true essence, unexpectedly broke through to the peak of the seventh stage in one fell swoop, and his cultivation was extremely terrifying.

Right.

Hengtianxiao itself is one of the top ten rookies in the land of a hundred dynasties. In terms of talent, among all the geniuses who enter the secret realm of the heavenly devil, ranking in the forefront, they will naturally be favored by the ancient will, and it is reasonable to break through the seventh-order martial king. should.

It's just that things that seem to be taken for granted by others fell into the eyes of many Wu Wangs on the square, but they were like hell.

"Hengtianxiao has broken through the realm of King Wu, and has also reached the initial peak of the seventh stage?"

"It's not just Hengtianxiao, you see, there is also Zhou Zhengshu."

"The same goes for Li Yuancheng of the Tang Dynasty."

"And Zhou Zhiwei of Xuanyin Valley also broke through."

The crowd shook, everyone was stunned, and looking around, they saw no fewer than seven or eight powerful new Martial Kings.

### [Chapter 1066: Metropolitan Tenno](#)

Is this too exaggerated?

The Heavenly Demon Secret Realm is terrifying, but it is not terrible yet, a group of half-step martial king level geniuses enter, and when they come out, they all become seventh-order martial kings.

In history, many warriors came out of the mysterious realm of heavenly devil, and the following years showed their amazing talent.

Why this time, after they came out one by one, it was like a change of individuals, and this improved too much, right?

Everyone was stunned, only feeling that they were dazzled.

boom!

At this time, Hengtianxiao's attack had already arrived in front of Qin Ying and the others. Seeing that his attack was about to fall, he suddenly shot out a figure from the side, punched it out, and instantly blocked Hengtianxiao's attack. under.

"How many, are you okay?"

That figure stood proudly and looked indifferent. It was Di Tianyi.

Huh!

Another figure flashed on the side and appeared beside Di Tianyi, but it was Leng Wushuang.

On the two of them, the true essence was surging, and they also entered the realm of the seventh-order Wuwang.

"It's another two seventh-order martial kings."

The corners of the mouths of the people below twitched, their eyes were dull, and all of them were almost dizzy.

As for the many Wuzun geniuses on the field who did not get the spot to enter the Heavenly Demon Secret Realm, their regrets were blue at this moment. Who blames them for not having enough talent or being in a dynasty that is not strong enough.

Otherwise, with their strength, if they enter the Heavenly Demon Secret Realm, they might also be a seventh-order Martial King powerhouse now.

One by one, he was very upset and jealous.

"Sure enough, it is you two guys. It seems that the kid back then was indeed Qin Chen, and he pretended to be someone from the Chase Dynasty. He deserves death."

Hengtianxiao was trembling with anger when he saw Di Tianyi and Leng Wushuang.

At the beginning, there were two guys who fought with him. At first, after he heard that the young man in the ruined palace was Qin Chen from the Dawei Dynasty, he still had some doubts. Now it seems that it is not wrong.

"Zhou Zhengshu and Li Yuancheng, you two were also there at the time, huh, let me say that the magic crystal in the magic pond must have been stolen by a group of scum from this mighty dynasty. You two can only watch Is it a drama? Let others run wild on you, but remain indifferent?"

Feeling the aura on Di Tianyi and Leng Wushuang, Hengtianxiao's eyes rolled and said coldly.

He wasn't stupid either. Knowing that he was struggling to deal with Di Tianyi and Leng Wushuang alone, he immediately wanted to pull Zhou Zhengshu and Li Yuancheng into the water.

"what?"

It's just that when he said this, the crowd on the court was shocked again, and one by one was about to faint.

How did you hear what Hengtianxiao meant? It seemed that Qin Chen of the Dawei Dynasty had offended the three of them?

Oh my God.

What kind of evil star is Qin Chen, how can he offend people wherever he goes? And the offending are all top dynasties in the land of a hundred dynasties?

Besides, what are the identities of Hengtianxiao, Zhou Zhengshu and Li Yuancheng? Each is one of the top ten rookies in the land of a hundred dynasties. After stepping out, even the ancestors of the big and medium dynasties dare not neglect. The people of this prestigious dynasty are good, and they are all offended.

Is this a rhythm to offend all the seven upper-class dynasties?

For a moment, everyone looked at the owner of the Medicine King Garden one after another, thinking: This mighty dynasty wouldn't think it would be lawless with the backing of the Medicine King Garden owner, right?

This is the five upper-class dynasties. If the five upper-class dynasties are to blame, even if the owner of the medicine king is detached, he dare to offend the five upper-class dynasties?

While being speechless, Zhou Zhengshu and Li Yuancheng shook their bodies, but they also came to the sky above Qin Ying and others.

