

Valkyrie 1081

[Chapter 1081: Tianlong Wuhuang](#)

Unconsciously, Qin Chen and the others had left the land of a hundred dynasties for a month.

In the past month, Qin Chen's group of people concentrated on their journey, but it was not boring.

Especially Qin Chen, since he started on the road, he has been practicing hard and motionless, as if everything in the world could not attract him.

Not only Qin Chen, but You Qianxue also did the same. As soon as he set off on the road, he closed his eyes and practiced hard. Zhuo Qingfeng and Nangong Li were surprised and admired.

It's no wonder that Shao Chen's cultivation is so terrifying, and their strength has increased so quickly. You know, in terms of strength, Shao Chen is now the first person in the land of a hundred dynasties, no one can compare with him.

And between the Land of Hundred Dynasties and the nearest imperial power, although the journey was far away, three months apart, it was not without any power in between.

A lot of king-level forces like the Land of Hundred Dynasties will still pass by.

Normally speaking, for the first time to leave the land of a hundred dynasties, at the age of less dust and You Qianxue, you should be very curious about external forces, and you can't wait to play when you pass by.

But as soon as the two set off, they closed their eyes and practiced. Nangong Li, who had left the land of a hundred dynasties for the first time, could only calm down and practice obediently.

At the same time, I couldn't help but sigh. It was really not accidental that Shao Chen could reach this height. How can ordinary people do this way of not letting go of any opportunities for cultivation?

Time is like flowing water.

This dazzling, another month passed.

During the period, it was calm and nothing happened.

Ordinary people may be in danger when traveling, but Qin Chen and the others riding in the Dragon Sculpture are outstanding among the blood beasts in the middle stage of the seventh stage.

Not only flying in extremely high skies, but also at a speed comparable to that of King Martial in the late stage of the seventh stage. In this barren land where most of them are king-level forces and even Martial King does not have, it is quite safe.

On this day, the wind was sunny, and a huge lake appeared in front of it, sparkling, as if a giant beast was lying on the ground.

In Tianwu Continent, there are many mountains and rivers, but such a huge lake is extremely rare.

Above the lake, water vapor and mist linger, giving people a sense of beauty.

Zhuo Qingfeng and Nangongli's eyes were full of color, and they were amazed.

This time, when he went to the North Tianyu, Qin Chen brought only three people, one was Zhuo Qingfeng, one was Nangongli, and the other was You Qianxue.

Among them, Zhuo Qingfeng naturally returned to the North Tianyu Dan Pavilion to find his master Xuanyi Medicine King.

When he was expelled from the Northern Heaven Territory, Master Xuanyi Medicine King said that if he could break through the Martial King realm in this life, he could return to the Northern Heaven Territory.

Now Zhuo Qingfeng has not only broken through King Wu, but even reached the mid-stage peak of the seventh stage. As for his alchemy attainments, he has also entered the realm of Medicine King. If it weren't for the lack of opportunity before, he would have been impatient.

As for Nangongli, he was just an ordinary bloodline master of the Dawei Dynasty, and a powerful bloodline master in the Southern China region passed by and pointed him for a period of time. Before leaving, he told Nangongli that if he stepped into King Wu in the future, his bloodline attainments could reach the peak of Tier 6. You can go to the South China Region to find him.

Now, with the help of Qin Chen, Nangong Li has not only reached the mid-stage peak of the seventh-order, his bloodline attainments, but has also entered the seventh-order. Naturally, he is eager to find a master in the South China Region.

And to go to the South China Region, he must take the cross-domain teleportation formation in the core of the Northern Heaven Region, so he also has to go to the Northern Heaven Region.

As for the others, Qin Chen also deliberately brought them, especially Wang Qiming and others. In a place like the Land of Hundred Dynasties, because the resources are poor, staying there will definitely have a certain impact on the future.

However, Qin Chen didn't know what was going on when he went to the North Heaven Region for the first time, so he could only let them stay in the land of the Hundred Dynasties temporarily. After everything was done, Zhuo Qingfeng and the others settled in the Dan Pavilion, before taking Wang Qiming and others come out.

Passing over the lake, Qin Chen, who had been cultivating for two months, finally opened his eyes.

"Haha, little dust, you finally stopped practicing. This lake is called Tianlong Lake, and it is said to be the top three big lakes in the Northern Skyland."

Zhuo Qingfeng and Nangong Li Qi breathed a sigh of relief, and worked hard for two months without moving. If Longhu couldn't attract Qin Chen to stop practicing, they even thought Qin Chen was a freak.

Aside, You Qianxue also opened her eyes, looking at the sparkling lake, her beautiful eyes continued.

As a disciple of the Five Nations, it was the first time she saw such a large lake. It was really... so beautiful.

"Speaking of Tianlong Lake, there is actually a story. It is rumored that thousands of years ago, a powerful martial emperor was born here, with the blood of Tianlong, and he was cultivated to the highest point. In the entire northern heaven, there are few enemies. "

"When he was young, he traveled around the world and challenged many powerful players in the Northern Sky Region without fail. Later, he even went to the Martial Region and tried to challenge the martial arts masters. As a result, the powerful enemy was seriously injured and he could only retreat here and established Emperor-level force Tianlongzhai."

"At the time, the Tianlongzhai was in the North Tianyu, but it was a leading imperial power. However, the Emperor Wu was injured because of his origin. Within a hundred years, he died in depression. Before he died, he was said to be thrown into the Tianlong Lake and become the Tianlong Lake. The spirit of Zhenhu Lake guards the tranquility of this place."

"But Tianlongzhai has since fallen. In less than a thousand years, it has fallen to a king-level power, and Tianlongzhai has also been cursed. There will never be a martial emperor-level warrior in the future, and it has always been a king-level power."

Zhuo Qingfeng was originally the alchemist of the Northern Sky Territory, and he still had a little understanding of some forces in the Northern Heaven Territory.

The spirit of Zhenhu?

Qin Chen stared at this vast lake, which contained powerful water system rules, which caused the water system in this area of heaven and earth to be extremely abundant.

"Unfortunately, I am not a water system warrior. Otherwise, if I practice here, I will refine the water system rules in the Tianlong Lake and turn it into my own comprehension, and step into the realm of the Emperor Wu, saving at least half of the hard work."

Qin Chen said suddenly.

"puff!"

Zhuo Qingfeng and Nangong Li almost vomited blood.

Brother, you closed your eyes and practiced as soon as you were on the road, without saying a word. Now that you see this Dragon Lake and hear this rumor, the first sentence you speak is actually practice.

Let people live?

The corners of the mouth twitched, and both of them were almost speechless.

boom!

Suddenly, there was a sudden wave of waves above the lake, and a figure appeared in the distance. This figure was extremely small at first, but it quickly approached them in the blink of an eye, exploding with unprecedented terror.

"No, there are strong ones approaching!"

Zhuo Qingfeng and Nangongli's depressed faces suddenly changed color: "Hurry up and avoid it!" Without them reminding, Dragon Eagle, as a blood beast at the peak of the middle stage of the seventh stage, has the ability to seek good fortune and avoid evil. Go, dazzling, flew out for dozens of miles.

[Chapter 1082: Law enforcement](#)

The figure clearly saw Qin Chen and the others. Looking from a distance, his eyes were like swords, but he was an old man with gray beard and hair. He was bloodied and embarrassed, but his breath was still terrifying, not weaker than an old man like Li Xuanji. The ancestors are even close to the half-step Wuhuang.

But he is not yet a strong Wuhuang.

This person glanced at Qin Chen coldly. The figure did not stop, and with a sigh, it turned into a black streamer, passing by with a rumbling air wave instantly, submerged in the mist of the lake, and disappeared.

Obviously just passing by.

Zhuo Qingfeng and the others all breathed a sigh of relief, cold sweat bursting out of their foreheads.

People walking on the mainland are afraid of encountering such things and encountering some strong people, because many strong people are surly, and they take action at every turn. There is no reason at all.

The old man was clearly stronger than a master at the level of the ancestors of the seven dynasties. Once a conflict arises, even if they know the power of Qin Chen, Zhuo Qingfeng and the others are still terrified.

"Half-step martial emperor? No, it seems to be a bit worse, but the aura on this person is terrifying, probably not weaker than the average half-step martial emperor." Qin Chen said thoughtfully.

Among the crowd, he was the only one who was calmer.

This is also nonsense.

In Qin Chen's Demon Cauldron, there is still such a veritable Martial Emperor powerhouse as the Skeleton Rudder Master. If he sees the martial artist under the Martial Emperor, he is still nervous and too timid.

"Who is that person just now? This is Tianlong Lake, is it a master at Tianlong Village?"

"With this person's cultivation base, in Tianlongzhai, he should be second to none, and who hurt him?"

