### Chapter 11

Liang Yu looked at Qin Chen coldly, and said, "Which kid dare you to call this master directly?!"

"Qin Chen, what are you doing? You don't want to go back with me." Qin Fen trembled, and roared towards Qin Chen, and immediately said to Liang Yu nervously: "Master Liang, this is my brother, I don't understand the rules. Please forgive me, Master Liang."

He didn't want to help Qin Chen, but felt that it would be troublesome if Master Liang Yu angered their Qin family because of Qin Chen.

"It should be a few days after you broke through the second-order refiner?" Qin Chen hugged his chest with his left hand, and touched his chin with his right hand.

"What are you trying to say?" Liang Yu glanced at Qin Chen coldly, and said solemnly: "I don't have time to chat with you little devil, get out of the instrument hall immediately."

Qin Chen's attitude made him very unhappy. If it hadn't been because the other party was a teenager, he would have turned his face long ago.

"Qin Chen, let me go right away."

Qin Fen's eyes were gloomy, his eyes almost bursting into flames, his right hand suddenly grabbed Qin Chen's right arm, and he was about to walk outside.

"Snapped!"

The true energy in Qin Chen swiftly circulated, instilled into his right arm, a powerful force radiated from his arm, and with a slight shock, Qin Fen flew out.

"Well, you brat, you dare to resist."

Qin Fen was shocked in an instant, and only felt that his fingers were numb, and there was a burst of pain. While shocked in his heart, he became more angry. Like an angry lion, he rushed towards Qin Chen.

Qin Chen stayed still, and moved slightly, avoiding Qin Fen's shots, and said lightly: "If you want to break through the second-tier refiner, you must refine a second-tier treasure. If I don't You guessed it wrong, what you refined during the assessment should be a treasure with fire attributes."

Liang Yu's expression was shocked, his impatient expression showed a hint of shock, and he said solemnly, "How do you know?"

"Not only do I know that you are refining a treasure soldier with the fire attribute, but also that the main material of this treasure soldier should be the red flame stone. In order to neutralize the red flame stone's burning attribute and increase its ductility, Green Charm Stone was added in the refining process, but although Green Charm Stone has the effect of neutralizing red flame stone, it is the main material for making Charm Poison, and it is most resistant to inflammatory substances."

Qin Chen shook his head and said with regret: "In order to refine Tier 2 treasure soldiers, you don't hesitate to feed poison with your body. It's really courageous. If this matter is passed to the Level Evaluation Department of the Equipment Hall, you will be treated to your level. Evaluation, there should be an impact, right?"

Liang Yu's body shook slightly, a faint of shock flashed in his eyes, and then his face became gloomy: "Huh, nonsense, I don't know what you are talking about."

Qin Chen sighed leisurely: "Actually, it is nothing to be caught by the charm. It is a pity that you took the special detoxification pills to reduce the charm. Haha, the main material of the special detoxification pills is the ethereal flower, which is cold in nature. It can't eliminate the charm poison, and it will accelerate the development of the charm poison, allowing it to penetrate into the internal organs faster, which is tantamount to chronic suicide, don't you know?"

"Oh, I forgot." Qin Chen smiled, "You are just a refiner, not an alchemist. I don't know that this is normal."

Liang Yu's expression was dull, and the big beads of sweat on his forehead slipped down, the shock in his heart was like a surge, his eyes staring at Qin Chen ferociously: "Who are you?"

A terrifying murderous aura swept from him, Qin Fen and Zhao Lingshan only felt chilly, and their bodies were chilly. Only then did they realize that Liang Yu was not only a Tier 2 refiner, but also a powerful master of heaven. .

"Qin Chen, you talk nonsense again. Be careful. I will report to my father and drive you and your mother out of my Qin family." Qin Fen roared anxiously. He knew that Master Liang Yu was clearly angry.

"Master Liang, please don't get angry, let's go now." Qin Fen said to Liang Yu anxiously, dripping with cold sweat.

"I want to leave now, it's too late." Liang Yu moved in front of Qin Chen's body in an instant, and the heavenly zhenqi showed his right hand like a net of heaven and earth, firmly restraining Qin Chen's whole body, and fell down.

The strong energy has not yet fallen, and Qin Fenzhen around Qin Chen has already flown out.

"If I were you, I would never choose to do it!" Under the sharp claws, Qin Chen remained motionless, his body straight like a javelin, calmly said: "When you urge Zhen Qi, Tianmen, Baihui, Is the central point very comfortable? The meridians all over your body are sour and refreshing like ant bites?"

Liang Yu's body twitched like an electric shock, and his right hand was frozen as if he could not fall down no matter what.

Qin Chen said with regret: "It's a pity, a good refining genius, but now he wants to use up his meridians and become a useless person."

Liang Yu's eyes were terrified, and his whole body trembled, trembling: "You...you..."

He 'you' for a long time, but he couldn't say a word.

"Master, what's the matter with you?" Zhao Lingshan felt something was wrong on the side, and walked up doubtfully.

"You all retreat to me." Liang Yu suddenly shouted.

Zhao Lingshan paused, a little dazed.

"Didn't you hear it? Leave it to me." Liang Yu gave Zhao Lingshan and Qin Fen a cold glance.

The gaze seemed to be real, causing the two of them to tremble, and hurriedly bowed back.

After the two left, Liang Yu stared at Qin Chen with cold eyes, and said word by word: "Who are you?"

Qin Chen said lightly: "It doesn't matter who I am, the important thing is that I can save your life!"

Liang Yu's eyes flickered, and he sneered: "Don't be alarmist."

Qin Chen shook his head, spread his hands helplessly, and turned to leave: "Then there is no more to talk about. I originally wanted to show you a clear way, but if you have to be a cripple, then I have no objection. "

"Come as you want, leave as you want, how easy is it, don't tell me your origin, don't want to leave the device hall today!"

Liang Yu shook his body, stopped in front of Qin Chen, and said fiercely.

Qin Chen sneered: "Every time you run True Qi, Charm Poison will invade your body even more. Looking at the green Qi on your face, does it even start to hurt at the Dovetail Point now?"

"you....."

Liang Yu's expression instantly seemed to have seen a ghost, his whole body jumped up suddenly, and his body trembled violently.

"You still have half a month, get ready for later generations." Qin Chen stepped forward.

"Wait, do you really have a solution?" Liang Yu said with a trembling voice.

In the past few days, he was in the pain Qin Chen said. In the recent second-order refiner assessment, he used the red flame stone to refine a fire-type treasure soldier, but in order to strengthen the red flame stone For the plasticity, the green charm stone was secretly added, and the charm poison broke out the next day, and his body was numb.

In order to get rid of the enchanted poison, he bought a special detoxification pill at a high price. Who knew that after taking the enchanted poison, instead of getting better, the meridians all over his body became painful. In the past few days, once the zhenqi was stimulated, the meridians in his body became It is as uncomfortable as the bite of thousands of ants, and the three points of Tianmen, Baihui, and Zhongshu are even more like a knife.

These are nothing, but just now, his dovetail point suddenly hurts, and the situation is exactly the same as Qin Chen said.