They weren't able to deal with Qin Ying, but Qin Chen had taken away the magic crystals in the magic pond, causing them to be horrified. If they don't show up now, things will be spread out in a hundred dynasties and let them How will you see people after the two?

Everyone would say that the top ten dignified rookies, even a kid of the middle dynasty can't deal with them, and they are played around by the other side. Haha, the top ten rookies, the top ten bears are about the same.

How to bear it?

Boom!

For a time, the three of them stood proudly in the sky, coldly watching Di Tianyi and the others below, and a fierce fighting spirit broke out, attracting everyone's attention.

At this moment, the exit of the Heavenly Demon Secret Realm had not yet been closed, and a black halo enveloped the center of the square. Even if the owner of the Medicine King Garden was willing to take action, he could not intervene.

Seeing that the three of them will attack the Dawei Dynasty disciples.

"stop!"

At this moment, a loud shout sounded, but a Martial King of the Longyuan Dynasty repelled from the exit. Seeing this scene, the cold sweat on his forehead was suddenly scared.

"It turned out to be Lord Xu Du, I don't know why I stopped waiting?"

When Zhou Zhengshu saw the incoming person, he was stunned. Many of these capitals were the martial king of his Dragon Origin dynasty, and he was also a seventh-tier mid-level martial king. After experiencing the mysterious realm of the heavenly devil, his cultivation base has even entered. The peak of the seventh-tier mid-term.

This person had a high status in the Longyuan Dynasty, so Zhou Zhengshu did not dare to neglect.

"Naughty, who told you to act on the Dawei Dynasty disciples, don't you want to die?"

Xu Du hated that iron could not become steel, and shouted anxiously, even with a hint of panic in his eyes.

nonsense!

Can he not panic? He was one of the martial kings of the major dynasties in the ruins palace before, and he saw with his own eyes how Qin Chen defeated the Skeleton Rudder Lord and killed Ding Qianqiu and Lishang Ancestor.

Now all the major dynasties are eager to have a good relationship with Qin Chen. The disciples of their Longyuan dynasty are actually going to do something to Qin Shaoxia's friends. Isn't this what it means to die?

Xu Du was angry, but Zhou Zhengshu was at a loss. He taught several Dawei dynasty disciples by himself. What does it have to do with seeking death?

"Don't talk nonsense, get me back and settle accounts with you later."

With an anger, Xu Du saw Zhou Zhengshu's expression and knew that he didn't care about it or talk nonsense. After reprimanding, he even arched his hands at Ditian and others, "Everyone, don't take it to your heart, my dragon The source dynasty has no malice towards several people."

But his behavior fell into Zhou Zhengshu's eyes, but he suddenly became dissatisfied.

what happened?

Yes, you are probably a veteran martial king, and your status in the dynasty is indeed not low, but this young man is also the first genius of the Longyuan dynasty, the top ten rookie in the land of a hundred dynasties, and was only a half-step martial arts king before. You are polite.

But now Ben Shao has also broken through the peak Martial King in the early stage of the seventh step, but you, a mid-step Martial King in the seventh step, are posing in front of Ben Shao, and you let him go back. Did you pretend to be too much?

And actually even apologized to a few small and powerful dynasties Wu Wang, how about the dignity of your seven great dynasties Wu Wang? Go in the belly of a living dog?

"Du Tianwang, what should I do and what shouldn't be done by Zhou Zhengshu, it seems that I don't need you to take care of it?"

Thinking of this, Zhou Zhengshu's face suddenly sank, and even the word "adult" was omitted. He directly called Xu Du's Wu Wang's name and looked cold.

#### [Chapter 1067: Makes sense](#)

After being choked by Zhou Zhengshu, Xu Du was trembling with anger. He pointed his finger at Zhou Zhengshu, shaking for a long time, unable to say a word.

I used to think that Zhengshu would be a good man this week. How could he become so arrogant and defiant after breaking through King Wu?

I'm saving you, why don't you know!

"You... well, I don't care about you, but you have to come back and don't cause trouble."

After shaking for a long time, Xu Du finally calmed down and said sternly.

Zhou Zhengshu respects or disrespects himself, he doesn't bother to care about it, but Zhou Zhengshu must do something to Qin Shaoxia's friends, it is absolutely absolutely necessary.

"Hahaha, Zhou Zhengshu, it seems that you, the Martial King of the Longyuan Dynasty, have no guts at all. In that case, you should go back, and the province will make this adult unhappy again." Hengtianxiao laughed.

"Hmph, Zhou Zhengshu is not in his turn to take care of things."

"In that case, what are you waiting for?"