"Which imperial force's Martial Sovereign? It's just that among the major forces, there are rules in the martial arts. The upper-level forces cannot bully the lower-level forces at will. How can this person offend the eighth-level Martial Sovereign power?"

Several people discussed, still lingering fears.

Qin Chen didn't speak, because he faintly saw that the old man seemed to be running for his life, so that means someone was chasing him, and he could chase and kill someone who was close to a half-step Martial Emperor, could he be a Martial Emperor expert?

"Let's go!"

After this experience, everyone did not appreciate the nature of Tianlong Lake. As soon as the dragon sculpture flew, it would rush into the sky.

at this time.....

Whoosh whoosh whoosh!

A few sharp sounds of breaking through the air suddenly sounded, and several figures suddenly shot from the sky in the distance.

The auras on these people are extremely terrifying, the leader is particularly strong, the aura is like a big day, and it seems to be more terrifying than the old man before.

Everyone's complexion suddenly changed, why is it so unlucky today? Frequently meet the strong?

The dragon carving's figure shook, and he was about to hide, but at this moment the strong man in the distance had already seen them, and the clear and sharp shout suddenly echoed in the sky, "You guys, stop me."

There seemed to be supreme majesty in this voice, and a hint of command momentum was faintly revealed.

"Humph." Qin Chen snorted coldly. Who are these guys, do you think he is the master? The tone of this command?

If the dragon carving is urged, it will rise to the sky.

"court death!"

The leading martial artist was furious when he saw it, ah, his figure was like electricity, like a stream of light, shuttled back and forth in the void, and suddenly came to Qin Chen and his group.

So fast. Everyone was shocked. Before, they and each other were clearly separated by hundreds of miles, plus the dragon sculpture flapped its wings, at least tens of miles away, but the other party appeared in front of them in a blink of an eye. This speed is almost beyond. To the limit of King Wu, is it possible that the opponent is the King of Wu

?

"Let you stop, didn't you hear?"

When the figure fell, it turned out to be a middle-aged woman, wearing silver armor, holding a black long whip, with a high updo, and a veil on the face of the pigeon egg, making it impossible to see the true face.

But her figure is very graceful, bumpy, seductively tight, and heroic.

But at this moment, the person's tone was extremely cold, his eyes high, looking down at the group of Qin Chen on the dragon sculpture, with a hint of disdain.

Huh huh!

The remaining few figures also flocked in, all of them were women, old and young, and all of them were at the mid-level and late seventh-level peaks, a total of six people.

These six people wore red armors, and their white skin was exposed inside the hollow armor, which seemed extremely tempting.

"Dragon Eagle?"

When several people saw the dragon sculptures Qin Chen and his group were sitting down, they all showed different colors, showing a trace of greed.

"Captain, these guys ran when they saw us. It's definitely not a good thing, so it's better to kill them all."

One of the women drank coldly.

Is this too domineering?

The expressions of Qin Chen and the others changed suddenly. It was the first time that they saw such a domineering person. They didn't do anything at all and wanted to kill them all.

As this person spoke, the sword was unsheathed from his waist, and his killing intent rose up. It was obvious that the other party was not talking at all, but actually had the plan.

What made Qin Chen and the others even more angry was that after hearing this person's words, the other women didn't make any rebuttals. Instead, they shook slightly, surrounding Qin Chen and the others with a very tacit angle. All the way out.

And the war knives around the waist were all unsheathed, as if they were the same, it can be seen that these people are simply used to this, killing people like numb.

"Shut up, the big thing ordered by the leader is important, don't break the big thing!"

The leading woman screamed, preventing her subordinates from doing anything.

How she didn't know the thoughts of her subordinates. Although the Dragon Sculpture was only the peak blood beast in the middle of the seventh stage, it was extremely fast. It was one of the most anticipated blood beasts by many powerful men. How many tamed dragon sculptures.

Her subordinates are obviously coveting the dragon sculpture that the other party sat down.

If it were normal, such a group of people would kill if they said they would kill.

"For those of you who did not resist, I forgive you for your sins of disrespect. I ask you, did you see an old thing passing by here just now?"

The leading woman asked coldly.

Although it was an inquiry, the tone of voice carried a sense of superiority, as if the emperor was interrogating a courtier.

Qin Chen grinned furiously.

Does this guy consider himself the supreme of the mainland? You always use this interrogation tone, even if it is the mainland supreme, what qualifications do you have to interrogate yourself like this?

Just about to refute, Zhuo Qingfeng stopped Qin Chen instantly. I saw Zhuo Qingfeng at this moment, his face pale, with cold sweat, and the three Qin Chen kept changing colors, as if he had seen something terrifying him, and then hurriedly said to this group of people: "I have seen Several law enforcement ambassadors, there was indeed an old man passing by here before, heading west

Go north. "He has a respectful tone, obviously afraid of this group of people.

[Chapter 1083: Misty Palace?](#)

Qin Chen's heart moved, did Zhuo Qingfeng know these guys?

This is not impossible.

After all, Zhuo Qingfeng came from the Northern Heaven Region Dan Pavilion, and knew a lot about the North Heaven Region. He was also a member of the Dan Pavilion, so he wouldn't be so scared by this group of people.

The only possibility is to know each other.

"Do you know me waiting?" The silver armored woman glanced at Zhuo Qingfeng indifferently.

"The Law Enforcement Palace Megatron Northern Territory, would you not know it in the next?" Zhuo Qingfeng said respectfully.

"Hmph, count your acquaintances, I hope you didn't lie to me, if you lie to me and wait, you should know the consequences and let's go."

The silver armored woman sneered.

Huh!

She was in the shape of electricity, and she swept away instantly in the direction Zhuo Qingfeng said.

"go."

The remaining women looked unwillingly at the dragon sculptures under Qin Chen's feet, and then turned around one after another, followed the silver armored woman, and disappeared into the mist.

Although the cultivation base of this group of people is not particularly high, but in terms of momentum, each is not weaker than the ancestors of the seven dynasties such as Li Xuanji. Obviously, they have extraordinary origins and extremely terrifying strength.

After the group of people left, Zhuo Qingfeng breathed a long sigh of relief, wiped his forehead, covered with cold sweat.

"Little dust, I just rushed forward, but I hope to forgive me."

Naturally, Qin Chen would not take it seriously, but he also had doubts in his heart. He frowned and said, "Pavilion Master Zhuo, do you know these people?"

Nangongli and You Qianxue also turned to look.

Zhuo Qingfeng smiled bitterly: "Little dust, everyone, in this northern heaven, you can provoke any force, but this force can't provoke it. If you see this group of dressed women in the future, don't conflict, try to avoid it. open."

"Why is this?"

You Qianxue were surprised.

Could it be that the background of this group of people is more terrifying than the Dan Pavilion where Zhuo Qingfeng is located?

"You thought that Zhuo had a promising future in the Northern Heaven Domain Dan Pavilion. Why was he sent to the Land of Hundred Dynasties because he offended them. This group of people came from the Northern Heaven Domain Law Enforcement Hall and was in charge of the laws of the Northern Heaven Domain. The Wu domain monitors all domains in the world and is powerful."

"The Hall of Law Enforcement?"

Qin Chen frowned, he had never heard of any law enforcement palace in his previous life.

"It is said that it is the Hall of Law Enforcement, but it is actually the people of the Misty Palace of the Northern Sky Territory." Zhuo Qingfeng showed resentment.

What, Misty Palace?

Qin Chen's original calm complexion suddenly changed, and a terrible killing intent was released from him, like a stormy sea, so that the dragon sculpture shivered when he sat down and almost fell into the lake.

Zhuo Qingfeng and others looked at Qin Chen in amazement, what's the matter? How did the dusty breath become so terrible?

"You said that the other party is from Misty Palace? Speak clearly!"

Qin Chen squinted his eyes as if he had changed for an instant, his whole body released a chill, within a radius of ten feet, the air was frozen, and the cold breath almost froze the void.

Under his eyes, Zhuo Qingfeng did not dare to neglect, and hurriedly explained.

It turned out that the Hall of Law Enforcement was a department that supervised the world established by the Misty Palace and the Xuanyuan Empire and other top forces in the military domain more than two hundred years ago.

According to the Misty Palace, the mainland is now full of chaos, and the major forces are intriguing and fighting frequently.

The confrontation between the two great powers of the same level is fine, but there are still many upper-class powers who fall into trouble with the lower-class forces, which has caused the fall of geniuses on the Tianwu Continent, and the path to the birth of the strong is blocked.

There must be such a department to supervise the world on behalf of the military domain and punish violators.

At the beginning, the top forces in the martial arts all agreed with Misty Palace's statement, and coupled with the strong rise of Misty Palace, they all agreed that all major forces had selected masters and joined them.

But with the development of the Hall of Law Enforcement, the situation gradually changed, because the major forces found that with the strong control of the Misty Palace, the Hall of Law Enforcement had gradually become the private army of the Misty Palace.

In the beginning, the major forces naturally opposed strongly, but the power of the Misty Palace became more and more terrifying. By this time, the major forces could not stop the cooperation. In the end, they could only swallow their breath and admit the existence of the Law Enforcement Palace.

However, the Hall of Law Enforcement has gradually been completely controlled by the Misty Palace, becoming the private army of the Misty Palace. It is said to be a monitoring genius. In fact, it replaces the Misty Palace and is in charge of the major forces in the world. To the disobedient forces, kill and obey. Yes, keep it, nothing more.

In the past, Zhuo Qingfeng provokes the anger of the Misty Palace of the Northern Sky Territory because he inadvertently bumped into the people in the Hall of Law Enforcement.

At that time, the Miaomiao Palace branch had just entered the Northern Horizons, and needed to stand up, naturally grabbing the handle, leading the Hall of Law Enforcement, and coming to Dan Pavilion to force people.

Under the situation, Zhuo Qingfeng Master Xuanyi Medicine King couldn't withstand the pressure and could only save Zhuo Qingfeng's life.

So when I saw this group of law enforcement disciples earlier, how could Zhuo Qingfeng not be nervous? If you irritate the other party, the consequences will be unthinkable, so he rushed forward for fear of angering this group of people.

How terrible is the power of Misty Palace?

After listening to Nangong Li and You Qianxue, they were shocked and shocked the misty palace in the rumor.

In their impression, the Pill Pavilion, the Holy Land of Bloodline, and the Artifact Hall are the top forces in the mainland, but the Misty Palace can force Pill Pavilion to bow its head. What a terrifying force is this?

"Hehe, great, I didn't expect Shangguan Xier to manage Misty Palace to this point."

Qin Chen sneered, his laughter was cold.

In his previous life, he really hadn't seen Shangguan Xi'er possessing such terrifying methods, and it took a mere three hundred years to establish a misty palace that was once a top power in the martial arts to such a position.

Sure enough, is it knowing people, knowing faces and not knowing heart?

If you want to come, Feng Shaoyu's help is indispensable!

Is Wuyu First Empire?

Qin Chen sneered, his smile colder than ever.

At this moment, Qin Chen couldn't say anything about his mood, there was no anger, no resentment, and some were just cold, icy cold, permeating his whole body.

Several people looked at Qin Chen in astonishment. This was the first time they felt such a cold breath from Qin Chen.

You Qianxue's body trembled, looking at Qin Chen's stern face, she felt an inexplicable pain in her heart, she couldn't help but stretched out her hand and took Qin Chen's right hand.

The palms are cold, like ten thousand years of ice, cold to the heart.

You Qianxue suddenly felt an unprecedented anger towards this Misty Palace.

Although she didn't know what happened, she could actually feel the coldness in Qin Chen's heart.

What kind of emotion is that?

"You guys, keep going, I have something to deal with."

With a flash of gaze, Qin Chen said lightly to him, and then without much explanation, his figure flickered, and with a sneer, it instantly turned into streamer and disappeared into the sky.

"Where did Shao Chen go?"

"Could it be that you chased the person from the Hall of Law Enforcement?"

Zhuo Qingfeng and Nangong looked at each other away.

"Pavilion Master Zhuo, President Nangong, since Qin Chen wants us to go first, let's go first, I believe Qin Chen has his own way."

It was You Qianxue, her face calm.

But her eyes were colder than ever.

"Misty Palace?" A trace of indifference came from the corner of her mouth, setting off her like a jade carving of ice.

[Chapter 1084: Fairy Chilian](#)

"Long Lingfeng, don't run away. Even the Nine Heavens Emperor Wu has nowhere to escape the people stared by my Law Enforcement Hall. Even if you can escape for a while, can you still escape for a lifetime? Hand in the secret scroll quickly and I will enforce the law. The hall can keep your whole body."

Over Tianlong Lake, thunder rumbling, the silver armored woman with a graceful figure, holding a black long whip, her eyes fired, staring at the misty lake ahead.

She was full of Zhen Yuan, as if burning silver flames, and could easily burn a seventh-order late martial king.

At her side, six red-clad women surrounded the lake, seemingly random, but each occupying a position, unpredictable, intriguing heaven and earth vitality, forming a cage. "Hahaha, the Hall of Law Enforcement, what a Hall of Law Enforcement, what a Misty Palace, Chilian Fairy, your Misty Palace covets my Dragon's secret treasure, if you can't ask for it, slaughter my seventy-seven and forty-nine people in Tianlong Village. Now, you still miss the old man. Hand over the Long Family's Secret Treasure. As the ancestor of the Long Family, the old man has such a deep hatred, but

What secret paper do you want me to hand over? Even if I die, Long Lingfeng will not succumb to you. If there is a kind, you will come in. If you don't kill you, I will not be a man. "

Amidst the clouds and mist on the lake surface, there was a rumbling roar of anger. It was the old man who fled in embarrassment before, and the voice contained endless anger.

This person was actually the ancestor of Tianlongzhai, the strongest king-level power in this Tianlong Lake.

The silver-clad woman sneered when she heard the words. As Long Lingfeng said, she was ordered to come to the Long Family to ask for a treasure that was passed down by the ancestor of the Dragon Family, the Emperor Wu of the Dragon Family. Unexpectedly, the Long Family did not know the current affairs, resisted and refused, she was furious. Next, start plundering.

Unexpectedly, the Long Family dared to resist!

ridiculous!

Under the whole world, her Law Enforcement Hall is patrolling the world instead of Wu Yu. Who is not convinced? Not to mention a little king-level power, even the top power in this martial arts domain, dare not rebel.

But this Tianlongzhai actually dared to resist.

Under the anger, she made a strong move, beheading more than forty strong members of the Long Family, and forcing the Long Family to hand over the secret treasure. In this case, this Long Lingfeng was still stubborn and tried to escape.

So she hunted all the way, and finally besieged Long Lingfeng here again.

"Well, since you don't want to hand it over, then this seat will come in, and after beheading you, get back the secret scroll from your corpse."

"Do it!"

boom!

As Fairy Chi Lian's voice fell, all the six powerful people in the Hall of Law Enforcement started their hands. The six people and six were united into one, forming a huge formation in an instant. Between raising their hands, a terrible glow formed and turned into one. The giant net was instantly covered in the clouds and mist ahead.

Chi Chi Chi Chi!

Above this giant net, the streamer flickered, and an unprecedented terrifying murderous intent erupted. Wherever it passed, the cloud and mist evaporated, as if the lake would be covered by this giant net, and it evaporated instantly.

The giant net is about to fall.

Wow!

The calm lake suddenly fluctuated, buzzing, and a terrifying aura filled the bottom. The water column rose and turned into countless water column long swords, which instantly penetrated the giant net, and then amidst the fierce roar, countless sky water swords slashed horizontally. Heaven and Earth slashed toward the six red-clad women.

"Hmph, do you think that there is no way to escape here? This place is my Tianlongzhai forbidden area, engraved with whether there is a formation method, today, the old man will kill you and other executioners here."

Boom boom boom!

Accompanied by anger and screaming, countless water jets surged, and then turned into a monstrous formation, enveloping everyone in the Hall of Law Enforcement. The water jet contained martial law, indestructible and powerfully cut, forcing the six red-clad women to retreat together. Pale.

In terms of strength, these red-clad women are only the peak of the seventh-tier mid-stage and the late-stage seventh-tier martial arts, how can they be blocked under this almost half-step martial arts formation?

"Zhuzi is looking for death." The silver armored woman screamed, her face cold, like a high queen, the black long whip in her hand suddenly rolled, buzzing, the color of the long whip, rising runes, runes flowing, black The long whip made a sound of dragon chants and turned into a pitch-black dragon, roaring and sweeping towards many

Water column.

Boom!

The dragon roared and shook the earth. Although the water column contained martial law and was indestructible, in front of the black dragon, it burst into pieces, constantly being pumped up and splashing water.

The six red-clad women got a gasp, backed up one after another, and formed a strange formation at the same time.

"Hongluan Great Formation!"

At this moment, the auras of the six people were suddenly linked together, and the forces of the six Gu entangled with each other, and finally turned into an extremely terrifying breath, which was severely chopped down.

With a bang, water splashed in all directions, and the surface of Tianlong Lake was split by a huge ravine that was hundreds of meters long, and the waves shook the sky.

The six were originally only the middle and late stage martial kings of the seventh stage, but together, their power is comparable to the half-step martial emperor, and they can destroy the world with every gesture, and they are indescribable.

"hateful."

There was a sound of fright and rage in the lake, and the lake shook again. In the depths of the lake, there seemed to be rows of brilliant lights blooming. Then, the surface of the water exploded, bursting out terrifying strangeness. The beast comes.