Hengtianxiao sneered, and instantly killed the first class of Ditian.

Zhou Zhengshu and Li Yuancheng also rushed out.

"stop!"

Xu Du's complexion changed drastically, and he hurried forward and stopped Zhou Zhengshu with a bang.

However, no one stopped Hengtianxiao and Li Yuancheng. Seeing that the two were about to fight with Ditianyi and the others, a few streams of light swept in, and the terrifying pressure filled Li Yuancheng and Heng. Tian Xiao flew out in shock.

When the streamer fell, it was Liu Tai and Qin Chen and his party, looking at Qin Ying and others with concern: "Are you all right?"

"We're all right." Qin Ying and others smiled slightly.

"Why didn't these kings of the mighty dynasty die?"

Seeing Liu Tai and others, everyone on the square was shocked. As far as his eyes were, there were more than a dozen warriors of the Dawei Dynasty, and it seemed that none of them had died.

This awakened everyone in an instant, there was absolutely something wrong in it.

If only a few warriors didn't die, then it might be because the Dagan Dynasty was too lazy to do it, or didn't have the time to find it, but now it seems that almost no warriors have fallen from the Dawei Dynasty, and everyone feels something wrong at this moment.

At this time, the heavenly demon secret realm exit in the sky was slowly closing, and there were hundreds of warriors who came out, but there were not many warriors of the Dagan Dynasty.

"Okay, you ants of the mighty dynasty, dare to do something to us, do you know who we are?"

Hengtianxiao and Li Yuancheng stern, looking at Liu Tai and others angrily.

They are the top geniuses of the seven dynasties, this group of ants of the mighty dynasty, dare to act on them, are they dead?

It's just that I was angry, looking at the eyes of Liu Tai and others, but they were extremely jealous and solemn, because they clearly felt that the strength of the other group of people far surpassed them, and even the terrible breath exuding from Liu Tai's body, it made them feel even more shocked.

"Who are you? Are you not the top ten rookies in the land of a hundred dynasties? Why, the brains in the heavenly devil secret realm are so stupid that they don't even know their names?"

Seeing that Qin Ying and the others were okay, Qin Chen turned around and said with a smile.

"you....."

"presumptuous."

The three Hengtianxiao trembled with emotion.

"Boy, don't talk frankly, give you a chance, hand over the magic crystal, and spare your life."

"Hmph, the magic crystal in the magic pond was taken away by you. Give it to us."

Hengtianxiao and Li Yuancheng said angrily.

Even if they broke through the realm of the seventh-order martial king, the magic crystals in the magic pond still had amazing effects for them, and even allowed their cultivation base to go further, and the time to break through the middle of the seventh-order in the future would be greatly reduced.

Therefore, even if they were afraid of the strength of Liu Tai and others, they still spoke presumptuously.

After all, behind them are the seven great dynasties, full of confidence.

"You really guessed it right. It's not too stupid. The magic crystals in the magic pond were indeed collected by Ben Shao, but Ben Shao grabbed the magic crystals by his ability, why should he return it to you?"

Qin Chen said with a smile.

The two of them were dumbfounded, they didn't expect Qin Chen to admit it so readily, let alone that Qin Chen would say this.

If you grab the magic crystal with your ability, why should you return it to them?

It just makes sense!

Bah, baah, no, now it's time to ask for the magic crystal, whether it makes sense.

"Don't talk nonsense, quickly hand over the magic crystal."

The two said angrily: "Otherwise, don't blame me Dayong Dynasty and Datang Dynasty for being rude."

"And my Longyuan dynasty." Zhou Zhengshu broke free from Xu Du's shackles and said coldly.

"Qin Shaoxia, misunderstanding, everything is a misunderstanding." Xu Du was so frightened that he burst out in cold sweat, hurried forward, and explained with a flattering smile. There was no aura of the Seven Kingdoms King Martial at all. Zhou Zhengshu was trembling with a look of contempt. .

"Boom!" "Boom!" "Boom!"...

And at this moment, a few terrifying auras suddenly fell in the sky, and then, the exit of the heavenly demon secret realm was finally completely closed. The black continent that originally enveloped the entire Chaotian city, slowly disappeared into the depths of time and space. not see.

Those few figures that exuded terrifying aura fell, it was Li Xuanji and others who had broken through half of the Martial Emperor Realm.

"Half a step in the Martial Emperor Realm? How come Li Xuanji and the others have improved so much? And this time, there are so many triple martial emperors, at least a dozen people, incredible!"

On the square, the eyes of the Lord of the Medicine King Garden suddenly burst out with two divine lights, and a deep color circulated in the depth of the pupil.