The whole body of these strange beasts is composed of lake water. Each head is several feet in size. The whole body flashes with avenue runes, contains water system rules, and comes roaring and biting.

In an instant, hundreds of water beasts rushed out, each of which had a mess that was comparable to the late-stage Martial King's cultivation base of the seventh stage.

Boom boom boom!

Hundreds of water beasts fought with the strong in the Hall of Law Enforcement, and their true essence soared into the sky, as if forming an apocalyptic scene.

now.

Above the height of thousands of meters from the lake, two figures stood proudly, staring at the scene below with cold eyes.

One of them was only about eighteen years old. Wearing a blue robe, between his brows, he opened a strange vertical eye, and a misty halo bloomed from the vertical eye and enveloped the lake below.

And the other person, lingering in the dark devilish energy, wearing a cloak, and a pair of eyes, were actually a strange dark red color, bursting with scarlet and sharp light, which made people shudder.

These two people are Qin Chen and Skull Rudder Master.

Although above the lake, the mist lingered and obscured the void, even the half-step Martial Emperor could not see through it, but in front of Qin Chen and Skull Rudder, the mist was nothing, everything below was clearly reflected in their eyes.

"Jie Jie Jie, master, is this the disciple of the Misty Palace in Zunzhen Tianxia? It's really amazing. It's interesting that the seventh-order Martial King can block such a large formation."

The Skeleton Rudder master Jie Jie smiled strangely and was surprised.

With his eyesight, it is natural to see that the Tianlongzhai forbidden ground formation spurred by Long Lingfeng is an eighth-level formation and contains the mighty power of heaven and earth. The general Wuwang is simply unable to resist, and will be easily killed. However, under the attack of this formation, the warriors of the Misty Palace actually advanced and retreated, especially the six red-clad women, who had only a seventh-order martial arts realm, combined, they broke out not weaker than a half-step martial emperor. The strength of the Skeleton Rudder Master was speechless.

[Chapter 1085: Town Yuan Fu](#)

Qin Chen sneered: "Since it is the Misty Palace, naturally there are some means."

If even an ordinary eighth-order formation cannot be blocked, then Misty Palace will not be able to stand at the apex of the mainland, becoming a force that all major forces are afraid of.

The Skeleton Rudder master chuckled, "Master, what do you need your subordinates to do? Grab this group of disciples in the Misty Palace?"

In his opinion, Qin Chen must have released himself because he wanted him to do it. In addition, in the land of a hundred dynasties, Qin Chen said that the leader of the leader was probably taken away by the people of Misty Palace.

The Master Skull Rudder should have thought that Qin Chen wanted to catch the disciples of the Misty Palace below, and inquired the whereabouts of Lord Hierarch.

Qin Chen sneered at the corner of his mouth: "Don't worry, let's talk about it later."

Boom boom boom!

At this moment, the battle below has fallen into a white-hot state.

That day, the ancestor of Longzhai, with the help of Tianlongzhai's forbidden formation, fought frantically with the seven people in the law enforcement hall.

Normally, Long Lingfeng's own cultivation is close to half-step Wuhuang, and coupled with the blessing of the formation, the ordinary half-step Wuhuang would have long been unable to hold on, and fell into his hands.

But the Chilian Fairy were strong and terrifying. The black whip turned into a black flood dragon. Wherever it passed, the void vibrated, and a large number of giant water beasts were continuously exploded, bursting into pieces with the roar.

But shortly afterwards, more water beasts rushed out from the bottom of the lake and surrounded the Hall of Law Enforcement again.

"Captain, what shall we do now?"

Several red-clad women obviously couldn't support it, and asked anxiously.

Their cultivation bases were only in the middle and late stages of the seventh stage. They joined forces and could resist in a short period of time. Once the time was long, the combination of battle formations would be a little unsustainable.

What's more, that Long Lingfeng has been hiding in the dark, using the formation to consume them, so fighting forever is no way at all.

"Humph."

The silver armored woman had cold eyes, and she shattered a water beast that had been bitten by a whip. The next moment, a talisman appeared in her hand.

This talisman was only the size of a palm, and when it appeared, a terrifying to the extreme aura surged between the heavens and the earth, as if the **** of war had come, and a strong sense of oppression lingered around.

"Huh? Zhen Yuan Fu? This Long Lingfeng might be dangerous."

Qin Chen said.

Zhenyuan Talisman is a kind of talisman that can suppress heaven and earth true energy. Once activated, heaven and earth true energy within a hundred miles will be instantly suppressed and cannot be mobilized.

And since the formation of the Tianlongzhai Forbidden Land has continued from thousands of years ago to the present, the energy required for its operation will definitely not be the real stone that constitutes the formation, but the energy that mobilizes the heavens and the earth, so that it can be endless. Thousands of years continue.

In fact, for formations above level 7, in addition to the formation of the formation itself, which requires real stones to be placed in the formation to provide energy, the energy of the general formation will often provoke the power between heaven and earth.

Once the power of heaven and earth is isolated, the formation will naturally break itself.

really.

Hum!

As soon as Fairy Chilian took out the Zhenyuan Talisman in his hand, the true energy between heaven and earth quickly solidified like a frozen stream of water.

"go with!"

With a stern shout, the mysterious rune exuded astonishing fluctuations, and instantly filled the air, a terrifying force suddenly enveloped the void within a hundred miles.

In an instant, the lake surface that was lingering with the white mist instantly calmed down, as if it had lost power. The white mist drifted away. Then, countless water beasts lost their energy support and burst into pieces.

The long whip in his hand was shaking, Fairy Chi Lian's eyes were cold, and the black long whip shook suddenly: "Come out."

Wow!

The void almost exploded, and the black long whip turned into an angry dragon and plunged into the lake, instantly rolling up a thousand waves, banging, the lake exploded, and a figure rose into the sky from the bottom of the lake.

With anger on his face, he didn't expect that the people in the Hall of Law Enforcement could make the great formation arranged by the ancestors useless.

"Long Lingfeng, you wasted a Zhenyuan Talisman in this seat, and this seat will surely smash you into ten thousand pieces today."

Fairy Chi Lian's eyes were cold, and he brought six of his subordinates towards Long Lingfeng.

The calm surface of the lake once again blew up the waves, but how could Long Lingfeng, who had lost the assistance of the formation, be the opponent of the Law Enforcement Hall? The body that was originally painted was injured again, and blood was splashed in the sky.

"Damn, Wrath of the Dragon."

Long Lingfeng roared, and an astonishing pressure filled his body. On top of his head, it seemed that an ancient dragon appeared, exuding an aura of shock.

"Huh? Heavenly Dragon Bloodline?"

Qin Chen concentrated, this is not an ordinary bloodline, once it grows up, it can definitely become a top bloodline, even in the highest martial realm, it is not ordinary.

It's a pity that Long Lingfeng's cultivation base is too low to display the true power of the Heavenly Dragon bloodline. Secondly, the bloodline concentration in Long Lingfeng's body is not enough, and there is a huge gap compared to the real Heavenly Dragon bloodline.

Adding up in this way, it can only be regarded as not weak, but by no means the top, and the silver armored woman can join the Misty Palace and want to have the power of blood, but it will not be much weaker.

Sure enough, seeing Long Lingfeng release the Heavenly Dragon bloodline, Fairy Chilian sneered and shouted, "Chilian bloodline."

Shoo!

On the top of Fairy Chilian's head, within a short time, several blood-colored pits appeared, like immortal scorpions, running horizontally and horizontally for nine days. Compared with Long Lingfeng's Heavenly Dragon bloodline, it was not weak.

Chi Lian cooperated with the long whip, rolled up waves of thousands of feet, and slammed on Long Lingfeng's body, with a bang, Long Lingfeng's body armor was broken, and there were bone scars and blood stains on his chest.

"dead!"

Fairy Chi Lian attacked continuously, and the black long whip exploded again, entangled Long Lingfeng crazily.

not good.

Long Lingfeng's face changed drastically. Under this attack, he only felt that the true power in his body was running stagnant, and the surrounding void seemed to be frozen. The whole person was inevitable, and he could only watch the long whip attack with destruction. All the power, I want to burst him.

The other women in the Law Enforcement Hall around sneered, this is the end of offending the Law Enforcement Hall.

Seeing that Long Lingfeng was about to die.

"Jie Jie Jie, a few big girls who are all Jiao Di Di, where did such a murderous intent come from? The murderous intent is too heavy to find Ruyi Langjun!"

A strange laugh sounded, followed by a scream, a white whip appeared in the void, coming out of the void, like a flexible snake, intertwined with the black whip instantly.

boom!

The long whip collided and issued a shocking explosion, blocking Fairy Chilian's killing blow.

"Who, dare to ruin the major events of my law enforcement hall, get out of me!"

This sudden scene made everyone stunned at first, and immediately everyone spoke in anger and looked up.

Huh! Above the sky, two silhouettes fell quickly. One of them, wearing a black hood with a black veil, showed only a pair of red pupils. In the pupils, the gloomy light flickered, which made one look at it, and it was heartened. The chill, as if this person was an emissary from Nine Nether Purgatory, exuded a chilling chill.

[Chapter 1086: Red sleeve secret](#)

The other person, wearing a linen robe, could not tell the age and size, and was wearing a grimace mask.

This grimace looked like a smile but not a smile, a cry but a cry, a smile while crying, and a cry hidden in the smile, two lines of blood and tears hanging on his face, it was creepy, and one after another took a breath.

"Wow!"

After the grimace man fell, he raised his hand, and an elixir instantly swept towards Long Lingfeng, with a hoarse voice, like a nail sliding glass, extremely harsh: "You take this elixir first to treat the injury."

"senior!"

Long Lingfeng looked at the two people in front of him in a daze, obviously a little confused, why did the other party save himself?

I don't seem to know these two people.

However, he also knew that the other party was absolutely not hostile, otherwise he would not help out just now. If the other party did not make a move, he might have died in the hands of the law enforcement hall.

He immediately bowed his hands and took the pill directly without being polite.

As soon as this pill entered his abdomen, Long Lingfeng's face suddenly showed shock, a strong medicinal power melted in his body, quickly nourishing his body, wherever he passed, the original painful body was unexpectedly There was a tingling sensation that quickly healed his injuries.

"Who are you? How dare you prevent me from doing things in the Palace of Law Enforcement!"

Fairy Chi Lian looked at the two people in front of him coldly, with indifference in his eyes, especially when he saw the ghost-faced man even healed Long Lingfeng, his complexion changed greatly, and his eyes became colder.

The ghost-faced man looked coldly, his eyes were extremely hollow, but with palpitating gazes, he said lightly: "I heard that the law enforcement palace's subordinates are all disciples of the misty palace. I wonder if it is true?"

These two are not others, they are Skeleton Rudder Master and Qin Chen.

"Hmph, since they know that I am a member of the Misty Palace, the two dare to stop me from waiting, do they not want to live anymore? Don't you give me a quick kneel and confess my guilt, otherwise the death penalty will be inevitable, and the nine races will not escape!"

A red-armored woman took a step forward and shouted furiously, as cold killing intent swept out like a raging sea.

Qin Chen couldn't help but want to rub his teeth, looking at the other's undulating chest, speechless.

Is this kind of person the so-called big breasts? They all shot at each other, and even let them confess their guilt. Where is the confidence?

It is Fairy Chi Lian, who has quite a few cities. He glanced at Qin Chen and said coldly: "Nian is your first offense, and quickly retreat. This seat can consider forgetting the past. Otherwise, my Misty Palace will be furious, the world is underground, the universe is prehistoric, and the world is everywhere. No one can save you!"

Qin Chen smiled faintly: "Really? I really want to see where you are so powerful."

Fairy Chi Lian's face was pale, if she hadn't noticed that Qin Chen had a target, it would be too idiotic, and she couldn't help but angrily said, "Since your Excellency is stubborn... take it!"

She knew that she couldn't control the opponent by her name, so she could only use force.

"Yes!" The six red-clad women screamed together, and immediately surrounded Qin Chen and Skull Rudder.

Buzzing...

The six people shot together, forming a battle formation in an instant, representing the powerful combat power of the Half-Step Martial Emperor erupting in an instant, rushing toward Qin Chen.

"Your Excellency."

Long Lingfeng hurriedly reminded from the rear that the people in the Hall of Law Enforcement have extraordinary skills. Even the seventh-order Martial King cannot resist the general power, otherwise he would not have been so embarrassed just now.

It's just that now, his injury hasn't healed, so he can't help.

"Jie Jie Jie, such an explosive temper is not good for girls." Qin Chen didn't move, but the skeleton rudder moved. He lifted his right hand. Well, the white bone whip was slammed on a group of six like a spiritual snake. Above the big formation, with a bang, what is the master of Skull Rudder? The real eighth-order martial emperor, under this pull, the void shook wildly, and the battle formation composed of six people shook violently.

Moved, he was pulled out hundreds of meters.

"Huh, it was broken?"

Skeleton Rudder was surprised. With this blow, let alone the six people joining forces to approach the half-step martial emperor, even if a real half-step martial emperor stood in front of him, he would be blown up. People actually resisted it?

Incredible!

Wuhuang strong!

But he was surprised, but the people in the Hall of Law Enforcement were shocked. In this barren land, the Emperor Wu appeared, hell?

"Who is your excellency? As Martial Emperor, don't you know the background of my Law Enforcement Hall? If you don't give me your hand, I will catch you, otherwise I will find out your true identity, and you will surely uproot the forces behind you." Fairy Chi Lian exclaimed.

The Wuhuang strongman is definitely a master in a place like Beitianyu. It is absolutely impossible for such a character to have never heard of the Law Enforcement Hall. In other words, the other party is simply knowing the law and breaking the law. "Don't leave one? Jie Jie Jie, the female doll has a small chest, and her tone is not small. The backstage of this seat will scare you to death. Even the palace owner of your Misty Palace must be trembling and bow your head obediently. In this way, you wait. I'll catch it with my hands, this seat can consider leaving you a way out." Skeleton Rudder laughed strangely.

Tao.

He is a strong stranger, no matter how strong the Misty Palace is, can he fight the stranger?

"Do you... dare to insult the Lady Empress? Die!"

Fairy Chi Lian's face changed suddenly, and the black long whip in his hand turned into a dragon, madly attacking.

boom!

With this whip down, the void was about to explode, violently concussed, and the violent true essence condensed into a roaring flood dragon, like a meteor chasing the moon, coming under the cover, and its power was more than several times stronger than before.

There is a strange red glow on her body, which is obviously a forbidden technique.

Boom boom boom!

Fairy Chilian and Skull Rudder were fighting together, and in an instant, the battle was inextricably difficult.

how is this possible?

The Skeleton Rudder Master was shocked. He is a powerhouse of the eighth-order martial emperor. He can't take a small half-step martial emperor?

The white bone whip flashed, and the cold demon energy was vertical and horizontal, pervasive, but it was blocked by the red light on Fairy Chi Lian, unable to penetrate into the opponent's body.

At this moment, the Skeleton Rudder Master was really surprised, and the light in his eyes flickered.

This person is definitely a genius in the human race, otherwise it would never be possible to resist his attack with the half-step Wuhuang cultivation base.

And Long Lingfeng on the side was even more stunned. At this time, he woke up. When Fairy Chi Lian fought him just now, he didn't exhaust all his strength, otherwise he would fight him for so long?

"kill!"

At this time, the other six red-clad women made a comeback again, with red glow on each body, and then formed the Red Luan battle formation, rushing towards Qin Chen.

Their target is obviously Qin Chen.

"Be careful!"

Long Lingfeng was shocked and hurriedly drank.

Although Qin Chen hadn't taken any action before, everyone could still see that the aura on Qin Chen's body was obviously weaker than that of the Skeleton Rudder Master. He was clearly at the rank of the seventh-order Martial King, not a powerful Martial Emperor.

And the six members of the Law Enforcement Hall are already comparable to the half-step Wuhuang strong. At this moment, if the forbidden technique is used, it is probably not weaker than the ordinary Wuhuang strong. How can this person be a Wuhuang strong?

Shocked in his heart, he found that Qin Chen's whole person seemed to be dull and stupid.

"Red Luan battle formation? Red sleeve secret method?" He murmured, with inexplicable sadness.

[Chapter 1087: Must be a coincidence](#)

Then, he pointed out with his finger.

Hum!

Suddenly, there was a terrible real element finger in the void. The finger was thick, crystal clear and round, and it was several feet long, with clear lines on it, and even fingerprints were clearly visible.

The six red-clad women were shocked at once, so pure and pure power, almost not weaker than the general martial emperor, what kind of exercises did this person cultivate?

You know, Wu Wang Zhenyuan condenses the form, often just condense the form, rather than transform the object.

To put it simply, the Zhenyuan palms and so on displayed by the powerful king of Wu are just simulated shapes and cannot evolve into substance at all.

Only a master of Wuhuang can truly condense the true essence and turn it into a real entity.

But when the person in front of him pointed out, even the fingerprints of the true essence finger were clearly visible, and it was clearly no different from the entity, which clearly indicated that the opponent's true essence concentration was extremely pure and was already comparable to the eighth-order martial emperor.

However, shocked and shocked, the sneers on the faces of the six people kept on. King Wu was King Wu, not King Wu. He wanted to block the joint attack of the six of them.