Above the sky, Li Xuanji and a few people slowly fell, and the terrifying aura suppressed between the heaven and the earth, and all the warriors in the entire square of Ling had an urge to kneel down and worship for an instant, all of them bowed their heads in shock and did not dare to look up.

"Ancestor."

"Ancestor!"

The Wu Wangs of the seven dynasties were extremely excited, looking at the ancestors in the sky, as if looking up at the gods, Zhou Zhengshu and others were also excited, and their eyes were pious.

I thought that breaking through the king of martial arts was enough to stand proudly among the strongest places, but after seeing Li Xuanji and others at this moment, they knew deeply that their road of martial arts had just started, and they were far from the real strong. There are still many roads to go.

Under the gaze of several people, Li Xuanji and others also looked over, their eyes brightened, and they flew towards them one after another.

"The ancestors are here."

"The ancestor saw me."

"The ancestor must have come to praise me."

At this moment, the three of Hengtianxiao felt as if they saw an idol, and their bodies trembled with excitement.

At the same time nervously watching the ancestors flying by, all of them were dry and excited, and I saw the ancestors as if they hadn't even seen them, and flew directly by them, and then Actually stopped in front of Qin Chen.

"Seeing that Shaoxia Qin is safe and sound, the old man is relieved."

"The old man knows that with Qin Shaoxia's talent, there will be no accidents."

"It seems that the skeleton rudder master has already died by Qin Shaoxia's hands. It is gratifying and congratulatory." Pei Dongxing and other ancestors who left first said with smiles, but their eyes flickered and intriguing.

### [Chapter 1068: Bai Chao Shake](#)

The voice fell, triggering a huge wave.

The countless Wu Kings below were all stunned. They couldn't understand the meaning of Pei Dongxing and others' words, they were just shocked by the scene in front of them.

My goodness, what did they see?

The ancestors of the seven dynasties were talking and laughing with the young men of the prestigious dynasty? Is this the hell?

Everyone shook violently, rubbing their eyes one by one, unable to believe what they saw.

This is the ancestor of the seven dynasties, the top figure of the pyramid in the land of a hundred dynasties, stomping his foot is enough to make the land of a hundred dynasties torn apart, but now, they are facing a teenager together, which is shocking.

"Haha, if it weren't for Qin Shaoxia this time, I'm afraid I would have been worried about my life. Thanks to Qin Shaoxia, I have escaped a catastrophe in the land of a hundred dynasties and made a lot of money in this mysterious realm of heaven."

The master of Tianji Pavilion, Shangguan Lu, also came with a smile. With the help of the ancient will, his cultivation has already entered the late seventh stage. He can be called a giant, but in front of Qin Chen, there is no spectrum.

The crowd shook again, all of them were stunned, and only felt that the world in front of them was completely different from what they had imagined.

As for the three of Hengtianxiao, they were even more dumbfounded. Their expressions of excitement and joy were frozen, their bodies stiff in place, like zombies, they wanted to disappear quickly without attracting attention.

Unfortunately, their prayers did not work.

"Huh? Why are you waiting for the three to be here?" Turning his head, Li Xuanji and the others obviously noticed the three.

This.....

The trio's expressions froze, cold sweat broke out from behind, they didn't know what to say.

"Ancestor, it's like this..."

Xu Du on the side naturally did not dare to neglect, and hurried forward to explain.

Not far away, some warriors also spoke, telling what happened before.

"what?"

boom!

The terrifying aura soared instantly, and the expressions of Li Xuanji and others with gentle smiles instantly changed, becoming extremely gloomy.

The disciples of their dynasty, did they want to do something against Qin Shaoxia's friend before?

Suddenly, it was shocked and angry.

"Zhou Zhengshu, isn't it the case?" Sai Luochuan ancestor of the Longyuan Dynasty shouted angrily, staring at Zhou Zhengshu coldly.

"Li Yuancheng, speak, and be honest." Li Xuanji also coldly drank, his eyes like torches, his face covered with frost.

And Pei Dongxing, the ancestor of the Dayong Dynasty, looked at Hengtianxiao coldly, his eyes flashing cold.

"Ancestor, we..."

Zhou Zhengshu's expressions were dull, they were about to cry, and they didn't know how to explain them.

"Humph!"

Seeing the expressions of the three, Li Xuanji and others didn't know whether Xu Du said it was true or not.

boom!

With a cold snort, the terrible power swept out, and instantly blasted on Zhou Zhengshu and Li Yuancheng, snorted, the two spit out a mouthful of blood, their faces were pale as paper, their eyes were horrified and terrified, but they did not dare to hide, they just bowed their heads. Panic said: "The ancestor is forgiving, the ancestor is forgiving."