The fingers of the other party could not even break the shield of the six of them, let alone hurt them.

In the sneer, the finger was already on the six-person shield.

Boo!

A stone shook up a thousand-layer wave, as if a stone splashed down the lake, suddenly rippling waves.

This ripple was extremely subtle at first, but later, it became stronger and stronger, and then with a bang, the powerful shield formed by the six people burst into pieces instantly, and the Red Luan battle formation was instantly broken.

how is this possible?

The six were taken aback, dumbfounded, and seemed stupid for a while.

The Hongluan battle formation is one of the most classic battle formations in the Hall of Enforcement. Anyone who joins the Misty Palace will learn from the Hongluan battle formation, because this battle formation can greatly enhance the combat effectiveness of every warrior. And it is very flexible to use.

Only three people are needed to form the simplest Red Luan battle formation. In addition, four, five, or six people are all possible. The maximum capacity is twelve, which is very suitable for squad fighting.

It is rumored that this battle formation was created by the Misty Palace Lady himself, and then spread to the major law enforcement halls, and only their disciples in the Misty Palace were allowed to use it. Although they only learned a simplified version, it was also extremely terrifying. During their law enforcement process, it can be said to be unfavorable.

But now, it was broken by this ghost-faced man with one move. How could this be possible?

For a moment, the six people were so shocked that their eyes were about to stare out, and the big mouth was ordered to put an egg in.

"coincidence."

"It must be a coincidence."

There is only one thought in several people's minds at this moment, except for coincidence, they can't think of any other explanation.

"kill!"

Then the six came back to their senses, once again formed the Red Luan battle formation, and slashed towards Qin Chen.

Boom!

This time, the momentum was even worse, the six people, six in one, seemed to form a whole, bursting into the sky.

However, under Qin Chen's fluttering finger, the six only felt that the connection between each other had disappeared, and the battle formation was broken again.

Broken again?

A coincidence, it must still be a coincidence.

The six people didn't believe in evil, their eyes were about to glow green, and they came over again.

But as soon as the battle formation was formed, Qin Chen pointed out that the six-person battle formation once again collapsed, almost faster than the previous two times.

This.....

The six were almost crying in an instant. What the **** is this? This is the battlefield passed down from the Misty Palace. How can this kid break open again and again, are you hell?

This is the Red Luan battle formation, even the top battle formation master in the Northern Sky Region cannot find the flaw.

What is even more depressing is that the grimace guy on the opposite side didn't use his full strength at all. Every time he shot, he seemed to be able to find the weakest place in the battlefield and easily dismantled their offensive.

Even with good luck, can it be so good? Shit luck is not so great, right?

What they didn't know was that the Red Luan battle formation was indeed passed down from Misty Palace, and it was indeed passed down by the Empress, but even the Empress, who was supreme in their hearts and suppressed the world, got it from Qin Chen.

"Red Luan battle formation, ha ha!"

Qin Chen laughed lightly, his laughter was bleak. Back then, Shangguan Xi'er and him were like glue. Qin Chen found the original version of the Red Luan battle formation in an ancient book, studied it, perfected it, and handed it over to Shangguan Xi. child.

Unexpectedly, three hundred years later, this Red Luan battle formation was already known to the world, making Qin Chen sigh and melancholy inexplicably.

Mountains and rivers change, vicissitudes of life.

The battle formation is still this battle formation, but it is no longer the same person.

And even if Qin Chen created the battle formation, how could Qin Chen not know the Red Luan battle formation, let alone the Red Luan battle formation composed of six Wu Kings, even if it is now the Red Luan battle formation composed of six Wu Huang strong , He can easily find flaws and break through this battlefield.

Boom boom boom boom!

The six people naturally didn't understand Qin Chen's inner thoughts. They just gritted their teeth and kept forming a battle formation, and they had to kill Qin Chen.

But every time it was formed, Qin Chen broke open, and Long Lingfeng was dumbfounded.

This...Are they playing games?

"Damn it, kill!"

After more than a dozen times, the six red-clad women could no longer stand it anymore, and no longer formed a battle formation, but turned into six rainbow lights and rushed towards Qin Chen.

Since this son is so lucky and can find the flaws in the battle formation every time, can't they not use the battle formation?

The cultivation base of the six people themselves, at the peak of the middle stage of the seventh stage and the late stage of the seventh stage, their strength has skyrocketed under the use of secret methods, each approaching the peak of the late stage seven and the half-step martial emperor realm.

When the six people join forces, even if there is no battle formation, how can it be a little Wu Wang?

In an instant, the six figures instantly transformed into six rainbow lights, and each of them burst out with a terrifying killing intent, with a murderous intent that shook nine stars.

"kill!"

The six people joined hands to surround Qin Chen in every direction, front, back, left, right, up, down, and in every direction, a terrifying streamer struck, and there was nowhere to hide.

"Red sleeves secret?"

Qin Chen was bitter, and then his eyes were cold.

The forbidden technique used by the six people is called the Red Sleeve Secret Technique, which unfortunately was also taught to Shanguan Xier back then.

"broken!"

When the six approached, an invisible mental impact swept out of Qin Chen's body.

The violent bodies of the six red-armored women shook suddenly, and then, the secret method that was originally displayed was like a pinched flame, which was instantly extinguished, and the breath of the body plummeted at an astonishing speed.

When they rushed to Qin Chen, they had fallen to their most primitive cultivation bases.

"dead!"

Qin Chen used his palm as a sword and cut out with one sword.

Puff puff puff six red A woman how come, how inverted out, under the dust Qin Jian Qi display, and instantly injuries, blood Kuangpen mouth, drop the lake.

[Chapter 1088: who are you](#)

The red armors on their bodies were all shattered by Qin Chen's blow, exposing the white skin inside. They were all graceful, without a trace of cellulite, full of temptation.

And it was this red armor that protected them and prevented them from being cut off by Qin Chen's attack.

"Huh? This armor is actually the seventh-order peak armor?"

Qin Chen was stunned. Originally, she was planning to behead six people with this attack, but in the end, only six people were seriously injured. All the six people were actually wearing Tier 7 peak armor, which was really rich.

You must know that in the Tianwu Continent, treasure armors are always the rarest, and treasure armors of the same level are at least several times more expensive than treasures of the same level, and some are even ten times more expensive.

"Aoyagi!"

"Red kite!"

When the silver armored woman saw this, she screamed in anger, and her voice contained endless anger: "You dare to hurt the people in my law enforcement hall. If you don't kill you, I'm a fairy."

"kill me?"

Qin Chen sneered: "Do you have this ability?"

His figure flickered, and he came to the silver armor woman in an instant, and a powerful mental impact was shot in his mind, directly rushing to the silver armor woman.

The strength of this female is extremely terrifying. Under the red sleeve secret technique, she is comparable to the Wuhuang strong, plus she should be a genius of the Misty Palace, making Skeleton Rudder Master unable to take her down for a while.

If you want to take her down, you must first break her red sleeve secret method.

Because if the Red Sleeve Secret Technique is not broken, the opponent will have the ability to escape even if they are invincible.

"Hahaha, kid, just because you want to perform a mental attack on me." The silver armored woman sneered when she saw it, she didn't believe Qin Chen's mental attack would hurt herself.

Of course, if I don't believe it or don't believe it, the necessary resistance is still needed, and she won't be foolishly waiting for Qin Chen's attack to fall on her.

As soon as she raised her hand, the martial arts will appeared in front of her, and a red match appeared, intercepting the mental attack towards Qin Chen.

According to the truth, the mental attack speed is extremely fast, and it is far above the material attack. Generally, there is no time to resist it, because when they see the mental attack, the mental attack has already submerged in their minds.

But this silver armored woman abruptly stopped Qin Chen's mental attack, and the red Pixiu instantly blocked Qin Chen's mental attack.

"What, eighth-order mental power, you are an eighth-order martial emperor?"

Only in the next moment, Fairy Chi Lian's face changed, and instantly became extremely pale, because Qin Chen's attack power was too strong, and it was almost like a vast ocean that instantly swallowed her.

What shocked her even more was that Qin Chen's mental power swept past. The red-sleeved secret technique on her body suddenly fluctuated, that mysterious power was instantly contained, and her cultivation level fell to half a step. Wuhuang realm.

"not good!"

Fairy Chi Lian was shocked. Before, she relied on the Red Sleeve Secret Technique to make a draw with this mysterious cloak man. But now that her Red Sleeve Secret Technique was broken, her combat power suddenly dropped. How could she still be the opponent of the mysterious cloak man?

What frightened her even more was Qin Chen's method. What kind of mental power attack was this, which broke all the red-sleeved secret methods of her Misty Palace. Is this guy a monster?

"Who are you?"

Fairy Chi Lian shouted angrily. At this moment, she was so frightened that she no longer dared to despise Qin Chen.

In her opinion, the person who can break the secret of his own red sleeve is definitely not an ordinary person, and it is very likely that he is not a strong man in the northern sky. In the northern sky, how can anyone break the secret of his law enforcement hall.

In that case, is the opponent the enemy of Wuyu and her Misty Palace?

For a time, Fairy Chi Lian was confused.

"Who am I? You should ask your palace master about this!"

Qin Chen sneered, and then struck out a mental storm again. Fairy Chi Lian was panicked and couldn't resist, and his mind suddenly dizzy.

At this moment, the Skeleton Rudder Master obviously didn't just watch the show, and the white bone whip shook, binding Fairy Chi Lian instantly.

"Let go of me." Fairy Chi Lian's graceful body was bound by the bone whip, and his whole body was bumpy, struggling violently.

Qin Chen's figure flickered and came to Fairy Chi Lian, with his right hand sticking out, and directly pinching her mouth, coldly said: "Don't move, otherwise I'm afraid I will kill you if I'm not careful."

"I'm pooh." Fairy Chi Lian spit out a mouthful of saliva, almost splashing on Qin Chen's face, angrily said: "Dare to touch me, my Misty Palace will never spare you, no matter who you are, even if you escape to the cape End of the world, my Misty Palace will hunt you down to death."

"Haha, are you? Then I want to see how your Misty Palace chases me down, but before that, you have a few questions, you answer them first." Qin Chen sneered.

"Hmph, don't think about it!" Fairy Chi Lian struggled fiercely, his body's silver armor clanging, but how could he break free from the shackles of the Skeleton Rudder Master? After all, the Skeleton Rudder Master is also a master of the Martial Sovereign level and an alien demon. Master, if this situation is broken free by Fairy Chilian, you can find a piece of tofu directly

Hit the head to death.

"You have a stubborn temper. A girl like you is really unwilling to be cruel, but if you don't cooperate, then...Tsk tusk, Captain of the Law Enforcement Palace, such an identity should allow I'm very excited."

Qin Chen squeezed Fairy Chi Lian's face with his right hand, and stared at Fairy Chi Lian's bumpy body with squinted eyes, and a lustful light came from his eyes.

Fairy Chi Lian turned pale with fright, and the flowers trembled, and said angrily: "You...do you dare!"

"Do you think I dare?"

Qin Chen's left hand was pressed against Fairy Chi Lian's armor, from her neck down a little bit, the corner of her mouth sketched an evil smile, although the armor was separated, the goose bumps on Fairy Chi Lian's body were all up, and his face was completely scared. It's numb.

"Stop, you beast, beast!" Fairy Chi Lian shouted tragically.

Qin Chen smiled evilly, "I assume you are complimenting me!"

The Skeleton Rudder master shouted hot eyes, no wonder the master wanted to distract You Qianxue and the others, I'm obedient, this is a strong rhythm, tusk, the master becomes evil, he is a little excited.

It's no wonder that the master doesn't need to search for the soul, otherwise, with his identity as an alien demon and the master's soul skills, it is not impossible to search for a soul forcibly. What kind of forcible confession?

"you wanna die!"

At this moment, Fairy Chi Lian suddenly screamed, and a strange rune suddenly appeared between his eyebrows.

As soon as this rune appeared, the whole world trembled, shaking in the void, as if it could not bear the pressure.

Everyone was shocked. Under this power, they had a small feeling, as if they were going to be shattered at any time.

"Sure enough..." Qin Chen sneered and pointed out like lightning. In an instant, countless runes appeared in the world, and finally formed a complex rune, which was instantly printed on Fairy Chilian's forehead.

[Chapter 1089: Ji Hongchen](#)

"Who is it, dare to seal the emperor and look for death!" A scream of anger sounded, and there was a palpitating breath coming out of Fairy Chilian's eyebrows, but it was displayed by Qin Chen. The complex runes kept blocking, and couldn't rush out, but the breath that escaped made people tremble and breathless.

difficult.

The strong mind!

Long Lingfeng and the Skeleton Rudder Master exclaimed together, and they didn't know what the rune breath was on Fairy Chilian's eyebrows based on their accomplishments.

This is clearly a strong spiritual mind planted in the opponent's eyebrows. Once it encounters danger, this spiritual mind will burst out, forming a strong shadow, and powerfully kill the enemy.

The Skeleton Rudder master immediately reacted. No wonder Qin Chen did not perform the soul search before. Once such a powerful spirit senses that the trustee is searched for the soul, it will probably burst out for the first time, or even too late to react.

But now Qin Chen wanted to seal his divine consciousness forcibly at the moment when that divine aura was released, he had clearly expected this possibility a long time ago.

Boom boom boom!

The terrible aura oscillated, and a figure in the center of Fairy Chilian's eyebrows was frightened and screamed, and the terrible aura continued to erupt. The runes covered by Qin Chen trembled and flickered, as if they were about to break through Qin Chen's settings at any time. Seal.

Qin Chen's face changed slightly, and his hands quickly squeezed the tactics, and the runes continued to blend in to strengthen the seal.

But the opponent's strength obviously exceeded his expectations.

With a bang, and after holding on for a while, the seal set by Qin Chen finally lost its effect and was instantly pierced by the figure.

A frightening breath diffused in this world, and under the eyes of everyone, a phantom figure suddenly appeared on top of Fairy Chi Lian's head.

"Who is it, dare to do something to the people in my law enforcement hall?"

It was a beautiful woman, aloft, like a queen, who spoke the law and shook everyone's ears.

"Later Eighth Stage Martial Emperor? No, it is stronger than the average Martial Emperor of the late eighth stage!"

Qin Chen looked at the figure that suddenly appeared in the sky and said coldly.

"What? Peak Martial Emperor in the late eighth stage?"

Long Lingfeng looked up in amazement, his stature was shocked and his face was shocked. It is difficult for the emperor of the Northern Horizons to emerge. The Martial Emperor of the late eighth stage is the top power in the Northern Horizons. Above this, there is only the supreme Nine Heavens Martial Emperor. In the eyes of Long Lingfeng, the Martial Emperor of the late eighth rank is already the sky of this northern heaven.

The supreme existence.

Even if he is the ancestor of Tianlongzhai, it is the first time he has seen such existence. He only feels that the other party has a strong aura and depresses his heart.

"Leader of Hongchen, this son is obstructing my court of law enforcement. The crime deserves ten thousand deaths. Please lead Hongchen to take action and kill this dog."

On the lake below, several seriously injured women in red armor looked excited and shouted.

Commander?

Long Lingfeng's eyes were astonished. Misty Palace established a branch and law enforcement hall in the Northern Horizons. Among them, the strongest person in the Enforcement Palace was the leader and the person in charge of the Northern Horizons Law Enforcement Palace. In the Misty Palace of Wuyu, there were certain words. right.

No wonder the breath of this person is so terrible.

"Well, you just wanted to seal the emperor, it should be you, bold fanatic, to die for the emperor!"

Boom!

The beautiful woman is aloft, and it can be seen that this woman is not too old, she seems to be under 30, but she is so strong that she is unparalleled, and the terrifying breath came to Qin Chen in an instant.

"Space artistic conception!"

Qin Chen used his spatial artistic conception to avoid this utter blow at the moment.

boom!

The Tianlong Lake below instantly rushed up a hundred-meter-long water column, and the entire lake surface seemed to have been forced out of a huge pit by a void finger, and the entire huge lake seemed to be shaking.

"It's just a divine mind. If it is the nine-day martial emperor, the divine mind will turn into a clone, and this seat will respect you a bit. The only martial emperor, the divine mind will come from the sky, and how much combat power can it leave?"

"The banning technique!"

With both hands squeezing the tactics, Qin Chen's eyes revolved like a kaleidoscope, and a terrifying soul breath instantly permeated, turning into a big net, instantly enveloping the phantom woman, and quickly dissipating the other's spirit.

The figure of the void woman rose into nothingness at a speed visible to the naked eye.

"What?" The woman was shocked, looked at Qin Chen in shock, and immediately became icy and coldly said: "Okay, I can't think of my Northern Sky Territory, but you have such a character. If you are lucky today, you and I will meet again, the emperor would like to see, in this world, who dares to oppose my Misty Palace, remember

Live, my emperor's name is Ji Hongchen, and sooner or later he will take your head. "The beautiful woman glanced at Qin Chen coldly, her eyes were indifferent and proud, her figure shook, and a terrifying force spread out, instantly enveloping Fairy Chilian and the few red-armored women below. The next moment, several people looked like The teleportation is normal, and the room disappears suddenly, leaving only the voice between the heaven and the earth

Reverberate.

"Damn it." Skeleton Rudder's voice changed greatly, and he quickly came to Qin Chen's side, "Master, do we want to chase?"

"No need." Qin Chen shook his head.