I thought that breaking through King Wu would be able to cross a hundred dynasties, but now I know that I am a frog at the bottom of the well, and the coercion released by the ancestors alone is enough to blast them into scum.

"Qin Shaoxia, my disciple from the Tang Dynasty ignorant, ran into Qin Shaoxia's friend, but fortunately it failed to cause a catastrophe. I hope Qin Shaoxia Haihan.

"Qin Shaoxia, old lady Sai Luochuan, also feel guilty, and hope to forgive me."

Li Xuanji and Sai Luochuan both spoke bitterly, then looked at the two of them, and sternly shouted: "Hurry up and apologize to Shao Chen."

Zhou Zhengshu and Li Yuancheng hurriedly stepped forward to apologize, looking terrified.

Naturally, Qin Chen would not have the same knowledge as them. Fortunately, Qin Ying and the others were all right. From the perspective of Li Xuanji and others, naturally they would not care about it.

It was Hengtianxiao, who was in the ruined palace at the beginning, this person deliberately wanted to behead himself, and at the same time his father Heng Wuji, he also did it on himself several times at the beginning, it can be said that the enemy is not small.

Looking at it, there was a flash of killing intent.

However, this killing intent was quickly restrained by Qin Chen.

Today is different from the past. Today's Qin Chen's cultivation has broken through the mid-stage peak of the seventh stage. Even the king of the late seventh-stage peak was beheaded by him. Naturally, he would not have much killing intent against Hengtian Xiao who lost an arm.

It's just that Qin Chen's inadvertent trace of killing intent was revealed by Pei Dongxing keenly.

"It was you just now, who ran into Qin Shaoxia?"

Looking at Hengtian Xiao coldly, Pei Dongxing's eyes flashed with killing intent.

Hengtianxiao's legs trembled with fright, and said in fear: "Ancestor, I...I..."

"Humph!" Pei Dongxing sneered, and then suddenly raised his hand. In Hengtian Xiao's horrified eyes, he slapped a palm on his head, and with a bang, Hengtian Xiao was under this terrifying palm. It burst into pieces in an instant, and instantly turned into ashes.

"Qin Shaoxia, my Dayong Dynasty is not strict in discipline, please don't take Qin Shaoxia to heart."

Killing Hengtian Xiao, Pei Dongxing was like killing an ant, waving his sleeves, looking indifferent, and said to Qin Chen.

Everyone was dumbfounded.

Just because Hengtianxiao collided with Qin Chen, Pei Dongxing actually slapped Hengtianxiao, the first genius of their Dayong Dynasty and known as the top ten rookies, to death. This...

It is unpredictable and difficult to solve.

Qin Chen opened his mouth. Although he was indeed hostile to Hengtianxiao, he did not expect that Pei Dongxing would kill Hengtianxiao so decisively. Is this the first genius of his Dayong Dynasty?

"Hehe, since the Heavenly Demon Secret Realm has been closed, the old man still has a lot of things to do, so I will leave first."

Overwhelmingly, Wu Chenshi, the ancestor of the Yuan Dynasty, retired first.

With his walk, the other strong players on the field also gave each other their hands and retreated.

"I have important things to wait, so I will leave first."

"Farewell!"

Li Xuanji and others also left one after another.

As for Zhao Tiansheng and others, they left the square immediately.

"I'll go later."

Naturally, Qin Chen and others would not stay too much. After looking at the location of the owner of the Medicine King, it was already empty. Qin Chen smiled faintly, and led Liu Tai and others to leave the square instantly and return to the station.

In an instant, the court went completely clean.

Only a group of warriors who came to watch, but still stunned at the moment.

However, although people left, what happened on the square instantly spread in Chaotian City.

"Do you know that in the square today, the ancestors of the seven high-ranking dynasties were talking and laughing with Qin Chen of the prestigious dynasty, it was a \*\*\*\* of a ghost."

"What happened in the secret realm of the heavenly devil? Why did the ancestors of the seven dynasties treat Qin Chen so nicely? Even because Hengtianxiao collided with Qin Chen's friends, the ancestor Pei Dongxing of the Dayong Dynasty directly killed Hengtianxiao. Up."

"I also heard that Hengtian Xiao was also the first genius of the Dayong Dynasty, the top ten rookies in the land of a hundred dynasties, was killed because of this?"

"Unbelievable, what happened in the heavenly demon secret realm? Moreover, every powerhouse who entered the heavenly demon secret realm has improved a lot this time, what is going on?" The crowd shook, talking frantically, like a frying pan, Unable to calm down.

### [Chapter 1069: Reorganization](#)

Especially what happened on the square was surprising and shocking.