Na Ji Hongchen is clearly the most heaven-defying existence among the eighth-order martial emperor, and has even begun to touch the domain of the nine-day martial emperor. She uses the technique of moving, even if it is just a divine mind, it is not something they can catch up with.

Unless you step into the realm of the eighth-order Martial Emperor, there is still a ray of possibility.

"Master?" Hearing the conversation between the two, Long Lingfeng was startled and looked at Qin Chen in amazement.

Who is this guy with a grimace mask? Can this man in the cloak, who is clearly a powerful man of Wu Huang, be the master?

In shock, I saw Qin Chen looking at him: "Your Excellency is the ancestor of Tianlongzhai?"

Long Lingfeng hurriedly saluted: "Junior Long Lingfeng, in front of the seniors, the ancestors dare not call it!"

Qin Chen nodded and asked, "The people in the Hall of Law Enforcement, why are they chasing you?"

This Tianlongzhai is just a king-level force. Why did the Law Enforcement Palace chase him for no reason? After all, a king-level force is in front of Misty Palace, I am afraid that even the ants are not counted.

This made Qin Chen inexplicably think of the disappearance of the leader of the Blood Demon Sect.

Long Lingfeng hesitated, and seemed to have made some decision. He took out a scroll from his body and dedicated it to Qin Chen respectfully, saying: "Senior, the reason why the Law Enforcement Hall pursues and kills the junior is for this secret scroll."

Secret volume?

Qin Chen took a look. It was a simple scroll with some weird patterns outlined on it, but it didn't look like a map or some kind of secret technique, which made people confused.

"Senior, this thing is from the junior ancestor Tianlong Wuhuang. It was accidentally obtained in the Martial Domain that year. It was the secret treasure of my Tianlong line. I don't know where the law enforcement hall learned from it. Forcibly asked for it. My Tianlongzhai fought a lot, and what I did was indignant, but beasts were inferior." Thinking of the dozens of people who died in Tianlongzhai, Long Lingfeng gritted his teeth.

[Chapter 1090: Thunder Sea](#)

"Oh, what Tianlong Wu Huang earned in the Martial Domain?"

Qin Chen suddenly became interested, and touched the scroll with his hands. The whole scroll gave him an inexplicable feeling, and his heart throbbed, but he still couldn't see what effect it had.

But the things that the Misty Palace can ask for are extraordinary things.

Qin Chen did not easily determine, and then he filled with spiritual power and even soul power. When the soul power penetrated into it, Qin Chen suddenly felt a sharp heart palpitations, as if his soul was about to be torn apart.

"Hey, it's the breath of the Thunder Sea of Martial Region Forbidden Land. Could it be that Tianlong Wuhuang obtained this thing from the Thunder Sea?"

Qin Chen was surprised. As the top power of Tianwu Continent, Wuyu was full of crises and contained various secret realms and forbidden areas.

The Sea of Thunder is one of the most powerful ones. In the Martial Region, no one knows how the Sea of Thunder was formed, but since the history of mankind, the Sea of Thunder has already existed in the Martial Region. In, at least tens of thousands of years.

In this sea of thunder, there is thunder surging everywhere. It is said that it is the sea. In fact, there is no drop of water at all. It is full of endless thunder and thunder. The deeper you go in, the stronger the power. Even the powerful Nine Heavens Emperor Wu entered into it, and they would be blasted into powder by the thunder.

But because the power of thunder has the effect of refining the flesh of the martial artist, there are still many strong people in the martial arts who will experience and temper the flesh in the periphery of the sea of thunder.

But every year, countless strong men will fall into it, resulting in a lot of treasures inside.

Could it be that a certain top powerhouse fell in the Thunder Sea and left it, and was later obtained by Tianlong Wuhuang?

This is not impossible.

As the top genius of the Martial Domain, Qin Chen had naturally entered the Sea of Thunder in his previous life, and he could clearly feel the power in it. It was indeed very similar to the destructive power of the Sea of Thunder.

"Does senior know the origin of this thing?"

Seeing the flickering expression in Qin Chen's eyes, Long Lingfeng asked suspiciously.

Qin Chen nodded and said: "If I read it right, this thing is likely to be obtained by your ancestor Tianlong Wuhuang from the sea of thunder in the forbidden area of Martial Arts."

Thunder sea?

Long Lingfeng, as the ancestor of a little king-level force in the Northern Sky Region, had never been to the Martial Region, so naturally he had never heard of Thunder Sea.

But he was not someone who had never seen the world before. Hearing the words forbidden land, he immediately knew that the place was absolutely dangerous, and it was definitely not accessible to ordinary people.

Qin Chen seemed to know Long Lingfeng's thoughts, and explained: "The Sea of Thunder is an extremely terrifying forbidden area in the Martial Domain. There are so many dangers in it, even the strongest of Emperor Wu may fall."

Long Lingfeng's breathing suddenly stagnated, and his eyes were round. Oh my God, even the strongest Emperor Wu would fall, what is it?

"Senior, do you know what this secret scroll is?" Long Lingfeng hurriedly said, he wanted to know why the people in the Hall of Law Enforcement insisted on asking for it.

Qin Chen shook his head: "I can't see anything in this seat for the time being."

After speaking, he threw the secret scroll back to Long Lingfeng: "Maybe you can only see the true face of this thing when you enter the sea of thunder, but it is only possible."

He studied the scroll carefully for a long time, but still couldn't see any clues.

This scroll is like an extremely ordinary material, without any mystery at all.

But Qin Chen knew that this was impossible. If there was no subtlety, then the Tianlong Wuhuang would not have brought back Tianlongzhai as a handed down treasure, and the Misty Palace would not be plundered at a high price.

"Take it away, maybe there will be some chance in it." Qin Chen said to Long Lingfeng, let's go, Qin Chen turned around and left here.

"Senior, you..." Seeing Qin Chen actually returned the scroll, Long Lingfeng was shocked.

This is a secret scroll that even the Hall of Law Enforcement has to snatch. This atmosphere shook Long Lingfeng instantly.

To be honest, when he took out the scroll before, he never thought that Qin Chen would return it to him.

Moreover, he did not think that this was Qin Chen's **** and indulgence. Even the top martial emperor of the Law Enforcement Palace could repel the powerhouse with the divine consciousness clone. It is not easy to kill him to seize this secret scroll. There is no need to be so pretentious. .

"Senior, wait a minute."

Under the excitement of his mind, Long Lingfeng hurriedly shouted loudly.

"Why, what else?" Qin Chen stopped and turned around.

"Senior please take this thing away." Long Lingfeng handed over the secret scroll respectfully.

"This is..." Qin Chen looked at each other suspiciously.

It is not that he is not interested in the secret scroll, but since this thing is the treasure handed down in this dragon family, he is not the kind of person who carries the kindness.

Long Lingfeng smiled bitterly: "Senior, this thing has been passed down in my dragon family for thousands of years. Every generation of my dragon family has carefully studied this scroll, but they have never gotten it. Instead, they still got it today. Killing disaster."

"Thinking about it, although this thing is in my Long Family, it has no relationship with my Long Family. Previously, the seniors fought against the Law Enforcement Hall for Long Mou, which could be said to be set ablaze. My Long Family is humble and has no reward, and there is no precious treasure. Senior, give this thing to Senior as a reward."

Long Lingfeng bowed deeply.

To someone like Qin Chen, he felt respect from the bottom of his heart.

"In that case, this seat will laugh at it!"

Since the other party brought the item to the door, Qin Chen would naturally not push it out and send it out. He was also very interested in the item anyway, and even if he was not interested, he would accept it.

Who makes the Misty Palace interested in this thing? As long as it is something that Misty Palace is interested in, he is interested.

"Please pay attention to the Hall of Law Enforcement. After they leave, it shouldn't be long before they will come back. By then, your Tianlong Village will probably be in danger."

Qin Chen warned, and then his figure flickered before disappearing into Tianlong Lake.

"This predecessor, want to be a big figure in the Northern Sky Region, he is affectionate and righteous, a real hero."

Looking at where Qin Chen had disappeared, Long Lingfeng sighed, then turned around and swept towards Tianlongzhai. How could he not understand what Qin Chen said?

Soon, Long Lingfeng returned to Tianlongzhai, first disbanded Tianlongzhai, and then took hundreds of direct disciples from Tianlongzhai to hide his name and did not know where to go.

Anyway, the Tianwu Continent was extremely vast. They stayed in any corner of the mainland. With the strength of the Long Family, they wouldn't be unable to take root. Even if the Law Enforcement Palace asked them to settle accounts, there was nowhere to look.

After half a day, Qin Chen also caught up with Zhuo Qingfeng and his party. Under Zhuo Qingfeng's curious gaze, Qin Chen didn't say much, but after admonishing them not to talk nonsense, he continued on his way.