Immediately afterwards, people discovered another amazing thing. On the square, they didn't even see Ding Qianqiu, the ancestor of the Dagan Dynasty and Lishang, the ancestor of the Dali Dynasty.

In other words, the ancestor Ding Qianqiu of the Dagan dynasty and the ancestor Lishang of the Dali dynasty did not come out of the heavenly demon secret realm at all.

And the result that didn't come out was often only one, that was, it had fallen into the secret realm.

As soon as the news came out, the crowd was more shocked.

"What, Ding Qianqiu and Li Shang fell into the mysterious realm of the heavenly devil?"

"What happened? The death of the two of them has nothing to do with Qin Chen?"

"Could it be that the two of them were killed by that Qin Chen's design, otherwise, why would other ancestors of the dynasty treat him so respectfully?"

When this news spread, the whole Chaotian City seemed to be boiling, completely exploding.

Every time the Heavenly Demon Mystery is opened, it will have a huge impact on the pattern of the entire Hundred Dynasties. Therefore, in the past few days, almost all the forces in the Hundred Dynasties have been stationed in Chaotian City.

The purpose is to find out how the changes of the top powers will affect the entire Hundred Dynasties after this time in the mysterious realm of the heavenly devil, so as to facilitate their various dynasties and forces to plan their actions in the next hundred years.

Which forces are alienated, and which forces are close to.

Therefore, in a moment, the news that Ding Qianqiu and Li Shang had failed to come out of the heavenly demon secret realm, like a gust of wind, swept across the entire hundred dynasties in an instant.

One stone caused a thousand waves!

Like an earthquake, the major forces were stunned and caused an uproar.

This is the ancestor of the two great dynasties?

What impact will it cause if he fails to emerge from the mysterious realm of the heavenly devil? Can't predict!

For a while, all the major dynasties panicked, especially some of the forces that were close to the Dagan dynasty and the Dali dynasty, and they were panicked all day long.

At the same time, the major dynasties are frantically exploring the news of Ding Qianqiu and Li Shang, all wanting to know what happened in the secret realm of the heavenly devil, which caused the two great ancestors of Ding Qianqiu and Li Shang to fall among them.

What happened in the Secret Realm of Heavenly Demon is no secret after all.

Soon, all kinds of news spread, and news about the Blood Demon Cult was also vaguely spread.

Moreover, Qin Chen tried his best to turn the tide, see through the conspiracy of the Blood Demon Cult, save the powerhouses of the entire hundred dynasties, and behold the news of Ding Qianqiu and Li Shang, also spreading wildly.

Suddenly caused an unprecedented sensation.

"This time, there is a rudder master of the blood demon cult who has entered the heavenly demon secret realm?"

"Is that the skeleton expert who rushed into the heavenly demon secret realm the first time it was opened? This person turned out to be the rudder master of the blood demon cult?"

"Blood Demon Sect has been hiding around our land of hundreds of dynasties all these years, trying to make a comeback?"

"terrible!"

The crowd was shocked, everyone was stunned.

At the same time, I realized why the ancestors of the top dynasties had such an attitude towards Qin Chen.

All of a sudden, Qin Chen's reputation soared wildly in the land of hundreds of dynasties, and almost everyone knew it, causing huge waves.

When the entire land of hundreds of dynasties was crazy, Qin Chen and his party returned to the residence of the Dawei Dynasty.

"Shoun Lang, this is your power? So broken?"

The \*\*\*\* cat appeared in the resident, akimbo, after patrolling Chaotian City, it was extremely contemptuous.

"This place is too weak? The emperor took a closer look. In the entire city, except for the light of the emperor, the rest of the strong are at most the half-step emperors before. , Weak, too weak."

The \*\*\*\* cat shook his head, disappointed: "Well, young man, with your talent, you should not waste time in this kind of place. It is better to show kindness to the emperor, accept you as a disciple, and you will look forward to your future , It will be limitless."

The \*\*\*\* cat persuades Qin Chen to persuade him.

You Qianxue and the others were all dizzy. Where did the black cat come from, like a calf, accepting Qin Chen as a disciple, is this too dare to talk about it?

"roll!"

Qin Chen kicked out, and the \*\*\*\* cat flew to the eaves, saying: "Xiao Chenzi, you can think about it. There are not many opportunities like this. In ancient times, I don't know how many people begged me to accept it. They are disciples, and the emperor is not happy. Don't get cheap and sell well."

"No more nonsense, believe it or not, I will burn you with Qinglian Demon Fire."

Qin Chen rolled his eyes and was speechless to this guy. The \*\*\*\* cat didn't know where he was hiding, and went out of the heavenly demon secret realm with him, but it could be seen that the \*\*\*\* cat was obviously a little excited after leaving the secret realm of heavenly demon. . "Forget it, forget it, forget it if you are not happy, if you regret it in the future, hehehe, the outside world is really good, the emperor has been sealed for so many years, the bird is almost fading out of his mouth, just stealing on the street Eat a few meat buns, the world is delicious, goodbye, the emperor went to search for food, look for it by the way

A few female cats, talk about love or something, hehe, hehe. "

The \*\*\*\* cat disappeared instantly, and everyone didn't even see how it left.

"Little dust, this..." Everyone looked over in amazement.

"Leave it alone."

Qin Chen waved his hand.

However, he did not dare to despise the \*\*\*\* cat. After being sealed for tens of thousands of years, there was nothing at all, and the ability to hide in the void made him extremely amazed.

Although it is not very reliable, its origin is absolutely extraordinary.

"This time during the trip to the Heavenly Demon Secret Realm, everyone's strength has improved a lot. Next, it's time to integrate the land of a hundred dynasties."

Qin Chen's eyes flashed.

The land of a hundred dynasties, as the starting point for his rebirth, Qin Chen would naturally not miss it easily.

In his previous life, he failed to cultivate his own power. In this life, he will never make the same mistakes, and this land of hundreds of dynasties will be his starting point.

And after this time, the many warriors in the land of the hundred dynasties, as long as they survived, almost all of them will get adventures.

Although the current strength of the Land of Hundred Dynasties is still very weak, once it develops, there will be many strong people in the future and become an extremely powerful force.

In the next few days, Qin Chen turned a blind eye to things outside the window and just integrated his own forces.

First of all, he must get the hands of the Dagan Dynasty and the Dali Dynasty.

Fortunately, the Bloodhand King did not live up to his expectations. He returned strongly with many powerful men from the two dynasties, and instantly suppressed the two dynasties that were somewhat turbulent.

All the forces that were dissatisfied were suppressed. It only took half a month to completely control the two dynasties and calm down some of the forces that were floating in their minds.

Immediately afterwards, Qin Chen established the Chendi Pavilion in Chaotian City.

What Qin Chen wanted to establish was not a hegemonic dynasty, but a terrifying force that could spread to the entire continent in the future. As for the land of a hundred dynasties, it was just the beginning of the bud.

With this goal, building a dynasty is definitely not enough. Only a neutral force can achieve this. And Chendi Pavilion is the force in his dreams.

#### [Chapter 1070: Crazy expansion](#)

However, the most important thing for a powerful force is to establish a reasonable rule and an effective promotion mechanism.

Only under this kind of rules and systems, the constant birth of strong people can it last for a long time.

Qin Chen knew this in his previous life, but he didn't have time to implement it.

In the following days, Chendi Pavilion expanded wildly. After going through the mysterious realm of the heavenly devil, Tianji Pavilion will naturally not restrict the development of Chendi Pavilion, and the upper dynasties such as the Datang Dynasty will naturally not restrict Chendi Pavilion, plus the powerful mechanism of Chendi Pavilion itself. , Making the power of Chendi Pavilion madly expanded in just a few months

.

Almost faintly there is a posture of birth of a new superior force.

However, due to the development of the Chendi Pavilion, the people did not feel much if it did not occupy the area, but in fact, within three months, the Chendi Pavilion's shops and forces have expanded to the entire hundred dynasties.

In a short period of time, almost any dynasty in the land of a hundred dynasties has a shop in Chendi Pavilion.

In addition, ordinary people did not know, but the upper dynasties knew that although the Dagan and Dali dynasties were re-occupied by the strong of the two dynasties and calmed down, in fact, the two dynasties It is likely to be controlled by Qin Chen.

In other words, in just three months, Chendi Pavilion has faintly become the largest power in the Land of Hundred Dynasties, and it is expanding rapidly.

Especially under the expansion of several special effect pills specially released by Qin Chen, the Chendi Pavilion in the land of a hundred dynasties, the expansion speed is almost like a virus.

However, for the major dynasties, it is not without benefits, because the grade and effect of the Chendige Pill, as well as the refining and bloodline technology, far exceed the original level of the land of the hundred dynasties, making them the number of powerful dynasties And strength, is also changing subtly.

It can be expected that in another ten or twenty years, the quality and strength of the warriors in the entire land of hundred dynasties will rise by one level and reach an unprecedented state of prosperity.

At this time, in order to increase its expansion, Chendi Pavilion began to recruit people in a hundred dynasties.

In Qin Chen's view, if you want to develop a strong team, a steady stream of genius is indispensable, and Chendi Pavilion's recruitment is not based on birth, not history, or even current strength, but a hard-working spirit. And future prospects.

All of a sudden, the children of ordinary people who were originally inconspicuous in the major dynasties flooded in and were attracted by Chendi Pavilion's policies.

In just one month, the strength of Chendi Pavilion had been expanded several times. You know, in the land of a hundred dynasties, the number of civilians far exceeds the number of nobles, and in terms of ratio, even more than nine to one. However, this world is in the hands of the nobles, and ordinary civilians have no access to resources. And ways, leading to the silence of a large number of civilian geniuses

In the vast crowd, working hard for life.

In terms of talent, the children of ordinary people are not inferior to the children of the nobles, and even far surpass the children of the nobles in hard work. What they lack is only opportunities and opportunities.

He and Qin Chen now gave them this opportunity and resources, so how not to make them excited.

Ever since, many geniuses and warriors who could not obtain resources in the dynasty in the Land of Hundred Dynasties chose to join the Chendi Pavilion, and they were all in the limelight for a while.

The depths of the Imperial Palace of Dayong Dynasty.

Here is a courtyard with rich heaven and earth, and the entire courtyard is covered by a large array of condensed true energy. In the courtyard, the true energy surges and is white, and there is almost no movement.

At this moment, Emperor Pei Fengxiang of the Dayong Dynasty was standing here anxiously, without a trace of imperial majesty.

Suddenly, the true energy in front of you surged, and at the same time a coercive and cold voice came out from the mist: "Feng Xiang, what is the so-called this time? This seat has not been ordered, there is no major issue, don't disturb this seat. Is it?"

The icy voice contained a trace of majesty, like a mountain, suppressed on Pei Fengxiang's body, making him, the emperor of the Dayong Dynasty, shivering, and he did not dare to look up. He hurriedly knelt down on one knee and said respectfully: "Ancestor, didn't you tell the disciples to always pay attention to the news of Chendi Pavilion? During this period, Chendi Pavilion expanded rapidly, and many civilians were also recruited from our Dayong Dynasty. Disciple, now, in terms of power, Chendi Pavilion is comparable to the first power in the land of a hundred dynasties.

Strength. "

"A lot of civilian disciples have been recruited? Do they want to use the civilian disciples of our Dayong Dynasty to annex our Dayong Dynasty?" Pei Dongxing said coldly.

"That's not true. After entering the Chendi Pavilion, these disciples will receive assessments every time they pass in addition to working for the Chendi Pavilion, and according to the results of the assessment, they will enjoy different treatments. They seem to be...training!"

"to cultivate?"

Pei Dongxing sneered, "It seems that this Chendi Pavilion is still aware of the current affairs, and does not deliberately want to annex the seven upper dynasties or unify the land of a hundred dynasties."

"what?"

Pei Fengxiang's expression was shocked, as if he was taken aback by Pei Dongxing's words.

To annex the seven upper dynasties and unify the land of the hundred dynasties? This Chendi Pavilion also thinks too much, right? He didn't look at his own virtues, and even what the seven great dynasties had not dared to do for thousands of years, what qualifications does Chen Dige have to do?

"If it's just these news, then you don't need to notify me for the time being. Remember, if Chendi Pavilion has other changes, or if there is an idea of annexing the entire hundred dynasties, please let me know."

Pei Dongxing's cold voice sounded again.

"But the ancestor." Pei Fengxiang suddenly became anxious: "Now Chendi Pavilion recruits a large number of ordinary disciples in our dynasties, should we let them go on like this?"

Although these civilian disciples Pei Fengxiang didn't look at him at all, he didn't want to be taken away by other forces.

"Fengxiang, don't you understand?" Pei Dongxing said coldly.

Pei Fengxiang was stunned immediately. "Chendi Pavilion is expanding, have you seen any actions by other upper-class dynasties? You, you, you still see too shallowly." Pei Dongxing sneered, "If I'm not mistaken, the Tang Dynasty and other dynasties are also a little bit Didn't do anything? Li Xuanji and the others are all smart people, so naturally they won't be in this regard.

It takes a lot of thought, I'm sure, all of them now are like this seat, practicing frantically, striving to enter the realm of the eighth martial emperor as soon as possible..."

Speaking of this, Pei Dongxing's voice is full of excitement and yearning, Hong said: "What are the gains and losses of this day and night, let alone a few civilian disciples, this is the land of the Dayong Dynasty, what can it be?" This seat has broken through to the realm of Emperor Wu. In this place of hundreds of dynasties, who else is the opponent of this seat? Then Li Xuanji and others have to surrender under this seat. The entire place of hundreds of dynasties, this seat will be invincible."
